

## Bodyguard 9561

### Chapter 9561

Even though these people weren't worthy of the elites' attention, being locked up in the southern District prison was a form of official recognition of their strength. After all, ordinary people who had committed a crime didn't even have the right to enter the southern District prison.

No one knew what Wei baizhan could do to these people. Even if they had the chance to walk out of this prison alive, it was still a huge unknown.

Lin Yi had thought of this as well, but he didn't mention it.

Wei baizhan didn't have the intention to ask for help. If he couldn't even solve this problem, he would still be a useless person even if he set up the Third Division. Where would he get the face to ask Lin Yi for this and that?

At the same time, the emergency alarm was sounded again in the southern prison.

Shen Wangui and a group of Masters from the southern District had all died in prison, and the rampaging electrolady had died in Lin Yi's cell. Tonight was destined to be a sleepless night for everyone in the southern District prison.

And so, Lin Yi got the highest level of close-range full-range surveillance-not only were there all sorts of surveillance equipment and formations, but there were at least five pairs of eyes watching every move, and there were also three full teams nearby on standby.

It was obvious that some people had already linked this to the death of Shen Wan GUI and the others.

It went without saying who the person behind the scenes was.

The logic wasn't hard to understand-it was too vague to link Lin Yi to the robbery, but if the lives in the prison were put on Lin Yi's head, especially after what happened in the morning, it would be more believable.

With Lin Yi's strength and status, it was completely understandable that he couldn't take the humiliation. It was also reasonable for him to kill someone.

It was perfect.

As the highest-ranking officer of the South District, the Nanjiang King showed up at the prison the next morning and personally inspected the first suspect, Lin Yi, with the warden. He acted like an official.

"I haven't seen you for a night. Nanjiang King, you look good."

Lin Yi couldn't help but think as he looked at the man who was getting more and more aggressive.

Back when he first came to Jianghai city, he had a direct conflict with this Nanjiang King. Back then, Lin Yi was probably just a bug in the king's eyes, and he could kill him if he wanted to.

It had only been a few months, and the guy was still the South district's number one, while Lin Yi was the tenth seat of the Council. They were on the same level in name, and the guy couldn't mess with him anymore.

Upon hearing this, Prince Nanjiang's face showed a hint of doubt. ""From what you're saying, you saw me last night?"

Lin Yi nodded seriously, "Nanjiang's noble people are often forgetful. Weren't you the one who wrote the deaths of Shen Wangui and the others?"

The moment these words came out, everyone was in an uproar.

Prince Nanjiang's expression was indifferent. "As the old saying goes, even if a beggar wears a dragon robe, he doesn't look like an Emperor. It's quite appropriate to use it on you. You're sitting in the tenth seat of the Academy, but your words and actions are all unpresentable. Do you think anyone will care?"

"This is your territory, of course you have the final say." Lin Yi tilted his head.

"If that's the case, then be prepared to spend the rest of your life in jail. Out of respect for Jianghai Academy, I won't make you pay with your life, but you must pay the price, not a single cent less."

Nanjiang King stared at Lin Yi coldly, "You have to pay the price for touching my people."

It was not clear if he was talking about Shen Wangui and his gang who died tragically last night, or his own brother Jiang Ziheng, or the beautiful manager of the central chain hotel, you Cl 'er.

"Who did I touch?"

"Forgive me for being blunt, but I didn't do anything at all. Even if I did, you still wouldn't be able to do anything to me," Lin Yi said with a smile.

"Arrogant!"

A domineering aura suddenly erupted from Nanjiang King's body. Even the walls protected by the formation could not withstand this massive aura that was almost solid, let alone the people around him. They were actually cracked by the pressure. It was a shocking sight.

Everyone's eyelids twitched. Although they were all from the South District, they had never seen the king of Nanjiang in action. Most of their knowledge of his strength came from rumors.

Now that he occasionally revealed his extraordinary power, he was indeed as strong and invincible as the legends said!

Just this aura alone was already close to a domain. The depth of his domain attainments could be seen!

But Lin Yi, who was the first to bear the brunt of the attack, didn't have much of an expression on his face. Now that he had two perfect domains, in terms of strength, he was already above most of the middle stage of heaven splitter's completion, comparable to a peak of the middle stage.

Although he was definitely inferior to the other party in terms of level, he was thinking too much if he wanted to embarrass him with just a little aura.

"The number one of the southern District, how impressive."

"You can try, see if you have the guts!" Lin Yi said indifferently.

To everyone's surprise, just when everyone thought that the situation would get out of hand, the Nanjiang King suddenly gave up on his own accord. He had a faint smile on his face. "Are you trying to provoke me?"

"I'm just curious," Lin Yi shook his head.

"If you really want to use your life to satisfy your curiosity, I will arrange it for you. However, with your current strength, it won't be easy for you to see me fight personally. I am the Prince of Nanjiang. I am not that low."

The Nanjiang King did not hide his contempt.

Even if Lin Yi was the tenth seat of the Academy, even if Lin Yi's strength had skyrocketed, he was still too far away from him. He didn't even have the right to be compared.

"I'd like to try. "

Lin Yi said seriously.

Nanjiang King squinted his eyes. Of course, he wouldn't kill Lin Yi here, even if there were so many witnesses that Lin Yi provoked him first. Even if Lin Yi made the life and death contract, he wouldn't dare to kill him.

Killing Lin Yi was like declaring war on the whole of Jianghai college. Not just the Nanjiang King, but even the entire city Lord's mansion might not be able to handle it.

However, if it was just to give Lin Yi an unforgettable lesson, it was not a bad idea.

Anyway, he was asking for it.

Just as the dangerous aura on Nanjiang King's body became more and more intense, and a storm was about to break out, his eyelids suddenly twitched. Immediately, a subordinate rushed in to report.

Nanjiang King's expression changed slightly.

He had long predicted that Jianghai Academy would make their move and that he would not have more than two days, but he did not expect them to arrive so early and with such a huge momentum!

At this moment, at the gate of the southern District prison, all the Masters of the southern District government who were in charge of security were on guard. They were not cannon fodder like the prison guards, but the real core power of the southern District government, the personal guards of the Prince of Nanjiang!

Chapter 9562 Power

These people were all elites among elites in terms of strength. They were all powerful figures who had been baptized by countless killings and had seen big scenes.

However, at this moment, looking at the few figures in front of them, this group of people was collectively drenched in cold sweat. Those who were slightly weaker were even directly knocked out by the majestic aura of the opposite side!

There weren't many people on the other side, only nine.

Xu Anshan, Shen Qingnian, Zhang Shichang, Song Jiangshan, Ji Chi, Qin Shi, Nie Mingzi, Chen Chuangu, and Du Wuhui.

Including the imprisoned Lin Yi, all ten seats of the Council were present!

Even the students of Jianghai University would not get to see such a sight, let alone outsiders.

These were all important figures who stood at the top of Jianghai Academy. In terms of strength, even the weakest of them, the ninth seat du wuhui, would be a formidable character in the outside world!

It was no exaggeration to say that if they really fought, these nine people were enough to raze the entire Southern District!

Seeing that Xu Anshan and the others were walking toward the gate, the guards were on guard. The leader of the guards quickly shouted, ""Everyone, please stop. I've already sent someone to report to my Prince of Nanjiang ..."

Before he could finish his words, an invisible force suddenly appeared in the air and pressed him to the ground, making him no longer move.

This was a rare expert of the late stage of the great circle of heaven crushing!

Ji Chi withdrew his hand with an indifferent expression. "Who Do You Think You Are, to stop us?"

The other elite guards swallowed their saliva in unison when they saw this. They watched as the nine people got closer and closer. They did not dare to make any moves, but they did not dare to retreat under the orders of the Prince of Nanjiang. They could only stand there like wooden blocks.

They had no choice. The only thing they could do was to be stubborn.

Otherwise, the slightest resistance would immediately lead to the end of the entire team being wiped out. Today, Xu Anshan was personally leading the team, and all ten seats of the Academy were present. Such an aggressive lineup clearly did not look like they were out for an outing.

If he didn't kill a few people to establish his might, how could he live up to the reputation of the ten seats of the Academy? how could he live up to the appearance fees of the big shots?

The South District didn't dare to do anything to Lin Yi, at least not in the open, but the ten seats of the Academy were from a famous teacher-they really did have the guts to kill.

Jianghai Academy's long standing was not solely due to the quality of its students or the heritage of its ancestors.

The key was that he was willing to kill.

During the Dark Age under the rule of the previous city Lord, the Tian family led the expedition to Jianghai city, and the various powers of Jianghai city were repeatedly attacked.

From the city Lord's mansion, Jianghai city had lost no less than thirty of its top experts, and countless of its core experts. They had completely wiped out the Dark City Lord's mansion, which had once ruled the city with one hand. Only then did city Lord li rise to his current position!

That was the true background of Jianghai Academy.

It was not an exaggeration to say that even if the tenth seat of the Academy were to sweep the entire Southern District prison, no one would be surprised at all. As long as Nanjiang Wang did not die Here, even the city lord's castle would not make any official statement.

As the ten seats got closer and closer, more and more Masters from the South District mansion could not bear the huge pressure and wanted to retreat. Those who were less courageous even fainted on the spot. Jiang Long, the king of Nanjiang, finally appeared.

"Welcome, ten seats. I apologize for not coming out to welcome you."

Nanjiang King's expression was as usual as he cupped his hands at the ten seats. There was not a hint of nervousness on his face as if he was facing a great enemy. He forcefully held on to his formidable aura of an equal.

Just this point alone made everyone secretly shocked.

In name, both parties were of the same level. However, in reality, at least compared to the first seat, Xu Anshan, a mere Nanjiang King was not qualified. He had to be at least the Deputy city Lord of the city Lord's office, or even the executive Deputy city Lord to be worthy.

Moreover, it was not just Xu Anshan who was here today. It was the entire Academy's tenth seat!

"Where is he?" Xu Anshan looked at him indifferently.

"Who is it?"

Nanjiang King was confused.

"Lin Yi,"

After Xu Anshan finished speaking, Nanjiang Prince immediately put on a surprised expression and said, ""So the chief came all the way here personally to pick Lin Yi up? I thought it'd be third-seat Zhang-Lin Yi's been talking about him ever since we came in. "

The words "sowing discord" were almost clearly written on his face.

Even so, the faces of the people from the lead seat couldn't help but change slightly, especially du wuhui. His heart was as nauseated as if he had eaten a fly's poop.

Although Prince Nanjiang's method of sowing discord was crude and he had no intention of hiding it, he had indeed stepped on the sensitive spot of the chief disciple.

They'd been called here for the sake of the big picture, but Lin Yi was someone they had a direct conflict of interest with-how could they not be pissed off?

Everyone looked at Zhang Shichang in unison.

In the end, the usually carefree head of the warrior's Department had turned into a wooden man and did not make a sound.

Xu Anshan naturally understood. Not saying anything at this time was the greatest protection for his face as the first seat.

"Instigating internal strife among our ten seats?"

Xu Anshan looked at the Prince of Nanjiang as if he was looking at a dead man. "I've always heard that Nanjiang King is ambitious. In the end, he's just an idiot who doesn't know life from death. How disappointing."

The king of Nanjiang's face instantly turned as black as the bottom of a pot. The Masters of the South District Prefecture behind him were all furious. The agitated ones even unsheathed their long sabers and could not help but attack.

The subject would die if the master was humiliated!

Now that things had developed to this point, they knew that Xu Anshan would not be too polite, but they did not expect him to be so rude. He actually pointed at the nose of the Nanjiang King and scolded him!

As a result, as soon as they moved, Zhang Shichang, who was opposite them, took a step forward.

Without any warning, all the Masters of the South District Prefecture around Nanjiang King were instantly pressed to the ground. None of them fell, except for Nanjiang King himself.

Everyone was shocked.

This was the strength of the third seat of the Academy!

Nanjiang King's eyelids twitched. If even Zhang Shichang was so powerful, what would happen if the first seat, Xu Anshan, who was even more powerful than him, attacked?

However, since Zhang Shichang had deliberately ignored him, it meant that he didn't want to make a big deal out of it. He didn't want to completely fall out on the spot.

Zhang Shichang glanced at the Prince of Nanjiang and retreated without a word.

The entire process was done like a thug, giving Xu Anshan, the chief, enough face.

Nanjiang King was secretly shocked when he saw this scene. This was even more terrifying than the terrifying strength that had just been displayed.

Xu Anshan had personally led a team to demand for him, and Zhang Shichang had returned the favor by being willing to be a hatchet man. With this tacit action, the bottom line of the ten seats of the Academy was clearly drawn on everyone's faces.

Internal strife was fine, and so was death. However, once it involved outsiders, they would instantly put aside all the disputes between factions and unite against outsiders!

Chapter 9563

With such a mutual understanding, even if the ten seats of the Academy were to be openly conflicted like everyone had seen, or even if people were to fight each other to the death, it would still be a fool's dream for the outside world to want to meddle in it.

"From what you're saying, you're going to personally guide this idiot?"

Prince Nanjiang's personal aura did not drop at all. He actually took the initiative to extend a hand to Xu Anshan and made an inviting gesture. "Then I'll accept your invitation."

The ten seats all looked at him.

This person was indeed as the rumors said, ambitious and crazy!

Even in Jianghai Academy, which was full of big shots, the number of people who had the strength and qualifications to fight Xu Anshan head on could be counted on one hand. He was just the Prince of Nanjiang. Who gave him the confidence?

Pa! Pa! Pa!

There was a burst of applause from behind her, and Lin Yi's voice came from the prison gate, "Nanjiang King is indeed a powerful figure in the government. He's using retreat to advance. Good job."

In an instant, everyone's eyes were on Lin Yi.

Lin Yi smiled and nodded at Xu Anshan and the others. He looked at the mysterious Nanjiang King and continued, ""You took the initiative to challenge our chief. If today's matter gets out, as long as you don't die, you'll be on the same level as our chief in the future. You're really good at scamming."

Nanjiang King's expression could not help but change. This was truly his deepest thought.

It was impossible for the situation to be resolved if he did not step in personally. However, if he waited for the ten Chiefs to go crazy, the entire South District would be buried with them!

Taking the initiative to find Xu Anshan seemed like he was overestimating himself, but it was actually the best way to break out of this situation.

For one thing, with Xu Anshan's status and pride, he would never bully him with numbers. For another, even if he was no match for Xu Anshan, Xu Anshan would probably not kill him.

Moreover, even if Xu Anshan really wanted to kill him, it would not be that easy. From a humble class to where he was today, his title of Nanjiang King was not just for show. He had earned it through his shocking battle results!

Nanjiang King looked at the group of Masters behind Lin Yi and said coldly, ""Who let him out?"

The South District Prefecture Masters looked at each other.

They didn't dare to do anything, of course, but the ten council members were here, and Lin Yi was able to break their defenses with one word.

Do you want Nanjiang King to die?

It was a bit of an alarmist talk, but the commotion outside wasn't hidden from them. Judging from the state of hostility, if they really didn't let Lin Yi go, and Nanjiang King himself couldn't get out of the situation due to his face, the situation might really be out of control.

In a situation like this, who would dare to stop Lin Yi?

Whoever stopped him would be forcing the Prince of Nanjiang to his death. Who could afford to bear such a crime?

Lin Yi smiled, "you don't have to be this angry, do you?" "If Nanjiang King doesn't want to let me go, you can just lock me up again. I won't resist, really."

"....."

The corners of Nanjiang king's mouth twitched as he looked at this fellow's sincere expression.

Before this, if he didn't let go of Lin Yi, it would still be considered a business-like attitude, and Xu Anshan and the others might not do anything to him.

But if they were to go this far and lock Lin Yi up in front of all the ten seats, it would be a slap in the face to Xu Anshan and the others. It would be forcing Xu Anshan to kill him!

The people of Jianghai Academy were not to be bullied or humiliated!

"What do you mean?"

Lin Yi's face was full of respect, like a good citizen cooperating with the law.

After a moment of silence, Nanjiang King suddenly raised his brows and smiled. "There's no need for that. The matter has probably been investigated clearly. It's just a misunderstanding. Lin Shixi can leave now."

Everyone turned to look at him.

As the number one person in the South District, he was not an ordinary person to be so flexible.

"Is it really a misunderstanding?"

Lin Yi looked at him strangely, "it might have been a misunderstanding before I came in, but after I came in, my hands were stained with human lives. Is it a misunderstanding too?"

The South District Prefecture Masters were collectively speechless.

However, it wasn't hard to understand. It was easy to invite a God, but hard to send him away. The tenth Best Newcomer was inexplicably locked up here. It would be abnormal if he didn't have any temper.

Nanjiang King looked at him coldly and finally said through gritted teeth, ""It's just self-defense. Although the South District government has strict laws, we're not unreasonable enough to not allow people to defend themselves."

He knew very well that if Lin Yi were to stay here, he wouldn't be able to live a peaceful life even if he made it through this. He'd get himself killed if he made a mistake.

No matter how angry he was, his best choice now was to stop his losses.

Lin Yi looked at him strangely, "if you didn't tell me, I wouldn't even know that I was defending myself. I thought that I overdid it. I'd be in jail for at least a few years."

The corners of Nanjiang King's eyes twitched. He was not a good-tempered person. If it was not for Xu Anshan and his group blocking the door, he would have slapped this B \* stard to death!

But in the end, he still forced a smile. "Lin Shixi, you're thinking too much. You didn't defend yourself. On the contrary, we have to thank you for helping us deal with a hidden danger. If it weren't for you, that crazy old woman would have killed more people!"

"Is that so?"

Lin Yi didn't say anything and just looked at him with a smile.

For a moment, the atmosphere froze.

Xu Anshan and the rest of the ten seats didn't say anything. They didn't urge Lin Yi or help him. They had done their part as the ten seats. It was Lin Yi's business how he wanted to vent his anger.

On this occasion, let alone the chief, even Zhang Shichang and the others from the local department would not stand up for him.

Of course, Lin Yi didn't need their help.

If Lin Yi didn't say anything, the Nanjiang King and his men would have to wait for his final judgment.

The whole thing was related to the electrolady, and they'd be able to find a lot of flaws if they looked into it. If Lin Yi didn't want to let it go, there was no way he'd let it go.

After a while, Lin Yi smiled and walked past Nanjiang King.

It was only when he stepped out of the prison gates that everyone heaved a sigh of relief. Who would have thought that a mere freshman from Jianghai Academy would be able to exert such a terrifying pressure on them?

The dignified Nanjiang Prince actually had to lower his head and smile apologetically at a new student in his own territory!

Just when everyone thought that it was over, Lin Yi suddenly turned around and said to the Nanjiang King, ""I've long heard that Nanjiang King's strength is extraordinary. I wonder if you can take this opportunity to teach me a thing or two?"

As soon as he said this, not to mention the people of the southern District, even the ten seats behind him were shocked.

Chapter 9564 Power

Was this guy's brain damaged?

Even if he was not as strong, the king of Nanjiang was on the same level as Xu Anshan. How could a mere peak of the early stage of the heaven crushing completion challenge this person?

Even if you want to die, you shouldn't do it this way!

"I'm very busy. I don't have the time to play house with children. "

"Oh, really? That's a pity. It seems that I should have tried it out with you last night. Perhaps you would have been willing to fight with me then. After all, it can't be seen in public. "

Lin Yi smiled faintly.

Nanjiang King naturally understood what he meant. If he did not agree, he would not let this matter rest. He immediately sneered, ""Alright, since Lin Shixi is in such a good mood, then I will respectfully comply. Men, unlock the door for Lin Shixi."

"No need."

Lin Yi lifted his cuffed hands and snapped his fingers, and the cold iron handcuffs fell on their own.

The audience looked at him.

The cold iron handcuffs were the key shackles to limit the danger of felons. In theory, it could not be unlocked without a key. In addition, it had a strong suppressing effect on the movement of true Qi, so it was almost impossible to break it by force.

In the history of south side prison, there were so many notorious supervillains, but only a few of them had unlocked the cold iron handcuffs by themselves.

Just as the cold iron handcuffs fell, Lin Yi's aura suddenly expanded. In an instant, all the Masters present felt like they were going to kneel again, just like when Zhang Shichang attacked!

"Unorthodox."

Nanjiang King snorted coldly, removing the pressure on everyone's heads. He looked at Lin Yi with a more cautious gaze.

He really didn't expect Lin Yi's strength to have reached this level!

Even though he knew that the cold iron handcuffs were a huge restriction on Lin Yi, and the fact that Lin Yi was able to kill the berserk electrolady in that state was already enough to explain the problem, he really didn't think that Lin Yi could pose any threat to him.

After all, he was only an expert at the peak of the early stage of the heaven crushing complete realm.

"I have a sword technique that I learned in prison thanks to Nanjiang King. Please give me some pointers."

With that, the demonic devour sword appeared in Lin Yi's hand and he slashed at the Nanjiang King without any fancy moves.

There was no move, no name, it was just a simple attack.

Nanjiang King didn't care at first, and he didn't even use his domain. He was surprised that Lin Yi killed the berserk electrolady, but it was still too far away from his level. He wasn't a threat.

He was confident that Lin Yi's attack couldn't even break through his defense!

Buzzzzzz!

There was a loud noise in the air, and the air three feet away from Nanjiang King suddenly rippled. It was as if a huge force from all directions had hit the invisible barrier.

The surrounding people all looked as if they had expected this. Lin Yi was strong, but it was still impossible for him to fight Nanjiang King head-on.

If Xu Anshan and the rest of the top ten had not supported him, the Nanjiang King could have easily killed him with a backhand move!

"Hehe, you're just asking for humiliation!"

All the Masters let out a breath of air, waiting for Lin Yi's face to fall. Nanjiang King couldn't kill him, but he'd just lost to the tenth seat of the Academy. He'd take this opportunity to get back at Lin Yi.

However, after waiting for a long time, to their surprise, Nanjiang King did not make a move.

Could it be that he didn't want to cause any more trouble?

The crowd couldn't help but look at Prince Nanjiang. Although they felt that this was a little unpleasant, they could understand it. However, gradually, they began to realize that something was wrong.

It was not that Nanjiang King did not want to move, but he could not!

"As expected, he's an arrogant fool."

Ji Chi sneered at this scene, and the other ten seats also nodded.

At the same time, they looked at Lin Yi with even more fear, especially du wuhui, whose face was so dark that it was almost dripping water.

The experts from the South District Prefecture could not see through Nanjiang King's current situation, but they could see it clearly in the eyes of the top experts.

At this moment, Nanjiang King was completely suppressed by the power of Lin Yi's sword!

Metal element domain variant, edgeless.

In most people's common knowledge, the metal element's specialty was its sharpness, which was the foundation of the metal element. However, Lin Yi's was the opposite.

The heavy sword had no sharp edge. When the metal element domain power was in his hands, it developed the thick and majestic effect of the earth element. At the same time, it also had the indestructibility of the metal element!

Most importantly, he had condensed all this power into one sword!

Such a casual technique was a unique feature of the perfect domain. It concentrated all the power of the domain into a single point and exploded. This was the most terrifying part of the perfect domain!

He had been able to kill the berserk jellyfish with a single strike even when he was wearing the cold iron handcuffs. Now that he had recovered all his strength, this strike was naturally several times or even dozens of times stronger!

"What do you think?"

Shen Qingnian turned to Zhang Shichang, who was beside him.

Zhang Shichang grinned at this scene. "If this idiot wasn't so arrogant and didn't use his domain first, how would he have failed so easily? However, now, not only will he suffer a loss, he might even suffer from indigestion. "

In terms of absolute strength, Lin Yi was no match for the Nanjiang King. After all, the difference in their cultivation levels was too big. The Nanjiang King's reputation was not to be underestimated.

But if it was really as Nanjiang Wang thought, that the difference between the two was so big that Lin Yi couldn't break through it at all, that was absolutely nonsense. The scene in front of him was the proof!

"Looks like we've made the right bet."

Shen Qingnian nodded his head in relief. He was different from Zhang Shichang, who had high hopes for Lin Yi from the start. Although he had shown goodwill towards Lin Yi before, he was still doubtful. It was only until the last auction at the logistics department that he finally made up his mind.

From the looks of it now, Lin Yi's growth speed was completely worthy of his investment. If he continued to develop like this, the return rate in the future was quite promising!

The demonic blade returned to its scabbard, and Lin Yi didn't look at Nanjiang king again. He turned to the ten Chiefs and smiled, ""I'm done,"

"Arrogant!"

Nanjiang King couldn't hold back his anger anymore. He never thought that he'd be humiliated like this in front of so many people. Lin Yi was just a nobody to him!

You're just a piece of trash at the peak of the early stage of the complete heaven-cleaving realm. What qualifications do you have to look down on me?

The muscles on his body bulged, and the domain power that was suppressed by the sharp force from all directions due to being caught off guard also began to be released slowly. The terrifying and monstrous aura was like a wild beast that was slowly awakening!

Chapter 9565

The aura became more and more ferocious until the edgeless force was completely offset.

However, just as Nanjiang King was about to attack Lin Yi and get back at him, the surrounding space suddenly buzzed again!

The Nanjiang King's eyelids twitched. The sharp-less force had actually revived and was even ten times stronger than before!

And this time, the distance it appeared at was even closer to him, directly passing through the protective shield of his body!

Edgeless, duo.

Bang! Bang!

The experts of the South District government watched in horror as the Prince of Nanjiang staggered and half-knelt on the ground.

Lin Yi didn't even look back.

"Two edgeless stacks, and the power isn't just doubled, it's tenfold! Lin Yi lil bro, you've got some skills, can you teach me when you have the chance?"

Zhang Shichang laughed as he put his arm around Lin Yi's shoulder, putting Lin Yi on the same level as him in that instant.

Everyone turned to look at him.

This guy was the third-ranked warrior's Department, publicly acknowledged as one of the top combat powers in Jianghai Academy!

"It's just a small trick. I'll ask sanniang to teach you later. "

Lin Yi wasn't going to be stingy.

Having said that, he could indeed be said to be a Grandmaster-level figure in the use of resonance superposition. From divine sense to domain, he could almost do it with ease. Even the other big shots whose realms were much higher than his could not catch up in this aspect.

Zhang Shichang laughed out loud. "I'm straightforward. It's impolite not to return the favor. I'm a boorish man. I've always been open and honest, but I'm not good at anything new. However, I'm quite experienced in domain fusion. Let's study it together later."

"It's a deal,"

It wasn't just Lin Yi's eyes that were glowing-the other ten seats were twitching as well.

As Zhang Shichang himself said, this man's style was overbearing. In addition to his special talent, the most important thing that supported this overbearing style was his outstanding attainments in the fusion of domains!

The integration of domains was a major topic that almost all experts with multiple domains had to deal with.

In theory, every element of domain, including its related variants, had its own advantages and disadvantages. The advantage of a master with multiple domains was that he could counter the opponent's domain based on the opponent's situation. This was a standard process written in textbooks.

However, although this method was safe, it could not really unleash the maximum power of an expert with multiple domains.

And the limit of multiple domains was fusion!

The fusion of domains was a classic case of high risk, high reward. It was extremely difficult and there was a risk of Qi deviation. However, once the fusion of domains was successful, it would achieve an effect similar to overlapping resonance. Its power was terrifying and unimaginable.

Zhang Shichang was a living example. With three domains combined, he stood at the top of Jianghai Academy!

For Lin Yi, who had five elements and ten attributes, the theoretical upper limit was at least three times that of Zhang Shichang. What would it be like when all Ten Realms were combined?

Just thinking about it made one's blood boil.

The Prince of Nanjiang, who was half-kneeling on the ground, watched Lin Yi and the rest of the ten seats leave as if there was no one else around. The Masters around him looked at each other and didn't dare to get close.

On the one hand, they might not be able to withstand the immense force of the edgeless duo with their strength. On the other hand, even if some of them had the strength, they would not dare to help Nanjiang King out of the situation.

That was because it would be equivalent to slapping Nanjiang Wang in the face. He might even be blacklisted later!

The only thing they could do now was to play dead.

Fortunately, after Lin Yi left, the edgeless duo became like water without a source. The huge force from all directions started to fade away, and the king of Nanjiang could finally stand up.

No one dared to look at his face at the moment. Even his most trusted confidants and confidants lowered their heads in silence.

However, just when everyone thought that their Lord would be furious and would stop Lin Yi at all costs, Nanjiang King suddenly laughed.

It wasn't a smile of anger, but a smile of wisdom.

The trusted aide beside him finally spoke. "Master, you played the trick of injuring yourself well. If it wasn't for this today, those ten Chiefs wouldn't have retreated so easily. Master, you're wise!"

Nanjiang King smiled faintly. "Hehe, if I don't risk my reputation today, I'll lose real benefits. Compared to real money, what's reputation?"

The trusted aide glanced at him and said with a strange expression, "That may be true, but master still underestimates Lin Yi, right?"

There was a limit to the self-sacrifice tactic. No matter how the Nanjiang King claimed that his face was free, how could a figure at his level not value his face at all?

The first part might be a ruse of self-injury, but this time, he was forced to half-kneel, so it seemed like he was forced to put on a show.

Everyone looked at the Prince of Nanjiang in unison, worried that he would fly into a rage out of humiliation.

In the end, Nanjiang King laughed at himself. "I've underestimated her. Damn it, that kind of low-level lowly being actually has this kind of strength. It's really unexpected. She's embarrassed me, hahaha!"

The rest of the people looked at each other. Only his trusted aides beside him were not surprised. Others said that the Nanjiang King was violent, perverse, and ambitious. They were not wrong at all. This was an out-and-out ambitious and ruthless man.

An ambitious person must have the magnanimity of an ambitious person.

"What surprised me the most today was the ten seats led by Xu Anshan. They're all here for Lin Yi. It seems like the rumors about the ten seats making their conflicts public aren't true." The trusted aide smiled.

"Then you're wrong."

Nanjiang King had a playful look on his face. "The scene today doesn't prove how United the ten seats are. On the contrary, it shows that their internal conflict has reached a point where it's completely

irreconcilable. They can only rely on this formal scene to announce their final bottom line to the outside world."

"What bottom line?"

"Outsiders are not allowed to interfere in the matters of the Academy."

Nanjiang King chuckled. ""Xu Anshan is using me to send an announcement to the whole of Jianghai city. I bet that there will be an unprecedented and brutal war between the ten seats. Who knows when the shocking news will come out and shock all of us!"

"The battle for the ten seats? In that case, isn't this a once-in-a-thousand-years opportunity for us?"

The trusted aide's eyes lit up.

While the existence of Jianghai Academy was a great deterrent to the various powers in Jianghai city, including the city Lord's mansion, it was also an irresistible temptation.

There were thousands or even thousands of heaven crushing cultivators! If a little bit of it leaked out from the gaps of their fingers, the outside forces could take a bite, and their strength would double in an instant!

For example, the South District government, as an official force backed by the city Lord's mansion, had accumulated so many years of hard work and heritage, but the number of heaven crushing cultivators under them had only reached the threshold of three digits. They couldn't even compare to a newcomer King!

This kind of gap was completely unimaginable to outsiders.

Chapter 9566

Therefore, interfering in the disputes of the academies was the ambition of almost all the external forces. There was no other reason than the great benefits!

Prince Nanjiang shook his head, 'if it's that easy to eat the meat of the school, would it still be called Jianghai school? Do you really think that today is just for show? If we really dare to think that way, we'll definitely die a worse death than anyone else. "

"....."

The trusted aide was silent.

With Jianghai Academy's school spirit, there were all sorts of killings and fights every day. It was not uncommon for people to die, and there had always been a lot of internal conflicts. However, it did not seem to affect their unity against outsiders.

Any time an outsider intervened, they would always be instantly focused on.

Once upon a time, there was an influential Family Alliance in Jianghai city who wanted to take advantage of the internal strife in the Academy to fish in troubled waters. It was obvious that both sides had suffered heavy losses, but in the end, they became The Public Enemy of the Academy the moment they interfered.

In less than ten days, the Alliance collapsed, and all the related families were exterminated. No one was spared!

Similar cases were everywhere. It was simply amazing.

Nanjiang King squinted his eyes and said, "however, there's no need to be too pessimistic. The so-called unity is just a gathering of interests. Once the benefits of gathering are not as good as the benefits of internal strife, there will always be smart people who will make a wise choice. We just have to wait."

A horse would not grow fat without grass at night. If he, the Nanjiang King, wanted to climb higher, it was impossible to take the normal route in a short period of time. He could only find another way.

Furthermore, he had already reached a tacit agreement with the grey-robed elder. With the other party's background and schemes, it was inevitable that he would set his sights on Jianghai Academy.

What he needed to do was to be patient and be a smart hunter.

After leaving prison south side, the group of ten immediately went their separate ways.

This wasn't strange at all. With the current situation of the first seat Department and the local department being as incompatible as fire and water, it was already the limit to be able to maintain a bottom line tacit understanding in front of outsiders. If they really traveled together, they would probably start fighting before they reached the Academy.

After greeting Zhang Shichang and the others, Lin Yi didn't return to the school immediately. Instead, he brought Wei baizhan to an abandoned temple at the edge of the southern area.

Even Wei baizhan couldn't help but feel apprehensive as he looked at the Tiger of the second year, who had been deemed a traitor by the Academy, and sensed the dangerous aura emanating from him.

With his strength and methods, other than Lin Yi, who was obviously a monster that didn't make sense, it was hard to find a worthy opponent in the same level.

Even Ying long and Yan Zhongyuan might not be able to take any advantage of him when his Blacktide domain's potential was fully developed.

However, for the first time, Wei baizhan felt a dangerous aura from Lu renwang, as if he was being stared at by a ferocious beast. Just by being sized up by Lu renwang, his mind was filled with the warning signs of death.

"You brought a vile person to me, what were you thinking?"

Lu renwang frowned as he looked at Lin Yi, not trying to hide his disgust and disdain for Wei baizhan at all.

Although he had been labeled as a traitor, he was still not the same as Wei baizhan, who was a true traitor.

Lin Yi smiled, "don't worry, I don't plan to tie you two together. He has his own things to do. Meeting you two today is just for your cooperation in the future."

"I don't think I'm your subordinate yet, am I?" Lu renwang raised his eyebrows.

"Is that important?"

"You're going against li Muyang, and I'm going against him too-we're natural allies," Lin Yi said indifferently.

Lu renwang didn't express his opinion, but suddenly asked, ""You've fought with Nanjiang King before?"

"I can't say for sure, but he's just arrogant enough to let me have a one move advantage."

With two perfect domains in his hands, Lin Yi had the right to be proud no matter what angle he looked at it from, especially the scene where he made Nanjiang King half-kneel-it wasn't an act, it was a true display of his strength!

However, Lin Yi wasn't blinded by his desire. As a person in the game, he knew the difference between him and the Nanjiang King better than any bystander.

Lu renwang re-examined Lin Yi and spoke after a long time, "To be able to defeat Nanjiang King with one move, you are already qualified to compete for the strongest newcomer King in history. It's not unacceptable for someone like you to give orders."

"Happy cooperation."

Lin Yi smiled and got to the point. "You should know about Ying long. He's one of my men now. However, something happened to him a few days ago and he fell into the hands of the Nanjiang King. The evidence shows that he was transferred with the other powerful prisoners in the southern District prison. His whereabouts are unknown now. I need you to help me find him."

As he spoke, Lin Yi handed over a small sealed bottle with Ying Long's blood.

As a blood medium Grandmaster, Lu renwang could easily track the location as long as he had a blood sample.

But Lu renwang did not take it directly. "You think it has something to do with li Muyang?"

In other words, if it had nothing to do with li Muyang, he might not even help. After all, this was Lin Yi's personal matter.

"It's hard to say, but given the relationship between the king of Nanjiang and the Li father and son, would you believe that the Li father and son were completely unaware of the conspiracy?"

"Alright, I'll take this job."

King Lu was also straightforward. After taking the sample, he turned around and left without any extra greetings.

Seeing this, Wei baizhan suggested in a gloomy voice, ""This is a fierce man, it would be a pity if he doesn't become your subordinate, boss. Why don't you let me try? I guarantee he'll be obedient. "

In terms of strength, he might not have much chance of winning against Lu renwang, but in terms of means, he, Wei baizhan, had never been afraid of anyone.

Especially if the plan went smoothly, the first batch of members of his Third Division would be in place very soon. Once he had the help of those underhanded bandits, it would be a piece of cake to deal with the king of the Lu family.

"I don't care how you deal with the people outside, but if you dare to lay your hands on your own people behind my back ..."

"Trust me, you won't like the result." Lin Yi turned his head away calmly.

In that instant, Wei baizhan saw the unconcealed killing intent in the depths of Lin Yi's eyes, and his hair stood on end.

"Don't worry, boss. I know what I can do and what I can 't. "

Wei baizhan quickly expressed his loyalty.

"I hope so,"

Lin Yi had already figured out how to deal with this lone wolf, so he wasn't afraid of the Wolf's retaliation. "I'll give you a week's time to report back to the Academy. If you want to secure your position in the Third Division, you'll have to at least make some decent contributions."

"Understood," Wei baizhan nodded repeatedly.

It'd only been three days since he'd returned to Jianghai Academy, but it felt like a lifetime ago.

Whether it was the perfect gold element domain or the fact that he made the Nanjiang King kneel in front of everyone, Lin Yi's strength and confidence had changed completely.

If it was before, Lin Yi would still be a bit weak against du wuhui, but now, at least in terms of individual combat strength, Lin Yi had the confidence to fight him head on even if he didn't win for sure.

The only remaining shortcoming was the other high-end combat forces of the newborn Alliance.

## Chapter 9567

Now that Ying long was missing, even if there were still Yan Zhongyuan and Wei baizhan left, there was still too little high-end combat force that could really hold the ground.

However, Lin Yi received a piece of shocking news the moment he returned.

Shen Yifan had joined the enemy.

Tang Yin didn't even need to tell her-the news was on the school's hot search.

"What's the situation?"

Lin Yi said as he looked at the solemn expressions on the new recruits "faces.

Shen Yifan was undoubtedly the second-in-command of the Alliance, and his importance to the Alliance was no less than Lin Yi 's. To a certain extent, the Alliance today was created by Shen Yifan!

Most of the time, the new student Alliance could live without Lin Yi, but they couldn't live without Shen Yifan!

If Shen Yifan really joined the enemy, it would be a destructive blow to the entire newborn Alliance.

Everyone looked at each other speechlessly. In the end, it was Tang Yun who stood up and explained, ""When the news of you being locked up in south side prison came back, everyone in the new students Alliance was in a state of panic. When we came back to our senses, Shen Yifan was already gone."

"That night, someone saw him become du wuhui's guest and even took a photo of him and posted it on the internet. We looked for him to verify it, but he didn't answer our calls and didn't reply to our messages. He blacklisted everyone in the new student Alliance."

Lin Yi frowned and turned to the silent Yan Zhongyuan, "Old Yan, you guys too?"

It was understandable for others to be blacklisted, but Yan Zhongyuan and sun Buyi were brothers from the same dormitory. Shen Yifan's attitude toward them must be different from the others.

In the end, Yan Zhongyuan nodded.

Sun Buyi, who was busy gnawing at something, also looked depressed. Then, he turned his grief into appetite and gnawed even harder.

"What's the reason? There has to be a reason for such a big thing, right?"

Lin Yi asked everyone's question.

In terms of position and power, Shen Yifan was second only to one person in the Alliance. No one could compare to him, and Lin Yi trusted him unconditionally.

No matter which angle he looked at it from, he could not find any reason to betray!

He couldn't really recruit him just because of that joke that du wuhui said during the auction at the logistics department, right?

Taking ten thousand steps back, even if du wuhui really wanted to recruit him, did he really have the charm to make Shen Yifan give up everything he had?

"No one can answer this kind of question except him. Why don't you ask him yourself?"

Qiu sanniang suggested.

Lin Yi took out his phone to make a call, and to his surprise, the call went through.

"You're back?"

Shen Yifan's voice came from the other side. He sounded tired.

"Talk?" Lin Yi said after a moment of silence.

"Alright, see you at the top of the Jade Mountain."

Shen Yifan agreed without hesitation, but the more he did so, the heavier everyone's hearts became. This only meant that everything he did was well thought out. Even if Lin Yi were to come out personally, the chances of him changing his mind were slim.

Lin Yi's eyes scanned the crowd. "I'll go check on him first. Don't be too pessimistic. It's raining, and some things can't be helped if they really do happen. Make sure to calm the people down and don't cause panic."

"Okay, be careful."

Tang Yin nodded-she'd gotten into her role pretty quickly, after all. She'd gotten the role of head butler in just a few days.

On the top of the Jade Mountain.

When Lin Yi arrived, Shen Yifan was already waiting for him. He smiled and greeted Lin Yi, "How's South side's prison? I heard that there's an old woman called electrolady locked up inside. She was notorious back then, and even my family's old master had suffered at her hands. "

There was no awkwardness in his speech and actions. It was exactly the same as before, as if there was no so-called surrender.

"Really?" Lin Yi smiled. Then you'll have to ask your old man to treat me to a drink later. I'll help him take revenge. "

"Sure, he's been wanting to meet you for a long time. He even said that you're a rare talent. I got goosebumps just listening to his praise."

Shen Yifan smiled.

"As expected, the old man is the one who knows his stuff."

Lin Yi laughed, pausing for a moment before asking, "What's going on?"

The smile on Shen Yifan's face faded. "Nothing much. I'm just a little tired and want to change the environment."

"The old Shen I know wouldn't say something like that," Lin Yi said.

"Then what should I say? You said that I'm not willing to be below you, and that I also want to sit in those ten seats?"

Shen Yifan laughed at himself.

To be honest, he did have this thought at first. After all, he was a heaven's favorite of his generation, and he came from the wind God's Shen family, a first-class sect in Jianghai. How could he be Lin Yi's assistant and be the second in command for the rest of his life?

But as Lin Yi rose to power, he understood the difference between them. As a truly smart person, he wouldn't hold onto such an unrealistic fantasy.

"It's just a position of ten people. Why can't I grant you that?"

Lin Yi couldn't help but frown.

People would probably laugh at his words, but those with discerning eyes might not be able to laugh. If he really defeated du wuhui next, he would really get another ten seats, and it would be logical to give them to Shen Yifan.

Shen Yifan looked at the sky speechlessly, 'this is what I want? You're giving me alms?'

Lin Yi was silent.

At this point, both sides understood that Shen Yifan wanted to be strong, and he didn't want to be under Lin Yi forever. He wanted to fight.

But Lin Yi still shook his head, "It's not enough. I need a decisive reason. "

"Alright, I'll give you a reason."

Shen Yifan took off his shirt slowly, revealing his muscular upper body. Lin Yi's eyes froze.

Shen Yifan's body was covered in cracks, so deep that Lin Yi could even see his beating organs. Even Lin Yi, who had seen so much blood, couldn't help but be shocked!

"You ... Have you gone mad?"

This was the only explanation. Lin Yi could clearly feel the uncontrollable wind realm energy in the cracks.

It was violent and chaotic, but it didn't have the agility that wind element should have. It was obvious that there was a problem in the process of cultivating the domain.

Shen Yifan smiled bitterly. "It was an accident, but it wasn't an accident. I was too anxious after being left behind by so many people. It was inevitable that something would go wrong when I was impatient. I was tough and managed to survive."

Although he said he survived, it was actually not much better than death for him. Because this way, it wasn't completely impossible for him to cultivate the wind domain. At least, his normal path had been completely blocked.

To the heir of the Shen family, the wind god, he was no different from a cripple if he couldn't cultivate the wind element domain.

"So you're going to look for du wuhui for that wind element perfect domain origin stone?"

Lin Yi immediately understood the situation.

Chapter 9568

Shen Yifan nodded his head honestly. "The wind element perfect domain origin stone is at a higher level than the ordinary wind element domain. This is the only way I can think of. In the entire Jianghai city, it's clear that the wind element perfect domain origin stone is in du wuhui's hands. I can only look for him."

"So you're saying that I'm the one who pushed my own brother to the enemy?" Lin Yi asked, stunned.

The logistics department's auction last time was essentially a trap aimed at du wuhui. The purpose was to empty out all the foundation of du wuhui's group in advance.

Of course, du wuhui wasn't a fool. Without a genuine perfect-grade domain origin stone as bait, he wouldn't easily take the bait.

Be it the wind-type perfect territory rough stone or the earth-type perfect territory rough stone, they were all items that old man Zhao had been saving up for years. If it wasn't for the fact that he could make a huge profit, he wouldn't even reveal a single thing, let alone take them out on his own.

From the results, it was naturally a happy ending. Even after splitting the loot with Lin Yi and Shen Qingnian, he still made a lot of money.

However, it seemed like he had shot himself in the foot instead. If the perfect wind domain origin stone was in his hands, would Shen Yifan still need to defect to du wuhui?

Shen Yifan shook his head. "Don't think too much about it. It's just a reason. As long as I don't give up, it'll happen sooner or later."

"....."

Lin Yi remained silent.

"You don't have to try to persuade me to turn back. You know my personality. I won't turn back once I've decided on something."

Shen Yifan concluded.

"From now on, we're enemies," Lin Yi said with a complicated look.

"I won't show any mercy, and I believe you won't either."

Shen Yifan chuckled and turned to leave. He left one last sentence behind. "I'll see you on the battlefield. "

Lin Yi was left alone on the huge Jade Mountain peak, speechless.

At the du mansion.

Du wuhui was sitting at the head of the table, and little Feng Xian was massaging his shoulders and back. Opposite him was Bai Yuxuan, who released a cloud of mist with a single palm. The mist projected the scene at the top of the Jade Mountain.

Every blade of grass and every tree was clearly visible.

The entire meeting between Lin Yi and Shen Yifan was seen clearly, even the content of their conversation was transmitted through the mist.

This was Bai Yuxuan's signature ability, mist domain, mist release.

Du wuhui was enjoying the gentle service of Xiao Fengxian as he looked at Lin Yi, who was standing alone on the peak of the Jade Mountain, "Master Bai, what do you think of this?"

Bai Yuxuan pondered for a moment. "There's nothing out of the ordinary. It's unlikely that Shen Yifan used it inbetween the two. At least Lin Yi's expressions and reactions were real. I don't think they planned it beforehand."

"So Shen Yifan is worthy of our trust?"

Du wuhui's spirit rose.

Shen Yifan's value was not only in his potential, but also in the Shen family, the wind god. More importantly, Shen Yifan was the second-in-charge of Lin Yi group, and he was Lin Yi's most trusted right-hand man!

Putting himself in Lin Yi's shoes, du wuhui would've lost all his confidence in fighting Lin Yi to the death, let alone sleep if Bai Yuxuan had defected to Lin Yi.

The person who knew du wuhui's group the best wasn't him, but Bai Yuxuan. On the contrary, Bai Yuxuan was also the one who knew du wuhui's group's fatal weakness the best.

The same logic could be applied to Shen Yifan.

If Shen Yifan really wanted to join them, then he would be the sharpest knife that would be used to stab Lin Yi's group. No one could compare to his strategic value.

After personally witnessing Lin Yi's sword strike on Nanjiang King, du wuhui's heart was actually beating like a drum when facing Lin Yi. Compared to before, his chances of winning had dropped to less than 70%, but if he could obtain Shen Yifan's true loyalty, his chances of winning would immediately return to more than 90%!

That kind of temptation was simply impossible to resist.

"We can't let our guard down yet," Bai Yuxuan said. "However, we can give him some benefits. Let him borrow the wind element perfect domain origin stone for two days, but we have to monitor him throughout the entire process."

"That's a good idea,"

Du wuhui nodded in approval.

Although they said that they were borrowing it, it was actually a test for Shen Yifan. They wanted to see if his injuries were really as he said, or if it was an illusion deliberately created to numb them.

It was difficult to distinguish the real from the fake just by observing with the naked eye, but once he started cultivating, he could not hide anything from them.

"As long as he's willing to take the hit, we'll be able to tell if he's sincere or not. The rest will depend on how we're going to use him against Lin Yi,"

Bai Yuxuan said with a smile.

"This is a good question, I have to think about it."

Du wuhui had just finished speaking when little Feng Xian, who was behind him, reminded, ""Ninth master, do you want to see him now?"

"Of course ... I won 't."

Du wuhui laughed. He had been sitting in the ninth seat for so many years, and he had his own understanding of the emperor's techniques. Naturally, he knew how to truly tame Shen Yifan, who had delivered himself to his door.

When Shen Yifan arrived at the du mansion, he only saw Bai Yuxuan. ""I want to see ninth master."

"Oh? Why do you want to see 9th master?"

Bai Yuxuan looked at him with a scrutinizing gaze. ""If there's anything, you can just tell me."

"Can you represent 9th master?"

"No, but I can help ninth master with many things. If it's not particularly urgent, I can make decisions on behalf of ninth master."

As he spoke, Bai Yuxuan pushed over a wooden box, which contained the wind-element perfect domain origin stone. ""Your body doesn't seem to be in good condition. I can lend you this for two days, but you have to let me look after it."

Shen Yifan was silent.

Being spied on during closed-door cultivation was an absolute taboo. Not to mention that it was almost impossible to guard against the other party's evil intentions during the process, even if there were no extra tricks, just watching the whole process itself was already a huge hidden danger.

No matter how strong an expert was, they all had a weak point and a door of life. It was just that they were hidden so deeply that outsiders could not find out. Once the entire cultivation process was open, it was impossible to hide anything.

In the end, Shen Yifan decided to accept it because he had no other choice.

Bai Yuxuan smiled with satisfaction, "also, ninth master wants you to be my assistant. How should we deal with Lin Yi group from now on? I hope you can come up with a plan as soon as possible. We can discuss it together."

"Hmph!" Shen Yifan snorted. "We'll have to see if this perfect-grade territory stone is useful to me."

In other words, if it didn't work, then everything would be in vain.

"Of course," Bai Yuxuan replied.

On the other side, the host, du wuhui, was no longer in the du residence. However, he did not leave Jianghai Academy either. Instead, he had arrived at a place that was rarely mentioned by the vast majority of students. It was a place that had an extremely low sense of existence, but was of utmost importance.

In the repeating school.

As one of Jianghai's three major systems, the school of retained, along with the School Council and the Academic Council, had gathered a large number of retained students. The number of people was several times more than the other two combined!

The key was that although those who came here were all repeat students and those who failed in the past, it didn't mean that they were weak.

Chapter 9569

On the contrary, because there were no conditions for repeaters, anyone could stay as long as they met the requirements. As a result, this place gradually evolved into a super nursing home.

Among them, there was no lack of old monsters who had lived for countless years.

In terms of reputation and influence, the repeat Academy was ranked at the bottom of the three major systems, but in terms of strength, neither the School Council nor the Academic Council dared to say that they could suppress it.

In fact, there were too many repeaters hiding in the school year after year. Even the school didn't know how strong they were because it was impossible to calculate.

"Oh, isn't this the ninth seat of the student council? you actually have the time to come to our repeating Academy. What a rare guest."

As soon as du wuhui stepped into the repeat student compound, he immediately attracted the attention of countless gazes and divine senses from all directions. A few of them actually made his hair stand on end!

The one who came out to receive him was an administrator named Wei yang, an expert in the middle stage of the heaven crushing complete realm.

In the repeat school, such strength could actually be ranked in the top 30. In the end, the repeat school was a shelter for the losers. However, considering the ridiculous number of people in the repeat school, Wei Yang's strength was not even worth mentioning.

Normally, they wouldn't even have the right to speak up.

But he was the administrator.

Unlike the Academy and the Academy, which had a clear hierarchy, the repeat Academy didn't have an official decision-making body made up of top combat power like the ten-seat Council. Most of the old monsters were unwilling to show their faces in public, and they were even more unwilling to be distracted by a bunch of trivial matters.

Hence, there was the administrator system.

All the affairs of the repeating school were handled by the administrator. As long as one's strength reached a certain threshold, any repeating student could apply to be an administrator.

However, the administrator here wasn't like the ten-seat Council, who had the final say on all matters.

They were only service staff, and they could only do their job according to the rules and regulations. The real power that might involve the distribution of benefits and other such things was completely decided by the old monsters. They had no right to interrupt at all.

"I want to meet a few people. Go and make the arrangements."

It was obvious that this wasn't the first time du wuhui had come into contact with this person. He didn't care about the other party's attitude at all and went straight to the point, handing over a name list.

Wei yang took it and glanced at it, then said with a troubled expression, ""It's not easy to meet these people. Even if I'm the administrator, it's not good to disturb the cultivation of these big shots ..."

Du wuhui didn't say anything and transferred 100 academic credits to him on the spot.

Wei yang immediately smiled and changed his words, ""However, since du jiuxi has come personally, I believe that all the big shots will be happy to give him face. After all, we are all old friends."

Under Wei Yang's lead, du wuhui immediately began to visit the senior monsters in the repeat school.

There were nine people on the list. Of course, they were only a small portion of the old monsters. Even the well-informed tenth seat of the Academy Council could only barely catch a glimpse of how many powerful people were hidden in the huge repeat school.

With the reputation of the Academy's tenth seat and the hard cooperation of the administrator, Wei Yang, Du wuhui knocked on the door of these nine people as he wished.

The purpose of his trip was to get these old monsters to help him in the battle-it would be double insurance for the crucial battle with Lin Yi!

The price was bound to be huge, but as long as he could successfully invite these people, even if he did not need to invite all of them, as long as he could invite two or three of them, it would definitely be foolproof.

However, he had a bad start.

Even if du wuhui took the initiative to lower his stance, in the end, all of them were rejected without exception.

Du wuhui was speechless. This result was completely out of his expectations. One had to know that in order to target Lin Yi, he really put in a lot of effort this time.

As for the repeat school, it had always been a place where the demand was greater than the supply. Because it was a shelter for the losers, the resources it had could not be compared to the other two major systems. In addition to the large number of people, even the resources and treatment of these old monsters could not be compared to the ten seats of the Academy.

With his bid, many people should be tempted.

In the end, Wei yang, who was in charge of accompanying her, explained, ""The longer you live, the less courageous you become. These seniors have been able to stand tall in the repeat school for so many years because they are all just a bunch of cowards. Du jiuxi is looking for them because he's really blind."

"Interests move people's hearts. No matter how passive a person is, it's impossible for them to not be moved in the face of real interests."

Du wuhui still didn't believe it.

He listed another five names and urged Wei yang to take him to find them. However, he still returned in a daze.

"It seems like du Jiu's offer is not high enough. At least, it's not enough for the seniors to ignore the rules and interfere in the battle of the ten seats."

Wei yang laughed.

The three major systems-the School Council, the Academy, and the repeat students-all had a tacit understanding that they wouldn't easily interfere with the internal affairs of the other systems.

Even Tian Xiangyang, the nominal head of the Academy, would never meddle in the affairs of the Council, even if the first seat, Xu Anshan, was his little brother.

This was a conventional rule.

It wasn't that it couldn't be destroyed, but once it was destroyed, it would have to pay a sufficient price.

"It seems like I've overestimated the courage of this bunch of losers."

Du wuhui was extremely disappointed. The other ten seats couldn't interfere in his fight with Lin Yi because of the rules. The Board of Directors was the Tian family's private property, and he couldn't interfere at all. As for contacting outsiders, he didn't even dare to think about it.

His only option was to call for help from the repeaters.

He had never expected such an outcome.

Wei yang laughed. "If du jiuxi really wants to find help, I know an excellent candidate. I bet he'll be willing to intervene in things that other seniors don't dare to."

"Who is it?"

Du wuhui quickly asked. Then, he saw this guy rubbing his fingers with a dazed expression. He immediately understood and transferred another 100 academic credits to his account.

Wei yang smiled again and said in a low and mysterious voice, "He's the monster who was once the closest to the top of the repeating students, the Sea King Xiang Yusheng. "

"Xiang Yusheng!"

"He's actually not dead yet?" du wuhui's eyes focused.

Very few students had heard of this name, but to the older generation and people as knowledgeable as him, the name "Xiang Yusheng" was like thunder piercing the ears. It was even more well-known than Banshi Luo.

Although Banshi Luo had once become The Public Enemy of all the families and forces because of his position as a commoner, and had even been jointly banned, he had not taken any substantial actions. The only thing that people were afraid of was the potential threat he posed.

Chapter 9570 Power

Xiang Yusheng was different.

This person had once publicly attacked the school's management and even directly threatened the Tian family's safety. He was a ruthless character who almost exterminated the Tian family!

If it wasn't for the internal strife that occurred at the critical moment, forcing Jianghai Academy to accept the Tian family's Amnesty offer, the history of Jianghai Academy would've been completely rewritten. As the founding family, the Tian family might've been drowned in the long river and no one would've cared about them.

After that incident, although the Tian family didn't make things difficult for Xiang Yusheng in name and only sent him to the repeat school for retirement, anyone with a discerning eye knew that the Tian family would never let Xiang Yusheng go.

Letting him go was the same as encouraging others to follow suit.

After so many years without any news, the vast majority of people who knew the truth, including du wuhui, thought that Xiang Yusheng had already disappeared from the world. They never thought that he was actually still alive!

"How could such a famous legendary figure be willing to die without a sound?"

Wei yang smiled mysteriously. "But du jiuxi, I have to say this first. This man is unpredictable. I can take you to see him, but if anything happens, don't blame me."

"Lead the way!"

Du wuhui's heart was surging with emotions. He came here to find strong reinforcements to deal with Lin Yi. If he could really get a big Buddha like Xiang Yusheng, then all those old monsters on the list before were nothing, they were all trash!

As the two sides walked through the streets, the surrounding environment became more and more cramped, and even the air had a nauseating moldy smell.

"He lives here?"

Du wuhui couldn't help but frown. The scene in front of him was simply a repeat version of the slums!

It was hard to imagine a group of great circle heaven-Sundering experts cooped up in the slums. However, it was a common occurrence in the repeating school. Unless they left Jianghai Academy, the losers at the bottom of the class would receive such treatment.

Wei yang pointed.

Following the direction of his finger, an ordinary-looking old man at the entrance of an alley came into view. There was nothing special about his body, and du wuhui couldn't feel any aura of an expert from him. He was just like a Vagabond curled up in a corner, covered with a moldy blanket.

If it wasn't for the fact that he knew that Wei yang had received a tip and wouldn't dare to lie to him about this kind of thing, du wuhui really wanted to give him a thousand and two hundred big slaps.

However, he immediately came to a realization.

If a person could make him unable to sense the aura of an expert, there were only two possibilities.

Either this person was an ordinary person through and through, or this person's strength had already exceeded his knowledge.

Considering the other party's identity, it was impossible for him to be the former.

"The ninth seat of the Academy, du wuhui, greets senior Xiang."

Du wuhui took the initiative to cup his hands in greeting, his attitude extremely low.

In the end, she didn't even lift her eyelids and treated him like air.

Du wuhui was helpless. He took a step forward and greeted again, ""Du wuhui greets senior Xiang."

There was still no response.

Du wuhui couldn't help but turn to look at Wei yang. The other party shrugged his shoulders and spread his hands. "I've already brought you the place. Whether you can invite him or not will depend on your own abilities."

He gritted his teeth and cupped his hands for the third time, but the other party still ignored him.

Just as du wuhui was about to give up helplessly, this old Vagabond finally opened his mouth, ""Are the future generations so impolite now? Three bows and nine kowtows, don't you understand?"

"....."

Even Wei yang, who was standing beside du wuhui, was shocked, let alone du wuhui. This was the tenth seat of the Academy, not his grandson. How could he bow three times and nine times?

Suppressing the anger in his heart, du wuhui turned around and was about to leave when he heard that person say, ""I see that your glabella is dark. If there is no expert to help you block this disaster, you can immediately prepare for your funeral."

Du wuhui's heart trembled, "senior, what will you teach me?."

The old vagrant looked at him with a faint smile, but he did not say anything.

After hesitating for a long time, du wuhui gritted his teeth fiercely. Under the astonished gazes of the bystanders, he actually pushed down a mountain of gold and a pillar of Jade. He really knelt down and kowtowed to the other party!

Wei yang was so shocked that he couldn't close his mouth for a long time. This time, he had really refreshed his worldview.

With the ten seats of the Academy, he was already standing at the top of the school's authority. Not to mention kneeling, he didn't even need to bow. Even when facing the Tian family's eldest master, Tian Xiangyang, he only needed to cup his hands.

Du wuhui actually knelt down and kowtowed to someone!

This wasn't all. After kowtowing to one person, the other party didn't move at all. It wasn't until du wuhui finished the entire process of kowtowing three times and kowtowing nine times that the other party revealed a satisfied smile.

"Not bad, not to the point of being useless. At least he knows that face is nothing!"

The homeless man praised, but his face immediately turned into one of disdain. "You look like a dog when you kowtow."

If it was any other person, they would have already turned hostile on the spot, unable to bear the humiliation. However, du wuhui was expressionless and still knelt on the ground respectfully. "Senior, please help me."

"I can't get out of the repeat Academy," the homeless man looked at him.

The Tian family placed him here not only for reputation, but also to imprison and control him. Banshi Luo was locked in the college prison, and to Xiang Yusheng, the huge repeating school was just an even bigger prison!

It was fine to wait for death here, but if they dared to take a step out, they would be destroyed in minutes!

"Senior, please help me."

Du wuhui kowtowed again.

The old vagrant looked at him with a deep gaze, then suddenly laughed. "Alright, since you've kowtowed so many times, this old man will make an exception and help you! Remember, you can only do it once!"

There were no additional conditions in his words.

"Many thanks, senior!" Du wuhui was overjoyed.

The homeless man's gaze went past him and landed on the half of the sky covered by the broken roof tiles. That was where the Tian family was located, and it was also the sky covered by the Tian family.

After returning from the repeat school, du wuhui didn't say a word about Xiang Yusheng, including Bai Yusheng, whom he relied on the most, and even little Feng Xian, whom he trusted the most. He had no idea what had happened at the repeat school.

Xiang Yusheng's name was too terrifying. This was his last trump card. Unless he had no choice, he would never use it.

Once he used it, he would be at the end of his rope and it would be earth-shattering!

Of course, he knew that Xiang Yusheng had ulterior motives. The other party was borrowing his stage to fight with the Tian family. If he was a little careless, he would also be consigned to eternal damnation.

But compared to losing to Lin Yi, so what if he was doomed?

"Inform Lin Yi and the ten-seat Council that the war will start at midnight!"

Du wuhui's decision surprised Bai Yuxuan. Although he had always supported the early start of the war and didn't give the other side more time to prepare, after the scene at the southern prison, he thought that du wuhui would definitely drag the time limit to the end.

He did not expect that at the critical moment, he would be so decisive!
