

Bodyguard 9431

Chapter 9431 The Power Of The Devil

The next day, the campus's hot search was dominated by news about a new student.

Ying long had made his move, and class 3 had been completely annihilated. The battle for supremacy among the freshmen had officially begun!

This news immediately attracted countless gazes. Even those who were not involved in this matter watched with great interest.

Inside and outside the academy, after tea and food, discussions were going on everywhere.

There were even special storytellers who compiled this into stories, which attracted many distinguished friends.

There was even a market, commenting on the focus of this year's freshmen one by one, and after calculating, the odds were specifically set for each person and class. It had already become a mature industry.

Lin Yi's name was on the odds board, and he was in third place!

After all, Lin Yi had been a famous figure since he'd entered the school-whether it was his one-on-one with Lu renwang, Liu SANDAO of the Black Dragon triad, or the recent punishment of standing in front of Jiang Ziheng, all of them were things that could be bragged about for a year.

It didn't matter if there were all sorts of disputes, saying that he'd used a trick or a loophole, but one thing was for sure-Lin Yi was a hot topic among the freshmen.

To put it bluntly, even if he didn't do anything, his name would still be on the betting list.

And at this moment, this influential figure in the eyes of others was blocked in a corner of the campus by a freshman.

"Yue Jian, I advise you to be sensible and move aside. You're just a stray dog. You don't have the right to challenge our boss!"

The Imperial court of Zhao snorted coldly and blocked the way.

Lin Yi didn't know if it was the effect of the dependent, or if he had really adjusted his mentality, but this guy was acting even more actively than Shen Yifan and the others. He could be considered Lin Yi's number one Lackey.

"Get lost!"

The person didn't even bother to look at him. He stomped on the ground and shot out like a human cannonball. He was so fierce that even Lin Yi and the others, who were ten meters away, could feel the heavy pressure.

"Get back!"

The Zhao imperial court was also unyielding. Black shadows gathered all over their bodies, as if they were covered in a layer of Shadow Armor. They did not allow themselves to face him head-on.

In the end, he was sent flying with a single punch.

The situation was extremely awkward.

Lin Yi coughed and looked at the person. "If I remember correctly, you're from class three, right? why are you looking for me?"

From what he understood, Yue Jian was the most powerful person in class three that they had to pay attention to. He was also the most likely candidate for the boss. However, now that the entire class three had been defeated by Ying long, all of them had submitted to him.

There were only two choices left for the other party. Either they bowed down together, or they became completely alone.

To a certain extent, the Zhao imperial court 's' stray dog 'was not wrong at all.

"Fight with me. If I win, you'll give up your position as the boss of class five."

Yue Jianzhong said, full of anger.

"Ha?"

Lin Yi and the others were stunned, "You're from class three, yet you want to be the boss of class five? are you kidding me?"

"You don't dare to?" Yue Jian frowned.

Shen Yifan was speechless. "Since it's a gambling match, there must be a bet. Even if elder Lin really gives up his position as the boss of class five, what can you, a loner, do?"

"I'm the stake, can't I?"

Yue Jian held his head high and puffed out his chest.

This time, even Yan Zhongyuan, who had always been silent, held his forehead and said, ""This guy seems a little dazed."

Everyone nodded in unison. Not only were they stunned, but this guy's brain was simply missing a string. His brain circuits were so simple that they were incomprehensible!

You're a stray dog from Class 3, you can't even protect your own base, yet you came to snatch the boss of Class 5, and you're even doing it alone. How the F * ck is this the logic of a normal person?

"Sure," Lin Yi said, excited.

"Great! Then you can all come at me together."

Yue Jian's eyes lit up as he clenched his fists. From his stance, he was going to fight Lin Yi's group alone!

"No need, I'll be fine alone."

Lin Yi smiled and slowly walked forward until he was five steps away from Yue Jian.

Yue Jian frowned and looked at him. "Don't blame me for not warning you. My fists are heavy. If you're accidentally killed by me, you'll be the one who's unlucky. You can't blame it on me."

"Don't worry, we won't try to scam you,"

Lin Yi made a "please" gesture with one hand-he wasn't trying to put on airs, but he really did find this guy interesting, and wanted to measure his strength.

"That's for the best. Those who touched me are all dead. "

Yue Jian replied in a muffled voice. Then, without holding back, he took a step forward and directly threw a punch.

BOOM!

This punch was obviously much fiercer than the previous one, creating a Sonic Boom. Lin Yi's eyes only saw a flash before the pot-sized fist slammed into his face with unparalleled tyrannical Qi.

Lin Yi's head exploded like a watermelon that hit a high-speed train, leaving nothing behind.

This scene had left a heavy psychological shadow on everyone present.

All of them looked at Yue Jian with a hint of respect in their eyes. Although his brain wasn't working well, this fellow was really strong!

"Your fist is quite ruthless."

Lin Yi's voice came from behind him. It was just one of his clones that was destroyed.

No one was surprised-he wouldn't be Lin Yi if he were that easy to kill.

Yue Jian didn't reveal the slightest surprise, as if he had already expected this. He turned around and threw out another Sonic Boom punch!

However, Lin Yi was faster than him. A black light bloomed as the demonic devouring sword, unsheathed at some point, turned into a dark light and blocked his fist.

If it was any other normal person, their reaction would definitely be to Dodge. After all, who would use their own fist to meet the blade?

It was obvious that Yue Jian was not a normal person.

This guy had actually used his own flesh and blood to block the demonic devouring sword!

Everyone's eyes popped out.

Even Lin Yi was shocked when he saw the blood coming out of the man's fist.

This was the demon devouring sword!

A body of flesh and blood actually dared to face it head-on. Although he was injured, he was actually not completely cut off. This in itself was a huge miracle!

"Again!"

On the other hand, Yue Jian didn't seem to mind at all. After suffering a loss, his attacks became even more ferocious. He unleashed his Sonic Boom fist at full power, and in a single breath, he had sent out thousands of fist shadows.

Each fist shadow was formed from pure Qi, completely shrouding Lin Yi. The point was that these weren't normal fist shadows-each fist shadow was like a powerful time bomb, exploding at the same time!

BOOM! BOOM! BOOM!

The sound of concentrated explosions was endless, and even the entire surrounding area was rumbling along with it, instantly attracting the attention of countless passersby.

This was Jianghai Academy, and there were protective formations all over the place. Even the senior students would not be able to cause much of a stir, much less a new student.

Chapter 9432

Yue Jian was merely a loser that was rumored to have lost to him, yet he actually had such exaggerated strength. Then, how strong was the legendary strongest newcomer King candidate Ying long?

The people around them were all scared, and Lin Yi, who was in the middle of it, was in even more danger.

The Imperial court was a good example-even if Lin Yi was a level stronger than them, he wouldn't be able to take any of the sonic booms.

More importantly, once this thing took a punch, it would have to take thousands of punches at the same time. Who the F * ck could stand that?

But danger was danger, and it wasn't that hard for Lin Yi to avoid it. No matter how strong the fist was, it was useless if it didn't hit.

However, he didn 't.

It wasn't that Lin Yi couldn't avoid it, but that he didn't plan on doing so at all.

Not only did he not Dodge, but he even put away the demonic devouring sword and directly relied on his physical strength to face his opponent head-on!

For a moment, the aftershock of the true energy impact poured out in all directions, and the sound of fists colliding with flesh madly hit everyone's eardrums.

"Great! Again!"

Yue Jian had obviously not expected that there would be such a tough character. He actually dared to go head to head with him in the field that he was most skilled in. In the entire batch of freshmen, there was definitely no one else like him.

One had to know that even Ying long, who was the strongest rookie, wouldn't dare to play with him like this, even if his strength was completely above his!

But not only did Lin Yi Do that, he didn't lose at all after one round of attacks!

The crowd was dumbfounded.

The sonic boom fist was Yue Jian's ultimate technique, and it was understandable that it was this powerful. However, Lin Yi was obviously doing it on a whim, not using any special martial arts techniques, but purely relying on his physical skills and his control of pure Qi!

"On the surface, they are evenly matched, but in reality, the strength of the two sides is not on the same level at all."

Shen Yifan sighed as he spoke what everyone was thinking.

The opponents were using their ultimate skills, but Lin Yi just used A normal attack to kill them. It was obvious who was stronger.

At the side, Yan Zhongyuan looked at his hands silently. He was also an expert in martial arts, but he wasn't sure if he could deal with an expert like Yue Jian as calmly as Lin Yi.

After a spurt of energy, it weakened again.

Although Yue Jian's aura was far above Lin Yi 's, he wasn't able to gain the upper hand for the time being. In addition, the sonic boom fist he was using pursued strength and ferocity. It couldn't last long, and he was gradually losing his strength.

Anyone with a discerning eye could see that if this continued, it wouldn't be long before he, Yue Jian, showed signs of defeat.

"Do you dare to take my strongest punch?"

Suddenly, Yue Jian's movements came to a halt. He crouched on the ground in an extremely twisted posture. He seemed to pose no threat at all, but the aura around him was rising at a shocking speed. He was clearly accumulating strength.

Any other opponent would've interrupted him at this point, but Lin Yi didn't.

"I'll try. "

Lin Yi smiled and stopped five meters away, letting the enemy build up momentum.

"Alright, then don't die!"

The veins on Yue Jian's entire body bulged, making him appear exceptionally Savage and fierce. He had been accumulating power all the way to the edge of going berserk.

Even if he didn't do anything, the true Qi of his explosive fist, which had been compressed countless times, was enough to cause the surrounding sand and stones to fly up. Even Shen Yifan and Yan Zhongyuan were frightened.

Once this punch was unleashed, it would really claim a life!

"Old Lin, don't be too arrogant."

Shen Yifan couldn't help but remind Lin Yi. He believed in Lin Yi's strength and could roughly see through Lin Yi's intentions, but he didn't think it was necessary to take such unnecessary risks.

"I'm fine. "

Lin Yi gave him a reassuring look and started to build up his strength with the pose.

What made people's jaws drop was that this move of his, which was obviously learned and applied on the spot, actually condensed a fierce aura of flying sand and stones. In terms of the scene, he didn't lose out to Yue Jian in the slightest.

At this moment, Shen Yifan and his friends were not the only onlookers. Many students had also come after hearing the news, including some influential figures who often appeared on the campus 'hot search.

"What?" someone was shocked. "This guy's control of his strength and true Qi has reached an extreme. In terms of the mobilization of his own strength, he's invincible among his peers!"

"Same rank? Hmph, I don't think there's a second person in the great circle of heaven crushing who can compare to him!"

"This must be the legendary perfect Foundation. He can use simple martial arts techniques with ease. What a monster!"

There were no mediocre people in Jianghai Academy who were able to gain a foothold. Leaving aside professions like talisman making, which had a barrier to their specialization, everyone had their own insights in cultivation, so it was only natural that they could tell the good from the bad.

In this regard, Yue Jian, who was involved in the situation, wasn't the least bit surprised or angry. On the contrary, he felt his blood boil even more.

As he felt the pressure from Lin Yi, he broke through his usual limits and forced himself into the second stage of [storing power]. In the end, his entire body was wrapped in the sand and stones, every muscle and joint of his body was screaming from the burden.

The limit of limits!

In the end, stuck on the last line of his body's collapse, Yue Jian finally unleashed his ultimate power.

He threw a punch.

The world changed color!

At the same time, Lin Yi also moved.

The two Supreme tyrannical fists condensed with unparalleled true Qi, which were definitely one or two levels higher than the early stage of the heaven crushing complete realm, collided with each other in front of everyone's horrified eyes.

ten minutes later, the dust settled.

the two of them reappeared, and the buildings behind them that were more than 50 meters tall were all razed to the ground.

the battered and exhausted onlookers were collectively dumbfounded.

this was jianghai academy!

the main campus filled with formations!

when an ordinary expert at the great circle of heaven crushing entered, they wouldn't even be able to make a pit mark even if they went all out. however, the clash of these two people's fists had destroyed the 100-meter yard in a short moment!

this area had already turned into a white land. all the defensive formations had turned into ashes, and the power was terrifying.

"who, who won?"

Someone couldn't help but swallow his saliva and ask.

No one answered. Everyone was looking at the two people in the middle of the ruins.

At this moment, there was not a single part of their bodies that was intact. Just the bursting blood vessels had dyed their bodies blood red, but their auras did not weaken in the slightest. Instead, they were like fierce Tigers who had just started their killing spree, appearing even more ferocious.

Just when everyone thought that the battle was about to continue, Lin Yi suddenly asked, ""Still want to fight?"

Without any warning, Yue Jian's eyes rolled back and he fell to the ground stiffly. He spat out three words in a hoarse voice, ""Fight my ass."

Lin Yi shook his head with a smile, his body shaking unsteadily. He steadied himself, took a step forward, and reached out to pull her up from the ground.

Chapter 9433

Shen Yifan smiled at Yan Zhongyuan and the others. ""Elder Lin didn't waste his effort this time. He's recruited a strong general. I'm afraid the strongest candidate in class one will vomit blood."

Class one had conquered class three, and most of the new students had been taken in as well, but Yue Jian, one of the top fighters, was left out in the wild. Instead, he delivered himself to Lin Yi's door and allowed him to take advantage of the situation.

If the strongest candidate had a bad temper, he would have exploded on the spot.

A woman in the crowd sneered,""Fortune and disaster come together, can a pie that fell from the sky be picked up for free? Idiot. "

Very quickly, under the push of some people, Lin Yi and Yue Jian's battle quickly became a hot topic on campus.

Naturally, this news reached Ying Long's ears.

"He's indeed someone who doesn't know his place. Yue Jian's value alone is enough to cover half of Class 3. Looking at the books, we've really been taken advantage of by him this time."

The advisor said with a frown.

Although class one's overall strength was far above class three due to the existence of Ying long, the absolute trump card, they had still spent a lot of effort to be able to completely take down class three.

If it wasn't for the large amount of work done in the early stages, all kinds of preemptively infiltrating, roping in, and splitting up, even if they won this group battle, it would only end up in a scattered mess. There was no way to smoothly take over the power of class three.

But the situation now was that they had spent so much effort and energy to finally make this table of dishes for Class 3, but in the end, the main course was taken away halfway through!

If it could be tolerated, then who couldn't?

"Why don't I go and set a fire?"

A boy with a baby face stood up with a smile. There was a Dark Flame that seemed weak but was actually terrifying on his fingertips.

His name was Song Xiaomi, the second-in-command of Class 1. In terms of status, he was on par with the Grand Master, only below Ying Long.

The advisor quickly stopped him. "No, you can't. If you go, it'll be a declaration of war. Before we find out the truth, we can't face class five head-on!"

"What's wrong? Do we need to be afraid of that Lin Yi?"

Song Xiaomi glanced at him disapprovingly, played with the flame on her fingertips, and walked out of the door.

At the same time, the group of new students also got up. As the second-in-command, if Song Xiaomi really went to declare war on the others alone, it would be a disgrace to the entire class.

But then again, with Song Xiaomi's abnormal strength, she wouldn't be at a disadvantage even if she was alone. It was possible that she could accidentally wipe out the other party.

From the beginning to the end, as the boss, Ying Long just sat by the fish pond and played with the koi. He didn't even look at the others.

The Grand Master wanted to say something, but he didn't dare to stop him.

However, to her surprise, just as she was about to step out of the door, Song Xiaomi suddenly stopped.

"Damn boring! It's so weak!"

Song Xiaomi kicked the corner of the door, and a large piece of the 30-centimeter concrete evaporated on the spot. It was a shocking sight.

After looking at the unmoved Ying Long, Song Xiaomi turned around helplessly and walked back to her exclusive seat. She pulled over a sandbag and vented her anger.

Without Ying Long's approval, he didn't have the guts to act on his own.

Now, if there was anyone in the school who had the deepest understanding of Ying Long's strength, it would be him, the second-in-command of class one. With his talent and strength, he could have fought for the newcomer King in the previous years. However, in front of this boss, he didn't have any temper at all.

He really couldn't win.

The advisor secretly heaved a sigh of relief and tried to smooth things over, "The big picture is more important. Lin Yi may have some skills, but the biggest threat to us is still Bao shaoyou from class two. If we Attack class five now, he'll probably benefit from it."

"Isn't he going to Attack class five? why isn't he doing anything?" Ying long suddenly spoke.

"According to our insider information, Bao shaoyou has finished integrating the second class in just two days. If everything goes as expected, he will take action immediately. It should be in one or two days."

The advisor paused and then shook his head. "But after all that has happened, it's hard to say if he'll change his mind."

"If we don't let him be a fisherman, he won't let us be fishermen either. Then what's the point of playing? everyone should just wash up and go to sleep."

Song Xiaomi pouted and said.

Ying long ignored him and continued to ask, ""What about the other classes?"

"Class Four's Civil war is coming to an end. The boss will be decided in a few days. As for the remaining class six, it's very strange."

"What's strange?"

Song Xiaomi interrupted and asked. This guy had a typical child's face. His anger came and went quickly. He was about to explode on the spot just now, but in the blink of an eye, he was smiling cheekily again.

The advisor laughed."Looking at the big picture, class six is still a mess. They're all fighting for themselves and none of them are convinced of the other. However, there's one person who needs special attention."

"Who is it?"

"The abandoned son of house Wei, Wei baizhan."

Song Xiaomi was confused, 'the abandoned son of the Wei family who caused a huge commotion five years ago? He's just a trash that even the main family doesn't care about, why should we pay attention to him?'

The advisor shook his head. "Based on my observations, this person is definitely not to be underestimated. If there was a ranking for the most dangerous people among this batch of new students, I would place him in the top three."

Top three. That meant that he was only below Ying long and Bao shaoyou, the pair of well-known heroes.

In other words, whether it was Lin Yi, who had recently dominated the rankings, or song Xiaomi, who was sitting in front of him, none of them were as dangerous as Wei baizhan!

"This is too exaggerated! Grand Master, you guys play with your brains, you just like to play mysterious, you can boast about something that's nothing!"

Song Xiaomi was disdainful. Even so, she knew that the Grand Master wasn't someone who would speak without thinking. In terms of judgment, no one present, including Ying long, could be compared to him.

Since he said so, he must have enough evidence.

"I've fought him before, he's very strong. "

Ying Long's words instantly stunned everyone.

They could still hold back when facing their Grand Master's words. However, Ying long had never lied. With his pride, he wouldn't do such a thing.

If he said that he was very strong, then he must be very strong, and definitely stronger than everyone could imagine!

This time, even song Xiaomi didn't say anything. Even he himself had never received such an evaluation from Ying long before!

"What's strange is that this man who's destined to cause a stir has shown no interest in the fight for the top position in the class since the start of school. He's like a lone wolf," the advisor continued.

"So Buddhist?"

Everyone was stunned. If he was really such a calm master, then no matter how strong he was, they didn't have to worry too much. After all, he wouldn't casually interfere.

"No." Ying long shook his head. "He's not someone who knows his place."

the advisor nodded."according to the information i've gathered, this abandoned son of house wei is by no means a good-tempered person. he's an extremely shrewd and ambitious sinister figure. that's why he's biding his time. it's very strange to me."

Chapter 9434 The Power Of The Devil

"Then what's there to think about? the next family will directly annihilate class six. Who cares what they're thinking? as long as we beat them down, we'll naturally know when the time comes."

Song Xiaomi shouted.

This time, the advisor did not object. Instead, he agreed,"Now that class six is in a state of disunity, it's indeed the best opportunity to strike. Otherwise, if we wait for Wei baizhan to come up with a plan, there will be a lot of variables in the future."

Everyone looked at Ying long.

The boss didn't make up his mind immediately, as if he had some concerns.

"We just fought with the third squad. Many of our brothers are injured and need some time to recover. We also need to pay attention to Bao shaoyou and that Lin Yi. He's a variable," the advisor analyzed for him.

At this moment, Ying Long's phone suddenly rang.

Ying long glanced at the caller ID and a hint of caution appeared in his eyes. He then picked up the phone.

A minute later, he hung up.

Ying long glanced at the people who were looking forward to it and said faintly, ""I've got someone to help Lin Yi with class five. "

In the small hall.

This was class Five's territory now, and the new students of class five would gather here if they had nothing to do. Lin Yi's group was no exception.

Their individual strength was below everyone else 's, but they were still a bunch of talented early phase heaven-sunders, after all. Every one of them had their own secret techniques, and Lin Yi learned a lot from interacting with them.

Most importantly, with the boss aura on their heads, these people would more or less suck up to Lin Yi, and their attitudes were great when they chatted. As long as Lin Yi wanted to ask them something, as long as it didn't involve his life, they'd teach him everything they could.

For example, the bell-stealing technique.

Lin Yi managed to get a rare and unique training experience book from a random new student-the guy's family was a treasure hunter, and more like a Tomb Raider than treasure hunter.

From the name, it could be seen that the bell-stealing technique and grave robbing were a perfect match.

Thanks to this, Lin Yi's research on the technique had made huge progress these few days. It wasn't as difficult as before, and at this rate, he'd be able to reach the next level in less than half a month!

Mastering the skill was like having half a hand in a perfect grade territory stone-even Lin Yi couldn't help but feel excited at the thought.

There was also another piece of good news.

Yue Jian from class three had officially joined Lin Yi!

This fellow was a little dazed, but his strength was really strong. With him joining the Alliance, it was undoubtedly like adding wings to a Tiger.

Even Shen Yifan's team was much more relaxed after he joined. After all, it was easier to unite the hearts of people with a strong team that was on the rise.

"What time is it already, why isn't that Yue er here yet? Could it be that he's afraid of losing and doesn't dare to come?"

The Zhao imperial court looked at the time and shouted.

There was a mahjong table in front of him, with Lin Yi and the others sitting around it. It was eight every night, and playing mahjong with a group of people had become a special event.

Not to mention other things, this thing was indeed very easy to get closer to each other, and it was also easier to understand each other.

Mahjong was like the person, and Yue Jian was a ready-made sample. When he played Mahjong, his temperament was completely in line with his own. He only knew how to be reckless to the end, and then he would even lose his underwear.

"Hehe, you're not thinking about her sister, are you?" Shen Yifan laughed.

"Brother fan, don't accuse me of something I didn't do."

"No!" Zhao guangchao denied immediately. "Look at Yue er's appearance, you should know that his so-called sister isn't pretty. Besides, he said that he wanted to introduce her to our boss. How could I overstep my boundaries?"

Lin Yi, who was studying the bell-stealing technique, felt a piercing gaze on his back.

The source of his gaze was Tang Yun, who was sitting on the other side of the room discussing talismans with Wang shiqing.

Seeing Lin Yi turn his head helplessly, Tang Yin hmped. "He's a bully, not a good person. "

"What does this even mean?"

Lin Yi didn't know whether to laugh or cry.

At this moment, the door of the small hall was suddenly pushed open, and Yue Jian's tall and familiar figure came into everyone's view.

"You're finally here, Yue er ..."

The Imperial court of Zhao stood up to greet him, but they stopped halfway through their words. Covered in blood, Yue Jian had collapsed stiffly.

Everyone was shocked.

Lin Yi rushed over at once, and Shen Yifan quickly organized a group of people to set up a defense outside, as if facing a great enemy.

They couldn't be blamed for being so nervous. Yue Jian's strength was obvious to all. To be able to beat him into such a miserable state, the other party's background was definitely no small matter. It might even be Ying long who had personally made a move!

But he didn 't.

Shen Yifan and his men searched the area a few times, but they did not find any traces. At the same time, they also checked the official website of the Academy, but there were no records of any battle invitations.

On a side note, Jianghai Academy has always advocated competition and did not fear internal strife. However, it still has strict rules and order.

Especially for a large-scale freshman team battle like the newcomer King Competition, they had to report to the Academy before taking action. Otherwise, they would be taught a lesson.

"I've checked. It shouldn't be the hands of a new artist. "

Shen Yifan returned and said with a serious face.

Lin Yi and the others felt the pressure building up-it'd be fine if they were new students, after all-no matter how strong their opponents were, they'd still have a clear goal to aim for, and there'd still be rules to follow.

However, if they weren't new students, then it would be completely impossible to judge and guard against.

The collapsed Yue Jian's breathing was weak and he was on the verge of losing consciousness. It was basically impossible to get any information out of him.

Lin Yi took out a healing pill and sent it into Yue Jian's mouth. At the same time, he transferred his own Qi over. With both methods, Yue Jian's aura immediately became stronger.

"Save me ... Sister ..." He cried.

Yue Jian regained consciousness slightly and immediately struggled to get up, muttering under his breath. His injuries were too severe, and even with Lin Yi's pills and pure energy, he wouldn't be able to recover in a short time.

The higher the practitioner's level, the harder it was to recover from injuries. There were all sorts of unknown methods that would affect the effectiveness. Lin Yi was already thinking about looking for higher level recipes to make suitable elixirs. The elixirs he used before were becoming less and less effective here.

Yue Jian struggled for a while, but his injuries were too severe and his consciousness was blurry. Even with Lin Yi's help, the information he could provide was still very limited, and he quickly fell back asleep under the self-protection of his body.

Lin Yi and the others could only make out the name of a place.

"Sea god Manor? Old Lin, are you sure he's talking about the sea god Manor? did I hear him right?"

Shen Yifan's expression changed drastically, and his eyes were filled with shock.

Lin Yi and the other freshmen were confused. "What's wrong?"

After a long silence, Shen Yifan finally recovered and explained with a bitter smile, ""It's not strange that you don't know about the sea god Manor. After all, it's the most mysterious place in Jianghai Academy. To a certain extent, it can even be considered the Holy Land of Jianghai Academy. "

Chapter 9435

"This is the home base of the founding family of Jianghai Academy, the Tian family!"

Everyone was in an uproar.

Although the school's tradition was for the students to run the school by themselves, with the School Council, the faculty, and the repeating students each managing one side, as the founding family, the Tian family had always had an extremely transcendent status and influence.

It was rumored that not only did it control the school's board, but it also controlled the power structure of the academy and the retained students.

One of the strong pieces of evidence was that the current first seat of the Academy and the current dean of the repeating school were both students from the Tian family!

It wasn't an exaggeration to say that within the Academy, the Tian family, which had a transcendent status, was not only a huge and invincible force, but also an Emperor-like existence with golden words!

Although it was as difficult as ascending to the heavens to fight against the ten seats of the Academy and the group leader of the retained students, there was still a shaky road to heaven.

However, going against the Tian family in Jianghai Academy only had one outcome-death.

"Boss, you mean, the Tian family captured second Yue's sister?"

The Imperial court of Zhao gulped in disbelief, ""You must be joking, right? is his sister really a national beauty that even the Tian family is moved by? It doesn't make sense. "

These words would be unimaginable to normal people.

The Tian family wasn't an ordinary local tyrant. In the early years, they were a proper royal family. Bullying men and women didn't match their temperament at all.

It wasn't that he couldn't, but that there was no need to.

It wasn't an exaggeration to say that if the Tian family's disciples stood up and said that they wanted beautiful women, there would definitely be a large number of beautiful women who would fight for them immediately, including those daughters of noble families.

If his family wanted a woman, it wasn't snatching a woman by force, it was choosing a woman!

Tang Yin, on the other hand, retorted, "If everything was logical, there wouldn't be so many messy things in the world."

"That's right, that's right. There's no good man. "

Wang shiqing chimed in and added, "Except for Lin Yi big bro."

Lin Yi gave her a big thumbs up and turned to the crowd. "No matter what the reason is, the only piece of information we have is that Yue Jian's sister is in the sea god Manor. As for what's going on behind the scenes, we can only find out when we meet her in person."

"The Tian family isn't a small matter,"

Shen Yifan's head hurt so much that he pressed his temples. As long as there was a slight possibility, he would never want to go against the Tian family.

Don't look at how Lin Yi's name was getting bigger and bigger, he was only in control of a group of new students. He wasn't on the same level as the Tian family at all.

If Lin Yi really wanted to fight against the Tian family, there were less than one hand of people here!

If it really came to that, the good situation would probably immediately end in an avalanche!

"What's troubling is that looking at Yue er's condition, he won't wake up for a while. Based on my experience, he'll be in a coma for at least a week."

The Imperial court of Zhao made their judgment as if they had experienced it before, which attracted the attention of the surrounding people. What had this guy experienced?

This was the result after Lin Yi's treatment. If he hadn't been treated, Yue Jian would've died, never to wake up.

The taciturn Yan Zhongyuan opened his mouth, which was rare. ""By the time he wakes up, it'll be too late."

"So the question is, what should we do? do we interfere or not?"

Everyone turned to look at Lin Yi.

The atmosphere was extremely heavy. No one had expected the test to come so quickly, and in such an unexpected way!

If they did, it would be like going against the Tian family, hitting a stone with an egg!

If he didn't care, then it would chill the hearts of the people. Second Yue was a serious apprentice. Now that his little brother was in trouble, you, the boss, actually pretended that nothing had happened. Who would listen to you in the future?

No matter what he chose, two were the worst option.

Lin Yi didn't look troubled at all, "Old Shen, take them and guard the house well. I'll go to sea god Manor to take a look at the situation."

"You're alone?"

Shen Yifan was stunned, but he immediately understood what Lin Yi was trying to do.

In the face of an existence like the Tian family, even if the entire class five is pulled over, it's still a drop in the bucket. Not to mention that this group of people was just recruited not long ago, how much loyalty they have is still a question mark.

Rather than asking for a snub and making everyone embarrassed, it was better to simply charge through the formation alone, so that no one would gossip.

"Count me in," Yan Zhongyuan said.

Lin Yi wanted to stop him, but the look in the guy's eyes told him that it would be a waste of time.

Shen Yifan was about to make his stand clear. They were brothers in the same room. He had many concerns, but that was just his personality. He wasn't afraid of death. Yan Zhongyuan was willing to go with Lin Yi to the mountain of knives, so why wouldn't he have the courage to go with Lin Yi to the sea of fire?

"Cut the crap," Lin Yi interrupted, "there's no such thing between brothers. You and old Sun can stay here and look after the house. "

Shen Yifan opened his mouth but eventually nodded helplessly. "Alright," he said.

This wasn't an unnecessary move-class five was Lin Yi's Foundation, and he'd only have the right to fight for the newcomer King if he had class five in his hands. If he were to start a fire in his backyard, he wouldn't be able to have the last laugh no matter how strong he was.

Even though the Zhao imperial court and the rest appeared to be extremely submissive, there was no knowing what was in a person's heart. If they were to reveal any flaws, who knew if there would be a few more ingrates who would turn against their master?

Lin Yi immediately took Yan Zhongyuan and left.

As they were about to leave, Tang Yun suddenly said, ""Hey, be careful. Don't die outside."

"Don't worry, even if I die, I'll die beside you. "

Lin Yi said with a bright smile.

Tang Yin rolled her eyes at him, "Get lost!"

As soon as Lin Yi left, the news spread like wildfire, and it quickly became a hot topic on the school's internet.

In a high-class private club outside the academy, li Muyang was browsing the web with great interest. ""Is that Lin fellow really going to sea god Manor?"

"It can't be wrong. My two teams of paparazzi followed the whole process."

Wang Zhong replied with a smile. He turned to Jiang Ziheng, who had been depressed for many days, and said, "This time, he's in a hurry to make a fool of himself. He even dares to touch the Tian family's tiger whiskers. It's rare to see a freshman with such a conduct."

Jiang Ziheng sneered and took a sip of wine. "Three kneels and nine kowtows. I'd like to see how he can enter the Tian family!"

"I just want to know which member of the Tian family did it. First master or second master?"

Li MUYANG asked.

Even with his status, even in such a private occasion, he didn't dare to be too presumptuous when mentioning the Tian family. It could be seen how powerful the Tian family was.

"No." Wang Zhong shook his head. "I'm not sure. No one would dare to investigate the Tian family's matter."

As the president of the news agency, he could easily be ranked in the top three within Jianghai University's internal department for information. However, no matter how curious he was, he didn't dare to investigate the matter. He was afraid of getting himself into trouble. After all, there had been painful precedents in the past.

Chapter 9436

"No matter if it's first master or second master, since the Tian family has made a move, that surnamed Lin is already dead this time."

Jiang Ziheng cursed.

Lin Yi had destroyed his future in Jianghai Academy. If Lin Yi didn't die, he wouldn't be able to get rid of his hatred!

Wang Zhong didn't deny it. "Although that's the case, that Lin guy will definitely be in trouble this time. But I heard that he seemed to have entered the Tian family's outer inspection list. During the freshman evaluation, the Tian family did inform Wan Xiyan of the Academic Affairs Office."

Li MUYANG shook his head and laughed. "Heaven's might is unpredictable. Previously, they could express their goodwill to you unconditionally. Later on, they can also destroy you with a finger for no reason. This is the way the Tian family does things."

"That's true. Anyway, there'll definitely be a good show this time. That's enough!"

In the sea god Manor.

Strictly speaking, this wasn't a Mountain Villa, but an entire private island that belonged to the private territory of the Tian family.

The moment they stepped onto the island, the two felt an immense pressure-not only their muscles, but even their souls were trembling instinctively.

The live broadcast of the campus 'hot search captured this scene clearly, and at the same time, it was accompanied by a professional narration.

"The sea God's Island worships the ancestors of the Tian family and is integrated with a huge formation. The island has the remaining power of the ancestors. Apart from the Tian family's bloodline, anyone who enters will be suppressed by the ancestors!"

"This kind of suppression isn't a simple aura, but an extremely high-end primordial spirit level. It reaches directly to the soul, and it's not something that can be withstood with strength. Previously, there were extremely powerful experts who were struck by this pressure and turned into idiots!"

"Without the Tian family's bloodline, there's only one way to enter the sea god Manor. Follow the will of the Tian family's ancestors and kneel with every step. Bow three times and kowtow nine times!"

To be honest, it wasn't shameful to kneel down to the Tian family's ancestor. The rules had always been like this, so it was nothing to say.

It was one thing to say it, but it was another thing to be broadcasted live in front of countless viewers!

If Lin Yi were to really do that, the video would be circulated everywhere, and he'd become the laughingstock of the school. As long as he was in the school, he'd never be able to wash away this stain.

From now on, there was no possibility of him becoming one of the leading figures in the Academy.

After all, the influential figures on the surface, at least on the surface, would never easily kneel and yield to anyone, including the ancestors of the Tian family!

"Kneel! Kneel! Kneel!"

The livestream room was filled with comments.

It wasn't just people like Jiang Ziheng who had a history with Lin Yi-even the unrelated passersby joined in.

The bird that takes the lead gets shot, and there were plenty of people who were jealous of a newbie like Lin Yi.

However, Lin Yi only adjusted for a moment after getting off the boat, and he walked forward as if nothing had happened, not even his knees giving in.

It wasn't just Lin Yi, even Yan Zhongyuan was the same.

It was as if the omnipresent heavy pressure did not exist at all and was treated as air!

The originally lively atmosphere in the live broadcast room suddenly fell into a collective silence.

No one spoke for a long time.

After a long time, someone broke the silence, "did the Tian family shut down the array?."

"How is that possible?"

Someone immediately retorted, "the power of the ancestor is of great significance to the Tian family. If the power is in the Tian family, it will be there. If the power is destroyed, the Tian family will be destroyed. How can it be closed?"

"But how do you explain this? The Tian family's ancestor's power didn't even affect Lin Yi and Lin Yi, it can't be a lost Tian bloodline, right?"

"Nonsense! It's possible if it's just one, but how can it be both!"

The live broadcast room was in a mess.

Li Muiyang and the others, who were waiting to see Lin Yi make a fool of himself, were speechless. Another important figure was equally speechless.

The second master of the Tian family, dark sky.

"Only those with a strong mind and no flaws can enter my family with their heads held high. The two of you will be feared in the future."

With a feminine voice, the sky back shade with a woman's enchanting figure slowly came from the island.

Lin Yi sized up this second master of the Tian family and only took a few glances before one of the top-class guards scolded him, "Impudent!"

The oppressive aura made it hard for Lin Yi and Lin Yi to breathe-this person's strength was beyond imagination!

At the same time, the live broadcast was cut off.

This was normal. How could the outside world be allowed to spy on the Tian family's Affairs?

"It's fine. It's inevitable for little kids to be curious. Don't be too harsh."

Tianbei Yin spoke in a soft voice and waved his hand to dismiss the guards.

The guards were only decorations. This was the sea god Manor, the home ground of the Tian family. No matter how strong an expert was, they wouldn't be able to touch a single hair of the second master of the Tian family unless they were stronger than the ancestors of the Tian family.

Lin Yi didn't stand on ceremony and went straight to the point, "I'm here to find someone. "

"I know who you're looking for. Come out."

Sky back Yin snapped his fingers, and a familiar female figure slowly walked out from behind him.

Lin Yi was stunned.

He recognized this woman. She was Liu Yin, the senior Receptionist who had taken good care of him at the Academic Affairs Office!

"You're Yue Jian's sister?"

Lin Yi didn't know how to react.

However, Liu Yin, who was opposite him, seemed to not know him. Her whole state was completely different from before. She did not even look at him. She just knelt respectfully in front of the shady firmament sky and kowtowed piously like a believer.

Tianbei answered on his behalf with a sinister smile. "There's no need to doubt it. They are indeed biological siblings. They're just half-siblings."

"Something's wrong with her. What did you do to her?"

Lin Yi questioned.

Tianbei Yin said indifferently, "don't misunderstand. I didn't do anything. I'm the proud son of the heavenly family. There are countless people who are willing to serve me. She is just one of them. What's so strange about that?"

"I'm taking her," Lin Yi shook his head.

"Don't worry, the Tian family never limits anyone's freedom. However, she must be willing."

Tianbei looked at Liu Yin, who was kneeling at his feet, with a sinister smile. "Are you willing to go with him?"

"I'm only willing to offer my life to my master. "

Liu Yin's response was extremely sincere, but it was also emotionless.

"What do I have to do to make you let her go?" Lin Yi shook his head again.

"Of course!" Dark sky laughed instead of answering. "I have high hopes for one person in this batch of new students. He is Ying long from class one."

"And then?"

"It's simple, the person I favor can't lose. "

"There's no doubt about it, but your existence is a variable. I'm sure you're aware of this. I was the one who informed you during the test. I'll use this favor to exchange for a promise. Is that okay?"

"What promise?" Lin Yi frowned.

"Assist Ying long in the competition for the newcomer King. If you two join forces, no one else will be your match."

As sky back Yin spoke, he snapped his fingers. A beautiful maid appeared with a plate. On the plate were three high-quality territory stones!

Chapter 9437

"As long as you agree, these three high-grade territory stones will be my gift to you."

"You are indeed a member of the Tian family. You are so generous."

Lin Yi sighed. It wasn't a one in a million perfect grade territory stone, but high grade territory stones were still rare. It wasn't something you could just buy, let alone three of them!

"The Tian family has never been stingy to our own people," Tianbei said with a sinister smile. "You'll understand it better in the future."

"He's a rare good master,"

Lin Yi nodded, but changed the topic. "It's a pity that our birth characters don't match. I won't have a future with a lowly person who makes an issue out of a girl. "

As soon as he said that, Tianbei Yin's expression finally changed. ""One must know what's good for one's bad. I'm not a bossy and domineering person. I served you a toast, but you have to change it to a punishment?"

"Whether it's a toast or a punishment, I'll only drink if I want to. If I don't want to drink, no one can force me."

Lin Yi gave a serious warning, "I have a bad temper, I'm serious."

"Oh, really? I don't have a good temper either. "

Sky back Yin didn't explode like Lin Yi had expected. Instead, he smiled, "But it's much better these years. If it was before, you might not have been able to leave sea god Manor."

"So you're saying that we can get out of here unscathed?" Lin Yi raised a brow.

"Of course," Tian beyin chuckled. "The Tian family never forces others."

"Alright, let me take her then. Her family's waiting for us." Lin Yi nodded.

"That's a little difficult. I don't care, but she's willing to stay. I can't force her, can I?"

Tianbei looked at Liu Yin, who was kneeling on the ground, with a sinister smile.

"Oh, really? Then why don't I ask her?"

"Please."

Lin Yi walked up slowly and squatted down in front of Liu Yin, putting a hand on her shoulder. "Yue Jian asked me to come and find you. He's injured and needs your care."

As he spoke, a small but extremely tough divine sense enveloped Liu Yin's body, forming a protective shield that isolated her from the outside world.

Lin Yi speculated that the reason for Liu Yin's abnormal behavior was due to the sky-back Yin behind her. This kind of control involved a person's will, so it was inevitable that she used divine sense!

However, unexpectedly, the shady firmament did not react at all. It was still looking at him with a smile, as if it did not notice anything.

"I'm sorry. I've already dedicated my life to master. I'll leave my brother's matter to you."

There was no abnormal fluctuation on Liu Yin's body. Other than her indifference, no one could sense anything wrong with her.

Lin Yi asked, stunned.

As long as Liu Yin showed any signs of abnormality, even if she still refused, he would still try to persist. But what could he say now?

"No abnormality is the biggest abnormality."

The ghastly voice sounded in his mind. "What she suffered wasn't some kind of hypnotism, but a higher level of deep brainwashing. With your current ability, you can't crack it. Even if you bring her back by force, there will be problems."

"Then what about me?"

Lin Yi frowned. If he went back just like that, he wouldn't be able to explain it to Yue Jian, and he wouldn't be able to get past this either.

After all, Liu Yin had helped him before. He had a good impression of this gentle and pleasant senior.

"It's nothing. You can either find an expert to help you, or you can go back and study it on your own. The bell-stealing technique is a ready-made direction. If you can master it, you may have some progress in this area."

Neither of the two options could be solved.

The latter was needless to say and even though the former seemed to be faster, this was Jianghai Academy. Even if they could find an expert in this field, who would be willing to go against the Tian family for an insignificant woman?

"Let's go," he said.

Lin Yi made up his mind and left with Yan Zhongyuan.

Tianbei smiled but did not say anything.

However, the expert guard behind him said, "You come and go as you please, what kind of place do you think sea god Manor is?"

"What?" Lin Yi turned around. Do I need to buy a ticket?"

"You don't need the tickets. Leave one hand behind and I'll spare your lives."

The Guard's figure flickered as he spoke, his voice coming from all directions. Even Lin Yi's divine sense couldn't lock onto his position, let alone the naked eye.

No matter how one looked at it, it was clear that this Guard's strength was far above Lin Yi's and Lin Yi's!

The pressure was huge.

Lin Yi looked at Shady Firmament calmly, "This is the Tian family's intention?"

"Don't misunderstand. My Tian family never does such a disgraceful thing. He just acted on his own."

Tianbei spread his hands to show his innocence, but his next sentence was, "But I also said that the Tian family never forces anyone to do anything. He has the freedom to do whatever he wants. I can't interfere. After all, freedom is priceless."

"What a good 'priceless freedom'."

Lin Yi was amazed. He'd been on Sky Class Island for so many years, but this was the first time he'd heard such a familiar slogan.

Not to mention anything else, just being able to shout this slogan in a dignified manner, the Tian family is worthy of its status today, even if it has become a means to manipulate people's hearts!

"It's the subordinates who do the dirty work. After doing it, there's still one who has to make his own decisions. Your Tian family is just following its freedom and is innocent."

"What a beautiful white Lotus," Lin Yi praised with a nod.

Tianbei Yin didn't know if he understood or if it didn't matter, but he turned around with a smile, not looking at Lin Yi and Lin Yi again.

He was the second master of the Tian family, and it was already beneath him to talk so much to a new student. He'd already said what he needed to say, and Lin Yi's actions wouldn't bother him anymore. He'd just be asking for it.

"I've said enough nonsense. Since you're not willing, I'll have to help you."

As soon as the guard expert finished speaking, hundreds of thousands of afterimages appeared in the surroundings. It was difficult to distinguish between the real and the fake, making it impossible to judge.

This wasn't Lin Yi's specialty, but his speed had reached the extreme, even exceeding the extreme!

As long as there were afterimages, he could switch to his real body at any time. He had the advantage in offense and was foolproof in defense.

Whether it was offense or defense, this was a cheat-like monster!

To a certain extent, this could be considered the ultimate enhanced version of Chen Beishan's space flash. Space flash could only be used once at a time, but this one of his could be used countless times without any limit!

Lin Yi and Yan Zhongyuan stood back to back and said in a deep voice, "You only have one chance. Make your move when you see it."

Yan Zhongyuan nodded without saying anything.

"Chance? Do you really think you have a chance in front of me? Are all the new students so arrogant?"

He paused, and in the next moment, the expert guard was almost directly above their heads. "Or are you just ignorant?"

His scalp went numb.

There was a moment when Lin Yi's body made a move on instinct, but his strong will suppressed it.

As he had said, he only had one chance when facing such a powerful enemy of unknown level. If he missed, he would be on his knees. There was no luck to speak of.

Chapter 9438

"Your strength is not worth mentioning, but your mental strength is passable."

The guard was a little surprised, but still maintained his cat-and-mouse attitude, brushing past the two time and time again, even touching them a few times, but never making a move.

This was pure teasing.

The sea god Manor was impregnable. It was rare for someone to come to provoke them in the past few decades. Every individual would have nothing to do, let alone a Super Master like him.

If he didn't take this opportunity to have some fun, the next time might be decades later.

"Let's see how long you guys can endure!"

The guard was very interested as he tested his limits again and again. To him, the game was over as long as Lin Yi and Lin Yi couldn't help but attack.

As for one hand per person, he definitely had to stay. Words he said were like water that had been poured out. As a guard of the Tian family, he also wanted his face.

However, Lin Yi and Yan Zhongyuan didn't know if they were numb from the scare, or if they thought that he was just playing around and not going for real, but the old monk was in meditation and didn't show any signs of attacking. He even closed his eyes!

In the end, it was this guard of the Tian family who was asking for trouble.

"It's boring,"

The guard was finally ready to end this boring game, but just as he was about to make his move, Lin Yi and Yan Zhongyuan both opened their eyes.

An invisible yet powerful divine sense attack instantly covered the entire area.

His divine sense trembled, a double resonance!

This degree of impact was very effective for ordinary experts, but for the Tian family guards in front of him, it was obviously a bit too much.

But it wasn't completely ineffective-the instant the two jolted, the afterimages around Lin Yi's and Lin Yi's bodies froze for a very slight moment.

It was so insignificant that the naked eye couldn't distinguish it. It was only a slight illusion-like flicker.

Without any hesitation, Yan Zhongyuan suddenly attacked.

He opened his palms and a majestic aura that was as shocking as a mountain instantly rose to its limit. A powerful suction force spread from his palms!

The guard of the Tian family couldn't Dodge in time and was caught by Yan Zhongyuan on the spot. His real body was controlled by his two palms!

If that was all, it wouldn't be so bad. With the huge difference in strength between them, even if Yan Zhongyuan was successful in his sneak attack, he wouldn't be able to hurt him.

But Lin Yi's sword arrived.

The sword Qi burst out. The Tian family Guard's protective Zhen Qi could only be in a stalemate in front of the demonic devour sword at this moment. Then, it was pierced through by the sword, and his entire chest was penetrated on the spot.

The aura of an expert instantly disappeared.

That wasn't all. Yan Zhongyuan immediately exerted more strength and threw him into the ground with a super strong hug, smashing his brain!

There was a strange silence.

Fortunately, the live broadcast signal had been cut off long ago. Otherwise, if this scene were to spread, who knew how many eyeballs would pop out in shock?

Those were the Tian family's guards!

Only Jianghai Academy's most outstanding graduates had the right to join the ranks of the elite students, yet they had been defeated by two new students, and in a matter of seconds!

"Let's go,"

Lin Yi looked back and saw that there was no movement in the manor. He left with Yan Zhongyuan without hesitation.

It looked like a clean move just now, but it was actually very dangerous. If they had to do it again, he and Yan Zhongyuan wouldn't have more than 20% chance of winning!

Of course, if this unlucky Tian family guard could predict everything that would happen later, he would never give them any chance. Then, they wouldn't even have a 5% chance of success and could only wait for death.

One guard was already like this, if a few more came, the outcome would be obvious.

Now that the heaven family didn't care, if they didn't quickly run away, when would they?

What the two didn't know was that when they got on the ship, the Tian family guard that they had killed instantly appeared beside Tian bingyin, completely unharmed.

"I've let two new students make me so dejected. Having a guard like you, it's really making me lose face."
"

Tian houyin glanced at his personal bodyguard.

The guard changed his serious and cold attitude in front of outsiders and started to play with his phone. Without looking up, he said, "Those who are qualified enough to join in, who can't see that it's just my clone? it's not embarrassing."

Sky back was speechless. "You don't think it's embarrassing? he stepped on your shoulder to gain face. If your old classmates knew that the once dignified King of doppelgangers had fallen to this state, I wonder what they would think?"

"What kind of thoughts can I have? My lifelong enemy, Yan Jiang, is still a guard of the talisman King's family. What face do they have to come and ridicule me?"

"If he dares to come, I'll spit on him!" The guard said as he focused on his mobile game.

"Seriously," Tianbei Yin raised his eyebrows. "Can we poach him? as long as he agrees, I will not bargain."

"Second master, you should give up. That guy is a fool. He's bound by a small favor. Unless all the people in the talisman King's family are dead, he won't move."

The guard paused and continued, "but I heard that he has high hopes for this Lin Yi. I think this kid is not bad. And that Yan Zhongyuan, you can really spend some effort on him."

No matter what, these two were impressive characters who had defeated him in seconds on the surface.

Even if it was just an unremarkable clone of his.

"Come on, this person has entered my big brother's eyes. With my family status, how would I dare to snatch him from the Tian family?"

"Are you tired of living?" shady firmament shook his head helplessly.

"Then there's no other way,"

The guard only mentioned it and didn't really take it to heart. After a pause, he suddenly asked, "Second master, you've done so many disgraceful things. Are you really not afraid of angering our ancestors?"

Tian houyin laughed lazily. "I'm just a dandy who doesn't have any ambition. If I don't do disgraceful things, do I have to do good things like others?" Everyone has their own fate. I'm destined to be a scourge, and I'm destined to have a bad end. "

Hearing this, the guard raised his eyebrows but didn't say anything.

These words sounded like a self-deprecating joke, but when it came out of the mouth of the second master of the Tian family, it was inexplicably heavy.

It was hard to go against heaven's will. The people of the Tian family believed in fate without any exception.

On the other side, the school's internet was in an uproar when they saw Lin Yi and Yan Zhongyuan retreat from the sea god Manor.

"That second master of the Tian family has changed?"

Li MUYANG looked at it in disbelief. With his identity, he had crossed paths with the Tian family before.

In the upper echelons of Jianghai city's circle of dignitaries, the Tian family's second master was famous for being fickle in his emotions. Even in front of his father, the current city Lord, he would do as he pleased and scold as he pleased.

The key point was that with his identity and status, even the city Lord couldn't do anything to him. At most, he could just use the Tian family's head to lightly reprimand him a few words and let it go. When he returned, he would still have to welcome him with a smile.

Even popinjays had different classes. Li MUYANG was considered one of the top popinjays in Jianghai, but in front of the second master of the Tian family, he was nothing.

A Big Shot like him rarely showed his hand, and he'd just let Lin Yi get away?

Chapter 9439 Power

"Could it be that Lin has been taken in as a dog?"

Jiang Ziheng speculated with the most malicious intent.

"That should be it," Wang Zhong nodded. "I can't think of a second possibility."

"If that's the case, it'll be troublesome."

Li MUYANG did offer an olive branch to Lin Yi last time, but it had been a long time, and it was no longer valid. Since Lin Yi didn't know what was good for him, he'd have to make sure he died.

However, once Lin Yi became the disciple of the Tian family's second master, he wouldn't be able to touch him as he wished.

Putting aside the fact that Jianghai Academy was the Tian family's home ground, and that everyone in the school was a student of the Tian family, it would not be easy for Li MUYANG to do anything to them. Even if he did succeed, what if the second master came to settle the score with him?

Considering his past misdeeds, if the sky back Yin really wanted to mess around, it would be a light punishment to cripple him directly!

However, Jiang Ziheng, who was the first to make this guess, suddenly changed his words, full of unwillingness. "I don't believe he has such a good life! How could an arrogant freshman like him be worthy of the honor of being a dog for the Tian family!"

To be a dog for the Tian family is the greatest honor. This was the most widely known saying in Jianghai Academy.

Lin Yi and Lin Yi's return caused another huge commotion.

However, as the person at the center of the conversation, Lin Yi couldn't help but feel a little awkward as he looked at Yue Jian who had just woken up.

"I'm sorry I couldn't bring your sister back. "

Lin Yi apologized sincerely. It wasn't his fault, but he had to take responsibility as a boss.

Yue Jian stared at him silently for a long time. Suddenly, he grinned and said,""As the boss, you can't just bow your head, especially to your underlings. You won't be able to save my sister like this."

"Ha?"

"I do have some ideas, but I need time. I can try the bell-stealing technique ..." Lin Yi blinked.

Yue Jian interrupted him."No one can snatch people from the sea god Manor. They can't come back. There's nothing we can do."

Lin Yi didn't know what to say.

Although it wasn't easy to accept, what Yue Jian had said was the absolute truth. Even if the bell-stealing technique could really remove Liu Yin's abnormal state, she couldn't be brought back, so what could he do even if he tried to correct her illness?

"The only way is for you to become the newcomer King and sit at the tenth seat of the School Council!"

"At that time, that high and mighty second master of the Tian family will finally look you in the eye," Yue Jian said in a deep voice. "Only then will you have the right to negotiate with him. Only then will my sister truly regain her freedom."

Shen Yifan, who was standing at the side, agreed. "Erleng is right. The most likely core chip that we have in our hands now is the newcomer King position. This is the foundation of everything we do next!"

The logic was obvious, and Lin Yi naturally understood.

"What's the movement of the other classes?"

"Class Four's situation is clear. The boss's position has been taken by a woman named Qiu sanniang."

Shen Yifan added, "this woman isn't simple. It's said that her elder brother is the third-seat's best friend. He died for the third-seat back then. The third-seat sees her as his own sister."

"Interesting. The big shots of the Academy are all surfacing. The water is getting deeper and deeper."

Lin Yi smiled, interested.

This really confirmed Han Qi's theory that the newcomer King Competition was essentially a competition between the factions of the ten seats.

Ying long from class one had the strongest background, which was the combination of the first seat and the Tian family.

Bao shaoyou of Class 2 had the second seat behind him.

Now that even class four had the third seat's Mark on them, only class three and six didn't have a clear boss behind them, excluding Lin Yi himself.

Without the support of the tenth seat, class three was the fastest to be destroyed.

Shen Yifan continued, "the only class that hasn't been decided yet is class six. If I'm not wrong, they'll be the second one to be eaten."

"You mean to strike first and gain the upper hand?"

"That's right, this is the last piece of ready-made fat meat. Whoever can eat it will have the capital to compete with class one's Ying long! So no matter what, we must snatch it!"

Shen Yifan's judgment was clear, and it was in line with Lin Yi.

"Then let's declare war," Lin Yi decided.

"The other families must be eyeing us covetously as well," the Imperial court of Zhao said worriedly. "What if they benefit from it? wouldn't we be in a very passive position?"

"Not everyone can be the fisherman. If anyone has that kind of intention, then let them come. We'll catch them."

Lin Yi's response was domineering.

Who cares about all these twists and turns? I have absolute strength. If you dare to extend your hand, I'll cut it off!

"Elder Lin is right. If you don't have this bit of magnanimity, how can you be the newcomer King?"

Shen Yifan agreed unconditionally. He immediately brought his men to knock on the door of Class 6.

Logically speaking, Class 6 was now without a leader, so the best countermeasure was to launch a surprise attack. As long as the time was right in the Academic Council's records, this was completely possible.

But that wasn't Lin Yi's style, or to be more precise, this wasn't the effect he wanted.

After this battle, Lin Yi wanted everyone to understand one thing-the Ying long family wasn't the most likely to win the newcomer King Competition!

He wanted to stir up a storm. From now on, he had to build momentum in advance!

When the news spread, there was an uproar.

"Lin Yi from class five is targeting class six? Doesn't he know that Bao shaoyou from class two has his eyes on him?"

Even the advisor was a little confused by this move and frowned,""Could it be a cover-up? Xiang Zhuang's sword dance was aimed at peigong?"

"Lin Yi's watching class six, Bao shaoyou's watching Lin Yi, hehe, then we'll just watch Bao shaoyou, and we'll get them all together!"

Song Xiaomi stood up in high spirits.

"If everything goes well, our boss will become the most prestigious newcomer King in the history of Jianghai Academy. His influence will be far greater than the average newcomer King!"

The rookie King was different from the rookie King. A rookie King that was born in a month and a rookie King that was born at the end of the semester were two completely different concepts.

The latter was just a formality, while the former could really sit on the Academic Council's seats and speak on equal terms with the other ten big shots. It was an existence that could influence the overall situation of the entire Academy at a critical moment!

Just the thought of that scene made these people feel honored.

Moreover, if they ate the meat all the time, their subordinates, especially the few core officers, could also get some soup to drink!

"I'm afraid there's a trap. "

As the think tank, the advisor would not let his thoughts get to his head so easily. Right now, on the surface, their class one already had the advantage, but the more it was so, the more cautious they had to be.

"You're afraid they'll join forces?"Ying long suddenly spoke.

The advisor nodded, "we can't rule out that possibility. We've been keeping a low profile after taking class three, but we're still a target. If I were Bao shaoyou or Lin Yi, I'd definitely work together to kill us first!"

"Grand Master, do you mean that everything we've seen is an act? Is everyone's heart so dirty?"

Song Xiaomi was speechless when she realized what was going on.

Chapter 9440 Power

"It's not necessarily true, but it's possible. "

"But if we're prepared to join the battle, they'll definitely join forces unless they're brainless," the Grand Master said seriously after a pause.

Everyone was silent.

Be it Bao shaoyou or Lin Yi, they didn't look like people without brains.

"However, even if they come to an agreement, their alliance still has a natural flaw. As long as we restrain ourselves, they will fight among themselves!" The advisor asserted.

"So you're saying that we can't do anything?" song Xiaomi was disappointed.

"If we let them win against the other classes, wouldn't that be raising a Tiger to be a threat? wouldn't that make them more passive?" someone from the side chimed in.

"Who says we're not doing anything?" the advisor laughed. Is the sixth class the only ready-made meat?"

"Class four?!"

Everyone reacted and was collectively surprised.

In terms of strength, class four wasn't as outstanding as these houses. That Qiu sanniang was strong, but she wasn't as strong as Ying long, Bao shaoyou, and Lin Yi.

At the very least, it didn't give people the same impact as these people!

However, this didn't mean that Class 4 was a soft persimmon or a piece of fat meat that anyone could gnaw on.

The higher the difficulty of the integration, the stronger the overall strength. The fact that Qiu sanniang was able to stand out in that kind of environment was enough to show that she was not a trivial matter.

Everyone was still hesitating, but Ying long made a decision on the spot. "Class four, get it tomorrow."

The Grand Master smiled and nodded with great wisdom. "If we take down class four, we'll rule over half of the freshmen! We'll be able to sit on the fishing platform, and no matter if it's Bao shaoyou or Lin Yi, they won't be able to cause any more trouble!"

There were no impenetrable walls in the world.

The movements of the other classes were clearly seen by Ying long and the others. Similarly, the movements of class one were also clearly seen by the rest of the people.

On the second day.

With song Xiaomi as the leader, the core officers began to gather people. All the members of Class 1 and class 3 had arrived. There were a total of nearly 100 early stage heaven crushing cultivators, and their momentum was soaring.

Such a lineup was enough to terrify any second-rate force. Even the top forces in Jianghai city would be shocked.

This was just an unremarkable battle between the new students of Jianghai Academy. This was the true strength of Jianghai Academy!

At the same time, all the members of Class 4, led by the female lead Qiu sanniang, were waiting in formation.

Location: Yushan.

Yushan was the highest peak in the campus. A large open space was specially opened up at the top for the group battle arena. Because every year, countless student Masters left hell-like memories here, and some even died on the spot, it was named Asura arena.

The Asura arena's scope was extremely large, enough to accommodate a thousand people fighting.

At this moment, more than forty people from class four were standing in the middle, which made them seem particularly empty, especially when compared with the nearly hundred people who had entered the arena opposite them.

The two sides stood 50 meters apart and confronted each other.

Song Xiaomi took a step forward and said with a smile, ""All of you are injured and miserable. I can't bear to see you all like this. I feel that you're bullying me. Why don't you just surrender? everyone can save some energy and have more dignity. What do you think, Queen autumn?"

The eldest of class four, Qiu sanniang, did not seem to hear him. With a toothpick in her mouth, she continued to tease her female companion.

Looking at her posture, it was simply the envy of others. Unfortunately, although the main character was dressed in a suit and leather shoes and looked valiant, she was a standard woman. It could only be said that it was a waste of God's gift.

Song Xiaomi frowned. "I only heard that the boss of class four is a woman. I didn't say that she's deaf. Could it be that dressing up like a man and a woman will affect her hearing?"

The crowd burst into laughter.

However, before he could finish his sentence, a figure shot out from the enemy's formation like a meteor. He covered a distance of 50 meters in a flash and was left behind in the blink of an eye.

The other party was so fast that even someone as strong as song Xiaomi could not react in time.

Bang! Bang!

A foot suddenly appeared on his chest, and this was only the beginning.

In the next half a minute, the audience witnessed for the first time what it meant to show off the entire game with fancy kicks. According to some people's incomplete statistics, song Xiaomi had taken at least 300 kicks in the next half a minute.

On average, ten kicks per second!

It was not until she was sent flying a hundred meters away by a tornado kick that she finally stopped. It was Qiu sanniang, the female leader of Class 4 that song Xiaomi had just ridiculed.

"Just this?"

Qiu sanniang spat out the toothpick in her mouth and walked back to her own formation as if there was no one else around. From beginning to end, she regarded the nearly one hundred cultivators in the early stage of the great circle of heaven crushing as nothing.

The experts of Class 1 and class 3 swallowed their saliva in unison.

That was song Xiaomi!

For a full 30 seconds, she actually didn't have the slightest strength to fight back. Wasn't this woman a little too terrifying?

With such a ruthless character in the team, would Class 4 really be a pushover?

At this moment, a dark-colored flame shot up into the sky from behind, and the temperature of the entire Asura arena rose by a few degrees. Under the shocked gazes of everyone, song Xiaomi slowly walked out of the flame.

He had been in a sorry state when he fell to the ground, but now he was completely unscathed, without even a scar.

Only the tear on their clothes reminded everyone that the storm of kicks just now was not an illusion, but a terrifying attack that had really existed.

"Woman, I have to regretfully tell you that you've really pissed me off."

Song Xiaomi's usual frivolity and banter were replaced by a never-before-seen seriousness and murderous intent.

Qiu sanniang, who was opposite her, was as calm as ever. She picked up another toothpick with her mouth and looked at song Xiaomi from the corner of her eyes. "Why are you saying so much? Are you a glib talker? That was just a warm-up. If you're not convinced, just do it. "

At the command, the experts of Class 4 roared and took the lead to launch a collective attack.

With the female lead, Qiu sanniang, as the leader, they formed an arrow formation that was neither too big nor too small, and directly collided with song Xiaomi's line of defense.

The team battle had officially begun!

"She's only just been tamed, but she already has such combat strength. She's indeed worthy of being someone that the third seat values. If she's given more time, she might become a big problem!"

The Grand Master accompanied Ying long and didn't appear on the main battlefield. Instead, they stood on the highest point of the Jade Mountain and looked down at the entire scene.

This wasn't being arrogant. They had twice the number of people on the other side, plus song Xiaomi and her group of powerful officers. If they still couldn't win, then they might as well go to bed early.

Ying long looked at her for a while before shifting his gaze away from Qiu sanniang, who was killing everyone. "What's the movement from the other clans?"

"Bao shaoyou from Class 2 has already set off with his team. The people from Class 6 have received the news and have gathered at the misty rain platform in advance. They should be starting the battle soon."

The advisor laughed.

In addition to the spies he had bribed, he also had a Special Investigation Group under him, who always paid attention to the movements of various strong enemies.

If not for this, he might have made a wrong judgment at this moment. After all, according to the previous information, Bao shaoyou had his eyes on Class 5, not the scattered Class 6!
