

## Bodyguard 8741

### Chapter 8741

No matter what Lin Yi said, the end result would be the same-he had to decide!

"There's nothing to say. Zhen yingsun dared to touch my family, so I'll naturally return the favor! He died because he was too weak, too weak! It's the original sin!"

Lin Yi didn't care at all and shrugged casually, "Chief Inspector Zuo, Zuo Si, right? What are you going to do now? Capture me? Continue to frame the SU family and Yan Su for colluding and rebelling? Or should I stop at the edge of the cliff?"

Zuo Si was slightly stunned. He felt that this Sima Yi in front of him was a little too calm!

If he were to say that his grudge with Zhen Yingshan was a personal grudge ... The nature was completely different. It was only right and proper to avenge his parents!

"What false accusation? Stop the horse at the edge of the cliff! Sima Yi, you're the one who's framing me! I'm very disappointed in you. You don't respect your elders, and you don't even have eyes for your children!"

Zuo Si pointed a finger at Lin Yi, evidently enraged. "No matter what reason you have, it's a fact that you killed the inspector who was monitoring you! I will punish you on behalf of the inspection Institute!"

Su yongcang interjected again, "it's not Sima Yi's fault. It's this old man who ordered the killing. The SU clan did this for self-protection. Can you patrolmen be unreasonable?" This old man is not convinced!"

He was still worried about Lin Yi-after all, judging from his status, Zuo Si was indeed a higher rank, and he was an inspector in charge of Lin Yi.

It was still the same-for the sake of Lin Yi's future, it was more appropriate for the SU family to take the blame.

"If you're not convinced, then hold it in. It's none of your business now!"

Zuo Si said coldly before turning to Lin Yi. "Sima Yi, if you surrender now, you can still get a lighter sentence. If you continue to be stubborn and rely on the SU clan's people to put up a last-ditch resistance, I will not let you off easily!"

Lin Yi's lips curled up as he looked at Zuo Si, interested. "General Inspector Zuo, what are you going to do? If I rely on the SU family's numbers, what are you going to do? According to your logic, we are only going to rebel. Why would we care about that?"

"It's a crime to kill Zhen yingsun, but it doesn't make much of a difference to kill Zuo Si and all the guards you brought along. Don't you think so, General Inspector Zuo?"

Zuo Si's expression changed. It was really F \* cking possible!

If they were really forced into a corner, what would they do if they were to fight to the death?

He was the dignified Chief Inspector, and he came here to seek money. There was no reason for him to put his life at stake!

There were still a lot of good times to spend in the future, how could they be wasted on such a meaningless thing?

"Sima Yi! What do you mean by that? Don't make a mistake! If you surrender now, you still have a chance to prove your innocence. If you insist on doing things your own way, even the heavens can't save you and the SU family! Do you really want the SU family to burn down together with you?"

Zuo Si was a little fierce on the outside but cowardly on the inside. He was still shouting loudly and seemed to be very tough, but in fact, his words had already revealed his guilty nature.

At this time, he was too embarrassed to suggest that the SU family give him some benefits to settle the matter. After all, such words were only meaningful when they were absolutely strong!

In a situation where he had no advantage, why would he care about him?

"Ha ... General Inspector Zuo, you must be mistaken. What we do depends on your choice. If you didn't force us, we wouldn't be in this situation now."

Lin Yi walked slowly towards Zuo Si. His face was calm, but his aura was rising. As he got closer, the pressure on Zuo Si doubled.

If it weren't for Zuo Si's own strength, he might've been forced to retreat under Lin Yi's pressure!

"Let go of Yan Su and su Zixin! I'll treat today's matter as if it never happened! Otherwise, I promise you will regret it!"

Lin Yi stopped right in front of Zuo Si-he'd be able to hit him if he wanted to.

Zuo Si forced himself to remain calm, resisting the invisible pressure from Lin Yi's body. He didn't move an inch, but his back was covered in cold sweat, drenching his clothes.

"Hahaha, Sima Yi, your tone is really big! Forget it! Today, I don't have enough people, and I can't win against you! Release him!"

It wasn't easy for Zuo Si to maintain his imposing manner and not fall into a disadvantageous position. Indeed, he couldn't insist on not releasing su Zixin. He simply found a way out and ordered his patrolling servants to release su Zixin and Yan Su!

It wasn't that he didn't think about using the two as hostages to force Lin Yi and the others to give in, but he didn't know why, but he felt that if he did that, he might really die Here today!

His life was as precious as a piece of fine porcelain, while Yan Su and the others were just broken tiles. They weren't worth Zuo Si's life in exchange!

Lin Yi's face relaxed as he smiled and nodded. "General Inspector Zuo has made a wise decision. As the saying goes, a wise man submits to circumstances. General Inspector Zuo is definitely a wise man of the present age!"

It sounded like a compliment, but in fact, it was full of mockery!

Zuo Si gritted his teeth and laughed coldly. "Sima Yi, don't think that this matter will end here. You forced me, brought men to resist my investigation, and killed inspector Zhen Yingshan without permission. I will report all of these to the inspector and the martial Alliance of the starsource continent!"

"The one who will come next might not be me, but it will definitely be a force that can crush the SU family into dregs! Whether you attack me or not today, you will be punished by the inspection Institute. The only difference is the level of the punishment. Just wait and see!"

After saying these harsh words, Zuo Si turned around and left. He bet that Lin Yi wouldn't dare to do anything to him, because it would drag the SU family and the entire Fengqi Dazhou into a state of eternal damnation!

As expected, Lin Yi didn't make a move. He even waved his hand in a friendly manner, "Take care, Chief Inspector Zuo, we won't be sending you off! I'm waiting for the punishment you mentioned! Don't make me wait too long!"

Zuo Si sneered inwardly. It was as he had expected! Sima Yi, if you don't dare to make a move, then don't blame me for not being polite!

When you return to the inspection Office, the punishment order will be immediately issued, and you will not have to wait long!

What he didn't know was that it wasn't that Lin Yi didn't dare to attack him, it was that Lin Yi didn't want to!

Zhen yingsun was asking for it by touching someone Lin Yi cared about, while Zuo Si's name sounded like he was asking for it, but he was a cautious person who didn't seek merits but only wanted to protect himself. Lin Yi naturally wouldn't kill people for no reason.

After Zuo Si left, su yongcang, si MA, Yan Su, and the others all surrounded Lin Yi, expressing their joy at their reunion and their worries.

Most of them were worried that Lin Yi would be punished after Zuo Si reported it!

"Yi 'er, you can't be careless! That Zuo Si is a high-level officer in the inspection department, and his words have a considerable decisive factor, especially his one-sided words. It's easy for people to have preconceived ideas and misunderstand us. "

Sima frowned as he tried to persuade Lin Yi. "Why don't you make a trip to the inspection Institute? If we talk to director Jin botian, at least we'll have a chance to fight back and not let Zuo Si make a decision!"

If they couldn't confront him face to face, then Zuo Si's words would go as he wished, and that wasn't good for Lin Yi.

Lin Yi didn't mind at all, waving his hand and consoling everyone with a smile. "Everyone, don't worry. Everything will be fine! Even if Zuo Si went to the inspection department and talked about it like a deluge of heavenly flowers, it would still be impossible to convince the inspection department to believe that we are guilty!"

What a joke, if the dignified Vice President of the inspection department could be sued by Zuo Si at the inspection department, that would be a ghost!

Not to mention Lin Yi's position as the Vice Dean, the boss of the inspection department was Jin botian, Lin Yi's cheap senior brother!

And so, Lin Yi didn't even need to step in-Jin botian would've dealt with this properly!

That was indeed the case. Zuo Si rushed back to the inspection department of the starsource continent and found Jin botian directly.

"Dean Jin, long time no see. I've missed you so much! Seeing that Dean Jin's face is ruddy and full of energy, you must have been having a good time recently. This subordinate has specially come to offer you my late congratulations!"

When Zuo Si saw Jin botian, he first flattered him and then presented him with a carefully selected gift.

Putting aside the relationship between the two of them in the past, Jin botian was now the head of the inspection department and Zuo Si's Big Boss, so he definitely had to curry favor with him.

"General Inspector Zuo, you've worked hard. You've been patrolling all the continents, and it's rare for you to come back. I haven't seen General Inspector Zuo for a long time. Hurry, sit down and talk!"

Jin botian also showed enough enthusiasm and accepted Zuo Si's gift. Everyone knew that there was nothing wrong with these kinds of human relationships.

"Thank you for your understanding, Dean Jin!"

After Zuo Si thanked Jin botian, he sat down on the chair to the left of Jin botian and immediately went to the main topic, ""Dean Jin, other than paying a visit today to congratulate you, this subordinate actually has one more thing to say. I would like to ask Dean Jin to seek justice for our patrolman!"

"This matter is about the Sangzi great continent's patrol envoy, Sima Yi ..."

Zuo Si rattled off the whole story with some embellishments, even making all sorts of complaints to Lin Yi in the middle-it was a great story!

However, he didn't realize that when he first mentioned Sima Yi's name, Jin potian's face had a strange expression. However, he didn't interrupt Zuo Si's narration and continued to listen to the whole story seriously!

"... Dean Jin, in summary, this Sima Yi's problem is very big! He's definitely an ambitious and unstable element hidden within our patrol team!"

"He relied on the SU family's power in Feng Qi great continent to wantonly place his trusted aides in Sangzi great continent to gain power. He also colluded with Feng Qi great continent's patrol envoy Yan Su. His Wolf's ambition is clear as day ..."

Jin botian had basically run out of patience, so he raised his hand to signal Zuo Si to stop.

"Zuo Si, you've been patrolling all the continents, so the news of the personnel changes in our starsource continent's inspection department might be a little late! Sima Yi ... Is the new Vice-Principal of our inspection department!"

BOOM!

Zuo Si felt as if he had been struck by lightning. What the hell?

Sima Yi was the vice-principal of the inspection department. Did that mean that he was Zuo Si's superior?

He was so focused on framing his superior, reporting his superior's Black suit, and implicating his superior's relatives and friends ... What was this?

Courting death with all kinds of tricks!

"Dean Jin, you ... You ... You're not joking, are you? Sima Yi is so young, how could he be our Vice-Principal?"

Zuo Si felt an itch on his forehead and subconsciously wiped it. He then realized that it was cold sweat that was dripping down. He still held onto the hope that he would be lucky and forced a smile.

Jin botian must be joking, right?

That brat Sima Yi is so young, being able to become the Great Hall Master and patrol of the great land of Sangzi is already an anomaly!

What right did he have to be the Vice President of the inspection department?

He, Zuo Si, had been working hard for so many years, and had taken a lot of money, but he had not been able to become the vice principal. What right did Sima Yi have?

Just because he, Sima Yi, was handsome? Just because he was handsome, he could do whatever he wanted?

Zuo Si's thoughts quickly went astray ... If Jin botian knew what he was thinking, he would probably laugh out loud.

"Zuo Si, you should know that I don't like to joke! Sima Yi's contributions in Fengqi continent were outstanding, and he wiped out all the darkness demon beasts above the earth stage in the underground devil cave ..."

Jin botian briefly explained Lin Yi's achievements. These were solid contributions, enough to explain why Lin Yi was able to get a high position, while Zuo Si couldn't get promoted.

To be honest, even Zuo Si himself felt like a pile of shit compared to Lin Yi ...

Other than travelling around the various continents to collect benefits, he really didn't make any great contributions. However, he would never admit to this kind of thing!

"... That's why Sima Yi eventually became the Great Hall Master and patrol envoy of the Sangzi continent. At the same time, he also became the vice-principal of our Patrol Department. It's just that the vice-principal's position was not widely publicized, so not many people know about it. Basically, only the higher-ups of the martial Alliance in the starsource continent know about it."

Jin botian continued in a calm tone, ""Zuo Si, after hearing these words, do you still think there's something wrong with Sima Yi? Does he have the ambition of a Wolf and wants to overturn the martial Alliance of the starsource continent?"

The cold sweat on Zuo Si's forehead instantly turned into a waterfall. 'I didn't say that. Don't talk nonsense. I didn't mean it that way!'

After knowing Lin Yi's status as a Vice Dean, Zuo Si knew that it was almost impossible to take Lin Yi down!

On the contrary, the chances of Lin Yi picking on him in the future were infinitely increased!

"Dean Jin, this subordinate must have been deceived. Zhen yingsun and Sima Yi are resentful because of the Jia family's power struggle in the great land of Sangzi, so they brazenly fabricated facts and fabricated crimes!"

Zuo Si wiped the cold sweat off his forehead with his sleeve and said with a righteous expression, "Deputy Dean Sima's eyes are as sharp as a torch. He saw through Zhen yingsun's sinister intentions and it's completely reasonable and legal for him to punish her!"

"This subordinate was blinded by greed before and wanted to stand up for my subordinate. Now it seems that it was completely this subordinate's fault for not being strict with his subordinates. Such a shameful thing actually happened. I really have no face to face Deputy Dean Sima!"

"In a moment, this subordinate will go and apologize to Vice Principal Sima. This matter is all my fault. If Vice Principal Sima wants to punish this subordinate, this subordinate will gladly endure it!"

In order to protect himself, Zuo Si's attitude took a 180-degree turn, and he kept a very low profile.

Sima Yi had definitely offended him, so he could only hope that Jin botian would help him to ease his embarrassment in front of Sima Yi!

Jin botian nodded. "It's good that you can think this way. Let's not delay this any longer. Hurry and find Deputy Dean Sima to apologize!" Vice Principal Sima is a broad-minded person, so I don't think he will make things difficult for you. "

Chapter 8743

"But there's something I need to remind you of. I heard that you have a close relationship with the Jia family of the great land of Sangzi, Jia zhetian. Vice Principal Sima is currently in the great land of Sangzi as a Hall Master and patrol, so there are some things you should know how to choose."

This was just a small knock, but Zuo Si was shocked!

Now, he understood that Sima Yi, as the vice-principal of the inspection department, was equivalent to being sent to the great land of Sangzi to be the head Hall Master and patrol. It was obvious that he was targeting the Jia family!

If he, Zuo Si, didn't know what was good for him and continued to have close ties with the Jia family, he would definitely be listed as a target!

It was self-evident where he should go!

"Thank you for your guidance, Dean Jin. I'm extremely grateful and will take my leave now!"

Zuo Si already knew what to do. He respectfully bowed and took a few steps back before leaving. As soon as he left, he rushed to the teleportation array.

An apology should also be sincere. The faster it passed, the easier it was to get understanding. If it dragged on for too long, people would think that you were not sincere. Not only would the effect be greatly reduced, but it might even backfire!

The SU's were having a family dinner to welcome Lin Yi, and Yan Su, who'd been caught by Zuo Si, was there as well. The atmosphere was supposed to be happy, but it was heavy because of Lin Yi's worry.

"Everyone, please be happy. If you guys act like this, I'll think that you guys don't want me to come back!"

Lin Yi raised his cup with a smile, "I told you not to worry about Zuo Si, he can't do anything to me!"

He'd be able to calm everyone down if he told them about the Vice Dean of the inspection department, but Lin Yi felt like it'd be a little too much of a show-off if he just brought it up like that ... He decided to keep it a secret.

When the dust settled, everyone would be surprised, right?

Lin Yi chuckled a little evilly. "Come, come, come. Everyone, let's drink to our hearts 'content. It's been a long time since we last met, and I've really missed you!"

Sima Yunqi and su lingyue laughed as well. They were worried about Lin Yi the most, but seeing him so relaxed and trusting, they were relieved. They raised their glasses, ""I've missed you so much for the long time I haven't seen you!"

Su yongcang and the others also raised their glasses. After toasting together, the atmosphere finally slowly turned for the better.

In fact, it was useless to worry about it. Let's just drink to our heart's content first!

After three rounds of wine and five dishes, someone outside announced that Zuo Si had come again!

The joyous atmosphere instantly froze!

Su yongcang and the others were all nervous. Zuo Si had returned in such a short time-he must've gained new confidence. He said he was going to punish Lin Yi, and now he's back?

Lin Yi's lips curled up as he guessed what was going on.

Since Zuo Si had asked someone to come in and pass the message instead of barging in directly, his attitude was enough to explain many things.

It was just that su yongcang and the others were bewildered and didn't see this, so they were still worrying unnecessarily.

"Let him in!"

Lin Yi waved his hand, and su yongcang didn't say anything. It didn't matter if Lin Yi stepped out of his place, since Zuo Si knew who he was after.

After a while, Zuo Si quickly ran in with small steps.

Su yongcang and the rest of the SU family subconsciously stood up to greet him. After all, this concerned Lin Yi's future. Even if Zuo Si was an enemy, they still wanted to maintain a good relationship.

Lin Yi was the only one who didn't move at all, as if he didn't care about Zuo Si at all.

Zuo Si was all smiles as he politely and passionately made a bow in response to house SU's greetings before walking over to Lin Yi.

It's here, it's here!

Everyone from the SU family tensed up. They were surprised at Zuo SI's politeness, but they were still worried for Lin Yi. What would the result be?

The result ... The result was that Zuo Si directly knelt down!

"Your subordinate Zuo Si pays his respects to Deputy Dean Sima!"

Zuo Si had already made up his mind when he came-he didn't care about his reputation, but he had to get Lin Yi's forgiveness!

Otherwise, if he were to be executed to the end, how would he be able to live the carefree and happy Days he had before?

I heard that Sima Yi's favorite thing to do in the great land of Sangzi was to cut people down to the end.

For example, the president of the array Dao Association and the president of the alchemy Association ... After they were kicked out, they would be replaced by their own trusted aides!

This was a criminal record!

Zuo Si did not want to be the next person to be replaced!

"I don't dare to accept it. General Inspector Zuo is so majestic. How could I dare to accept General Inspector Zuo's kneel? Hurry up and get up, or I'll have to bear some terrible crime again!"

Lin Yi didn't even look at Zuo Si as he raised his glass, "Speaking of which, I've been on tenterhooks all this time, waiting for the inspection Institute's sanctions to come down. Chief Inspector Zuo came here this time, right? Then take it out and read it out!"

Su yongcang and the others "lips twitched-they didn't know what the Vice Dean was up to yet, but Lin Yi was always on edge ... They really couldn't tell!

He's lying through his teeth, and he's not even paying attention!

Zuo Si wiped the sweat off his forehead-he was thick-skinned enough to ignore Lin Yi's insults, and continued to put on a smile. "Please calm down, Vice Principal. I was wrong before. Please punish me!"

"It's this subordinate's fault for not being observant enough to be deceived by Zhen yingsun, this evil thing! He believed his lies! This subordinate is guilty! Zhen yingsun's favoritism and fraud actually happened right under my nose, and I only just realized it now!"

Zuo Si hit his forehead on the ground with a thud. He almost broke the green bricks on the ground!

Lin Yi laughed coldly, "you've realized that it's not Zhen yingsun playing favorites, but my identity?"

If it wasn't for his identity as the Vice President of the inspection department, would Zuo Si have knelt down and kowtowed? Lin Yi didn't believe it!

"Your subordinate is guilty! I don't dare to refute, please punish me, Deputy Principal Sima!"

Zuo Si's mind was clear, and he knew that the more he tried to explain, the more annoyed he'd get. He decided to admit his mistake and correct his attitude, betting that Lin Yi would relax a little.

Lin Yi raised an eyebrow. Zuo Si was right-it wasn't good to punish him too harshly.

After all, Zuo Si didn't do anything that made him too angry, and he was kneeling down and asking for forgiveness in such a low voice. His attitude was already enough.

Plus, a Chief inspector's position in the Department wasn't low anymore. Lin Yi was the Vice Dean, yes, but it was only in name.

Jin botian had the intention of handing Zuo Si over to Lin Yi, but he also wanted Lin Yi to get back at him. They had to give Jin botian face on this point.

If Zuo Si's crime was unforgivable, Jin botian would have dealt with him easily. Why would he let him return to Feng Qi continent?

"Alright! This time, I'll just take it that you were deceived by Zhen yingsun and let it go. But who did you wrong? you should still apologize to that person!"

Lin Yi waved his hand and dropped the matter. He couldn't punish them too severely anyway, so he might as well do them a favor.

Chapter 8744 The End

Zuo Si was overjoyed. He was already prepared to be beaten up, but he didn't expect to pass so easily.

As for the apology, it was a small matter!

Zuo Si first knelt down to express his gratitude to Lin Yi, and then knelt down to Yan Su and su Zixin to apologize.

When he came here, Zuo Si didn't want to lose face. How could he lose face over such a small matter?

Since Lin Yi didn't want to punish Zuo Si, Yan Su and su Zixin didn't make things difficult for him either. They just said a few words and sent Zuo Si away.

"Yi 'er, Zuo Si addressed you as the vice-principal, could you be ..."

Sima Yun had his own guesses. After all, Zuo Si was clearly calling him his subordinate. But even so, he still didn't dare to believe it!

Lin Yi didn't need to hide it anymore-he smiled and nodded,""That's right, I'm the Deputy Director of the inspection department. I didn't tell anyone because I had to keep it a secret!"

"Because of my son's great contribution, Dean Jin recommended me to be the Vice Dean of the inspection department after he was promoted to Dean. Not many people know about this. If I go to the Sangzi continent as the Vice Dean and become the Great Hall Master and the patrol envoy, those who are observant will naturally think of some bad things."

Everyone came to a realization. The Vice President of the inspection department went to the great continent to take up the role of Hall Master and patrol. It was obvious that he wanted to cause trouble in the Sangzi continent!

The biggest thing in Sangzi continent was the Jia family, so what was Lin Yi doing there?

Su yongcang was secretly excited. The Jia family had always been the SU family's biggest rival, and before Lin Yi appeared, the SU family had been suppressed by the Jia family for a long time without any hope of turning the tables.

But it was different now-house su used Lin Yi's name to soar into the sky, but house Jia was targeted by Lin Yi. The situation was reversed, and they were no longer the same as before!

Not long after, the first hall Master who received the news rushed over and gave Lin Yi a big hug when he saw him.

"Brother Sima, why didn't you tell me in advance that you were coming back? I went out on a mission and came back to hear that you've done something great again!"

The first hall Master had indeed just returned from a mission and had perfectly missed this wonderful show. "It's such a pity. If I were here, there probably wouldn't be a chance for you, brother Sima, to appear!"

The Great Hall Master of martial League and the inspection department were not in the same system. Zuo Si and Zhen yinglu could not control the Great Hall Master. If he was present, he could indeed fight them with force.

But then, Zhen yingsun might not be killed by Lin Yi, so it was hard to say whether this was a good or bad thing.

"Haha, then please come earlier next time!"

Lin Yi teased.

Su Ling laughed and scolded him, "once is already messy enough. Do you want to do it again?" Your father's old body won't be able to withstand any more suffering!"

Sima Yun stood up immediately and puffed out his chest to express his dissatisfaction. "What are you saying? I'm in my Prime, and my body is very strong. Why can't I stand the torture? Don't worry, Yi 'er, I'll take care of everything!"

"Don't listen to Your Mother's nonsense. I'll prove to her that I'm not old at all ..."

Lin Yi blinked a few times-he suspected that she was driving, but he had no proof!

The others did not care if they had evidence or not, they all understood and laughed. Su lingyue, on the other hand, blushed and hit Sima Yunqi twice.

With the matter resolved, everyone was truly relaxed and the atmosphere was lively again.

Lin Yi drank a few glasses with them and whispered to Sima Yunqi and su lingyue,""Father, mother, this child already has some Foundation in the Sangzi great continent and can be considered to have a firm foothold. Why don't you come with me to the Sangzi great continent?"

Although they were apart more than together, Lin Yi really treated Sima Yunqi and his wife as his parents. If not, the name Sima Yi wouldn't have been used for so long.

Central already knew that Sima Yi was Lin Yi, and to everyone else, Lin Yi was still Sima Yi.

Only in front of Sima Yunqi and his wife, Sima Yi's name was more special than Lin Yi 's.

That was why Lin Yi asked them if they were willing to follow him to the great land of Sangzi. If they were willing, they would be a real family of three.

Sima Yunqi and su lingyue looked at each other and saw the desire in each other's eyes.

They came to Fengqi continent to be with Lin Yi, but they didn't expect Lin Yi to go to Sangzi continent.

In theory, Lin Yi inviting them to the great land of Sangzi was what they wanted, but what just happened let them know that Lin Yi's life in the great land of Sangzi wasn't smooth sailing.

In order to target Lin Yi, Zhen yingsun killed her way to Fengqi continent. If they went to Sangzi continent, they would definitely become Lin Yi's weakness and be used by the Jia family!

Jia zhetian! Sangzi continent was their territory. Sima Yunqi and su lingyue weren't afraid of death, but they were afraid of becoming a burden to Lin Yi!

The couple's hearts were connected. With just a glance, they understood each other's thoughts.

Sima Yun stood up and smiled. "Yi 'er, your suggestion is good. However, your mother and I don't want to leave Feng Qi continent for the time being. You know that your mother has been away from home for so many years. It's not easy for her to come back. How can we have enough time?"

"That's why we want to continue living in the SU family. Anyway, you're the first hall Master of the Sangzi continent, so it's very convenient for you to use the teleportation array. Whenever you miss us, you can come and visit us, or we can go over. "

Su lingyue also nodded in agreement. "Your father is right. We can't help you much even if we go to the great land of Sangzi. Before your father gets impatient and chases us away, I want to stay at home!"

Lin Yi understood what they were worried about, but to be honest, it was safer for them to stay in Fengqi Dazhou.

This incident was a special case. After his identity as the Deputy Director of the inspection department was revealed, it was estimated that no one would come to frame the SU family with false charges.

With the SU family's power, they wouldn't be afraid of anyone. Sima Yunki and su lingyue staying in the SU family would definitely be safer than going to the Sangzi continent.

"Alright, if father and mother like to stay at the SU family, then we'll stay there. I'll come back to see you when I have time. If you have time, you can also come to the great land of Sangzi to see me."

Lin Yi's thoughts were clear-he didn't force them to follow him. "I've almost taken control of the martial Alliance in the Sangzi continent. I can show you around when the time comes. The scenery there is a little different from the scenery here and the Wutong continent. It'll be a different flavor!"

Su yongcang noticed that Lin Yi and Si MA were talking to su lingyue, but he didn't join in. He was extremely pleased with himself.

Deputy Director of the inspection department, that's

Chapter 8745

Lin Yi had the Vice President of the Alchemy Guild and the array Guild, but these two combined weren't as important as the Vice President of the inspection department.

Lin Yi was awesome, so the SU family was awesome!

Lin Yi's status in the continent naturally meant that the SU family's status would rise with him, and so su yongchang was more and more happy to see Lin Yi.

Although Lin Yi said that he wasn't related to the SU family by blood, as long as su lingyue and Sima Yunqi were here, it didn't matter whether he was related by blood or not.

Furthermore, other than Sima Yunqi and his wife, there was also su Yumo!

Su yongchang started to think about Lin Yi and su Yumo's marriage again. He had to find a time to push it forward!

After the dinner, Lin Yi stayed at the SU house for a day before leaving. After all, there were a lot of things to do at the great land of Sangzi. If he left for too long, the documents on his desk would pile up like a mountain.

Lin Yi didn't need to waste time looking through the documents-he only needed to scan them with his spirit sense, but he couldn't cut corners when it came to handling them. He had to give orders to the people down there.

When he left the SU family's house, he saw Zuo Si standing at the door!

"Vice Principal Sima!"

Zuo Si saw Lin Yi and immediately greeted him with a big smile."This subordinate has nothing to do these two days, so I want to follow Vice Principal and serve you. If Vice Principal allows it, this subordinate will be honored!"

Lin Yi knew that Zuo Si had been waiting at the door since yesterday. Someone from the SU family had informed him, and Lin Yi had confirmed it with his own spirit sense, but he didn't expect the guy to be so persistent, not moving an inch until now.

"General Inspector Zuo is very free? Or are you looking for me? If there's anything, you can just say it!"

Lin Yi didn't want to talk to him, so he just nodded casually.

Zuo Si hurriedly bowed and said,"this subordinate's schedule has a few extra days to spare. I was thinking that I could ask Vice Principal Sima for help from a closer distance. That's why I've taken the liberty to ask. I hope that Vice Principal can forgive me for my rudeness."

It didn't matter if Zuo Si wanted to make up for it or to get to know Lin Yi, his attitude was that he wanted to follow Lin Yi and do something for him-it'd help him get back some impression.

"Forget it, this King is going back to the Sangzi continent. If you're willing, you can come with me. In any case, I'm the Sangzi continent's patrol. You can check if there's anything wrong with me as the chief patrol."

Lin Yi's words made Zuo Si drop to his knees.

"Vice-director, you're trying to embarrass me! Your subordinate doesn't dare, doesn't dare!"

Even if he had the guts of a bear and a leopard, he still couldn't provoke his boss with an iron head. He was simply courting death!

"Let's go. We're not on the same path. We're just traveling together. Don't act like we're close, understand?"

Lin Yi said as he walked. It didn't matter if Zuo Si wanted to come along.

Zuo Si quickly agreed and chased after Lin Yi. They weren't companions, but it was better to be on the same path-it was better than an enemy!

After returning to Sangzi continent, Lin Yi sent zuosi away, not wanting to waste time with him. He then returned to his place to continue with his work.

Zhang Yiming heard that Lin Yi was back and came to report what happened while Lin Yi was away.

"Boss, Tang Yungui and Diao Longtian have done a good job. They have basically taken control of the alchemy Association. However, 80% of the original members of the alchemy Association have left, leaving only 20% behind."

Lin Yi nodded. He couldn't just take control of The Alchemist Association after leaving, could he?

This was expected, though, so Lin Yi didn't really mind.

"The alchemy Association doesn't have enough people. If we want to recruit, we can only find a way in Tianxia College's alchemy sub-college or recruit from other continents. Boss, what are you going to do?"

Lin Yi shook his head after some thought. "I won't interfere. Let Tang Yungui handle this. Let's see how he deals with it!"

Since he had become the president of the alchemy Association, he naturally had to bear the responsibility that he deserved.

Lin Yi couldn't continue to be a nanny. He had to let Tang Yungui grow on his own.

Moreover, the alchemy Association's lack of manpower was not a big problem. With the automatic alchemy furnace produced by the central alchemy Center, the number of pills refined by 20% was estimated to be more than the original number refined by 100%.

They did not need too high-grade pills. It was enough as long as they could satisfy the daily needs of martial League.

"I understand! Then let Tang Yungui and Diao Longtian handle it themselves. If they need help, we'll talk about it. "

Zhang Yiming nodded and ended the topic. He said, ""The array formation Association is already on the right track, there's nothing much to say. The Jia family has made some moves in the short time that boss left. "

"What did they do?"

Lin Yi tilted his head, interested. Leaving Sangzi continent was also to give the Jia family a chance-what could they do if they jumped out?

"They ..."

Just as Zhang Yiming was about to say that, someone outside informed him that Jia junren of the Jia family had brought people to visit the Hall Master.

Lin Yi's lips curled up as he chuckled, "they're right!" Then let them in!"

Before Jia junren arrived, Zhang Yiming quickly explained to Lin Yi what the Jia family had done.

As soon as he finished speaking, three people came in-Jia junren, Zuo Si, who had just left Lin Yi, and an ordinary-looking middle-aged man that he'd never seen before.

Jia junren and the middle-aged man respectfully accompanied Zuo Si inside. Their bodies were slightly bowed, obviously to greet Zuo Si.

Zuo Si could only smile helplessly at Lin Yi, indicating that he didn't want to come ... It was just a coincidence!

Maybe he felt that coming over would be of some use to Lin Yi, so he came along to show off?

"Patrol envoy Sima, you saw Chief Inspector Zuo of the starsource continent's Patrol Department, yet you still dare to sit still. Aren't you a little too arrogant? Aren't you going to get up and welcome him?"

Jia junren's eyes turned to Lin Yi, his voice sharp.

As far as he was concerned, Zuo Si was the boss of Lin Yi's nemesis-he was a big Shot, and so he wanted to use Zuo Si to give Lin Yi a taste of his power.

Zuo Si's mouth twitched. Get Sima Yi to welcome them?

You're not trying to harm me, are you? I almost knelt down again!

Lin Yi's face was calm as ever, "I'm dealing with official business. If you have something to say, then say it. If not, then please leave!"

"How audacious!"

Jia junren shouted and immediately turned to Zuo Si to complain,""Chief Inspector Zuo, look. This Sima Yi's heart is not in the inspection courtyard at all. Even Chief Inspector Zuo dares to be so negligent. This is outrageous!"

Zuo Si secretly pouted. It was great that Sima Yi had snubbed him like this. He hoped that he would be slighted even more! He didn't want to make things difficult for her!

"Shut up! What do you want to do here? I'm very busy, I don't have time to listen to your nonsense!"

Zuo Si was in a hurry to clarify his relationship with Jia junren. His aura was fully released, and Jia junren and the middle-aged man were immediately stunned.

## Chapter 8746

Jia junren was a little dumbfounded, thinking that the big shots were indeed unpredictable, their emotions were fickle, and he couldn't afford to offend them.

Thus, he hurriedly bowed and smiled apologetically, carefully consoling Zuo Si.

"Chief Inspector Zuo, it just so happens that you've arrived today, so I invite you to meet our sang Zi great continent's new patrol envoy Sima Yi and this new Deputy patrol envoy Jia zhengjing!"

The middle-aged man was Jia zhengjing, from a branch of the Jia family. The Jia family took advantage of Lin Yi's visit to Fengqi Dazhou to make him a vice inspector.

Lin Yi was only a patrol, and his focus was on the hall Master. House Jia thought that Lin Yi couldn't do anything about it.

To be able to successfully operate in such a short period of time, it was enough to see the Jia family's power and Foundation!

Even Lin Yi was a little surprised that they were able to operate successfully in Jin botian's inspection department. He didn't need to ask to know that they didn't get Jin botian's permission.

It wasn't easy for Jin botian to get Lin Yi to this position, how could he let the Jia family drag him down again?

Zuo Si carefully observed Lin Yi's expression and cursed the Jia family for being idiots.

Did they really think that a vice-investigator position would allow them to take away Sima Yi's patrol position?

How naive!

He didn't even know the true identity of his opponent, so he didn't lose in vain!

Or should I say, they deserved to lose. It's your own death, why drag me into this? This was too F \* cking unreasonable!

Zuo Si was cursing in his heart, but he didn't show it on his face. He was waiting for Lin Yi's reaction.

At this time, he must follow the big boss's footsteps closely and not make the slightest mistake!

"Deputy patrol envoy? What was it? I've never heard of such a thing!"

Lin Yi raised his head indifferently and glanced at the two, "I don't need a Vice Patrol envoy here, so forget it! Is there anything else? If there's nothing else, then go out and close the door!"

"You think it's nothing just because you say so? You think it's exempted just because you say so? Who Do You Think You Are?"

Jia junren had expected this and immediately sneered, ""People who don't know better would think that you are the head of the inspection department! You look really awesome, but why don't you just go to heaven?"

Zuo Si's mouth twitched. Those who didn't know would think that Sima Yi was the Dean, but those who knew ... Actually knew that Sima Yi was the Dean, and the Vice Dean was also the Dean!

Jia zhengjing also agreed in a neutral tone, ""Patrol envoy Sima, this subordinate's appointment is directly arranged by the patrol Council and will not be changed by your will. Whether you like it or not, this matter has already been decided!"

In other words, I'm not someone you can touch!

Zuo Si rolled his eyes at the side. The Jia family was really full of stupid teammates. Were they afraid that Sima Yi would not know to look for the person who had been appointed as the Deputy patrol envoy?

It didn't matter who was running the Jia family. What was important was that that guy would definitely be in trouble!

In the inspection department's headquarters, they actually didn't know Sima Yi's identity as the Vice Dean. It was obvious that he wasn't a high-ranking person.

If Sima Yi wanted to take care of a middle-level person below the high-level, he only needed to say the word. He didn't even need to move a finger.

"I said no means no! If I say it's exempted, it's exempted! You're not convinced?"

Lin Yi said as he looked at Zuo Si, scaring him!

Coincidentally, Jia junren and Jia zhengjing were also looking at Zuo Si with anticipation.

They knew that this Chief Inspector had some connections with the Jia family, so they pulled him along to be their backer.

It was all for this moment, to step out and suppress Lin Yi's arrogance!

Zuo Si did stand up, but it wasn't Lin Yi's arrogance that he was suppressing ...

"That's right, there's indeed no precedent for a Deputy patrol envoy, you should be exempted! You two, stop messing around. Hurry up and leave, don't delay things here!"

Zuo Si's face was full of righteousness as he stood firmly on Lin Yi's side, berating Jia zhengjing and Jia junren without mercy.

Jia junren and the other man were dumbfounded. Aren't you an ally of the Jia family? Why did he suddenly turn against her? Where was the trust between people?

The little boat of friendship had capsized before it could even start to ripple ...

"No, General Inspector Zuo, please reconsider. The Jia family ..."

Jia junren wanted to say something, but Zuo Si waved his hand and interrupted him.

"I know that your Jia family must have paid a huge price to operate this Deputy Inspector, but rules are rules. If you don't have it, you don't have it! I can't just make something up out of nothing! You, this unruly Vice Patrol envoy, will be void from your duties!"

Zuo Si was determined to cut ties with the Jia family and followed Lin Yi to the great land of Sangzi. One of the most important reasons was to cut ties with the Jia family, in case Lin Yi came after him.

Now was a good opportunity. In that case, it seemed that he should thank the Jia family for their cooperation.

Jia junren and Jia zhengjing were completely stunned. Zuo Si was a Chief Inspector. Even a patrol envoy would be completely under his thumb, let alone an illegitimate Deputy patrol envoy?

If the Jia family continued to keep the Vice inspector's words, they might completely offend Zuo Si and be targeted to death by him!

Weighing the pros and cons, there was no benefit in being stubborn, and it would only lead to a faster death ...

Jia junren had no choice but to leave with Jia zhengjing.

"Deputy Principal Sima, the Jia family is simply lawless and unbridled! Are we just going to let them go so easily?"

In order to show his loyalty, Zuo Si sharpened his knife and wanted to take action against the Jia family.

Of course, this was just a statement. If he really had to make a move, he wouldn't have any good ideas.

The Jia family didn't have any connections with the inspection department, so he couldn't control the Jia family.

"Otherwise what? Do you have any good ways to punish the Jia family? If there is, then I'll leave it to you. Make some good results!"

Lin Yi said, and Zuo Si laughed dryly, saying that he couldn't do anything. Lin Yi kicked him out without hesitation!

What can you say if you have no choice? it's a waste of time!

He wouldn't mind promoting Zuo Si to a higher position if he could really get rid of house Jia, but he couldn't!

"Boss, the Jia family's Deputy patrol envoy, who worked hard to get up, is gone just like that. I'm guessing they're vomiting blood at home right now!"

Zhang Yiming laughed as he teased the Jia family. He'd already told Lin Yi about the Vice inspector when Jia junren and the others came in.

Now that the dust had settled, as expected, the Jia family was nothing in front of boss!

"Ha ... I thought the Jia family would make a big move and even specially transferred me away from Sangzi continent, but this is all I'm seeing? What a disappointment!"

Lin Yi shook his head and laughed, "but it's not like we didn't get anything. We reported the Vice inspector's matter to Dean Jin. He might be able to find some vermin in the inspection department and get rid of them!"

Not only did the Jia family's scheme not succeed, but they also lost an ally who could be of use in the inspection Institute. What a scam!

Chapter 8747

"Other than that, is there anything else I need to pay attention to?"

"There are! Boss, look, this is the letter of challenge I just received before you came back. I didn't have time to give it to you just now. "

Zhang Yiming took out a black battle invitation with gold words and handed it to Lin Yi with both hands, explaining, "This is a letter of challenge from the sky array sect's sub-sect leader, challenging the boss."

"The sky array sect's sub-sect master is new. The previous matters have been thrown to the previous sub-sect master, saying that it has nothing to do with the current Sky array sect!"

"On the surface, the sky array sect has shirked all responsibility and restored its original reputation. Because you killed a lot of sky array sect people, the new sub-school leader has challenged you!"

This was the best way to regain their reputation. Defeating Lin Yi might not wash away their previous disrepute, but at least they could use this opportunity to establish their prestige and rise again in the Sangzi continent!

The thought process was weird, but Lin Yi could understand.

He opened the black letter with gold words and smiled, "Grandmaster battle? This new Sky array sect's sub-school leader seems to be very confident in his strength, does he think he can defeat me?"

The so-called Grandmaster battle was a battle between two grandmasters who used their Grandmaster titles as a bet. The losing party would lose the Grandmaster title and could no longer participate in the assessment.

If Lin Yi failed, not only would he lose his Grandmaster title, he'd also lose his position as the Vice President of the array formation Guild.

Without the title of Grandmaster, one would not be qualified to hold such a position.

Of course, if they were not confident and felt that they would lose, they could also refuse the invitation to the master's battle. However, in that case, they would be known as cowards.

It didn't make much of a difference whether he had the title of Grandmaster or not. No one would respect him when he went out.

Therefore, a battle between grandmasters was usually reserved for people who had deep grudges and were irreconcilable with each other.

"Boss, the sky array sect is seeking their own death! Since they're so eager to give their heads away, we don't need to be polite with them. Let's just do it!"

Zhang Yiming couldn't help but laugh as well. He had more confidence in Lin Yi than Lin Yi himself, and it could be said that he blindly worshipped Lin Yi's level.

If Lin Yi was said to be the sub island's number one, he'd still support him firmly. It was just a Grandmaster battle between sky array sect's sub-sect leaders, what was that?

Boss could easily beat a dozen of this level of trash!

"Indeed, if I don't agree, I would be letting down the sky array sect's intentions!"

Lin Yi smiled as he threw the letter on the table. "The sky array sect invited me to their territory. They probably think that they have the right place and people to help them take me down safely, right?"

"I was still worried about how to get close to the sky array sect. Now I don't have to worry, they came to me themselves. Yiming, help me reply to the sky array sect, tell them that I'll accept this master battle!"

Lin Yi was afraid that the sky array sect would suddenly go back on their word.

Zhang Yiming laughed and agreed. He turned around to reply to the sky array sect about this matter. At the same time, he silently wished that the sky array sect's sub-school leader would not lose too badly ...

Before Lin Yi came back, when the battle invitation was sent, the news of the sky array sect's Grandmaster battle with Sima Yi had already spread like wildfire outside.

He didn't even need to ask to know that the sky array sect was the one spreading the news, pushing the matter to the point where Lin Yi couldn't reject them.

If he refused, he would lose all face for martial league's Hall Master and patrol.

However, they didn't expect Lin Yi to not think that it was a bad thing at all. He agreed to the Grandmaster-level challenge without any hesitation, which made their hype useless.

Well, it wasn't completely useless-at least the news of Lin Yi agreeing to the Grandmaster battle spread like wildfire. He probably wouldn't go back on his word, would he?

The Jia's were overjoyed when they received the news-they were furious at Lin Yi's removal of the Vice inspector, and immediately sent someone to contact the sky array sect, saying that they wanted to team up with them to deal with Lin Yi.

In fact, during the strengthening mission in the abandoned forest, the Jia family and sky array sect had already joined forces once, but it didn't end well. Lin Yi killed them all by himself, and they were now brothers in the same boat ...

Whether the two sides would officially join forces this time and what the result would be, it was still unknown for the time being. They could only wait and see when the time came.

The next morning, Lin Yi brought Shi chengcai to the sky array sect's meeting place.

Lin Yi was supposed to be the only one fighting, and with his strength, it'd be more convenient for him to fight alone.

It was just that Grandmaster-level battles were rare, and Shi Yucai was very interested after hearing about it. She suggested going with Lin Yi to see it, and Lin Yi didn't think it was a problem, so he brought her.

Safety wasn't a big problem. With Lin Yi's strength, it wasn't difficult to escape with Shi Yucai, but it was hard to say if there were more people, so Fei daqiang and Zhang Yiming could only stay behind.

The location of the sky array sect's meeting was a remote forest near the abandoned forest, which was usually inaccessible.

Lin Yi wasn't sure if this was the base of the sky array sect, or if it was just a temporary venue for the Grandmaster battle.

"Sangzi great continent's martial Alliance's Hall Master and patrol envoy, Sima Yi, and his disciple Shi wancai have been invited to participate in the Grandmaster battle!"

There was an activated defensive formation around the forest, and Lin Yi decided to use peaceful means before violence. He stood outside the formation and reported his name, waiting for the other party's reaction.

Lin Yi had just finished his sentence when someone in the formation replied, "Grandmaster Sima, you don't have to talk about status or position. Today is the Grandmaster battle, so you can only speak as a Grandmaster."

"It is a great honor for the sky array sect to have the two grandmasters here! However, if the two of you wish to enter, please enter the formation first! Both of you are Diamond Grade grandmasters, I don't think such a small matter would be difficult for you. "

The sky array sect was secretly happy that Lin Yi had brought Shi chengcai along. It would be perfect if they could take care of the two at the same time!

However, even though he was happy, he still had to show off his power in his plan!

Letting Lin Yi break in by himself was the sky array sect's way of putting Lin Yi down. With the sect's background, the formations they set up were naturally not ordinary.

If Lin Yi couldn't even break this formation, then the sky array sect could just spread the word that Lin Yi didn't deserve his reputation, that he couldn't even handle a gate guard, and that he didn't have the right to fight the Grandmaster battle with the sky array sect's leader!

Lin Yi's lips curled up as he smiled. "It's indeed a small matter, nothing difficult! Since you don't want this formation anymore, I'll help you dismantle it!"

The sky array sect's array could not be considered a complete sub-island sect, as it was mixed with some sky order island's array Dao philosophy.

Therefore, to the sub island's array path Grandmaster, it would appear profound and difficult to understand, absolutely unfathomable.

Chapter 8748

However, in Lin Yi's eyes, it wasn't even worth mentioning. It was a good idea to merge the two paths "formation theories together, but the person who set up the formation wasn't strong enough.

It was just a weird looking thing-it was good enough to scare people who didn't understand, but in the eyes of a Grandmaster like Lin Yi, it was full of flaws!

"Grandmaster Sima is really bold! If you can tear it down, then tear it down! If you can't break it, our sky array sect won't laugh at Grandmaster Sima for having high standards but low abilities. You can just admit defeat and be done with it. "

If he couldn't even pass the probing formation and still refused to admit defeat, what was he waiting for?

But before he could finish, Lin Yi had already started breaking the formation. It wasn't complicated at all-he just found a spot and gave it a kick.

If Fei daqiang had followed them, he would definitely have shouted and broken the array with his big feet!

Lin Yi pulled his leg back casually, as if he was just casually kicking in the air. The formation that was blocking Lin Yi started making cracking sounds, and soon, it began to break apart under the shocked eyes of the man!

The formation was broken!

"What did you just say? What do you mean by admitting?"

Lin Yi smiled as he looked at a big tree. Behind the tree stood a man in his late twenties, wearing the sky array sect's uniform. He was dumbfounded as he watched Lin Yi walk over.

He thought that Lin Yi would fail, but before he could finish his sentence, Lin Yi had succeeded!

What kind of speed was this? This must be a joke!

How did Sima Yi do it? This Grand array's power was extraordinary. Even if one wanted to break the array, one also had to enter the array technique first!

Did someone enter the formation?

Indeed, he was inside the formation!

However, he dared to swear on his life that he would not destroy the array and did not discover anyone entering the array!

"You can't even imagine how powerful my master is. You want to use such a small trick to make things difficult for my master? It's ridiculous!"

Shi chengcai snorted in disdain, slapping Lin Yi's face.

But he was curious-how did Lin Yi Do it?

That Bigfoot breaking array was really awesome!

He had to learn it!

The road of cultivation is long and far, I will ... Continue to hold master's thigh tightly and not relax!

After staying with Fei daqiang for a long time, Shi shengcai had unknowingly been led astray. After his fangirl support group found out, would they all cry in the toilet?

"Sima Yi has been invited. Is this how your sky array sect treats its guests? Forget it, I don't want to haggle over it, quickly take us to your sub-school's leader!"

Lin Yi put his hands behind his back and puffed out his chest with the air of a Grandmaster, stunning the sky array sect man.

Especially when the shock of Lin Yi breaking the formation with one kick was still present-he couldn't help but lower his head and bow, submissively agreeing.

When he realized that this was the sky array sect's enemy, he was so embarrassed that he wanted to die. He didn't have the courage to talk back to Lin Yi, so he could only lead the way silently.

Such a difficult guy, it was better to leave it to those big shots to deal with!

At the same time, a group of people gathered in the sky array sect deep in the forest.

At the head of the table sat a middle-aged man with a long beard and a handsome face. He had an elegant and gentle temperament. At this moment, he was smiling at another middle-aged man beside him.

"Sect leader Chang, it seems that Grandmaster Sima's power is beyond your expectations! He wanted to show off his might, but in the end, he was slapped in the face. "

"A battle between grandmasters ... Will you reconsider? If there's a need, I can step in and mediate the conflict between you two. You're all the pillars of the star source continent, so there's no need to fight to the death!"

The long-bearded middle-aged man who spoke was Luo xingliu, the hall Master of the martial Alliance in the starsource continent. He was one of the few people with the most distinguished status in the entire starsource continent. He had been invited to be the notary of the Grandmaster battle.

Luo xingliu would not be able to get involved in an ordinary Grandmaster battle. This time, it involved the sky array sect. The other party was the rising star of the martial Alliance of the starsource continent, Sima Yi, who was the hall Master of the martial Alliance of the Sangzi continent. He could be considered Luo xingliu's direct subordinate.

Naturally, Luo xingliu was interested in stepping in. If things didn't go well, he could still protect his outstanding subordinate, Lin Yi.

As for the idea of mediation, he was just saying it, but he knew that the sky array sect would not agree.

Now that things had come to this, there was no turning back. The Grandmaster battle was inevitable!

Naturally, sect leader Chang was the newly-appointed sect leader of the sky array sect. After hearing Luo xingliu's words, he smiled and said, "First hall Master, I appreciate your kind intentions. Unfortunately, after the Grandmaster battle has been decided, there is no reason to cancel it."

"As for Sima Yi's strength, you can't judge him just because he broke the outer formation. In fact, the outer formation was just a test subject for my subordinates. Although it's powerful, it's full of mistakes."

"It's a win-win situation when it comes to dealing with outsiders, but it's nothing much when it comes to array Masters. It's not difficult to break the array in an instant by making use of the flaws in the array itself. I can only say that Sima Yi's eyes are good!"

Sect leader Chang spoke calmly, speaking the truth. On the surface, he didn't care about Lin Yi, but in fact, he was a little afraid of him.

It was a fact that the array was full of mistakes, but the problem was that the array Masters of the sub-island system would never understand these mistakes!

Sima Yi was able to break the array in an instant, which meant that this person had some knowledge of the array Dao system outside the sub Island. This was the most troublesome part!

The sky array sect had inherited a lot of array Dao knowledge from array Emperor sun sikong, which was not from the array Dao system of the sub-Island.

Or it could be said that the sub island's main array Dao system was actually only a part of the sky array sect!

The remaining secret was the root of the sky array sect's survival!

Where did Sima Yi get this part of the array path system?

Sect head Chang's face was calm, but his head was buzzing.

"Hehe, it seems that sect leader Chang is still full of confidence. In that case, I won't say anything more!"

Luo xingliu didn't force him. He only looked at sect leader Chang thoughtfully before looking away and drinking his tea.

There were a few other well-known array Masters from the starsource continent present. They were all invited to witness the battle. At this moment, they were also discussing about Sima Yi, who was about to arrive.

This array path genius who rose like a comet, they were only famous, but now that they could see him, they were all filled with interest.

After a while, Lin Yi and Shi chengcai arrived at the sky array sect's building under the lead of the sky array sect's Guide, and saw a group of people with different expressions.

Chapter 8749

"Grandmaster Sima and Grandmaster Shi, I didn't expect the two of you to come together. This is great! Our sky array sect is honored by your presence!"

Sect leader Chang was very happy to see Lin Yi and Shi Yucai.

Of course, this wasn't because he was hospitable. He was thinking that since these two array Dao geniuses had come together, then they should both stay!

He wanted to leave, but there was no way!

Even if Luo xingliu and a few other famous grandmasters were here, he would find a way to kill Lin Yi and Shi Yucai and get rid of these two threats for the sky array sect!

"Grandmaster Sima, let me introduce you. This is the hall Master of the martial Alliance from the starsource continent, Hall Master Luo xingliu! It's such an honor to be the witness of the master-level battle today!"

Lin Yi blinked-the Xingyuan continent's martial Alliance's Hall Master?

He had never seen first hall Master Luo xingliu appear in the sky array sect's sub-school before. Could he be related to the sky array sect?

If that was the case, things would not be good!

"Subordinate Sima Yi (Shi wancai), greets Hall Master Luo!"

Lin Yi didn't want to be rude and bowed with Shi Yucai. Shi Yucai was the president of the Sangzi continent's array Association and was considered Luo xingliu's subordinate.

"Grandmasters, there's no need to be so polite. I'm here today for the Grandmaster battle, so I won't bother about my status as a martial League member! "Of course, if there is any unfairness in the battle between the grandmasters, I, as the witness, will definitely correct it. You two grandmasters can rest assured!"

Luo xingliu smiled and raised his hand to support her. His attitude was quite friendly and did not have the arrogance of a superior, which was extremely consistent with his temperament.

Lin Yi relaxed a little. It seemed that this first hall Master Luo xingliu didn't have any bad intentions towards him. He even seemed to be protecting him.

Intuitively, Luo xingliu shouldn't be a member of the sky array sect ... But he couldn't be careless!

If Luo xingliu had nothing to do with the sky array sect, why did they look for him? Was he trying to add to the traffic?

He felt that he had to stay alert before he understood Luo xingliu. He shouldn't trust Luo xingliu too easily. Fortunately, Lin Yi had always been relying on himself and rarely asked for help from others.

After Luo xingliu's greetings, sect master Chang introduced the well-known array Dao grandmasters in the starsource continent.

Lin Yi and Shi tiancai weren't any weaker in terms of formations, so everyone was very polite and didn't use age or experience as an excuse.

"Now that everyone knows each other, let's begin the Grandmaster battle!"

Sect leader Chang stood up and nodded to Lin Yi. "Does Grandmaster Sima have anything else to say? It's still not too late to regret now. I can agree to your request to withdraw from the Grandmaster battle. After all, Grandmaster Sima is young and promising. It would be a pity to lose the Grandmaster title. "

Psychological battle!

Everyone understood that Lin Yi wouldn't back down now that he was here. The sky array sect had the geographical advantage and wanted to weaken Lin Yi's fighting spirit.

In a battle between experts, even the slightest difference in strength was enough to cause a decisive outcome.

Sect leader Chang clearly knew this well-he started a psychological battle without even making a sound, hinting that Lin Yi had no chance of winning and that backing out was the best choice.

"I should be the one saying that," Lin Yi smiled. The welcoming array set up by the sky array sect couldn't even stop me for a second. If sect leader Chang's skills stop here, then your defeat is certain!"

"It's not too late to back out now. How about I pretend I never received the sky array sect's challenge? I can't go back on my words in front of Hall Master Luo! This is all for Hall Master Luo's face!"

Luo xingliu stroked his beard and smiled, very satisfied with Lin Yi. It wasn't because Lin Yi said he was giving him face, but because Lin Yi was able to fight back so strongly in a situation like this.

In terms of psychological warfare, the sky array sect didn't have the upper hand at all, and they were even suppressed by Lin Yi's sharp counterattacks.

He went for wool and came home shorn!

Sect leader Chang did not mind. He had long heard that Sima Yi was sharp-tongued and his ability to control people was not weak. Since he could not play the psychological game, he might as well start fighting!

"Since Grandmaster Sima has made up his mind, let's start the Grandmaster battle! By the way, Grandmaster Shi is also here today. Do you want to join in? I don't mind adding one more!"

When he saw Shi tiancai, sect leader Chang already had the thought of keeping her, so now he naturally had to take the opportunity to pull her into the battle.

Lin Yi brought Shi chengcai here to watch the Grandmaster battle and learn from it. He didn't think he'd be involved.

Lin Yi suddenly felt that this wasn't too bad after sect leader Chang mentioned it!

How could the spectators gain more by participating?

Shi longcai had already reached the peak of the diamond-grade array Dao Grandmaster, and there were faint signs of a breakthrough.

What he needed now was an opportunity. Perhaps he could find this opportunity in the Grandmaster battle?

In Lin Yi's eyes, this master-master level battle was a sure win. He didn't have to worry about losing at all.

"Master, I am willing to participate in the master battle!"

Shi shengcai didn't know what Lin Yi was thinking, but it was clear that he and Lin Yi were thinking the same thing. They both felt that this was an opportunity, so they asked to fight without waiting for Lin Yi to speak.

"Alright, then I'll participate!"

Lin Yi nodded, agreeing so casually that it seemed a bit rushed.

Sect leader Chang was a little stunned. He had just casually asked, and you all agreed so casually?

Why did it feel like I wasn't the one who wanted to scam you, but you were the ones who were rushing to jump into the pit? Was the pit that he was rushing to jump into still a pit? Who would be tricked in the end?

This guy's mind was in a mess, and he subconsciously said, ""That's good! Then let's expand the Grandmaster battle to a two-on-two team battle!"

When he saw Shi longcai come with him, sect head Chang had already been thinking about the arrangements in this area, so he didn't need to think before he spoke.

The sky array sect didn't lack array Masters, they could find anyone to compete with. They relied on sun sikong's array inheritance, outsiders couldn't break it at all.

But Lin Yi was different!

Sect leader Chang came back to his senses and his heart wavered. Could he really get the desired result from this Grandmaster battle?

Would he fail miserably in an easy task?

... No, did he fall for Sima Yi's psychological warfare tactics?

Sect leader Chang shook his head to get rid of those unrealistic thoughts and pretended to be calm, ""The rules of a two-on-two Grandmaster battle are not much different from a one-on-one battle."

"Grandmaster Sima, you probably don't know yet. I've already handed over the rules to Hall Master Luo and the other grandmasters. I'll explain it to you again!"

"The Grandmaster battle is divided into three rounds. The first round is to set up an array and break the array. Simply put, we set up the array as the defensive side, and you will be the attacking side to break the array within the time it takes for an incense stick to burn. If you succeed in breaking the array, you will get one point, and if you fail, you will get one point."

"When the time is up or when the victory is decided in advance, we will swap our attack and defense! Both sides will attack and defend for five rounds, and the final score will determine the winner of the first round. "

Chapter 8750

"The second round of modifying the formation! Each of you will set up a formation and the other will modify it. After that, you will break the modified formation and the winner will be decided based on the time it takes to break it. Two out of three rounds will decide the winner. "

"The third round has ended. Both sides will set up formations in the same area to fight. The winner will be King! In other words, if you win the first two rounds, there's no need to proceed with the third round!"

"Because it's a two-man team, in the first round of attack and defense, one person must be chosen to attack and the other to defend. The order of attack and defense can't be changed halfway. If you understand, then we can begin!"

The rules were simple, and there was nothing incomprehensible about it. Thus, under Luo xingliu's lead, the two sides began the first round of competition.

After drawing lots, the sky array sect got the right to attack first. Lin Yi's side would be on the defense, and the sky array sect announced that they would send the elder to attack and vice sect master Chang to defend.

On Lin Yi's side, Shi shengcai went up first to defend while Lin Yi attacked.

Therefore, the first confrontation was between the sky array sect elder and Shi Yucai!

"Master, I'm going to set up the array. I wonder if master has any instructions?"

Shi Yucai was full of confidence. With his current strength in formations, he could indeed be considered a top-tier master on the sub Island, especially after integrating Lin Yi's other formations.

Other than Lin Yi and the people around him, not many people on the sub-Island could recognize the formation, let alone break it!

"Go, do your best, and play freely!"

Lin Yi had confidence in Shi Yucai, so he patted his shoulder and told him to set up the formation.

The process of setting up the array was confidential. Shi longcai was not slow and soon finished setting it up. He walked out and cupped his hands to the sky array sect. "Please give me your guidance!"

The sky array sect elder snorted and walked proudly past Shi tiancai with his head raised, not paying any attention to her at all.

Shi chengcai's brows raised slightly and he calmly put down his hand. It's my manners to be polite to you, but it's your problem if you're impolite.

"The sky array sect will attack in the time it takes for an incense stick to burn. We'll start now!"

Luo xingliu lit up an incense stick and inserted it into the incense burner. Green smoke rose as time passed.

Very quickly, more than half of the time it took for an incense stick to burn had passed. The elder of the sky array sect was indeed skilled. He easily cracked the array Shi longcai had set up and walked out of it.

"It's nothing more than this! It's not that difficult!"

When the sky array sect elder walked past Shi tiancai, he still didn't even look at her, but he had left such a mocking remark in a light tone.

There was a hint of disappointment in Shi longcai's eyes, but he didn't care too much. It was normal for an array to be broken by someone, not to mention that the opponent was an elder of the Mount Tai and Bei Dou heaven array sect.

"Master, I'm sorry. I lost my first battle ..."

What Shi Yucai cared about was that his loss would affect Lin Yi. Every battle in the Grandmaster battle was crucial. If he lost because of him, would he still have the face to follow Lin Yi?

Lin Yi chuckled and shook his head, patting Shi tiancai's shoulder. "It's not a big deal, why are you saying sorry? After all, the other party is an elder of the sky array sect. You shouldn't underestimate him!"

"Besides, one defeat doesn't mean anything. You still have four more chances to prove that you're stronger than him! Don't take it to heart!"

Shi chengcai nodded, feeling a lot more relaxed. As long as Lin Yi didn't blame him, he was confident that he could win it back later!

As for the defense of the sky array sect ... Hehe!

It wasn't that Shi Shucai looked down on sect leader Chang, but he looked down on all the formation Masters present. With that godly skill of breaking formations with his giant feet, Shi Shucai didn't think there was any formation that would be difficult for Lin Yi.

Because he didn't understand it, he had made it a legend!

"Grandmaster Sima, you're wrong! I don't think you'll have four more chances to defend! The first round of the competition will be over soon!"

Sect leader Chang smiled confidently as he walked past Lin Yi. He was saying that the first round would soon have a six-point win, and there was no need to continue with the rest.

And the side that would obtain six points would undoubtedly be the sky array sect!

"Sect leader Chang is right! Maybe we don't need to defend four more times, because we will lock in the victory in advance! It's all thanks to sect head Chang's reminder!"

Lin Yi didn't even bat an eye as he retaliated, and sect leader Chang only hmped coldly and left without further argument.

After a while, sect head Chang finished setting up the array and returned with a cold smile, ""Grandmaster Sima, please! Don't Let Me Down!"

Lin Yi raised an eyebrow and asked, "Sect leader Chang, are you disappointed to see me break the formation? Or are you disappointed that I can't break the formation? You're probably disappointed to see me break the formation, right? Then I'm really sorry, you're destined to be disappointed today!"

Without waiting for sect head Chang's response, he turned around and walked straight to the place where he had set up the array.

Luo xingliu looked at Lin Yi curiously. He hadn't seen Lin Yi's strength in arrays before, so he wanted to see how Lin Yi would perform.

"The second round of the first round, Sima Yi will attack, sect leader Chang will defend. You have the time it takes for an incense stick to burn, begin now!"

After Luo xingliu finished his announcement, he inserted the newly lit incense into the incense burner.

Lin Yi didn't use any fancy moves-he just took a step forward and kicked out.

The invisible barrier of the array started to shake, creating layers of transparent ripples in the air. Then, there were cracking sounds from various parts of the array, and finally, it connected together and completely shattered.

Shi wancai was inexplicably excited. Big feet was invincible when it came to breaking formations!

Fei daqiang's good brother wasn't exaggerating at all. He was telling the truth!

Sect leader Chang and the sky array sect's people were all dumbfounded. They thought that Lin Yi would lose for sure this time. There was no way he could break this formation. Even if he could, he would only do it after the time ran out!

And the result? Exhausted, my ass!

The incense stick had just been lit, and it was still in its original state. There was not even an inch of incense ash, but the array was broken! What's the point of this!

Lin Yi walked back slowly and looked at sect leader Chang. He tilted his head and thought, "Sect head Chang, are you afraid that I'll lose too badly, so you're deliberately letting me off? Aren't you underestimating me by creating such a lousy formation?"

"Next time, I hope sect leader Chang will be more serious and show me your true ability. Don't use this kind of junk to brush me off, it's a waste of time!"

Sect leader Chang's face turned ashen. You're deliberately going easy on your entire family! You're the one who's broken!
