

Bodyguard 9381

Chapter 9381

"Manager, long time no see." Jiang Ziheng took the initiative to greet him.

The middle-aged man nodded quickly and turned to Lin Yi with an apologetic smile.

"Young hero Lin, I'm really sorry! My men were blind and offended you, they really deserve to die. I'll have people prepare a signature banquet for you to express my apology!"

"You know me?" Lin Yi asked.

"I am Fang Jun, the General Manager of this shop. A few days ago, I heard of young hero Lin's name from manager you at a meeting. I was wondering if I could have a chance to see you. Today, I finally got what I wanted. It's my honor!"

Fang Jun repeatedly cupped his hands in greeting, causing the bystanders to be dumbfounded.

Other people might not be aware of this person's power, but Jiang Ziheng was very clear about it. This person was an honored guest of the city Lord's mansion, and even his brother, the Prince of Nanjiang, did not dare to slight him.

Someone like this was bowing down to a Lin Yi?

It's just a black card, is it really that important?

"I appreciate your kind intentions, but today is not a good day. We have to quickly give up our seats. Your kind intentions may have to wait until next time."

Lin Yi said as he looked at the manager, who had his neck down.

"Please calm down, young hero Lin. I'll give you an explanation."

Fang Jun's face darkened. "Manager, from today onwards, you don't have to work as the lobby manager anymore. However, you're a talent, so we won't fire you directly. You seem to like fanning the flames? That's just right, the kitchen is still lacking a fire Maker, so you can stay there from now on. "

The lobby manager's face suddenly turned ashen.

Jiang Ziheng frowned and said, "manager, isn't this a little too much?" Old car had worked hard over the years, so it wouldn't be appropriate to give up on this little thing, right? For the sake of us old customers, we should at least give him a way out. "

The lobby manager quickly grabbed onto a life-saving straw. ""Manager, the reason why I'm in such a hurry is also because I don't want President Jiang and the others to wait for too long. After all, they're our honored guests and old customers. We should at least keep them company first, right?"

"Old customers can drive away other distinguished guests? And a VIP with a black card?"

Fang Jun's face darkened, he wished he could kill this idiot on the spot: "Do you know what a black card means? There were more than ten heaven-grade gold cards in Jianghai city, but there were less than ten black cards in the entire earth-class Sea area! If the higher-ups blame me, even I will have to be buried with you!"

"This, this, this ..."

The lobby manager was dumbfounded and couldn't say a proper sentence for a long time.

Even Jiang Ziheng and the others were shocked. His brother, the Prince of Nanjiang, was only somewhat respected in Jianghai city, and this was in the South City. If he were to leave Jianghai city, who the hell would know who the Prince of Nanjiang was?

After all this, his brother's reputation in central wasn't even a fraction of Lin Yi 's?

If even his brother, the Prince of Nanjiang, was like this, there was no need to mention him, Jiang Ziheng.

"President Jiang, I've already made myself very clear. Can the few of you just wait outside for a while? I'll arrange for a private room for you when it's available, okay?"

Fang jun was obviously suppressing his anger when he said this. Even a fool could see that the lobby manager's impudence just now was definitely fueled by Jiang Ziheng and the others behind the scenes.

Jiang Ziheng was about to explode on the spot, but he managed to suppress his anger in the end.

The key was that today was the talisman society's gathering, and there would be other people coming later. He had already boasted, so he couldn't just leave like this.

Under Lin Yi's and the others "playful gazes, Jiang Ziheng led the group of men and women out of the room, embarrassed. The General Manager, fang jun, was honest, arranging a signature banquet as an apology.

This time, sun Buyi was happy. His glutton nature was exposed, and he licked it professionally and meticulously.

Shen Yifan and Yan Zhongyuan stared at Lin Yi with weird expressions. "I didn't expect you to be such a Big Shot, elder Lin. You're so awesome!"

"What Big Shot? my friend just gave me a membership card," Lin Yi chuckled.

"The manager's waist was almost broken from all the bending, and that's all? Central is famous for looking at the dishes before making the decisions. Not to mention us, even if the city Lord himself came, I don't think he could make the manager bow and bend his knees. "

Shen Yifan couldn't help but ask, "old Lin, who exactly are you?" Tell the brothers, so that they can brag to others in the future. "

"What are you bragging about? I'm just a bodyguard, what identity can I have? You're lucky to have this meal today. If you go to other places, you might not be able to buy it. Enjoy your meal. "

Lin Yi said as he gave sun Buyi a bite of food. Sun Buyi gave him a silly smile.

Shen Yifan and Yan Zhongyuan looked at each other and didn't ask any more questions. They were indeed scared by fang Jun's attitude, but since Lin Yi didn't take it seriously, they wouldn't force him to do it.

In their hearts, roommates should be treated as brothers, and there was no need to be so polite between brothers.

On the other side, Jiang Ziheng and the others, who had been thrown out by the shapeshifting, looked sullen. Although fang jun had still sent people to serve them tea, how could this herbal tea compare to the signature banquet in the treasure chest?

"President, are we just going to tolerate this?"

Someone couldn't help but speak to Jiang Ziheng, and immediately received a string of echoing complaints: "That's right, our mighty Jianghai Academy's talisman making society is well-respected

wherever we go. Now that you've actually been reduced to suffering such bird anger, how can you not endure it!"

Jiang Ziheng looked at the indignant crowd helplessly. "What can you do if you can't? Should we go back now?"

The crowd immediately quieted down.

The central restaurant was indeed impressive. It represented the ceiling of the entire Jianghai city's food industry. To be able to eat here was not only a feast for the taste buds, but also a symbol of one's status. Many people wanted to enter this place but could not.

"Alright, alright. I'll just take it as waiting for senior Chen and the others. There are many private rooms here anyway, so I shouldn't have to wait too long."

Everyone was still hoping that they would be lucky. However, the strange thing was that for some reason, the distinguished guests in these private rooms were all able to sit still. A full three hours had passed, and not a single one of them was free.

Fortunately, Jiang Ziheng's group were all cultivators. If it were ordinary people, they would probably be lying on the ground in hunger.

"Yo, senior Jiang and the others are still here? It'll be hard on you. "

Jiang Ziheng and the others raised their heads to see Lin Yi and the other three, who had already eaten and drunk to their hearts 'content. Their eyes turned red when they saw their enemies.

Before Jiang Ziheng could speak, a hot-tempered member with a crew cut behind him couldn't help but say, "Damn you, what are you so proud of? As a new student, you dare to disrespect your senior. No one will dare to gossip even if I teach you a lesson!"

With that, she stepped forward and raised her hand, ready to slap Lin Yi.

Chapter 9382

Behind him, Jiang Ziheng watched coldly from the side and did not intend to stop him. He had also suppressed a stomach full of anger today and was just worried that he would not be able to vent it.

The slap was about to land on his face, but Lin Yi didn't move an inch with his hands behind his back.

"Scared silly? Today, senior, I'll teach you how to behave!"

Buzzcut didn't stop there, but increased his strength. If this slap didn't knock Lin Yi's head off, he'd change his last name to Lin Yi!

At the last moment, this angry slap was suddenly blocked by a large hand.

The one who attacked was Yan Zhongyuan, who was standing behind Lin Yi.

"What do you want to do?"

The crew-cut man's heart skipped a beat as he looked at the other party's burly figure, who was a head taller than him. Although in the world of cultivation, height did not mean anything, the pressure of being so close to him was real.

Yan Zhongyuan held his wrist like he was holding a little chicken. He didn't say anything and just turned to Lin Yi.

At this moment, Jiang Ziheng faintly said, ""Offending your superior is a great disrespect to Jianghai Academy. You should be punished."

This one sentence gave buzzcut a boost in confidence. He didn't dare to use his true Qi in the previous slap, but this time, his true Qi burst out and instantly gathered in his left hand, which was not held, forming the outline of a terrifying Dragon Claw.

Then, he reached for Yan Zhongyuan's stomach.

In front of this Dragon Claw, his protective Zhen Qi was like paper, and it was broken instantly without any obstruction.

Lin Yi and the others twitched their eyes. Even the protective Zhen Qi was like this. Theoretically, a weaker body would only look worse. Yan Zhongyuan's stomach would definitely be pierced by this claw!

Lin Yi was about to stop him when he stopped for some reason.

The Dragon Claw of buzzcut hit Yan Zhongyuan's heart. However, the bloody scene didn't happen. Instead, there was a hair-raising sound of finger bones breaking.

With a shrill cry, Yan Zhongyuan's side was unscathed, but the buzzcut man's five fingers were all bent into a strange, shocking curve. It seemed that his entire hand had been disabled.

Everyone was speechless.

Jiang Ziheng and the others all stared at the silent Yan Zhongyuan as if they had seen a ghost. Their mouths were wide open, and they couldn't say anything for a long time.

The crew-cut guy's strength was not outstanding, but he was a second-year student, after all. His signature Dragon Claw was also quite famous, but in the end, he couldn't even poke the other party's heart. In fact, he even broke his own hand. More importantly, the other party was a new student who had just enrolled. Who the F * ck would believe this?

Even Lin Yi and the others were speechless-this new roommate of theirs was ridiculously strong!

Yan Zhongyuan glanced at the people who were a little scared and said in a muffled voice, "I don't have any money, I won't pay for the medical expenses."

Everyone was speechless.

"Medical fees my ass!" Lin Yi said with a smile. This senior is just playing with us noobs, how could he really be injured? He's just pretending to be real. "

The crew-cut man was on the verge of tears. 'I've really put one of my hands in. I might even be disabled after I'm cured. This is called pretending to be real ...'

"Junior Lin is right. Old Lu, stop pretending. Don't let others think that it's real and embarrass our talisman society."

Jiang Ziheng gave the crew-cut man a look, and the man had no choice but to step aside in pain. Losing a finger was a small matter, but losing face was a big matter.

"Then I won't disturb senior Jiang's meal."

With that, Lin Yi left with Yan Zhongyuan and the others, leaving Jiang Ziheng and the others with ashen faces.

The buzzcut man swallowed a painkiller pill while trembling. He gritted his teeth and said,""President, are we really going to let this go? Not only did these kids break my hand, but they also slapped you in the face. Can you bear this?"

"Endure my ass!"

Jiang Ziheng took out his phone with a dark face and made a call. "Old Chen, take a look at the video I just sent you. All the new students are lawless these days. Tell the Disciplinary Committee to make a move. If they don't kill off the spirit of these kids, how are you going to manage them in the future? I'll inform brother Ji, so you can do whatever you want!"

Seeing that he had hung up the phone, buzzcut quickly asked, "How is it?"

Jiang Ziheng sneered. "Hehe, since old Chen's side has already made a move, what else can they do? they're just waiting to catch a classic example!"

Buzzcut was overjoyed when he heard this, "great!" With senior Chen's Special Forces from the Disciplinary Committee taking action, no matter how arrogant those boys are, they will have to admit defeat. This time, we must let them have a good taste of suffering!"

However, someone next to him was puzzled, "is there a need to trouble senior Chen for such a small matter?" Isn't this a little like using a sledgehammer to kill a chicken? I think Qin Long and the rest are enough to settle it. "

"God knows where those two idiots, Qin Long, have run off to."

Jiang Ziheng was worried for no reason. Lin Yi was safe and sound, but he hadn't received any news from Qin Long and Lin Yi.

However, he immediately threw these thoughts to the back of his mind. Now, the Disciplinary Committee was the world of his sworn brother, Ji Chi. How could a few freshmen escape from his palm?

Coming out of the central restaurant, Lin Yi and the other three didn't go back to the school directly, but brought sun Buyi to the night market.

Although it was only the first day they met, the four of them were very close to each other, especially sun Buyi, who was a simple-minded and honest foodie. He had become a treasure that could be slept with, and everyone was willing to be pampered by him.

Shen Yifan, the landlord, was still in charge of leading the way. "Jianghai's night market is the best. There are dozens of them, big and small. Among them, the North, South, East, West, and central night markets are the most famous. Each of them has their own characteristics. The south side night market we're going to now is most prominent in its food. It's a well-known Holy Land of street food."

One sentence was enough to make sun Buyi drool.

Not to mention sun Buyi, even Lin Yi and Yan Zhongyuan couldn't help but be fascinated by the smell of the night market.

When the four of them arrived at the entrance of the food street, they were immediately shocked by the 3000 night market stalls in front of them. In addition to the surging crowd, it was just like a scene of prosperity and peace.

Lin Yi and the others thought that sun Buyi would be very excited, but he looked troubled, ""Sorry to trouble you, but I might not be able to finish this round today."

They were all speechless.

The brain of a foodie was indeed different from that of a normal person. The first reaction when he saw 3000 stalls was that he couldn't finish them today?

Lin Yi didn't know whether to laugh or cry as he patted his shoulder. "It's fine, there's still a long way to go,"

"Yes, yes, I'll try to get it done in three days!"

Sun Buyi nodded his head in all seriousness and then rushed into the crowd, leaving the three of them to look at each other.

Lin Yi was just about to catch up when a blurry figure flashed through the crowd, and he froze.

Chapter 9383

"Let's go, old Lin?"

Shen Yifan called out, confused.

Lin Yi took a moment to come back to his senses and quickly activated his spirit sense to the maximum range, trying to lock onto the blurry figure that just flashed by. However, no matter how he searched, he couldn't find anyone in the crowd.

"Could I really be seeing things?"

Lin Yi rubbed his eyes subconsciously and checked again, still not finding anything.

Shen Yifan and Yan Zhongyuan looked at him strangely. "What's wrong?"

"It's nothing. Let's go,"

Lin Yi had to suppress his suspicions and follow the two, but he was still suspicious. At his level, it was almost impossible for him to make an illusion, but it was really the person he thought it was. It was too much of a coincidence.

How could there be such a coincidence in the world?

The four of them strolled through the night market. Sun Buyi took the lead, and without waiting for Lin Yi and the other two to catch up, he had already finished one restaurant and moved on to the next, showing his true nature as a top-tier foodie.

Of course, it was a rare opportunity to visit the food paradise on the street, and Lin Yi and the others wouldn't just look at it without eating. Besides, Lin Yi wasn't going to bring food for himself-he had to bring food for Tang Yun and Wang shiqing.

The few of them went with the flow of the crowd, and an hour passed in the blink of an eye.

"It's almost time for us to go back. I'm afraid we won't be able to make it in time for the dormitory to close,"Shen Yifan reminded her.

"Alright, call him Old Sun and let him clean up the rest next time."

The three of them were preparing to return when a large group of people suddenly gathered in front of them. They were mainly onlookers.

After using their divine senses to check, the three of them changed their expressions.

At this moment, in the center of the crowd, sun Buyi was sitting on the ground in a sorry state. In his hands, he was still holding a thick stack of various snacks and delicacies that he had just bought. His own face was covered in dust and dirt, but the snacks in his arms were intact.

Four burly men surrounded him in the middle. The leader was a spirited young man with a head full of dirty braids. He kicked sun Buyi's face while cursing.

"They're f * cking trying to eat the king's meal on us! If you don't pay for the ten catties of clear spirit cakes today, don't even think of leaving!"

Sun Buyi used his face to receive the kick, but the snacks in his arms were still safe and sound. He argued, ""That's not right. I clearly only ate five catties just now. It definitely wasn't ten catties!"

A passerby beside him kindly reminded him."Little brother, you should just admit it. These people are not to be trifled with. Just take it as breaking them down to avoid disaster."

However, sun Buyi was serious."How much you ate is how much you ate. We can't be vague about this."

Even the young man with dreadlocks was amused, let alone the passers-by."Not bad, you're quite the character! Fine, how do you prove that you only ate five catties and not ten catties? why don't we cut out your stomach for everyone to see?"

Sun Buyi looked around and pointed at the camera in the corner, ""You can see it from the surveillance camera. You'll know once you check it."

"Check my a * s, that surveillance camera is broken. I think you're being sincere, aren't you?"

The young man with dreadlocks raised his hand and gave sun Buyi another slap.

However, the snacks in sun Buyi's arms were still intact. He had to admit that the world in the eyes of a foodie was indeed different from that of a normal person.

The little guy with dreadlocks stepped on sun Buyi and said arrogantly, ""Kid, I'll give you one last chance. Either you pay for the ten pounds of clear spirit cakes, or I'll beat you half to death here today and send you to the urban management Bureau!"

"Hold on!"

At this time, a gender-neutral voice suddenly interrupted, and an outrageously handsome young man came into everyone's view, ""He did just eat five plates of clear spirit cakes. Five plates means five pounds. I saw it clearly when I was sitting opposite him."

"Little Lord, didn't your family warn you before you came out that you'll be in trouble if you meddle in other people's business?"

The young man with dreadlocks glared at the man with an unfriendly expression.

While he signaled his men to block it, he continued to step on sun Buyi. He secretly sent out a vicious force from his feet, aiming at his defenseless internal organs. He was ready to make sun Buyi suffer.

However, the strange thing was that after this evil force entered sun Buyi's body, it was like a clay ox entering the sea. It did not cause any substantial effect on his body.

He didn't believe it and used an even stronger evil force. Not only was it unaffected, but he was also hit with an indescribable double return.

His entire body was sent flying on the spot, and then blood flowed out of his seven apertures. In the blink of an eye, he was no longer breathing.

Everyone was in an uproar.

"Murder! Murder!"

Seeing this, the underlings of the young man with dreadlocks cried and shouted. Even sun Buyi himself was dumbfounded. Everything happened so fast that he did not have time to react.

At this time, Lin Yi and the other two arrived and quickly helped sun Buyi up from the ground, ""What's going on?"

"I don't know," sun Buyi said with a blank face.

Shen Yifan glanced at the young man with dreadlocks, who had already stopped breathing, and said with a serious expression, ""We're in big trouble now. If we're caught killing someone on the street, we'll have to pay with our lives. Elder Lin, you guys take elder sun back to the school to hide first. I'll look for my family and think of a way to smooth things over."

Lin Yi felt that something was not right, but seeing sun Buyi's lost face and the increasing number of people coming from all directions, it was not a good idea to stay here for long.

However, just when Lin Yi and the others were about to leave with sun Buyi, that handsome young man suddenly chuckled, ""If you guys leave just like that, he'll be charged for murder. So what if he's hiding in Jianghai Academy? does he really think the school is out of the law?"

"Then, according to what you're saying, we shouldn't leave?" Lin Yi and the others looked at each other.

"At least check the corpse first," the handsome young master smiled.

Lin Yi's heart moved, and he immediately cupped his hands in greeting. "Thank you for your guidance."

With that said, he went straight to the side of the young man's corpse under the watchful eyes of the crowd and casually slapped down with invisible true Qi.

A shocking scene appeared in the crowd. After the true energy entered his body, the young man with the dreadlocks, who looked as if he was dead, coughed violently and sat up straight.

The first sentence he said when he opened his eyes in a daze caused an uproar. "Captain Chen, was I good at playing dead?"

"Captain Chen? That Captain Chen?"

Lin Yi whispered in his ear.

"Of course it's ..."

The young man with dreadlocks shuddered and reacted belatedly. He rolled and crawled back a few meters in fear. "W-Who are you?"

Lin Yi smiled, "aren't you the one who's trying to frame us?" It's not appropriate for you to ask us that, right?"

Chapter 9384 Power

"Framed? Framed, my ass! I was almost killed by that kid. I'm going to report you to the authorities!"

"F * ck!" The young man with dreadlocks immediately jumped and cursed. He no longer looked like he had been seriously injured and killed. It was obvious that the previous scene had been carefully planned by him.

"Okay, then let's report it to the authorities. I happen to have a few acquaintances in the law-enforcement team. It's a big deal that I accidentally killed someone. I should ask them to investigate it thoroughly!"

Shen Yifan sneered behind him.

"Of ... Of course we have to investigate!"

The guy with dreadlocks immediately felt a little guilty. Although his boss had made some arrangements in the law enforcement team, the script was that he was "killed", not the current attempt to scam him.

If things really got out of hand like this, who knew what would happen to Lin Yi and the others, but he'd be in deep trouble. Death was already a light punishment, and he might even have to make it real.

"Sure, then come with us to the law-enforcement team," Shen Yifan said.

"Bullshit! I'm still doing business here, who has the time to walk around with you guys? Get lost!"

The young man with dreadlocks immediately took the opportunity.

"You want us to get lost? That's fine too, just calculate my brother's injuries. "

Lin Yi pointed at sun Buyi who was in a sorry state. Although he didn't receive any real injuries, he did look miserable after being slapped and kicked.

The young man with dreadlocks was shocked and angry, "what?" You mean, not only do you not want to compensate me, but you also want to extort a sum of money from me?"

"Don't make it sound so bad. It's just a simple courtesy of returning the favor. We'll get back at you for how you bullied our brothers just now. We won't hit you more than you deserve, nor will we hurt you more than you deserve. Is that fair enough?"

As Lin Yi spoke, Shen Yifan and Yan Zhongyuan stood behind him, one on each side.

Needless to say, no matter what sun Buyi thought, as his brothers, when they encountered such a matter, the three of them would definitely help him settle this debt.

"Damn, you really want to rebel? A few little brats who haven't even grown their hair yet, do they know the immensity of heaven and earth? If you don't go out and ask around, you dare to mess around with me? How many lives do you have?"

The young man with the dreadlocks ordered, and his four subordinates immediately surrounded him to make a move. All of them were at the consummate level of the heaven crushing realm!

But Lin Yi's spirit sense shook them all, and they were all dumbfounded.

Then, Yan Zhongyuan and Shen Yifan waved their hands casually and died on the spot. They didn't even have the power to defend themselves.

"That's it?" Lin Yi raised a brow.

An expert at the great circle of heaven-breaking was pretty good in the outside world, but in front of a group of experts at the great circle of heaven-breaking, they were of no use at all. The key was that each and every one of them was not an ordinary expert at the great circle of heaven-breaking, and even if they were placed among experts of the same level, they would be equivalent to livestock.

"No, no, I didn't mean it that way ..."

The young man with the dreadlocks was scared out of his wits. He stammered and couldn't say a single word. His strength was a little stronger than the four of them, barely reaching the threshold of the great circle of heaven-Sundering, but in front of these three animals, how much better could his strength be?

"If that's not what you mean, then what do you mean?"

Lin Yi put his hands in his pockets and walked over, his face calm. "I'm a reasonable person. I don't usually cheat others, but you insist on not being reasonable with me. I can only reason with you in a different way. I promise to explain it to you clearly and clearly."

He usually wouldn't casually scam others, but if he really wanted to scam someone, he definitely wouldn't do it casually!

Looking at the miserable state of his four underlings, the young man's psychological defense finally collapsed. He cried and begged, ""Please spare my life! I really didn't do anything just now. I just slapped him in the heat of the moment. I really didn't do anything. "

At this time, the handsome young master who was watching the show from the side interrupted, ""He even stepped on it twice."

"You ..."

The guy with dreadlocks glared at him, then turned around and continued to beg for mercy. ""I was careless. I really didn't do it on purpose!"

"Don't worry, I won't let you get hit too many times. One slap followed by two kicks, count it properly."
"Lin Yi smiled.

After he finished speaking, he raised his hand and gave the young man a big slap. The young man with dreadlocks was a 1.8-meter tall strong man, but he was sent flying twenty meters away on the spot, and his head was spiralling down in the air.

Ka! The young man's neck was twisted at a terrifying angle. Although it wasn't fatal, the audience still protected their necks.

Immediately after, Shen Yifan stepped forward and kicked him in the face. With a muffled sound, the young man's face was so twisted that it almost caved in.

This was not the end.

Finally, it was the silent Yan Zhongyuan's turn. His mountain-like body strode forward and shot at the young man's soft belly, which he was most defenseless against.

The young man with the dreadlocks turned into a human-shaped leather ball on the spot and was sent flying 100 meters away by the kick. He crashed into a pile of trash cans on the side of the road and was buried by a large pile of stinky trash. He did not move at all.

Everyone was silent.

The hundreds of onlookers were scared into silence by these three ruthless people. Although it was very satisfying to see someone like dreadlocks being taught a lesson, it was rare to see someone who dared to teach a lesson in the street. They could not help but be afraid.

In the end, it was the handsome young master who spoke first, ""Why aren't you guys leaving? are you really waiting for the law enforcement team to come and invite you?"

Lin Yi and the others looked at each other and cupped their hands, "Many thanks for young master's guidance. May I know young master's name? Can we be friends?"

"Sure, my name is Zhuo Qing."

"There's no rush in making friends. We'll have plenty of opportunities in the future," the handsome young master said with a meaningful look.

"Oh?" Lin Yi asked, surprised. Then I'll wait and see. Goodbye. "

After he finished speaking, he and Shen Yifan immediately supported sun Buyi and left quickly. Although they were not really afraid of the law enforcement team, it was better to avoid unnecessary trouble. At this moment, if they were really trapped in the law enforcement team, it would be more or less troublesome.

A beautiful woman in a cloak stood in the crowd for a long time as she watched the four leave.

It wasn't until a man in a servant's uniform reminded him that he came back to his senses. He looked at Lin Yi's blurry back and left quietly.

After leaving the food street, Lin Yi checked sun Buyi again and was surprised,""That guy is at the great circle of heaven crushing after all. It's a bit wet, but there's no trace left on your body. Isn't this too wet?"

Beside him, Shen Yifan and Yan Zhongyuan were also shocked. At this moment, not to mention internal injuries, this guy's external injuries had almost recovered.

If it wasn't for the fact that his clothes were in a mess and there were almost no signs of it, how many minutes had it been?

Chapter 9385

Sun Buyi himself did not mind. While he ate the snacks without a care, he answered casually: "It's fine. I've been taking beatings since I was young. My dad beat me up every day when I was young. It's much worse than this."

"Awesome."

Lin Yi and the other two looked at each other. Their dormitory was full of hidden dragons and crouching tigers, one more ruthless than the other. Even the most ordinary-looking sun Buyi was a beast through and through!

If they F * cking went out to fight in a team in the future, who would be their match among those of the same level?

They were at the last gate, and the four of them rushed all the way, but just as they were about to reach the main gate, Lin Yi suddenly stopped.

At the same time, Shen Yifan and Yan Zhongyuan also stopped at the same time. Only sun Buyi, who was following behind them, was still eating happily.

Shen Yifan could not help but frown when he felt the dense aura of the ambush in front of him. "Today's situation is a little uncertain, how should we deal with it?"

Yan Zhong Yuan didn't say much, he only said one word: "Fix!"

Lin Yi smiled and walked forward with his head held high, "Seniors, you're all so serious, could you be waiting for us?"

"The new eggs are quite self-aware, huh?"

With the deep voice, the air in front of them cleared up, and a dozen figures appeared in front of them.

The leader was a fierce-looking man wearing a cap, his cold eyes sweeping across the four of them, giving them the unprecedented feeling of being cut by a steel knife!

"The Discipline Committee's Special Forces Captain, Chen Beishan."

Shen Yifan reported to Lin Yi and the others with a serious face, "It's said that Ji Chi, the president of the Disciplinary Committee, has three brutal men under his command. Chen Beishan is one of them. He's extremely powerful and cruel. More than a hundred students died under his hands last year. Those who fell into his hands were at least seriously injured or disabled. It's not surprising that they died on the spot."

Chen Beishan, who was sitting opposite him, smirked. "Not bad. You know me quite well. I don't need to waste my breath. Just surrender."

"Senior Chen, if I remember correctly, the Special Forces of the Disciplinary Committee only targets those who are particularly evil. The four of us just came back a little late and missed our curfew. It's not necessary for you to come out, right?"

Shen Yifan asked in a neutral tone.

Chen Beishan raised his eyebrows, 'late access? You sure know how to pick on the smallest details. Your actions at the Night Market's food street have already been filmed and made into a video that's trending. Using the name of Jianghai University's students to commit public violence, you're absolutely unbridled and have severely damaged our school's image. Don't tell me that's not bad enough for a single plot?"

"This can even make it to the hot search?"

Lin Yi was stunned-he wasn't used to the internet.

Shen Yifan reacted quickly. ""If there's no one behind the scenes who bought the hot search, I'll write my name backward! From the beginning to the end, it was a series of schemes to wipe us out. How ruthless. "

"It's a good idea, but we'll have to see if they'll be able to do it," Lin Yi said calmly.

"What's wrong?" Shen Yifan was stunned. Go head to head with him and make a big move? If this matter gets out of hand, I'm afraid it won't be able to cover it up, right?"

The Special Forces of the Disciplinary Committee were different from others. They were law enforcement forces recognized by the school officials, especially now that they had the power to use the

negative hot search as a weapon. Let's not talk about whether they could defeat them. If they were to fight head-on, they might really go against the entire school!

Lin Yi smiled noncommittally and turned to the person opposite him, "It's just a hot search. Senior Chen, aren't you making a mountain out of a molehill by rousing so many people? As for ruining the school's image, we can't afford to take the blame. It's better for you to take it back. "

Chen Beishan snorted coldly, 'take it back? There's a lot of discussion online about how a student of our school committed murder in the middle of the city. Isn't that tarnishing the school's reputation?"

"You're wrong, senior Chen. We were the passive party from the start, and we only gave them a small punishment after they failed to scam us. There are plenty of witnesses who can testify for us," Lin Yi said seriously.

"Oh? Is there anyone who can testify for you? Bring it over for me to take a look?"

Chen Beishan gave a half-smile and spread his hands. ""If you can find one right now, I'll believe you this once."

Shen Yifan was speechless, 'senior Chen, aren't you being too forceful? How could there be a witness here? even if we can find them, at least give us some time, right?"

Chen Beishan sneered, 'if you don't have it, then what's the point of talking? Did I give you time to find someone to cover up?"

One sentence and Lin Yi and the others lost all interest in arguing with him.

This was completely baseless. The other party was clearly using this to mess with you, and you were trying to reason with him at this time? It did not exist.

Even if he really wanted to reason with them, he couldn't use his mouth to do so. He had to use his strength.

At this moment, a familiar voice suddenly interrupted, ""There's no need to fake a confession. I'm their witness. I was there the whole time."

Everyone looked towards the source of the voice and saw the handsome young man, Zhuo Qing.

Chen Beishan's face darkened. "And who are you?" he asked.

"He's just a little freshman, there's no need for Captain Chen to worry. "

Zhuo Qing waved her fan nonchalantly, as if she didn't understand the threat in the other's eyes. She turned to Lin Yi and the others and nodded, "It's not the first time we've met. You guys seem to be fated with me. "

"Many thanks."

Lin Yi and the others all cupped their hands. No matter what, it was a big risk for him to speak up for them.

As expected, Chen Beishan immediately concluded, ""How do I know if they're the ones who found you? Or rather, you're on the same side as them?"

Zhuo Qing laughed when he heard this. He was a man, and his smile was so charming that the Special Forces experts of the Disciplinary Committee were all stunned.

Even Chen Beishan could not help but secretly slap himself in the face, afraid that he would be turned gay by this guy.

"Captain Chen, it doesn't matter if I'm in cahoots with them or not. I have the video as proof. I'm a lively person, so I recorded the entire incident from the beginning to the end. I guarantee that nothing was left out."

Zhuo Qing took out her phone and recorded everything clearly, from how sun Buyi was blackmailed and beaten to how Lin Yi and the other two exposed the other party's fraud.

Shen Yifan heaved a sigh of relief. "That's great! With this video, we won't have to worry about anyone slandering us!"

"Oh, really? But why did I hear that videos can be edited and forged? I'll have to check it properly. "

As Chen Beishan spoke, he clenched his fist in the air. The phone in Zhuo Qing's hand disappeared into thin air and reappeared in his hand in the next second.

Chapter 9386

Lin Yi and the others looked at each other. This move alone was not simple. No wonder he was one of Ji Chi's three most ruthless men!

Chen Beishan flipped through the phone for a while, then threw it back to Zhuo Qing and said, ""I'm sorry, I'm not familiar with electronic products. I accidentally deleted your video. You don't mind, right?"

"Damn, this guy is really a grandson!"

Shen Yifan cursed at Lin Yi.

Zhuo Qing took the phone and glanced at it. It had indeed been deleted. However, she was not angry. Instead, she smiled.

"It seems that Captain Chen really doesn't know much about electronic products. It's fine if you delete the video here. I still have a cloud backup. Even if you're ten thousand times careless, you won't be able to delete it completely."

This was F * cking awkward.

Lin Yi and the others couldn't help but laugh, and when they looked at Chen Beishan, his already dark face turned red with embarrassment.

"Good boy, you're really not afraid of getting into trouble. Alright, I'll fulfill your wish!"

Chen Beishan flew into a rage out of humiliation and waved his hand, signaling the Disciplinary Committee not to make a move. Although the situation was a little out of control, as long as Lin Yi, the others, and Zhuo Qing were under control, he could still make the decision.

As long as they entered the isolation room of the Disciplinary Committee, no matter how capable they were, they would not be able to do anything.

"Hold on!"

"It's clear now that we didn't do anything to damage the school's image," Lin Yi stopped him immediately, "are you sure you still want to arrest us, Captain Chen?" I'm afraid that even the Disciplinary Committee doesn't have the authority to arrest someone without any concrete evidence, right?"

Chen Beishan gave him a sidelong glance and said, "who says there's no solid evidence? just arrest him and we'll have it." Alright, you guys, don't be so slow. Hurry up and get to work. We still have to bring him back for interrogation. "

The Special Forces from the Disciplinary Committee immediately moved. A dozen of them coordinated with each other and formed a mysterious formation as they quickly approached Lin Yi and the others.

Shen Yifan's eyelids twitched when he saw this, 'enter the urn formation? This is a formation created by the Disciplinary Committee to trap people. Once you're trapped in it, unless you rely on your own strength to break out, it'll be as difficult as ascending to the heavens to escape!"

"Don't rush!"

Lin Yi said as he pulled out a spinning top. "I wonder if you guys recognize this thing?"

Seeing the spinning top, the aggressive Special Forces of the Disciplinary Committee all froze and turned to look at Chen Beishan.

"The dark sect's top? You're from the dark group?"

This time, even Chen Beishan's expression turned serious. If it were just a few ordinary troublemakers, he could arrest them and have a way to sentence them to death.

Lin Yi and the others wouldn't be able to clear their names for the rest of their lives, let alone resist. In the worst case scenario, they'd even be expelled from the school and sent to the court.

But now that Lin Yi had taken out the dark spinning top and revealed his identity as a member of the Disciplinary Committee's dark group, this was going to be difficult!

Don't forget, the dark group was not only their colleagues in the Disciplinary Committee, but they also shouldered the real power of monitoring their every move. In the eyes of the dark group, their actions just now were basically sending themselves to the muzzle!

In an instant, Chen Beishan broke out in cold sweat.

"I don't think there's anyone else in the school who does this other than the dark group, right?" Lin Yi smiled.

"That's hard to say. Who knows if someone saw a certain guy's stupid look and copied him to make this kind of thing to show off?"

Chen Beishan quickly calmed down.

The existence of the dark group was like a sharp sword hanging over the heads of all the inspectors of the Disciplinary Committee, including the Special Forces, but it did not mean that he had to be afraid. Sometimes, the so-called dark group was just a fart in his eyes.

For example, now.

Lin Yi paused. "I'd understand if someone else said that, but with your experience, you should know that this isn't a normal finger top. Its internal structure is completely different from the toys on the market. It shouldn't be hard to tell, right?"

"Oh, really? Then why don't you let me check again?"

Once Chen Beishan spoke, he did the same thing again. He reached out and made a grabbing motion in the air, and a spinning top appeared in his hand.

Lin Yi's heart shivered-this man was terrifyingly strong!

The other party's move had long been within his expectations. From the beginning, he had also seriously defended himself. Whether it was true Qi or divine sense, he had wrapped the fingertip top in all directions with the highest strength, but the result was that it was useless.

It could only mean one thing. The other party's telekinesis ability was different from anything he had seen before. It was definitely a brand new ability path!

Ka! The finger tip top exploded in Chen Beishan's hand without warning and was crushed into powder.

"I'm so sorry, your fake toy is of poor quality. I only used a little bit of strength and it became like this. It seems that I was really wrong. How could the dark group use such a poor quality thing as an identification?"

Chen Beishan shrugged his shoulders without any sincerity, but he saw that Lin Yi's body was shaking. He couldn't help but smile, "You're already afraid? I'm a little disappointed. "

"Afraid?"

Lin Yi looked at him in surprise, his lips unconsciously curling up into an obvious arc, "On the contrary, I'm so excited that I'm trembling."

He wasn't just puffing his own face up, he was telling the truth!

Before this, even though he had received some advice from the Smoking Man, he still did not understand where the future lay. He never understood the true meaning of the saying that the road to breaking the heavens was still long.

The great circle of heaven-Sundering was the limit of the heaven-Sundering realm. This path had already come to an end, and only by breaking through the heaven-Sundering realm could he advance to the next level.

But how could he break through the ceiling of the heaven breaking realm? Lin Yi had no clue.

The key point was that this kind of thing could not be understood by a few words from others. One had to experience it personally.

And now, Lin Yi finally understood that the path of breaking the heavens was still far from the end. He wouldn't be able to reach the real ceiling even if he continued walking like this.

Only by mastering a brand new path of ability could he possibly advance to the next level and reach the true end of the path of breaking the heavens!

"I have to thank you properly, senior Chen."

Lin Yi said sincerely.

Chen Beishan was stunned. "Ha? Are you provoking me with your trash talk? Hehe, it doesn't matter. On behalf of the Disciplinary Committee, I welcome you to the detention room. I wonder if you're going to walk there by yourself or do you need my help?"

"Then I'll have to trouble senior Chen."

With that, Lin Yi's body flickered, and the demonic blade appeared in his hand as he charged at Chen Beishan.

At the same time, Shen Yifan and Yan Zhongyuan also joined hands to launch a surprise attack on the Special Forces. Even sun Buyi, who looked the most harmless, also quietly put away the snacks and assumed a battle-ready posture.

Chapter 9387

Zhuo Qing was dumbfounded. "Do these lunatics really know what they're doing?" she asked.

Even if there were countless reasons, taking the initiative to attack the Discipline Committee's Special Forces was definitely a hurdle that could not be avoided, especially when the other party had already destroyed all of their legitimate reasons.

Even though the method used was extremely underhanded, it was undeniable that this thing was indeed effective.

"Your courage is commendable! However, if you are caught by me today, your student life will end here. Have you prepared for this?"

Chen Beishan sneered as he walked up to him.

The two of them were extremely fast, crossing dozens of meters in an instant. As usual, Lin Yi started with his spirit sense!

However, this time, the well-tested starting move actually missed.

The spirit sense had already locked onto him, and he was so close to him, but the collision of spirit sense missed him for the first time. This was enough to change Lin Yi's view of the world.

"It's fine if it's blocked, but isn't this method that's close to space jumping a little ridiculous?"

Lin Yi didn't even turn his head as he thrust his sword forward.

The tip of the demonic devour was pointing at the place where Chen Beishan had reappeared, but he disappeared again at the last moment.

"Hehe, a new student can actually see through my spatial flash. You really scared me."

Chen Beishan's voice came from Lin Yi's other side, and at the same time, his fist appeared, a fist that was compressed to the limit!

BOOM!

Lin Yi was sent flying into the air by this earth-shattering punch, and a stream of blood came out of his mouth.

This was the result of him reacting quickly enough to block most of the impact with the demonic devouring sword. Otherwise, he would have lost the ability to fight on the spot with just one punch.

And this was only the beginning.

Without waiting for Lin Yi to land, Chen Beishan appeared above him without any warning. He elbowed Lin Yi down from the air, turning him into a human sandbag and smashing into the ground, leaving a human-shaped pit.

On the other side, Shen Yifan and the others were also in a bad situation.

The position of the Special Forces was equivalent to the Special Forces of the Discipline Committee. Those who could enter were all elite experts. The key was that these elite experts 'realm suppressed the freshmen. They also had a great understanding of each other and were proficient in cooperating with magical formations. Their combat strength could not be measured by reason!

Just this was already very exaggerated. If it was any other freshman, not to mention being at a disadvantage, being able to withstand the first exchange and not being wiped out was already enough to boast for a year.

"Hey, hey, you guys really don't have a backup plan to take the hit? If this continues, we'll be finished. "

Zhuo Qing, who was also affected, looked helpless.

Lin Yi's group was so tough, and he thought they had some powerful backup plan, but they turned out to be like this.

"It's a little tragic, but it shouldn't be over. Old Lin is worth a gamble."

Shen Yifan answered as he withstood the attacks of seven to eight experts from the Special Forces. When he turned around, he was beaten up until he was dizzy.

Zhuo Qing glanced at him. "He's already a clay Bodhisattva. What's the point of betting?"

Lin Yi had already emerged from the ground and was fighting with Chen Beishan again.

However, this time, it wasn't as one-sided as before.

Lin Yi still couldn't do anything about the sky Flash, but he'd created a dozen clones of himself in a few seconds.

In essence, it was still the ever-changing nature of the forest, but compared to the past, there were some slight differences.

"It's just an unpresentable smokescreen, yet you dare to show off in front of an expert!"

Chen Beishan sneered and destroyed two of Lin Yi's clones with a casual palm strike. To an existence at his level, clones' combat power was limited and they couldn't pose a real threat.

However, there were too many of them.

With just a wave of his hand, Lin Yi had created another four or five clones, as if he didn't need pure energy at all.

The real pain in the ass was that even though Chen Beishan could not see these clones, there was one thing he could not tell if they were real or fake.

It took a high level of spirit sense to tell the difference, and his spirit sense was being suppressed by Lin Yi. Where would he have the energy to do that?

"Don't be so hasty," Lin Yi smiled calmly, "break my clone formation first. "

"To hell with the clone formation!"

Chen Beishan's face fell. In his eyes, it was expected to crush Lin Yi, and in fact, it should be like that. There was a visible difference in their strength, but who would've thought that it would turn into this awkward situation?

After all was said and done, he could only blame his primordial soul realm for being a burden, as he was only at the great circle of heaven-Sundering.

The true Qi in his body gushed out madly, and in the blink of an eye, it condensed into hundreds of terrifying true Qi blades. Chen Beishan's response was very simple. Since he could not tell the real from the fake, he might as well not tell them apart and just kill them all at once!

Hundreds of Qi blades whizzed out, instantly cutting a large number of Lin Yi's clones into pieces, successfully clearing the field.

But just as he was busy clearing the area, Lin Yi had already sneaked up behind Chen Beishan, unsheathed the demonic devouring sword, and stabbed right into the heart of his back!

"How ruthless. He really wants my life."

Chen Beishan's voice rang out beside Lin Yi. The demonic blade had pierced through the air, but it was only an illusion.

Lin Yi's expression changed as he quickly pulled back his sword and retreated, but it was too late. Chen Beishan's finger had cut across his throat, and his head was cut off on the spot.

Just when Chen Beishan thought that it was over, Lin Yi's decapitated body suddenly turned into pure Qi and disappeared. Lin Yi's voice came from behind his ears, ""Same to you, we're all not easy to deal with."

As he spoke, the demonic devouring sword flew past and pierced through Chen Beishan's left shoulder, bringing with it a mist of blood.

Chen Beishan was shocked and quickly used spatial flash to escape.

On the surface, Chen Beishan's move was similar to Lin Yi's [three appearances of Cloud Dragon], but it was actually of a higher level, so Lin Yi didn't even use it at all. He was using his own weakness to attack his opponent's strength.

"If you keep using such shameless tricks, I really can't do anything to you."

Lin Yi pouted helplessly. Spatial flash was a godly skill. If his opponent didn't underestimate him, he wouldn't be able to hurt him with his current strength.

Chen Beishan quickly took a healing pill and was so angry that the veins on his forehead were throbbing. "Brat, you forced me to do this. Don't blame me for being too cruel."

With that, he released his aura, and Lin Yi's hair stood on end. It was as if he had fallen into some kind of special force field, and the core of this force field was Chen Beishan!

"Good!"

Lin Yi wasn't surprised, but happy. The feeling of seeing through the Dao was getting stronger-this was what he wanted!

Chapter 9388

It felt like he had suddenly caught a glimpse of someone else's successful solution to a difficult problem that he had been trying to solve for a long time. Previously, he had only occasionally glanced at the continuous spatial flashes, but now, he simply had the entire solution in front of him.

This was a really good person.

If he knew what Lin Yi said about him, he'd probably puke blood.

But it was a pleasant surprise, and now that Chen Beishan was serious, Lin Yi was in a really bad state. The spatial flash before was already shameless enough, and now that the special force field was activated, Chen Beishan's flash was even more unscrupulous.

On the other hand, Lin Yi's hands and feet were bound by the force field. It wasn't that he couldn't move at all, but no matter what he wanted to do, there would always be an invisible force opposing him, and it would always be stuck at the most critical moment, making him extremely uncomfortable.

As long as he did not adapt to this situation, he would not be able to display his full strength.

Naturally, Lin Yi had no chance of winning.

Fortunately, he could still use the thousand changes of wood and forest to confuse the other party. Otherwise, he would have been blown up in minutes. Even so, the situation was still dangerous and could turn over at any time.

On the other side, Shen Yifan's group was gradually being figured out. With an absolute advantage in numbers and strength, the outcome of the battle was clear in front of the elite experts of the Special Forces.

If this continued, it was almost certain that everyone would be caught.

Once they were caught, there was no need to think about what the outcome would be. It had been arranged clearly. Not to mention whether they could see the light of day again, even if they could come out again, they would probably have no chance to turn things around.

In the chaotic battle, Zhuo Qing kept looking at Lin Yi's battle situation. Seeing that Lin Yi had no chance at all, she was ready to show her trump card.

Although this wasn't the situation he had expected, he couldn't hide it anymore.

After knocking Lin Yi to the ground again, Chen Beishan no longer hid his killing intent and revealed a ferocious expression.

"Kid, if you want to blame someone, blame yourself for being too good. In such a short time, you can actually copy a cat and imitate a Tiger to such an extent, you really are a genius! If we don't kill such a terrifying genius now, are we going to keep him for the new year?"

As he spoke, Chen Beishan's true Qi was restrained to the extreme. It was no longer as flamboyant as before, and even the air seemed to have frozen.

And this was precisely The Omen of extreme danger.

It was the first time Lin Yi had a serious expression on his face-he'd always been calm even when he'd been beaten up, but this time he was really nervous.

A dozen or so Mystic rank second grade spell-destroying formation talismans suddenly appeared in his hands. He was prepared to bid for them all at once.

At this moment, there was no room for mercy. If it really couldn't be done, even a life-saving trump card like the star undying body had to be used.

Chen Beishan didn't move and just looked at Lin Yi from afar. Lin Yi's back was already covered in goosebumps. His strong instinct told him that he was on the line between life and death!

At that moment, a rhythmic buzzing sound entered everyone's ears. Under the moonlight, a ray of light came closer and stopped exactly ten centimeters in front of Chen Beishan.

It was a strange-looking fingertip top.

"You're taking care of my new friend with such a murderous look. Chen Beishan, what are you trying to do?"

Han Qi's short figure appeared in front of everyone unhurriedly. He raised his eyebrows and asked with interest, "Are you rebelling?"

In an instant, Chen Beishan and the Special Forces experts of the Disciplinary Committee were all drenched in cold sweat.

Just one person had caused all of them to lose all their will to fight.

It wasn't that they were too cowardly, but that Han Qi was really an unreasonable person.

"Guild leader han, you've misunderstood. We're just doing our job."

Chen Beishan wiped his cold sweat and forced a stiff smile.

"Don't fake a smile. You're too ugly, you'll scare people easily. "

Han Qi's face was full of disdain as he looked at the disheveled Lin Yi, "Routine? You're the captain of a Special Forces team, and you're out on a night patrol. Is the Disciplinary Committee so motivated now? That bastard Ji Chi is really not simple. "

Chen Beishan's face was tense, and he didn't know how to respond. From the moment this person appeared, all his arrangements had been declared useless.

He could make a move against a group of new students, but in front of the previous president, Han Qi, he really could not do anything.

"President han, we've actually received news that someone has reported them for ruining the school's image in the busy city. They've even become a hot topic on the internet, so we have to bring them back for investigation."

Chen Beishan could only force himself to explain.

"Have you investigated it clearly?" Han Qi looked at him with a faint smile.

Chen Beishan was silent for a moment. He wanted to use this opportunity to make things worse. After all, his Special Forces were still in control of the situation. Although it would be more troublesome if Han Qi was added, it did not mean that they could not take him down.

As long as they could take down Han Qi, the current president behind him would definitely not sit by and do nothing!

With this in mind, the temptation of taking action was not small. However, looking at the spinning top silently hovering in front of him, Han Qi's heart finally prevailed in fear. He said bitterly, "I've investigated it thoroughly. "

"Do they have any more questions?" Han Qi asked, raising his eyebrows.

"No, no more problems."

Chen Beishan's smile was uglier than his crying face.

Han Qi nodded and turned to Lin Yi, "Alright then. You'll return the favor he gave you just now. Not one less punch."

Chen Beishan was stunned, and so was everyone else.

Lin Yi and the others could not help but feel a sense of déjà vu. It seemed like they had done the same thing an hour ago, but it was them who stood up for sun Buyi.

"Since it's your order, I won't be polite."

A normal person would be terrified by this situation, but Lin Yi didn't care at all. He clenched his fist and walked towards Chen Beishan.

Then, he stopped two steps away.

The veins on Chen Beishan's forehead throbbed as he gritted his teeth and growled, ""Don't you dare!"

"You're right," Lin Yi smiled, " I really do. "

After he finished speaking, he punched his opponent's abdomen. This was not an ordinary punch. His protective Zhen Qi was instantly torn into pieces, and all the force of the punch landed on Chen Beishan's body.

Chen Beishan spat out a mouthful of blood and curled up like a shrimp.

Everyone was speechless.

Zhuo Qing looked at Shen Yifan and the others and commented, ""This roommate of yours is indeed a ruthless person."

"He's ruthless to the extreme. "

Shen Yifan said with a bitter smile.

That was Chen Beishan, and he had actually taken action without holding back. He really didn't know what to say when he got involved with such an unruly roommate.

Although he knew that Lin Yi's actions were irrational, he and the others still felt a sense of joy.

To sum it up, there was only one word: awesome!

Chapter 9389

Unexpectedly, Han Qi, who was on the other side, was not satisfied. "How is this even possible? You don't even have the strength to hit people, and you're scraping people's sand?"

"Fine, beating someone up is such a big matter, and you don't want me to warm up first?"

Lin Yi's mouth twitched as he followed up with a rapid combo. The great Chen Beishan was instantly turned into a human sandbag, his face swollen and bruised in an instant. It was even worse than Lin Yi's condition just now.

In fact, Lin Yi had been in a difficult situation, but he hadn't been injured much. With the Jade's warning and years of battle instinct, he'd been able to avoid getting hit in his vital parts even if he'd been in a passive position. At most, he'd only gotten some flesh wounds.

On the other hand, Chen Beishan, who was being beaten up, was being hit in his vital parts, which were all real injuries.

"Brat, you're looking for death!"

Chen Beishan gritted his teeth and clenched his fists tightly. The murderous intent in his body was getting stronger and stronger, and it looked like he could not hold it in any longer. He was the leader of the Special Forces of the Disciplinary Committee, an influential figure in the school. When had he ever been humiliated like this?

"If you dare to make a move, you'll die."

Han Qi's indifferent words instantly extinguished his killing intent, "The Special Forces are not the only ones in the Disciplinary Committee who are willing to kill. In this regard, the dark group is the ancestor."

Feeling Han Qi's parapsychic sense lock on to him, Chen Beishan felt as if there was a knife on his back. He didn't dare to resist anymore and continued to be Lin Yi's human sandbag.

After ten minutes, Lin Yi finally stopped, and Chen Beishan's human form was almost gone.

Not to mention the other people who were shocked, even Han Qi, the initiator, couldn't help but click his tongue: "You're a Wolf, right? How can you be so cruel?"

Lin Yi smiled nonchalantly, "I don't think that's even one ten-thousandth of what you have, right?" Otherwise, how could he be so frightened by your words that he didn't even dare to resist after being beaten up like this?"

In fact, Lin Yi wasn't that cruel. If he wanted Chen Beishan dead, one move would be enough, why would he need to beat him up for so long?

"You're too humble. It's not just one in ten thousand. It's at least one percent of mine. "

Han Qi was very humble, he turned his head and glanced at the Special Forces experts, "What are you standing there for? hurry up and drag your boss back to recuperate! Do you really want him to be disabled?"

The Special Forces elites looked at each other, then silently picked up the unconscious Chen Beishan and left in a hurry.

"Today's matter ends here. If you make a big deal out of it, I won't be able to hold it down. You're on your own."

Hanqi warned Lin Yi seriously.

"Didn't you ask me to do it?" Lin Yi asked, stunned. Without you fanning the flames, it wouldn't have blown up so much. "

Han Qi blushed with shame, but after thinking about it carefully, he felt that it was really the case. He touched his nose and said awkwardly, "I'll probably be busy for a while, so I won't be able to take care of you for the time being. If there's anything, just do it as you see fit. Anyway, just remember one thing, we, the dark group, never suffer losses."

"Good rule, I'll remember it." Lin Yi nodded.

After seeing Han Qi off, Shen Yifan and the others surrounded Lin Yi and punched him, pretending to be angry."Old Lin, you're so mean. You didn't even tell us that the secret group of the Disciplinary Committee has such a powerful identity. You made us worry for half a day."

"It's no big deal, I don't have to show off to you guys, do I?"Lin Yi chuckled.

"This isn't a big deal? Chen Beishan didn't even dare to fight back after being beaten up by you. In our school, how many people can do this? Old Lin, don't be so ignorant. "

Shen Yifan was speechless. If it was anyone else, they would have bragged about it for the rest of their lives.

Lin Yi shook his head, "We've passed this stage today, but it's hard to say whether it'll be a blessing or a curse in the future. "

"We do need to plan well. Humiliating Chen Beishan is like slapping Ji Chi's face. From what I know, the current president of the Disciplinary Committee is not a Prime Minister who can hold a boat in his stomach. Once he has his eyes on you, you have to be careful in the future."

"For safety's sake, it's best if you guys keep your distance from me," Lin Yi said, agreeing.

Shen Yifan snorted."What are you talking about? we're all in the same boat. If you're unlucky, do you think we can escape?"

Yan Zhongyuan didn't say anything, but patted Lin Yi's shoulder with a determined face.

As for sun Buyi, he heartlessly took out the snacks again and did not take these words to heart.

"Brothers working together, how enviable. It's a pity I don't have such a roommate."

Zhuo Qing sighed at the side.

"Brother Zhuo, you don't get along with your roommates?" Lin Yi asked.

Zhuo Qing laughed. "There's no such thing as getting along. I don't have any roommates. I live in a single room."

Everyone was stunned, and then they all looked indignant. We live in the old and dilapidated six-room, why can you live in a single room? The difference between people was too great!

Seeing everyone's expression, Zhuo Qing was stunned for a moment. Then, she laughed and said, ""You can't lump people together, I'm different from you."

"What's the Difference?" everyone asked.

Zhuo Qing opened his paper fan and left like a graceful young master, leaving behind two words, ""Good looks."

Lin Yi and the other three were all speechless, not knowing how to retort. "Bah!"

Suddenly, his phone rang. It was a video call from Wang shiqing. He picked it up immediately.

The little girl's wet head was reflected on the screen, and her voice, which was half excited and half complaining, immediately sounded, ""Lin Yi bro, you're on the hot search! Why didn't you bring me along for such a fun thing!"

"It was just a coincidence. I'll definitely do it next time."

Lin Yi explained as he looked at the scene behind Wang shiqing with a weird expression, "Are you guys taking a bath?"

"Yeah, how did you know?" Wang shiqing nodded.

"I see it."

Lin Yi coughed lightly before hearing Tang Yin's scream. "Argh! Xiaoqing, why did you turn on the video? I'm not done with my shower yet!"

After a series of chaos, the video call ended.

After a while, the video call was connected again. This time, it wasn't Wang shiqing, but Tang Yun, who was full of killing intent. "If you dare to peep at us again, I'll call the police, pervert!"

The video call was hung up again, and Lin Yi looked around innocently. "I'm a pervert?"

Shen Yifan and the other two whistled as they looked up at the night sky. "We didn't see anything. We're definitely not them."

Lin Yi didn't know what to say.

The night passed uneventfully. The next day was the first day of school, and the school held an opening ceremony as usual.

The ceremony itself was standard. It was nothing more than a group of school leaders and student representatives giving a speech on stage. There was nothing special about it that was worthy of praise. However, the highlight of the evening was quite enjoyable to talk about.

Chapter 9390 The Power Of The Devil

The freshmen welcoming party.

As the name suggested, it was a special ball held especially for the freshmen. Not only did all the freshmen have to attend, but some of the influential figures of the upper grade would also be invited. As for what these upper grade students were after, everyone knew what they were thinking.

"They're a pack of wolves. The first thing they do is to divide up the beautiful girls among us freshmen. I bet that after tonight, eight or nine out of ten of the pretty girls in our batch will fall into the mouths of those seniors, and the rest won't even get a sip of soup."

Shen Yifan indignantly voiced the boys' thoughts.

"Too many monks and too little gruel, it's not strange."

Lin Yi didn't mind—it wasn't as rare as the North Island, but there weren't that many female cultivators who'd reached the threshold of full heaven-Sundering levels, either. It'd be good enough if the ratio was six to four.

Shen Yifan reminded her, "it doesn't matter to the few of us. If we're single, so be it. We're just a little envious. You have to be careful. Be careful not to let others take the opportunity to steal your girlfriend."

He was obviously talking about Tang Yun. It was only the first day of school, and there were already rumors about the three campus Belles, and Tang Yun was one of them.

"We do need to be on guard."

Lin Yi nodded. He wasn't too worried about Tang Yin herself, but there were too many flies, especially some bigger green-headed flies that were pretending to be human, like the president of a certain talisman society.

It was seven in the evening, and the four arrived at the hall on time, but were stopped at the entrance.

Shen Yifan stepped forward with a stunned expression. ""This is the freshmen welcoming party? As new students, we can't enter? Don't tell me that only the girls and the senior students are allowed to enter, while us first-year boys deserve to live on the cold wind outside?"

Her words caused the other boys around her to share the same hatred.

Seeing that the crowd's excitement was almost out of control, the reception staff at the door quickly said, ""Don't misunderstand, everyone. Not all the first-year boys are banned. They're the only four on the blacklist."

"Why?" Lin Yi raised a brow.

"Just because you guys caused trouble outside last night and made it to the hot search, seriously damaging the school's image, I've already reported it to the Student Union and the school board, suggesting to expel you four black sheep from school. Trash like you naturally have no right to attend the freshmen welcoming party."

The person who spoke was a bespectacled man in a suit and leather shoes. He slowly walked out of the auditorium, and the reception staff at the door bowed in unison. "President."

Lin Yi and Shen Yifan looked at each other and examined the man. "And who are you?"

"The president of the news agency, Wang Zhong," the man wearing glasses said with a smile.

"You think I'm not qualified just because you say so?" Lin Yi asked back faintly.

"This welcome ball is organized by our news agency. Do you think I'm qualified?"

Wang Zhong adjusted his glasses and said with a smile, "Lin Yi, right? By the way, miss Tang Yun is already inside with President Jiang of the talisman making society. She's safe, and you don't have to worry about her. "

Shen Yifan and the others' faces changed. Lin Yi didn't hide his relationship with Tang Yun from these roommates who went through thick and thin together.

Wang Zhong's words made Lin Yi a cuckold-with Lin Yi's personality, how could he just let it go?

"Are you trying to provoke me?" Lin Yi laughed.

"So what if I provoke you? If you dare to make a move here, I guarantee that you will be kicked out of the school today. "

Wang Zhong took a step closer and whispered in Lin Yi's ear,"I forgot to tell you. I'm the one who bought that trending topic. I spent quite a lot of spiritual Jade."

Lin Yi narrowed his eyes at the guy's attitude."Since you're so well-informed, I'm sure you know what happened to Chen Beishan last night?"

Wang Zhong was startled. Although the Disciplinary Committee had ordered for the incident last night to be kept a secret, it still couldn't escape the eyes of the reporters from the news agency.

Even he shuddered at the thought of Chen Beishan's miserable state.

However, Wang Zhong still forced himself to remain calm and sneered,""So what? The dark group can only manage the internal affairs of the Disciplinary Committee, they have no deterrent force to outsiders like us. They might even be worse than a wild dog. "

Lin Yi looked at him strangely,"did I say I'm going to use my identity as a secret agent?" I just want to remind you that I don't think about the consequences when I do things, and I like to do things to the extreme. Are you really ready?"

Being stared at like that, Wang Zhong, who was a senior student, actually felt a chill in his heart. Cold sweat broke out on his forehead, and he subconsciously took two steps back.

Wang Zhong swore that at that moment, he had a terrible feeling as if he was being stared at by a prehistoric beast, as if he could be torn apart at any time.

Wang Zhong seemed to feel embarrassed and snorted, ""You don't know the immensity of heaven and earth. I'm too lazy to argue with a Desperado like you. In any case, you won't be staying here for more than two days."

Shen Yifan and the others heard it clearly and gave him a thumbs up. ""As expected of the big news guy. He's so stubborn!"

Wang Zhong's face darkened, but he couldn't do anything to Lin Yi and the others. He ordered his subordinates, "Remember, you can't let the four of them in. Otherwise, I'll hold you guys responsible!"

"Who said the four of them can't enter?"

Along with a clear voice, Zhuo Qing's elegant figure slowly arrived while waving a paper fan, attracting a lot of stunned gazes. Especially the female students who were present, they couldn't take their eyes off her. Some of them were even infatuated with her on the spot.

"She's a femme fatale, but this guy is a True Blue femme fatale. "

Shen Yifan complained to Lin Yi and the others in a low voice, obviously hurt by what they said last night.

However, the cruel reality in front of them told everyone that it was indeed amazing to have good looks.

Wang Zhong frowned and sized Zhuo Qing up. The surprise in his eyes flashed for a moment but was immediately covered up. He explained patiently, ""They're ruining the school's image and damaging all of our interests. Just because of this, they can't enter."

Zhuo Qing raised her eyebrows. "I was with them yesterday. Can I enter?"

Wang Zhong didn't know what to do. He didn't think that someone would be willing to bind themselves to the four of them. If it was the one he was thinking about, he wouldn't dare to stop them unless he had to give up his future.

"News does need gimmicks, but if there's only attention and no truth, it doesn't seem to be fair to the basic ethics of a reporter, right?"

Zhuo Qing's words immediately ignited Wang Zhong's anger. ""You're teaching me how to do things?"

The news was his profession, but it was also his reverse scale. He respected the other party's background, but it did not mean that he had to kneel and lick their boots unconditionally.

Zhuo Qing looked at him calmly, "if the news of you buying the trending Searches gets exposed, I'm afraid it won't be good for you, right?" I have the original video in my hands. "
