

Bodyguard 9301

Chapter 9301

"Hey, if you want to cry, go out and cry. Do you believe that if you bother me again, I'll let you die!"

He glanced at Wang Ba impatiently, and Wang BA's eyes widened. ""Boss Lin Yi, whatever you say from now on-I'll get out of here right now, and I'll get out of here without stopping! Please calm down, old man!"

After saying that, he really rolled away. He curled up on the ground and rolled out of the cave.

However, he was still cursing in his heart. 'Little bastard, you should have died long ago. I don't need you to show off. I'll endure this for now. When I become powerful in the future, I'll kill you!'

Lin Yi didn't bother with Wangba-he called out after Wangba was some distance away."Senior ghost, do you have any ideas about this formation? I can see that there's something strange about it, but it's hard to make a judgment. "

The demonic thing looked at it carefully and said after a long time,""Yes, this should be an array activated by a talisman. If you want to know the general direction of the teleportation, you can only find someone who is good at talismans. The talisman knowledge you learned on the sub Island is not suitable, so it is difficult to make a judgment. With your and my cultivation, I don't think we can figure it out."

The ghastly thing shook its head, indicating that it was helpless.

"Someone from Sky Class Island who's skilled in formations?"

Lin Yi thought for a moment, and the first thing he thought of was the Wang family, and Wang shiqing.

Well, it was time to go to the Wang family and settle the score.

He just didn't know how Xiao Qing was doing now, and whether she was doing well.

"Lin Yi bro, how was it? Do you have any clues?"

Just as Lin Yi was deep in thought, Han Jing Jing's voice rang out.

The little girl walked over quietly, as if she was afraid of disturbing Lin Yi.

It was no wonder-Tang Yin's whereabouts were unknown, and everyone knew that Lin Yi wasn't in a good mood.

Naturally, Lin Yi knew what she was worried about. He smiled, relieved,"I don't have any clues yet, but I'll figure out this strange formation sooner or later!"

"En, Jing Jing believes that Lin Yi bro can do it. Lin Yi bro is the best, good luck!"

Han Jingjing clenched her fist and revealed her white canine teeth in a playful manner.

"Um ... Jingjing, I ... I just came back, but I might not be able to accompany you. I have to go out to do something."

Lin Yi shrugged helplessly. He knew that he owed these girls too much, but he couldn't do anything about it ... He had a huge romantic debt to pay off ...

"Lin Yi bro, it's fine. Go do your work. Jingjing can take care of herself. You, on the other hand, have to take care of yourself when you're out."

Han Jingjing suppressed the bitterness in her heart and did not show it.

Which girl didn't want the person she loved to be by her side? han Jingjing was no exception.

However, she knew that her Lin Yi bro needed more understanding and care.

Lin Yi sighed, his heart aching from what han Jingjing said.

The more sensible this girl was, the more guilty he felt. It was really the hardest to enjoy a Beauty's grace!

He couldn't say anything at this time, so he could only reach out and stroke the girl's hair affectionately. He smiled gently and said, ""Don't worry, your Lin Yi bro will take care of himself. Since there's still time, why don't you go out with me?"

Han Jingjing smiled and nodded. She held Lin Yi's arm gently and the two walked out together. She knew that Lin Yi bro wanted to keep her company, but he used it as an excuse. These small details already made her heart feel very sweet.

It was said that company was the longest confession. Although the company was short, han Jingjing was already satisfied so far.

If the love between the two lasted for a long time, how could it be in the morning and evening?

the next day, lin yi stayed on the island with han jingjing.

they walked along the beach, facing the slightly fishy sea breeze, leaving a series of footprints on the soft sand. every spray and every drop of water reflected the warm and sweet smiles of the two.

it was evening, and they sat on a rock by the sea, hand in hand, watching the sun set as it sank to the bottom of the sea. lin yi did everything himself, and the two had a reunion dinner.

this was the happiest day of han jingjing's life.

to lin yi, this was the most relaxing day of all-he'd just come out of the cruel nebula tower, and today was like heaven.

lin yi didn't want to leave, but he had to bid han jingjing farewell and continue his journey alone.

after leaving the island, lin yi took the flying device that han jing jing had modified and flew to the wang family in the east continent.

after the short meeting with han jingjing, lin yi missed wang shiqing even more.

he owed these girls too much. it was his responsibility if any one of them didn't live well. he could only accept being called a scumbag.

Just as Lin Yi was on his way to the Wang family, something happened at his destination.

Third elder's room was dimly lit.

This old thing was reading some book, and just as he was engrossed in it, a cloud of black mist suddenly appeared in the room.

The black mist swirled and dispersed, revealing a mysterious figure in a black robe.

The third elder was startled by the sudden appearance of the figure. He instinctively threw away the book in his hand and took out a podao from under the bed. The bright light of the blade struck down like lightning.

Unfortunately, before this seemingly powerful and overbearing blade light could even get close to the Man in Black, it was sent flying by an invisible force. Like a wave hitting a reef, it was easily shattered into thousands of bits.

"Who ... Who are you? Why did you break into my Wang family's residence at night?"

the third elder's hand felt numb, and the blade in his hand trembled. he almost lost control of it and let it fly out.

he was secretly frightened and his face turned pale. he forced himself to remain calm, but he could not hide his guilt. in the short exchange of blows, he had realized how terrifying this man in black was.

the other party didn't even make a move and easily blocked the third elder's powerful blade. with the third elder's strength, there was no need to guess. he couldn't do anything to the other party.

the third elder knew this ...

the man in black saw the third elder's nervousness and laughed. "don't panic. the reason i've come to find you is to help your wang family,"

"help my wang family?"

The third elder steadied his mind and furrowed his brows in a strange manner. He looked at the man in Black suspiciously. "Don't talk about those useless things. Do you think this old man is a three-year-old child? Quickly come over, Who are you?"

If there was a mirror, he would have seen what it meant to look tough but be weak inside. Although he said it was pretty, he was actually flustered.

"Have you heard of the central?"

The Man in Black looked at the third elder. His voice was calm, but it was filled with invisible Majesty.

"The center!?"

The 3rd elder's eyes widened as he suddenly thought of something.

The rumored mysterious organization? Powerful and brutal?

Although he didn't know much about it, he had heard of it. The third elder mumbled, ""You said you're from central? How was this possible? Why did central come to my Wang family for no reason?"

Chapter 9302

The third elder became more and more nervous. Central's name had been famous in the past one or two years. Even if no one knew the details of central, it didn't prevent them from recognizing its horror.

To put it bluntly, the Sky Class Island was now filled with the shadow of the center, and it could be said that it was blooming everywhere. It was relatively low-key when it wasn't famous, but in the last two years, it had begun to rise up. Those who followed it would prosper, and those who opposed it would die. There was almost no force on the Sky Class Island that could compete with the center.

When facing the center, all the heroes could only protect themselves. If they took the initiative to provoke the center, it was not surprising that they would be exterminated.

The strength of the person in front of him was terrifying. When he said that he was the center, the third elder immediately believed him 90%. It really didn't look like he was lying.

"Humph, I've made it clear that I'm here to help you. Wang dingtian is insensible and I've lost my patience with him. Instead, I think you, an elder, can be cultivated well."

The black-clothed man suddenly appeared in front of the third elder and patted his shoulder with some admiration.

The third elder was once again shocked by the strength of the Man in Black, but he understood what was going on.

This Man in Black didn't come to find trouble with him, but to cultivate him.

Otherwise, with the strength of the Man in Black, it would only be a matter of moving his fingers if he wanted to kill him.

Unconsciously, her tense body began to slowly relax. "Lord Black clothes, you are absolutely right. Wang dingtian is a junior after all. In terms of experience and overall vision, how can he be compared with me, an elder? I wonder how Lord Black clothes is going to train a vile person?"

Putting down the fear in his heart, the third elder suddenly realized that this was his chance. He immediately put on a smile and took the initiative to hug someone's thigh. He felt that he was about to soar into the heavens.

He had long disliked Wang dingtian and his daughter. If Wang dingtian wasn't the master of the Wang family, he would have driven them out of the Wang family. Now that he was in the center of the family, Wang dingtian was nothing to him.

The Man in Black seemed to have read the third elder's mind. He smiled and said, "Third elder, don't worry. With this Lord here, all your little plans will come true. However, if you want your dreams to come true, you'll have to listen to this Lord's orders in the future."

"Uh ... Lord Black, you've said so much, shouldn't you give me something more practical? You should know that although Wang dingtian is a good-for-nothing junior, he is still the head of the Wang family. If I betray the Wang family, I will lose my head!"

The third elder wasn't stupid. Although Central's strength was obvious to all, how was it possible for him to sacrifice his life for central with just a few words?

The Man in Black knew that the third elder was a sly old fox. He smiled and pointed outside the room. "Go out and take a look for yourself. See if the Wang family is still the same as you know."

"What do you mean?"

The third elder was confused, but he still pushed the door open to take a look.

What he saw gave him a fright. A group of masked men had appeared in the courtyard of the Wang Residence.

The most unbelievable thing was that Wang dingtian had been knocked out and was lying on the ground, tied up.

"Hmph, is this practical enough?"

The mysterious man in Black appeared behind the third elder and asked in a cold voice.

"It's ... It's enough! The mighty Lord Black clothes!"

The third elder was truly shocked. His legs were trembling, and he looked at the mysterious man in Black with admiration and fear.

To be able to disband the Wang family without anyone knowing, what was there to doubt? central was too awesome!

The mysterious man in Black was very satisfied with third elder's reaction. He patted third elder's shoulder again, ""From today onwards, you will be the head of the Wang clan, but you have to remember who helped you to reach where you are today."

"I'll remember it. I'll remember it all. In the future, I'll go through fire and water for the center and serve Lord Black!"

The third elder hurriedly bowed and cupped his fists, feeling both joy and fear in his heart. For a moment, he couldn't figure out whether joy controlled the Wang family more or he was more afraid of the central core and the black-clothed man.

After a moment of hesitation, the third elder threw away these useless thoughts. Although he had always regarded himself as an elder in the Wang family, and his words carried some weight, the one who made the final decision was still the junior, Wang dingtian.

Naturally, the third elder was rather disapproving of this, but he never had the chance to turn the situation around. Now that he had become the head of the Wang family, wouldn't he be able to do whatever he wanted?

And with Central's support, the Wang family would definitely become the number one house on Sky Class Island under his leadership!

The more he thought about it, the more excited he became. The third elder hurriedly asked, "Lord Black clothes, if there's anything you need me to do, just tell me. I'll definitely do anything!"

"Well, it's not in vain that you have such a heart. As for what I need you to do, I'll let you know in the future. That's all for today. You should calm down."

With that, the mysterious man in Black waved his hand and all the masked men in the courtyard disappeared. He also disappeared.

The third elder was the only one left standing there, blinking his eyes in confusion.

It was only after a long time that he realized that this was not a dream, but reality.

I'm awesome, I'm so awesome!

On the other hand, Lin Yi didn't know what happened to house Wang. It was a few days later when he arrived at the East continent.

Lin Yi didn't go in immediately after he arrived at the Wang family's entrance, but used his spirit sense to check for any movements.

He quickly located her, but to his surprise, her situation was completely different from what he had imagined.

He thought that Wang shiqing was still living like a rich young lady when he wasn't around.

But now, she no longer had the prestige of the young miss from before. She was hiding in a small secret room, refining something, and her entire person was Haggard and tired.

Moreover, Wang shiqing didn't have any freedom at all. She was restricted from moving around. The secret room was surrounded by guards with blades, and their eyes and blades were all looking at the secret room. It was obvious that they weren't protecting Wang shiqing but monitoring her!

The dignified young miss of the Wang family was actually like a prisoner who was not allowed to go out at will and could only move back and forth in a small area.

How did this happen? Could it be that something had happened to the Wang family?

Lin Yi frowned, feeling that something wasn't right.

With Lin Yi's current strength, he could easily crush the entire Wang family, but he couldn't make a move before he figured out the whole situation.

It was Wang shiqing's family, after all, and even if he had to destroy her body, Lin Yi wouldn't do anything that would put her in a difficult position.

So for the next day, Lin Yi had been observing house Wang's movements in secret, gathering information and analyzing it. In the end, he realized that things weren't as simple as they seemed.

Not only did something happen to the Wang family, but even the person in power had been replaced.

Chapter 9303 The Power Of The Devil

It was obvious that Wang shiqing's third grandfather, the third elder, was the one in charge of the Wang family.

This rotten old man is very bad. One look and you can tell that he's not a good person!

The third elder's son had become the young master, and all the powerful figures in Wang shiqing's line had been replaced.

This ... It wasn't like this in the past.

Where was Wang dingtian?

Why did the Wang clan's situation become like this? Did the third elder's faction succeed in rebelling and seizing power?

Lin Yi didn't understand, but things were much simpler now. Wang dingtian's line was Wang shiqing's family, and it didn't seem like a big deal to become third elder's line without conflict with them.

Xiao Qing was still under house arrest by that old man. If he didn't show up soon, Xiao Qing would be aggrieved.

After figuring out the situation, Lin Yi decided not to hide anymore even if he didn't know the deeper reason. He revealed his true self and knocked on the door.

A few of the younger Wang family members opened the door, and they didn't recognize Lin Yi at first. All of them raised their heads and yelled, "Who are you? Do you know where you are? Don't you know the rules?"

The one who asked the question was a young man in his twenties. He was arrogant and arrogant.

From the looks of it, they should be from the third elder's faction. Now that the third elder had attained Dao, this group of people who followed him also became very impressive.

Lin Yi didn't want to waste his time on this guy. He nodded indifferently, "I know. Your door is not for knocking. Next time, I will kick it open! Where is Xiao Qing? I want to see her!"

"Hehe, kid, you're quite arrogant. Interesting! You actually dare to say you want to kick our Wang family's door! Speaking of which, who was Xiao Qing? Your lover or your little lover?"

The young man didn't know who Lin Yi was looking for, but it didn't stop him from making fun of Lin Yi.

The young men behind him, on the other hand, found Lin Yi familiar. "Why does this guy look so much like Lin Yi? You're not here to look for cousin shiqing, are you?"

"Hmph, how's that possible? Lin Yi's body was destroyed long ago, and only his essence spirit is left. It's been so long now, he should be able to reincarnate two or three times!"

The other young man denied it immediately. From what they knew, Lin Yi had already disappeared along with his body.

After all, everyone in house Wang knew that Lin Yi's body was destroyed, and everyone knew that when the body was destroyed, the spirit would weaken and dissipate. There was no way Lin Yi could survive.

Unfortunately, those speculations were only targeted at ordinary people.

Lin Yi, on the other hand, had never been a normal person!

Just as the group was discussing, Lin Yi spoke up, "That's right, I'm Lin Yi. Where's Qing? Hurry up and bring me to her!"

Lin Yi, of course, knew where Wang shiqing was, and since her life wasn't in danger yet, he decided to be polite to house Wang.

"What? You're Lin Yi?"

The leading youth's face suddenly changed. He realized that the man in front of him did not seem to be joking. He hurriedly waved his hand behind him, signaling the other youths to quickly report to the third elder.

The few of them understood and turned around to run back without hesitation.

Lin Yi didn't mind giving them the chance to tell him, but who were they looking down on by playing tricks in front of him? He didn't waste any words and directly raised his hand to give a casual slap.

With Lin Yi's strength now, he could dominate the sub-Island and suppress the current generation. What were a few useless young disciples of the Wang family?

To deal with them, he didn't even need to hit them. Just the strong wind brought by the palm would press them to the ground.

The young man in the lead was an exception. He was being treated specially by Lin Yi, and before he could react, an invisible force hit his body, sending him flying dozens of meters away.

Lin Yi was already showing mercy. If the slap had landed on the young man's face, his face would've turned into a pile of meat.

After taking care of a few small fries, Lin Yi rushed to the secret room Wang shiqing was in according to the location his spirit sense detected.

Other than the ordinary guards with their blades pointed at the secret room, there were also a few experts from the Wang family standing guard.

After all, Wang shiqing's talent couldn't be underestimated, and ordinary guards might not be able to keep an eye on her.

Lin Yi didn't have a chance to warn the Wang family members he passed out on the way here.

Even so, he was discovered as soon as he got close to the secret room. A few Masters looked at him with eagle-like eyes, asking him why he was here.

"You guys don't deserve to know this young master's intentions! All of you, get out of my way!"

Lin Yi opened his mouth indifferently, not giving the Masters any chance at all as he sent out another slap.

A few Masters saw Lin Yi raise his hand and knew that he wasn't coming with good intentions. They didn't hesitate and circulated their Qi to attack Lin Yi.

But what was unexpected was that Lin Yi didn't react at all to their pure energy attacks.

On the contrary, Lin Yi's slap looked light and weak, and the speed wasn't that fast either. All of them could clearly see Lin Yi's every little movement, but they couldn't react in time. They could only watch as the big slap landed on one of their faces.

Without a doubt, this guy, who house Wang thought was a master, was as weak as a child in front of Lin Yi. His whole body was like a cannonball, spinning 360 degrees and flying away. His teeth were bloody and bloody, and he fell to the ground, never to get up again.

Lin Yi was still holding back-he didn't even use any strength. If he had used a little more force, he'd have blown the guy up right away.

The remaining few experts were all dumbfounded.

They didn't think that Lin Yi's palm attack would be this fierce. Was this person a master of palm skills? He had never heard of such a person before.

It should be known that the few of them were all experts who had just entered the sea Rift stage. Although Youyou had used some special means, she was still an expert of the sea Rift stage!

On the entire Sky Class Island, how many people could be their match? Those who were stronger than them were definitely experts who had been famous for a long time. How could they not know?

Furthermore, from the other party's casual attitude, he didn't seem to be taking this matter seriously at all ... Could it be that this fellow had already reached the heaven breaking stage? Or even higher?

Lin Yi didn't hold back at all as the Masters were still in shock, his palm striking out again.

The few experts were like kites with their strings cut as they were shot one by one!

In the star Cloud tower, elite cultivators at the sea Rift stage could only hang around in the first few levels. Those at the sea Rift stage were just cannon fodder. If they went any higher, they wouldn't even be qualified to be cannon fodder!

The Wang family members were at most fake sea split realm martial artists, and they were nothing in front of Lin Yi!

After taking care of the watchdogs, Lin Yi successfully arrived at the secret room Wang shiqing was in.

Chapter 9304

At this moment, the little girl was so focused on studying some kind of talisman that she didn't even notice that someone had entered.

"Xiao Qing, I'm sorry I'm late."

A familiar voice sounded in her ears, and Wang shiqing, who was in a daze, was petrified as if she had been struck by lightning.

She slowly turned around and saw a familiar face. Her beautiful eyes instantly widened.

"Lin ... Big brother Lin Yi, you ... How did you ..."

Wang shiqing was so shocked that she couldn't speak, and tears filled her eyes. She wanted to hug Lin Yi, but she was worried that it was all an illusion and that everything would be gone if she did.

Lin Yi looked at the Black-bellied little girl, who had grown a head taller. She was now a mid-sized loli, and he had a lot of feelings in his heart. He took the initiative to pull her into his arms and Pat her head.

"Don't doubt me, I'm back, and my body has been successfully reconstructed. It's many times stronger than before, so you don't have to worry and blame yourself!"

Lin Yi's body was destroyed, and Wang shiqing had been feeling guilty all this time. Hearing these heartwarming words made her burst into tears. She buried her head in Lin Yi's chest, and her clothes were wet.

The atmosphere was very good, and it was time to say some sweet words. Unfortunately, someone didn't know what was good for them and insisted on ruining the atmosphere.

"Who dares to break into my Wang family? Get the hell out here!"

The third elder's angry roar suddenly came from the door, and noisy footsteps could be heard.

If his guess was correct, third elder and his gang should have heard the news and rushed over.

"Lin Yi bro, please don't go out! The current Wang family is no longer my father's ..."

Wang shiqing came back to her senses and tried to stop him.

Lin Yi interrupted her before she could finish. "Xiao Qing, I already know what happened. Don't worry, since I'm here, I'll definitely stand up for you!"

Lin Yi patted Wang shiqing's shoulder, comforting her as he walked to the door.

Wang shiqing was still worried about Lin Yi's safety, but seeing how confident he was, she didn't say anything and followed him quickly. If Lin Yi really got into trouble, she could help him.

As expected, when Lin Yi walked out of the secret room, there were already quite a few people outside the courtyard.

And the person in the middle of the crowd was none other than the third elder, that old thing that wouldn't die.

"It really is you, kid. I didn't expect you to still be alive. This old master has really underestimated you!"

After confirming Lin Yi's identity, the third elder would be lying if he said he wasn't surprised.

She thought that Lin Yi's body had been destroyed and he was gone.

From the looks of it, this guy's primordial spirit was quite powerful. He had actually survived for so long in the state of a primordial spirit.

But so what?

He didn't want to take the path to heaven, but he wanted to break into hell!

"Third Grandpa, what did you do to father? Where is my father now?"

When Wang shiqing saw the third elder, she was anxious and angry, especially when she didn't see her father in the crowd. She immediately realized that her father might have met with an accident.

"Little Qing, Grandpa thinks that you should care more about yourself and your so-called Lin Yi bro. I didn't want to hurt you at first, but since you're so insensible, don't blame Grandpa for being merciless,"

The third elder laughed coldly. He'd originally intended to spare Wang shiqing's life. After all, this little girl's talent was extraordinary, and she was indeed useful.

Taking a step back, after all, they were all from the Wang family, so there was no need to kill them all.

But now, this little bastard Lin Yi had injured a couple of house Wang's practitioners. If he didn't teach them a lesson, how was he going to establish his authority in front of everyone?

The third elder waved his hand, and a dozen Masters surrounded Lin Yi and Wang shiqing.

"Old thing, I didn't put you in my eyes before, let alone now. Do you really think you can stop me with these trash?"

The corner of Lin Yi's lips curled up in a mocking smile as he looked at the elder. It'd been a long time since he'd last seen him, and the old man's temper had gotten worse.

Could it be that there was someone backing him up? otherwise, how could this old thing be so arrogant?

Lin Yi's mind was spinning-he'd felt that something was off when he'd first arrived at house Wang, and the third elder's cocky face only made him more suspicious.

"You little brat, who doesn't know how to brag? We'll know if it's a mule or a horse after we've learned it! What are you all doing? Do you want this old man to personally take action? Hurry up and take him down!"

The third elder's face darkened as he shouted. The dozen Masters stopped hesitating and attacked Lin Yi from all directions.

Lin Yi shook his head-he really didn't think much of these people. He raised his right hand and waved it in a circle at the crowd.

The violent force created a vortex that felt like it was being torn apart. The people present could not open their eyes and stand steadily. Smoke and dust rose in the surroundings, accompanied by waves of wailing.

"Haha, Lin Yi's done for, he's definitely being beaten up by the elders! Who does he think he is? he even waved his hand arrogantly, isn't he looking for a beating!"

"That's right, that's right, acting tough will get him struck by lightning. In front of our Wang family's experts, he still dares to be so arrogant, if he doesn't die who will? You deserve it!"

"Do you think that kid will still have a leg? I bet he's at least cut into eight pieces! It's possible that he'll be torn to pieces, but he'll definitely be miserable!"

The young Wang couldn't be happier-they couldn't see what was going on in the smoke, but the image of Lin Yi being ganged up on already appeared in their minds. They were all talking and mocking Lin Yi, but none of them realized that the screams were from their own Wang family.

After all, these elders were all the leaders of the Wang family, and after the mysterious ceremony, there was no force in the mystic division Sea area that could compete with the Wang family. How could Lin Yi fight them?

Wang shiqing's brows were tightly furrowed, and her palms were covered in sweat.

She knew the strength of these Masters very well, and couldn't help but think that Lin Yi big brother was too impulsive. No matter how strong he was, he couldn't face so many masters alone!

What should I do now?

Just as Wang shiqing was feeling uneasy, the smoke and dust gradually dispersed.

"F * ck, what's going on? Why are the elders all lying on the ground?"

Everyone from the Wang family turned pale with fright. When they saw the dozen or so experts lying on the ground, their mouths were so wide that an egg could be stuffed in.

"Is there a need to ask? It must be that the uncles are tired from the fight and are lying down to rest. "

A young man's voice rang out, and everyone heaved a sigh of relief.

So she was resting after getting tired ... She thought that Lin Yi ...

Even though they knew that it was self-deception, they subconsciously chose to believe it. If it was any other time, they would definitely scold that only a fool would believe such nonsense. But now, they were instinctively willing to believe it.

If that wasn't the case, then there was another possibility that they didn't want to face!

Chapter 9305

Just as everyone heaved a sigh of relief, the dozen or so Wang family experts lying on the ground spurted out blood.

It was as if the blood didn't cost any money. They raised their necks and spat out blood crazily.

"Aiya, what's going on now? Could it be that the elders have been too angry recently and are trying to vent their anger?"

"Queue your sister's fire! You're still expelling the fire when you're already vomiting blood!"

Even if you're lying through your teeth, there should be a limit, you bastard! Some of the Wang family Kids couldn't take the pressure and started to expose The Emperor's New Clothes.

"Aiyaya, that Lin Yi kid is fine, he's right there!"

The Wang family was in a mess as they talked non-stop. When they saw Lin Yi appear beside Wang shiqing as if nothing had happened, they were all dumbfounded.

The third elder's face was especially dark-he thought that Lin Yi was done for.

He didn't think much of Lin Yi's attack, but he knew that things weren't looking good when he saw a few Masters spurting blood.

"How could this be? How could this kid be so strong? Wasn't he in his primordial spirit form? How could it be ..."

The 3rd elder clenched his fists, his heart filled with shock and anger. His mind was in a mess, and he was extremely puzzled.

He thought that an essence spirit wouldn't be able to use Qi-this was a classic example of not knowing the full extent of the situation. Even if Lin Yi was in his essence spirit form, it wouldn't stop him from using Qi, let alone in his real body.

According to third elder's understanding, Lin Yi's mere primordial spirit body had no chance of winning against these Masters.

But now, what had happened was completely different from what he had expected.

Could it be that this fellow had become ... A pervert?

"Big brother Lin Yi, it's great that you're fine. I thought ... No, I knew that these people weren't your match!"

Wang shiqing was overjoyed to see that Lin Yi was fine, and her heart finally settled down.

"Hmph, what are you so happy about? This old master hasn't even made a move yet, what do you have to be proud of!"

The third elder couldn't stand Wang shiqing and Lin Yi's sweet faces anymore. He opened his palm and took out a lightning formation talisman.

"Oh my God! Isn't this the new talisman that third Grandpa made recently?"

"That's right. This talisman is specially used to attack the primordial spirit. If a primordial spirit encounters this talisman, it has no hope of escaping!"

"Haha, this time, that Lin guy is finished. Third Grandpa is so powerful!"

The young Wang disciples were all cheering, evidently recognizing the talisman. Lin Yi suspected that the third elder brought them along to act as background for this occasion, to raise the atmosphere. As expected, this old man was quite accomplished in the acting tough world!

"Oh no, Lin Yi bro, be careful! This is a primordial spirit lightning destruction talisman, and it's extremely terrifying!"

Wang shiqing's expression changed drastically. As the Wang family's talisman genius, she was naturally able to immediately recognize the origin of this talisman. After seeing it clearly, her entire person was in a bad mood.

Lin Yi shrugged indifferently. He didn't really care about the lightning, but he was curious where these people got their confidence from.

"Lin brat, don't say that I'm bullying the weak. It's not too late for you to kneel down and beg for mercy. Otherwise, I'll let you be struck by lightning!"

The third elder glanced at Lin Yi in disdain, enjoying the flattery.

"You're calling me five Thunder bombardment of sky?"

Lin Yi laughed coldly and hooked his finger at the elder. "Old thing, the word 'beg for mercy' doesn't exist in this young master's dictionary. But I'm very curious as to how you're going to use this five lightning bombardment of sky. "

"Good boy, since you're so determined to die, I'll fulfill your wish. Go, Pikachu, uh ... No, it's the primordial spirit lightning destruction talisman!"

The third elder yelled and threw the lightning talisman at Lin Yi without hesitation.

Lin Yi didn't move at all, only slightly moving his stiff neck.

Seeing this, everyone thought that Lin Yi was scared silly by the power of the primordial spirit lightning destruction talisman. All kinds of mockery and ridicule immediately rang out.

"Lin Yi bro, Dodge! Don't worry about little Qing, run! It's all her fault, she's got you in trouble!"

Wang shiqing was on the verge of tears. She had read about the primordial spirit lightning destruction talisman in the Wang family's array talisman manual, and it was unimaginably destructive to the primordial spirit.

Lin Yi appeared as a spirit, and there was almost no chance of survival if he encountered a formation like this.

Wang shiqing felt both anxious and guilty.

But it was too late now-the talisman had already locked onto Lin Yi.

In the sky, lightning flashed and Thunder rumbled. The terrifying aura shocked the entire world.

When the small talisman reached Lin Yi's head, it started to expand rapidly, and Thunder started to fall.

"Haha, Lin Yi, go to hell! You deserve to be struck to death for showing off to our Wang family!"

The Wang family members were all cursing and swearing as if they could already see Lin Yi's soul being destroyed.

However, the next second, everyone's mouth stopped.

The bucket-sized lightning landed on Lin Yi's body like water flowing into a River. Not only did it not hurt Lin Yi at all, it even surrounded him and cheered like a child who had found his family.

Everyone present was dumbstruck. The lightning was clearly inanimate, but they could still feel the cheers and joy. They had really seen a ghost! What the hell did he encounter?

The lightning couldn't hurt Lin Yi, but part of the shockwave that landed on the ground created a big hole.

From this, it could be seen that the power of the primordial spirit lightning destruction talisman was very huge. It was not that there was something wrong with the talisman itself. If it were anyone else, they would have been turned to dust long ago.

Lin Yi, on the other hand, was fine.

This F * cking ...

Not only were the Wang family members dumbfounded, even the third elder's Adam's apple moved up and down non-stop.

Wang shiqing, who was in tears, was shocked as well. She couldn't believe that the lightning destruction talisman was ineffective against Lin Yi.

Lin Yi, on the other hand, acted as if he'd just taken a shower, "Tsk tsk, just this little bit of lightning is not worthy of this young master's five lightning bombardment from heaven. This young master will let you experience what the true five lightning bombardment from heaven is!"

With that, he pulled out the demonic devouring sword before anyone could understand what was going on. He used the green demonic sword technique, and Lin Yi became ethereal.

"Third Grandpa, what is this guy doing?"

The Wang disciple was confused-he'd never seen a skill like this before, and thought that Lin Yi was crazy.

The 3rd elder was also confused, but everyone soon realized that something was wrong.

All they saw was a green lightning suddenly flowing out of the demonic sword in Lin Yi's hand.

At first, the lightning was only the size of a spark, but as Lin Yi's sword moved faster and faster, the lightning grew.

In just a few breaths, Lin Yi's Green lightning was like a dragon.

It was extremely shocking!

Chapter 9306

"Old thing, do you know? This was the true lightning destruction! Do you want to try it?"

Lin Yi smiled as he looked at the dumbfounded third elder. He was quite satisfied with the result.

And this green lightning was something he'd just learned recently. He'd developed many different forms of the green demon Sword technique, and this green lightning was just one of them.

However, it was much more powerful than the lightning destruction talisman. Not only could it attack the primordial spirit, but it could also cause unimaginable damage to the physical body.

"Surnamed Lin, do you think I'm stupid? You still want me to be struck by lightning?"

The third elder's hair stood on end as he glared at Lin Yi, "I'm telling you, it's not too late for you to stop now. Otherwise, even if you have nine lives, you won't be able to kill me!"

"The center?"

Lin Yi suddenly stopped what he was doing and looked at the elder, confused. "Old man, what did you just say? What central?"

"Uh ..."

The third elder realized that he had said something wrong and quickly changed the topic, ""You don't need to care about what this old man says. In any case, if you continue to act wildly in my Wang family, this old man will make you suffer the consequences!"

"Alright, this young master will act atrociously, what can you do about it?"

Lin Yi smiled coldly in disdain. The third elder didn't want to say it, but he understood.

No wonder this old man suddenly became the head of the Wang family. It turned out that central was behind this.

"Good boy! I'll fight you to the death today! Cloud formation!"

The third elder was flustered and exasperated. He threw out several array talismans in succession, and suddenly, a thick fog rose up in the entire world.

In the blink of an eye, Lin Yi's vision blurred, and even his divine sense was restricted. He couldn't scan his surroundings freely.

Not only that, with Lin Yi's skill in formations and talismans, normal talismans wouldn't be able to escape his eyes and ears, but this cloud formation was obviously not one of them!

"Oh no, I've been trapped!"

"Shit!" Lin Yi called out the first thing he saw.

"Senior ghost, quickly take a look at what formation this is. How come I can't see any flaws at all?"

Lin Yi's spirit sense spread out without any resistance, but he couldn't detect anyone. It was as if the surroundings were empty, and there was nothing there.

The ghostly thing didn't say anything. It also spread out its divine sense and thought for a while before saying, ""This is an upgraded version of the Wang clan's cloud sky formation, an even more advanced bewildering formation. I really didn't think that you would be able to force that old man to use such a terrifying formation. It looks like that old man is going to trap you to death!"

"Senior ghost, you're here. Why are you saying that I'll be trapped to death? Just hurry up and tell me how to break the formation. "

Lin Yi joked, not paying much attention. He felt like a blind man, unable to contact the outside world and unable to find Wang shiqing's whereabouts, but he was still not afraid of a formation.

Lin Yi wasn't the only one who was an array Mystic master-the ghost was as well. Lin Yi's understanding of the sub island's array system was stronger than the ghost 's, while the ghost's understanding of the Sky Class island's array system was slightly better.

Lin Yi was worried that Wang shiqing would be in danger. With the combined strength of two grandmasters, breaking the formation should be easy!

In the end, the ghastly thing simply said,""This formation has already exceeded the scope of this old master's research. If you want to break the formation, you have to find a way yourself. In the future, if you encounter such a small matter, solve it yourself. Don't disturb this old man's research. "

After saying this, the damn thing returned to the Jade space. It seemed that it was at a critical moment in its research and didn't want to waste time.

"What the hell? You're just going to let it go?"

Lin Yi grinned-he didn't think that this thing would run away so quickly. It was obvious that it didn't want to care about him anymore.

Of course, this also proved that the thing believed that Lin Yi was strong enough to break the formation and didn't need his help. If not, why would it leave Lin Yi behind?

In the outside world, the third elder, who had just finished casting the cloud and mist formation, was already so tired that he was gasping for breath.

The cloud and mist Grand formation took a lot of effort.

If not for the fact that he had no other choice, third elder would never use such a large-scale array Dao in his life.

This time alone would be enough for him to recuperate for several months.

Plus, he was extremely weak right now-he'd be dead if Lin Yi broke out of the formation.

However, third elder wasn't worried that Lin Yi would be able to break out of the formation. The cloud formation couldn't be compared to the cloud sky formation.

Lin Yi couldn't even do anything to the cloud-sky formation back then, let alone this one.

Hmph, Hmph, he'll be trapped in there for the rest of his life!

"Little sister shiqing, there's no one to back you up now, right? That Lin Yi Gege of yours was really cocky just now, but great, now he's trapped in third grandpa's cloud formation-he'll never be able to get out for the rest of his life!"

The Wang Clan Young disciple couldn't help but sneer.

They all knew how terrifying the cloud formation was, but they didn't think that Lin Yi would be able to force the third elder to use such an exhausting formation.

"You ... You ..."

Wang shiqing's eyes were red as she looked at everyone.

Thinking back, when his father was still the head of the family, this group of people all treated him as a Pearl.

Now that his father was gone, these people had changed their attitude. Were they still a family?

Wang shiqing clenched her fists, her heart cold and guilty. At the same time, she was thinking of a way to help Lin Yi escape.

She was the Black-bellied little loli in Lin Yi's heart-how could she just admit defeat and cry like those useless young ladies?

However, she knew better than anyone else how terrifying the cloud and fog array was. It relied on extremely precious array talismans as support and took a lot of effort from the array maker to form it. It was not something she could break easily.

With Wang shiqing's current strength, she could still use the cloud sky array, but it was impossible for her to use the cloud array.

She had some knowledge on how to break the formation, but she couldn't send Lin Yi a message.

If he could contact Lin Yi big brother, he might be able to break the formation with his skills in formations.

Lin Yi bro, you have to hold on-Xiao Qing will find a way to get you out!

Wang shiqing's mind was spinning, but her mouth softened."Third Grandpa, this has nothing to do with Lin Yi big brother. If you want to punish someone, just punish me. Please let Lin Yi big brother go, for my father's sake."

"Hmph, Xiao Qing, don't say that I'm not giving you and your father face. I represent the entire Wang family now. Even if I agree to let him go, the other members of the Wang family won 't."

"That's right, third Grandpa, this guy must die!"

"That's right. This guy is too arrogant. If he doesn't die, it'll be hard to appease the public's anger!"

Everyone from the Wang clan hurriedly echoed.

"You ... You guys ..."

Wang shiqing was about to die from anger. She had already lowered her stance, but these people were still so fierce. They were really a bunch of B * stars. If she had the chance, she would definitely teach them a lesson!

She wouldn't be this angry if they treated her badly-they were family, after all, but Lin Yi's attitude really pissed her off, and she'd already come up with a plan for revenge.

The Black-bellied little loli wasn't something to be called casually! Do you think there'll be a good outcome after offending him? What do you want to eat!

Chapter 9307

Lin Yi couldn't hear Wang shiqing's begging since he was trapped in the formation.

In his current situation, he couldn't care about what was happening outside.

This great cloud formation was indeed many times more terrifying than the cloud sky formation. The probing of divine senses seemed to be unhindered, but it was simply unable to penetrate the thick fog.

Even the ghostly thing couldn't break the cloud formation. If he could break it with one look, he wouldn't have been so lazy to return to the Jade space.

One could imagine that the third elder had really brought out his trump card this time.

Outside, the third elder rested for a long time, and his pale face gradually regained some color.

"Third Grandpa, are you alright?"

The Wang family disciple asked the third elder about his condition with concern. After all, the third elder had just used the cloud formation and had used up a huge amount of energy. His body would definitely not be able to take it.

Furthermore, the third elder was the current head of the Wang family.

If something went wrong, the Wang family would be in turmoil, or the Wang family hadn't stabilized from the change of power. When the third elder fell, Wang dingtian's side might fight back immediately!

These people were all relying on third elder. They were not confident to fight against Wang Dingtian's side without third elder.

"It's alright." The third elder waved his hand indifferently. "It's just a cloud formation. I can still take it."

"Then, third Grandpa, what should we do with Wang Shiqing?"

A young woman from the Wang family asked anxiously. She had never liked Wang Shiqing's attitude as a young lady. As a young lady from the collateral branch, she had always been envious of Wang Shiqing from the direct line. Now, the tables had finally turned.

She couldn't wait for Wang Shiqing to be driven out of the Wang family, or even killed!

The third elder looked at Wang Shiqing, cleared his throat, and said, "Little Qing, don't blame third Grandpa for not giving you face. You saw the losses that Lin Guy caused when he trespassed into the Wang family. Third Grandpa has to give the Wang family an explanation!"

Wang Shiqing furrowed her brows. They were both thousand-year-old foxes, and there wasn't much difference between an old fox and a young fox. How could she not see through the third elder's thoughts?

Now that his father's whereabouts were unknown, this group of people clearly didn't care about him, the heir. No, he was no longer the heir. The heir of the Wang family was the grandson of the third elder!

The previous house arrest was most likely done by his third grandfather.

As for the purpose, it was obvious. He wanted to usurp the throne and get rid of obstacles like himself and his father.

Wang shiqing was well aware of this situation, and she didn't have a good impression of the Wang family or her third Grandpa.

Bloodline and kinship meant nothing in front of power! Since ancient times, had there been less quarrels between brothers over power and benefits? In the end, the Wang family could not escape this circle.

Wang shiqing's face turned cold, "third Grandpa, you can do whatever you want to me. But Lin Yi bro has nothing to do with this. Please let him go. As long as you let him go, I'll leave the Wang family of my own will."

"Hmph, you think that you'll be fine after leaving the Wang clan? You've caused so much harm to the Wang family, we won't let you off so easily!"

The young woman spoke again. She had been jealous of Wang shiqing for a long time, so she wouldn't let go of any opportunity to hit her when she was down. Her words ignited the fire in everyone's hearts.

Those young men chimed in one after another. It was obvious that they wouldn't stop until Wang shiqing was dead. They were all on the third elder's side, and their status in the Wang family would rise

with the third elder's power. Only by killing Wang shiqing, the original successor, could they avoid future trouble.

If he wanted to take over the Wang family, the safest way was to exterminate all of Wang dingtian's people!

As for the third elder, he didn't say anything at this moment. His old face had an unfathomable smile on it as he quietly listened to everyone's thoughts.

He had only planned to put Wang shiqing under house arrest and not let her get involved in the Wang family's Affairs.

However, house arrest didn't work on her. She didn't know where Lin Yi came from, but he almost took her away. If Wang shiqing got away, he would gather Wang dingtian's clansmen and start an internal war.

This wasn't the ending that the third elder wanted. Only by retaining most of the Wang family's strength could he have any value in the center. The center most likely wouldn't be interested in a broken Wang family!

Hmm, it seems that Wang shiqing can't be kept alive!

The third elder had already made up his mind. Killing intent flashed in his eyes as he slowly said, ""Xiao Qing, as you can see, everyone has a grudge against you. As the head of the Wang family, it would be really unsatisfactory if third Grandpa can't give everyone a satisfactory explanation!"

"Then what do you want Xiao Qing to do, third Grandpa? What will Xiao Qing do for you to let Lin Yi bro go?"

Wang shiqing's heart turned cold as she sensed the third elder's killing intent. The fact that the Wang family wanted to exterminate her made her feel like a knife was being twisted in her heart.

However, she had to save Lin Yi's big brother first, so she continued to play dumb, trying to numb the elders.

She made herself look weak and harmless-at least she'd be able to buy some time for Lin Yi to break the formation.

Wang shiqing couldn't tell Lin Yi everything she knew, but she still believed in Lin Yi's strength. As long as he had time, he would be able to get out!

Without waiting for the third elder to speak, the young woman said with a fake smile, ""Sister shiqing, we're not trying to force you to your death. You've caused everyone to be in such a miserable state. You have to give us a satisfactory explanation, right?"

Wang shiqing frowned. She knew what this woman and the others were trying to do.

Biting his thin lips lightly, his eyes welled up with tears as he nodded his head vigorously."Okay, third Grandpa, as long as you let Lin Yi bro go, I'm willing to die to atone for my sins!"

It was still a plan to buy time, but it contained her sincerity. If she could use her life to exchange for Lin Yi's safety, she could accept it!

The accumulated water mist quickly turned into tears and gushed out. From the others' point of view, it looked like Wang shiqing had failed to live up to her expectations and was crying. She was trying to use her life to exchange for her lover's life. She was really stupid.

The third elder knew that Wang shiqing wasn't afraid of death, but she was bitterly disappointed by the actions of the Wang family!

But so what? Since ancient times, which throne was not made of blood?

"Little Qing, this is not third Grandpa forcing you to die, why are you doing this? We're a family, there's no need to do such a stupid thing for an outsider!"

The third elder pretended to be in a difficult position and sighed repeatedly. Even though he wanted Wang shiqing to die as soon as possible, he still had to do it for the sake of his face.

It was a good example to prevent any future disasters for the Wang family!

Chapter 9308

"Third Grandpa, just tell Xiao Qing, will you let Lin Yi go if she dies?"

Wang shiqing said determinedly. She took out a dagger from somewhere and put it against her neck.

If it was Lin Yi, she wouldn't be afraid to die, but if it wasn't possible, she'd have to think of another way!

Seeing this scene, everyone in the Wang family had different expressions. The woman from before was gloating, and many people looked like they were watching a show. Only one or two people looked like they couldn't bear to watch, but they didn't try to persuade her.

It was said that a family was bound together even if their bones were broken, but now, they no longer had the face of a family.

All of them were cold-blooded to the extreme. They didn't care about a little girl's safety at all. Wang shiqing glanced at them coldly and engraved this scene in her heart. If she didn't die today, she would pay them back double one day.

"Let ... Let go or not? Xiao Qing, your life is much more important than that Lin Yi kid, you're forcing third Grandpa! What do you want third Grandpa to do? How will third Grandpa face the clansmen in the future?"

The third elder had been planning to pretend that he was related to Wang shiqing by blood and remove the fact that he had forced her.

A cold smile appeared on Wang shiqing's face. The old man was a bad guy, and she had already calculated his reaction. Since she wanted to kill him, the third elder would definitely put on an act. In this way, she would be able to stall for time.

Who would want to die if they could live? Wang shiqing wasn't afraid of using her life to exchange for Lin Yi's safety, but if she could stay alive, wouldn't it be better to take revenge on these traitors?

"Third Grandpa, I don't mean to force you. I'm just begging you to let Lin Yi big brother go. After he's safe, I'll let you decide my life and death. I'll do whatever you want!"

Wang shiqing continued to put on a sad expression, and her tears flowed like a broken dam. Unfortunately, her beautiful face couldn't touch the hearts of any of the Wang family members.

The third elder was a cunning old man, and he knew Wang shiqing very well. Seeing her like this, he raised his guard.

After thinking about it carefully, he understood that he had to end the battle as soon as possible to avoid any trouble.

He'd deal with Wang shiqing first anyway-as for letting Lin Yi go or not, it didn't really have much to do with him, did it?

He didn't catch him, he was the one who was trapped in the cloud array, how could he let him go?

"Xiao Qing, Grandpa Lin won't kill this guy. But you, you really don't have to do this. How can Grandpa Lin bear to see you like this? put down the dagger."

The third elder said he wouldn't kill Lin Yi, but he didn't say he'd let him out. If he was trapped in the formation, it was because Lin Yi didn't have the ability.

In fact, he was hinting to Wang shiqing to quickly end her own life and not drag it out.

The woman at the side shouted, ""Wang shiqing, if you want to save your lover, then quickly commit suicide! Could it be that he still wanted to be lucky enough to survive? If you don't make a move, we'll use our killing move in the formation. Do you understand the consequences?"

"Alright, I hope you keep your word, third Grandpa. I'll end my own life now!"

Wang shiqing closed her eyes. She didn't have a choice. The cloud and mist formation could not only trap people but also kill people, but it was more difficult to activate.

She didn't know if the third elder had the ability to do so, and she didn't want to risk it. As long as Lin Yi bro was safe, she didn't care if she died.

As he thought about it, he made a gesture with the dagger in his hand.

Everyone from the Wang family watched with burning eyes. Up until now, no one had spoken out to stop him.

Even the third elder was unmoved.

In his heart, he was thinking, "stinky girl, hurry up and die. After you die, this old man will kill your father."

This way, no one can threaten my position, Hmph ...

The dagger was about to cut his throat and spill a Scarlet liquid.

However, at this moment, a muffled sound shook the entire world.

"Boom ..."

The earth quaked and the mountains shook, and the thick fog actually turned into nothingness at this moment.

Everyone from the Wang family was shocked by the sound and looked over. When they saw the figure in the dust, almost everyone's eyes widened in disbelief.

"You ... How did you break my cloud array? this ... This doesn't make any sense!"

The third elder was dumbfounded as he looked at Lin Yi, his jaw almost dropping to the ground.

The cloud and mist formation was something that the Wang clan had spent a great deal of effort on.

Only a few people knew how to break it, so how did Lin Yi know?

"Lin Yi bro, you ... You really came out!"

Wang shiqing, who had been prepared to face death, was also awakened by the sudden change. Her tears, which had stopped, burst out again, but this time, they were tears of joy!

The strategy of stalling for time was indeed effective! Lin Yi big brother's abilities were beyond doubt-even the cloud formation couldn't trap him!

Wang shiqing let go of her dagger and it fell to the ground. She knew that she didn't have to die anymore. With Lin Yi here, no one could force her!

"Silly girl, you believe this old thing's nonsense? Do you think he'll let me go if you die? He's really stupid. "

Lin Yi didn't know whether to laugh or cry as he looked at Wang shiqing.

He had just happened to hear the conversation between these people. In the process of breaking the formation, his spiritual sense could already detect everything that was happening in the outside world.

If it wasn't for the fact that they were at a critical moment, they would have jumped out to teach Wang shiqing a lesson.

But Lin Yi was touched-he didn't think that Wang shiqing would sacrifice herself to save him.

"Lin, how did you know how to break the cloud formation? There's no reason for this. I don't believe it!"

The 3rd elder's eyes were wide open in anger. He still couldn't believe that this was really happening.

Lin Yi smiled at him, "the knife's too blunt and the horse's too skinny, what's there to fight me with your amateur skills?" Do you really think that a broken formation can trap this young master? are you still sleeping?"

The damn thing's trust in Lin Yi wasn't without reason. Lin Yi's talent and attainments in formations were clear for all to see. It wasn't too hard for him to break a formation he'd never seen before.

Lin Yi tried many times and realized that the cloud formation wasn't as scary as he thought.

As long as he used the high temperature to evaporate the mist, he would be able to easily break the talisman that was used as the foundation of the formation.

That's right, it was such a simple truth, but it was not worth a penny.

It was also because the method to break the formation was so simple that no one thought of it. Of course, even if a normal fire element practitioner thought of it, they might not have the ability to evaporate the fog in the formation. After all, Lin Yi was different from the others.

Chapter 9309

"You ignorant little brat, come on, kill him!"

The third elder was completely enraged by Lin Yi's words. He gritted his teeth and yelled, and almost all the Masters from the Wang family rushed towards Lin Yi.

Lin Yi wasn't in a hurry despite being surrounded by so many people. He stretched his wrist and sent a huge palm out, sending a violent gust of wind towards them.

The so-called Masters of the Wang family were like flies that had been smacked to death, flying everywhere with the wind from Lin Yi's palm. None of them could withstand a single blow.

They didn't even get to see what had happened before they were all blown away.

They were dumbfounded!

The third elder wasn't the only one who was dumbfounded. Even the younger members of the Wang family were shocked beyond words.

Is this F * cking human?

One slap was all it took to send the Wang family's master flying-to be more precise, the slap didn't even touch him. Just how strong was Lin Yi to do this?

The cunning third elder saw how terrifying Lin Yi was and realized that the situation was out of his control. He didn't even bother to say anything and sneaked away when no one was looking.

Lin Yi didn't think that the third elder would ignore the lives of the Wang family and sneak away. He didn't even pay attention to the third elder. He was just an old man who posed no threat to Lin Yi. What was there to be concerned about?

It wasn't until he had dealt with most of these so-called experts that he realized that the old man had disappeared.

"Where's third Grandpa? where did he go? Lin Yi's too strong, third Grandpa, please do something!"

The Wang disciples were looking for the third elder, afraid that if they were too late, Lin Yi would beat them all to the ground.

However, after searching for a long time without finding a trace of the third elder, everyone realized that the third elder had run away.

For a moment, everyone's expression changed. There was anger, fear, but most of them were still at a loss.

She didn't know how to face Lin Yi and Wang shiqing.

"Lin Yi bro, are you okay?"

Wang shiqing rushed to Lin Yi's side and checked his condition, worried that he might be hurt in the formation.

"Of course I'm fine. Xiao Qing, don't worry. With me here, no one in the Wang family can bully you. Now that that old thing has sneaked away, you should first see how you should deal with this group of people! We'll go find that old fart later to settle the score. "

The third elder thought he could slip away without anyone noticing, but he didn't know how strong Lin Yi's spirit sense was. The entire Wang family was within its range, so where could he escape to?

If they wanted to catch him, they could do it in minutes!

Lin Yi couldn't be bothered to deal with this bunch of trash anymore. He left the decision to Wang shiqing and found a stone block to rest.

"Sister shiqing, it's not our fault. It's all third grandpa's doing. We were wrong. Please forgive us for the sake of our family."

"That's right, cousin shiqing, we were also forced by third elder ... Also, we were incited and bewitched by her. If you want to vent your anger, then take it out on her! It doesn't matter if you kill him!"

Everyone knelt on the ground in fear. With the terrifying Lin Yi backing Wang shiqing up, they didn't dare to go against her.

The woman from the Wang family who had been targeting Wang shiqing was also pushed out by her companions. Everyone had seen how she had been targeting Wang shiqing just now, and they had all been cheering for her loudly. Now, they pushed her out with great determination.

When betrayal had become a habit, so what if it happened a few more times? As the saying goes, 'better a fellow Daoist than a poor one'!

The woman's face was twisted and her eyes were bloodshot. She hated the clan that pushed her out, and she hated Wang shiqing even more!

"Wang shiqing, what's so great about you? you've been suppressing me since we were young! If you have the ability, then kill me, or I will kill you one day!"

She didn't think that Wang shiqing had any reason to let her go, so she decided to just go all out and not beg for mercy!

Wang shiqing sneered. What family? what were they thinking when they tried to kill her?

Furthermore, such a straightforward betrayal of his companions, where was the slightest bit of kinship to speak of? To be honest, Wang shiqing was completely disappointed in these people.

However, even though he was extremely angry and wanted to kill them all, his rationality still told him that he couldn't kill this group of people.

After all, the Wang clan didn't have many members to begin with, and if they were exterminated, it would be a great blow to the Wang clan.

At this time, his father's whereabouts were still unknown. Even if he wanted to deal with it, he should find his father first. As a junior, he could not overstep his duties.

The key was that Wang shiqing was afraid that if she killed these people, the third elder would kill her father as well, so she could only wait for her father to appear before making any plans.

In any case, as long as these people were still in the Wang family, there would be plenty of opportunities to deal with them in the future. The two-faced little loli was not something to scare people with. At that time, she would make them wish they were dead!

The moment Wang shiqing made her decision, third elder had already left the Wang family and went to find the mysterious man in Black.

The mysterious man in Black had given him an address before. It was in a temple on the mountain.

He had originally thought that the temple fair the black-clothed Daren was staying at was extremely luxurious, but when he arrived at his destination, third elder discovered that this so-called temple was actually a dilapidated local temple.

"Lord Black clothes, where are you? I can't hold on much longer, please come out and save me. "

The third elder anxiously cried and complained. After a long time, a black mist appeared in the earth Temple.

Within the black mist was none other than the mysterious black-robed man's original body.

"What's going on? Didn't I tell you before that you're not allowed to disturb my cultivation unless there's a special situation? Why are you so flustered?"

The mysterious man in Black asked in a bad mood.

"Sir, that Lin Yi kid has come to house Wang. I'm not his match. He's too strong, terrifyingly strong. I had no choice but to come to you."

The third elder was scared by Lin Yi's methods, and even his face hurt at the mention of Lin Yi.

It was as if the big palm had landed on his face.

This was probably the extent of their fear!

"Lin Yi?!"

The mysterious man in Black Fell into deep thought. It'd been a long time since he heard from Lin Yi on Sky Class Island. He heard that Lin Yi went to the sub-Island, but he came back?

It'd been too long since she last saw Lin Yi, and she'd completely forgotten about him.

I really didn't expect this guy to come out and show off. It seems that if I don't teach him a lesson, he really won't take central seriously!

The mysterious man in Black knew that the third elder was no match for Lin Yi.

Lin Yi was strong, but it wasn't like he didn't have a weakness-he could just attack it.

"What's there to be afraid of? it's just Lin Yi, what's there to be afraid of? I'll take you to him to settle the score!"

The Man in Black laughed arrogantly and turned into a cloud of black mist, disappearing from the ruined temple with third elder.

Chapter 9310

On the other hand, with Lin Yi's power, she quickly suppressed the entire Wang family, and found the imprisoned direct descendant. She successfully became the temporary head of the Wang family.

Third elder's people were thrown into prison instead. They would be dealt with after third elder was completely dealt with.

With Lin Yi's support, no one in house Wang dared to mess with Wang shiqing, and with the support of those who were loyal to Wang dingtian, house Wang was back on track.

Even the fence-sitters were scared out of their wits by Lin Yi's slap-they were all as obedient as little rabbits, not daring to do anything.

"Big brother Lin Yi, how did you become so strong? although I knew that you would be able to break out of the formation, I always thought that you wouldn't be able to do it in a short time and would need more time to study it. I didn't think that I would still underestimate big brother Lin Yi in the end."

After everything settled down, Wang shiqing looked at Lin Yi with admiration, as if she was looking at her idol. Her eyes were full of stars.

She had confidence in Lin Yi, but his performance was completely beyond her expectations. Whether it was in terms of formations or martial arts, he was strong beyond imagination!

"I'm just average. I'm third in the world!"

Lin Yi joked.

"Lin Yi big brother, I'm not afraid of anything now that you're here. When father comes back, I'll tell him what happened to house Wang and let him see the ugly side of these people."

Wang shiqing was filled with anger. If it wasn't for Lin Yi big brother, she would have been locked up by her third Grandpa for the rest of her life.

"Xiao Qing, I actually need your help this time."

Lin Yi scratched his head awkwardly, feeling a little guilty.

If he didn't ask Wang shiqing for help, he wouldn't have known that something like this happened to the Wang family.

To put it bluntly, this was also a forest's fart, a stinky bird (coincidence)!

"Lin Yi bro, if there's anything you need me for, just tell me. As long as I can do it, I'll do my best."

Lin Yi nodded and gave the photo to her without hesitation.

He also told them about this matter.

Wang shiqing looked at the broken teleportation formation in the picture and frowned.

"Lin Yi bro, I've never seen this formation before, but don't worry, I'll definitely understand it."

Wang shiqing's face was filled with determination. She was quite interested in formations.

She didn't ask why Lin Yi needed her help when he was so skilled in arrays. As she said, as long as Lin Yi needed her help, she would do her best. There was no reason to explain.

Wang shiqing acted swiftly and went into seclusion with the photo, not even caring about house Wang who had just regained her power. Only Lin Yi was left outside to guard the place.

As for Wang dingtian's whereabouts, the Wang family would look for him, and Lin Yi didn't have any leads.

Lin Yi's spirit sense covered the entire Wang family, but he didn't find Wang dingtian.

It seemed like Wang dingtian wasn't locked up in house Wang-he was probably moved to another place by the third elder. Lin Yi knew when the old man left the house, but he didn't bother to bring him back.

He had only left a spiritual awareness imprint on him from a distance so that he could keep track of the third elder's whereabouts at any time. He would think about it when he had time later. He didn't expect that the spiritual awareness imprint would actually be isolated!

Lin Yi wasn't in a hurry. After all, with the third elder's personality, he'd come back sooner or later. It didn't matter if he had a spirit sense mark or not.

What's more, from what third elder said, it was central that was supporting him. It was probably central that had made a move behind the blocking of the spiritual awareness imprint.

In this case, it was certain that the third elder would come back. Without the help of central, how would that old man have the courage to come back and court death?

"Damn it, who dares to act so atrociously in the Wang family? get the hell out here!"

Just as Lin Yi was trying to figure out where Wang dingtian was, he heard a familiar roar from outside.

It was accompanied by the roar of an engine.

"What is this? Why is there such a sound?"

Lin Yi was confused. He activated his lightning escape and turned into a lightning bolt, appearing in front of the Wang family's Gate. He was surprised to see a high-tech tank parked in the open space.

As for the person in the chariot, he was really an old acquaintance! Lin Yi didn't expect it, but it made sense.

It was none other than Zhaoming, the old bastard, with the third elder in the passenger seat.

Wasn't this a F * cking joke?

"Everyone inside, listen up! The Wang family is supported by central. Whoever dares to ruin Central's plan, I'll blow you up!"

Kang Zhaoming shouted through the loudspeaker, looking extremely arrogant.

But when Lin Yi appeared in front of the war chariot, Zhaoming's fire went silent.

"Lin Yi, why are you here? What are you doing here?"

Kang Zhaoming looked at Lin Yi, dumbfounded. Lord Black clothes didn't say that Lin Yi would be here. Could it be that the person interfering with the central plan was Lin Yi? Isn't this not called a F * cking pockmark, but a trap?!

Lin Yi didn't expect to run into an old acquaintance like Kang Zhaoming, but since the guy was using Central's name, he had to pay attention to him.

"Kang Zhaoming, why didn't you take a nap? what are you showing off in this broken car for?" Is your skin itching again?"

"Lin, don't be so arrogant. I know you have a strong body, but my chariot is not picked up. Your body is useless under the bombardment of the chariot!"

Zhaoming calmed himself down-he couldn't lose face, no matter what. He couldn't lose his cool, or how was he going to survive in central?

This time, he had come to support the third elder, so he had to do it beautifully! It didn't matter if the opponent was Lin Yi or not, the bow had to be set properly!

"That's right, this kid is a piece of trash. Brother Kang, hurry up and do it!"

The third elder urged. The man was already half-buried, and yet he was calling Kang Zhaoming "Kang bro"? Lin Yi was speechless.

He didn't even want his face anymore!

Even if Zhaoming's position in central was much higher than the third elder's, he shouldn't have to kneel and lick the third elder's boots like this, right?

Kang Zhaoming nodded."Lin Yi, listen up. Kneel down and kowtow to me three times. If I'm in a good mood, I might let you live. Otherwise, you'll only die!"

"Knock your head! Since you're so awesome, then fire your cannon! I'd like to see what this broken car of yours can do!"

Lin Yi rolled his eyes. This idiot didn't have enough of getting beaten up. Who gave him the confidence to show off in front of him like this?
