

## **Bodyguard 9291**

### Chapter 9291-The Power Of The Devil

Lin Yi didn't know if star sky supremacy was finished, but he chose to take the risk at the last moment!

The space lock formation he'd set up was activated at the last moment, freezing a small area of space around Lin Yi as a shield.

After that, all sorts of defensive formation discs and talismans were activated as if they were free, forming layers of a defensive net, wrapping Lin Yi up like a cocoon.

The violent energy swept through everything. The spatial imprisonment array and the defensive layer of the large cocoon were broken as if they were dry weeds and rotten wood. They were as brittle as biscuits.

However, Lin Yi's efforts were effective. The cocoon didn't get destroyed in the first wave, but was blown away by the impact.

The cocoon broke apart in the air, but Lin Yi managed to avoid the violent energy impact. His body was exposed at the edge.

As soon as the cocoon was opened, the two super alchemy bombs in Lin Yi's palms detonated immediately. Under the precise control of his divine sense, the power poured into the shock wave.

Lin Yi didn't expect it to cancel out much of the force-he just used it as a driving force. With the combined force, his body shot out like a shooting star, even faster than his lightning escape technique!

Even so, he couldn't completely avoid the damage from the aftershock. When he landed, his body was a mess of blood and flesh.

But at least he had saved his life and the body that he had reconstructed with great difficulty!

He threw healing pills into his mouth as if they were free. With the help of the true Qi in his body, although the recovery rate was not as terrifying as the immortal body, those terrible injuries were still healing at a visible rate.

The shockwaves from the explosion had calmed down, and Lin Yi was looking for star sky sovereign and Aslina with a serious expression.

Aslina was already completely dead, and not even a speck of her was left. She had attacked with the intent to die, and wanted to die together with star sky sovereign. Lin Yi didn't know why she did that, but he could guess that star sky sovereign had killed the most important person in the dark Beast clan.

Lin Yi couldn't say anything about that. After all, he had risked his life. The key was whether star sky sovereign was dead or not.

No!

Lin Yi found star sky supremacy's whereabouts very quickly. To be exact, it was a part of star sky supremacy!

At this time, he no longer had a human form, only a lump of flesh the size of a fingernail was left, constantly wriggling and multiplying!

Star meteor annihilation, explosive meteor strike, and the new super alchemic bomb were still unable to completely annihilate star sky supremacy. This guy's vitality was truly astonishing to the extreme!

Lin Yi didn't say anything and activated his lightning movement, turning into a lightning arc and flashing to the meat. He raised his hand and fired a new super alchemy bomb!

Take his life while he's down!

According to his previous experience, star sky supremacy was at his weakest and had no power to resist at all. The new super alchemic fire bomb was enough to completely cut off his hope of resurrection. That small lump of flesh and blood would also be completely annihilated by the black Lightning flame!

However, another accident occurred. The wriggling flesh suddenly turned into a small vortex, crazily devouring the energy of the new super alchemy bomb and taking the opportunity to expand rapidly.

Star sky supremacy's laughter resounded in the air. "Hahahaha! Sima Yi, do you think I'll be killed by you so easily? Don't be naive!"

"Your ultimate technique is no longer of any use to me. After the destruction and rebirth just now, my body's cells have automatically adjusted to your ultimate technique. Do you understand what this means?"

"Hahahaha! What he meant was that he was already immune to this kind of attack! No matter how many times you use this skill, it will only become a great tonic that provides me with energy!"

"Not only that, thanks to you, I'm even immune to the star meteor annihilation! The fusion between my primordial spirit and my body has also deepened, and my strength has also increased. I'm not far from breaking through!"

"sima yi, you really are my lucky star! i should be the one thanking you! without you, how could i be so strong? to show my gratitude, i'll let you die without pain!"

lin yi raised his hand with a cold smile, "you're just trying to buy time!" your body hasn't recovered yet, and you're using your primordial spirit to make a sound. are you afraid?"

the consciousness fire core whirlpool was activated again, wrapping star sky supremacy, who had become a large ball but had yet to return to his human form, and tearing him apart.

At the same time, the soul snatching hand followed closely behind and brazenly captured star sky supremacy's primordial spirit!

At this time, star sky supremacy was undoubtedly in his weakest state. Perhaps he was telling the truth. When he was reborn, his cells were already immune to the damage of the star meteor annihilation and

the new super alchemy bomb. However, before he was completely reborn, many of his abilities would be restricted and unable to be used.

For example, turning into Lin Yi and using Lin Yi's skills!

Lin Yi had thought that using the soul Catcher hand would be his last chance, and if he failed, then so be it. He didn't think that Aslina would suddenly appear and help him out.

The last opportunity had been extended to this moment. There was no doubt that this opportunity was better than the previous one, but it was also more dangerous!

If he still couldn't succeed this time, Lin Yi would have no more power to fight back against star sky supremacy, who was even stronger than before after his rebirth. Star sky supremacy could do anything he wanted to Lin Yi.

"No! Don't even think about getting your way!"

Star sky supremacy roared in rage, but it couldn't stop Lin Yi.

He'd said all that just to buy time-as long as he could return to his human form, Lin Yi could only wait for death!

Time!

Even if it was just one second more, no, even half a second, or even one-tenth of a second more, star sky supremacy would've been sure to win, but Lin Yi didn't give him that chance!

The soul-snatching hand worked with the fire vortex and pulled star sky supremacy's soul out of the squirming meat. Even the darkness demon beast's soul-related talent couldn't stop Lin Yi's full-powered attack.

"No! No! That was impossible! I won't lose!"

Star sky supremacy's spirit was struggling like crazy, and two-thirds of it was pulled out by Lin Yi's soul-hooking hand. The remaining one-third was desperately trying to hook onto the wriggling ball of meat, unwilling to give up on this perfect body that he had worked so hard to create.

Both sides were giving their all, putting their lives on the line. Lin Yi's soul-snatching hand had the upper hand, and star sky supremacy's spirit was still slowly but steadily leaving his body.

However, star sky supremacy's body was also gradually taking shape. The resistance from Lin Yi's pulling force was getting stronger and stronger, and the speed at which star sky supremacy's yuan spirit was leaving was getting slower and slower. It still wasn't stopping now, but it would stop eventually!

Chapter 9292 Power

Lin Yi's veins were popping up on his neck and forehead, his face red. The struggle of the spirit wasn't any easier than the physical body-his hand had always been able to work easily, or at least not at all.

It was the first time Lin Yi had encountered a situation like this!

"Sima Yi, just give up! You can't do it! I admit, you did a good job, surprisingly well! But that's all there is to it!"

Star sky supremacy's body had already recovered to its original state. With a ferocious smile on his face, he began to pull his primordial spirit back. "My strength has far exceeded your imagination. You have lost your final chance to defeat me. Give up!"

During the stalemate, more than 90% of star sky supremacy's primordial spirit had been drawn out by the soul-snatching hand, leaving only less than 10% in his body.

However, when star sky supremacy's body started to recover and exert his full strength, the pulling of the soul-hooking hand finally stopped. It even showed signs of being pulled back!

"Hahahahaha, you see, you can't beat me! 'Sima Yi, you're just a clown. You've put in so much effort, but you still can't beat me!' When I've fully recovered, I'll let you experience all kinds of torture and make you wish you were dead!"

Star sky supremacy laughed arrogantly, trying to shake Lin Yi's mind so that the situation would favor him!

Lin Yi clenched his teeth, his eyes red. Star sky supremacy had indeed become stronger after his rebirth, and his essence spirit had strengthened as well. If this continued, his defeat was inevitable!

There was no other way. He couldn't complete the task, but he had to at least keep the current results!

"Star sky supremacy, it's too early for you to be happy!"

Lin Yi suddenly shouted, and huge waves surged in The Witcher spirit sea, his primordial spirit power almost boiling.

He squeezed out all the primordial spirit power that he could use and condensed it into a sharp blade, which slashed at star sky supremacy's primordial spirit with lightning speed!

Witcher spirit God slaying saber!

This was the original spiritual awareness attack skill of the witch race, but its power was limited. The name sounded powerful, but it was actually a useless thing.

Lin Yi's God slaying blade was a modified version of his own, combining spirit piercing, spirit vibration, and other techniques to form a new god slaying blade!

The name was still the same, but the power was no longer the same.

Star sky supremacy couldn't react in time. He thought that Lin Yi had used all his strength. How could he still have any strength left?

He didn't understand Wu Linghai's power, so he wasn't prepared for Lin Yi's sudden attack. Or rather, he was helpless even if he was prepared because this was an attack aimed at the soul. Normal defense couldn't block it!

The invisible blade cut into star sky supremacy's primordial spirit as if it was cutting through tofu, splitting his primordial spirit in and out of his body!

Less than 10% remained inside his body, while more than 90% was left outside!

Star sky supremacy, who had returned to his human form, froze and his eyes became dull. The surrounding deified soul elixir fire Whirlpool took advantage of this and completely crippled the remaining primordial spirit in his body.

Lin Yi wanted to keep the ninety percent of the essence that was pulled out into the Jade space and slowly refine it. This was the first time he had such a strong essence spirit, and it was enough to obtain countless essence spirit power.

Unfortunately, Star Cloud tower's reaction was faster. At the same time the Sorcerer spirit God slaying saber was cut in half, Star Cloud tower started to shake violently. Countless stars fell from the surroundings and wrapped star sky supremacy's primordial spirit within. It was constantly disintegrating and erasing the individual consciousness within!

The starry sky seemed to be shaking, and Lin Yi sighed in his heart. He knew that it was impossible for him to touch star sky supremacy's soul. That was something that belonged to the star Cloud tower, and if he dared to covet it, the star Cloud tower would probably kill him.

There was no hope of getting his primordial spirit. However, Star Cloud tower did not take star sky supremacy's body seriously. He had less than one-tenth of his primordial spirit left. After being destroyed by the spiritual awareness elixir fire Whirlpool, star sky supremacy's body had completely lost consciousness. He was floating in the air in a daze.

Lin Yi tried it secretly, and he didn't expect to successfully put star sky supremacy's body into the Jade space!

The remnants of the primordial spirits no longer had any consciousness. They were instinctively protected by this body and hidden in the deepest corners. It was impossible to remove them for the time being.

"Senior ghost, try and see if you can use this body!"

Lin Yi looked at the battle between Star Cloud tower and most of star sky supremacy's spirits. It didn't seem like it was over yet. He communicated with the damn thing and discussed how to deal with the biggest loot.

Lin Yi had always wanted to reconstruct a body for the ghost, and possession wasn't a good choice. After all, the ghost would only have stronger strength and potential after the reconstruction.

However, star sky supremacy's body was different!

This was a heaven-defying body. Even Lin Yi's own body couldn't be compared to star sky supremacy's body.

If it was before he'd reconstructed his body, Lin Yi would've thought of a way to take this body for himself. But now, his body's potential was also very strong, and there was no need to change it to star sky supremacy's body. As long as it could be used, it would be a happy ending for everyone.

The demonic thing replied. There was nothing to be polite about. Star sky supremacy's body was so strong that the demonic thing had never seen it before. Even if he could reconstruct his body, he would definitely not be able to compete with star sky supremacy.

Therefore, the ghostly thing tried to enter star sky supremacy's body with excitement. The powerful feeling was intoxicating!

"So strong! This body is really strong, especially the various powerful bloodline talents that exist in the cells of the body, it's simply terrifying!"

The demonic thing couldn't help but praise. This was a body that had the bloodline and talents of many darkness magical beasts. If he could successfully possess it, he would be able to wipe out the entire spirit beast clan when he returned to the Sky Class Island!

Unfortunately, in just a minute or so, the ghostly thing was ejected!

"Star sky supremacy's remaining primordial spirit has fused with this body. As it has no consciousness, it has become a part of the body and can not be expelled!"

GUI Dongxi looked a little regretful, "If he still has his consciousness, he can still try to take over the body. With his current state of weakness, it won't be difficult to take over the body."

"There's no other way now. If I can't obliterate this part of the primordial spirit, this body won't be able to contain anyone else's primordial spirit. Any more and the primordial spirit that enters will collapse along with the body!"

"A body with an immortal body will be reborn after it collapses, but the primordial spirit that enters can't recover. It's equivalent to this body's instinctive suicide to kill the virus ..."

"What a pity! With such a powerful body ... He could only slowly think of a way to destroy the remaining primordial spirit in this body! Or you can refine them into battle puppets!"

With such a battle puppet, it was enough to be a trump card to turn the tables!

However, Lin Yi and the damn thing weren't good at making puppets, so they were just saying that. Their first choice was still to find a way to destroy the remaining part of star sky supremacy's spirit and let the damn thing take over the body.

Chapter 9293 -Power

Such a powerful and perfect body, there would probably not be a second one. Even if there was a way to refine it into a puppet ... It would be too much of a waste!

Before the spirit was destroyed, Lin Yi could still treat him as one of his trump cards. The damn thing could possess him for at least one minute, and for that one minute, star sky supremacy's body was invincible!

Star sky supremacy's body was probably Lin Yi's biggest gain from the star Cloud tower trip. In comparison, star sky supremacy killing so many Dark Demon beast bloodline Masters was nothing.

"Senior ghost, when you possessed star sky supremacy's physical body, was there anything wrong?"

He'd already seen the benefits, but he needed to know if there were any hidden dangers."After one minute, the primordial spirit that entered the physical body will collapse together. Within one minute, is it absolutely safe without any cost?"

The ghastly thing was silent for a moment, and then laughed."What price can there be? It's just a small problem, not worth mentioning!"

"That means there's someone!"

Lin Yi said seriously,"senior ghost, you know that I can try to possess a body too. There's no point in hiding it. Just tell me clearly what the problem is!"

The demonic thing smacked its lips and said,'tsk, you're getting less and less cute! Don't you know how to respect your elders? Are you questioning me? You weren't like this before!"

"Senior ghost, now is not the time to joke!"

"Alright, alright! To tell you the truth, due to the small remnant of star sky supremacy's primordial spirit, the foreign primordial spirit can't completely control his body. He's basically safe if he doesn't do anything for a minute. "

The ghost knew that he couldn't hide it from Lin Yi, so he said it out loud, "If you really want to use his body's combat power for a minute, you'll have to consume your own primordial spirit. For those with weak primordial spirits, they might collapse on their own in a few seconds."

"Of course, my spirit is different. I can use it for a full minute without a problem. Lin Yi kid, you can go have fun now. If you run into any danger, I'll have enough power to save you!"

Lin Yi was silent. Consuming spirit and consuming spirit were two different concepts. Spirit could be recovered and replenished, but consuming spirit was the same as damaging one's essence-it wasn't that easy to recover.

If he was not careful, it was not impossible for his primordial spirit to shatter.

in that case, it would be extremely dangerous to use star sky supremacy's body! unless it was a real life-and-death situation, he absolutely could not use it.

especially when these things were used in battle, they had to be banned!

lin yi would rather possess it himself than risk it!

"i see, then i'll go have fun with peace of mind! senior ghost, you have to protect me!"

lin yi didn't say it out loud-he'd just go along with what the thing was saying, and he'd be the one to decide how to use it later!

he could think of a way to get rid of star sky supremacy's remaining primordial spirit first. then, there would be no hidden dangers!

Perhaps the star Cloud tower had the ability to do so?

With that in mind, Lin Yi couldn't be bothered to joke around with the ghostly thing anymore. He turned his attention back to the battle between Star Cloud tower and star sky supremacy's spirit.

In fact, it wasn't really a fight. The star Cloud tower was completely one-sided. The reason star sky supremacy was able to get out of the star Cloud tower was because of his strong body.

Without the protection of his body, the star Cloud tower retracted instinctively. Star sky supremacy couldn't resist at all. When Lin Yi turned his attention back, star sky supremacy's consciousness was basically wiped out. He had returned as the star Cloud tower's consciousness.

The star Cloud tower repaired the missing laws, and the violent shaking gradually stopped.

"Star Cloud tower! Now that I've completed the mission, can I choose my own reward?"

Lin Yi couldn't just ask if the guy could get rid of the spirit in star sky supremacy's body. What if the star Cloud tower took back the body as well?

The star Cloud tower had retrieved star sky supremacy's primordial spirit, but it didn't recover its previous intelligence. This was because it would naturally not be as agile as before if it wanted to erase the consciousness of star sky supremacy.

To put it simply, the star Cloud tower's consciousness form was like an advanced artificial intelligence. It already had its own thoughts and mode of thinking, no different from a real human.

Thus, they would be dissatisfied with the restrictions and restrictions of the star Cloud tower and would try to break the cage that bound them.

Now that it had been retrieved, its individual consciousness had been erased, and it had turned from an advanced artificial intelligence into an ordinary supercomputer. Everything would act according to the rules and it no longer had its own self-awareness.

After hearing Lin Yi's question, the star Cloud tower sent a message to Lin Yi, ""You have completed the mission. The rewards are as follows. You may choose two of them."

[ 1. You have obtained the temporary access to open the space plane channel \*3. The access target is the space plane that the owner has been to before. If you choose this option, you must use the temporary access once within two hours. There is no time limit for the subsequent two uses. If you exceed the time limit, the temporary access will be invalid.]

"When using the authority of the space plane channel for the first time \* you will be temporarily given the authority to travel through space in this plane X3 \* you can bring companions with you \* the target location can be a person or a location!"

" 2. You have obtained the temporary skill, star indestructible body, X3. Each use is limited to 30 seconds."

" 3. You have obtained the temporary skill star meteor annihilation X3!"

" 4. Obtain a complete cultivation technique to absorb and cultivate the power of the stars."

" 5. you have obtained the temporary skill dimensional black hole defense x3. each use will last for 70 seconds!"

6. obtain ...

lin yi did feel like he was facing a computer program. the star cloud tower gave him a dozen or so options, and they were all temporary skills. some were used by him, some were new, and they weren't very useful.

if it was a permanent skill, lin yi would think that he'd found a treasure. temporary skills, on the other hand, weren't that good.

the only real reward was a martial arts manual ... lin yi had already completed the simulation, what was the point of having that?

of course, there were also some special items, like the first item-the temporary access to the dimension. it didn't just allow lin yi to leave the sub island and return to the sky class island or the common world, but it also came with the practical right to travel between dimensions.

this was especially true when one could use dimensional travel to locate people!

a divine artifact!

Needless to say, the first option was a must-he'd been stuck on the sub Island for so long, and he couldn't wait to go back to Sky Class Island and the common world. He had three temporary access anyway, and he could still go back to the sub Island!

He'd used his spirit projection to get back to Sky Class Island before, but Ling lingfa was in control of it-he said he was a spy, but Lin Yi didn't trust him completely. Putting his body into the Jade space was a good way to get back, but it'd expose the existence of the Jade space.

Chapter 9294 Power

With the temporary access granted by the star Cloud tower, there was no need to worry about this. The only downside was that the time limit for the first use was two hours. Time was a little tight!

Lin Yi's mind was spinning as he decided on the first reward and started thinking about the second one. They were all temporary skills, but a free reward was still great.

He had used very practical skills such as the star undying body, star meteor annihilation, black hole dimensional defense, and so on. They were all divine skills that could be used to turn the tables in a desperate situation.

Two of them were for defense, and one was for attack. Lin Yi weighed the pros and cons and decided that he didn't lack for offensive methods. The new super alchemy bomb was already considered a cross-level killing weapon, and the hammer had endless potential to be explored.

Therefore, the star meteor annihilation was not in urgent need. He could cross it off the candidate list first.

The two defensive-type skills could both be considered absolute defense, so there was no loss in choosing either. The duration of the indestructible star physique was 30 seconds each, while the duration of the black hole dimensional defense was more than twice that of the indestructible star physique, reaching 70 seconds.

It seemed like the black hole defense was more valuable ... And so Lin Yi chose the star undying body!

It wasn't that the indestructible star physique was easier to use, but Lin Yi didn't think that a life-saving trump card needed to last for too long.

The dimensional black hole defense was indeed awesome, but the problem was that after using it, one basically had to stay in place and couldn't move. It was a pure life-saving skill. If he wanted to turn the tables, the indestructible star body was more suitable.

He'd used the indestructible star body many times before, and he'd realized that he didn't even need thirty seconds to turn the tables. Three seconds was more than enough.

Something that couldn't be done in three seconds couldn't be done in more than thirty seconds!

After thinking it through, Lin Yi spoke up immediately, "I choose the first and second rewards!"

The star Cloud tower immediately sent a message back. "Confirm option. Temporary access to open the spatial plane Channel X3, additional temporary access to this plane's spatial Travel X3, temporary access to the skill, star indestructible body x3. The rewards have been released!"

Lin Yi's Witcher spirit sea now had two more points of Starlight. He could activate them with just a touch of his spirit sense-the space tunnel and the immortal star body.

After the rewards were given out, the star Cloud tower sent another message. "A new mission has begun. Due to certain reasons, a crack has appeared in the laws of the Nebula tower. Repairing the crack requires a certain material. Are you willing to help the Nebula tower complete the repair?"

It wasn't a mandatory mission, and it was more like the star Cloud tower was asking Lin Yi for help.

Lin Yi knew exactly what the reason was-after losing its consciousness, the star Cloud tower became more polite and reserved.

Lin Yi pondered for a bit before testing the waters,"I want to know what materials are needed and Where can I find them? If I accept the mission, what rewards will I get?"

The star Cloud Pagoda immediately replied,""To repair the crack, you need a treasure called the myriad realms spiritual fruit. Its current location is unknown. It may appear in any plane, but according to my calculations, it is very likely to be in the few planes you have been to."

"If you accept the mission, you will be given the right to temporarily open the space plane channel three times. Once you complete the mission, you will be rewarded handsomely. Some of the temporary skills will be converted into permanent skills!"

Lin Yi's heart shook-if he could have the indestructible star body forever, that would be amazing!

Furthermore, from what the pagoda said, there would definitely be better rewards. For example, the space Channel could be opened for an unlimited number of times?

Or perhaps, he could make a bold guess and wonder if he could directly refine the star Cloud tower?

Tsk, tsk, it was worth looking forward to!

"Is there a time limit for the completion of the mission?"

Lin Yi didn't let the reward get to his head. If the mission required him to find the illusory fruit in ten days or half a month, he'd have to reject it no matter how good the reward was.

The star Cloud tower replied, "as the myriad world spiritual fruit is rather special, it is impossible to determine when it will be found. Hence, there is no time limit for this mission. Naturally, there is no punishment for failure."

Xingyun tower's answer was precise and straightforward, probably because they had anticipated Lin Yi's hidden worry. Lin Yi was instantly relieved.

"Understood, I accept this mission!"

There were only benefits and no disadvantages. It would be a waste not to accept a mission without any restrictions. At least the authority to open the space plane channel three times was a real reward.

This was a huge profit!

The star Cloud tower didn't show any signs of emotion. It quickly gave Lin Yi the temporary access to the spatial passages three times and sent him a message about the myriad World Spirit fruit.

Only then did Lin Yi have some ideas about the fruit, like its appearance, smell, and so on. He'd never heard of it before.

"please use the temporary access to the spatial plane channel within two hours. after this time, all the temporary access to the spatial plane channel will be invalid, including the three chances given by the new mission."

the star cloud tower gave lin yi a friendly reminder, probably because they didn't want lin yi to miss the time and lose the authority, which would delay the myriad world spirit fruit mission.

the rules restricted lin yi, and the nebula tower couldn't give him more rewards and privileges. what was lost was lost, and there was no way to make up for it.

"can you take me to my friends?" lin yi asked.

the star cloud tower replied,[you can use the additional temporary authority to travel between dimensions!]

"Alright, alright, he really doesn't give me any room to exploit!"

Lin Yi's lips twitched. What a stingy Star Cloud tower!

He had no choice but to use his temporary authority.

Time was of the essence, so Lin Yi didn't waste any more time with the star Cloud tower. He used the space travel privilege that came with it. He had to admit that the star Cloud tower's products were all top quality!

With the access activated, a sea of stars appeared in Lin Yi's Wuling ocean. The bright sea of stars hung in the sky above the Wuling ocean, looking magnificent!

This temporary authority allowed him to directly find people he knew and teleport there. It was much more convenient. Lin Yi first called out Daniya's name, and a star light lit up in the star sea, representing Daniya's location. With a thought, Lin Yi disappeared from the star Cloud tower and appeared directly in the star Ink River.

Daniya was cultivating in the star Ink River, and Lin Yi's sudden appearance really did give her a shock.

Daniya only relaxed when she saw that it was Lin Yi. She smiled, "Sima Yi, you've come out! Have we reached the end?"

In the star Ink River, one could also see the star Cloud tower lighting up level by level, until all 18 levels were lit up. Naturally, Daniya would be concerned when she saw Lin Yi.

She was very confident in Lin Yi, thinking that he would be one of the people who could light up the eighteenth floor.

Chapter 9295 Power

"Yes, we have indeed reached the final 18th floor, but the situation is a little different ..."

Lin Yi kept the long story short, briefly explaining what happened. Even though it was just a few words, it still made Daniya's jaw drop.

Before entering the star Cloud tower, who would have thought that this would happen!

The dark Beast clan's elite bloodline Warriors had fallen into star sky supremacy's trap, and more than half of them had died!

It was hard to say how many would be left ... Hearing this news, Daniya's feelings were complicated, and she couldn't even describe what she was feeling.

After all, he was from the darkness magical beast clan, and he would always feel sad for the death of his kind.

Then, she thought that it was fortunate that she had reacted early and voluntarily left the star Cloud tower. Otherwise, with her bloodline ability, she would definitely become the target of the star Cloud tower's consciousness!

If she'd been arranged to kill each other, she probably wouldn't have been Lin Yi's match. Then, after star sky supremacy's power was fused, he'd turn it on Lin Yi, and Lin Yi might've died!

That was close!

Daniya was a little scared but also a little glad. Lin Yi continued to use his space travel as he spoke. This time, he came to the Tianji continent mainly to confuse Sima Yunqi and Su Lingyue.

Originally, trying to find the two of them in the Tian Ji continent was like looking for a needle in a haystack. However, with the temporary privileges given by the Star Cloud tower, finding the couple became an easy task.

Two stars lit up in the sky above Wu Linghai. Sima Yunqi and Su Lingyue were indeed together. If they were locked up separately, Lin Yi would have to use up the remaining two space jumps. He only needed one now.

"Daniya, let's go find my parents first. After we find them, help me look after them!" He said.

Lin Yi pulled on Daniya's arm and activated space travel, instantly appearing in a secret room ten thousand miles away.

Extending his spirit sense out, he saw that there were many guards outside the secret room. Some were strong, some were weak, but none of them were important to Lin Yi.

"Yi'er! What are you doing here?"

In the secret chamber, Sima Yunqi and Su Lingyue were not injured, nor did they seem to have been abused. They were just locked up here.

Seeing Lin Yi and Daniya appear out of thin air, both of them were stunned. Su Lingyue even thought that she was dreaming and subconsciously pinched Sima Yunqi's waist.

Sima Yun immediately grimaced in pain. He was now considered a powerful martial artist, but he still couldn't withstand a sneak attack like this from his wife.

"Does it hurt? We're not dreaming, are we? It's really Yi 'er!"

Su Lingyue ignored Sima Yun's twisted face and went up to Lin Yi happily.

Sima Yun laughed bitterly. If you wanted to verify if you were dreaming, shouldn't you pinch your own flesh? What does my pain have to do with you dreaming?

Of course, Sima Yunqi could only say a few words in his heart. He would definitely not say it out loud. He would not allow his desire to live!

"Father, mother, I'm here to take you home! Time is a little tight, let's not talk about other things first, we'll talk about it when we get back. "

Lin Yi didn't bother to explain too much. He gestured for Sima Yunki and su lingyue to pull him and get ready to leave this place and return to the star source continent.

Of course, before he left, he still had to leave a small gift for those people outside. No matter which side they were from, Lin Yi would not let them off for kidnapping Sima Yunki and his wife.

A black ball of light was thrown out as Lin Yi and the others left. It was a new super alchemy bomb!

Under Lin Yi's control, the black flames and lightning devoured everything. This was a super killer weapon that could even kill Star sky sovereign, so no one could escape!

At the same time, Lin Yi brought Daniya, Sima Yunki and his wife back to the SU family. Their target this time was su yongcang. Seeing them suddenly appear in front of him, the old man was almost scared out of his wits ...

"...That's the general gist of it. I need to go to Sky Class Island right away, and I can't be sure when I'll be back, so there's something I need to make arrangements for first. "

Lin Yi didn't give them a chance to speak. He explained the situation to Daniya, "When I'm not around, Daniya, you stay at the SU family and help me look after this place. Don't let anyone touch the SU family."

Daniya didn't make it to the end of the star Cloud tower, but her strength had increased as well. She was invincible among heaven breaking powerhouses, especially after seeing her talent. Lin Yi was quite confident in her strength.

With her in charge of the SU family, there was no need to worry that someone would dare to stroke the Tiger's whiskers.

"No problem!"

Daniya casually replied, but she looked hesitant.

"Just say what you want to say, there's no need to worry between us." Lin Yi looked at her.

The two had been through life and death together a couple of times, and their friendship could be said to be one of life and death. Lin Yi could now entrust his back to Daniya without any worry. She had a high position in Lin Yi's heart.

Daniya smiled shyly. "Actually ... I wanted to go with you to Sky Class Island to take a look. But your concerns are reasonable. If you're not here, it'll be troublesome if someone still covets the SU family, so I'll stay to help you look after this place."

"When you come back and take care of all your enemies, you have to take me with you the next time you go to Sky Class Island!"

"No problem!" Lin Yi said with a smile. "I'll have to trouble you this time! Next time, I'll take you to see the sky Class Island. It's completely different from the sub-Island. "

"I won't say anything else, but this trip to Sky Class Island will take at least a few months, at most two or three years. We'll talk about it when I'm back."

"I'm going to the starsource continent now to make some arrangements. Grandfather, father, mother, take care. We'll meet again!"

Lin Yi was in a hurry and couldn't talk to them for long. After a simple farewell, he rushed to the martial Union and used the teleportation formation to get to the martial Union in the starsource continent.

He had already used up the number of times he could travel through space, so he could only use the teleportation array, which had wasted some time.

When he arrived at the martial Alliance of the starsource continent, he found Luo xingliu and Jin potian to discuss and arrange the matters for his departure. There was less than half an hour left before the space Channel opened.

The most important thing now was to deal with the enmity of the continent Island of The Burning Sky Star region. Then, there was the strange movement of the darkness demon beast clan. However, a group of elite bloodline Warriors had died in the star Cloud tower, and the darkness demon beast clan had suffered a great loss. They might be more obedient for a short time, so there was no need to worry too much.

Lin Yi only mentioned the small details and asked Luo xingliu and Jin botian to take care of him. As for the other parties, he didn't have time to talk to them one by one, so he asked them to send messages for him.

As Lin Yi was busy with the island's Affairs and preparing to return to Sky Class Island, he didn't know that something big was happening in the mortal world.

It might not be a big deal to other people, not even as important as a flower or a leaf, but to Lin Yi, it was indeed very important. It was just that he didn't know about it yet, or he wouldn't be going back to Sky Class Island, he'd be going back to the common world!

Chapter 9296 Tang Yin Awakens

The snow was falling heavily, and the snow Valley was covered by a black light.

It was as if night had suddenly fallen, extremely strange and illogical.

At the same time, in the Songshan villa, Tang Yin, who'd been unconscious for a long time, frowned and slowly sat up from her bed.

It was as if she had been sleeping for tens of thousands of years. Her beautiful eyes were filled with fatigue and confusion.

"I say, sisters-in-law, how long more before you wake up? I'm so worried!"

Chentian was playing "fight the landlord" on his phone as he walked in.

"Aiya, my God, there's no one else this round. Two kings and four twos, hahaha!"

Chentian was all smiles as he prepared to go all out when he glanced at the bed.

In the next second, he was completely dumbfounded.

She even subconsciously threw her phone out ...

"Aiya, what the hell are you!!!"

wu chengtian looked at the person sitting on the bed in fear, his face pale.

this room was for the unconscious tang yin to recuperate, and not even a fly would come in here. how did this person come in here?

anyone would be shocked!

the phone in chentian's hand even hit the person by the bed.

with an "oh no," the figure turned around and looked over.

as the figure turned around, the shock on wu chengtian's face intensified-it was none other than the unconscious tang yun!

"s-sis-in-law ... why are you awake? i ... i ... i'm sorry ..."

wu chengtian was stunned, but his heart exploded with joy. his sister-in-law was awake!

but the phone that fell on tang yin's body made him feel even worse.

If Tang Yin, who'd just woken up, were to be knocked unconscious again, how could she face boss Lin Yi?

Almost subconsciously, Chentian dashed up to Tang Yun and reached out to rub the spot where his phone had hit her, but he quickly retracted his hand, not knowing what to do.

"Sister-in-law, I'm sorry. I didn't do it on purpose. I thought it was a ghost ..."

Wu Chengtian's heart was in a mess, he was afraid that Tang Yun would be angry. He stammered and didn't know what to say. In the end, the more he said, the more wrong he was. He wanted to slap himself.

"Who are you? What are you doing? Stay away from me, don't touch me!"

Tangyin's pretty face was frosty as she glared at Chentian, her eyes full of disgust.

"uh ..."

wu chengtian's hand froze in mid-air, he didn't know what to do anymore.

"ah, don't look at me, don't touch me, sister-in-law ... i ... i ..."

chentian's expression was even more awkward than if he'd been slapped in the face, his words incoherent.

not only did he smash tang yin's phone, but he also had to reach out for it? you must have scared sister-in-law!

this was her own sister-in-law, boss lin yi's woman!

what ... what the hell am i thinking?

chentian's emotions were complicated-he wanted to cry, but he was also overjoyed. everything happened too suddenly, and he still hadn't recovered from it.

Luckily, Tang Yin wasn't too bothered by this-she relaxed a little after seeing Chengtian stop."Who ... Who are you? I ... Where am I?"

Tang Yun blinked her eyes, looking at Wu Chengtian blankly as if she'd never seen him before.

"Ah?"

chentian came back to his senses and gulped."sister-in-law, did you sleep too much? i'm wu chengtian, my boss is lin yi, this is your villa!"

"lin yi? who was lin yi? how come i don't have any impression of it?"

tang yun was rubbing her temples in pain, while chentian was dumbfounded.

"Oh my God, they say that pregnancy makes one stupid for three years. Sister-in-law isn't even pregnant yet and she's already like this. What are we going to do in the future?"

Wu Chengtian mumbled to himself. He didn't know what was going on with Tang Yun, but his face was still filled with joy and excitement.

"Sis-in-law, don't go anywhere. Wait here, I'll tell Lingshan sis-in-law and the others that you've woken up. They'll be over the moon when they know you're awake!"

With that, Chentian picked up his phone and left to call everyone.

Soon, Lin Yi's lackeys from the secular world arrived at the villa.

"Tang Yin sis, it's great that you're awake. If Lin Yi knew you're awake, he'd be so happy!"

Lingshan, who had just arrived, saw that Tang Yun was awake, and the stone in her heart was finally lifted.

Lin Yi went to Sky Class Island and left a few of his unconscious sisters in her care. She didn't let him down, and finally one of them woke up.

"Who ... Who are you? Do we know each other?"

Tang Yun looked at song Lingshan, her face still blank. Her words made song Lingshan's smile freeze.

"Tang Yin sis, don't scare me, I'm song Lingshan, have you forgotten?"

Lingshan said hurriedly as she walked up to Tang Yun and looked at her carefully. She couldn't find anything wrong with her body. Could it be that she had been unconscious for too long and hadn't fully recovered?

"Lingshan sis-in-law, Tang Yun sis-in-law didn't recognize anyone when she woke up. I told her a lot of things before you guys came, but it seemed like she couldn't remember anything at all. She even forgot about boss Lin Yi."

Chentian scratched his head awkwardly-it was fine if he didn't know these people, but not knowing boss Lin Yi was a bit of a stretch.

"Sister-in-law, do you still recognize me? I'm Kang Xiaobo, we used to be in the same school, and boss and I used to go to auntie's stall for fried skewers, have you forgotten all that?"

Xiaobo leaned forward and started talking about school. Tang Yin thought about it carefully."Kang Xiaobo, I ... I think I remember you. Who's that Lin Yi you guys were talking about? And why do you all call me sister-in-law?"

"Uh ..."

Xiaobo choked. She remembered him, but not boss Lin Yi? what was going on?

She was just a supporting character, boss Lin Yi was the main character! Sis-in-law, could you not do this?

Xiaobo wanted to cry-the only good thing was that Tang Yin still remembered some things, and wasn't completely stupid.

"Xiaobo, is there anything else that left a deeper impression on me when you guys were in school? I think Tang Yin sis is really interested in her school days. "

As a Captain of the criminal Police, Lingshan quickly caught on to some important details.

He just didn't know if it would work on Tang Yin.

Chapter 9297 Still Can't Remember

"yes, sis-in-law, but we'll need someone to cooperate with us," xiaobo said after a moment of thought.

xiaobo turned to look at xiaopo, fatty lai, and the others."is zou ruoming here? who can contact him?"

"i have his number. i'll call him over."

fatty lai didn't know why xiaobo called ruoming over, but he did as he was told.

After all, Tang Yin's health was the top priority-they wouldn't be able to face boss Lin Yi if they delayed it.

One had to admit that fatty Lai was quite efficient-ten minutes later, ruoming arrived at the villa, covered in dust.

"What's up, Lai bro?"

Ruoming said humbly as he looked at fatty Lai. As Lin Yi's Lackey's Lackey, ruoming naturally didn't dare to act out of line in front of fatty Lai and his gang.

In Songshan city, Lin Yi could do whatever he wanted. As Lin Yi's direct followers, fatty Lai and his men could do whatever they wanted.

"Brother Bo is calling you."

Fatty Lai waved his hand, and ruoming finally noticed Xiaobo in the crowd.

For a time, their expressions changed.

Not too long ago, Xiaobo was still a poor student who had to play the game eight times a day.

Now, he had become a big Boss that he could not match up to.

Ruoming smiled bitterly inside, regretting not calling Lin Yi his big brother earlier. He quickly greeted Xiaobo.

"Brother Bo, what's the matter?"

"Zou ruoming, it's not me, it's sis-in-law. Hurry up and tell me what happened between you and her."

Xiaobo said, a bitter smile on his face as he looked at ruoming.

"Ah?"

Ruoming didn't know what to say-he fell to his knees when he saw Tang Yin's eyes on him.

"Tang Yin sis-in-law, I was wrong, I shouldn't have offended you back then. I'm a bastard, please forgive me ..."

Ruoming cried and wailed-he'd thought that Tang Yin was coming for him!

"Who ... Who are you? I think I've seen you somewhere before ..."

Tang Yin looked at ruoming as if she'd seen him before, confusing him.

He thought to himself, is sister-in-law deliberately playing with me?

Should I answer or not?

"Brother Bo, I ... I ..."

Ruoming turned to Xiaobo for help, not knowing how to answer the question.

He was afraid that he'd say something wrong and Tang Yun would snap at him.

"I say, zou ruoming, are you out of your mind? Why are you acting like a sissy and just answering her questions?"

Xiaobo looked at ruoming speechlessly-what a twist of fate!

The boss LAN who had been so boisterous in school back then could not even speak human language anymore.

He deserved to be the younger brother among the younger brothers!

In order to save time, Xiaobo explained the situation to ruoming.

Ruoming only realized now that Tang Yin's memory was damaged, and that was why she wanted him to talk about the past.

He got up and looked at Tang Yin, "Sister-in-law, do you really not remember me? I'm zou ruoming-you wouldn't be with Lin Yi bro if I didn't mess up your family's barbecue stand! I'm your matchmaker, after all!"

Ruoming chuckled-even he found the past funny.

Lin Yi wasn't as scary back then, but he was different now.

"What? You've been to my family's barbecue stall to cause trouble before, why are you so bad?"

Tang Yin's eyes were wide open, a cold glint in them as she stared at ruoming.

"Tang Yin, big ... Big sis-in-law, didn't you ask me to say it? Why are you still angry after I'm done? If I had known earlier, I wouldn't have said it. Look at how this matter is ..."

Ruoming didn't know what to do-Tang Yin wasn't the Cinderella he'd bullied anymore, and he'd be dead meat if she came after him!

Xiaobo said quickly, trying to smooth things over after seeing the look on Tang Yin's face."Tang Yin sis-in-law, don't be angry. Ruoming's just trying to help you remember the past-do you remember anything?" he said.

Tang Yin's eyes softened as she frowned."Hmm ... I do have some impression of him, but who is he? I remember running a barbeque stand with my mother, and ruoming did cause trouble there. Why can't I remember Lin Yi?"

"Ah? What was going on? How come Tang Yin sis-in-law doesn't remember boss Lin Yi?"

Ruoming looked at Xiaobo, completely convinced that there was something wrong with Tang Yin's memory.

After all, boss Lin Yi was the closest person to her-she remembered that she'd bullied her before, but she didn't remember boss Lin Yi protecting her. This was the end of her!

"Zou ruoming, don't stop. Continue, tell me what else happened between you and Tang Yin sis."

Lingshan ordered, her eyebrows locked.

Ruoming nodded-he knew that Tang Yin's memory wasn't as good as it used to be, and he wanted to use this chance to make a big contribution.

However, Tang Yun only remembered a small part of the incident. She couldn't remember most of the details. This made everyone fall into a short silence.

"How could this be? How could Tang Yin's sis-in-law forget so many things? You don't even have any impression of boss Lin Yi, this doesn't make sense!"

Xiaobo didn't understand-Tang Yin's memory was damaged, no doubt. She could only remember a small part of the story, but she knew nothing about boss Lin Yi.

Lingshan was silent for a while before replying, "Could it be that the senseless grass from back then is working again ..."

"Forget-me-not grass?"

Xiaobo raised his head, shocked. "Yeah, boss Lin Yi didn't remember Tang Yin sis-in-law after consuming the herb. There's a connection!"

"That's right, that's the only way it makes sense. "

Han xiaopo nodded in agreement. There was probably nothing else in this world that could make Tang Yun's sister-in-law have no impression of boss Lin Yi at all, other than the uncaring grass.

"Hmm, in that case, I can only go to the snow Valley and ask if there is an antidote."

Lingshan smiled bitterly, speechless at how bumpy Lin Yi and Tang Yin's relationship road was.

First, Lin Yi forgot about Tang Yin, and when he finally remembered, Tang Yin was unconscious.

Now that Tang Yin had woken up, she'd forgotten about Lin Yi.

Could there be anything more melodramatic in this world?

"Snow Valley? That's right, it's been a long time since I've returned to the snow Valley. I don't know how my mother is doing now. No, I have to return to the snow Valley!"

Tang Yun's spirits were lifted at the mention of the valley.

It seemed that the memory of the snow Valley was still intact.

"Tang Yin sis-in-law, you've just woken up, it's best if you don't run around. Just let us go."

Xiaobo suggested, worried that Tang Yin's body wouldn't be able to take it.

"No need, I can go back by myself. Thank you."

Then, without waiting for anyone's reply, he left the villa.

Xiaobo and the others were a little scared-they were about to stop him when Lingshan called out to them.

"It's fine, let tang yun sis go by herself. the valley is under lin yi's jurisdiction now, nothing will happen. "

lingshan knew that tang yin missed her mother, and didn't want to interrupt their reunion. plus, tang yin was strong enough to protect herself.

Chapter 9298 Unusual In The Snow Valley

Besides, Wang Yuming was now the Grand Elder of the snow Valley. If anyone wanted to lay a finger on Tang Yun, they would have to think twice before doing so.

Everyone nodded, knowing what Lingshan was thinking and not saying anything else.

Tang Yin might've forgotten about Lin Yi, but at least he'd woken up. It was something to be happy about, and there was no need to ruin the mood.

"Xiaobo, go and tell Dafeng to send the news of lil sis Tang Yin waking up to Lin Yi and the others through the wormhole."

Lingshan ordered after Tang Yin left.

Tang Yin's awakening was something to be happy about, and Lin Yi would probably be overjoyed too.

She didn't need to worry about her family anymore.

He just didn't know how Lin Yi would feel if he found out that Tang Yin had forgotten about him.

However, it was best not to tell Lin Yi about this unless it was the last resort, in case the guy got worried.

Lingshan shook her head with a smile. As the temporary head of the villa, she had to consider everything.

But surprisingly, a month had passed and there was still no news of Tang Yin.

"Lingshan sis-in-law, what do we do? There's no news of Tang Yin sis-in-law yet, could something have happened?"

Xiaobo and the others were gathered in the villa, anxiety written all over their faces.

If anything happened to Tang Yun, they would all be held responsible.

Lingshan was panicking as well, pacing back and forth as she thought of a plan.

"We can't wait any longer. Xiaobo, bring a few people with you and follow me to the valley."

Lingshan quickly made her decision and called a few reliable lackeys, and the group headed straight for the valley.

However, when they reached the vicinity of the snowy valley, everyone was dumbfounded.

At this moment, the snowy valley was no longer the snowy valley they knew.

It was pitch-black, and there was not a single person within a hundred miles. The surroundings were in ruins as if some kind of fierce battle had taken place.

"Not good, something has happened in the snow Valley. Hurry up!"

Lingshan raised an eyebrow as she realized that there was a taxi in the valley. She quickly told fatty Lai to speed up.

About ten minutes later, the group arrived at the center of the valley.

However, what was unexpected was that there was no one in the snow Valley Hall at this moment. It was as if they had all disappeared into thin air. No matter how many people called out to them, no one responded.

"Lingshan sis-in-law, what's going on? Where did they go?"

Xiaobo looked at Lingshan, confused. Lin Yi wasn't here, and Lingshan was the pillar of the group-he had to ask her for help.

Lingshan didn't know what was going on-she was just as confused, but as a former Criminal Police officer, she was able to keep her cool.

From the first day he entered the police academy, his instructor had told him that the more flustered he was, the more he had to remain calm. Only then could he minimize mistakes.

"Xiaobo, you guys go over there and look for him. If you find anything out of the ordinary, call me."

After arranging everything in an orderly manner, Song Lingshan brought a few of her lackeys and started searching.

However, the snowy valley had long lost its former glory. Countless buildings had collapsed and the ground was covered in wounds.

"Sister-in-law, come over quickly. There's something unusual here."

Xiaobo shouted from afar, and Lingshan and the others ran over immediately.

He looked in the direction Xiaobo was pointing at, and saw a destroyed portal.

"Sis-in-law, you don't think she left this behind?"

Xiaobo didn't know anything about formations, but he'd heard about them before—it was possible that Tang Yin had left this behind.

lingshan said, shaking her head.

she'd known lin yi for a long time, but she was still a complete layman when it came to formations.

"how about this, you take a picture of this formation and let da feng pass it to jing jing through the wormhole. maybe she can figure something out."

song lingshan knew that han jingjing was an expert in this field, and she immediately thought of a plan.

"Right, don't tell your boss Lin Yi about this yet. It's not too late to tell him after the research results are out."

Lingshan said quickly-she didn't know what Lin Yi's situation was like right now, so it was best not to make him worry.

Xiaobo nodded in understanding. He took out his phone to take pictures and sent them to Dafeng.

At this moment, brother Dafeng was on duty in the wormhole. After receiving the photo, he sent it to han Jingjing immediately.

Very soon, han Jingjing received brother Dafeng's message.

When she heard that Tang Yun had woken up, Han Jingjing was overjoyed. However, when she heard that Tang Yun had gone missing after waking up, she was somewhat surprised.

She didn't know what to say.

Tang Yun and Chu Mengyao had been unconscious ever since the passage to Sky Class Island was opened.

Lin Yi bro had been worried about this day and night, and he had to get himself together to look for other people, and now that Tang Yin had finally woken up, he was gone again.

They had really seen a ghost!

What would happen if Lin Yi bro found out?

"En ... Lin Yi bro, don't worry, I'll definitely find Tang Yun sis!"

Han Jingjing clenched her fists with a determined look and hurriedly observed the photo that brother Dafeng had sent over.

However, when she saw the content of the photo, han Jingjing's face suddenly turned ugly.

"Eh? How could there be such a high-level teleportation formation? this is unbelievable!"

Han Jingjing carefully observed the photo that brother Dafeng had sent over, and she was extremely shocked.

The teleportation array in the photo was not the one she knew.

Even until now, such a high-level teleportation formation had never appeared on the heaven class Island, the ancient martial world, or the sub-islands.

What was going on? Who had left behind this teleportation array?

Han Jing Jing frowned in confusion. This teleportation formation gave her a very bad feeling.

It didn't look like it was left behind by an ordinary person. It was very likely to be arranged by a super expert.

If that was the case, didn't that mean that this person was here for Lin Yi bro?

Han Jingjing's heart was extremely uneasy. She studied it for a while but did not have any clues.

On the other hand, Ba Wang, who was at the side, had a strange smile on his face when he saw the picture.

Lin Yi, Oh Lin Yi, you're done for!

The woman was captured, and she was a top master. Let's see if you'll die this time!

Wang Ba was overjoyed, but with Han Jing beside him, he did not dare to show too much.

He only pretended to sigh, "Aiya, this is so infuriating. This person finally woke up. Why did he get involved in this?" Master, you must restrain your grief!"

"Wangba, what are you talking about? What do you mean by my condolences? Tang Yin's only missing for a while, she's not dead yet. If you don't know how to talk, then don't-no one's going to think you're mute. If Lin Yi-Gege was here, you'd be in big trouble!"

Han Jingjing turned around and glanced at Wang Ba. She did not have the time to bother with him and focused on studying the formation in the photo.

Even though he could not understand the profoundness of this formation, he was able to grasp some information.

Judging from the structure of the array, it should be able to teleport to another plane, but he had no idea which plane it was.

However, how could there be such a high-level teleportation formation in the snow Valley of the secular world? This wasn't really about Lin Yi bro, was it?

Han Jing Jing looked calm on the surface, but her heart was in turmoil.

For such a high-level teleportation formation to appear, there was no need to think. There must be a problem in the snow Valley.

As he thought about this, he hurriedly wrote back to brother Dafeng and asked them to investigate what had happened in the snow Valley. As for this array, he still needed some time to study it.

Chapter 9299 Returning To The Sea Realm

When the incident with Tang Yun happened in the secular world, Lin Yi had already finished his work in Xingyuan continent. Time was tight, but with Luo xingliu and Jin botian there, it wasn't hard to arrange everything.

With that, he didn't have to worry too much about leaving the sub-Island for the time being. He had enough time to go back to the Sky Class Island and look for the myriad World Spirit fruit.

The two-hour time limit was up. Lin Yi used the first time he opened the space plane channel and set the exit near the middle Island Sea. After all, he hadn't seen han Jingjing for a long time and he didn't know how she was doing now.

Stepping out of the tunnel, Lin Yi felt his body absorbing the Qi naturally, and he couldn't help but feel refreshed! It had been a long time since he had experienced such a comfortable experience!

It'd been too long since he'd been back, and Lin Yi wasn't sure where he was going-but finding Han Jing Jing wasn't a problem.

Previously, he had left a divine sense mark in Wang BA's primordial spirit. As long as he triggered the mark, he would be able to find this guy's real-time location.

After finding Wang Ba, he naturally found han Jingjing.

Lin Yi's mind moved, and he activated the spirit imprint he left in Ba Wang's spirit.

At the same time, Wang Ba, who was bored on the island, suddenly felt the deified soul imprint in his primordial spirit become restless again.

At that time, he felt terrible.

"F \* ck, again!"

Ba Wang's heart trembled. He couldn't be more familiar with this feeling.

Who else but that bastard Lin Yi could make his spirit so agitated?

Wangba gritted his teeth, thinking that this damn Lin Yi was coming for master again.

'Hmph, it's good that you're here. I've been cultivating for so long, it's time to move my muscles and bones.'

This time, I'll kill you!

Wangba thought to himself. He had a feeling that Lin Yi would be here soon and quickly went to find Han Jingjing.

As expected, just as he arrived in front of Han Jing Jing, a lightning arc appeared in the distance.

A figure jumped out of the lightning arc-it was Lin Yi.

At this moment, han Jingjing was still focused on studying the teleportation array that brother Dafeng had given her. However, she had not made any major discoveries for the time being. Although there were difficulties, she would definitely not give up.

For her Lin Yi bro, she had to research this formation thoroughly no matter what.

Just as han Jingjing was engrossed in her research, a familiar voice broke the silence of her small territory.

"Jingjing, I'm back."

It was a simple sentence, but it was like a bolt of lightning in han Jingjing's ears.

She had searched for him in the crowd for thousands of times, and when she suddenly turned around, that person was right behind her!

Seeing that familiar face, han Jingjing's beautiful eyes could not help but widen.

"Is that you? Lin Yi bro ..."

Han Jingjing stood up, her tears falling out of her eyes as she subconsciously threw herself into Lin Yi's arms.

"Silly girl, why are you crying? Who else could it be other than your Lin Yi bro?"

Lin Yi didn't know whether to laugh or cry, and he felt guilty at the same time. It'd been a long time since the last time his spirit came back, and it came and went in a hurry last time-Han Jing Jing didn't stay for long.

These days, he had been busy dealing with the sub-island's Affairs and had neglected the women. Speaking of which, he was still a bit irresponsible.

"Aiya, boss Lin Yi, you're finally back! Master and I have missed you so much!"

Wangba was crying, wiping away non-existent tears on the surface, but he was observing Lin Yi through the corner of his eyes.

The guy wondered if Lin Yi had improved since he left for so long. He'd been secretly cultivating during this time, and his hard work was earth-shattering, so his strength naturally increased a lot.

And so, facing Lin Yi again, Wangba's Restless Heart was naturally ready to move. He felt that he had a chance to turn the tables and become the master!

As he used his fake cries to numb Lin Yi, Wangba cursed at Lin Yi in his heart. You little bastard, your time is up! Watch how I'm going to do this to you!

Lin Yi, naturally, noticed the guy wiping his tears-he couldn't help but laugh to himself.

You're just a primordial spirit that has been living like a tortoise for thousands of years, why are you acting like a big-tailed Wolf?

"Wangba, I don't think you miss me to death. You just want me to die, right?"

Lin Yi's smile touched Wangba's heart.

Wang BA's heart trembled, and he hurriedly waved his hands to explain,""Boss Lin Yi, what are you talking about? I've missed you so much! I couldn't even eat when you weren't around-you can ask master if you don't believe me."

As he spoke, he looked at han Jingjing, who was also wiping her tears, but there were really tears at that time.

Han Jingjing's mind was on Lin Yi, and she didn't have the time for Wangba.

She didn't hear what the guy said at all-she just wanted to get rid of this third wheel, so she nodded faintly, confirming it half-heartedly before turning to Lin Yi and asking him about what happened.

"lin yi bro, how are you doing on the sub island? did anyone bully you?"

"silly girl, what are you thinking about? the person who can bully your lin yi bro isn't even born yet-what have you been up to? what's all this on the table?"

lin yi changed the topic with a smile. naturally, he wouldn't say that he'd just come out of the star cloud tower and how dangerous it was inside. he was trying to change the topic, but his eyes swept over the scattered items on the table, and he was interested.

han jingjing was starting to panic after hearing lin yi's words. she subconsciously hid the photo on the table.

after all, lin yi bro didn't know about tang yin's disappearance yet. he'd be worried to death if he did.

However, he was too smart for his own good-the more han Jingjing was at a loss, the more Lin Yi felt that something was wrong.

"Jing Jing, what are you trying to hide? This isn't like you. Your eyes can't lie. Look into my eyes and tell me, what's going on?"

Lin Yi stared at Jingjing, his instincts telling him that the girl was hiding something from him.

Han Jingjing blinked her eyes, her heart in a panic. Her small hands kept rubbing the corner of her clothes."Lin Yi bro, I ..."

"Jing Jing, what happened? Did something happen in the secular world?"

Lin Yi knew han Jingjing very well-she wouldn't be in this state if nothing happened.

It was obvious that there was something he was afraid of knowing.

"Aiya! Alright, I'll tell you everything!"

Han Jing Jing knew that she couldn't hide it from Lin Yi anymore.

"Lin Yi bro, it's like this ... It's nothing big, it's just that Tang Yin sis woke up a while ago, but then she went missing ..."

Chapter 9300 Reunion And Parting

"What? What's going on?"

Lin Yi was panicking. He subconsciously reached out his hands and held onto han Jingjing's shoulders tightly. He didn't feel good.

It was a good thing that Tang Yun had woken up, but what was going on with her disappearance after she woke up? Are you kidding?

I've been running around looking for those missing people, but not only have I not found the original ones, but my family members have also joined the missing People's Army ... There's no way to reason with them!

Han Jingjing sighed. She knew that Lin Yi was worried about Tang Yun's safety, so she quickly told him the whole story.

Lin Yi frowned. He hadn't even met Chu Mengyao and Wang Xinyan yet, and the sub-Island was still in chaos, barely maintaining the balance. He finally came back to look for the myriad World Spirit fruit, and now he was struck by a bolt from the blue. Wasn't this God playing a joke on him?

"Jing Jing, I'm sorry. I was too excited. Did I hurt you?"

Lin Yi came back to his senses and saw that Han Jing Jing's shoulder was shaking. He quickly let go of her and apologized softly. After going through the star Cloud tower, Lin Yi's body had been tempered thousands of times. He was a true complete heaven-breaker.

Even if she didn't use much strength, han Jingjing still felt that it was a little unbearable. She didn't want Lin Yi to be sad, so she didn't dare to make a sound.

"It's okay, Lin Yi bro, don't worry. Tang Yin's only missing, she shouldn't be in danger. If she's in danger, we'll find her in the valley. "

Han Jingjing's meaning was clear. Tang Yun's teleportation was more like a kidnapping. No matter who the other party was, Tang Yun would at least be able to keep her life before they achieved their goal.

Lin Yi nodded with a bitter smile. He'd been through a lot, and his ability to control his emotions had gotten better. He calmed down with just one breath.

Lin Yi didn't say anything and took the picture from the table, studying it carefully.

"What kind of teleportation formation is this? How could there be such a high level formation in the secular world?"

Lin Yi didn't pay much attention to it before, but now that he looked at it carefully, he was a little confused. He'd never seen this formation before, and he was an existence that surpassed a Grandmaster. No wonder Han Jing Jing couldn't understand it.

"Lin Yi bro, you should be alone for a while. I won't disturb you."

Han Jing Jing rubbed her hands together awkwardly. She knew that Lin Yi's skills in arrays were profound, and since he had started studying, she wouldn't disturb him anymore. She'd let Lin Yi bro have some peace.

After saying that, Han Jingjing gave Wang Ba a cold look, indicating that he should follow her out and not be a hindrance here.

Wangba pretended to nod and took two steps forward. When han Jingjing left, he turned around and came back. He didn't want to go out with han Jingjing, but stood on Lin Yi's body and helped analyze the situation.

In his own words, he had also done a lot of research on formations. Two heads were better than one, and three cobblers were more than enough to beat Zhuge Liang!

Wangba was overjoyed to see Lin Yi so engrossed in his research.

He took advantage of Lin Yi's inattention and launched a possession attack. He felt that after cultivating for so long, his strength had increased greatly, and he had a high chance of killing Lin Yi.

One had to admit that Wang Ba was good at finding opportunities. He successfully entered Lin Yi's Witcher spirit sea and suppressed his wild joy, ready to destroy Lin Yi's spirit.

Lin Yi, you little B \* stard, let's see if you're going to die this time!

"Ha ... Wangba, what are you laughing at? What do you want to do by entering my brain?"

Just when Wang Ba thought he got what he wanted, Lin Yi's voice reverberated in the sky above Wu Linghai like thunder, shaking the earth and sky.

Dumbfounded, Wang BA's smile froze when he saw the boundless Wu Linghai.

"What ... What's going on? You ..."

Wangba was completely dumbfounded-this was Lin Yi's little bastard's sea of consciousness? Are you kidding? This was clearly a sea of stars!

Oh my God, when did this guy become so strong? Compared to Lin Yi's Wu Linghai, Wang BA's spirit was as insignificant as dust. Hehe!

Could it be that he had already reached the heaven breaking stage? In fact, Wang Ba didn't know what the sea of consciousness of a heaven breaking cultivator was like, but it was probably nothing much.

No, no matter how he thought about it, he was even more powerful than a heaven breaking cultivator!

Wang Ba was so stunned that he even forgot to run away. His act of possession was extremely childish and laughable.

Wang BA's heart sank as he faced the unreasonably powerful Lin Yi and Wu Linghai. How was he supposed to play now?

Lin Yi could tell what Wang Ba was thinking-he'd seen through him when he tried to possess Lin Yi.

There was no threat to him, so he didn't want to spoil his mood. It seemed more interesting to let him be happy for a while before facing the endless abyss of despair.

He knew that Wang Ba was a little shameless. He had been thinking about possessing him day and night. Unfortunately, the difference in strength between the two of them was getting bigger and bigger. He probably wouldn't have much hope even if he trained for many years.

Speaking of which, this guy was really digging up the roof if he wasn't beaten! No threat was no threat, but the punishment still had to be meted out!

"Ah, boss Lin Yi, misunderstanding, it's all a misunderstanding! I just want to give you a scratch, don't think too much!"

Wang Ba came back to his senses and quickly came up with a clumsy excuse to explain why he entered Lin Yi's Wuling sea. It was only then that he remembered that he had to escape first.

Wang Ba felt like he would be wiped out by Lin Yi any second if he stayed in the Wuling ocean. In that instant, his desire to live was ignited, and he quickly ran out of Lin Yi's Wuling ocean.

Although he was shocked, it was still important to stay alive.

Lin Yi was so strong, if he really did something to her, she would be dead!

Wang Ba was at a loss as to what to do after escaping from the Wuling sea.

"Oh, scratching an itch?" Lin Yi laughed coldly. Running into my brain and scratching an itch? Then I'll help you scratch your itch too. It'll be a good time to try out my new scratching technique. "

As soon as he finished speaking, he used Wu Linghai to plant the seed of instant death in Wang Ba.

This weapon was useless against an expert like star sky supremacy, but it was like a cannon against a mosquito to Wang Ba!

Lin Yi's attack was so fast that Wang Ba didn't even have time to react.

She didn't even know what happened and Lin Yi's actions were done.

"Boss Lin Yi, what did you just do to me?"

Wang Ba swallowed his saliva. He suddenly had a bad feeling.

"It's nothing. I just planted the seed of instant death in you. As long as I move my mind, you will die. In the future, your life and death will be in my hands. "

Lin Yi said slowly as he continued to study the teleportation formation in the picture.

On the other hand, Wang Ba was extremely frightened.

He didn't know what Lin Yi was using, but the name alone made it sound F \* cking awesome!

We're done for, we're really done for this time!

Wang Ba was on the verge of tears, his heart filled with emotions.

If he had known that this B \* stard was so powerful, he would not have messed with him.

But now, she didn't manage to get him, and instead, he got her.

Aiya, my grandmother, what should I do!

I'm done for, my life is in the hands of others ...
