

Bodyguard 9391

Chapter 9391

"You think I'll buy the hot search just because you say so? What a joke. I'm the president of a news agency, and I'm also a public figure on campus. If you want to slander me, you'll have to show some decent evidence. "

Wang Zhong laughed coldly. This kind of thing had no irrefutable evidence. No matter how the other party tried to accuse him, he would teach him a lesson.

In terms of manipulation of public opinion, if he claimed to be second, no one in the school would dare to claim to be first.

Zhuo Qing looked at him with a faint smile. "Are you saying that I don't have any evidence?"

"If you have it, then take it out in public. Stop making insinuations and trying to be mysterious."

Wang Zhong was extremely confident in this. This matter was personally handled by him, and the connections he had found were absolutely reliable internal personnel. The entire transaction process was also extremely careful, and he had repeatedly confirmed that there were no traces left behind.

Evidence?

If he could still be caught as evidence, he would do a live broadcast of him eating shit while standing upside down!

Zhuo Qing looked at him and said lightly, "you bought the hot search on my family's platform. Do you really think I won't be able to find evidence?"

"What do you mean by your ..."

Wang Zhong was suddenly dumbfounded halfway through his sentence. Now that he had finally confirmed the other party's identity, he was instantly shocked and fearful. He hurriedly cupped his hands and said, "So it's you, Lord Zhuo. I'm sorry."

As the two of them had deliberately blocked their voices, the others were confused. They only saw Wang Zhong change from being arrogant to being respectful. In the blink of an eye, he had become Zhuo Qing's Lackey. He was just short of wagging his tail in front of her. It was simply shocking!

As Wang Zhong had said, he was a well-known figure in campus number one. He was a senior and the president of the news Club. Why would he act so arrogantly in front of a freshman?

After a while, they didn't know what Zhuo Qing talked about, but Wang Zhong hesitated for a moment before walking over to Lin Yi and the others with a serious face.

Lin Yi thought the guy was up to something, but the guy just bowed down with a face full of sincerity.

"Four students, I'm deeply sorry for making such a conclusion without investigating the truth and slandering you for affecting the school's image! To express my apology, I'll immediately write a letter to clear your name and try my best to return your innocence. At the same time, I hope to get your forgiveness. "

Lin Yi and the others were stunned.

They had seen people being slapped in the face before, but they had never seen someone so eager to slap themselves in public. The news agency had always been reasonable and unreasonable. Was this guy possessed today?

Zhuo Qing, who was the instigator, covered her mouth and laughed, ""If you're not satisfied, then give him a few slaps. Don't hold back."

"Yes, yes, yes. You're welcome."

"Yes!" Wang Zhong agreed repeatedly. He no longer had the same arrogant look as before, and he was like a completely different person.

"Brother Zhuo, you're taking her as your dog?" Lin Yi looked at Zhuo Qing.

Zhuo Qing smiled and said indifferently, "he's my dog. It's just that no one was watching him. I didn't chain him up."

"Brother Zhuo is indeed unfathomable."

Lin Yi looked at him deeply.

Zhuo Qing smiled. "I'm just average. I'm ranked third in Jianghai city."

With that, he led Lin Yi and the others through the door, and the reporters had no choice but to move aside. Even their boss was kneeling down in front of everyone, what else could they say?

As they entered the main building of Jianghai Academy that was specially built for the festival, the Grand Hall was naturally of the highest quality. In terms of level, it was comparable to the inner court of the Wang family, but the style was completely different. The latter was mysterious and otherworldly, but this place was Grand and majestic.

At this time, the ball was about to start, and most of the people had arrived.

This welcome ball was not only a benefit for the boys, but also an excellent stage for the girls to show off.

One by one, they were dressed up to attend. At the level of the great circle of heaven-breaking, there was no longer the word ugly. They were all beauties with at least an eighth of their looks. At a glance, they all had a myriad of good looks and manners, just like an intoxicating scene of heaven.

"It's such a waste not to have an Auto Show with this lineup," Lin Yi muttered to himself.

"An Auto Show? How can a woman be associated with an Auto Show?"

Shen Yifan, who was beside him, looked confused.

Lin Yi smiled, "there are two things men like the most. A car and a beautiful woman. Of course, they can be put together. But there are no cars here, only shuttles. It's the same."

Shen Yifan's eyes lit up when he heard that. He said thoughtfully, "Then I can let my family try."

"You sell flying shuttles?" Lin Yi asked.

Shen Yifan nodded and said, "Didn't I tell you?" My family is the largest local shuttle manufacturer in Jianghai. 60% of the shuttles on the market in Jianghai come from my family's factory. Next time, I'll bring you guys to have some fun during the holidays. I'll also give each of you one of my precious collection. It'll definitely be fun!"

Lin Yi froze for a long time before finally coming up with a single word. "Awesome."

"Lin Yi big bro!"

The sharp-eyed Wang shiqing saw Lin Yi and the others and immediately rushed over, jumping for joy. The next moment, she hung on to Lin Yi like a koala bear, not willing to get off.

Shen Yifan and Yan Zhongyuan chuckled. ""Old Lin's luck with women sure is good. The girl hasn't fully grown up yet, but she'll definitely be a beauty in the future. Miss Tang Yun has decided that she'll be a pervert."

As for sun Buyi, he did not have the time to pay attention to this. He followed the smell to the place where he could eat. What welcome party? in the eyes of a proper foodie like him, this was just a place to eat!

lin yi didn't want to waste time on these bad friends. he turned to wang shiqing, "where's tang yin?"

"there, she's surrounded by those big flies. lin yi bro, you should go help her out. tang yun sis is so annoyed."

looking in the direction wang shiqing was pointing at, they saw tang yun, who was in a special booth, dealing with jiang ziheng and the others with an impatient expression. although she wasn't dressed up like the other girls, in this environment, tang yun, who was dressed in plain clothes, still stood out.

out of the mud without being stained, out of the water without being evil.

tang yin's eyes met lin yi's through the crowd, and she was overjoyed for a moment before it turned into disgust. she regretted coming to this party if she'd known that she'd be stuck with these annoying people.

after informing shen yifan and the others, lin yi walked forward with wang shiqing.

however, he was stopped after a few steps. ""the vip area is in front. please stop."

"he's my bodyguard. let him come over. "

tang yun's voice came.

at the side, jiang ziheng secretly frowned and suggested, "tang yin, i'm here, you'll be safe. bodyguards should work with bodyguards. let lin bro work with them to guard the perimeter. what do you think?"

as he spoke, jiang ziheng sat on the same sofa as tang yun and even leaned in to pour wine for her.

but at the last moment, the glass was stopped by a hand-it was lin yi, who had been stopped ten meters away.

Chapter 9392

"She can't drink, let me do it."

With that, Lin Yi took the glass and finished it in one gulp.

Jiang Ziheng's eyelids twitched. He turned to his bodyguard and said angrily, "You can't even stop a person, what are you doing!"

Lin Yi nodded in agreement. "The bodyguards you guys arranged aren't that great. If I didn't stand closer, I wouldn't be able to rest assured of my miss 'safety."

Jiang Ziheng was choked by her words and couldn't speak for a long time.

He wanted to slap Lin Yi in the face, but the reality was right in front of him. If Lin Yi was a criminal, Tang Yin would've been dead by now. He couldn't say that Tang Yin was safe no matter how thick-skinned he was.

unable to talk back to lin yi, jiang ziheng turned to tang yun and said, "tang yin, i remember you saying that he's not allowed to get within ten meters of you, right? i think lin bro's crossed the line this time,"

lin yi looked at tang yin, and wang shiqing was nervous as well.

if tang yin were to speak up for the other party, it'd be quite embarrassing for someone of lin yi's status.

tang yin was confused,"huh? did i ever say that?"

"this ..."

tang yun's reaction confused jiang ziheng. he forced a smile and reminded her,"i think you mentioned it to me before, tang yin."

"is there? no way. if he's not allowed to be within ten meters of me, how can he still be considered a personal bodyguard? senior jiang, you must have remembered wrongly. "

tang yun's actions made jiang ziheng speechless. in the end, he could only say helplessly,""oh, really? i might have remembered wrongly. "

wang shiqing chuckled and whispered to lin yi,"tang yun sis is still very protective of you when you need it."

tang yun glared at him and sent lin yi a message through her spirit sense, "don't think too much. today is just a special occasion. in the future, stay as far away from me as you can. remember that!"

"you're the leader, you have the final say. "

lin yi shrugged his shoulders without any sincerity and sat down beside tang yin.

"why are you sitting here?" tang yin was both embarrassed and angry.

Lin Yi looked left and right, his face innocent. "But there are no seats around. If I don't sit here, I can't sit on the ground, right? I can't do anything that would embarrass you, leader. "

Tang Yin didn't know what to say-she stomped her feet and cursed in a low voice, "Rascal!"

At the same time, Wang shiqing squeezed to the other side of Tang Yun, separating Jiang Ziheng from her.

The point was that she was such a delicate little girl, and she was Tang Yun's personal maidservant, so Jiang Ziheng couldn't help but be angry.

Tang Yin was so protective of the annoying Lin Yi-he'd never get Tang Yin's attention again if he said anything bad to the girl.

There was a commotion at the door, and Lin Yi was stunned when he looked over.

Chu Mengyao!

He saw Chu Mengyao here!

He'd been thinking about it ever since that glimpse he'd had at the food street last night-he couldn't see her face from the angle, but that figure and aura were too similar to the person he'd been dreaming of.

It was just that the person disappeared in a flash, and by the time Lin Yi used his spirit sense to check, there was no trace of him, so he thought it was an illusion. He didn't think that he would appear in front of him today, alive and well, and to attend the freshmen ball!

In other words, Chu Mengyao was also a new student!

It wasn't just Lin Yi-Tang Yin was equally shocked as well, "Why is she here? What is she doing here?"

"You still remember her?" Lin Yi asked, surprised.

"We were classmates, how could I not know her?" Tang Yin looked at him, confused. You, on the other hand, actually claimed to have a very close relationship with me, but I have no impression of you at all. It's clear that you have bad intentions, a pervert!"

"Yes, yes, leader is right."

Lin Yi didn't mind at all, and Tang Yin rolled her eyes at him, "I'm not complimenting you!"

"It's fine, I think it's all the same. "

Lin Yi laughed as he confirmed his suspicions about Tang Yin. She didn't really lose her memory-she remembered most of the things that happened in the past, but only everything that had to do with him.

The only possible explanation was that she had been affected by the emotionless art during her long coma. Whoever she had the deepest feelings for, the relevant memories would be blocked by the subconsciousness of the cultivation method.

However, even though the source had been found, there was still no solution. He could only take it one step at a time.

No matter what, at least Tang Yun was safe for now. The most important thing now was Chu Mengyao's sudden appearance. At the very least, they had to confirm whether the person was Chu Mengyao or not!

Lin Yi said as he stood up impatiently.

At the same time, Mengyao's eyes fell on him as well, an uncontrollable joy in the depths of her eyes. She subconsciously wanted to run towards Lin Yi.

But she stopped just as she raised her foot and looked at Lin Yi calmly before forcing herself to look away.

Lin Yi paused-what did that mean? Did Mengyao lose her memory as well?

If he didn't lose his memory, how could this be explained? Or was it that she wasn't Chu Mengyao, but just happened to look similar to her? but wasn't that too similar? even twins shouldn't look like that?

While Lin Yi was in a dilemma, Jiang Ziheng, Wang Zhong, and the others had already rushed over to greet him. However, they weren't trying to curry favor with Chu Mengyao, but the young master who appeared with her.

He was the son of the Jianghai city Lord, Li Muyang.

As long as the city Lord was in power, Li Muyang would undoubtedly be the leader of the second generation of Jianghai city. Even if he had nothing else, his status alone was enough to make 99% of Jianghai city's people weak in the knees.

Li Muyang did not seem to care about Jiang Ziheng and the others' flattery. He turned to his side and said, ""Miss Chu, although the freshmen welcoming party is a tradition of our school, there's nothing much to see. Why did you want to come here? Why don't we go to the Tian Hua club? the environment and style there are much better than here. I believe you won't be bored. "

Lin Yi was certain that the person was Chu Mengyao after hearing the name "Miss Chu."

But this only made him more confused. Why was Chu Mengyao here?

Was it a pure coincidence, or did he come here after me?

Also, what was her relationship with Li MUYANG?

The series of questions made Lin Yi more and more uneasy. He didn't rush up because of the situation, but he tried to send a message, "Yaoyao, is that you?"

It was like a stone sinking into the ocean.

Mengyao just smiled, not thinking much of it. "Since it's the freshmen ball and I'm a freshman, how can I not come here?"

"That's true. "

Li MUYANG agreed with his words, but he was complaining in his heart. You didn't even attend the school opening ceremony during the day, and you still care about this?

Chapter 9393

Chu Mengyao's beauty was already outstanding to begin with, and she was listed as one of the three campus belles of the freshmen just by showing her face a little. Now that she had Li MUYANG as her noble escort, Jiang Ziheng and the others naturally didn't dare to neglect her. For a moment, they were like the stars surrounding the moon.

chu mengyao didn't care about these people's flattery. she walked forward and sat down directly opposite lin yi and the others. however, she wasn't facing lin yi, but tang yun.

lin yi was surprised and suspicious, and was about to say something when mengyao spoke up first, looking at tang yin with a strange expression. "you're here to dance too?"

"so what if i am? so what if i'm not?"

tang yun frowned. although all her memories related to lin yi were sealed, she still felt some hostility towards chu mengyao instinctively. it was the hostility between women.

"I'm just curious about who your dance partner is. It can't be him, right?"

Mengyao's casual glance at Lin Yi made him feel as if there was a dagger on his back. It was as if he was caught having an affair with his wife, and he was embarrassed.

However, this familiar feeling of awkwardness was a relief to Lin Yi. At least he could be sure that Mengyao didn't lose her memory!

He just didn't know why they didn't want to acknowledge him.

"Of course not ..."

Tang Yin was about to deny it when she changed her mind, "Why not him?"

Mengyao looked at Lin Yi, her eyes full of meaning. "Isn't he your bodyguard? Aren't you afraid that he'll do something he shouldn't do if he's your dance partner? there aren't many honest bodyguards in the world. "

Lin Yi blushed at the comment-the guy was talking about himself, after all! The memories of him being Mengyao's bodyguard were still fresh in his mind.

"He's my bodyguard now. What does it have to do with you if he's not being honest?"Tang Yin retorted.

"It doesn't matter, but I've seen injustice on my way and I don't like it."

Mengyao hmped back.

Looking at the two new campus Belles 'daggers drawn stance, the bystanders who did not know what was going on could not help but look at each other and discuss in private before finally reaching a consensus.

Two tigers couldn't live on the same mountain, and those in the same profession were indeed natural enemies.

At this moment, Li MUYANG led Jiang Ziheng and the rest over. When he saw Tang Yun, his eyes lit up and he chuckled at the people around him. "It seems that my previous conclusion was indeed a little arbitrary. This year's freshmen welcoming party is very interesting. It's worth coming."

"Young master Li is brilliant. This year's freshmen welcoming party is indeed different from the past. Young master Li's presence brings light to our humble dwelling and is a blessing for all the freshmen."

Wang Zhong's kneeling posture was so shameless that even Jiang Ziheng couldn't stand it and secretly pouted.

However, it was impossible for him to refute. He curled his lips not because the other party was licking Li MUYANG's boots, but because the other party's boot-licking was too on point, leaving him with nowhere to lick.

Jiang Ziheng immediately suggested, "President Wang, since everyone's here, can we start the ball?" We can't just let young master Li wait here. Let him choose his dance partner first, shall we?"

As soon as he said that, the boys' faces changed.

What were they looking forward to at the freshmen welcoming party for? Wasn't it all for the chance to dance with the fresh new girls and find an opportunity to get close to them?

Now, he had to give the first choice to li MUYANG and put on a show of choosing a concubine in the harem. If he chose the girl he liked, wouldn't he be cuckolded in front of everyone?

This is f * cking bearable!

However, when they saw li MUYANG's aura, they instantly lost their temper. In the face of such a high and mighty figure, what could they do if they could not bear it?

If they dared to make any moves, young master Li would not even need to move a finger. A large group of high-level bootlickers would come and crush them.

Wang Zhong quickly interjected, "President Jiang is really noble and unquestionable. Not bad, not bad. We should let young master Li choose his dance partner first. I believe that the girls here have long admired young master Li. If they can catch young master Li's eye today, it will definitely be a blessing for them for the rest of their lives."

Li MUYANG laughed out loud. "The two of you have no integrity at all. However, you're not wrong. Since everyone has good intentions, I'll accept it."

Then, he stood up and scanned all the pretty girls in the room. His eyes scanned Tang Yun for a while before finally landing on Chu Mengyao.

"Lady Chu, may I have the honor of dancing with you?"

Li Muiyang bent down elegantly. If it was not for the scene just now, those who did not know would be impressed by his gentlemanly demeanor. Little did they know that he was an old pervert.

Jiang Ziheng heaved a sigh of relief. The only reason he dared to suggest this was because he knew that Li Muiyang was only interested in Chu Mengyao. Even if he was interested in Tang Yun's beauty, he wouldn't make a move now.

This gave him a chance.

Lin Yi, on the other hand, frowned. He was about to step out and help Mengyao out when Mengyao stopped him with a look that he didn't know if it was intentional or not.

Under everyone's gazes, Mengyao raised her brows, "That's the way it looks, but in reality, it's no different from a barbarian. You were right about what you said before. This kind of welcome party is indeed a little low-class."

"Uh ..."

Li Muiyang was so embarrassed that he did not know what to say. Wang Zhong quickly stood up and helped him out of the situation, "I wonder what advice does lady Chu have? Actually, as the host of the welcome ball, I've been thinking of ways to improve the style of the ball. If Miss Chu has any good ideas, I'll definitely do it. "

Mengyao sneered back. "Nothing much, I just found it funny. We girls are already goods for you to pick from, what class are you talking about?"

"But isn't this how a ball has always been?" Wang Zhong could not help but choke.

"It's always been like this, but it's not always right. "

At this moment, Zhuo Qing suddenly interrupted, "I think what Miss Chu said makes a lot of sense. All the guys like to flaunt themselves as gentlemen. Why don't we do something that really suits the temperament of a gentleman? we can give the power of choosing a dance partner to all the girls. What do you think?"

As soon as he finished speaking, all the girls' eyes lit up.

this guy's image and temperament were extremely outstanding. with a frown and a smile, he could even turn straight men gay, not to mention the vast number of girls.

now that he had done this, it was easy to imagine how attractive it was to the girls present. some of the fangirls couldn't even control themselves and wanted to rush over. fortunately, there were security guards to stop them.

wang zhong looked at li muyang awkwardly. he wanted to say no, but when he thought about zhao qing's status, he did not have the guts to do so.

zhao qing glanced at him. "do my words not work?" she asked.

Chapter 9394 Power

"Good, good, it's definitely good."

Wang Zhong broke out in a cold sweat. He did not dare to look at Li MUYANG and the rest, who had a dark expression on their faces. He summoned up his courage and announced, "Since that's the case, we'll change the rules this year to allow the majority of the girls to choose their dance partners. If any of the girls like a dance partner, they can take the initiative to invite them."

All the girls in the audience cheered.

Li MUYANG's face darkened even more. He didn't even care about a ball of this level. He was here for Chu Mengyao, and also to enjoy the emperor's concubine selection.

Although he could play this kind of harem game anytime and anywhere with his power, the women he seduced with his power were completely different from these girls in school. Even if they were more flirtatious and tamed, they were not as exciting as having sex with a girl from a good family.

But now, the opportunity to enjoy this excitement was gone.

What pissed him off even more was the possibility of Chu Mengyao escaping his control.

Seeing this, Jiang Ziheng explained in a low voice, "Young master Li can rest assured. Since these new students are able to reach the great circle of heaven breaking, they are naturally not stupid. If Miss Chu

really chose them jokingly, they would not dare to respond. I think they still know which is more important between beauty and their lives."

Li MUYANG's anger was slightly appeased, and he nodded slightly.

At this moment, the girls present couldn't wait to start picking their dance partners. This freshmen welcoming dance was not only a hunting ground for the boys, but also for the girls.

There were more than one or two girls who wanted to take this opportunity to hook up with a rich man.

As the obvious perfect husband, Li MUYANG was the center of attention. Even though there were not many girls who dared to look for him due to his identity and invisible power, there were always people who were more courageous than others.

In just a short while, there were no less than ten people who had found Li MUYANG.

However, with Li MUYANG's standards, even though these girls were all pretty, they were still not enough to catch his eye. With a casual wave of his hand, he sent them away, and his attention was still on Chu Mengyao.

As the first person to do so, Mengyao didn't get up herself. She looked at Tang Yun, "Aren't you going to pick your dance partner? Aren't you afraid that he'll be snatched away?"

She didn't say it out loud, but Mengyao glanced at Lin Yi when she said the word "him." The meaning was obvious.

"Why?" Tang Yin asked, confused. Besides, no one said I have to dance, can't I just watch the fun?"

Jiang Ziheng, who was beside him, was shocked when he heard this and quickly said, ""Tang Yin, there's a tradition at the ball-everyone has to dance at least one dance before they can leave. Is that right, President Wang?"

wang zhong nodded in understanding. "that's right. the purpose of the freshmen welcoming party is to get closer to the students. if everyone just comes to watch the fun and doesn't dance, it will be meaningless."

what a joke, they spent so much effort on this welcoming party just to get close to her, how could they let go of a beauty like tang yin?

"so troublesome."

tang yin couldn't help but furrow her brows. she was a clean and honest person, and she didn't even want to be in contact with lin yi or any other man. she didn't even want to hold hands, let alone dance.

however, if this was the traditional rule, she couldn't break it openly because of her own selfishness. what should she do?

tang yun glanced at lin yi, only to see him staring at chu mengyao. she couldn't help but feel annoyed and blurted out, "then you'll do."

"Ha?"

The surrounding people were stunned.

The others were just a little surprised and envious, but Jiang Ziheng had already regarded Tang Yun as his exclusive property. Even Li MUYANG didn't want to give her up, let alone Lin Yi, who had been going against him time and time again.

Even Lin Yi himself was surprised. He knew that Tang Yin had lost her memories, but her feelings towards him were very complicated. She should be grateful that she didn't let him get out of the way, but she asked him to dance with her?

What kind of wind was this?

Mengyao chuckled when she saw Lin Yi open his mouth, not knowing how to react. "It seems that your bodyguard is not very willing. Why don't you let me have him?"

Once he said that, everyone was shocked again.

Li Muiyang, who was determined to get Chu Mengyao, glared at Lin Yi with murderous eyes. If Lin Yi dared to nod his head, he wouldn't let the kid live through the night!

As long as they were in Jianghai, Li Muiyang's words had never fallen through!

Lin Yi, the lucky guy who was the envy of all the boys, was now under the gazes of the two girls. It didn't matter which one he agreed to-this was a F * cking hell.

At this moment, Wang Shiqing quickly whispered in his ear, ""Big brother Lin Yi, you have to promise Tang Yun sis, or she'll hate you even more, and you might never get your memory back."

She didn't know Chu Mengyao, nor did she know the relationship between Lin Yi and Chu Mengyao. Naturally, she sided with Tang Yun.

Lin Yi hesitated for a moment before nodding apologetically to Mengyao under everyone's gazes. He then stood up and extended his hand to Tang Yun.

Li Muiyang, who had been watching coldly from the side, heaved a sigh of relief. Jiang Ziheng, on the other hand, was burning with jealousy. He shouted coldly, "You're just a bodyguard, how dare you dance with Tang Yin? How can you taint the face of the Wang clan, a clan of formations?"

As she spoke, she tried to force Lin Yi's hand away, but was blocked by a paper fan. Zhuo Qing's leisurely voice sounded, "Since we're all classmates, we're naturally of equal status. What's the difference between high and low? President Jiang, don't be too vain. "

"And what are you ..."

Jiang Ziheng flew into a rage and was about to vent his anger on Zhuo Qing, but Wang Zhong stopped him with a look. He was afraid and chose to stop.

Under everyone's gazes, Tang Yin finally put her hand on Lin Yi 's, her face blushing as the two walked to the dance floor.

Mengyao was quite jealous, but she didn't show it on her face. Instead, she said,"If that's the case, can you dance with me?"

To everyone's surprise, the person she was pointing at was not Li MUYANG, but Zhuo Qing, who had stepped out to interfere.

Li MUYANG's eyes were on fire as he glared at Zhuo Qing with killing intent. "Don't you dare!"

Zhuo Qing responded with a nonchalant smile,""Why wouldn't I?"

He didn't even look at Li MUYANG as he followed behind Lin Yi and Tang Yin, entering the dance floor with Mengyao.

Chapter 9395

As the music started playing, dozens of couples entered the dance floor. Tang Yun and Lin Yi, Chu Mengyao and Zhuo Qing naturally became the center of attention.

The dance they were dancing was the social dance from the secular world. With the widespread spread of technological products, many customs of the secular world had naturally been integrated into the daily life of local cultivators. This was just a small microcosm of it.

She was standing right in front of Lin Yi, face to face, and felt the warmth and strength of the man's hand on her waist. Tang Yin's heart couldn't help but beat faster, and she didn't dare look Lin Yi in the eye.

In her panic, she almost tripped over herself. Fortunately, Lin Yi caught her, but they were closer now. Lin Yi's hot breath almost touched her face. Their eyes met, and she blushed.

Lin Yi couldn't help but laugh at Tang Yin's girlish face.

However, he was happy for less than two seconds before he broke out in a cold sweat again, because a pair of resentful eyes were staring at his back, not moving away for a moment.

Zhuo Qing looked helpless. "Miss Chu, you're dancing with me but you're staring at someone else. You're making me very embarrassed."

mengyao looked at him curiously. "you're interested in me?"

zhuo qing laughed. "look at what you're saying. miss chu is such a beautiful woman. any man would be interested in her. how could i be an exception?"

"then are you?"

chu mengyao replied with a meaningful smile.

zhuo qing didn't know how to react. they were just in time to exchange dance partners. chu mengyao turned around and got in front of lin yi, while tang yun was squeezed to zhuo qing's side.

mengyao stomped on lin yi's foot as the two got closer and spoke through her divine sense, ""dancing with her in front of me, what are you trying to do? heartless man!"

lin yi blushed, but quickly reacted, surprised and overjoyed.

but before he could say anything, mengyao stopped him with a look. she continued to speak carefully through her spirit sense, "don't talk to me. i'm being closely monitored 24/7. if they find out about our relationship, i'm afraid you'll be in trouble too. "

lin yi was shocked. he started dancing with mengyao and used his spirit sense to ask, "who are they? yaoyao, you're being controlled?"

"It's a long story. I can't explain it in a few words. In short, I have to be careful with my every move. You must be careful too. Don't let them notice anything strange."

Mengyao hinted with her eyes.

Lin Yi followed the direction she pointed and didn't use his spirit sense to scan the area. He followed the dance and found an old man in an inconspicuous corner, drinking coffee leisurely.

One look was enough to send shivers down Lin Yi's spine-he wouldn't have noticed the old man's presence if it weren't for Mengyao's reminder!

It wasn't that the person was hiding well-in fact, Lin Yi had seen this person at least five times, and with his powerful spirit, he was a Super Brain. He could remember everything he saw, but he had no impression of this person.

That strange sense of existence made people shudder.

"Even if you are using divine sense, you have to be careful. In front of a true immortal soul expert, you can be seen through at any time."

lin yi raised the threat level to the max-he had to at least admit that the guy could do what he could do, or he'd be giving himself a hard time.

"i know, that's why i didn't dare to talk to you when we were far away. it's better this close, i can barely talk to you."

mengyao's eyes met lin yi 's, half-delighted and half-excited-that instant made lin yi's eyes go blank for a moment, but he quickly moved them away, his eyes filled with reluctance.

lin yi wanted to say a few more words to get to know more about her situation, but he was pushed away by mengyao.

they just happened to switch dance partners again, and by the time lin yi came back to his senses, the beautiful woman in front of him was tang yun.

tang yin's eyes were full of disdain and disgust as she hmped. "you're indeed a pervert! you want to take advantage of a beautiful woman!"

"I didn't do anything."

Lin Yi felt even more wronged than Dou er, and Tang Yin rolled her eyes at him."You did nothing? Then why did she step on you just now?"

Lin Yi didn't know what to say.

The music stopped all of a sudden-li Muiyang and the others couldn't stand it any longer, especially Lin Yi, who wasn't even qualified to be in their eyes.

Mengyao couldn't help but sigh-she'd wanted to use this opportunity to spend more time with Lin Yi, after all-she didn't know when she'd get another chance like this again.

But since things had already come to this, in order to avoid suspicion, she couldn't force it, so she immediately took the lead.

Seeing Chu Mengyao and Tang Yun leave the stage, Wang Zhong looked at li Muiyang and Jiang Ziheng's ashen faces and tried to salvage the situation,""The two junior sisters are the focus of this ball, so they'll definitely have to dance two more. They can change partners after a break."

Only then did li Muiyang and Jiang Ziheng's expressions ease up a little. Although they did not manage to get first blood from their respective targets, it was still acceptable if they could get second blood.

Mengyao's response was,""I'm tired. Let's go home. "

Then, without even looking at li Muiyang's face that was as purple as a pig's liver, under the gazes of all the men and women in the audience, he walked out of the hall.

It wasn't that she didn't want to talk to Lin Yi anymore, but that brief contact just now was already making it hard for her to control herself. If it wasn't for her strong will, she wouldn't even be able to hold back the thought of lying in Lin Yi's arms. If this continued, she'd be exposed in front of the surveillance. For safety reasons, she could only keep a distance.

As soon as she left, the large hall suddenly became much dimmer.

Even Tang Yun had made the same decision and left with Wang shiqing without saying a word.

For a moment, the originally cheerful atmosphere became unusually silent, awkward, and strange.

Everyone's eyes subconsciously fell on Lin Yi-this guy was the biggest winner of the night. He'd tasted Tang Yun and Chu Mengyao's beauty after just one dance-how the F * ck could he take it?

If jealousy could kill, Lin Yi would've died a hundred times already.

"Young master Li, the limelight today has been completely stolen by that brat. I'm really unwilling to accept this." Jiang Ziheng indifferently fanned the flames beside li Muyang.

To his surprise, li Muyang didn't seem to mind at all. He didn't even look at Lin Yi as he spoke, "What's there to be unwilling about? why are you so calculative with a dying person?"

Chapter 9396

"A person who is about to die?"

Jiang Ziheng's eyes lit up and he continued to strike while the iron was hot. "Although that kid doesn't have a strong background, he is a little evil. I wanted to teach him a lesson before, but unfortunately, I was rejected. I heard that he was even pulled into the secret department of the Disciplinary Committee by Han Qi."

When Li MUYANG heard this, he laughed, "Han Qi?" You're right. That kind of trash is just a pool of mud to me. I usually don't care about him. I don't think he's dirty, so I'll step on him. Would anyone advise me not to step on him? Hehe. "

At this moment, Wang Zhong carefully interrupted, "that Lin is a servant of the Wang family. If we don't give him a reason, wouldn't it be a problem if we just kill him?."

This matter concerned the talisman patrician family, the Wang family, and even Li MUYANG, the son of the city Lord, couldn't do as he pleased.

"Isn't it easy to find an excuse? don't new students have to do a test when they enter the school? isn't this a ready-made excuse?" Li MUYANG said casually.

Jiang Ziheng and Wang Zhong looked at each other. "Although there is a practical part in the freshmen assessment, it's just some low-difficulty missions. There's not much danger. That kid fought with Chen Beishan last night, and he's quite strong."

Li MUYANG chuckled. "Then, we'll take care of him. We'll increase the difficulty for him. How about the Lu renwang?"

"Ha?"

Jiang Ziheng and the other man did not react for a moment. "The newcomer King from last year? He's strong, and he's definitely stronger than his peers. He's more than enough to deal with Lin Yi, but he doesn't seem to care about anyone else. Did Major General Li tame him?"

Li Muiyang raised his eyebrows. "No, I didn't. There are so many experts in the city Lord's mansion that I don't need to use. Why would I need to specially tame a hothead?"

"Then how do we get him to deal with Lin Yi?"

Jiang Ziheng and the other man were even more confused.

Li Muiyang looked at the two of them in disdain. "You still don't understand? How were they supposed to find out about the new students? Wasn't it just finding some weaklings to be their mission targets? As long as Lu Renwang becomes Lin Yi's mission target, wouldn't that be enough?"

"But the targets of the missions are all wanted criminals. Lu Renwang might be a fool, but he doesn't seem to have done anything illegal."

Wang Zhong was still confused.

Jiang Ziheng pondered for a moment before reacting. "Young master Li, do you mean to help Renwang Lu and make him a wanted man by the government?"

Li MUYANG took a sip of red wine with a faint smile on his face. "I heard that he has a younger sister who is quite pretty."

It was a quiet night.

The next day, before the sky had even brightened, all the freshmen were awoken by a series of urgent whistles, and then all of them were assembled.

"From today onwards, I will be the counselor of your class five. Remember my name, I am Zhu Jie."

A burly man with red hair spoke to the group.

There were twenty classes this year, and each of them had a counselor as well as a lecturer. The counselors of the other classes had already shown themselves yesterday, but it was the first time Lin Yi's group had seen their counselor in class five.

Zhu Jie's gaze was like fire. Those who were glanced at by him subconsciously retreated. They felt that if he looked at them again, they would fall into a sea of purgatory fire.

Even Lin Yi couldn't help but be shocked. This person's cultivation level was even higher than Chen Beishan's!

"I don't have any nonsense to say here. In the next three days, all of you new students will have to go through an evaluation. The evaluation method is very simple, which is to complete a mission. The school will score you based on your performance in the mission and give you corresponding credits as a reward."

Zhu Jie's words immediately caused a wave of whispers.

"Teacher Zhu, may I ask what the mission is?" someone raised his hand and asked.

"Everyone's mission is different, including the corresponding scoring mechanism. It's all in your respective envelopes."

As Zhu Jie's voice fell, over a hundred letters suddenly scattered out like a rain of fire, landing accurately in the hands of every freshman present.

Shen Yifan opened the box first. "Heavy battle in pursuit of a fugitive. Strength at the initial stage of the heaven-breaking consummate level. Mission Difficulty: Low."

Yan Zhongyuan was next. "Capture the thief, Yang Fei. Strength: initial stage of heaven-Sundering completion. Difficulty: Low."

Then it was sun Buyi's turn. "Gather information about the Black Dragon triad's stronghold. Mission difficulty: elementary."

The three missions were all at the basic level of difficulty. It could be seen that this was the basic position of this year's freshmen. For a master at the great circle of heaven-Sundering, as long as it was not particularly biased, it should not be a problem. The only difference was the degree of completion.

When it was Lin Yi's turn to open the envelope, Shen Yifan and the others were all stunned.

"Killed the murderer, Lu renwang. His strength is at the initial stage of the heaven-breaking consummate level. The difficulty of the task is at the initial level."

Other than sun Buyi's intelligence mission, the other missions were all to capture and capture the early stage of heaven-breaking full cultivation, but Lin Yi's mission was to kill the early stage of heaven-breaking full cultivation, and the difficulty level was the same. The question was written on everyone's faces!

"I've heard of this Lu renwang before. He was recognized as the new student King in the last batch. He's undefeatable among his peers. He should be the boss of the second-year students now. How did he suddenly become a murderer?"

Shen Yifan couldn't help but ask.

Suddenly, sun Buyi handed over his phone, ""Look at this."

The most eye-catching campus hot search bar on the phone: Lu Xiaomei was raped and killed, and the Lu renwang went berserk, causing two deaths and two injuries!

"What happened last night? It's not even daybreak yet and I've already become your mission target? Old Lin, I think this is a little evil. We have to be careful. "

Shen Yifan immediately smelled a conspiracy.

Yan Zhongyuan, who had been silent all this while, reminded him,""Lu renwang isn't an ordinary heaven-Sundering consummate level cultivator. He should be at the peak of the early stage of heaven-Sundering consummate level, and he's the strongest kind."

Although the class had not officially started, some basic knowledge of the complete heaven crushing realm had already been popularized among the new students.

As the end point of the heaven-breaking realm, and also the preparation for the next great realm, the great circle of heaven-breaking could be said to be a special stage of rebirth.

Just like all the previous stages, on the surface, they were divided into seven small stages: initial stage, peak of initial stage, middle stage, peak of middle stage, late stage, peak of late stage, and finally, the completion.

However, in the level of perfection, because the accumulation time was longer than the first few levels of the entire heaven-breaking stage, it was also divided into similar levels of perfection, such as the early stage, the peak of the early stage, the middle stage, the peak of the middle stage, the late stage, the peak of the late stage, and the ultimate perfection!

As for those who had completed the final realm, they were also known as half-step Supreme realm experts. They could take that step into the Supreme realm at any time, or they could be trapped here forever, never reaching the threshold of the Supreme realm.

Chapter 9397

whether it was lin yi or the other freshmen, they were all at the early stage of the great circle of heaven-breaking, and last year's rookie king, lu renwang, was a name that all the freshmen had heard of. he was at the peak of the early stage of great circle of heaven-breaking, and might even be in the middle stage.

for such a target to be set at the early stage of the consummate level, and with an elementary difficulty at that, could it be that zhu jie, who had issued the mission, had made a mistake?

it would be strange if a freshman at the initial stage of the heaven-cleaving complete realm was allowed to fight someone at the peak of the initial stage of the heaven-cleaving complete realm, and the key was that the person was publicly acknowledged to be the toughest of all. it would be a wonder if there was no problem with this kind of freshman evaluation mission.

"mr. zhu, i think there's something wrong with my mission. everyone else's target is at the early stage of the complete heaven-breaker realm, but mine is at the peak of the early stage of the complete heaven-breaker realm. the difference is a bit too much," lin yi said.

zhu jie stared at him for a while and said slowly, ""every new student's assessment mission is arranged by the academic affairs office. if you feel that you have a problem, you can go to the academic affairs office to report it, but it's hard to say if it'll be useful."

"academic affairs office?"

Lin Yi was just about to ask when Shen Yifan reminded him, "It's very difficult to enter the Academic Affairs Office. The people in power there are all extremely experienced and stubborn old men. Unless they have the backing of the city Lord's mansion, the possibility of them changing their words and slapping their own faces is zero."

"So you're saying that I'm going to suffer this loss?" Lin Yi blinked.

"I'm afraid it's not just a matter of suffering losses. If you really go against the Lu family's King, your life will be in danger. They want you to die. "

"If old Yan and I go with you, we might have a better chance of winning," Shen Yifan said worriedly.

"If that's the case, the three of you can wait to drop out of school together. You can't cheat once for life. This is the school's dead rule, don't you know?"

Zhu Jie glanced at Shen Yifan and Lin Yi before turning to Lin Yi, "Lu renwang is indeed ferocious, but after the fierce battle with the guards from all over the world last night, his current strength is less than half of his peak. If we make good use of this opportunity, we might have a chance."

"Many thanks."

Lin Yi didn't know what position the man had on this matter, but he still cupped his hands in thanks. He suddenly asked, "What will happen if I give up?"

Zhu Jie looked at him with a faint smile, "the reward is zero. There will be a chance to take the make-up test, but the difficulty will be higher. If you can't pass the make-up test, then you can wait to be expelled. This place is not suitable for you."

The words cut off Lin Yi's path of retreat. Tang Yun was here, Chu Mengyao was here, how could he quit?

"I'll ask around and see who's behind this. "

Shen Yifan said in a deep voice. He then walked to the side and made a phone call. As the heir of the largest flying shuttle group in Jianghai, although his background was not as prominent as Li Muyang's, he had quite a good network of connections.

After a while, Shen Yifan returned with a serious expression. "I've asked one of the school's management staff who is familiar with my father, and his reply was only one sentence. He said that this is an internal affair of the Academic Affairs Office and outsiders are not allowed to interfere."

"Seems like he's at a pretty high level," Lin Yi said, thinking.

"That's right. Although the Academic Affairs Office is powerful, it's by no means a secretive Department. If it's someone under me who's playing tricks, with my uncle's status, even if he can't directly intervene, he can at least ask a few questions."

Shen Yifan came to a conclusion. "The only explanation is that the person behind this is of a very high rank. It's very likely that he's already at the top of the Academic Affairs Office."

Lin Yi pouted, interested. "When did I have any interactions with the higher-ups of the Academic Affairs Office?"

"You don't know them, and they don't know you, but you can't stand the fact that there's someone behind you! I have a rough guess as to who this person is. "

Shen Yifan and Lin Yi looked at each other and said in unison, ""Li MUYANG."

There wasn't even a need for direct evidence-logic was the only thing that could've worked. The only person who had the power and motive to get involved with the higher-ups in the administrative office was the mayor's son, who had a Halo around him.

As for people like Jiang Ziheng, they had the heart, but they did not have the strength.

Yan Zhongyuan, who had always been silent, suddenly said, ""This is the first time I've felt that not being popular with women is a good thing."

"Brilliant!"

Shen Yifan and sun Buyi both liked it.

Lin Yi was speechless as he shrugged helplessly. "I'm a Firefly in the night, okay?"

At this moment, Zhu Jie said in a clear voice, "you have all received your evaluation tasks and should be clear about it. The time limit of the tasks and the corresponding evaluation standards have been written on the back. One last reminder, the tasks are very simple. If you can't even pass this, I will make sure that you drop out of school, so as to not ruin the school's image."

After taking one more look at Lin Yi, Zhu Jie's body started to burn and he disappeared, leaving everyone dumbfounded.

Even Shen Yifan, a native, couldn't help but praise, ""It's indeed the most impressive local Academy. Just one counselor is already at such a level. There are indeed many hidden dragons and crouching tigers. It's truly worthy of its reputation."

"He can kill us all by himself," Yan Zhongyuan nodded.

Lin Yi agreed-if it had been this counselor instead of Chen Beishan last night, he wouldn't even be able to take a direct hit, much less learn while fighting.

"The problem now is, how do we break out of old Lin's trap?"

Sun Buyi asked as he nibbled on a horseshoe crab that he had gotten from somewhere.

The few of them fell silent.

On the surface, unless Lin Yi didn't care about being expelled, there was no way he could get the dean's office to retract their orders. After all, the possibility was close to zero.

Tang Yin's crisp voice came from behind Lin Yi. "Why don't I ask my family to think of a way?"

Lin Yi blinked. Tang Yin and Wang shiqing were already three steps away when he turned around, and he mumbled to himself. "Didn't you ask me to stay ten meters away ..."

Tang Yun choked on her words, and her face turned red. Even Wang shiqing couldn't help but look sad.

A straight Man of Steel!

Shen Yifan and the others couldn't stand it anymore. "Why do you have to have such a good relationship with women? wouldn't it be a waste if I gave it to you?"

Tang Yin froze for a moment before turning away with a red face. Lin Yi said, "I can handle this, don't worry."

"I don't care," Tang Yin said, pausing. You're thinking too much!"

"What's your mission?" Lin Yi smiled. Is it difficult?"

"It's very simple, just a normal formation test, similar to when I was hired. With me here, Tang Yun sis will be fine. "

Wang shiqing answered on behalf of Tang Yun. As a personal maid, she wasn't an official student, so she didn't have a test.

Chapter 9398

"It really depends on the dish. This arrangement is a little interesting."

Lin Yi smiled. Tang Yin wasn't very good with formations, but she could ask Wang shiqing for help. After all, Wang shiqing was basically Tang Yin's property, and it wasn't considered cheating.

But this was what Lin Yi wanted-he didn't care what happened to him, as long as Tang Yin was fine, he could solve any problem.

"You're still my bodyguard in name. It'll affect me if you die trying to be brave. Take it easy. If you can't do it, just admit defeat."

Tang Yun said in a bad mood and left with Wang shiqing.

The other classmates left as well, leaving only Lin Yi and the others.

"The time limit for the mission is three days. The most recent witness report of the target murderer is at three o'clock in the morning, on the abandoned island on the western coast."

Looking at the brief mission information in the envelope, Lin Yi felt that the conspiracy was getting stronger and stronger.

Shen Yifan made the same judgment. "On the abandoned island of the western coast, all the sea and air routes have long been cut off by the officials. Entering here is almost equivalent to giving up all the retreat routes. Old Lin, it seems like they're not only targeting you, but they're also targeting you to death!"

If it were any other place, even with additional official surveillance, there was still a possibility of the target escaping.

Even if he failed the mission, at least Lin Yi's life wouldn't be in direct danger. But now, Lu Renwang, this injured and bloodthirsty beast, was locked up in a cage, waiting for Lin Yi to come.

The sinister intentions of the person behind the scenes could be easily guessed.

At the same time, on the top floor of the ninth Heaven Club, which was less than 20 miles away from the abandoned island on the West Coast, Li Muyang was enjoying the emperor's service brought by more than a dozen peerless beauties with him.

The wall in front of the three of them was covered with dozens of large and small HD screens, monitoring every corner of the abandoned island in all directions.

In the center of the most eye-catching image was a bloodied figure, who was emitting a terrifying aura like a demonic god. It was the target of Lin Yi's mission, Lu Renwang.

"Young master Li, I've never heard of this trick of yours. It's really an eye-opener for me. Come, let this little brother toast to you."

At this moment, Jiang Ziheng's respect for this second-generation face of Jianghai city was genuine.

He raped and killed Lu Xiaomei just because he wanted to deal with Lin Yi. He forced the promising newcomer to be on the official must-kill list, and forced him into a cage like the abandoned island of the West Coast just to watch a life-and-death cage battle with Lin Yi.

Such unscrupulous and ruthless means, even Jiang Ziheng, who considered himself a ruthless character, could not help but be secretly shocked and even shudder.

Accompanying a sovereign was like accompanying a Tiger. Being with such a person really made him tremble with fear as if he was walking on thin ice.

if li muyang could do this to lin yi, he could do the same to jiang ziheng if he found him an eyesore one day.

"this is just a small matter."

li muyang laughed nonchalantly and toasted jiang ziheng.

in the circle of the second generation in jianghai city, although jiang ziheng's background was nothing in his eyes, with this person's ability and shrewdness, his future achievements would probably not be inferior to his brother, nanjiang wang. he was barely qualified to be his lackey.

"young master li, what if that lin brat is too scared to come?"

wang zhong couldn't help but ask. he was also one of the lackeys that li muyang had his eyes on, and he was planning to use it as a channel for public opinion in the future.

if li muyang wanted to take over jianghai city, his own power would be his top priority. however, the voice of public opinion was also extremely important. wang zhong was the best candidate.

However, what he really valued was the media giant, Jianghai's Zhuo family. Just like the Wang family, the Zhuo family's status was not to be underestimated. Even he could only slowly plan for them.

"Not coming?"

Li Muyang laughed, "if I want him to come, does he have the right to not come?" We'll just throw Tang Yin on the island and he'll definitely come!"

Jiang Ziheng was shocked to hear this and quickly smiled apologetically. "Tang Yun has gained the Wang family's ancestor's favor. If something happens to her, the Wang family will be in shock. Young master Li has to be careful."

Li Muyang glanced at him disdainfully, "so what if you're from the Wang family?" They're just bones in a tomb, do you really think I'm afraid of them? You guys are too narrow-minded. "

"Yes, yes, they're just local tyrants at best. How can they be compared to a Dragon like you, young master Li? I was wrong. "

While Jiang Ziheng was licking his boots, he could not help but be secretly shocked. The amount of information revealed by the other party's words was really a little too much.

However, he couldn't help but feel worried for Tang Yun. If Lin Yi really slipped away, Li Muyang might really do something to Tang Yun. After all, he still remembered what happened to Lu Xiaomei last night.

"Lin Yi's here!" Wang Zhong suddenly exclaimed.

Everyone looked at the source of the sound and saw a small flying shuttle on the surveillance screen flying towards the abandoned island of the West Coast. When it was ten miles away from the abandoned island, the flying shuttle suddenly lost control and fell into the sea.

This was the effect of the formation-no shuttle could fly above or near the island, so Lin Yi could only walk on the water.

"At least this kid has some backbone."

Jiang Ziheng heaved a sigh of relief. If it had been him, knowing that this was a sure-kill trap, he would definitely not have rushed over to his death alone.

Li MUYANG squinted his eyes. "It's hard to say if he has a backbone. However, he's not too stupid. He can tell that if he doesn't take up this task, he'll end up in a worse state. He's a smart person."

"a good show is about to start, i have to record it well! it's a pity that we can only monitor them from a distance and can't get close to observe first-hand information. "

as the president of the news agency, wang zhong was not lacking in professionalism in this aspect.

"then, i'll make up for it. let's do a live broadcast of it. i'll let everyone see the ending of this cage fight that i've carefully arranged!" li mUYANG said with great interest.

"young master li is wise! i'm willing to bet that this will definitely become the hottest news of the year, with no other news coming close!"

Wang Zhong was immediately pumped up and immediately arranged for a live broadcast. Not only did they show the full surveillance picture of the abandoned island, but they even provided a professional commentator.

For a time, the entire internet world inside and outside the school was in an uproar. Countless people reposted it, and in the blink of an eye, it was pushed to the official hot search.

A life and death cage battle that was a test for the freshmen had turned into a reality show for the entire nation to celebrate.

Under everyone's gaze, Lin Yi slowly walked to the beach of the abandoned island, heading towards the abandoned tower in the center of the island. Lu renwang was waiting for him there.

Chapter 9399

"Will Lin Yi bro be okay?"

Wang shiqing, who was accompanying Tang Yun in the exam, was watching the stream, her palms sweating. She had always had absolute confidence in Lin Yi, but she was in a panic right now.

Tang Yin glanced at the phone casually, her face calm. "There's nothing to be nervous about. Although that guy is annoying, he's not an idiot who wants to die. Since he dares to go, he must have his reasons. We must believe in him. "

Then, he saw Wang shiqing looking at him with a strange expression. He blushed and said, "Why are you looking at me like that?"

Wang shiqing leaned on her shoulder and smiled. "Tang Yin sis, you really do understand Lin Yi bro,"

"What are you saying, you wretched girl!"

Tang Yin's cheeks flushed red as she snapped at Wang shiqing, "Go to the side and don't affect my exam!"

Even though he said that, his eyes still unconsciously glanced at the live broadcast on his phone.

In the image, Lin Yi had already reached the bottom of the tower, less than two hundred meters away from Lu renwang, who was sitting alone on the top.

Seeing that they were finally about to enter the main show, the two special guest commentators invited by Wang Zhong just arrived and began to talk like lotus flowers.

"I'm the commentator, di Feng. I'm very honored to have teacher Luo Yun from the martial arts Hall with us today. First, I'd like to ask teacher Luo on behalf of everyone, why did Lin Yi get such a difficult new student evaluation?"

"It's normal for everyone to have doubts. The general assessment of freshmen shouldn't have such a difficulty. However, at present, Lu renwang's condition is extremely bad. His strength has dropped by at least two levels compared to his usual state. This situation is regarded as a threat from an expert in the early stage of the heaven-Sundering consummate level. In fact, there is no problem with the procedure."

Listening to the two's commentary, Shen Yifan and the others, who were staring at the live broadcast camera, began to curse.

Damn it, Lin Yi had just been caught in the trap, and the other side was already trying to change the public opinion.

Without a doubt, if Lin Yi really died at the hands of Lu renwang, all the other doubts about the mission distribution would be labeled as conspiracy theories, and wouldn't be able to cause any waves in the current situation.

This was because the other party had already concluded that this matter was normal. If you were to throw your life away when it came to you, it was because you were not strong enough. If you wanted to blame someone, you could only blame your own bad luck.

As expected, di Feng immediately started to set the tone, ""Looks like Lin Yi's really out of luck. Lu renwang was the last batch's newcomer King, especially now that he's at the peak of the early stage of heaven-breaker realm. Even if he's heavily injured and his strength is only at the same level as a heaven-breaker, the danger isn't the same, right?"

Luo Yun nodded, "a cornered beast will still fight. Lu renwang is very weak now, but if he's careless, he'll die easily. Lin Yi, you really have to be careful."

As the two were talking, Lin Yi had already jumped up and landed on a broken pillar twenty meters in front of King Lu.

King Lu sat on the ground and half-opened his eyes. He was covered in blood and was still bleeding even now. The amount of blood on the ground was terrifying, and there were at least a few liters.

If a normal person bled like this, even if they didn't become a mummy, they would have at least bled dry, right?

"You're that unlucky bastard?"

Lu renwang didn't even raise his head. He was looking at the photo of him and Lu Xiaomei on his phone, his voice hoarse.

"You know?" Lin Yi blinked.

It was obvious that this was a conspiracy, but as the direct victim, Lin Yi knew that if he were in their shoes, he'd lose his mind right away, and even if he did, it'd probably be after the fact.

"I also know that it was li MUYANG."

Lu renwang's words surprised Lin Yi again.

He had thought that he would face a trapped beast that had lost its mind, but now it seemed that a trapped beast was a trapped beast. However, this trapped beast was probably much more rational and sober than anyone had expected.

"Then are we still going to fight to the death?" Lin Yi asked.

The enemy of an enemy might not necessarily be a friend, but at least in the current situation, they were not in a position to kill each other. According to logic, they should work together to deal with li MUYANG, who was the real leader.

"He arranged this show, so he must be watching this place right now. How can we let him down?"

Lu renwang said as he stood up. His 2.2-meter tall body, coupled with the demonic blood aura, made Lin Yi feel the pressure even from 20 meters away.

If one's will was slightly weaker, they would not even have the courage to look him in the eye, let alone resist him.

"You know we're being played, and we're still going to kill each other?" Lin Yi frowned.

"Killing each other?"

Upon hearing this, Lu renwang laughed. The corners of his mouth, which was covered with blood, looked particularly horrifying. "Are you trying to make me laugh? When did we become family? If it wasn't for you, would my sister be in trouble?"

Lin Yi was speechless.

"I really want to make li MUYANG pay with his life. However, I can't do that now. As a useless brother who can't avenge his sister, the only thing I can do now is to take you as an explanation."

Sometimes, being too clear-headed and rational was not a good thing.

There was no point in saying anything else at this point-the only choice left for Lin Yi was to fight to the death, no matter who won or lost. Either way, only one of them could live, or both of them could die together.

This multiple choice question given by li MUYANG had no other options from the start.

"You're very unlucky, really. "

Lu renwang's body was bleeding profusely after he finished speaking. He formed hundreds of blood arrows with his hands and shot them at Lin Yi.

Seeing that both sides had finally made their move, the stream was in an uproar. They didn't know how strong Lin Yi was, but Lu renwang was a real school star, and his strength was obvious to all.

The two guests seized the opportunity to explain, "Lu renwang is a blood medium Grandmaster, and he's good at any means related to blood. So don't be fooled by his blood loss appearance. This state of residual blood is the best time to stimulate his potential. If you're not careful, you'll die immediately."

"But come to think of it, Lu renwang is indeed very weak right now. According to my estimation, if Lin Yi can seize the opportunity and give him a heavy blow, he'll be dead."

In short, the current king Lu could be described as high attack but low health.

When fighting with such an opponent, it seemed safe to drag out a battle of attrition, but it was actually extremely dangerous.

The longer the battle dragged on, the more chances the opponent had to make a move. Unless one could be sure that they had a 100% absolute defense, every extra chance the opponent made to make a move was equivalent to one more chance of death.

Under such circumstances, the best defense was to attack.

Chapter 9400 Power

Lin Yi obviously had the same strategy as well-he didn't choose to passively defend against the blood arrows that were coming at him. Instead, he used his super limit butterfly micro steps and pushed his speed to the limit to meet them!

"So reckless? Even if you don't understand the situation, you should at least respect the other party's name. "

The two commentators were dumbfounded.

Lin Yi's actions were suicidal in their eyes-the blood arrows might look unassuming, but even a little bit of it would cause endless trouble!

In the cultivation world, as long as it was related to blood mediums, there was no one who was simple!

Yet, a strange scene appeared-Lin Yi's entire body was completely unscathed as he passed through the hundreds of blood arrows. Not only was he not injured at all, there wasn't even a drop of blood on him from head to toe.

"How the F * ck did he do that? There's such a ghostly movement technique in this world?"

As the guest commentator, di Feng did not understand what was going on. He quickly asked the technical staff to play a real-time replay.

In comparison, teacher Luo Yun, who came from the martial lecture hall, was much more professional. He commented, "It's not entirely a problem with the movement technique, but with the person. There's no such thing as the most powerful movement technique in the world, only the most powerful person. If someone else used the same movement technique, they would most likely be shot into a sieve."

This was the truth. Although the butterfly micro steps was exquisite, when placed at the level of the great circle of heaven-Sundering, it couldn't be considered outstanding.

It was only in Lin Yi's hands that it looked so amazing!

He passed through a cluster of flowers, but not a single leaf touched him.

On the battlefield, Lu renwang wasn't surprised at all when he saw Lin Yi passing through the blood arrows unscathed. Instead, he grinned eerily, ""You really think it's that simple? Are you kids playing house?"

Before he could finish his sentence, the blood arrows that missed Lin Yi suddenly changed direction and landed on Lin Yi's back at a much faster speed.

At that moment, everyone in the stream who was concerned about Lin Yi's safety had their hearts in their throats.

Even the guest commentator, Luo Yun, couldn't help but show a regretful expression. "He's still too careless. If it was a normal arrow formation, Lin Yi's reaction would've been perfect, but this is a blood medium secret technique. It's basic to track the target's blood. It seems like he doesn't have any common sense in this area. "

"He's finished, right? I've never seen a person who has been hit by King Lu's blood medium secret technique, especially so thoroughly, not to mention that he is still alive. "

Di Feng directly ended the sentence.

But in the next second, Lin Yi didn't care at all as he continued moving forward. All the blood arrows passed through as if they were air, shocking everyone.

Three appearances of the cloud Dragon!

At the same time, Lin Yi's real body had already appeared on top of Lu renwang's head, unsheathing the demonic devour sword and slashing down!

The blood arrows that passed through the illusions locked onto Lin Yi and continued to pursue him, but it was too late!

A black light bloomed. The demonic devouring sword was like a Messenger from the netherworld, easily cutting through King Lu's body. He had no time to react and was cut in half on the spot. The dismembering of his body was broadcasted live, and the scene was shocking.

The blood arrows in the air all stopped and exploded into a flower of blood, falling down and mixing with the blood from Lu renwang's body. Some of it also landed on Lin Yi's body.

The entire livestream room was dead silent.

Not only were they shocked by this terrifying scene, but the key was that the sudden divine turn of events was something that ordinary people could not understand.

It was Lin Yi who was in the palm of Lu renwang's hand, who would've thought that Lin Yi could turn the tables in an instant?

"He killed Lu renwang with one move? What kind of god-like operation is this?"

Di Feng, who had just made such an assertion, couldn't help but slap his own mouth in embarrassment. He said in a dumbfounded manner, ""After all, Lu renwang was the newcomer King of the last batch. He was an outstanding figure among the peak of the initial stage of the heaven crushing completion. Even if his condition was bad, he shouldn't have been killed so easily, right?"

luo yun muttered, "this year's newcomer king, i think he already has a place to belong to."

on the other side, on the top floor of the nine heavens club, the atmosphere was a little awkward.

li muyang's face darkened.

although it wasn't as if lin yi didn't have a chance to survive, it would at least be a terrible loss for both sides. who would he let down if it ended in a single encounter?

"this isn't fun. if a good show becomes so lame, wouldn't lu xiaomei's death be worthless? i feel so wronged for lu xiaomei. "

li muyang's words left jiang ziheng and wang zhong speechless.

Lu Xiaomei's spirit in heaven would probably die with grievances after hearing these words.

Just as the two were guessing what kind of brutal methods the young master would come up with to deal with Lin Yi, the situation changed.

Ten meters behind Lin Yi, the blood gathered and quickly formed into Lu renwang's body.

"At least you have some tricks up your sleeve. You didn't disappoint me. No matter what, you've dragged me here to die with you. I can't be too weak."

Lu renwang's voice was unusually calm, but his aura was getting more and more violent.

He didn't do anything, but Lin Yi saw a shadow on him-a blood demon that was about to devour someone.

"I'm sorry, I don't have the habit of accompanying others to their deaths. I'm afraid you'll be disappointed. "

lin yi's wrist shook, and the demonic devouring sword let out a clear sword cry, flicking away the blood on the sword. he knew that the opponent wasn't easy to deal with, and he didn't think that it would be this easy. the scene just now was at most a greeting.

"is that so?"

lu renwang couldn't help but sneer, ""as you've been stained with my blood, you're not the one who can make the decision. given your look, you know nothing about blood medium secret skill. you must not know about the secret skill called bloodline connection, right?"

as soon as he finished, lin yi felt his heart beat faster and faster uncontrollably. the blood in his body was burning as if it was on fire, almost melting all his blood.

no matter how hard lin yi tried to channel his qi, he could only control the momentum a little, but he couldn't suppress it from the root.

"it's over, the plot has reversed again. lin yi's really hopeless now. "

Xi di Feng said without hesitation.

This time, even Luo Yun of the martial lecture hall shook his head repeatedly: "Young people are still lacking in knowledge. They've suffered the loss of being uncultured! The Blood Connection means that Lin Yi's blood flow and heartbeat will be in sync with Lu renwang's. As a blood medium Grandmaster, Lu renwang can control his heart rate at will, and it's said that it can reach fifty times the limit of a normal person!"

Even if the various qualities of an expert at the great circle of heaven crushing were comparable to that of a God or demon, they could not be compared to a blood medium Grandmaster who specialized in this area.

Once the heart rate really rose to more than 50 times, the weaker ones would have their heart meridians burst on the spot. Even if the monster-level powerhouses with extremely strong physical bodies could endure it, their strength would definitely be greatly reduced!
