Chapter 9481 The Power Of The Devil

Just as some of his rivals mocked him in private: "I've sat on that seat, but how many days can I sit there for? For every day he sits down, Xu Anshan's face will hurt for every day. It's easy to start a good life, but it's hard to say if he won't end well. "

The good news was that Lin Yi received an invitation from Tian Xiangyang.

"For the sake of this master Tian, even if Xu Anshan has an idea, he won't attack us in the short term. But it's hard to say if he will do it in the long run."

As the second-in-command of Lin Yi group, Shen Yifan put in even more effort than Lin Yi in the development of the group.

"I think it won't take more than a month." Lin Yi nodded in agreement.

This wasn't a wild guess, it was based on facts.

Last time, Han Qi had mentioned to him that he wanted to take back the fifth seat from Ji Chi. Now that all the preparations were coming to an end, he was expected to take action within a month. At that time, he would definitely be involved.

If that really happened, Xu Anshan wouldn't be Xu Anshan if he could still control himself. He would be a Ninja Turtle.

"Therefore, within this month, we need to try our best to integrate this batch of new students. It might not be as presentable as the warrior's Department, the Disciplinary Committee, and other departments, but the bigger the chips in our hands, the better. Besides, the public calls our generation the Golden generation!"

"By the way, elder Lin, if you have time, you can go and have a heart-to-heart talk with those problematic students. Maybe they're willing to turn over a new leaf?"

The problematic students Shen Yifan was referring to were Ying long, Wei baizhan, and song Xiaomi.

Other things aside, this group of people was really strong. If he could take them under his wing, Lin Yi group's strength would increase by at least 50%!

"I'm afraid it won't be that easy, but it's worth a try. "

Lin Yi didn't have much hope.

Ying long was Xu Anshan's disciple. Even though he was idle now because he failed to compete for the newcomer King, it wasn't easy to steal this person.

As for Wei baizhan, it wasn't difficult to make him lower his head with his unscrupulous nature. However, it would be even more difficult to make him truly submit than to make Ying long submit!

That fellow's lone wolf nature was something that was ingrained in his bones, and it was impossible to change it.

"There are also a few other invitations. Please help me with them."

Lin Yi said as he pulled out a row of well-made invitations, all signed by big shots.

"Second seat, Shen Qingnian, third seat, Zhang Shichang, seventh seat, nie mingzi ... Tsk tsk, almost half of the top students in the Academy are gathered here, even from outside the school. Lin, you're really popular now."

Shen Yifan joked.

These were all necessary questions, and everyone wanted to have a good relationship with the new ten seats. Although in terms of authority, they could only rule over this batch of freshmen, being able to vote in the Council of Ten seats was enough to make most of the big shots in the Academy go after them like ducks.

Not to mention other things, the right to vote on important appointments alone was enough to make them invest.

After studying it for a while, Shen Yifan selected four invitations. "We can ignore the others for now, but we need to visit these four families as soon as possible. What we can negotiate with them will be crucial for our next plan."

Lin Yi took a look-the three ten Chiefs who'd offered him the olive branch were there. "Natural allies, huh? we'll have to pay a visit to the dock eventually. But who's the last one? the boss of the admonishment office?"

The admonishment office was also known as the Academy's prison.

In terms of status, it was both important and unimportant. At least for the overall situation of the 10-seat Council, this was a marginal Department with an extremely low sense of existence. Usually, people would be demoted and sent away when mentioned.

"No, he's locked inside."

Shen Yifan's answer surprised Lin Yi. "You mean, a prisoner sent me an invitation and wants me to go in and accompany him?"

"This person is not an ordinary prisoner. Elder Lin, if you want to do something, especially to fight with Xu Anshan, this person must be seen. It's very important."

Shen Yifan said seriously.

"Interesting."

Lin Yi nodded, "I'll go to the admonishment office once I return from the sea god Manor. "

In the sea god Manor.

Lin Yi brought Yan Zhongyuan with him last time, and he brought him again this time.

After the sword competition on Yushan, Yan Zhongyuan was recognized as the second most powerful man in Lin Yi group. With him around, people would always feel safe.

As soon as they got off the boat, they saw the guard of the Tian family who they had fought with last time and couldn't help but be stunned.

"Damn it, what's with your expressions? You don't really think that you've killed me last time, do you?"

The guard of the Tian family was angry when he thought of what happened last time. Although no one would really look down on him because of such a small matter, he still gave those bastards a chance to mock him. The key was that he couldn't refute it.

The dignified King of doppelgangers had actually lost his doppelganger to two freshmen. If this were to spread, it would be a huge joke!

"Is it still a trap?" Lin Yi raised a brow.

"....."

The guard looked at him like he was an idiot. ""What did you do to make the Tian family set up a feast at Hongmen for you? Have you ever seen an Emperor throw a Hongmen's banquet for a beggar?"

"Maybe some people just have such a bad taste?"

Lin Yi and Tian Xiangyang were still on their guard. Tian Xiangyang had no reason to trick people into his house to kill them, but it was hard to say for sure about the second master of the Tian family. Lin Yi felt that the guy wasn't a normal person last time, and anything was possible.

The Tian family's guard pouted. "Don't think too much. The second master is a little interested in you, but if you say that you're going to do something that challenges my bottom line for you, you're overestimating yourself."

"One more thing. My code name is Tian si, and I'm a personal guard of the Tian family. Although I'm usually responsible for protecting the second master, it doesn't mean that I'm always under his orders. This time, I'm here to pick you up on behalf of the first master."

He didn't even wait for Lin Yi's reaction before walking away.

Lin Yi was stunned for a second before following up with Yan Zhongyuan.

It was a tradition for the new generation King to visit the head of the Tian family, and Lin Yi thought that it was just a formality-at most, he'd get something to eat and drink, and nothing else.

In the end, when he saw Tian Xiangyang, this old master of the Tian family was actually fiddling with a flying shuttle.

"Wind god 01, the original limited edition produced by the wind god Corporation. There are only three of them in the entire Jianghai city. One is being exhibited at the original factory, and the other is being kept by the master of the Shen family. This is my third one. How about you give it a try?"

Tian Xiangyang said as he threw the key to Lin Yi.

Lin Yi's eyes lit up. No matter what level he was at, machines, especially those with speed-related attributes, always had a Fatal Attraction to men,"This ... Is for me?"

"You're thinking of eating fart!"

The old man almost choked to death, his eyes staring at the key in Lin Yi's hand, hesitating whether to take it back or not. He was afraid that this kid would really take away his treasure of many years.

He would go back and shout that the flying shuttle was a gift from him, and he would be too embarrassed to take it back.

Chapter 9482

"It's just a small joke. Don't be so nervous. "

With that, Lin Yi got on the shuttle and sped up, disappearing without a trace.

This made the old man very nervous, and he kept giving The Fourth Messenger a look, signaling him to use his clone to keep an eye on the surveillance, in case Lin Yi didn't care about his morals.

Tian si looked at the sky speechlessly. This master of his was extremely reliable most of the time, but sometimes, he would also make people ridicule him.

"The acceleration is fast enough! It's cool!"

Lin Yi was in high spirits after driving one round and decided to ask Shen Yifan for one when he got back. This thing was like a fighter jet-it was so satisfying.

"Then you can continue driving. Let's find a place to eat."

Tian Xiangyang directly jumped onto the flying shuttle. On the other side, Tian si had already prepared another specially-made flying shuttle and brought along the silent Yan Zhongyuan.

"Where?" Lin Yi asked, surprised.

According to the normal development, it was obvious that he should be eating in the sea god Manor. What did he mean by going outside?

"The Black Dragon triad's headquarters."

Tian Xiangyang's answer made Lin Yi's eyes Twitch. For a moment, he couldn't help but wonder if Tian Xiangyang had seen through his thoughts. Why else would he mention this place out of the blue?

Speaking of which, in addition to pondering about spiritual sense explosions during his previous closed-door cultivation, his Bell-stealing technique had also improved a lot.

Although he was still lacking a bit, he could already vaguely form a rough outline. In addition, he had been gathering a lot of information about the Black Dragon triad's headquarters, so he had already decided to explore the depths of this Dragon's pool and Tiger's Den within half a month.

At the very least, he had to figure out if the message Liu SANDAO had left behind was true!

He had never thought that the opportunity would come so quickly, so quickly that he was caught off guard!

With a stomach full of questions, Lin Yi controlled the shuttle and flew at Mach 2 speed for an hour and a half before a vast mountain complex came into view.

At first glance, one would think that it was some high-end Villa Group. However, upon closer inspection, one would find that the buildings were scattered all over the place. It was obvious that they were set up according to some giant array.

With Lin Yi's experience as a Grandmaster, he could tell that this formation combined both attack and defense, and was extremely powerful-it was something he'd never seen before.

Come to think of it, be it Jianghai Academy or even the Tian family's sea god Manor, their formations were not inferior to this one. It was just that they were usually in a concealed state, so it was difficult to see their true appearance. Even if they occasionally appeared like during the sword duel at Yushan, it was only the tip of the iceberg in the vast system of formations.

"If you were the one to break the formation, how confident would you be?"

Tian Xiangyang suddenly asked.

"Seven points, but half of the ten-seat Council will be involved. If the whole Academy is involved, ten points."

"You really are an expert? It's rare. "

Tian Xiangyang was a little surprised. Lin Yi's answer was the same as the grandmasters in the school, but the professionals gave more detailed suggestions, while Lin Yi's answer was more general.

But the more he thought about it, the more Lin Yi's skill was revealed. After all, this was his first time seeing it, and he didn't even have ten minutes to think about it.

"Are you saying the school's going to target the Black Dragon Gang?" Lin Yi asked, interested.

Tian Xiangyang laughed,"those old fogeys in the Academy have already assessed all the formations in the entire Jianghai city. Based on your logic, is our Academy going to declare war on the entire Jianghai city?"

"Since they've been specially evaluated, it means that they're potential enemies. If there's enough reason, it's not strange to declare war, right?"

Lin Yi said, taking it for granted.

Tian Xiangyang looked at him carefully,""You're really a weirdo. I don't even know if you're bold or ignorant."

As the two of them were talking, hundreds of flying shuttles had already taken off at the same time and were approaching them grandly.

The man in the lead had a green face and a white beard, and he looked quite strange.

"I'm the second-in-command of the Black Dragon triad, Jin ze. I'm looking forward to your arrival. My big brother has been waiting in the main hall for a long time. Please!"

"Lead the way," Tian Xiangyang nodded.

Under the protection of the Black Dragon triad's Masters, Tian Xiangyang brought Lin Yi and the others to the ground. Lin Yi's eyes were opened once again.

There was a guard every three steps and a whistle every five steps.

Just the word "heavily guarded" wasn't enough to describe the security here-it was like a hornet's nest. Even Lin Yi, who'd heard about it from the reports, couldn't help but be surprised and glad at the same time.

Fortunately, he had followed Tian Xiangyang here. If he had sneaked in alone, he might not even be able to reach the main gate, let alone the core of the sect.

The bell-stealing technique was indeed a wondrous technique, but the possibility of it being able to deceive such a dense group of elite guards at the same time was really low.

He walked all the way to the main hall.

A brawny man wearing a Tiger-skin cloak and exuding the aura of a ferocious beast that could be seen with the naked eye was waiting at the door like the king of all beasts.

It was the head of the Black Dragon triad, Liu kuangdao.

"It's an honor for the Black Dragon Club to have the great Lord of the Tian family here. Hahahaha!"

Liu kuangdao cupped his hands in greeting before turning to Lin Yi. "This is?"

Tian Xiangyang smiled, "his name is Lin Yi. He's the new king of the new students in our Academy. He's the tenth seat in the Academy. He's a young man with a bright future ahead of him. I brought him out to get familiar with him."

"Lin Yi ..." She said.

Liu kuangdao's eyes scanned Lin Yi from head to toe, "I've received news that my good-for-nothing brother died in the hands of a Lin Yi, I wonder if it's true?"

"You must've heard wrong," Lin Yi blinked.

He replied with confidence. The third head of the Black Dragon triad, Liu SANDAO, had been burned down by li MUYANG in the end.

If it wasn't for the fact that he was burned to the point that not a single residue was left, perhaps he could still be saved?

If the Black Dragon triad wanted revenge, they would have to find li MUYANG. However, with the relationship between the Black Dragon triad and the city Lord's mansion, it was hard to say if they would have the guts to do so.

"Is that so?"

Liu kuangdao obviously wasn't going to give up so easily. He grabbed Lin Yi head on and said in a dark tone, "Just in case, I'll check your primordial Spirit's memory first. What if you remember wrong?"

This person's realm was extremely high, and Lin Yi couldn't tell what realm he was at with his perception. He couldn't block this hand, and he didn't even have a chance to escape.

In the blink of an eye, it fell into the hands of the other party.

"You're looking for death!"

Tian Si was the first one to start the fight. He didn't really want to protect Lin Yi, but Lin Yi came here with Tian Xiangyang, so if Lin Yi was humiliated, Tian Xiangyang would be humiliated!

When the Emperor was humiliated and his subjects died, Tian si immediately attacked in anger, but he was blocked by Jin ze.

"My big brother was just testing the waters. Why is fourth master Tian so angry?"

As the second-in-command of the Black Dragon triad, Jin ze's strength was not to be underestimated. He was actually in a stalemate with Tian si.

Chapter 9483 The End

On the other side, Yan Zhongyuan also attacked with all his strength. The gravitational field spread out instantly.

It was a pity that the difference in their cultivation levels was too big, and Liu kuangdao had almost no effect on him. He could only watch as Lin Yi was enveloped by the soul-searching technique.

Once it was completed, even if he was lucky enough to survive, he would be reduced to an idiot.

But in this moment of life and death, Lin Yi's lips curved into a strange smile. He actually smiled.

At the last moment, an ordinary-looking essence spirit seed suddenly emerged from Lin Yi's sea of consciousness, falling into the soul-searching technique and exploding without any warning!

Divine sense explosion!

In an instant, Liu kuangdao suffered a violent backlash. His primordial spirit was severely injured on the spot, and he was bleeding from his seven orifices!

Jin ze and the other Black Dragon triad members were all shocked, as if they were facing a great enemy.

"What's wrong with playing with me? Do you have to play this with me?"

"Do you know how to play?" Lin Yi said with a half-smile.

He didn't know how many levels the difference between them was, but if it came down to a real fight, ten Lin Yi's wouldn't even be enough to fill the gaps between the opponent's teeth. However, in terms of essence spirit, the opponent was only slightly stronger than him.

Especially in terms of technique, he was a complete mess!

"Good, good, good. You have guts, kid. I'll tear you apart alive today!"

Liu kuangdao was furious. His essence spirit was injured, but as long as he still had a trace of consciousness, he could still crush Lin Yi!

He killed Lin Yi like a chicken.

"Is head keeper Liu preparing to declare war on our Jianghai Academy?" Tian Xiangyang asked.

With one sentence, everyone in the audience immediately felt as if they had fallen into an ice cellar.

Liu kuangdao let go of Lin Yi immediately and wiped away the blood and tears on his face. He laughed apologetically, "Master Tian, you misunderstood me. I was just joking with the kid to liven up the atmosphere. As expected of the 10th newcomer King, he's a ruthless character."

"Oh, really? Some jokes aren't that funny. "

Lin Yi's face didn't change, but his heart was shaking.

As expected of a person who could dominate the underground world of Jianghai, he could still act as if nothing had happened after taking a full blow of his spiritual sense. If one were to encounter such a person alone, the only way to deal with him was to escape.

They might not even be able to escape!

Both of them entered the interior. To Lin Yi's surprise, the interior was elegant and graceful compared to the fierce-looking exterior. It didn't fit Liu kuangdao's personal image, but surprisingly, it didn't seem out of place.

After sitting down, Tian Xiangyang said pointedly, "I've heard about your brother's death as well. I think it was done by the young master of the city Lord's mansion, li Muyang. Of course, this is your family's matter. As an outsider, I can't interfere."

"You must be joking. We do respect the city Lord Mansion, but it has nothing to do with family affairs."

Liu kuangdao quickly denied it. Although everyone knew about some things, they couldn't say it out loud.

If he admitted to what he said today, the city Lord's mansion would take action against him tomorrow.

"Oh, really? I always thought that you and your brother were from the city Lord's mansion. Am I mistaken?"

Tian Xiangyang raised his eyebrows and laughed.

Liu kuangdao and Jin ze looked at each other, and the atmosphere suddenly became silent and stiff. They could have laughed it off if they had casually mentioned this matter. However, they kept staring at it, especially when it was someone of Tian Xiangyang's status. The meaning behind it was a little intriguing.

"There's a hidden meaning in your words, Sir Tian?"

"Could it be that you didn't come here today to discuss our cooperation?" Liu kuangdao asked in a deep voice.

"Of course it's a cooperation, but without the city Lord's approval, there's no point even if we make it today, right?"

Tian Xiangyang's next sentence caused the other party's expression to change, ""Why don't the two of you switch to a different master and focus on supplying our Jianghai Academy? Once some cracks appear, they can't be covered up, and the result will only get bigger and bigger. Instead of walking down a dark path, it's better to make plans early. "

Putting aside Lin Yi's background at the time, it was clear that there was a problem between the house and the mayor's residence from the way li Muiyang attacked Liu SANDAO.

Even if the Black Dragon triad decided that li Muiyang was the one who helped them clean up their mess, anyone with eyes could tell that it was just a front.

Liu SANDAO was Liu kuangdao's younger brother from the same mother. No matter how big the problem between the brothers was, who was li Muyang to clean up the mess?

However, he didn't even dare to think about leaving the city Lord's mansion, not to mention the feasibility!

Liu kuangdao's bewildered gaze moved back and forth on Tian Xiangyang's body. He said faintly, ""Old master Tian, you seem to have a deep misunderstanding about the relationship between the Black Dragon triad and the city Lord Mansion."

"Oh, really? Are you really not related to the city Lord's mansion?"

Tian Xiangyang smiled. "That's even better. I'll invest in the Black Dragon triad, and in the future, the Black Dragon triad will be under the jurisdiction of my Jianghai Academy. It'll be under the jurisdiction of the School Council. Is that okay?"

Liu kuangdao and Jin ze's faces turned as black as the bottom of a pot. "You can't joke like this ..."

The two of them couldn't help but feel that they had miscalculated. They had taken the initiative to invite Tian Xiangyang because they wanted to break free from the control of the city Lord's mansion and benefit from both the city Lord's mansion and Jianghai Academy.

With the delicate relationship between the city Lord's mansion and Jianghai Academy, they believed that the latter would be more than happy to accept the olive branch. After all, they had control over the best quality domain-grade ore in the entire city. It was of great strategic value, and they had the confidence to waver!

Who would have thought that Tian Xiangyang would have such an attitude? he didn't even give him a chance to waver, and wanted to swallow him in one gulp!

Shares?

That's called snatching!

Tian Xiangyang smiled and turned to Lin Yi, "Do you know why I brought you here today? It's mainly to let young people like you experience the art of negotiation. "

Lin Yi blinked his eyes, indicating that he was all ears.

To be honest, Lin Yi knew quite a bit about the Black Dragon Gang from the information he'd gathered a while back. From what he knew, Liu kuangdao couldn't decide the Black Dragon Gang's future on his own.

If Tian Xiangyang really wanted to negotiate, he would have to go to the city Lord's mansion.

What could he get out of talking with Liu kuangdao? Lin Yi didn't understand.

Then, they saw the old master of the Tian family flip the table without any warning and step on Liu kuangdao to the ground, ""I'm joking? What qualifications do you have for me to joke around with you? I'm just joking with you and you can still laugh, huh?"

"....."

Lin Yi was just as stunned as Liu kuangdao and the other man, who were caught off guard. They looked at the Tian family's uncle who suddenly changed his style, and they were speechless for a long time.

Is this the F * cking art of negotiation?

Did this boss have some kind of misunderstanding about the word 'art'?

"You're going too far!"

Liu kuangdao's face turned red with anger. As the boss of the Black Dragon triad, even if he was just a dog under the city Lord's office, he was still a top boss of the Jianghai city's underground world. When had he ever been humiliated like this?

However, the problem was that Tian Xiangyang was stepping on him like a loafer. Even with his cultivation realm, he was actually unable to break free!

On the other side, the second-in-command, Jin ze, was also tightly pressed down by Tian si and could not move at all.

Chapter 9484 The Power Of The Devil

"This isn't the art of negotiation, it's the art of beheading," Lin Yi said, his eyes twitching.

He really didn't expect that he would be beheaded because of a disagreement. He thought he was just here for a free meal.

This was the Black Dragon triad's base!

There were at least 800 elites outside, if not 1000. Coupled with the Super formation with a strange pattern, just four people dared to break in and try to behead him. The key was that he and Yan Zhongyuan were only at the early stage of the complete heaven splitter. In this situation, their combat power was quite limited, and they were just there to play a supporting role.

In other words, only Tian Xiangyang and Tian si were capable of fighting.

Lin Yi's intuition told him that these two were strong, but they weren't that strong!

"Tian Xiangyang, you're indeed a madman!"

Liu kuangdao gritted his teeth as he was being stepped on."Just the two of you dare to challenge the entire Black Dragon triad? Do you really think you can suppress me?"

As he spoke, a peerless saber energy suddenly burst out from his body, forcing Tian Xiangyang to retreat.

At the same time, the second-in-command, Jin ze, also erupted and instantly broke free from Tian SI's control.

As heaven-defying figures of the underground world, the two of them were ranked among the top in the entire Jianghai city. How could they not have the ability to fight back?

Without any shouting, the Black Dragon triad's experts who had been guarding the hall filed in, each of them filled with a murderous aura.

Even Lin Yi, who'd just been to the sword seminar on Jade Mountain, couldn't help but feel his scalp tighten at this.

Although most of them were only at the early stage of the great circle of heaven-Sundering, and some of them hadn't even reached the great circle of heaven-Sundering, if they really fought, the same number of freshmen wouldn't even be enough to fill the gaps between their teeth.

Compared to the pugilistic world's people who licked blood on the edge of their blades, a flower in a greenhouse still had no chance of winning, even if their strength and realm were not bad, and their Foundation was even deeper.

Lin Yi calculated silently-if he used the double resonance of his consciousness here, he wouldn't be able to take down more than thirty percent of them!

The problem was, could Tian Xiangyang and Tian si defeat the remaining 70%?

"This is ... Going too far?"

Lin Yi couldn't help but shake his head. It wasn't realistic at all. If two random people came and wiped out the entire headquarters, how would the Black Dragon Gang be able to survive in the huge Jianghai city?

On the other hand, Tian Xiangyang, the instigator, was scratching his head,""You don't give me any noodles?"

"Tian Xiangyang, if you had sent out all the elites of Jianghai Academy, I wouldn't have dared to make a single sound. I might even have knelt down before you. It's a pity that you're too arrogant."

Liu kuangdao laughed coldly."It's hard to say who's going to kneel down to whom now. People who are too arrogant will have to pay the price."

Tian Xiangyang looked at him strangely, ""You want me to kneel before you? Are you sure you can afford it?"

"I'm sorry. "

Although Liu kuangdao was proud of himself, he didn't dare to show off in such a matter.

With Tian Xiangyang's status and position, even the current city Lord of Jianghai city couldn't withstand a kneel from him, let alone a mere chief of the Black Dragon triad.

With so many years of the Tian family's influence, the Tian family's influence was so vast that it was not limited to the Jianghai Academy itself, but more than half of the upper echelons of Jianghai city.

It wasn't an overstatement to say that Tian Xiangyang didn't just represent the Tian family's face, nor Jianghai Academy's face, but the face of the entire Jianghai city!

Who could bear to kneel in front of Jianghai city?

Although he seemed to have the absolute initiative, Liu kuangdao was not happy at all. Tian Xiangyang was not a hostage. He was a hot potato!

Not only did he not dare to force Tian Xiangyang to kneel, he couldn't even allow Tian Xiangyang to be humiliated.

"You're the face of Jianghai city, so you can't be humiliated. However, now that things have come to this, if I don't do anything, I won't be able to get out of this embarrassing situation. "

Liu kuangdao suddenly turned to Lin Yi, "Why don't we give each other a way out and make him kneel down in front of me?"

The second-in-command, Jin ze, chuckled coldly and chimed in, ""The Tian family's old master's identity is very important, but this kind of first-year kid, there shouldn't be any burden on his face, right?"

"Besides, face is not as important as your life. You're kneeling for your master. I believe your master will give you a big red packet later. You won't lose anything no matter how you look at it."

All of a sudden, all the pressure was on Lin Yi.

He was the newcomer King, the newly-appointed tenth seat. He was one of Jianghai Academy's most influential figures, but in this place, he was nothing.

Lin Yi looked at Tian Xiangyang and saw that he was deep in thought, ""That sounds reasonable. Lin Yi, are you willing to do that?"

"Are you serious?"

Lin Yi raised a brow.

Tian Xiangyang spread out his hands. "You've all seen it. Young people are just so impetuous. How could they kneel down to anyone so casually?"

"If he doesn't kneel, then you'll be in trouble. After all, it's already come to this point. If you don't pay the price, I can't just let him go. After all, there are so many underlings watching, it'll be embarrassing."

As soon as Liu kuangdao's voice fell, the Black Dragon triad's experts all cheered in unison. Even the headquarters 'array formation entered a half-activated state.

It was a critical moment!

If it was any other freshman, they might have already knelt down involuntarily under the heavy pressure.

Lin Yi, on the other hand, was thinking about whether he should take down the leader first, or take advantage of the chaos and get the territory stone.

Tian Xiangyang wasn't nervous at all, ""It's alright, I've brought quite a few people with me. "

"You have a lot of people?"

Liu kuangdao was taken aback and couldn't help but look at the second-in-command, Jin ze.

Jin ze shook his head slightly. He had the core authority over the headquarters 'array, and there were no signs of any intruders in the entire array system.

No one could sneak in under such high-intensity monitoring, let alone an organized team. Unless one could steal the core authority of the array system and modify it without anyone knowing, it was impossible.

Even if it was Jianghai Academy, it was impossible!

Liu kuangdao squinted his eyes. "It's no fun to Bluff. It's a joke!"

"Master Tian, you are a respectable man. I don't even need you to cut your own flesh. As long as you hand over this insignificant person to me, you can keep your dignity and walk out of my Black Dragon triad's door safely. Why not?"

He was staring at Lin Yi!

After all, if Tian Xiangyang was really willing to pay the price, he would not dare to take it, so he might as well go with the flow.

Liu SANDAO was his blood brother!

If he couldn't even take revenge for his brother, how could he face the ancestors of the Liu family in the future!

As he spoke, Liu kuangdao attacked Lin Yi again. As far as he was concerned, as long as it was a done deal, Tian Xiangyang would have to swallow this loss even if he didn't want to.

Furthermore, he believed that a great figure like Tian Xiangyang would definitely place more importance on his reputation than a mere freshman, especially a freshman who didn't have much of a relationship with him.

Chapter 9485

BOOM!

Tian Xiangyang didn't make a move, but Yan Zhongyuan stood in front of Lin Yi and blocked the invisible saber insect with his big body. At the same time, he activated his gravitational field and grabbed Lin Yi's arms!

"Mutated gravity? Hmph, a mere early stage of the great circle of heaven crushing realm dares to block a chariot with the arms of a Mantis? Kneel down!"

Liu kuangdao snorted coldly. In an instant, endless blade energy pressed down on Yan Zhongyuan's head like a mountain of blades, causing his two-meter-tall body to shrink by half.

However, it wasn't Yan Zhongyuan who knelt down. He was pressed into the ground.

"You're quite tough? Then I'll break your kneecaps!"

Liu kuangdao was determined to get back at Lin Yi. Today, Lin Yi had to kneel, and so did Yan Zhongyuan, who had risked his life to stand up for Lin Yi. He would never stand up again.

He moved his fingers, and a fierce blade energy went straight for Yan Zhongyuan's knees!

At the last moment, the demonic devouring sword streaked across the air, and the blade energy disappeared without a trace. It did not cause any waves.

Everyone was stunned.

Logically speaking, Lin Yi's strength was far from comparable to an old master like Liu kuangdao, even if he was all-powerful among the freshmen. It wasn't strange for him to be chopped into pieces with a knife, but he could actually withstand Liu kuangdao's knife energy?

Looking at his expression, it didn't seem to be particularly strenuous?

"The sword is not bad."

Tian Xiangyang's words had seen through the profound mystery. He immediately stepped into the battle and once again kicked Liu kuangdao to the ground,""As the boss, you can't lose to our little friend. Fourth brother, shake people."

The entire audience was shocked. Could it be that someone had really infiltrated Jianghai Academy?

In the end, Tian si rolled his eyes and split into 10 clones. In the blink of an eye, hundreds of clones appeared!

"Is this how you shake people?"

Lin Yi was dumbfounded.

Not to mention anything else, at least in terms of the number of people on the scene, they were really not at a disadvantage.

"As expected of the legendary King of doppelgangers. Tsk, tsk, amazing!"

Liu kuangdao, who was being stepped on, clicked his tongue and sighed. This wasn't purely because of his enigma, but because Tian Si's sudden move was really a little frightening.

For example, Lin Yi's Wood forest thousand transformations could also create thousands of clones, but the strength of Lin Yi's clones was one level lower than the main body. In terms of individual strength, a complete sea splitting clone was not even cannon fodder in this situation.

He didn't have the qualifications!

Anyone from the Black Dragon triad could easily crush Lin Yi's clones, and the difference in quality couldn't be filled. Of course, the situation would be different if they formed a battle formation, but the enemy had more numbers, and the situation was still not optimistic.

On the other hand, Tian Si's doppelgangers were all full of energy. Even though there was a qualitative difference between them and the real Tian si, they were not weak at all in the face of the Black Dragon triad's experts.

Don't forget, back in the sea god Manor, his clone, which wasn't the best, had forced Lin Yi and Yan Zhongyuan to go all out!

It wasn't an overstatement to say that he alone was an Army.

"No wonder you're so confident. However, to be able to pull back the advantage of numbers, did you stay in the ivory tower for too long and have your brain damaged?"

Liu kuangdao didn't look embarrassed at all. Instead, he laughed heartily, ""I only have one question. How long can his clone army last?"

"Not too long, but it's enough to annihilate you all."

Tian si replied indifferently.

He used his divine sense to communicate with the two, "If you don't want to be cannon fodder, you can run when the fight starts. I don't have time to be your nanny."

"I'm here to eat," Lin Yi said, disappointed.

"There's no hurry. We'll finish the game later. You can eat as much as you want. "

It was unknown when Tian Xiangyang had joined them. As a result, when they were communicating with their spiritual awareness, Liu kuangdao, who had been stepped on by him for the second time, suddenly exploded. His whole body suddenly turned into a dazzling human-shaped saber energy, and the four words "man and saber as one" were almost written on his face!

"Destroy us? Where did you guys get such ridiculous confidence from? I didn't want to hurt you, so I let you step on me. Do you really think you're that powerful?"

"Tian Xiangyang, you're just a second-generation rich kid who lives on the Tian family's ancestral shadow. You only have face if I give you face. If I don't give you face, you're just a pile of ..."

Liu kuangdao grinned hideously as he broke free from Tian Xiangyang's feet again.

In the end, before he could finish his words, that foot stepped on his face for the third time. At the same time, old master Tian's doubt came, ""A pile of what?"

The audience was silent for two seconds.

"What are you waiting for?" the second-in-command, Jin ze, shouted. "What are you waiting for?" Chop people up!"

The huge black Dragon triad headquarters was in chaos.

Lin Yi followed the advice and rushed out of the hall with Yan Zhongyuan. As Tian si said, their status in this level of chaotic battle was no different from the cannon fodder freshmen in the sword competition on Yushan.

Not to mention being deliberately focused on, even a casual aftershock could cause the two of them to be consigned to eternal damnation.

Fortunately, with the help of Tian Si's clones, Lin Yi managed to find a way out of the hall even though the whole process was dangerous.

But even so, the situation was still extremely dangerous.

Because there was also a fight outside.

Although the Black Dragon triad's experts weren't as concentrated as the ones inside, it was still their headquarters, after all, and they had quite a number of people. Fortunately, Tian si had still sent some doppelgangers out, so they could at least hold on for a while on the battlefield. They could barely be considered to be evenly matched.

But Lin Yi wasn't optimistic.

Tian Si was indeed very strong, and his heaven-defying performance of forming an Army by himself was indeed worthy of his title of doppelganger King. However, for a doppelganger expert like him, the hidden dangers behind him were equally obvious.

An incense stick's worth of time!

This was Tian Si's limit. After an incense's time, all of his clones would be destroyed, and this was under the situation where Lin Yi overestimated his strength. Normally, it would be enough for even half an incense's time!

With so many high-quality clones, the consumption of true Qi and the burden on the primordial spirit could really drain a living person dry!

After all, not everyone was like Lin Yi, who had unlimited pure Qi to keep creating clones. Tian Si's clones were also quite strong, and the energy consumption was many times more than Lin Yi's thousand changes of wood and forest.

"Where are you running to?"

Yan Zhongyuan, who usually didn't talk much, had obviously realized the seriousness of the matter. The thing was, this was the headquarters of the Black Dragon triad. The huge formation system that covered all directions could really eat people. Without permission, one could be crushed into pieces at any time.

Fortunately, Lin Yi was very familiar with formations.

"We can't run out, so we can only go in."

Lin Yi glanced at it before turning around and walking towards the headquarters. It was impossible to get out of here on foot, and the place where the shuttle was parked was being watched. With their strength, it was suicide to barge in.

The only way was to do the opposite.

Chapter 9486

In this way, there was no pressure for the time being. After all, most of the Black Dragon triad's experts were guarding the main hall and the outer perimeter, and there was no one guarding the hinterland of the headquarters. But what about after the time it takes for an incense stick to burn?

With Lin Yi's history with Liu kuangdao, the consequences would be unimaginable if he were to fall into Liu kuangdao's hands.

Liu kuangdao didn't dare to do anything to Tian Xiangyang, but Lin Yi, the so-called newcomer King, had the guts to dismember him a thousand times!

Yan Zhongyuan didn't ask any more questions. He followed Lin Yi wherever he went.

The two of them had been through a lot of danger along the way. Although they had encountered two masters of the Black Dragon triad, they had managed to kill them in seconds with their tacit cooperation. Finally, they arrived in front of a mountain wall with a huge black Dragon engraved on it.

"Send me up,"

Lin Yi's voice fell and he was immediately sent a hundred meters into the air by Yan Zhongyuan's gravitational force, landing right in front of the Black Dragon's left eye.

It was easy and pleasant, much more comfortable than jumping up by himself.

He observed his surroundings for a moment, comparing it to Liu SANDAO's memories. Lin Yi suddenly pierced through Liu SANDAO's left eye with his sword. If his memory was correct, this was where Liu SANDAO had hidden the perfect grade territory stone!

"Hiding things in such a place? What are you thinking?"

Lin Yi thought to himself, but it wasn't completely incomprehensible. The place was eye-catching, and from his angle, he could see the entire Black Dragon triad headquarters, but the surveillance formation here was the weakest.

There was indeed something!

After sending his spirit sense in, he found an ordinary-looking wooden box lying in the depths of the mountain. Even Lin Yi's heart started beating faster at the thought of what might be hidden in the box.

However, at this moment, dozens of extremely reserved but extremely powerful auras suddenly appeared above his head.

The next person Lin Yi saw was a familiar face-the Discipline Committee Special Forces Captain, Chen Beishan.

A group of Special Forces experts also appeared with him.

Not only that, but Lin Yi also saw an incredible figure at the last spot-the fifth seat of the Academy, the current president of the Disciplinary Committee, Ji Chi.

So that was how it was!

Lin Yi understood everything in an instant. Tian Xiangyang wasn't making trouble at the last minute, he was prepared. He had already planned to devour the Black Dragon triad!

It was obvious that it was impossible to swallow the Black Dragon triad with just him and Tian si. If they wanted to succeed, they would have to mobilize the elite forces of the Academy.

Under normal circumstances, this kind of matter would either involve the Tian family's direct guards, or if the Academy was involved, it would be the warrior's department's matter. External military action was within the scope of the warrior's department's authority.

However, it was precisely because these two elite forces were the core of Jianghai Academy's military operations that their every move was closely monitored by the outside world. This was especially so for an extremely sensitive underground organization like the Black Dragon triad. As soon as they detected the slightest sign of trouble, they would immediately be on full alert. Coupled with their relationship with the city Lord's mansion, there was almost no possibility of a surprise attack.

But the Disciplinary Committee was different!

The Disciplinary Committee had always been opposed to the outside world, and the attention they received from the outside world was obviously much lower. Even if there was an organized mobilization of elites, it would not step on the sensitive nerves of the Black Dragon triad.

Therefore, Ji Chi was able to bring the entire Special Forces here quietly.

At this moment, the Black Dragon triad's headquarters had already been submerged by Tian Si's Army of clones. With the addition of such a powerful reinforcement Army, the outcome of this battle was already decided.

After today, the Black Dragon Gang was destined to disappear. At least, the Black Dragon Gang that took orders from the Li family of the city Lord's mansion was destined to cease to exist.

No matter what, it was still a good thing for Lin Yi and Lin Yi. At least they didn't have to worry about falling into Liu kuangdao's hands, and their safety was guaranteed.

Seeing Lin Yi, Chen Beishan's face changed-they had a history!

However, the war was coming, and Chen Beishan didn't dare to cause any trouble at this time. He only glanced at Lin Yi coldly and quickly passed by with the rest of the Special Forces.

But before Lin Yi could relax, he felt a sense of danger. A giant golden hand came from above his head like Mount Tai, smashing down with unstoppable force!

The person who attacked was Ji Chi.

The killing intent was intense. As both of them were tenth seats, Ji Chi was serious about killing Lin Yi and wanted to use this opportunity to kill him in one move!

As for Yan Zhongyuan, he would be killed without a doubt.

Lin Yi was caught off guard, but he still made the right response at the first moment. He didn't run away. The opponent was on high ground, and even with his speed, he couldn't completely avoid it.

If he tried to Dodge, he would only die faster!

"A palm technique that descended from the sky? The Buddha's Palm?"

Lin Yi's response was a single sword strike, all of his profound essence fused into this one strike. The demonic devouring sword was wrapped in layers of pure Qi, breaking through the sound barrier in an instant and piercing towards the palm above his head.

Breaking the surface with a single point!

In terms of technique alone, this response could be said to be flawless. Normally, even a stronger opponent of a higher level would be seriously injured, let alone an opponent of the same level.

However, Ji Chi was more than one level stronger than him!

The demonic devouring sword collided with the palm of the giant palm. Not only did it fail to Pierce the palm, but it was also suppressed. Even the edge of the demonic devouring sword had a circle of shocking cracks!

Not only that, but the palm didn't slow down at all. As it suppressed the demonic sword, it also smacked Lin Yi down from a hundred meters above.

Bang! Bang!

Even with Yan Zhongyuan supporting him from below, Lin Yi was still hammered into the ground, without a sound.

"The additional spiritual sense attack is not bad, but the rest is a mess!"

Ji Chi didn't intend to stop at all. He fell from the sky with a scornful smile, followed by another palm strike. It was clear that he didn't care if you died or not, he was going to kill you to avoid future trouble!

If this palm hit, not only would Lin Yi be turned into meat paste, but Yan Zhongyuan would also die. There was no way to Dodge it!

Buzzzzzz!

At the last moment, a spinning top appeared above the two without warning and collided with the Golden Palm. The impact caused the Black Dragon Mountain to collapse in half and the earth to shake.

"To kill our newly promoted tenth seat so brazenly, little Chi, your courage is much greater than I imagined."

A child-like figure appeared above the collapsed Black Dragon Mountain. It was the former president of the Disciplinary Committee, Han Qi.

Ji Chi glanced at Lin Yi, who he didn't know was Dead or Alive, and said faintly, "It's just a test of our newly promoted tenth seat's abilities. It's no fun to make things difficult for him."

After he finished speaking, he looked at Han Qi with a profound gaze for a moment, then chuckled and left.

Although he had lost to Han Qi, after all, his position as the president of the Disciplinary Committee was taken from Han Qi. However, with Han Qi here, it was unrealistic for him to kill Lin Yi.

As for killing Han Qi as well, that would be a dream.

Chapter 9487

Although Ji Chi had his eyes on the top of his head and no one other than the first seat, Xu Anshan, could convince him, it didn't mean that he didn't know his own limits.

Han Qi looked coldly at his back as he walked away. He turned his head and shouted, "Is he dead yet?"

"It's okay, I almost died. "

Lin Yi said, but his body was still as strong as ever. He got out of the human-shaped pit in the blink of an eye, and other than looking a little messy, there were no obvious injuries.

On the other hand, Yan Zhongyuan, who had been caught in the crossfire, was more seriously injured than him.

Han Qi looked at him up and down for a long time, as if he was looking at a monster, and said, "You're really an animal. With that guy's personality, he shouldn't have held back, but you actually took a hit from him?"

"What's his cultivation level?"

Lin Yi was curious. With his current strength, he couldn't sense Ji Chi's realm. This meant that Ji Chi was at a higher realm than him.

"It's hard to say, who knows how many hidden goods are hidden, but they're definitely the ones who have gone the furthest among the heaven crushing cultivators. "

"What about the other ten?"

"There are strong and weak, some are good at actual combat, and some are not, but in terms of the specific realm, they are more or less the same. Anyway, compared to them, you, an early stage of the heaven breaking complete realm, are just a little brother. No matter how invincible you are in the same realm, you are still a little brother."

Han Qi wasn't joking at all. Judging from the way they fought just now, Lin Yi wouldn't be able to survive Ji Chi's second move unless he used all his hidden cards.

That would really be a complete fall out, and everyone would fight to the death!

Thinking back to his performance against Liu kuangdao, Lin Yi felt a sense of powerlessness that he hadn't felt in a long time in front of these high-level figures in Jianghai city.

There was a limit to the number of times the star undying body could be used. After using it, what could he use to save his life? The new type of super alchemy bomb and sledgehammer were admittedly incomparably powerful in attack power, but if they couldn't hit the opponent, then no matter how strong the attack was, it would be in vain.

Once he revealed his trump card and was remembered by others, it would not be easy to use it when he had a countermeasure next time!

He was too weak! He was still too weak!

Be it becoming the newcomer King or sitting at the 10th seat, all of these were of great value, but they only provided a high-level platform that ordinary freshmen couldn't hope to reach. In the end, they still had to be transformed into strength before they could be realized.

Otherwise, all the dazzling halos would just be Flowers in the Mirror and the moon in the water.

However, at his current level, the only way to improve his strength was to study domains, and studying domains could not be done without a domain stone!

Every level of the great circle of heaven crushing was strictly related to the level of the domain.

To reach the peak of the early stage of the complete heaven crushing realm, one must first form a domain.

Otherwise, no matter how many heavenly treasures he piled up or how many elixirs he ate, it would all be in vain and there would be no improvement in his essence.

Thinking up to this point, Lin Yi didn't care about Hanqi's presence as he used all his strength to reach the top of the collapsed Black Dragon Mountain.

Due to the collapse of the mountain wall, the position of the Black Dragon's left eye had been completely shifted. The wooden box that he had just styled had also disappeared without a trace.

"You can't find the thing?"

Han Qi's voice came from behind.

"You know that too?" Lin Yi turned to him.

"I know nothing."

Han Qi pouted his lips speechlessly. "I can tell from your expression that there must be something good hidden here. If I'm not wrong, it should be a piece of territory stone. It's most likely something you pried out of Liu SANDAO's mouth."

"Yeah," Lin Yi nodded.

It wasn't that hard to guess-the Black Dragon triad's specialty was the territory stone, after all, and only Liu SANDAO had connections with Lin Yi.

"Wait, don't tell me it's a perfect-grade territory stone?"

Han Qi suddenly realized that Lin Yi was a person with ten seats and a highly profitable talisman making society. Only a perfect-grade item could make him so nervous!

"Yes."

Lin Yi didn't try to hide it-their relationship aside, there wasn't much point in hiding it anymore.

"I'll have to look for it properly when I go there! If we can't find it, we'll suffer a huge loss!"

Han Qi threw out a bunch of spinning tops and started digging at the ruins in front of him. This performance alone was much more serious than Lin Yi himself.

"You're not thinking of snatching it from me, are you?"Lin Yi looked at him from the corner of his eyes.

"Rob my a * S. I'm a great expert at this realm. Do you think I'd covet a piece of your territory stone?"

Han Qi scoffed.

According to the normal process, for most cultivators, one raw territory stone was enough. It was equivalent to a textbook. In theory, it was enough to fully understand one book. It did not matter how many other textbooks there were.

Moreover, there were no two identical leaves in the world. Even if it was the same type of territory raw stone, the detailed structure might be completely different. If it was changed halfway, it was likely that he would have to repair it from the beginning, and there was no cost-performance ratio to speak of.

However, it did not mean that perfect-grade was no longer attractive.

There were also good and bad textbooks among textbooks. Compared to the common textbooks that could be seen everywhere, it was naturally easier for people to learn the essence of the textbooks written by great grandmasters.

There were many people who had obtained a higher quality domain origin stone and changed their cultivation halfway through, especially those who had reached the perfect quality. Even those top-tier experts who had already gone far might be tempted!

Besides, even if he didn't use it, the people around him would use it too. Even if he took a step back, he could still sell it.

That was a huge amount of credits!

Although he'd helped Lin Yi out a few times before, Lin Yi could only be cautious and optimistic about Han Qi's integrity. If a perfect grade territory stone were to be placed in front of him, it was hard to say if he'd turn hostile.

However, he couldn't stop her since she was helping him.

Besides, the Black Dragon Mountain wall was so big. It would not be easy to find a small wooden box from it with only himself and Yan Zhongyuan.

In the end, an entire hour had passed, and the outcome of the battle on the main battlefield had already been decided, but they still had no results.

The entire mountain wall of the Black Dragon Mountain was turned upside down, and there was nothing.

"It's over, this is a huge loss. "

Hanqi looked at Lin Yi with pity and comforted him, "Forget it. Cultivation is still up to you. There's not much difference between a high-grade and a perfect-grade territory stone. You should go back and find a high-grade one."

Lin Yi opened his mouth, ready to curse.

Make do? Could this thing be casually made up?

At this moment, both of their phones rang at the same time. It was a message from Tian si, calling for them to clean up the battlefield together.

By the time Han Qi, Lin Yi, and Yan Zhongyuan arrived, the chaotic battle had almost been cleaned up. More than half of the Black Dragon triad's experts were dead or injured, and the rest wisely chose to kneel and surrender.

As for the two core leaders, Liu kuangdao and Jin ze, they died on the spot in an extremely miserable manner!

Chapter 9488

Lin Yi looked at Tian Xiangyang, who was eating slowly on the side. He couldn't help but secretly raise his evaluation of this person's danger level. It wasn't just his strength and power, but just his decisive and ruthless nature was enough to make people shiver.

"I'm still hungry. Let's sit down and eat together. "

Tian Xiangyang invited Lin Yi to sit down and served him a bowl of longevity noodles.

It was really appropriate to be with the two dead people on the ground.

Lin Yi didn't show any expression on his face and started eating. He also got a bowl for Yan Zhongyuan.

"It's rare for me to bring you out. It's not appropriate to go back empty-handed. This is for you."

Tian Xiangyang said as he threw a Jade slip over.

Lin Yi's face changed as he looked at it. "Essence of the wild blade? Liu kuangdao's astral blade technique?"

He had personally experienced Liu kuangdao's blade energy before. It was definitely one of the best blade techniques he had ever encountered.

Furthermore, in the entire Jianghai city, Liu kuangdao could be considered as one of the top existences!

It was no exaggeration to say that if this thing was put on the market, it would be worth at least two upper-grade domain raw stones. It could not even be bought with spiritual Jade.

"Sword and saber are connected, aren't you good at learning and selling on the spot? When I go back, I'll train the violent blade into the violent sword and get a sword armor. It'll definitely be very sharp when I cut people!"

Tian Xiangyang chuckled.

This might be a fantasy to others, but it wasn't impossible in Lin Yi's hands.

Just this alone made Lin Yi's trip worth it.

His only regret was the wooden box on the Black Dragon Mountain wall.

"If there's anything else you want, you can go and look around. They're raiding houses now, and I think they'll find a lot of good things. Let Xiao Han take you to pick a few more. You can give them to your brother as well."

Tian Xiangyang waved his hand and promised a huge reward.

This was the Treasury of the Black Dragon triad's headquarters. Even if it wasn't a sky-high price, it was still a rare item that could only be found by chance in the outside world.

"Alright," he said.

Lin Yi didn't hold back at all. He immediately got up with Han Qi and brought Yan Zhongyuan to the warehouse of the Black Dragon Gang.

Tian si looked at Tian Xiangyang in astonishment, ""Sir, are these the bones of a horse from thousand Gold City?"

Although Tian Xiangyang had always been generous to his men, there was a limit to his generosity. After all, he was the master of the Tian family, not a prodigal. His every move had to take the whole school into consideration. It was rare to see someone treat Lin Yi as generously as he did.

Not to mention, Lin Yi had just sat on the tenth seat, and he hadn't officially pledged his loyalty to the Tian family yet. He was still a supernumerary member at best, not one of their own.

Tian Xiangyang laughed, "you're thinking too much!" I like him, so I'll give him some benefits. Why are there so many twists and turns?"

"Whatever you say,"

Tian si didn't comment.

"I've never made a mistake in judging people. With a big event coming, some little friends are worth investing some capital. Who knows, they might turn into Dragons when they encounter a storm? This is called an investment. Learn from it. "

Tian Xiangyang chuckled as he spoke the words in his heart.

On the other side, Lin Yi and Lin Yi followed Han Qi to the warehouse.

At this time, the warehouse was under the strict control of the Special Forces Masters of the Disciplinary Committee. If it was only Lin Yi and Yan Zhongyuan, they wouldn't even be able to see the door, but with Han Qi, it was naturally a different scene.

Although he was the former guild leader and most people were not as good as a Phoenix, this kind of routine was clearly not in tune with Han Qi.

As a terrifying animal known to everyone in the Disciplinary Committee, Han Qi's current deterrent force was no less than when he was in charge, not to mention that he had the real black group inspector team in his hands.

Although he didn't see anyone from the dark group today, since he, the head of the dark group, was here, how could his subordinates stand him up?

Kicking open the door of the warehouse, Han Qi stared at Ji Chi and said, "Little Chi, don't tell me you're secretly doing something behind my back again? These are all the Academy's property. Any case of corruption will be dealt with by military law. "

"Hmph!" Ji Chi snorted coldly, "are you doubting the integrity of my colleagues?"

"We've all been through life and death together, and if we're going to be charged with dirty work, who would dare to come out and do anything in the future? The previous president, gossip is a fearful thing. "

Chen Beishan chimed in.

"I'll know once I ask," Han Qi curled his lips and smiled.

After he finished speaking, he snapped his fingers. A master of the dark group suddenly emerged from the Shadows in the Deep part of the warehouse and handed over a detailed register to record everything in the warehouse clearly. It also included all the words and deeds of the Special Forces after they entered.

Chen Beishan's face turned green.

Ji Chi's expression was also quite unsightly. Even with his cultivation state and strength, he didn't notice the existence of this person at all. He didn't know that the dark group not only had their eyes on the inside of the Discipline Committee, but also had long reached into the black Dragon triad and had a clear understanding of all their assets!

"The dark group is indeed full of hidden dragons and crouching tigers,"

Ji Chi commented coldly.

He had been jealous of the dark group for a long time.

After he took over the position, his greatest wish was to take over the dark group. Unfortunately, although Han Qi had lost his position as the president of the Disciplinary Committee and the fifth seat of

the Academic Council, he had reacted very quickly and immediately transferred all his core members to the dark group, taking over a part of it as if he was retreating.

With the special status of the dark group and a group of fierce men and animals, Ji Chi was forced to be at a loss for words, which eventually led to today's confrontation.

Han Qi flipped through it for a moment and suddenly revealed a strange smile, "Two high-grade territory stones. Chen Beishan, you're pretty ruthless."

"I ... I'm not ..."

Chen Beishan's face turned ashen, and he couldn't say a word. He quickly turned to Ji Chi for help.

If Ji Chi didn't protect him, he would be finished if the other party really called him a military law!

"I asked him to take it."

Sure enough, Ji Chi stood up to protect him. "I promised a great reward to the Special Forces in front of the Tian family. I will take two upper-grade domain stones to fulfill my promise. Is there a problem?"

"Since little Chi has said so, there is naturally no problem, but this person does not follow the rules. If it wasn't for my black group's watch, who knows who would have gotten the two raw gemstones?"

Han Qi shook his head and sneered.

He had been caught red-handed, and no matter what he said, Chen Beishan's hands and feet were not clean, so he could not escape. It all depended on what crime he would be convicted of.

"What do you want?" Ji Chi frowned.

"You're dismissed and will be interrogated by the dark group for 24 hours."

Han Qi clearly wanted to use this opportunity to take down Chen Beishan. If the dark group was his base, then the Special Forces would be the sharpest knife in his hands. Even if he could not completely take over Chen Beishan, as long as he could weaken his control over the Special Forces, it would be a huge victory!

"Impossible."

Ji Chi naturally wouldn't agree so easily. "He can be punished for his misbehavior, but firing him is too much of a fuss. Aren't you afraid of causing panic in the dark group and suffering a backlash?"

Chapter 9489

Han Qi laughed, "what's the use of a punishment that doesn't even hurt?" As for when I'll be reinstated, that'll have to wait until the investigation results of my dark group are out. "

"You might as well say that you're suspended indefinitely," Ji Chi replied coldly.

"I don't object if you want to understand it that way, but you have to think carefully. This is the bottom line of the dark group. If you still don't cooperate, then don't blame us for making it public. Speaking of which, it seems that there hasn't been a public trial for a long time."

Han Qi's face was full of confidence and fearlessness. If he did not ruthlessly bite off a piece of the other party's weakness, he would not be called Han Qi.

Under Chen Beishan's pitiful gaze, Ji Chi weighed the pros and cons again and again, and finally chose to nod with a gloomy face.

Compared to the exposure of the matter, Chen Beishan's suspension was not completely unacceptable to him. It was just a temporary replacement of a confidant. It was better than being pushed to the teeth of the storm.

"Good, good, good, good. I will remember your favor, han dark group. I will definitely repay you in the future!"

What's done can not be undone. Chen Beishan could only leave with his sleeves up.

However, before he could walk out of the warehouse, a finger tip suddenly hit his back, causing him to spit out a mouthful of blood. He did not care about martial virtue at all.

"You can leave, but you can't take the raw stones with you."

Han Qi opened his hand and took out two high grade territory stones from Lin Yi's waist and threw them to Lin Yi.

"I don't see anything on the inventory list that is particularly suitable for you. Why don't you just use these two? they are just right for you."

Looking around the entire warehouse, although there were many other treasures of heaven and earth, some of which were extremely valuable, the most abundant was still the territory origin stone. There were more than a thousand of them!

However, even the Black Dragon Guild, which specialized in domain origin stones, couldn't find a perfect grade domain origin stone among thousands of domain origin stones. There weren't even many high-grade domain origin stones, only single digits.

The rarity of high-quality territory origin stones was evident.

And the things that Chen Beishan had hidden away were naturally the best of the best.

"That's good. "

Lin Yi handed one of the earth element territory stones to Yan Zhongyuan.

As usual, Yan Zhongyuan didn't say anything and put it away silently. As for the other one, it was wind element, which Lin Yi planned to leave for Shen Yifan.

Of course, with Shen Yifan's family background, it wasn't difficult for him to collect a high-grade wind element Crystal. However, since he had a ready-made one, he didn't need to waste any more time.

The four of them weren't separated into the group, and if Lin Yi didn't stand on ceremony with his buddies, they wouldn't either.

But thinking about it, Lin Yi didn't have enough high-quality territory stones.

Now that Yan Zhongyuan and Shen Yifan were there, he naturally couldn't leave out the glutton sun Buyi, not to mention Tang Yun. He also had to take care of Qiu sanniang and the others under his command. He couldn't be biased.

Moreover, he either didn't give it, or he had to give it to the best.

Perfect-grade was something that could only be encountered by luck, but no matter how bad it was, it had to be high-grade, or else how could it be brought out?

Even with the talisman society backing him up, Lin Yi couldn't help but feel the pressure.

It's not easy to be a boss.

This did not include himself. Ordinary cultivators could only cultivate one domain due to the limitations of their talent, but he had five elements and ten attributes. In theory, he could cultivate up to ten domains at the same time!

Ten territories meant at least ten high-quality territory raw stones. Even if not all of them were perfect-grade, they were still sky-high prices!

Lin Yi's eyes were burning with desire as he looked at the storage room full of territory stones. He wanted to roll in the bag right there and then.

Fortunately, these items would most likely be left in the logistics department. With his friendship with old man Zhao, as long as he had enough credits, it would not be a problem for him to obtain a batch of high-grade domain origin stones.

Ji Chi looked at this scene coldly and snorted, ""You want to split the loot in front of me?"

"Yeah, so what if I'm floating? go to the Tian family and Sue me."

Han Qi sneered.

“.....”

Ji Chi naturally wouldn't do such a stupid thing. He turned his wrist and a small wooden box suddenly appeared in his palm.

Lin Yi's eyes twitched.

This was the box that he had found in the Black Dragon's left eye. He and Han Qi had searched the entire mountain wall of the Black Dragon, but they had not found it. It turned out that it had fallen into the hands of the other party.

"I just picked this up outside. I don't know what's inside, but since Han Qi, Lord han, is watching, then I should obediently report it to the warehouse."

Ji Chi looked at Lin Yi with a faint smile, "If there's really something good inside, then I won't be polite and take it away. I believe that the Tian family will still give me this little face."

Mocking him to his face.

It was a low-level method, but it was very effective.

Anyone who had schemed for so long only to benefit their nemesis in the end would probably explode on the spot, especially when the other party was brazenly jumping in front of their eyes!

Lin Yi forced himself to hold it in as one sentence flashed across his mind.

If it wasn't for the fact that I can't beat you now, you'd already be a dead man!

"Don't you like to see people gnash their teeth but can't kill you? Lin Yi, shouldn't we play along and give him a show of helplessness?"

Han Qi turned to Lin Yi.

These were the words, but once they were said, it had a different meaning.

Lin Yi nodded with a faint smile. "You're right. We're colleagues, after all. If we don't cooperate, it'll be embarrassing for them."

After he finished speaking, he howled in a very serious manner.

Han Qi's face was full of disgust. "You only have the posture but no soul. Your acting is too obvious. Even a fool can tell that it's fake. No, no, one more time."

Ji Chi's face darkened.

He could tell, so he was a fool?

"What's the point of having a sharp tongue and pretending to be a fatty? Alright, since you like to talk so much, then keep talking. I just don't know if you can still talk after I open this box. "

Ji Chi sneered and slowly undid the array restriction on the wooden box. At the same time, he said, ""If I'm not wrong, this is a perfect quality territory stone. Lin Yi, I heard that you haven't started studying territory yet, were you waiting for this?"

"Actually, I don't really like to expose people's scars, but I can't stand someone being too arrogant and begging me for help, hehe."

As he spoke, he removed the restriction and opened the box in front of Lin Yi and the others.

"Silly."

Han Qi scoffed on the surface, but he secretly sent Lin Yi a message through His Spirit sense, "Why don't we just play a ruthless game and join forces to Rob him! If he dares to report this to the Tian family, we will only get a scolding at most, but he will be the one to lose face!"

Lin Yi already knew that this guy couldn't be calculated with common sense, but he still couldn't help but be shocked!

The opponent was Ji Chi, and there was an entire Special Forces team of experts nearby. How could they dare to attack him with just a few cats and dogs?

Chapter 9490 The Power Of The Devil

"How confident are you?"

Lin Yi couldn't help but be curious.

Han Qi looked at him and said, "how can I be confident?" If you can snatch it, you'll profit. If you can't snatch it, you won't lose anything anyway. It's a waste not to go whoring. Why don't you try?"

"....."

Lin Yi was speechless as he refreshed Bai Yan's definition. The guy was so eager to try it out, so he replied noncommittally, "Let's take a look first. "

The box was opened.

It was empty inside.

Ji Chi, who was waiting for Lin Yi's expression, was stunned. He checked it again and found no hidden layer or camouflage. It was an empty box.

Not only him, but even Han Qi was shocked and suspicious, "Don't tell me you've taken the perfect raw stone for yourself? Are you deliberately making such a mistake in front of us? are you kidding us?"

"I ..."

Ji Chi really wanted to reply that he was playing with them, but the problem was that he was not!

Even at his level, perfect-grade territory stones were crucial strategic resources. If the attributes were suitable, he could use them for himself. Even if the attributes were not suitable, he could use them to trade with others as gifts. Their value was immeasurable!

If he were to lose a perfect raw gemstone for nothing, he would be depressed for at least a year.

"If you can't explain it clearly, this matter isn't over!"

Han Qi rolled up his sleeves, his face full of unwillingness. Beside him, Lin Yi was also filled with righteous indignation.

In any case, this box was supposed to be his, but now it was an empty box. Whether it was pocketed by Ji Chi or it was an empty box in the first place, he had lost a perfect raw gemstone today.

"You're not done? Are you going to bite me to death?"

Ji Chi coldly glanced at Hanqi and Lin Yi, his good mood of having made a great contribution was completely ruined, and he left with an ashen face.

Today, he had suffered a great loss!

It was not just the mishap of the empty box, but the key was that Han Qi and his mysterious dark group had completely made him lose the opportunity to take over the warehouse.

If even Chen Beishan could get two high-grade raw stones, how much could he, Ji Chi, get if no one messed things up?

It was a rare opportunity to make a fortune, but now, everything was gone.

"There's something wrong with this kid. "

Han Qi, who had just lost control of his emotions, immediately regained his calm as soon as Ji Chi left. The speed at which he changed his face professionally was really eye-opening to Lin Yi.

"What's wrong?"

"With his usual character, it's impossible for him to take such a big loss for no reason. Even if he doesn't directly fall out with me, he has at least a hundred ways to make me feel uncomfortable, and he's leaving just like that? It doesn't make sense. "

Han Qi pinched his chin and shook his head.

Although he was fierce like an animal in every way, holding the dark group like a precious sword and only others would suffer losses from him, in the end, Ji Chi was the Head of the Discipline Committee. No matter how special his dark group was, it was not a completely independent existence.

As long as Ji Chi was willing to pay the price, there were still a hundred ways to make him suffer.

Lin Yi was silent for a moment before nodding, "There's definitely something wrong with this abnormal situation. You have to be careful from now on. "

"Ha, it's still not certain who should be careful."

Han Qi chuckled and looked around before sending a message to Lin Yi, "You're not bad, kid. You almost fooled me. You're really something. "

"What do you mean?"

Lin Yi asked, confused.

"Acting! Continue acting! Do you think I don't know what's going on with you practicing the bell stealing technique?"

Han Qi raised his eyebrows and sighed, "You're really not simple. A special technique like the bell-stealing technique is not something that ordinary people can understand. You actually mastered it, kid. You even managed to fool an expert of Ji Chi's level. Amazing."

Lin Yi was still confused, "What are you talking about? What did this have to do with the bell-stealing technique? I didn't even have the time to use it. "

"....."

Han Qi blinked his eyes and stared at his face in disbelief, "I've already used divine sense to speak, and no one else can hear or see it. Is there any meaning to it?"

Lin Yi was still confused.

"Well, I'm thinking too much. It's really impossible. You've only been practicing the bell-stealing technique for less than two months. How could you hide it from Ji Chi and Me ..."

Han Qi finally gave up.

Lin Yi was on the line between life and death at the time, and it would be too much of an exaggeration to say that he could steal the box under Ji Chi and her eyes.

After all, the bell stealing technique wasn't a divine technique.

What he didn't know was that just as he made his decision, a perfect grade territory stone was lying in Lin Yi's Jade space. It was wood element.

Although it was hard to believe in logic, reality was just so subversive.

With his Bell-stealing skill, Lin Yi managed to complete the technique on the line between life and death. Even he himself couldn't believe it, let alone the others.

In the end, things that could be called special techniques were always difficult to understand.

But then again, if he didn't put all his energy into the bell-stealing skill, he wouldn't have lost to Ji Chi like that. It was one thing if he couldn't beat Ji Chi, but if he used all his trump cards, who knew who would win?

Back in the living room, Tian Xiangyang had already finished his meal and stood up. He saw Lin Yi and smiled, ""I'll leave the Black Dragon Gang's business to the student council. Any thoughts?"

"Me?"

"I'm just a new 10th-place rookie, what's the point of asking me?" Lin Yi blinked.

Tian Xiangyang laughed, "why is it useless?" The voting power of each of the 10 seats is the same. Perhaps your vote will determine the final outcome?"

Lin Yi was silent for a moment before asking, "Is it really a good idea to throw such a big piece of meat to the Academy at this time?"

When it came to raw gemstones, especially when the Black Dragon triad controlled an entire industry chain, the benefits were so great that it was enough to make anyone jealous!

Profiteering made people go crazy, especially in the current state where the factions of the ten seats were clearly divided. It was simply unimaginable what the competition would be like.

This was equivalent to directly throwing a fire into a barrel of gunpowder!

Tian Xiangyang looked at him and said with a faint smile, ""You can't be thinking that I'm going to kill three warriors with two peaches, right?"

In short, the atmosphere in the entire Hall was off.

Tian si didn't say a word. Even Han Qi didn't dare to say anything. As for the others, except for Ji Chi, who was cleaning up the battlefield, they were not qualified to stand here.

A leader was a leader after all. If he said something wrong at this time, even if he wouldn't immediately lose his reputation, at least his future in the Academy would not be so easy.

"That's not necessary. "

Lin Yi didn't seem to feel any pressure at all.

However, if one were to make a slight conspiracy theory, the saying that two peaches killed three scholars was not completely groundless. Nominally, the entire Academy was indeed under Tian Xiangyang's banner. However, nominal was one thing, and in reality, it was another.

Who wouldn't want to have complete control over such a huge force like the Academy?
