

Bodyguard 9401

Chapter 9401

As expected, renwang wasn't in the mood to play games with Lin Yi at all-he raised his heart rate to fifty times the normal rate.

The sudden rush of energy reached every part of Lin Yi's blood vessels, causing countless blood vessels to burst. Lin Yi's skin turned a sickly red, even more horrifying than the blood-soaked Lu renwang.

This was not all. As long as the main Meridian was not broken, the other parts of his body could still barely bear it, but his brain could not.

A brain hemorrhage!

Lin Yi didn't think that this was a common term for normal people-a term that theoretically didn't have anything to do with high-level practitioners like him-would appear on him so suddenly.

A Grand Master at the great circle of heaven crushing would actually die from a brain hemorrhage?

Was it funny? It was laughable, but reality was often so bizarre. Who said that high-level cultivators were not as fragile as ordinary people?

However, Lin Yi was only dazed for a moment before he stood up again. He didn't fall down.

"You can hold on? I don't know how many seconds you can last. "

Taking advantage of this small opening, Lu renwang was already behind Lin Yi.

Lin Yi endured the splitting pain in his head and forced out a spirit sense collision while swinging his sword in reverse.

The demonic devour sword pierced through Lu renwang's chest, but at the same time, Lu renwang's fist landed on Lin Yi's back. Lin Yi was sent flying.

"Exchange injury for injury! Both sides are ruthless people who don't care about their lives!"

Di Feng was exclaiming in the live broadcast room. Although he was here with the task of leading the public opinion for the cage fight, it had to be said that the performance of the two in just two short exchanges was really eye-opening.

"I've seen many experts exchanging blows, and I've also seen many experts whose cultivation levels are far above the two of them. But to be honest, this battle is the one that makes my blood boil the most in recent years. Such a fast pace of life and death is very rare."

Luo Yunzhong evaluated.

On the other side, li Muiyang and the rest were laughing out loud as they watched this scene. They had carefully arranged this drama and were waiting for this scene.

In li Muiyang's script, Lu renwang had to die, and so did Lin Yi. Not only that, the two of them couldn't die too easily-they had to kill each other, and only if they died more miserably than the other would they die a worthy death, and only then would they be able to face Lu Xiaomei!

Somewhere in the exam hall, Wang shiqing was tearing up at Lin Yi's condition,"Lin Yi bro ... Is he really in trouble?"

"Don't cry. He won't die. Trust me. "

Tang Yin comforted her, but she stopped and stared at Lin Yi's close-up on the screen, ignoring the invigilator's warning look.

It was a very strange feeling-she hated it, she resisted it, but there was a strong voice in her heart that kept urging her, making her want to go and see, to remember every image of Lin Yi, every close-up.

On the abandoned island of the West Coast.

Lin Yi endured the intense pain from the shifting organs, his heart rate at fifty times the normal rate, and his blood that was boiling as he slowly got up.

Looking at Lu renwang, whose body had been wrapped in a layer of demonic flames, his eyelids twitched. "Burning my own blood? Was he playing it so big? It really makes one's blood boil with excitement!"

Lin Yi was still in the mood to be cheeky at a time like this-it was clear that this wasn't a desperate situation.

"Brat, let's see how capable you are, I'll let you die with a clear understanding! This is called a blood sacrifice. Once the blood sacrifice is activated, I will die, and so will you!"

Lu renwang said as he walked towards Lin Yi, leaving a pool of Burning blood on the ground with every step he took. At first glance, it looked like a trail of burning footprints, evil and demonic.

Because of The Blood Connection, even the blood in Lin Yi's body, which was barely suppressed, started to burn.

Once it burned, there was really nothing left. Even the primordial spirit could not escape.

"Is there really no room for discussion? I still think that we can work together to destroy that Li MUYANG. You really don't want to take revenge for your sister?"

Lin Yi said helplessly.

In his heart, he really didn't want to fight to the death with Lu renwang. It was neither necessary nor worth it. He knew that the culprit was laughing somewhere at the two of them killing each other. Did he really want to go along with his wishes? He couldn't accept this.

"revenge?" lu renwang looked at lin yi coldly. if i really want to take revenge, do you think you're not on my list? stop talking nonsense. if i can't live today, you must die too!"

lin yi looked up at the sky speechlessly."you're the one who's sitting at home. the pot's coming from the sky. okay?"

as he spoke, a handful of profound-grade talismans appeared in his hand. other than the dharma destruction talismans that he used the most, he also had some of the more common five-element basic talismans.

however, no matter how common they were, they were still profound-grade talismans. their power was still not to be underestimated, especially not just one or two talismans, but a handful of them. even if the lu renwang was at his peak state, he would have to suffer a lot!

for a time, the scene was earth-shattering and the power was monstrous.

"Are they going to tear down the island?"

Everyone in the livestream room was dumbfounded. Because the commotion was too great, all the surveillance cameras could only see a blur. At most, they could vaguely see the two figures in the center. Even so, they could guess how tragic the battle was at this moment.

"It's rare to see such a nouveau riche's way of fighting. It seems that the Wang family has put quite a bit of effort into his bodyguard. If he doesn't die, Jiang Ziheng, I'm afraid you really don't have a chance."

Li Muiyang's lips curled into a smile. At his level, he didn't really care about normal profound level talismans, but Lin Yi's actions were still too much.

From their point of view, Lin Yi had so many Mystic grade talismans because of house Wang-he couldn't have made them himself, could he?

Jiang Ziheng looked at the blurry figure on the screen and gritted his teeth. "Since you've offended our young master Li, this premise no longer exists. People who don't know their own place won't live long no matter where they go."

"That's true. The most important thing for a person is to recognize their own position."

Li Muiyang said with a deeper meaning.

Jiang Ziheng and Wang Zhong immediately understood and flattered him to show their loyalty. They weren't stupid, and they knew that this wasn't just young master Li's sudden impulse to play Lin Yi to death, it was also a warning to the two of them.

Once they became li MUYANG's disciples, they'd end up in a worse state than Lin Yi and Lu renwang if they were to have any second thoughts.

Under the surprised discussion of the audience in the live broadcast room, the huge battle on the abandoned island of the West Coast actually lasted for a full 30 minutes!

Chapter 9402

Even the 2nd year students who had already reached the peak of the early stage of the complete heaven crushing realm couldn't handle such a high-intensity battle, let alone the other freshmen.

Thus, the word 'monster' began to fill the screen of the live broadcast room.

King Lu was already known as a monster, and now, Jianghai Academy had another new talent who could stand up to him. This new talent was even stronger than last year 's!

The group of freshmen who were watching the live broadcast in silence felt immense pressure.

Fortunately, Lin Yi was in a bad situation today. He was hit by Lu renwang's blood connection, and Lu renwang even made a blood sacrifice as if he wanted to die. It was highly likely that both of them would die in the end.

The fiercer the fight between the two sides, the faster they would die.

Half an hour later, the sound of fighting stopped abruptly. The layers of smoke that shrouded the abandoned island began to gradually dissipate, and the two figures began to gradually become clear again.

"Has the victor been decided?"

In the confusion of the audience in the live broadcast room, one of the figures suddenly attacked again. The sword light flashed, and the other figure no longer had the power to resist and was torn into pieces by the sword Qi.

Lin Yi was the only one left on the scene when the stream resumed. There was a huge pool of blood under his feet, and a body that was so broken that it was unrecognizable.

"Human King Lu is dead ..."

Luo Yun and di Feng's tone were complicated as they concluded this soul-stirring cage fight on the abandoned island. However, they still found it unbelievable: "Lin Yi's still alive after being hit by The Blood Connection and blood sacrifice, what kind of insane body is this?"

Lin Yi was in a bad condition, with not a single part of his body intact. He was sitting on the ground with difficulty even breathing.

But he was still alive.

This ending was beyond the expectations of too many people.

"How could he be alive? How can he still be alive?"

Jiang Ziheng couldn't help but lose his composure as he watched the stream. Whether it was because he wanted to have Tang Yun, or because of the hatred from his two failures, he wanted Lin Yi dead more than anyone else.

Unfortunately, the heavens did not grant his wish.

On the other hand, Li Muiyang, who was the initiator of this round's cage fight, did not have any emotional fluctuations. He laughed lightly, "It doesn't matter if I'm alive. It's rare to encounter such an interesting toy. Let's play the next round."

King Lu was just a work he made on a whim. As long as he wanted to, he could create a second or third one at any time.

From the moment Lin Yi entered his eyes, he was already a dead man. The only difference was the way he chose to die.

although he said that, Li Muiyang still instructed, "send someone to check, in case someone tries to play tricks."

"young master li, do you suspect that the two of them are colluding?"

jiang ziheng was stunned for a moment. the possibility of acting in front of so many people in the live broadcast room was really low.

wang zhong nodded thoughtfully. "it's not entirely impossible. we can see their images, but we can't hear their voices. if the two sides have some degree of communication and reach an agreement, it's possible to fool people with petty tricks."

after giving the order, a team of elite experts quickly descended to the outer waters and drove a small boat into the abandoned island of the west coast.

at this time, lin yi had not recovered from the battle of life and death just now, and was still sitting on the abandoned tower to recover.

Although he had the unexpected last laugh, the Lu renwang was still the Lu renwang. Without using his trump cards, Lin Yi's loss and price could be said to be the most recent battle.

Not counting the battle in the Nebula tower, of all the opponents he had fought in the earth-class sea recently, the threat that Lu renwang posed to him was no less than that of Chen Beishan. And this was on the premise that he was already seriously injured. If he was at his peak, it was really hard to say who was stronger between this man and Chen Beishan.

Fortunately, he had made it through.

Lin Yi didn't react at all as he watched the group of elite practitioners closing in on him. He wasn't completely immobilized, but it would be difficult for him to get up and fight them, especially when they weren't weak.

Of course, Lin Yi had the ability to heal instantly if he really had to fight. Everything he was showing now wasn't fake, but it wasn't real either.

Looking at the live broadcast, Jiang Ziheng suddenly had an idea. "Young master Li, in order to avoid any more trouble, why don't we do it now?"

As he spoke, he made a throat-cutting gesture.

"That's right!" Wang Zhong agreed. "He's currently injured on both sides. If he wants to make a move, now is indeed the best time. He won't be able to resist at all!"

Li Muyang glanced at the two of them, ""There are so many people watching the live broadcast. Even if the signal is cut off now, as long as something happens to that kid, anyone would be able to figure out the conspiracy behind it. Are you two really brainless, or do you think I'm brainless?"

"Young master Li, you've misunderstood us. We definitely didn't mean to use you as a weapon. We were just casually mentioning it. We really don't have any bad intentions!"

Jiang Ziheng and Wang Zhong were shocked and quickly expressed their loyalty.

"Alright, I won't eat you guys. What are you afraid of?"

Li MUYANG waved his hand nonchalantly and said, ""Since you've chosen to follow me, I'll put some things first in case you cross the line and blame me for not warning you in the end."

Jiang Ziheng and the other man hurriedly listened. "Young master Li, what are your orders?"

Li MUYANG replied, "I'm a person who doesn't care about my reputation. It's fine as long as I'm practical. However, that doesn't mean that I can completely ignore the rules. Even if I don't follow the rules, my father still has to follow them. Therefore, there are some things that can be done as they please. However, the prerequisite is that there must be a reason that can be justified on the surface."

Jiang Ziheng and the other man looked at each other. If you say this, isn't Lu Xiaomei wronged?

"It's not a problem to arrange a cage fight to kill a freshman, but I won't and wouldn't dare to send people to kill him in public."

After Li MUYANG finished speaking, Jiang Ziheng immediately understood. "I understand. Young master Li, you mean that as long as we abide by the rules on the surface, we can play as much as we want, but we can't directly challenge the order and destroy the stability and unity of the situation."

"That's right. Young master Li is going to take over Jianghai city. He has to consider the big picture!"

Wang Zhong nodded his head.

That being said, Li Muiyang still didn't really see Lin Yi as a threat-he wouldn't have been so casual about it if he did.

To put it bluntly, was a nobody worth his time? He was just looking for some fun.

Very quickly, the results of the search on the abandoned island of the western coast were out.

"Nothing? In other words, this kid really killed King Lu?"

Li Muiyang was slightly taken aback after hearing this. Even though the fight earlier was not small and it was normal for people to be killed, he still felt that something was amiss when he heard the news.

However, the investigation of his elite experts could not be faked. It was impossible for Lu Renwang to be alive and escape their search.

Chapter 9403 The Power Of The Divine Realm

"Lu Renwang is gone just like that. This kid was lucky enough to escape. I'm a little unwilling."

Jiang Ziheng could not help but add.

Li Muiyang laughed. "There's nothing to be unhappy about. The good show is yet to come. Besides, did I say that the show is over?"

Jiang Ziheng and Wang Zhong's eyes lit up at the same time.

On the abandoned island of the West Coast.

Lin Yi let out a breath of relief as he watched the hostile elites leave. Any one of them was enough to put pressure on him-it'd be hard for him to just fight them all.

However, what truly made him happy was that the spiritual sense deception he had fumbled out had taken effect.

"I'm leaving. Contact me when the time comes. I hope you'll keep your word."

Suddenly, Lu renwang's voice came from the shadows nearby.

"Of course, he's not only your enemy, he's also my enemy. If I don't get rid of him, I'm afraid I won't be able to sleep well."

Lin Yi said with a smile.

Li Muiyang and the rest's worries turned into reality. While he was creating a huge commotion to cover up his tracks, he had indeed reached a consensus to cooperate with Lu renwang. He had also expected that Li Muiyang would send someone to verify the scene.

The point was that, combined with Lu renwang's special blood medium technique, Lin Yi really did have the ability to use his divine sense to deceive him.

And all of this ultimately had to be thanks to the immortal soul Stage, which was in sync with one's strength. The facts once again proved how important it was to have a high-level immortal soul!

what was supposed to be a theoretically unsolvable dead end had not only been successfully solved, but he had also gained a powerful ally.

even if it was hard to find a way to get rid of Li Muiyang, the mastermind, at the moment, there was no doubt that this was the perfect plan for Lin Yi.

after resting, Lin Yi returned to Jianghai College from the abandoned island. he could clearly feel that the people around him were looking at him differently.

before this, he was just an ordinary new student with no name.

and now, after that extremely valuable fight in the cage, Lin Yi had suddenly become the most popular candidate for the newcomer king title!

the title of "newcomer king" was not just a gimmick. it was a huge benefit to jianghai academy. not only would they be rewarded with a huge amount of academic credits, but they would also be able to represent the new student in the school's decision-making circle and gain the right to speak on the school's affairs!

not only that, the newcomer king would be guaranteed a spot in the hidden dragon ranking, which meant a huge amount of benefits.

it would not be an exaggeration to say that the title of jianghai academy's newcomer king could be sold for at least thirty million spiritual jade.

lin yi himself, however, wasn't too affected by this-he'd already gotten the title of newcomer king back at the three pavilions, after all, and was already numb to it.

Come to the Academic Affairs Office and submit the mission as required.

Although in fact, all the freshmen's assessment would be monitored by the school throughout the entire process, and even if it wasn't through this procedure, the school would know all his previous performances like the back of their hands, but a process was a process, and he still had to go through it.

It didn't take long for Lin Yi to receive the final evaluation for the mission.

Mission failed, unqualified!

He'd been through all sorts of storms and waves, and his mental state had long since been polished to the point where there were no waves in an ancient well-Lin Yi still couldn't help but freeze at the sight of these three glaring words.

"I just heard that the entire process of me completing the mission was broadcasted live. There were at least hundreds of thousands of people in the live broadcast room who witnessed it at the same time. How do you explain the mission failure?"

Lin Yi asked the staff at the front desk.

A pretty girl at the front desk was looking at Lin Yi's report card, confused. She'd seen the entire cage fight live too.

No matter how you looked at it, Lin Yi had already killed Lu renwang. There was no reason for him to fail the mission.

"There might be some problem with the system. Wait a moment, I'll check it for you."

The senior at the front desk smiled apologetically. However, no matter how she checked the internal system of the Academic Affairs Office, the final result was the same. The mission had failed!

"Uh, Lin Yi junior, wait here for a moment, I'll go ask for you."

The senior at the front desk stared at the query page and shook her head in disbelief. She got up and walked to the leader's office.

Ten minutes later, Chen Yushan returned with red eyes and a middle-aged man who was already balding.

The middle-aged man frowned as he looked at Lin Yi. He gave the receptionist a look, and the latter quickly introduced him, "Lin Yi junior, this is the Dean of our Academic Affairs Office, Tang Zhiyuan, Dean Tang."

"Nice to meet you, director Tang." Lin Yi nodded, "I'd like to ask if there was anything wrong with my evaluation of the new student exam. "

"Mistake?"

The middle-aged man, Tang Zhiyuan, immediately showed a mocking expression. "This new student, our school is indeed very open-minded. Our Academic Affairs Office is also very willing to accept supervision and criticism from various parties. However, some words without basis can not be said. If it were to spread online and affect the public opinion of the school, you will have to take responsibility."

The words didn't sound friendly, and Lin Yi didn't bother to beat around the bush. He said, "Hundreds of thousands of people in the livestream room saw the process of my mission. Aren't you afraid that it will affect the school's public opinion if I say that I have failed my mission?"

"You mean you've succeeded? Alright, show me your proof of mission. "

Tang Zhiyuan was completely unafraid of this. He put on a formal and fake smile."Lin Yi, we've always followed the truth-as long as you can produce some solid evidence, I'll change the rules for you, and even give you a public apology."

"What evidence do you want?" Lin Yi frowned.

Tang Zhiyuan laughed."Of course it's the corpse of the Lu family's King. Of course, his head is fine too. As long as you can take it out, you can slap the Academic Affairs Office's face however you like. I won't complain at all."

"Hundreds of thousands of people have seen that King Lu has been beaten to a pulp. Where are we going to find his body?"

Lin Yi took out the mission envelope and retorted in a deep voice, "I'm only asked to kill the Lu renwang here, but it didn't say that I must leave a complete body. It's common for Masters of the great circle of heaven-breaking to be annihilated if they aren't careful. As the head of the Academic Affairs Office, you should know this common sense, right?"

In fact, the Academic Affairs Office had its own monitoring system, and its understanding of the battlefield situation was even more comprehensive and thorough than the freshmen themselves. Otherwise, it would not be able to give a convincing score for the mission.

Chapter 9404 Power

"Haha, Lin Yi, you might not know this, but I'm in charge of the entire school's evaluations-to ensure fairness, we need solid evidence. I'm sorry, but even common sense can be wrong. "

Tang Zhiyuan looked at Lin Yi with a smile that didn't quite reach his eyes, as if he was watching a joke.

The process was just, and as long as he used this excuse, he would be in an invincible position. Even if Lin Yi really took out the corpse, they wouldn't be able to blame him for it. In the eyes of others, they would only say that he was serious.

Lin Yi didn't know what to say-it didn't matter if the guy was trying to make things difficult for him or not, this attack had hit his weak spot.

King Lu was now his ally. He should have gone into hiding to heal himself. Where could he find his body?

"you have nothing to say? then please go back. "

the corners of tang zhiyuan's mouth curled up into a proud arc. he turned around and left with his hands behind his back. after taking two steps, he suddenly stopped."oh, right. according to the rules, you still have one more chance to take the make-up test. don't mess it up this time. bring back whatever evidence you need. don't always think about getting away with it. our jianghai academy can't tolerate such crooked practices."

then, he hummed a little song and left.

the senior at the front desk smiled awkwardly. ""don't be too discouraged, lin yi-i saw the livestream, and you're very strong. the make-up test is usually harder, but it shouldn't be a problem for you, so prepare well. "

"Thank you, senior."

"From your experience, senior, what would other people think of me?" Lin Yi asked after some thought.

The senior at the front desk looked around and whispered, ""This kind of situation is actually common. In the past, there was no problem. I don't know why this time, but maybe it's because you caused a big commotion and director Tang wanted to use you as an example. To be honest, he's quite unlucky."

"He's always this strict?" Lin Yi asked.

The senior at the front desk blinked. "That's not it either. Director Tang's reputation in our Academic Affairs Office has always been one word. It's above and not below."

"What do you mean?"

"That means he's only responsible for the top leaders above him. He basically doesn't talk to us. Even if there's work, he let us handle it ourselves."

The receptionist was a little embarrassed to say this-if she'd taken care of Lin Yi's problem herself, it wouldn't have been so troublesome.

But then again, that would be considered overstepping her authority. It would be fine if the higher-ups didn't pursue it, but once they did, she would at least be given a major demerit.

Listening to the tone, Lin Yi understood what was going on-it was obvious that someone was calling director Tang from behind the scenes, and they didn't want him to get out of this so easily.

It was more likely that the other party had already arranged a fiercer killing move and was just waiting for him to take the make-up test.

If that was the case, Lin Yi's head would really hurt.

He was able to deal with renwang Lu partly because of his strong personal strength, which made the other party acknowledge that he had the right to speak, and partly because of his mouth that no one knew. Otherwise, if he really fought with his life on the line, it was really unknown whether he could survive.

What if they learned from their mistakes and arranged an enhanced version of King Lu during the make-up test?

On the other side, Tang Zhiyuan returned to his office with a relaxed expression. He couldn't wait to make a phone call."Boss Li, I've settled Lin Yi's matter. What do you think about me joining the Board of Directors?"

"Don't worry. As long as my nephew is happy, you'll definitely get the position of a director."

"Then I'll be waiting for your good news."

Tang Zhiyuan's face was full of joy.

The Li Group was backed by the city Lord's mansion and was now the leading business giant in Jianghai. In terms of local shares, even the central Group was not as big as them.

Once he joined the Board of Directors, the annual dividends alone would be an astronomical figure. He had been coveting it for many years.

Unfortunately, that was a club for the rich and powerful, and not just anyone could enter. Although there were many high-level members in the college, only the Managing Director and the two Vice Directors had the qualifications to enter.

However, from now on, his name, Tang Zhiyuan, would be added to the list. This was the peak of his life!

"Lin Yi, Oh Lin Yi, you're My Lucky Star."

Just as Tang Zhiyuan was happily humming a tune, his phone suddenly rang. He looked at the caller ID and his expression changed slightly.

He was Shen Tianyang, the president of Jianghai Tianchi flying shuttle group.

"Hello?" Tang Zhiyuan quickly picked up the phone. President Shen, you're such a rare guest. We haven't contacted each other for a long time. Do you want to know more about the situation of young master Shen Yifan? Don't worry, don't worry, I've been keeping an eye on him. Your young master has a deep foundation, a small task won't be difficult for him. "

A rough, middle-aged voice came from the other end of the phone. "Director Tang, I don't care what he does to my son. I'm calling to ask about Lin Yi. I saw the livestream, and this young man is quite something. Why did I hear that he didn't pass the test?"

"This ... The Academy has its own rules, and we're just following the rules ..."

Tang Zhiyuan was embarrassed. Shen Tianyang was not an ordinary parent. He had built the Tian Chi flying shuttle group from scratch and was one of the most well-known people in Jianghai.

In the past, in order to arrange jobs for his relatives, he had visited them many times to suck up to them.

"Rules are dead, but people are alive. Besides, rules are not dogmas. There's no need to hold a child back over such a small matter. It won't be nice if word gets out."

"Yes, yes. We're still researching it. We won't make things difficult for him."

After saying a few words, Tang Zhiyuan finally managed to get Shen Tianyang off his back. However, before he could heave a sigh of relief, another call came in.

He was the president of Jianghai Zhuoyue Media Group, Zhuo Hongxing.

Tang Zhiyuan was taken aback. This person's status was no less than Shen Tianyang's, and under him was the undisputable giant of the media industry. He was just a small office Director of the Academic Affairs Office, and normally didn't even have a chance to speak to people. What was he up to today?

He picked up the call after he composed himself, but before he could even say a few words, Lin Yi came straight to the point.

Tang Zhiyuan was dumbfounded. It was understandable that Shen Tianyang would stand up for Lin Yi. After all, his son was Lin Yi's roommate and brother. The Zhuo family had nothing to do with Lin Yi, so why would they stand up for Lin Yi?

The key was that the other party controlled the platform of public opinion. Tang Zhiyuan really did not dare to offend him in the slightest. If he were to provoke him, he would not even need to deliberately frame him. He only needed to turn a blind eye and allow some negative news to spread uncontrollably. Then, he would be in serious trouble.

Chapter 9405

After saying a bunch of good things and expressing his stance, he finally managed to deal with Zhuo Hongxing.

In the end, before Tang Zhiyuan could wipe his sweat, his phone rang again. The caller ID showed that it was the Wang family, a family of talismans.

Tang Zhiyuan was really a little flustered this time. The director of the Academic Affairs Office sounded nice, but he only had some weight within the Academic Affairs Office system. Usually, no one would pay attention to him when he went out.

The phone calls he received today were more important than a year's worth of phone calls combined. This wasn't stirring up a hornet's nest, it was like poking the Dragon's pool and The Tiger's Den!

Tang Zhiyuan was dumbfounded when he hung up the phone.

Lin Yi was just a small fry, a mere bodyguard-he didn't have any background to speak of, so why were all these big shots speaking up for him?

It was as if he was sitting on pins and needles, unable to stop.

If it were in the past, not to mention three major phone calls in a row, even if someone just casually called to greet him, he, Tang Zhiyuan, would have to quickly do as he was told. He would even have to rush to the door to explain to the person.

But now, he was already sitting on the Li family's boat. Even if he really wanted to jump off, they would let him!

If his betrayal was seen as a betrayal, he would really have to bear the consequences.

However, if he didn't do as he was told, the three big shots were still waiting for a reply. If he really slapped the faces of the three big shots in a row, he, Tang Zhiyuan, wouldn't have a good ending either. He might even be pushed out by the higher-ups to be an unlucky person and keep things at peace.

After all, they could call him, the Managing Director, or even the Board of Directors. He wouldn't even have a chance to defend himself.

Caught in a dilemma, Tang Zhiyuan was anxiously pacing around the office when another phone call rang.

Tang Zhiyuan was so frightened that his heart almost stopped. He was really a little too sensitive to this phone today. Once it rang, it was definitely not something good.

Tang Zhiyuan's eyelids twitched again when he saw the caller ID. It was his superior, the Managing Director, Wan Xiyan.

"Division Chief, you're looking for me?"

tang zhiyuan quickly picked up the call. even through the phone, the other party could feel his flattery at the moment.

wan xiyan's deep voice sounded a little tired,""that lin yi thing, did you stop it?"

as expected, it was this matter again!

tang zhiyuan's heart sank and he quickly explained,""they called you too? chief, you were the one who gave the nod. those few people have a lot of face, but no matter how big they are, they can't be bigger than the li family's face. we can't just leave the li family hanging just because of a few words from them, right?"

no matter what, the li family had promised him tangible benefits. no matter how great the pressure was, if he were to go down the drain just like that, he would be in pain for the rest of his life.

besides, as long as he could hold them off, most of the pressure would still be on the dean. even if they wanted to find trouble, it would mainly be with his immediate superior. how could it have anything to do with a small office director under him?

"Who's calling me? Which few?"

Wan Xiyan was stunned.

"It's President Shen from the heavenly express flying shuttle, President Zhuo Hongxing from zhuoyue media, and the talisman patrician family, the Wang family. Didn't they call you?"Tang Zhiyuan asked curiously.

"Even they came out to speak? Looks like we've really underestimated this Lin Yi-he's got quite the background. "

Wan Xiyan had a headache.

Lin Yi's case wasn't handled by the Managing Director himself, but he'd at least given the nod. He'd gotten the biggest share of the benefits from house li, too, and he'd be the one to suffer the most if things were to get right.

Tang Zhiyuan quickly advised,"director, things have already come to this. Even if we change him, it won't do us any good. Instead, we'll offend the Li family. It's not worth it!" In this subordinate's opinion, it's better to persist to the end. After all, this is our Academy's internal affairs. At most, they'll just say a few words, not make a big fuss. "

Upon hearing this, Wan Xiyan fell into deep thought and did not say anything.

Tang Zhiyuan continued to strike while the iron was hot,"from what I can see, the reason why they came out was because of the younger generation's instigation. The elders only came out to protect the face of the younger generation. They don't really care much about that Lin Yi. It's just a formality. As long as we explain it properly after the incident, it won't affect our relationship in any way."

All in all, since he had already boarded the Li family's ship, he could only walk this path to the end, and there was no room for turning back.

Seeing that Wan Xiyan still did not speak, Tang Zhiyuan gritted his teeth and added, ""Director, if you want to go higher, you'll need house Li's support. There's no need to make things difficult for Lin Yi, it's not worth it."

"Ha, if only the three families you mentioned called me, I'll be the bad guy. But the problem is, it's not them who called me."

Wan Xiyan smiled wryly.

How could he not understand what Tang Zhiyuan was saying? to do things, one had to choose a side. If there was only the Shen family, the Zhuo family, and even the talisman patrician family, the Wang family, on the other side, even as the dignified Managing Director, he would not be afraid of them.

The problem was that there were more than three guilds on the other side.

Tang Zhiyuan was stunned. "In terms of power, these three families are equivalent to Half the Sky apart from the Li family. Who else can it be?" It can't be that the Dean personally came to see you, right?"

"Not the director, but almost."

Wan Xiyan said half-heartedly, then immediately ordered, ""No matter what, Lin Yi's incident ends here. Don't let anyone mess with the new student evaluation again. I don't dare to take the blame for this, and I can 't."

Then, he hung up the phone without giving Tang Zhiyuan a chance to speak.

Tang Zhiyuan fell into a daze when he heard the busy tone from the phone.

he had promised to be a director of the li group, and it wasn't even a matter of whether he wanted it or not. he had just bragged about it, and now he was going back on his word. he was simply trying to make things difficult for the li family!

facing a higher-up like the managing director, the other party might still have to show some respect. however, to a small fry like him, he could do whatever he wanted to him. with li muyang's vicious heart, how could he let him go?

however, this was an order from his immediate superior. how could he, a small office director, disobey the order?

tang zhiyuan's hair had turned white from worry, but lin yi, who was involved in the incident, had no idea at all. he had no idea that a group of big shots were pressuring the dean's office for him, nor did he know that the lawsuit was already on the dean's head.

lin yi headed straight for the logistics department after leaving the administration office.

as the name suggested, the school's logistics department was responsible for providing all logistics, from medicinal pills to talismans. all kinds of things that couldn't be seen in the market were available. there was only something that one couldn't think of, but nothing that couldn't be found here.

Chapter 9406

Someone once said that Jianghai Academy's logistics department was the best trading hub in Jianghai city.

It was a pity that this place was only open to students within the school and could only be paid with credits. Outsiders were not even allowed to enter. This was considered a hidden benefit for Jianghai University's students.

Of course, with Lin Yi's measly 100 credits, he wouldn't be able to buy anything good even if he wanted to. At most, he'd just be able to look at the list and broaden his horizons.

No matter how wealthy Jianghai Academy was, it was not to the extent of giving every new student a bunch of divine weapons for free.

"Little brother, are you trying to make formation talismans?"

The old man in charge of the counter looked at the list Lin Yi handed over and raised an eyebrow.

There were more than a hundred kinds of materials listed on it. Except for the relatively rare black stone Jade, most of the other materials were common. It was not difficult to buy them separately, but it would be more troublesome to gather them all at once.

However, this was the school's logistics department, where all of Jianghai University's resources were stored. Naturally, it had everything one needed.

"Yes, I'll make some for self-defense." Lin Yi nodded.

This was the truth. If he had to take the make-up test next, the most readily available method he could think of was talismans. If he really couldn't do it, he would use profound grade talismans to open a path. Even if he had to smash it, he would clear the test.

The old man had a cigarette in his mouth as he looked Lin Yi up and down. "If I'm not mistaken, these are all materials for a profound grade talisman. It's rare for a new student to be able to refine a profound grade talisman as soon as they enter the academy. Little brother, are you sure you can do it?"

Lin Yi was surprised, "there's a requirement for buying these materials?" If I'm not confident, can't I buy it?"

The little old man laughed. "That's not it. What I meant was that if you can really refine a profound grade talisman of good quality, I can take it back. I guarantee that you'll be satisfied with the payment with academic credits."

"Retrieve the talismans?"

Lin Yi was getting more and more surprised. To a normal person, with Jianghai Academy's background and power, the logistics department would definitely have their own high-end supply channels, especially for consumables like talismans. They should be working with a noble family like the Wang family, why would they come to him?

Retrieving talismans from a new student, this did not seem like a good match for Jianghai Academy.

Seeing this, the little old man took the initiative to dispel his doubts. "Normally, it's not like this. However, the current situation is a little special. Several of our supply channels, including the talisman patrician Wang family, have run into some problems. The talisman making society in the school is also not up to standard and can't be put on the table. So, for the time being, we can only open it up and conduct scattered recycling."

"The standard of the talisman making society is lacking?"

Lin Yi couldn't help but find it strange. He could understand why the Wang family had problems since he'd heard from Wang Yuming, but the talisman society was the representative of Jianghai college.

The little old man chuckled. "It was fine in the past. But now that there's a new president, the quality of the talismans produced is getting worse and worse."

The new president was none other than his old acquaintance, Jiang Ziheng!

"Senior," Lin Yi said, deep in thought, "even if it's a special situation, you don't have to come to me, do you?" I'm just an ordinary new student. "

"Ordinary new student? An ordinary freshman who killed the Lu family's King head-on?"

The little old man spat out a mouthful of tea as if he had seen a ghost and laughed, ""Little brother, aren't you being too guarded? Don't think too much, I'm just a little old man from the logistics department, I won't be able to plot against you. I just saw that the talismans you used to deal with the Lu family's King were of good quality. If you made them yourself, they're enough to meet my criteria of recycling. "

"I see."

Lin Yi realized-he'd really suspect the guy if he didn't give him a reasonable explanation, but it seemed like he was being a little too sensitive.

"Spiritual jades aren't worth much," the little old man warned."You can easily earn them outside. But academic credits are different. You can't earn them just because you want to. Think about it carefully."

"Thank you for your reminder, senior. I will."

Lin Yi cupped his hands in thanks and went back to the dormitory with the materials, starting to make all kinds of practical talismans.

One more thing to note is that while the blueprints for talismans, especially profound grade talismans, may be considered a secret in the outside world, it was public information that could be accessed for free in Jianghai Academy.

Of course, this was only for the common profound grade talismans. If there were some rare and exclusive talismans, even if Jianghai Academy did have them, they would not be so hard to read.

But no matter what, this was worth it for Lin Yi-he didn't go to school for nothing.

He didn't stop working in the nine story Pagoda for a whole day and night, and when he came out, he had a whole stack of talismans in his hands. Not only did he make up for the talismans he used against Lu renwang, but he also had a variety of uses for them, greatly increasing their effectiveness in actual combat.

It was no exaggeration to say that once these talismans were used well, even if one did nothing else, just smashing the talismans could make an expert like the Lu renwang doubt his life!

At this moment, his phone lit up, and a make-up test notice came into view.

Lin Yi himself wasn't surprised at all-he didn't know that the Dean's phone was ringing non-stop, after all. It was a tacit agreement from the very beginning that they had to make up for the exam, and the only question was what it was about.

"Kill the third head of the Black Dragon triad, Liu SANDAO. Strength: peak of the early stage of the heaven-Sundering perfection realm. Mission Difficulty: Medium."

According to the school's tradition, the make-up test was indeed harder than the normal test, but it was still shocking to see the difficulty increase by so much.

This wasn't even asking for a make-up test anymore, this was directly dissuading her from taking it!

Although they were both at the peak of the initial stage of the heaven crushing completion, Lu renwang was at least a critical level. Moreover, he had been forced to the abandoned island of the western coast. He was blessed by the heavens in all aspects. For a freshman, there was at least a theoretical possibility of completing it.

However, this third leader of the Black Dragon triad didn't seem to show any signs of weakening from the information he had received. In other words, he was an existence that was at the peak of his strength. Just this alone was already a challenge for any new student.

Moreover, he was not a loner like Lu renwang, but a notorious gang leader. In addition, he was wanted by the government all year round. He was almost only active in the stronghold and never went out alone!

This meant that Lin Yi probably wouldn't even have a chance to fight him one-on-one. It wouldn't just be Liu SANDAO, but an entire stronghold of Black Dragon triad!

Such a heaven-breaking mission, yet the difficulty rating was only intermediate, it was simply inconceivable.

Chapter 9407

"Doesn't the person who sent this message have a guilty conscience?"

Lin Yi muttered to himself. A certain receptionist at the administrative office got shot for no reason-she didn't want to post it, but her boss, Tang Zhiyuan, was forcing her to ... What could she do?

What Lin Yi didn't know was that Tang Zhiyuan, the director of the Academic Affairs Office, was in a rage the moment he received the news about the make-up test.

"You're good, Lil Tang. I don't seem to be using my words as the Managing Director anymore."

For the first time, the Dean of Students, Wan Xiyan, personally appeared in Tang Zhiyuan's office.

This was the head of the Academic Affairs Office, the absolute leader of the entire Academic Affairs system. Even a second-in-command like the Deputy Director with real power would have to come to his door obediently to be reprimanded with a phone call, not to mention that Tang Zhiyuan was his trusted aide who had been promoted by him. Whether it was for public or private reasons, how could he be qualified to come to his door?

Feeling the anger of his immediate superior that could not be suppressed, Tang Zhiyuan sweated like rain and quickly said, ""Director, please calm down. Let me explain."

"You still have an explanation?"

Wan Xiyan was so angry that he laughed. "Sure! Tell me. Let me, the division Chief, be educated."

Tang Zhiyuan could not care less about his cold sweat. He said in fear and trepidation, "Chief, you're joking. I actually ordered someone to change Lin Yi's mission rating after you told me yesterday, but I don't know what the hell they're up to, they didn't change it. I just found out about it."

Wan Xiyuan crossed his arms and looked at his trusted subordinate as if he was looking at an idiot. "You think I'm old and have dementia?"

"This subordinate really didn't lie!"

Tang Zhiyuan wanted to continue to remedy the situation. "Director, you know me. I've always followed your lead. I'll never have any objections!" Of course, this time, it was indeed my fault for not being able to supervise and ruining the chief's plan. I deserve to be punished. "

Wan Xiyuan didn't say anything and just looked at him coldly.

Five minutes passed, and Tang Zhiyuan's sweat was like rain. His expression was humble, but he didn't change his words. In the end, under the unprecedented pressure, his vision turned black and he fell straight down.

"Alright, stop pretending to be dead and pitiful in front of me. I don't buy it."

Wan Xiyuan awakened him with a burst of genuine Qi, but his tone was a little gentler than before. He said in a deep voice, ""I'll give you one last chance. Think about it before you talk to me. "

Tang Zhiyuan's excuse could not even fool a layman, let alone him, the Managing Director who had climbed up step by step from the bottom!

After hesitating for a moment, Tang Zhiyuan finally gritted his teeth and confessed, ""Yes, I made a decision without permission. Please punish me, chief."

"The reason."

Wan Xiyan's voice was unexpectedly calm. However, the more calm he sounded, the more afraid Tang Zhiyuan was.

He had been promoted by the other party, and he knew all too well what kind of person his immediate superior was.

Although Wan Xiyan had been quiet all these years, he gave people the feeling that he was old and had lost his former enterprising spirit. He had even begun to treat the lower-ranking people with a kind expression, just like an old man waiting to retire.

All of this was just an appearance, a disguise.

When it came to the real core interests, this boss was so ruthless that even Tang Zhiyuan, one of his own, was frightened. This was a really ruthless character who ate people without spitting out their bones. He just retracted his bloody claws in front of unrelated people, that was all.

Tang Zhiyuan swallowed nervously and said carefully, ""Director, if you want to continue to climb up the ladder and control the authority of the College, you can't do it without the support of the Li family. From the day you used the Li family's influence to take the position of director, we've actually already been bound to the Li family. There's no way to break it."

"Continue," Wan Xiyan said, still expressionless.

Tang Zhiyuan had no choice but to continue, ""Although it's just a small matter this time, if you slap young master Li's face, with his vengeful character, he will definitely hold a grudge in his heart. Perhaps one word from him will ruin the overall situation of your cooperation with the Li family. After all, he is the only heir of the Li family."

What he meant was that even though Wan Xiyan was now the Managing Director, he was nothing without the support of the Li family.

Wan Xiyan laughed, 'so I have to obediently be his dog? Hehe, you're pretty clear about your position. "

Having said that, Tang Zhiyuan opened the skylight and said, ""I dare to speculate that you are trying to weaken the influence of the Li family and wash away the label that the Li family has placed on you. But even so, you can't be too hasty. If you make too obvious a move, it will only lead to a backlash. You need to think about it carefully."

"What else?"

"I sincerely believe that even though the Li family's current situation is not long-lasting, they still have a lot of uses. We really don't need to rush to cut off their ties. If we really want to, we just need to plant some inconspicuous seeds. When the time comes in the future, we can attack or retreat."

Tang Zhiyuan had already racked his brains for these words, but it had to be said that he had indeed guessed Wan Xiyan's thoughts.

Wan Xiyan nodded slightly. "Alright, for what you've said today, I'll spare your life. From now on, you're no longer the office Director. I've already informed the discipline office. From now on, you'll be the guard there."

The admonishment office, also known as the Academy's prison, held felons who had committed unforgivable crimes against the Academy. In name, it was under the jurisdiction of the Jianghai city Lord's office, but in reality, it was an independent internal punishment institution within the Academy. It had substantial power over the life and death of felons in prison, and the city Lord's office had never interfered.

Strictly speaking, the admonishment office was also a Department with real power in the school. It wasn't a place that ordinary people could enter as they wished. However, for the director of the Academic Affairs Office who had a bright future ahead of him, this was equivalent to being thrown into the cold Palace. He would have no future to speak of from now on, which was better than death.

"have mercy, division chief!"

tang zhiyuan did not expect the other party to be so decisive. he quickly knelt down and said in tears, ""i've followed you for ten whole years. even if i don't have any credit, i've worked hard. this time, i really shouldn't have made a decision on my own, but i really didn't do it out of selfishness. the starting point of everything i did was for you."

upon hearing this, wan xiyan's face was indifferent."for me? or for the sake of the li family? don't you know in your heart?"

tang zhiyuan could not help but choke. after hesitating for a while, he gritted his teeth and said,"but if you punish me now, it'll be equivalent to slapping the li family's face. is it really necessary?"

"You're threatening me with the Li family?"

Wan Xiyan sneered, and the way he looked at this guy became more and more ridiculous."The Li family has indeed infiltrated a lot over the years, and many people on the School Board of Directors have been cheering for them, but don't forget that there's only one true power in the school. Hehe, it's nothing!"

Chapter 9408

Tang Zhiyuan was dumbfounded on the spot.

After a long time, he finally managed to come back to his senses and muttered,""Tian family? Could it be the Tian family that called you yesterday? Impossible, that's impossible, how could a mere Lin Yi enter the Tian family's eyes?"

"Yeah, I don't get it either. Even I, the Managing Director, rarely get to see the Tian family, what right does he have to make them speak for him ..."

Wan Xiyan also found it hard to believe, but this was the reality.

Just as Tang Zhiyuan had guessed, the Shen family of the heavenly express flying shuttle, the Zhuo family of zhuoyue media, and even the Wang family of the talisman family-these three families speaking at the same time would indeed put a lot of pressure on him. However, to Wan Xiyan, their weight might not be comparable to the Li family.

That was why he dared to act without permission, betting that Wan Xiyan wouldn't fall out with the Li family over Lin Yi.

However, who would have thought that the Tian family's matter was involved in this!

Jianghai Academy's founding family, a family with four city Lords, the elusive Tian family!

Although the Li family is now like the sun in the sky, in front of the Tian family, they are at best a nouveau riche without any Foundation. Even if city Lord Li himself comes, he doesn't have the qualification to speak loudly in front of the Tian family!

"What else do you have to say now?"

Wan Xiyan looked at the dazed Tang Zhiyuan and felt a little sorry for him. If he had made things clear yesterday, he would not have done such a stupid thing today.

"I ... Have nothing to say. Thank you for your mercy, chief. I hope you take care of yourself in the future."

Tang Zhiyuan's heart was like dead ashes. From the moment the words "Tian family" came out of Wan Xiyan's mouth, his fate had already been determined.

In Jianghai Academy, no one could disobey the Tian family's will. Not him, Tang Zhiyuan, or even Wan Xiyan!

Tang Zhiyuan turned around dejectedly. Just as he was about to walk out of the door, Wan Xiyan's voice suddenly rang out behind him.

"Hold on,"

Tang Zhiyuan was overjoyed. He thought that the other party had finally softened and was ready to take back his order.

No matter how much he tried to suck up to Li MUYANG, he had to at least be the director of the Academic Affairs Office. Only then would he be qualified to be a bootlicker. Otherwise, Li MUYANG would not even look at him.

In the end, what awaited him was two streams of tyrannical zhenqi that Wan Xiyan had suddenly poured into his body.

In the blink of an eye, the meridians in Tang Zhiyuan's arms were crushed by these two streams of true Qi. He could only watch as his arms drooped down powerlessly. No matter how much force he exerted and how much Qi He circulated, he could not move. He could not even move his fingers.

"Why ... Why ..."

Tang Zhiyuan was furious. He didn't expect the other party to be so cruel. This was the master he'd been sucking up to for ten years! How did things end up like this because of Lin Yi's make-up test arrangement?

With the meridians in his arms destroyed to such an extent, even if he found someone to cure them in the future, he would still be half disabled!

Wan Xiyan looked at him indifferently. "I'm doing this for your own good. I don't want you to have any thoughts that you shouldn't have and risk your life. Just stay in the admonishment office."

After he finished speaking, he didn't even look at Tang Zhiyuan. He waved his sleeves and his figure disappeared into thin air.

Tang Zhiyuan's face was full of resentment in the empty office.

On the other side, Lin Yi, who was ready for his make-up test mission, was suddenly called to the dean's office. Other than the receptionist he met last time, Wan Xiyan was there as well!

Even Lin Yi couldn't help but be shocked by the scene.

Of course, he recognized Wan Xiyan. During the opening ceremony, Wan Xiyan had been sitting at the leader's seat and had even spoken. He was one of the few powerful school leaders who had attended.

Seeing Lin Yi, Wan Xiyan smiled, ""Lin Yi, I'm really sorry. A moment of carelessness caused so much trouble for your test. I'm not doing my job well as the Managing Director."

"Chief Wan, you're too kind."

Lin Yi didn't know what was going on-he didn't know what was going on behind the scenes, and he just couldn't understand how a new student like him could make the Dean lower his status like this.

Wan Xiyan smiled,"good. You're worthy of the Tian family's attention. Student Lin Yi's magnanimity is not ordinary."

"Tian family?"

Lin Yi blinked. He still didn't know what was going on, but he could tell that the guy was testing him. He shook his head."I don't quite understand what chief Wan is saying."

"I know. Keep a low profile. You're a humble young man."

Wan Xiyan didn't say what he was thinking in his heart, but the admiration on his face grew. It was as if he hated that they had not met each other earlier, and he couldn't wait to make friends with them on the spot.

"Chief Wan, you might be mistaken," Lin Yi frowned.

"Maybe, but even if it's a misunderstanding, it's not a bad thing, is it?"

Wan Xiyan had obviously made up his mind to be on good terms with Lin Yi this time. He immediately ordered, ""Lin Yi, I saw your live broadcast of your fight against Lu renwang, you passed without a doubt. The make-up test message you received was a mistake from the underlings, I'll get them to ..."

Before he could finish, his phone suddenly rang.

Wan Xiyan looked at the caller ID and frowned slightly. After apologizing to Lin Yi, he quickly walked to the side and picked up the phone. He even set up a soundproof formation.

"Even the divine sense is blocked?"

Lin Yi couldn't help but wonder-was this guy always so careful, or was it because of his special circumstances that he wanted to hide from people?

That being said, Lin Yi wasn't so curious as to force his way through the shield-it wasn't necessary, and he didn't know the enemy's essence spirit level. He didn't know if he could go through it, and even if he did, it was hard to say if he wouldn't be noticed.

"Thank you for your help, senior."

Lin Yi thanked the receptionist.

"You can just call me Liu Yin."

The senior at the front desk smiled shyly and then shook her head."Actually, you don't have to thank me. I didn't do anything. I was the one who sent you the make-up Exam Notice. You were lucky to have been noticed by director Wan."

"No matter what, I still have to thank you," Lin Yi smiled.

At this time, Wan Xiyan, who had just finished the phone call, turned around and came back. For some reason, his face had a trace of solemnity.

"Lin Yi, with your performance, you've passed for sure, but because of your mistake, the make-up test has officially started. Once the mission is in effect, even I, the Managing Director, have no right to change it. So, I'll have to trouble you to continue with the make-up test."

Wan Xiyan's face was filled with sincere apology.

Lin Yi, on the other hand, felt weird. He turned to look at Liu Yin, only to get an awkward nod in response.

Upon seeing this, Wan Xiyan added, "although the make-up test seems to be very difficult, it should not be a problem with your strength. I will coordinate and give you the most accurate information from the inside. It will be convenient for you to take action when the time comes."

What's done can't be undone, and Lin Yi didn't want to dwell on it. "Sure, I have no problem with that."

Chapter 9409

"good boy, you are indeed bold!"

"don't worry, i won't let you suffer for nothing. as long as you complete the make-up test, i'll personally make the decision to give you a special reward as compensation. i guarantee that you won't be disappointed!" wan xiyan said with a look of admiration.

"thank you very much, chief wan."

lin yi didn't know what the guy was up to, but he wouldn't reject a compensation he deserved.

wan xian was in a good mood and encouraged lin yi for a while more before leaving. before he left, he even specifically told liu yin to be lin yi's special receptionist in the future, and that lin yi could look for liu yin to handle any matters related to the academic affairs office.

Liu Yin could not help but feel a little embarrassed. At first, it did not sound strange, but the intention behind this arrangement was obvious to ordinary people.

"Is this a honey trap?"

Lin Yi's steel-like statement made Liu Yin's face redden, and she pouted. "What nonsense are you saying?"

In terms of looks, she was different from Chu Mengyao and Tang Yun, who were bright goddesses that attracted a lot of attention. Liu Yin could only be considered a first-class beauty. Her temperament was more like the daughter of a humble family, but it was precisely because of this that it made people feel more relaxed and happy when interacting with her, like a spring breeze.

Especially with her blushing face, it had a different style to it. Even the talented Lin Yi couldn't help but stare at her.

However, it only lasted for a moment.

Liu Yin was a little disappointed at how quickly Lin Yi had recovered, but she blushed at the strange thought.

"What's the matter?"

Lin Yi didn't know what was going on-this girl didn't seem like someone who would get embarrassed so easily.

"No, nothing."

Liu Yin reacted and quickly changed the topic. "I've already made a special note for the mission information. I'll send it to your account immediately. Also, this mission might be a little unusual, so you have to be careful."

She ran away after that, not sure if she was afraid of the awkwardness of staying or if she was afraid of Lin Yi's questions.

"It's not normal ..."

Lin Yi was deep in thought. Wan Xiyan's behavior just now was very strange. The Dean lowered himself to befriend a new student, and he even mentioned a mysterious family that he had never heard of before. He was really confused.

If that was all, Lin Yi could understand that there might be some unknown deal behind it, but Wan Xiyan's sudden change of mind after the phone call was almost obvious on his face.

After all, if they really wanted to be on good terms, there would be no make-up tests. The so-called make-up test process was just a pure excuse in front of those with real power.

As the Managing Director, Lin Yi didn't need to doubt Wan Xiyan's EQ and tactics. His change of attitude was so deliberate that Lin Yi couldn't ignore it.

A fight between Immortals!

A Tian family and a Li family, he was the Managing Director, and he couldn't afford to offend either of them. He tried to get on Lin Yi's good side while continuing with the make-up test, trying to smooth things out.

Lin Yi felt that this was a little stupid. If he didn't offend either side, he would offend both sides. However, from the brief interaction just now, he knew that Wan Xiyan wasn't an idiot. He was a smart person.

In conclusion, there was only one possibility. Wan Xiyan's actions just now were a signal to some people, and Lin Yi was obviously not one of them.

But no matter what, if he wanted to gain a foothold in this Academy, he had no choice but to accept the make-up test mission.

Black Dragon triad's branch building.

As the publicly acknowledged Overlord of Jianghai's underground world, the Black Dragon triad's existence had already become a part of order. Furthermore, they were extremely important. One of the most typical signs was that all of their branches were open to the public!

The city Lord's mansion turned a deaf ear to this, and all the great families were collectively silent.

At this moment, on the top floor of the branch building, a fat middle-aged man was gobbling down the delicacies on the ground alone. In front of him was a man of his kind who was covered in scales and was almost out of shape.

Sun Buyi.

Sun Buyi was in a really bad state. The difficulty of a normal test for new students wasn't too high, unless they were targeted like Lin Yi. In fact, the mission he received was not difficult at all, it was just to get information about the Black Dragon Gang's stronghold.

A stronghold was only a branch of the Black Dragon triad. No matter how powerful the Black Dragon triad was, they wouldn't send many decent experts to such a basic organization. Under normal circumstances, as long as it wasn't a full-scale conflict, an expert at the early stage of the consummate level of heaven crushing was enough to deal with it.

Sun Buyi was unlucky when he went to the canteen when he was sneaking into the stronghold to investigate. As a result, he ran into a glutton.

The glutton was the fat man sitting in front of him-the target of Lin Yi's make-up test mission, the third head of the Black Dragon triad, Liu SANDAO.

However, even though he was tortured to the point where he was no longer human, sun Buyi remained silent. He did not know whether he was alive or dead. Instead, he stared at the delicious food on the ground and swallowed his saliva.

"Life and death are small matters, but eating is more important? Heh, you're a bit like someone from my generation. "

Liu SANDAO suddenly stopped his movements and sized sun Buyi up with interest. He casually threw a chicken leg to sun Buyi.

The direction was a little off. As a result, sun Buyi, who was supposed to be on his last breath, suddenly burst out with a burst of energy. His body, which was hanging upside down in the air, suddenly shook and caught the chicken leg in his mouth. Then, he began to eat it with great enjoyment.

SANDAO Liu laughed at the sight."My chef's skills aren't bad, right? a little brother from Jianghai Academy?"

As he spoke, he stood up slowly and walked over to sun Buyi. When he got close, a giant machete appeared in his hand.

As if he felt the approaching danger, sun Buyi was stunned for a moment. However, he immediately continued to gnaw on the chicken leg as if there was no one around. It must be said that it was a skill for him to gnaw on the chicken leg while hanging upside down like this.

"Hey, hey, it's nice to have something to eat, but little brother, you're so arrogant. I'm not very happy."

Liu SANDAO immediately slashed down with his blade. Instantly, blood spurted out, and another shocking wound appeared on sun Buyi's body. Immediately after, a second and third wound appeared ...

Liu SANDAO's assistant was drenched in cold sweat as he watched from behind. He summoned up his courage and reminded, ""Third-in-command, this man is a student of Jianghai Academy. You can't just kill him like that!"

Due to the many experts gathered here, Jianghai Academy's status was extremely high. The Black Dragon triad could still act arrogantly in front of the other factions, but if they were to cross the line of Jianghai Academy, they could only be prepared to become stray dogs.

Chapter 9410

If they were unlucky, even being a stray dog would be an extravagant hope.

"Ha?"

Liu SANDAO paused for a moment, and another giant machete appeared in his other hand. Then, he looked at it with even more madness. "Then it should be fine as long as I don't hack him to death, right? Hehe, I'm very good at killing people, he won't die!"

Blood and flesh splattered everywhere.

What Liu SANDAO didn't know was that the entire scene of him hacking someone was displayed in front of Li Muyang and the others through the camera.

Wang Zhong looked at the blood that was gushing toward him and couldn't help but swallow his saliva. "I've long heard that the third leader of the Black Dragon triad is a lunatic. He really lives up to his reputation."

Jiang Ziheng's expression was equally ugly. "It'd be better to die than to fall into this guy's hands. It'd be better if he killed himself earlier and suffer less. Young master Li has really found Lin Yi a good opponent. "

"How else can we watch the show?"

Li Muyang, on the other hand, was watching with great interest. He didn't just want Lin Yi to die-if that was the only thing he wanted, he'd have many better and faster ways to do it. Watching the show was his original intention.

At the end of the day, Lin Yi was a threat to Jiang Ziheng and the others, but to him, Lin Yi was just a dog-an untamed dog.

Of course, he wasn't in the mood to train dogs, but he was still interested in watching the dogs fight while sitting in front of the livestream screen.

First, it was Lu renwang, then Liu SANDAO.

The two suddenly felt that Lin Yi only survived because of luck, but now it seemed like he was unlucky instead.

"Young master Li, I heard that the Black Dragon Guild owns a Treasure Mine. They're quite something, aren't they?"

Jiang Ziheng suddenly asked, implying something.

Li Muyang glanced at him, "Oh?" Tell me about it. "

Jiang Ziheng quickly said, "on the surface, the Black Dragon triad is disguised as a Chamber of Commerce, but underneath it, it's actually a black industry chain that deals in human trafficking and slave trafficking. The core channel to digest these people is an underwater Kuangqu. The specific location is extremely secret, and the outside world has no way of knowing. However, when I investigated his past transaction records, I found that a few batches of territory origin stones have been sold!"

"Territory origin stone?"

"Brother Jiang, do you mean that the Kuangqu is not an ordinary spirit jade mine, but a territory raw stone mine?" Wang Zhong asked. Then wouldn't the Black Dragon triad soar to the heavens?"

The domain origin stone was of no value to cultivators below the heaven breaking realm, but once they stepped into the great circle of heaven breaking, they would have to use it if they wanted to go one step further, because it contained the mysteries of heaven and earth, and the wonders of all kinds of domains were contained within.

To put it bluntly, it was like a brick used to knock on the door of a peak heaven crushing expert. Without it, one could only stop here, so its value could be imagined!

Even the lowest quality of the territory raw stone would be worth at least a million spiritual jade pieces in the market. If the quality was better, the value would be immeasurable and could only be seen in auctions.

This was a real strategic resource!

The Black Dragon triad might be powerful, but they were only powerful enough to occupy a spiritual jade mine. The various powers that had reached a balance would turn a blind eye to them just by earning some spiritual Jade.

How many lives does it have?

Li MUYANG did not seem to be surprised at all. He looked at Jiang Ziheng and said, "Did your brother give you this information? Hehe, Nanjiang King, you're well-informed. "

Jiang Ziheng excitedly licked his lips and took the opportunity to probe, "Young master Li, you should know that although my brother is the king of Nanjiang and is loyal to the city Lord, his Foundation is still

lacking. If he has the opportunity to manage the Black Dragon Gang for the city Lord, it would be killing two birds with one stone."

in other words, his brother had already set his eyes on the black dragon triad's territory.

"it's a good thing to be motivated," li muyang said with a half-smile. "however, the black dragon triad's water isn't that easy to swim in. be careful not to drown in there."

"i'll die for the city lord!" jiang ziheng quickly expressed his position.

"let's watch the show first. "

li muyang remained noncommittal. this matter involved the king of nanjiang, and it was beyond his control. as for his father's attitude towards the king of nanjiang, even he was not sure, and he would not vouch for him.

"Lin Yi's here!" Wang Zhong reminded.

As he spoke, Lin Yi's figure had already appeared at the entrance of the Black Dragon triad's branch building. He didn't stop at all and swaggered in.

"He's so F * cking crazy!"

Jiang Ziheng snorted.

Although the Black Dragon triad was a Chamber of Commerce that was open to the public in name and was no different from a central Chamber of Commerce, everyone knew that this was only a layer of skin. In essence, they were still an underground force that was covered in blood and wanted to eat people.

If an ordinary person dared to walk in so arrogantly, they would be eaten up in minutes.

As expected, Lin Yi was stopped as soon as he entered the gate. It was two young men with black dragons tattooed on their arms, the symbol of a member of the Black Dragon triad.

"Get out the way you came in. We're closed today. We're not open for business!"

Lin Yi looked left and right, "isn't it fine?" Why are they closing in broad daylight? Since they were doing business, customers should come first, right? I'm just looking around. "

After he finished speaking, he started to stroll around as if there was no one else around.

Although the branch Chamber of Commerce was only a layer of disguise, the overall layout was decent. In terms of hardware, it was comparable to the central Chamber of Commerce. It could be seen that they were rich and imposing.

The two brawny men of the Black Dragon triad looked at each other and grinned. ""You don't want to leave? Alright, then don't leave. "

With that said, the door automatically closed, and the two of them came in from the left and right.

Lin Yi raised a brow, "holy shit, you guys are doing this in broad daylight, aren't you?"

"A black shop?"

The two of them laughed out loud when they heard that, "you can eat whatever you want, but you can't say whatever you want!" Since you're here, you can buy anything you want. Here, this stone will do. I'll give you a discount, two hundred thousand spiritual jade pieces!"

One of them threw a fist-sized stone at Lin Yi with a mocking smile.

If it was a precious stone like the original territory stone, it would be fine. However, it was just an ordinary stone. At best, it had some spiritual energy. It could not even be considered an ordinary spiritual Jade.

"You think so highly of me? I can't afford it, you guys keep it for yourself. "

With that, Lin Yi looked at the rock thrown at him and flicked it, shattering it into tens of thousands of tiny diamond-shaped shards that bounced back at a hundred times the speed.

The two members of the Black Dragon triad didn't even have the chance to react before they were turned into sieves by the tens of thousands of broken stones. Countless fine lines of blood spurted out, forming a thick blood mist.
