Chapter 9721 The Power Of The Devil

Looking at the majestic figure slowly walking down from the sky, everyone in the audience stopped their movements at the same time. Those with slightly weaker willpower felt their knees go soft. As for the native people, they directly bowed and paid their respects, as if they were worshiping a God.

"The God of Slaughter ... Bai Qi!"

Chu Mengyao's heart was also in a state of shock. Even she would never have thought that the God of killing Bai Qi would appear in front of her, even if it was just a thought and not his actual body!

Don't forget that this was the assassin God's secret realm. In the minds of all the ancient people, Bai Qi was the sole ruler. In this world, he was the God of creation!

Baiqi finally landed in front of him, his eyes focused on Mengyao. "Die," he said.

The moment the word "die" left her mouth, Chu Mengyao was immediately enveloped by an endless killing intent. This wasn't just a mental pressure, it was a completely physical killing intent!

Mengyao activated her domain instinctively, but it didn't work. They weren't from the same plane, and there was no attack or defense. Mengyao was crushed to death on the spot.

The whole place was dead silent.

Chu Mengyao's strength was obvious to all. As long as she had her eyes on someone, there was almost no one who could last a round. Every time the black blade light appeared, it would take at least one head. Wherever she went, both friend and foe, the first reaction was to retreat. No one thought that it would end in such an unexpected way!

The remaining people were all trembling in fear.

If even Chu Mengyao ended up like this, they would be in an even more miserable state. They quickly knelt down like the other natives, afraid that they would be the next unlucky one.

In front of the threat of death, the so-called dignity of an expert was nothing more than a fart. Nothing was more important than living!

Those so-called experts who only knew how to hold on to their dignity and not let go were simply not at their level. As long as they were able to endure to the peak of the late stage of the consummate level of big shots, which one of them didn't have a dark history of enduring humiliation to carry out important tasks?

Luckily, Baiqi's consciousness had been summoned to deal with Chu Mengyao. This was the plan that the King of Qin had made.

After all, in his opinion, the biggest threat other than Jing Ke was the GAO Jianli that Chu Mengyao was playing. This was the closest assassination attempt in history to succeed, so Chu Mengyao was his main target from the beginning!

As Baiqi's will dissipated, the scene once again fell into a dead silence.

The group of baptism participants looked at each other for a while, then began to fight again. The Qin camp, which had originally been completely at a disadvantage, suddenly became stronger.

After all, this was their home ground. Although there weren't any Qin soldiers participating in the battle, there were still quite a number of guards who joined the battle. With their strength, they were strong enough to turn the situation around. It was just that they were suppressed by Chu Mengyao's killer weapon, so they couldn't show their power.

As a result, as the overall strength of both sides drew closer, the battle became more and more tragic.

These were the elite fighters of Jianghai Academy, and yet, one after another, they fell. In just a few minutes, the number of casualties was comparable to the massive Attack on the Academy's prison.

After all, whether it was the Academy or the semi-master Department, it was impossible for them to gather so many high-end combat forces, and they could not afford such a shocking loss.

At the same time, the battle inside the hall had also entered a state of white heat.

Even though Qin Wang was fighting one against three, he still had the upper hand. Zhao Gao, Qin Wuyang, and even Jing Ke were all wounded!

If that was all, it would not be so bad. The key was that the Qin Emperor, who had immortality, seemed to be a perpetual motion machine. Not only was he immortal, but he also had endless power.

If it were any other expert of the same level, they would have long collapsed after such a long time of full power output. However, not only did he not collapse, but he also became more and more energetic as he fought.

On the other hand, Jing Ke and the other two, who were supposed to have the advantage in this battle of attrition, began to show signs of fatigue. It was not until this moment that everyone finally understood that from the beginning to the end, it was not them who were exhausting Qin Wang, but Qin Wang who was exhausting them!

"If Jing Ke still doesn't use his trump card, the outcome of this match is already set."

Lin Yi was watching all this from the void. The four people's combined attack didn't really land on him, but the moment before the attack landed, he opened a spacetime crack and hid in it.

If that was not the case, if he really had to rely on his own strength to withstand it, even the strengthened version of the five elements extreme reversal would be useless. That kind of attack could instantly evaporate the primordial spirit and the physical body, and not even a single cell would survive. There was no chance of recovery.

It was all thanks to Lin Yi's void armor that he had a qualitative change in time and space power, allowing him to open a spacetime Rift and escape.

"Jing Ke is a man of few words," Chu Mengyao said. "He won't make a move unless there's a 100% chance of success."

She was dragged in by Lin Yi.

In fact, if Lin Yi had expected this situation, then he didn't. The fact that Baiqi had his eyes on Mengyao was completely out of his expectations.

If it weren't for the many life-saving items that the darkness demon beast had given her, and the fact that she had just used up a substitute Gu that could be counted on two hands, she would have been killed by Bai Qi's will.

In this land of killing God, there was nothing that could resist Bai Qi's will. In fact, there should not even be the slightest thought of resisting, as that would be courting death.

Chu Mengyao naturally didn't have such thoughts. She had a lot of life-saving items anyway. She didn't feel bad selling her own land. There was no need to save these things for the dark Demon beast.

The space was too narrow, and Lin Yi and Mengyao could only stick to each other. They were completely isolated from the outside world, and it was truly a world of two people.

Mengyao's breath was all over Lin Yi's neck as she spoke, causing him to turn his head to the side so that he wouldn't be noticed.

He didn't know that Chu Mengyao had already noticed Lin Yi's body's reaction. She couldn't help but roll her eyes, "Don't let your thoughts run wild!"

"I haven't thought of anything yet," Lin Yi shrugged helplessly, "there are some things that I can't control."

"You still dare to say that!"

Mengyao pinched his waist hard, but pressed her face against Lin Yi's chest. It wasn't the right time, but she wished that this moment could last forever.

After all, wasn't this the moment she'd come to Sky Class Island all by herself?

"It's starting!"

Lin Yi's spirit was suddenly lifted as he used his top-tier spirit sense to observe the situation outside. After hundreds of rounds of battle, at the cost of Qin Wuyang and Zhao Gao's heavy injuries, Jing Ke finally found the chance to attack.

Chapter 9722 Power

Absolute zero.

The entire Xianyang Palace turned into a giant ice sculpture in an instant. The experts and the local Aboriginals outside were caught off guard, and they all fell into the enemy's hands. They were all wiped out in an instant, leaving no chance of survival.

Even Qin Wuyang and Zhao Gao were unable to escape the absolute zero temperature. They were treated as dead.

Mengyao was dumbfounded by what she saw with Lin Yi's divine sense. "Everyone was wiped out without any difference. I thought he was just hiding his strength. I didn't expect him to be so vicious!"

Lin Yi's heart was pounding as well.

He was not surprised by Jing Ke's ruthlessness, as it would not be strange for anyone to do anything in such a situation. What was shocking was the power of absolute zero.

Absolute zero was a theoretical baseline of the world's temperature, and was naturally one of the origin laws. It was just that even if they were all origin laws, absolute zero was still much lower than the level of time and space.

He had never expected that the power that burst out in an instant would be so terrifying!

One had to know that this was far from the true absolute zero. One could only say that Jing Ke's comprehension and control of laws were already ahead of everyone present, including Qin Wang, who had the undying body, and naturally, Lin Yi.

Banshi Luo had made a system to measure one's mastery of the laws-if the mastery of a particular law was a hundred, then Lin Yi's mastery of the law before was only at the beginner level, at best one.

Now that he'd swallowed the void venomous inner part, Lin Yi's control over time and space had increased by several times. He was already close to the edge of five, and could be considered to have some small success.

As for Jing Ke's control of absolute zero, it had probably exceeded 10!

Among all the big bosses of rules that Lin Yi had met, only Luo Banshi could suppress him. It was hard to say for the others, even the Sea King Xiang Yusheng. After all, Lin Yi had never fought with Xiang Yusheng properly, so this was only a rough assessment. He would only know the details after fighting them one by one.

At this moment, Qin Wang, who was the first to bear the brunt of the attack, was completely frozen like the others. He had become a human-shaped ice sculpture.

On the surface, he looked dead, but neither Lin Yi nor Mengyao, nor Jing Ke, who was standing in front of him, thought he was dead.

After all, he was an undying man.

Looking at the stunned expression on the ice sculpture of King Qin, Jing Ke said with an indifferent face, ""This is not the true absolute zero. I know I can't kill you, but I can freeze you forever. I wonder how long your will can last?"

A person could not die, but their thoughts would dissipate.

Even if Qin Wang was an undying, once his consciousness dissipated, it would be no different from death. Standing in Jing Ke's position, he would naturally be able to achieve his goal.

This strategy sounded outrageous, but it was his only way to deal with an undying, only it would take a lot of time.

It could be decades, centuries, or even thousands of years.

He had spent so much time just so that he could level up and take the most important step when he left the land of slaughter.

"Is it worth it?"

Chu Mengyao couldn't help but click her tongue in the space-time crack. She always thought that it was just a rumor in the cultivation world, but she didn't expect it to happen in front of her eyes.

"It's worth it for him," Lin Yi said, deep in thought.

How many people could not take that step in their entire lives? for those with a strong will, it was nothing wrong to spend hundreds of years to fight for that slim chance.

"Then what should we do?" Mengyao asked. Are you going to squat here and wait with us?"

She did want to be with Lin Yi for a long time, but she didn't want it to be this way. After all, no matter how she looked at it, it was like going to jail.

Plus, there were too many things and people waiting for them outside. If they were stuck here, they might never be able to see the people outside again. Neither she nor Lin Yi could stand that.

"Then we can only take a gamble."

Lin Yi carefully observed Jing Ke's every move. After this huge battle, Jing Ke must have used up a lot of his energy. If Lin Yi and Mengyao worked together, they might have a chance of winning.

However, even if he was scheming against someone else, it would still be extremely dangerous if he really fought.

Lin Yi and Mengyao wouldn't be able to handle the absolute zero temperature if it happened again. The best result would be to escape back into the spacetime void crack. It was extremely risky.

"Wait, there's a problem!"

Lin Yi suddenly felt that something was wrong. He thought that the Emperor could at least last a few hundred years, but it had only been a few minutes, and the invisible will that enveloped the ice sculpture was weakening rapidly!

At this rate, it would probably completely dissipate very soon.

"Is the king just a good-for-nothing?" Mengyao asked, surprised.

Lin Yi shook his head after a moment of silence. "No, we underestimated the power of absolute zero. To us, only ten minutes have passed, but to the people inside, time must have been extremely long. Maybe even thousands of years have passed in Qin Wang's mind!"

"This ... Sounds a little scary ..."

Chu Mengyao's hair stood on end. After coming to Sky Class Island, she had been through so much that she had already trained her mentality. A little stimulation wouldn't cause any emotional fluctuations in her. However, thinking about Qin Wang's situation, she couldn't help but feel a chill in her heart.

Qin Wang couldn't endure this kind of torment. If it were her, the result would be the same.

"I can't wait any longer!"

Lin Yi, on the other hand, wasn't as emotional. He took advantage of the opportunity and attacked without hesitation.

If she allowed Qin Wang's consciousness to dissipate completely, not only would she be unable to defeat Jing Ke, Mengyao's mission would also be over. At that time, she wouldn't be facing just a dangerous enemy, but a life and death trial from this world.

"He's still alive!"

The moment Lin Yi flew out of the space-time void crack, Jing Ke reacted immediately and released an absolute zero with all his might!

Even a Lion would use its full strength when hunting a rabbit. Unlike the previous long and drawn-out battle of attrition, Jing Ke's first move was a hand-to-hand spear, obviously intending to see life and death in one move!

Other than being able to freeze everything into ice sculptures, the most terrifying thing about absolute zero was its instantaneous burst of speed. As long as it was within its range, that speed had already surpassed all movement techniques.

Even Lin Yi, who had the impermanent steps, had no chance of dodging.

According to common sense, Lin Yi should've been dead by now. After all, Qin Wang had an immortal body, but Lin Yi didn't. He wouldn't even have the chance to last an incense's time in the ice.

But in the end, Lin Yi dodged it. Jing Ke's eyelids twitched as he looked at the figure in front of him, "You've mastered the compound laws of time and space? How is that possible?"

Chapter 9723 The End

Time and space, any one of them was a top-tier rule. Luo Banshi and Xiang Yusheng had dabbled in either one of them, and they were already the top existences in Jianghai Academy.

As for dabbling in both at the same time, or even combining the two together to form a unified space-time, ordinary people would not even dare to think about it!

Lin Yi, on the other hand, took it for granted. He didn't even think about whether anyone had taken this path before, just like how he'd naturally chosen to cultivate the perfect Five Element domain.

Following one's heart, one had to walk one's own path-this was the most important conclusion of Lin Yi's many years of cultivation.

From the weakest point of his life, every step Lin Yi chose was the perfect path to becoming a strong man!

Normal speed couldn't handle absolute zero, but Lin Yi had mastered the rules of time and space. He could stop the time around him for a short time and use this instant to get rid of the man in the painting's restriction, crossing the space reversal opportunity.

This was what had happened in an instant.

And this instant was enough to determine life and death!

Lin Yi didn't hesitate to use his strongest trump card, the five elements extreme, metal element God-destroying slash!

Time froze, and a human-shaped sharp sword, which was a combination of Supreme sharpness and domineering divine sense, passed through Jing Ke's body. Then, with a face full of astonishment, Jing Ke slowly fell to the ground, and his life force was wiped out on the spot.

"It's over?"

Chu Mengyao, who followed them out of the space-time crack, saw this scene and her mouth was wide open for a long time before she came back to her senses, ""An existence of this level was killed by you in one move? I thought my strength was about the same as yours, but it seems like I've been overthinking."
"

Lin Yi, on the other hand, collapsed on the spot-he almost fell to the ground, but Mengyao caught him in time.

"I'm already a five-card stud. If I can't kill him now, he'll be the one killing me."

Lin Yi felt the emptiness in his body, even his sea of consciousness was empty. He couldn't help but smile bitterly-it would take a while to recover.

Although the God-exterminating slash looked the same on the surface, it was completely different on the inside.

In the past, the core of the God-exterminating slash was a combination of metal-elemental power and divine sense. Time freezing was only a supplementary characteristic. It was naturally successful against ordinary opponents, but it was useless against true experts, especially big shots of rules.

However, the power of time was the biggest part of the God slaying slash. In terms of level, time freeze was far more domineering than absolute Zero's ice seal. Only after the opponent was completely frozen could the God slaying Slash's power be unleashed to its greatest extent.

This was because in this state of time freezing, the other party would not have any resistance. No matter how strong the physical recovery ability was or how high the protection of the primordial spirit was, it was useless. After all, when time started to flow again, everything would have ended.

Just like what had just happened.

He didn't know where this Jing Ke came from, but he was definitely the highest level Lin Yi had killed so far. Even if he wasn't on the same level as Banshi Luo, he was at least half a level higher than the five Giants!

"Yes, yes, I know you've worked hard."

Mengyao smiled as she helped Lin Yi sit down. She leaned on the side, her heart at peace.

Lin Yi, on the other hand, wasn't so relaxed. "Jing Ke is taken care of, but there's still Qin Wang, who's even more difficult to deal with. If he regains his breath, we might not have the ability to deal with his undying."

Lin Yi's worry was not unfounded.

With Jing Ke's death, the ice of absolute zero was frozen into a pool of water without a source, and its strength was rapidly weakening. Meanwhile, Qin Wang, whose mind was frozen in the ice and on the verge of collapse, was recovering at a speed that could be seen by the naked eye.

As long as the intent didn't dissipate, he would still be an undying. When the absolute zero temperature disappeared completely, he would immediately return to his peak state!

He was the one who suppressed Jing Ke and the others in a three-on-one fight. Now that it was Lin Yi and Chu Mengyao, especially when Lin Yi was an empty shell that had used up all his strength, there was no suspense in the fight.

Suddenly, the situation became precarious again.

Soon, Qin Wang's life force started to recover. Lin Yi wanted to force his hand again, but he was stopped by Mengyao.

"Leave the rest to me, but the scene will be a little ugly. Close your eyes and don't peek."

Lin Yi was surprised, but he had absolute trust in Mengyao. He closed his eyes and listened.

Chu Mengyao pursed her lips and smiled. She turned to look at the Qin Emperor, who was slowly waking up from the ice. She took a deep breath, and the shadow of a giant beast appeared behind her.

If Lin Yi were to open his eyes now, he'd realize that this ancient beast's origin wasn't simple at all. It was the infant body of the divine beast kun Peng, and its name was Ying.

Once it grew up, it would be a real kun Peng, much more powerful than a variant like the void Phoenix. However, all godly beasts took a long time to mature. There was a high chance that it would still be in its infancy when Chu Mengyao died of old age.

The baby Gu circled around the king, signaling to Mengyao like a giant pet that had just found its delicious food. It only opened its mouth and swallowed the king after Mengyao gave the green light.

Mengyao frowned. She was now one with the infant Gu, and even though the King of Qin had fallen into its mouth, Mengyao had to share the benefits and side effects.

Qin Wang had the undying, it could be said that he was the most difficult existence to digest in the world. Even with Ying Gu's innate ability, it might not be able to withstand it, and might even explode!

The good thing was that Mengyao's Dark Phoenix bloodline had already awakened, and it wasn't just a normal awakening-it was a deep second awakening. She could already use some of her innate talents, like devour.

The infant Gu might not be able to digest the immortal soul, but the Dark Phoenix, who was born with the ability to reincarnate, would have a much lower difficulty in digesting it completely. It would only take some time.

"If you digest it well, you'll be able to directly control the undying, and it should be a step further than Qin Wang himself. At that time, you'll be one step closer to the true big shots of the laws."

Lin Yi was genuinely happy for Mengyao. He couldn't think of anything else that could deal with the combination of the Dark Phoenix bloodline and the undying.

With that, he didn't have to worry about Mengyao's safety anymore. Even if the dark Demon beasts turned on him, they wouldn't be able to do anything to Mengyao.

"I told you not to look!"

Mengyao turned around and punched the guy's stomach, letting the baby out to eat. She didn't care if they were in front of other people, but she didn't want Lin Yi to see this.

Chapter 9724 The End

Lin Yi put up his hands innocently, "I really didn't see it. My eyes were shut tight. I just subconsciously used my divine sense to scan it ..."

"You call that not looking?" Mengyao chuckled. Be careful, you might get a sty!"

"What F * cking needle eyes?"

Lin Yi didn't know whether to laugh or cry. "When Qin Wang's will vanishes, this baptism should be over. Other than the two of us, all the other participants will be wiped out. It's really not a joke to say that we'll only have a slim chance of survival."

"Yes."

Mengyao nodded, but that wasn't what she was concerned about. She buried her head in Lin Yi's back, "Long time no see again."

"It's fine. There's still a long way to go. We'll have a lot of time together in the future. "

Lin Yi patted her hand on his neck, comforting her, but his heart was filled with melancholy. He'd had no chance to spend time with all the girls he'd met on Tianjie Island, and now he had to part with Mengyao- it'd be a long time before they could meet again.

"If a man's words could be trusted, pigs would be flying," Mengyao mumbled.

The time spent in the world of the two was always particularly short. As the last trace of Qin Wang's consciousness collapsed, the entire surrounding space began to become illusory. The obsession of the ancient people was satisfied, and it turned into two pure and huge forces that surged into the bodies of the two.

For a moment, the two of them trembled at the same time, and the aura around them began to rise at a speed visible to the naked eye.

It had been a long time since Lin Yi felt the barrier of his realm loosening up, and he couldn't help but be overjoyed. As long as he survived one baptism, he could at least break through one realm. He thought that this would only be effective for normal practitioners, and the effect would be greatly reduced if it were him.

But it turned out that Lin Yi had underestimated the level of the Assassin's baptism. The energy that was flowing into his body now was comparable to the full strength of King du when he absorbed it.

More importantly, it didn't stop.

Soon, the five Element perfect domain's unique chasm was filled up, and Lin Yi's comprehension of the domain rose along with the process until it was the last step.

A Big Shot at the peak of the middle stage of the consummate level had succeeded!

In fact, with Lin Yi's strength level, especially his understanding of territory power, he was far beyond his peers. After all, he was an existence who had touched the threshold of laws.

In terms of level, it was like a college student who had studied advanced mathematics but had to do junior high school mathematics questions in return. Under the strategic position, it was naturally very fast to get the hang of it. As long as the power reserve was in place, theoretically, it was reasonable to even advance three levels in one step.

However, the five Element perfect domain's power was that other students only needed to pass, but Lin Yi had to get full marks. Compared to other people's normal exam, he was doing the mathematical Olympiad exam, which was two levels more difficult!

"I guess I have the potential to be a top student."

Lin Yi couldn't help but facepalm as he recalled the difficulty of the breakthrough. He could foresee that it would only get harder and harder from now on. If it wasn't for his understanding of the laws of space and time, he would've been stuck at this step. No matter how much energy he had stored up, it would be useless.

However, even so, after successfully breaking through to the next realm, the huge power from the baptism reward was almost exhausted, and there was no more energy left to break through to the next realm.

At this rate, if he wanted to continue leveling up, he would have to wait for the next opportunity.

Unfortunately, the Assassin's baptism was a rare opportunity. Even with Lin Yi's current strength and status, it was as hard as ascending to heaven to find a similar opportunity.

"It seems that I have to maintain a good relationship with Tianji in the future."

Lin Yi smiled helplessly. If there was anyone in the repeat division who might know about this, it would be Tianji.

Fortunately, with the breakthrough of his realm, his overall strength had ushered in a surge. Even if he could not completely suppress the other five, he was already one of the top existences among them. He was not afraid of being at a disadvantage when fighting.

Plus, Tianji had the intention to get on Lin Yi's good side.

Not long after Lin Yi was done, Mengyao was also done with her work, but there was a bit of regret on her face.

"He didn't manage to take that step?"

Lin Yi couldn't help but frown. Mengyao was already a giant at the peak, and one more level and she'd be able to take that step. Logically speaking, as long as the baptism reward wasn't overrated, it should be a reasonable thing.

Mengyao shrugged. "I think I did, but I don't think I did. I'm not sure."

It was a typical case of listening to the words of the king was like listening to a speech ...

"Could it be that his comprehension of the laws is not enough?"

This was the only reason Lin Yi could think of. He still didn't know what realm a Big Shot would reach after the ultimate completion, nor did he know what kind of standards he had to reach to take that step.

However, from the experience taught by Banshi Luo, in addition to the minimum power storage, the degree of understanding and control of the rules was an essential key parameter. The only thing that was not clear was what degree it needed to reach!

First of all, it definitely didn't need to be 100%.

Luo Banshi had once vaguely revealed that the domain cultivation of a giant at the great circle of perfection was essentially a preview of the cultivation of the laws of the next major realm. It could be seen that 100% control of laws was the core mission of the next stage, and there was no need to achieve it in one go during the breakthrough stage.

Secondly, it must be more than ten percent.

Lin Yi's control over time and space was only around five percent, while Jing Ke's control over absolute zero was ten percent. Banshi Luo's control should be even higher, probably above twenty percent.

This did not rule out the possibility that Banshi Luo was deliberately suppressing his cultivation to accumulate his Foundation, but it could also be concluded that the bottom line of crossing that step was definitely more than 10%.

This was Chu Mengyao's weakness.

Mengyao nodded, deep in thought. "That's one thing, but I have a feeling that this has something to do with the degree of awakening of the Dark Phoenix bloodline in me. As for what to do, it seems that I can only go back and ask those darkness magical beasts."

"Be careful," Lin Yi lowered his voice.

Those who are not of our race must have a different heart.

Although he couldn't see the dark side of the beast yet, as long as Chu Mengyao didn't truly belong to her, there would always be a huge danger. She might unknowingly fall into the dark beast's trap.

"I understand,"

Mengyao frowned. "Something's happened to the dark Demon beast. It's calling for me to go back as soon as possible."

Lin Yi blinked, a bold possibility suddenly crossing his mind. "What if you don't go back?"

Chapter 9725-Power

Mixing with the darkness magical beasts wasn't a long-term plan, and if he could take this opportunity to escape, although he would inevitably lose a lot of opportunities provided by the darkness magical beasts, it was definitely not a bad thing in the long run.

Mengyao's eyes brightened, but before she could reply, a giant hand of chaos appeared in the air and held her up.

"Looks like it won't work."

Mengyao smiled helplessly and waved at Lin Yi, mouthing four words silently, "Remember to miss me."

Then, with the support of the giant chaos palm, he broke through the void and left.

Lin Yi was shocked. If it wasn't for his recent increase in control of the spacetime rules and the fact that he could open a spacetime Rift on his own, he might not have been able to truly understand how terrifying this scene was. But now, he was so shocked that his hands and feet were cold.

He ignored the barrier of the land of Asura and pierced through the void to take Chu Mengyao away. What kind of power was this!

Lin Yi suspected that even if he increased his control of spacetime to 100%, he still didn't know if he could do it.

The moment Mengyao left, the space around Lin Yi started to destabilize as well. A vast amount of spatial energy wrapped around Lin Yi and started a reverse spatial transfer.

Due to the spatial coordinates, Lin Yi should've landed in the dragon's lair's Secret room, returning to where he came from.

However, perhaps he was affected by the chaos palm, the whole teleportation process was extremely dangerous. If it wasn't for Lin Yi's control of the laws of space and time, he would've been thrown into the crack in the void and never reincarnated.

After a series of twists and turns, they finally landed safely.

Lin Yi scanned the area-the skyscrapers weren't in the repeat school's area, nor were they in the inner parts of the school. It was probably in Jianghai city.

"Alright, I'll make a trip to the formation Lord's residence."

Ever since the situation changed, Tang Yun had moved the society to the Wang family. Lin Yi had wanted to come out and see for himself, but his strength was limited, and he had to face the fallen Dragon right after reaching the top five.

This time, he could get what he wanted by accident.

But just as Lin Yi was about to move, his spirit sense detected a familiar face five miles ahead, and this familiar face seemed to be in trouble.

You Cl 'er.

This beautiful manager of the central chain hotel was still full of femininity after not seeing her for many days. Her curvaceous and seductive body was wrapped in a tight-fitting cheongsam, and a pair of smooth and fair long legs were faintly visible, which was very attractive.

"Manager you, oh no, I'm not anymore. Miss you, my master would like to see you."

The four strong Men in Black surrounded you Cl 'er and looked at her with burning eyes. They wanted to burn her cheongsam on the spot, but when they thought of their master's order, they forced back their beastly nature.

"Who is your master?"

You Cl 'er's pretty face turned slightly cold, and she instinctively covered her chest with her hands. Little did she know that this action of hers made her figure even more alluring, and the four of them swallowed their saliva in unison.

The leader laughed, "you're indeed a rare beauty. You don't have to ask about my master's identity. You just need to know that he's the most respected person in Jianghai city. I'll be direct. It's your honor to be able to catch my master's eye, miss you."

"The city Lord's mansion?"

You Cl 'er had just uttered these three words when she saw the other party's expression change. It was obvious that she had guessed correctly.

The current situation was getting more and more chaotic, and it seemed like a storm was coming. All the forces, big and small, were annexing each other, trying to store up as much strength as possible to deal with the upcoming Great Tribulation.

Under such circumstances, the position of the city Lord's mansion, which held the most powerful military force in Jianghai city, naturally became higher and higher.

In the past, in times of peace, the various forces could still develop on their own. They did not need to show the city Lord's face, and the city Lord could not do anything to them. After all, if they did something wrong, it would arouse public anger and cause them to be attacked.

However, things were different now. The various forces were busy with their own affairs, and the city Lord's mansion was undoubtedly the most powerful force in Jianghai city. Not long ago, there was even a huge tragedy where the entire family was executed.

In the past, this matter would have definitely caused the entire Jianghai city to explode. The city Lord's mansion would have been overturned by public anger on the spot. However, now, all the families were collectively silent, afraid that they would become the next model example for the city Lord's mansion.

With that, the status of the city Lord would naturally rise, and only the person from the city Lord's mansion would be qualified to bear the weight of the most distinguished figure in Jianghai city.

"Miss you is really smart. Since you've guessed it, let's go."

The Men in Black immediately forced you Ci'er to board the flying shuttle. They had absolute confidence that no one in Jianghai city would dare to refuse their master's invitation, let alone you Ci'er, who was just a woman.

You Ci'er bit her lips and could not help but feel powerless.

As the manager of the central chain hotel, she had dealt with all kinds of people in the past and had her own way of dealing with men. However, that was purely for work purposes. She was not a real socialite, and she had never been seduced by any man.

However, if she was taken away today, there was no need to even think about the consequences. There was no possibility of her escaping unscathed.

As expected, the leader of the Men in Black added, ""Miss you, if you have anything you need in your daily life, you can also bring it along because you might need to stay here for a while."

You Cl 'er's heart instantly sank to the bottom.

Her strength was limited, and she wasn't even at the consummate level of a giant. On the other hand, the four black-robed men were all experts at the middle stage of the consummate level of a giant. If any one of them came, she wouldn't be able to escape. Moreover, even if she called for help in public, no one would come to meddle in her business.

After all, this was Jianghai city, not the Jianghai Academy. A powerhouse at the middle stage of the consummate level standing on the streets was still very impressive. Under normal circumstances, they could do whatever they wanted. Furthermore, they had the backing of the city Lord's mansion.

Even if they occasionally felt indignant about the injustice and felt sorry for her, they would at most curse her in their hearts and would not dare to show any trace of it, let alone help her.

"Let's go?"

The leader of the Men in Black smiled evilly and pursed his lips. "I actually don't mind using force on miss you. After all, it's not a loss to be able to touch a stunner like you. However, my master might not be too happy about it, so I'll try my best to restrain myself. But you have to know that a man's restraint is limited in front of a stunner like you."

You Ci 'er hurriedly retreated when she saw the other party's lecherous hands coming for her. Unfortunately, there was a corner behind her and she had nowhere to retreat to.

Chapter 9726

At this moment, a refreshing voice came from behind them, ""We're in public. It's better for you to restrain yourself. Otherwise, the scene might be uglier."

The four men in Black turned their heads in unison. Seeing the familiar figure, you Ci 'er was overjoyed. ""Young hero Lin!"

"Yo, long time no see."

Lin Yi greeted you Ci 'er with a smile. He had a good impression of this beautiful manager. After all, she knew how to conduct herself well, and he'd received a lot of care from her when he first came here.

The leader glanced at Lin Yi and laughed coldly, "How can there still be idiots who are not afraid of death in this year? Kill him, we don't have time to waste on a dead man. "

You Ci 'er suddenly woke up from her joy. "Lin shaoxia, you should leave. These are my friends. You don't have to worry about me."

The four men in Black couldn't tell what level Lin Yi was at, and she couldn't even tell since she wasn't even at the peak of the Big Shot's full cultivation. She only knew that Lin Yi should be at the early or peak of the early stage of the full cultivation. After all, he was at this level when he first came here.

Although it had been a few months since they last saw each other, this short period of time was like the snap of a finger for an expert at the great circle of perfection. It was almost impossible for there to be any changes in their strength.

No matter how talented Lin Yi was, he could only barely level up by one level. It was useless in front of four big shots at the middle stage of full cultivation.

Lin Yi was confused, "is Jianghai city in such a mess now?" The first thing you say is to kill?"

In his impression, although it was chaotic before, and Nanjiang King's subordinates were not polite to him, they would at least pretend to cover up their actions and not shout to kill in public.

"Don't you know that times have changed? Hehe, idiot. "

The leader gave the order, and one of the men in Black attacked immediately. He activated his earth element domain and charged at Lin Yi without saying anything. It was obvious that he wanted to use the strength of his domain to crush Lin Yi.

Lin Yi couldn't help but look at her strangely.

It was true that this was how Domain Realm Masters usually started their battle, and it was a well-acknowledged standard process. However, the opponents Lin Yi had met in Jianghai college were all monsters with their own unique ways of dealing with things. They would always use their killer moves

that were impossible to defend against, and he had never seen anyone who followed the process so honestly.

It couldn't be helped. He usually dealt with top students, so it was quite fresh to suddenly meet an average student who did the questions obediently.

"You're already scared silly?"

The Men in Black couldn't help but sneer, and even you Cl 'er couldn't bear to watch anymore. She wasn't a Big Shot in his full cultivation, but she knew the key to a battle between domain masters. Lin Yi was obviously in trouble for not moving.

However, just as the earth element was about to touch his head, Lin Yi extended a finger.

"What is this? Are you looking to die?"

The Man in Black laughed wildly. The earth element domain was the most majestic and heavy. It could be said to be the strongest of all the domains. Even a master with a strong physical body would be crushed into pieces if he faced it head-on. This kid actually only extended a finger?

In the next second, the earth element domain collapsed, but Lin Yi, who they thought would be dead, was unscathed.

Everyone was dumbfounded.

"It's such a weak earth element domain, don't embarrass yourself with it," Lin Yi said slowly.

This wasn't acting cool, but the truth.

Whether it was Lin Yi's own earth element Titan Buddha, Yan Zhongyuan's earth element gravity, or Ying Long's earth element earthquake, all of them were insanely strong. They couldn't even show the basic earth element's thickness when they suddenly encountered such a mediocre Earth domain. There was nothing good to say about it.

"He's acting mysterious. He must be carrying some treasure that can restrain the earth element!"

The leader of the Men in Black gave a look, and the two men beside him understood and attacked Lin Yi at the same time.

The two were metal and wood element, and they both used their own domains to crush Lin Yi. They thought that they'd be able to catch Lin Yi off guard, but Lin Yi jokingly pointed to both sides, and the two domains collapsed at the same time.

The leader's eyes were wide open as he looked at Lin Yi, his eyes filled with fear.

No matter how slow his reaction was, at this time, he also realized that he had kicked an iron plate.

"Who are you?"

The leader's forehead was covered in cold sweat. His strength was not much higher than his three subordinates, and even if he attacked, the scene would not be better. He could only threaten, ""It's the city Lord's Manor's business. If you're sensible, you'd better get lost!"

"Is the city Lord's mansion ... Very scary?"

Lin Yi raised an eyebrow. The name of the city Lord's mansion was enough to scare off any faction, but Jianghai college was an exception.

In terms of numbers, the city Lord's mansion paled in comparison to the Jianghai Academy. Unless they could unify the entire city, they would not even be on the same level.

The few Men in Black looked at each other and realized that they had encountered a tough opponent, but they still did not give up."Boy, now that our city Lord's mansion has control over the entire city, don't think that you can escape after making a mistake here. Before it becomes an irredeemable mistake, I advise you to be sensible!"

"Listen to others and eat your fill."

Lin Yi nodded, but before the others could celebrate, he raised his head. "But I have a very bad habit. I've never known what it means to be sensible. This habit was brought to me from my mother's womb. Do you think I can change it?"

"Hmph, if you can't change, then die!"

The leader of the black-clothed men saw from the corner of his eye that a team of patrolling experts from the city Lord's mansion had arrived. He immediately regained his confidence and immediately snorted coldly, calling for his subordinates to attack together.

The four of them were big shots at the middle stage of the consummate level. In addition, the team of eight that had rushed over was also a Big Shot at the consummate level. With such a powerful lineup, he didn't believe that they couldn't kill a yellow-haired brat!

Lin Yi smiled nonchalantly, his eyes focused as an unparalleled spirit sense swept across the entire area.

His divine sense trembled, eight layers of resonance!

You Cl 'er was dumbfounded as she watched the twelve Almightyies fall. She looked at Lin Yi as if he was a God, and couldn't help but ask, "Did you make all this?"

"It's just a little trick, it can't be used on the stage. "

Lin Yi replied naturally.

You Cl 'er was speechless."He knocked out 12 well-trained Almighties in one go. How is this considered an underhanded trick?"

"It's alright, it's only useful against minions. "

Lin Yi wasn't trying to act cool-the divine sense was just a support skill to him, and its effect was limited when fighting someone of the same level. A one on one divine sense explosion was more like it.

Chapter 9727

"Minion ..."

You Cl 'er didn't know what to say anymore. If even a Big Shot at the middle stage of the consummate level was a Lackey, then what about her? however, she was still worried and said,"Lin shaoxia, you should quickly find a place to hide. When they wake up and alert the city Lord's mansion, things will be troublesome."

She now believed that Lin Yi was strong, but to fight the city Lord's mansion on his own was still wishful thinking. That wasn't the way to look for death.

"Actually ... They won't wake up," Lin Yi said with a shrug.

The effect of a normal deified soul shock was indeed just to make people dizzy for a moment, but now that his cultivation level had risen, his primordial spirit had also risen to the peak of the middle stage of the consummate level of a Big Shot. In addition to the impact of the eight-layered resonance, it was enough to cause permanent shock damage to the primordial spirit of a low-level target.

In other words, the primordial spirits of these people had already collapsed. Even if they did not die on the spot, they would be in a vegetative state, with no possibility of standing up again.

“.....”

You Cl 'er didn't know what to say anymore. She would never have thought that Lin Yi, who was suppressed by Nanjiang King's Men a few months ago, would grow to such a terrifying level in such a short time.

Killing 12 Almighties at the great circle of perfection with a single glance was something that had completely exceeded her understanding.

Lin Yi, on the other hand, was confused, "Manager you, how did they get their eyes on you? With the reputation of the central Chamber of Commerce, even the city Lord's mansion wouldn't dare to provoke them, right?"

With the immense power of the central Chamber of Commerce, if the city Lord's mansion really thought that they could be easily bullied, then they could only say that they had too much water in their brains and were floating.

You Ci 'er smiled bitterly. "Although the city Lord's mansion is like the sun at High Noon, they've always treated us with respect. However, we received orders from our superiors to evacuate everyone from Jianghai city. Now, other than me and a few people who stayed behind, the Chamber of Commerce has been completely evacuated."

"The central Chamber of Commerce is retreating?"

Lin Yi couldn't help but be surprised. As far as he knew, the central Chamber of Commerce had always advanced triumphantly, and they would enter as long as they could, quickly growing into a local giant. This was the first time he heard of them retreating, especially when they were retreating from a rich land like Jianghai city!

You Ci 'er reminded him seriously, "young hero Lin, I'm not too sure about the details, but I'm sure that Jianghai city will undergo a huge change soon. You have to be prepared as soon as possible. If possible, it's better for you to leave Jianghai city."

"Are you leaving too, manager you?" Lin Yi asked.

You Ci 'er shook her head helplessly. "I'm a local. The higher-ups specifically asked me to stay behind to prepare for the reconstruction one day. I can't leave."

"But if something really happens, you won't be able to protect yourself with your strength, right?" Lin Yi frowned.

"What else can I do? I'll just leave it to fate."

You Ci 'er smiled. In fact, she did not even need to wait for anything to happen. Today's situation had already proven everything. With her beauty, once she lost her protection, she would immediately become a target that everyone would covet. It was easier said than done to live a stable life.

Lin Yi thought for a moment, "I'm in need of an assistant who can help me manage my business, would manager you be interested?" Of course, you can also return to the central Chamber of Commerce after the situation has stabilized. Before that, you just have to help me train a few successors. "

You Ci 'er was stunned, "young hero Lin, you are a student at Jianghai college right? how can you let an outsider like me in?"

"Usually not, but I can think of a way."

Lin Yi smiled. If he couldn't even get someone into the repeat division with his status as one of the five Giants, then he'd be wasting his time. After all, he wasn't really letting you Ci 'er enter the school, he was just borrowing her place as a supernumerary staff.

You Ci 'er's beautiful eyes looked at Lin Yi for a while before she finally blurted out, ""Lin shaoxia is really a person who surprises people everywhere."

"Then, I'll have to rely on manager you, oh no, miss you."

Lin Yi was genuinely happy. He had quite a few strong people under him who fought and killed, but he didn't have a single business talent. Although he could let Tang Yun take care of it, it wasn't a long-term plan.

You Ci 'er's business talent was a must for her to be able to get a place in the central Chamber of Commerce, and Lin Yi had personally experienced how she dealt with people-there was no place where he could have too many people like her.

You Ci 'er smiled sweetly."In that case, please take care of me in the future, young master Lin."

"I'm going to the talisman king's house next. Do you want to come along, or do you want me to send you to Jianghai Academy first?"Lin Yi smiled.

Now that things had developed to this point, both of them knew that the city lord's estate would not let this matter rest, so you Ci 'er could not stay behind by herself no matter what.

"Let's go together," you Ci 'er said directly."Young master must have some business dealings with the formation talisman Wang family. I'll take the opportunity to get to know them."

"Alright," he said.

Lin Yi nodded in admiration-that was how things should be done.

Not long after the two left, another patrol team from the city Lord's mansion rushed to the scene. Very quickly, the investigation report of the twelve giants 'full cultivation exterminated' was placed on the head of the number one person in the city Lord's mansion, Jianghai city's city Lord, Li Songzhang.

"There aren't many people who have the guts to attack my city Lord's mansion in broad daylight. Let's make use of the waste and use the soul-searching technique to investigate."

Li Songzhang slowly brewed tea, his elegant aura was not inferior to that of a literary master. In fact, the Li family had always been proud of their poetry and etiquette inheritance, and he really considered himself a scholar.

As for being the city Lord of Jianghai city, it was just a mundane task that he had no choice but to do.

Li Muyang smiled and stood up. "Let me do it. I love the Taste of Soul-searching techniques. It's more satisfying than playing with women."

However, after using the soul-searching technique, Li Muyang was stunned. He looked at his father with a strange expression. "Interesting. I met an old acquaintance. I remember that he should have gone to the Repeat Academy. Why did he come out?"

Li Songzhang searched one himself, frowning after confirming Lin Yi's identity.

All dangerous people in the mayor's mansion would have a file on them, especially after Lin Yi became one of the five big names in the Repeat Academy. Even if the Repeat Academy didn't have much contact with the outside world, such important news couldn't escape the mayor's mansion's surveillance.

"One second-rate, five Giants. Dad, this is a good opportunity to test the strength of Jianghai Academy!"

Li MUYANG's interest was piqued-he didn't have any deep grudges with Lin Yi to begin with, but they'd gotten to where they were today, and they'd accumulated quite a bit.

If Lin Yi continued to hide in Jianghai Academy, there was nothing he could do. After all, if the city Lord's mansion were to meddle with the affairs of the school, it would be equivalent to declaring war on the school. The city Lord's mansion couldn't afford to pay the price.

But now that Lin Yi had come out on his own, there was nothing to worry about.

Chapter 9728

"The incident at south side prison caused quite a stir," Li Songzhang muttered.

"That's Jiang Long's own stupid mistake. He attacked without any preparation. Last time, Lin Yi was able to escape unscathed because the first seat, Xu Anshan, stood up for him. Now that they're like fire and water, he's already a repeat student. Xu Anshan can't possibly bring the school to help him, right?"

Li MUYANG laughed coldly, "it's good enough that Xu Anshan is gloating over Lin Yi's misfortune. As for the repeat students, would they stand up for Lin Yi?"

Everyone knew that the repeaters were in a state of disunity. If something really happened to Lin Yi here, he could guarantee that the other five would hit him when he was down. They wouldn't even think about helping him!

"That's good too. Jianghai Academy is getting more and more out of hand. They've brazenly extended their hands into our city. It's time to give them a warning. "

Li songzhang thought for a moment and said, "inform the second hunting team to gather. They have wasted so many precious resources of mine. It's time for them to show the value of their existence."

"Sure, I can't wait any longer." Li MUYANG stood up.

Naturally, Lin Yi had no idea what was going on in the city Lord's mansion. He had already brought you Cl 'er to the gates of the formation Lord's house.

The door was tightly shut.

Lin Yi and you Cl 'er looked at each other, and the latter said, ""I heard that the Wang family has run into some trouble recently. The son of the city Lord, li MUYANG, seems to have his eyes on the Wang family's business."

"Li MUYANG has such great power?"

Lin Yi couldn't help but be surprised. Li Muiyang was a rich second generation at best, and he could only bully small forces. However, if he really wanted to go up against a big force like the Wangfu clan, even if he had the ambition, he wouldn't be able to do so.

You Ci 'er analyzed, "the city Lord's office is like the sun in the sky. They're asking all the forces in Jianghai city to make a choice. They either choose to submit and take the initiative to be incorporated or choose to resist. If they do so, they'll be the next to be exterminated!"

"Before this, they were only targeting small and medium-sized powers. But now, their appetites are getting bigger and bigger. It's within expectations that they'll turn their attention to major powers like the talisman Wang family."

"This time, it's not the city Lord's mansion that's stepping in, but Li Muiyang himself. It's most likely to test the bottom line of the various forces. The Wang family will be the first to bear the brunt of it, and their fate will probably become a benchmark for the other forces."

Lin Yi nodded. "You have a huge business that can lay golden eggs, and you were in trouble before. Now it's even worse. The city Lord's mansion picked a good persimmon."

An ordinary man is innocent, but a treasure is a crime. This was the current situation of the Wang family.

After not seeing anyone open the door for a long time, Lin Yi brought you Ci 'er over the wall and entered. The moment they landed, the two of them were covered in layers of formations.

You Ci 'er could not help but feel a chill run down her spine. She was a person who knew what was good. Any one of these arrays was the work of a Grandmaster and was definitely a divine artifact used to

guard a house. They could be sold for a sky-high price in the market, but there were more than ten arrays stacked on top of each other in front of her!

It had to be said that in terms of wealth, if the Wang family claimed to be second, no other family in Jianghai city would dare to claim first.

Outside the layers of formations, a group of clan guards surrounded a young man with an arrogant face as if they were facing a great enemy. ""Where's Yan Jiang? Taking a large amount of our Wang clan's stipend, all you know is to hide and laze around all day long. How can this kind of trash be worthy of being the guard commander of our Wang clan?"

After he finished speaking, he pointed to a fawning attendant beside him and said, ""You, go and inform Yan Jiang. Tell him that if he doesn't roll in front of me in 15 minutes, he will lose his position as commander. From now on, you will be the guard commander!"

The attendant was overjoyed and quickly left.

The rest of the people looked at each other and carefully reminded, ""Second young master, since this person dares to barge into our Wang clan's inner court, he should have some strength. We have to be careful."

However, the second young master looked at them as if they were idiots. ""Are you new here? Do you know that not only are our Wang family's formations and talismans the best in Jianghai city, but our house-protecting formation is also the best in Jianghai city? even the city Lord's mansion can't compare to us, so why would we be afraid of a couple of thieves?"

As soon as he finished speaking, Lin Yi raised his leg and kicked, breaking a dozen formations.

The entire place was silent.

You Cl 'er covered her red lips and her eyes were filled with shock. After a long while, she finally said, ""Young master, you are truly full of surprises."

She wouldn't be surprised if Lin Yi just brought her to break the formation, but this was such a simple and brutal method. The Wang family's house protection formation shouldn't be this weak, right?

Lin Yi commented with a straight face, "Compared to the level of talismans and formations, the level of formations here is really lacking. No matter how many you stack, it's just for show."

He was a genuine Grandmaster of arrays. That kick looked simple and crude, but the technical content hidden in it was beyond the imagination of laymen.

Not only the direction and strength of the kick, just finding the eye of the array, which was also the foothold to break the array, was enough for the array Masters here to study for three to five years.

Breaking the array with his big feet was a famous method on the sub-Island!

It could be said that there were advantages and disadvantages in every place-even the earth Class Sea area couldn't completely crush all the places Lin Yi had been to.

For example, the immortal soul Stage and the formation skills.

"Just for show ..."

You Ci 'er had no more energy to complain. He was probably the only person in the world who would treat the protective array of the royal family of array talismans as a mere show.

At this time, the people on the opposite side finally reacted. The second young master, who was protected in the middle, snorted coldly and said, ""What an adulterous couple who don't know their place! You actually dare to barge into my formation talisman King's residence. Don't you know how to spell the word "death"?!"

You Ci 'er's face was slightly red.

"Who are you?" Lin Yi asked, confused. When did the Wang clan change the commander of the guards?"

The only person Lin Yi had a deep impression of in the Wang family, other than Tang Yun and Wang Yuming, was the Smoking Man Yan Jiang.

In the past, due to his limited realm, he could not see the depth of this person's strength. Now that he thought about it, he could finally see some clues.

This person's strength wasn't just in Jianghai city, he could even make a name for himself in the repeat Academy. At least, he wasn't below Lin Yi before the Assassin's baptism!

For such a powerful figure to be willing to stay in the talisman Wang clan as a so-called guard commander was truly inconceivable!

No matter how deep the Wang family's Foundation was, no matter how good the treatment they gave, Lin Yi didn't think that it would be enough for someone from one of the five greats to follow them willingly, especially with a status like this. There had to be some hidden reason.

However, it was because of this person that Lin Yi could let Tang Yun stay in the Wang family. Otherwise, with the chaos in Jianghai city, he would have found a way to bring Tang Yun back to Jianghai college.

Chapter 9729

"Kid, listen up. This is the second young master of the Wang family, young master Wang shaochuan!"

A subordinate jumped out to flatter him.

Wang shaochuan sized Lin Yi up for a while before his eyes finally fell on you Ci 'er, ""If she stays, I can let you live. Get lost."

Lin Yi and you Ci 'er looked at each other-this was the younger generation of the talisman Wang family? No wonder it had to turn from prosperity to decline.

"Where's Tang Yin?"

It'd been too long since they'd last met-Lin Yi wanted to see how Tang Yin was doing in house Wang, and didn't have the time to waste on a rich kid.

Wang shaochuan was stunned, and his eyes suddenly turned cold. ""Tang Yin? You and that B * tch ..."

Before he could finish his words, a powerful spiritual sense attack landed on his sea of consciousness, causing him to faint on the spot. If it wasn't for the relationship between Tang Yun and the talisman Wang family, he would have followed in the footsteps of the 12 experts from the city Lord's mansion.

At Lin Yi's level, killing had become an instinct-he had to restrain himself to be reasonable with people. Of course, if the other party didn't listen to reason, then he'd have no choice but to die.

Wang shaochuan fell down, and the Wang family guards were shocked.

He was the most respected young master of the direct line of descent in the family, and his father was running for the position of the new head of the family. If something were to happen to Wang shaochuan in front of them, none of them would be able to escape!

"Protect the second young master! Everyone, let's kill him together!"

Someone immediately took the lead in attacking Lin Yi.

Lin Yi frowned-he was still a member of house Wang, after all, and while he was only Tang Yin's personal bodyguard, it'd still be quite embarrassing for him to actually fight house Wang.

However, since these people had come to him first, Lin Yi wasn't going to be soft-hearted.

No matter how big the rules of the Wang family were, they were not bigger than the rules of the cultivation world. The strong could not be humiliated. This was the privilege of the strong.

Lin Yi's eyes narrowed as he was about to make his move when a white smoke drifted past him. Yan Jiang's lazy voice came from behind him, "Hey, hey, you're just here to visit the bride. You don't have to make such a big scene, right?"

"Commander Yan, long time no see."

Lin Yi turned around with a smile, only to receive a helpless roll of eyes from Yan Jiang. "You didn't know how to control your strength. You've been causing trouble for me since you came back. You didn't even bring me a good cigarette."

As he spoke, Yan Jiang casually struck his palm at the crowd. The White smoke turned into invisible giant palms and smacked all the clan guards to the ground, causing them to vomit blood.

Lin Yi's eyes twitched-the guy was a lot more violent than he was, alright?

"You little brat, you might have gotten into trouble this time."

Yan Jiang pouted and pointed at the unconscious Wang shaochuan in the distance. ""That father and son are both Masters who seek revenge for the smallest grievance. Now that they are both in power, you'd better be mentally prepared."

Lin Yi looked at him curiously,"what kind of mental preparation is that?" At most, I'll just quit being a bodyguard. What's the big deal about them having me?"

At the end of the day, Lin Yi's only relationship with the Wang family was with Tang Yun. He'd never even met the others, so naturally, there wasn't any friendship or feelings between them.

Yan Jiang laughed."That's true. You're a Big Shot now. A small temple like the talisman Wang family really can't accommodate a big God like you."

"Aren't you also a great God?"

Lin Yi probed.

Yan Jiang shook his head. "I'm different from you. You can leave without any worries, but I can't. Besides, the Wang family has never treated me badly all these years. Although there are many idiots in the Wang family, there are also people with sharp eyes who can see through things."

"I hope I can meet a few more discerning people."

Lin Yi smiled. He didn't care much about his relationship with the Wang family, but he didn't want to ruin it unless he had to with Tang Yin.

Furthermore, the talisman Wang family was a leading power in Jianghai city. If they truly wanted to, there were many opportunities for mutual benefits.

"That will depend on your luck."

"Are you looking for Tang Yun?" Yan Jiang asked. "I'll find someone to bring you there."

As he spoke, he walked over and kicked an unlucky guard over. As for himself, he frowned and started studying the formation that Lin Yi broke. He was the guard commander of the Wang family, after all, and he had the responsibility of protecting the Wang family. Without these formations, he would have a lot more work to do.

However, the difficulty of these formations had clearly exceeded his level. After all, he was not a professional formation Grandmaster.

Lin Yi couldn't help but chuckle at the guy's troubled look. He went up and fixed the formation in a couple of moves, even making some changes to it. It wasn't that he wanted to be nice to the Wang family, but it was purely an obsessive-compulsive disorder caused by his profession.

Seeing that the house-protecting formation had been renewed, Yan Jiang looked at Lin Yi in surprise, "A person like you really won't starve to death no matter where you go. If those few leaders at the top of the family don't have eyes, the Wang family will really suffer a huge loss."

"I'm just average, just trying to make a living. "

Lin Yi's Versailles only got a roll of his eyes.

With someone leading the way, the two arrived at Tang Yun's place in no time. She had to manage the society now, so she might as well move over and live with the people there.

Tang Yun was having a meeting with the core members of the society, and the atmosphere was tense.

"Miss Tang, we can't go on like this. The Wang family keeps sending people to interfere with our assembly line, and many key links are under their control. If this continues, I'm afraid our talisman making society will have to change its name."

The one who spoke was the Vice President and Technical Director, Liu Yiyuan.

As a pure technology fanatic, he'd been suppressed back when he was under Jiang Ziheng. After turning to Lin Yi, he'd achieved great things-he'd relied on the never-before-seen talisman-making assembly line to increase the overall production and control of talismans by several times, but he still couldn't change his straightforward nature as a technology fanatic.

Now that the talisman making society was living under someone else's roof, if his words fell into the Wang family's ears, it would definitely set off another wave.

She'd gotten into a lot of trouble because of this before, and Tang Yun was already exhausted from being stuck in the middle, especially with the change of the head of the Wang family coming soon. The atmosphere was a little strange, and she and the talisman society were now some people's bargaining chips, making her feel even more pressured.

"Even though our talisman making society is now a guest of the Wang family, we are still a part of Jianghai Academy. This is a fact that no one can change. If anyone dares to have such thoughts, we will be the first to object!"

The rest of the Vice Presidents expressed their opinions one after another, which immediately received the unanimous approval of all the core members.

At the end of the day, Jianghai Academy's students were their most important identity. If the Wang family wanted to swallow them up, they would have to get past Jianghai Academy first!

Tang Yin's face was full of helplessness as she looked at the excited crowd. "Don't get too excited, everyone. I'll report this to the Grand Elder. The Grand Elder has already promised me that we'll remain independent and not interfere with the talisman making society's internal affairs. "

Chapter 9730 The Power Of The Devil

"What's the use of a promise on the lips? Everything they say can be a lie. Just look at their actions and we'll know what the Wang family wants. Miss Tang, don't be fooled by them. "

One of the Vice Presidents stood up and said,""Or is it that miss Tang already knew about this and you acquiesced to it? It's not that we don't believe you, but you're still a member of the Tang family. "

The other higher-ups also stood up and chimed in,""Any passerby can tell what the talisman King family thinks of our talisman making society. In any case, I don't believe that miss Tang has been kept in the dark from the beginning. Miss Tang is thin-skinned and soft-spoken, so I think it's not impossible for her to be moved by the words of the elders of her family, right?"

"The talisman society's surname is Lin now, but it might change to Wang in the future. I wonder what President Lin will think if he finds out?"

The few of them chimed in one after another, and the rhythm was instantly brought up. The scene was about to get out of control.

After all, they had been living under someone else's roof for the past few days. The members of the talisman making society would have some thoughts, especially when the Wang family was constantly playing tricks. It would be a lie to say that they didn't have any emotions.

Tang Yin remained silent, having no intention of defending herself.

However, Wang shiqing jumped up to defend her, "Can't you guys tell what's the relationship between Tang Yun sis and Lin Yi bro? Do you know how much she's suffered in front of the elders in order to keep the talisman society independent?"

"Women are fickle. There has been no news from President Lin for so long. Who knows if miss Tang's heart is still with President Lin?"

"I've heard that the higher-ups of the Wang family are spreading rumors that they want miss Tang to marry the city Lord's mansion. Perhaps someone has already fallen for it?" someone said sarcastically. After all, it's human nature to climb higher and higher. "

This time, even Wang shiqing didn't want to say anything. She took out a stack of array talismans and was about to slap them on the face.

"Isn't this a little off-track?"

Liu Yiyuan felt that something was wrong with the situation. He only raised this question because he wanted to see the situation as it was, and he didn't want to target Tang Yun. Why did it seem like he was the one who was forcing Tang Yun to abdicate?

However, it was not easy to suppress the emotions that had been stirred up. Even if he tried to lead the topic back, it was to no avail.

It was always easier to fan the flames than to quell public anger, not to mention that the Wang clan's actions over the past few days had indeed caused many people to accumulate negative emotions.

The internal meeting that had been going well suddenly went out of control.

In the end, someone actually took the lead in calling for an acting president. The acting president would be in charge when Lin Yi wasn't around, and the first candidate was Liu Yiyuan.

Liu Yiyuan immediately frowned, 'I'll be the acting president? Forget it, you should find someone else. I'm only in charge of the technology, don't look for me for anything else. "

"Vice President Liu, you're the person everyone trusts the most other than President Lin. You've seen miss Tang's awkward situation. She's stuck between us and the Wang family, and there are many things that are difficult to deal with. Only if you stand out can we resolve the urgent situation!"

"That's right. If you become the acting president, not only will you be able to ensure the independence of our talisman making society, but you will also be able to help miss Tang out of her predicament. It's killing two birds with one stone!"

The leading higher-ups of the talisman making society chimed in one after another and directly lifted Liu Yiyuan up. If they continued to talk like this, he would become the sinner of the society if he didn't agree.

Liu Yiyuan couldn't back down, and Wang shiqing was so angry that she wanted to kill someone. Tang Yun, who had been silent for a long time, suddenly stood up.

All of a sudden, everyone's eyes fell on her.

But Tang Yin only stopped the girl, "Let's go,"

She was really tired. On one hand, she had to endure the supercilious looks of others, on the other hand, she had to endure the suspicion of the people in the club. Even if she was exhausted, she could still hold her breath in order not to let Lin Yi down, but now that everyone wanted Liu Yiyuan, she would just do it.

Although Liu Yiyuan was the one who started the meeting today, Tang Yin trusted his character.

However, just as she was about to walk out of the door with Wang shiqing, a familiar figure suddenly blocked her way.

"Even if someone wants to leave, it won't be you."

Hearing the familiar voice, Tang Yin couldn't help but burst into tears. She raised her head and punched Lin Yi's stomach, crying, "You still know to come back!"

"Yes, I'm back."

Lin Yi felt the pressure on his stomach and smiled bitterly to himself. Why was Tang Yin becoming as violent as Mengyao? was it true that each place raised its own people? were they both assimilated by the simple folk customs of Sky Class Island?

"Lin Yi big bro!"

Wang shiqing jumped up and turned around to see you Cl 'er's smile. She was surprised and happy, "Sister you Cl 'er is here too! That's great! I have someone to play with again!"

Tang Yin came back to her senses and rolled her eyes at Lin Yi shyly, wiping away the tears.

"You've worked hard during this period of time. Leave the rest to me. "

Lin Yi patted Tang Yin's back lightly and walked into the meeting room. He smiled at the shocked faces of the higher-ups, "Chen Qiao, you've turned into a yellow robe. Should I call you President Liu from now on, brother Yiyuan?"

"Huh?" Liu Yiyuan was stunned. "I don't want to be the acting president at all."

"You don't want to be one, but someone else does, isn't it?"

Lin Yi smiled at the crowd, and everyone gulped, the temperature dropping by ten degrees.

The group of higher-ups who were leading the commotion earlier shrunk their necks back. It had been a few months, but Lin Yi's power was still there, not to mention that they knew about Lin Yi's advancement to one of the Big Five in the repeat school.

If they were to face off against such a top figure, even if the entire talisman making society were to attack together, it would only be a matter of a slap, let alone a small group of them.

"I think the acting president's suggestion is pretty good. It's better to do it today than to choose another day. Let's settle this today."

Lin Yi had a smile on his face, but the more he smiled, the more scared everyone was.

Who didn't know that Tang Yin was Lin Yi's exclusive property? Tang Yin had been forced to shed tears by them, so how could Lin Yi just let it go like it was nothing? That would really be a ghost!

Everyone looked at Vice President du Yisheng, who had just taken the lead in making the suggestion.

Since things had come to this, du Yisheng knew that it was impossible to hide anymore, so he could only brace himself and say, ""President, I've also considered that miss Tang is in an awkward situation and it's best to have an acting president to help her share the burden. That's why I suggested Vice President Liu. After all, his contributions are obvious to all and he is the most trusted by everyone."
