

Bodyguard 9091

Chapter 9091 The End

"Alright, they're just some small fries. There's nothing to be proud of. Let's go in and see what's inside. Besides mounts, there should be other resources left!"

Lin Yi interrupted Jin Duoduo's laughter and broke the formation around them before walking into the camp.

Jin ziduo was a little embarrassed, but he couldn't vent his anger on Lin Yi. He could only follow them into the camp.

Just as Lin Yi expected, other than the two hundred Black Spirit Ferghana horses, there were also some large carts filled with all sorts of supplies. However, these things weren't worth much, and they were all carrying the things they had before.

The demon Fang hunters went around robbing and hunting, and every member had a lot of money on them. Unfortunately, most of the forest was killed by the dark beasts, and their things naturally became their spoils. Lin Yi couldn't fight the dark beasts for these things.

Huangshan Mao was already very satisfied with the Black Spirit Ferghana horse. He didn't really care about the other items and only picked out some leather armors and other equipment for his subordinates to replace.

After all, the demon Fang hunting team was much stronger than their small fry team. Their spare equipment was of a much higher grade than the ones they were currently wearing, so replacing them could be considered an upgrade.

"Vice-captain Sima, now that we've obtained the Mount, can we leave?"

As the captain, Huangshan Mao didn't have the authority to make the decision. After getting the equipment, he came over to Lin Yi with a big smile, "We can take away anything that we can use, but we can leave the rest behind. Vice-captain Sima, do you have anything else to add?"

Lin Yi was currently in the largest tent flipping through some documents left behind by the demon Fang hunting team's captain. He didn't even raise his head, "There's no hurry. You guys take your time to tidy up. Remember to see if there are any marks on the Black Spirit Ferghana horses. If there are any marks of the demon Fang hunting group, it will be troublesome if word gets out."

When he scanned the group of Black Spirit Ferghana horses with his spirit sense, Lin Yi noticed that they all had a mark on their bodies, probably representing the demon Fang hunting group.

Riding these Black Spirit Ferghana horses and killing an entire Squadron of the demon Fang hunting squad, as long as the higher-ups of the demon Fang hunting squad weren't stupid, they would naturally notice Huang shanmao and the others riding these Black Spirit Ferghana horses.

Lin Yi didn't care about himself. As long as he could enter the star Ink River tonight to solve the problem of the star power, the entire demon Fang hunting squad coming wasn't a problem.

Huang shanmao and the others couldn't handle the demon Fang hunting group's anger, and Lin Yi only reminded them because they were old acquaintances.

"Vice-captain Sima is right! I almost forgot that the demon Fang hunting group will leave a mark on their mounts. If we don't deal with it, it will really be a problem in the future!"

Huangshan Mao's face changed as he cupped his hands at Lin Yi before rushing off to deal with the Black Spirit Ferghana horse.

Lin Yi didn't find anything special in the documents, and he wanted to get some information about Daniya from them, but nothing.

The demon teeth hunting group had indeed gathered information regarding the Stardust River, and Daniya, this heavenly comet, was naturally on their list of concern. However, Daniya's whereabouts were erratic, and only those top-tier big shots had the ability to track her.

This demon Fang hunting group's Squadron didn't have the qualifications to participate, so they couldn't gather any useful information.

Since he couldn't find Daniya for now, Lin Yi didn't feel like running around anymore. He had the six parts star source instrument in his hands anyway, and he was sure that he could open up an entrance to the star Ink River. It didn't matter where it was.

If the star Ink River was underground somewhere, then he'd have to rush here, but now that he knew it was up in the sky ... Lin Yi felt that it wasn't a bad idea to stay here and wait for the moon to come out at night. He could use this time to recharge his energy.

So if Huang shanmao and the others wanted to leave, Lin Yi wouldn't ask them to stay, nor would he follow them. They would just part ways.

"Sima Zhong da! We need to leave this place as soon as possible!"

Qin wunian suddenly rushed in from the outside, his expression extremely unsightly, with a hint of fear and anxiety. "I can't stay here any longer! There will be danger!"

"What's going on? Don't worry, tell me slowly, what kind of danger will happen?"

Lin Yi tried to comfort Qin wunian, but it was to no avail. She was still panicking.

"Sima Zhong da, believe me, there's no time to waste. Let's go! Otherwise, it'll be too late!"

Lin Yi frowned. He didn't need Qin wunian to tell him what was going on anymore-an aerial spirit beast had already appeared within his divine sense, flying towards the camp at breakneck speed.

There were three ancient martial art practitioners on the back of the aerial spirit beast. All of them looked to be at least 50 or 60 years old. One of them was at the peak of the early stage of sea Rift, one was at the consummate level of earth splitting, and the last one was at the peak of the late stage of earth splitting.

"Is someone coming to kill you?"

Lin Yi was sure of it, but he still had to ask to avoid any misunderstandings.

A warrior at the peak of the early stage of the shattered Sea realm was nothing in his normal state. But the situation now was completely different. He was in great trouble!

Qin wunian's face paled. Don't say anymore, I can feel them coming, let's go! We have to leave this place immediately!"

Lin Yi thought that it was too late. The other party was riding an aerial spirit beast, and even if he had the Black Spirit Ferghana horse, he wouldn't be able to match the speed of the aerial spirit beast.

The only way was to escape into the forest and use the geographical environment of the forest to shake off the pursuit of the flying spirit beasts ... It wasn't a good idea to run back after escaping from the forest and shaking off the darkness demon beast clan!

Before Lin Yi could say anything, the flying spirit beast was already in the air above the camp. The three old men jumped off the spirit beast and landed in the center of the camp.

"Qin Shuang, come out! You can't escape! Do you know your crime for troubling the elders to travel thousands of miles to find you?"

The weakest of the three, an old man at the peak of the late stage of earth creation, snorted coldly. He lowered his body and spoke. His voice didn't seem loud, but it exploded in the entire camp like muffled Thunder.

Qin wunian's face was as pale as a sheet of paper, and his forehead was already covered in cold sweat. ""They're here! They had already arrived! We can't escape!"

Lin Yi frowned slightly. Qin wunian had mentioned that her real name was Qin Shuang, the young miss of the Qin family. Now that someone had come to find her by name, was it really the person who wanted to kill her?

In order to hunt down a woman at the consummate level of the mountain split realm, they had mobilized one sea splitting stage expert and two earth splitting stage experts. Weren't they thinking too highly of Qin wunian?

If the weakest one were to come after Qin wunian, she would not be able to resist at all!

"Who are you people? Did you come to the wrong place?"

The person closest to the three of them was Jin ziduo. He could tell that the three of them were not to be trifled with, but as the team's vice-captain and just so happened to be at the side, it seemed a little unreasonable for him to not speak up. "We don't have a person called Qin Shuang here. If there's any misunderstanding, it'll be fine as long as we can talk it out!"

Chapter 9092

Jin ziduo himself was at the late stage of earth-splitting, and the old man who spoke just now was a little stronger than him. He was at the peak of the late stage of earth-splitting, so he didn't dare to speak.

In the end, the two stronger ones among the three old men didn't even bother to look at him. The old man who had spoken just now only gave him a disdainful sidelong glance.

"Get lost! This is none of your business! If you don't want to die, then get lost!"

Arrogant, presumptuous, and overbearing!

All similar words could be used to describe this old man. In just a short sentence, this temperament was vividly displayed, as if the gold Dodo was a bug in his eyes.

Jin ziduo's face changed. This kind of humiliation ... Was a bit unbearable!

The other members of the team had also rushed over, quickly and tacitly entering their battle positions, forming the battle formation Lin Yi had taught them.

This battle formation had worked continuously and had raised their morale. It had also boosted the confidence of Huang shanmao, Jin ziduo, and the others. Although Lin Yi and Qin wunian hadn't come out yet, a battle formation of ten people was strong enough.

"Hehe, what a joke. It's rare to see uninvited guests like you! Don't you have any manners in front of the host? You're already so old, but you don't have any upbringing at all!"

Jin ziduo had his companions standing behind him, and he had the confidence of a powerful battle formation. He immediately sneered and retorted, ""I'm sorry, you're not welcome here. Please leave if you have nothing else to say!"

The demon Fang hunting group's people were all dead, so it wasn't wrong for Jin ziduo to consider this camp his.

The old man in the lead frowned and shouted, ""You don't know what's good for you!"

Before he finished his words, his figure flashed and appeared in front of Jin ziduo. He raised his hand and lightly pressed his palm against Jin ziduo's chest!

The Qi of the peak of the early stage of the sea splitting realm was completely unleashed. This seemingly harmless palm had caused Jin ziduo's hair to stand up. He was extremely frightened and had the illusion that he was about to be blown into pieces!

"Open!"

In a hurry, Jin ziduo had no choice but to raise his hands with all his strength and push his palms out. At the same time, he used a clever force to transfer the force from the other party's palms.

In the previous battle, Jin ziduo had been carrying a spear and charging into the enemy lines. However, his martial arts were actually stronger than the spear. If not for that, how could he have the nickname of the universe thunderclap hand? Wouldn't it be more appropriate to call it the cosmos Thunderbolt spear?

However, this time, the heaven and earth Thunderbolt hand had become a greasy hand. It could not block the palm at all. As the two sides crossed each other, Jin ziduo's famous hand technique completely missed, while the opponent's light palm hit his chest.

A terrifying force suddenly exploded. Jin ziduo's eyes widened, and his whole body arched back like a shrimp. His chest caved in, and the scene seemed to be still, but in fact, everything happened as fast as lightning. In a flash, he was sent flying by the huge force.

In the air, Jin ziduo couldn't help but open his mouth and spit out blood mixed with his internal organs. When he landed, he twitched violently a few times and then stopped breathing.

One palm, just one palm!

The team's second strongest player, the universe thunderclap, had been killed! The others didn't even have time to react, and the battle formation they formed didn't even have time to operate before the arrow-headed figure was already dead!

So strong!

Huang Shan Mao instantly felt a chill down his spine. The confidence and confidence that he had gained from the battle formation instantly melted like snow under the scorching sun.

"Trash! You only know how to be noisy, you're really courting death!"

The old man slowly retracted his palm and glanced at Jin Duoduo's corpse with disdain. He then coldly glanced around, ""Whoever still wants to die with us, you can come out now!"

No one answered!

Including Huangshan Mao, everyone kept quiet out of fear, not daring to say a single word!

The combat strength displayed by this old man was much higher than the average strength of the cultivators at the peak of the early stage of the sea Rift realm. He was definitely one of the best among his peers. Huang shanmao watched Jin ziduo being killed with his own eyes, but he couldn't even think about revenge. His opponent was too strong!

Even if they formed a battle formation, they would not be able to keep up with the other party's explosive power. This kind of battle ... Was impossible to fight!

"Very good! If you know what's good for you, then scram to the side, don't be a hindrance here!"

The old man nodded and ignored the group. He turned to Lin Yi's tent, "Little Shuang 'er, you didn't come out to welcome your grand uncle when you saw him coming? When did the Qin family teach you such manners?"

He had already locked onto Qin wunian's position. As he spoke, he led the other two elders toward the tent. "Forget it. We've already traveled tens of thousands of miles. A few more steps won't make a difference. We old bones will make do with you and come to see you in person!"

Lin Yi's brows raised, his eyes filled with suspicion. These three old men were also from the Qin family?

Previously, Qin wunian had clearly said that the Qin clan had already been destroyed and she was the only direct descendant who had escaped. What was going on with the sudden appearance of three granduncles?

When Jin ziduo was killed, Lin Yi didn't do anything. It wasn't because he didn't have enough time to save him. If he wanted to save Jin ziduo, he had to display a strength that was stronger than the old man at the peak of the early stage of the shattered Sea realm.

Under such an explosion, who knew if the star energy in Lin Yi's body would also explode, sacrificing himself to save Jin ziduo? Lin Yi didn't think the gold duos were that important.

Therefore, Jin ziduo was dead!

The three old men were obviously here to cause trouble for Qin wunian, and Lin Yi was considering if he should help Qin wunian.

There was no doubt that Qin wunian's position in Lin Yi's heart was much higher than Jin ziduo 's, but he was still not considered important, which was why he was hesitating. If it was Daniya, he would have used his full strength without a doubt!

"Sima Zhong da, you should leave quickly! They are here for me, it has nothing to do with you! If you leave now, they won't stop you. Hurry!"

"They're all experts from our Qin clan," Qin wunian said in a low and urgent voice. "Their combat strength is above average among cultivators of the same level. You're not their match. Hurry up and leave!"

As she spoke, she pushed Lin Yi to the back of the tent. As long as they broke through the tent, they would be able to leave from the back. She walked a few steps before turning around and walking out to welcome them!

Lin Yi sighed to himself. It didn't matter if Qin wunian was being sincere or not. Since she had said it, the balance in Lin Yi's hesitation would naturally lean towards her!

He had no choice, he had to help her! He hoped that he wouldn't be dragged into this as well ...

Qin wunian walked out of the tent with a cold expression and stood in front of the three old men. "There's no Qin Shuang here. She has been buried with the Qin family!"

"Hehehehe! Little Shuang 'er, are you still acting up? You're the young miss of the Qin family. For the sake of the Qin family, you have to take up your responsibility!"

The old man in the lead squinted his eyes and smiled. He looked amiable, but he gave people a cold, venomous snake-like feeling. "Be good and go back with granduncle! Our Qin family has already declined. Only you can bring the Qin family a chance to rise again. Be obedient!"

Chapter 9093

Lin Yi, who had just walked out of the tent, stopped in his tracks. What was going on? Was Qin wunian actually a young lady who had run away from home?

Were the three old men here to bring back the young lady who had run away from home? In that case, it was just a family matter of the Qin family?

It didn't seem appropriate to step out rashly, and it was even more inappropriate to risk the explosion of the power of stars!

Lin Yi hesitated for a moment, but he still walked to Qin wunian's side, shielding her behind him. "The three of you, is there a misunderstanding? If there's something you want to say, let's just talk about it, okay?"

Startled, Qin wunian pulled on Lin Yi's arm and grumbled, "Sima Zhong da, what are you doing? Didn't I tell you to leave quickly? why did you come here?"

The old man in the lead raised his eyebrows and looked at Lin Yi with a smile. "There are still young people who are not afraid of death? His courage was commendable! However, this is our Qin family's family matter and has nothing to do with you. If you don't want to die, you'd better stand aside!"

"Little Shuang 'er, obediently go back with granduncle! You see, your friends are all worried about you. In order to prevent them from getting hurt, you should let them be at ease!"

"Don't throw a childish tantrum anymore. Unless you want to see your friends sacrifice their lives for you, I'm very willing to help you and satisfy your little interest!"

He could tell that Qin wunian valued Lin Yi, so he used it to threaten Qin wunian. It seemed to be working!

Qin wunian's expression changed as he stood in front of Lin Yi, blocking him. ""This is a matter between us, and it has nothing to do with anyone else. Don't drag the innocent into this!"

"It doesn't matter. Granduncle is not interested in anyone else. As long as you go back with granduncle, anything can be discussed!"

The old man shrugged and said with a smile, "shall we go now?" Don't put up any pointless resistance. You know that any resistance is useless in front of us!"

Qin wunian's heart sank. He knew that the other party was right. The difference in strength was too great, and there was no chance of resistance. If he didn't agree, he would only drag a few more people down with him!

Lin Yi reached out to grab Qin wunian's arm, pulling her behind him before she could agree. "Qin wunian, what's going on? If you don't explain clearly, I will never let you leave!"

The old man at the peak of the late stage of earth creation chuckled. "You brat, you don't know the immensity of heaven and earth, what are you talking about? Did he really think that he was some great unparalleled hero? If you want to be the hero to save the beauty, please look at the situation first!"

"Hurry up and get lost! Don't get in the way here. For the sake of Qin Shuang, this old man can let you live. If you dare to get in our way again, no one's face will be in your favor!"

Lin Yi glanced at him indifferently and ignored him. He continued to ask Qin wunian, "Speak! What was going on? Didn't you say that the Qin family had been destroyed? You're the only one with the bloodline, so what's the situation now?"

Qin wunian was panicking, afraid that the three old men would really kill Lin Yi. He could only use his eyes to beg the old men not to do anything as he explained everything to Lin Yi.

"Sima Zhong da, listen to me, I'm not lying to you. In my heart, the Qin family is already destroyed! Although many members of the Qin family survived the massacre, they are no longer worthy of being a member of the Qin family!"

As soon as he said this, the three old men's faces instantly darkened, as if they were ready to kill at any time.

"Those who survived all joined the enemy who destroyed the Qin family. They betrayed their own families, acknowledged the thief as their father, and betrayed their ancestors for glory! I just thought they were all dead ..."

"Enough! Qin Shuang, don't think that I don't dare to kill you! If you dare to make irresponsible remarks again, this old man will let you taste all kinds of torture even if I have to suffer punishment!"

The old man in the lead had an ashen expression. He couldn't help but interrupt Qin wunian with a low voice, ""Don't take the kindness I've shown you for granted. If you want them to live, then shut up!"

"Are you really going to let them go?" Qin wunian sneered. Hehe ... Killing people to silence them is your most common method, right? Since they already know that this is the Qin family's extermination, will you still let them go?"

Huangshan Mao and the rest's expressions changed. At the same time, they wanted to cry but had no tears. Who did they offend? It's not like we want to hear your gossip. You want us to kill you just because you're invisible?

Is there a mistake!

"Since you wish for them to die so much, I'll fulfill your wish and let them have a companion on their way to the netherworld!" The old man in the lead laughed hideously.

The old man at the peak of the late stage of earth creation laughed wildly and said, ""That's good too. These chickens and dogs can't even withstand a single blow. Let this old man personally send them on their way!"

Before he finished his sentence, the old man charged towards Huang shanmao and the rest!

"Get into formation!"

Huangshan Mao was shocked and immediately gathered the remaining people into a nine man battle formation!

He didn't want to die, so he had to fight back. The only thing he could rely on was the battle formation that Lin Yi taught them!

Unfortunately, Jin ziduo, the leading figure, had been killed as soon as he came up, so the power of the battle formation must have been greatly affected. Huangshan Mao had no idea how much power was still left!

Lin Yi didn't join the battle formation, nor did he want to command them. Instead, he threw out an activated formation disk, and the formation instantly enveloped the entire area, temporarily isolating everyone.

"We can continue now. They acknowledged a thief as their father and sold their ancestors for glory, and then? Why are you still chasing after me?"

Qin wunian was slightly stunned. What time was it? Do you still need to ask this?

Forget it!

"The person who destroyed my Qin family said that he wanted to capture me and make me his concubine. As long as those traitors could offer me up with both hands, they would have the chance to rebuild the new Qin family ..."

Lin Yi didn't know what to say-the Qin family's destruction actually had such a dramatic plot?

Not only did he betray his own family and join the enemy, but he also wanted to capture the eldest young lady of the family and give her to the enemy as a concubine?

The so-called concubine meant that she could be played with and killed at will. It was equivalent to being a slave!

All for the sake of establishing a new Qin family? Destroy the original main family and build a puppet family!

He really ... Lived worse than a dog!

The three old men of the Qin family were attacking the formation disk noisily. After all, one of them was a sea shattering realm cultivator, and the other two were earth creation realm cultivators who were close to the sea shattering realm. Their powerful attacks had a terrifying destructive power against the formation disk that Lin Yi just threw out.

In another ten seconds or so, they would probably break the array disc!

Chapter 9094 The End

"I understand! Don't worry, I'm here, I won't let them take you back to send you off!"

Lin Yi gave a comforting smile and started to set up a movement formation with formation flags.

Ten seconds or so was enough to set up an ordinary movement formation. He could use this movement formation to delay time and continue to strengthen and increase its power. He might be able to deal with these three shameless old men who had betrayed the Qin clan.

Under the restrictions of the power of the stars, movement formations were the strongest weapon Lin Yi could use!

"Sima Zhong da, don't force yourself. Although their characters are despicable, they are indeed very strong. Don't throw yourself in for me. While you can leave now, hurry up and leave this place!"

Qin wunian's face was full of worry as he tried to persuade Lin Yi, ""Their target is me. As long as I'm here, they won't chase you!"

Lin Yi's hands didn't stop moving, a relaxed smile on his face. "I said, with me here, they can't take you away! Besides, you just said that if I knew about your Qin family's matters, I would definitely be silenced and would definitely not be let off easily!"

"Even if you are caught by them, I'm afraid they will hunt me down, right? With an aerial spirit beast, do you think I'll be able to escape in the wilderness? Or should I enter the forest to look for the darkness magical beasts and walk into the trap?"

Qin wunian fell silent. It seemed like that was the case!

The three of them were flying in circles in the sky, and only the old men could control it to fly down. Even if Lin Yi were to ride the Black Spirit Ferghana horse, he wouldn't be able to outrun the flying spirit beast.

As for returning to the forest to throw himself into the trap ... He might as well stay and fight to the death with these three old men!

"Alright, don't worry about me. They're not as strong as you think! It's not like we don't have a chance to win! Let's meet up with Huangshan Mao and the others!"

Lin Yi said as he led Qin wunian to the side. After a few turns, the faces of Huang shanmao and the other nine appeared in front of them.

Huangshan Mao smiled in surprise when he saw Lin Yi and Qin wunian. "That's great! With vice-captain Sima and lady Qin here, our battle formation will be even more powerful!"

The main thing was that with Lin Yi as the commander and inheritor, the formation's power was increased to its maximum. It was like an extra layer of protection, and huangshanmao felt like he'd just eaten a few calming pills, calming down a lot.

As for Qin wunian, he was just a bonus and was dispensable!

To put it more bluntly, Huang shanmao even wanted Qin wunian to leave as soon as possible!

This was the root of a disaster!

If it wasn't for Qin wunian, how could he have provoked these three old men of the Qin clan? All of them were so strong!

Although he didn't want to admit it, but Huangshan Mao could feel that the three old men of the Qin family were considered to be the top of their level. Even if he was of the same level as them, he wouldn't be their match!

"Prepare for battle!"

Lin Yi nodded slightly and didn't say anything else. He brought Qin wunian into the formation and took over command of it.

The formation plate's limit had also reached. The weakest old man who had been clamoring to kill Huang shanmao and the rest appeared in front of the battle formation.

"Hahaha, what kind of lousy thing is it that wants to stop me? If I say I'll get rid of you useless people, I definitely won't ..."

Before he could finish his arrogant words, his voice had already stopped abruptly!

Huangshan Mao took the position of the Golden Arrow head. Under the boost of the battle formation, he attacked and killed in one blow!

Instant kill!

Huang shanmao, who might have been completely suppressed by this old man in a one-on-one battle, had used the power of the battle formation to easily kill this old man!

"Don't be in a daze, continue to attack! Listen to my command, three from the right, two from the right ..."

Lin Yi continued to give orders calmly. Killing a peak late-stage earth creation was like stepping on an ant-he didn't feel anything at all.

Huangshan Mao's confidence rose as he agreed loudly and followed Lin Yi's orders, attacking at the right time!

Another Earth formation stage old man was trying to Dodge, but he ended up colliding head first with Huang Shan Mao's attack. It looked like he was deliberately seeking death and sending himself to the guillotine, which was full of comical meaning.

The hair and beard of the leading old man at the sea shattering realm all stood up. He shouted with his eyes wide open, ""How audacious! You actually dared to kill our Qin clan's people! This old man swears that you're all dead today!"

"Not only you, but also your family and friends behind you. None of you will be able to escape! Our Qin clan will annihilate all of your family's nine generations!"

"The Qin clan has already been destroyed by you!" Qin wunian laughed bitterly. And you still want to exterminate their entire family? Then the ones who deserve to die the most are you dirty rats!"

"Sima Zhong da, kill this old fart! We can do it!"

Qin wunian had just been trying to persuade Lin Yi to leave, but now that he realized that the power of the formation was still far beyond his imagination, he had the idea to take all three old men down in one fell swoop!

He had already killed two of them, so he should kill the last one as well!

The glorious battle results that he had easily obtained had greatly stimulated Qin wunian's ambition. However, he had not considered that the first two were merely at the earth splitting stage, while the last one remaining was the strongest, a cultivator at the sea splitting stage!

"B * tch!" The old man from the Qin family laughed nastily. Do you really think a mere battle formation can stop me? Aren't you underestimating me too much? Or have you already forgotten the foundation of the Qin family?"

As he spoke, the elder from the Qin family took out a black ball and smashed it on the ground. "I didn't want to use it, but since you think you can defeat me, then let me teach you the strength of a martial artist!"

The black ball exploded on the ground, and a circle of gray ripples spread out from it. It instantly swept across the entire field, leaving a faint gray on the ground. It quickly spread out, forming a gray area with a radius of about two kilometers.

"Forbidden Sphere of Destruction!"

Qin wunian's face changed in shock, and he couldn't help but cry out in alarm. At the same time, the battle formation also fell apart when the gray ripple passed by. The connection between everyone was cut off, and they went from one body to eleven bodies.

It wasn't just the battle formation-the movement formation Lin Yi set up was destroyed as well, and the formation flags that were hidden in the air all revealed themselves and fell to the ground.

Lin Yi's face changed. What was this thing? Isn't that too overbearing?

Even a movement array was easily broken! Ever since he'd learned the movement formation, this was the first time he'd encountered something so strange. He'd never even encountered it in the spatial node of the dark Demon beast clan!

"Hahahaha, without the support of the battle formation, what other tricks do you trash have? Do you not even have the courage to resist me?"

The old man of the Qin family laughed wildly, but his eyes were filled with killing intent. "A group of lowly dog slaves actually wasted my forbidden Sphere of Destruction. Did you hear? You all deserve to die!"

Chapter 9095

"Sima Zhong da, hurry up and leave! Leave this area! Within the sphere of annihilation's range, all the elemental Qi and formation energy were annihilated! We can only use the most basic of physical strength, but those who use the ball of annihilation won't be affected!"

Qin wunian's expression was extremely unsightly. Just a moment ago, she was still thinking of exterminating all of them and getting rid of this old man as well. She didn't expect the situation to reverse in the blink of an eye, and the battle formation was broken!

The annihilation orb was a special tool of the Qin family. It was extremely precious. Each annihilation orb could create an energy vacuum zone within a certain range. In this vacuum zone, only the user was not restricted.

It was the perfect tool to break formations. It could be said to be the nemesis of high-level formation Masters and formation grandmasters!

Lin Yi's formation killed two old men in a row, and the last one was the strongest, but he wasn't sure if he could handle this never-before-seen formation.

To be on the safe side, or to save his life, the old man used the forbidden Sphere of Destruction without hesitation, destroying Lin Yi's formation in one go!

"B * tch, do you think they still have a chance to leave this place? Do you really think that this old man, a cultivator at the sea splitting stage, is just for show? Kneel down and beg for mercy, and I'll consider giving you a quick death!"

The old man from the Qin family looked at Qin wunian with a half-smile and glanced at Lin Yi and the others. ""I'll give you three seconds to consider. Do you want this kind pleasure? Three! It's time!"

"It seems that you don't like to die a quick death. Do you want to go through thousands of pain and hardships before you close your eyes? Oh no, if that's the case, I reckon you guys won't be able to rest in peace!"

Before he could finish his sentence, the old man's figure flickered and appeared in front of Huangshan Mao in an instant. Without the support and amplification of the battle formation, Huangshan Mao couldn't even see the other party's movements clearly, let alone have any reaction!

So fast!

So strong!

Am I going to die?

Huangshan Mao only felt his vision blur and a sense of extreme danger rose in his heart. All the hair on his body stood up but he couldn't move at all!

In the group, Huang Shan Mao's strength was the highest. Even he could not react in time. The others were like blocks of wood, unable to even catch old man Qin's movements!

Except for Lin Yi!

Lin Yi's true strength was far beyond old man Qin's, and his eyes were even sharper. Old man Qin's movements were as fast as lightning to others, but they were as slow as a snail to Lin Yi.

If it wasn't for the entanglement of the power of the stars, killing this old man would have been a piece of cake!

But now, Lin Yi couldn't take old man Qin's attack head on. He could only save the country and people from the side, relying on his prediction and the speed of super butterfly microstep to pull Huangshan Mao to the side before he was killed!

Huangshan Mao was like a wooden man. As he fell to the side, he heard a loud explosion. The strong wind from the fist was like a sharp blade that brushed past his face. As his skin hurt, a line of blood appeared on his face.

Warm blood flowed down his face, and Huangshan Mao's forehead and back were instantly covered in cold sweat. His entire person felt as if his soul had left his body.

He had almost ... Died!

"Yo! I've underestimated you! I thought he was the weakest one, but he actually hid so well!"

Old man Qin didn't use his full strength just now-he pulled back his fist and looked at Lin Yi."He can still move at such a high speed even though he can only use his physical strength. Hehe ... Interesting!"

Lin Yi raised his hand to stop Huang shanmao from thanking him. He smiled at old man Qin, "He's born with good eyesight and speed. Young people are definitely much better than those old people who have blurred vision!"

"You're already so old, why are you running around outside? Isn't it nice to play with your grandchildren at home? Oh, that's right! You're the Qin family's traitors, helping outsiders to destroy the Qin family. So, you've already lost your bloodline? Tsk, tsk, he's quite pitiful!"

"Of course, there must be something hateful about a pitiful person. It's karma that you'll die without any offspring. Don't take it to heart. After all, to people like you, dying without any offspring is just the beginning of karma. There will be more brutal things coming!"

Old man Qin's face darkened-who could take this from Lin Yi?

"Ignorant child, glib-tongued, disrespectful to your elders, and arrogant! Today, I'll teach you what etiquette is!"

Old man Qin shouted and charged at Lin Yi at full speed. He felt that he was careless just now. Plus, Lin Yi was right beside Huang shanmao, so he had the advantage of distance. That's why Lin Yi was able to pull Huang shanmao away!

Old Qin didn't believe that Lin Yi was fast or strong, so he decided to show him what he could do.

But Lin Yi didn't want to compete with him in terms of speed. With his current strength, he couldn't win, but with butterfly microsteps, he won in terms of agility even if he couldn't beat old Qin!

So what if he could only use the basic strength of his body? The butterfly micro-step was a body technique that didn't require any additional power. Of course, it would be better if he had it, but it didn't hinder his use.

Lin Yi didn't want to fight him head on at all. He used his body to his advantage and continued to tease the old man.

"How can someone who doesn't respect his elders be worthy of respect? People must respect themselves, and people will respect them. What kind of thing are you? Well, you're nothing!"

Lin Yi was still smiling as he moved through the fierce attacks, "Speaking of etiquette, it doesn't matter if I don't know it. But I know shame, unlike some people who have wasted their lives at such an old age!"

"It's a little humiliating to say that ... In short, it's a certain shameless person who has the face to talk about teaching etiquette. I suddenly feel that it's ridiculous!"

Lin Yi's astral powers couldn't threaten the old man in a direct fight, but his taunting was still pretty effective.

With just a few words, old man Qin's face turned red with anger, and his attacks became more and more violent. However, no matter how strong he was, he couldn't hit anyone and it was useless.

Huang shanmao and the others had already retreated far away. Within the effective range of the sphere of annihilation, they couldn't form a battle formation and couldn't participate in the battle at all. That old fellow Qin was an expert at the sea splitting stage who wasn't affected by the sphere of annihilation. The aftermath of his attack could be fatal.

For Lin Yi to be able to handle this situation with ease and even mock him from time to time, it was a miracle to Huang shanmao!

But while Lin Yi was agile, he was still like a small boat in the middle of a storm, ready to be crushed at any moment!

Escape? Or not to escape?

This was a problem!

Chapter 9096

Huangshan Mao was conflicted-this was the best time to escape. With Lin Yi here, they had a much higher chance of escaping.

However, even if they managed to escape successfully, it didn't mean that they would be fine. If the Qin clan wanted to pursue them, where could they run to? So now, they should work together to kill this old man and silence him?

Thinking of this, Huangshan Mao was dejected. He wanted to kill this old man too, but he didn't even have the right to participate in the battle. What the hell was he doing!

"Lady Qin, how long will this ball of annihilation last? In our current state, we can't help vice-captain Sima at all. We can only join the battle again to help when the effects of the sphere of annihilation are over or when we leave this area!"

After much consideration, Huangshan Mao decided to give up on the idea of running away. He then made up his mind and started to think about how to get rid of that arrogant old man!

Qin wunian's eyes were filled with worry, and he didn't look away from Lin Yi for even a second. When he heard Huang shanmao's question, he only replied casually,""The duration of the sphere of annihilation will end soon. As long as Sima Zhong da can hold on for a little longer, we will be able to regroup our battle formation!"

"Boss Huang, please get ready, we're ready to enter the battle! If we can launch a sudden attack the moment the effect ends and catch him off guard, it might be effective!"

Huangshan Mao thought for a while and felt that the plan was feasible. He immediately smiled and said, "No problem! This time, miss Qin will be in command. Only if you have a precise grasp of the time can we launch an attack at the first moment!"

"Good! Everyone, get into position and wait for my orders!"

Qin wunian nodded in agreement. This was not the time to be pretentious, and there was no need to be humble. Just as Huang shanmao had said, only she, the previous young miss of the Qin clan, knew when the effects of the sphere of annihilation would end.

On the other side, old man Qin was so enraged by Lin Yi that he didn't even notice the small actions of Qin wunian and the others. In fact, these people didn't even exist in his eyes.

Other than the slippery Lin Yi, everyone else was a noob, an ant that he could kill with a wave of his hand. What was the point of paying attention to them?

It was precisely because he underestimated the enemy and his attention was on Lin Yi that he didn't notice that Huang shanmao and the others had already regrouped into a battle formation under Qin wunian's lead. It was just that the connection between the battle formations hadn't been established.

Lin Yi, on the other hand, had already noticed the strange movements of Qin wunian and the others. He didn't need to communicate with them to understand what they were doing. He immediately led old man Qin and slowly moved towards them.

During the entire process, they could also ensure that the old man's back was facing Qin wunian and the others, and that he wouldn't suddenly discover their actions.

Not long after, the gray color on the ground started to flicker, indicating that the effect of the forbidden sphere of annihilation was about to end. Qin wunian estimated the distance and shouted in a low voice, ""Charge!"

Huangshan Mao and the rest didn't say a word. They maintained their formation and began to jog and charge. Their low footsteps finally caught old man Qin's attention.

However, before the old man could look back, the gray on the ground had receded like a tide and returned to its original color.

"Attack!"

Qin wunian's calculation was extremely accurate. He had just reached the attack range when he accelerated his charge. Huang shanmao followed his orders and got into an attack stance, ending the effect of the ball of annihilation!

A faint light flashed in the formation, and the connection was restored!

When Huangshan Mao's attack was halfway through, the Buffs of the battle formation were instantly pulled to the maximum, and his attack power directly soared!

It was perfect!

Huangshan Mao couldn't help but shout, his attack striking the heart of the old man from the Qin clan. It was too late for old man Qin to realize that something was wrong, and he could only barely move a little at the critical moment, not allowing Huangshan Mao's attack to completely hit his vital point.

Even so, he was still severely injured. He opened his mouth and spat out a mouthful of blood mixed with his internal organs.

How could Lin Yi miss such a good opportunity? In a flash, he appeared at the side of old fellow Qin. As he was about to turn around to deal with Huangshan Mao and the rest, this side became his blind spot.

The demonic devouring sword emitted a black light and silently slashed towards old fellow Qin's neck. It coordinated with Huangshan Mao's attack flawlessly and exquisitely!

Old fellow Qin's body turned cold. The anger in his heart was still there, but at the same time, he also felt a fatal crisis. If it was an ordinary martial artist of the same level as him, he would not even have the chance to react at this time. His head would be separated from his body.

After all, he was an expert from the Qin family. He was stronger and more outstanding than ordinary martial artists of the same level in all aspects. When he felt that he was going to die, he reacted by relying on his combat instinct.

The attack from behind had already had a certain level of defense, but at this time, it completely gave up on defense. Instead, it used the thrust generated by the attack to take the opportunity to fall forward.

As a result, even though the damage he received was higher, it was still within an acceptable range.

Lin Yi's sure-kill strike didn't hit its full potential because of the sudden lunge-it only left a gash on old man Qin's neck, and blood gushed out like a fountain.

If such a serious wound was not treated, old man Qin would be dead in two to three minutes at most. What old man Qin wanted was these two to three minutes!

Not dying on the spot was his last chance!

Old man Qin did not think that he could escape. It was impossible for him to escape unscathed from the certain-death situation just now. His struggle was only to delay his death!

Before he fell to the ground, old man Qin took out a token and crushed it with the last of his strength. Then, he fell to the ground heavily, blood and minced meat still spurting out of his mouth. The wound on his neck even tore open a little because of the vibration.

Qin wunian's expression changed drastically, and he subconsciously took a few steps forward. He raised his hand and made a few grabbing motions in the air before it fell limply to the ground.

Lin Yi frowned, "what's that?" Is there a problem?"

Qin wunian opened his mouth but didn't reply. Old Qin, who was still alive, laughed out loud. His neck was severely injured, but his vocal cords weren't damaged, so he could still speak.

However, his mouth and throat were filled with minced meat and blood, so he couldn't speak clearly. In the last moments of his life, he seemed to be a little proud.

[illegible]

The old man used the last of his strength to let out a hoarse roar. Then, his body relaxed and he stopped breathing completely. A ferocious smile was still hanging on the corner of his mouth!

Qin wunian's face was ashen, and his legs gave way as he fell to the ground.

Lin Yi walked over and squatted in front of her, speaking softly, "What's going on? Why do you look so desperate?"

Chapter 9097

"Sima Zhong da, I'm sorry! I've implicated you! He was right, we all have to die! No one can escape!"

Qin wunian's eyes were hollow as he looked at Lin Yi, his pupils losing their original luster. "The token he crushed just now was to send a message to his partner! Furthermore, it was a message that was transmitted at the cost of his life and blood!"

"All of our auras are recorded here. Those Qin family traitors will follow our auras and track us. No matter where we hide, they will find us, even if it's the underground Devil's Den!"

"Unless we enter the space of the darkness demon beast clan through a spatial node, we won't be able to stop this tracking! Without a doubt, the next one to come after us will be a much stronger traitor than these three! We ... Can't escape!"

The Qin family used to be a family on the continent. Their Foundation was so deep that no family on the continent could compare to them. Whether it was the forbidden sphere of annihilation or the token that used blood to send messages, they were all methods of the Qin family.

Lin Yi had never even heard of it before!

He didn't think that the token would be this troublesome ... Lin Yi was helpless about it. This was the best he could do at the moment.

If it wasn't for the power of the stars, old man Qin wouldn't have had the chance to crush the token-Lin Yi could've killed him in one move, so there was no way he'd give him the chance to send a message before he died!

As for the price to be paid for the token ... Old fellow Qin was about to die anyway, and this was the last resort before he died. It was not a sacrifice at all.

Huangshan Mao was originally quite happy. The three old experts of the Qin family had all been killed, just like the demon Fang hunting group!

On the path of silencing people, it was really smooth and unobstructed. Who would have expected to hear such a piece of news!

They had killed him, but they had not been able to silence him. Being targeted by a behemoth like the Qin family, what could their team, a team of amateurs, do? He's dead!

"Lady Qin, what can we do now? You must have a way to solve this tracking, right? Just tell us, we'll definitely be able to do it. "

Huangshan Mao was anxious, he didn't want to die!

At this moment, he had completely ignored Qin wunian's words. He held on to the mentality of getting lucky and asked again and again, hoping that he could find a solution.

Unfortunately, Qin wunian was in even more despair than him. He had already reached the point where all his hopes had turned to dust. He could only shake his head in despair and didn't even say a word!

Huangshan Mao was dumbfounded. He opened his mouth and was tongue-tied for a while before he unwillingly growled, "No! That was impossible! I don't believe it! We can definitely escape! Vice-captain

Sima, let's get on the Black Spirit Ferghana horses and leave this place immediately! The Qin family has already been exterminated, so there shouldn't be many people left!"

"Let's go as far as possible. They might not be able to catch up to us, don't you think? Vice-captain Sima, don't hesitate, we have to leave this place immediately!"

Even if Huang shanmao wanted to escape, he had to drag Lin Yi with him. He could already tell that without Lin Yi, they were dead for sure. Only by pulling Lin Yi along would they have a chance!

The other members of the team stood on the side, watching the three of them. They didn't even have the right to speak in this situation, and all their hopes were on Lin Yi.

Or could they hope that the big shots of the Qin family who were chasing after them would not take notice of them and ignore them?

The chances were too slim. It would be more reliable to count on Sima Zhongda to step forward!

Lin Yi rubbed his forehead, looked at Qin wunian, and then at Huang shanmao, sighing. "If Qin wunian says we can't escape, then we definitely can't escape. No one has a deeper understanding of the Qin clan's methods than her!"

"Boss Huang, let's not waste any more time. The Qin clan has an aerial spirit beast. With the speed of the Black Spirit Ferghana horse, we won't be able to shake them off."

Huangshan Mao raised his head in despair. There was still a black dot circling in the sky. That was the flying spirit beast that the three old men of the Qin family had ridden on when they came. They had died, but it had not left. It was still circling in the sky and monitoring them.

With the help of an aerial spirit beast, the Black Spirit Ferghana horse's speed was simply not enough!

"Then what should we do? If we can't escape, are we just going to sit here and wait for death? Vice-captain Sima, could it be that you're willing to be killed like this? Lady Qin, quickly pull yourself together! You know the Qin family's methods the best, so you'll definitely be able to come up with a way, right?"

Huangshan Mao was about to go crazy, he even seemed to be hysterical.

"I'm sorry ... I've dragged you guys into this!"

Qin wunian shook his head with a bitter smile. Other than apologizing, there was nothing else she could do or say!

"Sorry my ass! Who wants you to say sorry? Quickly think of a way!"

"I ... I really have no choice ..."

The conversation went on for a few more times until Lin Yi raised his hand and interrupted them.

"Alright, calm down! Nothing is absolute in this world. Even if there are people who want to kill us, we can just kill them!"

Lin Yi said nonchalantly, "if we can kill them once, then we can kill them two or three times!" Boss Huang, don't be impatient, we don't need to run!"

"A pointless escape will not only weaken our momentum, but also consume a lot of physical strength. It's better to wait here and at the same time recuperate. When they come, at worst, we'll have a bloody battle!"

Huangshan Mao was stunned. He thought that it made sense. He would die either way, so if he adjusted his state of mind, he might be able to find a way to survive.

Lin Yi consoled Huang shanmao before turning to Qin wunian. "How long do you think it'll take for our pursuers to arrive?"

Qin wunian hesitated for a moment before saying, ""I'm not sure. If we're fast, we should be able to arrive at night. If we're slow, we'll definitely appear tomorrow morning!"

If it wasn't for the fact that he could be tracked, he might have been able to escape after such a long time. It was just that the tracking method was too disgusting!

Lin Yi relaxed and smiled, "Then there's no problem! When they come, they won't be able to do anything to us!"

After nightfall, the full moon rose!

With the 60% star source instrument in his hand, he would be able to open the entrance to the star Ink River when the full moon appeared! After entering the Black Star River, it was equivalent to changing space. The Qin clan's tracking would most likely be cut off!

Even if the other party had arrived before the entrance was opened, it wouldn't be a big problem. No one could say for sure what would happen after entering the star Ink River!

Huangshan Mao let out a long breath, "Vice-captain Sima, it seems like you already have a plan in mind. Can you tell me what you have in mind? A plan that's enough to deal with the Qin clan's experts?"

"Let's not talk about that for now. I need to know some other information, like that forbidden sphere of annihilation!" Lin Yi shook his head with a smile.

Chapter 9098

The sphere of annihilation was one of the Qin family's trump cards-naturally, he had to ask Qin wunian about it. Seeing Lin Yi's gaze on him, Qin wunian nodded.

"You all saw the effects of the annihilation sphere. This is a method that the Qin family uses to break formations. No matter if it's a formation or a battle formation, as long as the level is not high enough, it will be affected by the annihilation sphere."

"In other words, in the face of a truly high-level formation, the effect of the ball of annihilation will be greatly reduced or even rendered useless. However, our previous battle formation clearly didn't meet the requirements. It's in the category of being restrained by this formation!"

Lin Yi nodded to himself-so that was what happened!

The battle formation he had taught to Huang shanmao and the others was exquisite and much stronger than the one he had learned here, but in terms of the level of the battle formation, it was not that high.

Even the movement array he had set up was just a casual move. It wasn't a high-level one, which was why the ball of annihilation had broken it in an instant.

"So that's how it is! Then what level of formation does your Qin family's prohibition destruction ball need to not be affected? Or is there any other method that can counter the effects of the ball of annihilation?"

The only thing Lin Yi could do without using the power of the stars was formations, and the Qin family's sphere of annihilation was the natural enemy of formations. He had to figure out the limits of this thing no matter what.

Know yourself and know your enemy, and you'll win every battle. Only by knowing the depths of your opponent can you formulate the corresponding countermeasures!

Qin wunian muttered to himself for a moment before saying, ""If I remember correctly, only grandmasters can set up arrays, so they shouldn't be affected by the sphere of annihilation!"

"This is because only a Grandmaster can set up a formation. It's fundamentally different from an ordinary formation. The ball of annihilation can't destroy the lines of the formation. Of course, if it's used halfway through the formation before it's completed and activated, it will still completely destroy the formation!"

Lin Yi understood-the movement formation he'd set up earlier was a very high-level one, of course. Even the top grandmasters might not be able to master it.

At least for now, Lin Yi hadn't seen anyone who could set up a movement formation like him, but this super formation didn't mean that it was a super formation.

The movement formation he'd set up before wasn't anything high-level in nature-it was just something Lin Yi did casually. Aside from the veil of movement formations, just the difficulty of the formation itself was something any normal formation master could set up.

Indeed, it did not reach the threshold that only a Grandmaster could set up!

"I understand! You guys take a rest! I'm going to make some arrangements and preparations. If someone really comes, I'll at least give them a meeting gift!"

Lin Yi smiled as he took out a bunch of formation flags. Under the astonished gazes of Huang shanmao, Qin wunian, and the others, he began to wave the formation flags freely.

If I didn't hear it wrong, only a formation set up by a Grandmaster can be immune to the effects of the annihilation sphere, right? Then what did it mean that Sima Zhong da was setting up an array? He was a Grandmaster of arrays?

Huangshan Mao had expected Lin Yi to be a high level array master, but he didn't expect him to be a Grandmaster. He thought that Lin Yi would at most be a dark gold level array master, or at most a Diamond level.

Who would've thought, who would've thought, he was actually a Grandmaster of arrays!

Even though there was only a single step between a Diamond Grade formation master and a bronze grade formation master, this single step was as different as the heavens and earth!

Since when did a random team like theirs have a Grandmaster of arrays?

He was somewhat mentally prepared, but the other members of the team were completely dumbfounded. They all looked at him as if they were looking at some God.

Only Qin wunian's eyes flashed with a complicated look. The more Lin Yi acted, the more it proved that she was wrong! It was impossible for him to be an ordinary mountain split stage martial artist!

So, was his prediction right? Was this really the person she was looking for?

Lin Yi didn't care what they were thinking and focused on setting up the formation. This time, it was a complex formation with defense, trap, killing, illusion, and confusion formations.

Even an ordinary dark gold Grandmaster might not be able to set up a complex array of this level, let alone a bronze Grandmaster. It should be enough to deal with the Qin family's forbidden Sphere of Destruction, right?

Setting up a formation like this wouldn't be for nothing, of course. If the Qins came earlier than expected, Lin Yi wouldn't be able to use his full strength, and he'd have to use the formation to buy time!

Even if the Qin family's people did not come in advance, in case something went wrong with the opening of the six-point star source instrument, it would also be a problem. It was better to be prepared!

Huangshan Mao and the others were dumbfounded. They couldn't understand Lin Yi's formation at all, but it didn't stop them from feeling that it was a high-end formation. The power it contained made their hearts palpitate.

Lin Yi's speed in setting up formations was even more shocking. Such a high-level formation was as easy as eating and drinking to Lin Yi. Other people might not even be able to set up a normal formation in half the time, but he was done!

"Alright, everyone, don't just stand there. Have a good rest and prepare to welcome our guests! If they dare to come ... They should be very surprised, right?"

Lin Yi's words made Huang Shanmao and the others curse inside—who would be surprised by this kind of formation? It's more like a shock, right?

Lin Yi's series of performances had already won them over, and now that he'd shown his Grandmaster strength, his prestige had reached a point where it couldn't be any higher. A casual word from him was more binding than an order.

He told them to rest and recuperate. Including Huang Shanmao, none of them said anything and immediately turned around to find a tent to rest.

Lin Yi and Qin Wunian were the only two left.

Qin Wunian's gaze was still complicated as he looked at Lin Yi. After everyone else had entered the tent, he sighed, ""Sima Zhong da, whether you admit it or not, I know I didn't find the wrong person!"

Lin Yi couldn't help but smile bitterly at the sentence.

Qin Wunian had suspected that he was from the Tianying planet before and had asked him directly, but Lin Yi had managed to fool him. It was clear that he couldn't fool Lin Yi this time.

Or perhaps Qin Wunian didn't even give Lin Yi the chance to fool her again, directly confirming that Lin Yi was the Tian Ying planet. No matter how you deny it, if I say you are, then you are! There was no logic to it!

Chapter 9099

"Now is not the time to talk about this ..."

Lin Yi was interrupted by Qin wunian's raised hand.

She looked at Lin Yi seriously, "Sima Zhong da, can you tell me the truth? has the six-point star source instrument really been destroyed? If it hadn't been destroyed, were you planning to wait until night time to open the channel to the star Ink River?"

When Qin wunian confirmed that Lin Yi was from the legendary Tian Ying planet, he was naturally sure that the six-point star source instrument was still in Lin Yi's hands.

In fact, she had gotten close to Lin Yi for the six-point star source instrument. The Qin family's background was extraordinary, and as the young lady of the Qin family, Qin wunian's understanding of the six-point star source instrument was far beyond Lin Yi's imagination.

They'd been trying so hard to get close to Lin Yi, and naturally believed that the six points star source instrument wasn't destroyed by a siege like the legends said!

Lin Yi raised an eyebrow. He could continue to deny Qin wunian's question, but there was no need to do so now!

The star Ink River would open tonight, and Lin Yi didn't plan on leaving Qin wunian and the others. It didn't matter if they were his closest friends or not. Since they'd fought side by side, he didn't mind giving them a chance.

At the same time, everyone had to face the pursuit of the Qin family's traitor. It could be said that they were all in the same boat. There was no point in continuing to hide it. In any case, they would have to take out the six-point star source instrument at night.

And so, Lin Yi nodded. "That's right, the six-part star source instrument was not destroyed. It's in my hands now! Your thoughts are completely correct. When the full moon rises in the evening, I will use the six star source instrument to open up a passage to the star Ink River and enter it!"

Qin wunian's expression relaxed and he smiled happily. "You are indeed from the Tianying planet! His prediction was not wrong! But why are you so weak? It's not as powerful as the legends say!"

It was said that the heavenhero planet had easily broken through the encirclement of hundreds of heaven breaking and sea splitting stage cultivators and left in a carefree manner. That kind of strength was practically flying up to the sky and shoulder to shoulder with the sun!

However, Lin Yi didn't display any of this extraordinary combat strength along the way. He was good in other aspects, but it didn't match up to planet Tianying at all. This was also one of the reasons why Qin wunian was fooled by Lin Yi before.

Lin Yi didn't know how to answer the question-it was a long story!

Qin wunian suddenly clapped his hands, his mind coming up with the reason. He didn't give Lin Yi a chance to speak. "I know. Although you broke out of the encirclement of so many big shots, you paid a price. After that battle, you were seriously injured and didn't even have one-hundredth of your strength left!"

"That's why you chose to hide your identity and pretend to be a newbie in the mountain opening stage. You followed Huang shanmao's team because you wanted to meet up with your partner, Tian Huixing, right?"

"Yeah!" Lin Yi blinked and nodded.

Whatever you say is right! I'll listen to you, please continue with your performance!

Qin wunian was a little jubilant. He had completely forgotten the threat and pressure brought by the Qin clan's traitor. "I knew it! Sima Zhong da ... Hmm, should I call you senior Sima? How old are you? Is this a fake?"

Lin Yi's mouth twitched. Why was she asking this question?

"No need, I'm about the same age as you, you can just call me by my name ... To be honest, I really want to know how you found me? You even used that method to get me to save you, so you could get close to me?"

What Lin Yi was more curious about was that Qin wunian knew that he was looking for planet Tianying, but he still used drugs to knock it out? How could a super expert of the heaven breaking stage be so easily obtained by her little amount of medicine?

He really didn't know where she got her courage from, or was she just a fool?

"Alright, I'll respectfully accept and continue to call you Sima Zhongda!"

Qin wunian truly didn't regard himself as an outsider. He chuckled and said, ""I was lucky to find you. I had a precious item from the Qin family that can predict the time and location of a certain person or item."

"Although it's not absolutely accurate, I can still vaguely guarantee that there's a 70 - 80% chance. It's a pity that I can't predict the entrance of the Black Star River. Otherwise, I wouldn't have to go through so much trouble to find you!"

Lin Yi was shocked-this Qin family was really something! There's even such a precognitive tool? Then how were they annihilated? Didn't he foresee this in advance?

After Qin wunian's explanation, Lin Yi finally understood that the item that could predict the future wasn't omnipotent.

First of all, the results of the prediction were relatively vague, and there had to be a clear direction, such as when and where the six-point star source instrument would be.

Before the Qin family was destroyed, how could they have thought of such a disaster and used an item to predict it in advance?

This item could not be used at any time. After each use, the cooldown time was relatively long. It could be a few months to a year, depending on the situation.

It was a good item, but it was of little value to Lin Yi-there was no need for him to be concerned about it!

Lin Yi's interest in the Qin family had been piqued, and so he chatted with Qin wunian for a while more. He had learned quite a bit about the Qin family's secrets, but Qin wunian didn't mind. The Qin family was gone anyway, so it didn't matter anymore.

If she could make the legendary Tianying planet have a good impression of her, it would definitely be of great help to her great cause of rebuilding the Qin family!

Unfortunately, Lin Yi wasn't too interested in helping her rebuild the Qin family. This time, he came to the Tian Ji continent with three main goals. He wanted to find Sima Yunqi and his wife, solve the problem of the star energy, and figure out why the dark Demon beasts had gathered in the Tian Ji continent!

Any one of them was more important than helping Qin wunian rebuild the Qin clan!

He could help her out if it was convenient, but he couldn't do something like this on purpose.

I'll help her by bringing her into the Star Ink River tonight!

If Qin wunian could gain something from the Black Star River, then he wouldn't have let down their acquaintance!

After talking about the Qin family, they talked about the rumors of the star Ink River. Qin wunian definitely knew more than Lin Yi in this area, and if she didn't mention full moon, Lin Yi might not have discovered the key to finding the star Ink River.

"It's getting dark. When the full moon rises, you'll be able to use the six star source instrument to open the star Ink River!"

The two of them chatted for a long time before Qin wunian raised his head to look at the sunset in the horizon. He said in a low voice, "I hope that we will be able to successfully obtain what we want after entering the star Ink River ..."

Lin Yi looked up at the sky, not knowing what to say.

In the conversation just now, Qin wunian had mentioned that the six-point star source instrument had opened up the passage to the star Ink River. Only then did he realize that the information he had received before the auction was not accurate!

Chapter 9100 The End

The six-part star source instrument could indeed find the star Ink River in advance, but it didn't mean that they would have the opportunity to enter the star Ink River in advance!

Without the use of the 60% star source instrument, no one could say for sure when the Black Star River would open. It would have to wait until it had accumulated enough energy to open the passage on the night of the full moon. It could be this month, the next month, or even the month after that.

The only advantage of using the six-part star source instrument was that he could control which full moon night the channel would open, and he could also enter the channel immediately. However, there was more than one channel that could be opened!

Every time the Black Star River opened a passage, there would be about 15 to 20 passages in a region. With the 60% star source instrument in hand, one could be sure that there was a passage in front of them.

No one knew where the other passages were located. They might open directly in a city, or they might open in some hidden deep mountain canyon. It was not surprising that they appeared underground.

All in all, when Lin Yi entered the star Ink River, he might meet many people who came in from other entrances. It was all up to luck!

It all depended on one's own luck and the luck of others!

What if he was unlucky enough to run into those heaven breaking bosses when he entered the star Ink River ... Lin Yi didn't even dare to think about the consequences!

The scene was too beautiful!

Of course, if they were lucky, it would be perfect if a passageway appeared beside Daniya. The two of them could meet up at the Stardust River, and their subsequent actions would be much more convenient.

Qin wunian, who was looking at the sky, suddenly had a change in expression. He said in a low voice, ""Not good! The traitors were about to arrive! This time, there were three cultivators at the late stage of the sea Rift realm and above and an expert who was half a step to the heaven breaking realm! Sima Zhongda, can your formation withstand it?"

She clearly had a special sense for the Qin family's traitors, and could detect the enemy's situation even faster than Lin Yi's spirit sense.

One of the four experts at the late stage of the sea Rift realm and above was a half-step heaven cleaving expert!

This is a little troublesome!

Lin Yi frowned slightly and turned to look at the sky in the distance. There was a small black dot flying over at high speed. Qin wunian didn't need to say anything-his divine sense had already given him the feedback!

Qin wunian had initially said that they would arrive at night at the earliest, but they had unexpectedly arrived earlier than expected. It was only evening now, the sun had not completely set, and the moon had not risen!

The six-part star source instrument couldn't open the passage, so they had to rely on Lin Yi's complex formation to stop the Qin family traitors!

As long as he could delay for a period of time and wait for the moon to rise, he would be able to open up a passage to enter the ink Star River ... The problem was, would the traitor of the Qin clan be able to follow him in?

The Qin family's flying spirit beast was extremely fast. From a small black dot to a clear view of its appearance, it only took a blink of an eye.

Four figures descended from the sky and landed in the camp easily, but before they could say anything, they were greeted by Lin Yi's compound formation!

The moment the formation was activated, endless attacks rolled out and completely enveloped the four Qin clan experts.

"Dammit! There's actually a Grandmaster-level formation lying in ambush!"

The old man at the half-step heaven breaking stage, who was the leader of the group, roared again and again. He took out the ball of annihilation and threw it at his feet. The gray fluctuation appeared again, but it could not break through the siege of the array.

A formation that could only be set up by a Grandmaster had already exceeded the scope of the ball of annihilation's destruction!

However, the effect still existed. The operation of the entire formation became a bit more sluggish, and the power it could exert was far from what it should be under normal circumstances!

"Your Qin family's forbidden Sphere of Destruction is stronger than I imagined! My formation is still affected!"

Lin Yi furrowed his brows and looked at Qin wunian. "This is completely different from what you said before!"

Qin wunian said that only grandmasters could set up formations to deal with the sphere of annihilation, but Lin Yi's formation wasn't something a Grandmaster could set up!

Even a silver array Grandmaster did not have this ability! However, the sphere of annihilation could affect it. Clearly, Qin wunian's information had a serious error!

Qin wunian's face reddened. This was a serious mistake-if it weren't for Lin Yi's formation, they would've been surrounded by the Four Masters of the Qin family!

"The ball of annihilation wasn't this powerful before! It seems a little different now. Perhaps it has been modified?"

Qin wunian's tone was a little uncertain, and his eyes flickered for a moment before they were filled with resentment. "These traitors must have given the secret of the forbidden sphere of annihilation to their new master. If it was only these traitors, it would be impossible to improve the forbidden sphere!"

Lin Yi understood-only a continent-level house like the Qins would have a trump card like the sphere of annihilation, and whoever could destroy them would have to be stronger than them!

What the traitor couldn't do, they had a high chance of doing it. It shouldn't be too difficult to grasp the secrets of the sphere of annihilation and make some improvements.

After all, it was much easier to repair and decorate the original house than to build a new house from scratch!

"Is the enemy here?"

Huangshan Mao and the others heard the commotion and rushed out of their tents. They weren't in the mood to rest, but they saw that Lin Yi and Qin wunian seemed to need some private space, so they quickly hid in their tents.

The Qin clan's people had rushed over. They were also one of the targets, so they couldn't stay out of it. They could only respond actively.

When he reached Lin Yi's side, Huangshan Mao had already ordered his men into battle formation, "Vice-captain Sima, should we make a move now? Using the power of the formation to attack them?"

Lin Yi looked at the sky and pondered, "There's no need for that. My formation can still buy us some time. As long as we leave this place, they won't be a threat anymore!"

The formation was affected by the sphere of annihilation, but it could still trap the four of them for now. Lin Yi's formation didn't have much meaning-these people were much stronger than the three before, and they were working together too. A sneak attack wouldn't kill them.

Huangshan Mao suppressed his suspicions-Lin Yi was the boss now, and whatever he said was final. He didn't dare to ask anymore.

Without Lin Yi's protection, he and his team would be crushed to pieces in a matter of minutes. Only by following Lin Yi could they have a chance of survival.

In the formation, the four practitioners were dashing left and right, constantly consuming the formation's power. Originally, they would have been split up and destroyed by Lin Yi's formation when they landed.

He didn't expect that the guy in the lead would react so quickly and throw out a ball of annihilation. Although it didn't break the formation, it stopped the formation from operating at its maximum capacity.
