

Bodyguard 9371

Chapter 9371

After that, it was Shen Yifan's last hit that made the Royal Hound and the others completely fall into a coma. From this, it could be judged that in terms of the attainment of the divine sense, this new roommate was at least quite powerful, even if he was not on par with him. There was not much difference between his physical strength and his level.

Shen Yifan shook his head repeatedly. "It's not the same. Old Lin, you relied on your own strength to crush him, while I relied on some unorthodox tricks. If I'm not wrong, old Lin, your primordial spirit realm should have already reached the great circle of heaven crushing, right?"

"Not bad."

Lin Yi admitted with a nod.

Shen Yifan couldn't help but click his tongue, "damn, you're really a monster!" In all my life, this is the first time I've seen someone at the same level as the primordial spirit realm. Old Lin, you're simply cheating. In the future, you'll be invincible against people of the same level. "

The advantage of a strong essence spirit wasn't limited to the spirit-it strengthened the overall strength in all aspects, just like how Lin Yi's clash of spirit consciousness gave him the advantage of being the first to attack.

Lin Yi didn't comment on that and asked, "What's so special about this Golden Buddha Jumps Over the Wall soup? Why do you value him so much?"

"Old Lin, you'll know once you take a bite."

Shen Yifan kept Lin Yi in suspense, and Lin Yi took a bite skeptically. He immediately felt his entire body being wrapped in a mysterious energy. Not only did his body feel better, but even his primordial spirit seemed to be awakened, showing signs of spontaneous growth for the first time.

With Lin Yi's sorcerer spirit sea, this small increase was like a drop of water falling into the sea, but it still couldn't deny that this was a real improvement!

"This thing can strengthen the primordial spirit?"

Lin Yi was shocked. It wasn't that essence spirit couldn't grow-other than breaking through to the next level, as long as you had the relevant techniques, you could do it through closed door training, but it would be very slow.

As for the fact that eating something could make the primordial spirit grow on its own, that was unheard of unless it was a legendary treasure that specialized in helping the primordial spirit grow.

Shen Yifan nodded excitedly, "that's right!" "Anything related to the primordial spirit is an item with a sky-high price. This Golden Buddha Jumps Over the Wall can be considered a special benefit of the Academy. It's said that due to the special requirements of the ingredients, it's rarely seen. Whether you can eat it depends not only on luck but also on whether your hands are fast enough. A lot of people are eyeing it."

"Yes, although the growth of my primordial spirit is very limited, this growth is at least real. The 50000 spiritual jades were not wasted."

Lin Yi commented.

Shen Yifan laughed. "It's not just a waste. It's a huge profit. You won't be able to buy any spiritual jades outside no matter how many you have. We're just taking advantage of the Academy's special imperial chef. Of course, if you spend some academic credits, it'll be even more profitable. It's only four academic credits."

Just as the two of them were eating and drinking, on the other side, the confused Wang Quan and the others were stopped by two people. The leader was actually the newly promoted President of the talisman making society, Jiang Ziheng, who was also an influential figure in the second year.

Seeing Jiang Ziheng's appearance, the usually unruly Hound King was obviously a little afraid and said in a deep voice, ""Is the great president Jiang here to add insult to injury? Hmph, I'm afraid you've got the wrong idea!"

Jiang Ziheng laughed when he heard this. "Hehe. Do you need to hit a person who has been defeated?"

Wang Quan immediately exploded in anger, but he did not know how to refute it for a moment, because the other party was telling the truth. He had really lost, and the key was that he had lost clearly. He could not even find a reason to deny it.

At this moment, a middle-aged man who was obviously not a student of the school walked out from behind Jiang Ziheng. He was the left and right advisor of the Prince of Nanjiang.

"Little brother, don't be impatient. We're actually looking for you to help you. Why don't you listen carefully before you get angry?"

The advisor said with a smile.

The Royal Hound was startled. The dangerous aura he felt from this person was even greater than that of Jiang Ziheng. He could only take a step back and say, ""If you have something to say, then say it."

The advisor did not take it to heart. He exchanged a glance with Jiang Ziheng and said, "That new student who made you lose just now is called Lin Yi. We don't like him either, so why don't we team up and fight him?"

"Join forces? Even you guys are no match for him?"

The Royal Hound frowned upon hearing this.

The advisor laughed. "That's not necessarily the case. It's just that our young master Jiang has a bright future ahead of him. How can he attack a new student for no reason?" As a problem student, you don't have to worry about that, do you?"

The Royal Hound sneered. "An outstanding student with a positive outlook naturally can't dirty his own hands. That's why he's looking for problematic students like me to be his black gloves. If there's a problem, the few of us will be the ready-made scapegoats. Is that what you mean?"

The advisor was about to change the subject, but Jiang Ziheng unexpectedly nodded directly. "Your understanding is very good."

"President Jiang, do you think I'm an idiot?"

The king Hound suddenly laughed. He had always been brooding over his previous defeat at the hands of Jiang Ziheng. There was enmity between the two of them.

For a time, they were in a state of mutual hostility.

Jiang Ziheng said calmly, "As long as you take care of Lin Yi, I'll give you a spot in my team during the end-of-year test."

"It's a deal!"

The Royal dog decisively repeated the law of true fragrance.

The end-of-year trial was a hurdle placed before every Jianghai university student. Crossing it would be a win-win situation, and there would be all sorts of unimaginable rewards. If one failed to cross it, they would be suspended, or even expelled.

With the king Hound's strength, although it would not be so difficult, his popularity was not enough to form a team with any powerful people. This meant that he would not be able to get a top ranking, and naturally, he would not have the chance to get the various rewards.

On the other hand, on Jiang Ziheng's side, the trial team formed by his appeal was bound to be the top of the grade. As long as he joined, it meant that a large number of rewards could be easily obtained. Who could resist such a temptation?

"Everyone, don't worry. Young master Jiang won't let you work for nothing."

The advisor smiled as he handed over a bunch of high grade talismans.

Wang Gou and the others couldn't help but swallow their saliva collectively. There were actually several profound-grade talismans in this handful!

"As expected of the president of the talisman making society. He's rich and generous. I'm convinced."

Wang Quan was overjoyed. A problematic student like him, who was not well-liked by the Academy, lacked high-end resources the most. With a profound-grade talisman in hand, his actual combat ability would be raised by at least one level!

Jiang Ziheng said condescendingly, "These things are treasures to you, but they are trash to me. As long as you work for me, I can get as many higher grade talismans as I want. However, it all depends on whether you have the strength to be my black glove."

The king Hound subconsciously wanted to retort, but for the sake of the profound grade talisman, he held back and said in a deep voice, ""Then you just wait and see."

Watching the Royal Hound and the others leave, Jiang Ziheng suddenly said, ""Grand Master, do you really think those guys are reliable?"

Chapter 9372

"Make the best use of everything. Even a dog has its own use, right? So what if it's just a few profound grade talismans? It's just a piece of meat. Even if we don't succeed, we won't lose much. "

The Grand Master smiled faintly, "besides, if they really fail, we have a follow-up plan. Anyway, once we cast this net, Lin Yi will die for sure. Otherwise, I'd have come here for nothing."

At the entrance of the female dormitory.

Tang Yin looked left and right carefully, and let out a breath of relief when she saw that Lin Yi wasn't standing guard outside. She started walking around the campus with Wang shiqing, her body relaxed.

In less than two minutes, she realized that Lin Yi was already waiting at the intersection ahead.

"Is this guy a fortune-teller? Why are you haunting us?"

Tang Yin rolled her eyes at the waving Lin Yi, completely oblivious to Wang shiqing's snickering behind her back. She'd be a miracle if she could get rid of Lin Yi with a little mole following her around all day.

That being said, she couldn't do anything if Lin Yi wanted to follow her. Other than warning him not to get within ten meters of her, she could only pinch her nose and agree.

Soon, another guy who made Tang Yun curse in her heart followed. It was the cheap senior Jiang Ziheng who thought he was close to the family.

Tang Yin's attitude was neutral, but Lin Yi still frowned at the sight of Jiang Ziheng's sudden appearance.

This senior had obviously put in a lot of effort into Tang Yin, and it wasn't just because he liked her-there had to be something more important going on!

Lin Yi wasn't too worried about Tang Yin's change of heart, but if Jiang Ziheng kept getting rebuffed by her, he might just go off the rails.

This was a hidden danger that he had to pay attention to.

Jiang Ziheng glanced at Lin Yi discreetly and suggested with a smile, "Tang Yin, our school opened a girls' supermarket for you girls, and there's a lot of stuff there that's designed for female practitioners. They're both practical and pretty, do you want to go and take a look?"

"Alright."

Tang Yun's eyes brightened, and even Wang Shiqing was excited. Shopping was a woman's nature, especially in the cultivation world where women's products were rare. They couldn't resist such temptation.

Since the two were going, Lin Yi naturally had to follow.

But when they reached the girls' supermarket, Lin Yi felt awkward-the boys weren't letting him in.

It wasn't strange at all, but the problem was that Lin Yi was stopped, and Jiang Ziheng just went in like that.

"If my big brother Lin Yi can't go in, why can he? Isn't he a man?"

Wang Shiqing jumped out to defend Lin Yi.

Jiang Ziheng laughed. "Little girl, of course I'm a man. But the rule here is that male guests are not allowed to enter, and I can't be considered a guest. After all, I still hold ten percent of the shares of this supermarket, so I can be considered the boss."

The waiters at the door nodded in agreement.

Wang shiqing didn't know what to say and looked at Lin Yi helplessly. Lin Yi didn't say anything, only giving her a comforting look.

Although he suspected that Jiang Ziheng had ill intentions, he shouldn't risk universal condemnation by directly doing something to Tang Yun in a public place like the supermarket. Otherwise, it would be equivalent to publicly attacking the talisman aristocratic family, the Wang family. Even the Nanjiang King behind him probably wouldn't have the guts to do that, let alone Jiang Ziheng.

"Then I'll have to trouble you to wait outside, Lin Yi bro. Don't worry, I'll take good care of Tang Yin."

Jiang Ziheng glanced at Lin Yi, a little pleased with himself, before following Tang Yin into the girls 'supermarket.

Lin Yi wouldn't overreact to this kind of provocation, naturally. Although he was forced to stay outside the door, his powerful spirit sense could still go in and see Tang Yun's whereabouts.

Everything was normal.

After waiting for half an hour, Tang Yun and Wang shiqing suddenly stopped breathing-they'd evaporated into thin air!

Lin Yi was shocked and wanted to force his way in, but he was stopped by two senior students who were also part-timers.

"You're looking for death! Don't you understand the signboard? If you dare to take a step in, we can kill you without mercy. Think carefully!"

The two senior guards said unkindly.

Lin Yi could tell that these two weren't simple-not just in terms of strength, but also the decisiveness they exuded. They weren't ordinary people if they were to fight.

In order to prevent the situation from getting out of hand, Lin Yi had to be patient, "Two of my companions have gone missing inside. This is a serious matter, so I hope you two can be flexible."

In the end, the other party scoffed and said, "nonsense!" This is a women's supermarket, so of course there's a private area inside that blocks divine sense. Otherwise, if someone were to try on clothes inside, wouldn't they be peeked at by you guys?"

Lin Yi blinked. It did make sense, so he put it aside for now.

However, another half an hour passed, and Tang Yun and Wang shiqing still didn't show up. Trying on clothes for half an hour?

Was such a thing possible?

Alright, it seemed quite possible.

However, the two of them had been staying in the blocked secret area the whole time and had not taken half a step out from the beginning to the end. This was still a little strange.

Lin Yi decided not to waste any more time-he wasn't going to force his way in, of course. It'd be one thing if something really happened to the two, but he'd be expelled if it turned out to be a misunderstanding.

But that didn't mean he couldn't do anything. The area where Tang Yun and Lin Yi disappeared was near the back door. Since he couldn't get anything from the front door, he might as well try his luck at the back door.

If it didn't work out, he could even consider sneaking in to take a look. After all, Lin Yi had the plant element, and he was an expert at hiding his presence.

As expected, the security at the back door was much laxer compared to the front. After failing to detect Tang Yin and Lin Yi's presence, Lin Yi decided to take action.

However, just as he took half a step into the back door, an alarm suddenly rang out!

In the next second, Lin Yi was surrounded by four familiar figures. It was the Royal Hound and the rest that he and Shen Yifan had thrown into the garbage dump!

"Sneak into the girls' supermarket? Hehe, boy, you're quite cunning. This time, we caught you in the act. According to the rules, even if you're beaten to death, it won't be considered an offense!"

The king Hound grinned menacingly at Lin Yi, and the other three looked pleased as well.

Lin Yi's eyelids twitched as he understood everything. "This is a trap set up by you and Jiang Ziheng?"

The king Hound was obviously stunned for a moment, and his expression immediately became a little ugly. Jiang Ziheng had made it clear to him before that their relationship must not be exposed to outsiders.

After all, what Jiang Ziheng needed was a black glove who could do the dirty work for him, not just a mere thug.

Chapter 9373

"Kid, you're pretty smart. But haven't you heard that the smarter a person is, the faster he will die?"

The Royal Hound was immediately filled with killing intent. His cooperation with Jiang Ziheng could not be exposed to outsiders, but if a dead man knew, it would not be a big deal.

"Last question," Lin Yi replied with a deep voice, "you guys are after me, right?"

"You're on the verge of death and you still talk so much nonsense!"

The Royal Hound snorted coldly and immediately attacked at the same time with the other three people. All of their attacks were killing moves!

"Oh, really? That's good to hear. "

Lin Yi smiled at the reaction-it was exactly what he wanted. Since their targets weren't Tang Yun and Wang Shiqing, he was relieved. At least it meant that Tang Yun and Wang Shiqing weren't in any danger.

After saying that, he started with a spiritual sense shock of the highest intensity!

This was because most of the practitioners here were in the primordial spirit realm, and it was already proven that Lin Yi's spirit sense vibration and spirit sense collision were more useful than ever before. It was a true trump card.

However, this time, the trick that had worked every time actually lost its effect.

A divine sense shook down, but Wang Gou and the other three were actually unscathed. Instead, they had mocking expressions on their faces,""Idiot! Did you really think that I would fall into the same ditch?"

As they spoke, their killing moves landed on Lin Yi's body.

Fortunately, Lin Yi activated his super limit butterfly micro steps at the last moment and barely escaped the attack. Even so, he couldn't help but feel his blood boil from the Four's combined attack.

I was too careless. I was too relaxed the last time, which led to me underestimating these four guys!

It was no wonder that Jianghai Academy was a gathering place for monsters. Even the second-year students were far more fearsome than their peers.

"A protective talisman?"

It was only now that Lin Yi realized that the four of them had a talisman on the back of their necks-it was the protection talisman Wang shiqing had mentioned to him.

This was a real profound level first grade talisman. It was said that it could perfectly defend against any attack against the primordial spirit, provided that the damage did not exceed the upper limit of what it could withstand.

Lin Yi's spirit sense was a dimension-lowering attack on these people, but it didn't exceed the limit of the array!

"Damn, you're good at hiding!"

The king Hound didn't expect Lin Yi's speed to be this fast, either-the supposedly sure-win situation was all for nothing.

However, he was only slightly surprised. Immediately after, he and the other three people slapped another profound grade array talisman at the same time, a barrier array talisman.

As the name suggested, the greatest effect of the talisman was to create an invisible barrier out of thin air. Four people with four barriers, just enough to form a barrier cage with no gaps!

This time, Lin Yi didn't have any space to Dodge.

Although the Super limit butterfly micro-step was not completely useless in a narrow space, its effect was bound to be greatly reduced. It was almost impossible to avoid the joint killing move of the four people like just now.

"Brat, didn't you run away quite quickly? Run again? Maybe you can make a hole in it?"

The king Hound and the other three approached again.

"Sure, I'll try." Lin Yi nodded.

The four laughed so hard they couldn't catch their breath. They all looked at Lin Yi as if he was retarded. "I thought you were a smart person when I saw you playing dirty with us. A first-year rookie who had just entered the great circle of heaven crushing really wanted to break through the barrier of the mystic class? Do you know what the words "Mystic rank barrier" mean?"

"I couldn't even leave a mark with my full-power attack, and you think you can?"

It wasn't that the king Hound was exaggerating, but it was the truth. The barrier seemed to have no technical content at first glance, but in reality, the more simple it looked, the more complicated it was, especially after the word "Mystic" was added.

With the mentality of watching a monkey show, the four didn't rush to make a move, but extended their hands and made a gesture of "please," giving Lin Yi a chance to act dumb.

Then, Lin Yi kicked out, and the mystic class barrier collapsed.

In the blink of an eye, the cage formed by the four profound grade barriers shattered on the spot, giving people the feeling that the entire space had collapsed.

"You ... You ... What demonic technique are you using?"

Wang Quan and the others stuttered as if they had seen a ghost. They subconsciously took five steps back when Lin Yi turned around, afraid that he would kick them.

Even the profound grade barrier had been shattered to such a state. If he really kicked them, just thinking about it would make them shudder.

Lin Yi tilted his head and smiled, "if I said this wasn't even as thick as the ones I made, would you guys think I'm being too cocky?"

Wang Quan and the other three looked at each other, and then they all sneered, "You're indeed pretentious. I hate pretentious people like you who don't know the immensity of heaven and earth just because of your little tricks. If I'm not wrong, you just used a spell-destroying talisman, right?"

In theory, the Dharma-annihilating array talisman could do what he had just done. As long as there was no absolute difference in grade, the Dharma-annihilating array talisman could break almost all array talismans.

Lin Yi shrugged, "I knew it would be like this. It doesn't matter."

What he didn't know was that he was speaking the truth. He had indeed made a few barrier talismans before, and they were all Mystic second grade, perfect quality.

Formations and talismans were two sides of the same coin. With Lin Yi's skills in formations, breaking a barrier he made himself was a piece of cake-he could do it with a single kick.

"F * ck, stop him!"

The king Hound reacted and ordered-without the mystic class cage, there was nothing they could do if Lin Yi wanted to run with the speed he'd just displayed.

If Lin Yi really got away today, they'd be in big trouble-not just the school, but even Jiang Ziheng!

Lin Yi didn't even look like he was going to run away. "Why are you stopping me? I'm not running. "

"You're not running?"

The Royal Hound was stunned, and then it could not help but show a strange expression. ""Brat, you don't think that you can still survive in our hands, do you? I admit that your primordial spirit has some skill, but it's a pity that it's child's play in front of the God-protecting array talisman. Without this skill, you're just trash in my eyes!"

After saying that, he immediately signaled the other three to attack together.

The person closest to Lin Yi, however, shuddered for some reason, and the protection talisman on the back of his neck exploded. He was bleeding on the spot, and Lin Yi gave him a kick as well, sending him flying dozens of meters away.

This was not the end. Immediately after, the other two's protective talismans also exploded one after another, following in that fellow's footsteps.

In the blink of an eye, the four of them had surrounded Wang Quan, leaving him alone.

Chapter 9374

The Royal Hound was completely dumbfounded and muttered, ""That's impossible! Don't tell me that bastard only gave me low-quality talismans?"

He couldn't think of a second explanation for the sudden explosion of the God-protecting array talisman, other than that it was of poor quality.

After taking care of the three extras, Lin Yi spoke up in a fair tone, "Then you're wrong. Although the quality of these God-protecting array talismans isn't that great, they're still of average quality. It can't be said to be of low quality."

"Then why would it self-destruct?"

The king Hound blurted out in shock.

"Why don't you experience it for yourself?" Lin Yi's lips curled up.

With that, an unprecedented powerful spiritual sense almost materialized into a sharp arrow, instantly penetrating the theoretically unbreakable defense of the God-protecting array talisman and stabbing straight into the depths of the king Hound's sea of consciousness, causing it to fall into a daze.

At the same time, the protective talisman exploded on the spot, and just like the previous three, the back of the Royal dog's neck was blown into a bloody mess.

Lin Yi was about to follow up with another kick, but unlike the other three, the heavily injured and unconscious Wang Quan reacted instantly, tilting his head to avoid the thunderous kick.

"Amazing, amazing! He actually broke through the defensive limit of the God-protection talisman. This is the first time I've seen such a monster!"

As the king dog spoke, he moved his bloodied neck. Strangely, his head, accompanied by true energy, madly gathered into the head of a ferocious dog.

It wasn't a simple manifestation of true energy, but a substantial change in form. At this moment, as his name suggested, he had become a half-orc with a dog head and a human body!

More importantly, two more heads that looked exactly the same grew out from the sides of its neck. It was the three-headed Hellhound!

"This is the first time I've seen a monster like you," Lin Yi said, his eyes twitching.

If it wasn't for the fact that he could clearly feel the human aura in its body, he would have thought that it was a darkness magical beast in human form. In fact, that ferocious and violent aura was even more powerful than the darkness magical beasts he had seen before!

"Kid, it's not too late for you to choose to escape now. I'm not that rational in this state, I'll eat people."

The three heads of the Royal Hound let out a cry at the same time, and their hot saliva dripped onto the ground, melting it. This was mixed with the breathing of the fierce beasts, which made people's scalps numb.

Lin Yi looked serious for the first time, "Eating humans is an illness. I have to help you treat it."

"You don't know what's good for you!"

The light of reason in the king Hound's six eyes gradually faded, replaced by an extremely crazy beast. In the next second, it roared and pounced at Lin Yi.

The speed was extremely fast!

Lin Yi only saw an afterimage flash in front of him, and hot saliva dripped from his head. The three Dog heads bit at him from three different angles at the same time, and he couldn't Dodge in time.

"Jianghai Academy is indeed a place of hidden talents."

Lin Yi sighed faintly. He didn't try to Dodge, but the demonic sword appeared in his hand. He flipped his hand and cut off a huge dog's head.

The three-headed dog immediately turned into a two-headed dog.

The beast dog howled in pain, but it didn't back down. Instead, it became even fiercer and continued to bite down, biting Lin Yi's head and shoulder.

Then, Lin Yi's entire body was torn into pieces.

"Lin Yi big bro!"

At this moment, Wang shiqing came out from the back door of the supermarket. She was so angry that she almost fainted.

Tang Yun, who was with Wang shiqing, was also shocked. For some reason, she felt as if her heart had been hit by a heavy hammer. Her mind went blank, and her performance was even worse than Wang shiqing's.

Jiang Ziheng, who was watching Tang Yun's expression change, felt a burst of killing intent. He then looked at Lin Yi's broken body and felt great pleasure. He gave the Royal Hound a thumbs up. Good kill!

Judging from Tang Yun's behavior, no matter how much she hated Lin Yi now, as long as Lin Yi didn't die, he would still be a big problem that Jiang Ziheng couldn't underestimate!

Just when everyone thought that Lin Yi was dead for sure, the demonic sword suddenly sliced through the Hound King's back, taking away another ferocious dog head.

At the same time, a relaxed Lin Yi appeared in front of everyone, his broken body disappearing without a trace.

"You didn't die?"

Even Jiang Ziheng couldn't help but blurt out in shock. Just now, in order to make sure, he had not only used his naked eye to see, but also used his divine sense, but he had not found anything else.

One had to know that as the President of the Society, his spirit wasn't weak. Even if it wasn't as strong as Lin Yi's, it was still at the peak of the heaven breaking stage!

Lin Yi glanced at him nonchalantly, "It's just a little smokescreen. I'm sorry to have made everyone laugh."
"

Jiang Ziheng choked and could not say anything.

Was this a F * cking little smokescreen? Then if you're serious, won't I be played to death by you in minutes?

Come to think of it, the whole situation was a mess, but to Lin Yi, it really was just a little trick.

[Wood forest thousand transformations] created a clone and used the plant element to hide his aura. That was all.

It was more convenient to use the Yun Long trio, but the Mad Dog seemed to have lost his mind, so Lin Yi used his clones to tease him. He didn't expect the three to see it.

Jiang Ziheng was shocked, but Wang shiqing was overjoyed. She didn't care about the bloody King Hound and jumped onto Lin Yi, ""I knew that Lin Yi bro would be fine!"

"Then why did you have such a big reaction just now?"

Lin Yi rolled his eyes and turned to Tang Yin, who was still standing there. The happiness on her face disappeared for a second before turning into a look of disgust.

It was just that compared to the original, there seemed to be a trace of inexplicable complexity.

"Senior Jiang, what did you mean when you said he didn't die?"

Tang Yun suddenly asked Jiang Ziheng. Although she didn't question him directly, it was obvious from her tone that she was suspicious. A woman's intuition had always been accurate, not to mention that she was an extremely sensitive girl.

Jiang Ziheng's heart skipped a beat, but he quickly pretended to be calm and said, "It's nothing. I thought you were in trouble, but it was just a false alarm. Brother Lin's methods are indeed extraordinary. You're worthy of being Tang Yun's bodyguard, you're amazing!"

Tang Yin looked at him and nodded, "It's alright,"

At this time, the two-headed King dog was already heavily injured. It could still stand, but the two huge wounds on its neck were already bleeding profusely. Its violent and terrifying aura was rapidly weakening, clearly losing the ability to fight back.

As long as Lin Yi wanted to, he could easily kill the king dog with one more sword!

Chapter 9375

But it didn't seem necessary at the moment. If they were outside, Lin Yi wouldn't even bat an eye if he killed the dogs, but this was the school. He had to be careful.

However, at this moment, The Dog King that was about to fall suddenly went berserk again. It turned its head and bit Wang shiqing who was close to it.

The little girl had never seen such a scene before, and she immediately screamed in fear.

At the critical moment, Lin Yi used his strongest spirit sense to knock the berserk King Hound unconscious for a while more before Lin Yi sent it flying with a clean kick.

The Royal Hound could no longer maintain its half-orc form. After being forced to return to its original form, it fell to the ground and fainted.

At the same time, Lin Yi gave Jiang Ziheng a meaningful look. The moment the Royal dog went berserk, there was an extremely weak and abnormal fluctuation in the direction where the guy was.

He wasn't a hundred percent sure, but he was at least ninety percent sure that Jiang Ziheng had something to do with what happened!

In fact, Jiang Ziheng was disappointed as well-not because the Royal dog didn't bite Lin Yi to death, but because Lin Yi chose to hold back and didn't kill this crazy idiot with one strike!

The king dog was just a move he used to deal with Lin Yi-if he couldn't do it first, he could always come back later. In fact, as long as Lin Yi killed the king dog, no matter what situation or method he used to kill him, his plan would be foolproof.

Unfortunately, Lin Yi stopped at the last moment.

But even so, the arrow had to be fired. If Lin Yi didn't act so perversely just now, Jiang Ziheng might have chosen to play it safe, but now that he felt an unprecedented threat from Lin Yi, how could he play it safe?

Just as Lin Yi thought that the whole thing was over, two seniors wearing the Disciplinary Committee armband appeared in front of him.

"The few of them ... Were you the one who did it?"

The Disciplinary Committee member looked at the four unconscious men and pointed his finger at Lin Yi, "Come with us,"

"I was just defending myself," Lin Yi frowned.

However, the other party looked at him with contempt. "We will judge whether it is legitimate self-defense or not. It is not up to you. Let's go."

As he spoke, he was about to attack Lin Yi. Jiang Ziheng sneered at this scene-he wanted to see if Lin Yi had the guts to attack a master from the Disciplinary Committee!

If he didn't make a move, he could only obediently wait to be captured, and there would definitely be no good outcome.

And if they couldn't help but choose to take action, it would be even more fun. Taking action against the Discipline Committee and the Royal Hound were two different concepts. The latter was just a dispute between students. As for the former, it was a serious matter.

The Disciplinary Committee has the authority to monitor the entire school and is an out-and-out official organization. Going against the Disciplinary Committee would be the same as going against the entire Jianghai Academy, and the consequences would be unimaginable!

"My big brother Lin Yi was just defending himself, but can't he just defend himself? must he be bitten to death by the dog-headed monster?"

Wang shiqing shouted as she blocked Lin Yi's path, a stack of high grade talismans in her hand, ready to fight Lin Yi at any moment.

The two from the Disciplinary Committee didn't even look at her and reached out to push her away. "You're just a servant girl, not even an official student. Who gave you the courage to shout in front of us?"

However, Lin Yi stopped him before he could touch her. "Are the two of you really from the Disciplinary Committee? It's not good to ruin the image of the Disciplinary Committee so publicly, right?"

"don't be so glib with your words. obstructing law enforcement should be punished!"

lin yi didn't expect the two from the disciplinary committee to be this tough-they exploded with pure qi, ready to attack.

lin yi didn't know what to do, but tang yin stepped out. "he's my bodyguard, and you want to arrest him without distinguishing between right and wrong. isn't it better to arrest me, his employer, as well? what if i'm the mastermind behind this?"

"this ..."

the two members of the disciplinary committee couldn't help but glance at jiang ziheng, who was pretending to be an outsider.

lin yi was just a bodyguard, and they could just find a random reason to arrest him, but tang yun was the miss of the wang family, a formation noble house. she wasn't someone they could just do anything to.

After all, Wang Bancheng's reputation was not just for show. Every power in Jianghai city, from top to bottom, had close ties with the Wang family, including the transcendental Jianghai Academy.

Even if there was something wrong with Tang Yun, the Disciplinary Committee would think twice before making a move on her, let alone in a situation where everyone knew about it.

Many of the higher-ups in the Disciplinary Committee were inextricably linked to the Wang family. It was not a big deal for them to move a bodyguard or servant without permission, but if they were to bring

the young lady of the Wang family back for interrogation under unreasonable circumstances, the Disciplinary Committee would explode in a rage!

Jiang Ziheng had no choice but to stand up and say, "Seniors of the Disciplinary Committee, if there is no solid evidence, it doesn't seem right to detain him without saying anything, right?"

It seemed like he was protecting Lin Yi, but it was actually a reminder to the two.

The two from the Disciplinary Committee immediately reacted and snorted, "Okay, there's a surveillance camera here. We'll know once we take a look."

Naturally, Lin Yi and Tang Yin couldn't object to this.

Soon, the surveillance footage of the back door was taken out. The image had not been tampered with, and everything that had happened was clearly recorded.

Tang Yin said, "it's clear now. The four of them attacked Lin Yi first. Lin Yi was forced to defend himself, and he controlled himself the whole time. He didn't do anything too extreme. At least he didn't endanger their lives."

Lin Yi smiled-Tang Yin was still the same when it came to critical moments.

"What are you laughing at? I'm not trying to protect you, I'm just telling the truth, don't think too much."
"

Tang Yin hmped, but for some reason, her face was a little red.

Jiang Ziheng was burning with jealousy. He coughed lightly and said, ""Brother Lin, what are you doing here? The boys aren't allowed here. "

"It's nothing," Lin Yi replied faintly, "I'm just here to see if Tang Yin and the others are out yet."

"Nonsense! You already have one foot in the forbidden line. Do you really need to go in to see someone?"

The two from the Disciplinary Committee immediately judged. "With your behavior, we have enough reason to suspect that you have ill intentions. To put it bluntly, you just want to take advantage of the lax security at the back door to sneak in and do some shady things, right?"

"He's just half a step in, guys," Tang Yin said with a frown. "What's wrong with him?" Do you guys from the Disciplinary Committee always rely on groundless charges to close cases?"

Chapter 9376

"miss wang, it's a lie to say that he had bad intentions, but it's not a lie that he attacked the supermarket's guards, right?"

the two people from the disciplinary committee said in a deep voice.

wang shiqing snorted, "what supermarket guards?" are you trying to say that the dog-headed people are the supermarket guards? can you guys stop making me laugh?"

"Well, the four of them are really supermarket guards. They were newly hired this week."

Jiang Ziheng rubbed his nose, pretending to be embarrassed.

Tang Yin and Lin Yi looked at each other, their hearts sinking. They were in trouble now.

If Wang Gou and the others were just normal passers-by, Lin Yi would be perfectly justified in self-defense, but if they were supermarket guards on duty, then it was a big deal.

In an instant, Lin Yi's situation became extremely passive.

"What's wrong? You're still not convinced? Then don't blame us for using force. You failed to sneak into the girls "supermarket with ill intentions, and after you were discovered and stopped, you seriously injured the guards. This is not a light crime."

The Feng Disciplinary committee's two men locked onto Lin Yi's surroundings, one on the left and one on the right. If Lin Yi moved, they would immediately attack with full force, not holding back at all!

Tang Yun was at her wit's end now. Her identity as the young lady of the Wang family was just a Halo without any Foundation. She didn't have the resources to support it.

Jiang Ziheng said faintly, "since things have come to this, it's better for brother Lin to follow us. Although the Disciplinary Committee is tough, at least they follow the rules. If you really have a clear conscience, there won't be any major problems even if you go in. It's hard to say if you don 't."

He'd hoped that Lin Yi would resist on the spot, but that'd only put Tang Yin in danger. It wasn't in his interest, so he'd rather follow the plan.

Tang Yin hesitated, feeling that something wasn't quite right, but it was the only temporary solution.

"Then you go with them first. I'll call my mother now and ask my family to think of a way."

"Alright, I'll leave little Qing in your care." Lin Yi nodded.

The two from the Disciplinary Committee smiled at each other and quickly escorted Lin Yi to a branch of the Disciplinary Committee like a prisoner.

With that, Lin Yi was locked in the dark room.

According to the usual procedure of the Disciplinary Committee, the next trial should be taken over by a Special Trial staff, and it had nothing to do with the two inspectors who were responsible for patrolling outside.

But Lin Yi didn't see the person who took over the trial, not even a shadow.

When he saw the two of them reappearing in front of him with sinister smiles on their faces, even a fool would know that the matter was not that simple.

"The Disciplinary Committee has such a great reputation, but now it seems that it's difficult to live up to it."

The moment Lin Yi saw the two appear, he understood everything. Wang Gou and the others were just a test set up by Jiang Ziheng, and the two in front of him were the real killer.

"How dare you slander my Discipline Committee in this place? Do you know how to spell the word "death"?"

The two of them looked at each other and sneered.

Lin Yi's lips twitched. "Since you're working for someone, there's no need to put on an act here. What's your name?"

The two of them laughed, "hehe, you still want to test us?" Fine, since you're going to die soon, it doesn't matter if I tell you. I'll let you die knowing the truth. Listen, I'm Qin Long, and he's yang Hu. Don't give the wrong name when you're pleading for justice for the King of Hell. "

"You guys really think you've got me?" Lin Yi asked, surprised.

"Be more confident. Once you're gone, we'll definitely beat you."

"Haha!" Qin Long laughed out loud, "it looks like you haven't accepted your fate. Do you really think that lady can get you out with the Wang family's power?" It's been a long time since we've seen such a naïve fool like you. "

"Can't you?" Lin Yi asked back.

Yang Hu looked at him as if he was an idiot. "The Wang clan's power is indeed terrifying. If they were really mobilized, it wouldn't be difficult to fish out anyone. However, do you think we would be so stupid as to leave such a huge flaw?"

"Do you know why we didn't bring you back to the headquarters, but to this branch that's about to be abandoned? If the higher-ups who are close to the Wang family don't even know where you're locked up, do you think they can get you out?"

The two of them clearly felt that everything was under their control and were completely unscrupulous.

Lin Yi looked at the two, confused. "Aren't you afraid of being exposed and being punished?"

Qin Long sneered, "settle the score after autumn?" Just for you? Brat, you're just a mere servant. Do you really think the Wang clan would go to such great lengths for you? Don't you think too highly of yourself?"

Yang Hu added, "I'll make it clear. According to past experience, people like you only know how to put on a show at the beginning. In less than three days, no one will pay attention to you. Who the hell would waste their energy on a small character like you?"

"I understand. It seems that this is not the first time you two have done this. You're very experienced. I'm relieved."

As Lin Yi spoke, he released the shackles on his hands.

Qin Long and Yang Hu were dumbfounded.

These were no ordinary shackles. They were specially made by the weapon forging society for the Disciplinary Committee. They were fused with an extremely profound miniature formation that could seal the flow of true Qi in the target's body.

Once a cultivator's true energy could not flow, no matter how strong he was, it would be useless.

But it didn't seem to work on Lin Yi at all-it was like a normal chain, just blowing on it-what the hell was this?

What they didn't know was that Lin Yi didn't need to rely on pure energy to make a living anymore. When it came to formations, there weren't many difficulties. There were many things that he could do easily without the use of pure energy, and the effects were even better!

Lin Yi moved his arms and legs as if nothing had happened. He looked at the two dumbfounded people and smiled, "Since the two of you are so experienced, I believe that the outside world has no way of knowing what happened here?"

"W-what do you want to do?"

After all, Qin Long and his companion were not ordinary minions. They immediately regained their composure after a brief moment of panic. "Hehe, little brat, don't think that you can do anything just because you've unlocked your shackles. Not to mention that you're not the opponent of either of us, just the array here is enough to make you die without a burial ground!"

"A formation? Don't you know that I'm a formation breaking Grandmaster?"

Without any warning, Lin Yi lifted his leg and kicked to the side, followed by the sound of space shattering. The dozens of complicated formations around them all collapsed in an instant, shattering to the ground!

The eyes of Qin Long and the other man were about to pop out. In a daze, they could not help but wonder if they were hallucinating.

This was the masterpiece of a proper array Grandmaster. Even the top masters in the Disciplinary Committee would have to suffer a lot before they could escape.

How did it fall into this guy's hands like it was made of paper?

Chapter 9377

"You two, I'm actually a very open person. If you have any constructive suggestions, why don't you bring them up and we can discuss it together? we don't have to fight to the death. Really, I'm not a pugnacious person."

Lin Yi suggested seriously.

Qin Long and his companion clearly hesitated for a moment. They were truly stunned by this beast-like performance. However, their hesitation soon turned into a sharp killing intent.

"Then I'm very sorry, we brothers just happen to be very competitive and bloodthirsty, so I can only trouble you to accommodate us!"

Qin Long and his companion immediately unleashed their true energy at full force.

It wasn't that they didn't want to stop, but now that things had come to this, there was no room for them to stop. If they retreated at this time, Jiang Ziheng behind them would definitely make them die without a burial place!

The two each took out a Mystic-tier talisman-one was a water talisman and the other was a lightning talisman. The water and lightning merged into a water dragon with blinding lightning as it pounced at Lin Yi.

"Heh, that Jiang Ziheng sure spent a lot of money."

Lin Yi didn't take it head on-he'd personally experienced the power of a profound grade talisman, after all, and he'd probably be at a disadvantage if he took it head on with his current strength.

Using the Super butterfly micro steps, Lin Yi turned into a ghost, his body flickering in and out of sight.

Even though the space in this branch was not big, he was still able to Dodge and move around, making the huge lightning water dragon run around in circles.

In the end, not only did he not suffer any damage, he was even drawn back to Qin Long and the other man's side, scaring the both of them to the point that their souls almost left their bodies. If they were really struck by this thing, even if they were lucky enough not to die, they would at least lose a layer of skin!

Fortunately, even a profound-grade talisman could only gather a limited amount of heaven and earth's spiritual Qi, and the lightning and water dragon finally fell apart at the last moment, allowing the two to narrowly escape a disaster.

Even so, the two of them were still frightened.

"Damn, this kid is really tough. We might not be able to take him down with just the two of us. If we really can't, let's retreat first. Do you want to discuss with President Jiang about getting more support?"

Qin Long secretly sent Yang Hu a divine awareness voice transmission.

"But Jiang Ziheng isn't that easy to talk to, is he?" Yang Hu hesitated.

"Hmph, he's not our boss. He underestimated this kid's strength this time. The root of the problem is him, so how can he blame us? Besides, this kind of thing can't be exposed, so I don't think he would dare to make a big deal out of it!"

Qin Long pointed at the calm Lin Yi, "You still can't tell? We've clearly kicked an iron plate this time. If we really continue, we might even die in the hands of this kid today. Are you willing to die Here like a coward?"

Yang Hu gritted his teeth. "F * ck! If I knew this would happen, I wouldn't have chosen this lousy place. If it were the headquarters, a group of experts would have come to suppress him in minutes!"

However, these words of anger also meant that if this was really the headquarters, then it would not be up to the two of them.

The two decided to work together and escape after fending off one of Lin Yi's attacks.

This time, it was Lin Yi's turn to be in a difficult position. With his personality, since the other party was obviously trying to kill him, he would naturally destroy it.

However, the problem was that he had just entered the school and was not clear about the depths of the Discipline Committee. If he killed these two people and got into a conflict with the Discipline Committee, or even got promoted to the school's level, then the loss would not be worth it.

However, if he let the two of them escape, it would leave behind hidden dangers in the future.

Qin Long and Lin Yi took advantage of Lin Yi's hesitation to run to the door. They just had to step out of the door and Lin Yi wouldn't be able to do anything to them.

After all, these two were inspectors of the Discipline Committee. If they really attacked in public, they would not be able to get past the Discipline Committee.

At this moment, the door suddenly opened on its own. A thin figure that looked like a seven-year-old child appeared at the door and blocked the way of Qin Long and the other man.

Qin Long and his companion were shocked. However, they were immediately overjoyed when they saw who it was. "Guild leader han! Guild leader han, you're here!"

"President?"

Lin Yi couldn't help but frown as he looked at the kid, confused. "What President?"

The Qin Long duo immediately straightened their backs and were no longer in a hurry to escape. They turned around and introduced proudly, ""You blind brat, look carefully. This is the previous president of the Disciplinary Committee, Han Qi."

The child slowly walked into the room with her hands behind her back and casually instructed Qin Long and Qin Yi, ""Close the door."

Qin Long and his companion hurriedly nodded in agreement. This time, they could be considered to have found their backbone. Even though this former President had an unremarkable appearance and looked like a little brat, they had personally witnessed his supreme strength in the past, and there was absolutely no exaggeration in it.

As long as he was there, even ten Lin Yi's wouldn't be able to escape, let alone one.

The fact was that Lin Yi felt an unprecedented pressure from this man. It was no less than the Nanjiang King he had confronted before. If they really fought, he would most likely die!

"What rule did you break?"

Han Qi walked to the table in front of Lin Yi and sat down. He took out a spinning top and started playing with it.

Lin Yi was taken aback. He thought that the man only had a child's appearance to confuse him, but he really did have a child's heart.

Lin Yi tilted his head. "I don't think there's anything wrong with it. At most, it's excessive self-defense. But those two will probably have different opinions."

"Bullshit! Guild leader han, this brat had ulterior motives and wanted to sneak into the women's supermarket from the back door. After the guards noticed and stopped him, he beat the four guards to a pulp. If it weren't for the two of us arriving in time, we might have been killed. "

qin long and lin yi quickly declared lin yi guilty.

now that things had come to this, it was no longer realistic to carry out their original plan of making lin yi disappear from the face of the earth without a sound. they could only settle for the second best and use the disciplinary committee's methods to kill him.

han qi looked at lin yi in surprise, "so fierce?"

qin long agreed. "that's right! this fellow is extremely evil! he must be severely punished as a warning to others!"

lin yi suddenly raised his hand, "does the disciplinary committee really have the power to sentence and sentence people?" does the city lord's mansion allow such a lawless place to exist?"

"Hey, hey, what do you mean by" outside the law "? Don't make it sound so bad, we're only assisting in law enforcement, the city Lord's mansion has given special permission. "

At this moment, Han Qi still looked like a former President. At least he knew how to maintain the image of the Discipline Committee.

"Of course, the city Lord's mansion has so many things to deal with. Normally, they won't ask us about such a small matter. Normally, we'll handle it by ourselves, Dead or Alive."

Qin Long and Yang Hu chuckled coldly, confirming Lin Yi's claim that he was in a place beyond the law.

In other words, they could really kill people here, especially someone like Lin Yi who didn't have any background.

Chapter 9378

"Understood. That means we have to fight it out and fight to the death, right?"

Lin Yi wasn't afraid at all-this ex-president had put a lot of pressure on him, but it wasn't like he had no chance of winning at all. They'd only know who was stronger after a fight.

Han Qi played with the spinning top on his fingertips and asked without turning his head, "What do you two think?"

"President han!" Qin Long and the other man hurriedly fanned the flames. "Putting aside the crimes that this brat has committed, he has also disrespected you and our Disciplinary Committee. He should be killed to face the truth!"

Seeing that Han Qi did not seem to agree, he immediately changed his words, "Even if he's spared from death, he'll still be punished. At the very least, his cultivation has to be crippled!"

"You're making things difficult for me," Han Qi said with a troubled expression.

Qin Long and Yang Hu looked at each other and quickly struck while the iron was hot. ""President han, this is all for the reputation of our Disciplinary Committee. Moreover, this kid has offended President Jiang. You also know that President Jiang and our President Ji are sworn brothers."

The president Ji that the two of them were talking about was the current president of the Discipline Committee, Ji Chi.

"Then I understand."

Han Qi nodded, and the high-speed spinning top suddenly flew out of his hand. With a sharp buzzing sound, it instantly turned into thousands of afterimages.

Lin Yi immediately went on full alert. He had a feeling that although it looked like a funny child's game, if he was really hit by this spinning top, he would be in big trouble!

"Hehe, it's your good fortune to die under guild leader Han's death spiral. Enjoy it!"

Qin Long and Yang Hu both heaved a sigh of relief.

From a moment ago until now, what they were most afraid of was Han Qi standing on the opposite side of them. After all, although they were all part of the Disciplinary Committee, they were never from the same faction.

However, now that Han Qi had made his move, the situation was set.

The moment the spinning top appeared, Lin Yi was already a dead man. The difference in strength between the two was too big, and there was no surprise!

It was the truth, and Lin Yi had even prepared all sorts of counterattacks in that instant. The spinning top's shadow was already right in front of his nose a few times.

However, the strange thing was that they all passed by each other in the end.

Just as Lin Yi was wondering what was going on, the spinning top suddenly appeared above Qin Long and Yang Hu's heads. Before they could react, it had already pierced through their hearts, leaving a shocking hole in each of them.

Looking at the two bodies slowly falling to the ground, Lin Yi couldn't help but be confused. He looked at Han Qi cautiously, "What is the meaning of this?"

Han Qi took back the spinning top and started to play with it again. He casually said, "Can't you tell? To clean up the house. "

"Is the Disciplinary Committee always this decisive?" Lin Yi asked, surprised.

If he behaved like this every day, then it would really be like what Shen Yifan had said. In the future, he would have to hide from the Disciplinary Committee. It was not scary to fight, but it was really scary to kill people on orders.

"It's not that I'm always like this," Han Qi grinned.

"Are you trying to help me?" Lin Yi asked.

"That's true and that's not true. I think you're not bad, and I did have the intention of helping you out today, but the main thing is that these two idiots are too annoying. Keeping them will only make the wind discipline Association more foul and make people angry. "

As Han Qi spoke, the spinning top in his hand suddenly jumped and shot towards Lin Yi, who caught it with one hand.

"What does this mean?"

Lin Yi was getting more and more confused-it looked like a surprise attack, and the speed was extremely fast, but it wasn't as destructive as before-it was just a simple top.

"I'll give this to you. Are you interested in coming to the disciplinary order with me?" Han Qi's mouth curved up.

"With you?" Lin Yi asked, surprised.

"What's this chaos discipline meeting? It's not like we're a gang or society. We don't kill people for no reason. "

Han Qi unhappily took out a new type of fingertip top and started playing with it.

Lin Yi glanced at the two fresh bodies on the ground. "Yes, yes, they both committed suicide."

"That's enough. Don't be so sarcastic. They've done too many bad things, and they deserve to die. I have no choice but to enforce the Family Law. If I leave them alone, many people will be killed in the future."

As Han Qi spoke, he shot out a stream of fire-attribute true Qi from his fingertip and destroyed all traces of the corpse. In the blink of an eye, Qin Long and the other man were burned to ashes.

Lin Yi's heart shivered-this guy looked like a kid, but he was really cruel. He didn't even bat an eye when he dealt with the two.

"You should be able to guess what kind of situation you're in. The two of them are gone, but the mastermind behind them is still there. If you fail this time, there will definitely be a next time. If you really wait until the next time to make a move, I don't know if you'll still be so lucky."

Han Qi casually reminded him, "Jiang Ziheng and Ji Chi are sworn brothers, and Ji Chi is the current president. Do you think you can handle it if he personally mobilizes the entire Disciplinary committee's power?"

"That's for sure,"

Lin Yi said honestly-there was no point in pretending to be a fatty at a time like this.

If it wasn't for this person's sudden interference today, it wouldn't have been so easy to deal with Qin Long and his companion. It was easy to kill, but it was hard to say what would happen after.

With the influence of the Disciplinary Committee, if they were to mobilize all of their forces to deal with a freshman without any background, the result would be obvious.

"That's why I'm giving you a chance to take it. It all depends on whether you accept it or not. "

"Then if I take the job, will I die a horrible death too?" Lin Yi raised an eyebrow.

"Oh? You can tell?"

"Of course. The current guild leader is the one who wants to mess with me. Even a fool would know that you, an ex-guild leader, are trying to recruit me."

Lin Yi rolled his eyes, speechless. If he couldn't even see this, he would've been toyed with to death years ago.

"Then, are you going to take it or not?" Han Qi said with a faint smile. I'm not going to trick you, but the internal affairs of the Discipline Committee is in a mess now. I do want to have a good fight with Ji Chi. After all, he was the one who kicked me out of the position as the former president, so I have to get back up from where I fell. "

"Then how's the difference in strength between you two?" Lin Yi raised a brow.

"Let's put it this way. If the strength of the entire Disciplinary Committee is set at 100, the number of people under Ji Chi's control will only be over 50. "

Chapter 9379

"That's not bad, so you're roughly on par with him?"

Lin Yi let out a breath of relief-at least he wouldn't end up as cannon fodder.

However, Han Qi curled his lips and said,"you're too kind. To tell you the truth, the majority of the remaining people are fence sitters, and I only have less than 10% of them in my hands. Even so, they are not completely loyal. Some of them may betray me at any time. Otherwise, why would I be so desperate to pull an outsider like you in?"

"Doesn't that mean we have no chance of winning?"

Lin Yi facepalmed helplessly-it wasn't that they couldn't get on a ship to protect themselves, but they had to get on a decent one ... Why the hell did they have to get on a sinking ship like this?

"Winning isn't something that can be calculated. It's something that can be fought with fists. Until the end, who knows who will win and who will lose?"

Han Qi raised his eyes and looked at Lin Yi."With your situation, unless you can find a stronger backer to stand up for you, you'll have to join the Disciplinary Committee. Other than me, no matter which side you join, you'll be sold to Ji Chi. Selling to Ji Chi is the same as selling to Jiang Ziheng. Think about it."

"Then what's there to consider ... I'll work for you."

Lin Yi made up his mind. On one hand, he really didn't have any other choice. On the other hand, this fake kid in front of him might seem like a wild horse, but he was a ruthless character.

With his experience, the chances of losing money from betting on such a ruthless character were extremely low.

han qi was overjoyed. "good! i didn't choose the wrong person. from now on, you will be a member of the dark group's inspectorate under my direct command."

"the dark group's inspectorate?"

"the disciplinary committee is mainly divided into three parts. the first is the public inspection team, which has the largest number of inspectors. the two who just died were responsible for monitoring the entire campus. it's the core power of the disciplinary committee, and now it's mainly in the hands of ji chi."

"the second is the internal affairs department, which is in charge of the internal structure of the entire disciplinary committee. it controls the most important financial and human rights. there are many factions in this part of the mountain. although ji chi doesn't have full control of the situation, he has won over many allies and has quite a lot of influence."

"Finally, there is the inspection team of the dark Ministry. They are responsible for supervising the internal affairs of the Disciplinary Committee. They have the least number of people, but they are the elites of the elites. They also have great authority over the internal affairs and are under my direct command."

Lin Yi's eyes lit up, "so the situation isn't that bad after all?"

"It's not that bad, but it might be worse than you think. "

After Han Qi finished speaking, he began to chase them away. "Alright, you can go first. I will find someone to call you if I need you in the future. Remember, you can not casually reveal your identity as a black group inspector to outsiders. Only when it is necessary can you reveal your identity."

"What?" Lin Yi blinked. You don't even have any identification?"

"Didn't I already give it to you? That's the fingertip top, so don't play with it for no reason. You'll be exposed at any moment. "

Lin Yi didn't know what to say-who'd play with a spinning top like a kid?

However, the matter had finally come to an end. Regardless of how Jiang Ziheng's side would react, at least the Disciplinary Committee would probably calm down a little.

Even if it was just to show off his strength, the former guild leader had to suppress the matter. At the very least, he couldn't be implicated.

If he couldn't even do such a small thing, then what was the point of playing?

He called Wang shiqing after he left the branch.

The little girl was overjoyed, but Tang Yin only replied faintly after hearing Lin Yi's voice, "So what if he's out? what's there to be so shocked about?"

"Sister Tang Yun, you've called me a dozen times already. You're even more nervous than me."

"I ... I was just telling my family that I'm safe. What does it have to do with him?"

Tang Yin blushed and hung up.

Lin Yi smiled as he listened to the dial tone. Tang Yin was still the same Tang Yin, she couldn't even tell a single lie ... Calling her family a dozen times to tell them she was safe? it wasn't like she lived on Mars ...

When she returned to the dormitory, she realized that there were two more people besides Shen Yifan.

One of them was over two meters tall, dark-skinned, and as muscular as a bull. He introduced himself in a low, muffled voice when he saw Lin Yi. "I'm Yan Zhongyuan. "

The other person had a much more ordinary and approachable appearance. He was round like Maitreya Buddha, and when he smiled, he looked charmingly naive. "My name is sun Buyi."

Lin Yi quickly greeted the two with a smile. They were both young people, and their personalities weren't bad. They'd be roommates in the future, too, so they got along very well.

"what about the other two? they're not here yet?"

shen yifan explained with a smile, "i've asked our counselor before. those two have actually reported to us a long time ago. however, because they are specially recruited talents, they usually spend their time at the research institute. they are only here in name. you usually can't see them."

"special enrollment student?" lin yi blinked. we have this in our school?"

"Of course. I heard that special enrollment students are treated much better than us. Not only do they not have to pay school fees, but the school also gives them a lot of subsidies every month. Just the initial academic points are like the difference between heaven and earth. We each get 100 points, but they get at least 500 points!"

"Alright, alright, it's no use drooling. It's not that easy to get the special admission qualification! They're all one in a million super geniuses. Without a Diamond level master tag in hand, they don't even have the qualifications to sign up for the special entrance exam. "

Lin Yi couldn't help but sigh-he should've just joined the special enrollment.

To others, the diamond-grade Grandmaster tag was as difficult as ascending to the heavens. However, he had it, and he had more than one.

Since it was the first time that the four new roommates had gathered together, they naturally had to go out and have a meal. Due to the fact that academic points were too precious, and that it was too much of a scam to use spiritual Jade to settle the accounts in the school, Shen Yifan suggested that they set the meal at a special restaurant not far from the school.

At the central restaurant.

Lin Yi was speechless as he looked at the four shining words on the signboard.

It had to be said that the people from central really knew how to do business. The key was that no matter what business they were involved in, they could still do it well. This was something that they had to admit.

Shen Yifan, who was the host, took the lead and walked in front. "Brothers, hurry up. I've been here twice. The signature dishes are really amazing. You can't eat them anywhere else!"

Lin Yi and the other two behind him were excited.

After showing his VIP card, Shen Yifan brought the three of them to a private room. Although the place was not big, the atmosphere inside was quite good.

When the dishes were served, the four people couldn't stop praising them.

with a simple and honest face, sun buyi almost bit off his own tongue as he continuously praised: "yes, yes! i won't hide it from you brothers, i don't have any abilities or hobbies, i only love one thing, eating!"

"so old sun's ambition is to become a gourmet?" shen yifan laughed.

Chapter 9380 Power

"Heh, I just want to be an old woman and eat all over the world. If it wasn't for my family forcing me, I wouldn't even want to come to school. But now that I think about it, it was the right decision to come here. If I didn't come here to study, how would I have been able to taste the local food of Jianghai? As expected, life is full of surprises. "

Sun Buyi said as he licked his plate clean, but he was still looking at Lin Yi's and the other two's plates.

Lin Yi couldn't help but chuckle as he pushed his half-eaten portion in front of the man.

Sun Buyi did not mind at all. He took it and started to lick the plate. This guy was absolutely serious about eating.

Just as the four of them were eating happily, a lobby manager suddenly pushed the door open and said with a fake smile, ""I'm sorry, your time is up. Please leave quickly. We have to pack up and welcome the next group of guests. "

Lin Yi's group of four, who were eating happily, was confused.

Shen Yifan looked at the time in disbelief. ""It's only been less than twenty minutes since we came in, right? You're starting to chase people away?"

Lin Yi frowned, "it's the VIP room, after all. I've never heard of the VIP room having people chased out. Even Normal Hall restaurants don't do this. Who does business like this?"

The lobby manager's face darkened. "I'm sorry. This is our rule. Please understand."

Shen Yifan couldn't help but ask, 'the rule of driving people out within twenty minutes? Why didn't I hear about it the last few times I came here? it's in this private room. Last time, we sat for two hours and no one came to chase him away. What do you say?"

"There's nothing much to say. It's just that I didn't encounter a guest of a higher rank than you last time. This one kindly reminds you that if you leave now, I can still give you some compensation. If you insist on being so shameless, you can only bring disgrace upon yourself. "

As soon as the lobby manager finished speaking, a group of people barged in from behind.

Men and women, all of them were familiar students.

Lin Yi's lips curled up-he wasn't expecting a familiar face to be at the front, that cheap senior Jiang Ziheng!

Jiang Ziheng's eyes flickered at Lin Yi's presence, but he quickly regained his composure."Oh, I didn't expect brother Lin to be here. Don't you need to protect Tang Yin? It's not good to leave your post without permission. "

"Senior Jiang, you don't have to worry about me. I applied for leave."

"Oh, really? The Disciplinary Committee is done so quickly?"

Jiang Ziheng sized Lin Yi up suspiciously. He still didn't know about the two's deaths, and thought that Lin Yi had already been beaten to a pulp.

Lin Yi smiled,"it's done. The Disciplinary Committee is indeed a powerful Department in our school. They're so efficient. They let me come back after the investigation."

"You weren't punished?" Jiang Ziheng was stunned.

"I didn't do anything wrong, it was just self-defense. Why would I be punished?" Lin Yi said nonchalantly.

Jiang Ziheng was really a little confused now."Has the Disciplinary Committee changed its ways? You're already so easy to talk to?"

At this time, the men and women who came with him couldn't wait any longer and mumbled, ""President, it's not easy for our talisman making society to gather together. Isn't it inappropriate to just stand there?"

The manager helped to chase them away and said to the four, "I'm sorry, please give up your seats. "

Shen Yifan glanced at sun Buyi, who was still busy licking the plate. He frowned and said in a deep voice, "It's not that we don't care about human relations, but as a businessman, you have to be reasonable. You haven't even sat down for long and you're already chasing people away. I'm afraid your reputation won't be good if word gets out."

Upon hearing this, the lobby manager sneered, "Sir, if you're from the dining hall, I wouldn't dare to refute your words. However, this is a VIP box. It's meant to receive high-level guests. I'll be direct. Your level can't be compared to President Jiang, so I can only ask you to move aside."

"His level is higher than mine?"

Shen Yifan was too lazy to argue with the other party, so he took out his Silver VIP card. "This is the VIP card my father gave me. Look, this is a heaven-grade VIP card. As far as I know, this should be the highest-grade card in your shop, right?"

Seeing this, Jiang Ziheng chuckled. Under the envious gazes of the men and women behind him, he also took out a VIP card. The style was almost the same, but it was gold.

The lobby manager explained from the side, "there are different levels of heaven-grade VIP cards. Yours is just an ordinary silver card, but President Jiang has a Gold Card!" By the way, I'll tell you a secret that can't be considered a secret. There are less than ten people in the entire Jianghai city who are qualified to get a Gold Card from our shop. "

Shen Yifan was stunned.

"What are you still standing there for?" the lobby manager said disdainfully. You're a smart person, you should be very clear about the concept of a heaven grade Gold Card. Don't cause unnecessary trouble for your family for a meal. "

As he said that, he ordered the security guards who had followed him to chase them away.

At this moment, sun Buyi, who only had food in his eyes, was still eating happily. He did not pay any attention to the situation around him as he buried his head in licking the plate.

Seeing this, the security guard stepped forward and was about to use force. However, before his hand could touch sun Buyi, he was bounced away by an invisible and powerful genuine Qi.

Everyone looked at Lin Yi, "who dares to mess around in my Central Restaurant?" Don't you want to live?"

Lin Yi took out a black card and pouted at the manager, "I wonder if the level of my card is high enough for me to eat a meal here?"

The lobby manager glanced at it and said, "what kind of broken card is this?" It's not from our side at all! Little brat, you wanted to show off but you chose the wrong place. Do you really think you can fool me?"

"Really?" Lin Yi smiled. But that's not what you CI 'er said. Why don't you ask someone else?"

"Manager you?"

The lobby manager was shocked when he heard this. They were both chain organizations under central, and in terms of rank, Central Hotel was higher than their restaurant. You CI 'er could be said to be their immediate superior in this area.

"Just you wait!"

The lobby manager didn't dare to delay. He apologized to Jiang Ziheng, took the black card, and hurriedly turned to leave.

Jiang Ziheng and the others were left looking at each other.

Jiang Ziheng coughed and said, ""You also know manager you?"

"Yeah, we're pretty close," Lin Yi nodded.

jiang ziheng's expression suddenly turned cold."oh, really? then i have to remind you that manager you is my brother's future sister-in-law. in the future, when you pull the tiger's skin and pull the big flag, you have to be careful and not ruin my future sister-in-law's reputation. if my brother hears about it, you can't afford the consequences. "

lin yi smiled,"your brother is king nanjiang, right?" it's okay, he knows about me and manager you in front of him. "

"ha?"

jiang ziheng was dumbfounded. his brother was such a proud person that he could actually tolerate being made a cuckold in front of others?

After a while, the door was pushed open, but this time it was another middle-aged man with a calm temperament who came in first. The lobby manager just smiled and followed behind him.
