Chapter 8821 The End

Lin Yi's mouth twitched. Alright, that made sense!

Now that he was collecting them, he would just keep them!

The black water crystals left behind by the remaining five chaos demonic beetles were also taken out and stored into the Jade space.

Lin Yi didn't ask how it was used to level up his spirit-there was no point in asking now, anyway. He'd wait until he had enough.

The tunnel they came from was completely sealed off-the underground cave was following Lin Yi's orders and sealing off all the exits.

Since Lin Yi killed the six chaos demonic beetles as soon as he came in, the chaotic spirit consciousness couldn't continue. It couldn't affect the array Masters outside, and it was easy to fix the flaw.

The dark beasts couldn't use this node, and Lin Yi couldn't use this tunnel to go back to the underground cave. Everyone's target would change to other nodes.

The problem now was ... How to get to the other nodes?

This was the territory of the darkness magical beasts. The entire world was dark and desolate, and only a faint light allowed one to barely see!

Direction Lin Yi didn't know how to tell the direction here, but everything he could see with his spirit sense was pretty much the same. It seemed like he could just close his eyes and walk.

Before Lin Yi could decide which way to go, a group of dark demonic beasts appeared within his spirit Sense range. The leaders were three heaven breaking Masters in human form, followed by a group of sea splitting and earth splitting stage dark demonic beasts. There were more than two hundred of them!

With this kind of strength, it was probably just a patrol team in the dark Beast clan's territory. Lin Yi was confident in killing them all, but he didn't want to do it!

It wasn't a good choice to cause a huge commotion and expose himself as soon as he entered the territory of the darkness magical beast clan!

The fact that this team of darkness magical beasts had arrived so quickly meant that they had discovered that the chaos demonic beetles had been killed!

From the time Lin Yi stepped on the chaos demonic beetle until now, it hadn't even been a minute or two, and the dark Demon beasts "reinforcements were already here. What did this mean?

There should be a Dark Demon beast clan's territory nearby!

Whether it was in the form of a tribe or a recruited team, why didn't they directly station themselves at the node? Yet, only six chaos demonic beetles were placed here?

Did he think that six chaos demonic beetles were enough to deal with most situations? Or could it be that they were only using these six chaos demonic beetles as bait?

Lin Yi was more inclined to the latter!

Hence, this team of darkness magical beasts that had taken the lead might only be a scout team, and there would be more darkness magical beasts coming after them!

He couldn't stay here for long!

Lin Yi felt a sense of danger-the Jade space didn't give him any warning, but it'd be too late if he waited until the dark beasts surrounded him!

Just as he was about to escape in another direction, a new group of dark beasts appeared at the edge of his spirit sense. Their numbers and composition were similar, and before he could react, another group of dark beasts appeared in another direction!

In other words, Lin Yi was already surrounded!

Because this space had an obvious suppression effect on the range of his spirit sense, Lin Yi couldn't find the enemy's trail earlier. Now that he wanted to leave, it seemed like the only way was to force his way in!

Or, he could choose not to leave!

The darkness magical beasts spread out in all four directions, forming a complete encirclement to ensure that no one would be able to sneak out of it.

In at most 30 seconds, they would be able to completely surround them and kill everyone in one fell swoop!

After 30 seconds, the darkness demon beasts that were rushing over from all four directions met up and looked at each other ...

Where was he? Where were the people who were surrounded?

Each of them was very sure that no one had broken out from their direction, so they were not willing to take the blame for this!

"What's going on? Did you guys not notice that you let the enemy who appeared here escape?"

The leader of the dark Demon beast team that Lin Yi found first spoke faintly, clearly pushing the blame on the other three teams.

Yingluo, there's definitely no problem on my side. The problem is definitely on your side!

Of course, the other three teams couldn't recognize them. They all said, ""It's impossible on my side. If they want to run, they'll have to run from your side!"

They didn't think that there was no enemy at all. After all, the corpses of the six chaos demonic beetles were still on the ground, but the black crystal within the chaos demonic beetles 'bodies was gone!

It was clear that someone had killed these chaos demonic beetles and collected their crystals.

The problem was that at the same time the chaos demonic beetle was trampled to death, the early warning system set up by the darkness demon beast clan was activated. The four teams set off immediately and rushed over, completing the encirclement in about two minutes.

During this period, he could ensure that the enemy would be discovered if they tried to escape ... Well, in fact, he couldn't be sure of this.

After killing the chaos demonic beetles, the enemy had even leisurely collected the black crystals within the chaos demonic beetles 'bodies before disappearing without a trace. It was a little embarrassing to say that.

The leaders of the four darkness demon beasts argued for a while, but they still couldn't get the point, so they could only calm down and discuss it.

"The hole in the node has been fixed. It's obvious that the humans in the underground Devil's Den have discovered the problem and dealt with this node!"

"From the trampling marks, the one who killed the chaos demonic beetles was indeed a human. Although we have the ability to transform, it is definitely rare to see people wearing boots after transforming in this place!"

What he said made a lot of sense. There were quite a lot of darkness demon beasts in the four groups, and they were all barefooted. This was because the darkness demon beasts had extremely strong bodies, and they had never sprained their feet before.

If there was a stone under their feet, they would just crush it, so they didn't have the habit of wearing shoes. Only when they entered human society and wanted to lurk would they deliberately learn from human behavior and wear shoes that they thought were more decorative than practical.

From this, he could deduce that the one who had stepped on the chaos demonic beetle was a human. There should be no mistake!

"The fluctuations of the node have completely calmed down before we arrived, so that human should not have enough time to kill the chaos demonic beetle and return the way he came. We can rule out the possibility of him returning to the underground Devil's Den!"

"He didn't go back, so he can only stay with us. Which direction did he leave from?"

A few leaders of the darkness magical beast clan expressed their opinions and slowly sorted out the sequence of events.

"Sir, after the murderer killed these chaos demonic beetles, there were no signs of him leaving. It seems like he's still here!"

Chapter 8822

A darkness magical beast that was good at tracking reported its findings with some doubt. At the same time, it instinctively looked around, as if wondering if there was a place to hide in this area.

Since the darkness magical beasts in all four directions didn't find any traces of that human escaping, and there were no signs of him leaving this place, he was naturally hiding nearby!

However, the surroundings were barren, and there was no place suitable for hiding. There were no traces of movement either, which made it a little difficult to deal with!

"You didn't leave? It was indeed a human! The other party had discovered the chaos demonic beetles' influence on the repair node, so they had come in through the node to eliminate the hidden danger! They're best at using formations and the like to deceive the eyes, so if they set up a concealment formation, it's indeed possible to hide from us!"

One of the leaders of the darkness magical beasts had a ruthless look in his eyes, and he coldly swept his gaze around. "Spread out and attack the empty space! No matter how exquisite the concealment array is, it's impossible for it to remain completely undetectable under an attack. As long as we find his hiding place, he's dead!"

"No matter who this human is, he must die! He's not afraid of the chaos demonic beetles 'chaos fluctuations, and he even dared to enter the spatial node to attack. If we don't get rid of him, he'll definitely become a major threat to us!"

He wasn't completely clueless about formations. To put it bluntly, a concealment formation was just a smokescreen. Once it was attacked, it would definitely reveal a flaw or even be directly destroyed.

Only two minutes had passed since the chaos demonic beetle had been trampled to death and they had arrived at the scene. He did not believe that the human who had come in from outside the node could set up such a profound and mysterious array in such a short time!

Perhaps it was a formation disk that he carried with him. In any case, he would definitely be able to find this person if he used a carpet search!

Just as he said, Lin Yi's existence made him feel threatened by the dark Demon beast clan's plan.

To be able to ignore the chaos demonic beetles 'chaos fluctuations and even brazenly enter the darkness demon beast clan's territory to kill six chaos demonic beetles ... He was definitely a huge threat!

The 800 to 900 darkness demon beast experts immediately began to move upon receiving the order, sweeping the ground in all directions.

If Lin Yi really did set up a stealth formation, even with a strong defensive formation, he wouldn't be able to escape this kind of concentrated attack.

Unfortunately, the darkness demon beast clan's attempts were all in vain.

Lin Yi didn't use any formations at all. This was an easy method for him, but there were more convenient methods that didn't require any formations.

Lin Yi was floating in the air in his spirit form, his body in the Jade space.

No matter how the dark Beast Masters tried to guess and test Lin Yi, they would never know that Lin Yi was floating above their heads and listening to every word they said!

In fact, if Lin Yi wanted to leave, he could do so anytime he wanted in his spirit state. The reason why he stayed was because he didn't know where to go, other than listening to what the dark beasts had to say ...

Since that was the case, it was better to stay and see the situation. Maybe there would be a direction!

And that was the truth-after the dark beasts couldn't find any trace of Lin Yi despite all their efforts, the shapeshifting Masters gathered together again.

"I saw a ghost! Could it be that the human who came in was really that fast and directly left this place to return to the underground Devil's Den?"

"With our search efforts, it's impossible for anyone to hide nearby, but the chances of them returning are not very high either! Perhaps they used some other method to leave this place, such as a teleportation talisman. This is one of the most practical methods humans have!"

"That makes sense! If we use the teleportation talisman, we can indeed avoid our encirclement and instantly appear in another place. However, this item is very precious. Even humans can't possibly have it so easily, right? It doesn't make sense to use it before the situation is clear!"

"It can't be a teleportation talisman. Other than what you said being unreasonable, did any of you feel the spatial fluctuations left behind by the teleportation? I don't think so? If a teleportation talisman was used, there would definitely be a faint spatial fluctuation left behind, so that human definitely didn't use a teleportation talisman to leave!"

The few of them discussed for a while, but they still didn't come to a conclusion. In the distance, there were even more darkness demon beast armies rapidly approaching.

Just as Lin Yi expected, the thousands of dark beasts were like Scouts or patrol teams. The main forces of the dark Beast race were stationed further away.

Before they received any news of the changes, they had to move here according to the rules and enter a state of combat readiness.

From this, it could be inferred that once the gap in the node expanded to a large enough size, these darkness magical beasts would open the node passage and enter the underground Devil's Den!

The humans in the underground Devil's Den probably didn't even have the chance to resist the dark magical beast Army that had already prepared their troops and made ample preparations before the battle. They would collapse at the first touch!

Lin Yi's heart didn't waver at all-the situation was as he'd expected, and it was a wise move not to force his hand. He'd just continue watching.

Soon, a general-like expert from the darkness demon beast clan arrived in front of the spatial node. He looked at the spatial node that had been completely sealed by the underground devil cave, and his expression instantly darkened.

"Idiot! What are you guys doing? Why didn't anyone go back to report such a change in the node? Is your brain filled with shit?"

The dark magical beast general cursed, and the leaders were immediately covered in dog blood. "Don't you know what it means for the node to be completely sealed? It means that the humans have discovered our tampering of the nodes!"

"Men! Immediately send a message to all the nodes and closely observe the changes in the nodes. If the nodes remain in their original state, we will hold back for the time being. If there are any signs of repair, we will immediately launch a strong attack! There can't be any mistakes!"

He wasn't in the mood to waste his breath on scolding his subordinates, so he first gave an order for his subordinates to send a message to the darkness demon beasts at the other nodes.

From this, it could be seen that he had not only relied on his own strength to become the general of the darkness demon beast race, but also had a good mind and strategic vision.

All the holes in the spatial nodes were about the same, and it wasn't enough for the dark Demon beasts to open up a path to the underground Devil's Den. However, if they concentrated their forces and attacked, there was still a chance to open up the spatial nodes. However, the commotion would be too big, and it would definitely alert the human defense.

This was not in line with the strategic deployment of the darkness demon beast clan.

However, if the humans had already discovered and started to repair the loopholes in the nodes, the darkness demon beasts would have no choice but to launch an all-out attack on the nodes!

Chapter 8823 The End

As for the humans not taking any action after they discovered it and not fixing the holes in the nodes ... The darkness demon beast general was happy to see that happen. Stalling for time was beneficial to the darkness demon beast race, and maintaining the status quo was definitely a good thing!

Lin Yi was glad that he'd sent people to spread the news before he came in-even if the nodes could be repaired, they'd just observe for now and wouldn't alert the dark Beast clan.

This way, he would have more time to destroy the darkness demon beast clan's plans!

The generals thought that stalling for time was beneficial to them, and Lin Yi thought the same!

After receiving the order, the darkness magical beast soldiers immediately left and headed to the camp to pass on the order and communication.

This was what Lin Yi was waiting for, and he wasn't interested in how the general was going to teach his men a lesson.

He quickly followed the messenger in his primordial spirit form, and they soon arrived at the camp of the Army. There were even more darkness magical beast soldiers here, and they were all ready for battle, waiting for the order to go out at any time.

After the messenger arrived and announced the general's order, the battle preparations were lifted. However, the entire camp still maintained strict discipline and an orderly state.

Lin Yi couldn't believe it-this was a Dark Demon beast team!

The humans had to rely on their strict discipline to fight against the darkness magical beast clan. In the past, the darkness magical beast clan had always relied on their own strength to charge at the humans' formations.

What was the situation now? A plate of loose sand had been kneaded together? How much of an advantage would the humans have in a large-scale battle?

The messenger passed on the general's order, and someone naturally took it over, and then arranged for the fast-flying darkness magical beasts to carry out the task of sending the message.

Lin Yi didn't know if the dark Beast race had a communication formation, but this type of temporary camp obviously didn't have one. They still needed messengers to communicate between camps.

Fortunately, the flying darkness magical beasts were extremely fast, so it wouldn't take too much time to travel between the two camps.

Lin Yi's original plan was to follow one of the dark beasts to the next node, but he changed his mind after seeing the situation!

The higher-ups of the darkness demon beast clan who were in charge of this base were definitely a very strong opponent, or rather, a handsome talent!

The darkness demon beast clan was already very strong on their own, and with such a handsome man, it was a small matter for them to double their fighting strength!

This was a serious problem! He had to find a way to solve this!

Lin Yi's thoughts were the same as the other Dark Beast leaders. A human who could ignore the chaos demonic beetles' chaos energy was a threat to them, and they had to get rid of him!

And a commander who could unite the powerful darkness demon beasts was also a great threat to humanity, and he had to be eliminated as soon as possible!

So Lin Yi decided to stay and carry out a plan to kill him!

The target ... Was the general who had just gone to the node?

He needed to gather some information first!

Lin Yi gave up on tracking the flying beasts and sneaked into the base of the dark Demon beasts to look for any dark beasts that were alone.

This way, it would not cause a commotion at the base, and the target would not be on guard, which would increase the difficulty!

With that, Lin Yi's only choice of target was the dark Demon beasts that were alone.

However, in this camp, most of the darkness magical beasts moved in groups, and it was difficult to find a situation where they were alone.

Lin Yi wasn't in a hurry-the dark beasts at the node hadn't returned to their base yet, and they had plenty of time. They'd eventually find a suitable target.

There were some trigger devices in the camp that prevented divine sense from prying, so Lin Yi didn't extend his divine sense too far out to avoid alerting the enemy.

Even though it was easy to crack those devices, they would still be easily discovered by the darkness magical beasts.

The less trouble, the better-Lin Yi floated around in his spirit form.

In fact, he didn't really need to use his divine sense to explore. After spending six or seven minutes, he finally found a more suitable target.

It was a small single-person tent, and there was a shapeshifted darkness magical beast resting inside.

To be able to own a tent, even if it didn't look big, was enough to show that this darkness magical beast's identity wasn't simple.

Especially when he was resting alone in the tent, which was very much in line with Lin Yi's requirements. It was really rare!

Lin Yi sneaked into the tent silently and condensed his Wu spirit body in a corner. Without saying a word, he grabbed the darkness demon beast that was resting with its eyes closed!

Darkness beasts had a sharp sense of danger, and Lin Yi's target seemed to have sensed danger. His eyes moved and were about to open!

Unfortunately, the soul snatching hand was even faster. His eyelids only twitched slightly before they went still.

The soul-snatching hand pulled on the primordial spirit, but it did not send it into the space of the Jade!

Lin Yi needed all kinds of information, and he didn't have time to hand him over to the ghost for interrogation. He activated the soul-searching skill!

Compared to the information he needed, the side effects of the soul-searching skill weren't a problem at all. Lin Yi had already mastered Wu Linghai, and as long as he didn't use the soul-searching skill continuously, it wasn't hard to resolve.

The soul search was quite successful this time-there were still a lot of parts that couldn't be pieced together, but it met Lin Yi's expectations overall. He got all the information he needed.

For example, the highest-ranking commander of the base was not the general of the darkness demon beast race who had given orders at the node, but another expert who had been left behind in the base.

The entire darkness demon beast Army was trained by this Supreme Commander.

This guy was indeed a rare commander, and he was the one who arranged for the four teams to surround the node in secret.

This was the target of Lin Yi's execution plan!

Other than that, there was also the location of the nodes, the general layout of the troops, and so on. Lin Yi had a basic understanding of it.

After he was done here, he wouldn't need the flying beast to lead the way-he'd be able to find the other nodes by himself and think about how to deal with the dark Demon beast Army there.

"Vice-commander zhama hark, are you alright?"

A darkness magical beast outside the tent asked. It had clearly felt that something was wrong inside the tent!

Zhama Huck was the unlucky guy that Lin Yi had taken away with his soul-searching skill and soul-hooking hand. Lin Yi had already obtained information on him and the dark Demon beasts around him from his memories, and he knew that this was one of zhama Huck's trusted men.

After his soul was taken away, zhama Huck's body lost all signs of life. Lin Yi guessed that the dark beasts outside must have sensed the loss of his life and came to ask.

Chapter 8824 The End

This was also an early warning measure set up by the commander of the darkness magical beast clan, so that all the darkness magical beast soldiers would pay attention to each other and avoid being ambushed.

Lin Yi could choose to leave now-he'd gotten all the information he needed, and leaving zhama Huck's body behind could create some chaos and attract more attention from the dark beasts.

In this way, the commander might make a mistake and create an opportunity for the assassination.

But according to Lin Yi's assessment of the commander, it was more likely that it was because of the local chaos that made the enemy more alert, making the assassination more difficult.

And so, Lin Yi didn't hesitate at all-he entered zhama Huck's body and opened his eyes, "I'm fine. What's the matter, gurichi? Come in and talk!"

The person standing outside the door was one of zhama Huck's trusted aides, guliqiha. Lin Yi's soul search had information on him, and it would be best to let him in to dispel his suspicions and concerns.

Guliqiha replied before lifting the curtain and entering the tent. The tent wasn't big to begin with, and he could see the entire place with a single glance. Other than Lin Yi possessing zamahuck, there was nothing suspicious.

"Milord, please forgive me. This subordinate lost track of Milord's aura for a moment, so I asked and disturbed Milord's rest!"

Guliquiha bowed in apology. Lin Yi had perfectly demonstrated the presence and movements of Zachary, and guliquiha didn't dare to suspect that the person in front of him was no longer his master.

Lin Yi was glad that he got the information by soul searching!

If he sent him into the Jade space, he wouldn't be able to get any information out of him, and even if he did, he wouldn't be able to disguise himself as him.

It was impossible to get any results from an interrogation if there were too many details. Guliquiha was a trusted aide of zamahark, and any flaw would expose him.

"Forgive what? Your senses are very sharp, I should be complimenting you! Just now, I was trying a method to conceal my aura, and I happened to have some insights. You noticed it at once, very good! I'm very happy!"

Lin Yi stood up and patted guliquiha's shoulder with a smile. He retracted his presence and simulated the dead state that Zachary had been in after his soul was taken away.

Guliquiha's eyes widened and he revealed an honest smile. "Daren's move is quite powerful! If it wasn't for the fact that he was standing right in front of me, I would have really thought that there was no one here! If this move is used to Scout and hide, it will definitely be successful!"

"If there are more brothers who learn it, they can hide somewhere and ambush the enemy. They can definitely kill him! How did Daren think of such a method? I'm sorry, Sir, I've spoken too much ..."

This kind of method was definitely at the level of a secret technique, and it was enough to save one's life at a critical moment. However, he wanted to inquire about it and even hoped to spread it. He was indeed overstepping his boundaries!

After coming back to his senses, guliqiha lowered his head and apologized. He didn't know that Lin Yi had other thoughts in his mind.

"No, gurichi, you're right. If many of our brothers learn this technique, they can form an elite assault team. Let's go find the Marshal. I'm willing to let the Marshal arrange this method of concealing my aura!"

Lin Yi thought that this was a good excuse-if he wanted to kill the dark Demon beast commander, he had to get close to the enemy first!

Unless there were special circumstances, the Deputy commander, zhama hark, was not allowed to casually approach the tent where the commander lived.

Plus, going alone wasn't allowed, and Lin Yi would be stopped if he wanted to go alone with zhama Huck's identity. But bringing guliqiha along wouldn't be a problem.

Guliquiha bowed happily-he didn't expect Lin Yi to be willing to reveal his aura-concealing technique!

He was loyal to zhama Huck, and even more so to the darkness magical beast clan, so he was extremely supportive of this.

The two left the tent and headed to the commander's tent. There were routine checks along the way, but guliquiha handled them all with ease. Lin Yi didn't need to worry at all.

When they arrived, Lin Yi asked to see him respectfully, ""I'm the Deputy commander of the dark Fire Battalion, zhama Huck. I have something important to report to the Marshal!"

One of the guards reported and turned to Lin Yi, "Deputy commander zhama hark, the commander has invited you! You can go in, the rest of you can wait outside. "

The so-called "others" could only be gurichi. He was only zamahark's personal guard, so it was normal that he did not have the right to follow them in to meet the Marshal.

Lin Yi nodded at the guard to express his gratitude before entering the tent.

The commander's tent was dozens of times larger than Zachary's single tent, but there were not many things inside, so it was extremely spacious.

The only thing that was more eye-catching was a huge writing desk and the mountain-like pile of official documents on it.

A Dark Demon beast that had transformed into a young man in his twenties sat behind a desk. He was holding a book in his hand, and only nodded at Lin Yi after flipping through a page.

"This subordinate pays his respects to the great commander!"

"Deputy commander zhama hark, did something happen in the dark Fire Battalion? Or was there something else? Just say it!"

The young man raised his hand, signaling for Lin Yi to find a chair to sit down. He didn't put on any airs.

But Lin Yi knew that this was just the surface. How could this guy be so easy to deal with if he could be so strict?

He might have transformed into such a refined appearance just to fool others.

"Thank you, commander!"

Lin Yi cupped his hands in thanks and found a chair to sit down, but he was thinking about how to assassinate this commander.

From the aura he was exuding, he was at least in the mid-stage of heaven breaking. Lin Yi couldn't tell how strong he was exactly.

Using his spirit sense to attack was probably the best choice-it wouldn't cause too much of a commotion, and it'd be easier for Lin Yi to escape if he succeeded.

But for some reason, Lin Yi had a feeling that the spirit sense attack wouldn't succeed.

Could it be that he had some kind of spiritual sense defense tool on him? It was not impossible!

After all, he was the commander of the darkness demon beast clan, and it was normal for him to have some trump cards for self-defense!

However, it would be difficult to kill the other party this way!

"Marshal, I have a good thing to offer to Marshal. If Marshal allows it, I will present it to you now!"

Lin Yi's mind moved like lightning, and he decided to continue with his original plan!

The target was right in front of him, so he had to try no matter what. It would be best if he could kill it, but if he couldn't, he would just run for his life!

Chapter 8825 No Problem!

The young man's eyes flashed as he looked at Lin Yi with a faint smile. "Oh? Vice-commander zhama hark is really thoughtful. For him to be valued by you, he is obviously not a simple thing. Why don't you bring him over for me to see!"

"Yes, Marshal!"

Lin Yi's heart moved—he felt that the young man's eyes were a little weird, but he didn't know how to describe it!

However, the arrow had already been nocked and had no choice but to be fired. He could only randomly take out an item from the pile of spoils he had obtained in the past. He stood up with both hands holding it and walked to the huge desk step by step.

"Vice-commander zhama hark, What is this? It doesn't look like much, could it be that there's something mysterious inside?"

The young man glanced at the item in Lin Yi's hands, not saying anything about it, but he didn't seem interested.

"That's true, Marshal ..." Lin Yi nodded with a smile.

As he spoke, he handed the thing in his hand forward. After attracting the attention of the elegant young man, the soul snatching hand was silently activated!

Under normal circumstances, even an opponent a few levels higher than Lin Yi wouldn't be able to withstand a sneak attack from the hand. But this time, something unexpected happened.

It wasn't really an accident-Lin Yi had a premonition that the spirit sense attack wouldn't work, and this was just a confirmation of his premonition!

The soul snatching hand was not stopped and successfully reached into the young man's head. However, it did not manage to pull out his primordial spirit.

To be exact, Lin Yi didn't find any essence spirit in this person's body!

This was simply an unbelievable matter that was unheard of!

A body without a primordial spirit could still move, speak, and think freely?

Or could it be that this scholarly young man was actually just a puppet?

Only a puppet could explain why there was no primordial spirit!

"Hehehe, vice commander zhama Huck ... No, no, no, it seems like you are not the Vice commander. Are you pretending? Or was it a possession?"

The young man didn't seem to mind the sneak attack at all-he had a weird smile on his face as he stared at Lin Yi."Since you're not the Deputy commander, do you mind getting to know him again?"

"I'm Senlan wuhun. You should have realized that I don't have a primordial spirit, so your divine sense attack is completely useless Against Me!"

"It's impolite not to reciprocate. I've already introduced myself. Shouldn't you also introduce your true identity?"

Lin Yi was surprised, but he didn't panic. He only smiled,"I know you're Senlan wuhun, but I didn't expect you to really not have a primordial spirit. Forget it!"

The information he'd gotten from zhama Huck's soul-it had Senlan wuhun's name and appearance, but nothing about him not having a soul. Lin Yi wouldn't have fallen into such a passive situation if it weren't for that.

"I'm just a nobody, I don't have the prestige of Sen Lan's general, so there's no need for introductions. We won't be friends! You should be able to tell that I didn't come here to chat with you!"

Since the spiritual sense attack was ineffective, he could only use force to deal with it!

Lin Yi said as he threw out an activated formation plate!

The formation was completed in an instant, enveloping the entire tent. This formation was one of Lin Yi's carefully made products, capable of both attack and defense.

However, he didn't expect the array to be of much help at this time. He only needed to temporarily isolate the inside from the outside!

A black light bloomed, and the demonic blade appeared in Lin Yi's hand. It turned into a spark and shot towards Senlan wuhun's throat.

The first move of the new fire spirit sword technique, brilliant sparks!

"Eh, this is interesting!"

Shelan wuhun smiled and flicked his finger. The Black Star Fire was bounced back into the air, and the huge force went back to Lin Yi's arm. The violent vibration made Lin Yi's hand numb!

So strong!

This Senlan wuhun's body refining strength was stronger than expected. At the very least, he was close to the late-stage heaven breaking realm!

Lin Yi felt bitter-he didn't think that there would be such an unbeatable existence in the dark Demon beast clan!

He was immune to divine sense attacks, and his body-tempering abilities were powerful enough. He was also a commander that the darkness demon beast clan lacked!

If he couldn't kill this guy, who knew how much damage he would cause in the future!

"Looks like you've taken over zhama Huck's body! This sword technique is not too bad, but it's a pity that you're using Zachary Huck's body and can't use your full strength!"

Senlan wuhun only used one finger to block Lin Yi's attack. He didn't want to chase after Lin Yi, but he started to comment.

"With the combat power you can display now, you're not a threat to me. Do you want to surrender yourself, or do you want me to beat you until you surrender?"

"To be honest, I'm a bit interested in you. If you surrender, I can give you zamaha's body. I can even promise to improve the compatibility between your primordial spirit and his body. I'll also give you his position."

"If you don't surrender, I will not be polite to you. I don't know what the result would be, but you will suffer a great loss in the end!"

Lin Yi hmped coldly. What a joke! Their goal today was to assassinate Senlan wuhun, so how could they surrender?

Even if he couldn't kill his opponent now, Lin Yi was confident that he could escape unscathed. He wouldn't be caught by Senlan wuhun. How could he surrender in this situation?

"You're welcome. I'm here to kill you today! If you can kill me, do as you please!"

Lin Yi replied casually and continued to attack!

But Senlan wuhun was right-zhama Huck's body wasn't compatible with Lin Yi's spirit. It wouldn't be a problem to borrow it for a while, but it wouldn't be enough for a high level battle!

If it was Lin Yi's own body, he might still be at an absolute disadvantage, but he might still have a chance!

The problem was that this was the base of the darkness magical beast Army, and if he were to use his body to fight, it might be destroyed!

He could only temporarily make do with using Zachary's body to fight.

Senlan wuhun shook his head in disdain, "are all humans so overconfident?" Fine, I'll let you see how big the difference in strength is!"

Before he finished his sentence, Senlan wuhun's body arched and shot towards Lin Yi like an arrow!

The speed was so fast that even Lin Yi's eyes almost couldn't catch the trajectory!

The Jade space immediately sent out a high-level alarm, meaning that Lin Yi couldn't block this attack and might die!

Chapter 8826

The body wasn't Lin Yi's own, but his spirit was inside Zachary's body. If the body were to be destroyed, the spirit would be heavily injured as well, and might even be destroyed.

This was also the reason why many people who had primordial spirits would collapse when their bodies were killed!

The two shared the same fate, and there were very few people who could separate their primordial spirit from their body before death.

If not for that, wouldn't this world be filled with all sorts of primordial spirits and primordial spirit bodies?

And the truth? How many places had Lin Yi been to, and how many spirits had he seen that survived after losing their bodies?

Lin Yi didn't even have time to think after receiving the warning from the Jade space. He left zhama Huck's body on instinct and flew out in his spirit form, hovering at the top of the tent.

The moment Lin Yi's spirit left his body, Senlan wuhun's figure flashed past zhama Huck's body!

His opponent's fist pierced through Zachary's body like a bolt of lightning. By the time Senlan wuhun returned to his original position, as if he had not moved at all, Zachary's body had already collapsed!

All of his muscles, bones, and blood had turned into dust, falling to the ground. Not a single piece of flesh was left.

Lin Yi was shocked-this guy's attack power was this terrifying!

If his primordial spirit was still in zhama Huck's body, he would have been severely injured if not killed by such a blow. Even Wu Linghai would not be of any use!

Good, good!

In the nick of time, his primordial spirit had successfully escaped!

Now that he was in the primordial spirit state, he was invisible and could be immune to all physical attacks. He didn't have to be afraid of Sen Lan's attacks, unless he could also launch a powerful divine sense attack.

With Wu Linghai around, Lin Yi wasn't afraid even if Senlan wuhun used his consciousness to attack.

Since they couldn't do anything to each other, it seemed like they could only return empty-handed today!

"Your reaction is quite fast! To think that he could escape from Zachary's body! I didn't expect your primordial spirit to be so strong. It's the strongest primordial spirit I've seen in the past hundred years!"

Senlan wuhun slightly raised his head and looked at a certain space at the top of the tent. He smiled and said, ""This commander is becoming more and more interested in you. Aren't you going to consider surrendering to this commander? I promise I won't mistreat you!"

Lin Yi's heart skipped a beat. He couldn't believe that Senlan wuhun could see the position of his essence spirit!

No one had ever been able to find Lin Yi in his essence spirit state before-Senlan wuhun was the first!

lin yi believed that the man had seen through him!

because the direction of sheunlan's eyes was where lin yi's essence spirit was!

to test it out, lin yi moved a few meters, and senlan wuhun's eyes followed him ...

it was confirmed! this guy could really do it!

"there's no need to find it strange. i don't have a primordial spirit in my body, so i'm particularly sensitive to the state of a primordial spirit. to me, you're like a light in the dark. there's no difficulty at all!"

Senlan wuhun raised a hand and beckoned to Lin Yi. "Come over, you can't run away. Don't waste your time on useless things. Obediently submit to this Marshal. That's your best choice!"

Lin Yi was bold and decided to reveal himself as a Witcher spirit. "Hehe ... I didn't expect Senlan wuhun to have such an ability. I'm really surprised!"

"But if you say I can't run away, that's a little too much! If I wanted to leave, you wouldn't be able to stop me! If you don't believe me, you can try and see if I'm right!"

"You think that I can't do anything to you in your primordial spirit state, right?" Senlan wuhun chuckled. Or do you think that I don't have a primordial spirit, so I don't know how to attack with consciousness, and you can be fearless?"

"No matter what you're thinking, you're wrong! If I say you can't run, then you definitely can't run!"

At the same time, Senlan wuhun reached out and patted the huge desk, and the empty commander's tent suddenly buzzed.

A hole silently appeared on the ground, and the buzzing sound came from it. It was accompanied by an invisible spiritual sense fluctuation.

Lin Yi was quite familiar with this because it wasn't the first time he'd encountered this kind of spirit sense fluctuation!

Within the pit, a dense swarm of black beetles were flapping their wings and taking flight. There were at least four to five hundred of them, and at the bottom of the pit, there were many black crystal-like stones scattered.

Chaos demonic beetle! Chaos Black crystal ore!

The five hundred chaos demonic beetles' wings were vibrating, and the spirit sense they emitted was much stronger than the six chaos demonic beetles when Lin Yi first entered the spatial node!

The number was less than a hundred times, but the power of the fluctuations of consciousness was hundreds of times stronger!

Even Lin Yi's face changed a little when he felt it!

The power of this thing would multiply as the number increased!

Although the four to five hundred chaos demonic beetles in front of him weren't enough to pose a threat to Lin Yi's Witcher spirit body, it would be a big problem if they were placed outside!

Think about it, when two armies were facing each other, a sudden wave of chaotic divine sense attack would confuse the human mind. Wouldn't it immediately collapse?

Of course, these were all things for the future. The most troublesome thing for Lin Yi right now was that the space around Xuanji was locked down by the chaotic spirit sense!

The chaotic divine consciousness that was hundreds of times stronger did not cause any harm to the Sorcerer sprite body, but it formed an invisible film that enveloped the entire space.

Lin Yi didn't even need to try to feel it-whether it was his Witcher spirit body or his Yuan Shen in the illusionary state, he couldn't break through this invisible barrier!

Chaotic divine sense ripples were originally a type of divine sense attack, and four to five hundred chaos demonic beetles joining hands to arrange it in such a state was equivalent to giving up a large portion of their offensive ability, only leaving behind and strengthening their ability to interfere with the primordial spirit!

It perfectly countered Lin Yi's escape methods!

"How is it? Do you feel it? You don't have a chance to escape from me. Don't waste time and surrender!"

Senlan wuhun smiled and beckoned Lin Yi with his finger, looking confident and confident. "I'll repeat myself. As long as you surrender obediently, I will definitely give you the best treatment. Isn't it better than risking your life in the human world?"

If it was any other Shaman Spirit body, they'd be in a dead end in Lin Yi's current situation-they'd have to surrender or fight to the death!

Unfortunately, Lin Yi wasn't just anyone-he had a way to get out of this situation!

For example, if he released his physical body from the Jade space and allowed his primordial spirit to return to his physical body, it would be easy for him to forcefully break through the chaos demonic beetles 'seal.

Chapter 8827

the seal was a killer move against the witcher's spiritual body and soul, but it was useless against a soul that was protected by a physical body. the confusion was useless against lin yi.

however, doing so would expose the fact that lin yi's body was hidden in the jade space!

before he could do anything to senlan wuhun, lin yi wouldn't do anything that would expose the jade space.

the next step was to forcefully attack the chaos demonic beetle's barrier while in the form of the sorcerer spirit body!

"commander senlan wuhun, if you think you can trap me like this, aren't you underestimating me? you might be immune to divine sense attacks, but these chaos demonic beetles don't have your abilities, right?"

lin yi smiled faintly as he activated his fire whirlpool.

the chaotic divine sense barrier set up by several hundred chaos demonic beetles was indeed extremely resilient.

But in the end, these were still formed by the power of the divine sense. Not only did the divine sense pill fire Whirlpool have the powerful pulling and tearing ability of a Whirlpool, but it also had the divine sense pill fire that could burn the divine sense!

When the three spiritual awareness pill fire vortexes landed on the spiritual awareness barrier set up by the chaos demonic beetle, it was like using a torch to deal with layers of spider webs. With the slightest

contact, no matter how many spider webs there were, they all disintegrated under the licking of the flames, dissipating into nothing!

With the obstruction gone, Lin Yi could run away at any time, but it wasn't in his nature to run away at a disadvantage-he had to collect some interest before he left!

The chaos demonic beetles' defense was very weak, and those four to five hundred chaos demonic beetles were all flying in the air. To Lin Yi, this was a fortune that came to his door!

The spiritual sense pill fire Whirlpool not only burned the chaos demonic beetle's spiritual sense barrier, but it also produced a backlash effect on them. The formation in the air began to shake, and a few of them couldn't help but fall back into the pit.

Lin Yi didn't say anything and just detonated the formation plate he threw out. The explosion obviously couldn't threaten Senlan wuhun, and it couldn't hurt the chaos demonic beetles under his protection.

But Lin Yi took advantage of the explosion and ignored Shelan wuhun's attack in his spirit state. He charged into the chaos demonic beetles that were suffering from the backlash and used the demonic devouring sword to release a black light that covered the sky, killing nearly half of the chaos demonic beetles!

In the middle of the scattered shells, there were black crystals that were thousands of meters long!

These were all treasures for Lin Yi to break through to the essence spirit level in the future!

After Lin Yi took all the black crystals, he turned into his essence spirit form and flew out of the barrier.

The remaining half of the chaos demonic beetles were also a fortune. Lin Yi was very envious, but it was a pity that Senlan wuhun had increased his defenses. It was impossible to kill the chaos demonic beetles now that his spirit sense attack was ineffective.

I'll stop when I'm ahead and do it again when I have the chance in the future!

"Bastard! You're dead! I won't let you off!"

Senlan wuhun was clearly enraged by Lin Yi's words as he let out a loud roar, "Pass on my order. Activate The Witcher soul sealing array and capture a human's primordial spirit!"

The roar was like a thunderclap as it exploded in the air above the camp. The darkness demon beast soldiers who had been trained by Senlan wuhun to follow every order instantly reacted!

A grey light flashed across the entire area. Lin Yi was in his spirit state, but he felt like he was stuck in a swamp.

Not good!

Lin Yi was shocked-other than the feeling of being unable to move, he also felt like he was being spied on!

There was no doubt that the Sorcerer soul sealing array that Senlan wuhun mentioned was a technique passed down by the Sorcerer tribe. It was specially used to deal with existences like sorcerer spiritual bodies and primordial spirit bodies!

Lin Yi didn't know if he'd been exposed or not, but there was no doubt that even if he wasn't, he'd be locked onto by the dark Demon beasts soon!

Senlan wuhun and the dark Beast soldiers were too fast. If they were just a second or two slower, Lin Yi would've flown out of the camp!

But now, they were trapped in the base!

The Witcher spirit God-locking formation was different from the chaos demonic beetles "spirit sense barrier. The spirit sense fire vortex couldn't tear a path through this formation, and randomly attacking would only expose Lin Yi's position faster.

To break this formation that he had never seen before, Lin Yi needed time, and it wasn't something he could do in a short time!

How troublesome!

If Senlan wuhun had The Witcher spirit God-locking formation, he might have even more methods to deal with the yuan spirit. Lin Yi didn't dare to be careless. He had to hide first and slowly find a solution!

"Attention! That human's primordial spirit had the ability to possess a person's body. All soldiers had to be in multiple units together, and it was strictly forbidden to act alone! Capture anyone who is acting alone!"

Senlan wuhun didn't stop roaring, but his anger didn't affect his thinking. He still had a calm mind and made careful arrangements.

In order to avoid being locked down by The Witcher spirit soul-locking formation, Lin Yi took out a Dark Demon beast body from the Jade space and attached it to it. This was the body he had prepared before, for the sake of moving around in the dark Demon beast territory more conveniently.

But even after the order, Lin Yi was still as eye-catching as a Firefly in the dark!

Putting aside the fact that this body of a darkness magical beast didn't have any status, even if it did, Senlan wuhun's orders would make it so that as long as it appeared in front of other darkness magical beast soldiers, it would be immediately captured!

It was really F * cking ghost!

Lin Yi cursed to himself-he'd never been in such a sorry state before.

In the past, he had snuck into the territory of the darkness demon beast clan in other continents, and he had always been able to escape unscathed and with great success.

It was only this time that he was really afraid at every step, and he was forced to hide. It was really frustrating!

He had no choice but to hide first!

Lin Yi carefully avoided the soldiers of the dark Demon beast clan and kept moving around the camp, observing the structure of The Witcher soul lock formation.

It was a pity that he was in such a rush that he couldn't study it properly.

The only good news was that The Witcher soul locking formation only targeted the primordial spirit. After possessing the darkness demon beast's body, he didn't have to worry about being locked down by The Witcher soul locking formation. He only had to carefully avoid the soldiers of the darkness demon beast clan who were searching everywhere.

In order to avoid the dark Demon beast patrol teams that were everywhere, Lin Yi didn't choose his route as actively as he wanted to. Most of the time, he had no choice but to move around passively.

When The Witcher spirit God-locking formation was activated, Lin Yi had already reached the edge of the camp with the help of his spirit form. However, he was forced back to the center of the camp!

Chapter 8828

It was wrong!

Lin Yi's instinct told him that something was wrong, and he hid in a corner to observe and think!

The darkness demon beast soldiers couldn't have intentionally left such a route behind, right? They didn't know where Lin Yi was going, did they?

Instead, the darkness demon beasts would set up this in all directions, just like fishing in a river. After the net was opened, it would make a huge noise in the other parts of the river, startling the fish and forcing them to rush in the direction that seemed quiet and safe but was actually a trap!

Lin Yi's path seemed safe, but who knew if it wasn't a trap?

The one that seemed to be the only way out was often the most fatal one!

What should he do now? Should he continue to follow Senlan wuhun's script? Only death awaited!

It wasn't easy to turn back, either-the path they took was blocked off by the dark Demon beast soldiers, or Lin Yi wouldn't have come all the way here. It was obvious that the enemy was doing this on purpose!

Lin Yi sighed. This was troublesome!

He had thought that he had overestimated Senlan wuhun's power. Otherwise, he wouldn't have tried to assassinate her.

In the end, it was proven that he had still underestimated the commander of the darkness demon beast race!

He had strength, schemes, schemes, and tactics!

Such an opponent was too terrifying!

And Senlan wuhun was only the commander of the camp near this node!

If the commanders of the other nodes were all at Senlan wuhun's level ... Would the humans still have a chance to resist?

He was thinking too far ...

Now, he had to think about how to break out of this situation!

Since he knew that the route he was taking might be a trap set by Senlan wuhun, continuing to follow the other party's pace was clearly courting death!

If it was one of the dark Demon beasts, Lin Yi would've used his Yuan Shen to save his life, and he'd be more willing to go to the mountains knowing that there were Tigers there. But now that his opponent was Senlan wuhun, it was better to be safe!

He couldn't follow Senlan wuhun's plan, and he couldn't turn back ... So the only choice was to take an unusual path!

The only way to break out of this situation was to take the path that even Senlan wuhun didn't expect!

Lin Yi looked at his surroundings. He didn't even dare to release his spirit sense because of the formation. Releasing his spirit sense was the same as giving the formation a set of coordinates to quickly lock onto his position.

Without his spirit sense, Lin Yi could only observe with his eyes. To be honest, he wasn't used to this ...

Other than observing with his eyes, Lin Yi also used his ears to hear and his nose to smell ... These weren't important in the past, but he had to use them now.

Luckily, Lin Yi was possessing a Dark beast's body-his sight, hearing, and smell were all outstanding!

After giving up on a few routes that seemed to be the best, Lin Yi took a more dangerous and troublesome route after much difficulty, arriving at a medium-sized tent.

Judging from the size of the tent, the owner of the tent was far from being as important as Senlan wuhun, but he was much more powerful than zhama Huck, who lived in a small single-person tent!

Lin Yi's ability to hide his presence was top-notch, and he didn't have to worry about being detected by the dark Demon beasts.

But Lin Yi realized that there was only one dark Demon beast in the tent!

Senlan wuhun ordered all the dark Beast soldiers to move in multiple groups to avoid being caught by Lin Yi!

If Lin Yi possessed it, it'd be harder to find.

He didn't expect that there would be a lone darkness magical beast in this tent.

Was it a trap, or was there really a darkness magical beast that dared to ignore Senlan wuhun's order?

Lin Yi thought about it for a bit-he'd already tried his best not to take the route that seemed easy. If this was still a trap, then his plan was too good!

Of course, it wasn't impossible, but Lin Yi had no other choice.

It wasn't easy to encounter such a lone darkness magical beast that seemed to have a high status. If he didn't grab this opportunity, he wouldn't be able to escape today!

He had no choice but to take a gamble!

Even if it was a trap, he had to jump in and take a look. Maybe he could eat the bait and leave quietly!

Lin Yi made up his mind. He took out the demonic sword and quietly opened a corner of the tent.

The tent had a restriction on it, of course, but to a Diamond Grade Grandmaster like Lin Yi, it didn't matter. The restriction wouldn't react at all when the tent was cut open!

It wasn't that Lin Yi didn't think about hiding in the other tents, but the normal soldiers' tents usually had at least two soldiers watching them—there was no way he could hide in there.

Only this kind of middle to high level tent would give him a chance to hide!

Lin Yi sneaked into the tent, prepared for a surprise attack. A monster like Senlan wuhun couldn't be found everywhere, so the soul-stealing hand was his first choice!

As soon as the hand successfully pulled out the spirit, Lin Yi would immediately switch targets and soul search the spirit!

After getting the general information, he could use the other party's identity to find a way to get out of this camp!

The plan was perfect!

But after seeing the only target in the tent, Lin Yi couldn't bring himself to do it!

Because he couldn't use his spirit sense to check, Lin Yi could only roughly confirm the target's location, but he couldn't know what state the target was in.

And so, Lin Yi, who had sneaked into the tent and was about to make a move, was met with a pair of beautiful, pure, and innocent eyes!

the owner of these pure and flawless eyes was a beautiful girl who looked to be only seventeen or eighteen years old!

the moment he saw her, lin yi felt like he had just seen an angel!

the main thing was that the girl didn't have any hostility at all-she didn't even scream or anything when she saw lin yi break into the tent. she only looked at lin yi curiously, her expression and eyes pure and innocent.

lin yi wasn't someone who'd go easy on his enemies, but he really couldn't use the hand he'd prepared against this girl who had no hostility!

there were a few guards outside the tent, and if the girl made any noise, lin yi's trail would be exposed!

"who are you? is the person the commander is searching for you?"

The young girl tilted her head and looked at Lin Yi curiously, "Commander, you're talking about a human's primordial spirit. So, are you possessing one of our soldiers now?"

It didn't matter if she was bold or innocent, she didn't have any intention of calling the guards in. She even added an explanation, ""Don't worry, there's a restrictive spell in my tent. If I don't want the people outside to hear me, they definitely won't hear me! We can talk without worry. "

Chapter 8829

Lin Yi was an expert in this field, and he could tell that the girl was telling the truth. She really didn't want her voice to be heard.

"Who are you? Aren't you afraid of me sneaking in? Or do you think you're strong enough to deal with any surprise attack?"

Lin Yi didn't want to answer the question.

The girl wrinkled her nose, a little displeased, but she looked very cute. Looks were justice, after all, and even Lin Yi relaxed a little because of her expression.

"Really, there should be a first come, first served basis for asking questions, right? I asked you first! But it doesn't matter if you don't answer. I guess the answers to my questions should be yes, so you acquiesce, right?"

Lin Yi's lips twitched as if that was the truth. It didn't matter if there were some slight deviations.

"You're good-looking, so it's whatever you say!"

The young girl's eyes immediately curved into crescents as she held her face with both hands. "Is that so? Do I look good? I don't believe what they say, but you're a human, so I believe you're telling the truth! This is the truth!"

Lin Yi didn't know what to say ... As long as you're happy!

Needless to say, the young girl was definitely a shapeshifting expert of the darkness magical beast clan. To be able to live in such a tent, her status and strength couldn't be weak!

Lin Yi couldn't bring himself to do it, but he didn't let his guard down.

The guy wasn't hostile, though, and Lin Yi thought that they could talk first-there might be some unexpected gains ...

In fact, Lin Yi didn't have the face to possess the girl's body if he were to do it ... It would be a little perverted!

The girl was in a good mood after hearing Lin Yi's praise, and her attitude towards Lin Yi became much friendlier, "I'm Daniya, the commander of the dark wind camp in this camp. What's your name?"

Lin Yi was shocked. He knew that her identity wasn't simple, but he didn't expect her to be a battalion commander!

Zhama Huck was the Deputy commander of the dark Fire Battalion, and his status was only slightly lower than Daniya 's, but the tent they lived in was much worse.

Could it be that Daniya was much stronger than zamahak? It couldn't be because she was good-looking, right?

There was also no information about Daniya in zhama Huck's memories. Lin Yi was a little confused, but didn't think too much about it.

After all, a soul search wouldn't be able to dig out all of the other party's memories. It was already extremely outstanding to be able to dig out 60 - 70% of the other party's memories.

Perhaps the beauty standards of the darkness magical beasts were different from that of humans. Daniya's human beauty would not attract the attention of the darkness magical beasts.

So there were too few fragments of Daniya in Zachary's memories, which led to him not being able to find her when he searched his soul?

Lin Yi said casually, "My name is Sima Yi, and I am indeed a human primordial spirit. I borrowed the body of your soldiers. Since you know that Senlan wuhun is trying to capture me, why didn't you ask someone to do it?"

The dark Beast Lin Yi possessed wasn't a soldier here, but he couldn't say that. Otherwise, he wouldn't be able to explain why he was carrying a Dark beast's body.

Daniya didn't care about this, but she pursed her lips and shook her head, ""You're called Sima Yi? that's a nice name ... Senlan wuhun is Senlan wuhun. If he wants to catch you, just let him! What does it have to do with me? The others are busy trying to catch you, but I'm lazing around in my own tent. You should know that I'm not helping him catch you!"

Lin Yi blinked. Did this mean that you had a conflict with Senlan wuhun?

Looking at how strict Senlan wuhun is, there's no reason for him to let a thorn commander like you go, right?

Even if you were a beautiful woman, it would be useless. If Senlan wuhun valued military discipline and rules, there would be no distinction between men and women in his eyes. There would only be the difference between a general and a soldier!

"Commander Daniya! The target seems to have arrived in this area. Commander Daniya, please cooperate with the search!"

The darkness demon beast soldiers outside the tent loudly asked for instructions.

Lin Yi was instantly on alert-if Daniya did anything ... He'd have to think of a way to escape first!

"You guys do as you see fit. I want to rest, just don't disturb me!"

Daniya turned off the restriction and smiled at Lin Yi, "Don't worry, no one will come to catch you here! Oh right, let's get things done over there first!"

She was referring to the hole that Lin Yi made when he came in. Of course, Lin Yi closed it when he went in, or it would be too obvious from the outside and the soldiers of the dark Demon beast race would check it.

Daniya personally mended the hole a little, but it didn't look that obvious. If one didn't look closely, they wouldn't be able to see the cut.

"Daniya, aren't you the commander of the dark wind camp? Why did you help me? Even if you don't want to listen to Senlan wuhun's orders, you don't have to help me, right?"

lin yi didn't understand, so he asked directly.

if he didn't find out the reason, he'd always suspect that daniya had ulterior motives!

"i'm the commander of the dark wind camp, so what?" in fact, i have a good impression of humans and i look forward to your society. that's why i advocate peaceful coexistence with humans. this is not impossible. after all, a long, long time ago, our race and humans had co-existed!"

"it's just that most of our people want to solve the problem by force ... we can't blame them. after all, they've lived in this barren land for so many years and can't leave. if it were you, you would have a different mentality, right?"

lin yi didn't know what to say-from the perspective of the dark demon beasts, it was true!

there was actually no right or wrong in the war between the two races. everyone was just trying to survive.

As a human, Lin Yi wouldn't let the dark Demon beasts step out of the node even if he had to sympathize with them!

"Do you understand now? Although I am the commander of the dark wind camp of the darkness magical beast clan, I have no ill intentions towards you humans. In any case, you can't pose much of a threat to our clan by yourself. If you can stop the war between the two sides, that would be the best!"

Daniya's big eyes flashed with sincerity, ""What I yearn for is human society, including all kinds of customs, culture, inheritance, and so on, but it's not human territory obtained through war! If I exterminate your race, I'll lose everything I like. Rather than that, I might as well stay here forever!"

He had to admit that this pretty girl Daniya said something like this, surprising him, but he could feel her kindness!

Although he couldn't completely believe her words, Lin Yi's heart was inclined to believe her. After all, if she wanted to sell Lin Yi now, it would only take one word!

Chapter 8830 The End

In the history of the secular world, there was no lack of anti-war Warriors in the countries that were aggressive by nature. They used their meager strength to oppose the invasion of their own race!

Perhaps Daniya was one of the dark magical beasts 'anti-war fighters?

Lin Yi's mind was spinning with all sorts of thoughts when Daniya suddenly asked, "Sima Yi, what are you going to do now? Are you hiding in my tent? My place is very safe. If Senlan wuhun comes, I won't allow him to come in. "

"If you want to leave, I can find a way to send you out ... You decide! However, I suggest that you stay in my tent for a while. The situation outside is tense now, and the interrogation must be strict. After you avoid this, it will be much easier to leave. "

It sounded reasonable, but asking Lin Yi to hide in Daniya's tent for who knew how long didn't seem appropriate.

It wasn't that they were worried about a man and a woman being alone, but that a soldier from the darkness magical beast clan had already come to report.

Lin Yi's appearance in this area also proved that his previous guess was correct. At the beginning, sheunlan wuhun was indeed using the tactic of surrounding three people and missing one person to force Lin Yi to choose the route he planned beforehand!

Otherwise, how would the soldiers know that he was in this area if he didn't show his tracks?

He must've realized that Lin Yi didn't follow the route he planned, so he turned back to look for another route!

In other words, this area was probably surrounded by the dark Demon beast soldiers, and they were searching for Lin Yi inch by inch. They would find out sooner or later that Daniya's tent was the only one left!

Daniya was full of confidence, saying that Senlan wuhun would not force his way into her tent.

But if Senlan wuhun said that he was worried about Daniya, that Lin Yi would kidnap her, and that he had to come in to take a look, Daniya wouldn't be able to stop him.

Excuses are always easy to find!

"I can't stay here. If you have a way, it's better to help me leave as soon as possible!" he said.

Lin Yi had no other choice but to trust Daniya. After all, she could do it whenever she wanted to, she didn't need to put on an act!

Daniya's beautiful face showed a hint of disappointment, "You can, but you really don't want to consider staying a little longer? I still want to hear you talk about the humans ... it's a rare opportunity ... no, no, I mean, it's more dangerous to leave now. It's much safer for you to stay!"

Lin Yi couldn't help but smile-Daniya really did look like an innocent girl at this point. If it weren't for the fact that he didn't want to drag her down with him, he wouldn't mind telling her some stories!

"I understand now. You humans have a rule, I think it's something like a man and a woman shouldn't touch each other ... A man and a woman can't be in the same room, right? Actually, it didn't matter! We don't have such a rule here!"

Daniya blinked her big eyes, her face innocent.

Lin Yi was speechless-you really do know a thing or two about human civilization, huh? However, this rule was already out of date!

"Daniya, it's not what you think. I actually have more important things to do and can't stay here for too long ... Even though it's risky to leave now, I still have to leave!"

lin yi wasn't planning on talking to her about the rules of human society-he just said that he had something to do and needed to leave. strictly speaking, it wasn't an excuse.

there were dark beasts at every node in the underground cave, and lin yi had given orders before entering, but too much time would only lead to more variables.

if it wasn't for the fact that senlan wuhun's commanding ability had caught lin yi's attention and made him want to assassinate her, he would've already reached the next node!

daniya pouted and nodded unwillingly, ""alright, if you want to leave, i'll send you out!"

lin yi was surprised. he thought that daniya was planning to give him a token or something so that he could leave the camp with an excuse.

this way, even if he was exposed, daniya would have a reason to push the blame away.

if she personally sent her out and senlan wuhun found out, she wouldn't be able to explain herself. she might even be treated as a spy for the humans!

"Daniya, you mean you'll send someone to send me out?"

Lin Yi couldn't help but confirm. The meaning was very different. If they sent a subordinate, at least they would have someone to take the blame for, and Daniya wouldn't be implicated.

"No, I mean, I'll personally send you out! It's not safe to send people. My men might not be able to handle the interrogation. Only if I take you away personally will no one dare to interrogate you carefully!"

Daniya's tone was flat, but it carried an extremely determined tone.

Lin Yi was stunned. He couldn't understand why Daniya would go this far. Was it just because she wanted to live a better life?

Even if they were of the same race, Lin Yi didn't dare to hope that someone would help a stranger by chance without caring about their own safety!

It wasn't that there weren't people with such high moral character, but they were too rare. Not to mention that Daniya was the leader of an enemy race?

Daniya, on the other hand, acted like it was only natural. She smiled at Lin Yi, "You don't have to worry. With me here, I'll definitely be able to send you out smoothly! You don't need to be suspicious. I just said that I don't like war. If you can stop the war between the two races, I will be very happy!"

"Now I will call my trusted guard in. After you change your clothes with him, I will take you away. Don't be nervous on the way, just relax and you will be able to pass through smoothly!"

She was probably afraid that Lin Yi would misunderstand, so she explained it to him before opening the restriction and calling for the guards outside the tent, "Maruhaya, come in!"

"Yes, commander Daniya!"

Someone answered from outside the tent, lifted the tent curtain, and stepped into the tent.

It was maruhaya, of course. He was her trusted bodyguard, and his body was strong and powerful, similar to the dark Beast body Lin Yi was possessing.

So, he put on his armor, put on his helmet, and put down his facial armor. He didn't even need to change his appearance!

When maruhaya saw Lin Yi in the tent, he immediately drew his weapon and shouted, ""Who are you? Why are you here?"

He glanced at Daniya out of the corner of his eye. She didn't seem to be in a hostage situation, so he relaxed a little, but his guard didn't drop.

"Maruhaya, don't be nervous. This is my friend. Put away your weapon!"

Daniya had already opened the restriction when maruhaya came in, so she wasn't worried about attracting attention from the outside. Seeing his tense state, she quickly smiled and waved her hand.
