

Bodyguard 8871

Chapter 8871

Of course, the darkness demon beast race respected the strong, and the law of the jungle was the most basic rule. Sacrificing 1000 mountain opening stage darkness demon beasts might not be a big deal to Senlan wuhun!

Daniya's face paled as Lin Yi continued, "Not only will the Sorcerer essence soul devouring formation corrode the enemy's body, it will also devour the enemy's primordial spirit. It can be said to be extremely vicious and terrifying!"

"The two of us have fallen into this Wizard Power devouring formation, and our situation is very bad! If we can't quickly break out of this situation, we might not be able to escape!"

Daniya's face became paler and paler, she could already feel that she had been locked onto by the wizard Power God devouring formation!

the huge and terrifying pressure followed. was this still an act for the undercover plan? if she wasn't careful, she would be completely obliterated!

ghost, ghost, ghost!

who was the person controlling the formation? was it senlan wuhun? if it wasn't senlan wuhun, but someone else who didn't know about the spy plan, wouldn't they treat me as a traitor of the darkness magical beast race and kill me with all their might?

"Sima Yi! Since you know about this God-devouring formation, you should know how to break it, right? Hurry up! Let's quickly break out of the encirclement!"

Daniya felt the danger. In order to avoid being killed by her own people and to get the hundred-refined King Kong fruit, she really hoped that Lin Yi could help her break out of the encirclement!

"I do know ... But to break this God-devouring formation, at least three people are needed to work together and destroy it from three directions at the same time. Only then can we open a passage and break out of the formation!"

Lin Yi wasn't bullshitting-there was a way to break the formation, but it did require three people working together!

primordial spirit body and sorcerer spirit body could not do it. without the protection of a physical body, they would be devoured immediately when they appeared in the sorcerer essence soul devouring formation. it was like a piece of meat falling into a pack of hungry wolves and being torn apart in an instant!

therefore, they couldn't come out to help the ghost directly, as they would only be courting death!

daniya was dumbfounded,"three people?" but there are only two of us! wouldn't that mean we're dead?"

at the moment of life and death, she began to consider whether she should reveal her identity as a spy and let Senlan Wuhun prove it, so as to avoid dying a tragic death in this sorcerer essence god-devouring formation!

too wronged!

"No! We still have a chance, but I need you to listen to my orders unconditionally! Daniya, can you do it?"

Lin Yi said quickly as he swung the demonic blade, killing the first Dark Beast soldier that charged at him.

Daniya was taken aback, but didn't stop her from attacking. She helped Lin Yi take a portion of the attack.

"What do you want me to do? I'll definitely be able to complete it!"

If she could escape, Daniya was still willing to gamble for the hundred refined King Kong fruit ... The main thing was that it might not be useful to reveal her identity now. If Senlan Wuhun wanted to protect her, he would naturally explain.

The people below didn't receive the order, so they made Daniya and Lin Yi the same target!

Therefore, this was not the time to defect. After he escaped, he would secretly contact Senlan wuhun and explain the matter clearly!

Daniya's only doubt now was that Lin Yi said that three people were needed to break the formation. Even if she risked her life to help, there wouldn't be a third person to help!

How could he break out of this situation?

"Clone summoning!"

Lin Yi gave the answer immediately and took his body out of the Jade space after a few random shouts.

The primordial spirits in the Jade space were not the only ones. The nine infants, Starlight Magus, and others could all be used as helpers in this operation.

But they all needed the protection of their physical bodies to move in the wizard Yuan God devouring formation set up by Senlan wuhun!

Among them, the most suitable helper for this operation was not the ghost, but the Starlight wizard!

He was much more familiar with the Sorcerer tribe's things than the ghosts. The Sorcerer tribe's method that Senlan wuhun used to deal with Lin Yi wasn't anything profound in the Starlight great sorcerer's eyes.

Lin Yi did have other Dark Demon beast bodies, but Starlight Magi weren't suited to use them.

Furthermore, creating a darkness demon beast clan out of thin air would easily expose the secret of the Jade space.

So Lin Yi decided to lend his body to the Starlight Magus for the time being. He just needed to shout "clone technique" and he could perfectly cover the existence of the Jade space!

Daniya was stunned. Lin Yi's Witcher spirit body looked exactly like the person in front of her. Did he really have a clone technique?

The clone actually had a mind of its own?

"The way to break the wizard Power God-devouring formation is to follow the three directions of heaven, earth, and man. The clone will go to the earth realm, I'll go to the sky Realm, and Daniya will go to the human realm!"

Lin Yi quickly assigned the tasks.

The Starlight Magus didn't need to say anything more. He nodded and started moving immediately, acting like he was connected to Lin Yi's mind.

On the other hand, Daniya was a little dumbfounded. She had yet to recover from the shock of her doppelganger technique. She was thinking that one Sima Yi was already so awesome, but she never thought that she could actually use the doppelganger technique to create another one!

Double the awesomeness!

Wouldn't he succeed if he went to the hundred tempered demon territory?

"Daniya, don't be distracted, focus!"

lin yi was explaining the plan to daniya as he fought, but she was in a daze ... fortunately, she could still fight with her instincts, or she would've been killed by the dark beast soldiers!

daniya's heart trembled, and she quickly nodded: "i'm sorry! i'll focus, tell me, sima yi!"

"good! daniya, you must remember to charge in this direction, then do this ... and that ... and that ... do that ... do you understand?"

lin yi spoke very quickly, but fortunately, daniya's intelligence was high, and her memory was excellent. she only had to listen once to remember it!

even though she remembered it, she was still a little nervous."sima yi, say it again. let me confirm it!"

and so lin yi went on and on and on,"daniya, you have to be careful. there might only be one chance. if we fail, we might be trapped here until we die!"

daniya was silent for a moment before suddenly asking, ""sima yi, if we fail and you leave me alone, do you have a chance to break out?"

she didn't know much about the formation, but lin yi's trump cards were endless. she could feel that even if this formation failed, lin yi might still be able to get out of here without her!

daniya had never felt that she would be a burden. she had full confidence in her own strength, but for some reason, she suddenly had this thought.

Chapter 8872

Lin Yi blinked, a warm smile on his face."Daniya, what are you thinking about? We're companions, we've gone through life and death together, we've gone through trials and tribulations together. If I don't care about you, I won't have the chance to break out!"

He didn't answer Daniya directly, but what he meant was that if he didn't care about his friends "life or death, it would go against his heart. Whether it was now or in the future, it would affect him like the demons in his heart.

To put it bluntly, without Daniya, Lin Yi's chances of breaking out alone were indeed higher!

Daniya didn't know if she understood Lin Yi's words, but she seemed to be in high spirits as she used her full strength to repel a wave of attacks.

"sima yi, don't worry! we can definitely rush out together! i promise to complete the task!"

after saying that, daniya immediately charged towards the position she was in charge of.

at this time, the pressure of the god-devouring formation was getting greater and greater. she also knew that she could not delay any longer and had to break out of the formation as soon as possible.

otherwise, if he was too exhausted by the sorcerer essence god-devouring formation, it would be difficult for him to escape from senlan wuhun's subsequent pursuit!

daniya was determined to break the formation and escape with lin yi, then enter the hundred-refined demon area to get the hundred-refined king kong fruit. after getting stronger, she could attack or retreat at will.

Whether it was to continue his undercover plan or to give up on it and return to the darkness demon beast clan, he would have full confidence! She thought that Lin Yi had the same thoughts as her.

But Lin Yi had other thoughts!

Senlan wuhun was undoubtedly a rare commander among the darkness magical beasts, and even if there were similar darkness magical beasts, there wouldn't be too many of them.

When Lin Yi first entered the node and saw Senlan wuhun's commanding skills, he had the idea of killing her. It was just that the operation failed and he almost got caught.

However, failing once or twice only made Lin Yi more determined to kill Senlan wuhun, especially after the targeted pursuit. Lin Yi even admitted that Senlan wuhun was a threat!

Whether it was for himself or for the future war between the two races, Senlan wuhun had to die!

And this was a rare opportunity!

On the surface, it seemed like Senlan wuhun had the absolute advantage, suppressing Daniya and Lin Yi.

However, the strongest point was often the weakest point. As long as he could break the wizard Power devouring formation, he might have a chance to realize his dream!

Lin Yi's mind was madly doing precise calculations, considering all kinds of possibilities and designing countless plans, comparing and selecting the most reasonable and most likely to succeed!

It was undeniable that killing Senlan wuhun would take a huge risk, and Lin Yi was even prepared to lose his body again.

Lin Yi was doing three things at the same time-breaking through the layers of barriers, planning his next move, and waving formation flags around him, setting up the strongest movement formation he could!

The formation did a lot of damage to the spirit, but it couldn't weaken Lin Yi's spirit attack much. It was a classic case of strong attack but weak defense, so Lin Yi used his spirit sense to scan a large area and broke through to the position he wanted.

The Starshine Magus was the first to act, but he was a bit slower. However, he was perfectly compatible with Lin Yi's body because Lin Yi's body was like Wu Linghai 's, which was inherited from the Starshine Magus.

Therefore, after borrowing Lin Yi's body, Starshine felt even more comfortable than when he used his own body!

After all, after Lin Yi's body was reconstructed, whether it was potential or strength, they all reached a peak!

The Starlight Magus was already addicted to such a perfect body, and even thought of taking over Lin Yi's body forever!

Fortunately, he also knew that the situation was critical now, and it was not the time to be careful!

Only then did she suppress the greed in her heart and go all out to help Lin Yi break the formation.

As long as the God-devouring formation was not broken, the primordial spirit of the Starlight Magus would be completely destroyed, let alone the possession of his body. For his own sake, he had to do his best!

Lin Yi was the first to send out the signal, and the Starlight wizard followed closely behind. Daniya was the strongest, but she was the slowest. She only arrived about a minute after the Starlight wizard sent out the signal.

The three sides broke the formation at the same time as Daniya's signal!

Lin Yi and the Starlight wizard were both inheritors of the wizard tribe's inheritance, so there was no difficulty in casting it. The only one who might have a problem was Daniya, who used all her strength. Although she wasn't as good as Lin Yi and the Starlight wizard, she still completed her task in the end!

The formation that Senlan wuhun had sacrificed at least a thousand mountain opening stage Dark Demon beasts to set up was easily broken by Lin Yi's group!

After the formation was broken, the resentment left behind by the blood sacrifice couldn't be dispelled, and it rolled back, enveloping all the darkness demon beast soldiers within the formation. For a short period of time, they all fell into a state of confusion, fear, and other negative effects.

"A clone! Cooperate with me! Break the other sorcerer tribe techniques!"

Lin Yi shouted as he broke through the dark Beast soldiers "encirclement and flew towards Senlan wuhun!

Just as he had expected, the moment the wizard Power devouring formation was broken, the strongest point became the weakest point!

It was like if a full-powered fist was smashed in the front, the back of the fist would be the undefended fatal point-this was the chance Lin Yi was waiting for!

Although the God-devouring formation was broken, there were still many sorcerer tribe tricks around. Whether it was a physical attack or a spiritual attack, they would all be targeted. If Lin Yi dealt with it himself, the chance of killing Senlan wuhun would be fleeting, so this mission could only be left to the Starlight sorcerer!

Starlight Grand Magus had his own plans, but after weighing the pros and cons, he still accepted Lin Yi's arrangement and started helping Lin Yi get rid of the obstacles!

He wasn't an idiot. He knew that the strongest person here was Senlan wuhun. With Lin Yi's body, if he didn't kill Senlan wuhun, he'd be hunted down even if he could escape!

It was obvious that he and Lin Yi were in the same boat-they had to face the storm together!

Only a person with water in his brain would cause an internal strife at this critical moment and cause himself to capsize. No one would be better off!

With Starlight great shaman's attack, all the Sorcerer tribe's methods became decorations. Lin Yi's path was smooth, and he directly rushed in front of Senlan wuhun!

After so many days, the two of them faced each other again and entered the second round of direct confrontation.

Daniya, who had finally completed the task of breaking the array, was dumbfounded. What were you doing, Sima Yi?

We agreed to escape together after breaking the formation. Not only did you not run, but you also rushed over to face Senlan wuhun.

Chapter 8873 No Problem!

Senlan wuhun was surprised as well-he'd put in a lot of effort and time to plan all sorts of methods to deal with Lin Yi.

He could Pat his chest and say that he valued Lin Yi so much that it was going to break through the sky!

If it wasn't for that, they wouldn't have to sacrifice a thousand of their Masters just to deal with one Lin Yi!

Who would've thought that Lin Yi could break through all the obstacles and stand in front of him!

"Hehehe! Sima Yi, you've really surprised me! Is this the so-called "a scholar who has been away for three days must be treated with new eyes" that you humans say? I thought I valued you, but I realized that I had still underestimated you!"

Senlan wuhun didn't panic at all. So what if Lin Yi broke through the encirclement and stood in front of him? In a one-on-one battle, he, Senlan wuhun, would not lose to Sima Yi at all!

"Senlan wuhun, you'll soon know that you've still underestimated me!"

lin yi smiled coldly and didn't waste any more time. he activated the strongest movement formation around him!

the expanding formation knocked all the soldiers away, leaving only lin yi and senlan wuhun in the formation!

if the other darkness magical beasts wanted to come in and help senlan wuhun, they would have to break through the defensive layer of the movement spell formation and also get rid of the possession of the starlight wizard and daniya!

"interesting! i'd like to see how i underestimated you! however, the sudden activation of this formation is truly unexpected!"

Senlan wuhun looked at it and commented, ""Unfortunately, this is not enough! I'm not someone who can be dealt with so easily! Sima Yi, take out all your trump cards!"

In terms of body refinement, Senlan wuhun was far stronger than Lin Yi. At the same time, he was immune to all spirit sense attacks, which meant that he had disabled most of Lin Yi's methods!

Senlan wuhun was Lin Yi's nemesis, and he could counter Lin Yi in every way. Under normal circumstances, if the two of them were to fight one on one, Senlan wuhun would definitely win!

It was because of this that Senlan wuhun was so confident. He didn't panic at all when Lin Yi broke through all his arrangements, and he still had the mentality that everything was under control!

"Ha ... Senlan wuhun, you don't have to tell me. I'll fulfill your request!"

Lin Yi activated all the abilities of the movement formation and focused on Senlan wuhun. At the same time, he pulled out his demonic devour sword and stabbed at Senlan wuhun continuously.

With Lin Yi's current skill in formations, there was no need to doubt the power of the formations he'd set up. It could kill anyone below the heaven breaking stage in seconds, and even heaven breaking Masters would find it difficult to get in.

Senlan wuhun was strong, but the power of the movement formation was beyond his expectations. He only realized how terrifying Lin Yi's formation was now!

His powerful attacks were only one aspect. There were also other things that made Senlan wuhun very uncomfortable. For example, from time to time, illusions would appear, leading him to make the wrong attacks or defenses.

All of these attacks missed, not only messing up his rhythm, but also exposing a big opening for Lin Yi to attack beautifully.

Real and fake, false and real, when real and fake are fake, fake becomes real, and when fake becomes real, real becomes fake!

After falling for it a few times, Senlan wuhun didn't dare to reveal his weakness anymore. He was more careful in both attack and defense, and Lin Yi's attacks became more and more vigorous, naturally gaining the upper hand!

On top of that, Lin Yi himself would also disappear and reappear under the protection of the formation, leaving behind an illusion. His real body would always attack from tricky angles that made Senlan wuhun feel extremely uncomfortable.

This sort of fighting style really made Senlan wuhun uncomfortable, and he was even more determined to kill Lin Yi!

lin yi's movement formation was like a domain, and senlan wuhun's calm mind started to crack. he felt a sense of panic growing in his heart!

damn it! why was that bastard sima yi so difficult to deal with? he should have killed her earlier!

for some reason, senlan wuhun started to regret not killing lin yi in the first place!

where's the support? why hasn't anyone come over to help? where is my army? did they all die?

In the beginning, Senlan wuhun was confident that he could easily kill Lin Yi in a one-on-one fight, but as the fight went on, he realized that the situation wasn't right. He was the one being suppressed!

Under the assault of panic, regret, and other negative emotions, Senlan wuhun actually wanted to send his subordinates to help!

This was the beginning of his true defeat!

Any powerhouse who lost confidence in himself in a desperate situation and placed his hope of survival on someone else was equivalent to giving up the chance to turn the tables!

Lin Yi's spirit sense attack was useless against Senlan wuhun, but he could still monitor the battle!

So the change in Senlan wuhun's attitude was captured by Lin Yi.

Senlan wuhun's momentum dropped!

A chance!

Lin Yi's eyes brightened as he let out a clear howl, pushing the formation to its limits as he pounced on the enemy, unleashing his strongest attack!

Senlan wuhun felt the pressure double, and he knew that Lin Yi was going to kill him. In this life and death situation, he suddenly entered a state of absolute calm!

Geniuses were geniuses, after all. Senlan wuhun had the potential to become a super-class commander, so he naturally didn't lack the ability to remain calm in critical moments. At this moment, he threw away all his emotions and put aside his life and death. He used a perspective that transcended life and death to see the whole situation!

All the power of the movement formation was turned into an attack, no longer using illusions or anything like that. This was Lin Yi's sure-kill attack, so naturally, he had to concentrate all his power!

If Senlan wuhun was still the same as before, he might have been killed in a single strike. However, after completely calming down, he had the ability to see through everything!

"Sima Yi! I've found you!"

Senlan wuhun shouted and exploded with all his strength, launching the final attack at Lin Yi!

He ignored all the attacks from the formation and was determined to defeat Lin Yi even at the cost of his injuries!

lin yi's own strength was far from senlan wuhun 's. if the two of them fought with full strength, senlan wuhun was confident that he could break lin yi's attack and kill him!

all the attacks from the formation might heavily injure senlan wuhun, but it wasn't enough to kill him. it was worth it to exchange a heavy injury for lin yi's life!

the two of them attacked without holding back. there was no turning back, and neither of them could stop!

Chapter 8874 The End

Both of them were extremely fast, and the instant they clashed, the demonic sword in Lin Yi's hand disappeared!

Senlan wuhun was slightly startled, but his attack didn't stop. At this point, he couldn't change his move even if he wanted to!

The powerful attack engulfed Lin Yi, tearing the dark Demon beast body he was using into pieces!

It's done?

Senlan wuhun didn't feel Lin Yi's attack-it was as if he'd disappeared into thin air at the last moment. He thought about it, wondering if he really killed Lin Yi.

The most powerful attack of the movement spell formation descended at this moment!

It's a long story, but in fact, the movement formation hit Senlan wuhun the moment he destroyed the body Lin Yi borrowed!

Just as Senlan wuhun had expected, this attack was enough to heavily injure him, but not enough to take his life. It was worth it to exchange Lin Yi's life for a heavy injury!

He didn't think that Lin Yi's life power was on the same level as his, but from the potential and threat Lin Yi had just displayed, he felt that it was only right for him to pay the price!

However, what was with Sima Yi's strange behavior at the last moment?

Senlan wuhun was hit by the movement formation, and his body rolled in the air with blood spurting out. He was still thinking about these things, but he didn't realize that Lin Yi's Witcher spirit body suddenly appeared behind him, the demonic devour sword on his neck.

Lin Yi couldn't hold back from the collision just now, and so he decided to leave the dark Demon beast's body and pass through Senlan wuhun's attack in his essence spirit state.

If it was Lin Yi's own body, he wouldn't give it up so easily, but it was just a temporary body of a Dark Demon beast. It didn't matter!

So what if it's ruined? I'll find a better one later!

It was because of Lin Yi's actions that Senlan wuhun was able to destroy the dark Demon beast's body without much effort.

Lin Yi, on the other hand, took advantage of the short period of powerlessness after Senlan wuhun used his full power to transform his primordial spirit into The Witcher spirit body and appear behind her to carry out the final assassination!

Everything happened in the time it took for a spark to fly off a piece of Flint. Even if someone was watching from the side, they might not be able to see what had happened clearly. They only knew that after the continuous explosions, there was a strong aftermath that swept in all directions.

As for the genius commander of the darkness demon beast clan, Senlan wuhun, he had already become headless!

His head was in Lin Yi's Witcher spirit body, and blood was dripping from the cut!

The movement spell formation had completed its final mission and dispersed on its own. Thus, the surrounding darkness magical beasts all saw this terrifying scene!

"Senlan wuhun is dead! Who else is there?"

Lin Yi lifted up Senlan wuhun's head and hovered in the air, looking down at all the dark Beast elites.

Domineering!

Swift and fierce!

Sharp!

Unparalleled!

At that moment, Lin Yi was holding a head up high, and his aura suppressed the dark Beast elites, making them lose their courage!

All of the soldiers were dejected by Lin Yi's invincibility!

Daniya was dumbfounded!

This ... What the hell was going on?

She didn't know if she should cry or laugh!

Wouldn't it be better for everyone to escape together and go to the hundred tempered demon territory to find Congo hundred tempered King Kong fruit? Why did you kill Senlan wuhun?

Senlan wuhun clearly had thousands of troops by his side, and even without the Sorcerer essence God devouring formation, he still had the advantage of crushing levels. How the hell did you get killed by Sima Yi alone?

What should I do now?

Daniya felt like crying just thinking about it. Senlan wuhun was the person in charge of the undercover operation and only he could prove Daniya's identity as a spy!

As for the other few who knew about it, they were all Daniya's personal guards. Not to mention their weight, their relationship with Daniya was there, so their testimony could not be trusted.

Daniya still didn't know that her personal guards had already been silenced by Senlan wuhun. If she knew, she would probably feel even more despair!

However, the current situation was already hopeless enough with or without those personal guards!

Senlan wuhun was killed by Lin Yi in front of Daniya, and countless soldiers of the dark Beast clan could prove that Daniya was Lin Yi's ally!

If not for Daniya's help, how could the wizard Power God devouring formation be broken?

If the formation wasn't broken, how could Lin Yi kill Senlan wuhun?

So Daniya's rebellious name was basically confirmed. No one would believe her if she said she was a spy now, but what would happen in the future?

Not to mention Daniya's despair and struggle, the remaining dark beasts who were still alive finally came back to their senses after being suppressed by Lin Yi's aura!

"Kill them! Revenge for the great commander Senlan! If they don't die, none of us will be able to escape punishment! Wake up! We can't let them escape today!"

A sudden clap of thunder sounded on the ground!

All of the darkness demon beast soldiers came back to their senses!

No matter how powerful the enemy was, he had to risk his life!

Otherwise, the blame for Senlan wuhun's death would fall on them, and the entire Army might even be buried with Senlan wuhun. It was just a death sentence, but if they risked their lives, they might have a chance to atone for their crimes!

"Kill! Kill them all!"

"Charge!"

.....

All of the dark Beast soldiers were boiling with excitement. Their low morale after Lin Yi's attack came back, and it was even better than before!

Countless Dark Beast soldiers split into three groups, separating Lin Yi's sorcerer spirit body from Daniya and Starlight great sorcerer, trying to break them down one by one!

Of the three, Lin Yi was the main culprit who killed Senlan wuhun, and the number of soldiers surrounding him was the most, followed by Daniya!

In the eyes of the dark Beast soldiers, Lin Yi was detestable, but Daniya was a traitor as well. Even if they couldn't kill Lin Yi, they had to kill Daniya!

On the other hand, the Starlight Magus, who had the name of Lin Yi's clone and looked exactly the same as Lin Yi's wizard spirit body, was not as popular as Daniya, which made her very angry.

What was going on? Are you all blind? I'm the most threatening one here, okay? Who are you guys looking down on by being so perfunctory?

He had never been beaten up by society, so he soon began to regret it ...

Even the one who received the least attention among the three of them had to face the number of enemies that far exceeded the limit he could bear.

It would be a piece of cake for the Starlight wizard to break the techniques of the wizard clan, and it would not be difficult for him to deal with some soldiers of the darkness demon beast clan.

Chapter 8875 No Problem!

The problem was that the wizard clan's methods of dealing with head-on attacks were relatively weak. The soldiers of the darkness demon beast clan were risking their lives to fight, and the Starlight wizard couldn't stop them!

"F * ck! What the hell is this? Have they all gone crazy? Every injustice has its perpetrator, every debt has its debtor. Can't you go over there and find the other side? Why are you staring at me?"

The Starlight Magus cursed madly as he fled.

Fortunately, Lin Yi's body was perfect and strong. Although the Starlight Magus didn't know how to use Lin Yi's skills, his strong body alone was enough to support him in running away for a short time!

Lin Yi saw that the situation wasn't good and quickly put away Senlan wuhun's head so that it wouldn't continue to agitate the dark Demon beast soldiers.

The wizard spirit body once again transformed into the primordial spirit state and went against the tide of darkness magical beast soldiers without any obstruction, quickly approaching Daniya.

"Daniya, hurry up and leave! We'll break out now!"

After meeting up with Daniya, Lin Yi transformed back into the Sorcerer spirit body. The influence of the God-devouring formation was completely gone, and all the methods of the Sorcerer tribe against the soul and the Sorcerer spirit body were taken care of by Starshine great sorcerer.

Lin Yi was like a fish in water now. If it wasn't for Daniya, he could be said to be in an undefeatable position!

"don't be in a daze, work with my divine sense oscillation to open up a path!"

lin yi pulled on daniya and activated his spirit sense. the surrounding dark beast soldiers were all hit and lost their ability to fight.

daniya could only temporarily put aside the fact that she lost the chance to prove her identity as a spy and focus on her own life. seeing lin yi move, she also attacked with all her might!

this time, she showed no mercy. as long as she attacked, she would either die or be injured!

anyway, the situation was already like this. there was no pressure on one's body, and there were too many lice that did not bite!

the two of them cooperated tacitly and quickly opened up a bloody path.

if it weren't for the fact that there were more dark beasts coming to help, lin yi was confident that he could kill all of these headless dark beasts!

"Sima Yi, have your clone come closer to us! When will we be able to meet up if we keep running around?"

Daniya was a little speechless at the Starlight wizard running around. She felt that this clone of Sima Yi had a different temperament from the main one.

Lin Yi chuckled dryly-did she really believe in that bullshit cloning technique?

"My clone has his own thoughts ... Let's head this way and we'll meet up soon!"

Lin Yi didn't have the time to explain too much. He could only try to bring Daniya closer to the Starlight wizard.

The good thing was that the Starlight wizard was running in the direction that Lin Yi had planned, so they didn't conflict with each other. With the Starlight wizard as a distraction, Lin Yi and Daniya didn't have to worry too much.

Finally, not long before the dark magical beast Army arrived, Lin Yi brought Daniya and met up with the Starlight great wizard!

With the three of them working together, the speed at which they broke out of the encirclement instantly increased. Even the darkness magical beast soldiers, who were fighting to the death, lost the ability to stop them.

A long-planned ambush had ended up with an unexpected result. Senlan wuhun couldn't believe it even if he died. It was a foolproof plan, but he was the one who died!

The target, on the other hand, was floating away unscathed. Senlan wuhun, who was already dead, probably died with a grievance.

After the three broke away from the encirclement, they ran another few hundred miles and shook off the pursuers before finding a hidden place to rest.

Daniya's mind was still in a mess. She greeted Lin Yi and pretended to be recovering, hiding her chaotic emotions so Lin Yi wouldn't notice anything.

Lin Yi didn't pay attention to Daniya and talked to the Starlight Magus after putting some distance between them.

"You've worked hard. You can go back now, but leave your body behind!"

He was going to the hundred-refined demon area to look for the hundred-refined diamond fruit to increase his strength, and Lin Yi wasn't planning on using the other dark beasts 'bodies. He'd just return to his own body, and it'd be easier to use the hundred-refined diamond fruit.

As for finding the hundred-refined diamond fruit, Lin Yi wasn't worried at all. If he could even get the rainbow soul-devouring grass, there was no reason for him to fail the easier hundred-refined diamond fruit.

On this point, Lin Yi and Daniya had the same opinion-they were both confident!

The Starlight Magus had been coveting Lin Yi's perfect body for a long time, and he was worried that the dark Demon beasts would attack him. He didn't want to cause an internal conflict that would kill everyone.

Now that he was out of danger, his little thoughts immediately occupied all of his brain capacity.

"Hehe, Lin Yi, your body's really strong, especially for me. How about we make a deal-you won't be using it for a while, so why don't you lend it to me?"

starlight grinned cheekily as he leaned on lin yi, "you see, as long as i can display my full strength, i will be of great help to you! moreover, you've already gotten used to using the darkness demon beast's body everywhere, so you can just leave your body to me!"

his words were very polite, meaning that lin yi's body was mine!

i've already taken over your body. from now on, this body is mine!

lin yi, if you want your body, you have to find another way!

the starlight magus didn't have any psychological burden at all when it came to taking over lin yi's territory-he knew that lin yi couldn't do anything to him!

what could lin yi do to him after losing his body?

as a senior magus, those spirit sense skills weren't anything special. as long as he was prepared, he was sure that even if lin yi used the soul-snatching hand, he wouldn't be able to get his spirit out!

"Starshine, what do you mean by this? You want to take over my body?"

Lin Yi looked at the Starlight Magus with a half-smile on his face, a playful look on his face.

All along, he had been the one to possess others and borrow their bodies. He did not expect to encounter the situation of being possessed today!

It was interesting!

More importantly, Lin Yi was the one who gave his body to the Starlight Magus this time. Strictly speaking, he was inviting a Wolf into his house, right?

"Hahahaha, what possession? you're being too polite! They were all on the same side, so how could borrowing it be considered possession? I'll definitely return it to you in the future!"

Starlight laughed out loud. He didn't say that he was going to completely turn against Lin Yi. He was just playing Tai Chi like those people who wanted to borrow money from Lin Yi.

When you borrow money, he always says that it's for emergency use and that he'll return it in two days. When you lend it to him, he'll still say that he'll return it in two days after two years!

At this time, great Starlight sorcerer was extremely proud and even began to fantasize about the future. With such a perfect body, it was not impossible to restore the glory of the Sorcerer tribe!

"Starshine, are you sure you want to do this? Have you ever thought about the consequences of doing this? I advise you to think about it carefully and not take the wrong step! Sometimes, one wrong step can lead you to an abyss of eternal damnation!"

Lin Yi looked at the Starlight Magus with a meaningful look. This was actually quite ridiculous. He didn't know where the Starlight Magus got his confidence from, but he thought that he could take over Lin Yi's body?

Chapter 8876

If Lin Yi wasn't sure that he could take back his body, how could he let a Starlight Magus use it?

If he wasn't confident, Lin Yi would only give it to his most trusted ghost!

Starlight didn't think so. He thought that Lin Yi was bluffing. If he really had a way to take back his body, what was the point of talking? Wouldn't it be nice to just do it?

"Lin Yi, don't play with those useless things-why don't you try and see if your hand can get me out? This way, you can give up earlier!"

The Starlight great wizard had already studied the soul-snatching hand thoroughly, and he could definitely resist it if he was on guard, so he appeared to be very smug.

"Alright, since you want to walk this path to the end, I'll satisfy you!"

Lin Yi curled his lips and sent the Starlight Magus into the Jade space!

If he didn't lust after Lin Yi's body and left in the middle of the chaos, Lin Yi really wouldn't be able to do anything to him.

But now, he was possessed and wanted to take over Lin Yi's body-not even God could save him.

The Jade space and Lin Yi had already merged into one, and the Starlight Magus was in Lin Yi's body. Why would he need the soul-snatching hand?

The Jade space could mess with him at any time!

Receive!

In an instant, Lin Yi's body and the Starlight Magus were both sucked into the Jade space!

Lin Yi looked at Daniya. She was still training, so she wouldn't notice them. He set up a stealth defense formation and followed her into the Jade space, leaving the beast's body where it was.

In the space of the jade pendant, the Starshine great shaman had been captured and tortured by the ghostly thing and the nine-headed fierce beast. The nine-headed fierce beast was especially excited and used all kinds of methods to beat the Starshine great shaman until he could not control himself.

It's been a long time since I've had such fun!

"Lin Yi, how are you going to deal with him? This kind of traitor, why don't we just kill him?"

The ghostly thing was very unhappy with the Starlight Magus. Although it didn't cause Lin Yi any physical harm, it was already an unforgivable sin to covet Lin Yi's body!

That was why the ghostly thing suggested killing the Starlight Magus. It really wanted to kill him, not just to scare him.

"Don't! Boss Lin Yi, Lin Yi dad! Grandpa Lin Yi! I was wrong, I was wrong! Please spare me this time! I won't do it again ... No, no, no, I promise there won't be a next time!"

Starlight Magus was filled with regret. He was almost certain that he would succeed, how did it suddenly turn out like this?

lin yi thought about it and shook his head, "there's no need to kill him, he can't do anything here anyway!" just leave it to the nine neonate to do whatever it wants. "

the nine neonate was overjoyed and nodded repeatedly. it would be too easy on him to kill this traitor! only by making him suffer a fate worse than death will it be enough of a lesson!"

"Don't worry, leave it to me. I'll definitely teach this traitor how to be a good person! Let him deeply understand the price of betrayal!"

Starlight great witch revealed a look of fear. When he first came, he had experienced the endless destruction of the nine neonate, and he really did not want to recall those memories again!

"Boss Lin Yi! Lin Yi dad! Grandpa Lin Yi! I was wrong, I was wrong, I was really wrong! I've realized my mistake! Please spare me! Just once! Please spare me this time!"

he couldn't care less about his face now, and he begged for mercy, hoping that lin yi would let him go. he knew who had the final say here!

lin yi glanced at him indifferently, "i've already spared your life!" he could be spared from death, but he couldn't escape punishment! what are you still dissatisfied about? could it be that you want your soul to be destroyed before you're happy?"

the starlight magus lost his voice. he did not want to die! he would only have a chance if he was alive. if he died, everything would be over!

the torture of the nine neonate was terrifying, but he had already experienced it once. pain was pain, but at least he was still alive ...

Now that he thought about it, it didn't seem like it was unacceptable ...

The nine neonate didn't care if the Starlight Magus thought it through or not. After Lin Yi said that, it started to double the torture.

Since he had nothing to do in the space of the jade pendant, he had studied many new techniques, and he could use great Starlight wizard as a practice!

There were also many techniques that were developed together with the great Starlight wizard. They were originally prepared for the later generations to use, but now it fell on the great Starlight wizard himself. The cause and effect of this was really interesting.

While the nine neonate was dealing with the traitor Starlight great witch, it said proudly, ""Why did you choose to be a traitor instead of a good person? do you regret it now? It's too late!"

"From now on, you'll forever be the last and youngest in this space, and you'll never be able to Rise Up! If a new person comes in and is taught a lesson, he will be able to stand on top of you, do you understand?"

The Starlight Magus responded with a scream. It didn't matter whether he understood it or not, as he wouldn't have any good days anyway!

Lin Yi wasn't interested in torturing the Starlight Magus himself, so he stopped paying attention to it after making the arrangements. He turned to talk to the ghost instead.

"Senior ghost, I'm planning to go to the hundred tempering demon territory with Daniya to look for the hundred tempering King Kong fruit. This is the best choice to quickly increase my body's strength. After I get it, I'll return to the underground Devil's Cave at the agreed time."

This was Lin Yi's next plan, and he wanted to see if the ghost needed any more advice. "Other than that, what else do you think I need to do in this world node, senior ghost?"

Congo demonic thing thought about it seriously and said, 'the hundred-refined King Kong fruit is indeed a good item. If I have the chance to get it, I can't miss it! You've been here for some time now, and you know very well that individual strength is useless in the face of the general trend, so this old man thinks that your plan is very good. "

"After we get the hundred-refined diamond fruit, we should return to the underground Devil's Cave as soon as possible! Even though Senlan wuhun is dead, the darkness demon beast clan might still have a follow-up plan to kill him. The next time they come, they'll definitely be more prepared!"

"If you can avoid it, try to avoid it as much as possible. You must pay attention to your whereabouts and not get caught easily! If we were ambushed, we might not be as lucky as this time!"

the thing was like an elder in lin yi's house, teaching the younger generation who was about to leave. lin yi nodded in agreement.

the thing didn't say anything new, though-it was still lin yi's own plan, after all, with only a few things to take note of.

when the two finished talking, the nine neonate had already beaten up the starlight shaman. during the break, he came up with another idea.

"let's inject a pressure slave imprint on starshine, this traitor! in case this fellow tries to stir up trouble again in the future!"

the so-called coercion enslavement mark was originally a method used to control spirit beasts and make them submit to it. it originated from the spirit beast clan.

Chapter 8877

In the spirit beast clan, there was the innate bloodline pressure and the houtian level pressure.

It was an extremely noble bloodline that could surpass the limits of its grade and suppress the spirit beasts of other races.

However, such a noble bloodline was extremely rare and could only exist as a special case.

On the other hand, ordinary excellent bloodlines had a much weaker suppression effect on those with slightly weaker bloodlines. If the bloodline of those with weaker bloodlines were slightly stronger, they would be able to close the gap.

In order to maintain the dignity of the superior bloodline, the coercion imprint was born. The party who was injected with this imprint would want to submit from the bottom of their heart when facing the invigilator's bloodline!

The next level, the oppressive slavery mark, could directly turn the person who was injected into it into a slave. They could kill or beat him with a single thought, and the other party had no ability to resist at all!

If the nine neonate used this method on the Starlight Magus, it could indeed guarantee that the Starlight Magus wouldn't have any other thoughts in the future. Otherwise, Lin Yi could decide his life and death with a single thought, and he wouldn't even have time to regret it!

"I think ... This is possible!"

The damn thing voted in favor. He just wanted to kill the Starlight Magus, so what was the big deal with injecting a coercion slave imprint?

Lin Yi didn't mind. As he said, the fact that Rao xingyao didn't die was already the greatest sincerity. Any other means were fine!

The Starlight Magus, who was beaten to death by the nine infants, wanted to cry but had no tears.

He couldn't resist even if he wanted to, and he didn't have the ability to beg for mercy even if he wanted to. He could only accept it and do whatever he wanted!

The nine neonate happily rolled up its sleeves and worked. Its operation was as fierce as a Tiger, and it injected that oppressive slave imprint into the great Starlight shaman.

Then, he gave the control of the mark to Lin Yi, and the betrayal of the Starlight Magus was finally over!

Lin Yi left the Jade space and took out his body, returning to his own.

This was the first time his primordial spirit had returned to his body after reaching the heaven breaking stage. The feeling of being one with the world was extremely comfortable!

After resting for a while, Daniya woke up from her cultivation state. She had actually tidied up her chaotic emotions.

"Sima Yi, I'm done resting. We can continue on our way to the hundred refined demon territory!"

Daniya stood up and looked around, ""Have you removed your doppelganger technique? This skill is truly a godly skill!"

"Ha ... It's not that great of a skill, and it has a lot of restrictions. After this, I won't be able to use it for a while."

Lin Yi said casually as he stood up. "I've also rested well. Let's set off now! Hurry to the hundred-refined demon Congo and get the hundred-refined diamond fruit! You lead the way!"

Daniya made a sound of acknowledgment and didn't ask about the doppelganger technique.

After all, this kind of secret technique was taboo, and it would make people unhappy if they asked about it. If Lin Yi didn't continue, she wouldn't continue asking. She led the way to the hundred refined demon area obediently!

The two of them travelled at full speed, trying their best to choose a desolate route. Although it took them a little more time, they could ensure that they were hidden and their whereabouts would not be exposed.

After traveling for five days, they finally arrived at the outer area of the hundred tempered demon territory.

In these five days, the two of them didn't encounter any darkness demon beasts, and they were temporarily out of the limelight.

but lin yi and daniya knew that the dark beasts wouldn't just let them go like this!

senlan wuhun was killed, and his men suffered heavy losses as well. whether it was for the sake of their reputation, revenge, or to get rid of lin yi, the dark beast clan would go all out to kill lin yi and daniya!

"the hundred refined demon area is right in front of us. there will be many cultivators in the outer area. we must hide our identities to avoid being recognized and revealing our whereabouts!"

daniya pulled lin yi to the outskirts of the hundred refined demon territory and observed, "we didn't reveal our intention to come to the hundred tempered demon area, so the chances of us being ambushed aren't high. i think they're still searching for more nodes."

"therefore, it will be easier for us to enter the hundred refined demon territory. however, if our whereabouts are exposed, when we come out, we might be surrounded. sima yi, what are your thoughts? should i steal another body and sneak in?"

Lin Yi's Witcher spirit body was extremely solid and looked no different from a physical body, so Daniya didn't notice when Lin Yi returned to his physical body. She thought that Lin Yi was still in his Witcher spirit body state!

Daniya didn't ask, and Lin Yi didn't have the intention of explaining, either, so the misunderstanding continued.

"Daniya, you're also one of their main targets. As long as you appear, it's the same as me appearing too, so there's no point in me disguising myself!"

Lin Yi didn't want to change his body anymore. This was the hundred-refining demon area, and even if he couldn't get Congo hundred-refining King Kong fruit, it would still be very effective in training his body. If it wasn't for this, there wouldn't be so many Dark Demon beasts in the outer area.

Changing to a temporary body could reduce the danger, but it was also equivalent to losing an excellent opportunity to train. In order to improve his strength, it was better to risk his own body!

Daniya didn't object to Lin Yi's words. This was what made her feel depressed. She was clearly a spy for the dark beasts, but there were probably more people who wanted her dead than Lin Yi.

This was very awkward!

"Daniya, is there only one entrance to the hundred refined demon territory, or is it that we can enter from anywhere?"

Lin Yi remembered the problem-if there was only one entrance, they'd have to come up with a way to blend in.

"There's no such thing as an entrance. The hundred-refined demon area is this area, and you can enter it from any place. It's just that no one dares to casually enter the hundred-refined demon area. The forbidden area isn't something that can be casually mentioned!"

Daniya answered casually and immediately understood,""Sima Yi, you're saying that we should find a place with no one to enter the hundred refined demon territory, right? It didn't seem impossible! It's just that I don't know where there's no one ... Let's go and look!"

There were darkness magical beasts all around the perimeter of the hundred tempered demon territory, so it was difficult to find a secluded corner.

But Lin Yi and Daniya's luck wasn't bad. It only took them an hour to find a place without any dark beasts!

They were on a nearly vertical cliff. One side of the cliff was as smooth as a mirror, and it was about seven to eight hundred meters high!

There weren't any dark beasts training near the cliff, probably because they thought the environment wasn't suitable. Either way, this was the best way in.

"Sima Yi, I've heard of this cliff ... It's not that it's famous, but there are two or three similar places in the hundred refined demon territory."

Daniya patted her forehead, as if she had found the relevant information from her memory, ""The cliff of the hundred refined demon territory is not a place that anyone can easily climb up. The effect of cultivating near the cliff is too bad, so no one will choose to stay here. From this point, it's more suitable for us to enter the hundred refined demon territory."

Chapter 8878

"as for the difficulty of climbing the cliff, it shouldn't be too much of a problem for us. we can enter any of the hundred refined demon area's borders. that's why no one will deliberately find trouble by climbing the cliff. we don't have to worry about being discovered."

lin yi nodded slightly, "if that's the case, this is the most suitable place for us!" since that's the case, let's begin!"

a height of seven to eight hundred meters was something they could easily jump up if it was a normal mountain, but this cliff at the outskirts of the hundred-smelting demon territory wasn't a place they could jump.

lin yi wanted to try, but daniya quickly stopped him."we can't jump up, we can only climb up the cliff! although this is the outskirts of the hundred-refined demon territory, there are already various laws of the hundred-refined demon territory here!"

"There are no shortcuts in the hundred smelting demon area! He had to conquer all the difficulties and dangers step by step! For example, this cliff in the outer area. It might be difficult to climb, but it shouldn't be too dangerous. "

"If you try to jump up, an invisible pressure will appear out of thin air. The stronger you are, the greater the pressure. It's very likely that if you jump up with all your strength, you'll immediately be crushed by twice the pressure. It's also possible that you'll be crushed to death!"

Lin Yi blinked. "It's actually like this? The hundred tempered demon territory was indeed special! However, I'm a little more curious now that you've said this. Let me try it! Don't worry, I know what I'm doing. I won't use too much force!"

Daniya thought for a moment and retracted her hand,""Alright, be careful! Just try it a little, don't force it!"

Lin Yi nodded slightly and exerted some strength in his legs, shooting up the cliff like an arrow.

Just as he was seven or eight meters above the ground, he felt a huge pressure falling from the sky, like an invisible palm pressing down on his body!

The strength of this invisible pressure was indeed twice as strong as Lin Yi's strength.

If he had used all his strength in the beginning, he would have been suppressed to death without any resistance!

With Daniya's reminder, Lin Yi didn't use too much strength, only a little more than one percent. Even if he was under double the suppression, it didn't affect him at all and he could easily resolve it.

"As expected! This hundred refined demon territory was quite interesting. There were no shortcuts, and everyone had to pass the levels honestly. It was indeed a Holy Land for cultivation! You've classified this place as a forbidden area, isn't that a waste of God's gift?"

Lin Yi couldn't help but sigh after landing. "The training in the outer area is good, but I don't think it's as good as the training in the hundred-refined demon area. If you want to improve your strength, you have to go in bravely!"

Daniya laughed bitterly. "Everyone knows the logic, but there are too few people who can come out alive after going in. A 100% increase in strength with a 90% chance of death or a stable 30% increase in strength that can continue on. Which would you choose? In any case, most people have chosen to improve their strength in a safe and stable manner!"

Lin Yi had nothing to say-the truth was right in front of him, what could he say?

"...Let's go!"

If there weren't anything to say, then he'd get into action. Lin Yi stuck to the cliff and started climbing!

The surface of the cliff was as smooth as a mirror, and there was no place to lean on. Normal people wouldn't be able to climb it, but Lin Yi and Daniya were strong people, so it wasn't a problem!

If there weren't any other obstacles, it'd be a piece of cake, but things weren't as simple as they seemed after he started.

The Cliff's surface was not only as smooth as a mirror, but upon contact, one could also feel a faint repulsive force!

That feeling was like two magnets repelling each other at the same pole. If one could originally stabilize their body on the cliff with 10% of their strength, they now had to use at least 90% of their strength. The consumption of this increase was terrifying!

If it was just mutual repulsion, it would be fine. They could always climb up slowly.

During the climb, Lin Yi felt as if his muscles were being cut by countless knives. The pain was continuous, but it wasn't unbearable.

There weren't any wounds on his body, and the feeling of being cut seemed like an illusion, but Lin Yi knew it wasn't!

Because every time the muscles contract and expand, it will bring a slight strengthening to the skeleton. It's really just a slight improvement. After enduring it for a year, I estimate that my body's strength will increase by one percent, right?

Of course, Lin Yi's body was already at the heaven breaking stage, and it would be more effective if it was someone below the heaven breaking stage!

This was only the outer edge of the hundred tempered demon territory. It was no wonder that so many darkness magical beasts would come here to cultivate. It was indeed a rare cultivation land!

Other than the physical pain, his essence spirit had a similar feeling, but Lin Yi's essence spirit was too strong, so this bit of torture was basically ignored!

The hundred refined demon territory truly deserved its reputation!

It was indeed a good place to improve himself in all aspects!

Lin Yi felt it a little and got used to the pressure immediately, starting to climb steadily.

This cliff was only the outer area of the hundred refined demon area, after all. It wasn't enough to stop Lin Yi.

Daniya caught up as well. She adjusted a little slower than Lin Yi, but not by too much. It didn't take long for the two to reach the top.

The pressure from the top of the cliff multiplied. They had officially entered the hundred tempered demon territory. The pressure would only get stronger and stronger as they continued down!

The name of the forbidden area was not just for show.

"Daniya, where is the hundred refined King Kong fruit? Can you confirm it?"

Lin Yi stood on the cliff and looked at the hundred refined demon territory. The area was covered in mist, and he couldn't see anything.

Even his spirit sense couldn't penetrate it. It was obvious that even Lin Yi's powerful spirit sense was blocked in the hundred smelting demon territory!

The entire hundred refined demon territory was vast, and Lin Yi didn't have time to search slowly. It was better to have a rough area than to find a needle in a haystack!

Daniya looked into the distance with an uncertain expression, "The hundred-refined King Kong fruit should be ... At the center of the hundred-refined demon area. We can't go wrong if we go to the center."

Even though the darkness magical beast race Congo a history of successfully obtaining a hundred refined King Kong fruit, its exact location had yet to be circulated, and Daniya could only make a guess.

lin yi nodded noncommittally, "the center?" there's a higher chance ... the center is from this direction ... let's go down first and find a way down!"

they left the cliff faster than when they came up, and although the pressure was stronger after changing sides, lin yi and daniya didn't mind it.

he passed through the mist and arrived at the bottom of the cliff-there weren't any craggy rocks or mountains of blades or seas of fire as he'd expected. it was a normal stone path!

Chapter 8879

The width of the stone Road was about seven or eight meters, enough for more than ten people to walk side by side. There were bluestone guardrails on both sides of the road, and the area outside the guardrails was hidden in the fog, so it was impossible to see anything.

"Daniya, what's the situation?"

Lin Yi was on his guard.

This Stone Road looked really strange and out of place!

When the two of them came down, they landed directly on the road, and their line of sight was only about ten meters away. Beyond that, everything was shrouded in fog, and even divine sense couldn't reach it.

"Wait a minute ..." Daniya seemed surprised as well. She didn't answer immediately and went into deep thought.

The two didn't move, stopping on the road for a while. Lin Yi wasn't in a hurry, and decided to wait for Daniya to finish her thoughts.

After a while, Daniya clapped her hands and said, "I remember now! There was indeed such a path in the legends! He didn't expect it to actually exist! The legends are not without reason!"

Lin Yi didn't know what to say-what was this path?

Daniya seemed a little excited as she walked back and forth on the stone path and turned a few rounds. "The hundred tribulations path in the hundred smelting demon territory! Legend has it that the path of disaster only appears once in a thousand years. By stepping on the path of disaster, you can directly reach Congo location of the hundred refined diamond fruit!"

"The appearance of the path of disaster means that the hundred refined King Kong fruit has entered its mature stage. Our luck is really good! I thought that finding an unripe hundred refined King Kong fruit would be a great fortune. I didn't expect to find a ripe hundred refined King Kong fruit!"

"The mature hundred refined King Kong fruit is several times more effective than the unripe one. As long as I can pass the path of disaster, I will definitely get the hundred refined King Kong fruit!"

Congo more Daniya spoke, the more excited she became. An unripe hundred refined King Kong fruit was also a divine medicine. If she took it, she had a chance of breaking through the shackles of the heaven breaking stage and entering a higher level.

However, the chances were less than 10%. It was basically negligible and could only be considered as a glimmer of hope!

Congo effects of a mature hundred-refined King Kong fruit would be much stronger.

Although he could not guarantee a 100% success rate, he could at least increase the success rate to more than 50%. More than 50% was already very stable!

Lin Yi, on the other hand, was a little taken aback-his luck really was a little hard to explain!

The path of disaster that was hard to come by in a thousand years ... Was encountered by him just like that?

"Daniya, is the path of disaster really that good? Can it avoid the various dangers in the hundred refined demon area and directly find the hundred refined Vajra fruit?"

If that was the case, then he was really the son of destiny ...

"How is that possible? it's already said to be the path of disaster, how can you easily avoid danger? The hundred refinement has become the hundred tribulations. It's obvious that the danger will only increase!"

Daniya's face fell. A mature hundred refined King Kong fruit was good, but the problem was that the difficulty of obtaining it had increased by many times!

"If you can walk to the end of the path of disaster, you will definitely be able to find the hundred refined King Kong fruit. However, once you walk the path of disaster, you must not leave its range."

"If I'm forced out of the path of disaster, I'll never be able to get the hundred refined diamond fruit! This is the way to get Congo hundred refined King Kong fruit, but it won't be a smooth journey!"

The path of disaster that was hard to come by in a thousand years ... Daniya really couldn't say if it was good luck to encounter it!

The ordinary hundred-smelting demon territory was already a forbidden area for the darkness demon beasts. The path of disaster was many times more difficult than the hundred-smelting demon territory, and the forbidden area would become a forbidden land!

"I understand! In the end, this path of a hundred tribulations has saved us a lot of trouble! At least we don't have to waste time looking for a route, and we can just walk along the path of disaster!"

Lin Yi was still optimistic, patting Daniya's shoulder. "Let's go! You don't want to miss this once-in-a-thousand-years opportunity, do you? This is the luck that the heavens have given us. It is destined that the hundred refined King Kong fruit will be ours!"

It was impossible to give up, so what was there to hesitate about? He would be finished if he went up!

Lin Yi led the way into the mist, and Daniya followed closely behind, her expression turning determined!

Just as Lin Yi and Daniya stepped onto the path of disaster, the dark Beast clan was at its peak because of Senlan wuhun's death.

For this matter, the darkness demon beast clan had temporarily gathered a group of high priests from the surrounding tribes for a discussion.

"this is our territory! there are countless of our clansmen here! we've always been the ones wreaking havoc in the human world! since when have humans caused trouble in our territory?"

the high priest of senlan wuhun's tribe was called desolate earth. he was waving his arms excitedly and saying loudly, ""what's more shameful is that there's only one human! one! you've completely destroyed our long-planned plan!"

"What a disgrace! This is the greatest humiliation in the history of our race! So many tribes had joined forces to chase and intercept them, but in the end, they had all lost their troops! If a single human can do this, how can we even talk about attacking the human world?"

The high priest of the wasteland did not mention the death of Senlan wuhun, because it was the most humiliating humiliation!

He just wanted to create an atmosphere where everyone was facing a common enemy, so that all the high priests would agree to join forces and kill Lin Yi and Daniya in one fell swoop with the pressure of Mount Tai!

However, just because the high priest of the desolate lands didn't mention it, it didn't mean that the other high priests didn't mention it. The darkness demon beast race wasn't as united as they were made of iron, and they weren't harmonious when they got along!

When they were united against an external enemy, the darkness demon beast clan could abandon their grudges and benefits, but when there were no external enemies, it was not uncommon for them to fight against each other!

"huangtu, we can empathize with your tribe's humiliation, but you must also blame your tribe's senlan wuhun for this. in order to deal with a mere human, he sacrificed thousands of elite clansmen in order to activate the god-devouring formation! what was the result?"

the high priest laughed coldly. their tribe was close to the high priest's tribe, and they had a lot of conflicts. to be honest, he was gloating over the fact that lin yi had killed the best of the high priest's tribe, shenlan wuhun!

"we've brought so many soldiers and sacrificed so many of our people, but in the end, we're just going to give our heads away. it's fine if we can die together with that human ..."

"huang kong, shut up! all the tribes in this operation counted, so who would be able to track down that human and that traitor daniya? only senlan wuhun!"

The high priest of the barren lands didn't want to mention Senlan wuhun because he felt a little embarrassed, but when someone mentioned Senlan wuhun, he immediately began to roar.

Chapter 8880 The End

"this old master hasn't said anything! senlan wuhun had only brought a small number of personal guards, and the others were the elites of various tribes that had been temporarily put together. what was the result? there were so many elites, but they were easily broken through by someone. he actually let that human fight senlan wuhun alone!"

"Don't you feel embarrassed that your commander is forced to fight an enemy alone under heavy protection? Desolate space! Do you still have the face to say those words? Ah?"

The high priest of the wasteland's roar made the other high priests' faces turn ugly. This was indeed a good thing to say but not a good thing to hear!

Senlan wuhun didn't bring all of his men with him as he was tracking Lin Yi and Daniya. After all, they had to pass through many tribes' territories, and it was too troublesome to mobilize a team like that. It could easily cause misunderstandings.

That was why he only brought his personal guards.

the rest of the troops were temporary troops transferred from the various tribes. senlan wuhun was able to gather them in such a short time, which was already extremely difficult, and enough to prove his leadership ability.

if it wasn't for lin yi, who couldn't be predicted with common sense, senlan wuhun wouldn't have died so pathetically!

"alright, alright! there's no point in talking about what has already happened. we're not gathered here to find out who's responsible, but to discuss how to kill that human and the traitor daniya!"

the other high priest coughed twice and tried to smooth things over.

he belonged to a relatively neutral faction and had a good relationship with the desolate earth high priest and the desolate kong high priest. if he spoke up, the two of them would at least give him some face!

the wasteland high priest waved his hand in anger and stopped being aggressive.

at the end of the day, it wasn't a glorious thing for lin yi to solo-kill senlan wuhun, and throwing the blame to the other tribes wouldn't make senlan wuhun look that strong.

What should be embarrassed should still be embarrassed. It would be over if he skipped it and didn't mention it.

"That's right, that's right. The most important thing now is to find the traitor Daniya and that damned human! This person has destroyed our plan and filled up all the holes in the nodes! We can also ... Let's not talk about that. Anyway, he's a thorn in our side and must be eliminated as soon as possible!"

The high priest echoed, but it was not appropriate to mention the matter of Senlan wuhun again. He had just calmed down, but he did not want to start a war again!

The high priests present were all respected high-ranking members of the darkness demon beast clan. Entering the underground devil cave and sweeping the sub-Island was their common wish, so it was easy for them to come to an agreement on this matter!

Even the Grand priest of the barren lands cast aside his displeasure with the Grand priest of the barren lands and nodded. "That human is indeed a great threat. Such a person is a rare talent in the entire human race. He must be killed while he is alone!"

just like how lin yi feared senlan wuhun, the dark beasts 'fear of lin yi had also started to penetrate their bones!

a super expert wasn't scary. a single person's martial strength could only influence a small part of the war. however, a wise and far-reaching commander was enough to influence the direction of the entire war!

although lin yi didn't show his commanding ability, he'd been showing off all sorts of skills after entering the node. it was enough to prove that lin yi was a talent with both courage and strategy, and the fact that senlan wuhun went all out to kill lin yi at the end also showed his fear of him.

"if that human wants to go back, he must pass through a certain node. therefore, we have to make arrangements at all the nodes and not let him leave easily!"

grand priest huang kong continued,"the defense of the node is our last resort. if we let them reach the node, it will basically be a failure. we have to make preparations, but we can't expect to stop them at the node!"

"Our top priority is still to find their whereabouts, then surround and annihilate them! Desolate earth, in order to find them, we have to put aside our past grudges and work together. You don't have any objections to this, right?"

The high priest didn't have any objections, of course. Senlan wuhun was the most outstanding in his tribe, and he was also one of the top generals in the entire Dark Beast race. He was the one who wanted to kill Lin Yi and Daniya the most!

"No objections! Desolate, you don't need to play tricks with me. Senlan wuhun was able to track them not because of our tribe's ability, but because of his ability! You want this old master to come up with a tracking method, right?"

"no, no, no! this old master knows that you have no way of tracking them down. if you could, you would've probably already gone to surround and intercept them, right?"

grand priest huang kong chuckled."i have a way to track him down. however, i need you to provide me with something in order to kill that human and eliminate any potential threats in the future. i believe you won't reject me, will you?"

the high priest of the wasteland narrowed his eyes and said expressionlessly, ""if you have something to say, just say it! don't go in circles with this old man!"

"Hehe, then this old master will be direct!"

Grand priest Huang Kong was not offended. He smiled and extended his hand. "I need you to provide Senlan wuhun's body. He was killed by that human. With his body, we can find the human who killed him!"

The wasteland high priest's eyes widened, and his pupils contracted slightly. There was a faint flame of anger burning in his eyes. "Desolate! Do you want to use that evil sorcerer clan's spell? I ..."

"Desolate earth, do you not agree? Tracking down the human who killed Senlan wuhun is also revenge for him. I think even if Senlan wuhun is still alive, he would agree. After all, he can sacrifice thousands of people, what is a corpse?"

The other high priests around him were silent, their faces expressionless and their eyes drooped, as if they were asleep!

All the high priests present knew why the high priest Huang Kong wanted the corpse. At their level, even if they didn't know how to do it, they would know what the high priest Huang Kong was going to do.

It was a strange technique passed down by the Sorcerer tribe. They used the dead's body as a medium and refined it to produce an unconscious vengeful spirit that could live for a short time to track down the murderer!

If it was just this, it wouldn't be a big deal. It could even be said to be a very effective and excellent method!

The reason why people's expressions changed when they talked about it was that once the corpse was refined into a vengeful spirit, after finding the murderer, the soul would be completely destroyed!

The darkness demon beast clan also had the concept of reincarnation. When Senlan wuhun was killed, they would think that there was still a chance of reincarnation. After reincarnating, there was a chance that a heaven breaking expert would retain a part of their innate talent, which would make them more outstanding in cultivation.

There was even a one in ten thousand chance that he would retain some important memories of this life, and the talent he would display in the future would naturally be even more astonishing. However, if he were to be refined into a vengeful spirit, he would lose this chance of reincarnation!

Not only that, but the resentment produced by the vengeful spirit would also affect their tribe, causing this tribe to fall into misfortune ... This was a legend, and it had some illusory meaning. After all, there was no way to prove something like misfortune.

However, no matter how vague it was, it was still a threat. The barren high priest wanted to object instinctively, but before he could say anything, he was stopped by the barren high priest!
