

Bodyguard 8841

Chapter 8841

It was terrifying!

Lin Yi didn't want to suspect anything, but this didn't make sense. He had to be careful!

Daniya never would've thought that her plan to gain Lin Yi's trust would end up as a ridiculous superfluous move. It raised Lin Yi's vigilance and suspicion.

Lin Yi wasn't sure yet, though-he'd just get suspicious, and that suspicion would fade away if he had a reasonable explanation.

"There's no need to retreat. The shadow God-devouring Lion is difficult to deal with, but it's not impossible. Its ability to annihilate consciousness is powerful, but as long as we don't use it, it's useless!"

If Lin Yi was in his Yuan spirit form, it would be a bit troublesome to face the shadow God-devouring Lion, but with a physical body, he didn't have to use his spirit sense!

Now that Lin Yi's body was stronger than his essence spirit, the dark Demon beast he possessed couldn't use its full power, but it was enough to deal with those under the heaven breaking stage.

"Alright! Since you insist, then I have nothing else to say. We are partners, and we advance and retreat together! I'll definitely accompany you to the end!"

Daniya blocked a sudden attack from the shadows as she spoke. Her body was stronger than Lin Yi 's, so it wasn't hard for her to deal with it.

Lin Yi was on guard, but his body didn't overreact. Daniya was really blocking the lion's attack, and the strength and impact of the attack were not fake.

If Daniya wanted to deal with him, wouldn't the best choice be to take advantage of the shadow God-devouring lion's attack and backstab him?

Perhaps the shadow God-devouring lion's appearance was really just a coincidence?

Lin Yi's mind spun as he swung the demonic blade in another direction.

There was a soft sound of metal clashing, and a black shadow seemed to flash and disappear into the darkness!

"Be careful! It seems like there's more than one shadow God-devouring Lion!"

Lin Yi cleared his mind and reminded himself as well as Daniya, "The opponent's strength is around the initial stage of heaven breaking. Be careful, don't get ambushed!"

The initial heaven-breaking stage's attack was enough to cause fatal damage to Lin Yi's Dark Demon beast body!

Once his body was destroyed, his essence spirit would leave and he would be even more vulnerable to the lion's attacks!

"i understand! sima yi, you have to be careful too!"

as daniya spoke, she suffered another attack and did not know what to think.

this was clearly part of the plan, but why did it feel like it was a little out of his expectations?

her plan was to create enough of a threat to lin yi, and then she'd come out to save him or provide him with a huge amount of help to win lin yi's favor!

he hadn't expected senlan wuhun to send out more than one shadow god-devouring lion!

if he really killed sima yi, wouldn't her plan be in vain?

what daniya didn't expect was that senlan wuhun's plan had changed. if he could kill lin yi, then so be it. if he couldn't, then daniya would continue with her original plan.

she didn't know if he also felt that there was a loophole in his plan, and that lin yi would suspect him, so he changed his strategy at the last minute!

in a short period of time, lin yi and daniya had to endure hundreds of high-intensity attacks, back to back.

at this point, lin yi could finally confirm that there were not just one or two shadow god-devouring lion masters hiding in the shadows, but three!

they were all in the early heaven-breaking realm, and each one of them was at least a hundred times stronger than the dark shadow god-devouring lion lin yi had encountered!

"sima yi! we can't continue like this, let's get out of the mine first! if we continue to be on the defensive, they will find our weakness sooner or later!"

daniya's tone seemed a little anxious.

It was not easy for her to be distracted and talk in such an intense battle, so he could not expect her to still maintain her elegant way of speaking.

"You humans have a saying," a long defense will lead to a loss! I think it makes sense. The mine is dark, and it's the perfect battlefield for the shadow God-devouring Lion! Only when we are out of the mine will we have a chance to find their exact location!"

The outside of the mine was also dark, or rather, the world in the node was dark everywhere.

However, compared to the mine, it was definitely many times stronger. It was indeed more appropriate to retreat first when facing the dark shadow God-devouring Lion.

Lin Yi suddenly chuckled, "there's no need for that!" Their concealment is indeed perfect, but it's a pity that it's not completely flawless. Their flaw is actually their greatest talent!"

What was the shadow God-devouring lion's strongest innate ability?

Merging with the shadows was indeed impressive, but what was even more impressive was annihilating divine sense!

Sometimes, the strongest point could become the most obvious flaw!

If Lin Yi released his spirit sense, it would immediately be destroyed by the lion's innate ability.

However, if one were to carefully sense it, one would still be able to notice that there was a slight difference in the speed at which one's spiritual sense was annihilated!

The faster they were, the closer they were to the shadow God-devouring lion's body!

There were three locations where divine senses were being annihilated the fastest, and they were constantly moving. There was no doubt that these were the three shadow God-devouring Lion experts!

If it was an ordinary person, even if they could use their spiritual sense to probe, they would not be able to withstand this kind of consumption.

Only Lin Yi's Wu Linghai was strong enough to continuously consume his consciousness to determine the location.

"Ah? Their strongest talent is their weakness?"

Daniya expressed that she didn't understand at all. The meaning of this sentence was very clear, but she just didn't understand ...

"Ha ... That's what happened! Daniya, pay attention to my attacks and launch them together!"

Lin Yi's speed suddenly increased as he spoke. His butterfly microstep burst out and he shot out like lightning. He put away the demonic devour sword and punched out at an empty spot.

Crackling lightning arcs suddenly exploded from his fist, lighting up the dark mine completely.

Then, a shadow God-devouring Lion appeared where Lin Yi's fist was aimed at. Its eyes were filled with lightning, and its head was full of confusion.

In that instant, the shadow God-devouring Lion had actually been temporarily blinded by the sudden lightning bolt. It had no way of defending itself!

His fist, wrapped in lightning arcs, struck the lion's nose like a missile. The crisp sound of bone cracking was mixed with the crackling of lightning arcs. It was surprisingly harmonious!

Without the protection of the shadow, the lion felt as if it had been struck by lightning ... No, it was really struck by lightning. Its head was almost smashed off by Lin Yi's fist.

Daniya was extremely shocked. She didn't think that Lin Yi's fist would suddenly have lightning arcs, it was unbelievable!

Chapter 8842

A lightning attribute martial arts technique?

She never thought that Sima Yi would be a lightning attribute expert!

However, that was not right!

The darkness demon beast body that Sima Yi possessed was not of the lightning attribute, so how could he use the lightning attribute martial arts?

The thought flashed through her mind, but Daniya didn't have time to think about it. She followed Lin Yi and attacked the lion!

Originally, she had wanted to hold back and find an opportunity to let the shadow God-devouring Lion go. After all, shadow God-devouring Lions were extremely rare among the darkness magical beasts.

The entire darkness demon beast clan had millions and millions of creatures like sun devouring rats and corpse demon bees, which was why their numbers sounded terrifying. In fact, they were indeed quite terrifying ...

And among the billions of darkness demon beasts, there were only a few hundred shadow God-devouring Lions. Their value was self-evident.

It was a pity that Lin Yi's lightning-imbued punch not only exposed the shadow God-devouring Lion, but also heavily injured it. No matter how much Daniya held back, the lion would not be able to survive!

Since that was the case, it would be better for her to personally end the shadow God-devouring lion's life. It would be considered a contribution to her!

Daniya was not as innocent and kind as she looked on the surface. She was a decisive powerhouse. If not for that, she would not have been able to become the commander of the dark wind camp!

Having made up his mind, Lin Yi didn't show any mercy. He retracted his fist and dodged, chasing after the second shadow God-devouring Lion. The heavily injured one was killed by Daniya in one hit!

Lin Yi raised an eyebrow, relieved. If Daniya really was up to something, she should've protected the shadow God-devouring Lion and ganged up on him!

Since she didn't do that kind of thing, it meant that her suspicions just now were not valid!

Lin Yi felt a little guilty at the thought, thinking that he shouldn't have doubted her. He felt that he had let down Daniya's sacrifice!

Although he felt guilty, the new attack did not stop. Instead, it became even more violent!

Lin Yi's entire body was covered in lightning arcs, lighting up the entire area like a ball of lightning. The two remaining Lion Masters had nowhere to hide!

Under the illumination of the light, the shadow would completely disappear!

Without the Shadow's protection, the Lions couldn't use their natural abilities. They were completely exposed to Lin Yi's sight, and with the blinding lightning, they didn't know what to do.

Lin Yi didn't give them any time to react and went all out in his attacks, heavily injuring them in an instant. He then changed his target and left the mess to Daniya.

In the blink of an eye, the three shadow God-devouring Lion experts had been wiped out!

"Wait! Leave him alive ..."

Lin Yi was just about to tell her to leave him alive when Daniya finished her job!

Daniya was gritting her teeth so hard that they were about to shatter. Three heaven breaking experts from the shadow God-devouring Lion Clan!

He died just like that!

Even if they returned to the darkness demon beast clan after completing the mission, it would be hard to explain ... They would be hunted down by the shadow God-devouring Lion Clan.

That damned Senlan wuhun!

They had nothing better to do than to send the shadow God-devouring Lion clan's experts as cannon fodder! Did water enter his brain?

And that damned Sima Yi, why was he so strong? he could even easily kill an expert from the shadow God-devouring Lion Clan!

There was no way she would admit that she was the one who killed off the three shadow God-devouring Lion clan's experts in the end. The wok was Sima Yi 's, it had nothing to do with her!

'Last last last last, if you wanted to leave someone alive, you should have said so earlier!'

He didn't even greet them and only spoke after killing them. He was clearly trying to push the blame!

Shameless!

Daniya grumbled in her heart, but she didn't show it on her face. Instead, she smiled and said, "What's wrong? Do you want to ask them any questions? That's right, you should put away the lightning arcs on your body first, it's too dazzling!"

"Sima Yi, what kind of technique is that lightning arc of yours? Your current body shouldn't be of the lightning attribute, right? To be able to use such a powerful martial technique, it's too powerful!"

Lin Yi didn't need Daniya to say anything as he dispelled all the lightning on his body. He couldn't help but smile bitterly and shake his head.

"Tell me one by one. First of all, I don't want to ask questions. I just want to change my body. Second, the lightning bolts are harmful to the body. After using it, this body is basically useless. That's why I want to keep it alive!"

If it was Lin Yi's own body, it didn't matter if he used the lightning Qi to use martial arts or used his body as the foundation to activate the power of lightning, it wouldn't hurt his body.

But this Dark Demon beast body didn't have the lightning element, so he couldn't use it. Lin Yi used destructive methods, making the cells of his body rub against each other, forming lightning arcs to attack.

Such a method could be called a suicide move. It was a typical case of killing 1000 enemies and losing 10000 of one's own!

Whether or not he succeeded, the body Lin Yi was possessing was finished!

After the lightning dissipated, Daniya's eyes adjusted to the darkness and realized that Lin Yi's body was shriveled up like rotten wood!

The darkness demon beast clan's bodies all had strong vitality, and they could heal ordinary injuries in minutes without paying attention.

However, Lin Yi's body was covered in a layer of death Qi, and there was no sign of life.

"Sima Yi! How are you? Are you alright?"

Daniya let out a soft cry and quickly flew to Lin Yi's side, reaching out to support his tottering body, "How could this be? Your body is really going to be destroyed soon!"

"Didn't I tell you? what I used just now was a forbidden move that hurts others first. But it doesn't matter. This isn't my own body, so it's not a pity to throw it away. As long as I have a new body to possess, it's fine."

lin yi said, looking at the three bodies of the shadow god-devouring lions. what a pity!

daniya's attacks were ruthless enough, she was already completely unable to possess him!

and in front of daniya, it seemed like they were too embarrassed to dig out their inner cores ...

after all, daniya was also from the darkness magical beast clan, and it was inevitable that she would feel sad for the loss of her kind.

"argh! what should he do now? why don't we leave this place first and find a body for you to use?"

Daniya felt that she had achieved her goal. It would be best if she could leave the chaos demon mound with Lin Yi!

Unfortunately, Lin Yi didn't want to leave. "No, that's too much of a waste of time. Since the shadow God-devouring Lion has appeared here, it means that they've already expected us to come to the chaos demon mound!"

"If we waste too much time, we might be surrounded at any time. It's better to complete our goal as soon as possible and leave!"

Daniya really wanted to ask what our goal was. Find the location of the chaos demonic beetles and completely eliminate them?

Chapter 8843 The End

That was impossible! There were already many groups of chaos demonic beetles present in the various bases. Even if they killed the remaining ones, they wouldn't be able to exterminate the chaos demonic beetles. As long as they had Chaos Black crystal ores, they would be able to reproduce again. What was the point?

He wanted to ask, but he couldn't!

Daniya was also feeling very awkward!

In fact, if she really wanted to ask, Lin Yi would most likely tell her the truth. He came to the chaos demon mound for the black water crystal in the chaos demon beetle's body!

This was a treasure used to break through to the primordial spirit!

Once his essence spirit broke through to the heaven breaking realm, his strength would have a qualitative leap!

The three shadow God-devouring Lions wouldn't be able to destroy Lin Yi's spirit sense so easily anymore-they'd probably be knocked down by Lin Yi's spirit sense attack!

It was just like how water could put out a fire, but if it was just a drop in the bucket, the water would instantly evaporate!

"You're right, but you can't even walk with your current body. What if there's more danger down there?"

As soon as Daniya finished speaking, Lin Yi had already left his broken body and appeared in front of her in his Witcher spirit body form.

Lin Yi had mentioned Wu Linghai before, so she wasn't surprised by the shape of the Wu spirit body.

On the other hand, Lin Yi's appearance with his Witcher spirit body made her curious.

After all, when Lin Yi's essence spirit left his body before, it was always flying around in the form of an essence spirit. He never really revealed his Witcher spirit body.

The appearance of The Witcher spirit body was Lin Yi's true appearance.

It was the first time Daniya had seen it, so she was naturally surprised, ""Sima Yi, is this how you should be? It was much better looking than before! I was still worried that you might be an ugly monster, but you're much stronger than I thought!"

Lin Yi's mouth twitched-that was a compliment, wasn't it?

Should I feel honored? I didn't think that the darkness demon beast clan would care about a human's appearance!

Lin Yi didn't want to talk too much about his looks, so he changed the topic. "I'll be using my sorcerer spirit body for the rest of the journey. Compared to the body that wasn't suitable for me, I'll be stronger if I use the Sorcerer spirit body!"

Daniya sensed Lin Yi's aura, and she had to admit that it made sense,"It really is! Although the level of your sorcerer spirit body doesn't seem to be as high as your physical body, the sense of danger you give me is higher!"

With that, she had no reason to stop Lin Yi from going deeper into the chaotic black crystal vein. She'd lost three shadow God-devouring Lion Masters, but she still couldn't complete her goal. Just thinking about it made her panic!

Daniya couldn't help but secretly grumble. Senlan wuhun's performance this time was a little off-standard!

"you don't have any objections, right? let's hurry up and go deeper. the fact that three shadow god-devouring lions are here means that there's something worth protecting! unless they were here to ambush us, it doesn't make sense!"

lin yi said as he walked to the other side of the tunnel, and daniya couldn't help but smile bitterly.

those three shadow god-devouring lion experts were really here to ambush you! so, can't we not go down?

she couldn't bring herself to say it out loud, so she swallowed her bitterness and followed lin yi silently.

whatever you say is right, love me all you want!

The two had just entered the opposite tunnel when the Jade space suddenly sent out a warning. It was stronger than before, which meant that the threat to Lin Yi was stronger than the three shadow God-devouring Lions!

"Retreat!"

Lin Yi shouted as he pulled Daniya and quickly retreated from the tunnel, returning to the empty space.

"What's wrong? Is there a problem?"

Daniya didn't even need Lin Yi to answer as she already knew something was wrong!

There was a light but dense rustling sound coming from the tunnel. It was obvious that something was coming out.

Before the two could say anything, a rustling sound filled the space. Lin Yi's eyes were good, but he almost couldn't tell what it was!

"It's the dark night God-hunting Spider! Sima Yi, you have to be careful! Your sorcerer astral body just so happens to be the dark night God-hunting spider's favorite food!"

Daniya's face was serious as she warned Lin Yi, but she was happy inside!

Not bad!

Senlan wuhun was indeed very reliable!

After the shadow God-devouring Lion, there was actually a Darknight God-hunting Spider. It was too much of a target for Sima Yi!

No matter how powerful the Sorcerer spiritual body was, it would not be able to escape the fate of being devoured by a large group of dark night God-hunting spiders!

"I didn't think that there would be a tribe of dark night God-hunting spiders here! The chaotic divine consciousness produced by the chaos demonic beetles and the fluctuations produced by the chaotic black crystal mine can be used as food for the Darknight God-hunting spiders, but their tribe prefers to hunt primordial spirits. "

Daniya thought that Lin Yi didn't know about the dark night God-hunting Spider, and quickly explained in a small voice, "Although the midnight Godhunter Spider could possibly become a companion race of the chaos demonic beetle, I've never seen one before. This time, I've really opened my eyes!"

Lin Yi's Witcher spirit body was the dark night God-hunting spider's nemesis, but Daniya wasn't afraid at all. She felt that this was the best time to deepen Lin Yi's trust!

Three shadow God-devouring Lions had already died, so killing a few dark night God-hunting spiders would be a piece of cake.

After all, the midnight divine Hunter spiders were not rare. Although their reproductive abilities could not be compared to the corpse demon bees and sun-devouring rats, they could easily reproduce into a small group that could have at least a few thousand members!

This was what cannon fodder should be like!

"Sima Yi, let's just leave this place! Although I'm not afraid of the dark night God-hunting Spider, a prolonged defense will lead to a loss. I have no problem protecting you as you retreat, but I can't guarantee that we won't miss anything if we continue forward! Or do you want to come back after you've found a replacement?"

Daniya saw that more and more dark night God-hunting spiders were coming out of the tunnel, and took the chance to persuade Lin Yi to retreat. If Lin Yi still had a body, she wouldn't be able to say anything, but now was the time!

Lin Yi chuckled, "There's no need to worry. It's just a dark night God-hunting Spider. It's no big deal. I can handle it!"

He'd encountered the dark night God-hunting Spider before, but he'd been in his Yuan spirit form and weak, and yet he'd still been able to escape unscathed.

Now that Lin Yi had the Sorcerer spirit body, his strength was hundreds of times stronger than when he encountered the Godslayer Spider. Why would he be afraid of a mere Godslayer Spider?

Another Shaman Spirit body might be afraid of it, but Lin Yi was completely different!

This was because Lin Yi had a way to counter the dark night God-hunting Spider!

Chapter 8844 The End

"You can handle it? Sima Yi! If you're captured by the dark night God-hunting spiders, I'm afraid you won't even have the chance to resist before you'll be torn to pieces and devoured. I might not be able to save you!"

Daniya had seen Lin Yi's abilities, but she didn't believe that he could take on thousands of dark night God-hunting spiders in his Witcher spirit form, "These midnight divine Hunter spiders are the companion beasts of the chaos demonic beetles in the chaos Black crystal mine. I can deal with the midnight divine Hunter spiders, but the chaos demonic beetles are following us. I won't be able to deal with them!"

The spirit sense-shielding formation that Lin Yi gave her was already damaged during the battle with the shadow God-devouring Lion, and it could only barely maintain the shield against the mine's fluctuations. If the chaos demonic beetles were to attack with their own will, it wouldn't last long before it shattered!

So what Daniya said was the truth. If Lin Yi was just bluffing, it would be difficult for her to save him.

If he revealed his identity, it might be useful, but that would mean the end of the plan. What was the point of saving Lin Yi?

"Don't worry! I can really handle it, just watch!"

Lin Yi was full of confidence, while Daniya was a little skeptical!

As he spoke, countless dark night God-hunting spiders covered the ground and the empty space above, surrounding Lin Yi and Daniya from all directions.

The spiders started spinning their webs, sealing up all the space between the two.

"Sima Yi, the dark night God-hunting spider's silk has the effect of weakening the primordial spirit. Once the primordial spirit is captured, it will continue to decrease in level and power. You must not touch it!"

Daniya still didn't believe that Lin Yi could handle the Darknight God-hunting Spider, and was already thinking of a way out, "This is the last chance to leave. I can try to break through while the Darknight God-hunting spider's web isn't dense enough!"

As long as he could break through the spider web at the entrance of the mine, he would have a chance to escape. It was his only and last chance!

If they continued to delay, Daniya would truly be unable to escape the joint blockade of the midnight God-hunting Spider and the chaos demonic beetle without exposing her identity!

Lin Yi smiled but didn't say anything. It was useless for Daniya to not believe him, so he decided to use his actions to show that he wasn't exaggerating!

When they encountered the Godhunter Spider earlier, Lin Yi had to use his icy fire to burn the spider's web before he could escape unscathed. It was completely different this time!

Lin Yi's strength had increased several times over, and he didn't even need to use the icy blaze fire to deal with the Darknight God-hunting spider's web!

The conflagrated knowledge fire was silently sent out by Lin Yi, scattering in all directions. When it came into contact with the web that the dark night God-hunting Spider had just weaved, the conflagrated knowledge fire instantly exploded, instantly turning into a Prairie Fire!

The Darknight God-hunting spiders treated primordial spirits as food. If it was an ordinary divine sense attack, they might have eaten it as a snack, but the divine sense pill fire was different. It was the Darknight God-hunting spiders 'natural enemy, their nemesis!

In front of the spirit sense pill fire, the spider web that weakened the spirit sense directly became the new fuel for the spirit sense pill fire, unable to resist at all.

Not only that, but the consciousness pill fire also spread out along the spider web, surrounding the dark night God-hunting Spider that was shooting out its silk.

Daniya's jaw dropped. She'd thought that Lin Yi would be at a complete disadvantage against the dark night God-hunting Spider, completely suppressed and in a situation where he'd die without a doubt.

Who would've thought that the dark night God-hunting Spider Army, which seemed to be a threat to Lin Yi, would be defeated by Lin Yi in one hit!

The comparison of strength between the two sides was simply a crushing situation! It was just that the target of the crushing had been completely switched!

"Daniya, don't just stand there! Follow up and attack!"

Lin Yi's conflagrated knowledge had caused a lot of damage to the dark night God-hunting Spider, but he couldn't kill it completely. Especially the chaos demonic beetles mixed in with it, who had a stronger resistance to the conflagrated knowledge.

Physical attacks were needed to deal the finishing blow. Lin Yi's Voodoo body could do it too, but Daniya was more suitable.

Daniya came back to her senses and suppressed the shock in her heart. She subconsciously listened to Lin Yi's command and attacked the chaos demonic beetles and the Darknight God-hunting spiders that were scurrying around in the fire!

She rejected it in her heart. After all, she was a spy from the darkness demon beast clan, and she felt guilty and burdened for killing so many darkness demon beasts at once.

But at this point, it didn't matter if she did it or not. Lin Yi could still clear the area without her help, so what could she do? Of course, it was to ensure that he completed his mission!

The midnight God-hunting Spider and chaos demon beetle Army that had come in full force had been dealt with as easily as the autumn wind sweeping away the fallen leaves. Daniya thought of the words she had said earlier and felt a little ashamed!

She even acted as if she cared about Lin Yi, but in the end, everything she did was like a joke. Sima Yi didn't show anything just now, but he was actually laughing inside, right?

"Daniya, thanks to you! If I'm alone, it'll be a bit troublesome!"

Lin Yi didn't know what Daniya was thinking, but he still expressed his gratitude.

"I ... I didn't do anything! It's all because of your strength, Sima Yi ... You're really strong!"

Daniya sighed from the bottom of her heart. Not only was a sorcerer spirit body unafraid of primordial soul Hunters like the Darknight God-hunting Spider, but it had also killed thousands of them in an instant while chatting and laughing ... Even chopping vegetables would be more difficult than this, right?

Thousands of pigs lining up for you to slaughter, it would also take a few times longer, right? There was really no justice!

"It's not as strong as you say. It just happens to be a counter to the Darknight God-hunting Spider. No big deal!"

Lin Yi smiled faintly, acting humble for once, but in Daniya's eyes, he was just acting cool!

That overbearing look of his really made one speechless. The dark night God-hunting Spider Army that hunted primordial spirits for a living was restrained by a primordial spirit? Who would believe it?

Acting tough leader, will you die if you don't act tough!

Daniya cursed in her heart, but she kept a smile on her face and said something about how Lin Yi was being too humble ... She didn't want to see Lin Yi acting all cool anymore!

Lin Yi didn't really think much of it-the invisible act was deadly, but he couldn't be blamed for that, could he?

There wasn't anything good left behind from the thousands of Darknight God-hunting spiders, but there were a few black crystals among the hundreds of chaos demonic beetles. Lin Yi's purpose in coming to the chaos demon mound was to collect the black crystals, so he couldn't give them up.

Anyway, the black crystal wasn't a darkness magical beast's neidan, so it shouldn't have offended Daniya, right? I don't care, I'll keep it first!

Chapter 8845

Daniya didn't mind Lin Yi's actions-they'd already killed him, and there was nothing wrong with taking the loot.

She didn't understand why Lin Yi was collecting these black crystals. Return to the human side and use it to deal with their own kind?

Other than confusing people's minds, this thing didn't have much use. The core of the teacher badges of worldly college was this rice-sized black crystal!

Daniya only knew this, but she didn't know that Lin Yi could use the black crystal to break through to spirit level.

If she knew, Daniya would definitely try her best to stop Lin Yi. She might not expose her identity, but she would definitely inform Senlan wuhun and ask him to stop Lin Yi from collecting the black crystals.

If she had no other choice, she would risk it all and stop Lin Yi from breaking through even if she had to expose her identity!

"Sima Yi, what do you want these useless things for?"

Daniya didn't realize the seriousness of the matter and only asked casually. The black crystal wasn't considered useless, at least little things like the teacher's badge had some effect!

Of course, Daniya wouldn't tell Lin Yi that. She wanted him to think that the black crystal was useless.

Lin Yi put all the black crystals into his storage bag and smiled, "It looks pretty. I'll make some accessories later. It doesn't matter if I give it to others or use it for myself. It'll be a memento!"

An essence spirit breakthrough was a big deal, and they weren't even in the right shape yet. Lin Yi didn't want to talk to Daniya about it, so he just brushed it off.

Now that the dark night God-hunting Spider and chaos demonic beetle had been killed, Daniya had no reason to stop Lin Yi from going deeper into the mine. She could only follow him.

They didn't encounter any more ambushes along the way. It seemed that the shadow God-devouring Lion and the Darknight God-hunting Spider were all they had planned.

Lin Yi and Daniya successfully entered the lowest level and found the chaos demonic beetle's nest above the chaos Black crystal vein.

Unfortunately, there weren't any more chaos demonic beetles left. The ones that had died together with the midnight Godhunter Spider were the last of their numbers, while the rest had been scattered to serve in the various garrisons.

Without the chaos demonic beetles, Lin Yi wanted to destroy the mine and raid the nest of the chaos demonic beetles, so that there wouldn't be a large number of them growing again.

It was a pity that there wasn't enough time. A large number of darkness demon beast clan's elite soldiers had already gathered outside the chaos demon mound. Although they couldn't detect them with their divine senses, the jade pendant space had an early warning.

Lin Yi was worried that there might be a Dark Demon beast clan master who set up a Witcher soul locking formation in the demon mound. He wouldn't be able to escape in his Witcher spirit body state.

Especially now that Daniya no longer had her original commander identity and was considered a fugitive, she was even easier to target.

After some consideration, Lin Yi decided not to touch the mine for now.

Anyway, the mine vein was here and wouldn't run away. If there was a chance in the future, he would come back again. Today, he would retreat with Daniya!

"Daniya, let's go! Let's continue to the next node and cause trouble!"

Lin Yi left immediately, bringing Daniya out of the mine and quickly leaving the chaos demon mound.

Less than three minutes after the two of them left, the darkness demon beast clan's Army swarmed over like a tide and surrounded the chaos demon mound!

Senlan wuhun was at the center of the Army, but he didn't let Lin Yi go. Instead, he smiled mysteriously and muttered to himself, "Sima Yi! It was really shocking! Even the shadow God-devouring Lion and the Darknight God-hunting Spider couldn't stop him!"

"It seems that he's not an ordinary human! Although there were many geniuses in the human race, there were definitely not many who could grow to such a level! I've underestimated him before!"

"Alright! If Daniya could successfully follow Sima Yi into the human world, her starting point would be higher than expected! If this brat can't return, we won't lose out!"

Senlan wuhun made up his mind-he wouldn't go easy on Lin Yi anymore, and he'd take everything seriously!

Killing Lin Yi was a reward, but if they couldn't, the operation would be more real, and Daniya's undercover would be more credible.

It was the real thing, and there was no fake acting-Lin Yi couldn't find any evidence even if he wanted to!

Senlan wuhun's decision was notified to Daniya through a special communication method.

Daniya was naturally a little uncomfortable. What followed was a real pursuit and encirclement, and the darkness magical beast soldiers who were carrying out the mission would not be told that Daniya was a spy!

They'd treat Daniya as a real traitor, and their desire to kill her would be even more pressing than killing Lin Yi!

This time, Daniya was truly trying to escape. If she was not careful, it would be embarrassing if she was killed by her own people!

Even though she was uncomfortable, Daniya had no way to deal with it.

After all, he had already foreseen this when he agreed to go undercover!

Since ancient times, the identity of a truly high-level spy was only known to the most direct contact, in order to ensure that they would not be exposed in the enemy camp.

Therefore, they would often face attacks from their own people.

Daniya just didn't expect this day to come so quickly!

Lin Yi didn't know that Senlan wuhun had made a new decision, but he noticed the difference when he reached the next node!

Not only were there large numbers of regular darkness demon beast soldiers guarding the spatial node, but there were also dark night God-hunting spiders!

As an essence Spirit Hunter, the Darknight God-hunting Spider might not be much of a threat to Lin Yi, but the web it weaved and its existence could monitor the surroundings and prevent Lin Yi's Witcher spirit body from sneaking in!

It wasn't The Witcher soul God sealing array, but it could display a similar function to The Witcher soul God sealing array!

Other than the Darknight God-hunting spiders, there were also many black bat-type darkness magical beasts intertwining in the air. They were also using ultrasound to scan the area above the entire Army.

"Sima Yi, you can't go over! The ones patrolling in the air are dark spirit God-searching bats. They don't have much combat power, but their ability to search for primordial spirits is top-notch!"

Daniya said, worried. "There are dark night God-hunting spiders on the ground and dark spirit God-searching bats in the air. They must have received a report and know that you've infiltrated the node in the form of a primordial spirit. They're working together to fix the node's loopholes, which is why they made such an arrangement!"

"On the surface, there are already two types of troops that have the ability to search for your primordial spirit. In the dark, there are also many methods to target your primordial spirit state. Although your sorcerer spiritual body is indeed very powerful, it's hard to say what will happen if you just go there like this!"

"I think we have to think about this matter at length. If there's no safe way, we'd rather not take action for the time being! Sima Yi, do you think what I said makes sense?"

If it makes sense, just listen!

Daniya didn't want Lin Yi to die—it would mean that her undercover plan had failed! But she couldn't think of any way to get Lin Yi to continue the mission!

Chapter 8846

If Lin Yi couldn't complete his mission, he wouldn't be able to return, and naturally, he wouldn't bring her back ... The undercover plan was still a failure!

This was really troublesome!

Daniya cursed in her heart at Senlan wuhun for increasing the difficulty of her mission. In order for the spy to successfully infiltrate, you should have thought of ways to help the spy gain the trust of the enemy and create the conditions for the spy to infiltrate!

There was no reason to increase the difficulty and hinder the undercover? What kind of crazy operation was this!

But then again, Lin Yi had destroyed a few nodes with his essence spirit. If the dark Demon beasts didn't do anything, Lin Yi would be suspicious.

Daniya could only use this reason to comfort herself.

Lin Yi observed from afar and nodded, "Daniya, you're right! It would be even more difficult for him to sneak in as an essence soul! The good news is that there doesn't seem to be any Witcher soul God sealing array set up here. If I want to leave, they won't be able to stop me!"

There were many question marks on Daniya's head. Was she thinking about whether they could stop her when she left? Shouldn't he be thinking about how to sneak in?

Was my mind too slow to keep up, or did I miss something?

"Same old rules. Daniya, you'd better stay here and guard the escape route for me. I'll sneak into the node alone and come out to meet you immediately!"

Lin Yi still had the body of a Dark Beast, so he asked Daniya to stay and look after it.

Now that the body was crippled, he didn't need to look after it, so he let Daniya keep watch.

Daniya was a little speechless. Why did it feel like she was being despised? I'm clearly much stronger than you!

"Sima Yi, what are you going to do? Should he continue to sneak in with his primordial spirit? It won't work! We'll be discovered as soon as we get close ..."

Daniya's words were completely different from what she was thinking. Lin Yi couldn't help but feel touched by her worry.

But before she could finish, Lin Yi took out a dark night God-hunting Spider from his storage bag!

The Darknight Godhunter spider's body was similar to the chaos demonic beetle 's, only slightly larger than a fist. When it was curled up into a ball, it looked rather light, as if it could be blown away by the wind.

Daniya was immediately speechless. This midnight God-hunting Spider was clearly dead, and there were even light burn marks on its side. It should be one of the more intact ones from the batch that had been killed in the chaos demon mound mine.

She didn't even realize that Lin Yi had taken a part of the dark night God-hunting spider's body!

"It's true that it's easy to be discovered in the form of a primordial spirit. However, if I possess the body of a Darknight God-hunting Spider, I don't have to worry about that, right?"

Lin Yi smiled and entered the spider's body.

Because Lin Yi's spirit was too strong, the body almost couldn't contain it, causing Lin Yi's strength to drop sharply after possession.

He didn't even reach the earth-splitting stage, let alone the sea-splitting stage. He had fallen directly to the mountain-opening stage!

Fortunately, Lin Yi was only using the dark night God-hunting spider's body to sneak in. He didn't expect to use it for battle, so he didn't really care about strength.

Daniya continued to be speechless. A primordial spirit that could leave his body and infiltrate, and also a body that could switch at any time, this was the perfect spy, right?

Being a spy beside A Perfect Spy, just thinking about it was really exciting!

"Alright, I'll head over first. Daniya, pay attention to the surroundings and make sure our escape route isn't cut off. If we're discovered or if I don't return within ten minutes, you can leave first. We'll meet up near the next node!"

Lin Yi stretched a few times, getting used to the different body structures of the tarantula. "Be careful, I'm leaving!"

Without waiting for Daniya's reply, Lin Yi moved his eight spider legs and flew forward ... He did a somersault ...

"Haha ... I just tripped. It's alright, it's alright!"

Lin Yi smiled awkwardly. After all, this was his first time possessing a dark spider-type demon beast, and he didn't control his eight legs well enough.

Fortunately, the spider's sense of balance was superb. After somersaulting in the air, it was still able to land steadily, and there was no famous scene of a dog gnawing on mud.

Daniya looked at the rapidly departing midnight God-hunting Spider and did not know what to say. She could only sit on the ground and continue her job as a lookout!

After getting used to it, Lin Yi's speed reached its peak, and he quickly got close to the dark Demon beasts' territory.

The Darknight God-hunting Spider had an innate stealth ability, and ordinary darkness demon beast soldiers would not be able to detect it.

As for the other Darknight God-hunting spiders, their attention was focused on searching for their primordial spirit. They would not notice that an outsider had sneaked into their tribe!

Lin Yi sneaked into the camp without a hitch and headed straight for the node. With his identity as a midnight God-hunting Spider, he wouldn't attract the attention of the other Dark Demon beasts.

It was perfect!

There were still six chaos demonic beetles at the spatial node, but there were dozens of elite darkness demon beast soldiers guarding it. It was obvious that they had been tricked before, and they were much more cautious.

In this case, it would be a little difficult to solve it without a sound!

Lin Yi didn't even have time to think of what to do when the dark Beast soldiers started yelling, ""What are you doing here? This isn't your area of defense, go back quickly! Who allowed you to leave your post?"

Indeed, the Darknight God-hunting spiders were all arranged to be in the outer and central areas. He had never seen them near the central area of the node!

No wonder Lin Yi's appearance as a dark night God-hunting Spider would cause the dark Beast soldiers to question him.

It was just that the other party had yet to realize that this was not a real midnight God-hunting Spider, but an enemy in disguise!

Now that he'd been discovered, Lin Yi decided to leave the spider's body.

Since the goal of the infiltration had been accomplished, and the node was right in front of them, what was there to worry about? It's over!

At the same time that the shaman spiritual body appeared, the vibration of his divine sense instantly burst forth, enveloping all the darkness demon beast soldiers nearby, causing them to be momentarily dazed.

Lin Yi held the demonic blade in his hand and used Flames of War to cover the entire sky with a black light, enveloping all the dark Beast soldiers!

The dark spirit God-searching bats in the sky and the dark night God-hunting spiders on the ground were all in a frenzy as they charged towards the node!

The other darkness demon beast soldiers also followed suit, and they gathered around the node.

The encirclement still needed seven or eight seconds, however, so Lin Yi wasn't worried at all. The demonic devour sword flickered lightly, taking the lives of the dark beasts.

In fact, he had even conveniently collected the black water crystals left behind by the six chaos demonic beetles.

After temporarily clearing out the dark Beast soldiers around him, Lin Yi looked up to the sky and let out a "let's go" sound, signaling for Daniya to leave first and meet up with them at the next node.

Chapter 8847

Lin Yi realized that it was better to go back to the underground cave and move to the next node than to break out from here. It was more convenient to enter the node from the underground cave!

This way, he didn't even need to sneak in, and it would be easy to break out of the encirclement when the darkness demon beast clan wasn't prepared.

After sending the signal, Lin Yi was about to open the node and return to the underground cave when Daniya let out a long and clear hiss and started attacking the dark beasts 'camp!

Lin Yi almost fell to the ground. What the hell was this? I told you to leave, why did you rush in?

Retreat! It was not a charge!

He had no choice but to postpone his plan of moving back to the underground cave. He couldn't just let Daniya fall into a trap.

Even though she was very strong, there were many darkness magical beasts here, and there was no lack of experts comparable to Daniya.

If she charged forward alone, it would be no different from courting death!

Lin Yi quickly took out a piece of spiritual Jade, opened the node, and threw it out. This was the signal that they had set before-after seeing the spiritual Jade, the other side would start fixing the node's loopholes!

After that, Lin Yi grabbed the demonic blade and prepared to go back and help Daniya leave ...

She wanted to come and pick him up, but in the end, he was the one who went to pick up Daniya who wanted to pick him up ... What the hell was this!

Just as he was about to move, the spatial node behind him suddenly fluctuated even more violently, forming a passage for people to pass through!

Lin Yi was shocked-he'd just opened up a crack to send the spiritual Jade in, what the hell was with the sudden increase in size?

In five or six seconds, the darkness demon beast Army would be able to surround them. If the tunnel continued to widen, they would be able to directly enter the underground Devil's Den!

To hell with it!

What was the underground Devil's Den doing? Shouldn't they be focusing on repairing the node when they see the signal? To be able to open up the spatial node directly ... Was he being controlled by the darkness demon beast clan?

It was impossible for Lin Yi to save Daniya now-he had to make sure the node closed quickly!

Before Lin Yi could do anything, a person appeared from the spatial node!

This person was also shocked when he saw the darkness demon beast Army gathering from all directions!

Luckily, there was still some distance between them, and the person who came out was calm enough to greet Lin Yi."Vice President Sima! This subordinate has something to report!"

Lin Yi almost fainted-this guy was probably an array master from the array Guild, with the Guild's symbol on him!

But the problem is, what are you doing here instead of repairing the nodes?

An array master, didn't he know what kind of strength he had? It wouldn't even be enough to be a snack for the darkness magical beast clan!

The courageous array master also saw that the situation was not right, and quickly said,""Vice President Sima, we've discovered that we can successfully repair the nodes after setting up a divine sense shielding array. We would like to ask Vice President if we can fully implement it?"

"Vice President Sima, let's talk after we leave! It'll be too late if we don't leave now!"

This fellow spoke extremely quickly, like a machine gun. If he wasn't an array master, he could have become a top host.

When he saw the darkness demon beast Army surging towards him, his legs started to shake. It was already not easy for him to be able to finish his sentence clearly!

Lin Yi thought about it. The spirit sense barrier formation could temporarily block the chaos demonic beetles from sending chaos waves through the holes in the nodes, so it could be repaired by the formation Masters in the underground cave!

It was so simple!

He had thought too much about it before, it was dark under the light!

"Yes! Go back and pass down the order that all the nodes will be repaired in this way! Hurry up! Hurry up!"

Lin Yi didn't think it was a problem and made the decision immediately. The formation master in the underground cave could do it, but Lin Yi had given the order before, as the Vice President of the formation Guild!

The formation Masters didn't dare to make any decisions before Lin Yi left the node. They could only wait for Lin Yi to give the signal before taking the risk to open the node and ask for instructions.

The node was of great importance, and if it was not dealt with as soon as possible, no one would be able to sleep well! This was why array Masters risked their lives to enter the node.

"Vice President Sima, let's go together! We'll definitely die Here ..."

The formation master's legs were still shaking, but he didn't forget to ask Lin Yi to come with him-he was a man with the courage to enter the node!

Lin Yi's head hurt-could he just leave like this?

The Army of the dark beasts was about to surround them, and if Lin Yi returned to the underground cave with the array master, they wouldn't be able to close the passage!

Once the darkness demon beast Army rushed into the passage, the node would be even more difficult to close. At that time, the entire underground devil cave would be in danger and turmoil.

This was the overall situation, and also the individual aspect.

Daniya had started to charge into the formation alone and was surrounded by the outer formation. She wasn't in danger for now, but if Lin Yi went back to the underground cave, she'd probably be dead!

He couldn't just leave like that!

"Hurry up and leave! After we get out, immediately close the channel and repair the nodes. I'll stall for a moment here! Stop talking nonsense and hurry up!"

The closest Dark Demon beast was less than five steps away from Lin Yi, and its powerful attack was about to land on him. Lin Yi didn't waste any more time and kicked the array master's butt, sending him into the tunnel!

"Ah, Yingluo!"

The array master let out a blood-curdling screech and instantly disappeared into the passageway.

Lin Yi quickly turned around and threw out an activated defensive formation.

This was the purest form of a defensive formation plate, and its defensive strength was extremely outstanding. The defensive barrier just happened to block the soldiers of the darkness demon beast clan at the very front, temporarily stopping them three steps away!

However, no matter how excellent the defensive formation plate was, it couldn't stop the elite soldiers of the darkness demon beast clan.

Of course, Lin Yi didn't expect to stop the Army with this formation disk.

As long as he could delay them for a few seconds, he would have achieved his goal!

After the array master who was kicked away returned to the underground devil cave, he also knew that the situation was urgent.

Although Lin Yi was in danger, compared to the entire Island, he wasn't that important. In order to live up to Lin Yi's sacrifice, he immediately ordered his comrades to close the tunnel and repair the nodes.

Lin Yi didn't sit around either. He waved the formation flags in one hand and set up a movement formation in the air while his other hand helped close the tunnel. With both sides working together, the speed was extremely fast!

The array board only lasted for three seconds before it shattered under the attacks of countless darkness magical beasts.

Lin Yi activated his spirit sense the moment the formation plate broke, using himself as the center to attack his surroundings.

Chapter 8848

Because the power was scattered, and the darkness magical beast soldiers seemed to already be prepared for spiritual sense attacks, there were no casualties, but it was still possible to make the surrounding darkness magical beasts lose their minds for a short while.

Countless attacks were interrupted, and the elite darkness demon beast soldiers who had rushed up were unable to stop in time, and they crashed into the dazed darkness demon beast soldiers.

This impact was even more violent than Lin Yi's-everyone was in a mess, and Lin Yi was the eye of the storm-it was a rare moment of peace!

Lin Yi gritted his teeth and sped up. Finally, before the elites of the dark Beast clan could react, he closed the tunnel again and fixed the hole.

This job could be done in the underground cave, and he didn't need Lin Yi's help.

Even if the darkness demon beast clan launched a large-scale attack, they wouldn't be able to shake the seal of the nodes for a while.

If they had the time, the array Masters in the underground Devil's Cave would have finished repairing it.

In other words, Lin Yi didn't need to stay here any longer-he could run!

The Sorcerer spiritual body instantly transformed into the primordial spirit state and gently passed through the innermost circle of encirclement.

The ones at the front were all elites of the dark Demon beast race, but there were no dark night God-hunting spiders or dark spirit God-searching bats, so Lin Yi's essence spirit breakthrough was extremely smooth.

But very quickly, the dark night God-hunting spiders and dark spirit God-searching bats began to move. They locked onto the position of Lin Yi's essence spirit, and the dark beasts began to use items and weapons that targeted the essence spirit.

Lin Yi's situation had taken a turn for the worse, and if nothing changed, he wouldn't be able to end this peacefully!

"Sima Yi! Don't panic! I'm coming!"

Daniya noticed the movements of the dark night God-hunting spiders and dark spirit God-searching bats from a distance away. She started to yell and burst out with all her strength, rushing towards Lin Yi.

Lin Yi didn't know whether to laugh or cry-he wouldn't have panicked if she hadn't come!

I panicked because you suddenly rushed in!

Please leave quickly, don't come here and make trouble, alright?

If it wasn't for the fact that they were in an emergency situation, Lin Yi would've grabbed Daniya and had a good talk with her!

Why did you hear the retreat signal as an attack? There should be a limit to how hard one can be, right?

Look at the difference in strength between the two sides. Don't you have any idea what to choose?

But then again, Daniya's violent charge did take some of the attention away from Lin Yi, and the dark beasts didn't have time to surround him.

Since he couldn't escape in his spirit state, Lin Yi decided to use his Soulbringer to cripple one of the dark beasts and possess it, avoiding the tracking of the midnight God-hunting spiders and dark spirit God-searching bats.

The two types of dark beasts were dumbfounded by this. What was going on?

That human's primordial spirit seemed to have wobbled for a moment and then disappeared into his clansmen's bodies?

What should he do now? Would clansmen still be clansmen? Or had they already become enemies?

The dark night God-hunting spiders and dark spirit God-searching bats were not too sure and were slightly dazed for a moment!

Lin Yi's possessed Dark Beast suddenly moved to the side, as if it had been attacked by a Dark Beast.

"Why did you attack me? You're that human! Brothers, kill him!"

Lin Yi turned into an actor and pointed at the confused Dark Demon beast in disbelief, slamming a black iron pot on its head!

Most of the elite soldiers of the dark Beast clan had never seen a scamming before, and they thought that Lin Yi was really attacked by a Dark Beast. They all looked at the unlucky guy with alert eyes.

"I'm not! Don't talk nonsense! I didn 't!"

The darkness magical beast soldiers immediately denied it three times.

However, the other Dark Demon beast soldiers had a strong impression of him, and the more they looked at him, the more they felt that he was possessed by Lin Yi.

Regardless of the consequences, he had to take it down first!

In the end, that guy actually retaliated in his panic!

This was going to be difficult! If you're not guilty, why are you resisting? It was confirmed!

He didn't need to capture them, he could just directly kill them!

The darkness demon beast was filled with despair as it roared, "I'm not ... He's ..."

When a man was about to die, his words were kind. When a bird was about to die, its cry was sorrowful!

He wanted to drag Lin Yi down with him before he died, but he realized that Lin Yi was gone when he reached out his fingers.

He wanted to find Lin Yi, but he couldn't find him. He pointed at an innocent Dark Demon beast and took his last breath!

"I'm not! Don't talk nonsense! I didn't!"

The darkness magical beast soldiers who were accused before they died panicked. This was as if they had shut themselves in their homes, and trouble had come from the heavens!

He subconsciously denied it three times in a row. Then, he remembered that if the three times of denial were useful, the waiter wouldn't have died so miserably just now!

No, miserable my ass!

If that bastard died, then so be it. Why did he have to drag me into this? He really deserved to be killed and cut into a thousand pieces!

He cursed in his heart, but the darkness magical beast soldiers didn't care and directly attacked him!

The tragedy played out once again, and his subconscious resistance was met with a strong suppression. Before he died, he did the same thing, randomly pointing at the darkness magical beast soldier that had attacked him the most ruthlessly.

Even if I die, I'm going to drag someone down with me!

Lin Yi was dumbfounded!

Just now, he had only done it in passing, hoping to divert the attention of the darkness magical beast soldiers. Who would have thought that it would actually cause such chaos?

Take this opportunity ... Continue to fan the flames and expand the chaos!

Unfortunately, the dark night God-hunting spiders and dark spirit God-searching bats quickly regained their senses and gave out the information of locking onto their target!

Lin Yi's plan to fish in troubled waters was ruined halfway through-he could only take advantage of the chaos and speed up to where Daniya was.

The movement formation he'd just set up was hidden in the air, and he didn't need to activate it yet. Right now, Lin Yi's butterfly steps were like a fish in water, weaving through the dark Beast soldiers without feeling like he was being surrounded.

"Catch him! It was him! Don't let him get away!"

Some of the smarter soldiers realized that the one Lin Yi was possessing was the real one, and they immediately yelled for their comrades to surround Lin Yi!

After all, all the dark beasts were rushing towards the spatial node, and only the one Lin Yi possessed was running out.

This was going against the current!

It was the only one, and it was impossible not to attract attention!

But with so many soldiers chasing after him, Lin Yi wasn't as eye-catching anymore. He used his butterfly microstep to Dodge in a small area, causing the soldiers to collide into each other.

Chapter 8849

There were too many of them, and the space was too small. They were all squeezed together, and not many people could see Lin Yi clearly. The chaos only served to distract their attention.

And so, Lin Yi turned left and right, and managed to get out of the center of the chaos. He continued to fan the flames on the outskirts of the chaos Zone, encouraging more Dark Demon beast soldiers to enter.

As the chaos spread, Lin Yi continued to sneak out, and when he was noticed, he'd say that he needed to find a commander to suppress the chaos or something.

It was actually quite useful!

It was obvious that the commander here wasn't as strong as Senlan wuhun, and the fact that Lin Yi was able to create chaos in the Army by himself showed how incompetent the command system was!

If Senlan wuhun was here, the situation wouldn't be like this!

Lin Yi was glad that he was lucky and quickly reached Daniya's side.

Lin Yi wasn't as eye-catching anymore. After all, the surrounding Dark Beast soldiers were all charging at Daniya. Lin Yi was like a drop of water in a River, no longer going upstream but downstream. He instantly became one with the crowd!

This time, Daniya really went all out, and her powerful attacks had already killed over a hundred elite darkness magical beast soldiers!

It wasn't that she didn't want to show mercy, but these darkness demon beast soldiers really thought of her as a traitor and wanted to eat her flesh and drink her blood!

Meeting Daniya on the battlefield was even more exciting than fighting Lin Yi. Even if he was seriously injured, he would crawl over and bite Daniya's foot!

What could Daniya do in this situation? She was also in despair!

In order to save his own life, he definitely couldn't hold back. If there was a guy who didn't know what was good for him, then he would kill him!

In any case, the darkness demon beast clan had always followed the law of the jungle, and their hierarchy was strict. If they offended someone of a higher status, they deserved to be killed!

After Daniya cast aside her psychological barrier, she had no qualms about killing the darkness beast soldiers!

When Lin Yi came over, he saw Daniya fighting like a god of death in the middle of the dark Beast soldiers' siege. She was fighting a bloody battle, killing her way through and coming in his direction.

At that moment, Lin Yi was really touched. Although what Daniya did was completely superfluous and added to his trouble, Lin Yi had to admit that she risked her life to save him!

He got close to Daniya without making a sound, dodging two of her attacks with his butterfly steps. "Daniya, it's Sima Yi! Stop fighting and quickly follow me to break out of the encirclement!"

Daniya's eyes were red from all the killing, and she paused as she looked at Lin Yi suspiciously.

His appearance was unfamiliar, but the expression in his eyes was somewhat familiar. Was it really Sima Yi?

He had changed his body again!

Daniya was speechless, you keep changing bodies, who can stand this?

But now wasn't the time to complain. Since she knew that Lin Yi was here, she didn't continue to fight and tacitly moved closer to Lin Yi, ready to run.

Lin Yi's long-prepared movement formation was finally ready to show its power. After activating the formation, everything within a fifty-meter radius was included in the formation.

The darkness demon beast soldiers who were trapped in the formation suddenly realized that their companions had all disappeared, and they were the only ones left, facing the countless killing moves that appeared out of nowhere from all directions!

The movement array Lin Yi set up was a trap and kill array. It was equivalent to creating a 50-meter radius area around him, isolating him from the strangulation!

Whoever went in, unless their formation skills were higher than Lin Yi's, or they were strong enough to break through Lin Yi's trap and kill array instantly, they would be trapped in there and face the endless attacks alone!

Not all of these attacks came from the formation. A large portion of them came from the people trapped in the formation!

Because they all thought that they were alone, they didn't know that there were companions around them. In order to deal with the attack, they could only go all out to defend and counterattack!

In other words, the more people trapped in this formation, the more attacks it could produce. In this way, the people trapped inside could only put more effort into defense and counterattack, which led to the power of the formation becoming stronger and stronger.

Thus, they fell into a vicious cycle, until they were all killed!

Daniya was at Lin Yi's side, standing in the center of the formation. Of course, she wasn't affected by the formation, and so after seeing what happened, she fell into a daze!

So strong!

Every time she thought she understood Lin Yi's strength, she realized that it was only the tip of the iceberg. There was still more that she didn't know!

"Sima Yi, is this ... A domain? He's too strong!"

Daniya couldn't help but ask. Domains were a type of innate ability, and their effects were different. Only the geniuses of the darkness magical beast race would have the possibility of awakening a domain!

Any darkness demon beast that had a domain was basically invincible in their own domain!

He didn't expect that the human Sima Yi in front of him had also awakened a domain? It was too terrifying!

"It's not a domain, it's just a formation tool! It's quite effective against a large number of enemies who aren't that strong, but it's not very useful against experts!"

Lin Yi knew about domains, so he just explained casually. He didn't have time to explain in detail what a movement formation was-he'd talk about it when he had the chance!

But now that Daniya mentioned it, Lin Yi realized that movement formations did have some similarities to domains!

To be exact, all arrays could be seen as a kind of domain, but ordinary arrays couldn't be moved after they were set up, so they couldn't be compared to a mobile domain.

However, there was no such problem with a movement formation. On the surface, it was indeed extremely similar to a domain!

In the future, using a mobile array to pretend to be a domain to scare people seemed to be a good choice!

Maintaining a mobile formation required a large amount of energy. If it was someone else, even if they could set up a mobile formation, it would be impossible to maintain the formation while fighting.

Only Lin Yi, who was used to doing two or three things at the same time, could do this, turning a movement formation into a territory.

Daniya had never seen or even heard of a movement formation before, so she naturally believed everything Lin Yi said. She sighed at how powerful this formation was and didn't think too much about it.

It's just a tool, not a domain!

Items were gone once they were used up, but talents would only get stronger and stronger, so Lin Yi not having a territory was good news to Daniya!

Chapter 8850

Using the sudden burst of power from the movement formation, Lin Yi and Daniya quickly broke through the encirclement.

After all, Daniya hadn't been here for a long time, so the depth of the attack was still good. It was much more convenient to fight their way out than to come in.

After leaving the battle, the two of them ran at full speed, shaking off most of the pursuers.

Only a few speed-type darkness magical beast soldiers and flying-type darkness magical beasts were still following, guiding the main force behind.

Lin Yi and Daniya's response was simple as well. They turned around and killed a wave, forcing the speed-type dark beasts not to get too close before they continued to run.

The eyes in the sky were easy to deal with, and the two of them quickly entered a hilly area with complicated terrain. There were obstacles everywhere, and wherever they went, the flying magic beasts in the sky would lose their traces.

These flying beasts were just about to land and check when they were killed by Lin Yi who popped out of nowhere a few times. They didn't dare to come down again!

After a short while, the two of them finally shook off all the pursuers and took a short rest in a hidden cave.

"Daniya, what are you doing in here? Didn't I send you a signal to leave? We'll just meet up near the next node!"

It wasn't that Lin Yi wanted to hold him accountable, but he had to make things clear before the same thing happened again. Who knew if he'd be able to get through this safely the next time?

Daniya lowered her head, her two hands twisting the corners of her clothes. She looked very aggrieved and innocent, her face on the verge of tears.

She hadn't even said anything yet, and Lin Yi was already blaming himself, thinking that he'd been too harsh with his words.

It didn't seem like it! He spoke so calmly just now! Perhaps he was a little too strict?

Daniya lowered her head, not looking at Lin Yi. "I'm sorry, Sima Yi. I didn't mean to trouble you! I thought you were in danger and was afraid of implicating me, so I had to leave first!"

"I thought that since we are companions, we must share the joys and sorrows. I couldn't just leave you alone when you were in danger, so I had to help you. That was why I rushed in, but I didn't expect to mess up your plan. I really didn't do it on purpose! I'll listen to you next time and do whatever you say!"

"No, no! I promise, there won't be a next time! Just forgive me this once! Don't you humans always say that only Saints can be without mistakes? Everyone makes mistakes. If I admit my mistake, can you forgive me this once?"

Daniya raised her head a little at the end, looking at Lin Yi with pitiful eyes. Her big eyes blinked with innocence!

What could Lin Yi Do when he faced Daniya like this? He could only rub his forehead helplessly. His head hurt!

"Alright, alright, you're here to help out of good intentions, so I can't say that you're in the wrong! There's no need to talk about forgiveness, just don't act on your own initiative next time!"

Lin Yi waved his hand. He couldn't pursue this any further. He would probably burst into tears!

Daniya obediently replied with an "Oh" and continued, "This time, it's really my fault. Sima Yi, you've said this, so you haven't forgiven me! I promise there won't be a next time. Just say that you've forgiven me!"

"Alright, alright, alright. You're wrong, you're wrong. I forgive you!"

Lin Yi had no choice but to fulfill her strange request and officially forgive her this time!

A bright smile appeared on Daniya's face as she shook Lin Yi's arms, "Sima Yi, you're the best! Thank you for being so tolerant of me! In the future, if I make any other mistakes, you must forgive me like today!"

"I promise I won't make the same mistake, but as I said just now, no one is perfect. I can't guarantee that I won't make other mistakes. When the time comes, you must forgive me like today!"

She was setting up an ambush for the future undercover agent. With Today's Words, if she was exposed in the future, she could argue a few more words and maybe she could forget about the matter.

Anyway, it didn't cost money or trouble. It was just the effort of saying a few words. It was worth it!

Lin Yi didn't know what was going on in Daniya's mind, but he agreed happily on account of her risking her life to save him.

Of course, whether or not he could be forgiven would depend on the severity of the mistake.

Today's level was fine, but if it touched Lin Yi's bottom line, then there was no way he'd say anything!

Daniya started asking Lin Yi about his next plan.

"Sima Yi, I think that the other nodes must have strengthened their defenses. It will be more and more difficult for us to attack the nodes in the future. Your methods have been exposed a lot, so we will have to make specific arrangements in the future!"

Daniya's words made sense. After all, there were many preparations and arrangements for Lin Yi around the node. "In this situation, are we still going to continue to attack node by node? I'm afraid it will be very difficult!"

"Shouldn't we think of other ways to deal with it? He couldn't possibly jump into the trap knowing that it was a trap, right? Although your methods are very powerful, there's always a way to break it!"

If Lin Yi really did have an innate domain, he'd have a high chance of completing the mission with his soul and the dark Demon beast's possession. But Lin Yi said it himself-it was just a formation tool, not an innate domain.

Formation tools were all consumables, and each time they were used, they would have fewer uses. There were also so many nodes, and each time, they would meet a stronger and more complete opponent.

Lin Yi smiled and waved his hand after Daniya was done. "Don't worry, I didn't have time to tell you just now. We don't need to risk every node. The underground Devil's Den has already thought of a way to repair the holes in the nodes!"

"Next, we just need to make sure that the nodes have been completely repaired. If we want to know this, we don't even need to sneak in. We can guess the result by seeing if the teams near the nodes will retreat!"

Daniya stared blankly for a moment. 'I don't need to get close to the node to kill the chaos demonic beetle anymore?' The underground Devil's Den could be repaired directly?

This was a little troublesome! He had to immediately inform Senlan wuhun ... Wait, he had already planned to give up on the plan of using the chaos demonic beetles to open the spatial node passage, so why should he inform Senlan wuhun?

Daniya hesitated. Her mission was to gain Lin Yi's trust and then use it to break into the human's inner circle. With Lin Yi's strength and intelligence, his position in the human's side was definitely not low!

As long as she could return with Sima Yi and successfully infiltrate the human race, she would be able to play her biggest role!
