

Bodyguard 8691

Chapter 8691

Su lingyue wasn't Lin Yi's biological mother, but deep down, she and Sima Yun gave Lin Yi the feeling of his parents!

Lin Yi had always treated them as real family.

Who could bear to see their family members kowtowing and begging at the feet of outsiders?

"Mother! What are you doing here? Why did you kneel down and beg?"

Lin Yi moved in a flash and appeared beside su lingyue. He knelt down and held su lingyue's arm.

He helped her up in a tough yet gentle manner!

Su lingyue didn't even have the strength to resist. Before she could react, she had already stood up straight.

For su lingyue's sake, Lin Yi suppressed his anger and didn't flip out.

If not for that, su yongcang would have to face Lin Yi's questioning already!

"Yi 'er? What are you doing here?"

Su lingyue was stunned and asked the same question as Lin Yi.

In an instant, the SU family was stunned!

Lin Yi had been visiting the SU family quite a few times recently, and almost all the servants knew him. Everyone who saw this scene felt like it was a fantasy.

Especially su yongcang, the old man was completely dumbfounded when he heard Lin Yi call him mother!

Sima Yi ... Sima Yun rose up!

Why didn't he think of this possibility before?

Speaking of which, su yongcang really didn't think of it.

Sima Yunqi had never existed in his eyes, and he would never associate Lin Yi with Sima Yunqi and Su Lingyue.

So what was the situation now?

The Sima Yi that she wanted to win over was actually the son of the daughter and son-in-law that she had been so cruel to refuse to acknowledge?

Which means he, Su Yongcang's grandson?

It was too f*cking exciting!

Su Yongcang felt a little dizzy, his throat was holding up and he couldn't turn it around, suddenly fainting with a cry!

"Father!"

Su Lingyue, who was at the side, was shocked. She instinctively took a step forward and held Su Yongcang before he fell.

Su Zixin also hurriedly followed to check on Su Yongcang's situation.

To be honest, Lin Yi was a little confused as well-what was going on?

Was su yongcang su lingyue's father? In terms of seniority, wasn't he her grandfather?

But before that, Lin Yi and su yongcang were still brothers and talked as equals!

And that su Zixin who was nervously checking on su yongcang's condition ... His in-name disciple ... Was actually his uncle?

Lin Yi's mind was in a mess, too-he couldn't quite figure out the complicated relationship right now.

Su Yuxuan, who was beside him, was scared silly!

After Lin Yi taught him a lesson last time, he knew that he couldn't afford to mess with Lin Yi. He didn't expect to mess with Lin Yi again this time!

He was just calling su lingyue's son a B * stard, so he was actually scolding Lin Yi. Did he hear that?

This was the rhythm of death!

Su Yuxuan couldn't help but shiver. He ran over and knelt down in front of Lin Yi, his desire to live Strong.

He was about to beg Lin Yi for mercy when he realized something was wrong. He changed his angle and kowtowed to su lingyue respectfully, "Aunt, don't worry. Grandfather must have been too happy to see you return, so he passed out from excitement. He'll be fine!"

"It's rare for aunt to come home. I was so rude just now, but that was just a child's prank. Aunt, please don't take it to heart. Why don't we help grandfather to rest first?"

The kid's desire to live was bursting, and he suddenly became a lot smarter. He knew that only by pleasing su lingyue could he dispel Lin Yi's anger.

As expected, the pressure of life and death could stimulate all the potential in a person and make them grow up quickly!

Su lingyue still didn't understand why Su Yuxuan would suddenly become so respectful.

However, she could not be bothered with su Yuxuan now. Most of her attention was on su yongcang.

Su Zixin sneaked a glance at Lin Yi. He was shocked by su lingyue and Lin Yi's relationship, not knowing whether to laugh or cry.

He didn't expect Sima Yi to be su lingyue's son. The seniority in the family was so messy ... He didn't know what to say!

But he could see Lin Yi's anger, so he couldn't say anything. He could only use su lingyue as an excuse.

"Little sister, why did you come back so suddenly? Why didn't you give us any notice in advance? So that I can be prepared!"

Su Zixin sounded a little resentful, but it was for Lin Yi to see to make it look more real, "It's not like you don't know that the old master has not let go of what happened back then. Instead, he has been brooding over it and has never let it go!"

"I'm as angry as I was at you back then. If I had told you in advance, I would have been able to find a way to lay the foundations in advance. It wouldn't have appeared so suddenly!"

"Do you know that because you rejected the marriage alliance with the Jia family back then, and even ran away from the marriage, the Jia family bore a grudge against us? they have been suppressing our su family both openly and secretly. The losses we suffered are immeasurable."

"Of course, none of this is important. Our su family can afford such losses, but the old master can't forgive his most beloved daughter for disobeying him and leaving home. Do you know all this?"

Su lingyue's tears were falling like rain, and Lin Yi finally understood what happened back then. The anger in his heart dissipated a lot.

This was the SU family's business, and it was said that it was difficult for an upright official to resolve family matters. Even if Lin Yi was naturally on su lingyue and Sima Yun's side, he couldn't say anything wrong with su yongcang.

The treatment of marriage in the sub-Island was basically still at the stage of parents "orders and matchmaking. In the eyes of the secular world, su yongcang was not wrong at all!

Only people like Lin Yi, who came from an era of freedom, would think that there was nothing wrong with su lingyue's pursuit of true love.

Su yongcang was still unconscious, but there was indeed no major illness. It was just that his emotions were a little intense and he couldn't catch his breath.

If there was something, su Zixin wouldn't be here to give a long speech.

As the president of the alchemy Association, su Zixin himself had decent medical skills and could be considered a famous doctor. Therefore, as he spoke, he helped su yongcang to calm his breathing.

Not long after, su yongcang let out a breath of turbid air and slowly opened his eyes.

When he saw Lin Yi, his eyes lit up and he stood up, laughing, ""Good news! What a happy event! I didn't think that our su family would have such a joyous occasion today!"

Lin Yi's mouth twitched-this old man wasn't thinking of having a grandson, was he?

Before this, they were still calling each other 'brother'. Could it be that they were going to become 'grandfather' and 'grandson' now?

He grabbed a blade of grass!

Lin Yi's heart resisted, so he turned to leave. However, when he saw su lingyue's pleading eyes, his heart softened and he couldn't take another step.

Chapter 8692

Su yongcang was su lingyue's father, and it was only natural for her to be willing to kowtow. Lin Yi had no right to say anything, nor could he say anything bad about su yongcang!

If the daughter knelt down to her father, what could the grandson do?

His divine sense found that the formation in the courtyard was still working, and Sima Yunqi was trapped inside. Lin Yi walked over and gave him a light kick.

The array stopped with a "ka ka" sound and Sima Yunqi was soon revealed.

He didn't know what was going on outside the formation, and was evidently surprised to see Lin Yi.

"Yi 'er?"

"Father, why didn't you tell me that you and mother are coming to Feng Qi continent? I could have arranged your schedule!"

Lin Yi could tell that Sima Yunqi and su lingyue were travel-worn, and they obviously didn't come through the teleportation formation.

It was probably the same as the first time he came to Feng Qi great continent, riding an aerial spirit beast all the way here. Although it was not a journey of traversing mountains and rivers, it definitely suffered a lot.

If Lin Yi had arranged for them to leave through the teleportation formation, it would be much faster and more comfortable.

"We wanted to see you and give you a surprise, but we didn't have the time to go to your place ..."

Si MA smiled and explained. He patted Lin Yi's shoulder and quickly went over to kneel with su lingyue in front of su yongcang.

This time, the weight of the two of them kneeling was completely different. Su yongcang could not continue to ignore them coldly, but he still could not pull down his face to personally help them up.

"Zixin, what are you doing? Help your sister and brother-in-law up. We're a family. We haven't been home for so many years, so don't be distant!"

Su Zixin was still immersed in the shock of Lin Yi's kick.

He was well aware of Lin Yi's strength in formations, but he was still in disbelief at this heaven-defying performance.

He was simply too strong!

The SU family's protective array was not a simple thing. If an ordinary array master wanted to crack it, they would have to study it for at least a few hours before they dared to carefully test it!

Who else could be as domineering as Lin Yi, stopping a formation with one kick?

Awesome!

Su Zixin even wondered if Lin Yi would stop taking him in as an in-name disciple because of su lingyue.

Compared to being Lin Yi's uncle, he wanted to be Lin Yi's disciple more ... Wasn't that too much? He didn't want to be an elder, but he had to be a junior!

Hearing su yongcang's instructions, su Zixin suppressed the chaotic thoughts in his mind and quickly helped the two up.

Sima Yunqi and su lingyue felt like they were in a dream. It was not like this just now!

Why did su yongcang suddenly look so friendly? The way he spoke was completely different from before!

It was because of Sima Yi!

All of a sudden, there was an additional Sima Yi!

Sima Yunqi and su lingyue were shocked. They always knew that Lin Yi was outstanding, but they didn't think that Lin Yi was so outstanding that he could affect su yongcang!

He had yet to say anything and su yongcang's attitude had already made a 180-degree turn. What exactly was going on?

Su yongcang laughed and patted Sima Yunqi and su lingyue's shoulders, ""Very good! Both of you are good, and you have to be good in the future, understand?"

Sima Yunqi and su lingyue nodded their heads in a daze. They did not know what to say. The situation had changed so quickly that they could not react in time.

Su yongcang continued to announce with a smile, "this old man is very happy. I only found out today that younger brother Sima actually has the blood of our su clan! This old man will now announce that Sima Yi is a member of our su clan! Immediately spread these words, make sure everyone in Feng Qi continent knows this, don't neglect it!"

He'd always dreamed of having a super genius like Lin Yi in the SU family, and now that his dream had come true, he couldn't be happier!

In comparison, su lingyue's disobedience, escape from marriage, and distant marriage were nothing!

If he had known that su lingyue would have such an outstanding son, he would have brought su lingyue back long ago!

It wasn't that su yongcang was utilitarian-facing a super genius like Lin Yi, who had fully matured and transformed from a genius to a giant, it wasn't too much to be utilitarian!

Lin Yi's mouth twitched. It seemed like he couldn't avoid this, unless he cut off his relationship with Sima Yunqi and su lingyue!

However, this was simply impossible, so it seemed to be logical to contact the SU family.

Su Zixin was right beside Lin Yi, and Lin Yi looked at him awkwardly.

This was his in-name disciple, and now he had become his uncle. How should he address him in the future?

Completely push down their previous relationship and start over again? It seemed that this was the only choice!

But su Zixin seemed to have seen through Lin Yi's struggle and stepped in first with a smile, "Master, you don't have to be embarrassed. Let's talk about our own matters! There was no beginning or end to learning, the one who had reached first came first! On the path of array Dao, you are my master, this will never change!"

"As for your parents, they won't stop me from being your disciple. So, I'll still call you master, and you'll call me second uncle. That'll do!"

Lin Yi didn't know whether to laugh or cry. Alright, alright, you're my second uncle, so you have the final say!

On the other side, su yongcang also shamelessly came over and said with a chuckle, "Zi Xin is right. Everyone is a family, so you don't have to mind too much. We will also have our own opinions. In the future, you will still be my younger brother Sima, but you have to call me grandfather!"

Lin Yi couldn't help but roll his eyes.

Call me whatever you want, it doesn't matter!

The invisible su Yuxuan didn't dare to come up and talk to her, but he was cheering in his heart!

Lin Yi used to be his grandfather's generation, and now that they were cousins, he could go out and show off again!

Whoever is unconvinced, just say that my big brother is Sima Yi!

Lin Yi was just about to find an excuse to slip away so he wouldn't have to worry about the seniority issue when su yongcang waved his hand and ordered,"Go and bring Yu mo out!"

Yu mo? Su Yumo!

Lin Yi blinked, understanding.

Since su lingyue was su yongcang's daughter, su Yumo was also a member of the SU family!

She should have returned with Sima Yunqi and su lingyue, right?

In that case, it would not be good to leave just like that. He had to meet su Yumo first.

Lin Yi thought that su Yumo only came back because he asked her to go to the ice wind cliff.

Now that he thought about it, he didn't need to worry about it. After all, su Yumo had the SU family's backing, so she had all the resources she wanted.

The Phoenix Nest sect of the Icewind cliff would definitely have to give the SU clan some face.

Soon, su Yumo was brought back. She saw that Lin Yi was present, and su lingyue and Sima Yunqi were not chased away. She immediately had a few more exciting guesses.

Chapter 8693 The End

"Yumo, your aunt's matter has been resolved. You don't have to worry about her anymore. Grandpa called you back this time because he wanted to arrange a marriage for you. After all, you're not young anymore. It's best to settle your marriage as soon as possible."

Su yongcang was overjoyed, not only because of Lin Yi as a grandson, but also because of su Yumo's marriage.

It went without saying that he wanted to marry su Yumo to Lin Yi to deepen their relationship.

Marriage between cousins was very popular on the sub-Island, as a blessing to increase the marriage.

Su yongcang didn't know about Lin Yi and su lingyue's relationship before and simply wanted to use su Yumo to win Lin Yi over. Now, he wanted to tie Lin Yi to the SU family's war chariot.

The purpose of the process remained the same, so the result should be better.

Su Yumo's expression changed slightly and she said coldly, ""Grandfather, I'm still cultivating and don't want to get married for the time being. Please look into it!"

If it were any other time, su Yumo's attitude and tone would have definitely angered su yongcang!

But today was different. Lin Yi and su lingyue's relationship was clear for all to see. Su Yumo had always been in the Wutong continent and had been in contact with su lingyue.

Needless to say, Lin Yi and su Yumo must have a good relationship. This was built on their feelings for each other!

Therefore, su yongcang wasn't displeased in the slightest and said with a smile, ""Silly child, men should get married when they're older, women should get married when they're older. You're about the same age as your cousin, Sima Yi. What's wrong with getting closer?"

"Your little aunt has finally returned to the family. This is a happy event. If the two of you get married again, it won't be Double Happiness, but triple happiness! I believe Grandpa, in the entire Fengqi continent, or even the Xingyuan continent, there is no better husband!"

Su Yumo was tongue-tied and did not know how to react. After all that talk, it turned out that the person she was getting married to was Sima Yi?

If that was the case, was there still a need to object?

Su Yumo asked herself, if the other party was Sima Yi, it seemed ...

Lin Yi was a little embarrassed. After all, he wasn't prepared to get engaged to su Yumo in front of so many people!

At the same time, he felt that it was strange. After all, in the current era of the secular world, marriage between close relatives was not allowed.

Of course, Lin Yi and su lingyue weren't blood-related, and to put it bluntly, he wasn't really su Yumo's cousin. There was no such thing as close marriage-it was only in name at most.

However, Lin Yi had never thought of getting married to su Yumo, so he felt uncomfortable being forced to do this!

But since su yongcang had suggested it, and su Yumo was present, Lin Yi couldn't just reject him.

It was one thing to brush off su yongcang's face, but he was afraid of hurting su Yumo's self-esteem.

Su Yumo had always been cold, but she had her pride in her bones. If she rejected the marriage in front of Lin Yi, he would definitely think that Lin Yi was looking down on her.

Fortunately, su Yumo had just said that she didn't want to get married, and now she was lowering her head and not saying anything, as if in a fit of pique. Lin Yi thought that she most likely didn't agree, so he thought it would be better for su Yumo to reject first.

"Yumo, you don't have to care about what Grandpa says. Marriage is a major event that will affect your happiness for the rest of your life. If you're unwilling, then let's just forget about this!"

Lin Yi was just waiting for su Yumo to nod, and there wouldn't be any problems convincing su yongcang with that!

Su yongcang only wanted to use the marriage to stabilize his relationship with Lin Yi. Now that Lin Yi was already su yongcang's grandson, the marriage with su Yumo wasn't that important!

Su Yumo was secretly angry. She raised her head and glared at Lin Yi, but she didn't say anything, which made Lin Yi a little confused.

Su yongcang was a cunning old fox, but he was not blind. He had a good grasp of su Yumo's mentality and laughed out loud. "Alright, this matter is settled! We're all family, and in the future, we'll be a family that will be even closer! You two don't need to be shy, this old man will make the decision, your marriage is a success!"

As for what Lin Yi said about having a fiancée, su yongcang completely ignored it. Fiancée was fiancée!

Besides, Lin Yi was his grandson, and he was a part of the SU family. It was no big deal!

Lin Yi blinked-what was this? I didn't agree to it!

How did she get engaged to su Yumo so suddenly?

Furthermore, su Yumo had clearly been very resistant to being arranged for a marriage, yet she did not say a word at the crucial moment. What the hell was this?

Sima Yunqi and su lingyue looked at each other and smiled. Lin Yi was a bystander, and they could see that su Yumo had feelings for Lin Yi.

She didn't want to marry anyone else, but she kept quiet when she married Lin Yi.

This was indeed a good thing, and they would definitely not object!

And because of Lin Yi, Su Ling smoothly returned to the SU family, and Sima Yunqi was no longer discriminated against by su yongcang and the rest of the SU family, becoming a true son-in-law of the SU family!

After walking around the noise for a while, Lin Yi dragged su yongcang to a place where there was no one else.

Grandpa, the marriage with su Yumo is a joke, right?"

Lin Yi hoped that it was a joke-it did seem like a joke after all.

"How can I be joking?" su yongcang said with a smile. I, su yongcang, am the SU family's head, my words carry enormous weight! Don't worry, I'm definitely not patronizing you!"

Lin Yi thought,"what's there to worry about?" If it wasn't a joke, it would be even more worrying!

"No, grandfather, there are some things that you don't know. I, as Sima Yi, am not the real Sima Yi that father and mother gave birth to. It was just a coincidence that I acknowledged them as my parents ..."

Lin Yi wanted to explain this relationship clearly so that su yongcang wouldn't misunderstand and insist on a kiss.

In the end, su yongcang was shocked. Not biological grandson? Then they had to be tied up by marriage!

"Aren't you Ling Jing's biological son? It didn't matter. After she married Yu mo, they would become close! And it's also good that we're not blood-related, we'll still be brothers in the future, so I don't have to be so conflicted, right?"

Lin Yi's mouth twitched-that wasn't the point!

Su yongcang didn't care what the main point was. In his eyes, the main point was to win over Lin Yi, everything else was useless!

No matter what Lin Yi's identity was in the past, he was su Yumo's future husband from now on!

At the same time, the change in Lin Yi's relationship with house su had already been spread out by the SU 's, and soon, all the forces received the news.

Su lingyue had returned to the SU family, and Sima Yi was su lingyue's son, which meant that he was su yongcang's grandson ...

Su Yumo's return to the SU family, her engagement with Sima Yi, and the SU and Sima families 'marriage ...

There was also the SU clan and Sima Yi forming an alliance, both sides were already in the same camp, and so on.

Chapter 8694 The End

Lin Yi already had a reputation in Fengqi great continent, and with the first hall Master unconscious, Lin Yi was the number one person in Fengqi great continent. Now that he was tied with the SU family, his power was even more overwhelming.

The same went for house su. With Lin Yi's support, su banzhou had the potential to become su zhetian!

Other than Lin Yi, no one else in Fengqi Dazhou dared to face him!

Lin Yi couldn't do anything about this situation. He had to keep a low profile, and he never gave a definite answer to anyone who asked, in case house su got too cocky!

Su yongcang wanted to hold a Grand engagement ceremony for Lin Yi and su Yumo, or even get married directly, but Lin Yi rejected him.

The excuse was that su Yumo's cultivation was at a critical juncture. Once she broke through, she would have shocking growth and should not be affected by anything now.

When su Yumo grew up, she would definitely become the SU family's pillar of support. Su yongchang should be supporting her!

Su yongchang was intimidated by Lin Yi, so he agreed to Lin Yi's request and sent su Yumo to the ice wind cliff to cultivate at the Phoenix Nest sect.

Although the engagement ceremony was canceled, their status was fixed. They were only waiting for su Yumo to succeed in her cultivation before she returned to get married!

Lin Yi didn't have anything to say about that. He decided to send su Yumo to Phoenix nest sect first.

When Phoenix nest sect received the news, they welcomed su Yumo with a Grand welcome.

After all, it was Lin Yi who brought it here personally, how could Phoenix nest sect dare to neglect it? He strived to do his best in all aspects!

Not to mention, su Yumo had the SU family's background. Even if Lin Yi was not involved, Phoenix nest sect would not dare to show her any disrespect.

Lin Yi was a lot more at ease with this-he wouldn't have to worry about su Yumo suffering here when he left Fengqi continent!

No one dared to provoke the SU family in Fengqi Dazhou!

"Yu mo, cultivate here. With your talent, your future is limitless!"

Before Lin Yi left, he bade su Yumo farewell outside the mountain Gate, ""If there's a chance, I'll come and visit you, but the matters in Feng Qi great continent have basically been settled. After a while, I might leave Feng Qi great continent and go somewhere else."

"That's why I might not be able to visit you often. If there's anything, you can send a message to martial League and they'll arrange for it to be sent to me ..."

Su Yumo listened quietly, her cold face tilted up slightly, her eyes shining with an unknown light. She didn't take Lin Yi's words to heart.

Su Yumo only nodded after Lin Yi was done, ""I know! Don't worry, I'll cultivate here and wait for your return! No matter where you go, just remember in your heart, ice wind cliff, Phoenix nest sect, I will wait for you!"

Lin Yi's heart seemed to have been hit at a soft spot, and he felt a strange emotion.

"Alright ... I'll remember!"

There was no excitement or lingering. The two people seemed to be at ease, but there was a faint feeling lingering in their hearts.

Suddenly, Lin Yi's face changed as he felt the spirit sense mark he placed on the first hall leader's body being touched. Something was happening!

The mastermind had appeared?

"I have something urgent to attend to, so I'll take my leave first! You ... Wait for my return!"

Lin Yi didn't have time to say anything else. He beckoned to Su Yumo, jumped on his aerial spirit beast, and shot off like lightning.

Su Yumo didn't move. She stood quietly outside the mountain Gate, facing the snow and cold wind as she watched Lin Yi turn into a black dot in the distant sky and quickly disappear.

"I ... I'll wait for you!"

His low mumble drifted in the cold wind until it was inaudible!

Lin Yi was running as fast as lightning. He was anxious, but he wasn't too worried. The protection he put on the first hall Master wasn't something that could be easily broken.

Therefore, the first hall master's life was not in danger for the time being. This was also the reason why Lin Yi could send su Yumo to the Phoenix Nest sect without worry!

Otherwise, as soon as he left, the first hall Master would be killed by someone, and that would be a big deal!

By the time he got back to the headquarters, Lin Yi could already feel that the hall master's divine sense protection was about to break.

Luckily, he made it in time. If he missed it, he'd be guilty for the rest of his life!

Rushing into the master's bedroom like a bolt of lightning, Lin Yi saw someone he didn't expect!

"Ling lingfa? What are you doing here?"

Lin Yi was shocked!

He had been trying to guess the identity of the mastermind all this time.

It didn't matter which family or power they were from, or even the dark Demon beast clan, they were all normal to Lin Yi.

Lin Yi even suspected the blue-robed director of central, but he never thought that it was Ling lingfa who did it!

Do you have nothing better to do!

Running from the Wutong continent to the Fengqi continent to plant this seed, did water enter his brain?

Ling lingfa was using a device to retrieve the first hall master's spiritual seed, but Lin Yi's protective measures blocked it.

Therefore, he had spent a lot of time but was still unable to break it, and he was still angry.

Just as he was about to break through, Lin Yi rushed in and stopped him from retrieving the seeds.

"Lin Yi? What the hell are you doing? Why are you interfering with my work?"

Ling lingfa was also very unhappy. They were allies, and it was a little inappropriate for him to suddenly come out and interfere with their business.

"Ling lingfa, I should be the one asking you what you're doing. Why did he attack the first hall Master? Could it be that he had some thoughts about Fengqi Dazhou? Don't you know that Feng Qi Dazhou is my territory now?"

Lin Yi asked Ling lingfa without holding back. There was no one else around, and the two didn't need to hide anything. They could just get straight to the point!

Ling lingfa was confused and frowned. ""I'm just taking back an experimental seed. Why are you making a big fuss? I'm not here to fight for territory with you!"

Lin Yi frowned, a strange feeling in his heart. "This is something you came up with? In that case, your younger brother Ling lingjiu was also your doing?"

"What the hell is this? You're the one playing tricks!"

Ling lingfa was still furious.

Because of Lin Yi's interference, the first hall master's sea of consciousness was finally back to normal, which meant that all his time and energy had been wasted!

"I was only doing an experiment to collect divine senses. Ling lingjiu was my experimental subject. He knew all the details and was willing to cooperate with me in the experiment. However, the result was ruined by you!"

Speaking of this, Ling lingfa was very unhappy!

Ling lingjiu was almost done that time too, but Lin Yi intervened. When he found out about it later, Ling lingfa couldn't say anything. He couldn't just come to Fengqi Dazhou and question Lin Yi, could he?

No matter what, on the surface, it was Lin Yi who saved Ling lingjiu!

Chapter 8695 The End

Left with no choice, he could only instruct Ling lingjiu to find another experimental subject!

This kind of seed that collected divine sense seemed vicious and sinister, but Ling lingfa had a way to let the experimental subjects survive after the experiment and recover their divine sense in a short time.

Of course, this method was still in the experimental stage, and whether it would succeed was still unknown.

As for the success rate ... He would only know after he tried!

Lin Yi's expression turned ugly. Ling lingjiu knew everything? So, he had been lying to her all along?

There was something fishy about this!

"Ling lingfa, what are you trying to do with this?"

Lin Yi temporarily suppressed his suspicion of Ling lingjiu and went straight to the point.

Ling lingfa shrugged casually, "isn't that obvious?" I'm trying to collect divine sense to strengthen my primordial spirit! I've heard that there's a method to directly devour other people's primordial spirits, but the aftereffects of that method are also very strong. "

"While devouring directly will bring about great power to my soul, it will also cause my soul to become impure. The gains do not make up for the losses. That's why I've been researching on how to obtain the purest soul power, and how to increase the strength of my soul in a gentle and safe way!"

"This seed that can absorb spiritual energy is the product of my research and is currently in its experimental stage. If you can shut up and not get in my way, I might be very grateful to you!"

Ling lingfa's dissatisfaction was still there.

Even if he was secretly working with Lin Yi, he didn't want Lin Yi to interfere too much, so it was normal for him to have some hidden mockery in his words.

Lin Yi didn't know what to say. Ling lingfa was right-whether or not he was a spy, he was in central, and he was a middle to high level figure. He had to do things that fit his identity.

What he did just now was very in line with his identity as a middle and high-level official in the center!

Lin Yi's interest waned at the thought-he had no right to interfere with what Ling lingfa wanted to do, just like how Ling lingfa had no right to tell him what he wanted to do.

"Alright! I don't care what you do, but you can't lay your hands on my friends. First hall Master is already my partner and ally. I can't just sit by and do nothing when you treat him like this!"

Lin Yi waved his hand, as if he was trying to get rid of the bad feeling in his heart."Go and find those traitors and scums of the human race. That way, I won't stop you!"

"It's not that simple," Ling lingfa said after a moment of silence."Besides testing, there are other considerations in making a move on the Grand Hall Master of your Feng Qi continent."

Initially, Ling lingjiu might have chosen the first hall Master as her target, but later on, Ling lingfa, who was a middle-to-high-level executive in central, also approved of this operation.

Ling lingfa didn't have to hide anything in front of Lin Yi,""You should be very clear about the cooperation between Ouyang cuantian and the blue robed man. You can say that he is the representative of Fengqi Dazhou that central pushed out!"

"It's a pity that Ouyang cuantian's methods were too clumsy, and he didn't achieve anything. Before long, someone from the star source continent will definitely come after him. Ouyang cuantian's position as the acting Hall Master will soon come to an end!"

"On the surface, I touched your first hall Master ally to create an opportunity for Ouyang cuantian to ascend the throne. However, in reality, I never thought that Ouyang cuantian would be of any use. His failure could be said to have been destined from the beginning!"

Ling lingfa dared to say that mostly because of Lin Yi. He and Lin Yi were both friends and enemies, and they understood each other very well.

If one Ouyang cuantian could stop Lin Yi, central would've killed Lin Yi countless times already. They wouldn't let Lin Yi jump around like this.

"After Ouyang cuantian was forced to give up his position, central will need a new representative in Feng Qi continent. My intention is to push Ling lingjiu to the top position, so your first hall Master ally will be in the way."

Lin Yi understood what Ling lingfa was trying to say-this was a plan where the third party would benefit from the struggle between the snipe and the clam. In other words, the Mantis stalks the cicada, unaware of the Oriole behind. Ling lingfa was the final fisherman, the Oriole!

First, Ouyang cuantian and the blue-robed manager would attract attention and push the blame of assassinating the first hall Master to them. After the first hall Master was finished and Ouyang cuantian was pursued, Ling lingjiu would be pushed out to control Feng Qi Dazhou.

If Lin Yi didn't know about all this, he might have supported Ling lingjiu in the end. After all, Lin Yi had a good relationship with the Ling family.

At that time, unless the SU family had the intention to compete for the position of the hall Master, Ling lingjiu's promotion could be said to be a matter of course.

House su, on the other hand, probably wouldn't come out. With Lin Yi here, their reputation was almost on the same level as su zhetian. If they took the hall Master position, the martial Alliance of the continent would be wary of them, and that wouldn't be a good thing.

It was enough to have actual power!

"I've already told you my plan. What are your thoughts?"

Ling lingfa spread out his hands casually and smiled at Lin Yi.

Lin Yi glared at him, "What thoughts could I have? you've planned it so carefully, how could you not know what I'm thinking? As I said just now, first hall Master is my ally. You can't do anything to him! I'll definitely protect this person, so you should quickly give up on your plan!"

Ling lingfa shrugged and smiled. "I knew you'd say that. Fine, I'll give you some face, so I'll let this matter go! However, I've been planning this for so long, and you've overturned it all with a single sentence. You should at least give me some compensation, right?"

"What else do you want?" Lin Yi raised an eyebrow. You're the one who's giving me trouble!"

"It's no fun to say that! My request won't be too much, and it won't do you any harm!"

Ling lingfa waved his hand with a smile, as if he was bargaining, ""If the first hall Master is gone, you'll have to at least give him the position of managing vice Hall Master, right? That brother of mine is already prepared to become the Great Hall Master, but because of your words, he's demoted to the position of managing vice Hall Master. You can't possibly object, right?"

"I'm not the one who can appoint the Vice Hall Master, what's the point of you telling me?"

"You don't have to worry about the appointment, but if you don't agree, who can do it safely?"

Ling lingfa was clear that Lin Yi's words were the law in Fengqi Dazhou. Without Lin Yi's permission, the vice-head was a fake.

Lin Yi also understood that Ling lingfa gave up on his plan so quickly because he wanted to push Ling lingjiu up to the Vice Hall Master position.

He took a step back, and Lin Yi returned the favor-it seemed to be logical!

Chapter 8696

"Ling lingjiu becoming the managing vice Hall Master won't affect you and the Grand Hall Master much. In the future, I'll let him work with you guys, and I'll also have the confidence to hand in my work. It'll be a win-win cooperation and everyone will be happy. What do you think?"

Ling lingfa's tone was nice, and Lin Yi had no reason to reject him.

Therefore, this matter was settled. The power structure of Fengqi continent was almost completely reshuffled!

Lin Yi had also considered Central's methods. Rather than rejecting Ling lingfa and letting central secretly arrange for someone they didn't know to cause trouble, it was better to keep Ling lingjiu in the open. It was better than being completely clueless and guarding against unknown enemies.

With his goal achieved, Ling lingfa bade farewell and left. As for the first hall Master, he didn't bother with her anymore.

He knew that Lin Yi had the ability to get rid of the seed in the first hall master's consciousness.

When he saw Lin Yi, Ling lingfa understood why it was so difficult to retrieve the seeds. Lin Yi must have done something in secret!

The reason why Lin Yi didn't help the first hall Master was because he was using this as bait to lure the mastermind out. He was the fish that would take the bait!

After understanding all this, Ling lingfa decisively gave up the position of managing vice Hall Master and gave it to Ling lingjiu.

After Ling lingfa left, Lin Yi removed the seed in first hall master's sea of consciousness and controlled the process of extracting the essence spirit nutrients to feed first hall Master. He only removed the rest after first hall Master recovered.

In this way, the first hall Master would be like sleeping and would not be injured. However, if he stayed in bed for a long time, his body would be a little weak and he would need a period of time to recuperate.

The news of the first hall master's awakening spread very quickly, and the reactions of all parties were different.

Especially Ouyang cuantian, who still had the word "agent" above his head. Now that the main character had woken up, he, as a substitute, was about to be out of date.

He wanted to take advantage of the transfer of power to push forward the blue-robed man's mission. Unfortunately, at this stage, he could only order the people of the Ouyang family!

It didn't matter whether he had the title of the Great Hall Master or not. He didn't have the power to listen to orders at all.

The martial Alliance of the starsource continent also reacted very quickly. The order to remove Ouyang cuantian as the acting Hall Master came down on the same night!

The Great Hall Master would be reinstated, and Ling lingjiu would be the managing vice Hall Master. While the Great Hall Master was recuperating in bed, she would temporarily cooperate with inspector Sima Yi to manage the martial Alliance of the Phoenix Qi continent!

On Ling lingjiu's first day of work, she was summoned by Lin Yi for a talk.

"Uncle Ling, my relationship with your Ling family has always been good. Let bygones be bygones, there's no need to bring it up again!"

Lin Yi and Ling lingjiu exchanged conventional greetings before getting straight to the point. "Ling lingfa must have told you that you're the Vice Hall Master of Fengqi Dazhou, right?"

The seed incident was over. Ling lingjiu did lie to Lin Yi, but she also lied to the entire Ling family. Lin Yi didn't want to pursue the matter anymore. What was important was the future!

Ling lingjiu smiled and nodded, her posture very humble. "I'm very grateful that patrol envoy Sima is magnanimous and doesn't care about the past concealment! This time, big brother has also told me that I will definitely cooperate with patrol envoy Sima and the first hall Master in their work. Please rest assured, patrol envoy Sima!"

Lin Yi's status was different now. Even if she still called him uncle Ling, Ling lingjiu didn't dare to call him nephew or anything like that!

After all, Ling lingfa and Lin Yi interacted as equals, and he relied on Ling lingfa to get to his position. How could he be Lin Yi's senior?

Not to mention that he had intentionally lied to Lin Yi about the seed and even secretly planted it in the first hall Master. Even though Lin Yi said that he would let bygones be bygones, Ling lingjiu couldn't believe him completely. What if he came back for revenge later?

"Since uncle Ling said so, I'm naturally at ease! However, I've specially invited you here today because I still want to be honest with you, so as to avoid touching the bottom line that should not be touched in the future and hurting the harmony between us. "

Lin Yi's face was calm, but his tone was unquestionable, "Director Yan, first hall Master, the SU family, and others who are related to me, you can't touch any of them!"

"You can do whatever you want with the others, but it's best to choose those who have made no contributions to mankind and who like to be a fence-sitter on both sides. This way, the probability of me interfering is basically zero!"

In other words, if Ling lingjiu wanted to attack those who had nothing to do with Lin Yi but had contributed to humanity, Lin Yi might not be able to stand by and help.

The corner of Ling lingjiu's mouth twitched. It wasn't fun to have such a huge restriction!

She recalled Ling lingfa's last words-don't get into a conflict with Lin Yi, and do whatever Lin Yi wants. Ling lingjiu didn't lose her temper, and she nodded in agreement.

"No problem! I'll listen to patrol envoy Sima, whatever you say! This is also the intention of my elder brother!"

Ling lingjiu's submissive attitude made Lin Yi unable to pull a face anymore. After all, he still called him uncle Ling.

"Since uncle Ling says it's no problem, then I won't say anything more. From now on, Fengqi Dazhou still needs uncle Ling to contribute your strength. I hope we can sincerely unite and work together!"

Lin Yi raised his hand, and Ling lingjiu was stunned for a moment. She then raised her hand and gave Lin Yi a high five. "Unity, hand in hand! Let's encourage each other!"

For the time being, the two sides had reached an agreement. No one knew how the future would develop. At least in a short time, Feng Qi great continent would enter a period of peace and stability.

Ling lingfa's central power was temporarily in hiding, the blue-robed man's central power was defeated, the darkness demon beast clan in Feng Qi continent was crippled, and martial Alliance was about to return to the first hall master's control.

The strongest of the families, the SU family, su banzhou, had become Lin Yi's people, and the Ouyang family had lost their minds because of Ouyang kuantian's greed.

Fengqi Dazhou had entered Lin Yi's era. If Lin Yi wanted to, he could become Lin zhetian in a second!

Unfortunately, that wasn't Lin Yi's goal. The situation in Fengqi Dazhou was settled and Lin Yi didn't want to manage anything for the next few days. He just ate and drank like a salted fish.

At most, he would bring Sima Yunqi and su lingyue around to play. He finally had a chance to relax after being in a tense state for a long time.

The day he left Fengqi Dazhou wasn't far away, but the sub island's new Year was coming. Lin Yi planned to talk about this after the new year.

Su lingyue had returned to her family, and because of Lin Yi, she was valued by su yongcang, so she had to spend the new year at the SU family's house. After not coming back for so many years, su lingyue was looking forward to the new year.

Chapter 8697

As su lingyue's husband, si MA was sure to stay with her at the SU house, so Lin Yi had no other choice but to spend the new year with them.

Of course, su yongcang personally sent out an invitation to Lin Yi in private. It didn't matter if Lin Yi admitted that he was a member of the SU family or not, as long as he appeared at the SU family's New Year's banquet, it was settled!

This day was known as Chinese New Year's Eve in the secular world.

There was no Chinese New Year's Eve on the sub Island, but the meaning of this day was the same as Chinese New Year's Eve. It was the time for all family reunions!

The entire su residence was filled with a festive atmosphere. Even if ordinary families didn't get anything throughout the year, they would be happy on this day and look forward to good luck in the coming year.

Because of Lin Yi's appearance, the SU family was in the limelight in Fengqi Dazhou. Naturally, everyone was smiling even more, even walking with a breeze of joy!

Lin Yi didn't even remember how he'd celebrated the new year all these years-he'd been busy every year, and never had a good time.

This time, it could be considered as making up for the regrets of the past few years. In the lively atmosphere, the new year passed.

The next day, all the forces in Fengqi continent started to visit each other. It was a New Year and they had to start building relationships. The SU family was definitely the first choice.

It wasn't just because of house SU's power, it was also because Lin Yi was there!

Su yongcang had long anticipated this and had already instructed to prepare a banquet early in the morning. If there were guests, they could be received immediately.

Of course, usually, no one would come to visit early in the morning, as that would obviously attract hate!

Lin Yi and su yongcang were making tea and playing chess in the pavilion in the backyard to kill time. The younger generation of the SU family came here to pay their respects.

In theory, Lin Yi was su yongcang's grandson, he didn't have the right to be on the same level as su yongcang and receive the SU family's greetings.

But su yongcang already said that Lin Yi was his brother, and su Zixin still considered himself Lin Yi's disciple, so the SU family's younger generation greeting Lin Yi as an elder ... There didn't seem to be anything wrong with that, right?

"Younger brother Sima, do you think there is anyone worth training among the younger generation of our su family? If there are one or two people who can catch your eye, why don't you spend some time and effort to cultivate them?"

Su yongcang placed a stone down casually and smiled as he spoke to Lin Yi.

Lin Yi was a Double Diamond Grandmaster, and while the sus were an array Noble House, it wasn't as if they didn't have anyone in the alchemy field-it was just that they weren't as accomplished as the Ouyang house was.

If they could get on Lin Yi's good side and train one or two powerful grandmasters in alchemy and formation, it would be of great help to house SU's growth!

Lin Yi smiled and responded with a hand on the board before shaking his head, "I can't see anything from such a cursory glance! I'll take a good look after the new year!"

The SU family had accepted su lingyue, and Lin Yi was inexplicably engaged to su Yumo. As long as the SU family didn't betray Lin Yi and go to the dark Demon beasts or central to deal with Lin Yi, they would be inseparable.

And so, Lin Yi didn't mind lending a hand if there was a chance to increase house SU's strength.

"Alright! We'll talk about it after the new year. We're just having a casual chat today!"

Su yongcang was very satisfied-it didn't matter if Lin Yi didn't agree, this attitude was a good thing!

The two of them didn't have any desire to win on the chessboard. They placed their pieces casually and chatted casually. It was quite harmonious.

It was close to noon, and guests started to visit. They were all high-level people from different forces, but su yongcang and Lin Yi wouldn't welcome those who weren't high enough status. Su Zixin was enough.

Su yongcang and Lin Yi only ended the game when a servant announced the first hall master's arrival. They went to the front to welcome him.

"Brother Sima, you haven't been around recently. Should I say that you're busy or free?"

The hall Master had recovered after a few days of rest, and was back in control of martial League. He hadn't seen Lin Yi these past few days, though, so he teased him the moment he saw him.

Lin Yi was busy, but he didn't care about anything and acted like a boss. If one were to say that Lin Yi was free, he had been traveling with Sima Yunqi and Su Lingyue these past few days and didn't have much free time.

"First hall Master, please forgive me. I've been accompanying my parents for a few days and have indeed neglected you. I haven't seen you for a few days. How is your body?"

The head Hall master's body was fine. His previous unconsciousness was caused by the seed in his sea of consciousness, and had nothing to do with his body.

However, only Lin Yi, Ling Lingfa, and a few other people knew about this.

The people outside thought that the first hall Master had a sudden illness and Lin Yi had to treat him before he fully recovered, so Lin Yi's question was perfectly logical.

"Thank you, thank you. It's all thanks to brother Sima's magical hands that I was able to recover! There's no need to thank me, as long as we brothers know what we're doing!"

The first hall Master clenched his right fist and thumped it on his left chest, telling Lin Yi that he'd keep this in mind and that he'd do his best to help Lin Yi in the future.

"It's what I should do, there's no need to mention anything within my duty. Speaking of which, after the reorganization of the martial League these past few days, it has changed completely and displayed a new style ..."

Lin Yi changed the topic and started talking about the reorganization of the martial League. After the first hall Master regained power, she cleaned up all the clowns that jumped out of the martial League. It wasn't a complete clean up, but her control over the martial League had reached an unprecedented level.

The two of them started to chat on this topic. Su yongcang also joined in and said a few words, and soon left to socialize with the big shots who came to pay New Year's greetings.

What everyone didn't expect was that when the sun rose to its highest point in the afternoon, the Jia family of Sangzi Dazhou actually sent someone over to pay a New Year visit!

Of course, the people from the Jia family didn't come to pay a New Year's visit. Instead, they used the excuse of paying a New Year's visit to invite the SU family to the Sangzi continent!

"Patriarch su, our Sangzi great continent's New Year's array Dao exchange will begin in a few days. Last year's array Dao exchange left a deep impression on our Jia family, so this time, the family has specially sent me to invite the SU family to the Sangzi great continent to participate in the New Year's array Dao exchange!"

Under normal circumstances, there would be all sorts of array Dao and pill Dao exchange meetings at the beginning of the year, but they were all internal matters of the continent.

Only at the end of the year would an inter-continent exchange be held. For example, the previous exchange that the Jia family had returned in defeat was of this nature!

Strictly speaking, the continental exchange meeting at the beginning of the year was just a warm-up for the year-end exchange meeting. It was also a selection.

It was just like how the winner of the provincial and municipal level competition was qualified to participate in the National competition, and those who performed well in the National competition could enter the international competition.

Chapter 8698

The Jia family couldn't wait to invite the SU family to the exchange meeting at the beginning of the year. It was obvious that they had a mental explosion and adhered to the principle of revenge not being overnight. They couldn't wait until the end of the year!

"I've heard that family head su had previously promised to come to our Sangzi continent to participate in the array Dao exchange, so our Jia family has come with sincerity to invite you. Family head su wouldn't reject us, right?"

He didn't know where the Jia family's confidence came from, but they actually put on an attitude that they were afraid the SU family would not dare to accept the invitation, and their words even had a hint of provocation.

Su yongcang chuckled. The SU family was indeed suppressed by the Jia family for years, to the point where they had no victories, but after Lin Yi appeared, would su yongcang still be afraid of the Jia family?

A 'hehe' was the best attitude!

"Of course not. Since the Jia family is so sincere, we will definitely attend! It's just that you seem to have suffered quite a bit of losses in terms of array Masters recently ... Are you sure that if you invite our su family over, there won't be a situation where the guest will turn the host?"

Su yongcang very naturally uncovered the Jia family's scars. In two consecutive operations, many of the Sangzi great continent's array Masters died!

A Grandmaster was not like a cabbage on the side of the road. One death meant one less!

Now that house su had Lin Yi, their biggest trump card and backing, why would they be afraid of house Jia? He was afraid that the Jia family would not play!

The Jia family's representative's expression didn't look too good. After all, no one would be happy to be exposed.

"Su family head must be joking, our Sangzi continent has a deep foundation in array Dao, a small loss is at most a superficial injury, it won't affect us at all, even if one day we suffer a greater loss, it won't affect our Sangzi continent's powerful strength!"

The emissary was not to be outdone. He suppressed the unhappiness in his heart and smiled arrogantly. "Su family's head wants to come to our Sangzi continent and turn from guest to host, he really has high ambitions. Unfortunately, it still depends on strength in the end ... I hope we can see some exciting scenes!"

What he meant was that if the SU family went to the Sangzi continent, they might be ruthlessly crushed and wouldn't even be able to put on a wonderful performance!

This was also insinuating that su yongcang only knew how to talk big and was a King of bragging.

Su yongcang continued to smile faintly. He was the head of the SU family, so it was naturally not good for him to personally argue with the Jia family's envoy. Fortunately, some of the SU family's juniors had good judgment and immediately came forward to refute.

The result was that the messenger was rendered speechless. After all, he was not Zhuge Liang, and he did not have the ability to argue with a group of Confucians.

Previously, the Jia family had suffered a huge loss at the exchange. Facts spoke louder than words. Who would believe him if he said that the Jia family would win at the next exchange?

Su yongcang was very satisfied. Seeing that it was about time, the Jia family's Messenger was about to cry if this continued, that would be too much of a bully. Only then did he slowly open his mouth to change the topic.

"Then it's decided. Go back and tell your Jia family head that our su family will definitely attend the array Dao exchange at the beginning of the year in Sangzi continent!"

With Lin Yi around, su yongcang was extremely confident!

It didn't matter if house Jia had a strong foundation-Lin Yi alone was enough to crush them all!

The messenger turned to Lin Yi, as if he wanted to make a deal with him.

He'd been told to trick Lin Yi into going to the great land of Sangzi.

But after coming to Fengqi continent, this Messenger understood Lin Yi's relationship with house su. So if house su went to Sangzi continent to attend the array Dao exchange, Sima Yi shouldn't be absent, right?

If he was too deliberate now, he would alert the enemy instead!

Better not ask!

The messenger found an excuse for himself-he wouldn't admit it no matter what. He didn't ask Lin Yi because he was afraid of getting attacked by all kinds of people!

"If that's the case, I'll go back and report this to the clan head. I'll wait for the SU clan and Grandmaster Sima to arrive! Goodbye!"

The messenger couldn't help but bring Lin Yi along with him before leaving.

She didn't dare to ask, so she decided to play a little trick. As long as Lin Yi didn't deny it, it would be a silent agreement!

With that, the messenger turned and left, not staying any longer. In his mind, he didn't want Lin Yi to even have a chance to deny it ...

Lin Yi didn't want to deny it at all. He had nothing to do recently and his bones were itching. It was a good thing to go to the great land of Sangzi!

I'll just treat it as a vacation!

"Brother Sima, I can see that the Jia family of Sangzi Dazhou has some bad intentions. If you want to go, you must be careful!"

The first hall Master saw through everything-he knew that Lin Yi and house Jia had a grudge against each other, and that the Jia family had an ulterior motive for inviting house su to the gathering!

With Lin Yi's relationship with house su, they would probably go together. Even if Lin Yi didn't go with them, it didn't matter. How could Lin Yi just sit by and watch if something happened to house su in the Sangzi continent?

"First hall Master, you worry too much. Although the Jia family is known as Jia zhetian, they have sent people to invite us. How would they dare to do anything to us? By then, the entire starsource continent will launch an expedition against them!"

Su yongcang waved his hand without a care.

The SU family's power in Fengqi great continent was almost the same as the Jia family's power in Sangzi great continent. Between the two super families, unless it involved a matter of life and death, it was difficult to make a decision to completely turn hostile.

The losses would be too great, and the final result would most likely be a lose-lose situation for both sides!

However, if the Jia family made the first unrighteous move and allowed the SU family to gain the name of justice, they would join forces with the Super families of other continents to attack the Jia family together. The Jia family would not even have the chance to suffer a mutual loss with the SU family.

"This time, the Jia clan has sent people to invite us. They must not be satisfied with the previous defeat and want to rely on the home advantage to turn the situation around. It's a pity that they don't know how powerful brother Sima's array skills are. Otherwise, they would not have such a ridiculous idea!"

Su yongchang's confidence exploded. In a situation where the strength of the families were about the same, Lin Yi's formation skills were enough to guarantee the final victory!

Because he had been suppressed too much by the Jia family in the past, now that he had the chance to hold his head high, he would not give up no matter what.

Lin Yi smiled and said a few words before turning to the first hall Master. "The Jia family is nothing to be afraid of. Even if they want to plot something, they need to be strong enough. Could they be stronger than the darkness demon beast clan?"

The first hall Master thought about it and agreed. Lin Yi single-handedly took care of the darkness demon beast clan in Fengqi Dazhou!

In the entire starsource continent, the darkness demon beast clan of Fengqi continent was definitely one of the most powerful forces.

Even the powerful Dark Demon beast clan couldn't do anything to Lin Yi, so what was a Jia family?

Chapter 8699

Therefore, in the following time, the first hall Master no longer mentioned the Jia family's invitation and only talked about some relaxed and festive topics.

After all, it was the first day of the new year. Nothing could ruin the happy atmosphere.

On this day, the SU family's guests filled the door, exceeding su yongcang's expectations.

The big shots from all sides basically came to visit. This also showed that the SU family's power was indeed like the sun at noon. In the entire Feng Qi continent, there was no family power that could compete with them.

Of course, this was also because of Lin Yi's relationship with house su. If house su was the number one family in Fengqi Dazhou, then Lin Yi would be the number one person in Fengqi Dazhou!

The first day of the new year passed by in a lively and noisy manner. On the second day, there were unexpected visitors to the SU family.

This time, su yongcang didn't dare to be arrogant and personally accompanied Lin Yi to the gate to welcome him.

"Dean Jin, President Zhu, welcome, welcome. It's an honor to have the two of you here!"

Su yongcang greeted him with a warm smile.

Lin Yi was familiar with both of them. One was Jin botian, and the other was the Vice President of the array formation Guild that he saved during the time with the source of array Dao.

It was the new year, and he wondered what big event had happened for these two to come together.

Lin Yi was a little confused as he followed su yongcang's example and greeted him politely.

Jin botian was very friendly. He first exchanged a few words with su yongcang, then said, ""I'm really sorry for coming here today without permission. It's just that I have some official business that I urgently need to explain to patrol Sima, so I can only come and disturb your noble residence. "

"Dean Jin, what are you saying? it's this old man's honor to have you come to my humble home. You're being too polite!"

Su yongcang was very clear about what Jin botian represented, so he directly omitted the word "Fu" in his address.

The meaning of getting close was quite obvious, especially when Jin botian came to Feng Qi Dazhou a few times, and every time it was when Lin Yi made a contribution.

It didn't need to be explained too clearly-Jin botian and Lin Yi had a pretty good relationship, and in fact, their relationship was many times closer than su yongcang's guess.

"Patrol envoy Sima, thank you for saving me last time. I've always wanted to express my sincere thanks, but I never had the opportunity. Today, I used the excuse of congratulating you on your promotion to come and visit with Dean Jin. I hope I didn't disturb you?"

Vice-President Zhu, who had been saved by Lin Yi before, started chatting with Lin Yi affectionately, making Lin Yi confused.

I've been the patrol for a long time, isn't it too late to come and congratulate me now? Wouldn't it be more appropriate to directly say New Year greetings?

Could it be that Vice President Zhu was bedridden and had only recovered now, so the news was delayed?

Lin Yi replied casually, and su yongcang was already leaving.

He'd lived for so long-he had to have good eyes, and he knew that Jin botian was here for Lin Yi. Staying here would only make him hate him!

So he was smart enough to leave and ask Lin Yi to take care of the two big shots on behalf of the SU family.

When only the three of them were left in the room, Jin botian put on a serious expression and took out a scroll,""Sima Yi, hear my order!"

Lin Yi immediately stood up and bowed."Subordinate Sima Yi, at your command!"

Vice-President Zhu wasn't very familiar with him, and Jin botian didn't want to expose their relationship, so Lin Yi followed the normal procedure.

"Feng Qi great continent's acting inspector Sima Yi, during his term, has made outstanding contributions and turned the tide many times. He has both strength and wisdom, a rare talent! I hereby appoint Sima Yi as Sangzi great continent's patrol, holding the position of Sangzi great continent's Hall Master!"

Jin botian unfolded the silk and read the content at a steady speed."In Fengqi Dazhou, Sima Yi has the right to recommend, and the recommended successor will be given priority! After the handover, you can head to the Sangzi continent to take over!"

Lin Yi was shocked-it wasn't that he was going to the great land of Sangzi, but that he was suddenly appointed as the patrol and first hall Master!

These two positions were basically the first and second in command of a continent, and it was almost impossible for the same person to have them.

What the hell was this?

Although Lin Yi knew it was time for him to leave after the situation here stabilized, he didn't expect it to be this way!

Moreover, the destination was actually the Sangzi continent.

Could it be that Jin botian had heard about the matter with the Jia family's emissary yesterday, so he went with the flow and gave him a hand, thinking that he could cause some trouble in the great land of Sangzi?

"Congratulations, inspector Sima, for becoming the hall Master of the Sangzi continent. After you take control of the Sangzi continent, you'll definitely become an influential figure on the starsource continent's level!"

Vice-President Zhu immediately came out to congratulate Jin potian after he finished reading.

Lin Yi finally understood-so this was what the guy was congratulating him for.

"Many thanks, Vice President Zhu!"

Lin Yi cupped his hands in thanks before turning to Jin botian."Dean Jin, why was I suddenly appointed as the patrol and first hall Master of the Sangzi continent? I've never heard of anyone who can hold two jobs at once!"

The shock could be ignored. The problem was, why would Vice President Zhu appear here?

Lin Yi's promotion and transfer didn't have much to do with him, so why did Jin botian bring him?

Lin Yi was still confused when the Vice guild leader explained. "Patrol Sima should still remember the sky array sect, the source of the array Dao, right? The martial Alliance of the starsource continent and the array formation Guild have been paying close attention to them. "

"The last time in the source of array Dao, the heaven array sect's behavior was really abominable. Unfortunately, the culprit was not captured and escaped with a secret technique!"

At the mention of the source of array Dao and the sky array sect, Vice President Zhu's face couldn't help but show some hatred.

After all, he had been a prisoner at that time and was in danger of being killed at any time!

Even though he managed to survive in the end, that humiliation was still deeply engraved in his heart.

"After the incident with the source of array Dao, the star source continent's array Dao Association would definitely punish the sky array sect. However, the headquarters of the sky array sect pushed the blame and said that the incident was caused by their own people and had nothing to do with the sky array sect!"

"We want the sky array sect to hand over the person. The sky array sect also said that all related personnel in the branch have disappeared without a trace. They can't find them, so they want us to find them ourselves. Whether we can catch them or not, the sky array sect will not interfere!"

In short, the matter of the source of the array Dao had nothing to do with the sky array sect and they would not bear any responsibility!

The sky array sect also refused to carry out the punishment order issued by the array Guild, causing the array Guild to lose face, but there was nothing they could do!

The sky array sect was spread all over the sub Island, and the starsource continent was just a branch.

Chapter 8700 The End

Unless the martial Alliance went to war with the sky array sect, there was really no place for them to attack such a huge monster!

Lin Yi listened quietly. It seemed that his transfer to the great land of Sangzi and taking over the two important positions of patrol and first hall Master had something to do with the sky array sect.

Could it be that the sky array sect had some important information that could be used as an excuse by the array Association to target them?

As expected, Vice-President Zhu's next words confirmed Lin Yi's guess. "Inspector Sima, the sky array sect's branch in the starsource continent is located in a mountain range on the edge of the Sangzi continent. This time, the martial Alliance has transferred you there not only to reorganize the Sangzi continent, but also to investigate the secret of the sky array sect's branch!"

"If the source of the array Dao is really just the private actions of the heaven array sect's underlings, then it's fine. But from the current situation, the scope of the heaven array sect's collusion with the dark Demon beast clan may be even wider than we imagined!"

"This matter no longer concerns our array formation Guild. The higher-ups of the martial Alliance are also paying great attention to it. If the sky array sect really revolts against humanity, we must fight even if it means waging a war on the entire sub-Island! And we're the ones who initiated the war!"

The martial Alliance didn't want to completely fall out with the sky array sect. If the two behemoths started a war, it would affect the entire sub-Island. At that time, the darkness demon beast clan would just watch from the side, and in the end, the third party would benefit.

However, if the sky array sect was really colluding with the darkness demon beast clan, the martial Alliance would have no choice but to strike first to avoid facing the Joint Forces of the two parties at the same time. The situation would become even more passive!

Lin Yi nodded, indicating that he understood!

There was indeed no better candidate than him to investigate the sky array sect's branch.

With the sky array sect's array Dao inheritance, even the higher-ups of the array Dao Union might not be able to guarantee that they could break it. The chances of success were very low if they wanted to come into contact with or even sneak into the sky array sect's branch.

On the other hand, Lin Yi's array skills were already well-known outside, and he had experienced the source of array skills. He had successfully destroyed the sky array sect's plot, so he was the most suitable person to deal with the sky array sect!

He understood, but he didn't really want to take the job. Investigating the sky array sect and collecting evidence was too troublesome!

It wasn't because he was concerned about the relationship between sun sikong and the heaven array sect, but because the matter itself required meticulous work and would take a lot of time.

Lin Yi might be a pain in the ass, but he didn't have much time on his hands. There were still many things for him to do, so how could he waste too much time investigating the sky array sect?

It would be much more convenient if they could directly kill the sky array sect without saying anything!

Jin botian had been observing Lin Yi's expression the whole time-he was very satisfied with this little brother of his. How many great achievements had he made in such a short time after he'd acknowledged him as a disciple?

So when he saw Lin Yi's nonchalant expression, Jin botian, who already had some understanding of Lin Yi, continued,"Investigating the sky array sect is only one of the reasons. This time, I'm transferring you to the Sangzi continent, but the more important reason is to rectify the Sangzi continent!"

"Patrol Sima has had some interactions with the Jia clan of the great land of Sangzi, so he should know a bit about the Jia clan. This is a clan known as Jia zhetian in the great land of Sangzi!"

"Previously, Sangzi Dazhou's first hall Master was from the Jia family, while the patrol was from the sky array sect. Recently, something happened to these two people and they were demoted to the very end, leaving their seats empty."

As for what happened, Jin botian didn't say, and Lin Yi didn't ask. The most powerful people of two continents were dismissed at the same time, and no one would believe it if he said it was a coincidence.

"The new Great Hall Master and the candidate for the patrol must not fall into the hands of the Jia family and the sky array sect, so you are the most suitable choice! It's rare for a person to hold two positions simultaneously, but it's an essential foundation if you want to break through the situation. "

Jin botian's expression turned serious. "If you're only transferred to become the first hall Master or one of the investigators, you'll definitely be restricted by the Jia family. If you're also entangled with opponents of the same level, you'll most likely not be able to achieve your goal."

Lin Yi nodded-if that was the case, then he'd be the head and patrol now. If they wanted to touch Jia zhetian, they'd have to have some sort of background or something to do it!

"Patrol envoy Sima, the person who can go to the great land of Sangzi to open up the situation can be said to be you! After all, you're someone who can single-handedly go deep into the underground Devil's Den, destroy the stronghold of the darkness demon beast clan, annihilate a large number of darkness demon beast clan's elite experts, and track down all the spies! Please do not decline!"

Jin botian looked at Lin Yi with hope and sincerity, making Lin Yi too embarrassed to reject him!

It was obviously a thankless job, he had to investigate the sky array sect, and he had to be the vanguard in the Sangzi continent, overseeing all the affairs of the continent. Not to mention how hard and tiring it was, it would really waste a lot of time!

Lin Yi wanted to reject the offer, but with Jin botian's earnest gaze on him, he had no choice but to agree!

He had no choice but to agree!

"Since Dean Jin thinks so highly of this subordinate, this subordinate can only do my best and die for you!"

Lin Yi smiled bitterly as he cupped his hands and made a request, "However, if I go alone, I'll be a bit too weak. Therefore, I'll bring a few helpers with me. Is that okay?"

"Of course, no problem. You can appoint your own people to their positions. As long as they require approval from the martial Alliance of the starsource continent, I guarantee that they will be approved as soon as possible. There will be no obstacles!"

Jin botian patted his chest and guaranteed Lin Yi's success.

Under normal circumstances, some important positions in the martial Alliance of the continent had to be directly appointed by the martial Alliance of the starsource continent.

The Great Hall Master and the patrol didn't have the power to interfere. This was to keep the martial Alliance in check and avoid a situation where they couldn't deal with the big tail.

But in fact, there were policies and countermeasures. Sangzi Dazhou's Jia zhetian wasn't just making empty claims, basically all the important positions were monopolized by the Jia family!

Regardless of whether it was a direct order from the martial Alliance of the starsource continent, they would eventually collude with the Jia family, and those who resisted would be targeted to death!

So when Jin botian asked Lin Yi to go over, he would naturally give him the most power. It didn't matter if it exceeded the limit a little-as long as he could open up a new path and end the Jia family's momentum, everything would be worth it!

Lin Yi nodded-at least he'd have some help this way, and it wouldn't be too hard on him. Since he'd accepted the mission, he'd do his best!

"Patrol envoy Sima, don't announce that you've taken over the Great Hall Master and the patrol envoy of Sangzi continent for the time being, in case the news gets out."

Jin botian continued,"Currently, the Jia family is operating at full force in the great land of Sangzi. They want to take down both the head Hall Master and the patrol. At the very least, they want to get one of them!"
