

Bodyguard 8991

Chapter 8991

It was the most powerful trump card to save his life and turn the tables. Just because Sima Yi, that damned guy, meddled in other people's business, he had no choice but to waste it! The more Ouyang chuantian thought about it, the angrier he became!

Since he had already used it, he would make the best use of it. He had to kill Sima Yi as well!

"What are you all doing? Do it! Kill them, don't leave a single one alive!"

Ouyang chuantian was ruthless and directly issued a kill order!

The battle generals who were also seeing the ancient stellar heavenly cycle domain for the first time were all shocked. They only reacted when they heard Ouyang kuantian's angry Shout!

The countless stars in the sky scattered their endless Starlight onto the bodies of the battle generals, greatly increasing the strength of their bodies.

The power of the stars filled all their muscles and meridians, giving them strength beyond imagination!

"I can win! We can win! Kill!"

Some of the battle generals couldn't hold back their excitement as they raised their weapons and charged at Lin Yi's group. Although they seemed to be in the air, it was no different from moving on the ground. If one had to describe it, it was just that they were a few times faster than before.

Lin Yi's side was completely different from the other side-the Starlight didn't increase his strength at all, but it felt like a mountain was pressing down on him. It was as if he was carrying a thousand tons of weight on his back-he didn't even have 10% of his original strength left, let alone getting stronger!

Other than Lin Yi, the other brothers were all red-faced, trying their best to resist the pressure from the Starlight. In this state, it was useless to fight someone one level higher than them!

Only Lin Yi wasn't affected by the ancient domain-it wasn't accurate to say that he had the ability to remove the pressure from the stars.

The elemental Qi and the spirit sense merged together, forming a complex barrier on the surface of his body. Lin Yi was like a rock standing in the water, and the Starlight was like a stream, flowing past him naturally without any effect.

The battle generals who felt that their strength had increased didn't use any battle formations anymore. They charged towards their chosen targets and attacked freely. Lin Yi's psychological shadow was too big. It made them instinctively think that battle formations were not only useless, but also a fatal weakness!

"You guys ... Do you have some misunderstanding about me? Do you think you can defeat me like this?"

Lin Yi smiled evilly as his body flashed, breaking through the Starlight. A trail of Starlight trailed behind him as he moved around in the crowd.

There were no special martial techniques, just simple straight punches, hook punches, swing punches, and so on. These battle generals were sent flying in all directions. If they did not have the power of stars to protect their bodies, these simple attacks would probably have already caused a few casualties.

and now, lin yi's simple attacks only sent them flying, but didn't cause any effective damage.

lin yi's strength wasn't affected much, but ouyang kuantian's side did get a huge boost. whether it was his attack or defense, they were all completely transformed. this result was reasonable!

"ouyang cuantian, is this your trump card? it seemed to be very ordinary! why don't you come down and play? how could he risk his life for the martial alliance of the mainland island if he was so timid? they don't want a coward to be their spokesperson, do they?"

lin yi seemed to be at ease, but he couldn't get close to ouyang cuantian. every time he tried, he would get away from his target for some reason, as if he had lost his sense of direction in the void. he could only provoke ouyang old deng.

"Sima Yi, you're indeed very strong, even stronger than this old man expected, but that's all! Don't use those boring words, don't tell me this old master can't see that you're trying to goad me?"

"Also, do you really think that the ancient heavenly cycle stellar domain is such a simple thing?" Ouyang cuantian sneered disdainfully. He was really ignorant! Next, you can properly appreciate this powerful domain! Imprisonment!"

Following Ouyang cuantian's shout, the flowing Starlight suddenly froze, and Lin Yi couldn't even move a finger. It was as if he had fallen into a swamp, and if it wasn't for the protective layer on his body, he wouldn't even be able to move a finger!

Even so, Lin Yi had lost the ability to threaten the generals. Their limbs were all tied up, and they couldn't fight anymore unless they could break free and free their hands and feet.

"Sima Yi can't move anymore, what are you guys still doing? Why do I have to give you all orders?"

Ouyang cuantian roared. The generals that were sent flying by Lin Yi were all scared and didn't dare to get close to Lin Yi. This really pissed Ouyang cuantian off!

When they first got the star power, they were all crazy, thinking that they could kill Lin Yi all by themselves. But after being punched away by Lin Yi, their pride was gone with it, never to be found again.

Lin Yi was immobilized by the star power and didn't even dare to attack him. Even the people from the starsource continent didn't go over to deal with him.

Perhaps they thought that they wouldn't be able to move as long as Lin Yi was here, and that they'd be meat on the chopping board after Lin Yi was taken care of.

The generals looked left and right at Ouyang kuantian's order, encouraging each other with their eyes before shouting at the same time and charging at Lin Yi.

Shoot the horse before shooting the man, capture the king before capturing the bandits!

In their eyes, Lin Yi was undoubtedly the King of Thieves, and after taking him down, the rest were just stinky fish and shrimps, not worth mentioning!

Ouyang kuantian smiled as he activated the star power in his territory. He formed a star God arrow above Lin Yi and aimed at Lin Yi's head. He was waiting for the generals to attract Lin Yi's attention, then he would attack Lin Yi from the air and kill him in one shot!

Sima Yi, you forced this old man! I didn't want to deal with you now, but you didn't know what was good for you and forced me to use the ancient stellar heavenly cycle domain. This day next year will be your death anniversary!

Lin Yi was still trying to break free from the star power's restraints when the Jade space suddenly felt a strong danger alert. It was much stronger than before, reaching a level of fatal danger!

This level of danger naturally wasn't from the generals. Although their strength had greatly increased, their individual attacks still couldn't hurt Lin Yi. Or rather, their individual attacks couldn't even break Lin Yi's defense!

If they took advantage of Lin Yi's restraint to reform their formation and attack him together, there was a high chance that Lin Yi would be heavily injured or even killed, provided that Lin Yi didn't Dodge or dodge.

Chapter 8992

Unfortunately, these generals didn't have the intention of regrouping. They just fought alone and surrounded Lin Yi. The Jade space didn't warn them that they were going to attack Lin Yi with such a scattered attack.

The danger came from above!

Lin Yi instantly found the source of the danger and surrounded himself with a compound refinement fire. The fusion of elemental Qi and spiritual sense refinement fire wasn't as powerful as the icy blaze fire, but it was still quite shocking. The star power that trapped Lin Yi was dissolved, and Lin Yi, who regained his ability to move, moved with all his might, slipping through the gaps between the battle generals like a ghost.

Ouyang cuantian was shocked. The imprisoning ability of the ancient stellar heavenly cycle domain had only trapped Sima Yi for less than two seconds? This could not be a fake ancient stellar heavenly cycle domain, right?

Oh ... I remember now. This is indeed a fake stellar field ... There's a 'fake' word behind his name. Only a fool would think that it was real, right?

Ouyang cuantian's mind was filled with all sorts of thoughts. The stargod arrow that had condensed in the sky had already been instinctively shot out. Within the star Domain, he could use his mind to control the direction of the stargod arrow.

He wanted to be safe and let Lin Yi's attention be drawn to the general, but there was no other way now. He had to kill him first!

The stargod arrow descended from the sky like a meteor, leaving a trail of flames behind it. It was as fast as lightning, and Lin Yi felt his scalp go numb. It'd been a long time since he'd had this kind of life-threatening experience.

Recently, a similar situation had only occurred in the spatial node where the dark Demon beasts were.

A ball of compound fire exploded between Lin Yi and the arrow, temporarily blocking the Arrow's advance. At the same time, it created a certain driving force, pushing Lin Yi a distance away.

However, it didn't even take one-tenth of a second for the arrow to reappear twenty centimeters behind Lin Yi. The sharpness of the arrow could even pierce through Lin Yi's clothes and into his skin!

Another ball of fire exploded, but this time, Ouyang cuantian was prepared. The stargod arrow changed direction in advance, swimming around the fire and continued to approach Lin Yi's back!

The three soul consciousness pill fire vortexes surrounded the stellar divine arrow perfectly. Although this was an attack that targeted the primordial spirit and had no effect on the stellar divine arrow, Ouyang cuantian still needed to attach his soul consciousness to control the arrow!

The spiritual awareness pill fire Whirlpool couldn't hurt the star God arrow, but it easily wiped away Ouyang cuantian's spiritual awareness attached to it, making him unable to continue controlling the star God arrow!

The arrow lost control and couldn't change its direction. It just shot out and brushed past Lin Yi without looking back!

Finally, it exploded in the void and turned into pure star power, returning to the domain!

Ouyang kuantian's old face turned black. He couldn't even kill Sima Yi like this? They had really seen a ghost!

"Continue to surround and attack Sima Yi! Don't stop! He won't be able to escape!"

Ouyang kuantian yelled as he used his restraint to restrict Lin Yi's movement, but how could Lin Yi be at a disadvantage twice after finding a way to counter it? He used the compound elixir fire to break the seal again and attract the other party's attention at the same time.

"Two of you, go and take down those trash!"

Unfortunately, Ouyang kuantian's mind was still clear-he didn't put all his attention on Lin Yi. He turned around and ordered his men to target the new martial Alliance Hall Master and patrol.

He'd wanted to just kill them, but Lin Yi's strength made him change his mind. Using them as hostages wasn't a bad idea!

Using them to threaten Sima Yi should be able to make Sima Yi hold back, right?

The newly-appointed Hall Master and the patrol envoy felt extremely sullen. They were not weak and were even stronger than all the battle generals on Ouyang kuantian's side. However, they were restricted by the ancient stellar heavenly cycle domain and did not even have 10% of their battle strength left.

The enemy was the exact opposite. With the support of the power of the stars, their strength had increased by leaps and bounds, and their combat strength had directly doubled. After this, no matter how aggrieved they were when Ouyang kuantian called them trash, they had no room to refute!

After receiving Ouyang cuantian's order, most of the generals continued to charge at Lin Yi. Only two of them went to take in the trash that Ouyang cuantian was talking about.

Lin Yi's figure flashed and went around the battle generals surrounding him, appearing beside the first hall Master and the others who were unable to fight back. The two battle generals 'vision blurred and before they could see Lin Yi's face, they were sent flying again!

"Don't worry, I'll protect you!"

Lin Yi said in a low voice as he used his compound fire to help them out. After the pressure disappeared, they couldn't help but gasp for air. It was only for a short time, but they had used up too much energy.

"Many thanks to vice clan leader Sima (vice clan leader)!"

Everyone bowed and thanked him, and Lin Yi couldn't help but roll his eyes. Was this the time to be so polite? Ouyang laodeng's ancient heavenly cycle stellar domain is still over your heads!

What a big heart!

"Don't be so polite. Let's think of a way to break through Ouyang cuantian's stellar domain first!"

Lin Yi took out a formation plate as he spoke, trying to see if the formation could create a space in the stellar field.

As a result, the array was crushed by an invisible pressure as soon as it was launched. It could not be fully expanded at all. Obviously, the external array was completely restricted in this stellar field!

"Deputy Hall Master Sima, the ancient heavenly cycle stellar domain has its own rules. Other arrays can't be built in it. Only if there are rules of the same level or beyond this domain can the restrictions be broken."

Fengqi Dazhou's new hall Master whispered to Lin Yi, "The ancient stellar realm is one of the Trump cards of the martial Alliance. The Jade talisman that Ouyang kuantian used is not the real ancient stellar realm. It's just a portion of the power that was extracted from it."

"In other words, this should be a fake ancient stellar heavenly cycle domain. Its power can't be compared to the real one, but it's still an extremely powerful existence for us! Does vice clan leader Sima have any other methods?"

He seemed to have some understanding of the ancient stellar heavenly cycle domain, but it was useless. He could only talk about it and had no way of cracking it!

Their last hope was still on Lin Yi. After all, Lin Yi's miraculous and powerful abilities had spread throughout the star source continent, and it was Lin Yi who removed the pressure of the stars around them with a simple gesture.

"I can't think of anything for now. Your movements are not restricted. Can you withstand the attacks of these battle generals?"

Lin Yi needed time to adapt and think when facing the unknown. These people weren't weak, and as long as they could protect themselves, they'd be a big help.

Chapter 8993

Battle generals who received the power of the stars had their strength increased by leaps and bounds. Even if these few were able to break free from the suppression, they might not be able to guarantee their own safety.

"No problem! With vice Hall leader Sima helping us remove the restrictions, we'll have no problem protecting ourselves!"

The first hall Master blushed-he couldn't even talk back after being called trash, and now he was dragging Lin Yi down ... He made up his mind that even if he died, he wouldn't get in Lin Yi's way!

"That's good. You guys hold on for a while. I'll definitely find a way to break the domain!"

Lin Yi nodded slightly and didn't say anything. He continued to flash into the group of Warriors, punching and kicking to attract most of the people to his side. At the same time, he kept trying to get closer to Ouyang kuantian's position!

If he wanted to solve his current predicament, he might have to rely on Ouyang cuantian!

After dealing with Ouyang old Deng, the ancient heavenly cycle stellar domain should be able to collapse on its own, right?

Ouyang cuantian laughed out loud and said, "Sima Yi, you don't have to waste your time. I'm in the ancient stellar heavenly cycle domain, and I'm the master of this world. If I don't want you to get close, you'll never be able to touch the corner of my clothes!"

"You were lucky just now, but this old man will be serious next! I'd like to see how many times you can Dodge the stargod Arrow's attack!"

Before he could finish his sentence, dozens of smaller stargod arrows appeared out of thin air and shot at Lin Yi from all directions, sealing off all of his escape routes.

Because it was one size smaller, the speed was twice as fast as the previous one. Only traces of Starlight were left in the void, weaving into a bright net. It looked extremely bright, but only Lin Yi knew the danger inside.

If one was hit by any of the starry God arrows, they might be severely injured. Although it was not life-threatening, it would undoubtedly affect their mobility and combat power.

The dozens of stellar God arrows that followed were really lethal weapons!

Lin Yi's expression turned serious as he focused on dodging and dealing with this wave of arrows.

Ouyang chuantian's face also had a bit of ferocity. He was not without burden when he launched such a large-scale attack. The real ancient heavenly cycle stellar domain was unpredictable and had endless offensive and defensive means. However, what he had was only a simplified version of the stellar domain, so it was not a problem to say that it was fake.

Therefore, there weren't many methods that Ouyang cuantian could use. These dozens of stellar God arrows were already the limit of his control. Moreover, he had overdrafted the time of the existence of this stellar domain to launch this attack.

Regardless of whether he succeeded or failed, the duration of the stellar field would be reduced by two-thirds! Ouyang cuantian couldn't afford to drag this out. He had to end this battle as soon as possible!

"Sima Yi, stop struggling! Just obediently accept your death! Continuing to struggle would only increase his pain and frustration! On account of our acquaintance, isn't it good for this old master to give you a quick death?"

Ouyang cuantian controlled the waves of his attacks as he tried to distract Lin Yi with his words. Even if it only distracted Lin Yi a little, it would have an unexpected effect.

Unfortunately, Lin Yi didn't care about him at all. He was focused on dealing with the continuous attacks of the dozens of stargod arrows, and at the same time, he was checking for any flaws and loopholes in the stellar field.

If it was the real ancient stellar realm, Lin Yi would've been done for the first time, but it was only a simplified version. It only had one-fifth of the original's power, and it lacked offensive and defensive skills.

And so, Lin Yi was still able to remain undefeated, and at the same time look for the flaws in his stellar field-it was just that he couldn't find anything to exploit yet.

In fact, the biggest flaw of this simplified version of the ancient stellar heavenly cycle domain was that it had a time limit! The original version could live forever, but the counterfeit version couldn't do this.

Especially after Ouyang cuantian increased his attack output and sacrificed more than half of its time, the duration of this stellar domain was even shorter!

If Lin Yi knew this, he wouldn't need to waste his energy looking for an opening-all he needed to do was stabilize his defense and wait for it to collapse!

Although it took a long time to describe, all of this had actually happened in an extremely short period of time. Only one or two minutes had passed since Ouyang kuantian had activated the ancient stellar heavenly cycle domain.

Everyone in the stellar field, whether it was Lin Yi or Ouyang kuantian, had forgotten that there was someone else outside the field!

Daniya!

Ouyang cuantian didn't notice Daniya at all. When Lin Yi came over, he told Daniya to wait there and not interfere, so he only saw Lin Yi and didn't see Daniya.

Lin Yi, on the other hand, had only been thinking about how to counter and break the ancient stellar field after entering it. He'd already forgotten about Daniya!

If there's a problem, solve it yourself. Lin Yi instinctively ignored Daniya, thinking that the current situation wasn't a big problem for him and didn't need help from others!

Daniya, on the other hand, didn't think that way. It was true that Lin Yi wanted her to stay where she was, but the domain covered Lin Yi and the others. She couldn't see what was going on inside, so it was natural for her to worry for Lin Yi.

After all, Lin Yi was the foundation of her life on the sub Island. As a newcomer, she wouldn't be able to move without Lin Yi's care. This was the excuse Daniya made for herself, and she deeply believed in it!

The ancient star field covered her for a while. At first, Daniya wanted to see if Lin Yi could break out by himself, but after a minute or two, she couldn't wait any longer.

Daniya knew that it would be difficult to deal with the pressure of the barrier of the ancient heavenly cycle stellar field, so she skipped the probing part and gathered all her strength to ruthlessly bombard the barrier!

Daniya really didn't hold back when she threw this punch. She didn't even consider how she would defend herself if the barrier of the ancient stellar heavenly cycle domain had a counter force.

If her all-out attack were to be reflected by the barrier, it would be good if her arm was completely broken, but it was possible that she would be shattered into pieces.

It was as if she had used up all her strength and lost all her defensive abilities when she was hit by a punch that was equivalent to the peak of heaven breaking!

It was scary just thinking about it!

If Daniya had used this punch when Ouyang chuantian had just activated the ancient stellar heavenly cycle domain, then there was a possibility that she could have killed him with one punch!

Fortunately, Daniya's timing was perfect. It was when Ouyang kuantian was betting everything on killing Lin Yi and used most of his Star domain's star power to form a stargod arrow!

Chapter 8994 The End

the extreme increase in attack power not only greatly reduced the duration of the stellar field, but also greatly reduced the defensive function of the field itself!

lin yi was in the stellar field, and he had to deal with dozens of stargod arrows, so he couldn't attack the stellar field itself. this was why ouyang kuantian didn't care and used most of the stellar energy to attack lin yi.

there was a saying that the best defense was offense, and ouyang kuantian took it to the extreme. unfortunately, he didn't count that lin yi had daniya by his side!

on the surface, daniya's level was much higher than lin yi 's, and this full-powered punch just happened to exceed the defense limit of the star field!

the fist hit the barrier, and both sides were in a short stalemate. daniya felt the resistance of the barrier, and her cute face instantly turned red. her big eyes also had a bit of ruthlessness.

"open!"

the veins on daniya's forehead popped out. with a loud shout, she lowered her body, twisted her waist, and turned her shoulders. her arms exerted force with skill, squeezing out a trace of potential from the impossible. her power evolved like a tide, forming a second wave of impact!

the two attacks combined into one, and the barrier of the stellar field made cracking sounds. finally, it could not withstand this violent attack and cracked open a large hole that was ten feet high!

Starlight flickered at the cave's entrance as an invisible force gushed out. Daniya, who had used up all her strength, was caught off guard and was directly blown away. She was a Grand heaven breaking

expert, but she flew out a few dozen feet without any care for her image and slammed into a wall, causing many cracks to appear on the solid wall.

Fortunately, Daniya was a powerhouse of the darkness beast clan. Even if she used up all her strength, the toughness of her body would not disappear, so she would not be injured. It was just that her posture and state were a little embarrassing.

In the stellar field, the external heavy blow also had a huge impact. The entire stellar field was shaking violently. Because the barrier was broken, the stellar energy inside the stellar field lost its balance.

The first to bear the brunt of the attack were the dozens of stargod arrows surrounding Lin Yi. They broke away from Ouyang kuantian's control almost at the same time and collided with each other in the air, exploding. In the blink of an eye, they were all destroyed!

Ouyang cuantian was greatly shocked. This was a treasure bestowed by the martial Alliance of the mainland island! In the ancient heavenly cycle stellar field, it was said that killing heaven breaking stage cultivators was as easy as turning one's hand!

Even if there were more than a dozen heaven breaking cultivators in a battle formation, they would definitely not be able to resist the attack of the stars!

But now, not only was he unable to kill Sima Yi, but he was also able to break through the barrier of the stellar domain with a single strike from the outside? Are all of you from the martial Alliance of the mainland island liars?

Or did you really give me a fake ancient heavenly cycle stellar realm ... F * ck, you did say that it was a fake ancient heavenly cycle stellar realm, but isn't it too F * cking fake?

This old man is dead!

Ouyang kuantian wanted to cry but had no tears. He kept complaining about the unreliable martial Alliance of the continent Island in his heart, and then he tried his best to gather the star power!

The barrier that was broken by an external force would not cause the entire stellar field to collapse completely. After the dozens of stellar God arrows collapsed, they would turn back into stellar power. Other than a part of it dissipating, the rest would repair the barrier space and stabilize the area of the stellar field.

However, Ouyang cuantian's ability was limited, and his reaction was relatively slow. In his panic, the ancient heavenly cycle stellar domain's range rapidly shrank, and finally formed a small stellar domain around his body, as if he had put on a layer of defense.

Everyone who was originally in the stellar field had completely left the scope of the field and returned to their normal state.

Without the star energy, the generals "strength dropped drastically and returned to normal. Because of Lin Yi, they didn't form any battle formations and fought alone against the new hall Master and the inspector.

One grew while the other grew!

Their combat strength suddenly fell like a cliff, while the new first hall Master and the others didn't change. It was equivalent to instantly reversing the situation!

Caught off guard, these battle generals who were fighting one-on-one were beaten up by all kinds of counterattacks. The defense brought by the power of the stars had also disappeared, and all the attacks landed on them, causing the casualties to increase dramatically.

Lin Yi used his spirit sense to scan and found Daniya a few hundred feet away. He couldn't help but smile and understood why the stellar field had such a big change.

As expected, Daniya was a trustworthy partner!

He used his spirit sense and knew that Daniya was fine, just a little exhausted. It wasn't a good time to care about her, so Lin Yi pretended not to know anything and stared at the dark-faced Ouyang cuantian.

"Ouyang cuantian, do you have any other methods? Why don't you take them all out and let me see what good stuff the martial Alliance has equipped their dogs with?"

Lin Yi mocked without holding back. "The ancient stellar heavenly cycle domain just now was pretty good, but it's a pity that it's nothing in your hands! It looks like it can still be used. Why don't you try it again?"

The Jade talisman was floating above Ouyang kuantian's head, maintaining the small territory around him. Lin Yi didn't know how many more times the Jade talisman could be used, and he was just trying to trick Ouyang laodeng.

Ouyang cuantian gritted his teeth. He had already used the ancient heavenly cycle stellar domain, but he still couldn't take down Sima Yi. What the hell!

This was a huge loss!

He could still maintain his domain for a while, and he might be able to put up a fight if he was alone with the power of the stars, but the shadow in his heart was immeasurable.

Even if he had the strength to fight Lin Yi one-on-one with the help of his stellar field, he didn't dare to do it!

That kind of attack just now wasn't able to hurt Sima Yi at all, and now he was asking Ouyang cuantian to fight him one-on-one? Don't joke around!

"Sima Yi, don't be too smug. You're lucky today! I don't want to waste my energy fighting with you! You've disobeyed the will of the martial Alliance of the continent Island, so someone will naturally come to deal with you!"

Ouyang cuantian didn't want to lose face-he threatened, "I'm the Great Hall Master and patrol envoy of the martial Alliance of Fengqi continent, which is conferred by the martial Alliance of the continent Island. You want to challenge the martial Alliance of the continent Island? I'll see how you die!"

Lin Yi said he wanted to use Fengqi continent to cause a rebellion from the starsource continent, so he said Lin Yi wanted to use the starsource continent to cause a rebellion from the martial Alliance of the continent Island. Let's see who can win in the end!

"Ha ... Only an old fool like you would think that the appointment of the martial Alliance of the mainland island is justified. Do you want to see how I die? Then just watch! What are you going to do now? Do you want to continue fighting, or do you want to get lost?"

Lin Yi used his spirit sense to feel the star Domain around Ouyang cuantian. It wasn't something he could break through, so he gave up on the idea.

Chapter 8995

If Ouyang cuantian wanted to fight, Lin Yi wouldn't mind accompanying him for a bit. They couldn't do anything to each other, after all, it was just a stretch!

If he didn't want to fight, Lin Yi didn't mind letting him go. As long as he got back the power of the martial Alliance in Fengqi continent, he didn't care about Ouyang old Deng!

Ouyang cuantian gritted his teeth. After weighing the pros and cons, he knew that there was no point in staying. When the time limit of the stellar field was up, he couldn't use it again, right?

Therefore, he chose to get lost!

"Let's go!"

Ouyang cuantian's face was dark as he left with a Huff, not even in the mood to talk to Lin Yi anymore!

The rest of the battle generals moved in unison and quickly left the battle circle, bringing their injured and dead comrades with them. The battle was over, but Lin Yi and Ouyang kuantian knew that it was far from over!

"Thank you vice clan leader Sima (vice clan leader) for your help. I'm useless ..."

the head hall master and the patrol brought their subordinates over to thank and at the same time ask for forgiveness, their faces were mixed with gratitude and shame.

lin yi waved his hand and interrupted them, "let's not talk about the formalities. the most important thing now is to clean up the mess and control the situation in fengqi dazhou again. i'm afraid you guys are beyond your power!"

ouyang cuantian left, but there was no guarantee that he wouldn't come back. it was just a few of them, and without lin yi, they'd be taken care of by ouyang cuantian in minutes.

"let's do it this way. you go back to the xingyuan continent first and report what happened here in detail to hall master luo and dean jin. then, bring more people to control the fengqi continent. if necessary, you can go to other continents to gather battle generals to help. "

with the teleportation formation, it wouldn't take much time to go back and forth, and it wouldn't delay taking over fengqi great continent. the important thing was to let Luo xingliu and Jin botian know about the plan of the martial alliance on the continent island!

perhaps the martial alliance of the continent island didn't only target fengqi continent, and similar situations would occur in other continents?

if it was just one or two continents, it would not affect the martial alliance's dominance over the entire starsource continent. however, if more than half of the continents were secretly controlled by the martial alliance of the continent island, the situation would not be good!

Once the starsource continent fell into internal strife, the martial Alliance of the continent Island would come to quell the chaos in the name of righteousness. The entire starsource continent would be doomed!

Therefore, this news had to be informed to Luo xingliu and Jin botian as soon as possible so that they could make early preparations.

"Yes! Your subordinate obeys!"

Everyone bowed in unison and immediately flew in the direction of the transmission array, preparing to return to the starsource continent. Those who could be appointed as the Great Hall Master and patrol of the Fengqi continent by Luo xingliu and Jin botian were definitely not some mediocre fools.

Lin Yi didn't need to explain too much-they knew what they had to do.

He had no choice but to let them go back first. There was no one he could use in Fengqi great continent. The original Great Hall Master and Yan Su were transferred to other great continents and took a group of the most elite confidants.

This wasn't a problem. As the saying goes, "every Emperor changes his courtiers." Even if they weren't taken away, the new Great Hall Master and patrol would inevitably marginalize them and then plant their own trusted aides in them. Only then would they be used with ease and ease.

They didn't expect that Ouyang cuantian would suddenly appear and rebel. The new Great Hall Master and patrol came in a hurry and only brought two retinue with them. In the end, they were directly dumbfounded by Ouyang cuantian.

If Lin Yi didn't come back, they would be dead by now.

Fengqi Dazhou didn't have any useful people. They couldn't play any role if they stayed, so what could they do? It would be better to go back and bring some people to clean up the mess.

And Lin Yi didn't have the mood to care about martial Alliance's matters. This time, the main purpose of returning to Feng Qi continent was to visit Sima Yunqi and su lingyue. Ouyang cuantian was bribed by the continent island's martial Alliance and wanted to rebel, how could he be indifferent to the powerful su family in Feng Qi continent?

Lin Yi watched as the first Hall's patrol left and immediately flashed to Daniya's side. She had recovered a lot, and had also dusted herself off. There wasn't a single trace of her previous embarrassment.

"Daniya, it's all thanks to you, you've helped me a lot! If you didn't break Ouyang cuantian's star Domain, we would still be trapped in there! You might even get injured. "

Lin Yi didn't ask Daniya if she was injured or anything like that-that would be a slap to her face. He only thanked her and dissolved the awkwardness in her heart.

"It's nothing, we're companions! It's just a small matter. I was worried that you would blame me for being a busybody! How can a mere stellar field do anything to you?"

Daniya let out a breath of relief, thinking that she was lucky that Lin Yi didn't see her embarrassing state. She smiled and waved her hand humbly.

"Oh right, Sima Yi, was that old man your opponent just now? He seemed to have some strength, especially that stellar field, which felt very powerful! Next time, how about we join forces and kill him first?"

Daniya's eyes were not ordinary. She could see how strong the effect of the stellar domain on Ouyang cuantian was. At the same time, she could also feel that the stellar domain was a fatal threat to her!

Since it was a threat, he had to kill it in advance! They should be able to take care of that old ghost if they worked together with Lin Yi, right?

"En," Lin Yi replied. "Let's not talk about Ouyang kuantian for now. Come with me to a place. "

The SU's were within the range of Lin Yi's spirit sense, but they had a formation that prevented the detection of spirit sense. Lin Yi could easily break it, but he couldn't really attack.

Lin Yi didn't want to damage anything that belonged to house su, even if he could fix it afterward. It was a sign of respect for the SU family.

He had no choice but to rush over and take a look personally!

The two of them were extremely fast. Not long after they finished speaking, they had already arrived in front of the SU family's Gate. When they saw the two people who suddenly appeared outside the door, the guards of the SU family immediately raised their weapons nervously and aimed them at the two.

"Who's there? Report your name! What business do you have in the SU family?"

One of the guards asked loudly, but he gave off a feeling of being tough on the outside but weak on the inside, as if he was seriously lacking in confidence.

When Lin Yi was at the SU family last time, they were already the number one family in Feng Qi continent. There was an endless stream of families and forces that came to visit and pull strings. It was like a market.

Most of the families and forces that came to visit did not even have the qualifications to enter. Any steward from the SU family would be able to send them away.

This time, it was no longer as lively as before. The front of the SU family's house was empty, and there was no one at all. The guards at the door were all nervous and on high alert. It was obvious that something had happened to the SU family!

Chapter 8996

There were few carriages and horses in the courtyard, swords were unsheathed, and bows were drawn!

"I'm Sima Yi. What happened?"

Lin Yi frowned-the guards at the door looked unfamiliar, perhaps unfamiliar.

And where were the guards that he was familiar with? Is He Dead?

If something happened to the SU family, the guards would be the first to die. Lin Yi's guess wasn't without reason.

"lord sima yi? has lord sima returned?"

the guard's eyes widened, and a sincere smile appeared on his face. however, he seemed to be a little worried, and immediately asked, ""do you have any proof?"

lin yi couldn't help but rub his nose. "you have to prove you're yourself ..." what a serious topic! using the identity card of the secular world to prove it was feasible?

the id tokens only proved that lin yi was the vice head of the martial alliance, vice head of the patrol department, etc. there was no sign of his name on it, so the guard's words really did leave lin yi a little confused. how could he prove it?

The other guard was quick-witted and quickly said, ""I'll go report and ask the manager to come out and take a look!"

Almost all the managers of the SU family knew Lin Yi. After all, Lin Yi had become the pride of the SU family, and anyone with a small status had to know this young master!

"That's fine too. You guys go in and report that Sima Yi has returned. Get someone to come out and see if he's an imposter."

Lin Yi thought that it was a good idea-he didn't need to prove himself, so he'd just let someone else do it.

"Before that, can you tell me what happened in the SU residence? Why was it so different from before? Did Ouyang cuantian make a move on the SU family?"

The most important thing was news about Sima Yunqi and su lingyue, but Lin Yi didn't ask. The guards at the door might not know anything about Sima Yunqi and his wife, so it was better to find out what happened to the SU family first.

In the end, the guard stammered for a long time before saying, ""I'm not very clear about the matters of the family. Young master Sima, please ask the clan leader directly!"

He'd just finished speaking when hurried footsteps came from the other side of the door-a manager was running out at full speed, surprised and happy to see Lin Yi. "It's really young master Sima! That's great! Young master, please come in. I've already sent someone to inform the family head. The family head should have received the news!"

Although it was not confirmed that it was really Sima Yi who had returned, this steward still sent the news in first. Even if it was proven to be wrong in the end, he did not dare to be the least bit slow.

It was clear how important Lin Yi was to the SU family!

Lin Yi nodded at the manager and quickly followed him into the SU residence. Once inside, the restrictions on his spirit sense were lifted, so Lin Yi didn't ask the manager any questions and extended his spirit sense out first.

Within the range of his spirit sense, he could see su yongcang rushing out to welcome Lin Yi, but he didn't see Sima Yunqi and su lingyue.

There were still many places in the SU residence that could block out divine sense, but Lin Yi believed that as long as the news of his return went in, the first to run out would be Sima Yunqi and su lingyue, not the white-haired su yongcang!

lin yi's heart sank when he couldn't see sima yunqi and his wife. something that he didn't want to see had happened, right?

both sides weren't slow, and lin yi saw su yongcang quickly walking out!

su yongcang's snow-white beard had always been well-kept, giving him the look of an immortal, but the su yongcang that lin yi saw now had a bit of panic on his face.

his usually treasured snow-white beard was also a little messy, and he no longer had his previous charm.

su yongcang was excited when he saw lin yi. he rushed up and grabbed lin yi's arms, "brother sima, you've finally returned! how was it? you didn't get hurt, did you? do you feel uncomfortable anywhere?"

Lin Yi was confused-wasn't house su in trouble? I should be the one asking these questions, right?

Lin Yi was already used to su yongcang's way of addressing him-they each had their own way of addressing each other!

"Grandpa, I'm fine! What happened at home? Where were his parents? Why didn't you come out?"

Lin Yi's spirit sense never stopped searching, but he didn't find any traces of Sima Yunchi and his wife in the SU residence. He couldn't help but feel a bit more frustrated, but facing Su Yongchang, he had to suppress these frustrated emotions and ask patiently.

"It's good that you're fine ... It's a long story, so let me ask you a few questions first. Did you commit any crime? I heard that you've been removed from your position as the Great Hall Master and patrol of the martial Alliance of Sangzi continent, is that true?"

Su Yongchang couldn't care about anything else and first asked the thing he was most concerned about, "And what happened to patrol Yan and the original first hall Master? Is Fengqi Dazhou completely under Ouyang Kuantian's control?"

Lin Yi's mouth twitched. Su Yongchang was telling the truth, but it was only a part of it. Taking it out of context could really cause a big misunderstanding.

"Grandpa, it's not what you think. I'll explain it to you later. Keep it short and tell me where my parents are. Did something happen to them?"

Lin Yi wasn't in the mood to tell stories to Su Yongchang. The most important thing now was Sima Yunchi and Su Lingyue's whereabouts!

Su Yongchang understood Lin Yi's feelings and could only sigh, "It seems like it's true! No wonder Ouyang Kuantian was so arrogant. He said you were done for, and the martial Alliance of the continent Island has ordered to investigate your crime. "

"Our su family is being suppressed by Ouyang kuantian with all his might. At the same time, he also wants to capture son-in-law Yun Qi and my good daughter! This old man naturally can't agree to such an unreasonable request, so I've mobilized all of the SU family's combat power and prepared to fight to the death with that old man Ouyang kuantian!"

"In the end, son-in-law Yunqi and Ling Jing refused to implicate the SU family. They took the initiative to shoulder this karma and let Ouyang kuantian capture them. The condition was that they could not implicate the SU family."

"Ouyang kuantian's main target was Yun Qi and his wife, so I readily agreed to their conditions. I didn't agree, so a conflict broke out between the two sides. The SU family was completely no match for them, so they could only watch as that old man Ouyang kuantian took the couple away!"

When su yongchang spoke of his emotions, tears welled up in his eyes. His face was filled with regret and unwillingness, as if he was extremely ashamed of his powerlessness when Ouyang cuantian took away his daughter and son-in-law.

Lin Yi's eyes flashed with a cold light, and he had a strong killing intent towards Ouyang chuantian. If anything happened to Sima Yunqi and su lingyue, Lin Yi swore that he would cut Ouyang chuantian into a thousand pieces and uproot the entire Ouyang family!

Chapter 8997

If they dared to touch the two of them, there was no need for the Ouyang family to exist anymore!

Daniya was following behind Lin Yi and could clearly feel the thick killing intent coming from him. She was shocked-she'd been with Lin Yi for so long, but she'd never seen him with such killing intent.

It seemed that Ouyang kuantian had really angered Sima Yi!

"Grandfather, when did Ouyang kuantian take father and mother away? Did he know where they would be locked up? I'm going to save her now!"

Lin Yi stopped in his tracks and wanted to go save her immediately.

su yongchang quickly grabbed lin yi's arm, "brother sima, don't be impulsive. we need to think about this carefully! you're no longer the great hall master and patrol envoy of sangzi continent, but ouyang kuantian has become the great hall master and patrol envoy of martial alliance of fengqi continent. his status is very low!"

"you won't get any benefits if you go to ouyang kuantian now! it's better to find someone who can suppress ouyang kuantian and ask for him ... for example, the martial alliance's hall master luo from the starsource continent. you've met him before, and he seems to admire you ... and dean jin of the inspection department, he has always thought highly of you ..."

su yongchang didn't doubt lin yi's strength, but no matter how strong he was individually, he couldn't go against the martial alliance! as the saying goes, the people do not fight with the officials. in su yongchang's view, in order to resolve this matter, there must be a big shot with a higher status to come forward.

"as long as we can get one of them to help us, we should be able to let your parents return safely right? as for the price, that's not important!"

su yongcang gritted his teeth fiercely. "whatever our su family has, we can take it out as the price. as long as they're willing to lend a hand to help, this old man doesn't mind going bankrupt!"

"after this matter is resolved, our su family will move! ouyang cuantian is now in fengqi dazhou. if we continue to stay here, we will only be suppressed by him. it might not be a bad thing to find another way out!"

to be honest, lin yi was touched by su yongcang's words. if su yongcang was willing to do this for lin yi, who had lost power, what more could he ask of him?

In other words, it wasn't wrong to say that the SU family's current predicament was caused by Lin Yi, but su yongcang didn't blame Lin Yi at all. In order to save Sima Yunqi and his wife, he was willing to give up everything. Lin Yi must accept the friendship!

As for why Su yongcang didn't go to Luo xingliu and Jin botian for help? Because he couldn't match it!

Without any connections, he couldn't even give gifts and beg for help!

It was like a rich man in a certain place who usually interacted with the local officials. In the end, when he encountered a provincial senior official who made things difficult for him, he wanted to use all his assets to ask for help from the central government. Who would care about him?

A broken family's County Magistrate, a house magistrate who exterminated an entire family!

After losing Sima Yi, and without the support of the original martial Union's great Hall Master and patrol envoy Yan Su, the SU clan had quickly transformed from the number one clan in the Phoenix Nest continent to an ordinary clan that could be easily suppressed by Ouyang cuantian.

After all, the Ouyang family's Foundation wasn't much worse than the SU family 's, and with Fengqi Dazhou's official power, the SU family really had no room to resist!

This was su yongcang's current helplessness!

Lin Yi let out a breath of air and patted su yongcang's hand, comforting him, "Don't worry, Grandpa. The SU family doesn't need to move. Feng Qi continent will always be the SU family's land!"

A big family would have its own roots. Unless it was the last resort, no one would want to move the whole family. After all, it was not easy to leave the old place and move to a new place.

The local family forces had already divided up the territory, so how could they allow a big family to come in and get a share?

Powerful wild beasts all had their own territories. If foreign wild beasts wanted to step into their territories, it would be equivalent to a war horn, and both sides would fight to the death!

Su yongcang felt that Lin Yi was just consoling him and couldn't help but sigh. He wanted to say something but Lin Yi didn't stop. What he continued to say made his eyes widen.

"Although I've resigned from my position as the Great Hall Master and patrol of the martial Alliance of Sangzi continent, it's only because I have a new appointment! Now, I'm the Vice Hall Master of the martial Alliance of the starsource continent and the vice-director of the starsource continent's inspection department! It's even higher than his position in Sangzi continent!"

Lin Yi didn't want to show off, but there was nothing more suitable than these titles to placate su yongcang's uneasiness. "Other than that, I'm also the president of the continental martial league's combat Union, and I have the right to mobilize all the combat generals of the 39 continents! As for the other vice presidents of the array Dao Guild and the pill Dao Guild, there's no need to even mention them!"

Su yongcang's eyes widened even more, his mouth opened wide and couldn't close anymore. He really couldn't accept what Lin Yi said—he thought he'd fall into the dust, but who knew he'd soar into the sky!

The reversal was too big, su yongcang felt that his old heart was beating a little too fast!

"Brother Sima, is everything you said true? In that case, it'll be more convenient for you to ask Hall Master Luo and Dean Jin for help!"

Su yongcang was too excited, his brain still couldn't wrap itself around it. He thought that Lin Yi still needed help, but he only realized who Wanwan needed help from after that!

The Vice Hall Master of the continental martial League, vice-headmaster of the inspection department, President of the combat guild ... With all these titles attached to him, did he still need help from others? Sima Yi could solve all the problems on his own!

Lin Yi smiled as he patted su yongcang's back, the meaning of comfort was obvious, but su yongcang didn't feel anything wrong with it. On the contrary, he enjoyed it, and his mood was very relaxed.

"Yes, Grandpa, you're right! So don't worry, I'll take care of everything! Tell me first, do you know where father and mother are? The Ouyang family?"

Lin Yi had asked once before, but su yongcang was worried that Lin Yi would be impulsive and ruin things, so he didn't answer. This time, su yongcang didn't resist as much!

"Son-in-law Yunqi and Ling Jing were not taken to the Ouyang family. Although they did it very discreetly, our su family has deep roots in Fengqi continent. It's not so easy to hide from us."

Su yongcang recovered his past imposing manner and said with a cold snort, ""According to the news that our people have sent back, son-in-law Yun Qi and Ling Jing have been taken to the sky array sect's sub-school. I heard that the sky array sect on the continent Island has sent people over to reorganize the sect. Therefore, the sky array sect's sub-school has flourished again."

"The sky array sect and Ouyang kuantian must have formed a secret alliance and are now in the same boat. They must have sent son-in-law Yun Qi and Ling Jing to the sky array sect to suppress them with an array!"

"It's a good thing you're back. The sky array sect's array may be a chasm to others, but to you, it's just a toy that you can easily break."

Chapter 8998

Lin Yi's attainments in the field of arrays were already well-known, and su yongchang was full of confidence in Lin Yi. It wasn't like the sky array sect hadn't suffered before. In his opinion, if Lin Yi made a move, the sky array sect wouldn't be a match at all!

In terms of confidence in Lin Yi, even Lin Yi himself couldn't compare to these people!

Su yongchang was originally most worried about the pressure from martial Alliance, but now that he didn't have this worry, it was much simpler.

"This old man will gather people now. We will immediately set off to the sky array sect's sub-school to pick up the people!"

It was time to hold his head high! Su yongchang was not vague. When he could face it head on, he was really not afraid!

Lin Yi quickly waved his hand, "no need, no need. Having more people won't help. It's not like I haven't been to the sky array sect before. I can handle it myself!"

Su yongchang frowned, "you can't possibly go over alone, right?" Although there are no masters in the sky array sect sub-school, that was in the past. Who knows, maybe now there are some powerful people who have secretly come?"

"They might have captured son-in-law Yun Qi and Ling Jing to use them as bait to lure you over and ambush you. It's too dangerous for you to go alone, so it's safer to bring more people!"

"Moreover, son-in-law Yunqi and Ling Jing are both from the SU family. There is no reason for the SU family to stay out of this matter! Don't worry, the elites of the SU family will be going this time. They won't be a burden to you!"

"I'm not saying that house su is holding us back, it's just that the sky array sect's people won't be of much use ... Alright, alright, you can send people over. We'll head to the sky array sect's branch in two hours." Lin Yi smiled.

"Even if it's to support us, it'll be a backup plan. At the same time, we'll see if the Ouyang family will go over and cause trouble. As for me, I'm not alone. Beside me is my companion Daniya, whose strength is above mine. With her helping me, the sky array sect can't do anything to me. "

Lin Yi pushed Daniya out. It was a bit of a mess before, so su yongcang didn't pay attention to Daniya, and Lin Yi didn't have the chance to introduce the two.

Su yongcang solemnly cupped his hands. "This old man is su yongcang. I'm truly sorry for my negligence earlier. Young lady, please don't mind!"

"Senior su, you're too polite. I should be the one saying sorry for coming to disturb you!"

Daniya was also very respectful and polite. After coming to the human world, she had seriously learned some human etiquette. Although she couldn't say that she had completely mastered it, she could be considered to have a decent style.

To be honest, su yongcang didn't really believe that Daniya was better than Lin Yi. He thought that Lin Yi was just being humble and trying to elevate Daniya.

Speaking of which, even if Daniya wasn't as good as Lin Yi, as long as she was at the same level, she would be a Super Master. With such a helper by his side, he didn't have to worry about Lin Yi losing out in the sky array sect.

After a few small talk, su yongcang returned to the main topic, ""If that's the case, then I'll follow your arrangements. I'll send someone to pick you up in two hours."

"As for the Ouyang family, we will also arrange for people to keep an eye on them. If there is any unusual movement, we will act first and block them outside the sky array sect, not allowing them to go over and cause trouble."

Lin Yi wanted to tell the Ouyang family not to stop them, but then he thought that the strength of the Ouyang family's practitioners wasn't that great. Letting the SU family deal with them would give them something to do. He nodded and left the SU family with Daniya, heading to the sky array sect's branch.

After Lin Yi left, su yongcang immediately started the general mobilization of the SU family, gathering all the elite martial artists and sending out many Scouts to gather information. It only took less than an hour for them to complete the assembly.

Lin Yi said that they would leave in two hours, but su yongcang couldn't wait. In less than an hour, he personally led the team and set off. The scouts kept reporting that there was no movement from the Ouyang family, so the SU family went to the sky array sect branch to pick Lin Yi up.

If the Ouyang family made a move, they would set up an ambush and kill the Warriors of the Ouyang family first!

Lin Yi and Daniya quickly arrived at the sky array sect's branch.

"Is this the sky array sect's sub-school? It doesn't look like much!"

It was Lin Yi's first time here, but it was Daniya's first time here. She didn't think much of the sky array sect's size.

"It's indeed not much. I don't know what kind of expert they sent this time, or what kind of trump card they have that they actually dared to touch my parents!"

Lin Yi's face was cold as he stepped forward and kicked open the sky array sect's Mountain protection formation!

No improvement! It was still the same, was this all the sky array sect could do?

Daniya praised, "how domineering!" The sky array sect has provoked the wrong person! Their formation really isn't a big deal to you!"

Lin Yi didn't say anything and continued to move forward with Daniya. The people from the sky array sect realized that their formation was broken and reacted quickly. In the blink of an eye, dozens of people flew over, but when they saw that it was Lin Yi, they retreated even faster than before.

"Sima Yi, it seems that you have a very fierce reputation in the sky array sect's sub-school. So many people run away when they see you. You can be said to be an Army that can subdue others without fighting. Impressive!"

Daniya was as relaxed as if she was on a mountain hike. She smiled and gave Lin Yi a thumbs up as she looked around, enjoying the scenery.

It didn't take a genius to know that the sky array sect had chosen this place as their base-it had to be a place with beautiful mountains and clear waters. Daniya clearly liked this place a lot, and even said to Lin Yi, "This place is really beautiful. I like this place very much. Why don't we take it over and make it our villa?"

Lin Yi really wanted to say that he'd already taken this place once, and that it'd be more appropriate to just destroy it ... But it was rare for Daniya to say that she liked a place, so this small request should be enough, right?

Lin Yi nodded after some thought, "sure!" In any case, the sky array sect won't want to stay in the Feng Qi continent anymore. This place is empty, it's no problem to snatch it!"

The sky array sect should be used to Lin Yi taking over their sub-sect by now, right?

In the sky array sect's Square, there were twenty martial artists standing quietly. The rest of the sect's people were scattered all over the place. Lin Yi's spirit sense tore through all the formations that blocked the spirit sense, and the entire sky array sect was covered in ice.

In the eyes of a normal person, the sky array sect people were all hiding in different places, but in the eyes of an array master like Lin Yi, it was clear that these people were all hiding in the nodes of a big array.

Chapter 8999

In the end, the heaven array sect still had to rely on array techniques to determine the outcome!

Lin Yi didn't care about these things at all. The only people he was worried about were Sima Yunqi and su lingyue, but he couldn't find them in the range of his divine sense. This made Lin Yi's face colder and colder, and the killing intent in his eyes grew stronger.

Su yongcang wouldn't lie to Lin Yi. Sima Yunqi and su lingyue must have been sent here, but they couldn't be seen now. It could only mean that they were moved to another place.

"Do you need to introduce yourself? You guys should know that I'm Sima Yi, right? You're doing all this just to wait for me, right?"

Lin Yi and Daniya stood side by side in front of the twenty practitioners, his eyes cold as he looked at them. "I'm coming! Hand over the person or tell me where he is, and I can spare your lives today! There's only one chance, so I hope you'll seize it!"

Don't mention the name, everyone knows!

"Sima Yi, there's a way to heaven, but you refuse to take it. There's no Door to Hell, but you barged in. Since you're here, don't even think about leaving today! As for the person you're talking about, when you're dead, you can ..."

One of the twenty practitioners laughed. They didn't make a move, but Lin Yi could clearly feel that these twenty people were all heaven breaking Masters!

Twenty heaven breaking Masters ... The sky array sect didn't have that kind of power. Without a doubt, they were from the sky array sect on the continent Island, and their goal was to deal with Lin Yi!

These guys thought that they had the absolute advantage in numbers, but they also felt that they were at a completely different level in terms of strength. With the help of the sky array sect's formations, it was a piece of cake to take Lin Yi down.

So the guy who spoke didn't feel guilty at all-he used a joking tone to tease Lin Yi, but before he could finish, Lin Yi moved!

How strong would Lin Yi be if he went all out? How fast would the Super butterfly microstep be if it was fully activated?

The answer was right in front of him!

The man's eyes were on Lin Yi the whole time as he spoke-he felt Lin Yi move a little, and a long sword with a black glow appeared in front of him. The next second, the world in his eyes split in half and quickly collapsed!

Even at the moment of his death, he was still unable to react. Because of a single mistake he made, he was cut in half by a sword! And the last thing he saw before he died was a person not far away who did not seem to have moved, and a person who looked exactly the same in front of him ... Why were there two Sima Yi 's?

With these questions in his mind, this heaven breaking expert fell into an eternal sleep. No, he probably didn't sleep so peacefully ...

Lin Yi kept his sword and retreated, his original body replacing the afterimage as if he'd never left.

Only the two halves of the heaven breaking cultivator's corpse could prove what had just happened!

Hurry up! It was too fast!

The remaining 19 martial artists were terrified! All they saw was the black light and the afterimages Lin Yi left behind as he moved-they couldn't see the details!

In other words, if they faced Lin Yi's attack, they wouldn't be able to fight back either!

Among all the martial arts in the world, only speed was unbreakable!

When one was truly fast to the extreme, one would be able to break through the limits of technique and strength. Extreme speed could destroy everything!

"Don't talk nonsense! Tell me honestly, where is he? my patience is limited, so don't try to test it!"

Lin Yi looked at the 19 remaining heaven breaking Masters with a blank expression. These heaven breaking Masters from the sky array sect on the continent Island seemed to have inherited the characteristics of the sky array sect. Their strength was a bit low!

Perhaps they weren't array Masters, but Warriors and guardians of the sky array sect. But the facts had proven that the sky array sect's Warriors were all inferior!

They couldn't even see Lin Yi's movements, so where did they get the confidence to think that they could take Lin Yi down with numbers?

The remaining nineteen practitioners were still a little carefree and thought that Lin Yi was an easy opponent, but after one of them died, they realized how terrifying the opponent they were facing was!

So they moved instinctively and formed a battle formation, focusing all their attention on Lin Yi. As for the cute girl beside Lin Yi, they completely ignored her!

Daniya was a little unhappy, feeling that being ignored hurt her self-esteem. Was the big sister not pretty, not pretty, not adorable? Why did he have to ignore little missy?

Looking at Lin Yi beside her, Daniya decided to hold back the unhappiness in her heart for now. She'd kill all those stupid people when the fight started later!

Lin Yi didn't pay attention to Daniya's emotions, but looked at the formation opposite them, his lips curling into a disdainful smile, "So, you think you can test my patience by using a battle formation?"

As soon as he finished speaking, he moved and his sword shot out!

The black light seemed to cut open the void, opening the door to Hell. Battle formations could indeed improve attack, defense, and other stats, but in front of Lin Yi, a battle formation full of flaws was less useful than a pile of sand.

In a battle formation, while each person complemented each other, there was also the possibility of influencing each other. To put it bluntly, they would be dragging each other down!

For example, if one of them fell down when two people were on three feet, the other one would not have an easy time either. It was good enough that they could stand, but to continue running? What was he thinking?

Thus, when the black light cut into the battle formation's weak point, not only did the entire battle formation's operation stop, but it also affected the people who formed the battle formation. Caught off guard, the demon devouring sword easily killed another heaven breaking cultivator.

Lin Yi couldn't believe it himself-since when could he kill a heaven breaking practitioner as easily as cutting vegetables?

Under normal circumstances, no matter how weak a heaven breaking cultivator was, they should at least have a chance to resist, right? Even if they didn't exchange blows, they could at least block one or two moves!

Or was it that the heaven breaking realm cultivators of the sky array sect were too weak!

Lin Yi kept his sword and flew back to his original position as if he never moved, ""Don't bring out such a childish thing to embarrass yourself. Quickly tell me the whereabouts of the two elders, and I can spare your lives. If you continue to delay and challenge my patience, none of you will be able to live!"

The other fighters went silent. Lin Yi's strength was far beyond their imagination. Two people were killed in a row without any resistance, and one of them was killed while forming a battle formation. They couldn't accept it.

"Sima Yi, don't be too arrogant. Sima Yunqi and su lingyue are your parents, right? They aren't here right now, but your actions here will be retributed on them!"

After a moment of silence, one of the cultivators said in a deep voice, ""Of course, they won't be killed at once. Instead, they'll suffer all kinds of torture, and they'll wish they were dead. Are you okay with that?"

Chapter 9000

"If you really care about them, you should just surrender now! I can promise not to harm your life, and I can also let your family be reunited. How about it? consider it carefully. "

He felt that using Sima Yunqi and su lingyue to threaten Lin Yi would be a very good way. In fact, before Lin Yi came, they didn't even bother to use this method. They felt that it was too embarrassing to use hostages to threaten Lin Yi.

But now, he'd completely changed his mind. He felt that using a hostage to threaten Lin Yi was the best and most appropriate choice!

Lin Yi's cold eyes turned to the man who spoke, and the man felt a chill rising from the bottom of his heart. It took him a long time to finish his sentence, and then he looked back at Lin Yi with fierce eyes.

In less than two seconds, the guy was defeated by Lin Yi's eyes and looked away guiltily. Lin Yi's eyes were too cold, and the more they looked at each other, the colder he felt.

Lin Yi's eyes were like he was looking at a dead man, and he felt like he was already dead ... Who the hell could take that?

"Wrong answer!"

The black light bloomed again, and this time, the remaining practitioners were prepared. They defended with all their might, trying to stop Lin Yi and save the one who just spoke.

The result ... Was no different!

The sky array sect's martial artists became seventeen, and Lin Yi returned to his original spot as if he hadn't moved at all. The other martial artists were going crazy.

"Sima Yi, do you really not care about the lives of Sima Yunqi and Su Lingjing? They'll really be tortured and won't be able to live or die!"

"So what if you're powerful?" one of the martial artists shouted. They could be killed at any time, so who could you save? If you don't care about them, why would you come here?"

Did Lin Yi not care about the life and death of Sima Yunqi and his wife? Of course not!

But just because he cared didn't mean he had to be cautious. If Lin Yi compromised, not only would Sima Yunqi and his wife die, even he himself wouldn't be spared!

"Don't threaten me with these boring words! If the two of you are injured, I will bury all the sky array sect members on the sub Island! I'll start with you guys!"

Lin Yi's attitude was unyielding as he raised the demonic blade in his hand and pointed it at the remaining seventeen practitioners. "This is your last chance. Are you going to tell me or not?"

If they didn't want to tell him, he would kill them all and use his soul-searching technique to find clues!

The primordial spirits of these second-rate heaven breaking cultivators were not strong, so it should not be difficult to kill them and search their souls. The only thing to consider was that if he searched their souls too much, he would leave behind useless dregs in their primordial spirits.

He really didn't want to use the soul-searching technique unless he had no other choice!

The martial artist who had just spoken broke out in a cold sweat. He had already realized that everyone who had just spoken was already dead, and he would be the next ...

Damn it! Why did he encounter such a powerful guy? he was simply a freak!

"Are you all dead? Why isn't it done yet?"

Under the pressure, the guy couldn't help but shout. At first, they thought that twenty heaven breaking practitioners, one pinky finger each, would be enough to kill Lin Yi twenty times.

Therefore, he didn't pay much attention to the preparation work. Now that three people had died and their lives were in danger, he really couldn't hold it in!

It was a life-saving item! Did he have to wait until all of them were dead before he could make a move?

As soon as he said that, the people on the nodes of the array finally finished their preparations. Beams of Starlight shot up into the sky and instantly gathered into a dazzling star Screen.

The formation nodes were gone as well, and Lin Yi's spirit sense didn't detect any of them. All that was left were the endless void and the nineteen people standing there, as well as three corpses.

The ancient heavenly cycle stellar domain (fake)!

It was also a counterfeit version of the ancient stellar heavenly cycle domain, but the one used by the sky array sect was obviously much more powerful than the Jade talisman used by Ouyang chuantian.

If Ouyang cuantian's jade talisman could only display 20% of the power of the genuine Star Domain, the sky array sect's sub-school could display almost half of the power, and naturally had more means.

Everyone was a counterfeit, but there were also low imitations and high imitations!

The sky array sect had spent a lot of time activating the ancient heavenly cycle stellar domain. It was not as simple and easy as the Jade talisman. During this period, three heaven breaking cultivators had even died. They had used their lives to delay the activation time. These three heaven breaking cultivators had probably died in grievance.

A mighty heaven breaking expert could only be used to delay time? He was already dead, and there was no place to reason with!

The moment the stellar field was completed, dazzling Starlight sprinkled down, and the remaining seventeen people all received a substantial improvement in all aspects.

Lin Yi was stunned. The sky array sect members at the nodes were already under his spirit sense's surveillance, but he didn't expect them to activate the ancient heavenly cycle stellar domain!

If it was his first time facing a star field of this level, Lin Yi might be helpless, but after fighting Ouyang kuantian, he had some experience.

Moreover, the ancient heavenly cycle stellar domain launched by the sky array sect was slightly different from the stellar domain launched by Ouyang chuantian with the Jade talisman. Not only in terms of power, but also in the way it was executed.

Strictly speaking, the Jade talisman was a part of the power that had been separated from the real ancient heavenly cycle stellar realm. Rather than calling it a counterfeit, it was more like a super-weak version of the ancient heavenly cycle stellar realm.

On the other hand, the sky array sect used the array method to simulate and replicate the ancient stellar field. Although the power of the simulation was stronger than the Jade talisman in Ouyang chuantian's hand, it was a genuine counterfeit!

There was a fundamental difference between the two. Most people couldn't understand this difference, and they couldn't resist it either. They would die either way, so what was there to care about?

Lin Yi, on the other hand, wasn't like most ordinary people. He'd seen the ancient stellar realm from Ouyang chuantian's jade talisman, and he was a Diamond Grade formation master himself. After seeing the formation of the ancient stellar realm with his own eyes, he knew the difference between the two!

The power of the stellar field in front of him might be stronger than the Jade talisman, but since it was simulated and replicated by an array, it actually had a bigger flaw than the Jade talisman!

As expected, the strongest point was often the weakest point!

"Do it, kill Sima Yi!"

With the star energy, the martial artists 'auras skyrocketed, and their attack and defense both improved greatly. Naturally, their confidence in defeating Lin Yi increased as well.

The practitioner who spoke shouted and led the rest of the practitioners towards Lin Yi. Everyone's body was shining like stars, like a god descending to the mortal world.
