

Bodyguard 8731

Chapter 8731

"First hall Master, Zhan Xiongfei, the president of the combat Association, is here to visit!"

The guards outside the door reported. These guards were all from Zhen yingsun's time. Lin Yi didn't ask if they were reliable, so he could only use them when there was no one.

It didn't matter even if it was Zhen yingsun's spy, they wouldn't be able to find out any secrets anyway.

"Please invite President Zhan in!"

Lin Yi replied and walked to the door to welcome Zhan Xiongfei. This was a rare ally of the great land of Sangzi and he couldn't be neglected.

Zhan Xiongfei saw Lin Yi at the door and quickened his pace, rushing forward and bowing, ""Greetings, Great Hall Master Sima. I dare not trouble the Great Hall Master to welcome me personally."

"You're welcome, President Zhan. It was all thanks to the great cooperation of the battle generals under President Zhan that the array formation Association's node reinforcement mission was successfully completed. I haven't even thanked you properly! Please come in and sit down. "

Lin Yi smiled and moved aside, letting Zhan Xiongfei in, "Other than the battle general, Shi Yucai's appointment as the Dean of the array Dao branch was also due to the cooperation of Dean Zhan, which allowed the array Dao Association to rise rapidly!"

Zhan Xiongfei thanked Lin Yi and sat down in the room. He smiled and said, "First hall Master, you're too kind. Those were just my duties. They're not worth first hall master's thanks."

"President Shi longcai is also a genius. Even without this subordinate's care, he will still soar to the sky. The Great Hall Master and President Shi are a great teacher and disciple. They complement each other well!"

After a few words of flattery, Zhan Xiongfei changed the topic and said, ""Actually, I've come here this time because, besides paying a visit to first hall Master, there's one more thing I want to tell first hall Master!"

"President Zhan, please speak your mind. I'm all ears!"

Lin Yi smiled and gestured for Zhan Xiongfei to go ahead. He was curious as to what Zhan Xiongfei wanted to talk to him about.

Zhan Xiongfei didn't beat around the bush and said directly, ""It's about the elixir. First hall Master, you know that I wasn't close to the Jia family in the past. But because of the existence of the sky array sect, they needed the combat Association to balance things out, so I didn't make things difficult for the combat Association."

"Although the supply of elixirs is not satisfactory, it can barely meet the needs of our combat Association. However, things have changed recently ... The Alchemist Association did not say anything but they kept 90% of the elixirs supplied to the combat Association and gave priority to the Jia family."

Lin Yi didn't need to explain too much. Zhan Xiongfei was a neutral faction and didn't belong to any side.

However, it was precisely because of this that the combat Association under his command could be treated fairly.

However, after arranging for Shi Yucai to take over as the Dean of the array path division, and producing thirty grandmasters and hundreds of advanced array Masters in one public class, Zhan Xiongfei was placed in Lin Yi's faction!

It might sound a little unfair, but it was undeniable that Zhan Xiongfei and Lin Yi were naturally close. This might be related to the fact that Lin Yi and Shi Yucai were both from Academies.

Lin Yi was also a patrol, and he was Zhan Xiongfei's superior. It was natural for them to be on the same side.

No matter what, since the neutral faction had chosen one side, the other side would definitely choose to suppress them.

The supply of pills was the first step, and there would be more to come. Zhan Xiongfei knew this, and so he didn't hold back and came to Lin Yi to complain.

"First hall Master, you also know the importance of pills to the combat Association. Without these resources, when battle generals go on missions, the casualty rate will increase many times! The battle that could have been won will be lost, and the Warriors who could have come back alive will be buried in the mountains!"

Zhan Xiongfei smiled bitterly. "The alchemy Association is controlled by the Jia family. It's useless to reason with them. They just dismissed me with one sentence. I have no choice but to come to the first hall Master!"

Lin Yi nodded slightly, deep in thought. "I understand. Don't worry, President Zhan. I'll definitely solve the problem of the pills. The combat Association is the most important Foundation of our martial Alliance. There must be no problems!"

Recently, he had been busy dealing with the pile of official documents and had no time to show his claws to the Jia family, so the Jia family began to float again?

The alchemy Association was as important and crucial as the array formation Association. Therefore, he would take this opportunity to reorganize the alchemy Association!

Zhan Xiongfei was overjoyed, but Lin Yi didn't say how to solve it.

Lin Yi saw the anticipation in his eyes and stood up, "President Zhan, if you have nothing else to do, why don't you make a trip to the alchemy association with me? I'll personally ask them what they want to do."

Zhan Xiongfei was stunned. What's the use of directly going to their door?

The alchemy Association was under house Jia's control, and even if Lin Yi was the first hall Master, they wouldn't buy it. It wasn't like they'd never done things like this before.

However, since Lin Yi said that he wanted to go personally, Zhan Xiongfei had to go. Whether it was the combat Association's President or Tianxia Academy's Dean, they were both Lin Yi's subordinates. He couldn't reject them.

"I'll go with you, first hall Master. Even those clowns from the alchemy Association wouldn't dare to do anything in front of you!"

Zhan Xiongfei didn't have much hope, but he didn't show it on his face. He got up and followed Lin Yi to the alchemy Association.

The two of them did not bring any guards with them. Just like that, they walked together and arrived at the alchemy Association's place.

The guard at the door didn't seem surprised to see Lin Yi and Zhan Xiongfei. There was even a hint of disdain in his eyes.

"Greetings, first hall Master. Greetings, President Zhan!"

The guard lowered his head. No matter what, Lin Yi and Zhan Xiongfei were from different factions. If they dared to be arrogant, they would be killed immediately.

"Is your President Lu here? I have something to discuss with him!"

"I've been here for so long, but I've never seen Lu renbing report anything to me. I had no choice but to come here myself!" Lin Yi said, his face expressionless.

Lu renbing was the president of the alchemy Association. Lin Yi hadn't seen him before, but he'd memorized the names of the middle and higher-ups in the martial Union.

Before he even entered the door, he was already labeled as disrespectful to the Lord. Anyway, it was not an injustice to him.

The guards' expressions changed. The consequences could be big or small if this hat was pinned on them. This Sima Yi clearly came with ill intentions!

"First hall Master, you've misunderstood. Our President Lu has wanted to report to first hall Master for a long time, but unfortunately, first hall Master went to the abandoned forest some time ago, which delayed him. After first hall Master returned from the abandoned forest, our President Lu went into seclusion to refine elixirs again ..."

Lin Yi raised a brow. Why was a guard protecting Lu renbing? It seemed that this guy's control over the alchemy Association was beyond imagination!

In that case ... All the more reason to get rid of him!

I've decided, I'll beat him up!

"Hehe ... What a coincidence! A few days before I went to the abandoned forest, and a few days after I came back, Lu renbing wasn't free, but he was free when I wasn't around. This means it's all my fault, I didn't make up for his time!"

Lin Yi's face was still expressionless, but his words were like daggers!

The guards couldn't take it anymore-they were afraid that the more they said, the more mistakes they'd make and if Lin Yi found out, they'd be killed by Lu renbing, if not punished by Lin Yi!

One of them forced a smile and said, "first hall Master, You must be joking!" I'll go in and inform them. Please wait a moment, head Hall Master and President Zhan ..."

Before she could finish, Lin Yi's cold glare scared her back down.

"What's wrong? I'm not even qualified to enter the alchemy Association, and I have to wait for permission? So, the alchemy Association had already surpassed the martial Alliance of the continent? Do I have to bow to Lu renbing in accordance with the rules?"

Lin Yi hmphed coldly, indicating that he wasn't happy. Who's going to get into trouble?

The Guard's face paled, the disdain and mockery he had when he first saw Lin Yi gone. He kneeled down!

If Lin Yi's words were confirmed, then The Alchemist Association would be rebelling!

Next to him was Zhan Xiongfei, the president of the combat Association. If the alchemy Association dared to rebel, he would dare to mobilize the combat Association to quell the rebellion!

It wouldn't work even if the Jia family stepped forward. It would be fun if the Jia family was also considered to be rebelling!

"First hall Master, please forgive me, this lowly one made a mistake! First hall Master, please follow me. President Lu should have already come out of seclusion ..."

I can't afford to offend you!

The guard just wanted to throw Lin Yi to someone else. It didn't matter if it was Lu renbing or not. What was important was that if this continued, he was really afraid that The Alchemist Association would be destroyed by a little guard like him!

I swear to God, I'm just a guard. I can't bear such a heavy responsibility!

Lin Yi couldn't be bothered with a small fry like him-he just beat him up a bit and followed him in.

Someone else rushed in to report, in case the people inside were caught off guard. Lin Yi didn't stop them-it didn't matter if they were prepared or not, since they were here to cause trouble.

I can't just leave you alone if I'm prepared, right?

In fact, this was a reasonable process. When the first hall Master came to the alchemy Association, someone would inform him first and someone would lead the way. There was no reason to make the first hall Master wait outside the door.

The Guard's heart was covered in pig oil, too-Lin Yi should've just scared him a little.

From this, it could be seen that no one in The Alchemist Association took Lin Yi seriously. Otherwise, they wouldn't have made such an idiotic move.

Lu renbing received the news and came out with his men to welcome Lin Yi. The guard wanted to slow down and give Lu renbing more time to react.

Lin Yi looked like he was walking slowly, but he was actually very fast, not giving him any time to waste.

"Lu renbing pays his respects to Hall Master Sima. He has always wanted to visit Hall Master Sima, but he ended up meeting hall Master Yuan Qi by chance. Today, his wish can be considered fulfilled, how fortunate!"

Lu renbing had a round face and cupped his hands with a smile. He looked kind and was definitely suitable to be a shopkeeper.

Lin Yi nodded faintly, "President Lu, you're busy, it's only right for me to come personally!"

Lu renbing knew that Lin Yi wasn't here for anything good, but he didn't think that Lin Yi would start a fight without even trying to put on a show.

How was it appropriate for the first hall Master to come and pay a visit to the president of the alchemy Association? What was the president of the alchemy Association thinking? Overturn the heavens?

"First hall Master, you're blaming me, Lu renbing! Yes, this matter is my mistake. I haven't paid my respects to first hall Master for so long. If first hall Master wants to punish me, I'll accept it!"

Lu renbing was also a Bachelor. He did not try to defend himself and admitted his mistake. It was not a big deal anyway. What could he do?

He'd lose his reputation if he made a big fuss over a small matter like this, and it'd be hard to erase that image of him as a narrow-minded and tyrannical person.

If it was a light reprimand, a small punishment or a big warning, then it would be even more indifferent. If your subordinates ignored you, you couldn't do anything about it. You had lost your prestige, and you still wanted to convince the masses?

No matter what he did, it was wrong. Lu renbing felt that he was the undefeatable one, and so he admitted his mistake, but he didn't have any respect for Lin Yi.

Lin Yi narrowed his eyes and smiled. "President Lu, you're being too serious. How can you be punished for such a small matter?"

Lu renbing laughed internally, thinking that Lin Yi's name was exaggerated. He was really a good-for-nothing!

But Lin Yi changed the topic and went straight to the main purpose of their visit, "President Lu, you should be able to guess why you're here with President Zhan today, right?"

Lu renbing played dumb. Didn't first hall Master come to question me? Since first hall Master doesn't care about my mistake, then I really don't know what it is for. Could it be that you want to get to know me?"

Zhan Xiongfei's eyes narrowed. He felt that Lu renbing had gone too far!

After all, Lin Yi was the Great Hall Master of the continent, and also the inspector of the continent! How could a mere President of the alchemy Association be so arrogant?

If Lin Yi turned on him, Zhan Xiongfei would be the first one to attack without hesitation, but he wouldn't do anything before Lin Yi said anything.

Lin Yi's smile disappeared, "What are you? Are you even worthy of me knowing you? Who gave you the courage to be so arrogant in front of me? I let you off once, but you're still insatiable!"

Lu renbing was taken aback-he thought that Lin Yi was admitting defeat, so why did he suddenly flip out?

But he didn't mind-he thought that Lin Yi was just embarrassed, so he laughed. "First hall Master, what do you mean? They look down on me and think that I'm not worthy ..."

Before he could finish his words, he suddenly felt a huge force on his left cheek, and his whole body could not help but fly out. Then, he heard a clear slap, followed by a buzzing sound ...

The whole place was silent-no one expected Lin Yi to slap Lu renbing away!

Lin Yi was the only one who remained calm, as if nothing had happened. He looked coldly at renbing, who was still on the ground. "Yes! You're not worthy!"

"I'm the Great Hall Master and patrol envoy of the martial Alliance of the Sangzi continent, the Vice President of the starsource continent's array Dao Guild and alchemy Guild, and a diamond-grade Grandmaster of both array Dao and alchemy Dao. You dare to be so disrespectful to me?"

On the sub-Island, strength was everything!

Whether it was in status or strength, Lin Yi completely crushed Lu renbing!

Chapter 8733

If he thought that he could act cool in front of Lin Yi just because he had house Jia as his backing, then he was gravely mistaken!

Especially since Lin Yi came looking for trouble today-even if he didn't do anything wrong, he'd still have to pick out a few bones from an egg. Not to mention, he was so arrogant! It'd be a waste of his opportunity if she didn't beat him up!

Lu renbing spat out a mouthful of blood with two teeth ...

He was both shocked and angry at the same time. He wanted to argue with Lin Yi and say that Lin Yi was cruel and brutal, humiliating the president of the alchemy Association as he pleased.

But Lin Yi didn't even give him the chance to speak."Being disrespectful to me is a small matter. I'm beating you because you're not worthy of being the president of the alchemy Association!"

"Even an idiot would know that the combat Association is the martial Alliance's Foundation! The resources of other places could be lacking, but the combat Association's resources must not be lacking! What did you do, Lu renbing? He intercepted the combat Association's pills and gave them to someone else?"

"Heh ... Lu renbing, you're the president of the alchemy Association, not the president of the martial Union, but the president of the Jia family, right? Do you still have martial League in your heart? If you don't have the martial League, you can just be a dog for the Jia family. Why do you have to suffer being a human in the martial League?"

Zhan Xiongfei was in awe of Lin Yi-he was too strong! Was this the solution to the problem? It felt good, but he didn't know what the effect would be. Let's continue watching!

If Lu renbing and the alchemy Association dared to fight back, Zhan Xiongfei would immediately summon the combat Association's battle generals. The distance between the two sides was not far, so there was no need to worry about not being able to make it in time.

"Sima Yi, how dare you humiliate me like this, I ..."

Lu renbing stood up and pointed at Lin Yi. He was furious as well. He didn't understand that Lin Yi was someone that even the Jia family feared. Since Lin Yi had slapped him once, he wouldn't care about the second or third slap.

Before he could finish, Lin Yi's body flashed and appeared in front of Lu renbing. He grabbed the finger pointing at him and twisted it upwards. The crisp sound of bones breaking was heard. The finger was pointing at Lu renbing!

Lu renbing's senses were instantly overwhelmed with pain.

He couldn't help but open his mouth to scream, but before he could make a sound, the other side of his face was slapped again, directly smacking his scream back!

With a whoosh, the flying man appeared in the air again!

Lin Yi dodged again and chased after Lu renbing, stepping on his chest while he was still rolling on the ground, looking down at him from above.

"Lu renbing, you're not qualified to be the president of the alchemy Association. From now on, you're no longer the president, nor are you a member of the martial Union. Go back to the Jia family and be a watchdog!"

He turned around and looked at the other members of the array formation Association, ""If you want to follow Lu renbing, you can follow me. I Won't Hold You Back, nor will I pursue the matter! If you don't leave this time, you'll be a good member of the martial League in the future!"

"Those who stay behind, if you have any other thoughts in the future, don't blame me for being impolite! Lu renbing's end will be ten times or even a hundred times worse, and that will be your end!"

"From today onwards, I will temporarily take over the alchemy Association. The first thing you need to do is to restore the alchemy supply to the combat Association and make up for the previous deficiencies! Do you understand?"

No one replied. This change was too fast, and the others were unable to react in time.

They didn't know whether they should stay or not. They were all members of the Jia family, so they had to listen to the Jia family's opinion before making a decision!

They couldn't decide if they should stay or leave, and naturally, they couldn't answer Lin Yi's question.

"I'm asking you, do you understand?"

Lin Yi's face was frosty as he scanned the room, and everyone shivered. They stopped caring about house Jia and nodded, indicating that they understood.

When he was done, he even consoled himself in his heart, only saying that he understood what Sima Yi said, that he did not agree to do as Sima Yi said, that it was nothing, nothing ...

Zhan Xiongfei was dumbfounded. How could this be? This was too awesome!

But he had to admit that Lin Yi's quick and decisive methods were more effective in this situation!

Otherwise, it wouldn't do them any good if they continued to fight with Lu renbing!

Lin Yi looked back at the president of The Alchemist Association under his feet. "Lu renbing, do you have any other opinions?"

Lu renbing spat out blood and thought that he had an opinion, but he didn't dare to raise it!

What's the matter?

Lin Yi wasn't expecting an opinion, "It's best if you don't have any opinions, but if you have any, you'd better hold it back! Now you can get lost. Take your die-hard followers and go back to the Jia family to be your lackeys!"

With that, he lifted Lu renbing with the tip of his foot and sent him flying out of the courtyard.

A few of Lu renbing's trusted men walked around Lin Yi and followed him out.

They were too close to Lu renbing, and Lin Yi might do something to them if they stayed.

I'd better be smart and leave with Lu renbing now. I'll come back later!

"Sima Yi! You're unscrupulous and it's against the rules. Just you wait! I won't just let this go!"

Lu renbing's voice was muffled and faded away quickly, obviously afraid that Lin Yi would go out and beat him up again. It'd be too embarrassing for him to leave with his tail between his legs.

Lin Yi didn't want to bother with this kind of barking. He glanced at the people who were left behind,"If you don't want to leave, then do your job. Get moving immediately, don't make me say it a second time!"

Everyone helplessly accepted the order and dispersed. It wasn't that they didn't want to leave, it was just that they hadn't decided whether to leave or not. In the end, they were directly treated as not leaving ...

How unlucky! What could they do when they encountered such a strong Sima Yi?

"First hall Master, is it okay to do this? It won't cause a backlash, right?"

Zhan Xiongfei was happy, but he started to worry for Lin Yi. Taking control of The Alchemist Association so easily and violently, would the Jia family agree to it?

"Don't worry. I know what I'm doing. Even if they retaliate, they can't do anything to me. Let's solve the problem of the combat Association's medicinal pills first."

Lin Yi waved his hand nonchalantly. It was obviously impossible to bring The Alchemist Association under control just like that. They'd have to go through a huge cleansing and a big change of blood later on.

These were not the problems. The problem was, who should take over the alchemy Association?

Lin Yi really couldn't handle all the work, and he couldn't take on the president position.

Shi chengcai was a suitable candidate. After all, he was a true genius and had the title of a Grandmaster. However, like Lin Yi, he was a little busy.

The array Dao Association had a lot of things to do, and the array Dao College's enrollment and training couldn't be slacked off, so they couldn't take care of the alchemy Association.

Chapter 8734

Compared to Shi chengcai, Lin Yi felt that he'd be better off working harder ... Sigh ... It's hard to have a weak team!

His head was full of lawsuits!

Lin Yi was troubled as he returned to his own office. Zhan Xiongfei had been sent away, and he couldn't help much with this.

Just as he sat down, someone came in to report, "First hall Master, this is a message from Feng Qi great continent, please take a look!"

Lin Yi blinked. Did something happen over at Fengqi Dazhou? Normally, no one would have sent a message at this time!

"Alright, leave it here. You can leave first. You've worked hard!"

Lin Yi waited for them to leave before opening the document. He scanned through it and laughed, "Good boy! He worked hard! I know that master is lacking manpower, so I'm here to help!"

Fengqi Dazhou's message was very simple. He said that Tang Yungui had passed the array master test and became a true-blue bronze array master!

He thought back to the time when he was in the Wutong continent's naduo conferred Empire. Tang Yungui was only the last in the fu Yao apothecary school. He couldn't even form an alchemy fire, and everyone thought that he was a piece of trash!

It was only when Lin Yi appeared that he realized that he was born with the spiritual fire of heaven and earth in his body, which prevented him from refining the fire!

It'd only been a year or two since he'd taken Lin Yi as his master, and the little piece of trash of the fu Yao apothecary school had really shot up to ninety thousand miles in a single leap, becoming a bronze Grandmaster!

In terms of age and talent, Tang Yungui was definitely not inferior to Shi longcai, a genius in array Dao!

The president of the alchemy Association had been appointed!

As for Tang Yungui's young age and lack of experience, it wasn't a problem for Lin Yi at all!

No matter how young he was or how inexperienced he was, he was still a disciple of a certain Lin! I'll F * ck whoever dares to talk!

In addition to Tang Yungui, Diao Longtian had also passed the diamond Grade Alchemist test. His talent was not as good as Tang Yungui 's, and his growth rate was much slower, but he would definitely become an alchemy Grandmaster in the future!

Send a message to Fengqi Dazhou and ask Tang Yungui, Qin mengzhen, and the others to come together!

He had originally wanted to wait for the situation to stabilize before summoning the five little ones. Now that their growth had exceeded his expectations, he would call them all over!

Qin mengzhen, tu Gesha, and MA pijing didn't have much talent in alchemy, but their growth in other aspects far surpassed Tang Yungui and Diao Longtian. They would definitely be able to help Lin Yi!

After the message was sent, the five little ones were quickly teleported to the Sangzi continent. The alchemy Association also immediately received the order to appoint Tang Yungui as the president. Diao Longtian also became the alchemy Association's Vice President.

Lu renbing was currently in the Jia family discussing how to take back the position of President of the alchemy Association. He even swore to the Jia family head that without him, Sima Yi would not be able to do anything. No one in the alchemy Association would listen to Sima Yi's orders!

In the end, how long had it been since he left the alchemy Association? Was there even an hour? The President and Vice President were already there!

"Nepotism! What was Sima Yi trying to do? Clan leader, we can't just sit by and watch Sima Yi Do this!"

Lu renbing was furious. If Sima Yi had taken control of the alchemy Association, it would have been fine. After all, he was a Diamond Grade Alchemist Grandmaster. He had to admit this.

But what was with these two immature brats?

The head of the Jia family raised his eyebrows and nodded thoughtfully, ""Nepotism? This made sense! Shi longcai, Tang Yungui, and Diao Longtian are all disciples of Sima Yi ..."

Can't you do something?

"Yeah! Clan leader, Sima Yi's table manners are too unsightly. He overbearingly took down the array Association and alchemy Association, what is he trying to do? What do you want to do? He's trying to cover the sky with one hand in the Sangzi continent!"

Lu renbing's words were instigating. If Sima Yi wanted to rule Jia zhetian's territory, wouldn't he have to take over the Jia family?

The head of the Jia family's eyes flashed. He was worried about this as well. Lin Yi's momentum was too strong, he had to stop it!

"Go to the Alchemy Guild of the starsource continent and report this immediately! He would expose everything that Sima Yi had done! He replaced you, the president of the alchemy Association, in such a short period of time and appointed his disciple to take over. This is definitely against the rules!"

"You must go personally and make this matter big! He definitely couldn't let Sima Yi have the chance to cover it up! The array formation Guild has an Executive Vice President to help suppress him, but I don't believe that the Alchemy Guild also has an Executive Vice President to help him!"

Vice-President Zhu had been saved by Lin Yi at the source of array Dao, and they had a life-and-death relationship, but the Alchemy Guild had never heard of any relationship between Sima Yi and Lin Yi!

Lu renbing's expression turned ruthless and he nodded. ""I understand! Don't worry, clan leader, this matter will definitely blow up. No matter what, we won't let Sima Yi have an easy time!"

His future was ruined by Lin Yi, and he'd do anything to get revenge. It'd be best if he could get back to his position, but even if he couldn 't, he'd take Lin Yi to hell with him!

After the discussion, he left!

Lu renbing did not have much to prepare, so he went to the teleportation formation to teleport to the starsource continent.

The various divisions of the martial Alliance in the starsource continent were all gathered in one area. They could find the alchemy Union by using the teleportation array.

Lu renbing had been here a few times before and was familiar with the place. He was thinking about which senior officer he should look for and how many gifts he should give.

As he thought about this, he habitually walked into the Guild. However, the guard at the gate directly stopped him. "Stop! This is the Guild's restricted area, and unauthorized people are not allowed to enter!"

Lu renbing was stunned for a moment, then quickly put on a smile and pointed at his own nose. "Don't you two recognize me? I'm lu renbing, the president of the Sangzi continent's alchemy Association! He had seen the two of them before when he came to the Guild! How can you be considered an idle person?"

The two guards rolled their eyes and said expressionlessly, "I'm sorry, I don't know him! The president of the Sangzi continent's alchemy Association isn't lu renbing, so you're an unrelated person and can't enter!"

Lu renbing's heart skipped a beat. That bastard Sima Yi, could it be that he had already spread the news to the Alchemy Guild?

Even so, they shouldn't have immediately reacted to the guards, right?

"No... I'm Lu Renbing, Sangzi Dazhou ... I want to see the Guild President! I want to report and expose some people in the Guild who abuse their power for personal gain, eliminate dissidents, and appoint nepotism! I want to ..."

Lu Renbing had a bad feeling about this, but he didn't want to give up. He hoped that Lin Yi was just pulling some dirty tricks.

As long as he could meet the President of the Alchemy Guild, he would definitely have a chance to turn the tables!

Unfortunately, he couldn't even get past the two guards!

Chapter 8735

"The president has personally issued an order. Non-members of the Guild and its subordinate associations are not allowed to enter the Guild! You are not a member of the Alchemy Guild. Please leave immediately!"

After one of the guards finished speaking, the other guard continued coldly, ""If you don't leave now, we'll be sure that you're here to cause trouble! Those who dare to cause trouble in the Alchemy Guild will never have a good ending!"

Lu Renbing's heart went cold!

It was already quite obvious at this point!

The Alchemy Guild would not touch Sima Yi at all. It did not matter if there was someone backing Sima Yi up, or if Sima Yi had already bribed the entire Guild. In any case, it was impossible for him to cause trouble if he wanted to!

Looking at the attitude of the Alchemy Guild, as long as he dared to cause trouble, regardless of whether it was a big deal or not, he, Lu renbing, would definitely be dead!

The information was not on the same level!

The higher-ups of the martial Alliance, such as the President and Vice President, basically all knew that Lin Yi was the vice-director of the inspection department. They were all big shots of the same level, and they wouldn't hide it from him.

Plus, Jin botian gave Lin Yi the power to change any position he wanted in the great land of Sangzi, so he naturally had to talk to the leaders of these guilds.

Under such circumstances, Lu renbing's plan had no chance of success!

Not to mention Lu renbing, who had hit a wall at the alchemy Union, on the Sangzi continent's side, after the Jia family head sent Lu renbing away, he felt that this matter might not succeed.

Sending Lu renbing out was just a way to try his luck. If he wanted to open up the situation, he had to think of another way.

So he called Zhen yingsun over to discuss,""Sima Yi is getting more and more arrogant. We've suffered a few losses, and the situation is getting worse!"

The head of the Jia family had a solemn expression. He placed his right hand on the coffee table and tapped his index finger on the table, making a rhythmic tapping sound.

"Master, do you have any plans? As long as it's within my power, I'll definitely do my best! As long as Sima Yi doesn't fall, our Jia clan of the great land of Sangzi will feel as if a rope is strangling our necks!"

Zhen yingsun declared that he was a distant relative of the Jia family and firmly believed that he was a member of the Jia family. To deal with Lin Yi, whether it was for public or private reasons, he had to do it!

The Jia clan's patriarch nodded slightly."I do have some ideas. Right now, Sima Yi's influence in our Sangzi continent is at its peak. If this goes on, all the important positions will be devoured by him!"

"I think that we have to lure Sima Yi away from the mountain for a period of time. We'll take the opportunity to arrange some people and control a few key positions so that Sima Yi can't completely control the various divisions of martial Alliance!"

"What should I do, family head?" Zhen yingluan straightened her back and asked solemnly.

The head of the Jia family continued to tap on the table and slowly said, ""Feng Qi Dazhou! Sima Yi's base is in the great Fengqi continent. Since you're now an inspector of the starsource continent's inspection department, your next destination will be the great Fengqi continent!"

"Feng Qi Grand continent's new patrol envoy Yan Su, Sima Yi is indebted to him, but he has always been the Dean of Tianxia Academy and the Vice President of the combat Association, so he's not clear about the duties of a patrol envoy."

"Go over there and find out Yan SU's mistakes. Don't relax once you've grasped a little. You must beat him down. If there are no mistakes, you know what to do!"

Zhen yingsun smiled. If there was no mistake, then he would make a mistake! If he really wanted to target a newbie, he had many methods!

"Don't worry, patriarch, it's just a small matter! I know Yan Su, he's a bit old-fashioned and inflexible, often leaving some clues behind, so it's too easy to catch his mistakes!"

As long as he caught a little bit of violation of the rules, he could infinitely magnify it, and it was not difficult to deal with Yan Su.

It could even be extended to other people, such as the first hall Master of Fengqi Dazhou, such as the SU family.

If that's the case, would Sima Yi still be able to sit still in the Sangzi continent? If the foundation was shaken, it was impossible not to move!

Zhen yinglu was full of confidence and immediately left for Feng Qi continent.

As an inspector of the starsource continent's inspection department, it was basically her instinct to find trouble. Zhen yingsun had already made a plan before she was teleported, and she would immediately implement it when she arrived at Fengqi continent.

Yan Su was just as he had expected. Because she was a new patrol and her style of doing things was very old-fashioned, to put it nicely, she followed the rules and was fair and peaceful. To put it bluntly, she was a stubborn person who didn't know how to be flexible. It was very easy for her to leave behind some flaws.

In less than two hours, Zhen Yingshan had collected a lot of information. After processing it, she exaggerated the facts reasonably and fabricated a piece of evidence. Then, she handed it to the chief Inspector of the starsource continent's inspection department.

This Chief inspector's name was Zuo Si, and he was a connection that the Jia family had spent a lot of money on. He couldn't be considered a member of the Jia family, but on some ambiguous matters, he could side with the Jia family without any scruples.

For example, this piece of evidence of Yan SU's crimes!

Zuo Si didn't know Lin Yi's true identity. It wasn't that the chief Inspector didn't have the right, but he'd always been on tour around the other continents, receiving offerings from all over the world. He rarely came back to the inspection department.

Lin Yi's Vice-Dean position was a semi-public secret among the higher-ups, and since the chief Inspector wasn't in the martial Alliance's headquarters, no one would go out of their way to inform him.

Zuo Si himself was qualified, but the trusted aides he had left in the headquarters of martial League were not at a high enough level to know of this semi-public secret!

So when Zuo Si received the so-called evidence submitted by Zhen yingsun and found out that she was just a newly promoted patrol without any backing, he immediately decided to stand up for the Jia family!

One's hands go soft when taking others, and one's mouth is short when eating others!

After receiving benefits, he had to find an opportunity to return some. This was obviously an opportunity!

Zhen yinglu had been waiting at the teleportation formation ever since he sent the news.

He was sure that if Zuo Si didn't have an extremely urgent matter, he would definitely come to Fengqi great continent!

Firstly, it was to return the favor to the Jia family, and secondly, it was a chance to plunder the great land of Feng Qi. For a person with Zuo Si's personality, it was better not to miss him!

As expected, Zhen yingsun didn't have to wait long before the teleportation array moved and Zuo Si slowly walked out.

Zhen yingsun quickly stepped forward and bowed, ""Subordinate Zhen yingsun greets Chief Inspector Zuo!"

"Hahaha, don't be so polite, brother Zhen. We're not strangers. You're being too polite!"

Zuo Si casually held him up with a warm smile on his face, making people feel as if they were bathing in the spring breeze.

However, Zhen yingsun would not really be as relaxed as a spring breeze. He knew very well that Zuo Si's smile was just a mask. If they really fought, the happier he smiled, the more vicious his attacks would be!

"General Inspector Zuo is my superior. This time, he promoted me. I'm very grateful. Even if I'm not an outsider, I have to do my job!"

Zhen yingtong replied with a smile, still maintaining a respectful attitude. It was clear that Zuo Si was quite satisfied with this.

Chapter 8736

The two of them left the teleportation array together. Zhen yingsun continued to introduce Yan Su to Zuo Si, but intentionally or unintentionally hid the existence of the name Sima Yi.

Zuo Si didn't know Lin Yi to begin with, so he naturally didn't notice this. The whole way here, he was even more determined to deal with Yan Su!

A patroller was a noble position with little real power, but a chief patroller was different!

He already had a certain amount of authority to judge and punish!

If not for this, Zuo Si would not have been able to wander around the various continents with money!

The two of them brought a group of guards and followers and found the office of the inspector. They directly revealed their identities and swaggered in.

When Yan Su received the news, she was stunned for a moment. When she went out to welcome them, Zuo Si and Zhen yingsun were already at the door.

"Feng Qi great continent's patrol envoy Yan Su greets chief patrol officer Lord Zuo and patrol officer Lord Zhen!"

Yan Su bowed slightly and greeted him first. The two people opposite him were monitoring him and picking on him, so he couldn't be careless!

From the very beginning, he could not let the other party get hold of any flaws in his etiquette!

"Yan Su, patrol envoy Yan!"

Zuo Si sneered and threw the so-called evidence that Zhen yingsun submitted to Yan Su, ""Look at what you've done. How long has it been since you became a patrol envoy? So many things have happened!"

"This Chief Inspector can't stand seeing a parasite like you in the inspection Institute! I'm here to take you down today, what do you have to say? If you have nothing to say, then obediently surrender!"

Yan Su was baffled. She opened it and took a few glances, and her face suddenly turned ugly."General Inspector Zuo, what is the meaning of this? If you want to punish someone, why not?"

"It's a completely baseless thing. You just want to target me, so you've made up a false charge and then punished me?"

Yan SU's personality had some inflexible elements, but the people of Fengqi Dazhou knew better that this was an old man with a fiery temper!

In the past, there were people who he didn't like and dared to go against the first hall Master.

It was obviously not easy for Zuo Si and Zhen yingsun to take him down with such a simple method!

Now, Yan Su was already angry, and the aura on her body rose. She was about to start a fight!

Zuo Si and Zhen yingsun were not shocked, but happy instead. They were not afraid of Yan Su making a move. If they did, they would have more solid excuses, and it would naturally be more reasonable to deal with Yan Su.

"Yan Su, don't put up a stubborn resistance. These facts have been thoroughly searched and verified. We will never wrong a good person, and we will never let go of a person who has violated the rules!"

Zhen yingsun raised her hand and pressed down on Yan Suxu twice in a serious manner, "If you have any dissatisfaction, you can say it out loud. But for now, you'd better cooperate and obediently surrender!"

At this point, Zhen yingsun raised her hand and waved it forward, ""What are you still doing? Take down Yan Su!"

Two of the people that Zuo Si had brought with him immediately left the group.

They were patrol servants of the starsource continent's Patrol Department. They followed the chief Inspector to arrest the patrol who had committed crimes. Ordinary inspectors had no right to mobilize and command them.

Zhen yingsun was just a Fox exploiting the Tiger's might. She relied on Zuo SI's presence and everyone's agreement, which was why the patrol servant gave her face!

Yan SU's expression was not too good. He had always been a respected existence, a great teacher with students all over the world. In the end, not long after he became a patrol, a patrol came to his door and said that he was guilty?

The key was that Yan Su didn't think she had done anything wrong. No matter how she handled things, she was not a perfect person, but no one would come out to criticize her!

Therefore, when the two patrol servants came up and twisted Yan SU's arms, she immediately felt extremely humiliated.

Even if he knew that resistance would make things more complicated, he still subconsciously swung his arm!

The strength of the two patrol servants was around the middle stage of the sea Rift realm, so they were not considered weak. However, compared to Yan Su, there was still a big gap. They were immediately thrown out.

Zhen yingsun was overjoyed. Sure enough, things were going in the direction they had expected!

He suppressed the joy in his heart and pretended to be angry. He shouted in a deep voice, ""Yan Su! You're so bold, are you trying to rebel?"

Zuo Si's face also darkened. He waved his hand and shouted, "You still dare to resist arrest? Let's attack together and take down Yan Su. If she continues to resist, we'll execute her on the spot and kill her without mercy!"

Zhen yingsun's eyes flickered. To kill a patrol envoy of a continent without trial ... This order was beyond the authority of the chief patrol!

Zuo Si was indeed a little too arrogant!

This guy was like a fish in water in every continent, and everything went according to His will, which made him extraordinarily arrogant!

However, Zhen yingsun did not open her mouth to remind him. If he could really kill Yan Su, the matter would naturally blow up. Sima Yi would have no choice but to come back even if he wanted to, and he would even fall into a wrangle with Zuo Si!

This ending was very much in line with the Jia family's goal, so Zhen yingxi was happy to see it happen!

Yan SU's face turned red. The little old man was angry!

The patrolling servants spread out and slowly surrounded them. The battle generals on Yan SU's side who were responsible for protecting her also made the corresponding preparations!

Yan Su was one of the higher-ups in the combat Association. These battle generals were his trusted aides. They only had eyes for Yan Su. Who cared if they were patrol officers or patrol servants?

If he wanted to touch Yan Su, he would have to kill them!

Both sides were ready to fight, and the atmosphere was extremely tense!

Zuo Si thought that Yan Su would obediently lower her head and admit defeat after a few words of intimidation, but he didn't expect this little old man to be so stubborn!

Now, he was riding a Tiger and couldn't back down. However, he didn't bring many patrols and servants with him, just these few!

Facing the battle general of Fengqi Dazhou who had the advantage in numbers, Zuo Si was in a dilemma!

Zhen yingsun quietly took two steps back. His purpose was to cause trouble, not to throw his life away. If they really fought, he would be looking forward to the deaths of a few patrol servants.

It would be best if a few people from Fengqi Dazhou also died. It would be hard to let it go under the turbulent public sentiment.

In such a situation, he had brought Zuo Si and retreated, allowing Zuo Si to step forward and make things worse!

It was perfect!

It was a pity that the plan was good, but the other party did not want to follow the script he had set. The patrol servant and the battle general had a little contact, but before they were serious, they were stopped by Yan Su!

"Stop! This old man will let you capture him! Don't involve the innocent!"

Yan Su endured this humiliation because even though he had many battle generals under him, their strength was far inferior to the patrol servants beside Zuo Si.

If they really fought, casualties were inevitable. Yan Su was not willing to see these battle generals suffer losses because of mistakes that he had never made.

"A wise man submits to circumstances. Yan Su, you're quite tactful. That's good!"

Zuo Si also heaved a sigh of relief. He wasn't a hotheaded person. Just now, he was just trying to scare Yan Su and didn't really want to fight ... If he really had a hot temper and would fight wherever he went, Zuo Si wouldn't have been able to do so well!

Chapter 8737

"All of you can leave! This old man believes that there is justice in the world, right and wrong, and there will always be a time when it is clear. You don't need to worry!"

Yan Su appeased the battle generals under her and had them stand to the side. She allowed the patrol guards to put on their chains and shackles.

Zhen yingluan's eyes turned. The fire just now was about to reach its limit. It seemed a bit of a pity to extinguish it now?

When Yan Su was brought over by the patrol servant, Zhen yingsun suddenly pulled out a dagger and placed it on Yan SU's neck at lightning speed!

Zuo Si was slightly stunned, as if he had not expected Zhen yingsun to suddenly do this.

However, he didn't have a good impression of Yan Su, so he didn't stop Zhen yingsun's actions. He even wanted to continue to see what Zhen yingsun was going to do next.

Zhen yingsun first gave Zuo Si an apologetic look, indicating that he had no choice. Then, she sneered and said to Yan SU's battle generals, ""All of you will be on trial with Yan Su!"

"Just now, you openly opposed General Inspector Zuo, which is equivalent to rebellion! Do you really think you can escape unscathed from such a terrible act? You're so naive!"

"Go, take them all down. Anyone who dares to resist, follow General Inspector Zuo's order and execute them on the spot. Kill them without mercy!"

Zhen yingsun was really sinister. He was clearly the one who wanted to make things worse, but he still did not forget to use Zuo Si's name as a banner.

Zuo Si wasn't a fool, and his face immediately darkened.

However, since he had promised the Jia family, he could not say much. After all, he and Zhen yingsun were in the same boat!

The patrolling servants looked at Zuo Si. Seeing that the leader didn't object, they walked towards the battle generals.

Zhen yingsun's lips curled up into a smile, ""Very good, you all cooperate obediently. If anyone wants Yan Su to die, try to resist! Those who resist will die together with Yan Su, so it's a worthy death!"

Those battle generals all glared at Zhen yingsun, but no one dared to act rashly for fear of taking Yan SU's life.

Yan Su was furious, "Zhen yingsun, are you trying to kill me?" They were all heroes of Fengqi Dazhou and had been on the most dangerous front line in the war against the darkness demon beast clan for a long time! What right do you bureaucrats have to lay your hands on heroes?"

"What patrollers, what law-enforcement officers, you're just despicable people who don't hesitate to attack their own people in order to achieve your goals! Have you ever participated in the battle against the darkness demon beast clan? What right do you have to let these heroes shed blood and tears?"

Yan Su was really angry.

"Alright, old man Yan Su, save your saliva!" Zhen yingxi chuckled. Don't talk nonsense here! Don't you know why they are so unlucky? It's all because I was implicated by you!"

"If you had surrendered earlier, you wouldn't have implicated them. I don't care why you haven't learned your lesson, but you can continue to talk nonsense. When the time comes, it's hard to say whether they'll be even more miserable!"

As he spoke, he gently pulled the dagger in his hand a little, drawing a bloody line on Yan SU's neck.

The battle generals who saw this almost went into a riot. Fortunately, Yan Su raised her hand to stop them, or else it would have caused a serious bloodshed.

"If there's anything, come at this old master! Don't involve the innocent, I'm already under your control, what else do you want?"

Yan Su suppressed her anger. If he was alone, he would have gone all out long ago. However, he had concerns in his heart and could only lower his head and admit defeat for fear of harming the rat.

Zhen yingsun's mouth twitched, thinking, I want to make a big deal out of this!

You're not cooperating at all, what can I do? I'm also in despair!

I've heard that you're an old bastard with a fiery temper, and you'll do it if you're not convinced. Why are you so cowardly today?

Did I not give you enough stimulation?

Just as he was thinking about it, su Zixin rushed in!

Because of Lin Yi, house su and Yan Su were considered allies. Su Zixin dropped everything he was doing and rushed over when he heard that something happened.

He originally wanted to see the situation first, but when he saw that someone had placed a dagger on Yan SU's neck and blood was already flowing out, what was there to see?!

"Stop, stop! What are you guys doing? Can't we just talk things out? Why are you using your weapons!"

Su Zixin rushed over to smooth things over. ""Is there some kind of misunderstanding? Why don't we all sit down and have a good chat?"

He didn't know who Zuo Si was, but he did know Zhen yingsun. After all, this guy was from the Jia family and was previously the hall Master of the great land of Sangzi. His status was higher than su Zixin 's. The two didn't really interact much, but they had met before.

Zhen yingsun's eyes narrowed slightly, her eyebrows raised slightly, and she felt a little more happy. She had been worried about how to make things worse, and now someone had sent her a pillow!

Su Zixin!

It was said that it was Sima Yi's uncle and in-name disciple, Wanwan, who had a messy relationship. What a waste!

At the same time, he was a direct descendant of the SU clan and the president of the Feng Qi Grand continent's array Dao Association. If he was involved, would Sima Yi sit by and watch the SU clan shake?

"Misunderstanding, perhaps there really is a misunderstanding!"

Zhen Yinglong grinned, looking a little bright, "General Inspector Zuo, this subordinate suddenly thought of a problem. If Yan Su was alone, she wouldn't dare to rebel no matter how bold she was! We almost caused a ruckus just now. If it weren't for the superior strength of the chief inspector's brothers who intimidated Yan Su, the consequences would have been unimaginable!"

"Then where did Yan Su get the courage to go against the chief Inspector? This subordinate thinks that it's most likely because he has the SU family's support! The previous investigation showed that Yan Su and the SU family were close. "

"They must be in cahoots. I suggest that we investigate the SU family as well!"

Zuo Si was somewhat moved when he heard this. The SU family was now a unique branch in the great continent of Fengqi. If he could get some benefits from the SU family, it would not be shabby, it would be very rich!

Normally, the chief Inspector wouldn't be able to control the SU family and wouldn't be able to get any benefits. But now, using Yan Su as an excuse, he could secretly operate!

Violating the rules? Hehe! When Zuo Si did things, how could there be any violation?

"Patrol Zhen is right! Since that's the case, then take this person down as well and wait for our punishment!"

Zuo Si waved his hand and added su Zixin to the list of people to be arrested. Su Zixin was dumbfounded.

I'm only here to mediate the fight. If you don't agree, just say so. I can leave! What's with the capture?

"Go! Let's go to the SU family. I want to see what the SU family wants. Do you really want to rebel?"

It was impossible to rebel. It was impossible to see the SU family rebel in this lifetime!

If it was that easy, the Sangzi continent's Jia family would have already rebelled. Why would they wait for the SU family to come first?

Chapter 8738

Zuo Si was thinking that if he had an excuse, he would quickly ask the SU family for benefits. If he delayed for too long, there would be concerns!

"General Inspector Zuo is wise. However, it's not appropriate to ask General Inspector Zuo to handle such a small matter. I'll volunteer myself to talk to the SU family first."

Zhen yingsun cupped her fists and bowed. She leaned closer to Zuo Si and said in a voice only the two of them could hear, ""Don't worry, General Inspector Zuo, this subordinate knows what to do. I will not let you down!"

Blackmailing was easy but not easy. When Zuo Si heard that Zhen yingsun was willing to come forward, he was instantly delighted. He wasn't worried that Zhen yingsun would trick him. After all, Zhen yingsun was his subordinate. If he wanted to take care of his subordinates, he had plenty of ways!

"No problem. You can leave first. I'm walking slowly with the criminals. I hope you can bring me the result I want!"

Zuo Si gave Zhen yingsun an understanding look and waved him off with a pleasant expression.

What happened in Fengqi continent was quickly passed on to Sangzi continent through Zhang Yiming's intelligence network.

The intelligence network that Zhang xiaopang had set up in Fengqi continent was quite mature. It was much stronger than the current intelligence network in Sangzi continent.

With Lin Yi's influence in Fengqi Dazhou, it wasn't hard to send information through the teleportation formation.

Lin Yi blinked when he received the news. "Zhen yingsun went to Feng Qi Dazhou to find trouble? After capturing director Yan, he was even preparing to go to the SU family? Where does he get the confidence to provoke us like this?"

Not to mention Yan Su, was the SU family so easy to manipulate?

This was a family that was on the same level as the Jia family. As a member of the Jia family, how could Zhen yingsun not know?

"Boss, Zhen yingsun has the courage to come to the SU family's door, so she must be confident. His purpose ... I don't think he really wants to do anything to the SU family. Instead, it's more likely that he's using this to attract boss's attention."

Zhang Yiming was very talented in collecting information, and his ability to analyze the truth from the information was not weak either. He saw through Zhen yingsun's plan almost at a glance.

Lin Yi nodded slightly, "you're right. Zhen yingsun's doing this in the open. He knows that I can't just sit by and watch him mess up Fengqi Dazhou. After I go back, the Jia family will probably do something here, right?"

Since it was an open scheme, the intention behind it was obvious. Lin Yi smiled coldly, "Since that's the case, I'll satisfy their wishes. I'd like to see what kind of tricks the Jia family can play!"

Zhang Yiming cupped his fists and laughed, "we'll beat you at your own game, boss!" I'll keep an eye on the Jia family's movements here. If there's any news, I'll pass it to boss at once!"

The two continents were far from each other, but with the teleportation formation, it was really convenient for Lin Yi to go back and forth.

"Okay, then I'll go back to Feng Qi continent to visit the bride, and see how confident Zhen yingsun is to dare to look for trouble at the SU family's door!"

Lin Yi said and left. He didn't think he'd be gone for long, so he didn't make too many arrangements for Sangzi Dazhou. He only had Zhang Yiming take care of some trivial matters.

At the same time, Zhen yingsun had already arrived at the SU family's house. However, this time, he had brought a large group of people and blocked the SU family's main gate with an aggressive aura.

These people were the elites of the Ouyang family.

Before coming to the SU family, Zhen yingsun first looked for Ouyang kuantian and asked the Ouyang family to help. She promised to make Ouyang kuantian the new acting inspector after this.

Ouyang cuantian had been suppressed by Lin Yi before, and the Ouyang family had no choice but to lay low. Now that the opportunity had come, they immediately hit it off with Zhen yingsun.

Ouyang laodeng quickly mobilized the elites of the Ouyang family and followed Zhen yingsun to the SU family to cause trouble.

If Lin Yi was here, he'd say that this old fool had gone senile. He was obviously being used as a gun, and yet he still ran over to court death.

It was a typical case of forgetting the pain after the scar healed!

It was no wonder that the Ouyang family was getting worse by the day. It would be strange if there were any good things to do with such a family head.

No matter what, Ouyang cuantian had already made his choice. He followed Zhen yingsun on the path of no return, going against Lin Yi. Seeing Zhen yingsun shouting and yelling in front of the SU family's Gate, he felt quite good.

"Is there anyone alive in the SU family? Hurry up and come out to catch your breath!"

Zhen yingsun's attitude was arrogant. The Jia family and the SU family were rivals, and as a Lackey of the Jia family, she was naturally dissatisfied with the SU family.

"Who are you? Why are you surrounding our su family's main gate?"

Sima Yunqi and su lingyue were just about to go out for a walk when they saw Zhen yingsun and her people surrounding the SU family.

As the SU family's son-in-law, Sima Yun was naturally obliged to step forward.

He couldn't ask his wife, su lingyue, to do it, could he?

Ouyang cuantian knew about Sima Yunqi and su lingyue, and also knew that they were Sima Yi's parents. He immediately whispered a few words into Zhen yingsun's ear.

Zhen yingluan's eyebrows raised slightly, and she smiled with her eyes narrowed, "So, he's the daughter and son-in-law of the SU family. He does have some weight!"

Furthermore, they were the parents of that bastard, Sima Yi. He could use this opportunity to teach them a lesson and vent his anger!

Zhen yingsun thought about this and smiled even more slyly, ""Listen, I am Zhen yingsun, a patrol of the Xingyuan continent's inspection department. While I was patrolling the Fengqi continent, I found out that the Fengqi continent's patrol envoy Yan Su is plotting a rebellion!"

"Not only that, Yan Su even colluded with the president of the array formation Association, su Zixin. The two of them are in cahoots and fought back with force. Hence, I have reason to suspect that the SU family is also involved in this rebellion!"

"This time, I'm here to seal up the SU family and arrest all the important figures of the SU family. If you feel wronged, don't resist. Once you resist, you'll be convicted!"

"Now, hurry up and call out all the important figures of the SU family to surrender obediently. Don't have any thoughts that you shouldn't have. When the continent's martial Alliance launches a thunderous rage, your mere su family will be annihilated in an instant!"

"This is my advice to your su family. Don't say I didn't warn you!"

In fact, Zhen yingsun didn't think that relying on these people from the Ouyang family would really be able to seize the SU family. She only said this to put pressure on them.

I don't care if it's a success or not, I'm just trying to scare you with my big words!

It was just like doing business, asking for a sky-high price while sitting down to pay back the money. After all, he still had to leave a chance for Zuo Si to make some profit.

That person is Zhen yingsun's superior, if you don't serve him well, he'll make life difficult for you in the future!

Unfortunately, si Ma Yun didn't notice Zhen yingsun's thoughts at all. When he heard the charges of rebellion, he was already furious.

"Impossible! There's no way our su clan would get involved in such a nonsensical rebellion, and it's even more impossible for inspector Yan to do so! Everyone in Fengqi continent knows that patrol envoy Yan Su cherishes humans the most and cherishes peace. How could he gather people to rebel!"

Sima Yunqi didn't care who was opposite him and got into a fighting stance, ""You're just trying to frame me, where's the evidence? Also, what's the motive of our su clan and investigator Yan? Overturn martial league's rule and make himself King? What a joke!"

Chapter 8739

"Sima Yunqi, you are wrong! How long have you two been in Feng Qi great continent? It's impossible for you to know the SU family and Yan SU's true colors. I advise you to go back to Wutong continent as soon as possible and stop wading in muddy water. "

Ouyang cuantian pretended to persuade them as if he really wanted Sima Yunqi and his wife to stay out of it. In fact, his true thoughts were the opposite.

To take revenge on Sima Yi, he would first have to deal with Sima Yi's parents!

Si MA started to argue with Ouyang kuantian. Because he was on the side of reason, he didn't fall into a disadvantage.

After seven to eight minutes, the big shots in the SU family were also alarmed. Su yongcang personally brought people out to see who was so bold to cause trouble in front of the SU family.

Because of Lin Yi, the SU family was now the number one family in Feng Qi continent. They had the power to ignore everyone.

When Zhen yingsun saw su yongcang and the others come out, her eyes lit up slightly. Suddenly, without any warning, she attacked Sima Yunqi and easily took him down!

Although si Ma's strength had increased by a lot, it was still far from Zhen yingsun 's. After all, Zhen yingsun was once the first hall Master of Sangzi continent. Without some extraordinary strength, how could she convince the masses?

After Zhen yingsun caught Sima Yunqi, she beat him up. He was not such an impulsive person. He liked to plot and plot to harm people.

However, Sima Yunqi was Sima Yi's father, so Zhen yingsun couldn't help but be happy. Beating Sima Yunqi was like beating Sima Yi, happy!

The Jia family was really being suppressed by Lin Yi. Zhen yingsun's first hall Master position was even taken away by Lin Yi. In his eyes, Lin Yi was using underhanded means to take the first hall Master position, not the intention of the higher-ups!

So when there was a chance to take revenge on Lin Yi, Zhen yingsun acted like she had lost her mind.

"Stop! What are you doing? Stop!"

Su lingyue was anxious and couldn't help but rush forward to stop Zhen yingsun, but she was slapped to the side by Zhen yingsun.

"You'd better behave yourself. After I'm done with your useless husband, I'll deal with you! Don't think that I don't hit women. You are suspected of rebellion. Even if I kill you, no one can say anything!"

Zhen yingsun was really arrogant. Where did the inspector get this kind of power?

In the end, this position was just a relatively noble position. It sounded nice, but Zuo Si would only talk about it. If he really wanted to take action, he would have to think twice.

He, on the other hand, directly revealed his killing intent towards Sima Yunqi and his wife without any concealment!

"Zhen yingsun, are you crazy? Do you really think that I won't kill you for touching our su family's people in front of our su family?"

Su yongcang naturally recognized Zhen Yingshan and immediately shouted at him,""Stop it now and let him go. Otherwise, you won't be able to leave our su family today!"

A large number of elites from the SU family quickly poured out of the gate. In terms of manpower, the SU family was no less than the Ouyang family!

In the past, su yongcang did not value su lingyue, let alone Sima Yunqi, but it was different now!

It was because of Sima Yunqi and su lingyue that house su and Lin Yi could be tightly bound together!

If something happened to Sima Yunqi and su lingyue, how would Lin Yi view the SU family?

Would they turn against each other and target the SU family?

It was undeniable that su yongcang's idea was a bit utilitarian, but it showed his determination to absolutely not allow anything to happen to Sima Yunqi and su lingyue!

"The SU family really wants to gather people to rebel. It's a tradition of your su family to fight against the inspectors of the inspection Institute with force! Do you want to make a move on me? Come on! Try touching one! Let's see if I'm afraid!"

Zhen yingsun's face was full of disdain. She couldn't wait for the SU family to really make a move, so she slapped Sima Yunqi again to show off, making the already miserable Sima Yunqi even more miserable.

He then heard Lin Yi's cold voice, "Zhen yingsun, I think you should be afraid! Because I'm really going to try to move one. Are you ready?"

Zhen yingluan's face changed. His goal was to lure Lin Yi to Fengqi Dazhou to buy time and space for the Jia family to make their move in Sangzi Dazhou.

Now that Lin Yi was here, it meant that his plan had succeeded!

But Zhen yingsun didn't feel happy at all. Being touched on the back by the enemy without making a sound and not knowing that the enemy had arrived ... This feeling was really not good!

To be honest, Zhen yingsun really didn't expect Sima Yi to come so quickly. It seemed that he still underestimated the SU family's position or importance in Sima Yi's heart!

"Sima ..."

Zhen yingsun wanted to turn around and say something, but she could only turn a little. Before she could even turn her head and say two words, she felt a tight grip on the back of her neck. A firm and powerful palm grabbed her neck and threw her out!

Don 't! I'm not ready yet! Wait a minute!

Zhen yingsun shouted in her heart, but Lin Yi didn't give her the chance to say it.

In the next few seconds, Zhen yingsun finally understood what a storm was.

Lin Yi's attacks didn't stop at all. In just a few seconds, every inch of his muscles was being beaten up by Lin Yi!

The beating that he had given Sima Yunchi just now was nothing compared to what he was doing now!

The people on the side only saw a shadow roll over like a whirlwind, enveloping Zhen yingsun. What followed was a dense crackling sound of fists hitting flesh.

Before they could react, Zhen yingsun turned into a black shadow and was thrown out of the whirlwind. She fell to the ground with a thud, rolled two times, and stopped moving.

The whirlwind stopped as well, revealing Lin Yi's figure. He coldly glanced at Zhen yingsun, who was lying on the ground. He then walked to Sima Yun's side and carefully helped her up.

"Father, are you alright?"

Lin Yi asked gently as he placed a recover pill in Sima's mouth.

In fact, these were just some flesh wounds. Zhen yingsun's beating was only to vent her anger and to provoke su yongcang and the others, so she did not dare to kill them.

With the help of the recover pill, Sima Yun's wounds began to heal at a visible rate.

"Yi 'er, you're back! Don't worry, I'm fine!"

Sima Yunqi patted Lin Yi's hand as he was happy. Being saved by his son was something to be happy about!

Su yongcang, su lingyue, and the others all came over to greet Lin Yi.

They hadn't seen each other for a long time, and everyone was very happy to see Lin Yi back. For a moment, they forgot that Zhen yingsun had brought people over to cause trouble.

Ouyang cuantian, who was standing at the side, was in a difficult position. He didn't know what to do at this time!

The moment he saw Lin Yi, Ouyang kuantian felt extremely guilty. He didn't even have the courage to run away, let alone fight Lin Yi!

Chapter 8740

Regret!

Why did he have to listen to Zhen yingsun's nonsense!

He knew that Sima Yi was not to be trifled with, but he still insisted on stepping into the muddy water! Did you have nothing better to do?

I wonder if it's too late to switch sides now? Would surrendering get Sima Yi's understanding?

Lin Yi didn't pay any attention to him at all-he was just a loser, after all, and he didn't do anything too outrageous this time around. Lin Yi didn't even know if he'd be able to do anything to him or not, so he decided to just put him aside for now.

"Master, that Zhen yingsun ... Is dead!"

Someone from the SU family noticed that Zhen yingsun had been lying on the ground without moving after being beaten up, but he didn't have the right to get close to Lin Yi, so he went to check on her.

And then they found out that this arrogant Zhen yingsun was killed by Lin Yi!

No matter what, he was still an inspector of the inspection department, and he died just like that? This matter was getting out of hand!

"Dead?"

Su yongcang's brows furrowed slightly, and his expression immediately became a bit more serious,""Zhen yingsun was killed by our su family. Because of the enmity between the Jia and su families, he used public office to take personal revenge and tried to distort the truth to frame our su family. That's why he was killed by us. Do you all remember?"

The older the ginger, the spicier it was. Su yongcang thought of this kind of underhand means all at once!

Lin Yi was currently on the rise, and he was bound to house su for good or bad.

If they put the crime of killing Zhen yingsun on Lin Yi's head, there would definitely be huge trouble.

So it was better for house su to take the blow-they'd have a reasonable excuse, and Lin Yi wouldn't be affected.

As for Ouyang cuantian and the elites of the Ouyang family ... Su yongcang was currently considering whether to kill them all to silence them!

In any case, the two families were enemies. If Ouyang cuantian brought people to attack, the SU family would retaliate in self-defense. What was wrong with killing them? It was very normal!

The SU family members all bowed respectfully, and Lin Yi was touched.

It didn't matter why Su yongcang made this decision, but he stood up for Lin Yi without hesitation at the first moment. Lin Yi could feel this attitude and affection.

It was the warmth of being protected by family!

"Grandpa, it's okay. It's just Zhen yingsun, a little piece of trash. It's no big deal if you kill her!"

Lin Yi was touched, but he didn't really take it to heart.

When he beat Zhen yingsun up, he did not think about holding back. Who asked this guy to seek death by beating up Sima Yunqi and humiliating su lingyue?

A Dragon had a reverse scale, and anyone who touched it would die!

Family, friends ... Everyone Lin Yi cared about was his reverse scale!

"Little brother! Don't try to act tough. Although you're the Great Hall Master and patrol of Sangzi Dazhou, Zhen Yingshan is still a patrol of the higher-up Patrol Department. She's in charge of you, the patrol!"

Su yongcang patted Lin Yi's shoulder.

Everyone was already used to Lin Yi calling him Grandpa, but calling Lin Yi lil bro wasn't a big deal.

"From this point of view, you're the one who went against your superiors and you'll definitely be charged. But the SU family is different. We're the victims of the false accusation and have no direct relationship with Zhen yingsun!"

"Killing him is what we should do. If the inspection Institute wants to pursue the matter, they can't blame us for it. So, you don't have to say anything more about this matter. All of us here will have the same story, and we definitely won't let the truth get out!"

Ouyang cuantian and the elites of his family wanted to cry but had no tears. Did su yongcang treat them as his own people or as dead people?

It was unlikely that they were one of their own, so the probability of them being treated as dead people was the highest?

That's right, it's said that only the dead can keep secrets ... I wonder if it's too late to play dead now?

Just as they were talking, Zuo Si finally followed over. He originally thought that Zhen yingsun was so tactful that she should be able to receive a large sum of compensation from the SU family when she came.

In the end, just as they got close to the SU family, the patrol servant who was secretly following Zhen yingsun came to report that Zhen yingsun had been killed by Sima Yi!

Zuo Si was shocked. Was Sima Yi that fierce?

Killing people as soon as he started, he was just trying to get into trouble!

However, on second thought, Zuo Si was secretly happy. It was good that things were blown up. He could ask for more money!

If the SU family wanted to cover up this matter, they had to show enough sincerity.

As for whether Zhen yingtong died or not, what did it have to do with Zuo Si?

He was not his trusted subordinate, so if he died, so be it. If he could create enough value, it would be a worthy death!

Thus, Zuo Si sped up and soon arrived at the SU family's door, the scene of Zhen yingsun's death.

"Who is it? Who killed Zhen Yingshan? Do you still have the law in your eyes? Are there any more inspection guilds from the martial Alliance of the starsource continent?"

Zuo Si had displayed enough anger as soon as he appeared. That earth-shaking roar could be called a real Dragon's Roar!

Su yongcang immediately stood up and said in a deep voice, "I'm su yongcang, the SU family's head. Zhen yingsun framed our su family and even beat up our su family's disciples and tried to seal up our su family. She's simply too much!"

"So what if it's the inspection Institute? When did the people from the inspection department get involved in the management of our family forces? No, this wasn't management, this was simply heading towards the rhythm of extermination! This old master would like to ask, don't these kinds of people deserve to die?"

Zuo Si blinked. Why did these words sound like a warning to him?

If he continued to frame the SU family, would the SU family also kill him? Hehe! This was simply preposterous!

Forget it, let's not care about the SU clan for now, the main character is that Sima Yi!

"Su family head su yongchang, let's put aside your su family matters for now. I'm the chief Inspector of the starsource continent's inspection department, Zuo Si. Zhen Yingshan is my subordinate, ordered to investigate Fengqi Dazhou!"

"He's dead now, and I must seek justice for him! Su yongchang, don't rush to reveal yourself. This Lord already knows that the murderer is Sangzi great continent's patrol envoy, Sima Yi!"

"Of course, Sima Yi is also considered a member of your su clan. I will deal with this matter later. First, Sima Yi, you are the patrol envoy. What do you want to do by killing the patrol who was supervising you?"

Zuo Si's thoughts were clear-he'd set Lin Yi as his target, and at the same time, he'd planned on implicating house su.

Su yongchang's expression changed slightly, and for a moment, he was at a loss.

Since Zuo Si was so sure that Sima Yi was the murderer, he naturally had concrete evidence. In addition, he also had Ouyang cuantian, the old lamp, by his side. It was as solid as a mountain!

Feeling su yongchang's fearful gaze, Ouyang kuantian's eyes immediately filled with tears. This was not easy! I finally have some sense of existence again!

"Sima Yi, don't you want to say something to defend yourself? I can give you this chance. If you have anything to say, just say it!"

Zuo Si sneered. Everything was under his control!
