

Bodyguard 9181

Chapter 9181

The Phantom's hand went numb, and he almost lost his grip on the hammer. His body leaned back a little, and the three appearances of Cloud Dragon's footwork was disrupted. It was too late to pull away.

Lin Yi took advantage of this opening and used the momentum of the hammer to turn around and smash the head of The Phantom again!

Phantom Lin Yi felt like the space around him had been locked down by the hammer-he couldn't even activate his other skills like extreme butterfly microsteps and lightning escape, let alone the interrupted triple Cloud Dragon. He had to take the hammer head on.

"Don't be so smug!"

The illusory Lin Yi roared. Since he couldn't Dodge in time, he might as well not Dodge at all. He would use his head to take Lin Yi's hammer, even if it meant that he had to hit Lin Yi's head with it.

A lose-lose strategy, was he going to die together?

The illusionary Lin Yi's were fake versions of himself created from the power of the stars, they weren't real life at all. It was a joke to say that they were going to die together, but it didn't matter if he died-the star Cloud tower could create a few hundred Lin Yi's in minutes if they wanted to.

Lin Yi was going to die if he got hit by the hammer-it seemed like the outcome was already decided!

The Phantom Lin Yi bet that Lin Yi would pull back and defend-it didn't matter if he didn't, he wasn't afraid of death!

Moreover, he wouldn't die!

Lin Yi's eyes flashed with a sharp light. Facing the illusory Lin Yi's hammer, he didn't have any intention of dodging at all. He really wanted to die with the opponent!

BOOM! BOOM! Lin Yi's hammer hit The Phantom Lin Yi's head first. The other side was a little late, but it wasn't too far off.

Under normal circumstances, it would be a lose-lose situation, with both Lin Yi and The Phantom Lin Yi dead.

But now, it was obviously not a normal result. The two of them were unscathed, and they used their heads to block the other party's hammer.

The star undying body!

Whether it was Lin Yi or The Phantom Lin Yi, they both activated the indestructible star physique as the hammer was about to hit them, entering invincible mode at the last moment.

"Hehe, I knew you would activate the star immortal body! We're all the same, no one can do anything to the other. I'd like to see what other tricks you have up your sleeve. "

"You want to use the undying star physique's invincibility to suppress your injuries?" Lin Yi smiled. "You can use your full strength in this state."

"That's a good idea. In 40 seconds, you can indeed use all your strength, but I also have 40 seconds of the indestructible star body, so what if you can use your full power? Even if I just stand there and let you hit me, you can't break my star undying body!"

"When the 40 seconds of invincibility is over, the injuries in your body will still erupt. At that time, how will you face my clone in my peak state?"

Lin Yi looked at the illusionary Lin Yi expressionlessly, "Are you done? If you're not done, you can continue. 40 seconds is more than enough for you to talk. "

"Interesting. Do you think it's meaningless to fight when everyone is in the invincible state, so you're just using it to chat? Alright, I'll chat with you as a benefit before you die! After all, one will fall into eternal emptiness and loneliness after death!"

The illusionary Lin Yi slammed the hammer into the ground and smiled, "By the way, where did you get such a weapon? The power is not bad, but the shape is a bit ugly!"

"Could it be that you used to be a worker who did physical work? Was it because he was used to it, so he was reluctant to give up this type of weapon? To be honest, it's not easy to find such an excellent hammer. "

Lin Yi's mouth twitched. This was his clone, and they had to have the same taste. It was normal for him to think that the hammer didn't look good. There was nothing to be angry about, right?

In any case, I've never felt that a big hammer is good-looking ... Even so, I still feel a little indignant! It's all that silly Fei daqiang's fault!

When he returned, he would use a big hammer to hit his head. The king of junk had asked him a proper question about styling, but this fellow was spouting nonsense!

His thoughts were a little off ... Back to the current situation!

Both sides were in the invincible time of the star undying body, so how could they break out of this situation?

Although the hammer was powerful, it was still nothing compared to the entire Star Cloud tower. There was no hope of breaking the star undying body with the hammer!

Therefore, the following time was very important!

"Hey, didn't you say you wanted to have a chat? Why aren't you saying anything? At least give some reaction! Is it appropriate for me to talk to myself? After all, I'm also wearing your appearance, so me talking to myself is actually the same as you talking to yourself!"

The Phantom Lin Yi copied everything he had, but the way he was mumbling made him look like he copied Fei daqiang ... Lin Yi didn't know what was going on.

Could it be that I have a hidden talkative attribute? It can't be!

"I understand. You think that we are exactly the same. Even if we are communicating with each other, it is also considered talking to ourselves? That doesn't seem to be a problem. Then I'll take two roles and tell you what you want!"

The Phantom Lin Yi was a man of his word-he activated the thousand changes of wood and forest, creating a clone that impersonated Lin Yi and started talking and even cursing at each other.

Lin Yi didn't know what to say-he was sure that this wasn't a copy of his personality ... It was easy to get into trouble with fakes!

Such a scene was clearly a copy of LAN Guzha and Fei daqiang's characters!

He even had to do such an embarrassing thing in his own face. Fortunately, no one saw it ...

Lin Yi cursed in his heart as he calculated the time. He was having a lot of fun with The Phantom and the clone.

Time passed by second by second, and the 40-second invincibility of the star indestructible body was about to end.

Lin Yi's eyes flashed with a sharp light-it was now!

Super limit butterfly micro steps!

The two of them were more than ten steps apart. At this distance, the Super limit butterfly micro steps could cover it in an instant. In terms of speed, it was not inferior to the Thunder escape technique. Because there were no lightning arcs when the Thunder escape technique was activated, it was even better in terms of concealment.

The hammer was dragged behind Lin Yi, and when it got close to The Phantom Lin Yi, it flew up and smashed down. Lightning and fire rose at the same time, hitting The Phantom Lin Yi with unstoppable force.

The illusory Lin Yi kicked the hammer on the ground with the tip of his foot and met Lin Yi's attack from the bottom up as he laughed, "They all say that sneak attacks are useless. I understand your thoughts ..."

Before he could finish, the two hammers collided with a loud noise again, but this time, the illusory Lin Yi's hammer was smashed to the ground.

It wasn't just because The Phantom wasn't able to fully utilize its full strength, but also because Lin Yi had calculated the time!

The two of them activated the star undying body almost at the same time, but that was only almost. In fact, there was still a difference in the order. Lin Yi activated Phantom first, and he was half a second late.

Chapter 9182 Power

What could be done in half a second? It was not enough for an ordinary person to blink once! But Lin Yi wasn't a normal person. Even if it was just half a second of the indestructible star physique, he could still use his peak combat power for half a second!

The Phantom Lin Yi couldn't finish his sentence because Lin Yi's hammers were raining down on him. In just half a second, he had been hit over a hundred times!

The big hammer condensed by the power of stars was completely defenseless in front of a real hammer. After blocking dozens of strikes, it was completely shattered, turning into the power of stars and melting in the air.

For the next hammer strike, Lin Yi could only use his physical body and martial arts to take it head on. Unfortunately, The Phantom lost the invincibility effect of the star undying body. After being suppressed by Lin Yi, it couldn't escape anymore!

A second later, Lin Yi let out a long breath and started suppressing the star power in his body!

The shadow Lin Yi had turned into dust, and the star undying body had ended. He suppressed the star power in time before it could mess up.

Lin Yi wasn't happy about this victory, not only because he couldn't pass the second round even if he beat Phantom, but also because Phantom was unexpectedly tough!

He'd used all his cards and tricks to win against The Phantom. Lin Yi was thinking about how he'd deal with it if he met it again.

These thoughts only went through Lin Yi's mind for a moment before the scene in front of him changed. Nineteen stages appeared again, and the fighters were still standing on their respective stages calmly.

Projection ... Lin Yi was suspicious-how many fighters would still be in the arena after the two challenges? Perhaps most of them would be eliminated by Phantom?

"Everyone, two rounds have already ended. I'm sure there are people who encountered illusions twice in a row, right? If I make another mistake, I'll have used up all three chances of making a mistake!"

The scholar didn't waste any time. He stepped forward and acted as a guide again. "Let's not waste any more time. If you have any clues, just tell us! This isn't a bad thing for anyone, is it?"

Lin Yi scoffed at that-three chances to miss? When faced with an illusion, when faced with an opponent that was exactly the same as himself, it would be good enough if he could retreat unscathed!

Lin Yi couldn't imagine that the person would survive two consecutive encounters with The Phantom!

So Lin Yi didn't have much hope in this so-called exchange. He nodded at Daniya as a greeting and started looking for a real opponent.

There was a saying that the scholar was right. One would find some clues in the process of fighting with real martial artists and phantoms!

As expected, the star Cloud tower wouldn't give out a flawless replica. That would be too difficult for the participating cultivators. It would be better to just kill them directly.

However, it wasn't easy to find the flaws in the star Cloud tower, and Lin Yi had fulfilled all the conditions.

He'd fought with real martial artists and the illusionary Lin Yi, so he had enough understanding and experience on how to guide and use the star power!

Other than Lin Yi and Daniya, who else had the chants for the first four stages of the Nebula tower? Not even the second stage!

After Lin Yi found the flaw, it was very easy to find it!

He activated the pithy formula that he had derived and used it to attract the power of the stars in the surroundings!

Out of the 19 arenas, only one of them had a relatively thin amount of stellar energy. The other 18 arenas all had a denser amount of stellar energy!

Lin Yi's lips curled into a faint smile-he found it!

The one that didn't fit in with the other eighteen rings was the opponent Lin Yi was looking for!

"Daniya, try using the incantation I taught you. You'll be able to find some differences, find the most special point, and then go over!"

Lin Yi turned to look at Daniya's arena and told her what he found. Other than Lin Yi, only Daniya could easily find the correct arena.

"Little brother, did you find something? Why don't you share it so that everyone can try it together? Is there a chant that can see through all illusions?"

The scholar's eyes lit up as he asked Lin Yi, "Little brother, please teach your incantation to everyone. Don't worry, everyone will benefit from it and will naturally not treat you shabbily. We will give you appropriate compensation!"

Lin Yi glanced at the scholar indifferently, not paying him any attention. He walked straight to the stage he'd chosen.

They weren't even that close, so why would Lin Yi teach his own mantras to others? Other than the people he trusted, everyone else in the star Cloud tower, be it humans or dark beasts, would probably see Lin Yi as an enemy.

To make the enemy stronger and then deal with him? Is there something wrong with his brain?

What kind of appropriate compensation would be given? what kind of compensation would be appropriate? Lin Yi didn't believe these insincere words at all!

"Little brother! What's the meaning of this? Are you looking down on us?"

The scholar's face changed-Lin Yi's disregard was more embarrassing than a direct rejection. If Lin Yi just left like that, he'd lose all his face. Who would care about him after that?

"Don't think that just because you've passed this trial, you'll be free of any worries! Everyone will see each other in the star Cloud tower, and once we leave the star Cloud tower, we will still meet on the Tian Ji continent. As the saying goes, leave a line in one's conduct, and we will meet again in the future!"

Lin Yi smiled awkwardly and continued walking.

He actually wanted to use this to threaten me. What a joke! Not to mention that Lin Yi had already made the Tianji continent's martial artists his enemy once for the six point star source instrument.

Even without such an experience, why would he be afraid of a mere threat?

The scholar's face turned even uglier-Lin Yi's contempt made him even angrier, but he had to force himself to calm down. He'd shown his wisdom to others, and if he lost his cool and restraint, how could he be respected?

Lin Yi had already gone to the arena he picked, and the scholar turned to Daniya with a sincere smile, "Miss, your companion seems to be a bit arrogant. Such an unreasonable way of doing things will offend many people!"

"I think that miss should be a person of profound righteousness and will definitely not be like your companion. Why don't you share the incantation he spoke of? everyone will be endlessly grateful to you!"

Daniya also laughed, "idiot!" Are you trying to drive a wedge between us? Is your brain flooded? And then you thought that my brain was also flooded with water like you?"

After the merciless taunt, Daniya didn't bother with the scholar anymore. She used the chant Lin Yi taught her to easily find the real practitioner's position and went over to challenge him.

The scholar's face turned red and green, and the martial artists on the ring next to him looked at him with pity. He was so angry that he almost vomited blood.

Chapter 9183 -Power

Lin Yi didn't think much of this guy at all-he'd completely forgotten about him the moment he stepped onto the stage.

The fighters in the ring were only at the early heaven-breaking level, and Lin Yi had used the indestructible star body and the derived chant to heal his internal injuries during the fight with the illusory Lin Yi. It was very effective after that, and a part of the star power in his body was eliminated.

At this point, Lin Yi's combat strength had returned to the early stage of heaven breaking. Opponents of the same level were no longer a threat!

He easily defeated his opponent, passed the second round, and defeated his third opponent. Lin Yi was the first to pass, appearing in the center of the platform.

A second later, Daniya came out as well, smiling as soon as she saw Lin Yi. She waved, "Sima, you really came out faster than me! I was still thinking if I would be faster than you this time, but I still lost!"

Lin Yi smiled, "I just came out and you came out. It took less than a second. I'm not faster than you. Have you encountered an illusion before?"

With Daniya's strength, it'd probably be a tough fight against The Phantom Daniya, but she was in a good condition, unlike Lin Yi, who was suppressed by his own fake.

If it weren't for the hammer and the half a second delay in activating the indestructible stars body, Lin Yi would've died in the hands of his own replica.

"Yes. When I first encountered Phantom, I was shocked. It was really beyond my expectations! It's actually exactly the same as me, and its strength is also about the same. That'll really be a bitter fight!"

Daniya smiled and shrugged as she walked to Lin Yi's side. "It's a good thing I held on. Everything's over now ..."

Before she could finish her sentence, Daniya suddenly attacked Lin Yi. Her aura exploded and she used all her strength to kill Lin Yi in one strike!

Lin Yi's expression was strange. In fact, the Jade space had already sent out a warning when Daniya came close to him, but Lin Yi still couldn't believe that the danger was from Daniya!

They'd been comrades-in-arms for a long time now, and Lin Yi could leave his back to Daniya without a worry. He never would've thought that she'd attack him!

Buzzzzzz!

Daniya's attack passed through Lin Yi's body without any resistance. Lin Yi still had a strange and confused expression on his face. Daniya thought that her attack had succeeded and immediately dodged.

She passed through Lin Yi's body as if he was air.

Three appearances of the cloud Dragon!

Lin Yi's demonic devour sword flashed past where Daniya was, but she managed to Dodge in time and avoid Lin Yi's sharp counterattack.

Daniya didn't say anything and attacked Lin Yi again. Unfortunately, she still hit the afterimage of the cloud Dragon's three appearances. Lin Yi appeared behind her silently, and the black light stabbed towards her heart.

Daniya didn't stop when she realized something was wrong. She sped up and rushed forward, passing through the second afterimage Lin Yi left behind, avoiding the cold killing intent from behind by a few centimeters!

Lin Yi didn't continue his pursuit. He pulled the demonic blade back and looked at Daniya coldly, "You are not Daniya! What's wrong with Daniya?"

The Daniya in front of him was only at the peak of the late heaven breaking stage. She was one level lower than the real Daniya. At this level, the gap of a small level was quite obvious.

Lin Yi didn't notice it before he made his move, but once he did, it was as clear as a light in the dark.

The fight only took a blink of an eye. It was dangerous, but it was more like a test. After the test, Lin Yi needed to know where the real Daniya was.

"Hehe, Sima, what are you talking about? I am Daniya! I was just joking with you just now, don't take it seriously! I knew I couldn't hurt you. Don't tell me you can't even afford to make such a small joke?"

Daniya smiled sweetly and put on an innocent look, "Alright, alright, I'll apologize to you, alright? If you're still angry, then I'll let you hit me a few times to vent your anger, but you can't hit me too hard, it'll hurt!"

"Don't play dumb and act cute here," Lin Yi laughed, "Daniya wouldn't act like that!" It was so disgusting! Forget it, since you don't want to say it, then don't say it. After I kill you, I'll search your soul for the answer!"

As soon as he finished speaking, the sword was drawn!

A black light suddenly bloomed and the new fire spirit sword technique exploded, completely enveloping Daniya.

Daniya hmped coldly, putting away her fake smile and focusing on Lin Yi's attack. Although she wasn't as strong as the real Daniya, she was still a few levels higher than Lin Yi. She wasn't afraid of Lin Yi at all!

"Sima, you step back, I'll deal with her!"

Just as the two were about to cross swords, another Daniya appeared and saw the scene in front of her. She immediately shouted for Lin Yi to back off and charged at the fake Daniya!

Lin Yi blinked and pulled back his sword halfway, letting his opponent go. "Daniya, are you alright? I thought you were ambushed, and that's why your identity was fake. "

"I'm fine! I'm so angry, someone actually impersonated me under my eyes, he must be tired of living!"

Daniya rushed up and quickly took over the battle, beating the fake Daniya until she couldn't even lift her head and was completely suppressed.

"...You go ahead with your work. We'll talk after you're done!"

Lin Yi didn't know what to say, but decided not to disturb Daniya. He stood to the side and helped her.

The two danias looked exactly the same, and there was almost no difference. Even their moves and skills were similar.

The only difference was their levels. The real Daniya was at the great circle of heaven Sundering, a level higher than the fake Daniya, so she had the absolute upper hand.

"You traitor of the darkness demon beast clan, not only are you close to humans, but you've also harmed your clansmen. Today, I'll kill you, you traitor, even if I have to die! I'll clean up the darkness demon beast clan!"

The fake Daniya angrily shouted, her eyes suddenly opened wide, spiral lines replaced her original pupils, and the White of her eyes turned red.

In the middle of his forehead, there was a faint vertical line. The middle part was slightly split open, as if a third eye had opened.

Lin Yi was shocked by the changes, but he also caught the meaning behind the words. It was clear that this guy wasn't an illusion created by the star Cloud tower's star energy, but a master from the dark Demon beast race!

Was it a disguise? Or copying the opponent?

This effect was not just a simple disguise. Even the ability was similar. It was more like a copy, like an illusion created by the star Cloud tower!

Chapter 9184-Power

Lin Yi's thoughts wandered at this critical moment-could the illusionary image the star Cloud tower created be targeted at the dark Demon beasts?

So Lin Yi was reminding him not to be careless?

On the other side, Daniya didn't think as much as Lin Yi. She saw the ability her opponent used and laughed coldly, "This is ridiculous. You want to use my ability against me? Is there something wrong with your brain? Even if you can disguise yourself 99%, don't ever think of being like me! This is my innate ability!"

Before she finished her sentence, Daniya's eyes suddenly opened, her pupils also turned to the opposite side, and there was a vertical mark on her forehead that looked like a third eye that opened slightly.

She had used this ability once before, and it was quite a burden on her body. Now that she was being provoked by her opponent, she used it again without hesitation!

The flow of time between the two danias seemed to have stopped. Both of them were also affected by the opponent's skill, and their movements became slightly slower.

However, it was not as if it was in slow motion. After all, they were the same ability and had excellent resistance. As the two offset each other, the effect on them was relatively limited.

In comparison, whether it was in terms of strength or experience in using this innate ability, the knockoff was far inferior to Daniya, so she was at a disadvantage!

Just as Daniya was about to rush over and finish off this fake, the fake Daniya suddenly retreated and broke free of the skill range set by both sides, arriving at an open space beside the core of the platform.

"Forget it. A wise man knows when to retreat. You have more people, and I can't fight you with two fists. I'll let you go for now!"

The fake Daniya grinned as a faint light appeared under her feet. She waved at Lin Yi and Daniya, "We'll meet again in the future! Next time, you won't be so lucky!"

Lin Yi activated his lightning movement and turned into a lightning bolt as he charged at the fake Daniya. However, when the lightning bolt passed through the area where the two were fighting, it also fell into the slow and twisted time flow.

Although it was only for an instant, as Daniya cancelled the skill, Lin Yi broke free from the two-pronged attack and regained his ability to move, but it was too late.

The fake Daniya's figure had already disappeared, teleported away by the light under her feet!

"That's the dimensional channel that the space-wrecking ghost demon set up, specifically for her to escape. We won't be able to catch up to her!"

Daniya returned to her normal appearance, but her expression wasn't too good. "Sima, I know you have some questions. That was not my sister, but a dark shadow phantasmagoric Demon from the Dark Demon beast clan."

"The dark shadow phantasmagoric demon also has the bronze bloodline ... I didn't expect that so many Dark Demon beasts with noble bloodlines would come this time. It's really beyond my expectations!"

He had already encountered dark gold Shadowfiend with dark gold bloodline, space-sinking ghost demon with bronze bloodline, and mind confusing Shadow Demon, a branch of dark gold Shadowfiend. They were also at the bronze bloodline level, but they didn't admit it.

Now that he had encountered a bronze-bloodline Phantom Demon, it was clear how much importance the star Cloud tower had received from the darkness demon beast clan!

"The bloodline ability or innate ability of The Phantom Demon is to copy the appearance and ability of others. It's similar to The Phantom in the arena just now, but slightly weaker than The Phantom created by the star Cloud tower."

"This race can be considered perfect in terms of appearance replication, but their abilities and skills are slightly flawed. Generally, they can only exert 80% to 90% of the original's abilities."

"Their bloodline ability can only be used once a day for 12 hours. After that, they have to wait for another 12 hours before they can use it again. Although it's troublesome, it's not as hard to deal with as The Phantom opponents in the ring."

Lin Yi was silent for a moment. The Dark Illusion might not be as good as the clone, but it was very useful for infiltration, sneak attack, and assassination!

For example, Lin Yi didn't even realize that Daniya was a fake at first. If it wasn't for the Jade space warning him, he wouldn't be able to react until the attack was about to hit him. He didn't know if he could handle it easily.

And this was Lin Yi-anyone else would've fallen for it easily. After all, no one would be on guard against the person they trusted the most!

If it wasn't for the fact that The Dark Illusion demon was afraid of Daniya's sudden appearance, he could've just pretended to be Daniya and stayed by Lin Yi's side, waiting for a better time to strike. The chances of success would be higher.

"Sima, the darkness demon beast clan has sent quite a few elites this time. Are you ... Sure you want to continue?"

After Daniya finished introducing the shadow phantasmagoria, she looked at Lin Yi worriedly, "You don't need to worry about ordinary heaven breaking experts, but these heaven breaking experts with excellent bloodline abilities are not easy to deal with. Especially when they can't win in a one-on-one fight, they will definitely join forces."

With all sorts of weird abilities stacked together, it wasn't as simple as one plus one equals two. Even with Lin Yi's strength, Daniya wasn't confident.

Moreover, no one knew if there were any more bronze bloodline darkness magical beasts other than the ones they had already encountered.

"Of course we have to continue. The darkness demon beast clan has brought out so many elite heaven breaking experts this time. This means that they have a big plan for the star Cloud tower. I have to stop them!"

Lin Yi wasn't worried about the country or the people-it was just that the enmity between him and the dark Demon beasts was too deep, and they were already in a life or death situation.

In comparison, central could be considered a friendly force ...

If he didn't do anything, he'd just watch the dark Demon beast clan grow stronger and expand, which wasn't good for Lin Yi at all. If the node was broken through again, the dark Demon beast clan would attack the sub-Island, and everyone related to Lin Yi would die, let alone Lin Yi!

This was something that could not be tolerated!

Lin Yi looked at Daniya and smiled warmly,"Daniya, don't worry, I can handle it! You seemed to be under a lot of pressure in the battle just now. Are you okay?"

After using her innate skill, Daniya's face was a little weak, and Lin Yi could tell.

In fact, Lin Yi was curious about Daniya's real body as well. Her bloodline ability wasn't simple at all, it wasn't much weaker than the Golden dark Shadow Demon's bloodline ability.

Could it be that Daniya was also from the dark gold bloodline of the dark magic beast race?

As curious as he was, Lin Yi wouldn't ask Daniya about this. Everyone had their own secrets, and it had nothing to do with trust.

There were many things that Lin Yi didn't want to tell Daniya, so how could he investigate her secrets? If she wanted to say it, she would naturally say it. If she didn't want to say it, it would be useless to ask.

Chapter 9185Power

"I'm fine ... Sima, you've never asked me which tribe I'm from within the darkness demon beast tribe ... Thank you!"

Daniya's eyes flickered. "Actually, it's not that confidential. I didn't say it because I wanted you to treat me like a human and forget that I'm a Dark Beast. If you want to know, I can tell you."

"No need! Daniya, you're thinking too much. Actually, no matter what status you have in the darkness magical beast clan, in my eyes and in my heart, you're still my companion! Anything you want to say, just say it. If you don't want to say it, you don't have to say it. As long as you remember that we're companions, it's fine!"

"Alright, don't think too much about it-we still have to catch up to the first group!" Lin Yi said with a smile. I can't waste any more time here. "

The sixth level's reward had already been given out. It was still the power of the stars and the incomplete chant. This time, the chant was part of the second stage. Lin Yi and his own deduction verified that there were no problems and didn't pay any more attention to it. He brought Daniya into the seventh level of the star Cloud tower.

The gravity and repulsive force on the seventh level of the pagoda were already quite strong. It was estimated that this was the limit for the earth splitting stage Warriors. Climbing to the seventh level was

already very difficult for them. Only the Warriors at the sea splitting stage and above could climb it relatively smoothly.

Naturally, Lin Yi and Daniya didn't feel much. They were strong enough to begin with, and they had also learned the fourth stage of the chant. They could ignore the gravity and repulsion in the star Cloud tower.

If one didn't have the cultivation chant, one probably wouldn't be able to climb past the 10th level. That was why the record from 1000 years ago stopped at the 10th level. It was most likely because that person didn't cultivate the chant given by the star Cloud tower properly.

"The first-echelon team is already at the 10th level. There's no doubt that they've broken the record from a thousand years ago. Is the star Cloud tower secretly helping them?"

Daniya looked down at the entire Star Cloud tower from God's perspective and felt a little resentful. "We're already very fast. We didn't waste much time. It's all because of the obstacles that the star Cloud tower has set for us!"

"If it wasn't for that, we would have caught up with the first group! How could they fall behind so much? Sima, tell me, is the star Cloud tower targeting us?"

Lin Yi smiled as he walked, "I don't think so. The first team will get more rewards than us. It's stated in the rules at the beginning that the rewards will decrease as the game starts and the order of clearing is delayed."

"The first person to clear the level will receive the most rewards. It's just that there aren't many good things in the first few levels, so there's not much more. This can't withstand the snowball effect!"

"The leading first-echelon team has unknowingly accumulated an advantage that far surpasses the latecomers. Therefore, their speed will get faster and faster until they touch the ceiling of their climb and can no longer continue."

"A thousand years ago, the ceiling was eleven levels. This time, which level will it be? No matter what, their speed should be slowing down, and we'll catch up to them soon!"

Lin Yi said with a strange expression on his face. The first tier was probably the elites of the dark Demon beast race. It would be troublesome if they met one or two of them, how troublesome would it be if they met a large group at once?

Daniya made a sound of acknowledgment. She had also thought of this point, and her mood was a little complicated. She didn't know if she should hope to catch up with the first group as soon as possible, or if she should take her time and not encounter the elite group of the dark magical beasts.

The time spent on the sixth level was a little too long, and the subsequent batches of people had probably already caught up. Hence, the 33rd and 66th steps of the seventh level were once again unimpeded. There were no labyrinths that would simply delay people.

Lin Yi and Daniya climbed all the way up and quickly reached the Ninety-ninth step. The familiar scenery changed again, but the two didn't separate this time and stayed together.

Other than Lin Yi and Daniya, there were ten other people on the side, making a total of twelve people, forming a slightly slanted circle.

The information from the pagoda was transmitted to the twelve people at the same time. Everyone digested the rules of the test in their minds, and their expressions were different.

Lin Yi observed everyone's expressions expressionlessly. He was speechless.

The test this time was somewhat similar to the werewolf game, but there were also obvious differences.

Among the twelve people, there were three killers, two hunters, and the remaining seven were civilians with no identity. People from the same camp did not know each other's identity, only their own.

An assassin could kill anyone, including those from the same faction. They only needed to confirm their target. The final attack would be launched by the star Cloud tower. It was a truly unsolvable sure-kill!

However, there was one thing. If an assassin killed someone from the same camp, he would be stripped of his identity as an assassin and lose his ability to attack. He would also be exposed to the Hunter.

Hunters could only kill killers in the same way. If they killed civilians or people from the same camp by mistake, they would be stripped of their identity and exposed to the killer.

Each Hunter only had three chances to attack. Once they used up all their chances and failed to kill the killer, the Hunter camp would fail!

The killer had to ensure that his camp had the most people in the three camps to win, which required constant killing to reduce the number of people in the other two camps.

The commoner camp could not attack anyone, but every commoner had two chances to change their identity. As long as they could confirm a person's identity, they could exchange their identity with that person!

If you miss both chances, the civilian will be kicked out of the star Cloud tower!

It was different from the werewolf killing. In every round, everyone could choose to act or not to act until the winner was decided or the time was up. Because there was the possibility of changing their identity, no one dared to easily expose their identity.

Everything had to be based on observation and reasoning!

The time limit was 30 minutes, and the faction with the most survivors would win!

Lin Yi's initial identity was a killer, and Daniya was right next to him. Others couldn't communicate with her, but Lin Yi had a way to do so-he could just use telepathy.

"Daniya, I'm an assassin. If you're an assassin, blink twice. If you're a Hunter, raise your right hand and pinch your chin. If you're a commoner, turn your head and look at the person on the other side."

Daniya received Lin Yi's message, but her face didn't change. She turned to the other practitioner as if nothing happened.

Commoners!

Lin Yi frowned-two opposing factions were a problem. He had to find a way to make them one!

Who could the other two assassins be?

"Everyone, I don't know who is the killer, who is the Hunter, and who is the civilian, but I want to say that the killer Camp will definitely panic, because if this drags on, it will be disadvantageous to the killer Camp. Everyone, hold on!"

Chapter 9186 The End

When the first round began, another skinny martial artist took the lead and said with a smile, ""I know that the bird that takes the lead will be shot. If I speak first, I'm likely to become the killer's target, but who knows if I'm from the killer Camp?"

"Maybe I'm just trying to mislead you into thinking that I'm not a killer, so you can take the opportunity to kill me? Of course, this will also cause the hunters and the civilians to be wary and hostile. "

"You guys can just pretend that I'm trying to lighten up the atmosphere and ignore me. Otherwise, you'll definitely regret it!"

The skinny old man glanced around with a smile. He had deliberately jumped out so that others would not dare to confirm his identity. He seemed to be high-profile and attracted everyone's attention, but on the other hand, he had also made everyone ignore him.

"Hehe, you're wrong. Who knows who you are? if three parties attack at the same time, one of them will succeed. Who says he'll regret it?"

Someone sneered and retorted, "I think you look like a killer with your shifty eyes. It's a pity that I'm not a Hunter. Otherwise, I would kill you first!"

"You're not a Hunter. I think you're a killer. Are you trying to divert my attention?"

The skinny man retorted sarcastically. Then, more people joined the battle. Everyone was trying to find out the details of the other party while secretly misleading the others' thoughts.

The first round of observation time was up, and a choice of whether to act or not appeared in Lin Yi's mind.

Of course I chose yes!

He killed the second martial artist who spoke!

She was dancing so happily because she didn't feel safe enough. Smart people would always observe in the dark, why would she come out and argue with others? Moreover, killing this martial artist would also frame the skinny man, making people think that he was an assassin!

The first round ended with two people dead-the one Lin Yi killed was a commoner, as expected. There was also a fighter who didn't say anything, but they didn't know if he was killed by a killer or a Hunter.

After the first round, the star Cloud tower reported the current situation. There were three assassins, one hunter, and six commoners!

The one who had been killed without making a sound was the Hunter!

Lin Yi couldn't help but sigh-the assassin from the same camp really had good taste!

If they could kill the only Hunter, the killer Camp would be invincible!

Commoners could only change their identities and join the Assassins 'camp, but they couldn't kill the assassins. As long as the assassins didn't wander around and killed their own people, they would win for sure!

The second round began, and everyone was silent. They all looked at each other with vigilance. The people who were killed here were really dead, and this was not a game. Looking at the two cold bodies on the ground, no one dared to take it lightly.

After a moment of silence, the skinny man said with a serious expression, ""I know you all suspect me because I had a dispute with that guy. I have every reason to kill him!"

"But I still have to say that no one will believe such an obvious framing, right? If someone really believes it, I hope they won't regret it in the end!"

Lin Yi ignored the guy and continued to observe the people around him. He quickly found a target and sent a message to Daniya, "Daniya, the third person on your right, the one who doesn't seem to have much expression, exchange identities with him!"

"This person's appearance is as steady as Mount Tai. Just now, there was a very subtle smugness in his eyes. If I'm not wrong, he should be an assassin!"

Daniya's fingers trembled a little, indicating that she understood Lin Yi's words.

The second round ended, and Lin Yi chose not to move, while Daniya chose to switch identities with the person Lin Yi pointed out!

No one died, but a few of them didn't look too good, including the one Lin Yi pointed out!

This was because he was indeed an assassin, but he had become a civilian!

Without a doubt, he would be the one to be killed in the third round. The killer who exchanged identities with him would definitely target him!

Other than the warrior whose identity was exchanged by Daniya, the others were probably all civilians. They had chosen their targets and wanted to exchange their identities, but in the end, they returned in defeat, wasting a chance.

Lin Yi frowned, suddenly realizing that he'd miscalculated something!

Originally, he was worried that if they were to attack in the same round, Daniya would be killed by him before she could change her identity. Or perhaps she could change her identity after killing her, but because she killed someone from the same camp, her identity would be exposed.

So Lin Yi decided to hold back for a while, but he suddenly realized that if they exchanged identities and both knew who they were, Daniya would be in danger!

Before he could finish his thought, the face of the assassin changed several times, suddenly pointing at Daniya and shouting: "This woman is an assassin! That was originally my identity, but she's changed it!"

"She's already determined that I'm a commoner, so she'll definitely make a move on me this round! Hunter, remember to kill her! And the pretty boy beside her, the two of them are in the same group. They were just whispering to each other, and if I'm not wrong, they're also members of the killer Camp!"

"I'll be honest, I killed the Hunter just now! This was enough to show how good my observation skills were. If I didn't show a smug expression, I wouldn't have been noticed by these two people! Hunters, hide well and kill these two assassins!"

He knew that he was going to die, so he decided to expose his identity and drag Lin Yi and Daniya down with him.

The others all looked at Daniya and Lin Yi. They didn't completely believe him, but they were still suspicious.

Daniya's face changed. Her and Lin Yi's identities as killers had been exposed. The Hunter would definitely kill one of them, and the other wouldn't be able to escape the fate of having his identity replaced!

The originally good situation suddenly took a turn for the worse. As expected, the rules set by the star Cloud tower were all lies!

Two people who had exchanged identities actually knew each other's identity!

Lin Yi's face didn't change as he smiled coldly at the accusation, "You said that your identity was changed, and you really did? I think you're more likely to be an assassin!"

"You might really be the one who killed the hunters in the last round. This is enough to show that your vision and mind are extremely outstanding! The current situation is that there are three assassins and one hunter. As long as we can get rid of the Hunter, the assassin camp will win!"

"So you want to use this kind of clumsy trick to lure the Hunter to attack. As long as the only Hunter makes a mistake and reveals his identity, he will be killed by the three assassins! At that time, unless the civilians can switch to the killer Camp, they can only wait for death!"

The audience was taken aback-they had to admit that Lin Yi's analysis made sense!

Whose words were the truth?

Chapter 9187

The only Hunter ... Would probably not dare to make a move without full confidence, right?

If he killed the wrong person, he would expose himself. He was the only child, so he had to be wretched and not reckless!

Lin Yi's casual words messed up the situation, and the practitioner said, "I'm dead for sure this round, because only my identity has been confirmed! As long as I'm dead, you'll naturally be able to confirm that these two are assassins!"

"If a Hunter is not willing to take the risk, he will die without a burial place sooner or later! The commoners could exchange the identities of the two assassins, but in the next round, these two might not be assassins! Hunter, think carefully, don't miss the opportunity!"

The veins on his neck were popping out, showing how anxious he was. If he had the time, he would not expose his identity. Wouldn't it be nice to find an opportunity to exchange it back?

If he really couldn't do it, being kicked out of the star Cloud tower was also a good thing. At least he could save his life! However, from the moment his assassin identity was exchanged, he was destined to be killed, so he had to think of a way to save himself!

The time was up, and the third round began. Lin Yi understood that the killer had priority, and when the killer and civilian had to choose, the civilian identity exchange would be delayed. If the killer killed the civilian first, they couldn't continue exchanging identities.

So this time, Lin Yi chose to kill one of the people who had a weird expression on their faces, and Daniya followed the plan and killed the one who wanted to save herself.

The other assassin also made his move, killing a civilian as well. The Hunter did not act rashly, so after this round, there were three assassins, one hunter, and three civilians left!

The assassin camp's victory was in their hands!

As long as there were no accidental kills in the next round, they would definitely win!

Yet it was in this situation that Lin Yi and Daniya's identities were swapped!

That guy's bewitchment finally worked-the remaining civilians bet everything on Lin Yi and Daniya's identities!

"Hahahaha, victory is in sight!"

Lin Yi suddenly laughed out loud. He'd already found out who the two people who exchanged identities were from his secret conversation with Daniya, so he pointed at the two assassins to hide it from people.

"Stop pretending, I'm laying my cards on the table! I'm indeed a killer. As long as we kill the next two, we can be guaranteed to be invincible. According to my observation, these two are definitely not from the killer Camp. We can win by killing these two. "

"One of the remaining three is a companion of our assassin camp. I don't need to know who you are, you just need to pick one of these two and kill it! Because one of us will be locked on by the Hunter, I suggest you kill this one and we'll kill the other one together!"

Lin Yi pretended to still be in the assassin camp and used the situation to mislead the other assassin. After they exchanged identities, they would become the target of the other two assassins. If they wanted to win, they could only hope that the assassin camp would kill each other!

As for the Hunter's attack ... Anyway, he had already been targeted by the killer. As the saying goes, a lot of lice don't bite, and a lot of debts don't weigh on one's body!

"He's lying! He was no longer an assassin! I'm the killer! I've exchanged identities with him!"

The practitioner panicked-he didn't want to be killed by his own people!

Let's not talk about whether the camp can win or not. First, they have to survive!

"Yes, he's lying. I've exchanged identities with that woman, so now we're the killers. As for the other killer brother, don't be fooled. You can choose one of the remaining two to kill. That's definitely not wrong!"

He had to admit that this guy's thoughts were clear. Now that Lin Yi, Daniya, and the two of them said they were killers, there must be two real killers.

Of the remaining three, one was an assassin, one was a Hunter, and one was a commoner. If the assassin killed one of the two, it could be said to be a business that would definitely make a profit!

Lin Yi's eyes flashed as he sneered. "You're trying to scam people, right? According to what you said, one of the remaining three is our killer companion, one is a Hunter, and the last is a civilian. On the surface, it looks like we'll definitely make a profit. "

"But what if I'm unlucky enough to kill a commoner among the three? The hunters have priority over the killers. Do you want our killer companions to be killed after their identities are exposed?"

This was also true. If you were lucky, you could kill the Hunter. If you were unlucky, your identity would be exposed and you would be killed by the Hunter!

The three martial artists, including the last killer, Hunter, and commoner, looked calm. Even if there were huge waves rolling in their hearts, they didn't dare to show any signs of abnormality.

They didn't dare to jump around, afraid of attracting unnecessary suspicion and danger. The focus was still between Lin Yi, Daniya, and the other two practitioners.

Who was the real killer?

Time's Up!

Everyone had to make a choice!

Lin Yi threw a meaningful look at the three men, and the Hunter and assassin read the information in their minds. Only the commoners were panicking, not understanding what Lin Yi meant.

The selection time was up!

Lin Yi could feel the murderous intent from the star Cloud tower locking onto him, and he activated the star undying body without hesitation!

The two star powers collided and melted together, not causing Lin Yi any harm.

At the same time, Lin Yi protected Daniya with all his might. The two assassins who had switched their identities would definitely be him and Daniya. Although he used words to guide them, Lin Yi wasn't 100% confident that he could achieve his goal. His only hope was that the indestructible star physique could block the fatal blow for Daniya!

He didn't expect the result to be even more perfect than he expected!

Daniya wasn't attacked by the assassin because the assassin who exchanged identities with her was killed by the Hunter first!

The assassin who attacked Lin Yi was killed by the last one, exposing the identity of the last one!

Lin Yi couldn't help but want to laugh. This progress was even more perfect than he expected. The Hunter who survived until the end was really smart. He caught the message Lin Yi wanted to send out and killed the killer who needed to be killed the most.

As for the last assassin, he was tricked by Lin Yi and actually believed Lin Yi's words, attacking the assassin who exchanged identities with Lin Yi!

The Hunter's priority was higher than the killer's, and the two killers had the same priority. The killer's death didn't stop the Hunter from attacking, but Lin Yi activated the indestructible star body, causing the Hunter's last attack to fail.

The assassins who wanted to kill Daniya were killed by the hunters and lost the chance to deal with her. The two who were supposed to die were now unscathed. The two assassins could be said to have died with their eyes wide open!

Chapter 9188 The End

"You're lying to me!"

The last killer had already exposed his identity after killing someone from the same camp. His face was pale and he barked helplessly, ""Dammit! 'Damn it!' I'm going to kill you all!"

"Hunter, don't kill me, let me kill these two damn bastards! Then I'll be killed by you willingly! If I can't take revenge with my own hands, I won't be able to die in peace!"

"You're an idiot, but do you think I'm an idiot too?"the Hunter chuckled. If I don't kill you, you'll kill me?"

There was no doubt that if a killer had the chance to kill someone, the first thing he would do was to kill the Hunter. How could he make such a mistake?

Of course, before the Hunter said anything, the killer would not know who the Hunter was. However, this did not stop the killer from taking a gamble. After all, a 50% success rate was not low.

It was impossible for him to use his own life to fight for the killer's character and promise. How much water would go into his brain to do that?

"Trust me, I swear ..."

The killer still wanted to struggle, but it was all in vain.

In the new round of selection, the killer did choose the Hunter, and the Hunter did not have any brain damage. He killed the killer first and finally, as an ally of the civilians, they cleared the game together!

"I'm Mei zhishang from the Tianji Mei mansion. I see that you two are both outstanding talents, so I would like to make friends with you. I'm sorry for being presumptuous!"

After clearing the level, the Hunter smiled and came up to Lin Yi and Daniya, greeting them with his hands and introducing himself.

Lin Yi and Daniya's expressions were strange.

He probably didn't know about the grudges between Mei gancai and himself. His name is no IQ ... But he was very smart and alert just now. He's definitely not an easy person to get along with!

"Please forgive this Mei's rudeness, but may I ask for your esteemed names?"

Mei zhishang's attitude was very good, and his attitude was also very humble,""The difficulty of the star Cloud tower is getting more and more difficult. Most of my companions have been separated. If you don't mind, can the two of you come along?"

"Hehe ... I'm Mei zhishang from Tianji Mei mansion. I've long heard of your great name!"

Lin Yi said perfunctorily as he cupped his hands, a faint smile on his lips."The two of us ... You should have heard of us before. At least, you should have heard Mei gancai and Mei Tianfeng mention us before."

Mei zhishang's eyebrows raised slightly, and a hint of surprise flashed in his eyes.

Without waiting for him to speak, Daniya raised her head and laughed arrogantly,""That's right, we are the strongest of the 36 heavenly stars in the ancient times, the heavenly hero star and the heavenly comet! Was the Tianji Mei mansion that amazing? I don't think that's all there is to it!"

Mei zhishang's heart skipped a beat. He quickly suppressed his uneasiness and put on a sincere smile,""So the two of you are the famous supreme beings of all time, the strongest of the 36 heavenly stars, the heavenly hero star and the heavenly comet! I've long since heard of your great names, and seeing you today, I can see that you truly live up to your reputation!"

Mei zhishang was at the peak of the middle heaven-breaking stage. He was no match for Daniya, not to mention Lin Yi was there.

Lin Yi had just taken the attack from Xingyun tower, and although it was hidden, there was still a slight fluctuation. Mei zhishang naturally saw it, and so he wanted to get close to him.

He didn't expect that he would actually have two enemies ... With such a dark face, was he wearing a pot on his head?

"Previously, there was a misunderstanding between the two of you. It's not a big deal. We are willing to compensate you. We hope that you can understand."

Mei zhishang's mind was spinning, but his face didn't show any change. He wanted to repair his relationship with Lin Yi as much as possible, ""As long as the two of you agree, our Tianji Mei mansion would like to be friends with the Supreme ancient being, the strongest 36 heavenly spirits in the endless primordial era! On the Tianji continent, our Mei residence is somewhat short-lived. Most of the time, we can provide much help to the two of you. "

Whether or not he could represent the Tianji Mei house, he had to give enough benefits at this time. At the very least, he had to keep Lin Yi and Daniya from killing him!

Mei zhishang sighed in his heart. Why weren't the two of them killed by the killer when they became civilians?

How good would it be if he died? it would solve all his problems and also save him from today's troubles!

"We have received the goodwill of the Tianji Mei mansion. As for whether we can become friends, it will depend on the performance of the Tianji Mei mansion in the future!"

Lin Yi smiled faintly, neither obsequious nor overbearing. "We don't mind having a few more friends, nor do we fear having a few more enemies. We'll deal with them in the same way as the Mei mansion,"

"As for now, we're already used to traveling in pairs. It's not convenient for us to add more people. Please go ahead!"

Lin Yi wasn't interested in bringing people from the Tianji Mei house with him—he wouldn't even know when he'd fall into their trap.

They had been enemies before, and it was impossible to resolve their grievances with a few words. Besides, Mei zhishang could not provide any help.

Mei zhishang's face darkened, but he immediately smiled again. "Fine, then this Mei will take his leave first!"

After a polite salute, Mei zhishang and another warrior entered the next floor. The warrior didn't say a word from beginning to end. It was unknown whether he was from the Mei mansion. Mei zhishang and he kept a distance from each other. They were probably not on the same side.

Perhaps, he wanted to befriend the Mei mansion by leaving with Mei zhishang?

"Let's cultivate for a while and then go up!"

Lin Yi told Daniya to sit down cross-legged and started to operate the derived chant. After passing the level, he got another batch of star power, and with a relatively complete chant, he could immediately turn this star power into his own strength.

There was also the star energy in Lin Yi's body. He could remove a portion of it and restore Lin Yi's combat power.

As he climbed higher and higher, not only would the pressure and danger increase, but the enemies he'd encounter would also be stronger. Lin Yi wouldn't let his guard down-he'd take the chance to recover his strength.

No matter if it was the dark Demon beast clan or the Tianji continent's martial artists, they were all considered Lin Yi's enemies. They were the model for the whole world to be his enemy, and only with great strength could one guarantee their own safety.

After an hour and a half, Lin Yi and Daniya arrived at the 8th level, 99th step. There were only nine people participating this time, and they were all gathered in a five-meter square space.

The rules had already been transmitted to everyone's mind through the star Cloud tower. Simply put, this was a test to catch the mole.

Among the nine people, one of them was a clone of the power of the stars. He could develop a new mole in the crowd.

Every three minutes, the mole could choose to assimilate a person into the new mole or shrink the entire space by half a meter, squeezing everyone's living space.

Once the space shrank to its limit, everyone inside would die!

Chapter 9189 Power

Other than the mole, the rest of the people can vote once every three minutes. If more than half of the people decide that someone is the mole, the star Cloud tower's verification will be activated. If the verification is successful, everyone will pass the level.

If the verification fails, the space will shrink by an additional half meter. At the same time, the verified person will enter revenge mode and attack someone randomly. If the battle is won, the person will continue to live. If the battle fails, the person will die immediately!

This was a test where everyone could be wiped out, and Lin Yi's face turned serious. Even if he had the star undying body, he couldn't guarantee that Daniya would be fine!

Lin Yi also realized that the indestructible body could resist a part of the rules of the tower, but it wasn't enough to completely ignore the rules. For example, in the test on the previous level, Lin Yi activated the indestructible body and withstood the killer move of the tower, but he couldn't attack the killer!

This was because the rules did not allow civilians to attack assassins. Even the star undying body could not break this rule!

This time, Lin Yi couldn't rely on the indestructible star physique to break out of this situation. He had to solve the problem within the rules as soon as possible!

Lin Yi looked at the people in the small space and started chanting at the same time, trying to find the mole.

If it was the clone that was similar to the one in The Phantom arena, then the power of the stars would definitely be stronger and incompatible with the others. It wouldn't be difficult to find the mole.

It was a pity that the star Cloud tower didn't leave a loophole. Perhaps it was because Lin Yi had already shown his ability to distinguish the clones of the star power in The Phantom arena, so the possibility of a loophole was erased this time.

"Everyone, we don't have much time. We only have one enemy. Tell us!"

Daniya looked around and saw that no one was talking, so she pulled Lin Yi over and spoke first, "The two of us are together and we can prove each other's abilities. At least, we won't have any problems in the first round. Anyone among you who is traveling together can step forward and say something."

As there was only one mole in the star Cloud tower, if there were people who could verify each other's identity, they could directly eliminate the suspect list and narrow down the scope of suspects.

If he could reduce it to one or two people, he could basically guarantee victory!

"That's right. If we can prove each other's innocence, it will be much easier for us to find the mole. This is a good suggestion, I agree!"

Someone immediately stood up to show his support and stretched out his hands to grab the two martial artists on his left and right. ""The three of us here came up together! They can prove each other that there is no problem!"

Five of the nine people could prove each other's innocence, and the list of suspects was instantly reduced by more than half.

Three of the remaining four immediately raised their hands and said, "The three of us can prove to each other that we're companions on the way here!"

Alright!

This time, he was the only one left. It seemed that the name of the mole had already fallen on his head!

Brother Dumiao was dumbfounded. He quickly raised his hands and waved them repeatedly. "I'm not, I didn't, don't talk nonsense!"

Her denial was as smooth as flowing water, but it still couldn't block the suspicious eyes of others.

"Why are you guys looking at me like that? Just because I'm acting alone? This was discrimination! Think carefully, would the star Cloud tower expose the mole so easily?"

Brother Dumiao was so anxious that blue veins appeared on his neck and forehead. "Think about it! How could it be so easy? I can't do anything if you choose me because of this, but what are the consequences of making a mistake? I was the one who entered the revenge mode and attacked one person at a time. I won't stop until I'm dead!"

"Believe me, the star Cloud tower wouldn't have made it so obvious. I suspect that some of you were replaced by the illusion of the star Cloud tower when you stepped onto the 99th step! The star Cloud tower is very familiar with this kind of thing, it's as easy as blowing off dust!"

Three minutes was not a long time. He had to convince half of the people before the time ran out. "Actually, in my opinion, the one who spoke first is the most suspicious. That's right, it's her!"

Brother Dumiao pushed the boat with the current and directed the disaster to the East, pointing his fingers like a sword at Daniya, "She must be a spy arranged by the star Cloud tower. That's why she knows the number of people in our group and deliberately mentioned that we need to prove each other's innocence!"

"In this way, not only can I wash away the suspicion on her, but I can also be isolated! With all these reasons, I think she is the most suspicious person!"

"She wanted to use me to confuse everyone's vision and judgment. As long as we can't find her in the first round, she can develop a second mole without worry!"

"Once that happens, we won't have the chance to find the mole anymore! Because if the two moles continue to develop, we will be completely annihilated!"

This guy's eloquence was pretty good, he described Daniya's suspicion as if it was real!

Lin Yi almost believed her ...

"Are you done? After saying so much, do you have any evidence to prove any of your words? We all have companions to prove it. You want us to believe you? On what basis?"

Daniya wasn't in a hurry as she tilted her head and laughed, ""You said that I'm a mole, so I won't come out and explain anything. Everyone's eyes are clear, so let's see what everyone will choose!"

The others all laughed. Did they even need to think about what to choose? No matter how reasonable brother Dumiao's words are, he has to be chosen!

If Daniya was a suspect, it would mean that everyone present was a suspect as well. This was going back to the starting point. No matter what, brother Dumiao had to be elected in the first round!

"You will regret this! You'll definitely regret choosing me in the first round!"

Brother Dumiao saw through the thoughts of the others and knew that his long speech just now had not moved anyone at all. He was very vexed, but unfortunately, time had run out, and it was useless to say anything more.

In the end, the only brother had eight votes and Daniya had one. His efforts were meaningless!

The star Cloud Pagoda has verified that brother Dumiao is not a mole!

The length, width, and height of the space instantly shrank by half a meter. The people at the edge of the space couldn't help but take a step inside, and everyone was forced to move closer.

"Hahahaha, I told you that you would regret it, but you didn't believe me! Now you know you were wrong?"

Brother Dumiao's face was ferocious as he laughed wildly at the sky. His laughter was filled with anger and unwillingness!

The star Cloud tower notified him that there were now two moles!

Once there were more than five, everyone would be annihilated!

Including Lin Yi, the eight people who chose Dumiao didn't look too good-not only because they chose the wrong person, but also because the people around them could be spies!

Just as brother Dumiao had said, the star Cloud tower had unknowingly replaced their companions, and they had believed it without a doubt!

Now that there were two moles, it would be much more difficult to find them!

Chapter 9190 The Power Of The Divine Realm

"Are you ready for revenge? Hahahaha! Do you feel any regret now?"

Dumiao bro's eyes turned red as he laughed, and Starlight fell from the sky. One of them landed on Lin Yi and instantly brightened.

The target of revenge mode was randomly selected, and it was Lin Yi!

The Dumiao brother was filled with the madness of revenge, but he still maintained his rationality. He was afraid that he would meet a master at the great circle of sky-breaker like Daniya, and he was overjoyed to see Lin Yi.

On the surface, Lin Yi was the weakest one here!

With such an opponent, what else was there to be demanding? At the very least, brother Dumiao felt that it was very good. The chances of survival had greatly increased!

"Little brat, don't blame me if you die. You asked for it! Go to hell and regret your actions!"

The Dumiao brother charged at Lin Yi with a sinister smile, creating an independent space between the two. The others were isolated from the battle and could only be bystanders, unable to interfere.

In the revenge mode, brother Dumiao's attacks contained the power of the Starcloud tower. It was obviously an additional ability given after entering this mode. Even simple moves contained powerful star power.

If it was someone else, they might not be able to withstand brother Dumiao's sudden attack, but Lin Yi was different. Although he was still in the shallow stage of using the power of the stars, he already had a good chance of dealing with it.

"You have already been eliminated. The so-called revenge mode is nothing more than a reincarnation in another body. You'd better rest in peace!"

Lin Yi raised his head indifferently and reached out to pull the star power from Dumiao's attack to the side. At the same time, he pulled out the demon devouring sword!

The black light bloomed quietly, moving as fast as lightning. Brother Dumiao was only at the peak of early heaven breaking realm, and the star energy from the star Cloud tower had been broken by Lin Yi. How could he deal with Lin Yi's demon devouring sword?

After all, Lin Yi's strength had recovered a lot from the training just now, and the combat power he could use was back to the peak of early heaven-breaking realm. Lin Yi was invincible in a battle between people of the same level!

Brother Dumiao's eyes widened in shock. He had originally thought that the battle was in the bag, but he had encountered the only unstable situation!

Lin Yi's sword was too fast, and he was charging forward at full speed-he was just giving himself up to get stabbed!

In the nick of time, he wanted to make an emergency brake, and the soles of his feet even began to smoke. It was not easy for him to forcibly stop the momentum of his charge.

However, Lin Yi didn't seem to have any intention of stopping, and the demonic sword continued to steadily push forward.

Brother Dumiao watched helplessly as the black sword tip pierced his throat. The sinister smile on his face turned into shock, and his body quickly went limp. His feet lost all support and he fell to the ground.

His red eyes quickly recovered and were covered with a layer of dead gray. There was a bit of blankness in his eyes, and all the unwillingness and anger disappeared!

Lin Yi kept his sword indifferently. When Dumiao bro started his revenge mode, it was already a life-or-death situation-this was the result the Nebula tower wanted.

An outcome that could not be changed!

Even if Lin Yi didn't want to kill anyone, he had to kill Dumiao. At the same time, he felt like he'd become the star Cloud tower's weapon.

The temporary battlefield space quietly shrank. At the same time, it also took away the remaining corpses, turning them into Starlight and disappearing.

Other than Daniya, the rest of the people looked at Lin Yi with some fear. The combat power Lin Yi displayed far exceeded brother Dumiao 's, killing him in one strike and at the same time with ease.

No one dared to treat Lin Yi as a weak opponent anymore!

Daniya looked around and saw that everyone was silent. She coughed and said, ""I made a mistake in my deduction! What are your thoughts now? It doesn't matter even if you point out that I'm a mole, as long as you have sufficient reasons!"

Although they said that, the remaining people were not willing to choose Daniya. What if they made a mistake again? with Daniya's complete heaven splitter's strength and the support of the stellar energy from the Nebula tower, who could resist her revenge mode?

"I'll throw the brick and guide the Jade, so let me say a few words first!"

One of the cultivators looked around and coughed."Originally, mutually verifying each other's identities would be a good method. I didn't expect the star Cloud tower to directly replace our companions!"

"So, the mistake just now was everyone's fault, not this lady's fault alone! Now that there are two of them, we have to find them. Otherwise, the next round will be even more dangerous!"

As the number of moles increased, everyone had the corresponding number of votes. Two moles meant that no one had the right to vote twice and choose two targets at the same time!

The two with the highest votes would be verified. If they were spies, the star Cloud tower would kill them. If they weren't spies, they would use the shrinking of space and take revenge.

If both were wrong, there was basically no need for a third round ...

"I can't find it, there's no next round!"

Daniya shook her head."This is a choice that concerns life and death. I hope everyone can cooperate and say something. It's best if it's something small that only your companions know."

The copying ability of the star Cloud tower was indeed strong, and it could even copy all kinds of skills, but it couldn't copy the original body's memories. Otherwise, it would be hard for Lin Yi to kill The Phantom Lin Yi with a hammer.

So Daniya's suggestion was very pertinent. As long as they could prove that their companions were not switched, they could continue to use the method of elimination to eliminate suspects.

The only question now was whether the spies that were developed later had been replaced, or had they just changed factions?

If he only changed his camp, he wouldn't lose his original memories, so Daniya's method wouldn't be effective!

Sure enough, the others followed Daniya's instructions and quickly said something that only their companions knew to verify with each other. In the end, it was in vain and they didn't find a single suspicious person.

Seeing that the time was almost up, everyone's faces began to turn ugly.

He had no clue! It meant that after this round, the number of moles would double again and take up half of the world!

Even if there were no More Deaths, the third round would still be a four-on-four situation, and it would be impossible to point out the mole!

"I think it's the two of you! The brother who died just now was right. You've been using words to guide us all this time. You two are the traitors!"

One of the practitioners pointed at Daniya and Lin Yi, "If we don't have a problem, then the problem must be you two! Brothers, let's take them down!"

He was a little agitated, probably because he was desperate. Anyway, the consequences wouldn't be worse, so it didn't matter if he took a gamble!

The others were moved. Other than the dead brother Dumiao, the remaining eight people were in three small groups. Lin Yi and Daniya were in two-man teams, while the other six were in two three-man teams.

So when this statement came out, it immediately gained the approval of most people.
