

Bodyguard 8681

Chapter 8681

Lin Yi's face darkened. Could they not mention the leg control technique?

Wei Mian wasn't a spirit or sea beast, so how could she control it?!

No, that's not the point. The point is that it's a little embarrassing to shout out the Bigfoot control technique in front of so many people!

In the future, he should give it a more impressive name, such as the mighty Heavenly Dragon, the universe creator, or Bo RUO Bo RUO Mi Hong!

As he spoke, Wei Mian's four guards had already flown over. The weaker ones only saw a blur before four shadows appeared beside Wei Mian, surrounding him and protecting him.

Wei Mian's heart relaxed, finally feeling a bit more secure!

"Don't bother me. Protect me and leave this place!"

He also knew that this wasn't his territory, so the first thing he had to do was to leave Fengqi continent and return to the star source continent. Then, he would find a way to get back at them!

The four guards acknowledged the order in unison and got into a defensive position, ready to protect Wei Mian as she left. Lin Yi, who was just inches away, took another step forward!

"Did I let you go? Do you think I'm just joking?"

The four guards shouted and attacked Lin Yi at the same time. Lin Yi's last step was already in the danger zone. They had no choice but to attack first!

They had a feeling that if they didn't make a move, they would be completely suppressed by Lin Yi!

There was no need to weigh the pros and cons. They were all experts who had experienced hundreds of battles, and their instincts drove them to make the decision that they thought was the best.

However, they immediately realized that they were wrong, and they were very wrong!

Facing Lin Yi, they had no choice but to accept defeat!

The four of them were so proud of their joint battle formation, but it was nothing to Lin Yi!

Lin Yi used the butterfly steps, his body moving nimbly as he cut through the gaps in the formation, easily splitting the four into four.

Before, when his body wasn't strong enough, Lin Yi could only use his spirit sense to attack fake heaven breaking realm practitioners.

But now that Lin Yi's body was at the early heaven breaking stage, he didn't need to use a spirit sense attack to deal with these fake heaven breaking Stage practitioners.

In the blink of an eye, he had easily and happily taken down four pseudo-heaven breaking guards. Wei Mian didn't even have time to react before the guards he had been relying on were all dead!

Lin Yi smiled at the confused Wei Mian, revealing eight teeth. He looked like an invincible sunshine, but in Wei Mian's eyes, it was as terrifying as the smile of a demon!

What Lin Yi did next confirmed Wei Mian's thoughts. Lin Yi only poked his body with his finger, and his muscles and meridians started to throb in pain!

With Lin Yi's understanding of the human body's meridians and acupuncture points, tormenting Wei Mian was a piece of cake-it was as easy as eating and drinking!

Wei Mian's face contorted as she screamed like a pig being slaughtered, "Sima ... Sima Yi! You ... What ... What do you want?"

As the Vice President of the starsource continent's array formation Guild, Wei Mian had lived a pampered life for a long time. When had she ever experienced such pain and torture?

"What do I want? Didn't I already remind you just now? It seems like Vice President Wei's memory isn't that good. Have you forgotten that you'll regret it if you let me do it!"

Lin Yi shrugged innocently, "You really can't blame me for this! However, if Vice President Wei thinks of something and wants to tell me, I might feel better!"

This was clearly to extort a confession, but to be able to force a confession so gently, it was also a kind of ability!

Wei Mian, who was in great pain, didn't think Lin Yi was being gentle, but he knew what would happen if he told the truth, so he gritted his teeth and continued, "Sima Yi ... You ... You'll regret ... Regret this! I ... I won't ... Give up ..."

Lin Yi rubbed his chin, deep in thought. "It seems that Vice President Wei has a tough bone! Since that's the case, I won't be polite!"

His consciousness formed into a sharp needle-like attack and gently pierced into Wei Mian's soul. If it was too violent, Lin Yi was afraid that Wei Mian wouldn't be able to withstand it and his soul would be destroyed. That wouldn't be good, so he could only stimulate Wei Mian gently.

For Wei Mian, the pain of being pierced by spiritual sense was ten times, or even a hundred times, more painful than physical pain. In an instant, he couldn't even scream, and could only open his mouth and scream.

Su yongcang and the others were secretly horrified. Only now did they know how terrifying Lin Yi's methods were when he was ruthless.

He had clearly been standing at the side without moving, but the pain Wei Mian was suffering was already multiplying. She really couldn't afford to offend this person in the future!

Lin Yi didn't care what other people thought-he just wanted to get the information he wanted from Wei Mian!

Wei Mian's bones weren't as tough as he had imagined. Under the double torture, his mental defenses quickly crumbled.

The moment Lin Yi stopped using the needles, he immediately expressed his willingness to tell Lin Yi everything.

He wasn't very good at speaking, and he spent a lot of time stuttering. In conclusion, the surveillance footage from the formation was real, not fake.

Lin Yi's guess wasn't wrong. Wei Mian had done something to the previous training formation. This time, he volunteered to come to Feng Qi great continent to supervise the two continent's array Dao exchange. His goal was to use the training formation to achieve his hidden goal.

The best result would be to get rid of all the outstanding array Masters from Sangzi continent and Fengqi continent. This was a bit difficult since not all array Masters would participate in the friendly competition and enter the training array.

The backup plan was to get rid of a group of formation Masters, then frame them and provoke a fight between the SU family of Fengqi great continent and the Jia family of Sangzi great continent!

This was what he had done before, and he had almost succeeded!

The SU family's array master had seized the opportunity to escape, and that became the best excuse for Wei Mian to sow discord between Jia junren and the SU family!

The reason for his actions was simple. Wei Mian was from the sky array sect!

After the incident of the Wutong continent's array Dao origin, the sky array sect's reputation was already rotten.

Even if the sky array sect had taken measures to clear its name and said that it was a matter caused by a branch of the sky array sect, everyone's view of the sky array sect had changed!

Now that a scum like Wei Mian had appeared, the sky array sect was truly in deep trouble!

The trial array had been tampered with a long time ago. From this, it could be seen that the heaven array sect and the darkness demon beast clan had been colluding for a long time!

When su yongcang and the others heard Wei Mian's confession, they were all incomparably shocked. They really couldn't understand why the heaven's array sect would collude with the darkness demon beast clan.

Because of the legacy of the array Emperor, the sky array sect's position on the sub Island could be said to be transcendent. The array Masters who came out were all respected existences, what else could they be dissatisfied with?

What good would it do for the sky array sect to collude with the darkness demon beast clan to overthrow the human race?

Could it be that the sky array sect was more respected by the darkness demon beast clan?

Chapter 8682

Jia junren's face alternated between red and green. Before this, he really thought that the SU family, or Fengqi Dazhou, or Sima Yi, wanted to target his Jia family. He didn't expect the truth to be so cruel. Wei Mian, who he had always regarded as an ally, was the biggest mastermind behind the scenes!

Such a reversal made Jia junren's chest suffocate. He really couldn't let it out, but he couldn't, so he could only continue to be unhappy!

Lin Yi got the confession he wanted and took Wei Mian to the teleportation formation to send the message to Jin botian.

This matter was a Little Big, and it would be inconvenient for him to deal with it. It was better for Jin botian to come forward.

When Jin botian received the news, he quickly brought his men over. Seeing that there were outsiders present, he put on a business-like appearance, ""Patrol envoy Sima, I didn't expect to meet you again so soon! I didn't misjudge you. Your ability is extremely outstanding, and you actually achieved results so quickly!"

"Regarding Wei Mian's matter, I will continue to investigate after taking over. Even if the sky array sect is really involved, I will not let it go. You can rest assured about this!"

Lin Yi said with a serious face as he handed Wei Mian over to Jin botian. "This subordinate naturally believes Vice Principal Jin. If not, why would I have called you over? Vice Director Jin is the most suitable person to handle Wei Mian. As for his confession, I've already sent it to you, so I won't give it to you again!"

"We already have his confession, so there's no need to give him more. We'll continue interrogating him later ... This time, we still have to thank patrol Sima for discovering Wei Mian's plot! I'll report your merits truthfully, but I don't think you'll be promoted any time soon. After all, you've just been appointed as an acting inspector!"

Jin botian was really into his character, and he was really conversing with Lin Yi as if he was his superior. Su Zixin, who was listening on the side, felt that Lin Yi was not worth it.

It was clearly a great achievement!

Just because he had just been promoted, there was no possibility of further promotion? Did they have to wait for qualifications?

Lin Yi, of course, didn't care about that. He was a Diamond level assassin to begin with, and all his other identities were just for cover.

After a few more business-like words, Jin botian left Fengqi Dazhou with Wei Mian in a hurry!

"Vice President Sima, it's all thanks to you this time. Otherwise, our su clan and the Jia clan of the Sangzi continent would have been incited to the point of an all-out war!"

Su Zixin waited for Jin botian to leave before turning to Lin Yi to thank him, "Vice President Sima, you've done our su clan a great favor! Once the two start a war, Fengqi great continent and Sangzi great continent can basically declare an all-out war. The impact is really unimaginable!"

One su banzhou and one Jia zhetian. If the two families fought, it would indeed affect the two continents!

"Don't say such polite words. This is also for the safety of the entire Feng Qi great continent, or for the safety of mankind. It's not only related to your two families. "

Lin Yi didn't want to take the credit and was about to leave with Zhang Yiming and the others when su Zixin stopped him.

"Vice President Sima, no matter what, you've indeed done a great favor for our su clan. Please follow this subordinate to the clan to drink a few cups of wine and let our su clan express our gratitude!"

Su Zixin came here to invite Lin Yi, "This is also the clan leader's intention. Vice President Sima, please do me the honor and don't refuse! Moreover, the people from Sangzi Dazhou haven't left yet. As the winner of the exchange, we should give them some face!"

Lin Yi didn't think it was necessary to give house Jia any face, but attending banquets was a norm these days. One more or one less didn't matter.

So, he followed su Zixin's wishes and brought Zhang Yiming, Fei daqiang, and his new disciple, Shi longcai, to the SU family.

Su yongcang gave Lin Yi enough face and personally led a team to welcome Lin Yi at the gate after receiving the news.

In the entire Feng Qi continent, only Lin Yi could enjoy this kind of treatment. Su yongcang didn't even wait at the gate to welcome the first hall Master.

At most, he would welcome them in front of the living room door. That was already giving the first hall Master a lot of face!

Su banzhou wasn't a name that could be casually called. In Fengqi continent, the reputation of the Great Hall Master couldn't be compared to the SU family.

After the usual pleasantries, everyone took their seats in the hall. Lin Yi naturally sat in the most prestigious seat, with su yongcang personally accompanying him.

Today's banquet was to thank Lin Yi for stopping Wei Mian's scheme, saving the SU and Jia families from the awkward situation of fighting each other.

Secondly, it was also a farewell to Jia junren and the others.

Putting aside whether Sangzi Dazhou's purpose for coming here was achieved, they didn't have the mood to stay after the exchange.

After all, they had suffered heavy losses in this exchange. Four array Masters were killed, which was a heavy blow to the current Sangzi continent!

If he continued to stay, he would only become a laughingstock. If it wasn't for su yongcang's persuasion to stay, Jia junren actually wanted to leave after meeting his men!

That's why the people from Sangzi continent weren't in a good mood. The air pressure in their area was quite low.

On the contrary, the SU family was in high spirits and extremely happy!

Su yongcang smiled at Lin Yi, "please don't take offense, inspector Sima. The children were really happy today, so they let loose a little!" It's mainly because our su family has never won in the array Dao exchange with the Sangzi continent before. If we win this time, it'll be very beneficial for the children's spirit!"

If it was in the past, su yongcang would be too embarrassed to say such words even if he was beaten to death. It was too embarrassing!

But now, it was different. He had easily won against the Jia family, and the history of the past would never return. Naturally, he had no scruples.

Plus, this way of talking was very easy to get closer to-as long as she could get closer to Lin Yi, it didn't matter how embarrassing things were!

Su Zixin also echoed, "yeah!" It's our Feng Qi Dazhou's fortune to have a Grandmaster like Vice President Sima, and it's even more so our su family's fortune! This subordinate is truly convinced!"

Because Lin Yi had a lot of positions, people called him all sorts of names-inspector, Vice President, Dean, and so on. Lin Yi was already used to it.

If it was someone who didn't know the situation, they might think that there were a few big shots with the surname Sima here!

"I can't do anything on my own. The SU clan's Foundation is deep, and the array Dao exchange meet is a group competition. Even if I can win, it's just one round. Without the foreshadowing of guild leader su and the others, I can't turn the tables!"

Lin Yi wasn't one to get cocky just because he was pleased-he gave the credit away humbly.

Chapter 8683 The End

Although this was the truth, all the big shots present knew that the first three rounds of the exchange were just a warmup to test the waters.

Whether it was the SU family or the Jia family, they both placed their hopes on the final two matches.

Or rather, the last two matches were the ones that could truly represent the peak strength of the two families!

Su yongcang knew, su Zixin knew, Jia junren and the others knew this, but the SU family's juniors didn't!

They really thought that the SU family's array path Grandmaster was amazing. At this time, they were already a little carried away and began to brag about all kinds of things.

It's like the people of Sangzi continent are all idiots and their su family is the strongest family, etc!

The faces of the people from the great land of Sangzi, led by Jia junren, didn't look too good. Those su clan's juniors drank wine and bragged, so their voices naturally weren't soft. They didn't miss a single word of those words that infinitely belittled the great land of Sangzi's Jia clan, and they all heard it!

However, these were all the SU family's juniors, so Jia junren was embarrassed to flare up, lest others say that he couldn't afford to lose and vent his anger on the juniors because he couldn't win against the SU family's adults!

The atmosphere on Sangzi continent's side was getting more and more gloomy, and su Zixin immediately sensed that something was wrong.

After all, they were guests, and a few array Masters from the Sangzi continent died. It wasn't appropriate to bully them like this!

Therefore, su Zixin reacted immediately. He was still the president of Feng Qi Dazhou's array Dao Association, so he had to pay attention to this aspect. No matter what, he couldn't break off relations with the Jia family.

"All of you shut up! So many things can't even stuff your mouths? What nonsense are you talking about?"

Su Zixin shouted at the younger generation of the SU family, his eyes extremely unfriendly. "You've been eating your fill all day long, but I don't see you have any ability! Did you all put in the effort to obtain this victory?"

Big Boss Sima Yi was modest and said that the credit was everyone 's, but the SU family could not really think so. If they were to brag about it, wouldn't they be deliberately offending the big boss?

Su Zixin's heart was filled with resentment. She snorted and continued,""All of you, listen carefully. This victory was all thanks to Vice President Sima! And not you! All of you should take Vice President Sima as your role model and focus on your cultivation. What can your arrogant words do to increase your strength?"

"Each and every one of them, without any contribution, their strength is completely unrated! You're really good at bragging, as if it was all thanks to your wonderful performance this time! Can you be any more shameless? You don't know your place!"

The SU family's younger generation suddenly kept quiet out of fear, not knowing why Su Zixin suddenly flipped out!

In short, it was better to be obedient and not show up at this time, so as not to be caught as an example. Didn't you see that the master was also a little unhappy?

The somewhat unhappy family head su yongcang immediately expressed his support after su Zixin finished speaking,""Zixin is right, you guys were too comfortable in the past, so you must be more alert in the future! The future of our su family lies in your hands!"

"This old man doesn't expect you to grow into an outstanding genius like patrol Sima. As long as you have half, no! I'll be satisfied with one-third, one-fourth, or even one-tenth of the excellence of patrol Sima!"

"To be honest, this old man really hopes that patrol envoy Sima is a descendant of our su clan. If that's the case, the SU clan's rise will be unstoppable! With patrol Sima here, if we can beat the Jia family of the great land of Sangzi this time, we can do the same next time!"

"This time, it's not your fault that we've defeated the Jia family. It's patrol envoy Sima's fault. All of you should remember patrol envoy Sima's kindness!"

Su yongcang took this opportunity to blabber on and on and said a bunch of things, to knock on these juniors who were blindly arrogant but whose strength was not enough to match.

At the same time, he continued to express his goodwill to Lin Yi. His words just now inspired him, and he was thinking about whether there were any girls in the family who were around Lin Yi's age, beautiful as a flower, and talented enough to match a genius like Sima Yi!

In this way, Sima Yi was considered one of the SU clan's own. Once they had a child, they would inherit Sima Yi's talent and the SU clan would prosper even more ...

Alright, I'm thinking too far ahead. Let's think about the beautiful su family girl first!

I'll find an opportunity to arrange it later!

Lin Yi didn't know that su yongcang had already arranged a girl for him in such a short time. He even almost thought of the name of the child!

If she knew ... Would she still come to the SU family in the future? This was a problem!

Jia junren and the rest of the people from the great land of Sangzi were getting more and more upset. Su yongcang and su Zixin seemed to be berating the SU family's juniors, but in fact, it was equivalent to praising the SU family in disguise. In contrast, the Jia family would naturally be degraded invisibly, so it would be strange if they were happy!

Especially when Wei Mian's plan was clearly aimed at both the SU and Jia families, but in the end, they were the only ones who suffered. This was very unfair!

As the saying goes, "you don't have to worry about scarcity, but uneven distribution." These words were the same in terms of advantages and disadvantages. "I'm suffering losses, so you should all suffer losses together!"

Therefore, even though the death of the Sangzi continent's Grandmaster had nothing to do with the SU family, Jia junren still bore a grudge against them. Especially at this time, if it wasn't for his lack of strength, he would definitely flip the table and fall out with them!

He definitely couldn't make a move now, so he could only use words to express it!

"Su clan head, Grandmaster Sima, our Jia clan has indeed lost this time's array Dao exchange, but if you think you can suppress us, then you are wrong!"

Jia junren put on a reserved and proud posture, not showing the slightest bit of timidity, ""For next year's formation path exchange meet, clan head su doesn't need to find other clans, how about we make an agreement first?"

"I, Jia junren, represent the Jia clan of the great land of Sangzi to send you an invitation. This time next year, please go to the great land of Sangzi to participate in the array Dao exchange. At that time, I'll definitely let you all see the foundation of our Jia clan!"

"Especially Grandmaster Sima, you are indeed the most talented array Grandmaster I've ever seen in my life. Therefore, for next year's array Dao exchange, I hope that Grandmaster Sima can come and participate. If you don't join, the exchange will lose a lot of color!"

"Of course, if master su and Grandmaster Sima do not dare to accept the invitation and are afraid of being defeated, you can reject me now. We will definitely not laugh at you!"

Jia junren was using all his tactics, afraid that house su and Lin Yi wouldn't agree.

Of course, if they really didn't agree, his words could be considered to have helped the Sangzi continent regain some face and restore the morale of the remaining people.

Su yongcang was a genuine old fox. Of course, he understood what Jia junren was planning. If the SU family refused at this time, it was equivalent to admitting that they were afraid of the Jia family!

If they were afraid of the Jia family after winning this time, then the SU family's face would really be swept to the ground! In the future, don't go out and just stay at home!

Therefore, he couldn't refuse at this time. Not only could he not, but he had to agree readily without any hesitation!

Chapter 8684 The End

Su yongcang's mind whirled and he immediately laughed,""No problem! I will be impolite to reject young master Jia's invitation! Our su clan will definitely go to the Sangzi continent next year to participate in the new array Dao exchange. "

"However, noble patrol Sima is busy and this old man can not guarantee that he will not have the time to go. This old man would love to invite patrol Sima to go with him, but if he is not free, young master Jia must not be disappointed."

His attitude was also very clear. It was no problem for the SU family to go, but don't even think about using this to kidnap Sima Yi to go with them!

The old fox was an old fox indeed-he'd given Lin Yi a way out!

It was great that Lin Yi was willing to go, but if he wasn 't, he could just use that as an excuse to reject it. It wouldn't be embarrassing at all.

Jia junren ignored su yongcang's words and turned his eyes to Lin Yi,"Grandmaster Sima, even if you're busy, you don't mind taking out a day or two, right? Just tell me, do you dare to go to our Sangzi continent?"

Lin Yi didn't really care-Jia Junjie's revenge was something he had to find an opportunity to end. Since Jia junren was in such a hurry, he'd just go!

With his current strength and many trump cards, no matter how many tricks the Jia family had, they probably couldn't do anything to him, right?

"There's nothing to be afraid of. The Sangzi continent isn't a Dragon's pool or a Tiger's Den, and the Jia family isn't some mountain of blades or sea of flames. I'll go!"

Lin Yi shrugged casually, a smile on his lips. "But young master Jia, it seems that there aren't many array Masters left in your Sangzi great continent, right? Are you sure that your Jia family has the ability to organize a decent exchange meeting when we go there next year?"

"Don't turn the exchange into a farce because you don't have enough array Masters. That would be too embarrassing for your Jia zhetian reputation!"

Lin Yi was rubbing salt into Jia junren's wound. The people from Sangzi Dazhou's faces changed. He really touched their sore spot!

The array Dao origin and this array Dao exchange had caused the Sangzi continent's array Dao grandmasters to suffer heavy losses, and they were indeed at the point of a shortage of talent!

"Hehe, Grandmaster Sima, you only need to worry about yourself. You don't need to worry too much about our Sangzi continent! Come over next year and you'll know the foundation of our Sangzi great continent and our Jia family's array Dao!"

Jia junren refused to admit defeat. He could not admit defeat at this time, so he said, ""I'd still like to advise everyone here to put away your belittling heart. Don't wait until you've suffered a crushing defeat before you know regret!"

He would definitely regret it, but the things he regretted were different!

Sima Yi, as long as you dare to go to the Sangzi continent, don't even think about leaving alive!

Jia junren's eyes flashed with a fierce light.

He was trying so hard to trick Lin Yi into going to the great land of Sangzi-he'd use the right time, place, and people to kill Lin Yi and make him lose his life!

Sangzi Dazhou's Jia zhetian wasn't just a casual comment!

In the land of Sangzi continent, the Jia family could do whatever they wanted. It was too easy to deal with Sima Yi!

"Hehe ... Then I'll be looking forward to seeing the foundation of your Jia family. I hope you won't disappoint me! I also hope that by then, the formation Masters of your Jia family will not be completely cut off ..."

Lin Yi replied with a smile, his words not losing ground at all. The Jia family wanted to deal with him, how could he just sit there and wait for death? At that time, it was still uncertain who would win!

"Hehehe, I promise I won't let Grandmaster Sima down! So, we'll take our leave first! I look forward to seeing you again next year!"

Jia junren sneered a few times. After slightly cupping his hands, he stood up and left with a flick of his sleeves. He left the SU family with a group of people from the great land of Sangzi and directly went to the teleportation array to return to the great land of Sangzi!

As a landlord, su yongcang had to send them off a little, but Jia junren and the others were walking very fast, so he only pretended to stand for a while, and fell down after taking two steps outside.

Su yongcang turned around and pulled Lin Yi, "Grandmaster Sima, are you really going to follow our su clan to Sangzi continent next year? Although this is something that I can't ask for more, but to be honest, I think that Jia junren has some ill intentions towards you, Grandmaster Sima!"

In fact, su yongcang was also very clear about what had happened in the source of array Dao. Su banzhou was not called that for nothing. Among the array grandmasters who had returned from the source of array Dao, there were people from the SU family.

Su yongcang was clear about the grudges between Lin Yi and house Jia, but he never mentioned it. Now, he was completely honest with Lin Yi!

"The Jia clan has a huge influence in the Sangzi continent. They are known as Jia zhetian. From this, one can see how powerful their clan is. If our su clan were to participate in the array Dao exchange, we

wouldn't be targeted by them. If we do that, the Jia clan's reputation in the entire star source continent would be completely destroyed!"

"However, Grandmaster Sima, you are different. Although you have many identities now, and each one of them is quite powerful, you are ultimately alone. You don't have a powerful family or sect behind you. If the Jia family has a suitable excuse to deal with you, most likely no one will stand up for you!"

The so-called appropriate excuse naturally referred to taking revenge for Jia Junjie.

When Lin Yi reached the great land of Sangzi, the Jia family would raise the flag of revenge and they could do whatever they wanted to Lin Yi.

"Thank you for the reminder, head su," Lin Yi smiled, "are you trying to tell me not to go to the Sangzi continent?"

Without Lin Yi, house su would've been crushed at the exchange.

They had not won against the Jia family for so many years, which showed the difference in strength between the two sides. Even if the Jia family had lost a series of array Masters recently, they might have hidden trump cards.

"Haha, if it's for the sake of Grandmaster Sima's safety, it's indeed not suitable to go to the great land of Sangzi. However, for the sake of the array Dao exchange between our su clan and the Jia clan, this old man still hopes that Grandmaster Sima can come along. It's really difficult!"

Su yongcang stroked his beard and laughed, "if only Grandmaster Sima was a member of our su clan!" They could travel together without having to worry about the Jia family taking action! It's not a good choice to go to war with the SU family for a dead junior!"

He was ready to turn his thoughts into facts. He had already said this before, so he just asked, ""Grandmaster Sima, are you married? Such a young and handsome man should be accompanied by a beauty! As the saying goes, a talented man and a beautiful woman can be a good story!"

Lin Yi chuckled to himself and quickly said, "I do have a fiancée, but I'm not married yet!"

Su yongcang sighed in his heart. Having a fiancée, that meant that there was no way to marry a wife over!

Could it be that he wanted the SU family's women to be concubines? It wasn't impossible to be a concubine, but a young lady of the direct line would lose her status. A girl born of a concubine couldn't bear the interest of both sides!

Chapter 8685 No Problem!

Lin Yi could more or less read su yongcang's thoughts on a marriage alliance, so he rejected it tactfully. Both sides didn't say it out loud, but they understood each other's intentions.

Su yongcang could only let it go for the time being and see if there were any new opportunities in the future.

"Grandmaster Sima, this old man feels like we've hit it off the first time we met, and I really regret not having met you earlier. I wonder if you're willing to be friends with this old man despite our age? In the future, this old man will call you brother Sima, okay?"

Su yongcang changed his style immediately after the marriage failed, calling Lin Yi his brother.

If she had the chance to marry a junior to Lin Yi in the future, it wouldn't be too late to talk about it again-they were just peers, not sworn brothers!

"Of course I can, but I'm a little too far-fetched, Brother Su!"

Lin Yi didn't mind-he had so many brothers anyway, and su yongcang wasn't one less.

Su yongcang was overjoyed, feeling that his relationship with Lin Yi was getting closer. He turned to look at su Zixin, and an idea flashed in his mind.

"Zi Xin, come here!"

Su Zixin was a little depressed. He was much older than Lin Yi, but if Lin Yi and su yongcang were of the same generation, he would become his elder!

It was fine if he was her superior in the past, but now he was her elder. There was no justice in this world!

Hearing su yongcang's call, he responded resentfully and took two steps forward to su yongcang's side to wait for instructions.

"Younger brother Sima, I heard that Vice Principal Shi has become your disciple, right? This elder brother has a presumptuous request, please accept Zixin!"

Su yongcang really had a sudden thought-seeing Shi tiancai, Lin Yi's new disciple, he wanted to send su Zixin under Lin Yi's wing as well.

If the marriage alliance doesn't work and you can't be the SU family's son-in-law, then I'll let you take the SU family as your disciples!

Heaven, earth, monarch, parents, and teacher. With this layer of relationship, the relationship between the two sides would definitely be closer!

Su Zixin was dumbfounded. What the hell? After being a superior and an elder, he still had to be a master?

But thinking about it, su Zixin realized that he didn't reject Lin Yi as his master. After all, Lin Yi's array skills were right in front of him, and it was definitely beyond the normal concept of a Grandmaster!

There was no beginning or end to learning, the one who had reached first came first!

With such an awesome master, who knows, maybe he could become more awesome in the future?

"Ah? He's taking Guild Master su as his disciple?"

Lin Yi wasn't expecting this-what day was it? Teacher acknowledgment day? All of them were rushing to acknowledge him as their master!

"Could it be that brother Sima looks down on Zi Xin's talent? He really can't be compared to you geniuses, but he's actually quite good. For the sake of this older brother, don't reject him!"

Su yongcang was hitting the nail on the head. The relationship between brothers was used for this!

Lin Yi thought about it-it didn't seem like there was anything wrong with that!

It was not a bad thing to take in more people who were strong in array Dao as disciples, so that they could better develop their array Dao!

"Alright! Since Brother Su has said so, this little brother will shamelessly accept guild leader su as my disciple! However, I'll make things clear first. Guild Master su will be my in-name disciple for the time being, and I'll teach you everything I know about array Dao. If there comes a day when Guild Master su wishes to leave, the status of an in-name disciple will not hinder you. "

Lin Yi's words were quite spontaneous, but what he really meant was to keep a certain distance from the SU family. An honorary disciple was still a disciple, but it was still far from being a true disciple.

Fengqi Dazhou's situation was complicated and Lin Yi didn't understand it completely. He wouldn't have too deep of a cooperation with uncertain forces.

Su yongcang was a little disappointed, but he had achieved his goal. Since Lin Yi said so, if he continued to pester him, it would seem like he didn't know much!

"Alright! Then it's decided! Today is really a good day. My brother hasn't been so happy in a long time! It's better to meet today than to choose another day. Let old brother be a witness and let them solemnly pay respects to their master!"

He also struck while the iron was hot to avoid any more trouble, so he also conveniently represented Shi shengcai.

Fortunately, Shi wancai didn't object. Acknowledging a master in public and confirming his status was also a good thing for him.

Lin Yi didn't refuse and had Fei daqiang go to the school to call the four little ones over for the ceremony. The four of them were arranged according to the order they entered the school, and were considered Shi Yucai and su Zixin's senior brothers and sisters.

Su Zixin felt helpless. The age of the four little ones ... Let's not mention it!

In any case, with such a young master, it didn't seem to be a problem to have a few younger senior sisters and senior brothers!

The SU's had a new banquet to celebrate Lin Yi having two more grandmasters as his disciples, as well as the SU's having a powerful helper!

At the same time, Ouyang chuantian had already found out about everything that had happened today. He was immediately overjoyed and immediately contacted the blue-robed man.

"Boss Blue robe! Good news, that brat Sima Yi is getting more and more arrogant. Guess what? He actually overstepped his authority to capture the Vice President of the starsource continent's array formation Guild, Wei Mian, and even publicly extorted a confession from her!"

Ouyang chuantian laughed so hard that his eyes turned into crescents, ""The dignified Vice President of the array formation Guild has been forced into a confession! How can the higher-ups tolerate such an arrogant and despotic person?"

"It doesn't matter if Wei Mian is in the wrong or if Sima Yi is doing it for the sake of the public! The important thing was that Sima Yi had committed a huge taboo! If all the people under us work together, what dignity will the continental martial Alliance have in the future?"

"That's why, Boss Blue, I think this is a great opportunity. If we grasp it well, we'll definitely be able to take down Sima Yi in one fell swoop and return a clear sky to our Phoenix nest continent! If you agree, then think of a way to move around the starsource continent and find someone to impeach Sima Yi!"

"It's best if we can interrogate Sima Yi, but even if we can't, we have to transfer him away from Fengqi great continent! This isn't a difficult goal, and I thought I could achieve it. What do you think, Director Blue?"

Ouyang chuantian toot wildly. He was so excited that he almost couldn't breathe.

The blue-robed man pondered for a moment and then nodded, ""It's indeed an opportunity. I'll try it out and see! As for the result, I can't guarantee it, so don't have too much hope. "

It wasn't Central's first or second day dealing with Lin Yi, and they had a deep understanding of Lin Yi's strange and mysterious luck and strength.

Every time central seemed to have the upper hand, he would always lose to Lin Yi!

Now that he had to sign the peace treaty with Lin Yi, the blue-robed man did think that this impeachment was an opportunity, but he didn't think that the final result would be good!

That was why he had said not to have too much hope. It could be considered as giving Ouyang cuantian a heads up. If he succeeded, it would be an unexpected joy. If he failed, he would be mentally prepared. It was quite good.

Chapter 8686

Ouyang cuantian didn't quite understand the blue-robed man's thoughts, but he still incited him with a solemn vow, ""Director Blue robe, you're too humble. This time, as long as we initiate the impeachment, Sima Yi will definitely be transferred away. I'll be waiting for the good news!"

The blue-robed man laughed coldly in his heart. You don't even know how hard Lin Yi is to deal with!

However, there was no need to explain these things clearly. He would do it first and wait and see what the result would be.

The blue-robed man's efficiency was very high, or it could be said that Central's strength was very deep, and his ability to move was very strong!

The next day, all sorts of bad things about Lin Yi started spreading throughout the continent, and many people who didn't even know Lin Yi began to impeach him.

The news quickly spread to Fengqi Dazhou. People close to Lin Yi, like Yan Su, Shi shengcai, and house su, were all worried for Lin Yi.

As Lin Yi's new disciples, Shi Yucai and su Zixin were the first to report to him.

Only then did he realize that Yan Su, the president of Tianxia Academy, had already arrived!

"You're here too, take a seat!"

Lin Yi didn't put on any airs as a master and was talking to Yan Su. He called out to the two of them and continued, "Director Yan, you don't have to worry about me. They're just some clowns. I'm not afraid of a crooked shadow, they can't affect me!"

With a serious expression, Yan Su shook her head and said, "Don't be careless! I heard that the people who impeached you in the starsource continent have caused quite a stir, and there are many rumors adding fuel to the fire. Your reputation will definitely be affected, and if the higher-ups are deceived by the rumors, they will most likely make a disadvantageous ruling against you!"

"What I mean is that you'd better think of a way to find someone to help you talk about it. For example, Vice President Jin botian of the inspection department. He has been in contact with you several times and has owed you a lot of favors. He should come out to help you move around, right?"

Lin Yi chuckled to himself. His relationship with Jin botian was much closer than Yan Su thought. He didn't need to go to Jin botian for help at all.

So Lin Yi wasn't worried about the impeachments at all. As long as Jin botian reported his identity as a Diamond level assassin, all the impeachments would disappear.

What overstepping one's authority and what great taboo, that was all part of one's duty, alright? What power!

Su Zixin was worried as well-he was a name disciple, but he was still Lin Yi's disciple!

If something happened to Lin Yi, he wouldn't have an easy time as a disciple.

"Master, director Yan's words are very reasonable. When Deputy Director Jin came last time, he already expressed his admiration for you, and the credit for capturing Wei Mian hasn't been counted. If you talk to Deputy Director Jin, you can at least make up for your mistakes, right?"

Since Jin botian said that Lin Yi couldn't level up for the time being, wouldn't it be great to use the credit to make up for his mistakes?

When Yan Su heard this, she was very pleased and nodded repeatedly, ""Your words are reasonable. Even if Vice Principal Jin doesn't care about your feelings, he should at least think about your achievements. Why don't this old man go and contact him?"

"Director Yan, there's really no need. There's no need to trouble Deputy Director Jin. Just wait and see. This won't cause any trouble!" Lin Yi waved his hand. If there's anything, it's not too late for me to go find Vice Principal Jin!"

Shi chengcai saw that Lin Yi was so calm and composed, and she understood what was going on.

According to his observations, his master had always planned carefully before taking action!

Whether it was when he was at the source of the array Dao, or when he came back to deal with the darkness demon beast clan and the spies hidden among the humans, he had always been like this!

Things that he wasn't sure about would become certain with a plan. Now that he looked so confident, he must have a plan in mind. Director Yan and su Zixin were probably worried for nothing!

As expected, the master that I, Shi Yucai, acknowledge is awesome!

Shi chengcai's heart was filled with emotions as she followed Lin Yi's lead, "Director Yan, you don't have to worry. Master must have a reason for saying this. Thinking about all the incredible achievements that master has done, I believe that master will definitely have a way to solve these small problems!"

Yan Su was stunned for a moment, but then she thought about it and it seemed to be true!

Lin Yi was always able to do what others couldn't, and since he wasn't worried, then it really wasn't that troublesome!

Yan Su was still a little suspicious, but she felt much more at ease. The impeachment was just as Lin Yi said-it was over soon.

The rumors did not cause any commotion. They disappeared quietly after a while. The whole incident only caused a few ripples on the level of the starsource continent. It did not affect the other continents at all.

For Fengqi Dazhou, it only attracted people's attention at the beginning because of the impeachment news. Then, there was no follow-up, as if the first news they got was fake.

Naturally, Yan Su and the others were happy for Lin Yi, while Ouyang cuantian and the others were frustrated.

The old man had always thought that he could use this opportunity to mess with Lin Yi-he'd at least have to transfer him to another continent if he couldn't bring him down completely!

In the end, there was no movement at all. The blue-robed man's words had become a prophecy!

Speaking of which, the impeachment wasn't completely unaffected-after this incident, Ouyang cuantian's forces were completely retracted, and Lin Yi's reputation was rising!

The entire Fengqi continent, all the forces, big and small, subconsciously looked up to Lin Yi and listened to his orders.

Ouyang cuantian, the acting Hall Master, was really only left with the title of acting Hall Master.

Apart from the Ouyang family, no one paid any attention to Ouyang kuantian's orders.

Rather than saying that he was the first hall Master, it would be better to say that he had returned to being the Ouyang family's master!

Lin Yi wasn't happy with the situation-power wasn't something he'd been after, after all. Otherwise, he wouldn't have passed the throne to Liu Ziyu after he'd established the Hongshang Empire!

The only thing Lin Yi wanted to do right now was to find the person behind this, but there wasn't any news from him at all!

The seed in the first hall master's sea of consciousness was close to maturity under Lin Yi's pampering- the mastermind should be jumping out by now!

Could it be that the other party would only appear after the first hall Master died?

If that was the case, then there would be trouble!

Lin Yi did something to the first hall master's body, making sure that the first hall master's life wouldn't be in danger because of the seed, and that he wouldn't become a cripple, but he'd still be weak for a while after that.

After waiting for a few days, the mastermind was still nowhere to be seen. Lin Yi, who had nothing to do, thought of finding a sect for su Yumo and decided to ask around.

Zhang Yiming put in a lot of effort and came to inform Lin Yi as soon as he found a suitable place.

Chapter 8687

"Boss, there's an icy wind cliff at the edge of the great Fengqi continent. The environment is very suitable for senior Sister su Yumo's cultivation! It just so happens that there's a sect on the Icewind cliff called the Phoenix Nest sect. It's a sect named after the continent, and I heard that it's quite powerful!"

Zhang Yiming explained all the information about Phoenix nest sect and then concluded,""In terms of sect strength, Phoenix nest sect is more than a hundred times stronger than our sword spring sect. In terms of the environment, the Icewind cliff is better than the sword spring sect's North Peak."

"With boss's current reputation in the Phoenix Nest continent, if you send Senior Sister su to the Phoenix Nest sect, they will definitely welcome you with open arms. With Senior Sister SU's talent, the Phoenix Nest sect will definitely treat her like a treasure and nurture her with great care."

"That's why I think this is the most suitable place for Senior Sister SU's next cultivation. Boss, what do you think?"

Lin Yi rubbed his chin and nodded."What else can I think? Of course, we're going to the scene!"

With nothing to do and su Yumo's matter at hand, Lin Yi decided to take Zhang Yiming to the Phoenix Nest sect since it wouldn't take too much time.

Seeing was believing, and Lin Yi was very satisfied after reaching the ice wind cliff.

This place was indeed extremely compatible with su Yumo's cultivation technique. Phoenix nest sect was established on the ice wind cliff, and the mainstream cultivation techniques were mostly ice-attribute.

After returning, Lin Yi immediately sent a message to su Yumo, asking her to come to the great continent of Feng Qi and continue her cultivation at the Feng Qi sect on the ice wind cliff.

With Lin Yi's current reputation in Fengqi Dazhou, he had enough power to protect su Yumo.

Even if she left Fengqi Dazhou and went to other places, the higher ups here like the first hall Master, su yongcang, Yan Su, etc. Would still continue to protect her for Lin Yi's sake.

It was perfect!

Su Yumo was a little hesitant after receiving Lin Yi's message.

She had a cold personality and was too lazy to move. Otherwise, she would not have stayed in the North Peak of the sword spring sect for so many years.

However, she couldn't ignore Lin Yi's invitation. After some hesitation, she used the excuse of visiting su lingyue to go to the Imperial City of Hong Shang Empire to discuss with her relative.

Su lingyue was naturally happy to see su Yumo, and Sima Yunqi joined in the conversation. When they talked about Lin Yi's invitation, su lingyue was silent for a moment, but Sima Yunqi expressed his support after some thought.

"Yumo, Yi 'er is telling the truth when he said that it's a better place for you to cultivate! If you're hesitating, that means you're actually moved!"

Sima Yunqi's analysis was on point, and he could see through su Yumo's mind. ""If you want to go, then go! There's nothing to worry or hesitate about. With Yi 'er in Fengqi Dazhou, you definitely won't suffer!"

Su lingyue sighed and said, ""That's right, Yu mo. The Phoenix Qi continent ... Is more suitable for you than the Wutong continent. Go!"

Both of them were in favor of su Yumo accepting Lin Yi's invitation and arrangement. Su Yumo was moved, but she still couldn't make up her mind.

He didn't expect another Messenger to come at this time and send a letter to su Yumo. This time, it was a letter personally written by su yongcang, the head of the SU family in Fengqi Dazhou!

There weren't many words in the letter, and the general idea was to let su Yumo go home immediately. Su Yumo was from the SU family of the great continent of Feng Qi, and she was a direct descendant of the SU family!

Su yongcang said that he had something to tell su Yumo and asked her to return to Fengqi Dazhou as soon as possible. This was an order from the family head and she couldn't refuse. Otherwise, the SU family would personally come to 'invite 'her next time!

Su Yumo smiled bitterly after receiving the letter. She couldn't make a decision at first, but things were settled now. She didn't have to think too much about it. She had to return to Fengqi continent!

"I wonder if there's something urgent for my family to suddenly send you a message ... Yu mo, why don't I accompany you back?"

Su lingyue was su Yumo's father's younger sister. She was his genuine little aunt, and they were blood-related!

In the past, in order to marry Sima Yunqi, she fell out with her own family and married into the remote Sima Prefecture of the great Wutong continent!

With the SU family's status in Fengqi Dazhou, the daughter of a direct descendant actually marrying into such a small family was like a princess marrying a beggar. The SU family had almost removed su lingyue from the family!

However, su lingyue had always been concerned about her family. Although she said that she would accompany su Yumo back, she had also wanted to go home to visit her family.

After all, decades had passed, and blood was thicker than water. Perhaps he could use this as an opportunity to return to the family ...

However, it was also possible that the outcome would be completely different. That was why Su lingyue was still a little nervous and hesitant.

Su Yumo, on the other hand, revealed a rare smile. She held su lingyue's arm and said, ""That's great. I'm relieved to have you with me!"

She also knew that su lingyue had not returned home for so many years and was worried about her. She wanted to take advantage of the situation and bring su lingyue back to Fengqi continent.

This was a knot in su lingyue's heart, and it was also a knot in the SU family's heart. Perhaps this time, it could really be completely unraveled, which would be a great thing!

"Yunqi ... What do you think?"

Su lingyue felt a chill in her palm. She was nervous and turned to her husband for support.

If he really returned, he would most likely be beaten, scolded, humiliated, and lose face.

But even so, she still wanted to go home ... It was just that she didn't have a very firm determination!

Sima Yunqi smiled gently, "I think it's great!" It's been so many years, it's time to go back and see your family! Moreover, Yi 'er is also in Fengqi Dazhou, I don't know how he's been recently. "

In fact, it hadn't been long since Lin Yi went back from the formation path origin. Many things happened, but it wasn't that long!

It was just that it was rare for Sima Yunqi and his wife to see Lin Yi, so they felt that it had been a long time since they left.

Sima Yunqi suggested, "this time, not only do we have to go back to the SU family, we can also visit Yi 'er and stay at his place for a while." The last time he came back, he was in a hurry. We're not in a hurry. It doesn't matter if we stay for a year or so. "

Anyway, the situation in the Hong Shang Empire was stable. The retired emperor and his wife could completely ignore it and go out to enjoy themselves.

Su lingyue really thought of Lin Yi as her own son. She was moved and immediately agreed to the proposal!

The three of them immediately went to inform Liu Ziyu and set off.

Liu Ziyu wanted to go visit Lin Yi as well, but he was the Emperor now and couldn't leave the Empire for a long time. He could only send a team of elite guards to protect the three of them as they headed to Feng Qi continent.

The royal family of the Hong Shang Empire didn't have the right to use the continent teleportation formation, but if they mentioned Lin Yi's name, Wutong continent's Hall Master would respectfully welcome Sima Yunqi and the others.

But Sima Yun knew that they didn't know Lin Yi's power, and he didn't want to cause trouble for Lin Yi, so he got on his flying spirit beast and flew over the two continents.

It was pretty much the same route Lin Yi took when he first went to Fengqi Dazhou. He didn't encounter any danger, but it took a lot of time and effort.

Chapter 8688

During this time, Lin Yi had already arranged everything. In order for su Yumo to receive the best training, he didn't even mind setting up a mountain-protecting formation for the Phoenix Nest sect.

This was the work of the most powerful array master in Fengqi continent, it could be boasted for decades!

After receiving Lin Yi's personal care, the Phoenix Nest sect naturally had to return the favor. They had prepared everything properly and were just waiting for su Yumo to report in.

Unfortunately, su Yumo, Sima You Yun, su lingyue, and the others had spent too much time on the road. Lin Yi had nothing to do after he was done.

He didn't know where their journey had ended, so he could only put it aside for the time being.

On this day, su Yumo's group finally arrived outside the SU family's residence in Fengqi continent. After flying for thousands of miles, everyone looked travel-worn and could not hide their fatigue.

Originally, Sima Yunqi wanted to find an inn to rest for two days. After washing up and recovering, he would go to the SU family. At least, he would look more radiant.

However, su Yumo was in a hurry to get home, and so was su lingyue. Even though she was a little homesick, she couldn't help but want to go and take a look first. That was why she came to the SU family's house directly after arriving, without even contacting Lin Yi.

Standing outside the SU family's Gate, su lingyue looked at the familiar yet somewhat strange mansion. Her heart was in turmoil as thousands of thoughts ran through her mind!

For so many years, she had dreamed of this scene countless times, but when it really came true, she still felt like she was still in a dream.

"Aunt, don't just stand there. Let's go in!"

Su Yumo held su lingyue's arm considerately and pulled her towards the SU family's main entrance.

At first, su lingyue was still a little apprehensive, but after su Yumo pulled her along, she followed along with a bit of reluctance.

When they arrived at the gate, they were stopped by the guards. "Everyone, this is the SU residence. Is there anything? Who are you looking for?"

Su Yumo glanced at the guard and said indifferently, "I'm su Yumo, this is my aunt, su lingyue, and my uncle, Sima Yunqi. We're going home, not looking for anyone!"

The Guard's expression changed. He took a closer look at su Yumo and immediately bowed with a smile. ""Miss Yu mo is back! I'm really sorry, this lowly one didn't recognize you at first, please excuse me!"

"The master has instructed that if miss Yu mo returns home, please speak to the master immediately. There is something important to discuss. If miss Yu mo doesn't mind, please follow me to see the master now. The master has been waiting for miss Yu mo for many days!"

Su Yumo frowned slightly. She did not understand what had happened to the SU family to make the family head so anxious.

However, since su yongcang had already given her instructions, she did not intend to disobey. She immediately nodded and agreed to meet su yongcang first.

"Auntie, I'm going to see Grandpa now. Why don't you come with me? We haven't seen each other for so many years, grandfather should want to see you too!"

Su lingyue was a little moved. Su Yumo's grandfather was su yongcang, and su lingyue was su yongcang's daughter!

When she married into the Hongshang Commandery of the great continent of Wutong, the father and daughter had already turned against each other. Su lingyue did not know if her father's anger had subsided.

But no matter what, she really wanted to see her father!

However, before su lingyue could agree, the guard interrupted her. "Miss Yumo, I'm really sorry, but the master only wants to see you. Although it's a happy thing that miss Yumo is back, no one else can enter the SU residence for the time being! We can only decide whether or not to let them in after we make a report!"

It was obvious that the SU family had long known that su lingyue and su Yumo had returned together. They had already given orders not to treat su lingyue as a member of the SU family and even treated her as an ordinary outsider!

Su lingyue's face turned pale, and her body trembled. If su Yumo had not held her, she might have taken a few steps back!

Sima Yunqi, who was behind her, took a step forward and hugged su lingyue's waist. He comforted her softly.

Su Yumo, who was already cold to begin with, had a frosty expression on her face as she chided in a low voice, ""Impudent! What did he mean by irrelevant people? Auntie is also a daughter of the SU family, a member of our su family! You dare to stop the SU family from going home, are you trying to rebel?"

"Miss Yumo, I'm only following orders. How can I rebel? Please don't make things difficult for me, miss Yu mo!"

The guard shook his head with a bitter smile.

If he could, he did not want to offend su Yumo. After all, it was rumored that miss Yumo had a bright future!

He was just a small guard, how blind could he be to offend such a noble?

However, he was carrying the master's orders. If he didn't follow the master's orders, there was no need to say what the consequences would be!

"I won't make things difficult for you, but don't annoy me. Get out of my way!"

Su Yumo could not be bothered to waste her breath. She pushed the guard aside and barged in with su lingyue. "If there's anything, this young lady will take full responsibility. If anyone tries to stop me, don't blame this young lady for being impolite!"

The guard was very cooperative. With a light push from su Yumo, he stumbled back six to seven steps and almost fell to the ground. His hands were still stretched out as he shouted loyally, "Miss Yumo, you can't do this! Miss Yu mo ..."

Si Ma's face darkened as he followed in, expressing his contempt for this brother's exaggerated acting!

Before he entered, he asked the guards from Hong Shang Empire to stay outside the SU family's Gate.

It was meaningless to bring guards in. They were no match for the SU family. Instead, it was a provocation.

It was better to be obedient and humble. After going in, he could be beaten and scolded at will. At least he could not make his wife sad.

"Yu mo, isn't this a little inappropriate? Father doesn't seem to want to see me, so I don't think I should go in. "

Su lingyue was being dragged away by su Yumo, but her heart was filled with apprehension and she hesitated. ""Why don't you go and see your grandfather first? he must have something important to do since he's waiting for you so anxiously. Don't let me delay the important matter!"

Su Yumo ignored her and continued to pull su lingyue along. ""Aunt, what could be more important than your return to the family? Let's go. Let's go see Grandpa first!"

Actually, su Yumo was not being reckless. She had some confidence in herself.

When Lin Yi came back to the sword spring sect, he briefly mentioned the situation in Fengqi Dazhou.

Su Yumo felt that a God's favored one like Lin Yi would always be the most eye-catching one on stage no matter where he went!

In Fengqi continent, he would definitely grow into a dazzling heaven's favorite.

Su lingyue and her husband, Sima Yunqi, were Sima Yi's parents!

Su Yumo understood her grandfather very well. If he was unwilling to accept su lingyue in the past, it would be hard to say now that he knew about their relationship with Lin Yi!

That was why she insisted on bringing su lingyue to see su yongcang. Otherwise, how could she act so rashly?

Chapter 8689

This was also why she wasn't clear about Lin Yi's current status in Feng Qi Dazhou. She only estimated based on her heart and thought that Lin Yi's potential would be valued by su yongcang ...

If she knew who Lin Yi was now, she wouldn't need to be so reckless. She could've just mentioned Sima Yi's name!

The three of them walked quickly in the front, followed by the guards who were shouting and yelling but could not catch up with them. Soon, they alerted people in other places, and they turned into the courtyard, where a group of people came.

The leader was none other than the young master su who almost took Lin Yi in as a follower!

He'd been taught a lesson by Lin Yi, but the relationship between Lin Yi and house su had improved, and he'd started bragging about how close he was with Lin Yi!

... In fact, Lin Yi and su yongcang were of the same generation, and young master su was almost Lin Yi's grandson.

Su Yumo, what are you doing? You're causing a ruckus at home the moment you return, what a disgrace!"

The moment young master su saw su Yumo, he immediately put on the air of an elder brother and reprimanded her loudly.

He was indeed su Yumo's older brother, but they were not biological siblings born from the same mother. They were cousins, and their fathers were the real brothers.

The two of them fought a lot after that, but young master su had never taken advantage of her since he was young. He was completely suppressed by su Yumo, but he was unyielding and liked to provoke her.

Later on, when su Yumo went to the great continent of Wutong, young master su even lamented that he had one less person to bully and that life was really as lonely as snow. However, he did not expect that su Yumo would actually bully him more often ...

This time, young master SU's eyes lit up when he saw su Yumo return home. He instinctively wanted to bully su Yumo, so he rolled up his sleeves and blocked su Yumo's way while speaking.

Su Yumo's expression turned cold as she said coldly, ""Su Yuxuan, don't bother me! Hurry up and move!"

Young master SU's name was su Yuxuan, but Lin Yi didn't pay much attention to it, since everyone called him young master su.

If he had known earlier, he would have more or less linked it to su Yumo ...

"You're so rude! After not seeing each other for so many years, did she not even know how to call him 'brother'? She's really a wild girl, growing wilder and wilder in that barren mountain!"

Su Yuxuan looked up at su lingyue, who was holding su Yumo's arm, and snorted. ""Su Yumo, don't you have any manners? You brought two outsiders and barged in. Do you even have any respect for our su family?"

"What outsider? What su family? "Su Yuxuan, get out of the way. You're just a junior, but you don't even recognize your aunt and uncle. You're simply shameless. We're all su family members, and this is our home! Go away, I don't want to talk to you!"

Su Yumo was burning with anger. She waved her hand at su Yuxuan as if she was shooing away a fly. Of course, it did not have much effect as su Yuxuan completely ignored her!

"What aunt and uncle, this young master has never heard of these two relatives! He didn't know them either! You just brought two random people here and claimed that they're this young master's elders, what a joke!"

Su Yuxuan would not give su lingyue and Sima Yun any face. He waved his hand and said, ""What are you all doing? Chase these two outsiders out and send miss Yumo to the head of the family!"

"Who would dare!"

Su Yumo stood in front of su Feifei and glared at the servants, exuding a chilling aura.

If he really angered her, she would definitely attack him on the spot!

When Lin Yi returned to the sword spring sect, su Yumo was fortunate enough to have cultivated in the nine-story glazed Pagoda for a while. Her strength had already increased greatly, and not many of the SU family members present were her match!

"Su Yumo! Are you even a part of the SU family? Why are you siding with an outsider! Hurry up and go away!"

Su Yuxuan stepped forward and tried to push su Yumo to the side, but su Yumo gave him a tight slap on the face!

Amid the crisp sound of a slap, su Yuxuan looked at su Yumo in shock. He clearly did not expect su Yumo to really hit him in his home!

"You're so bold, you actually dare to attack me! What are you all standing there for? Take them down!"

This time, su Yuxuan was going to take down su Yumo as well. As for the consequences, he could not care less.

Su Yumo's strength far exceeded su Yuxuan 's, so she gave him another slap. The slap made him see stars and start to doubt his life!

"Did grandfather ask me to come back to tell you to take me down? Su Yuxuan, you're so powerful now that you don't even care about Grandpa? Has Grandpa passed the position of the head of the family to you?"

Not only did su Yumo beat him up, but he also accused su Yuxuan, leaving him dumbfounded!

Ignore su yongcang? Coveting the position of the clan head?

He wouldn't dare to even if he had ten guts!

"You're talking nonsense, I didn 't! Don't you slander me!"

Su Yuxuan immediately denied three times, refusing to admit to su Yumo's accusation.

However, in this way, his imposing manner suddenly plummeted, and the subordinates who followed him were all terrified. They had originally wanted to step forward, but they all quietly retracted their steps.

However, this kid reacted quickly and immediately changed his tone. "Su Yumo, not only have you become wild, but you've also learned how to pester people endlessly. If I can't deal with you, I'll ask the family head to deal with you!"

He turned around and pointed at a random subordinate, 'you, go and inform the family head immediately. Tell him that su Yumo wants to come back and rebel! Patriarch, please tell us how to deal with it!"

He was supposed to act pitiful himself, but he was worried that su Yumo would do something after he left. Therefore, he decided to watch over the three of them personally.

In fact, there was no need for su Yuxuan's men to report it. Someone had already sent the news to su yongcang.

He was the head of the SU family. He would be the first to know anything that happened in the SU family. This kind of control was not something that anyone could do.

If it was only su Yumo who had returned, su yongcang would have waited for her to come over. However, su lingyue and Sima Yunqi had also come. Su yongcang did not want the couple to enter the SU family too deeply, so he decided to come out himself.

Therefore, su Yuxuan did not wait long before he saw su yongcang turn around expressionlessly. He quickly went up to bow and complain.

Su yongcang waved his hand and sent su Yuxuan away. He continued to walk until he was three meters away from su Yumo and the other two.

Su Yumo and the other two knelt down together. Su lingyue trembled slightly with tears in her eyes. "Father, my unfilial daughter and husband have returned ..."

Su yongcang completely ignored her and ignored su lingyue and Sima Yunqi. He shouted at su Yumo coldly, ""Stinky girl! You still know how to come back! Do you still have me, your grandfather, in your eyes?"

"Did the SU family let you down in any way, or could they not provide you with enough cultivation resources? You've been to the corners of the great continent of Wutong for so many years. If I didn't find you, would you have never come back?"

Su Yumo lowered her head and did not dare to refute. She did not go to jianchun sect with su yongcang's consent. Instead, she had escaped on her own. It was almost the same as su lingyue marrying far away to Hongshang Commandery!

Chapter 8690 The End

The fact that su yongcang didn't kick su Yumo out of the house was already a sign of his deep love for her!

"You haven't had a moment of peace since you came back, and you even hit your brother! Does our su family have such a family education? Men! Lock su Yumo up and let her reflect on her actions! During her confinement, she's only allowed to have one meal a day, and she must recite the lessons for women and the virtues for women every day!"

"When you get married in a few days, we can't let people say that our su family's daughter has no manners! At that time, if you cause others to dislike you, the SU family's face will be completely lost!"

Su Yumo raised her head in disbelief.

She heard a different meaning from su yongcang's words. Was he going to marry her off?

Was that why he was in such a hurry to get her back?

It wasn't hard to understand. No matter how noble a woman from a big family was, she would eventually become a tool for marriage!

Back then, su lingyue was also unwilling to be married and insisted on marrying Sima Yunqi. That was why she had completely fallen out with the SU family!

"Grandpa!"

Su Yumo wanted to express her objection, but su yongcang did not even let her say anything. He immediately gestured to the servants to pull her away!

In the SU family, su yongcang was the absolute authority, and no one was allowed to resist!

Su lingyue looked sad and said carefully, ""Father, I haven't seen you for so many years. I really miss you ..."

"What are you guys doing? Chase these two unrelated people out!"

Su yongcang still ignored su lingyue. With a cold face, he flicked his sleeves and ordered his servants to drive her away.

Su lingyue was heartbroken. Although she had already expected this before she came, she still couldn't bear being ignored by su yongcang.

Initially, Sima Yun only wanted to accompany his wife and try to be an invisible person.

He could step forward bravely when he was being beaten and scolded, but he did not expect that su yongcang would not be beaten or scolded, directly treating him as a stranger. Seeing his wife sad, he finally could not hold it in.

"Father-in-law! I know that you're angry and still refuse to forgive Ling Jing, let alone forgive me, but we're really here to visit ..."

"Shut up! Who is your father-in-law? This old man is beyond my reach!"

Su yongcang interrupted Sima Yunqi's words and pointed at the couple sternly, ""This old master doesn't have a junior like you. Since you don't know what's good for you, don't blame this old master for being ruthless! Go, break their legs and throw them out of the door!"

Sima Yunqi was shocked. If it was just his leg that was broken, he would be willing to do it as long as it could calm su yongcang down. However, su lingyue could not!

Ever since su lingyue escaped from the SU family and went to Wutong continent to marry him, si MA had sworn that he would never let su lingyue get hurt unless she was killed!

"Father-in-law, don 't!"

Sima Yunqi took a step forward and opened his arms to block in front of su Qianqian. As a result, su yongcang was so angry that he kicked Sima Yunqi away.

If it wasn't for Lin Yi helping Sima Yunqi increase his strength, that kick would have taken his life!

He was fine now, only his meridians and internal organs were slightly shaken, but his life was not in danger.

However, the SU family's protective array was activated. When si Ma Yun fell, he was trapped in the protective array!

This shocked him and he didn't dare to act rashly.

This was because this kind of protective array would not directly launch a killing move when it was just activated, to avoid unnecessary deaths and injuries caused by accidental contact.

As long as he didn't move, he could temporarily guarantee his safety. If he acted rashly, he might be directly strangled to death!

"Father! Please don't do this! His daughter knew she was wrong! Father, please let Yun Qi go!"

Su lingyue's face turned pale with shock, and tears rolled down her face. She knelt on the ground and walked forward on her knees, hugging su yongcang's calf. "Father, if you want to punish someone, then punish me! It's all your daughter's fault, it has nothing to do with Yunqi!"

"Father doesn't want to see us, so we'll leave immediately and never come back! I beg father to be magnanimous and forgive Yun Qi for his offense!"

"I've made father angry, so I'm willing to accept any punishment ... This time, I really want to visit father and kowtow to thank father for raising me! Only by raising a child will one know the kindness of their parents ... A daughter knows how good her father is to her ..."

Su lingyue was crying like a Pear Blossom bathed in rain, and her words were almost incoherent. She said whatever came to her mind, regardless of whether it was organized or not, whether it could move su yongcang.

Su yongcang's face was still cold. His legs trembled twice, but he didn't shake su lingyue away. Instead, he made her hug him even tighter!

If it was in the past, he would most likely kill this unfilial and rebellious daughter!

However, when he saw su lingyue crying so miserably, he could not harden his heart and do it!

Even a vicious Tiger wouldn't eat its Cubs. No matter how she didn't acknowledge this daughter, blood was still thicker than water!

Su lingyue felt that su yongcang's mentality seemed to have loosened a little, so she continued, "Father, I've found my son. He's your grandson! He's also in Fengqi Dazhou. This time, I want to bring him to see his grandfather ..."

These words once again triggered the anger in su yongcang's heart, making him recall su lingyue's rebellion back then!

"Get lost! This old man doesn't have a shameless daughter like you!"

This time, su yongcang really used his strength and directly shook su lingyue away. He was so close to not giving her a kick. "You dare to bring back the bastard child you had with that bastard to see this old man? Isn't he afraid that I'll kill him?"

At that moment, su Yuxuan also followed suit and cursed. He felt that this was the time to flatter su yongcang, so he seized the opportunity to berate him. ""You really don't know your place. How dare you bring a dog-like bastard back to our su family? Where was he? Let me kill him!"

Su lingyue could not be bothered with su Yuxuan. After being jolted away, she used both her hands and feet to crawl back to Su yongcang's side and kowtowed a few times.

"Father, it's all my fault. I'll let you hit me and scold me. I only ask you to let Yun Qi go ..."

She didn't dare to mention Lin Yi anymore, afraid that su yongcang would vent his anger on Lin Yi and send more people to deal with him!

If su lingyue had gone to see Lin Yi first, she would have realized how ridiculous her idea was!

At that moment, Lin Yi, whom su lingyue didn't dare to mention again, suddenly changed the topic to the courtyard ...

It was quite a coincidence-Lin Yi did hear from su Zixin that the SU family had some valuable incomplete books on formations and runes.

Lin Yi, of course, couldn't miss this opportunity, so he decided to come and take a look.

Out of respect for the SU family, Lin Yi didn't let out his divine sense to scan the area, so he didn't know that Sima Yunqi and su lingyue had come with su Yumo.

When he saw su lingyue kneeling in front of su yongcang and begging, Lin Yi was stunned for a moment before he exploded in anger!
