

Bodyguard 9061

Chapter 9061 Power

Break out? That would be a joke! Sending the meat into the mouth of the night demonic Wolf was the real thing!

Huangshan Mao was scared out of his wits and his back was instantly drenched in cold sweat!

If they continued to break out, they would be wiped out in the blink of an eye. Huangshan Mao had no other choice but to lead his team back. After all, they were surrounded by the strong night demonic wolves. Only the wolves at the beginning of the mountain could barely make it.

The four people who were treated as cannon fodder by Huang Shan Mao didn't suffer any serious injuries. On the contrary, everyone in their small group was injured in a short time. Jin ziduo suffered the most serious injuries from the direct confrontation and the others were only slightly better than him.

Huang shanmao was desperately shouting for the four to retreat into the cave, not because he cared about them, but because he didn't want them to block his way! If Lin Yi and the others didn't Dodge in time, he might even kill them with his battle formation!

Unfortunately, the night demonic wolves didn't give Huang Shan Mao the chance to kill his companion. Their movement speed was faster than humans of the same level. Before the two sides met, the night demonic wolves had caught up with the battle formation and surrounded them again!

This time, it was Huang shanmao and the rest's turn to despair. They had failed to break out of the encirclement and even their retreat route was cut off. They could barely maintain the battle formation but everyone was injured and had no strength to fight.

Although they had killed over ten Darknight demonic wolves, it did not have any effect on the entire pack!

At this stage of the battle, the pack of night demonic wolves was no longer in a hurry. They started to circle around Huang shanmao and the rest, teasing them like a cat toying with a mouse!

"Hahaha, it's really interesting to see you humans in despair! Interesting, interesting!"

The man laughed and rubbed his chin, "However, killing you guys like this seems a little too fast. That won't be interesting enough!"

"Why don't we do this? Aren't there many humans who will kneel and beg for mercy? If you kneel down and beg me, I'll consider sparing you once! How was it? I've been good to you, haven't I?"

"I'm just kneeling and begging for mercy, it's nothing! You've killed so many of our clansmen, and all you have to do is kneel down and beg for mercy, and you'll be able to keep your lives. Is there any better deal than this?"

"We don't have much time left! If you continue to delay, you will all die! Need to consider? No problem, just think about it. If you're only killed, you won't have the chance to kneel!"

Huangshan Mao spat out a mouthful of blood and felt his chest ease up a little. However, his body was getting weaker and weaker. When he heard the words of the man, he couldn't help but spit.

"Mere darkness magical beasts are nothing more than beasts. They're usually our meat, and they actually have the face to make us kneel? Stop dreaming! We'd rather die than bend our knees to the darkness demon beast clan!"

"If a man of the human race kneels and begs for mercy, he'll be better off dead! What's the point of struggling at death's door? Son of a B * tch, come! Come and kill your grandfather! A man of the human race can only die standing, but never live kneeling. Today, I will die!"

Huangshan Mao was a vicious person and had his own schemes. He didn't feel guilty at all for using Lin Yi and the others as cannon fodder. He wasn't a good person at all!

However, at the moment of life and death, he had a backbone and did not embarrass the human race!

The Transformed Man clicked his tongue in admiration. "You do have some integrity. This is rare. For a tough guy like you, I will definitely fulfill your wish and let you die!" Kill him, don't leave his corpse intact, we'll split it up and eat it!"

Huangshan Mao's face was pale, but he didn't beg for mercy. Instead, he laughed out loud. Although his laughter sounded weak, he managed to hold on and didn't collapse at the last moment.

Lin Yi's impression of Huang shanmao was pretty bad at first-this idiot was targeting him at the start, and even wanted the four of them to be cannon fodder to attract the wolves "attention.

So Lin Yi didn't care about the lives of Huang shanmao and the others. If they could struggle to come back alive, then they would retreat into the cave. If they died on the way, it was their own fate!

But Huang shanmao's sudden determination made Lin Yi look at him in a new light. No matter how many flaws this idiot had, he didn't waver in his position as a Dark Beast. Giving up his life in the face of major issues was still worthy of praise!

Since that was the case, he might as well save them a little!

"Stop!"

Lin Yi growled and activated his spiritual needle, attacking The Transformed Man. He was the leader of the pack, and it was obvious that he was the leader here!

The Transformed Man wasn't prepared for Lin Yi's attack, and he felt a sharp pain in his head. His vision blurred, and he almost fell to the ground.

Fortunately, the night demonic Wolf had held him back and didn't make a fool of him.

And this was the result of Lin Yi showing mercy-if he had added more power, his sea of consciousness might have exploded!

Of course, Lin Yi had to go easy on him. This level of strength had already made the star power in his spirit start to stir. If he used more strength, he would probably be dismembered by the pack of night demonic wolves at the same time he killed the man!

"Can we have a chat?"

Lin Yi looked at The Transformed Man with a faint smile on his face, not revealing the effect of the power of the stars on him at all.

The man was terrified. He covered his forehead with one hand and raised the other."Stop!"

The pack of demonic Night Wolves did as they were told-they all stopped, and Huang shanmao and the others took the chance to rush over and join up with Lin Yi's group.

They didn't know what had happened, but they knew the severity of the situation. They didn't take advantage of the night demonic wolf group's pause in their attack to launch a sneak attack.

The consequences of having a cheap hand would definitely not be good. It was better for everyone to not die, so the two sides were in a stalemate for the time being.

"Hehehe, I really didn't expect there to be a surprise hidden here! Who are you? He's really well-hidden!"

The Transformed Man looked at Lin Yi with a hint of fear in his eyes, "So, what do you want to talk about?"

Lin Yi shrugged and chuckled. "What else can we talk about? Peace, love, and so on, okay? Actually, I hate fighting and killing the most. Isn't it good to be alive?"

"You see, both sides have suffered casualties. Of course, we are the ones injured, and you are the ones who died. It seems that you have suffered a loss, but compared to all of you dying, the current losses are still very light and completely within an acceptable range!"

"How about we stop here? If you leave, we'll leave too. From then on, we'll forget about each other and never have any more interactions. Doesn't that sound like a good suggestion?"

Huangshan Mao looked at Lin Yi in fear. Was he worried that they wouldn't die fast enough? Was he deliberately provoking the darkness magical beasts?

Chapter 9062 Power

Jin ziduo was also shocked and furious. With his heavy injuries, his blood and Qi surged, and he spat out a large mouthful of blood with a pfft.

The man laughed in anger, "hahahaha, what a joke!" Do you think you can threaten us like this? That would be underestimating me too much! That was your best chance, but you missed it!"

"Now that I'm on guard, why don't you try again? Even if you succeed, how many times can you activate it? How many of us can you kill? Before your people die, you'll probably get yourself killed first, right?"

The Transformed Man knew that Lin Yi was using a spirit sense attack, and he was indeed afraid. However, as far as he was concerned, with Lin Yi's strength, three to five of those attacks was already his limit!

If it was possible, he should have been ambushed and killed just now, instead of negotiating with a clear mind. It was obvious that the other party had the means but could not make the final decision! Now that he was on guard, the effect of the spiritual sense attack just now would be further reduced.

In addition to the large number of night demonic wolves around them, even if it was a battle of attrition, they had the confidence to win!

"Why don't I give you a chance to make a choice? surrender now, and I'll leave you with an intact corpse and give you the right to die a quick death. If you don't surrender, I guarantee that you'll all be torn to pieces!"

The man was confident and continued to threaten Lin Yi, showing his tough side.

Huangshan Mao and the rest felt that it was a little strange. The night demonic wolf group clearly had the upper hand, so why would they have such an attitude? Just what had Sima Zhong da done to make The Transformed Man feel a trace of fear?

They'd been fighting with their lives on the line, and hadn't noticed Lin Yi's movements at all. From what The Transformed Man said, it seemed like he'd suffered a loss at Sima Zhongda's hands?

He grabbed a blade of grass! What the hell happened?

Huangshan Mao and the rest were in a state of confusion. However, no matter what, they would never surrender. They would never surrender.

"Hehe ... You really don't know what's good for you! I gave you a chance to retreat, but you always think that you can control the overall situation! You won't shed tears until you see the coffin?"

Lin Yi didn't back down at all, even looking down on his opponent, "Although the heavens care for all living things, if you insist on seeking death, I'll definitely fulfill your wishes!"

The man laughed, "who doesn't know how to Bluff? if you really have the ability, then show me!" Perhaps you can defeat me if you go all out, but I still have the ability to crush you. Come! Show me your moves!"

"I'll fulfill your request this time since you're so insistent!" Lin Yi shrugged.

Before he finished his words, the demonic consciousness shock silently erupted toward the pack of night demonic wolves!

Lin Yi didn't use too much strength and only used the full foundation of earth-creation level spirit sense to attack. It was beyond his current limit, but he could still suppress the star power within the range of earth-creation.

The pack of night demonic wolves trembled. The sea Rift-stage night demonic wolves were dazed for a moment, and the earth splitting-stage ones were even more dazed, and their legs were also a little weak.

The night demonic Wolf in the mountain opening stage was the most miserable. It directly collapsed on the ground and fainted. If it wasn't for the fact that divine sense shock was an area of effect skill and its damage wasn't too strong, it wouldn't have died after being unconscious.

The Transformed Man was a little dumbfounded. He wasn't affected too much-he'd been at a disadvantage just now, and was prepared this time. Plus, Lin Yi's spirit sense vibration was an area-of-effect skill, completely different from spirit sense needles, so he could still maintain his condition.

However, the other night demonic wolves were also affected, completely overthrowing his guess that Lin Yi only knew one spiritual sense attack skill!

One wrong move and the whole game would fall!

The Transformed Man was shocked. Lin Yi had proven that numbers weren't an advantage at all. If Huang shanmao's team cooperated with Lin Yi's spirit sense vibration, they could kill at least one-third of the night demonic wolves in an instant, and all of them were earth opening and above!

Without waiting for The Transformed Man to react, Lin Yi used butterfly steps and nimbly moved through the gaps of the demonic Night Wolves, appearing in front of The Transformed Man quietly with a short knife at his neck.

The Transformed Man hmphed coldly and was about to counterattack. As far as he was concerned, Lin Yi's spirit sense attack was mysterious, but his body refinement level was nothing!

Both sides kept their distance, and if Lin Yi used his spirit sense to attack from a distance, The Transformed Man wouldn't be able to do anything to him, but if he came to him on his own accord, it would be a completely different story!

"You're looking for death!"

The Transformed Man raised his hand, ready to crush Lin Yi to death. A sea splitting cultivator against a mountain splitting cultivator-crushing Lin Yi was like an ant to The Transformed Man.

But just as he raised his hand, he felt a terrifying aura that could destroy the world coming from Lin Yi's body!

The Transformed Man was extremely frightened. No matter what he did, he couldn't extend his raised hand! He didn't even have the chance to attack a heaven breaking cultivator!

So, should he still extend his hand? Wouldn't it be a dead end if he stretched his hand out?

Lin Yi smiled calmly as he moved the knife in his hand. "Can we still have a good chat? For a peace-loving person, fighting and killing is really unnecessary!"

If it weren't for the star power, Lin Yi wouldn't waste so much time talking and would've turned them into ashes in a second. These dark beasts were all trash.

However, Lin Yi really couldn't kill them right now. Just that one instant where he exposed his aura was enough to almost cause the star energy to go berserk. If he made a move, one of them might die first ...

To put it bluntly, Lin Yi was just trying to scare The Transformed Man. If he really did fight, he could kill them, but he might also lose his life. It wasn't worth it!

The Transformed Man's expression was extremely unsightly, but he obediently put down his raised hand. Facing an opponent he couldn't defeat, he very wisely chose not to resist.

"You're right. Fighting and killing is really meaningless. I'm actually a pacifist too. We're really like-minded!"

The man calmed himself down and laughed, "I think your proposal just now is very good. Let's shake hands and make peace! From now on, we'll forget about each other and never meet again!"

Unless The Transformed Man could get help from a Clansman above the heaven breaking stage, he wouldn't dare to mess with Lin Yi anymore!

He didn't move, but he killed with one strike!

The night demonic Wolf was flexible, just like the seven night demonic wolves from before. If they couldn't win, they would retreat decisively and bring enough reinforcements to regain their face. However, they didn't expect to hit an iron plate again!

Chapter 9063 Power

Lin Yi's unexpected strength completely extinguished the night demonic wolf group's momentum. Forget about revenge, it was already a blessing to be able to leave this place alive!

Huangshan Mao and the others were shocked. They didn't know what Lin Yi did to face The Transformed Man directly. The situation of the pack of night demonic wolves was also very strange.

They didn't experience the clash of senses, so they didn't know what the demonic wolves were going through. Lin Yi's heaven breaking aura was only directed at the man. The others and the demonic wolves couldn't feel the despair in the man's eyes.

In other people's eyes, Lin Yi's movements were fast, but his aura was maintained at the mid-stage of mountain split realm.

So, did he see a ghost?

How could a martial artist at the middle stage of the mountain split realm do this? He even put a knife to the neck of The Transformed Man. He must be crazy!

What was even more outrageous was that The Transformed Man had actually admitted defeat!

Even if someone had a knife to his neck, he shouldn't have admitted defeat, right?

Huang Shan Mao thought for a moment. If a xuansheng stage cultivator had a knife to his neck, as an expert of the earth opening stage, he reckoned that even if he stood still and let the other party cut him, he might not be able to hurt his skin.

If he wanted to fight back, he could just move a finger and destroy the opponent. The Transformed Man and Lin Yi's situation was similar. Huang shanmao thought that The Transformed Man was just acting cool, but he realized that he wasn't ...

"Very good. I like communicating with smart peaceful people the most. As expected, I understand everything with just a little hint. It's not hard at all! Then it's a deal!"

Lin Yi smiled as he put the knife away, casually cupping his hands to the man. "Then we'll part here. I won't send you off, you can go!"

"From now on, the sky is high and the road is long, we'll never meet again! So, there's no need to ask for your name! It's good that we've forgotten each other, take care!"

The Transformed Man forced a smile and cupped his hands at Lin Yi perfunctorily before turning to leave. The pack of demonic Night Wolves didn't make a sound and followed behind him, disappearing after a few flashes in the forest!

Lin Yi wiped the smile off his face and felt a little helpless. It was embarrassing that he had to scare a group of night demonic wolves!

If he recovered his strength, he would definitely kill this group of night demonic wolves if he encountered them again!

Seeing the pack of night demonic wolves leave, Huangshan Mao's team finally heaved a sigh of relief. Those who were injured no longer felt any pressure and immediately collapsed on the ground, gasping for breath.

Qin wunian, on the other hand, wasn't injured from following Lin Yi. He was only jogging toward Lin Yi because Lin Yi's performance was simply too amazing, and she wanted to figure out what was going on.

Huang shanmao hesitated, but still followed Qin wunian to welcome Lin Yi. Before Qin wunian could say anything, he cupped his fists and bowed, ""Brother Sima, it's all thanks to you this time! All of us will be able to save our lives! I can't thank you enough for your great kindness. If you need any help in the future, just say the word!"

Lin Yi didn't want to help them at first. If it wasn't for Huang shanmao saving his humanity, Lin Yi wouldn't even bother to save them. After all, they were the ones who abandoned them first. They deserved to die.

"You're welcome, boss Huang. It's my duty, there's no need to thank me! We're all a team, so we should advance and retreat together!"

Lin Yi's words were laced with sarcasm, but Huang shanmao acted as if he didn't understand. He took the opportunity and nodded with a smile.

"Brother Sima is right, we are all a family, we are all brothers and sisters of the same family, there is no need to be polite! From now on, there's no distinction between us!"

Huangshan Mao had already made up his mind to win Lin Yi over and threw in his chips, "Brother Sima's contribution is too great this time. All of our previous gains will be transferred to you. It's just a small reward!"

"In addition, brother Sima can also choose first from the future gains. The profit distribution plan is the same as me and Jin ziduo! That's right, brother Sima, why don't you become the vice-captain of our team? you'll be exactly the same as vice-captain Jin, there's no difference between you!"

"I wonder if brother Sima is willing to yield? I believe that with brother Sima's assistance and leadership, everyone will be able to perform better! The chances of survival will also be higher!"

Huang shanmao wanted to tie Lin Yi to the war chariot, and he was showing his sincerity, but it was useless to Lin Yi!

Lin Yi waved his hand disinterestedly, rejecting the offer. "I appreciate boss Huang's kind intentions, but let's forget about being the vice-captain!"

"To be honest, I'm not interested in any position in the team. If the team needs my help, I'll do it without hesitation. Forget about the rest!"

Huangshan Mao wanted to continue, but Qin wunian interrupted him unhappily, "Alright, boss Huang, since Sima Zhongda doesn't want to be the vice-captain, you don't have to worry about it."

"If you have time, let's take care of everyone's wounds first! Jin ziduo's injuries are a little serious, why don't you go and take care of him first? Don't let the old vice-captain be done for before the new vice-captain is settled!"

Huang shanmao used Lin Yi, Qin wunian and the rest as cannon fodder to attract the pack of demonic Night Wolves while they broke out at full speed. It would be strange if Qin wunian was nice to him.

It was already very good that he didn't flip out.

"Yes, yes, yes, I was careless. Let's talk about this later!"

Huang shanmao smiled and left to deal with the wounded. Sixth brother was also injured, but he was still busy treating the others. Fortunately, the medicinal pills he had prepared before came in handy. Although he couldn't recover immediately, at least it stopped the deterioration of his injuries and made them develop in a good direction.

Huang shanmao saw Lin Yi as the new healer, but after Lin Yi forced the pack of demonic Night Wolves back, he didn't dare to order Lin Yi around anymore.

Therefore, for the time being, they could only rely on sixth brother to help treat the wounded. Fortunately, they didn't die and it wasn't a big problem.

"Sima Zhong da, how did you do it? Why did the pack of night demonic wolves run? Did you hide your strength? Can it kill all the night demonic wolves in one fell swoop?"

After Huang shanmao left to direct the wounded back to the cave, Qin wunian impatiently went up to Lin Yi and started searching for an answer, ""Don't hide it from me. What's your strength? No, Who are you?"

"Who else could I be?" Lin Yi smiled. It was Sima Zhongda! As for killing the night demonic wolf group in one fell swoop, don't even think about it! If I had the ability, why would I let them go? Wouldn't it be nice to just kill them and make a fortune?"

Qin wunian felt that it made sense, so he changed his mind and said, ""That's not right! If you didn't have this ability, how could the pack of night demonic wolves leave obediently? They obviously thought they couldn't beat you, so they backed down. "

Chapter 9064 Power

"Apart from that, is there any other reason that can make so many darkness magical beasts cower? Tell me the truth, Sima Zhongda. Are you a darkness magical beast of a higher level, so you can order them around? Or is there some kind of bloodline suppression or something?"

Lin Yi smiled. This miss Qin's brain was pretty big, even thinking that he was from the dark Beast race! It was a good thing Daniya wasn't here, otherwise she would have guessed it right!

"Do you think I'm from the darkness magical beast clan?"

Lin Yi spread his hands open, allowing Qin wunian to take a look. Qin wunian glanced at him a few times, deep in thought.

"You really don't look like a member of the darkness demon beast clan, but things definitely aren't that simple. You're Sima Zhongda ... Is Sima Zhongda from the Tianying planet?"

Qin wunian suddenly blurted this out. It was unknown how her mind could jump so far, jumping from the darkness demon beast clan to the Tianying planet in an instant!

Lin Yi blinked, and suddenly understood something. When Qin wunian first met him, he was waiting for planet Tianying?

She had mentioned something about precognition. Did she predict that the Tianying planet would pass by there, so she deliberately created a show of the hero saving the beauty?

In fact, Qin wunian had indeed found planet Tianying, but Lin Yi had also managed to fool her, making her think that something was wrong with the prediction.

It was only when Lin Yi forced back the pack of demonic Night Wolves that Qin wunian became suspicious again. He wanted to catch Lin Yi off guard with this question.

These thoughts flashed through Lin Yi's mind in a split second, but he didn't show anything on his face. He pretended to be surprised after she finished.

"Tianying planet? You're saying that I'm the legendary Planet Tianying that was able to break out of the encirclement of hundreds of super big shots at the heaven breaking stage and the sea splitting stage? What an honor!"

Lin Yi's expression was perfect without a single flaw, "If you think that I'm that Tianying planet, I don't mind you thinking that way. But don't expect me to have such powerful strength. Don't expect me to save you when you're in danger!"

The Tianying planet was just Daniya's nonsense, and there was no way Lin Yi would admit that he was from the Tianying planet. He couldn't even kill the pack of night demonic wolves in his current state, and if his identity was exposed and the heroes who were chasing him found out, Lin Yi didn't even dare to imagine the consequences!

He had to keep a low profile before he could recover his strength from the star power!

"That's right, your strength is far from the legendary Tianying planet, it shouldn't be him! Anyway, what method did you use to scare away those night demonic wolves?"

Qin wunian's suspicions were dispelled, and his curiosity about the previous situation was replaced. ""You said that you're not a darkness magical beast and you don't have the ability to kill them. Why are they afraid of you?"

"I was just scaring them! I have a skill that can create a certain illusion. With a special technique, I can create the illusion of an undefeatable powerhouse. "

Lin Yi's bullshit seemed more believable, "If they don't believe us, we'll be dead for sure. Fortunately, my acting was very realistic, and I managed to scare the pack of demonic Night Wolves. That's how I managed to escape."

Qin wunian did not suspect anything. His expression changed slightly after he heard the story. "So you were just scaring them? That was really a fluke! If we're exposed, we'll all die!"

"Yup! It's a good thing we didn't expose ourselves, and if we don't give it a shot, we'll all die too. We can only risk it!"

Lin Yi nodded in agreement, his face serious as he lowered his voice and looked around. "You and I both know about this, we can't let anyone else know! If word gets out, I'll definitely be in trouble!"

Qin wunian understood. Huangshan Mao thought that Sima Zhongda was a master, a master, a master, which was why he made Lin Yi the vice-captain so respectfully. Once he found out that Lin Yi was only bluffing, who knew how Huangshan Mao would react!

"Don't worry, I've always kept my mouth shut. I'll definitely be fine!"

Qin wunian made a solemn promise and immediately continued in an even lower voice, ""Since we're here to scare the pack of night demonic wolves, let's hurry up and leave this place. If the pack of night demonic wolves come back to their senses and feel that something is wrong and come back, won't we be in trouble?"

A surprise scare could succeed once, but when the other party came back to his senses, it would be useless to use the same method again.

Once the pack of demonic Night Wolves decided to return, it meant that they had doubts about Lin Yi's strength. They wouldn't retreat again unless they had solid evidence!

"No!" Lin Yi waved his hand. The night demonic wolves are very cunning, and you can see that from the nine leaf red gold ginseng. With their numbers and strength, there's no need to play any tricks, and victory is already in their hands. "

"But they insisted on using the nine-leaf Crimson Gold ginseng to reduce the number of members in our team. Only after they were discovered did they start to fight with their own strength. I fooled them this time, and they may not have no doubts."

"If we run away in a hurry now, we might be seen by the eyes they left behind in the dark. They might attack us instead."

"With our team's current state, it's more appropriate for us to rest and recuperate without restraint. So we definitely can't leave in a hurry. Instead, we should wait for our injuries to recover before we set out."

Qin wunian thought about it and had to admit that Lin Yi's analysis made sense. He gave up on the idea of leaving immediately and went to treat sixth brother's injuries after greeting Lin Yi.

By the time everyone had recovered by 70 - 80% and could move freely, it was already late. They might as well rest in the cave for the night and set off the next day at dawn.

In order to prevent anything from happening outside the cave, they still needed someone to stand guard at the entrance of the cave at night. If anything happened, they could report it in time. Naturally, they didn't want to trouble Lin Yi this time.

However, Lin Yi volunteered to take turns to keep watch, and Huangshan Mao didn't reject him. After all, with Lin Yi on duty, everyone's safety in the cave would be better.

Qin wunian, on the other hand, was arranged to be Lin Yi's partner for the night. The two were supposed to be partners in the team, and huangshanmao felt that this arrangement showed his understanding side.

"Sima Zhong da, do you think that the pack of night demonic wolves will come back at night to ambush us? Or should we just destroy our cave?"

Qin wunian sat on the rock at the entrance of the cave, shaking his legs in boredom as he tried to start a conversation.

"Who knows?" Lin Yi shrugged. I don't think so. The night demonic wolf group has a cunning leader. They wouldn't provoke us if they weren't confident. "

Chapter 9065 Power

"But they might find some other darkness magical beasts to test the waters, while they hide behind the scenes to observe. With their style of doing things, the chances are not low!"

Qin wunian agreed and nodded in agreement. ""That makes sense! If other darkness magical beasts come, how should we deal with them?"

"We'll deal with whatever comes our way, how else can we deal with it? We'll talk about it when it really happens!"

Lin Yi didn't want to think about things that didn't happen. "First of all, they have to find a suitable darkness magical beast, so there's no need to worry too much."

This area should be the territory of the pack of demonic wolves, and other demonic beasts of the same level wouldn't step into it easily. Who knew how long it would take for them to cross over to find reinforcements and come back? so Lin Yi wasn't worried about his guess.

Qin wunian pursed his lips and replied, "just a casual chat!" It feels like you can end the conversation at any time. Boring!"

Lin Yi chuckled, "If you're bored, you can practice to kill time! There's a saying that one's fist never leaves one's hand and one's mouth never leaves one's tune. There's also another saying that one's skilled in hard work while one's desolate in the wind. If one practices when they have nothing to do, they can at least improve their strength!"

Qin wunian rolled his eyes. "At this time, a battle can happen at any time. It's more like you're conserving your energy. Why are you practicing?" Your strength hasn't increased by much, but you've consumed a lot of energy. If a battle really happens, wouldn't it be a waste to die?"

"Hehe ... How do you know that cultivation won't increase my strength by much? Have you never heard of the saying "hard work always pays off"?"

Lin Yi continued to feed Qin wunian the chicken soup, but he suddenly had an idea to give her some advice. "How about this, you practice the martial technique you're most proud of once and I'll help you improve it. It'll increase your combat power by a lot in a short time."

Qin wunian revealed a disdainful expression. ""Keep bragging! Are you trying to scare me again? Even if you're an expert at the sea splitting stage, it's impossible for you to improve and increase your combat strength by a lot after seeing someone else's martial arts technique once!"

"I just said you were bored, so you started to brag, right? There was no need for that! It doesn't matter if we're having an awkward chat, you're in the wrong if you want to play me!"

"What's wrong with that?" Lin Yi chuckled. You really don't know what's good for you. Other people can't even ask me for advice, but I offered to give you advice, and you actually don't like it. Forget it, forget it, just pretend I didn't say anything!"

"Yo, yo, yo, you're saying it as if it's true, as if someone wants it! Are you a little angry from embarrassment after I exposed your bragging? Didn't you say that you can't let go of your fists and your mouth? why don't you go and practice by yourself, so that it won't be so boring!"

Qin wunian chuckled. Indeed, she didn't believe Lin Yi could teach her how to improve her skills, especially the bullshit that she could improve it by a huge margin after just one look. She would be a fool if she believed him!

Although her strength wasn't that great, the martial skills she had learned weren't ordinary. The martial skills that the Qin clan's eldest young miss had learned were all at the top level in the entire Tianji continent.

So when Lin Yi said he'd give her some pointers, Qin wunian took it as a joke.

Lin Yi sighed and shook his head, "it's all fate!" Some people have always been pursuing the opportunity to become stronger, but when the opportunity comes, they don't know how to grasp it, or even directly ignore it. It's really beyond one's control!"

"Since you want to see me practice, I'll just practice a set of my improved swordsmanship. Watch carefully. I'll only practice it once. If you can learn a few moves, it'll be of some use to you!"

With that, Lin Yi flew out and picked up a branch to use as a sword. He swung it around casually and got into the new fire spirit sword technique's starting position.

Qin wunian had wanted to tease Lin Yi a little more, but when Lin Yi raised his hand, she was stunned!

He was as deep as a mountain and had an extraordinary bearing!

Just this move alone was enough to make Qin wunian's heart skip a beat. He didn't dare to underestimate Lin Yi's skills anymore.

"Look carefully, this is the first move of the new fire spirit sword technique, Starfire!"

Lin Yi's hand formed a sword seal, and in an instant, Qin wunian could only feel the sword Qi and heat rising in front of him!

Lin Yi, on the other hand, was as agile as a flying dragon. He would clearly name every move, but Qin wunian didn't have the time to listen. He was completely immersed in Lin Yi's swordsmanship.

Exquisite and profound!

This new fire spirit sword technique was truly stronger than all of Qin wunian's martial arts techniques!

Before the Qin clan declined, there must have been better martial arts techniques than the new fire spirit sword technique. However, Qin wunian was limited by his strength and had not had the chance to learn the truly profound martial arts techniques.

She had learned the best martial arts techniques at the level of mountain split, and the power of the new fire spirit sword technique was comparable to the Qin clan's martial arts techniques that could only be learned at the sea Rift stage. In terms of difficulty ... Qin wunian felt that she could learn it now!

It was too shocking!

As expected, Sima Zhong da wasn't lying. As long as he could master this sword technique, it wouldn't be difficult to increase his fighting strength!

Qin wunian had already forgotten that Lin Yi's original intention was for her to practice and improve her martial arts technique, not to teach her the new fire spirit sword technique.

In the past, Qin wunian didn't have much interest in practicing martial arts. Otherwise, he wouldn't have to rely on the Qin clan's massive resources and was only in the beginning stage.

Compared to his peers, Mei gancai from the Tianji Mei estate, Qin wunian was truly a noob!

Now, in order to revive the Qin family, Qin wunian wanted to strengthen his own strength, like the ink Star River and the new fire spirit sword technique that Lin Yi had just demonstrated!

"Sima Zhong da, teach me this sword technique! I'm willing to acknowledge you as my master!"

Qin wunian waited for Lin Yi to finish his move and was eager to learn it. "Or what kind of reward do you want? I can find a way to get it for you!"

Now that she was penniless, she was embarrassed to say that she could have anything she wanted. She could only say that she would find a way to get it. It felt like she was getting something for nothing.

Even though he felt embarrassed, Qin wunian had no choice!

Lin Yi's lips curled up into a smile as he shook his head and tossed the branch away. "I'm sorry, I don't have the intention to take a disciple, and I don't need anything. I've already said that I will only practice the new fire spirit sword technique once. How much you can learn is up to your ability. If you can't learn it, there's nothing I can do. I won't practice it a second time!"

Qin wunian was extremely anxious. She was like a person who had been starving for days. A table of delicious food had appeared before her eyes, and just as she caught a whiff of it, it was all taken away by someone else. It was as if her heart was being cut by a knife!

"Sima Zhong da, don't be like this! Since you're willing to practice, it means you're willing to teach me! I swear that I will practice hard and bring your swordsmanship to greater heights!"

Qin wunian sprinted forward and grabbed Lin Yi's arms, shaking them as he acted like a spoiled child. "Please teach me, okay? We're companions! And we're partners who have gone through thick and thin together, you won't be so heartless, right?"

Chapter 9066 The End

Lin Yi was unmoved, like a stone-hearted scumbag, "Don't waste your time. I, Sima Zhongda, will never go back on my word. I will never change my words! No matter how much you beg me, it's useless. "

"If you have the time, why don't you try to recall the sword moves you just saw? maybe you can remember some of them. If you delay any longer, you'll probably forget everything, right?"

A person's short-term memory only lasted for a few minutes, during which the memory was the clearest. After this period, the memory would slowly fade, and it needed to be consolidated repeatedly before it could be truly remembered.

Qin wunian was infuriated. She was entranced by the scene earlier, but she was too busy admiring it to remember any moves! Besides, what was the point of remembering the moves? The way to exert force, the technique to use the sword, these were not things that could be understood just by watching once!

Qin wunian felt like he was scratching his ears and cheeks in pain when he couldn't eat the delicious food in front of him.

"Sima Zhong da, how about this, I'll show you my martial arts, and you can help me improve it?"

Qin wunian decided to take a step back and go for the next best thing-getting Lin Yi to help improve his existing skills was also a direction!

Lin Yi said lazily, "I was just bragging, and you really believed me?" Don't be silly!"

If Qin wunian said Lin Yi was bragging, then so be it ...

"Sima Zhong da! That's not what you said just now!"

Qin wunian stomped his feet, but there was nothing he could do. Lin Yi didn't say that earlier-she was the one who said that.

Lin Yi didn't give in, and he even used her words to shut her up. What could she do? He was really desperate!

Lin Yi didn't mind giving Qin wunian some advice, but he found it interesting to see her anxious look and wanted to tease her.

After joking around for a while, they didn't give Qin wunian any pointers, because someone had come out from the cave to take over the night shift.

The scheduled time was still early, and it wasn't time for the rotation yet, but perhaps it was because Lin Yi's performance was too strong, and he saved the entire team at the same time, so two members came out early to replace him, showing their respect and trying to get closer to Lin Yi at the same time.

With that, Lin Yi naturally wouldn't be able to give Qin wunian any more pointers. This matter could only be postponed indefinitely, and he'd have to wait for another chance.

On the morning of the second day, the team members had all recovered quite well after their rest. As for the Black Spirit Ferghana horse, it could be said to be unscathed as it had stayed in the cave the entire time. Thus, Huang shanmao announced that they would set off again!

The good news was that the night demonic wolf group hadn't returned, and no other Dark Demon beasts had come to attack them. Everyone's worries were greatly eased, and they were in a good mood as they set off.

The dense forest was filled with a thin mist. The temperature difference in the early morning was relatively large, and there would be fog almost every day, so it was not surprising. However, Huang shanmao was thinking about something and did not follow the route he took yesterday. So after walking for half a day, he could not find the direction!

"Boss Huang, what happened? We should've returned to the gallop track by now, right?"

An old member of the party asked Huangshan Mao in a low voice, ""Did you go the wrong way? Why don't we just go back?"

They had already wasted a day's time. If they continued to stroll around blindly, it looked like they would waste another day!

By the time they left the dense forest, the fight for the star Ink River wouldn't have ended, right?

"There's no need to rush. The fog in the forest is dispersing a little slowly today, so it's normal that we can't see clearly. It'll be noon in a while, and the fog should be completely gone. At that time, we'll definitely be able to find the gallop road. "

Huangshan Mao was very calm and smiled, "It would be a waste of time if we turn back. We were taking a shortcut back to the main road, so there's no reason for us to take a detour. Everyone, please be patient and just follow me."

The new martial artist didn't dare to say anything, and the old team members didn't dare to refute Huang shanmao in front of him, so this matter was temporarily suppressed.

However, Huangshan Mao only looked calm on the surface. In reality, he was panicking. If he couldn't find the right direction, his reputation in the team would fall even further.

Before they set off this morning, all the members, old and new, apart from Huang shanmao and Jin ziduo, greeted Lin Yi with smiles.

Although they didn't lose out to their Captain, Huang shanmao, he could see that Lin Yi's prestige had risen rapidly after yesterday's battle. It even had a slight trend of suppressing him!

Huang shanmao even personally gave Lin Yi the vice-captain position, making the other members see Lin Yi as their backbone. This was hard to bear!

He admitted that Lin Yi was strong yesterday, but that wasn't enough reason for him to let Lin Yi take away the leadership!

"Vice-captain Sima, are you familiar with the forest? We seem to be walking in circles. That tree looks familiar, as if I've seen it before! Vice-captain Sima, do you feel the same way?"

Six had been saved by Lin Yi before, and so he felt close to Lin Yi. He would come over to talk to Lin Yi from time to time, and it was the same now.

He didn't want to question Huang shanmao-he just wanted to have a conversation with Lin Yi.

Lin Yi smiled, "the environment in the forest is almost the same. If you're afraid of getting lost, you can leave marks on the branches along the way. After all, the trees in the forest are all similar. They don't look any different."

There were no leaves that were the same in the world, and naturally, there were no trees that were completely the same. However, at a rough glance, every tree actually looked almost the same, and one had to put them in extreme detail to distinguish their differences.

"Vice-captain Sima's words make sense. I'll immediately carve marks along the way for identification!"

Without another word, sixth brother immediately took out a dagger and made a simple mark on the tree trunk he passed.

Huangshan Mao, who was leading the way, was secretly unhappy. They clearly didn't believe in his ability to lead! The previous adventurer teams had never experienced such a situation. He was the one who had absolute authority.

However, even though Huangshan Mao was unhappy, there was nothing he could say. Unless he could find a way out, he could only endure the team's gradually becoming more and more unpleasant!

Other than six, the other team members also went up to Lin Yi from time to time to talk. Lin Yi's presence was extraordinary, and he was knowledgeable. He could talk about any topic, and often gave unique insights, making everyone forget about the predicament of losing their way.

Huangshan Mao was naturally getting more and more upset, gritting his teeth alone at the front. He couldn't say that he was alone, but there was still Jin ziduo. Although he was saved because of Lin Yi, he didn't seem to be grateful to Lin Yi at all.

Everyone else was trying to get closer to Lin Yi, but he was still cold to Lin Yi. At most, he just greeted him, maybe because he couldn't bring himself to do it. After all, he was the one who mocked Lin Yi the most, but he only survived because of Lin Yi.

This was a slap in the face!

Chapter 9067

The group walked for another hour and the sun gradually rose. It was close to noon and the fog in the forest had indeed dissipated. Huangshan Mao secretly heaved a sigh of relief. He had already seen a fork in the road not far away. As long as there was a road, they could leave the forest!

"Everyone, keep up! We can see the exit! We'll be able to leave this dense forest soon!"

Huangshan Mao smiled and waved back. He had hidden his joy and excitement very well, as if everything was under his control, and the road ahead was within his expectations.

As he spoke, Huang Shan Mao lightly kicked the horse's belly, causing the Black Spirit Ferghana horse to speed up slightly. In the blink of an eye, it had arrived at the fork in the road. The others followed behind and stopped the Black Spirit Ferghana horse at the intersection.

"Boss Huang, which direction should we go?"

Jin ziduo furrowed his brows and looked at Huangshan Mao, "There are three directions here. If I choose the wrong direction, it won't be as simple as taking a detour. I reckon I'll have to waste another one or two days before I can return to the right path."

He also felt the increase in Lin Yi's reputation. Compared to Lin Yi, Jin ziduo definitely hoped that Huangshan Mao could continue to be in charge, so he subconsciously wanted to remind him not to be careless.

Huangshan Mao slightly nodded and looked at the fork in the road, "There are three directions, but it's only two. If I'm not wrong, this is the way to meteorite town. We can't go back."

"So we have to choose the other two roads. One of them is wider and has more footprints, so it should be a normal gallop road. The other road has fewer footprints and seems to be a temporary passage, so we will take the main road with more footprints!"

Huangshan Mao pointed in the direction he had chosen, full of confidence!

In fact, there were no roads in the forest. It was because there were many people walking that a path was created. After many years of walking, such a natural road was formed.

The experience of his predecessors should be the most logical route in the forest, so Huang shanmao believed that his choice would not be wrong!

The others didn't have any objections. They didn't know if it was a gallop, but there were obvious traces of a road in the dense forest, so it shouldn't be a mistake to follow it.

Six didn't want to object, but he stopped beside Lin Yi and asked, "Vice-captain Sima, what do you think? Boss Huang's choice is right, isn't it?"

The others looked at Lin Yi, "That's right, vice-captain Sima, what do you think?"

"Vice-captain Sima, do you think there's any problem?"

"Vice-captain Sima ..."

Everyone was asking for Lin Yi's opinion. It wasn't that they were suspicious of Huang shanmao, but if they didn't ask Lin Yi, it would seem like they were special. What if Lin Yi misunderstood and looked down on him?

Therefore, it was better to kill the wrong person than to let him go. Coupled with the herd mentality, it would seem like he was at a disadvantage if he didn't ask!

Lin Yi didn't reply, but Huang shanmao couldn't take it anymore.

He had already made his decision, but these damn bastards were still asking Sima Zhong da what he meant? Are you looking down on me?

"Enough! All of you, shut up!"

Huangshan Mao shouted in a low voice, which really intimidated those team members, "Didn't you hear what I just said? We'll choose this path! Which one of you has something against me? Just stand out!"

Come out, I'll cut you to death!

The people surrounding Lin Yi went silent. No matter how strong Lin Yi was, he was still a new member. He couldn't be compared to Huang shanmao. After all this time, Huang shanmao had already erected the boss's sign in their hearts. At this time, the old members would naturally choose to support Huang shanmao.

As such, naturally, no one would stomp their feet!

Huangshan Mao coldly swept his gaze around and snorted, "Remember, I'm the team leader. After I make a decision, I hope you can execute it well and not question me without listening to anything!"

"Now that I say we'll take this path, we'll take this path. There's nothing more to say! Vice-captain Sima, do you think what I'm saying is reasonable?"

In the end, Huang shanmao even pointed at Lin Yi. He was indeed afraid of Lin Yi's strength and didn't want to fall out with him, but at this time, he had to show what he needed to show!

He thought that Lin Yi would take advantage of the situation, but Lin Yi didn't appreciate it at all and shook his head, "I'm sorry, boss Huang, but I don't agree with your choice. I think it's more appropriate to take that path!"

Huangshan Mao's face darkened-he felt that Lin Yi was challenging his authority as the captain!

"Vice-captain Sima, can you tell us the reason? After all, this was related to the safety and time of the entire team! We're on a tight schedule right now, we can't waste any more time!"

Huangshan Mao was afraid of Lin Yi's strength, and while he wasn't pleased, he suppressed his anger and tried to reason with Lin Yi, "The path I've chosen is most likely the one we took when we entered the forest. Why should we take the small path instead of the correct one?"

Lin Yi smiled faintly, "you've misunderstood, boss Huang!" I chose that path for the sake of our team's safety and to save time. "

"Does everyone think that the larger ones are just for people to walk through? I don't think so! There are many traces left behind by beasts on that road. If I'm not wrong, not only is this not the road we're looking for, but it's also the route that darkness demon beasts and darkness spirit beasts take when they gather together. "

"The pack of night demonic wolves isn't necessarily the only pack in this dense forest. The stronger beasts have their own territories, but the concept of territories is only effective for beasts of the same level. The weaker ones will also live in various areas."

"As for the stronger beasts, they won't care about the territories of the weaker beasts. For the strong, their territories will include the territories of several weaker beasts, and all of them will be their hunting grounds!"

"So we can't rule out the possibility that there might be darkness demon beasts that are stronger than the night demonic wolf group in this area. Walking on the obvious beast path is not only dangerous, but it will also waste more time!"

The people around him felt that it made sense and nodded in their hearts, but Huang Shan Mao did not think so.

If he was easily persuaded by Lin Yi and acted according to Lin Yi's instructions, his position as Captain would really be over. Even if he didn't get fired, he'd be stripped of his power.

Huangshan Mao didn't want his prestige to fall to the bottom!

"Vice-captain Sima's words aren't without reason, but I still insist that this road is the same as the one we took before! As for the traces you mentioned, it's very simple! If we ride the Black Spirit Ferghana horses, we'll also leave traces behind!"

Huangshan Mao was right. The Black Spirit Ferghana horse was also a type of darkness spirit beast. It was only used as a Mount for humans after being tamed.

Chapter 9068 -Power

Recently, because of the incident at the star Ink River, there were more people passing through this dense forest than usual. It was understandable that there were more traces of the road widening. When Huang shanmao mentioned this, the team members felt that what he said was very reasonable.

"I'm just giving you a suggestion," Lin Yi shrugged, "it's up to you to decide if you want to listen to it or not. If you think this is the right path, then go with it!"

Lin Yi could read Huangshan Mao's mind-he wasn't interested in leading a team, and since Huangshan Mao was on guard, he'd better not be too aggressive.

For the time being, having a team like this as a cover wasn't bad-it'd be much easier to get information and negotiate when they reached a place with more people, and Lin Yi was happy to help Huang shanmao rebuild his reputation.

Huangshan Mao let out a breath of relief after hearing Lin Yi's response, a smile on his face, "Vice-captain Sima's suggestion is very good, and it does make some sense. However, I still stand by my judgment this time. Thank you for your understanding, vice-captain Sima!"

The two of them seemed to have a tacit understanding. Huangshan Mao was in a good mood and turned his horse around, heading in the direction he had chosen, "Everyone, keep up. We'll pass through this dense forest as soon as possible and try to set up camp in the wilderness tonight. We might even reach the town and have a good rest!"

Huangshan Mao did not forget to boost the morale of the soldiers. After getting a response, his smile became even wider. He took the lead and led the way, not even asking the others to Scout the way.

Qin wunian moved closer to Lin Yi and spoke in a volume that only the two of them could hear, ""Sima Zhong da, Huangshan Mao is jealous of you! He's afraid that your reputation will surpass his and take his captain's position!"

"Actually, I think what you said makes more sense. Why don't we leave the team and take another path? I don't think Huangshan Mao would dare to chase us. Anyway, we have the Black Spirit Ferghana horse as a means of transportation, so there's no point in following them!"

Qin wunian was just leeching off Lin Yi at first, but now it had become a free ride. She had confidence in Lin Yi and was sure that Huang shanmao wouldn't dare to offend him.

As for the two black Spirit Ferghana horses, that wasn't a problem at all. Lin Yi had saved the entire team before, so what were two black Spirit Ferghana horses? If he waited for everyone to die before making a move, the twelve Black Spirit Ferghana horses in the cave would all be Lin Yi 's, and Huang shanmao wouldn't lose anything!

"There's no need," Lin Yi smiled, "let's just go together-it'll be more fun!" The general direction shouldn't be wrong, and we'll be able to leave the forest eventually, so you should know your place. "

Qin wunian pursed his lips inwardly. Isn't this injustice done to you? He really didn't know what a good person was like!

She actually wanted to go alone with Lin Yi more-she'd been pestering him last night, and he'd started giving her some advice, but someone came to disturb her.

Although the other party had good intentions and wanted to get on Lin Yi and Qin wunian's good side, it was a fact that she had affected Lin Yi's guidance. Therefore, being able to travel alone with Lin Yi was Qin wunian's small goal at the moment-at least he could guarantee that he wouldn't be disturbed!

But Lin Yi didn't want to leave, so she couldn't say much. What if Lin Yi was unhappy? What if he stopped teaching her martial arts techniques?

Sigh, what a headache!

Their whispers didn't attract any attention-Lin Yi's status in the team was different now, and no one dared to make him unhappy.

Not long after they left, they encountered a few darkness spirit beasts. They weren't very strong. They were at the xuansheng stage, mountain split stage, and so on. Huang shanmao and the others easily dealt with them. It was equivalent to them obtaining some income without any pressure.

For a moment, everyone was happy, completely sweeping away the bad luck and shadow of being suppressed by the night demonic wolf group yesterday, and there was more laughter as they advanced.

It felt like a leisurely trip!

"Hahaha, vice-captain Sima, did you see what I said? there's no danger on this path at all. It's the path we should take, and we've gained quite a lot!"

Huang shanmao was in a great mood as he smiled at Lin Yi, "Although vice-captain Sima's opinion is also very good, it has been proven that I have more experience in this area! However, if vice-captain Sima were to train for another two years, he would definitely be able to do better than me!"

Qin wunian lowered his head and pursed his lips disdainfully. He felt that Huangshan Mao was really petty and had no tolerance. If such a person were to be the team leader, the team would probably have no future.

Lin Yi didn't mind as he smiled and nodded. "Boss Huang is right. I still have a lot to learn. You have to teach me more in the future!"

Lin Yi's polite and humble attitude made Huang shanmao happy, but Lin Yi immediately changed the topic, "But I feel that the surrounding atmosphere is a bit off. We should be more vigilant!"

"Vice-captain Sima, what do you mean? Do you feel any danger?"

Huangshan Mao's brows rose slightly as he said disapprovingly, "Could it be that vice-captain Sima is overthinking? The darkness magical beasts and darkness spirit beasts we're encountering are getting weaker and weaker, which means that the edge of this dense forest will soon appear!"

"As we all know, the more powerful a magical beast is, the more they like to stay in the central area. That way, their range of activity will be larger, and it will be less easy for them to encounter hunting martial artists."

"The path we took to cross the forest was at the edge of the forest. We only went a little deeper because of the nine-leaf red gold ginseng. Now that we're back on the right track, we'll be able to leave

the forest very soon. The magical beasts we encounter will only get weaker and weaker. What danger will there be?"

Huangshan Mao's tone was gentle, but he was implying that Lin Yi's worries were unfounded and meaningless. He wasn't letting go of any chance to damage Lin Yi's reputation!

Jin ziduo had also recovered his vitality. At this time, he echoed, ""Boss Huang is right. This isn't the first time we've encountered such a dense forest. We've been through this many times."

"Boss Huang's experience is definitely our team's treasure. Vice-captain Sima, you don't have to worry too much. Nothing will go wrong if you follow boss Huang!"

"I'm sure you two have a point, I'm just reminding you. If you think it's unnecessary, then just pretend I didn't say anything!" Lin Yi smiled.

In fact, Lin Yi released his spirit sense and found something not too good. There should be a strong dark Demon beast nearby.

The exact situation wasn't clear yet, and the strength of the dark beasts wasn't clear either. Lin Yi had already warned them, but if the dark beasts were too strong for him to handle, then there was nothing he could do.

It was already good enough that he could protect Qin wunian and escape. As for the others, they could only pray for themselves!

"Vice-captain Sima was just being nice, how could you pretend you didn't say anything? Everyone, be alert and pay attention to the surroundings. If there's anything unusual, tell me immediately!"

Huangshan Mao ordered with a smile. He felt that he'd successfully suppressed Lin Yi again, so he didn't mind showing off his big heart.

Chapter 9069 Power

Huangshan Mao's tone carried a strong sense of disapproval, as if he was completely joking. Jin ziduo also had a similar expression, so how much importance could the people below place on this?

She agreed quickly, but she didn't really take it seriously. She only said it out of respect for Lin Yi.

Qin wunian was different from them. She had more confidence in Lin Yi, but not 100%. That was why she leaned over and whispered, ""Sima Zhongda, you're telling the truth, right? Did he really feel that something was wrong with his surroundings? Is there danger?"

"Well, a little! However, I can't see anything for the time being. You should also pay more attention to your surroundings!"

Lin Yi nodded. There was no point in warning them-his own spirit sense covered a much wider area than their vision.

Lin Yi would be able to sense the danger before they could, so it didn't make much of a difference whether they were alert or not.

Huangshan Mao was still walking at the front, with Jin ziduo riding beside him. The two were talking and laughing, their expressions relaxed, not taking Lin Yi's warning to heart at all.

They even thought that Lin Yi was just trying to get attention with his words, and that he was embarrassed that he didn't take the other path, so he just said something ambiguous to make his presence known.

Now that he'd solved Lin Yi's problem, Huangshan Mao naturally felt much more relaxed. However, his relaxed state didn't last long.

In less than an hour, Lin Yi found the dark Demon beast's tracks in his spirit sense. This time, the dark Demon beast's actions were very well planned. It didn't launch a sneak attack, but patiently hid in the forest.

It wasn't for an ambush, but to surround them!

There were powerful darkness magical beasts hiding in front and on the sides, and the direction they had come from had been cut off. In other words, Huang shanmao, who had no idea what was going on, had led the entire team into the encirclement of the darkness magical beasts!

There were about 500 darkness demon beasts in the encirclement. Most of them were at the earth formation stage, and a small half were at the sea shattering stage. No one had found any at the heaven breaking stage yet, but there were seven or eight different species. However, there were no traces of night demonic wolves. It was obvious that this was a joint operation, but there were no night demonic wolves. It was a little strange!

Lin Yi pinched his chin and thought. Not seeing the pack of demonic wolves didn't mean that they weren't involved. Maybe the formation of the encirclement was the result of the demonic wolves working together.

Otherwise, how could it be so coincidental that Huang Shan Mao's team would encounter a planned encirclement by the darkness demon beast race?

"Boss Huang, we're in trouble!"

Lin Yi kicked the horse's belly lightly and increased his speed to catch up with Huang shanmao. "I can feel the powerful aura of darkness magical beasts in the surroundings, and there are quite a number of them. They might be coming for us!"

"We have to leave this area immediately. If we are surrounded by darkness magical beasts, I'm afraid everyone will be in danger! If boss Huang trusts me, I hope you can give me the command of the operation!"

With Lin Yi as the commander and everyone as one, they might have a chance to break out. If Huang shanmao didn't agree and insisted on the same strategy, they would be dead meat!

With Lin Yi's strength being limited by the power of the stars, it was already his limit to carry Qin wunian out of the encirclement. If Huang shanmao's team didn't cooperate, they would be left to their own devices. Lin Yi wouldn't even spare them a second glance.

This was the last chance Lin Yi was giving Huang shanmao. If he rejected it, Lin Yi would not care about them anymore!

Huangshan Mao didn't notice anything strange at all, thinking that Lin Yi was trying to make his presence known again. He laughed, "Vice-captain Sima, are you saying that the pack of demonic Night Wolves have come back for us? So what? Yesterday, vice-captain Sima was able to single-handedly chase them away. Today, they won't be able to do anything either!"

"Moreover, we were at a disadvantage yesterday because we didn't understand the pack of Darknight demonic wolves. We're prepared today, so they can forget about hurting us. Don't worry, vice-captain Sima, we can handle it."

"Just help us hold the fort. If there's anything, we'll solve it first. If it really can't be done, we'll let vice-captain Sima take action and defeat them in one fell swoop. What do you think?"

At the end of the day, Huang shanmao didn't want to give the command to Lin Yi, and so he kept avoiding the topic. He was hinting to Lin Yi that they knew how to have fun, and he wanted Lin Yi to step aside.

Lin Yi smiled and nodded, not saying anything else!

Since you're looking for death, don't blame others in the end!

Lin Yi reined in his horse, allowing them to continue forward while he fell to the back of the group to meet up with Qin wunian.

"Huangshan Mao is such an idiot," Qin wunian retorted angrily. "He still refused to accept your command. Why doesn't he take a look at what he's made of? where does he get the confidence to do better than you?"

"Sima Zhong da, I think we should part ways with them. It's not interesting at all. How about we leave now? It's also very fast to turn back to the other road. There's still time to turn back now!"

She encouraged Lin Yi to leave Huang shanmao's team again. As long as they were alone together, Lin Yi would be able to teach her martial arts!

Lin Yi shook his head and said softly, "we won't make it!" We've already been surrounded, and there are also many darkness magical beasts blocking our retreat! If there's a scuffle later, remember to follow me closely!"

"I will find a weak point in the encirclement to break out. If you get separated from me, I will not turn back to look for you. At that time, you will definitely die. Don't say that I didn't warn you!"

Qin wunian was taken aback. Lin Yi's serious expression meant that this wasn't a joke!

Were they really surrounded?

"Just the two of us?"

Qin wunian asked subconsciously. From her perspective, Lin Yi was a good man, or he wouldn't have saved her and helped Huang shanmao's team yesterday.

She didn't understand Lin Yi at all-he wouldn't hesitate to help when he could, but if the other party didn't appreciate it, he wouldn't sacrifice himself to save someone else.

For example, Huang shanmao had rejected Lin Yi's suggestion to lead the team, and Lin Yi naturally wouldn't force him.

This team didn't have Lin Yi's command to form a battle formation, and with the previous formation, they'd be lucky if they could last for ten seconds!

"Just the two of us! Once the battle royale begins, the enemy's encirclement might reveal a flaw. That's our only chance. If they're not willing to cooperate, we can only give them up!"

Lin Yi's tone was cold,"everyone has the right to choose. They chose to believe in Huang shanmao, and Huang shanmao believed that he could handle everything. There's no point in talking too much. We just need to take care of ourselves!"

Chapter 9070 The Power Of The Devil

After a slight pause, Lin Yi looked at Qin wunian and continued,""Of course, if you feel safer with more people, you can join them. It's easier for me to escape alone!"

Qin wunian was furious. 'Are they treating me like a burden?' With a look of disdain and an expression of wanting to get rid of him, he really deserved a beating!

But I can't beat him! He was so angry!

"There's no sense of security over there, only you can give me a sense of security! I'm telling you, don't even think about getting rid of me! Since you've saved me twice, you have to be responsible for my safety. Otherwise, you'll have worked for nothing!"

Qin wunian's confidence rendered Lin Yi speechless.

In that case, he wouldn't be able to save people easily in the future. After saving people, he still had to be responsible for their safety. It wouldn't be too tiring!

The two of them secretly discussed the matter, and the darkness magical beasts that had formed an encirclement had already closed in on them, and some figures could be vaguely seen in the dense forest!

Huangshan Mao, who had been high-spirited just a moment ago, noticed the darkness magical beasts in the dense forest. He also felt the powerful aura on their bodies and instantly became a little scared!

It didn't seem like ... A night demonic wolf group, but one that was stronger than a night demonic wolf group?

"Be on guard! Get into formation!"

Huang Shan Mao shouted in a low voice, and the older members of the group quickly got off their Black Spirit Ferghana horses. After forming a battle formation, they vigilantly looked in front. The gold duos were at the very front, and the tip of their large Spears were pointed to the ground in front, ready to explode at any moment.

However, when the darkness magical beasts walked out from the shadows, Jin ziduo subconsciously retracted his spear and turned from attack to defense. They hadn't even exchanged blows, but he already felt that he wasn't a match for them!

A strong attack would definitely kill him!

It didn't seem like they could hold on even if they were to defend!

Jin ziduo's back instantly broke out in cold sweat. He felt a chill all over his body and his throat was a little dry. He said in a low voice, ""Boss Huang, something's not right! The darkness magical beasts this time are much stronger than the pack of night demonic wolves from yesterday, be it in terms of numbers or strength!"

"We're definitely no match for them. We can't beat them! Why don't you run now? There might still be a chance if he turned back! With the Black Spirit Ferghana horse's speed, we should be able to shake them off, right?"

Seeing the number and formation of the darkness demonic beasts, Jin ziduo lost all of his fighting spirit and only wanted to escape. Although he was still talking to Huang shanmao, he was already prepared to run.

Huangshan Mao laughed bitterly, "it's too late!" Darkness magical beasts had also appeared on the side, so their escape route had definitely been cut off! We're really surrounded!"

No matter how much he didn't want to admit it, he had to face the truth. Everything Lin Yi said was the truth!

For the sake of his position and authority in the team, he had brought the entire team into a desperate situation. He did regret it a little, but if he were to do it again, he would still make the same decision!

Jin ziduo's body stiffened for a moment. He didn't dare to look back, because if he did, the darkness demon beast in front might launch a surprise attack. But if he didn't look back, would the other party not attack?

"Boss Huang, what do we do now? Break through?"

Jin ziduo gritted his teeth and forced himself to calm down. He was the Arrowhead of the battle formation. Even if he wasn't confident, he had to be alert. Otherwise, he would die!

Since he was already in a desperate situation, he could only fight with all his might and see if he could kill his way out!

"Break out? Do you think we have the ability to break through? We can't kill our way out!"

Huangshan Mao smiled bitterly and shook his head, his heart filled with despair, "No matter which direction we go, the darkness magical beasts surrounding us are far more powerful and numerous than us. If we go all out, we'll only be able to take our lives!"

"Forget it, let's just stay where we are and die together! Perhaps there will be others passing by and opening a path for us to live? Everyone, don't give up hope and focus on defense!"

Huangshan Mao had no choice but to stay where they were. They would die even faster if they tried to break out, and they would have to abandon them again.

After what happened last time, Huang shanmao still had a last hope in his heart. He hoped that Lin Yi could step up and save the situation again, but he rejected Lin Yi's request clearly just now. He didn't have the face to ask for Lin Yi's help.

Then act like you won't abandon or give up!

"Boss Huang, it looks like we're all going to die Here. I have to say, you're too stubborn this time. It's because of your stubbornness that we're all in this desperate situation!"

Sixth brother suddenly spoke up and mercilessly accused Huangshan Mao, ""Vice-captain Sima has clearly warned you over and over again, yet you just don't believe him! I don't know what you're thinking, but you're wrong!"

"And the mistake that you've made requires all of us to pay with our lives. Is this really appropriate? Boss Huang, I hope you can apologize to vice-captain Sima and ask him to come out and take charge of the situation!"

Perhaps sixth brother was really blaming Huangshan Mao, but at the same time, he was giving him an excuse to apologize to Lin Yi.

In a situation like this, sixth brother probably thought that Lin Yi was the only one he could rely on to survive. As for how Huang shanmao would feel, that wasn't something he should be thinking about!

"Right! Boss Huang, we've always believed in you and supported you, that's why we're able to get to where we are now, but you're in the wrong today!"

With sixth brother taking the lead, someone else immediately followed.

"As brothers, of course we'll support you unconditionally, but we have to say this today, boss Huang, you're really in the wrong. We're only helping reason and not family, we're only helping the matter and not the person. Boss Huang, you should quickly apologize to vice-captain Sima!"

The older members all spoke up, asking Huang shanmao to apologize to Lin Yi. Only Jin ziduo was focused on breaking out of the encirclement and didn't say anything.

Of course, perhaps Jin ziduo wasn't too happy with Huangshan Mao, but he wasn't happy with Lin Yi either. It was the lesser of two evils, so it was reasonable for him to continue supporting Huangshan Mao.

Huang shanmao's face was dark, he finally understood what it meant to be betrayed by his friends and family. Perhaps the person who spoke wasn't trying to betray him, but just wanted to get Lin Yi to help, so he wanted to let Lin Yi calm down first. But these words were indeed piercing!

Lin Yi had wanted to bring Qin wunian and break out of the encirclement, but the dark Demon beasts hadn't launched an attack yet. The chaotic battle hadn't started yet, so it wasn't good to fish in troubled waters.

Lin Yi was also interested in the older members "behavior-he wanted to see if Huang shanmao would bow down in the end.

The darkness magical beasts in the surroundings had already completed their encirclement. They were densely packed with darkness magical beasts, and their powerful auras rose, but they didn't immediately attack.

A demon Beast of Darkness at the sea split stage stepped out of the crowd. It didn't transform into a human form. Its original form was that of a Black Tiger. Its body looked no different from an ordinary Tiger. It probably hadn't fully displayed its original form.
