

Bodyguard 8651

Chapter 8651

Under normal circumstances, this piece of information should have already been sent to martial League. However, the level of corruption of the underground Devil's Den's guards was enough to prove their low efficiency. It was normal that they didn't send any information.

"It has indeed been implemented, and it has been quite smooth!"

Lin Yi laughed, "thanks to the head, the dark Demon beast's stronghold was destroyed. I blew up the teleportation formation they built after it was activated!"

"Before we started, I used a little trick to gather 99% of the darkness demon beasts at the beginning stage and above near the teleportation array. The space collapsed due to the explosion, and all of the darkness demon beasts were annihilated!"

Lin Yi's news was earth-shattering, and the first hall master's jaw dropped!

This news was simply too shocking. Anyone who heard it for the first time would find it unbelievable.

"In addition, the darkness demon beasts that were preparing to teleport over from the other side of the teleportation formation were also affected. Their losses should not be any less than the ones in the underground devil cave. It can be said that their vitality has been greatly damaged."

"For a long time, the underground Devil's Cave in Fengqi great continent should be in a very peaceful and safe period. Those darkness demon beasts at the beginning stage and below can be used as training targets. After training, Fengqi great continent's fighting power will be even more powerful. Even if the darkness demon beast clan comes back, they will still have the power to fight!"

Lin Yi's words brought the first hall Master back to his senses, and he slapped his thigh in joy. The pain made him grimace in pain, but he still couldn't stop smiling.

"That's great! Dean Sima, you've really surprised me. You've actually made such a great contribution without saying a word! I represent the entire Fengqi continent to thank you!"

The first hall Master stood up and bowed to Lin Yi three times in a row.

Lin Yi didn't stop him and accepted it. This was the magnanimity a first hall Master should have, and Lin Yi didn't want to reject his kindness.

After the bow, the first hall Master sat down again, still smiling very happily. "If su Zixin knew about this, he would probably be dumbfounded as well. He had misunderstood Dean Sima before. When this matter is made public, he will most likely be too embarrassed to face you!"

The first hall Master didn't ask Lin Yi what he did to complete such a big task. He felt that there must be some secrets of Lin Yi's.

If he could say it, he would naturally say it. If he couldn't say it, he would only annoy people if he asked.

The first hall Master could still grasp this sense of propriety clearly!

Lin Yi smiled and waved his hand, not intending to talk about su Zixin. "I'm here today not only to report the information about the underground Devil's Den, but also for one more thing."

Lin Yi took out the name list and gave it to the first hall Master, ""They're spies from the darkness demon beast clan that have been hiding in martial League and the various families. After I came out of the underground demon cave, I immediately asked Zhen shuaqi to take me to 38 shuidun road and capture all the supervisors of the brainwashing. "

"After obtaining this list, I'm deeply shocked by the dark Demon beast clan's spy system. This matter will have to be arranged by you, Hall Master. Whether we can capture them all in one fell swoop and completely destroy their hopes will all depend on this!"

The first hall Master flipped through the name list, and his face was instantly filled with shock.

Although he had estimated this situation before, it was far from a quarter of the truth!

"Dean Sima, the credit of your name list is not any less than the destruction of the underground Devil's Den and the teleportation array of the darkness demon beast clan! The strongest fortress will be broken from the inside. No matter how strong our Fengqi great continent is, with so many parasites inside, it will collapse easily!"

The first hall Master put away the name list solemnly and said seriously, ""Leave this matter to me. I guarantee that I won't waste Dean Sima's efforts and will catch all these spies in one fell swoop!"

Lin Yi nodded, "I'm not worried about you, first hall Master, but there's still a chance to save those who have been brainwashed. Try not to hurt them when you catch them, and send them to my two brothers' place. They'll be in charge of saving them."

This was very important. If the first hall Master gave a must-kill order and all the spies were killed without mercy, the people who were brainwashed would really be finished.

But in fact, they didn't really want to help the darkness magical beast clan, or they wouldn't have been brainwashed.

"I understand. They were saved all because of you, Dean Sima!"

The first hall Master did not intend to kill these people. When he heard that he could remove the brainwashing control, he was even happier. "What about the other spies?"

"There's no point in living for the other darkness magical beasts or human traitors. First hall Master, you can do as you see fit!"

Lin Yi said that he'd let the first hall Master do as he pleased, but the underlying meaning was to kill them all.

The first hall Master understood tacitly, and the two of them had come to an agreement in this aspect.

Without blood, how could he be intimidated?

After killing this group of darkness magical beasts and traitors, those who wanted to join the darkness magical beasts would have to think twice!

After Lin Yi left martial League, the first hall Master immediately started arranging the cleaning.

Within a day, a giant invisible net had been woven.

All the battle generals of the combat Association were mobilized, and the problematic spies were eliminated first to ensure the loyalty of the battle general team. All tasks were suspended to make way for the plan this time.

Previously, the first hall Master had told su Zixin that the battle generals were all on a mission and could not deploy manpower. That was the truth and also an excuse.

When the general mobilization was carried out, any task was not a problem. With one order, they could bring out their strongest strength!

On the second night after Lin Yi took care of the dark Demon beasts 'stronghold, the first hall Master, who had a thorough plan, launched a full-scale attack. All the spies were under surveillance, and more than five thousand people were attacked at the same time.

Except for the brainwashed ones, who aimed to capture them alive, the rest were killed without mercy!

Overnight, blood flowed like a river and flames soared to the sky!

People who didn't know what was going on would think that a rebellion was happening. Ordinary people were hiding in their homes, trembling in fear. No one dared to show their heads to observe the situation.

There was no lack of people in high positions among the spies, so they naturally had confidants under them, so the actual number of people they had to deal with was far more than five thousand.

The intensity of the battle was beyond Lin Yi's expectations.

Lin Yi floated in the air in his Witcher spirit body state and spread out his spirit sense, monitoring most of the battles in the area. If there was an accident, he could rush over to help.

However, the first hall master's planning ability was quite good. In just one day, he had already made all the targeted battle plans.

Chapter 8652

Before dawn, all the battles were over, and none of the targets on the list escaped. They had really managed to capture all of them in one fell swoop!

The head master's ability to plan and plan also made Lin Yi gasp in admiration.

Even if he was in the position of the Great Hall Master, he might not be able to do better than him!

At noon, the head and su Zixin came to visit Lin Yi after cleaning up the mess.

At this time, Lin Yi was helping Zhang Yiming and Fei daqiang remove the brainwashing control and let them absorb the instant-death seeds in their sea of consciousness.

"Dean Sima, I'm glad I didn't fail you. The plan can be said to be very smooth. The spies on the list have all been caught!"

The first hall Master was beaming.

For so many years, the pressure on his body had always been heavy. Now, it was as if he had been given a new life, and his entire body was filled with an unspeakable sense of relaxation.

The strength of the darkness demon beast clan in the underground Devil's Den was greatly reduced and could be said to be crippled. They also uprooted the intelligence network that the darkness demon beast

clan had painstakingly set up. It could be predicted that in the next ten years, the Phoenix Nest continent would enter a rare period of recuperation and start to develop and grow rapidly!

And all of this was because of Lin Yi, so the first hall master's gratitude towards Lin Yi was obvious.

Su Zixin, on the other hand, went up to Lin Yi and bowed deeply, apologizing with all his heart, "Vice President Sima, I'm very sorry for misunderstanding you before! They think that you're covering up for the darkness demon beast clan!"

"I really didn't expect that everything was going according to your plan. I almost became the one who ruined your plan! If I really ruin such a big plan, I, su Zixin, will not be able to redeem myself even if I die a hundred times!"

He must've heard from the first hall Master that Lin Yi destroyed the dark Demon beast's stronghold and the teleportation formation, as well as annihilating most of the earth creation stage and above. He must've come to apologize to Lin Yi out of guilt.

"Guild Master su, there's no need to blame yourself. We're all thinking for the sake of humanity. From your point of view, your previous decision was correct. Although I have a plan, I can't reveal it and can only hide it from you for the time being. I hope you don't take offense!"

There was a saying that one shouldn't slap a smiling face. Since su Zixin came over to apologize, Lin Yi wouldn't be so unforgiving. He put on a smile and let go of The Grudge.

Su Zixin was the same as the first hall Master-he didn't know how Lin Yi did it, and he wanted to know as well, but he didn't ask.

Their relationship hadn't reached that stage yet, and rashly asking about such a secret could easily cause cracks to appear in the relationship between the two sides that had just eased.

After chatting for a while, su Zixin sent out an invitation, "Vice President Sima, now that our misunderstanding has been resolved, I also understand how much you and the first hall Master have done for our Feng Qi great continent! You're all heroes of Fengqi Dazhou!"

"In order to express our respect and gratitude to you, our family head asked me to represent the SU family to invite you two to a banquet at our su family tomorrow night to celebrate your success!"

"There will be many guests coming to congratulate the two of you. At the same time, they'll also congratulate our Fengqi continent for walking out of the shadow of the darkness demon beast clan!"

"Not only that, the first hall master's operation this time has also found many spies hidden in our families. We have been greatly indebted to you for eliminating these unstable factors. So, in addition to celebrating for the two of you, we also want to thank you in person!"

"I know that the two of you are gentlemen of noble character and are unwilling to take credit, but shouldn't we have the opportunity to express our gratitude? Therefore, I implore the two of you to not refuse!"

The SU family didn't have much of a relationship with the head Master and Lin Yi before, but they'd taken the initiative to show their goodwill through su Zixin-they probably wanted to build a good relationship.

If they rejected it, it would be the same as rejecting the olive branch the other party extended. If house su were to overthink it, they might even think that the hall Master and Lin Yi were trying to make a move on house su.

In order to protect themselves, house su would definitely target the hall Master and Lin Yi.

The darkness demon beast clan wasn't a threat anymore, which meant that there weren't any external threats. It seemed normal for Fengqi Dazhou to start an internal conflict.

The head and Lin Yi were both smart people-they knew that they had to accept the invitation, even if they didn't like it.

If the SU family and the darkness demon beast clan didn't collude, it would be too funny if they became enemies for no reason.

Su banzhou, that was not just a casual remark!

"Hahahaha, of course, it's my honor. I've long heard that the SU family's food and wine are the best in Fengqi Dazhou. This time, I'm going to eat to my heart's content!"

The first hall Master laughed heartily, worried that Lin Yi wouldn't agree."What did Dean Sima say? Let's keep each other company, okay?"

"Then I'll do as you say! I'm also looking forward to the SU family's banquet!"

Lin Yi smiled as he nodded. It wasn't a bad thing.

Su Zixin was overjoyed. He knew that Lin Yi didn't like parties and social interactions. He heard that the first hall Master had thrown a celebration party for Lin Yi when formation master Zhiyuan came back, but he rejected it!

He felt proud to get Lin Yi's approval this time.

"Then I'll wait for the two of you to arrive tomorrow. Believe me, the SU family will not disappoint you!"

Having achieved his goal, su Zixin took his leave and hurried back to report to the family head.

If it was a normal banquet, it could be done on the same day, but this time, for Lin Yi and the first hall Master, the SU family would make full preparations and set the time for tomorrow night.

This was also to give the first hall Master some time to clean up the mess. After all, there were battles everywhere last night. It was not just killing people that would end the matter. It would take more time to clean up the mess.

So after chatting for a while, the first hall Master left as well, and Lin Yi went back to protect Zhang Yiming and Fei daqiang.

On the evening of the next day, Zhang Yiming and Fei daqiang began to cultivate in seclusion to digest the benefits brought by the instant-Death Seed.

Lin Yi had nothing to do, so he went to the SU family's house first. It was getting dark, so it should be about time.

The SU family was holding a big banquet today. The middle door was wide open, and anyone who was invited could enter and leave freely. There was no need for an invitation card or anything like that.

Lin Yi was thinking that he'd be turned away if he just walked in like that, and that he'd have to reveal his identity in public before he could enter, but there wasn't anything like that.

The SU family was known as su banzhou, and not everyone had the courage to make trouble.

When the door was opened for a banquet, who would dare to enter through the door if they were not invited?

If he was discovered to be a hooligan, he would probably not live to see the next day's sun.

And so, Lin Yi entered the house casually, with guards at the door, welcoming everyone with a bow, never asking who they were.

Chapter 8653

Those on the SU family's invitation list today were all the top people in the circle of Fengqi continent. Asking this kind of question was an insult. Maybe he just left.

After entering the SU family's residence, it was as if they had entered the garden of su hang in the secular world. It was elegant, exquisite, and low-key luxury everywhere.

Walking on the Jade path, his entire body and mind seemed to have been baptized.

Lin Yi couldn't help but praise. Su banzhou was su banzhou indeed. This mansion was the number one mansion in Feng Qi continent!

What Lin Yi didn't expect, however, was that the SU family's way of feasting wasn't around the Round Table. It was similar to a buffet, but the food was all unique to the sub Island.

In the garden full of Chinese style, there were continuously updated fine wine and delicacies everywhere in the pavilions. Wandering under the moon Shadow and candlelight, lingering among the Willow branches and flowers, and talking softly with the people beside him, it was really a wonderful atmosphere.

Lin Yi was quite impressed by the SU family's thoughtfulness-this sort of banquet was quite interesting, after all. They didn't have to welcome wave after wave of toasts.

There was still some time before the official start of the banquet, but many people had already come. It was rare to have such a platform, so everyone naturally seized the opportunity to interact.

Lin Yi looked young and he was alone. Fengqi Dazhou didn't know many people so no one came to talk to him.

Lin Yi, on the other hand, was enjoying himself-he was sitting in a Pavilion by the lake, casually taking food from the side.

There were servants of the SU family outside the pavilion. They were always paying attention to adding and changing the food and drinks in the pavilion, but they would never disturb the guests. The service was really first-class!

Just as he was feeling pleased with himself, a group of young people walked over from not far away, talking and laughing loudly without restraint, completely destroying the quiet atmosphere here.

Lin Yi frowned, a little displeased.

It wasn't easy for her to calm down and relax, but she was rudely disturbed by someone. No one would be happy.

However, this was the SU family's territory, and he was only a guest at the banquet. Naturally, he could not criticize others. He could only hope that the group of noisy young people would quickly leave!

In the end, things did not turn out as he had hoped. Not only did the group of people not go far away, but they instead walked into the pavilion. The first one even instructed the servant outside the pavilion, ""You go and invite that guest in the pavilion to change places. Tell him that we're here for entertainment!"

Lin Yi found the voice familiar-it was the young master Su He'd met in the underground Devil's Den!

So it was this idiot!

This kid wasn't completely brainless. He knew that everyone here today was a guest, so he didn't rudely chase them away.

But it was still early, and important guests usually came later. The ones who were here now were the younger generation, and Lin Yi just happened to be young. Naturally, young master su didn't think much of him.

Asking the servants to invite him out was already giving him a lot of face!

The servant outside the pavilion was a little confused. Young master su was the master, so of course he had to listen to the other party. However, the people in the pavilion were guests. If he casually said such words, which were equivalent to driving people away, the master would definitely be fine. But it was hard to say whether he, as the servant, would be in trouble!

Fortunately, young master su didn't make things difficult for him. When Lin Yi turned to look at him, young master su also saw Lin Yi's face. He paused for a moment and thought that Lin Yi looked familiar.

But he couldn't remember where he'd seen Lin Yi before ... It couldn't be someone important, or he'd definitely remember!

"Hey, who are you again? This young master remembers you!"

Young master su pointed at Lin Yi with his right index finger and patted his own head with his left hand, as if this would effectively summon the memories from the depths of his mind!

Lin Yi's mouth twitched. He was just teasing this guy back in the black market, and he forgot about it. If he didn't see him today, he wouldn't have remembered there was such a person!

Evidently, the kid was the same-he thought he'd gotten something good, and completely forgot about Lin Yi's offer.

Young master su walked into the pavilion naturally and took a closer look at Lin Yi. He clapped his hands and laughed, "I remember now! Aren't you the brat who cried and said that he wanted to be my follower? I have too many followers, so I didn't confiscate you back then? I didn't expect you to secretly come to our house!"

"Fine, fine, seeing how sincere you are, this young master will give you a chance to be a follower. You don't have to go out, just stay here and serve us! Hurry up, pour the wine first!"

One of the young men beside him felt strange. ""Young master su, does this kid want to be your follower? Then why is he sitting here and enjoying the food at your banquet? Could it be that he's a hooligan who sneaked in to cheat for food and drinks?"

If a hooligan dared to sneak into the SU family, his courage was greater than the heavens!

"That's right, this kid is more courageous than others! Young master su, it's not bad to have such a follower!"

This was someone teasing young master su, saying that he would accept anyone. As soon as the words left his mouth, the others followed and laughed.

These people were all led astray by young master SU's words-their first impression was that Lin Yi really was a thug who wanted to be young master SU's follower but failed!

Young master su was stunned for a moment, and he couldn't keep his face.

The quality of a follower was also a symbol of a young master's status. If he followed a hooligan, he would lose a lot of face when he went out!

"Hey, are you so poor that you're starving that you actually came to our su family to freeload food and drink? I don't accept trash like you!"

In order to save face, young master su naturally vented his anger on Lin Yi, "Men! Were they all blind? Are you all indifferent when you see a hooligan sneaking into our su family? Hurry up and take him down for this young master! Let's talk after 200 to 300 beatings!"

A normal person would've died after two to three hundred beatings, but Lin Yi's life was nothing in young master SU's eyes!

Lin Yi's face darkened as he stood up, ready to leave.

He was invited here today, after all, and it wasn't appropriate to beat up the host. He couldn't lower his status and argue with a kid.

With Lin Yi's current status, this young master su could only be considered a child!

But Lin Yi's tolerance was taken as a guilty conscience by young master su and the others, and more and more people started mocking Lin Yi.

Young master SU's heart was set, and he was even more certain that Lin Yi was the follower he took in in name!

He raised his hand to stop Lin Yi from leaving, "Stop! Did I let you go? What kind of place did he think this was? Do you think you can just come and go as you please?"

"It's your bad luck that you've offended this young master today! Quickly kneel down and admit your mistake, and this young master can still consider the circumstances and show you mercy, giving you a way out!"

Lin Yi's brows furrowed even deeper-he was completely speechless at this idiot!

Chapter 8654 The End

What the hell is this? Can't you bring your brain with you when you go out?

Oh, this was the SU family's house, so he wasn't considered to have left the house. Was this the reason why he didn't bring his brain?

"Dodge!"

Lin Yi said in a low voice. This was his last warning.

If the kid didn't know what was good for him, Lin Yi wouldn't mind teaching him a lesson!

He was just a brat, so he needed an adult to teach him!

"Yo! You brat, you're quite arrogant, you actually dare to ask this young master to Dodge! You're rebelling!"

Young master su was furious and threw a slap at Lin Yi's face.

In the SU family, was there an outsider who dared to talk back to the young master of the SU family? Are you tired of living?

However, just as he moved his hand, he felt a strong force on his face. The crisp sound of a slap instantly filled young master SU's ears with an annoying buzz.

Young master SU's body was sent flying, crashing into the railing of the pavilion and bouncing back. He rolled two times on the ground before coming to a stop.

This was naturally Lin Yi's doing-what "it's not appropriate to hit the host's family"? what "it's lowering your status to argue with a child"? to hell with that!

If you're unhappy, just do it!

Of course, Lin Yi didn't go all out. It was just a normal slap, and he wouldn't hurt this young master su.

If that wasn't the case, with Lin Yi's strength, would young master su be sent flying with a single slap? It would be better to directly explode on the spot and turn into dust!

After sending young master su flying, Lin Yi flicked his sleeves and walked out of the pavilion with his hands behind his back.

Young master su, who was seeing stars, covered his face and shook his dizzy head. When he came back to his senses, he shouted, ""You dare to hit me? 'Damn it!' Damn it! Are you all stupid? Hurry up and take him down!"

The SU family members didn't hesitate this time as they surrounded Lin Yi.

It didn't matter if Lin Yi was house SU's guest, or if he was just here to eat and drink-he'd hit a member of house su, and it wasn't going to be easy!

"That brat, you should just surrender! Don't resist!"

The people around young master su were very happy. It would be great to be able to watch the fun!

He was not afraid of causing trouble, but he was afraid that the trouble was not big enough!

Hence, the others also responded."That's right, that's right. Hurry up and surrender. Otherwise, you're finished!"

"It's not just you who's finished, your entire family is finished! If you quickly kneel down and admit your guilt, perhaps your family can still live, but you will definitely be crippled!"

.....

They sounded like they wanted Lin Yi to admit his guilt, but they actually wanted Lin Yi to resist!

They were all people who made people worried!

Lin Yi was getting more and more annoyed as he looked around coldly, "Is this how the SU family treats their guests? A banquet, a banquet, could it be a Hongmen banquet?"

The sub-Island didn't have a story about the feast of Hongmen, so young master su didn't know what it meant at all, but it didn't seem to be anything good.

"Little brat, setting up a banquet has nothing to do with you. You're just eating and drinking for free, and you still have the right to do so? I'll give you a final choice. Do you want to surrender, or do you want to resist to the end?"

The surrounding su family members all stared at Lin Yi, alert.

The moment Lin Yi chose to resist, they would have to suppress him immediately.

At this moment, the servants of the SU family began to spread the news everywhere, ""The banquet is ready and can start at any time. The first hall Master has already arrived. Has Dean Sima arrived? If you see Principal Sima, please immediately invite him to the banquet hall!"

Although there was food everywhere in the garden to enjoy, the guests would still gather in the banquet hall at the official start, announcing the main purpose of the banquet, and then giving people who didn't know each other a chance to introduce themselves.

After the formal process was over, everyone could disperse and play around in the garden. They could also find people to chat with, all very casual.

The banquet was supposed to be a celebration for Lin Yi and the first hall Master, and the first hall Master was already in the hall, waiting for Lin Yi to arrive before announcing the start of the banquet.

They were free to come and go without an invitation, and Lin Yi had come early, so Su Zixin didn't see him at the entrance.

Therefore, the SU family wasn't sure if the most important protagonist had come, so they could only ask and pass on the message in the garden.

Lin Yi shrugged and turned to the people surrounding them. "I'm the Dean Sima they're talking about. Did you hear that? he's looking for me in the banquet hall. Why aren't you all moving away?"

The main character of the banquet was surrounded by the servants and even wanted to fight. If this were to spread, the SU family would probably lose all face.

"Hahahaha, I thought you would have an excuse. It turns out that you're still just freeloading off. When you heard that you were looking for Dean Sima, you immediately pretended to be him. Your reaction is quite fast!"

Young master su didn't believe him at all. He waved his hand to signal for the servants to hurry up. "What are you all standing there for? take down this liar! It's not an injustice even if you're beaten to death!"

Lin Yi didn't know what to say. When he impersonated others before, he always did it flawlessly. For example, Caro ya became the perfect record of disguises, crippling the dark Demon beast clan's combat strength in Fengqi Dazhou.

What was the situation now? He used his real identity to attend the banquet and was even called a fake? Walking at night often leads to encountering ghosts? There was indeed a ghost in the Jade space, and he saw it every day. It shouldn't be like this!

"That kid is dumbfounded. He thought that he could get away by impersonating Dean Sima. He doesn't even know what kind of place this is. He's just freeloading and still wants to become Dean Sima. What is he thinking?"

"Isn't that so! He said he's chief Sima, so we'll just send him to the banquet hall. At that time, he'll be beaten to death by the big shots of the SU family, right?"

"Woof! He'd have to be alive to get to the banquet hall. He probably wanted to slip away halfway and was beaten to death!"

The group of young masters was having a great time eating watermelons. It just so happened that there were fruits, desserts, and tea in the pavilion, so they simply ate and drank while expressing their opinions. They were having a great time chatting.

The SU family's servants were now certain that Lin Yi was just a freeloader, and with young master SU's order, they let go of their worries and charged at Lin Yi.

Lin Yi felt helpless-why was it so hard for him to keep a low profile?

Fine, fine, fine. Since you want me to make a high-profile appearance, I'll fulfill your wish and be high-profile!

In young master SU's eyes, Lin Yi slowly raised his right hand. He didn't see any movement, but he heard a crisp slap.

Because the interval was too short and too fast, young master su thought it was only one sound at the beginning.

It wasn't until all the servants around Lin Yi were sent flying that young master su realized that the sound was actually a series of sounds combined together. No wonder it sounded different.

When the servants who were sent flying began to cry out in pain, young master SU's body trembled. He thought to himself, what the hell am I thinking about? This kid actually sent so many people flying at once! The idea was a little tricky!

The strength of the SU family's servants was not high. They were basically all golden core stage Warriors. The handymen in the mansion were almost at this level.

Lin Yi being able to send them flying didn't mean that he was strong-the key was when he attacked!

Chapter 8655-

Young master su didn't even see how Lin Yi did it, and that was a little scary!

It meant that Lin Yi's strength far exceeded his!

He didn't think much of Lin Yi's slap, thinking that he'd let his guard down.

As an onlooker, he could clearly feel that even if he had been fully prepared, the result would not have changed!

Lin Yi didn't use too much force when he slapped the servants away, only sending them flying. Other than leaving a red handprint on their cheeks, which would only disappear after two days if left untreated, not even a single tooth would be loosened.

Since he was a guest at someone's house, he had to give them some face. Those servants were only following orders and did not show any malicious intent, let alone killing intent.

And so, Lin Yi controlled his strength perfectly-after beating these people back, he flicked his sleeves and continued on his way, too lazy to waste any more time talking to this big club-like young master su.

Young master su was shocked by Lin Yi's attack and didn't dare to stop him again. He was actually regretting it a little-he thought that this kid was pretty strong, and he should've taken him in as a follower!

If they were able to freeload off of others, wouldn't they be able to work for them with some benefits in the future?

It was a pity that things were a little stiff now. It would probably be difficult to persuade him to be his follower, right?

It had to be said that young master SU's brain was really strange. Even at this time, he was still thinking about the problem of being a follower ...

Lin Yi only took three steps before stopping.

Because the disturbance here had already attracted the attention of an expert, a sharp killing intent had locked onto him from far away, and was flying over at an extremely fast speed!

In an instant, the owner of the killing intent appeared in front of Lin Yi. It was a burly man with a scar on his face, his muscles bulging, and his entire body exuding an explosive power!

Young master SU's eyes brightened when he saw the person who had arrived. He called out happily, ""Instructor Geng, you've come at the right time. This kid wanted to be my follower but was rejected in the past. Now, he's relying on his strength to come to our house to freeload food and drink. He even dares to hit me. He's simply lawless!"

"Instructor Geng, hurry up and take him down and punish him. You must let him know that our su family is not a place where any Tom, Dick, or Harry can come and provoke!"

This scar-faced instructor Geng was the SU family's guest elder. He had the title of martial artist instructor, and his strength was quite extraordinary!

Because of the SU family's resources and support, coach Geng had already broken through the shackles of the earth stage and reached the heaven breaking stage.

Although he was only at the pseudo heaven breaking stage, he was still at the heaven breaking stage!

Therefore, this instructor Geng was used to being rude and unreasonable. He had always been arrogant.

In addition to being polite to the SU family, he was never polite to outsiders. For the SU family's interests, he could even kill people casually.

When he heard young master SU's words, his eyes suddenly revealed an extremely strong killing intent.

He'd already made up his mind to kill Lin Yi before coming here, and he didn't even bother hiding it anymore-he didn't even say a word as he attacked Lin Yi.

Lin Yi's eyes turned cold. This coach Geng was completely different from the other servants. His first move was a killing move, and his goal was to kill Lin Yi.

If Lin Yi was caught off guard and took the hit, he might really be killed or seriously injured.

After all, a pseudo heaven-breaking cultivator's attack wasn't weak at all-it could already cause damage to Lin Yi, provided that he wasn't on guard!

Of course, this wasn't the case in reality. It would be a miracle if Lin Yi was hit by a direct attack from coach Geng.

Even if the enemy was hiding in the dark, they couldn't avoid Lin Yi's divine sense and the Jade space's warning.

Therefore, he was destined to be a piece of cake in a fight with Lin Yi!

"You're looking for death!"

Lin Yi said in a low voice.

If the opponent wanted his life, he would definitely not hold back.

The butterfly steps glided away smoothly, and Lin Yi's body was extremely agile. Even the spectators were mesmerized by it.

On the other hand, coach Geng was shocked. He didn't see Lin Yi's true strength before, thinking that a fake heaven breaking cultivator could crush everything.

Only now did he realize that Lin Yi's strength was far beyond his imagination!

Unfortunately, this realization came too late. He wanted to kill Lin Yi, and with Lin Yi's personality, he wouldn't be nice to him.

It was as if he didn't want to kill anyone!

After easily dodging the attack, Lin Yi appeared in the opponent's blind spot like a ghost. He pointed his fingers like a sword and stabbed at the area below coach Geng's ribs. It was an opening and also his weakness!

With Lin Yi's eyesight, he didn't even need to use his spirit sense to find the weak spot and attack it.

The two sides were not on the same level at all. How could they fight?

Coach Geng was shocked and broke out in a cold sweat. He shouted and twisted his body with all his strength to withdraw his attack, trying to defend his weakness.

And in just a short while, it caused his own strength to collide. His chest was blocked and he almost suffered internal injuries!

Lin Yi activated his butterfly steps, elegantly floating in the air. He made a perfect turn and instantly appeared on the other side of coach Geng. His finger sword didn't change its direction, but its target was the back of coach Geng's waist.

Head coach Geng was sweating profusely, and his veins were bulging. With a roar, he changed his move for the second time, and his bones were cracking!

Normally, he would never do such a thing, because it was equivalent to him using his strongest power to attack his own body. One attack would cause a great deal of damage, let alone two attacks in a short period of time!

However, the sense of danger Lin Yi gave him was too strong. It was like a needle piercing his eye. He couldn't think and could only act on instinct.

However, even with his life on the line, he couldn't even touch the corner of Lin Yi's shirt. The moment he turned around, Lin Yi had already disappeared, and both of his temples were hit!

There was a loud bang in coach Geng's head. He lost all his strength as if he had been struck by lightning, and his consciousness dissipated.

His strong body instantly went limp, and his bone armor seemed to suddenly be unable to bear his strong muscles, constantly making a series of crisp cracking sounds, and then he fell to the ground like a lump of rotten meat.

Lin Yi slowly pulled back his fists that were attacking his temples. His middle fingers were covered in blood-it was coach Geng's blood!

Because coach Geng wanted to kill Lin Yi, Lin Yi naturally didn't hold back and killed him.

As for whether doing so would leave the SU family with no face ... Hehe!

They were about to kill him, so what face did he have left?

Chapter 8656

Lin Yi didn't mind falling out with house su if they didn't want to let this go!

"Y-y-you ... You killed instructor Geng!"

Young master su was so shocked that he couldn't even speak properly.

The invincible instructor Geng in his heart had been killed so easily!

In the eyes of these young masters, the fight between Lin Yi and coach Geng was just an instant. They didn't see the exact situation at all. Both sides were too fast!

At this time, coach Geng's death was quite miserable. His temple had been hit hard, and all the bones in his body had been broken. His whole body was soft and limp.

However, this wasn't Lin Yi's doing. It was the side effect of the two forced changes.

Especially when he didn't even complete the second change of move yet, Lin Yi had already hit both of his temples, killing him in one shot!

If coach Geng hadn't died, he could still control the collision of his own strength. However, at this critical moment, he had lost control of the collision of strength caused by the two consecutive forced changes of moves. All of it had been used on him!

In the end, it was like this!

Lin Yi frowned and appeared beside young master su in a flash.

Young master su was scared out of his wits, thinking that Lin Yi was going to hit him. He instinctively raised his hands in front of his head and curled up like a child who was afraid of getting hit.

Lin Yi only wiped the blood on his finger on young master SU's body. The expensive silk robe was comfortable to wipe on his hands, and it was clean.

"He wanted to kill me, so I will naturally kill him! This doesn't make any sense. Young master su, are you trying to kill me too?"

Lin Yi's calm voice was like the whisper of a demon to young master SU's ears.

Poor young master su was trembling all over. He didn't dare to put down the arm that was protecting his head, but his head was shaking like a rattle-drum as he said,""No, no! I didn't want to kill you, I just wanted to catch you. It's all instructor Geng's own words, you deserve to die, it has nothing to do with me!"

At this time, he only wanted to save his own life. The dead coach Geng would probably not have any objections!

What a joke, a person who could kill a heaven breaking expert in an instant was definitely a heaven breaking expert!

Not to mention young master su, the entire su family would probably not be willing to provoke a true heaven breaking expert!

Even if Lin Yi didn't pursue the matter, as long as he showed the slightest dissatisfaction to house su, young master su believed that house su would throw him out and kill him without hesitation to apologize to Lin Yi!

In fact, this was indeed the case. The higher-ups of the SU family, as well as the guests in the banquet hall, had all noticed the unusual movement here.

After all, coach Geng was a fake heaven breaking expert. Although the battle with Lin Yi was short, the aura he exploded with was not small!

As he spoke, everyone in the hall flew over, and the first hall Master smiled when he saw Lin Yi, "Brother Sima, we've been looking for you. I didn't expect you to be here! What happened just now?"

The way one addressed a person was a clear indication of how close they were.

This time, the first hall Master had changed his way of addressing him as 'younger brother'. This was to express to the SU family that this was his brother. If there was anything, he would shoulder it together with him!

Because the body on the ground already explained a lot.

There were quite a few people here, but only Lin Yi could kill a fake heaven breaking master!

The head of the SU family was not young. He had a snow-white beard and usually looked like a Sage, but at this time, his expression was a little ugly.

Instructor Geng was an extremely important combat force in the SU family. However, from the commotion just now, he was probably killed in the first encounter!

And the murderer was obviously one of the main characters of today's banquet, Sima Yi!

Inviting him over and then sending a heaven breaking expert to attack?

If word of this got out, the SU family's reputation would be completely ruined!

A thought flashed through the head's mind, and he made a decision immediately. His face changed 180 degrees as he put on a friendly smile.

"So this is Dean Sima. You're indeed a young hero with high spirits! This old man is su yongcang, as the SU family's head, I'm really sorry for neglecting Dean Sima, really really sorry!"

Su yongcang didn't care about the tragic death of coach Geng on the ground at all. He lowered his posture and cupped his hands to greet Lin Yi, then scolded the surrounding su family members, "What are you guys doing? How dare you disturb our su family's distinguished guest! It seems that this old man has been too lenient with you all! Tell me, what happened?"

Young master su was already scared out of his wits. He never would have thought that the brat in the underground Devil's Cave black market who said he would be his follower was actually the Feng Qi continent's influential figure Sima Yi!

Young master su didn't believe Lin Yi at all even when he told him who he was!

If he'd known this was going to happen, he wouldn't have even been Lin Yi's follower instead of his follower!

It was really ... Pockmarks were not called pockmarks, they were called scammers!

The servants of the SU family knelt on the ground, and those who had been slapped by Lin Yi didn't dare to hide anything and told su yongcang everything.

He didn't know if he would die if he told the truth, but if he didn't tell the truth, he would definitely die!

There was still a chance of survival after confessing, but he could only leave it to fate!

Su yongcang cried out bitterly in his heart after hearing this.

The first hall Master was still watching from the side with an unkind expression. As long as it was not handled well, the relationship between the two sides would definitely break down immediately.

Even if Lin Yi was alone, su yongcang didn't dare to underestimate him.

To be able to single-handedly kill all the Masters of the demon beast clan above the earth stage in the underground cave, and also wipe out the entire spy network of the demon beast clan in Fengqi continent, even an idiot would know that Lin Yi wasn't simple!

Now that he'd displayed his heaven breaking strength on the spot, su yongcang wouldn't easily offend Lin Yi and create such a strong enemy for house su!

"Dean Sima, it's this old man's fault for not being strict with his subordinates, which is why such an embarrassing thing happened. I'm really sorry! This old man apologizes to Dean Sima here!"

Su yongcang was also a decisive person and immediately bowed to apologize to Lin Yi. Some of the higher-ups behind him might not be convinced, but since the head of the house lowered his head, they could only lower their heads and apologize.

The SU family's strength lay in the unity of the family. At this time, if anyone dared to voice a different opinion after the family head had made a decision, they would definitely be eliminated!

"Men, capture this evil beast, break his legs, and apologize to Dean Sima!"

Su yongcang stood up and issued a new order. The target was naturally the initiator of the incident, young master su, who was already scared silly.

He didn't mind killing young master su just to appease Lin Yi.

Chapter 8657

The SU family had deep roots and luxuriant leaves, so it didn't matter if he was one of the younger generation!

Lin Yi wasn't angry anymore after killing instructor Geng-he could take a step back if su yongcang gave him face. After all, the one who died was from house su, and he didn't lose anything.

Under such circumstances, it was better to be lenient wherever possible and not be unreasonable, which would appear to be too narrow-minded.

"Master su, let's forget it. It's all a misunderstanding. Let's just talk it out. There's no need to continue pursuing this matter!"

Lin Yi waved his hand generously, pleading for young master su.

Since the person involved had spoken, su yongcang naturally went down the slope and gave a long sigh after pretending to hesitate,""Dean Sima is so broad-minded! Originally, this old man would definitely not spare this little evil beast, but since Dean Sima has spoken, this old man must give him face. "

"Fine, I won't break his legs, but the punishment can't be avoided. Take him to the woodshed and ground him for half a year! Within half a year, all the firewood needed for the house will be given to this evil beast to chop!"

This was a gesture. The punishment might have been reduced a lot, but it definitely could not be completely exempted.

After all, su yongcang wasn't sure if Lin Yi was really begging for mercy, or if it was just because he didn't want to lose face-he didn't think that way.

This way, everyone would be happy!

He was overthinking things-Lin Yi really didn't care what would happen to young master su.

This was because Lin Yi didn't care about people like him at all-he didn't care if they lived or died!

The other guests saw this, and their evaluation of Lin Yi naturally rose again!

From now on, no one would dare look down on Lin Yi anymore.

Although Lin Yi hadn't been in Fengqi Dazhou for too long and he was just one person without a strong family or sect backing him up.

But in the hearts of su yongcang and the others, Lin Yi could already be considered a force, an existence that was enough to support others!

Status always needed strength to match, and Lin Yi's strength was recognized by everyone.

Even the first hall Master was slightly inferior in their eyes!

After all, if this matter had happened to the first hall Master, su yongcang probably would not have been so humble and would not have shown such respect to the first hall Master!

The small interlude ended here, and the banquet that followed was naturally peaceful.

House su and their guests were all trying to get to know Lin Yi.

Lin Yi also dealt with the situation appropriately. The name list he got from 38 shuidun road only included the spies directly controlled by the dark Demon beasts. There was no list of families or forces that were in cahoots with the dark Demon beasts!

There was a big victory in this battle, but it was still not a complete victory!

If he wanted to find the people who were working with the dark Demon beasts, he had to make contact with the suspicious people first.

Since they took the initiative to approach, they definitely wouldn't reject anyone.

And so, Lin Yi received a lot of invitations at the party.

In the following period of time, there should be a lot of banquets that he had to attend!

He didn't discover anything new at the SU family's banquet, so Lin Yi wasn't in a rush. He decided to stay still and not move.

In the next few days, Lin Yi spent his time visiting the noble houses and becoming their guests.

On the surface, they were chatting and laughing, but in secret, they were monitoring and exploring with their divine senses. They did find something.

However, none of this could be used as direct evidence, so there was no way to bring it up.

Lin Yi could only pretend that he didn't know anything and continue to pretend.

He thought that these days would last for a while, but one day, Zhen shuaqi had an uninvited guest.

"Zhen Shuai Qi?"

The person was completely covered in a hooded black cloak, and his appearance could not be seen at all.

Zhen shuaqi had just come out of the clinic and couldn't figure out the other party's background, so he could only deal with it calmly.

"It's me. May I know who you are? What's the matter? If you want to see a doctor, why don't you follow me back to the clinic?"

Although he had already finished a day's work, he didn't mind delaying a little if someone came to see him.

After all, a doctor had the heart of a parent. Such a small matter could be accepted. Besides, seeing that the other party didn't look like a good person, it would be good for him to be tactful.

"Come with me!"

The black-caped man didn't answer Zhen shuaqi and turned to leave. Although he didn't speak loudly, it was like an order that couldn't be refused.

Zhen Shuai resisted instinctively but followed him in the end. He was shocked!

Who was this person?

The invisible power on his body was actually so strong!

It felt like he was even stronger than Sima Yi?

As a spy, Zhen shuaqi's instinct made him curious. He calmed himself down and told himself that if the other wanted to attack, they could kill him in an instant. Why did they have to find a place?

It couldn't be that he wanted to find a place with good Fengshui to kill someone and then bury them, right?

The two of them walked forward in silence, one in front and one behind. After walking through streets and alleys for a long time, they actually came to 38 shuidun road after going around in circles!

Zhen shuaqi was more and more shocked. He already knew that the mysterious person was an expert from the darkness demon beast clan!

He opened the restriction easily and brought Zhen shuaqi into 38 shuidun road.

Zhen shuaqi had already cleaned this place up and didn't leave anything of value. It was empty now and it had only been a few days but it looked more desolate.

The mysterious man stood in the hall and turned to face Zhen shuaqi. He took off his hood and revealed an ordinary face. He looked like a middle-aged man that could be seen everywhere on the street, the kind that would disappear in a pile of embarrassment.

Zhen shuaqi was sure he had never seen this face before but he didn't dare to be rude and bowed respectfully, "Zhen shuaqi greets Lord, may I know who you are?"

"I'm not from your Feng Qi continent, but from another continent to investigate the situation. Do you know what happened in the underground devil cave?"

Zhen Shuai's mind turned quickly and he understood many things with just one sentence.

For example, if this guy said he wasn't from Fengqi continent, it meant that he wasn't a fish that escaped from the underground Devil's Den. He came from other continents most likely because the transmission array exploded, causing heavy losses at the node and losing the ability to contact.

As such, the darkness demon beast clan at the spatial node could only ask the darkness demon beast clan from other continents to come over and help them find out what had happened.

"I don't know what happened in the underground Devil's Den, but I know what happened here!"

Zhen shuaqi's eyes blinked and he organized his thoughts. At the same time, he prepared a speech and knew what to say, "I was on a mission that day and missed the order to call for a meeting. That's how I managed to escape!"

Chapter 8658

By the time I rushed over, I found out that the humans had completely destroyed this place and even took away the name list. The martial League launched a large-scale encirclement and annihilation operation according to the name list, capturing all the companions on the name list in one fell swoop.

"I was still lucky. My name wasn't registered in the register, so I could continue to hide safely."

Zhen shuaqi knew that this was a bit farfetched, but he could only say it like this. He just needed to inform Lin Yi as soon as possible!

He didn't know why he didn't inform the first hall Master first but Lin Yi first. The first hall Master was his superior, and he thought that Lin Yi was more reliable!

"So that's how it is! How many survivors like you are there? Do you know?"

The mysterious man nodded and continued to ask calmly.

Zhen Shuai shook his head and sighed, "I don't know. We only have one-way communication and don't know each other. We don't want to expose one person and all of us get involved."

"If not for that, I would definitely not have been able to escape this time! Therefore, I'm not sure if there are any survivors!"

This was the truth. If he had known, he would have brought people to arrest him long ago!

The mysterious man nodded. "I understand. It seems that the situation is more serious than I thought. Before I came here, I got a list of the middle and upper echelons of your side. So far, you are the only one I can contact."

"Other than you, there's only one person I haven't contacted. His identity is a bit special, so it's not convenient for me to pay him a visit. We need to have a meeting to discuss what to do next. "

Zhen Shuai's heart skipped a beat. There was a high-level figure of the darkness demon beast clan hiding here? And they were really not registered on the list!

Of course, what Zhen Shuaqi said was a lie. Zhen Shuaqi's name was on the list, but the mysterious man's name wasn't there!

Who was this person that even the original commander, Kuai ya, had to hide this from him?

"Yes, please give me your orders, I'll do it immediately! I wonder what's the name of the last one?"

Zhen shuaqi was guessing who the last person was. Should he inform Lin Yi after he found out? Or should he think of a way to ask her out first and then confirm it?

The mysterious man revealed a smile. "This person has a high position. He's a spy personally arranged by your Phoenix nest continent's Commander-in-Chief, Kuai ya. If it wasn't for this incident, you wouldn't be qualified to know of his existence with your status!"

Zhen shuaqi was stunned. Did kaoya arrange it personally?

No wonder it wasn't on the list. The people at 38 shuidun road were all spies sent from the underground Devil's Den. The people in charge were directly responsible for kaoya and wouldn't transfer through 38 shuidun road.

Lin Yi had karluya's body, but he didn't have his spirit. Naturally, he couldn't search his soul for clues and miss out on the most important person.

Zhen shuaqi even thought that this was the only person that kaoya had arranged for him. Could there be more that even this mysterious person didn't know?

The mysterious man didn't know what Zhen shuaqi was thinking and continued to smile, "This man is the patrol envoy of the Fengqi continent. He belongs to the starsource continent's Patrol Department. No one in the Fengqi continent can control him. The hall Master of the martial Alliance is only of the same status as him."

Zhen shuaqi wasn't too surprised. He was already mentally prepared and he wouldn't be surprised no matter how high the status was.

"Understood. This lowly one will immediately go find Lord patrol envoy!"

Zhen Shuai agreed happily and suddenly remembered something. He patted his head and said, "Oh right, my Lord, you mentioned that Lord Carlos has arranged for Lord patrol. I just remembered that I seem to have seen Lord Carlos recently!"

"I was lucky enough to have met Lord Caro ya before, so I recognized him. I caught a glimpse of him on the road and felt that he looked like him, so I followed him to take a look. It's just that the situation has been tense recently, so I didn't dare to go up and confirm it. "

"Why don't I go and try it out today? if it's really Lord kaoya, wouldn't it be better to invite him over? What do you think, my Lord?"

The mysterious man looked at Zhen shuaqi with a smile, "Oh? You actually saw kaoya? If he's still here, it'll be a great thing!"

"Then it's decided. First, you go and find the patrol. After that, try to find kaoya. If it's really him, then come over and meet him. When you see the patrol envoy, remember to say the secret code. If it doesn't match, he won't believe you!"

The secret code obviously wasn't what Zhen shuaqi knew and he remembered it after the mysterious person said it once.

Zhen Shuai suddenly felt uneasy as if he had overlooked something ... But he couldn't figure it out after thinking about it again and again.

He couldn't stay here for too long, so Zhen shuaqi agreed and left.

After leaving 38 shuidun road, he wanted to talk to Lin Yi first as it would be safer, but he felt like he was under the surveillance of a mysterious person!

Although he couldn't be sure, Zhen shuaqi was a double agent and his intuition for danger was quite accurate.

Having no evidence didn't stop him from trusting his own judgment, and so he gave up on the idea of going to Lin Yi and went to the inspector first.

When they arrived at the patrol's place, Zhen shuaqi used the excuse that the alchemy Association had a message for the patrol and asked to see the patrol at the door. He successfully sneaked in.

"Speak, what's the matter?"

The inspector was reading documents and looked at Zhen shuaqi indifferently.

"The darkness magical beasts are from the South!"

Zhen shuaqi suddenly said.

The patrol's expression changed slightly as he stared at Zhen shuaqi.

"Who sent you here?" he suddenly asked after a long while.

" 38 shuidun road, an envoy is here!"

Zhen shuaqi replied carefully.

The inspector looked at Zhen shuaqi carefully and said,"lead the way!"

The recent actions of the martial Alliance against the darkness demon beast clan were rather shocking. Nine out of ten people would talk about it after a meal, so the patrol naturally knew about it.

It was just that the darkness demon beast clan had never given any orders, so he didn't dare to act rashly. He could only use his identity as a patrol to collect some information, and he definitely wouldn't attract anyone's attention!

Now that someone had used a secret code to inform him of the meeting, he felt a lot more relaxed. He had the excitement of finding an organization.

The patrol went to 38 shuidun road while Zhen shuaqi went to find Lin Yi.

At this moment, Zhen shuaqi's feeling of being watched disappeared.

Using this chance, Zhen shuaqi quickly found Lin Yi and told him everything.

Lin Yi was just about to head out for a dinner invitation from some family, so it wasn't convenient for him to go now.

Chapter 8659

After hearing Zhen shuaqi's report, Lin Yi pondered for a while and said, "According to what you've said, that foreign expert from the darkness demon beast clan doesn't trust you very much! Even if I pretend to be kaoya, I might not be able to get away with it again!"

Lin Yi felt that it was a huge mistake for Zhen shuaqi to mention kaoya!

However, since it had already happened, there was no point in saying anything else.

"Then what should we do? Why don't we inform the first hall Master and ask him to send people to encircle and annihilate him?"

Zhen shuaqi was a little nervous. He felt uneasy about this and only remembered that he didn't inform his superior after he informed Lin Yi.

"Not for the time being. I don't want to alert the enemy. I'll go with you to take a look at the situation first."

Lin Yi shook his head. He was confident in his own strength, and decided to test the waters even if he knew that he wouldn't be able to hide his identity.

Other than that, Lin Yi was also very concerned about the identity of the patrol. This was one of Jin botian's men!

He actually became an undercover agent arranged by kaoya? Was there any hidden story behind it?

Lin Yi didn't want to drag the first hall Master into this before he got to the bottom of this-it'd only make things more complicated if the inspector and the continental martial Alliance's inspection department got involved.

Zhen shuaqi didn't have any objections. Once Lin Yi made a decision, he would follow and cooperate. Unknowingly, he had blind confidence in Lin Yi!

He felt that there was nothing Lin Yi couldn't do!

Lin Yi changed into his body when he left the house, naturally, this made Zhen shuaqi sigh.

He couldn't help but complain in his heart that he couldn't see how such a magical disguising technique was done.

Instantly changing his appearance and figure, it was simply a divine skill!

The two came to shuidun road and used the guide talisman to enter number 38. The mysterious man and the inspector were both there, waiting for Lin Yi and Lin Yi.

"Hahaha, kaoya, you're fine! It's been a long time, it's great to see you again!"

The mysterious man saw Lin Yi in his disguise, and a big smile appeared on his face as he opened his arms wide.

The inspector, on the other hand, stood up and bowed slightly to Lin Yi, showing his respect.

Lin Yi's heart skipped a beat. This guy knew kaoya?

They seemed to be quite familiar with each other!

This was troublesome!

It seemed that the person's identity and status were not below that of Caluya. The previous method would not work!

"Hahaha, long time no see. You're still as elegant as you were in the past!"

Lin Yi smiled and opened his arms, ready to give the man a hug. He didn't say his name, though.

The mysterious man hugged Lin Yi and suddenly exerted strength in his hands, trying to sneak attack from behind and break Lin Yi's defense in one go.

He didn't expect Lin Yi to have the same idea and attack each other's back at almost the same time. The two of them sensed each other's movements at the same time!

Hence, he instinctively used a strategic retreat method. He pulled back one hand and pushed it towards the other party's chest, trying to use this to widen the distance.

As a result, the two of them exchanged a palm strike, and the sneak attack from behind was also a strong start but a weak finish, not having any effect.

After taking three steps back, both of them stopped at the same time, knowing that the other already knew what he needed to know.

"You're not kaoya, so Who are you? To be able to disguise himself so similarly, it could be said to be flawless! Or did you actually take over kaoya's body?"

The mysterious man squinted his eyes at Lin Yi and said coldly, "What happened in Fengqi Dazhou was also caused by you, right?"

Lin Yi didn't deny it and shrugged, "Indeed! But I'm curious how you saw through it. You said it yourself, my disguise is flawless!"

Even if he'd expected it, Lin Yi still wanted to know the real reason. Under normal circumstances, the other party wouldn't do something like this the moment they met, unless it was to steal power.

As for Lin Yi, it was normal for him to attack. This was a strong practitioner no weaker than karluya, and this wasn't the source of formations. Lin Yi couldn't use his Witcher spirit body to form a battle formation with the thousand changes of wood and forest. He probably wasn't his match.

The first to attack was the stronger, the second to attack would suffer!

In the end, everyone attacked together, so there was nothing much to say!

The man chuckled. "It's easy to say. But you haven't answered me who you are. Why should I answer the question about how I can see through you?"

Lin Yi's lips twitched, not bothering with small things like this.

It didn't matter if Lin Yi told him since he'd been exposed. "Alright, I'll tell you, I'm the principal of Tianxia College's alchemy division, Sima Yi! It's your turn next!"

When the inspector at the side heard this, his expression instantly changed slightly!

He didn't think that this kaoya was actually Sima Yi in disguise. It looked like things were not going to end well today!

If he couldn't make Lin Yi stay, his identity would be completely exposed!

It wouldn't be that serious if it was someone else-the investigator could use his status to suppress them, but Lin Yi wouldn't let his status do as he pleased!

The patrol's face was changing constantly, his eyes darting back and forth between Lin Yi and the mysterious man. He couldn't wait to kill Lin Yi.

However, that mysterious person was clearly not in a hurry, and the patrol envoy did not dare to make a decision on his own.

The mysterious man smiled and said, ""It's you, Sima Yi! This Lord had already anticipated this, but you've just personally confirmed it!"

The mysterious man's words had the air of having everything under control. The patrol's heart settled down slightly, temporarily suppressing the anxiety in his heart.

Lin Yi raised an eyebrow, "I understand now!" The reason why you're so sure I'm not the real Caro ya is because you already knew that the real Caro ya died when he was at the source of the formation Dao in the Wutong continent. Naturally, he wouldn't appear in the Fengqi continent!"

Lin Yi guessed the truth from the words. "If I'm not wrong, it should be the sky array sect who told you about karluya's death, right? So you suspected my identity from the very beginning and deliberately lured me here, wanting to kill me in secret!"

The Golden-robed middle-aged man was the only one who'd managed to escape from the formation Dao, and he'd witnessed Lin Yi kill him with his own eyes.

Lin Yi didn't know it at the time, but he learned about it after saving the Vice President of the array Guild.

The heaven array sect was in cahoots with the darkness demon beast clan, so it was normal for the news of what had happened in the source of the array Dao to be spread to the darkness demon beast clan on other continents.

It had been so long, so the news had naturally spread.

After thinking it through, Lin Yi couldn't help but secretly rejoice. Luckily, he acted early and the news didn't reach Fengqi Dazhou, otherwise his plan to pretend to be kaluya would've been exposed!

Lin Yi's mind was spinning as he spoke, and he was pretty close to the truth.

Chapter 8660

The mysterious man was shocked, fearful of Lin Yi's wisdom and judgment.

An enemy with a good mind, powerful battle strength, and array Dao strength was truly quite terrifying!

Fengqi Dazhou's defeat was justified!

These dark beasts probably didn't even know how they died.

They were set up to dig a hole, and in the end, they probably jumped into the hole voluntarily and buried themselves!

Such a cunning enemy must be killed as soon as possible!

"You're right! It's a pity there's no reward!"

"So, you can die now!" The mysterious man smiled gently.

Before his voice fell, his body moved. He really made a move without a word!

His strength wasn't inferior to that of kaoya 's, and his full-strength attack put immense pressure on Lin Yi!

But Lin Yi was still using his karluya's body-he couldn't use his full strength, but the body's defense was still pretty strong.

It didn't matter if he defended passively. At most, he would just be beaten up.

It wasn't Lin Yi's own body anyway, so he didn't mind selling it!

But because it wasn't Lin Yi's own body, it wasn't easy for him to use his skills.

So, Lin Yi was really just taking a beating passively-he wasn't joking.

The patrol envoy at the side did not say anything and secretly launched a sneak attack.

He'd wanted to kill Lin Yi to hide the danger of his identity being exposed, and now that he had the chance, he'd go all out.

Lin Yi's heart sank.

Before he came, he was still wondering if the patrol was a double agent arranged by Jin botian like Zhen shuaqi, which was why he didn't inform the first hall Master.

After all, from Lin Yi's point of view, with Jin botian's status, there shouldn't be a situation where his confidant would betray him.

Now that the dust had settled, the inspector wasn't a double agent-his killing intent towards Lin Yi was much stronger than the mysterious man 's!

"Your Excellency, I'll also give you a hand!"

Zhen shuaqi suddenly shouted and rushed towards Lin Yi, as if he was showing his loyalty to a mysterious person to wash off the suspicion of attracting karluya.

The mysterious man and the patrol ignored Zhen shuaqi.

In their eyes, Zhen Shuai was weak and wasn't a threat.

No matter which side this guy attacked, it would not be of much help.

Lin Yi didn't suspect Zhen shuaqi. Even if Zhen shuaqi turned on him now, he wouldn't gain much of the other's trust. The only explanation for his actions was that he wanted to help Lin Yi!

As expected, when Zhen shuaqi got close to Lin Yi, he suddenly changed his attack direction and targeted the mysterious man.

The mysterious man's face revealed a look of understanding and he laughed disdainfully."As expected, he's really looking for death!"

In the mysterious man's eyes, the difference in strength between the two sides was like the difference between heaven and earth.

The mysterious man could completely ignore Zhen shuaqi's attacks and didn't even need to specifically target him. As long as he defended, the recoil would be enough to kill him.

So the mysterious man didn't make any changes and focused all his attention on Lin Yi.

The mysterious man's strength far exceeded Lin Yi 's, and he had an 80% chance of finishing the fight in a short time even if it was a one-on-one fight.

Now that there was an investigator supporting him, he was sure that Lin Yi would die!

However, in the middle of the attack, the mysterious man's power suddenly stopped for a moment. It was so short that it could be ignored, but it made him feel extremely uncomfortable.

It was like a 100-meter sprint, when you had just raised your speed to the maximum, but someone pulled you from behind, causing your speed to instantly drop to zero, and then let you continue running.

Don't even talk about running, just being able to control his center of gravity and not fall down was already a good thing!

The mysterious man was in such a situation!

The attack was interrupted by that moment of pause, and he wanted to continue attacking Lin Yi, but he lost his original power. Lin Yi might just seize the opportunity to kill him in an instant!

Helplessly, he could only retreat!

Lin Yi's heart moved-the mysterious man's sudden change seemed to be related to Zhen shuaqi?

Zhen shuaqi's attack didn't pose any threat to Lin Yi, but there seemed to be an invisible force interfering with the mysterious man's actions. Lin Yi didn't know what it was.

It didn't matter if he didn't understand, the opportunity had come!

Seize the opportunity and counterattack!

The mysterious man retreated, and the patrol envoy was instantly in a predicament!

His strength had only just reached the consummate level of the sea Rift realm. He could not even be called half-step heaven splitter.

Helping the mysterious man was a threat, but facing Lin Yi alone was something he couldn't handle, even if he was using karluya's body!

Lin Yi's first target was the inspector!

Traitors, all of you deserve to die!

This was especially true for a bastard in a high position like him-Lin Yi thought he was an ally, but he turned out to be a traitor!

"Sir, save me!"

The patrol envoy felt a thick threat of death and immediately cried out in alarm, ""My Lord! Quickly save me!"

She tried to distance herself from Lin Yi as quickly as she could.

The mysterious man didn't dare to neglect. This might be the last valuable nail in Feng Qi Dazhou. He had to protect the patrol!

However, just as the mysterious man was about to rush over to help, that feeling of sudden stagnation struck him again!

The power that had just been condensed disappeared in an instant, causing the mysterious man's martial technique to die in his stomach!

They had really seen a ghost!

The mysterious man also realized that the root of the problem seemed to be Zhen shuaqi, who he looked down on, but he couldn't deal with him now!

Because, Lin Yi was about to take down the patrol!

Divine sense collision, butterfly step!

Lin Yi took advantage of the investigator's confusion and clawed at the inspector's neck.

Once he grabbed it, he could break the other party's neck with a little force.

"Get lost!"

The mysterious man growled as he endured the pain and blocked Lin Yi's attack again.

Lin Yi sent his spirit sense towards the mysterious man, but it didn't have much effect. He didn't know if the mysterious man's spirit was extremely strong or if he had some defensive spirit tool.

Out of all the skills Lin Yi had mastered, the spirit sense collision was the simplest and lowest level attack. It was naturally the least powerful, but it was also a test.

If the opponent didn't feel anything, it meant that even if Lin Yi used skills like the fire vortex or the soul snatching hand, it wouldn't have much effect.

For example, the black skeleton in the source of formation Dao, or Caro ya!

Without the thousand changes of wood forest's clones, Lin Yi would be completely suppressed by the mysterious man alone. He wouldn't be able to set up a movement formation.

Luckily, Lin Yi had Zhen shuaqi with him. If not, Lin Yi would have to leave 38 shuidun road and ask the first hall Master for help.
