

Bodyguard 8901

Chapter 8901

It was simple, but it was still full of ups and downs. Jin botian was very nervous, especially when he heard that Daniya went to the forbidden area with Lin Yi to find the antidote, and gave up the hundred-refined Congo fruit in the last trial of the path of disaster. He started to believe Daniya.

"So you've been through so much ... You weren't lying when you said that you'd die in the world without lady Daniya's help!"

Jin botian sighed deeply, ""A friend in need is a friend indeed. It's no wonder that you trust her so much, Junior Brother. If it were me, I would do the same!"

"But then again, she's still a heaven breaking expert of the darkness demon beast clan. How could she betray the darkness demon beast clan so easily for a stranger?"

"The reason she gave you wasn't enough, and it wasn't enough for her to betray the entire darkness demon beast clan! Junior Brother, senior brother knows that you've gone through thick and thin together. This is a friendship that has been cultivated through life and death! However, senior brother must remind you that she might really be a spy from the darkness demon beast clan!"

"In order for spies to successfully infiltrate the enemy's base, it's not difficult to sacrifice some people or things that aren't so important! Junior Brother, you should be very familiar with these things!"

Lin Yi had experience in reverse lurking and was an expert in this area, so he could understand what Jin botian was saying.

"Senior brother's words are very reasonable. To be honest, in the beginning, I also suspected that she was a spy sent by Senlan wuhun to get close to me, and then used some clumsy means to give me credit and make me believe her ..."

"But what happened later proved that I was thinking too much! Senlan wuhun wouldn't risk his own life just to make Daniya a spy! I've already said that Senlan wuhun is one of the most powerful commanders of the darkness demon beast clan!"

"If you compare Senlan wuhun and Daniya, even ten danias wouldn't be enough to compare to Senlan wuhun!!"

If Shelan wuhun wasn't dead, Lin Yi might still suspect that Daniya was a spy. After all, she was the commander of the dark wind camp. It was child's play to be called a traitor so easily.

But with Shelan wuhun's death, there was no more reason to suspect Daniya. Plus, they'd been through thick and thin together in the two forbidden areas. Not only did Lin Yi have no reason to suspect Daniya, but he also saw her as a partner worthy of his trust!

Jin potian nodded slightly and said, "what you said does make sense!" Senlan wuhun was already dead, and Daniya was a wanted criminal. If it was just to send a spy, then the price was too great! If it were me, I'd rather let you live. It's good as long as there's a profit. "

Lin Yi couldn't help but smile, "it's a good thing that the dark Beast race doesn't have someone as talented as you, or I wouldn't be able to come back!"

Jin botian laughed out loud. The two senior brothers joked around and basically reached a consensus that Daniya wasn't a spy. As for whether his subordinates believed him or not, Jin botian couldn't be bothered for the time being.

"Senior brother, when we returned to the underground Devil's Cave this time, we were ambushed, and the brothers who stayed at the agreed point were all dead! More than a thousand elite dark magical beast Warriors are waiting for me over there. There must be a spy who leaked my whereabouts!"

Lin Yi's smile disappeared and he said seriously, "to know my exact location, this spy's status shouldn't be low, and he's a member of this operation!" As for whether there is only one or more, I don't know!"

"If it wasn't for the fact that my strength had greatly improved, I'm afraid I would have been successfully ambushed by them! We have to find a way to find these spies. Otherwise, I might be the one being ambushed this time, but the next time, it might be you or Hall Master Luo!"

Jin botian's smile also disappeared, and his expression became extremely serious. "I've also heard about this. The people who stayed at the appointed node didn't send back any news. I was going to send someone to take a look, but I didn't expect you to come back first!"

"The darkness demon beast clan's traitor has always been a great threat to us. Whether it's the brainwashed humans or the darkness demon beasts that have taken on human form and are hiding, they can all give us a fatal blow at the most crucial moment!"

"In order to deal with you this time, that traitor risked the risk of exposing his identity and arranged a large-scale ambush. It can be seen that Junior Brother has already become a thorn in the eyes of the darkness demon beast clan!"

"It's a good thing that junior martial brother's strength is outstanding, and you weren't ambushed by the darkness demon beast clan. As such, there's a risk that we'll be able to find the traitor! I've already asked in private, and there are quite a few people who know the location of the agreed-on node, but it's definitely not too many either. With such a range, it's only a matter of time before we find the traitor!"

There weren't more than two hundred people who knew where Lin Yi would return from, including the investigators, formation Masters, and battle generals. Two hundred people wasn't too much, but it wasn't too little either. If they locked onto these two hundred people, the chance of finding the traitor wasn't low.

If Jin botian was more ruthless, he could even arrest all the suspects and investigate them. He would rather kill the wrong person than let them go. The mole would definitely be found!

"Senior brother, please calm down. There might be only one or more spies. We can't alert them or wrong good people. We'll just observe in secret for now."

Lin Yi waved his hand and brought up Daniya's arrangements. "I just happen to have a plan here that might be able to uproot the intelligence network that the darkness demon beast clan has planted in our territory! Senior brother, can you see if there's any possibility of this?"

Jin potian immediately showed a very interested expression and leaned forward slightly. "Junior brother's plans have always been excellent, and I think this time will be no exception. Hurry up and tell me, I can't wait!"

"Yes, senior brother! Actually, it's not a bad thing to be ambushed when I return to the underground Devil's Den. Although I didn't get any information on the mole who sold me out, I did get some information on another mole who's hiding in the continent's martial Alliance!"

Lin Yi told Jin botian the information about the mole, and the latter was very surprised. He didn't expect the mole to be this person! Even within the continent's martial Alliance, this person could be considered a respected middle-upper echelon!

The darkness demon beast clan had already infiltrated to such a level, and they were not even sure if there were other spies of the same level or even higher!

It was terrifying!

If the spatial node was opened, would the continental martial Alliance really have the power to fight? If the middle and high level spies worked together, the human side would probably be defeated like a mountain!

Lin Yi waited for Jin botian to digest the information before continuing, "After getting the information about this traitor, I immediately had an idea. Daniya is an expert of the darkness magical beast clan who followed me back from the spatial node. No one would believe that she is truly loyal to us humans!"

Chapter 8902

The two of them were polite, but there was some reservation in their words. If it was someone as carefree as Fei daqiang, he might not be able to notice the difference.

Daniya only looked innocent and stupid, but her heart was as clear as a mirror, and she could easily feel the estrangement under the surface of the two's intimacy.

She didn't really care about it, as it was all within her expectations. If they were to immediately believe a darkness demon beast expert who came from a spatial node world, then they would be out of their minds!

Unlike Jin botian and Luo xingliu, some of the investigators couldn't keep their cool and started making a big fuss after hearing Lin Yi's words.

"The darkness demon beast clan that I met in the spatial node?"

"Isn't Sima Yi a little too much? He actually brought back an expert from the darkness demon beast clan ... What is he thinking?"

"Do you guys think that Sima Yi has been brainwashed by the darkness demon beast clan? That's why you've brought a spy from the darkness demon beast clan?"

This idea was a little wild, but it was really quite popular. A few investigators at the side also echoed!

Of course, they were all very quiet, afraid that Lin Yi would hear them. They didn't know that no matter how quiet they were, Lin Yi could hear them like the back of his hand!

Lin Yi didn't care about those discussions either-it was all within his expectations, and it was precisely because of this that he wanted Daniya to get in touch with the traitor and make a huge contribution that everyone could see!

"All of you, disperse! There's a celebration party tonight. Everyone, remember to come on time!"

Jin botian was afraid that Lin Yi would feel awkward if he heard the gossip, so he waved his hand for the investigators to leave first. The celebration dinner was held for Lin Yi, so there shouldn't be as many people talking about Daniya with some buffer time.

The investigators were all tactful and left one after another. Luo xingliu didn't say much, either. He gave Lin Yi and Daniya a few more words of encouragement before leaving as well.

"Patrol envoy Sima, come and report the details of this operation! Miss Daniya, please go and rest first. You've worked so hard to help patrol envoy Sima come back, you must be exhausted, right?"

Jin botian and the others were almost all gone, and he arranged for Daniya to rest as he prepared to talk to Lin Yi alone.

Lin Yi was the patrol envoy of the inspection department, and reporting to Jin botian was his duty. No one thought that there was a problem, and seeing that Lin Yi didn't have any objections, Daniya obediently followed the others to the guest room to rest.

Jin botian brought Lin Yi to his office in the inspection department and set up a soundproof formation to make sure no one could eavesdrop on them.

"Junior Brother! You've really taken too much risk this time, making senior brother so worried! Fortunately, your strength is outstanding and you returned from the node safely! If something were to happen to you, how would senior martial brother be able to explain to master's spirit in heaven?"

Jin botian asked Lin Yi to sit down, still expressing his concern at the start. After Lin Yi thanked him again, he changed the topic and talked about Daniya, "Junior Brother, this miss Daniya you brought back ... Can you trust her?"

"Senior brother doesn't mean anything else, but you also know that other people definitely won't immediately trust miss Daniya and will definitely have many doubts! If there's a problem with her, you'll be implicated in the end!"

If something like that happened, Jin botian, the head of the inspection department, wouldn't be able to protect Lin Yi too much!

There were people who said that Lin Yi might've been brainwashed, and there was a market for that. If word got out, Lin Yi might be knocked down to the dust!

Jin botian didn't want to see Lin Yi end up like this!

"Don't worry senior, Daniya won't have any problems and she won't drag me into anything! It's normal that you don't trust her now, because you don't know how she helped me!"

Lin Yi waved his hand with a smile and started explaining the process of entering the node.

How Daniya had helped him escape from The Witcher soul locking formation's camp, thus bearing the name of a traitor, how she had helped him plan his route, how he had attacked the nodes, how he had joined hands to deal with Senlan wuhun's pursuit, and so on.

It was simple, but it was still full of ups and downs. Jin botian was very nervous, especially when he heard that Daniya went to the forbidden area with Lin Yi to find the antidote, and gave up the hundred-refined Congo fruit in the last trial of the path of disaster. He started to believe Daniya.

Chapter 8903 The End

Lin Yi couldn't help but smile, "it's a good thing that the dark Beast race doesn't have someone as talented as you, or I wouldn't be able to come back!"

Jin botian laughed out loud. The two senior brothers joked around and basically reached a consensus that Daniya wasn't a spy. As for whether his subordinates believed him or not, Jin botian couldn't be bothered for the time being.

Daniya is an expert of the darkness magical beast clan who followed me back from the spatial node. No one would believe that she is truly loyal to us humans!"

"Even senior and Hall Master Luo are suspicious of Daniya, let alone the others. As long as what I experienced in the node is not made public, those who doubt Daniya will continue to be suspicious!"

"This includes the darkness demon beast clan's Spies Among Us! That's why I'm prepared to beat him at his own game and hide everything that happened in the node. I'll let Daniya pretend to be a spy sent by Senlan wuhun to get in touch with the spy that we have information on!"

"As long as Daniya can gain his trust, we might be able to follow the clues and pull out the entire spy network. Let's catch them all in one fell swoop!"

Jin botian was stunned. Everyone was suspecting that Daniya was a Dark Demon beast spy, so Lin Yi decided to let her act as one and meet up with the real spy, and find more spies?

It was ... F * cking exciting! He had never thought that there could be such an amazing operation!

"Junior Brother Sima, your plan has a good chance of success! But the key to this plan is miss Daniya, will she be willing to cooperate?"

Jin potian could not help but clap his hands in admiration, but he immediately thought of Daniya's use."Although lady Daniya has become a wanted criminal and a traitor of the darkness magical beast clan, she definitely didn't have any intention of betraying the darkness magical beast clan from the start."

"In the end, we were forced by the circumstances and had no choice but to do so. However, we were unable to force her to deal with her clansmen. She wasn't a spy from the darkness demon beast clan, so she had no reason to become a spy for us humans and deal with the darkness demon beast clan, right?"

Under normal circumstances, remaining neutral would be the best choice, right? Jin potian felt that Daniya's identity was sensitive, so not getting involved in the battle between the two races and living in seclusion would be the most suitable ending for her.

Lin Yi smiled and shook his head, "don't worry about Daniya, senior. I've already told her about it, and she's willing to help!" As I said before, Daniya's wish is for the two races to be at peace and for there to be no war to avoid both sides suffering. "

"In order to achieve such a Grand goal, it's not unacceptable to sacrifice a small number of people. Moreover, everyone is suspecting if Daniya is a spy. If she wants to gain a foothold, she has to show everyone a convincing contribution!"

"This is Daniya's best chance to prove herself. The reason why I vaguely pointed out Daniya's identity as a member of the darkness magical beast clan is so that she can better integrate into our human race in the future."

Jin botian nodded. If Lin Yi didn't mention it, Daniya's identity as a Dark Beast would be hard to discover. Her ability to hide her aura was already at the peak, and people who weren't stronger than her wouldn't be able to detect her.

However, there were no impenetrable walls in this world, and even the most secretive things could be exposed. Once someone discovered Daniya's identity as a member of the darkness magical beast clan, she would be unable to explain herself and would be unable to explain herself.

Chapter 8904 The End

You only need to say that you don't have any ulterior motives, so why did you hide your identity? That would be enough to make Daniya unable to establish herself in the human world.

By exposing Daniya's identity, Lin Yi could prevent that from happening in the future, and he was planning for her!

"I understand. Since Daniya is willing to help, then we'll follow your plan! I hope she won't let you down!"

Jin botian approved of Lin Yi's plan. After all, there was nothing wrong with the plan itself, and the only one he needed to worry about was Daniya.

Although the Daniya in Lin Yi's description was loyal and couldn't be a spy from the dark Beast clan, and Jin botian believed her, he only listened to Lin Yi's words. He didn't have any physical contact with Daniya and couldn't completely trust her.

So the only variable in this plan was Daniya. Even if there was only a one in ten thousand chance that Daniya was a spy from the dark beasts, Lin Yi's plan would still fail!

At that time, the darkness demon beast clan could still beat them at their own game and frame a group of people who weren't spies, forcing them to become the spies. If martial League and the inspection Institute were thrown into chaos, it would be a huge problem.

Jin botian didn't voice out his worry. The plan was Lin Yi's idea, and he would give his Junior Brother some face no matter what. He believed that Lin Yi would be fine!

"Don't worry, senior. Daniya definitely won't let you down! Then should we get her to come over now, and we can talk about the contact with the mole in detail?"

Lin Yi had expected Jin botian to support his plan, but he was still relieved when he received his approval. Jin botian and Daniya were already considered his partners, and if they had any conflicts, it would be hard for Lin Yi as long as they didn't have any issues with their principles.

Now it seemed like Jin botian did not have any prejudice against Daniya. As long as the plan went smoothly, Daniya would be able to gain a firm foothold!

"No need. In the future, you'll be in charge of miss Daniya's matter. This matter must be kept confidential. If she comes into contact with me, it'll inevitably arouse suspicion."

Jin botian waved his hand. He had considered everything. "Since we're going to play the role of a spy for the darkness magical beast clan, we'll let miss Daniya keep a low profile for the first few days!"

Anyone could see that those who knew Daniya's identity would be suspicious of her. If Daniya were to visit people in a high-profile manner, it would definitely be abnormal and raise the vigilance of the spies.

Lin Yi thought so too, and so he didn't ask Daniya to discuss the plan with Jin botian.

The two talked for a while more, and it was basically Jin botian telling Lin Yi to be careful before Lin Yi left.

The experience at the node was relatively simple and didn't take too much time, so Lin Yi and Jin botian's private conversation seemed quick, which was more like a normal report from a subordinate.

No one would suspect Lin Yi's relationship with Jin botian because of this, and it would be a little obvious if Lin Yi brought Daniya to see Jin botian too!

After Lin Yi left, he went to look for Daniya first. She was new here and didn't know the place well. Other than Lin Yi, she had no one and no one. Lin Yi couldn't leave her alone. It was good to bring her around first.

When he found Daniya in the guest room of the inspection courtyard, she didn't rest but instead looked up in a daze as she sat on the chair. Her eyes didn't have any focus as she stared at the ceiling, thinking about something.

Lin Yi guessed that Daniya was in a strange environment, and the people around her were suspicious of her, so it was understandable that she was confused about the future.

Daniya didn't know what to do about the future, but it was different from what Lin Yi was thinking. She was still struggling with the choice between being a double agent or a double agent.

Senlan wuhun was dead, and she was the biggest scapegoat. Even if she continued her undercover plan, it was hard to say if she could regain her identity!

The high priest of the barren land probably wanted to kill her, the traitor. She might not have a chance to explain herself when she returned, and it was hard to say if the high priest of the barren land was still alive.

The soulless vengeful spirits had been evolved by Sima Yi's clone, and the command center of the Allied forces was in chaos. Would a few of the high priests die in the chaos?

If the high priest of the barren lands died, Daniya would have no way to live! The blame would only get bigger and bigger. When he returned to the node in the future, everyone would shout at him and kill him. He wouldn't even have the chance to explain, right?

[My heart was with the moon, but the moon shone on the ditch ... My heart is tired!]

"Daniya!"

Lin Yi sat down on a chair on the side and called out to her.

"Sima Yi, you're back so soon? Are you done?"

Daniya propped herself up on the armrest and straightened her body. "The chairs on your side are so comfortable. I want to sleep just by leaning on the back of the chair!"

"I'm done. If you're tired, sleep for a while. It's safe here, and no one will disturb you."

There were two guards at Daniya's door, but Lin Yi sent them away when he arrived.

There wasn't anyone who didn't give Jin botian and Lin Yi face yet, at least not on the surface.

Putting aside the matter of surveillance, whoever wanted to harm Daniya would have to first consider their own abilities. Daniya's strength was considered a super expert who could do whatever she wanted in the entire starsource continent.

Without a Supreme realm expert, Daniya's safety would not be a problem!

"I'm not tired. It's just that I've just arrived in a new environment and am not used to it! Don't worry, it'll be fine soon. "

Daniya paused for a moment before continuing, "Sima Yi, you're also staying in this patrolling courtyard? I heard them call you patrol envoy Sima. That's a very powerful position in the patrol Academy, right?"

The patrol envoy of a continent could only be regarded as a middle-high level in the inspection Institute, not the top level. After all, there were more than one or two patrol envoys in a continent, there were a total of 39!

But Lin Yi was still the vice-director of the inspection department, so she wasn't wrong. She smiled and nodded, "My position in the inspection Institute is indeed not low, but I don't live there. I live in a relay station outside."

Daniya didn't ask why Lin Yi was staying at the inn even though his status wasn't low. She stood up and said, "I don't want to live here either, I want to be with you!"

In the entire sub-Island, other than Lin Yi, Daniya had no one to rely on, so it was normal for her to rely on Lin Yi.

Lin Yi didn't think much of it and nodded. "That's good. The courtyard of the courier station is big enough, and there are enough rooms for you to choose from. It's also convenient for us to stay together. Let's go there first!"

Chapter 8905 Power

There was no meaning in leaving Daniya in the inspection department. The traitor they had to make contact with was the higher-ups of martial Alliance, and they would not be able to make contact with him in the inspection department.

Lin Yi left with Daniya, and no one stopped them. The two went out smoothly, turned around the corner, and entered the station. They returned to their own courtyard, where Fei daqiang came out to welcome them.

"Boss, you're back! I've been out for a long time this time, so it's because I have something serious to do!"

Fei daqiang looked at the pure and lovely Daniya beside Lin Yi and made an expression of realization. He even winked at Lin Yi, "Boss, aren't you going to introduce this beautiful girl to us?"

Lin Yi rolled his eyes, annoyed and amused at the same time. This guy could read his mind with one look- it was no different from writing it on his face!

"I've been out for so long. Aren't you worried about me?"

Lin Yi's mission in the underground cave had been going on for more than twenty days, almost a month. Fei daqiang was really big-hearted and didn't look worried about Lin Yi at all.

Fei daqiang didn't deny this and laughed loudly, ""What kind of danger could you be in, boss? I've been with you for so long, how could I not know? Any danger will turn into an opportunity in front of the boss. Anyone who wants to fight with the boss will be unlucky in the end!"

"The so-called son of destiny is probably nothing more than this. Boss, you're a person with great destiny. If I have the time to worry about you, I might as well think about how to earn more money for us to improve our lives!"

Lin Yi's mouth twitched, speechless ... But there was no need to earn money. He had enough money at the moment, and it was just numbers.

It was his nature to want to make money, and Lin Yi wouldn't interfere as long as he was happy!

"Hello, I'm Daniya, I'm Sima Yi's companion. You're his companion too, right? It's a pleasure to meet you!"

Daniya didn't wait for Lin Yi's introduction as she stepped forward and greeted Fei daqiang with a smile.

Fei daqiang quickly nodded and bowed with a smile,""So it's sister-in-law Daniya! Hello, sister-in-law! My name is Fei da Qiang, sister-in-law can call me da Qiang, or Xiao Qiang, whatever it is, I'm fine with it!"

Lin Yi was speechless-when did it become Daniya? Can't you be more shameless?

Daniya didn't seem to understand what her sister-in-law meant. Regardless of whether she really didn't understand or pretended not to understand, she didn't raise any objections.

"Fei daqiang, please take care of me in the future!"

She could tell that Lin Yi and Fei daqiang's relationship was special, so she maintained enough respect for him. Although his strength was not worth mentioning in Daniya's eyes, and she felt that he didn't have the right to be Sima Yi's companion, she wouldn't show this thought.

"Fei daqiang, you're mistaken, Daniya and I aren't ..." Lin Yi wanted to correct him.

"Boss, you don't have to explain. I understand, I understand!"

Fei daqiang's smile was extremely perverted, giving Lin Yi a look that said "I'll tell you everything. "He turned back to chat with Daniya's sister-in-law.

Lin Yi was speechless-what the hell did he know?

Forget it! I won't stoop to this silly guy's level, let him be!

"Come in and talk!"

Lin Yi walked into the living room first, followed by daqiang and Daniya, who were chatting. The three of them found chairs and sat down.

He set up a soundproof restriction and spoke, "Daniya, we've already talked to Dean Jin about our plan to contact the mole. He also supports our plan."

"In order to avoid suspicion, he won't be meeting you alone. In two days, you can secretly contact the mole! Since I'm a higher-up in martial League, I'll go and inform Hall Master Luo about this!"

In fact, it was better not to inform Luo xingliu. Spies had always been secretive. The fewer people who knew, the better. It would not be easy to expose them.

But Daniya was going to get in touch with the higher-ups of martial Union, and it'd be easy for misunderstandings to arise if Luo xingliu didn't know about it at all. That was why Lin Yi decided to communicate with Luo xingliu-he'd be able to lend his strength during critical moments.

From his past interactions with Luo xingliu, this Great Hall Master of the continental martial Alliance was a trustworthy person!

Lin Yi wasn't just confident in his judgment, he was also confident in Luo xingliu's position! The starsource continent's martial Alliance's Hall Master. If there was something wrong with him, the entire starsource continent could fall at any moment. Why would the darkness demon beast clan need to spend so much effort?

"No problem, I'll listen to your arrangements. Just tell me when the operation begins!"

Daniya had no objections, just like an obedient little wife!

Lin Yi and Daniya didn't avoid Fei daqiang, but a few sentences weren't enough for him to understand the whole situation.

"Boss, what mole are you talking about? Who was it? Is there anything I can do to help?"

Fei daqiang was used to this kind of thing. Even if he didn't understand it completely, he could make a guess. Lin Yi didn't find the mole immediately, so he must be planning on Catching the Big Fish!

"I don't need you for the time being. You can continue with your work. What have you been doing while I was away?"

Hearing Lin Yi's question, Fei daqiang immediately threw the mole to the back of his mind. Zhang xiaopang was the expert in this kind of thing. He couldn't be bothered to deal with it. With his boss personally taking action, what good could the mole do?

What he was going to say next was what he was most proud of: "Boss, let me report to you. While you were away, I didn't slack off and diligently made a few deals here! I earned a small sum of money!"

After Fei daqiang came to the sub-Island, he completely awakened his business talent. Along the way, through all kinds of transactions, the money in his hands snowballed!

Even Lin Yi was surprised by the profit. If it wasn't for Fei daqiang's operation funds, Zhang Yiming's intelligence organization wouldn't have been able to develop so smoothly.

Now that Fei daqiang had a huge amount of funds in his hands, as well as goods that were always prepared wherever he went, he said that he had made a small profit, but it was probably not a small amount!

"Boss, I wanted to tell you just now. I used the small amount of money I earned here to buy a Manor. It's located near the patrol yard. Although the conditions of this courier station are not bad, it's still someone else's place. I thought we should have our own place to stay, so I bought that Manor."

Fei daqiang's face was a little proud. This was the core of the entire starsource continent. Even an inch of land was not enough to describe the real estate value here.

The area near the inspection department was a prime location. Lin Yi didn't know how much a Manor would cost, but Fei daqiang said it was only a small amount. It was obvious that Wanwan was acting tough!

Chapter 8906

Lin Yi couldn't help but smile-he was called the head of the show-off group, but Fei daqiang was the one who got influenced by others? Bah! Lin Yi wasn't going to admit that he liked to act cool-he was always doing things and talking in a low profile, so why did he have to say he was acting cool?

It would definitely be the envy and jealousy of those who failed!

"Boss, shall we move to the manor today? The things inside are all ready-made, I've found people to repair and clean it, so you can move in at any time!"

Fei daqiang stayed at the inn to wait for Lin Yi, but the manor was already available, "Sister-in-law is so beautiful and complements that Manor. The relay station can't match sister-in-law's beauty!"

Daniya smiled happily and felt that Fei daqiang was a good person! If he were to fall out with her in the future, perhaps she could spare his life?

"Alright, alright, then let's move to the manor. In the future, we might not return to the Sangzi continent, so it's not a bad idea to set up a place here in the starsource continent. We'll definitely be able to use it!"

Things were on the right track at the Sangzi continent, and Lin Yi didn't need to go back personally. On the other hand, there were a lot of problems at the starsource continent. Even Luo xingliu probably wanted to transfer Lin Yi over, let alone Jin botian.

Previously, there had been a spy brainwashed by the dark Demon beast clan who was the Deputy Managing Director of the inspection department. Now, they had also received information that the higher-ups of martial League were spies.

To say that the problem here wasn't serious, he was really too ambitious!

"Right? I told you it's best to have your own nest. As expected, great minds think alike. Boss, you think so too! No, no, it should be that I've been by boss's side for a long time and have been deeply influenced by boss's wise and powerful temperament, so I finally have some of boss's skin!"

Senior leg hair Fei daqiang came online and started flattering Lin Yi, happily fulfilling his duty as a senior!

Lin Yi shook his head with a smile, letting him play around. He packed up and prepared to move to the manor. There wasn't much to pack here anyway-he always brought things with him, not leaving them in the station.

In addition, Fei daqiang had nothing to do and had already packed up. The three of them quickly left the courtyard and left the courier station.

The inspection department's inspection for the investigators had ended, and a small number of investigators were already preparing to return to their own continents. Lin Yi wasn't the only one checking out at the inn, so it didn't attract any attention.

The manor that Fei daqiang had bought was indeed not far away, and it occupied a very large area. It could be called luxurious! It would not be a problem to raise thousands of soldiers in this Manor!

The manor was big, and there were a lot of places that needed to be taken care of, so the manor wasn't completely empty-there were hundreds of people hired. With Fei daqiang's shrewdness, he couldn't stop people from messing with the manor, but he could guarantee that most people wouldn't do anything bad to Lin Yi.

"Not bad, it's indeed very beautiful, but it's a little too big. If we were to take a walk, we might not be able to walk through the entire Manor even if we walk for half a day!"

Lin Yi wasn't picky about the place he lived in, but it was always a good thing to have a comfortable and beautiful place to live in.

As for Daniya, her eyes were sparkling as she strolled around happily. The world node was filled with a dark and desolate scene, how could there be any beautiful scenery?

Poluo Sand River and hundred refined demon territory were extremely dangerous Forbidden Lands, but they could be considered scenic spots!

You can't blame this child for making a fuss. He looks like a country bumpkin who's just like Granny Liu entering the Grand View Garden!

"It's good that boss and sister-in-law like it! "There are only three of us now. The manor is indeed a little too big, but Zhang xiaopang will definitely come over in the future. The more manpower he needs to gather intelligence, the better. No matter what, he needs a bigger place to be his base."

Fei daqiang had a plan in mind and explained it to Lin Yi. Not bad!

"Very good, I'm at ease with you handling things! In the following days, continue to do what you want to do. If I need your help, I'll let you know in advance!"

"Alright! Boss, if you have anything to say, just say the word. Same goes for sister-in-law Daniya. I, Fei daqiang, am always willing to serve you!"

Fei daqiang made a gentleman's bow. He looked really elegant and had improved!

"Daniya, you can take a stroll around the manor first. Da Qiang will accompany you. If there's anything you need, just say the word. There's no need to be polite with him!"

Lin Yi decided to go talk to Luo xingtong alone first. With Fei daqiang accompanying Daniya, there shouldn't be any problems.

"Alright, Sima Yi, if you're busy, then go ahead. You don't have to worry about me!"

Daniya knew that Lin Yi was going out, so she smiled and waved at him.

Lin Yi smiled and waved back. He left the manor and went straight to the martial Union headquarters to find Luo xingliu.

There was a celebration dinner tonight, and Luo xingliu should be there too, but Lin Yi didn't want to wait until then to talk about the spy. There were too many eyes and ears, and the whole plan would be ruined if word got out!

Lin Yi didn't expect to run into the spy, the Vice Hall Master of the martial Alliance, Dian Youwei, the moment he entered the martial Alliance headquarters!

"Is this the heroic inspector Sima who just returned from the underground devil cave today?"

Dian Youwei hadn't met Lin Yi before, but he immediately recognized him and took the initiative to greet him with a smile.

If he didn't know that he was a spy from the dark Demon beast clan, Lin Yi would have a good impression of him with this attitude and temperament!

"This subordinate is indeed Sima Yi. I wonder if your Excellency is Dian you Wei, vice Hall Master Dian?"

Lin Yi cupped his fists and asked Dian Youwei, pretending to be uncertain.

"Hahaha, you're welcome, patrol envoy Sima. I'm indeed Dian Youwei. I didn't expect our hero to recognize me. It's really an honor!"

Dian Youwei didn't doubt him. After all, he had a badge that represented his identity. In addition, his appearance was more unique and special. Anyone who had heard of him would be able to recognize him at a glance, so there was nothing strange about it.

Other than his identity as a patrol envoy, Lin Yi was also the hall Master of the martial Alliance of the Sangzi continent. It was reasonable for him to call himself a subordinate in the martial Alliance, but Dian Youwei wouldn't really treat Lin Yi as a subordinate.

Putting aside the great contribution he had made today, he was also the vice-director of the inspection department. Although it wasn't officially announced, the higher-ups of the martial Alliance and the inspection department were all aware of it.

As an outstanding spy in martial League, Dian Youwei would never do something so stupid as to easily expose his identity. Therefore, his style was to be smooth and slick, to be able to get on both sides, and to not offend anyone!

"Vice Hall Master Dian is the pillar of our continent's martial Alliance. Your subordinate has long heard of your great name and has long admired you. To be able to see you with my own eyes today, I already feel that this trip has not been in vain!"

Lin Yi smiled as he spoke politely, but at the same time, he kept his distance. Dian Youwei didn't mind at all because this was Lin Yi's normal behavior!

Chapter 8907

If this famous Sima Yi was trying to curry favor with him, Dian Youwei would feel that there was a problem. After all, Lin Yi's status was not inferior to his at all, and because he held multiple positions, he was even stronger than him, the Vice Hall Master.

The slightly distant courtesy was already very respectful!

"You're too polite, patrol Sima. I'm the one who's been looking forward to meeting you for a long time, and I've long wanted to meet you, this super genius! I didn't expect to get what I wanted today, I'm so happy!"

Dian Youwei could do it effortlessly and effortlessly!

The two stood there and chatted for a while, but it was all meaningless polite words. After expressing their interest and goodwill in befriending each other, they each said their goodbyes and left.

Dian Youwei sent Lin Yi off to Luo xingliu's place with a smile on his face. A strange light flashed in his eyes before he turned around and left the martial League headquarters.

Lin Yi was the hero of humanity, and naturally, he was a thorn in the side of the dark Demon beasts. Dian Youwei was smiling, but his heart was numb. He was already thinking about how to find a chance to kill Lin Yi!

Of course, Dian Youwei wouldn't do anything to Lin Yi himself. He wouldn't even let people know that he was targeting Lin Yi to avoid exposing his identity.

What he didn't know was that his identity had been exposed long ago. When he was planning to deal with Lin Yi, Lin Yi had already arranged everything for him!

When Luo xingliu heard that Lin Yi was here to visit, he came out to welcome him personally, "Sima, why do you have time to come over? Aren't you going to take a rest? You must be exhausted after fighting against countless darkness demon beast experts alone in the spatial node, right?"

"Sit down and tell me. Is there something difficult? just tell me, I'll do my best to help you!"

Lin Yi thanked him and sat down with Luo xingliu before getting to the main topic. "Hall Master Luo, I actually came over today to talk about Daniya's matter. It's not convenient to do so at the celebration banquet, so I came over now. I hope I didn't disturb you?"

"I won't! There's no need to be so polite between us, just say what you want to say! What's wrong with lady Daniya? Is there something wrong?"

Luo xingliu didn't believe Daniya completely, but he perked up after hearing Lin Yi's words. "What do you want me to do? I'll do my best to cooperate with you!"

"Hall Master Luo, you've misunderstood. It's not Daniya who has a problem, but vice Hall Master Dian Youwei from martial Alliance. I want Daniya to disguise herself as a spy from the darkness demon beast clan and get in touch with vice Hall Master Dian!"

Lin Yi had set up a soundproof barrier when he came in, but he still lowered his voice subconsciously, "Vice Hall Master Dian Youwei is a spy arranged by the darkness demon beast clan! This information is definitely reliable, and I got it from the leader of the darkness demon beast clan who ambushed me. "

"However, the person who sold me out and led to the ambush was not SARS Youwei. As for who it was, I couldn't find out. Although I can lock onto a range, it won't be that easy to find out the truth."

Luo xingliu was a little stunned. "Wait, Sima. You're saying that Dian Youwei is a spy arranged by the dark Demon beast clan?" he asked. Could there be a mistake? Vice Hall Master Dian has always been cautious and conscientious, and he has a very high evaluation of people being kind. Are you sure you're not mistaken?"

Dian Youwei wasn't Luo xingliu's confidant, but he had never been a threat to Luo xingliu. He would even stand on Luo xingliu's side and support him whenever Luo xingliu made controversial decisions!

Hence, when Lin Yi said that Dian Youwei was the mole, and the news was absolutely reliable, Luo xingliu still couldn't believe it and asked Lin Yi if he was wrong.

Lin Yi shook his head lightly, "when I came in, I saw vice Hall Master Dian Youwei. He didn't look like a mole. He was friendly and had the air of an elder. I don't want to believe that he's a mole either!"

"Right? Dian Youwei was really a good person. Of course, I believe what you said, Sima. The problem is, will there be any problems with the way you get the information? That darkness demon beast that you caught for interrogation, did it lie to you on purpose?"

Luo xingliu had reason to suspect that Lin Yi wasn't making this up-the dark Demon beast was probably trying to drive a wedge between them, and it would rather die than to break the unity of the higher-ups!

This kind of thing wasn't rare, and the darkness demon beast clan didn't lack such tough bones. They knew that they wouldn't be able to escape, so they might as well drag an enemy into the water. It was reasonable!

Lin Yi was silent for a while, knowing that the Starflow wouldn't believe him if he didn't explain it. "Hall Master Luo, there's definitely no problem with the information. This is because my interrogation method is to search the soul of that darkness demonic beast!"

"The results of the soul search were not satisfactory. Most of the information obtained was fragmented and meaningless. They couldn't even find the mole who sold me out and ordered them to ambush me. The only complete information was that Deputy Hall Master Dian you was a spy of the darkness demon beast clan!"

"Moreover, Dian Youwei is completely different from mu beige. He's not a brainwashed human. He has his own consciousness and the ability to act on his own. It's just that the information I got from searching his soul didn't mention anything about Dian Youwei."

Mu beige was the Deputy vice-director of the inspection department. In terms of status, he was even slightly higher than Dian Youwei. However, he was just a chess piece that had been brainwashed by the dark Demon beast clan.

On the surface, Dian Youwei and mu beige's importance didn't seem to be much different, but Lin Yi knew from the soul search that Dian Youwei's status was many times higher than mu beige's in the eyes of the dark Demon beasts!

If mu beige died, then so be it. To the darkness demon beast clan, it was just the loss of a relatively important chess piece, and it wouldn't have much of an impact. If not for that, they wouldn't have to sacrifice mu beige just for a small badge experiment!

Luo xingliu was speechless. The information obtained from soul searching could indeed be considered absolutely reliable! So, Dian Youwei was really a spy of the darkness demon beast clan!

No matter how unwilling he was to believe it, he had to admit that this was the truth!

"Sima, you just said that you wanted Daniya to pretend to be a spy from the dark magical beast clan to get in touch with Dian Youwei?"

After all, Luo xingliu was the Great Hall Master of the continental martial Alliance. He immediately adjusted his state of mind and calmly asked for a follow-up response, ""So, you have a complete plan and want to find out more of the dark Demon beast clan's spies through Dian Youwei?"

"That's right! Does Hall Master Luo think the plan is feasible?"

Lin Yi was just being polite-Luo xingliu's opinion didn't matter. If he said no, Lin Yi would still carry out the plan, but then he wouldn't be able to ask for Luo xingliu's cooperation.

Sometimes, a little more support and cooperation could play a vital role!

Chapter 8908

"If your plan is similar to what I'm thinking, it should work ... The problem is miss Daniya, are you sure she's trustworthy?"

Luo xingliu was similar to Jin botian, still suspicious of Daniya. So what if she was Lin Yi's Savior? In order to break into the enemy's base, he had already used all sorts of methods to save the enemy and win their favor!

It was cliché, but effective!

Especially for people like Lin Yi who valued friendship, the effect was extraordinary. Luo xingliu knew Lin Yi well and was worried that he was deceived by Daniya.

For such an important mission, it would be too funny if they sent a real spy to pretend to be a spy!

Lin Yi patted his chest without hesitation, "don't worry, Hall Master Luo. Daniya and I have been through life and death together. We've been through it all. We're partners who can trust each other. She's trustworthy!" I can guarantee it!"

He wanted Daniya to take on this mission so that she could stand on her own feet as soon as possible, and Lin Yi would do his best to elevate her.

With Lin Yi's guarantee, what could Luo xingliu say? Of course, they would raise both hands in support of this plan!

Lin Yi chatted with Luo xingliu for a while more about the details of the plan, as well as the possible support and cooperation he might need from Luo xingliu's side. He then stood up and left.

Lin Yi didn't care what Luo xingliu was going to do next-he was the hall Master of martial League, and he didn't need Lin Yi to teach him anything!

It wasn't long before the sky started to turn dark, and the celebration for Lin Yi started in the banquet hall. Other than a few investigators who rushed back to their continents, most of the people stayed behind to celebrate Lin Yi.

It wasn't that these investigators were convinced by Lin Yi, but it was just that Lin Yi's performance was too outstanding. He was the only outstanding one among all the investigators, and they didn't want to make an enemy out of Lin Yi after seeing how he'd achieved so much.

At the very least, they could get to know each other and ease their relationship. It would be even better if they could make friends!

Other than these investigators, almost all of the higher-ups from the Department were here-Lin Yi's achievements as an investigator earned them quite a bit of glory, and it was only natural that they'd come to support him.

Luo xingliu, the hall Master of martial League, would definitely come, but the higher-ups of martial League had no reason to come and join in the fun. They had thought that Luo xingliu would represent martial League, but apart from Luo xingliu, Dian Youwei had also come!

"Hall Master Luo, vice Hall Master Dian, I'm really flattered that you guys can come! I'm so grateful!"

Lin Yi didn't have any expression on his face when he saw the two coming together. He greeted them and expressed his gratitude naturally, ""Especially vice Hall Master Dian, to be able to see you come over, I am really too happy!"

"Hahaha, that's right. Old Dian can't invite ordinary people. Sima, your face is big. Old Dian was willing to attend your celebration party. Even I was shocked!"

Luo xingliu's acting was first-class, acting as if Lin Yi's conversation with him didn't exist at all. He didn't know that Dian Youwei was a spy from the dark Demon beast clan, and he still acted naturally when he was with Dian Youwei.

"Patrol Sima is the hero of our human race. If it wasn't for you stepping forward to resolve this great crisis, we might have already fallen into an endless war!"

Dian Youwei smiled and cupped his hands at Lin Yi. "To celebrate the victory of our hero, I, old Dian, came uninvited. Inspector Sima, please don't despise me for my uninvited guest!"

"What is vice Hall Master Dian saying? How could he reject a guest that he couldn't even invite? Vice Hall Master Dian, do you have some misunderstanding of yourself?"

Lin Yi chatted with the two for a bit before inviting them to the head area.

The people around them greeted Luo xingliu and Dian Youwei as well. These two were the top figures of the entire starsource continent. Who would dare to slight them?

Dian Youwei smiled in response to everyone's greetings. His eyes inadvertently swept across the corner of the banquet hall, where a beautiful woman was sitting alone.

When he saw the beautiful woman make two seemingly unintentional hand gestures, Dian Youwei's pupils shrank for a moment but immediately returned to normal. Basically, no one noticed his abnormality.

That beautiful woman was of course Daniya!

She was a member of the dark Beast clan, and she came back with Lin Yi. When Lin Yi wasn't by her side, the others would stay away from her, intentionally or otherwise. No one wanted to have any contact with her to avoid unnecessary trouble!

According to the plan, Daniya was supposed to stay low-key for a few days before finding a way to get in touch with Dian Youwei, but the plan couldn't keep up with the changes. Lin Yi and Daniya didn't expect Dian Youwei to suddenly appear at the celebration party!

Maybe it was because she bumped into Lin Yi in martial League and felt like she should come to the celebration party to make her presence known?

No matter what, since Dian Youwei had appeared at the celebration party, Daniya naturally had to seize the opportunity to let Dian Youwei notice her!

Dian Youwei had indeed noticed Daniya. He had heard of her, but this was the first time he had seen her. Like everyone else, he also felt that Daniya might be a spy from the darkness demon beast race!

After all, there were too few cases of dark beasts betraying their own kind and turning to humans. Dian Youwei didn't think that he would encounter such a case, and with his preconceived notion, he would easily accept Daniya's identity as a spy.

For example, ordinary people wouldn't have noticed the two hand gestures Daniya made just now. Only Dian Youwei saw them clearly and his heart immediately trembled.

Those two hand gestures were one of the secret signals that he had agreed on with his original online partner to simply reveal his identity!

Because sometimes they would meet after disguising, hand gestures could communicate silently over a long distance, just like now!

Daniya was really a spy? She even knows my identity? And replaced my original online?

Dian Youwei's mind was in a mess. He wasn't surprised that Daniya was a spy, but he was surprised that she was related to him. His identity was top secret, only the person online knew!

The situation was not right!

What had happened?

Dian Youwei's mind was in a mess, but he didn't show it on his face. He still greeted them with a normal smile and then followed the normal process of the celebration party.

Throughout the entire process, Dian Youwei had perfectly displayed the demeanor of the Vice Hall Master of martial Alliance, but in reality, he had no idea what he had done or said. He had completely relied on his instincts to play his role well.

His heart was filled with Daniya's two gestures. When he occasionally looked at Daniya, she didn't look at him again, nor did she make any related gestures.

Did I see wrongly just now?

That's impossible!

Dian Youwei was certain that he was not wrong. After thinking about it carefully, he realized that it was not a good time to look for Daniya, so he forced himself to calm down.

Chapter 8909

When the celebration party finally ended, Dian Youwei returned to his residence, dismissed the guards, and sat quietly in the dark!

In the middle of the night, a black shadow sneaked into Dian Youwei's residence like a ghost. There were no guards, so it was naturally unimpeded. In fact, it was useless even if there were guards because they couldn't detect the arrival of the black shadow.

Because the newcomer was a super expert at the great circle of heaven crushing, ordinary guards simply couldn't discover her whereabouts!

"You're here! I've been waiting for you for a long time!"

In the darkness, Dian Youwei opened his eyes. In front of him stood a beautiful woman with a graceful figure. Wasn't it Daniya, whom he saw at the celebration party?

"There's no choice. Sima Yi is a vigilant person. It's not easy to hide from him!"

Daniya nodded expressionlessly and casually sat down on a chair. ""Can we enter eternity before dawn?"

Dian Youwei subconsciously straightened his back and continued Daniya's words, ""The Houyi bow might be able to fulfill my wish!"

This was the secret signal. With the hand signal and the secret code, Dian Youwei could confirm that Daniya was his new online!

"Why are you here?"

Although he had confirmed that the secret code was correct, Dian Youwei was still suspicious. He had always been in one-way contact. If there was a change in person, it should be his superior who informed him or he would directly bring Daniya over.

Wasn't it a little too rash to change someone without saying anything?

"Because of the new plan, spies like you will contact me in the future!"

Daniya said calmly, "I am the commander of the dark wind camp, Daniya. I am under the command of Senlan wuhun, the commander of the wasteland's high priest tribe. I am here to get close to Sima Yi. I am using his influence in the human world to infiltrate the camp and act according to circumstances!"

This was the truth. True gold was not afraid of fire!

Dian Youwei could feel that Daniya wasn't lying, and the doubts in his heart were greatly reduced.

Although he was on the side of the sub-Island, he had some understanding of the forces in the node. He knew that the tribe of the wasteland's high priest was one of the relatively powerful tribes.

Moreover, Senlan wuhun was the genius commander of the new generation. It seemed like an honor to have a spy take over ...

Dian Youwei was more confident now, but Daniya felt terrible. She was telling the truth, but she had to treat it as a lie and not let Dian Youwei think that the truth was a lie ... It was too difficult for her! Even tongue twisters weren't that difficult!

On the surface, Daniya maintained a calm expression, but she was lamenting in her heart. She was a real spy, but she had to pretend to be one to deceive Dian Youwei. She could have gained his trust by telling the truth, but she had to make up some lies to get through it.

In the future, if Dian Youwei found out that Daniya's words were full of lies, he would definitely turn hostile and never treat Daniya as an accomplice!

It wasn't that Daniya didn't want to tell the truth and simply acknowledge Dian Youwei, but she didn't dare!

Lin Yi was worried that something might happen to Daniya, and he promised to protect her in the dark.

At this moment, every word that Daniya and Dian Youwei said was probably being monitored by Sima Yi's divine sense!

Sima Yi's primordial spirit level was really too powerful. Daniya could not sense it at all, so she could not be sure if he was being monitored. Let alone telling him directly, she did not even dare to make any extra small movements.

"So it's commander Daniya. It's this subordinate's honor to be able to work under commander Daniya in the future! Please take care of me in the future, commander!"

Dian Youwei stood up, cupped his fists, and bowed, completely acknowledging Daniya's identity as a spy!

It was impossible for her to fake her identity as a member of the dark Demon beast clan, and there was no problem with the secret code. The changes in the upper echelons might involve some power struggles. Even if Dian Youwei still had some doubts, he cleverly hid them in his heart and no longer asked unnecessary questions.

If he continued to ask, he would be suspecting Daniya. Dian Youwei didn't want to offend his new boss!

"You're welcome. Sit down and talk! I've just come out of the node and have no idea what this place is like. I'll need your help in the future. You should be the one taking care of me!"

Daniya raised her hand and gestured for Dian Youwei to sit down, "I'm new here, so I don't know anything. Sort out the information in your hand and give it to me so that I can study it when I have time and get into the right state as soon as possible!"

"No problem! Do you want it now? Actually, I could've just explained it to you directly, it would've been clearer ..."

Dian Youwei wanted to build a good relationship with Daniya. Compared to reading the text, it would be better to explain it in person.

In the end, Daniya waved her hand. "There's no need. I sneaked out. Time is limited. If Sima Yi finds out that I'm not in the room, it'll be very troublesome!" Prepare the information first. We'll arrange a place, and you can give it to me then!"

Daniya said this to dispel Dian Youwei's suspicions. If she could do whatever she wanted without worrying about Lin Yi's thoughts, that would be abnormal!

"Understood!"

As expected, Dian Youwei expressed his understanding. The two of them agreed on a meeting place and Daniya left quietly!

Lin Yi only revealed himself from the dark when they returned to the manor. "Daniya, you did well today. Dian Youwei should believe you completely!"

"I'm actually a little nervous. I'm afraid that I'll reveal a flaw and delay your plan!"

Daniya showed a shy expression and said in embarrassment, ""Thank God you told me not to talk too much to him, or I really don't know if I could have persevered ... Is today really okay?"

"It's done! It's the first time you're in contact, so you don't need to go too deep. Just let him realize your existence first. If I'm too anxious, I'll make him more vigilant!"

Lin Yi knew that haste makes waste, so he wanted to take it slow with Dian Youwei. He originally wanted Daniya to keep a low profile and wait a few days before contacting Dian Youwei.

Now, due to Dian Youwei's unexpected appearance, the plan that had been delayed for a few days was canceled, and the progress was greatly advanced, so there was naturally no need to worry.

"Okay, I'll listen to you. What should I do next?"

Daniya was acting like a spy in front of Lin Yi, and she needed Lin Yi to explain everything to her personally. She didn't want her disguise to be seen through and Lin Yi to find out her identity!

"You don't have to do anything. Just wait for Dian Youwei to contact you! He's the one who's online. After he's prepared the information, he'll naturally come to find you. It'll be too deliberate for you to go to him, so just wait!"

Daniya didn't have any objections. Let's just wait and see what we should do about this matter.

Chapter 8910

Real spy, fake spy, real and fake spy, fake and real spy ... He really had to figure out his final choice!

Lin Yi didn't need to rush the results after making arrangements for Daniya and Dian Youwei. He had to deal with the hall Masters of the martial Alliance's debriefing and the missions for the competition.

The debriefing of the Great Hall Master of the continental martial Alliance should have started a long time ago. However, due to the matter of the hole in the Devil's Den, it had been delayed time and time again, and it had been delayed for more than 20 days.

Lin Yi hadn't come out of the node the whole time, as if the inspection department was waiting for Lin Yi to come back and announce the results of the inspector test. The martial Union decided to delay the hall Masters "debriefing and wait for Lin Yi to come back.

After all, Lin Yi was also the Great Hall Master of the martial Alliance of the Sangzi continent. If he was absent during normal times, the martial Alliance would only disqualify him from reporting. However, Lin Yi was doing it for the sake of the entire human race. He risked his life alone and entered the node without hesitation. Whether he succeeded or not, he was still a hero of the human race.

Waiting for the return of a hero was not a violation!

The next day was the day the hall Masters of the martial Union of each continent, which was organized by the continental martial Union, reported their work to the inspection department after the celebration party.

When Lin Yi entered the node, all the martial Union's Hall Masters from all the continents had arrived, along with the teams from the martial Union's competitions.

Only Sangzi Dazhou's side, where Lin Yi wasn't around, had no one to organize a team. In the end, Yan Su wasn't afraid of breaking the rules and sent a message to Zhang Yiming, asking Zhang Xiaopang to organize a team. Whether they had the ability or not, they should at least make up the numbers.

Because of the rush, the team organized by Zhang Yiming had not arrived yet. They should be able to arrive before this evening, and it would not be a big problem to make it in time for the Grand competition of the continents!

Early in the morning, Lin Yi left Daniya in the manor and went to the martial Union for the General Meeting. He thought that he was early, but he didn't expect to find that thirty-six Hall Masters of the martial Union from the thirty-nine Continents of the starsource continent had already arrived. Lin Yi was the thirty-seventh!

After Lin Yi, there were only two people left. How was this early? they were late!

The hall Masters all greeted Lin Yi politely when they saw him. Most of them were strangers, but Lin Yi's hero title made them feel warm. It was easy to compare the rumors with the real person, whether they were sincere admiration, feigned politeness, or trying to make friends with him. Lin Yi was popular as soon as he came, surrounded by the hall Masters.

There were two familiar faces in the crowd, like the hall Masters of the martial Alliance of Wutong continent and Fengqi continent. They also wanted to talk to Lin Yi.

Wutong continent and Fengqi continent were both third grade continents, and their status was at the bottom of all the first hall Masters. They couldn't even come in and could only wave at Lin Yi from afar.

Lin Yi nodded to them and returned an apologetic smile, telling them that he couldn't make it and that he'd have to wait until the report was over to catch up.

In less than two minutes, the remaining two great Hall Masters of the martial Alliance from the other two continents had arrived. Everyone was indeed very self-conscious. They had all rushed over to report their work at dawn. It was unknown whether it was because they had delayed for too long.

Lin Yi wanted to say that he'd already waited for twenty days-an hour wouldn't make a difference, right? Was there a need to be so proactive?

After everyone had arrived, the deacon in charge of the reception of the continent martial Alliance led the hall Masters of the various continents to the conference hall. The spacious conference hall was filled with neatly arranged chairs, each with a corresponding continent's number. Everyone found their own seats and sat down.

Lin Yi was supposed to be the hall Master of the martial Alliance of the third-grade continent, Sangzi continent. His seat was at the end of the table, but because of Lin Yi's great contribution this time, Luo xingliu pushed Lin Yi's seat to the front as a reward.

As a result, he'd attracted the hostility of the hall Masters, especially those from first and second tier continents. They thought that Lin Yi didn't know what was good for him!

Merits were merits, and heroes were heroes. The ranking of the continent was fought for by everyone. How could it be messed up because of merits?

When Luo xingliu came out, he could clearly feel the dissatisfaction of the hall Masters of some continents towards Lin Yi, but he didn't care too much!

As far as he was concerned, these were all things that Lin Yi deserved. If there were people who were jealous and envious of him, he'd give them the same amount of merit points, and naturally, he'd reward them accordingly!

"Everyone, today is the annual debriefing meeting of the continental martial Alliance. I would like to thank all the hall Masters for their contributions to the starsource continent in the past year!"

Luo xingliu came up to start the lecture, and Dian Youwei came with him today. However, he didn't go up the stage with Luo xingliu. Instead, he found a chair and sat down as if he was going to be a spectator.

"Before I begin my report, I would like to thank the Great Hall Master of the martial Alliance of the great Mulberry continent, Sima Yi. You may not know this, but Hall Master Sima entered the node alone to resolve the crisis because there was a hole in the underground demon cave node. He traveled tens of thousands of miles in the territory of the darkness demon beast clan and killed countless elite soldiers of the darkness demon beast clan!"

"More importantly, Hall Master Sima has even solved all the problems! If it wasn't for clan leader Sima, we might have to appear at the frontlines of the underground Devil's Den today, and fight to the death with the darkness demon beast clan's elite army!"

"That's why I want to thank Hall leader Sima for everything he's done. Such an amazing contribution is worthy of our thanks to Hall leader Sima. I hope that all the hall leaders and I can cheer for Hall leader Sima before we start our work report!"

Luo xingliu cupped his fists at Lin Yi, thanking him for taking the risk to save the node!

The other Great Hall Masters didn't dare to sit after the Grand Hall Master bowed. They quickly stood up and bowed to Lin Yi, congratulating and thanking him in unison.

Lin Yi quickly got up and did a cursory bow, saying "no no no" and "thank you" over and over again. Luo xingliu's sudden move was unexpected. Lin Yi just wanted to complete his report in a low profile!

These useless things, why not save them if you can?

After a round of noise, the hall Masters took their seats again. Luo xingliu was about to wrap up and then start the work report process.

Unexpectedly, someone suddenly stood up and cupped his fists at Luo xingliu. "Hall Master Luo, I have something to say!"

Everyone's eyes immediately focused on this person. Luo xingliu's brows raised slightly, feeling that something was not quite right.

However, according to etiquette, the other party said that he had something to say. Luo xingliu couldn't stop him from speaking!
