

Bodyguard 9571

Chapter 9571

Great things were to be expected!

Bai Yuxuan was overjoyed. He immediately issued an announcement as ordered. At the same time, he began to gather all the officers and people of du wuhui's group in an orderly manner.

At the same time, Lin Yi group, who received the news, also entered Level 1 combat preparation.

The newborn Alliance gathered!

All members of the martial arts Society were gathered!

The other five societies' combat preparation forces also gathered!

In an instant, the entire Jianghai Academy was plunged into a tense atmosphere as if a storm was brewing. Regardless of whether it was for their own benefit or not, everyone was paying close attention to the actions of both sides.

In terms of public opinion alone, the mainstream was still more optimistic about du wuhui's group. After all, it was a deep-rooted veteran of the 10 seats. Even if it was only the ninth seat at the bottom on the surface, its strength and Foundation were still not something that a mere newcomer King could compare to.

Based on past precedents, the newcomer King's chance of winning against the ten ironclad Chiefs was less than 10%.

But Lin Yi wasn't a normal rookie King.

After all the things he'd done since entering the school, even a double standard person had to admit that Lin Yi definitely had the strength to threaten du wuhui's position. Even if it wasn't the side with a higher chance of winning, there was at least a thirty percent chance!

30 - 70.

This was the bet they made, Lin Yi three, du wuhui seven.

It sounded like Lin Yi's side was still pessimistic, but in fact, just this bet alone was the biggest affirmation of Lin Yi and his new student Alliance's strength!

As night fell, both sides had finished gathering. Lin Yi's group was in the freshmen square, and du wuhui's group was in front of the du mansion.

Then, with the approval of the 10-member council, two entrances to the secret plane slowly opened at the assembly point of both parties.

As a Holy Land-like existence, the resources in the Academy's hands were naturally not lacking in all kinds of secret realms, big and small, too many to count.

The Academy had always had a tradition. Other than the freshmen battle, any large-scale battle would be arranged to be held in some public secret realms. The battle of the ten seats was naturally no exception.

After passing through the entrance, everyone's eyes were suddenly refreshed.

It was already night time outside, but it was still day here. The high mountains and high peaks were green, and it was a primitive scene like a paradise.

However, everyone immediately frowned. There was a strong fishy smell in the air. To be more precise, it should be the special smell of some ancient reptile.

"Little Dragon Cave?"

Qiu sanniang pinched her nose as she voiced everyone's doubts.

Tang Yun didn't come, Shen Yifan defected to the enemy, and Ying long went missing. Now, he could only force her to take over the position of the Butler and advisor.

Although she wasn't as well-mannered as Shen Yifan, this woman was still quite capable when she got serious. At least she didn't play Poochie.

"Could it be the legendary secret realm where the ancient dragon once appeared?" Yue Jian's interest was piqued.

"Ancient dragon?"

All the freshmen exclaimed in shock.

Even at the level of the great circle of heaven-Sundering, the dragon clan was still a high and mighty legendary clan. Moreover, this was not an ordinary dragon clan, but the legendary ancient dragon!

In legends, ancient dragons were ancient existences that could be traced back to the beginning of the world. They symbolized the most ancient power in the world, and even the existing dragon clan had always been searching for the traces of ancient dragons.

Including the ghostly things.

The thing didn't say anything, but Lin Yi could feel the change in his emotions the moment he heard the word "ancient dragon."

"It's just a rumor," Qiu sanniang shook her head, "if we really did leave the ancient Dragon's Secret realm, even if it's just a clue related to the ancient dragon, would the Academy open it up for us to fight? What are you thinking about?"

"Then how did the small dragon Cave get its name?"

Song Xiaomi asked.

Now that Ying long was missing, his position in the freshmen Alliance rose quite a bit. All the freshmen in class one were under his jurisdiction. Not only did he recover from his injuries these few days, but he also broke through to a domain master. He could be considered a general under Lin Yi now.

"It's said that there used to be a clan of rare Dragon beasts living there. That's how they got their name. However, now that it's been open for so long, the Dragon beasts should have disappeared."

The blind man, Bao shaoyou, answered on his behalf and then added, ""But if we're lucky, we might be able to find some fish that escaped the net."

His words immediately piqued everyone's interest.

Although it was not as impressive as the ancient dragon, if it was a rare Dragon beast, it was still a good prize.

"Alright, let's talk about business first," Qiu sanniang said with a straight face.

Lin Yi nodded and looked at Bao shaoyou, "Is there any way to sense the other party's position?"

Although the terminals were all small dragon caves, different entrances meant different landing points. At this moment, the first priority was to figure out the other party's location as soon as possible.

"I'll try. "

As Bao shaoyou spoke, he scattered a spark and it disappeared into thin air.

Although Yan Zhongyuan and Wei baizhan were at the same level as him, and even stronger than him in actual combat, they couldn't catch up with him in terms of perception.

After a few breaths, Bao shaoyou frowned, ""No, the fishy smell here has a strong suppressing effect on divine sense. I'll lose contact with my fiery eyes if they're more than three hundred meters away."

In fact, Lin Yi had noticed this long ago. After all, in terms of spiritual sense, he was the best.

"Then there's only one way left. The main force will advance together, and a small number of elites will Scout the periphery. Old Lin will control his avatar to act as the middle contact."

Qiu sanniang said decisively.

This was actually a plan that had been discussed long ago, and it was also the safest strategy that everyone had agreed on.

After all, it was impossible to not send people to Scout in this situation. If they blindly formed a group, the huge information disadvantage of not knowing anything was likely to kill everyone in the blink of an eye.

However, they couldn't split up. In the end, the main force here was still the freshmen. No matter how good their talent and potential were, their individual quality couldn't compare to the group of senior students from du wuhui's group. Splitting up would only lead to them being defeated one by one.

"I'll place a few more clones. "

Lin Yi said after thinking about it. The newborn Alliance didn't have many elite fighters, and losing any one of them would make him feel the pain. He might as well do more work.

Since he had his domain, even if his range of activity was beyond the domain, the clone's energy consumption would be much lower than usual. He could afford it.

"No, the deciding factor of this match is you and du wuhui. Before the decisive battle with du wuhui, we must do our best to reduce your consumption."

"Even if you have a clone's domain, you can't possibly make up for the loss of divine sense you've used to control your clone, right?" Qiu sanniang glanced at him.

Lin Yi nodded.

This was a ceiling that he couldn't go around right now. If he could even save the consumption of his spirit sense, then the clones would be free for Lin Yi. He would be an Army!

Very quickly, the newborn Alliance spread out according to the formation that they had rehearsed in advance.

Chapter 9572 Power

Lin Yi was in the middle of the formation, while Wei baizhan, Bao shaoyou, song Xiaomi, and Yue Jian each took a small elite team with superb movement techniques and split up in four directions, maintaining an effective distance of five miles from each other at all times. This way, if anything happened, they could inform the main force at the first moment to respond.

However, even though they had practiced before, it was the first time they had experienced such a large scale battle. It was inevitable for the freshmen to be a little nervous, and the entire tight and tight formation seemed rather stiff.

At the same time, on the other side of du wuhui's group, all the people who were participating in the battle were much calmer.

It was not only because they were stronger individually or in general, but also because their military counselor, Bai Yuxuan, had a unique godly combat skill, fog release.

Du wuhui and a group of core officers were waiting at the side. In front of them was a cloud of white mist, and within the mist, scenes of various places in the small dragon Cave flashed past, revealing everything in detail.

Soon, Lin Yi and the others appeared in the mist.

"Position locked!"

Bai Yuxuan said lightly. Under such circumstances, being the first to lock onto the opponent's whereabouts was already winning half the battle!

The remaining matters of du wuhui's group were very simple. They would find an advantageous terrain and set up an ambush. They didn't even need to set up an ambush. They only needed to concentrate their superior forces and break through the weakest part of the enemy's formation.

After that, it was a massacre without any suspense.

It was impossible for a mere group of freshmen to block the attacks of these veterans. Without the protection of the formation, this group of freshmen, who had not even cultivated their domain, was just a group of chickens in their eyes.

However, just as everyone was about to lead their team to attack, Bai Yuxuan's eyelids twitched.

Lin Yi's group disappeared into the mist.

"What's the situation?"

Du Wuhui couldn't help but frown. In all the plans they had discussed, the fog opening was the most important first step. If something went wrong with Bai Yuxuan's fog opening, there would be a series of unstable factors in the future, which would be very troublesome.

Bai Yuxuan himself was also bewildered. "That's impossible, right? Could it be that the kid's consciousness was strong enough to confuse the heavenly secrets? Shen Yifan, what's the realm of his primordial spirit?"

The crowd couldn't help but look at Shen Yifan.

Shen Yifan answered without hesitation, "he's in the early stage of the complete heaven crushing realm. However, he should be at the peak of the early stage now. His strength is in sync with his realm. He's a rare mutant on our side."

With his close relationship with Lin Yi before, he naturally knew about this kind of information. Plus, Lin Yi didn't hide anything about this kind of thing.

"Peak of the early stage of the great circle of heaven crushing? As a new student, that is indeed very unusual. However, it is not so strong that it can directly block master Bai's fog. There must be something else. "

Du wuhui and the others looked at each other.

What he didn't know was that it wasn't just his consciousness that was interfering with Bai Yuxuan's fog opening-the most important thing was Lin Yi himself.

Plant attribute!

The nature of plants could greatly reduce Lin Yi's presence, especially in a primitive forest like this. Now that he had the support of the perfect wood element domain, this effect could be expanded to everyone within the domain.

Even the four elite teams that were sent out with Lin Yi's domain had the same effect.

However, compared to Lin Yi's insane hiding ability that made people unable to lock onto him even at close range, this range expansion was a lot weaker. He couldn't escape being locked onto by the naked eye and spiritual sense.

However, if that was the case, Bai Yuxuan's divine skill, fog release, would be rendered useless.

"They won't disappear into thin air. Their position should still be at the same place as before. It's just that it'll be a little troublesome to grasp their whereabouts."

Bai Yuxuan didn't try to act tough and directly replied, ""There aren't many routes available from their position. Let's have the bat demons and winged demons Scout from the sky."

Bat demon's face changed. He was injured by Lin Yi's sword last time, and he still had lingering fear.

"I'm afraid we'll be dead meat if it's just the two of us. It's not like we're the only ones who can fly."

The winged demon tried to decline.

He was at the same level as the bat demon. If the bat demon was afraid of him, he would not be any better.

Du wuhui personally comforted them,"the air is your home field. I didn't ask you to fight Lin Yi. It's just scouting. Just lock on to their direction. If there's any danger, I'll allow you to escape immediately."

"I'll send someone to pick you up,"Bai Yuxuan added.

The bat-winged demons looked at each other and finally nodded. This was their duty to begin with, and they couldn't shirk it. If they really insisted on shirking it, then they would be forcing du wuhui to kill the two of them.

Don't look at how du wuhui usually looked easy to talk to. When it really came to a critical moment, he was also a hero of a generation who killed without blinking.

"I can track their whereabouts," Shen Yifan suddenly said.

Everyone was stunned!

"Tell me about it," du wuhui said in a deep voice.

"Before I left the newborn Alliance, I planted a wind seed in a few of the core members. As long as they are within 100 miles of me, I will be able to sense their location."

As Shen Yifan spoke, he stretched out his palm, and a miniature tornado condensed on his palm. It continued to compress inward until it became an imperceptible seed.

The key was that this wind seed was invisible and intangible. If they had not seen the whole process with their own eyes, they would not have been able to detect its existence at all, not even with their divine sense.

"As expected of the Shen family of the god of wind, good move."

Bai Yuxuan praised from the bottom of his heart. This was the foundation of an aristocratic family. If it were an ordinary cultivator, it would be difficult to develop the power of one element to such an extent, no matter how talented he was.

It wasn't that he couldn't do it, but that he simply couldn't think of it.

Du wuhui immediately said, "alright, mark their current positions on the map. It will be updated every three minutes. Master Bai, continue to use the fog to observe. As long as you observe carefully enough, I believe you will be able to find some clues!"

The bat-winged demons were secretly happy when they heard this. This way, they didn't have to take any risks, and even Shen Yifan's image of a villain who defected to the enemy became much more pleasing to the eye.

Shen Yifan turned around and said, "the bat-winged demons still have to Scout. Although the possibility of my wind seed being detected is very low, this is a serious matter. We still have to make sure that nothing goes wrong."

"Not bad, you're a loyal one indeed."

Du wuhui and Bai Yuxuan looked at each other.

He didn't even need to say anything. They would definitely not fall behind. With their shrewdness, how could they completely trust a traitor who had just joined them?

The bat demons left with grief and indignation.

The rest of the people began to carry out their tasks in an orderly manner. All kinds of support methods were used, and layers of buffs appeared above everyone's head, making their individual strength, which was already at an advantage, even more invulnerable!

Once the information was in place, they could immediately attack!

Chapter 9573 Power

The secret realm of the little Dragon Cave wasn't big, and if it weren't for the existence of the fishy smell greatly suppressing the range of divine sense, it would be very difficult to use information to tactically take a detour in a battle like this where hundreds of heaven crushing cultivators in the great circle of perfection were involved.

It was only because of the fishy smell that there was a higher possibility.

Very quickly, according to the location marked by Shen Yifan, the bat-winged demons in front of them sent news that they had discovered the scouting team of the newborn Alliance!

Du wuhui and the others were instantly excited. Discovering the scouting team meant that they weren't far from the enemy's main force!

"Everyone, get into position. Let his reconnaissance team in. Don't alert the enemy. I want to finish this in one stroke!"

Du wuhui made a prompt decision.

"That's right!" Bai Yuxuan nodded. "To avoid any more trouble, we have to end the battle as soon as possible!"

Although this would inevitably lead to more losses compared to perfect tactical operations, it would also reduce a lot of unnecessary risks. At least, he would not be digging his own grave.

As the party with the advantage in hard power, the best way to fight was never to use a roundabout tactic, but to crush them head-on!

But immediately after, when he saw Shen Yifan's updated location on the map, du wuhui couldn't help but frown. "Did their main force stop?"

"They should be on their guard. After all, the core members of the other side aren't simple. It's not strange for them to notice the existence of the bat demons," Shen Yifan speculated.

Shen Yifan's expression changed as he spoke, "They're retreating!"

"Ninth master, give the order to attack. As long as we lock onto the position of their main force, we'll definitely win!"

Bai Yuxuan looked at du wuhui's face, and his heart skipped a beat. He quickly gave his advice.

Everyone looked at du wuhui in unison.

After musing for a moment, du wuhui hesitated. "If the other party is trying to lure the enemy in, how should we deal with it?"

Bai Yuxuan smiled wryly. He knew du wuhui's personality well, and he was most afraid of wavering in the face of battle. He continued to persuade him, "With their strength, even if they lure the enemy in, they won't be able to eat us. The final result will only be a few more losses. We will definitely win!"

This was the truth.

"We can't afford to lose it." Du wuhui shook his head.

Bai Yuxuan was speechless.

He knew what du wuhui was worried about. For du wuhui, not only did he need to win this battle, but he also needed a complete victory. Only then could he make up for all the losses he had lost.

Otherwise, if it was a Pyrrhic victory, even if he won, he would lose face. After he left this place, he might be eaten up by the other big shots of the chief seat system in the blink of an eye.

But 9th master, at least there was still a chance to fight for his life in this Pyrrhic victory. If he were to fail in this easy battle, then he would lose everything.

Finally, du wuhui made up his mind,"order the wolf guards to step forward and eat up that scouting team!."

Bai Yuxuan was disappointed. This seemed like an attack, but in fact, it was a passive defense.

This was the same as exposing his position to the enemy, and it would be up to Lin Yi to take the initiative and force the fight.

"If that's the case, why don't we just send out the Eagle guards as well? since we're going to eat him, then we'll just eat his entire reconnaissance team at once. Even if we can't hurt his main force, we'll make him blind first!"

This time, du wuhui readily accepted his advice and immediately nodded in agreement.

The Eagle guards and Wolf guards were the elites among the elites under du wuhui. At least 50% of their funds had been spent here. Just the high grade domain origin stones alone had cost them no less than 50. The other cultivation resources were too numerous to count.

An expert at the middle stage of the great circle of heaven crushing was not an ordinary person in the eyes of other students, but here, he was just barely at the minimum threshold to enter the second guard.

As for those who truly wanted to occupy a place and become the core of this place above the captain level, they had to be at the peak of the middle stage of the great circle of heaven breaking!

One had to know that the previous president of the martial arts Society, Shen Junyan, was only at the peak of the middle stage of the great completion of heaven-cleaving!

The moment the Eagle Wolf guards moved out, they did not disappoint du wuhui. Very quickly, they sent back good news.

The four scouting teams of the newborn Alliance were completely annihilated!

Wei baizhan, Bao shaoyou, song Xiaomi, and Yue Jian had all died!

Du wuhui was very satisfied when he saw the tragic scene in Bai Yuxuan's image after the fog was removed. All the hard work he had put in over the years had not gone to waste. This was the Army of Tigers and wolves he had always thought of!

The other people around him also started to celebrate.

Only Shen Yifan could not help but frown. ""This is too easy. They're not ordinary people."

Putting song Xiaomi and Yue Jian aside for the time being, although their strength wasn't simple, they weren't considered outstanding among the backbone of the freshmen Alliance. However, Wei baizhan and Bao shaoyou were both outstanding figures with astonishing talents.

If he didn't appear in this golden generation and met a monster like Lin Yi, he would have a great chance of becoming the new generation King!

How could he be killed so easily?

"No matter how unusual they are, they're only at the peak of the early stage of the complete heaven-cleaving realm. Even if they can challenge those of a higher level, they're only at the mid stage of the complete heaven-cleaving realm. They can't do anything against so many experts of the eagle and wolf guards."

"Of course!" Bai Yuxuan chuckled, "this is the most normal thing to do when there's an absolute difference in strength. It's just that Lin Yi gave us too much pressure, so we subconsciously demonized the other freshmen as well."

It was also because of this that he strongly advocated a quick battle.

Once the main forces of both sides met face to face, the situation would only be more one-sided!

"I miscalculated. Master Bai, please forgive me."

Du wuhui actually took the initiative to apologize to Bai Yuxuan in front of everyone. If he had trusted Bai Yuxuan just now, the battle might have already ended by now.

Lin Yi was strong, but once the entire rebirth Alliance was defeated, it would be hard for them to do anything. They had so many powerful forces on their side, and there was no way they could turn the tables.

"Ninth master, you're being too serious."

Bai Yuxuan hurriedly bowed. As the Lord, du wuhui had a thousand flaws, but at least in the way he treated his subordinates, there was absolutely nothing to say.

If not for that, Bai Yuxuan would not have been so loyal to him for so many years.

"Although we didn't finish it all in one go, and Lin Yi's going to be on the defensive, as long as we're patient, we'll still win!"

"Then should we press on with our victory?" du wuhui raised his eyebrows.

"No!"

"No." Bai Yuxuan shook his head. "Now that his scouting team has been wiped out, the entire newborn Alliance has become blind. Any slight movement will cause them to be alarmed!" If we rush up now, we can win, but it's hard to avoid a life and death struggle. "

Du wuhui and the others looked at each other in dismay. When the situation was unclear, they had still advocated to press forward with all their strength. Now that they had a huge advantage, why did they feel like they were going to shrink back instead?

What kind of strategy was this?

However, Shen Yifan saw through Bai Yuxuan's intentions. ""Master Bai's plan is to exhaust the enemy and use the momentum to wear down the enemy's morale. When they start to become numb and slack, we'll launch an all-out attack and defeat them in one fell swoop!"

Chapter 9574 Power

"So that's how it is! Master Bai, you're brilliant!"

Everyone's eyes lit up.

Bai Yuxuan looked at Shen Yifan with appreciation. Other than the black mark of defecting to the enemy, Shen Yifan's potential was perfect in all aspects. He would become a great person in time.

Even a suspicious person like him couldn't help but feel a bit of appreciation for talent.

"Then how exactly do we tire them out?" du wuhui asked.

"That's easy, just say eight words. "

"If it's fake, then it's real. If it's real, then it's fake," Bai Yuxuan said with a faint smile.

Du wuhui had always wanted to reduce his losses, so he gladly adopted this plan.

At that moment, other than the eagle and wolf guards who were in charge of the front line, Shen Yifan became the busiest person. He had to constantly monitor the positions of Lin Yi and the other core members, while the others just needed to rest.

At first, Bai Yuxuan was still a little worried, and from time to time, he would use the fog Release Technique to verify his observation.

Although he couldn't see Lin Yi's group's actual situation even with the fog due to the nature of the plants and the interference of the spiritual sense, he could still see some clues by comparing the subtle changes in the plants.

Two days passed in a flash, and the entire battlefield had completely entered the rhythm he had planned from the beginning to the end. Only then did he feel slightly relieved.

"How's this kid?"

Du wuhui secretly transmitted his voice through divine sense. As a suspicious and ambitious person, he was even more wary of Shen Yifan than Bai Yuxuan.

"There doesn't seem to be anything unusual so far. At least from the results, he has presented his proof of loyalty. Without him, we would have a lot of trouble."

Bai Yuxuan replied, but he added, ""But we can't let our guard down completely. Until the dust settles, there's a possibility that he'll turn on us at any time."

"You suspect that he's a death space?"

"Although there's no clear evidence, it was indeed us who threw out the olive branch at the beginning, his reasons for betrayal were very good, and the whole logic seemed to be very smooth, but the timing of his decision was too coincidental. We have to be careful."

To put it bluntly, this was a purely baseless suspicion.

In front of people like du wuhui and Bai Yuxuan, anything that was too logical would only make them more suspicious. No matter how much Shen Yifan showed his loyalty with his actions, he would never be able to gain their 100% trust.

While the two of them were conversing in private, Shen Yifan, who had been paying attention to the situation on the battlefield, suddenly perked up. "Lin Yi's getting ready to split up!"

"Really?"

Du wuhui was instantly overjoyed.

After a series of tests, apart from making the main force of the newborn Alliance exhausted, the Eagle Wolf guards had already formed an all-round encirclement with the main force under his command.

During this process, Lin Yi sent out no less than seven scouting teams, including his own domain clone.

However, under their intentional targeting, all the scouting teams were wiped out without exception. The entire battlefield was one-way transparent to them.

The advantage was limitless!

Now that Lin Yi wanted to split up and break out without enough information, it meant that the freshmen's patience had reached its limit, forcing him to do this unwise move!

"Can you confirm Lin Yi's location?" Bai Yuxuan asked.

"Yes, I can!"

Shen Yifan pointed to the team with the fewer people that he had marked out. "It seems like he's preparing to use himself as bait to attract our main force and create an opportunity for the others to break out!"

"That might not be the case. It might be the opposite."

Du wuhui sneered.

The only person in the new life Alliance that could really threaten him was Lin Yi. If he wanted to win this crucial battle of ten seats, his best choice right now was to keep his life.

Although it was not glorious to treat the other freshmen as cannon fodder, this was their only chance.

He, du wuhui, wasn't a harsh person. However, if it was him, he would definitely make the same choice!

"Now that we know Lin Yi's location, the rest is simple," Bai Yuxuan said. "Surround Lin Yi and kill him. Once he's dead, the rebirth Alliance will surrender and become our backup."

"I know Lin Yi's style. He wouldn't make a decision so easily if he wasn't 100% sure," Shen Yifan said with a doubtful look.

"What's wrong? You're suspecting that we can't handle one Lin Yi?"

Du wuhui snorted. He originally had some doubts, but Shen Yifan's attitude made him even more determined.

Shen Yifan wanted to say something but stopped.

"You're worried that he'll get away?" Bai Yuxuan asked.

"Yes, no matter how strong he is, he can't deal with so many experts by himself. But what if he's just trying to stall for time? don't forget that there's only one day left before the final game."

Shen Yifan reminded.

If there was still no clear winner in the end, the secret realm would automatically close, and it would be considered a draw.

Although that way, they would both maintain the status quo and du wuhui would be considered successful in defending the ring, that was definitely not the result du wuhui wanted.

For this battle, he had already bet everything. Even if it was a Pyrrhic victory, it would not be enough for him to recover his health. He had to win!

Plus, as long as Lin Yi was alive, he would always be a huge threat to him.

So in today's battle, anyone could live, but Lin Yi had to die!

Du wuhui looked at him with an unfathomable expression, ""Since you can lock onto his position, how can he escape from my grasp? Unless you're deliberately throwing the game. "

"If I knew how to pee, I wouldn't be standing here,"

Shen Yifan replied in a neither humble nor arrogant manner, but he did not continue to object in the end. From his perspective, he had already done what he needed to do and said what he needed to say. It was not his business how things developed.

"If that's the case, then we'll encircle Lin Yi with all our might. If he still manages to escape with so many people, then it'll only mean that we're not capable enough, and we'll be left with a big problem."

Bai Yuxuan came forward to smooth things over.

Under du wuhui's command, the main force of his division immediately launched a full-speed attack. It should be known that these were all domain experts. Even if they weren't speed-type experts, once they were at full speed, it would still be extremely impressive.

A distance of a hundred miles only took a few minutes for them, and with the help of the two eagle and wolf guards, they forced Lin Yi's squad into a dead end!

"He actually fled into Dragon Bay? He's really panicking enough to not choose his path!"

Du wuhui couldn't help but sneer at Lin Yi's new location.

Three sides of the Dragon Bay were cliffs, and one side was deep water. In addition, the concentration of the fishy smell could be said to be the highest in the whole secret realm. Entering it would not only affect one's divine sense, but also all other senses would be suppressed in all aspects.

Even the mobility of an expert at the great circle of heaven crushing would be greatly reduced, and it could be said to be a true land of death!

Chapter 9575 Power

Bai Yuxuan looked at Shen Yifan meaningfully. "Lin Yi's not an idiot who's looking for death-it seems like he's trying to attract the enemy's attention so the others can escape. It's not smart, but I have to say he's quite bold."

Du wuhui laughed. "That's good too. It'll be a good opportunity for me."

In his eyes, the rest of the freshmen who took the opportunity to break out of the encirclement were already his spoils of war. It was just as he wished to have fewer casualties.

"Ninth master, you can't let your guard down. If Lin Yi dares to do this, he must have something up his sleeve. Be careful of him escaping like a cicada shedding its shell!"

At this point, even Bai Yuxuan didn't think that Lin Yi had any chance of turning the tables. As far as he was concerned, Lin Yi's only plan was to hide.

Drag out the fight until the end of the three-day deadline and Exchange it for a tie in name only!

After all, the people outside didn't know the details. As long as he could get out of the little Dragon Cave in one piece, he could declare a one-sided tie with du wuhui.

At that time, even if nothing changed, his weight as the 10th newcomer King would definitely rise, and he would truly gain the same reputation as the other 10 strongest newcomers!

The key was that du wuhui couldn't refute it.

"Don't worry. As long as he enters Dragon Bay, he won't be able to escape!"

Du wuhui was unusually confident in this. Even Bai Yuxuan, the think tank, didn't know what he was up to.

In the end, du wuhui personally led the main force to block the only entrance and exit to the Dragon Bay's water surface. Not only did they seal off the water surface layer by layer, but they also didn't leave any blind spots underwater.

At the same time, the Eagle-Wolf guards relied on their powerful mobility to circle to the top of the three Cliffs from the side and complete an all-directional control from above.

An inescapable net!

"All that's left is to see how we reel in the net!"

Although du wuhui was pleased with himself, he didn't let it get to his head. He didn't rashly give the order to attack.

"A trapped beast will still fight-this place may be Lin Yi's only way out, but it's also giving him the geographical advantage. If we can't do it in one go, I'm afraid many of us will be dragged down with him."

Bai Yuxuan reminded.

Just this 200-foot hole alone was enough for Lin Yi to block it all with his body.

Unless du wuhui personally led the top-notch combat forces to take the risk and break through, if it was anyone else who broke through, even elites above the middle stage of the heaven crushing completion would suffer a great loss and inevitably become cannon fodder.

After all, that person was someone who could force the Nanjiang King to his knees with one move!

But if du wuhui went out himself, it would give Lin Yi a chance to turn the tables. Without Lin Yi, the newborn Alliance would fall apart, and without du wuhui, the sky would collapse. No one could afford to lose.

Du wuhui suddenly understood."I'm afraid that this is the kid's true intention. In a head-on battle, the newborn Alliance would not have any chance no matter what they do. Only by staking everything on one throw and forcing me to take the field would he have a chance of survival."

"He's dead before he's alive. "

Bai Yuxuan pondered for a moment and took the initiative to ask,""Ninth master, you can't take the risk yourself unless it's the last resort. It might not be safe for someone else to take the risk. Why don't I go and explore the way?"

"Then I'll leave it to you, master Bai."

Du wuhui didn't try to be pretentious.

Among all his men, Bai Yuxuan was undoubtedly the most powerful. After all, he was once an all-powerful tenth-class figure. Even though his strength had declined, he was still a fierce character that no one could underestimate.

Even if Lin Yi had the strength to fight against du wuhui, he wouldn't be able to do anything to Bai Yuxuan.

At the very least, he wouldn't suffer any losses.

"If anything goes wrong, immediately send out a warning. I'll lead my men to charge at the formation at the first moment!"

Du wuhui reminded him one last time, and then watched Bai Yuxuan enter Dragon Bay. His slender figure was quickly swallowed by the mist on the water, and even the aura that represented his existence disappeared from everyone's divine sense.

Dragon Bay was said to be the place where Dragons reproduced and laid their eggs. To this day, there were still many dragon eggs that had lost their vitality lying in the water, which was why it gave off such a strong fishy smell.

Bai Yuxuan carefully observed every minute detail as he treaded on the water. At the same time, his mist domain was running at full capacity, perfectly blending with the mist on the water.

No one could sense his existence from outside the territory. Even if someone attacked him, it would be absorbed and dissolved by the mist territory.

Although it was lacking in offense, in terms of support and defense, the mist domain was definitely at the top of all the elemental domains.

Otherwise, Bai Yuxuan would not have volunteered.

As long as he didn't do anything stupid, he would be invincible. After all, no matter how he looked at it, Lin Yi had no chance of breaking through his mist realm.

Until Lin Yi's playful voice suddenly sounded beside him, "Master white, I've been waiting for you for a long time."

After a quarter of an hour, a loud sound was heard!

Du wuhui and the others' eyelids twitched. Soon, they saw Bai Yuxuan's familiar figure rushing toward them in a sorry state. However, before he could get within a hundred meters of them, another figure suddenly appeared in front of them.

Bai Yuxuan did not even have the time to groan before he was sent flying by the kick. He disappeared into the mist in the blink of an eye.

Lin Yi!

Du wuhui's eyelids twitched, and the rest of the people were also bewildered.

That was Bai Yuxuan they were talking about, a being who was way stronger than them, and yet he was so vulnerable in Lin Yi's hands?

"Reserve troops, guard the exit. The rest of you, follow me!"

Du wuhui made a prompt decision. Bai Yuxuan was too important to him, even more so than little Feng Xian. He couldn't just watch Bai Yuxuan die in Lin Yi's hands!

At this moment, du wuhui once again displayed his ruthless and decisive killing aura as he led the charge into Dragon Bay.

His subordinates were greatly encouraged, and the group of elite experts followed closely behind!

However, everyone soon noticed that something was wrong.

That was because they suddenly found Bai Yuxuan standing in front of them, perfectly fine. He did not look as disheveled as before, and there was not a single wound on his body. Instead, he was looking at them in surprise.

"Ninth master, why are you guys here?"

Du wuhui immediately sensed that something was amiss. He hurriedly turned to the people behind him, ""Quickly guard the entrance of the passage. We've been tricked!"

But it was too late.

Dozens of figures had already occupied the entrance to the water, standing close to each other, leaving no blind spots-it was Lin Yi's Army of clones!

The key was that these were all domain avatars. Although their strength was far inferior to the main body, when they were superimposed, they were still not to be underestimated. It was enough to make most of the middle stage heaven crushing cultivators feel a huge sense of oppression.

Chapter 9576

Everyone couldn't help but feel shocked.

This guy was only at the peak of the early stage of heaven-breaking realm, and he already had this kind of aura. One day, when Lin Yi advanced to the middle stage or even the late stage, what would it be like?

They wouldn't even be able to stand!

"It's just a bunch of clones, what can they do!"

Du wuhui hmphed coldly. Immediately, the outstanding core officers joined forces to break through the formation. These were all Masters at the peak of the middle stage of heaven crushing. If Lin Yi's original body was here, there might be some changes, but what could a bunch of clones do?

As he spoke, he looked at Shen Yifan to ask for his opinion.

Seeing Shen Yifan nod his head, his heart was finally at ease!

Bai Yuxuan felt that something was wrong, but he couldn't hesitate anymore. By the time he realized what was going on, the core officers had already started fighting with Lin Yi's Army of clones.

Reality had proven that while Lin Yi's clones weren't weak, they still couldn't do much in front of these real masters.

It might be hard to deal with one or two of them, but once the number of officers reached double digits, Lin Yi's clone would be completely suppressed, even with his territory.

The so-called waist blockade was a joke to deceive oneself and others!

Then, everyone saw a scene that they would never forget for the rest of their lives. All of the suppressed clones began to self-destruct one after another.

The key was that this kind of self-destruction didn't bring any smoke or fire at all. What everyone could see was that space was collapsing one after another.

Half of the body of the core officer who was closest to him was gone. When he was struggling to escape, he ran into another self-destructing clone.

As a result, the remaining half of his body was gone.

There wasn't only one unlucky person like this. The other core officers who were involved were also in a miserable state. The whole scene was filled with wails and screams, which made people's scalps numb.

Annihilation domain!

A Great Terror that came from the depths of their souls instantly swept through everyone's hearts. Those were all experts at the peak of the middle stage of the heaven crushing complete realm. If they were released, they would be powerful figures who could become small Dukes of a region. However, they were actually annihilated in just a single move!

Du wuhui's eyes were about to pop out.

In just a short period of time, he had lost nearly half of his core officers, who were the most important Foundation of his career!

Without this core group of people he'd raised, even if he destroyed Lin Yi as he wished, it wouldn't make up for his losses.

However, he didn't dare to go up.

The power of the annihilation domain was truly frightening. Even he, an expert of the late stage of heaven crushing completion, did not dare to risk his life!

"Ninth master, don't be impulsive!"

Bai Yuxuan's intervention gave him a way out, and at the same time, it gave the rest of the people a reason to convince themselves to stop. If they had attacked together, they might have been wiped out by now.

Lin Yi was truly a cunning and devious person!

"He must have been planning for a long time to use such a powerful killing move, and it can't last long. He wants to use this move to block our response to the reserve team? it's a fool's dream!"

Du wuhui personally spoke up to encourage everyone.

Losing half of his core officers was a huge blow to him, but now that they were surrounded, with the backup troops blocking the entrance and the eagle and wolf guards guarding the cliff, Lin Yi couldn't change the situation unless he could blow them all up.

As soon as he finished speaking, he saw a group of Lin Yi's doppelgangers appear out of nowhere, blocking the entrance of Dragon Bay again. The scene was the same as before.

Everyone looked at each other, and for a moment, the air was filled with an unspeakable awkwardness.

"He shouldn't be able to do it a second time in a short period of time. These clones are just bluffing."

Bai Yuxuan deduced.

Strictly speaking, this deduction was very likely to be true. After all, no matter how crazy Lin Yi was, he couldn't just use the annihilation domain as a normal attack. The problem was that he'd just seen the brutal scene with his own eyes. Who would dare to bet their lives on it?

Even if there was a 90% chance of success, the remaining 10% risk was still fatal. Who present could pay this kind of awareness?

No one dared to bet, not even du wuhui.

"Hehe, he actually closed the door and beat the dog with a bunch of broken clones."

Du wuhui laughed at himself. Based on the current situation, as long as Lin Yi's Army stood at the entrance of the Dragon Bay, they would be cut off from the outside world.

Fortunately, the Eagle Wolf guards were on the cliff, or they'd be dead meat.

But then, another piece of news that made matters worse came. The Eagle Wolf guards did not appear on the cliff at all!

Bai Yuxuan used fog release to sweep the top of the cliff dozens of times, but he could not find any trace of the two Eagle Wolf guards. Just a moment ago, he had clearly seen them in position!

"What's going on? What's going on?"

Under the repeated blows, du wuhui finally couldn't hold back his calm expression anymore. Thinking back to all the things that had happened before, he couldn't help but feel a chill run up his spine and up his head.

Bai Yuxuan was also shocked and furious. He turned around and stared at Shen Yifan. "It's you!"

"Heh, as expected of master Bai. I thought we could play a little longer."

Shen Yifan chuckled and shrugged his shoulders. Immediately, he was surrounded by a group of core officers.

"So you're a spy sent by Lin Yi!"

Du wuhui gritted his teeth. Although he had always had doubts about this and had always been on guard, Shen Yifan's various behaviors had washed away most of his and Bai Yuxuan's suspicions. He had never expected that he would still fall for it.

Bai Yuxuan stopped everyone who was eager to start the fight and asked in a deep voice, "Everything you've shown us is an illusion?"

"No, no, no. Everything I'm showing you is real."

Shen Yifan looked at him with a playful expression. "Those are genuine wind seeds, and the marked locations are all real. If I were to do anything to them, I don't have the confidence to hide it from you two."

This was the truth.

With du wuhui and Bai Yuxuan's suspicions, no matter what Shen Yifan showed them, they would definitely be 200% vigilant. Even the slightest flaw would be immediately seen through, and there was no possibility of them getting away with it.

"Impossible!"

Bai Yuxuan believed it rationally, but he could not accept it emotionally. "If it's all true, how did it come to this?"

At this time, an abrupt voice came from the distance.

"Isn't that simple? what old Shen showed you was real, but he didn't say that what you saw must be real too."

Lin Yi's figure slowly approached as he spoke.

Du wuhui and the others immediately looked as if they were facing a great enemy.

Chapter 9577

If it was the Lin Yi before, they would have taken him seriously, but not to this extent. But now that they've seen the horror of the annihilation domain, even du wuhui himself had a shadow in his heart.

If Lin Yi were to send a bunch of clones at them now, their first reaction would be to scatter and run!

"Something I read?"

Bai Yuxuan was stunned for a moment before he reacted. "What I saw with my mist Release Technique was an illusion? It's impossible!"

Unlike the wind seed Mark that Shen Yifan had deliberately shown him, opening the fog was his own ability. After Shen Yifan's wind seed Mark had deliberately diverted his attention, he would naturally choose to believe in it.

What Shen Yifan needed was this instinct.

"You used your divine sense to deceive? No, your primordial spirit is only at the early stage of the great circle of heaven crushing. It's impossible for you to do this!"

After eliminating the last interference, Bai Yuxuan finally understood the truth. "The only explanation left is that you also know how to cast Mist, and you're hiding a mist domain!"

Even du wuhui was shocked when he heard this.

Shen Yifan clapped his hands and turned to Lin Yi. "I told you that master Bai is a talent. You have to leave him to me later. I'm short of a perfect assistant like him."

Lin Yi couldn't help but chuckle, "that depends on whether he's willing or not. If he's willing to nod, I'll have no problem with it."

Du wuhui's face had already turned as black as the bottom of a pot.

He tried to poach Shen Yifan, but now it was Lin Yi who poached Bai Yuxuan instead. More importantly, he managed to poach a spy, which was hilarious!

Bai Yuxuan didn't care and continued to ask in a deep voice, ""The image of the Eagle-Wolf guards eating the scout team, was it you?"

Shen Yifan answered with a smile, "that's right. The reality is the opposite. They were defeated one by one after they left the main force."

"I did it," Lin Yi added, raising his hand.

"Everything that happened to the Eagle-Wolf guards after that was also fabricated by you. If I'm not wrong, your mist element domain core ability should be the legendary perfect illusion, flowers in the fog!"

"Very correct. Any more questions?"

"No need,"

Bai Yuxuan suddenly stopped, turned around, and knelt down in front of du wuhui. ""This subordinate has seriously neglected his duty. Please punish me, ninth master!"

Everyone was moved.

Although Bai Yuxuan had been du wuhui's assistant all this time, he had always been on the same level as du wuhui. They were more like business partners than master and servant. When they met, they would just cup their hands together.

Kneeling down to ask for forgiveness, this was the first time.

"Master Bai, you don't have to blame yourself. I was the one who made the decision regarding Shen Yifan's matter. If you want to pursue responsibility, it's my responsibility."

Du wuhui once again displayed the magnanimity of a superior as he looked at the two with a mocking expression, "I admit that you guys did a good job with this move of yours, but if you want to overturn the overall situation just like that, aren't you guys thinking too much?"

"Oh? I'd like to hear the details. "

Lin Yi said with a humble attitude.

Du wuhui laughed out loud, "you've tricked my eagle and wolf guards and killed half of my officers. I admit that you're awesome!" But even so, my remaining absolute strength can still easily crush you all. No matter how brilliant the battle tactics are, they can't make up for the absolute difference in strength, understand?"

"You really think so?" Lin Yi looked at him strangely.

"Hehe, what's the use of bluffing at this time?"

Du wuhui snorted. "Your current advantage is that you've cut off the connection between me and the reserve team by relying on the Dragon Bay's terrain. Perhaps you're still sending people to attack my reserve team. The problem is, can you take on those new students under you who can't even be put on the stage?"

Although they were the reserve team, they were actually juniors with potential that he had carefully selected.

Although their combat power could not compare to the elites of the eagle and wolf guards, some of them were only at the peak of the early stage of the complete heaven crushing realm, but they were definitely outstanding among their peers!

Even if all the freshmen in the Alliance advanced to become domain masters of the same level, the chances of winning against them were slim, not to mention that most of the freshmen weren't even domain masters!

In the reserve team, he had also specially arranged for two core officers to lead the team. They were both experts at the peak of the middle stage of the heaven crushing complete realm.

This was his confidence and capital!

"My new students Alliance can't beat your reserve team?" Lin Yi smiled. That's a possibility, but what if I'm included?"

"You?"

Du wuhui was shocked. He immediately activated his domain and sealed Lin Yi with a layer of vacuum, but Lin Yi disappeared immediately.

"His real body is outside?"

Everyone in Bai Yuxuan was shocked.

With just the strength of the new students, even with Wei baizhan and the other new monsters leading the team, it would be almost impossible to take down their reserve team. But with Lin Yi, it was a completely different scene.

Even half of the core officers were gone just like that-a bunch of Reserve members at the peak of the early phase of heaven-breaking realm wouldn't be able to take it!

Everyone couldn't help but feel anxious and restless. Du wuhui's group had a recommendation system, and many of the reserve members were recommended by them. They were inextricably linked, and some were even blood Brothers from the same mother.

If anything happened to the reserve team, they would be in an uproar!

"Everyone, calm down. It's most likely another smokescreen!"

Bai Yuxuan quickly comforted the crowd and turned to Shen Yifan. "In order to help him win this match, you're going to bury yourself here. Is it worth it?"

All of a sudden, everyone's attention was diverted. They stared at Shen Yifan and gritted their teeth.

Shen Yifan looked at the crowd and laughed heartily. "Do you really think I'm a spy?"

"Do you still want to walk out of this place alive?"

Du wuhui sneered. It could be said that it was all thanks to Shen Yifan that the situation had developed to this point. If he hadn't been toyed around by this guy, even if he didn't make any tactical arrangements and relied purely on his strength to crush them, he definitely wouldn't have suffered such a great loss.

Now that things had come to this, no matter how valuable Shen Yifan was, he had to die!

"It doesn't matter if I can get out of here or not, because I'm not here in the first place."

Shen Yifan looked at Bai Yuxuan with a half-smile and said, ""Don't you know that it's like looking at flowers in the fog?"

"Impossible!"

A core officer next to him did not believe it and tried to slap him, but his palm passed through Shen Yifan's body. It was basically air.

Everyone looked like they had seen a ghost.

"This is an illusion?"

Even du wuhui felt that it was unbelievable. He could really feel the aura of life on Shen Yifan's body. An illusion could even disguise such a thing?

Bai Yuxuan smiled wryly. "Flowergazing in the fog doesn't only confuse one's vision. As long as you're within the fog, it can deceive your five senses in all directions, including your divine sense. In theory, it has no flaws except that it's not a physical object. Sometimes, if you accidentally touch it, you might even think it's a physical object. That's why it's called the perfect illusion."

"Could it be that from the beginning, we were in contact with his illusion?"

Du wuhui immediately felt a chill run down his spine.

Chapter 9578

Fortunately, Shen Yifan was only an expert at the peak of the initial stage of the great completion of heaven crushing realm. If it were someone at the same level as him, he wouldn't even know when he was stabbed!

"I don't think so. No matter how perfect an illusion is, it's still an illusion. The flaws will continue to accumulate, and the longer the time, the bigger the flaws. We should have discovered them long ago."

"I'm not sure about the casting distance of flowergazing in the fog," Bai Yuxuan muttered. "But I'm sure that the more exquisite an ability is, the more demanding the casting distance is. It must be much smaller than my fog release. I'm guessing that he must have taken advantage of the chaos from the explosion to secretly turn his real body into an illusion!"

"So he's still in Dragon Bay?"

Du wuhui's eyes focused, and he immediately ordered,""Dig three feet into the ground and dig him out. I want to skin him and sacrifice him to the flag!"

All his subordinates acknowledged the order.

Bai Yuxuan looked at the group of executives, who were full of killing intent, and said worriedly,""Lord Jiu, diverting their attention is only a temporary plan. The key is still the reserve team. Once the reserve team is destroyed, we'll really lose everything."

After losing half of their core members and the two Eagle Wolf guards, du wuhui's group was in a critical state. If even their reserve forces were to be sacrificed, it would be a complete blow to their vitality. It would take at least ten years for them to recover.

The problem was, even if they won this time, who would give them ten years to catch their breath?

"The reserve team will be fine."

Du wuhui appeared to be incomparably certain, and even gave people a feeling of self-deception.

"Ninth master, do you have a backup plan?" Bai Yuxuan frowned.

"Xu Lin Yi set a trap for me, so naturally I'm allowed to set a trap for him. It's all about returning the favor. Let's see if he can accept this big gift of mine," du wuhui said faintly.

The reserve team was the biggest weakness of his men, and anyone with a discerning eye could see it. How could he really not make any preparations?

"Master Bai, this is no ordinary ten-seat battle. You and I will be witnessing history!"

Du wuhui's words were unfathomable, and Bai Yuxuan couldn't make heads or tails of them. However, Lin Yi and the others outside of Dragon Bay understood the meaning behind his words.

There was no other reason other than the fact that Lin Yi saw an unexpected old acquaintance in the reserve team.

Fifth seat, Ji Chi.

"I didn't get the wrong person, right? Are cheating so open and aboveboard these days? a member of the top five can actually interfere in the battle of the ten seats?"

Lin Yi said, half shocked and half mocking.

The ten-seat battle was the most fundamental embodiment of the bottom order of the ten-seat Council. Even if it was only to maintain its own legitimacy, it had to at least maintain the fairness on the surface.

Otherwise, if even the most basic of fairness could not be established, it would not only affect one or two of the ten-seat Council, but the fundamental system of the entire ten-seat Council would be greatly affected!

No one could bear the consequences.

As a result, the other ten seats, including the first seat, had been watching the battle between Lin Yi and du wuhui from the sidelines. They didn't express anything, nor did they show any signs of interfering.

He had never expected that Ji Chi himself would appear here!

This person's strength was much stronger than du wuhui 's. It wasn't an exaggeration to say that if he was allowed to attack as he pleased, even if he was alone, the possibility of the entire newborn Alliance being able to withstand it would be very low.

With him around, the reserve team wasn't some soft persimmon at all. On the contrary, they were vicious Tigers that ate people. They were much fiercer than du wuhui and his gang who were currently trapped in Dragon Bay!

Ji Chi tilted his head and took out a ten-seat Council order."Law 93: as long as the report is made in advance and the vote is passed by the ten-seat Council, the other ten seats can be invited to assist in the battle as individuals. The invigilator only needs to pay the corresponding price to the Academy."

Wei baizhan cried out exaggeratedly, ""This rule is amazing. According to this, as long as I have enough people and can afford the price, I can invite Xu Anshan to help me fight ten matches?"

"What's the difference between this and directly buying a seat for the 10th seat?"

Qiu sanniang sneered.

It was obvious that he was cheating in public by sticking a piece of sh * t on your face and then telling you that it was reasonable and legal.

Ji Chi shrugged indifferently, ""If you must understand it that way, then I can't do anything about it. If you can't figure it out, then you should leave it for later."

He paused and looked at Lin Yi, "Of course, there might not be a chance for some people. That's good too. They might as well not think about it."

As he spoke, his killing intent could be seen!

In terms of fear and killing intent towards Lin Yi, he wasn't any less than du wuhui. From the moment Lin Yi was tied to Hanqi, he was already on his must-kill list.

Han Qi, who threatened his position, had to die. Naturally, Lin Yi had to die too!

He didn't really take Lin Yi seriously before, but after the incident at the southern District, even he felt threatened by Lin Yi. It was because of this that he didn't mind the backlash of public opinion.

He wanted to kill Lin Yi in the bud!

"Are you talking about me?"

Lin Yi put on a scared face cooperatively, but his hands didn't hesitate at all. He unsheathed the demonic blade and raised his hand to perform a full-powered edgeless duo!

Ji Chi's eyelids twitched. He didn't really put Lin Yi on the same level as him, but Lin Yi's edgeless territory was condensed into one sword, and it left a deep impression on him.

After all, this was a sword that could force the Nanjiang King to his knees!

A layer of dark red light suddenly appeared around his body. Wherever the light enveloped, the entire space seemed to have a completely different texture from the outside world.

This was the sign of someone who had cultivated their domain to an extremely high level. It was also the sign of an expert who was at the peak of the late stage of the heaven crushing realm. Other things aside, just the strength of his domain was enough to easily crush a senior domain expert!

The edgeless combo represented Lin Yi's strongest single-target attack, but it was like a clay ox entering the sea when it hit the dark red light-there was no feedback at all.

"And here I thought it would be very strong. Turns out it's just so-so!"

Ji Chi showed a mocking expression, ""Was Prince Nanjiang playing along with you in the southern District prison? Hehe, you're quite good at acting. "

"That person is indeed a good actor."

Lin Yi wasn't discouraged at all-he'd expected this outcome.

The peak of the early stage of heaven-crushing completion and the peak of the late stage of heaven-crushing completion were separated by a whole four levels, especially when the other party was a powerful figure who was almost invincible in the same level. Previously, in the southern prison, he could easily suppress an existence of the same level, so this result was very normal.

No matter how insane Lin Yi was, he could only kill people two levels above him.

Chapter 9579

Even with two perfect domains, it would be difficult to surpass three levels, not to mention defeating Ji Chi, who was four levels higher.

"You can only blame your own bad luck for falling into my hands. However, I do have to thank you properly."

Ji Chi suddenly changed the topic.

"For what?" Lin Yi raised a brow.

An undisguised teasing smile suddenly appeared on Ji Chi's face. "Thank you for letting me Taste the Feeling of killing a genius. I have to say that you are indeed a rare genius. In terms of shocking talent, you can even be ranked in the long history of the school!"

In the entire history of Jianghai Academy, there were only a few golden generations.

To be able to make all the new students submit to him alone, there was no doubt about Lin Yi's level of abnormality.

Lin Yi said with a face full of embarrassment for the first time, "I'm not that good either. "

"....."

Qiu sanniang and the others all facepalmed. They really did not know that this fellow had such a strange side to him, especially at such a critical time.

Ji Chi's expression froze, and his rare good mood was instantly destroyed. His killing intent surged out, "I was planning to give you an honorable death, but since you don't appreciate it, then forget it."

The freshmen couldn't help but panic as they watched the dark red light cover the sky and the earth.

"This is the hysteria domain of the water element! You can't be touched by it, or you'll immediately die of heart failure, and even the gods can't save you!"

Qiu sanniang quickly organized the freshmen to retreat.

But the opponent was too fast, and even Lin Yi couldn't shake him off, let alone the other freshmen.

As for staying behind to fight them head-on, that was even more impossible. In the face of absolute quality, no matter how many of them there were, it would all be for nothing. It would only cause all the freshmen to die together.

For a time, the people of the rebirth Alliance were in a precarious situation!

Ji Chi looked down at the fleeing freshmen and looked at Lin Yi mockingly, "Why don't you kneel down and beg me? Maybe I'll be so happy that I'll show mercy and let these innocent children go, only killing you?"

It was a heart-killing!

"Don't listen to him, everyone. He just wants us to have an internal strife!" Qiu sanniang stood up decisively. Don't forget that he's a despicable man who bites the hand that feeds him!"

"Who are you calling a villain?"

Ji Chi's face suddenly turned cold. "I was going to spare your life for Zhang Shichang's sake. Since you don't know what's good for you, I don't have to be a good person in vain."

As he spoke, he flicked his finger, and an extremely condensed dark red light instantly transformed into a sharp arrow, leaving a series of ear-splitting sonic booms in the air. It was about to pierce Qiu sanniang's chest.

Even with Qiu sanniang's current strength, she was dumbfounded on the spot. She did not know how to react and could only wait for her death.

At the crucial moment, the dark red arrow was blocked by Lin Yi's sword!

Qiu sanniang escaped from death, but Lin Yi's body was affected by the Arrow's energy, and his skin turned an abnormal yellow.

His powerful life force was rapidly flowing away, and he was about to die from heart failure as Qiu sanniang had said!

However, when his aura was exhausted to the extreme, under everyone's extremely worried gazes, the originally inaudible heartbeat suddenly bounced back and became strong again, even stronger than when he was at his peak!

A withered tree revived in spring.

"And here I was thinking how strong he would be. So that's all there is to it. "

The same words were returned to Ji Chi by Lin Yi, and Ji Chi's face turned as black as the bottom of a pot.

Qiu sanniang was just a cover-he was really aiming at Lin Yi. He thought that Lin Yi would die on the spot because of the difference in strength between them, but he didn't expect that he had the skill!

He had to admit that Lin Yi was really bold. Even though they were enemies, Ji Chi couldn't help but admire his courage.

One mistake and he would've died! Lin Yi really dared to bet on that!

"Oh, really? Why don't you try taking another move from me?"

After a failed attack, Ji Chi was obviously embarrassed. This time, his attack was not as smooth as before. The whole sky was shrouded in a dark red light, as if a devil had awakened from prison and a storm was coming!

The entire domain had an extremely ferocious outline, and two long, narrow, pitch-black gaps were cut in the dark red light, exuding the evil aura of the abyssal demons. It was a spectacular sight.

Heart demon!

Without any physical contact, the freshmen's domains were collapsing one after another. This was the pressure of the top combat power of Jianghai Academy!

Even Wei baizhan and the other core members of the Wei family couldn't hold their ground, and their faces were filled with despair.

They were all geniuses who thought highly of themselves, but in the face of such a great disparity, they really couldn't summon the heart to resist, only powerlessness.

Only Lin Yi didn't even raise his head to look at the heart demon. He charged into the enemy formation with his sword.

His target wasn't Ji Chi, but the two core officers of the reserve team. As long as these two people died, the reserve team would be without a leader, and du wuhui, who was trapped in Dragon Bay, couldn't control them at all.

As for Ji Chi, he couldn't deal with him now, nor did he need to deal with him.

Ji Chi's opponent was someone else.

"Cover your ears and steal the bell? Hmph, do you really think that you can deceive everyone just because you've cultivated the bell-stealing technique?"

Ji Chi sneered and the demon of heart's end immediately reached out a dark red giant claw towards Lin Yi. It was much faster than the dark red arrow that was several times faster than the speed of sound. Lin Yi had no way to Dodge it.

In all fairness, the divine sense cover, the plant element, and the bell-stealing technique-Lin Yi's presence on the battlefield was extremely low, and most people couldn't even sense his movements.

However, it was ineffective against Ji Chi.

Qiu sanniang and the others paled at the sight. It was impossible to avoid the heart-wrecking demon's claw. Not to mention that it carried the power of a domain that was enough to crush everything, the most deadly thing was that it had the ultimate effect of the heart-wrecking domain!

Lin Yi's spring comes back to life was already barely able to block one of the demon's heart-breaking attacks, and this one would definitely break through his defense!

Lin Yi would die if he touched it.

This might be the closest Lin Yi had been to death since he came to Jianghai college, but the problem was that with Lin Yi's own strength, there was no way he could've solved it!

However, Lin Yi ignored it and continued to kill his prey.

"You're giving up just like that?"

Ji Chi frowned and his eyelids twitched. The heart-breaking demon's claw was about to hit Lin Yi's head when the air suddenly buzzed from all directions. A spinning top suddenly appeared beside Lin Yi.

As it rotated at high speed, a solidified vortex force field suddenly appeared with it as the center.

Chapter 9580 Power

The unstoppable heart-burning demon's claw was actually sucked over by it.

With a slap of the claw, the fingertip top was safe and sound, and all the force dissipated completely. As for the so-called heart-breaking Qi, it was only useful for living things. Wasting it on such a dead thing was like playing the zither for cows.

"It's you!"

Ji Chi coldly looked at the short figure who was slowly walking towards him. It was his former superior, the former fifth seat and the president of the Disciplinary Committee, Han Qi.

"We haven't fought for a few years. You don't seem to have made any progress, little Chi?"

With one hand in his pocket and the other playing with the spinning top on his fingertip, Han Qi calmly walked to a spot twenty meters away from him and stood still.

"Same to you!"

Ji Chi couldn't help but feel a headache. He really didn't expect Hanqi to appear here. From all the information he received before, Hanqi was still actively preparing to launch the battle of the ten seats against him. How did he suddenly become Lin Yi's external aid?

As the fifth-ranked figure in the Academy, whether it was his personal strength or his overall strength, he was completely worthy of this ranking. However, the person he was most afraid of was not the other tenth-ranked people, but Han Qi in front of him.

Speaking of which, Han Qi had actually been defeated by him.

Although there were still many people like Qiu sanniang who scolded him for betraying his master, putting aside all the schemes behind the scenes, at least the battle between him and Han Qi was fair.

Back then, Han Qi had lost to him because his strength was not as strong as his. It was that simple!

However, the problem was that even if Han Qi lost to him back then, it did not mean that Han Qi would lose to him again today.

In the end, the difference in strength between the two was very small, and the chances of winning were 50 - 50, so no one dared to say that they had a big advantage.

Because of this, even though Ji Chi had always been brooding over it, he never dared to lay a hand on Han Qi after he took over.

Whether it was Han Qi's own strength or the half-master faction behind him, he was extremely afraid of them and did not dare to underestimate them.

"You and I will have to settle this sooner or later. It's better to do it today than to choose another day."

Han Qi glanced at Lin Yi. "Go and play. This is between me and him. No matter if I'm dead or Alive, don't interfere, understand?"

With one sentence, he completely took Ji Chi into his arms and saved Lin Yi from embarrassment.

After all, he was only an external helper in name, and it wouldn't be nice if Lin Yi left the most troublesome Ji Chi to him and went to find the pushovers himself.

Lin Yi laughed, "do I look like a busybody?" But don't worry, if you die, I'll personally take care of your corpse. "

"Get lost!"

Han Qi's face darkened as he kicked Lin Yi, "Damn it, you can't even say a few auspicious words. I'd be more like the one to collect your corpse!"

"You're so protective of that kid, hehe, aren't you afraid of being countered by your junior again?"

Ji Chi looked at Lin Yi coldly as he charged towards the reserve team, but he didn't move.

Of course he wanted to kill Lin Yi, but doing something like that in front of Hanqi was suicide!

If he could get rid of Han Qi today, then killing Lin Yi would be a piece of cake. As for how the reserve team would die, that was du wuhui's reserve team, what did it have to do with him?

Han Qi looked at him seriously, "to make it clear, I have never acknowledged anything like the saying that the lower is the bane of the higher. As for betrayal, that is even more nonsense."

"Oh?"

Ji Chi couldn't help raising his eyebrows in surprise.

This was a huge black spot that he had been carrying on his back for a long time. Even though he scoffed at it on the surface, he had always been very concerned about it in his heart. It had even vaguely become an inner demon.

His overreaction to Qiu sanniang was proof of this.

"I only believe in one thing."

Han Qi slowly raised his hand, and thousands of finger tips appeared around him. He said in a deep voice, "The weak are prey to the strong, the winner is king!"

"What a good way to call the winner King!"

Ji Chi's face was full of admiration. The other party's words had solved the knot in his heart that was about to become a demon, making him feel light all over. "I have to say, you're very stupid, but it's very interesting how you're stupid!"

The heart-breaking demon reappeared around him, and this time, he was obviously more careful than when he was dealing with Lin Yi. The heart-breaking demon was almost solid now!

In this state, one could maximize the power of the domain, but at the same time, one would be deeply bound to the domain.

Once the domain was broken, the person would also suffer serious injuries, and in serious cases, it might even be fatal.

On one side was the heart-wrecking demon, which was more than a thousand feet long, and on the other side was a swarm of bees composed of thousands of spinning tops. From the scene alone, Hanqi was undoubtedly much thinner, giving people the feeling that he could not even withstand a single claw from the heart-wrecking demon.

However, the result was shocking.

After the spinning Bee swarm collided with the mind-wrecking demon head-on, it did not cut the mind-wrecking demon with the power of the vortex as Ji Chi had expected. Instead, they self-destructed in a group.

BOOM! BOOM! BOOM!

Each explosion was like the collapse of the sky and the collapse of the earth, as if a Heavenly Tribulation had descended. The shocked freshmen in the distance began to doubt their lives. Those who were slightly less composed directly collapsed on the spot, and a wave of aftermath swept over them and instantly caused them to collapse.

"This is the Academy's top-notch combat power!"

Even Wei baizhan and the other core members were dumbfounded when they saw the ring-shaped sinkholes that had appeared out of thin air.

If they were in this position, they wouldn't even be qualified to be cannon fodder!

In just one exchange, the heart-breaking demon was blasted into thousands of holes, and Ji Chi actually suffered a great loss. He looked at Han Qi with a little more fear.

"Self-destruction? This isn't your style. "

"He who is with the company of ink is black," said Hanqi with a playful smile, "you'll learn a thing or two after hanging out with a weirdo like Lin Yi for a long time. He explodes without saying anything, and I think the effect is pretty good, don't you think?"

"Hehe, then just wait to be consigned to eternal damnation with him!"

Ji Chi grinned hideously and pressed down again. This time, the form of the heart-breaking demon was not only more solid than before, but also grew countless demonic claws, and the pressure was at least doubled!

Even this was not his true strength.

Of course, Han Qi was not one of them. Although they had been enemies for many years and had never stopped testing each other, intelligence was intelligence, and actual combat was actual combat. Before they had truly tested each other's trump cards, no one would risk everything!

At the same time, Lin Yi, who was supposed to be the center of attention, had charged into the reserve team alone and went straight for the two strongest core officers.

The judge, Ke Wuxie.

Axe slave Bi Kun.

"What an arrogant brat!"

Ke Wuxie was shocked. Ji Chi aside, he and Bi Kun were two real masters at the peak of the middle stage of the Heaven-Sundering complete realm!

Moreover, in addition to the two of them, there were also many heaven crushing peak middle stage experts in the reserve team, and the rest were the best of the peak early stage experts. All in all, there were 60 people.
