

Bodyguard 8911

Chapter 8911

"What does Hall Master Yuan want to say? If it's not something important, we can talk about it later. Next, it's time for everyone to report on their work ..."

Luo xingliu couldn't directly stop the other party from speaking, so he could only vaguely express his dissatisfaction.

The person who came out to speak was the hall Master of the martial Alliance, Yuan Buliu. He was good friends with Fang Gezi, the inspector of the burning sun continent. Naturally, he heard about the conflict between Fang Gezi and Lin Yi after coming to the starsource continent.

Luo xingliu's instinct told him that Yuan Buliu was going to go for Lin Yi. He just said that Lin Yi had made a great contribution and even thanked him together with everyone. It was a slap in the face for Yuan Buliu to target Lin Yi now!

Of course, Yuan Buliu wasn't really targeting Lin Yi. Everything was still unknown, and Luo xingliu hoped that Yuan Buliu was just overthinking.

Unfortunately, when you think that something bad is going to happen, something bad will most likely happen!

Yuan Buliu was here for Lin Yi, as expected!

"Hall Master Luo, what I want to say is very important. I could have said it later, but just now, Hall Master Luo led everyone to thank Hall Master Sima. I feel a little indignant!"

With a serious face, Yuan Buliu said, ""It's undeniable that clan leader Sima is both intelligent and brave. He has indeed made a great contribution this time. However, merits and demerits are not able to offset each other!"

"Before we begin our debriefing, I still have a few things to say about Hall leader Sima. We can thank Hall leader Sima for his contributions, but we can not ignore the mistakes he has made! That's right, this subordinate has come out to impeach Sima Yi!"

The hall Masters of the other continents 'martial Alliance were in an uproar. No one had expected Yuan bulu to impeach Sima Yi at this time!

First hall Master Luo xingliu had just given his reward. Yuan bulu, you're not here to impeach Sima Yi, are you? you're here to slap first hall Master Luo's face, right?

However, with such an exciting thing happening, they started to get excited as well. They wanted to see what kind of enmity was there that made Yuan bulu choose to impeach Sima Yi at this time. If there was no real evidence, Yuan bulu would probably have to bear the consequences today!

Luo xingliu's expression darkened, but he still maintained his bearing and nodded lightly. ""Clan leader Yuan, what do you want to impeach clan leader Sima for? I'll give you a chance, you can bring it up now!"

He couldn't stop him. Since Yuan Buliu had already said so, he definitely wouldn't let the matter rest. Luo xingliu could only let nature take its course, in case Yuan Buliu made a scene.

Even if he wanted to settle the score later, he had to be reasonable. As the hall Master of the continent's martial Alliance, he had to be fair and just!

The corners of Yuan Buliu's mouth lifted slightly, and she looked proud. ""I will obey first hall master's orders, this subordinate will not decline!"

He said he was following Luo xingliu's orders on purpose, making it look like Luo xingliu was the one who ordered Lin Yi to be impeached. Of course, who in the room was an idiot? No one would take Yuan Buliu's little trick seriously.

Most of them wanted to know how Yuan Buliu was going to impeach Lin Yi. After all, Lin Yi was in the limelight now. Although he was the Great Hall Master of the martial Alliance from a third-grade continent, his seat was higher than that of the Great Hall Master from a first-grade continent. It would be a lie if they said they weren't jealous.

Luo xingliu was expressionless as he glared at Yuan Buliu. This kind of trick could only disgust people at most. It had no other use.

Yuan Buliu cleared her throat and continued, ""I heard that Sima Yi had previously attacked the sky array sect's sub-school and robbed them of all their ancient books, causing the sky array sect to be furious!"

"I didn't believe it at first, but after some investigation, I found it to be true! Sima Yi did indeed rely on his strength and power to suppress the sky array sect in his territory and plunder the precious books of the sky array sect's sub-schools!"

"This matter is simply appalling. When has such a scandal ever appeared in our martial League? The sky array sect has a long history and is the inheritance of the former array Emperor. It has always been respected by all sides of the sub Island, and our martial Alliance is also a strategic partner of the sky array sect. Who would dare to believe that our martial Alliance's great Hall Master would do such a sensational thing?"

"The sky array sect had once sent people to contact Sima Yi, promising that as long as they returned the precious books that were stolen, everything else could be written off! The great sky array sect, what did you get in return for such a compromise?"

"It's Sima Yi who's getting worse! This kind of scam clearly wants to destroy the good cooperative relationship between our martial Alliance and the sky array sect, and disintegrate us from the inside. He is truly evil!"

"Great Hall Master Luo, is Sima Yi's actions not worth criticizing? This subordinate knows that Sima Yi has just made a great contribution and returned with glory! But I've already said that merits and demerits are demerits, and merits and demerits can't offset each other!"

"The reward can be given, but the punishment can not be less! I wonder if Hall Master Luo has any opinions on what I said?"

It was obvious that Yuan Buliu was prepared for this. She rambled on and on, mainly about Lin Yi stealing the sky array sect's books. In other words, Lin Yi was the one who broke the good working

relationship between the martial Alliance and the sky array sect on purpose. He was the unforgivable type of criminal!

Lin Yi's lips twitched. Yuan Buliu suddenly accused him of offending the sky array sect. Was it the sky array sect's doing? It seemed quite reasonable, but he wondered if it was the truth.

Luo xingliu's expression remained unchanged. Although he was extremely angry, he didn't show it at all. He was quite good at maintaining his composure!

"Hall Master Yuan, the sky array sect will naturally come forward to communicate with me. I already know about this matter, and there is a hidden story behind it. There is no need for you to impeach me. You may leave!"

Luo xingliu waved his hand indifferently, trying to get Yuan Buliu to leave.

Giving Yuan Buliu a chance to speak was already giving him face. Luo xingliu thought that if Yuan Buliu knew what was good for him, he would stop at the right time!

Unfortunately, Yuan Buliu didn't have that thought. He even felt that Luo xingliu was a little guilty and wasn't even determined to protect Sima Yi. It was a good time for him to take advantage of the situation and pursue!

"Great Hall Master Luo, I don't agree with what the hall Master said! The sky array sect will certainly negotiate with the martial Alliance because of this, but before that, don't we have any measures and actions?"

On the surface, Yuan Buliu still maintained his respectful attitude toward Luo xingliu, but his attitude was unyielding. ""Sima Yi has caused the martial Alliance and the sky array sect to become enemies. On the surface, if our continent's martial Alliance wants to repair our relationship with the sky array sect, we must show our attitude!"

Chapter 8912

"Which one is more sincere, taking the initiative to show an attitude or passively waiting for them to come and then shirk responsibility? There's no need for this subordinate to say more, right? I know that Hall Master Luo is taking pity on Sima Yi and feels that he has just made a contribution, so it is not appropriate to punish him. "

"If it's really as you said, first hall Master Luo, and there's some inside story, please explain. What inside story could make the first hall Master of a continent's martial Alliance almost exterminate the sky array sect's sub-school?"

"That's the sky array sect! Even the continent's martial Alliance did not have the right to touch the sky array sect. What was Sima Yi? How could he dare to do such a thing that angers both man and God?"

Yuan Buliu's anger rose as she spoke, her face filled with righteous indignation. She wanted to tie Lin Yi up and bring him to justice!

Luo xingliu's face was cold and he didn't say a word. The Grudge between Lin Yi and the sky array sect wasn't something that could be explained in one sentence. There was a lot of black material about the sky array sect, and if Luo xingliu were to say it out loud, he would really be tearing his face off with the sky array sect!

That was why Yuan Buliu requested to disclose the inside story. Luo xingliu really couldn't tell anyone ...

From this point of view, Lin Yi was wronged, and Luo xingliu felt guilty. He couldn't think of a good way to solve this problem!

Yuan Buliu chuckled inwardly and continued to fan the flames, ""It's a good thing that Hall Master Luo cherishes talents, but actually, I also have doubts about Sima Yi's contribution this time! Putting aside the matter with the sky array sect, has Sima Yi really made such a great contribution to our human race?"

"Most of us haven't seen what the world on the other side of the spatial node looks like, but it's obvious that there must be countless experts from the darkness demon beast clan there!"

"How could Sima Yi accomplish such a great feat by himself? Perhaps, but in my opinion, it's more reasonable for him to die inside, right?"

"In the end, not only did Sima Yi come back unscathed, he even brought a heaven breaking expert from the darkness demon beast clan? It's not that I want to suspect anything, but Sima Yi might be the real Sima Yi, but is he really the human Sima Yi? Are you sure that Sima Yi did not turn into a member of the darkness demon beast clan?"

Yuan Buliu knew that everyone in the Xingyuan continent was suspicious of Daniya's identity, so he intentionally linked Lin Yi and Daniya together to explain Lin Yi's success from another perspective!

Qianqian, perhaps it wasn't that Sima Yi had really accomplished this great feat, but that the darkness demon beast clan wanted the humans to think that Sima Yi had accomplished it?

Once the seed of suspicion was planted, it would take root, sprout, and find more nutrients to grow without the need for watering and fertilizing!

If they could overthrow Lin Yi's contribution, then the impeachment would be even easier!

Dian Youwei, who was sitting in the corner and watching coldly, also looked on expressionlessly. However, he was a little happy in his heart. Daniya was indeed a spy. Nine out of ten people would be suspicious of her.

Lin Yi and Dian Youwei couldn't change that for the time being. If Yuan bulu exaggerated it and didn't provide any concrete evidence, it would quickly cool down!

It was like a pile of paper. If there was a spark in it, it couldn't be burned or put out. It would be stuffy for a long time, and no one knew when it would explode and trigger an even bigger fire.

On the contrary, a big fire could burn it all out in an instant, and there would be no future trouble.

In short, suspecting that Daniya was an undercover agent at this stage was much better than talking about it in the future, so Dian Youwei didn't mind Yuan Buliu burning this fire even more vigorously!

After this period of time, Daniya would be much more stable!

In fact, Yuan Buliu's impeachment of Lin Yi was also supported by Dian Youwei. He wanted to target Lin Yi from the start, and the sky array sect incident was used as material for Yuan Buliu's impeachment.

Even without Dian Youwei's help, this would still happen, but the timing might be different. Dian Youwei felt that bringing it up at this time would hurt Lin Yi more, so he made a move.

If not for that, Dian Youwei might not have come back to attend the work debriefing meeting of the Great Hall Master of the martial Alliance!

Of course, although he had contributed a little, he had never revealed his identity. Yuan Buliu would never know that Dian Youwei was also involved in this matter. There were many twists and turns in the process, and even if he wanted to trace it back to Dian Youwei, he wouldn't be able to!

"Hall Master Yuan, please conduct yourself with dignity! Don't make irresponsible remarks without any evidence!"

Luo xingliu was still expressionless, but the cold aura on his body was enough to show that Hall Master Luo was in a bad mood!

"If you can prove that your speculations are true, then show me the evidence. I will definitely handle this matter impartially. I will punish Hall leader Sima however I want to punish him, and I will definitely not compromise in the slightest!"

"But if you don't have any evidence and it's only your own guess, then I won't let you off so easily! Clan leader Sima is the hero of humanity, there's no doubt about that!"

"Could it be that you think that opening the spatial node passage and allowing the dark Beast clan's Army to enter the underground Devil's Den is not as good as planting two spies in our ranks?"

Luo xingliu's train of thought was very clear, and the questions he raised were extremely sharp!

If Lin Yi was a spy, he could open up a path in the node and lead the dark Beast Army to attack the underground cave! What the dark Demon beasts couldn't do, Lin Yi could do it easily. Coming back from the spatial node was enough to prove Lin Yi's ability!

If Lin Yi joined the dark Beast clan, opening the spatial node would be as easy as blowing off dust. They wouldn't have to waste so much effort to get two spies here-they'd be giving up what was near and far!

Senlan wuhun knew from the start that the chaos demonic beetle plan was bound to fail after Lin Yi came in. That was why he sent Daniya, treating the chaos demonic beetle plan as a sacrifice and making use of it to give Daniya some merits.

If Senlan wuhun hadn't changed his mind and decided to kill Lin Yi, he wouldn't have died, and Daniya's undercover plan would've gone on!

Yuan Buliu didn't know what to say. He only wanted to use Daniya's identity as a member of the dark Beast race to explain the situation, but he didn't think it through thoroughly. He didn't expect to explain Lin Yi's achievements from this angle!

Indeed, if Lin Yi had gone to the dark Demon beasts, the underground cave would've been conquered by them already!

"Ahem ... I was thoughtless. Hall Master Luo is more knowledgeable! Sima Yi has really done a great job this time. He can't be a spy from the darkness demon beast clan!"

He had to lower his head when he was under someone else's roof. Yuan Buliu didn't want to give Luo xingliu an excuse to target him, so he admitted his mistake and put an end to this.

Chapter 8913

Dian Youwei was overjoyed. Luo xingliu's words not only proved that there was no problem with Lin Yi's identity, but it also indirectly proved that Daniya's identity was fine!

In the future, if anyone wanted to question Daniya's words, they could completely use what Luo xingliu said today to deal with it!

"Great Hall Master Luo, there should be an explanation for the matter between Sima Yi and the sky array sect, right? This matter can not be delayed! Unless first hall Master can tell us the so-called inside story!"

After admitting his mistake, Yuan Buliu changed the topic and started talking about the grudges between Lin Yi and the sky array sect again. He swore to carry on the impeachment until the end!

"I've already said that there's something going on between Sima Yi and the sky array sect. It's not convenient to explain this here, but I can guarantee that Hall Master Sima is not in the wrong! The impeachment is not valid!"

Luo xingliu's intention to protect Lin Yi was clear-he decided to use his position as the head of the martial Alliance to guarantee Lin Yi's safety!

He was trying to suppress the impeachment by force. Unless Yuan Buliu wanted to fall out with him on the spot, he had to stop!

Lin Yi didn't think much of it-he thought that Luo xingliu was too much. So what if he revealed the sky array sect's dirty secrets?

If the sky array sect did not clean up their own scum, how could they blame others for cleaning them up?

However, Lin Yi understood Luo xingliu's difficulties. He had to think about the things that people in that position had to think about. It was hard for the humans and the dark Demon beasts to be friendly, and they had to maintain internal stability.

Therefore, even if the martial League and the sky array sect appeared to be United on the surface, they had to pretend that everything was normal. They could not completely fall out because of some things.

The sky array sect probably knew this too, which was why they tested Luo xingliu's bottom line again and again!

For example, right now, Luo xingliu had just finished speaking when a sinister sneer came from outside the conference hall. "What great authority! First hall Master Luo xingliu is really amazing. He doesn't even put our sky array sect in his eyes!"

"Sima Yi killed our sky array sect's people and took our sky array sect's ancient records. He's not wrong, so it's our sky array sect's fault?"

Everyone in the meeting hall looked out the door in unison. The one who spoke was a middle-aged man in a sky-blue silk robe. The collar of his robe had gold edges, and it was glittering under the sun.

Behind the middle-aged man were two young men in Black clothes. They were burly and had cold faces. They both held a single blade in their hands and had an amazing aura. They should be the middle-aged man's guards. It seemed that their strength was quite extraordinary.

Dian Youwei, who was sitting in the corner, had a glint in his eyes. He stood up and cupped his hands. "Who are you? This is the Xingyuan continent's martial Alliance's conference hall. Today, the debriefing meeting of the martial Alliance's great Hall Masters of the various continents is being held. If you are not involved, please leave!"

The middle-aged man had already said that he was from the sky array sect. Dian Youwei knew that, but he had to go through the motions.

He didn't want to show his face. The best choice was to continue hiding in the corner and watch the show. However, the people of the sky array sect were pointing at Luo xingliu. It was somewhat inappropriate for Luo xingliu to respond.

Dian Youwei was the only vice Hall Master present, and his usual image was that of a warm-hearted and helpful old man. If he didn't take the initiative to say a few words, his image would easily fall apart.

"Is the martial Alliance of the starsource continent that great? He doesn't even put our sky array sect in his eyes! Did you hear me clearly? We are from the sky array sect! And it's the main sect of the sky array sect on the continent Island of The Burning Sky Star region!"

The middle-aged man raised his head arrogantly and looked at everyone present, including Luo xingliu, in disdain. ""A mere martial Alliance of the starsource continent. Who gave you the courage to ignore and humiliate our sky array sect? Could it be that you think that our sky array sect has already declined, so anyone can come and step on us?"

This was sarcasm. Anyone could tell that in his eyes, the sky array sect had not only not declined, but was even at the peak of its power, and its reputation was not below that of martial League!

Only the sky array sect could bully others. Who could bully them?

"So you are my friend from the sky array sect from The Burning Sky Star region's continent Island. The meeting hall is simple and not a good place to receive guests. Why don't you come with me to the distinguished guest building to rest?"

Dian Youwei smiled and warmly welcomed the three of them. ""After our work-reporting meeting is over, Hall Master Luo will naturally explain the previous misunderstanding!"

"A misunderstanding? Hehe! This Lord didn't seem to have misunderstood! Just now, your Hall Master Luo said that the shameless person who stole our precious books was not wrong! "So it's our sky array sect's fault. We shouldn't have these ancient books. They're coveted by others, and they deserve to be robbed, right?"

The middle-aged man sneered again and again. He had no intention of leaving at all. He had come here today to find trouble. How could he be taken away so easily?

What's more, Dian Youwei didn't really want to take them away. What Dian Youwei said just now seemed reasonable and reasonable, but in the ears of the three people from the sky array sect, it was clear that their Affairs were not important, and that the F * cking work report conference was more important.

If he wanted to deal with the sky array sect, he had to wait until this bullsh * t work report conference was over!

Luo xingliu didn't notice the hidden provocation in Dian Youwei's words. He was a little embarrassed by the middle-aged man's merciless question.

The other party was from the continent Island of The Burning Sky Star region. He had a distinguished status. Although he did not know what position he held in the sky array sect, it was natural for people from the central and lower regions to have an unspoken rule that they were three ranks higher than the officials.

At this stage, the martial Alliance wouldn't completely fall out with the sky array sect. If the two great forces fought, what would the darkness demon beast clan have to do? The sub-Island would immediately fall into chaos!

"Of course I don't mean that! It was a misunderstanding! May I ask which lord of the sky array sect is your esteemed self?"

Luo xingliu forced out a smile, got up, and lowered his posture.

The middle-aged man snorted and continued to speak arrogantly, ""I am Gao Yuding, The Guardian elder of the sky array sect on the continent Island of The Burning Sky Star region! What misunderstanding are you talking about? There's no misunderstanding!"

"I heard what you said with my own ears before I entered. As the hall Master of the martial Alliance of the starsource continent, every word you say represents the stance of the martial Alliance. Are you going to go back on your word?"

"Let's not talk about this first. Who is that despicable person, Sima Yi? Come out and let me see how different you are. You can even make the Great Hall Master of the martial Alliance of the starsource continent protect you!"

Lin Yi stood out expressionlessly. "I'm the despicable person you've been talking about, Sima Yi! However, I really don't deserve this description. Compared to your sky array sect's experts, the title of "despicable villain" is too far away from me. You should keep it for yourself!"

Chapter 8914 The End

Luo xingliu had to consider the relationship between the martial League and sky array sect and couldn't just go all out, but Lin Yi didn't have that many restrictions-he'd just kill him if he really pissed him off!

Gao Yuding squinted at Lin Yi, his face full of disdain, "So you're Sima Yi, a brat still wet behind his ears! How dare you go against our sky array sect! Tell me, who is backing you up? Who gave you the guts to steal our sky array sect's ancient books?"

Luo xingliu quickly stood in front of Lin Yi and gave him a look, hoping that Lin Yi could calm down and not be impulsive!

Although they hadn't known each other for long and only met a few times, Luo xingliu more or less understood Lin Yi's temper.

If Gao Yuding continued to provoke him, Sima Yi might really turn hostile and attack him. How could a person who single-handedly killed in and out of the node world and made the dark Demon beast clan unstable endure such humiliation and ridicule?

If he really wanted to fight, Luo xingliu was sure that even if Gao Yuding and the two guards behind him worked together, they wouldn't be able to defeat Lin Yi!

The sky array sect's most outstanding strength came from their arrays, and Sima Yi was a true diamond rank array master. The sky array sect's advantage didn't exist in front of Lin Yi at all!

If Gao Yuding and the other two were thrown into the node world, they would probably be devoured by the dark Demon beasts as snacks in the blink of an eye, not even their bones would be left!

Lin Yi glanced at Luo xingliu and nodded slightly to show that he wouldn't be impulsive ... In fact, there was no need to be impulsive. Lin Yi looked at Gao Yuding as if he was looking at a clown. He couldn't be bothered to get angry at him!

Or rather, the sky array sect was like a circus in Lin Yi's eyes, always doing exaggerated things. There was no need to lower himself to their level.

"Elder Gao, there's indeed something more to this matter, but it's not convenient for us to go into detail today. How about this? let our continent martial Alliance's Dian Youwei, vice Hall Master Dian, accompany you to the distinguished guest building to rest first. We'll talk about this again after I've dealt with the matters here!"

Luo xingliu wanted to talk to Gao Yuding about Lin Yi in private. They could talk about anything in private, including their grudges and all kinds of dirty things.

In front of so many people, those words could not be said directly. If they were said, it would anger the sky array sect, and the probability of both sides falling out would increase dramatically!

Gao Yuding sneered and did not intend to give up, ""Hall Master Luo really doesn't care about our sky array sect's position! In your opinion, our sky array sect's matter is a trivial matter, right? We can deal with it later?"

"Elder Gao, you've misunderstood me. I didn't mean it that way!"

Luo xingliu immediately realized that he had said the wrong thing, or rather, Dian Youwei had said the wrong thing. He didn't notice the problem before, but now that he had inadvertently repeated Dian Youwei's words, he realized what was wrong.

"I have misspoken, please forgive me, elder Gao! How about this, we'll go to the distinguished guest tower to discuss how to resolve this matter and temporarily stop the work report conference. It's fine to arrange it again after the event. What do you think, elder Gao?"

"Not much! I feel that there's nothing that can't be said to others. Since I've coincidentally encountered you during the work-reporting conference, I'll just directly explain the matter!"

Gao Yu didn't give Luo xingliu any face as he took out a document and opened it, smiling coldly at Lin Yi. "This is the order from the martial Alliance of the continent Island in The Burning Sky Star region. Listen to it!"

"Investigate, starsource continent, Sangzi continent, martial Alliance's Hall Master, Sima Yi, used his power to bully others and provoked trouble for no reason. He launched a vile attack on the Sangzi continent's sky array sect's sub-sect, causing some casualties in the sky array sect and plundering all the precious books and records of the sky array sect's sub-sect!"

"Today, I hereby issue an order to remove Sima Yi from all internal positions in martial Union. He is to return all the sky array sect's ancient books that he has plundered. If he is sincere in his confession, his punishment can be reduced. If he refuses to accept or disobeys, he may be executed on the spot without mercy!"

"Luo xingliu, the hall Master of the martial Alliance of the starsource continent, has protected Sima Yi and persecuted the sky array sect's branch in this incident. He must bear some responsibility and issue a written apology to the sky array sect ..."

Gao Yuding read the document in his hand clearly. Other than Lin Yi, who was punished severely, Luo xingliu was also implicated.

However, other than being reproached, Luo xingliu only needed to write a written apology to the sky array sect. After all, he was the hall Master of the martial Alliance of the same continent. Although The Burning Sky Star region's continent Island was a superior Department, they could not easily punish Luo xingliu excessively.

To the continent Island of The Burning Sky Star region, the martial Alliance's Hall Masters of the various continents were all border governors. They did not have full control over the land.

The continental martial League was more independent, and they didn't need the continent Island to provide them with any resources. It was impossible to dismiss Luo xingliu, take him down, or kill him for such a small matter.

He only berated Luo xingliu a few times and asked him to write an apology letter to give everyone a way out.

No matter how good Luo xingliu's composure was, his face was already livid, and he almost could not suppress the anger in his heart!

He wanted to negotiate with Gao Yuding in private. However, Gao Yuding insisted on announcing the punishment of the martial Alliance of the continent Island in public. It was understandable. However, he could not understand what the martial Alliance of the continent Island was thinking.

Even if they wanted to punish him, they could have sent a special envoy to resolve the matter internally and let the sky array sect's Guardian elder read out the martial Union's punishment. What was the meaning of this?

Had the martial League been swallowed up by the sky array sect?

Especially the punishment for Sima Yi. What did he mean by 'if there's any disobedience or disobedience, you can execute him on the spot, and he will be executed immediately without mercy'?

Sima Yi had just risked his life to enter the node world and solve the hole in the node. He had saved the entire starsource continent and prevented the dark Demon beast clan from opening a hole in the starsource continent and attacking the underground Devil's Den, which would then sweep the entire sub-Island.

There's no time to reward such a great contribution, and you're saying that you want to be executed on the spot? How much water did his brain need to be to make such a decision?

"Elder Gao! This matter was open to discussion! "I didn't receive any notice from the martial Alliance of the continent Island. The punishment you've decided on may be true, and I agree with part of it, but there are still some that I can't agree with. I'll need to contact the martial Alliance of the continent Island before I can decide if I want to accept ..."

Luo xingliu suppressed his anger and tried to speak calmly, but he was interrupted by Gao Yuding before he could finish.

"Luo xingliu, you can question or disagree, but you have no right to refuse this punishment! What right do you have to deny a document issued by the martial Alliance of the mainland island?"

Gao Yuding looked down at Lin Yi and Luo xingliu, "Sima Yi, don't count on Luo xingliu to continue protecting you. Just cooperate with me!"

Chapter 8915 No Problem

"Kneel down, admit your mistake, and beg for mercy. Return all of our sky array sect's ancient books to this seat, and this seat can consider letting you live. If you are not satisfied ... You heard it, I can execute you on the spot! Don't doubt me!"

"Of course, if you don't believe me and insist on trying, I'll welcome you. After all, if you want to court death, I'll definitely be happy to see it happen, and I won't stop you! Think about it, do you want to come and kneel down and beg for mercy?"

Lin Yi laughed. At first, it was a silent laugh, but it gradually became louder and louder until it became a belly-clutching laughter!

The people around them were all confused-they didn't understand what Lin Yi was laughing at. Did something funny happen just now? Or did Gao Yuding tell a funny joke?

I can't tell!

Some people couldn't help but recall Gao Yuding's words, but they still couldn't find anything funny.

The Great Hall Masters of the martial Alliance were all guessing in their hearts. Could it be that Sima Yi had been too shocked that he had gone crazy?

It wasn't impossible!

"What are you laughing at? Are you overjoyed because I asked you to kneel down and spare your life? That's right, even ants covet their lives. You're a genius with a bright future, so it's better to live a miserable life than to die!"

Gao Yuding thought for a moment and felt that this was the only explanation that made sense. "This Lord's patience is limited. If you want to kneel and beg for mercy, hurry up. If you miss the opportunity and this Lord changes his mind, it will be too late for you to regret it!"

Lin Yi's laughter suddenly stopped, and the smile on his face disappeared instantly. His face became as cold as ice, especially his eyes, which were so cold that they could freeze people's hearts!

"Regret? Perhaps someone will regret it, but it shouldn't be me!"

Lin Yi's body moved and appeared in front of Gao Yuding and the others in an instant. Gao Yuding was also in the mid-stage of heaven breaking, but the higher-ups of the sky array sect focused on formations.

Their body-tempering strength was completely built up by the accumulation of all kinds of natural treasures. There was no problem in extending their longevity. If they were to fight in a real battle, they would only be bullying ordinary experts who were one level lower.

Compared to Lin Yi, who had killed his way through mountains of corpses and seas of blood, Gao Yuding was a helpless little chicken!

Gao Yuding's two guards had some strength, but it wasn't all accumulated. Unfortunately, they couldn't be compared to Lin Yi. They couldn't even see Lin Yi's movements, so how could they protect Gao Yuding?

By the time they reacted, Lin Yi had already grabbed Gao Yuding's neck with one hand and lifted him up with the other. Gao Yuding's feet were in the air, kicking powerlessly. His face was red. He grabbed Lin Yi's wrists with both hands, trying to pull them away, only to find that Lin Yi's hands were as solid as a rock. His resistance was like a Dragonfly trying to shake a tree.

"How audacious! Let go of elder Gao!"

"Impudent! You dare to hurt elder Gao?"

The two guards shouted at the same time and drew out their swords, pointing the tip at Lin Yi. They didn't dare to move, for fear that Lin Yi would hurt Gao Yuding!

Luo xingliu covered his forehead with one hand and smiled helplessly. He knew that Sima Yi was not a good-tempered person. No matter who he offended, it would not do him any good!

To the martial League, the sky array sect was a partner that they couldn't easily turn on, but in Lin Yi's eyes, it was clearly a corrupted sect that was colluding with the dark Demon beast clan!

Gao Yuding brought two guards with average strength and dared to come to the door to target Sima Yi. He even said that he wanted to execute him on the spot ... Where did he get his confidence from? Did he think that the continental martial League would definitely stand on his side to deal with Sima Yi?

Luo xingliu was secretly angry. Most of it was because of the sky array sect, and a small part of it was because of the martial Alliance on the continent Island of The Burning Sky Star region. If the martial Alliance had not inexplicably decided to punish the sky array sect, he would not have been so passive.

Although Lin Yi's actions were inappropriate, Luo xingliu pretended that he didn't see it. He didn't plan to stop Lin Yi at the first moment. As long as Lin Yi didn't really want to kill Gao Yuding, there was nothing wrong with letting Lin Yi vent his anger!

As for Dian Youwei, he was overjoyed. The more intense Lin Yi's conflict with the sky array sect was, the less likely it was for them to reconcile!

With the sky array sect coming out to deal with Lin Yi, he could just sit back and watch the Tigers fight, and decide what to do next!

Lin Yi didn't care about the two blades at all. He looked at Gao Yuding coldly, ""Gao Yuding, your eyes are above your head? Now, it's finally worthy of its name!"

"You two, if you don't want your master's neck to be broken by me, you'd better put away your knives. Don't doubt whether I dare to or not. I'm very happy to try it once for you, but I don't know how many times your master's neck can withstand it. If it's over after one try, then I'm very sorry!"

Gao Yuding didn't care about Lin Yi's mockery. He patted Lin Yi's arm with one hand and waved his other hand at the two guards, signaling them to put down their knives.

He only had one life, and he wasn't interested in letting Lin Yi try, not even once!

The two guards looked at each other. They did not dare to take the risk of Gao Yuding's life, so they could only put away their swords in embarrassment. One of them said with a fierce face, "Sima Yi, what do you want to do? Didn't you hear what I said just now? if you resist, I can kill you on the spot!"

The words were directed at Lin Yi, but they were actually directed at Luo xingliu and Dian Youwei-it was time for martial League to deal with Lin Yi!

If something happened to Gao Yuding here, everyone in the martial Alliance of the starsource continent would be implicated. Therefore, it was more important to take advantage of this time to quickly take action and salvage the situation!

Luo xingliu couldn't pretend to be dumb anymore. He coughed and said, ""Sima Yi, let's talk this out, don't be so rough! You've grabbed elder Gao's neck, he can't speak even if he wants to!"

Everyone could see how perfunctory Luo xingliu's words were. The two guards were unhappy, but they couldn't flare up!

Lin Yi gave Luo xingliu face and nodded, "Hall Master Luo is right. We should give him a chance to speak!"

The fingers on Gao Yuding's neck loosened a little, and he suddenly gasped for breath. He wanted to speak, but he could not for a moment. His throat was burning with pain, and he could not bear the air passing through when he breathed!

"Gao Yuding, the punishment you brought has removed me from all my positions in martial League, so I'm no longer a member of martial League!"

Lin Yi's face was calm, and his tone didn't change at all-it was as if he was telling the same story. "Since I'm no longer a member of martial League, the rules and regulations of martial League can no longer affect me!"

Chapter 8916

"If you want to use martial league's rules to kill me, then I'm sorry, but it's my habit to kill the person who wants to kill me first! The martial League doesn't dare to fall out with your sky array sect, but I do!"

"A mere sky array sect, do you really think you're that great? The painstaking efforts of formation Emperor's grandson, senior sikong, have all been ruined by you! Do you believe that senior Sun will only clap his hands in joy when he finds out that I'm going to overturn your sky array sect?"

This wasn't nonsense. Although Lin Yi had never seen sun sikong, sun sikong's two disciples were both close to Lin Yi. How could he not know their characters?

From this, it could be seen that sun sikong's character was absolutely not bad. Knowing that the sky array sect was in a foul state, he might even collude with the darkness demon beast clan to sell out human interests, and it was possible that he would destroy the sky array sect himself!

"Release me! Sima Yi, do you really want to completely shed all pretense of cordiality with our sky array sect, and never rest until one of us dies?"

Gao Yuding panted for a while. At least he could speak now. Although Lin Yi was still holding his neck, he didn't want to give in. Maybe he thought that Lin Yi wouldn't really kill him, so he was confident.

"Fight to the death? Hehe ... Does the sky array sect really think they can do anything to me? In terms of array Dao attainments, your sky array sect is only so-so, and I'm not being modest, but none of your sky array sect's sects can stop my footsteps!"

Lin Yi's lips curled into a confident smile. "Do you think there's a need to survive in a sect based on array Dao if anyone can come and go freely?"

Or was there any possibility of survival?

Lin Yi's array skills were already well-known in the world, and Gao Yuding couldn't guarantee that the sky array sect's array could stop him.

Thinking back to Lin Yi's past achievements, Gao Yuding always thought that Lin Yi was just lucky and that the rumors were exaggerated.

It wasn't until Lin Yi grabbed him by the neck like a little chick that Gao Yuding realized that Lin Yi was really strong!

Putting aside the other sky array sect people, Gao Yuding was already considering if he could escape from Lin Yi's pursuit in the future even if he could leave alive after offending Lin Yi.

In the past, the array protection that gave him the most sense of security was a joke in front of Sima Yi. Gao Yuding was extremely afraid when he thought about it. Wouldn't he be assassinated by Sima Yi at any time?

Cold sweat broke out on Gao Yuding's forehead. If he could kill Sima Yi on the spot, naturally, everything would not be a problem. The problem was, how would he end it if he could not kill him?

For example, in the current situation, he had fallen into Sima Yi's hands. How could he even talk about killing Sima Yi? he should first think about how to protect his own life!

He had miscalculated! They should not have expelled Sima Yi from the martial Alliance. Just as Sima Yi had said, losing his status in the martial Alliance would only mean losing his restraints. Without those rules, Sima Yi would be even more unscrupulous in his actions. It would be better to use the martial Alliance's rules to restrict him, and use the higher-ups of the continent Island martial Alliance to suppress him!

"Sima Yi, even if you're no longer the Great Hall Master of the martial Alliance, you're still the patrol envoy of the inspection department, right? Were the people from the inspection department so unscrupulous in their actions? Not only are you tarnishing martial league's reputation, but you're also bringing disaster to the inspection Institute, you know?"

In a moment of desperation, Gao Yuding had an idea and came up with such a reason that could not be considered a reason.

Strictly speaking, the inspection department was actually a part of the martial Alliance. However, in order to play a supervisory role, it was separated into a separate Department.

The punishment, if serious, could strip Lin Yi of all his status in the inspection department-he'd become a commoner and lose any position in the martial Alliance.

However, if Gao Yu insisted that the patrol Department was not within the scope of martial Union's duties and that Sima Yi's identity in the patrol Department would not be affected, it would be completely reasonable. Under the premise that the punishment book did not clearly state it, it gave Gao Yu Ding the possibility of an ambiguous explanation!

Lin Yi blinked. How could she say that? Originally, it didn't matter if he lost all his duties. He wouldn't be reluctant to part with these identities.

Without these identities, it was more convenient to do things. He didn't expect that Gao Yuding would only dismiss him from his position in martial League, but still keep his identity in the inspection Institute ...

That's good. If he doesn't want to be the first hall Master, he can focus on returning to the inspection department and be the Deputy Director!

"Right, right, right, Sima Yi, you're now a member of the inspection department, you still have to think for the inspection department! Hurry up and let go of our elder Gao, and at most, we'll forgive you for your offense! I don't need your apology ..."

One of the guards was more clever. He immediately followed Gao Yuding's words and even gave a certain concession!

Lin Yi didn't care about himself, but he didn't want to drag the innocent into this, especially his senior Jin botian. It wasn't right to cause him trouble.

"Alright! I'll let you off today!"

Lin Yi nodded slightly and swung his arm, throwing Gao Yuding away. The two guards reacted quickly and caught him, preventing him from falling to the ground.

It didn't make a big difference whether he let Gao Yuding go or not. If Lin Yi wanted to take Gao Yuding down again, it was just a matter of reaching out his hand. As long as Gao Yuding was within the range of his divine sense, he couldn't escape!

A simple spirit sense vibration was enough to take care of Gao Yuding. He originally had some spirit sense defensive items on him, but Lin Yi took them away when he was carrying him, and Gao Yuding didn't realize it himself ...

Gao Yuding coughed violently. After he got out of Lin Yi's control, he immediately started to think about whether he could take the opportunity to kill Lin Yi.

After repeatedly evaluating, it seemed that he did not have full confidence, especially when Gao Yuding was still here. What if he was caught by Sima Yi? He was The Guardian elder of the sky array sect, did he not want his face?

Unexpectedly, Gao Yuding gave up on attacking Lin Yi, but the two guards beside him couldn't take it anymore. After making sure that Gao Yuding was fine, they shouted at the same time and swung their swords at Lin Yi!

Gao Yuding was captured by Lin Yi in one move just now, and to put it bluntly, it was because they were not strong enough guards, so they had been holding back their anger and wanted to take revenge on Lin Yi, and now was the time!

They thought that Lin Yi would let his guard down a little and catch him off guard. That way, he could make up for his mistake of not protecting Gao Yuding!

However, Lin Yi didn't even move a single step. He stood still and waited for the two to come up. Two bright blades slashed down on his head, and a black light suddenly bloomed!

After two crisp and low metal clanging sounds, the two guards of Gao Yuding fell to the ground with pale faces. Only half of the blade was left in their hands. The tip of the blade was broken and stabbed into their shoulders!

Chapter 8917

Lin Yi held the demonic blade in his hand and casually twirled it. "Gao Yuding, elder Gao, do you think these two guard brothers can take me down with their skills?"

"Sima Yi, as you can see, I did not give any orders. They all attacked you on their own accord! This matter has nothing to do with this Lord, it's completely because you attacked this Lord just now. As guards, they must get back at you!"

Gao Yuding's face kept changing, but he forced himself to calm down and said, ""This matter ends here. You didn't suffer any losses, and you don't need to be responsible for their injuries ... You return our sky array sect's ancient books and records, and we will write off the previous matters!"

He came from the continent Island of The Burning Sky Star region to deal with Lin Yi, but he also wanted to take back the sub-school books.

Although these were not the core books of the sky array sect, there were still many Secrets of the Sky array sect. The sky array sect could not allow these books to be left outside!

Gao Yuding knew this very well, so he forced himself to ask Lin Yi to return the book, but from the current situation, the possibility of success was close to zero!

As expected, Lin Yi didn't care at all. If the sky array sect had been nice and polite, Lin Yi wouldn't have minded returning the books to them. He'd finished reading them anyway, there was no point in keeping them.

For sun sikong's sake, he'd give it back to them, but the sky array sect didn't understand the situation and wanted to force Lin Yi to yield, but it ended up making Lin Yi even more unyielding. It was impossible to return the book!

"Gao Yuding, are you not familiar with Ji bufan? He also said that he was from the sky array sect on the continent Island of The Burning Sky Starfield. Didn't he mention me?"

Lin Yi looked at Gao Yuding with a faint smile. He didn't say it out loud, but it was obvious that Gao Yuding was delusional!

Ji bufan was the sky array sect's array master who asked Lin Yi for the manual. He was very arrogant at the beginning, but didn't he end up with a bad reputation?

Gao Yuding's expression was a little unsightly. Of course, he was familiar with Ji bufan. It was just that Ji bufan's failure was an accident to him. He felt that Ji bufan was too useless, so he didn't take it to heart.

This time, Gao Yu must be here with the punishment letter from the martial Alliance of the continent Island in The Burning Sky Star region. In theory, he had a status that the entire martial Alliance of the starsource continent couldn't resist. Wouldn't suppressing Lin Yi be a piece of cake?

He didn't think that after firing Lin Yi, Lin Yi would have no more restrictions and concerns-this was an unexpected disaster!

"Sima Yi, what's the point of you doing this? What's in it for you to become enemies with our sky array sect?"

Gao Yuding knew that he couldn't use force, so he could only pretend to be tough and speak softly, which looked a little cute,""Taking a step back is a big deal. The conflict between the humans and the darkness demon beasts is becoming more and more intense, and a war is about to break out."

"When the time comes, the war will definitely not just break out in one or two continents. The entire Burning Sky Star region will be caught in the flames of war. No matter how strong you are, how many holes can you fill by yourself?"

"Only a huge force like the martial Alliance and the sky array sect can deal with a large-scale war. If the martial Alliance and the sky array sect fall into internal strife, the entire sub-Island will fall in an instant!"

Gao Yuding's face was filled with a tragic expression of being worried about the country and the people. Those who didn't know would really think that he was some kind of hero ... But the people on the side had seen him from the beginning to the end. Who didn't know that Gao Yuding had completely admitted defeat!

Dian Youwei couldn't help but roll his eyes in his heart. What the hell is this? The Guardian elder from the sky array sect on the continent Island of The Burning Sky Starfield is like this?

Trash!

He thought that he could threaten Sima Yi, but in the end, he was beaten up by Sima Yi and immediately admitted defeat. The sky array sect was really done for!

As a high-level spy of the darkness demon beast clan, Dian Youwei was starting to look down on the sky array sect. So what if he had roped them in? they felt like trash who could do nothing but ruin things!

Now that things had come to this, Dian Youwei could only suppress his dissatisfaction and come forward to clean up the mess. He could not let Sima Yi's reputation grow. At the same time, he had to preserve Gao Yuding's confidence and prevent him from being beaten to a pulp!

"Elder Gao, let's talk about this later. Let's go to the distinguished guest building to rest first. We'll discuss this matter slowly after Hall Master Luo is done hosting the work-report meeting. What do you think?"

With a smile on his face, Dian Youwei came out to smooth things over and gave Gao Yuding a way out in time. Gao Yuding immediately nodded and agreed.

"That's good. I'm indeed a little tired and it's not appropriate to affect your work report meeting. Let's take a rest first. After Hall Master Luo is done with the work report meeting, we'll discuss it together!"

Gao Yuding coughed twice and naturally took the opportunity to get out of the situation. The two guards got up and dared not say anything more. They followed Dian Youwei and Gao Yuding out of the chamber and then took care of their wounds.

Yuan Buliu watched as Lin Yi sent Gao Yuding away as if he was joking, and he was dumbfounded. He was The Guardian elder of the sky array sect on the continent Island!

He had brought an order from the martial Alliance of the mainland island!

He just F * cking left like that? What the hell are you doing here? Did you come here to trick me?

Yuan Buliu was in a tight spot now. He had seen how strong Lin Yi was. He even almost killed Gao Yuding by strangling his neck, and Gao Yuding's two guards were almost disabled.

If Sima Yi bore a grudge against him for his impeachment earlier and flared up on the spot, what would he do if he came to settle the score with him? From Sima Yi's attack just now, it didn't seem like he could hold on ...

It seemed that he could remove the word 'seems'...

Yuan Buliu was panicking. While everyone's attention was on Gao Yuding and the others, she took a few steps back and hid in the crowd, hoping that everyone would forget what had just happened.

Unfortunately, his plan failed. After Gao Yuding and the others left, Luo xingliu immediately found Yuan Buliu, who was hiding in the crowd.

"Clan leader Yuan, you've succeeded in impeaching Sima Yi! "However, I'm not the one who will decide on your impeachment. The punishment will be decided directly from the martial Alliance of the mainland island! Hehe, Hall Master Yuan is really amazing, you can even go up to the heavens to listen!"

Luo xingliu wasn't happy about that, so he didn't show any courtesy to Yuan Buliu."It seems that Hall Master Yuan's relationship with the sky array sect is also quite good. You stood up for the sky array sect, and the sky array sect supported you. With the continent island's background, Hall Master Yuan will definitely rise step by step in the future. This Lord may even become Hall Master Yuan's subordinate. At that time, I'll still need Hall Master Yuan's care!"

Chapter 8918

The sarcasm was extremely sharp, which was not Luo xingliu's usual style. Yuan Buliu had gone too far for him to be so mean.

He could skip the continental martial Alliance and impeach them directly. He could then use the results of the Alliance to force the continental martial Alliance to break the rules. As mentioned before, the continental martial Alliance was like the governor of the border.

Both parties had a superior-subordinate relationship, but the martial Alliance had a high degree of autonomy. They didn't have to rely on the martial Alliance's attitude. If Yuan Buliu went past Luo xingliu and Tattletale to the martial Alliance, he would really offend Luo xingliu!

This was still considered good. After all, they were all from the martial League. In the end, they were still on the same side. Behind closed doors, they were one family. What Luo xingliu was most displeased with was the sky array sect's participation!

It was normal for the sky array sect to be involved, but it was wrong to use the punishment decision document of the continent martial Alliance to force the continent martial Alliance!

Gao Yuding from the sky array sect was using the punishment from the martial Alliance to come out and play the part. To put it bluntly, Yuan Buliu was a traitor!

"Hall Master Luo, this is a misunderstanding! I don't have a close relationship with the sky array sect, nor do I have any contact with the martial Alliance of the continent Island ..."

With a bitter face, Yuan Buliu stepped out to ask for forgiveness. If he couldn't escape, he had to face it. If he didn't explain clearly, he would really offend Luo xingliu!

He'd already offended Luo xingliu, and impeaching Lin Yi at this point in time was his plan, but things didn't go as he'd expected!

Lin Yi had been removed from his position in the martial League, but he was free from all the restrictions. Yuan Buliu didn't know if that was a good thing or not!

"You don't have to explain! This Lord isn't blind, it's not like I can't see the truth that's happening in front of my eyes! Now that you've accomplished your goal of impeachment, aren't you feeling very proud?"

Luo xingliu waved his hand and rudely interrupted Yuan Buliu, ""Tell me, who else do you want to impeach? Did this Lord do anything wrong to be an eyesore? you should also impeach me!"

"Oh, it doesn't seem to work to impeach me in front of this Lord, right? So, did you also impeach me in the martial Alliance on the continent Island? Didn't gao Yuding just finish reading the punishment decision? Or is there another decision on punishment?"

Yuan Buliu couldn't resist Luo xingliu's mockery at all. His face turned red, and he wanted to argue, but he didn't know what to say.

It was expected that he would offend Luo xingliu, but he didn't expect Luo xingliu to be so sharp-tongued. He had no choice but to lower his head and admit his mistake, then act like an ostrich.

Lin Yi glanced at Yuan Buliu in disdain and cupped his hands to Luo xingliu. "Hall Master Luo, I've been relieved of my position as the Great Hall Master of the martial Alliance, so I won't be attending today's work report conference. Please allow me to take my leave!"

Luo xingliu couldn't help but let out a long sigh. Lin Yi's ability was obvious to all, and he wanted to praise Lin Yi's achievements during the meeting, then officially promote Lin Yi and pull him into the martial Alliance. He would be more than enough to take on the position of a vice Hall leader.

The two had a good relationship, and Luo xingliu believed that he would have a strong helper. However, the situation suddenly changed, and the martial Alliance dismissed Lin Yi from all his positions!

Luo xingliu and Jin botian's relationship wasn't too close or too distant. After all, the martial league's Hall Master and the patrol department's Dean couldn't be that close. But if Lin Yi was the martial league's vice Hall Master and Vice-Dean of the patrol Department at the same time, he would become the bridge and glue between the two.

The higher-ups of the starsource continent would be United from now on, which was a good thing for both Luo xingliu and Jin botian!

Unfortunately, man proposes but God disposes. Unless Luo xingliu fell out with the continent island's martial Alliance and the continent island's sky array sect, and the star source continent declared its separation from The Burning Sky Star region's continent Island, it was impossible for Luo xingliu to deny the punishment.

"Sima, I'll seek approval from the martial Alliance of the continent Island to reconsider this matter. Don't worry, with your achievements, you're more than qualified to take up a position in the martial Alliance of the continent Island. What right do they have to target you without distinguishing between right and wrong?"

Luo xingliu couldn't change the outcome now, but there might be a different result if he made a statement. "Let's not talk about other things. This time, you entered the node world to stop the dark

Demon beasts 'plan. How many people in the entire continent Island of The Burning Sky Star region can do that?"

"There are many suspicious things about this matter. You don't have to hate the martial Alliance of the continent Island. I'll definitely find out the truth and give you an explanation. Even if we have to bet on the martial Alliance of the starsource continent, the continent Island will still give you a reasonable explanation!"

His words were a little heavy. It meant that if the continent Island insisted on doing things its own way without a reasonable explanation, Luo xingliu might really take the starsource continent away from the continent Island.

Such an outcome would definitely result in a lose-lose situation for both sides, which would not benefit mankind at all. However, just as Luo xingliu would take the big picture into consideration and would not dare to turn hostile against the sky array sect, the martial Alliance of the continent Island would not turn hostile against the starsource continent easily.

"Thank you, Hall Master Luo. I don't really care about this, and you don't have to fall out with the martial Alliance of the continent Island for me. I've always felt that it's busier to hold multiple positions, so it's not a bad thing to be able to concentrate on holding a position in the inspection department. "

Lin Yi didn't mind, but he still had to express his gratitude to Luo xingliu,""Whether it's in martial League or the inspection Institute, I can make contributions to mankind. If Hall Master Luo has any orders, I'll also be obliged to do so!"

With that, Lin Yi bowed again and left. Yuan Buliu retreated to the side, feeling nervous. She was afraid that Lin Yi would suddenly attack her, but Lin Yi didn't even look at him when he left. He completely ignored Yuan Buliu.

Yuan Buliu was a little upset that Lin Yi was treating her like air. He thought that Lin Yi was looking down on him!

Although he was afraid of Lin Yi's respect, he didn't like being looked down on by Lin Yi ... He was a bastard!

Luo xingliu knew that Lin Yi didn't want to come back to the martial Alliance anymore. People with pride would see what happened today as humiliation. Unless he could step on the head of the martial Alliance, Lin Yi would never come back!

But Lin Yi did say that if Luo xingliu needed help with anything, Lin Yi would help him in his own capacity. Without martial Union's rules, perhaps Lin Yi's strength could be used more!

It might not be a bad thing!

"Sima! No matter what, I'll give you an explanation for this matter. The position of martial Alliance's Hall Master in Sangzi continent will also be temporarily vacant! You'll have to work harder!"

Luo xingliu didn't keep Lin Yi and only said a few words to Lin Yi's back.

Chapter 8919

Next, there would be a competition between the continents to re-rank the rankings of the continents.

The Sangzi continent had always been a third-grade continent, and Luo xingliu was very optimistic that Lin Yi could lead the continent to increase its level. As for whether it would rise to second-grade or first-grade, it would depend on Lin Yi's methods.

Although Lin Yi was no longer the Great Hall Master of the martial Alliance, he was still the patrol of the great land. No one would be able to take over the position of Great Hall Master yet, so the heavy responsibility of directing the competition naturally fell on Lin Yi's shoulders!

After Lin Yi left the meeting room, the meeting officially started. Due to the incident earlier, many of the hall Masters were not in their right state.

After dilly-dallying and taking their time to finish, they had much more time than expected. After they announced that the competition would be held tomorrow, they were dismissed.

Gao Yuding did not wait for Luo xingliu to come over to talk to him in the VIP building. After he left the meeting hall, he returned to the continent Island of The Burning Sky Star area. He had to go back and report what happened here personally!

Lin Yi's threat was bigger than he thought, and Gao Yuding needed to make the higher-ups pay more attention to him. If they could find a way or people to deal with Lin Yi, that would be even better!

With enough understanding, the next time he made a move, he would definitely be fully prepared and confident of winning, and would be able to take down Sima Yi with precision!

When Gao Yuding and the other two left the starsource continent, Dian Youwei was the most disappointed. He wanted to take this opportunity to deal with Sima Yi. In the end, Sima Yi did not do anything, but the people of the sky array sect escaped back with their faces covered in dust. What else could he say?

That evening, Dian Youwei used some tricks and asked Daniya to meet him at a teahouse.

The owner of the teahouse was Dian Youwei, but no one would be able to trace it back to him. The owner on the surface had nothing to do with him, and he rarely came to the teahouse to drink tea.

A cunning rabbit had Three Burrows. Dian Youwei had secretly arranged more than three locations, and the teahouse was only one of them. It was no problem to use it as a contact point for him to meet Daniya.

Daniya entered a private room upstairs, and the teahouse waiter left after serving tea and snacks, closing the door for her.

After the door was closed, the formation inside the room operated automatically, isolating the room from prying eyes. A secret door opened on the wall silently, and Dian Youwei walked out.

After a simple greeting, Dian Youwei sat down opposite Daniya and poured her a cup of tea.

"What's so important that you're looking for me so urgently today?"

Daniya waited for Dian Youwei to finish before calmly asking, ""And the information I asked you to sort out before, is it done?"

"I do have something to discuss today. It's about The Grudge between Sima Yi and the sky array sect ... This is the latest information I've compiled. Keep it for now!"

Dian Youwei handed over a roll of silk, and after Daniya took it, he took a sip of his tea. ""Today, at the martial Union's work debriefing meeting, someone accused Sima Yi of stealing the sky array sect's sub-school's manuals. Then, a sky array sect's Guardian elder came from The Burning Sky Star region's continent Island!"

"At first, I thought that it would be a threat to Sima Yi, but it turned out to be such a disappointment. Although Sima Yi's position in the martial Union has been stripped down to the bottom, it doesn't affect him at all!"

Daniya flipped through the information recorded on the silk and casually replied, ""I heard that Sima Yi is not a simple person. How can he be so easy to deal with? Although the sky array sect is a super sect with a long history on the sub Island, it seems that they are somewhat petty!"

"They think that by simply sending a Guardian elder with two guards and holding onto the martial Alliance's document, they can completely suppress Sima Yi. They're simply delusional!"

Dian Youwei agreed with him and nodded repeatedly. ""Lady Daniya is right! If we want to deal with Sima Yi, we have to send out a team of experts strong enough to kill him in one blow. We can't give him too many chances!"

Daniya made a sound of agreement and did not continue the conversation. Kill Sima Yi? Even Senlan wuhun couldn't do it, so how could you do it so easily?

But why did she feel a little uncomfortable?

Daniya furrowed her brows slightly. Thinking of the scene of Sima Yi being killed, would she feel a little upset? Was it because the two of them had gone through many life and death crises together, so they more or less had some feelings?

To hell with it!

I'm a spy from the darkness demon beast clan! How can I feel sorry for a human's life?

Daniya shook her head and felt a little annoyed. She never thought that if she really wanted to continue being a spy, she would have told Dian Youwei the truth now!

This time, Lin Yi didn't follow Daniya in secret. With her strength, she didn't need to worry about any danger!

But Daniya didn't tell her that she was a real spy and pretended not to be one, and she didn't find it strange ...

No matter what excuse Daniya made for herself, no matter how she denied it, the truth was that she was already leaning towards Lin Yi.

The idea of being a spy might just be a kind of obsession formed by the last inertia!

Dian Youwei had been paying close attention to Daniya, and when he saw her frowning and shaking her head, he thought to himself, "what did I say wrong?"

"Lady Daniya, is there something wrong?"

"Oh, there's nothing wrong with it. You're right, but now is not the best time to deal with Sima Yi. I still need him to hide my identity for the time being, so don't act rashly. We'll talk about it later!"

Dian Youwei thought that Daniya's perfunctory reply made sense, so he promised that he wouldn't take any action against Lin Yi for the time being and that he would wait until Daniya had completely stabilized her position.

What he didn't know was that the day Daniya gained a firm foothold would be the day he and the other spies would be exposed!

Daniya's mood was inexplicably irritable. She quickly finished browsing the silk in her hand and casually placed it on the table. "Is this all the information you've gathered? There's nothing of value!"

The things that Dian Youwei had sent over were indeed useless. They were all information that could be obtained by simply asking around.

It was too perfunctory to take out such a thing!

Dian Youwei shrugged his shoulders helplessly. "Indeed, there hasn't been any valuable information recently. The biggest thing is that Sima Yi entered the node and ruined our plan to open up a passage with the chaos demonic beetles."

"Lady Daniya, you're the one who experienced this personally, so you should know more details. I don't think there's a need to record it. Other than that, there's only this little information left!"

Daniya was silent for a moment. Trust was double-edged. Dian Youwei was implying that Daniya should tell him what happened at the node in detail.

Chapter 8920 The End

Although Daniya was Dian Youwei's superior and didn't need to share information with him, it wasn't inappropriate to report such an important matter.

Daniya revealed a smile and nodded. ""You're right! Since there was nothing important, he would wait and see! We still have time today, so I'll tell you in detail how I came here with Sima Yi!"

"The position where Sima Yi entered the node was coincidentally the place where our Senlan's soulless commander was guarding. Sima Yi was indeed bold and skilled. He actually snuck into the camp and wanted to assassinate our commander. Of course, he failed in the end!"

"The commander played along and activated the Sorcerer spirit God sealing array, trapping Sima Yi in the camp. The entire Army searched and cooperated, using a clever method to influence Sima Yi's choice. In the end, he escaped into my tent, and I pretended to be an anti-war person who sympathized with the humans and helped him escape from the camp."

"During the escape, we put on an act. We pretended to be discovered, confirmed my identity as a traitor, cut off my retreat, and created the illusion that I could only escape with him! The undercover plan has officially begun ..."

What Daniya said was the truth, but she didn't say what happened later.

This could only be considered as hiding something, but it couldn't be considered a lie!

Dian Youwei listened with great interest and deeply admired Senlan wuhun's plan. However, he didn't know that the person he admired was already dead, and even his corpse had been used to refine into a vengeful spirit!

After Daniya finished speaking, Dian Youwei felt that their relationship had become closer, and his trust in her had naturally increased.

As the two of them conversed, Daniya obtained some new information. For example, Dian Youwei's true identity was indeed not a brainwashing expert, but he was also not a dark magical beast in human form!

Dian Youwei's true form was the divine hidden demon eyes of the darkness demon beast clan!

The divine hidden demon eyes didn't have a fixed form, and it could control humans. It specialized in spirit sense attacks, and Lin Yi had seen it before. Lin Jiawang was controlled by the divine hidden demon eyes.

However, the [divine hidden demon eyes] that controlled Dian Youwei was obviously much more powerful than the [divine hidden demon eyes] that controlled Pi gawang. The two of them couldn't be compared at all!

Daniya suddenly understood. No wonder Dian Youwei was so arrogant to the dark magical beasts. He was one of them!

It was completely different from mu beige's one-time use brainwashing!

To put it bluntly, Dian Youwei's body had been taken over. He still looked like a human on the outside, but he was a Dark Demon beast on the inside.

Having said that, the godly hidden demon eyes weren't a very popular race among the darkness demon beasts, and it could even be said that they were a rather annoying race.

After all, this kind of creature, which had no fixed form and relied on parasitism to control other races, would make people feel uneasy wherever it went. It would be strange if it was popular!

Fortunately, the divine hidden demon eyes were rare, and their reproductive ability was low, so the dark Demon beasts were able to make good use of them and assign important tasks to them.

People like mu beige could be seen as Dian Youwei's substitute or scapegoat. If there was a risk of being exposed, mu beige would be a target that could be thrown out at any time to divert the attention.

In addition to the information about Dian Youwei being controlled by the divine hidden demon eyes, Daniya also wanted to find out more about the spy. However, she was unable to get any relevant information after carefully probing around.

He didn't know if it was because Dian Youwei was too vigilant or if he really didn't know much about this.

Daniya wasn't in a hurry either. She still had to consider whether or not to continue her undercover plan. However, she didn't realize that from the moment she considered it, she had already given up on it!

If he really wanted to continue being a spy, he should be firm and unswerving from beginning to end. Hesitation and hesitation were just a waste of time to comfort himself!

After leaving the teahouse and returning to the manor, Daniya wanted to have a chat with Lin Yi. She didn't have any important information, and she felt that she could tell him the truth, including the God-hidden demon eyes.

She could continue to gain Lin Yi's trust and increase the chips for her to clear her name, but Lin Yi wasn't free right now. Zhang Yiming brought some people from the Sangzi continent to participate in the continent ranking competition tomorrow.

Lin Yi was settling the people from the great continent of Sangzi and discussing things with Zhang Yiming and Fei daqiang.

Daniya wasn't in the manor, so Lin Yi didn't include her in the meeting. She didn't want to disturb him, so she went back to her room to rest.

Lin Yi thought that if there was important information, Daniya would definitely come to him. Since she didn't come, it meant that it wasn't important. He didn't go to her after the discussion and continued with the preparation for tomorrow's competition.

The continent ranking competition tested the overall strength of each continent, not an individual's ability. Lin Yi needed to be prepared.

Things would be a lot easier if there was a representative-Lin Yi alone could take on three of them! It's easy to get a first grade continent for Sangzi continent.

The team competition was more troublesome. Individual strength wouldn't give them much of an advantage in the team competition.

The next morning, Lin Yi brought Fei daqiang, Zhang Yiming, and the Sangzi continent's teams to the competition venue prepared by martial Union. The teams from the other continents arrived one after

another. Each team had their own continent's flag, and the flags fluttered in the air. It was extremely lively!

The other continents were led by the martial Alliance's Hall Master, with the patrols as support. There were a few continents 'patrols who did not participate. They returned after the inspection department's assessment, while the patrols who remained in the starsource continent all participated in the competition.

After all, the ranking of a continent was also related to the status of the inspector. Just like how Fang Gezi and the others looked down on the inspector of a third-grade continent, if they became a third-grade continent, how could they have the opportunity to act arrogantly in the future?

"Hehe, you've already been stripped of your position as Hall Master, yet you still have the face to lead a team to participate in the competition. Let's not talk about the strength of some people for the time being, the thickness of their skin must be unparalleled in the world!"

Fang Gezi couldn't help but start mocking Lin Yi when she saw him bring Sangzi Dazhou's team in. He didn't name Lin Yi, but everyone knew who he was talking about.

This guy was a man who forgot the pain after the wound healed. Yuan bulu was intimidated by Lin Yi yesterday, so he decided to keep a low profile today and not provoke Lin Yi.

He didn't expect Fang Gezi to suddenly say something like this to provoke Sima Yi! Yuan Buliu really wanted to strangle Fang Gezi. "Can't we just participate in the competition?" Why did he have to provoke Sima Yi?

"This kid even dared to beat up The Guardian elders of the sky array sect from the continent Island of The Burning Sky Star region. We are nothing!"

Unfortunately, words that had been spoken were like water that had been poured out. It was too late to take them back!

Lin Yi glanced at Fang Gezi indifferently and stopped at Yuan Buliu for a while, making her even more nervous!
