

Bodyguard 9781

Chapter 9781

What he said didn't sound like a secret or anything important, but it was like the clouds were cleared and the sun was revealed to Lin Yi. It wasn't like he was enlightened, but at least he had a clear plan for what to do next.

This was a timely rain, and he had to remember this favor.

Plus, Yan Chen was a practitioner of karma. He wasn't just revealing some secrets. He was taking a huge risk and placing a huge bet on Lin Yi.

If Lin Yi could have the last laugh, then naturally it would be a happy ending, but if he lost, then he wouldn't be able to escape the consequences.

The first thing he did after returning from the secret Pavilion was to gather all the core combat forces under him.

Sweeping a glance at everyone's current realm, even as the boss, he was secretly a little shocked for a moment.

Little du King Duan she was a big Shot at the peak of the late stage of the consummate level.

Ren Tian 'er, a Big Shot at the peak of the late stage of the consummate level.

Hong Baxian, a Big Shot at the late stage of the consummate level.

Yan Zhongyuan, a Big Shot at the late stage of the consummate level.

Wei baizhan, a giant in the late stage of perfection.

Shen Yifan, a Big Shot at the peak of the middle stage of the consummate level.

Bao shaoyou, a Big Shot at the peak of the middle stage of the consummate level.

Qiu sanniang was a big Shot at the peak of the middle stage of the consummate level.

Other than that, there was also Yue Jian and a group of mid stage consummate level experts, as well as a group of experts from the Overlord's Pavilion. Now, the group of people under his command had already become a force to be reckoned with. Their combined strength was not any weaker than even the old five Giants like tyrant.

To be honest, even Lin Yi himself was surprised that everyone could grow so fast.

He had never held anything back from his own people and provided them with all the team's resources without reservation. On the other hand, he, as the boss, didn't take up much of it.

But even so, no matter how many resources they had, to be able to raise their cultivation to this level in such a short time, in the end, it still depended on their own talent and effort.

At this rate, Lin Yi even had a feeling that his men might all grow into top-tier fighters like the five Giants-it wasn't like they didn't have the potential to be monsters!

Of course, Duan she and Ren Tian 'er, who had reincarnated, were exceptions.

It was completely expected that these two freaks who had broken through a realm a day would grow so quickly to this stage.

If it wasn't for the fact that there was a huge chasm between a giant at the peak of the late stage of perfection and a giant at the ultimate perfection, it wasn't impossible for the reincarnation of the unique King to cross this step even if he managed to complete his reincarnation in one go!

At that time, just Lin Yi's own camp, not counting Luo Banshi and the Wang family, would have at least two top-tier forces, enough to become the true peak of the retained students!

And that day was not far away.

Duan she and Ren Tian 'er were beaten until they were forced to reincarnate. Although it was an extremely dangerous tribulation, if someone took the opportunity to attack them during this period, the two of them would be doomed eternally.

But with Lin Yi's protection, not only did it give them time to grow, but it also gave them all the resources they needed, including the line of human punching bags to train their strength.

This reincarnation was not a disaster for them. Instead, it was an opportunity for them to take a step further. After all, not everyone had the opportunity to do it again!

Not only was Duan she able to steadily reach the peak of a giant's ultimate completion, but even Ren Tian 'er, who was only at the peak of the late stage of the ultimate completion of a giant in his previous life, had also taken a step closer to the ultimate completion of a giant.

According to what he said, it was only a matter of time before he broke through.

After all, before he had reincarnated, he was already an outstanding expert among the big shots at the peak of the late stage of the consummate level. He was only one step away from that step. It was only natural for him to seize the opportunity now!

"It's been a long time since we last met. Everyone's gotten much stronger. "

Lin Yi greeted everyone with a smile, and everyone started laughing.

Qiu sanniang chuckled."Where have you been these days? not even a shadow of the boss has been seen. We thought you've been picked by some rich and powerful family and taken to be a live-in son-in-law!"

Everyone laughed.

Yue Jian teased,"with boss's strength, which family has the right to make him a live-in son-in-law? it's more like he's paying for it. By the way, sanniang, why are you so nervous about boss?" Don't tell me you've taken a fancy to boss?"

"So what if he likes it? don't let your own fertile water flow into others 'fields, do you understand?"

Qiu sanniang held Lin Yi's arm graciously, causing the crowd to boo her. She wasn't annoyed, but instead, she laughed even more happily.

At this moment, Yan Zhongyuan, who had been silent all this while, suddenly said,""Who's the fertile water and who's the field between you and old Lin?"

"....."

The crowd burst into laughter.

Qiu sanniang blushed and pointed at Yan Zhongyuan, speechless. ""God Yan, you're usually quiet. I didn't expect you to be so quiet!"

After everyone joked around for a while, Lin Yi returned to the main topic and told them about his and Yan Chen's speculations.

"If that's the case, we can't just passively defend. My suggestion is to attack and force the person behind the scenes to come out!" Shen Yifan said in a deep voice.

"That's right. A prolonged defense is bound to lead to failure. With our current manpower, it's not easy to completely defend such a large territory as the eastern area."

The one who spoke was Bai Yuxuan, the former second-in-command of du wuhui. He was now Shen Yifan's assistant, playing the role of the advisor and think tank in Lin Yi group.

When Lin Yi wasn't around, the core members could focus on improving their strength without any worries. Shen Yifan was able to manage everyone in an orderly manner, and it was all thanks to him.

Hong Ba first nodded."One punch can open the door, so as to avoid a hundred punches. If we continue to passively defend, not only will we suffer losses, but I'm afraid it will also attract the covetous eyes of other forces."

He was naturally not talking about the small forces below, but the other five Giants.

They might be silent as if it didn't concern them, but they were all ambitious people. Once Lin Yi group showed signs of decline, they would definitely pounce on it and bite.

There was no doubt that this was the norm in the school of repeaters.

The rest of the core combat power also responded one after another. This group of people were all monsters with extraordinary talent, and none of them would like to passively defend.

It might be a little too much to say that they wished for the world to be in chaos, but it was definitely not an exaggeration to say that they were warlike Masters in their bones.

Even the taciturn Yan Zhongyuan's eyes would light up when he met a strong enemy.

Lin Yi nodded. "It's not our style to be beaten up passively. We'll change our strategy and attack from all sides. Even if we have to turn the entire repeat school upside down, even if we have to dig three feet underground, we have to find those guys!"

Chapter 9782

Everyone was immediately eager to try.

These days, they had been sullen. Although they were not necessarily at a disadvantage in every head-on fight, because of the huge pressure on their defense, they were really a little exhausted and in a sorry state.

Now, with Lin Yi's words, he could finally give it a try!

"The eastern area isn't guarded anymore?" Shen Yifan reminded.

The East District was their current base, and it could also be said to be an existence similar to a base camp. Once they gave up on defense, it was like the door to their home was wide open, and they could not even sleep well.

"I'm here," Lin Yi smiled.

Everyone was stunned. Then, they remembered this guy's abnormal ability and came to a realization.

His boss was known as the king of doppelgangers of the new generation. He didn't even need to leave the hall of Kings. As long as he sat there, drank tea, and watched videos, countless doppelgangers would run errands for him.

The key was that these were all domain clones, and any one of them was so strong that they'd cry without tears. If they were to really talk about it, Lin Yi's defense alone was more efficient than all of them here!

It was really like comparing goods to throw away, comparing people to people to die.

Especially at Lin Yi's level, creating a few clones didn't cost him much anymore. After all, domains had an endless supply of energy, and unless it exceeded his limit, he didn't need to worry about it.

This was also the decisive advantage of a domain master over other cultivators!

"In a few days, when the children of the major families come, let them change their defense. It's a good time to train the soldiers and let them get used to it as soon as possible."

The reason why Lin Yi agreed to take over the Wang family and their formation wasn't just for business. He also wanted to pick out a group of people from them and train them.

Even though the cultivation of these descendants were not on par with the students of Jianghai Academy, their family background was still there. Their foundations were not that far off and they were the ideal candidates for the position.

Everyone responded and left.

In the following days, as Lin Yi's group's core forces were all mobilized, the entire repeating school was in a tense atmosphere.

It was not only the other five Giants, but the other 13 heroes and various forces also wisely chose to withdraw their defense. Even the ubiquitous scavengers had decreased.

Unless they had no other choice, none of them came out to move.

The entire repeating Academy fell into a strange silence.

However, everyone understood that this was only the calm before the storm. With the clash between Lin Yi's group and the mysterious Army, the repeaters would have an unprecedented battle.

Some people even had a feeling that the scale of this battle wouldn't be any smaller than the battle between the five fallen Dragons!

This war was destined to be a long one, and if the mysterious Army didn't show up, it would be extremely difficult for Lin Yi's group to find them in this huge compound.

But soon, everyone realized that they had still underestimated Lin Yi's group's strength.

He didn't realize it before, but this time, the entire repeat school was turned upside down.

Lin Yi's core combat force wasn't brainless. They weren't just good at fighting-they had a hundred ways to find people.

The hiding places of the mysterious Army were revealed one by one, and this time, it was their turn to care about one thing but lose the other.

During this time, they had also tried to organize a few large-scale raids on the east side.

Taking advantage of the enemy's empty base to attack the base was a good idea, but unfortunately, they ran into Lin Yi's Army of clones.

Then, he was blown up.

Everyone thought that the scariest thing about Lin Yi's clones was that they all had their own domains, but they didn't know that the real scariest thing about them was their self-destruction.

The most powerful self-detonation was a threat to even ordinary apex experts.

After all, explosions were art.

The situation took a sharp turn for the mysterious Army-they couldn't break in, and many of them were in a nervous state when they saw Lin Yi's appearance-they were afraid that they'd start a postmodern art of explosion without saying a word.

As for defense, Lin Yi group's core forces were just too much-they'd used all the tactics they'd used before on themselves, and even developed all sorts of new tricks.

In just a few days, there were already many casualties.

Although Lin Yi's group would have to pay a price as well, as the attacker, as long as they didn't act too rashly, they could control the casualties.

Not to mention, Lin Yi had the wood element reversal-not only could it heal himself, but it could also be used to treat the injured.

Even if Yan Zhongyuan and his men were injured, even if it looked like a fatal injury, as long as they didn't die on the spot, they could be sent back to the sole King Palace in the East to stay with Lin Yi. They would be full of energy in two days, and they might even become stronger!

On the other hand, once this mysterious Army suffered a loss, it would be a real loss.

Under such circumstances, the morale of both sides was no longer on the same level.

Everyone thought that this would be a battle of the ages, but before the two main characters even appeared, it was already a one-sided situation. As soon as Lin Yi group's side showed their strength, the other side gave off the feeling that they were about to fall.

In a secret base in the repeat school.

A young man with dreadlocks was flustered and exasperated. He pointed at his subordinates and scolded, ""Trash! They're all F * cking useless!"

In front of him stood more than ten magnates at the peak of the late stage of the consummate level. At the same time, there were more than twenty magnates at the late stage of the consummate level.

In terms of the number of high-end fighting forces, they were the best in the entire repeat school.

Even if all the top five Giants were to join forces, they would not be able to match up to this!

The man with the dreadlocks was called Zhao Rikun. He was the absolute leader of this mysterious Army. Such a luxurious lineup in front of them was also created by him!

Before this, the people in front of him were all nameless and at the bottom of the class.

in fact, even their talent was not outstanding in the slightest. just as yan chen had speculated, their path was completely different from the five giants of the past.

the five giants were innately gifted, but under the guidance of the chief affairs director, they had realized their talents in advance.

on the other hand, these high-end combat forces in front of him did not have such strong talents at all. it was only because zhao rikun had used some kind of secret technique that they had grown to their current state.

in terms of methods, zhao rikun's method of creating something out of nothing was even more amazing than the chief affairs director's bo le recognizing horses. after all, to a certain extent, this was already considered to have changed one's fate!

Chapter 9783 Power

It was also because of this that he had the ambition to return to Jianghai city and unify the repeating Academy. In the future, he might even go one step further and directly reach the top of the entire Jianghai Academy!

He really had the confidence.

His Men's Performance gave him some hope-after all, not everyone had the ability to suppress Lin Yi's group to the point of suffocation without even using their trump card.

Who would've thought that Lin Yi's counterattack would reveal his true colors so quickly?

"Mud can't hold up a wall! Dog meat can't be served at the banquet! You all deserve to be trash for life! If I had known earlier, I wouldn't have enlightened you and changed your lives. I should have filled you with sh * t and urine, which is in line with your true nature as trash!"

Zhao Rikun pointed at everyone's nose and started scolding. The words that came out of his mouth were even more unpleasant to hear than a Shrew's curses.

If it were any other powerhouse at the peak of the late stage of the consummate level, they would have already turned hostile at this time. All experts had their own dignity. Even if it was a powerhouse at the peak of the consummate level, they couldn't insult them without a bottom line!

This was the basic pride of all high-end combat forces.

However, from the beginning to the end, this group of high-end combat forces, who should have had enough confidence in everyone's eyes, did not even dare to make a sound. They collectively shrank their heads, like a group of quails who were scared silly.

After scolding for a long time, Zhao Rikun finally got tired.

At this moment, a deep voice was heard, ""President Zhao, why are you so angry? these guys who have been enlightened once are just useless cannon fodder used to clear out the minions. In the end, they are just some smuggled goods who have only achieved a realm. There is no need to have too high hopes for them."

A group of six people appeared in front of the crowd.

Judging from their cultivation level and aura, these six people were only big shots at the peak of the late stage of the consummate level. They were no different from the so-called inferior high-end battle prowess present. However, their auras were clearly much more intrepid.

Any one of them would naturally exude a fierce pressure just by standing in the middle of the field, as if they were top predators who had come to The Hunting Ground. They made everyone present tremble with fear, and they instinctively did not even dare to breathe.

Zhao Rikun laughed. These six people were the real trump cards of his trip, the fate changer who had been enlightened twice!

However, thinking of the recent decline, Zhao Rikun's face turned gloomy, "If they can't hold on as cannon fodder, do you think they'll use your trump cards as soon as they start? What if that Lin Yi has prepared a trap for us? it wouldn't be fun. "

Although he was ambitious, his ambitions were also higher than the sky.

But Lin Yi's recent shocking battle results were there, even if he was also a Big Shot at the peak of the final stage, he couldn't help but feel a little guilty. If he really wanted to fight Lin Yi right now, he might not have the guts to do it!

At the end of the day, his strength did not lie in one-on-one combat, but in changing people's fate and mass-producing high-end combat power!

In fact, even if there were so many high-end combatants at once, Lin Yi could still take them down if he had to risk his life.

At that time, even if they were not completely annihilated, they would definitely suffer heavy casualties.

This did not match his grand ambition to rule over Jianghai Academy!

The bespectacled man who was the leader of the six smiled and said, "Director Zhao, since you don't want to be cooked in one go, why don't you play a game with them? with your relationship with the chief Affairs director, I'm sure Sea King and the other five Giants won't reject your small request."

"What game?" Zhao Rikun was interested.

"A seven-on-seven solo game," the man wearing glasses said. "Best of seven. What do you think?"

"Interesting."

Zhao Rikun's eyes brightened. This was the stage where he could fully display his strength. This way, Lin Yi's personal influence would be reduced to the minimum. After all, no matter how strong Lin Yi was, he would only be able to win one round at most. He couldn't decide the overall situation.

"Why don't you increase the number of people?"

Zhao Rikun was confused.

The man shook his head, "Lin Yi only has a few high-level fighters under him. They won't agree to it if there are too many of them. Besides, it'll be troublesome if we let these once-abhissed trash fight. Only we, who have been abhissed twice, can win for sure!"

Zhao Rikun glanced at the group of quails in front of him and immediately agreed. ""That's right, I'll have them do as you say!"

Very quickly, the other three's information reached Lin Yi.

Lin Yi's face turned weird as he looked at the contents. "Seven against seven? Best of seven?"

Ever since he'd come to the Sky Class Island, he hadn't heard of these rules for a long time. In his impression, these rules would only appear in sports and e-sports in the secular world. He didn't think that it would appear in this place, where the top masters gathered.

"Zhao Rikun? I've never heard of this name. "

Hong Ba first looked at the name at the bottom of the message and carefully thought for a long time, but he had no impression of it even with his experience in the repeating Academy.

Shen Yifan frowned. "This person was able to convince tyrant, Yan Chi, and Tian Ji to help him. His reputation must be terrifying. Could it be that he really has a close relationship with the legendary chief Affairs director? could he be the son of the chief Affairs director?"

Ren Tian 'er chimed in, "We'll just ignore him and continue to beat him to death. Let's see what he'll do!"

Yue Jian chimed in. "Face? what face does he have here? he was the one who attacked first. Now that he's suffered a loss, he wants to change the rules of the game? Change my ass, beat the sh * t out of him!"

Bai Yuxuan frowned and reminded him, "of course we have to beat Zhao Rikun to death. But if we want to integrate the repeat school, we have to give some face to the other five Giants. Otherwise, we won't be able to negotiate."

Tian Xiangyang had given Lin Yi an order to reorganize the repeat students.

This kind of thing was impossible to do purely by fighting, not to mention that Lin Yi group didn't have the strength to fight the other three at the same time. If they really became The Public Enemy, the Sea King Xiang Yusheng alone couldn't handle it.

With Lin Yi's current strength, it wasn't that he couldn't fight back against the king of sea, but he might not be able to win in a 1v1.

Therefore, the only way to integrate the repeating school was through negotiation. Of course, the premise was to establish enough strength.

After gaining an advantage, they would force the other families to sit down and negotiate. Even if they could not truly become one, they would at least form a formal Alliance.

And on this basis, they would carry out a large-scale merger and integration with the many retained students, including the thirteen heroes!

Chapter 9784 The End

The future repeat school didn't need so many self-righteous people.

"That's a good opportunity," Lin Yi nodded.

Without this reason, it would not have been easy for him to get tyrant and the others to sit down and talk. After all, even if it was a meeting of the five Giants, it would not have any binding force.

If they didn't want to attend, no one could force them.

However, if they were to use this match against Zhao Rikun as an excuse to request for them to be witnesses and attend in person, that would be a matter of course.

In other words, they were giving Zhao Rikun face, but Lin Yi didn't have to give them face.

If they wanted Lin Yi to follow their path, they had to show some sincerity, or they wouldn't be able to continue playing this game.

With Lin Yi's positive answer, the name of the five Giants peak quickly spread throughout the entire retained students.

Lin Yi and Zhao Rikun were naturally the main characters of this Summit.

At the same time, the other three of the five Giants also decided to attend in person. As for the thirteen heroes and other forces, they all rushed like a flock of ducks, spreading the news that they would send their respective leaders to attend this unprecedented grand event of the retained students 'courtyard.

The more insignificant a person was, the more they would care about such things and put more effort into it.

This was because they couldn't decide their own fate. Although they were destined to not have any right to speak at such a top-notch occasion, they could at least be closer to those big shots who could judge their fate.

At the very least, they would be able to know the direction of the wind at the first moment, and those who were smart enough to adapt to the situation would be able to take advantage of the situation.

It was not to say that he could control his own fate, but when he was destined to compromise and bow to fate, he could at least be one step ahead of other nobodies at the same level and grab a good position.

In reality, the influence of the five Giants 'Summit was not limited to the repeat students. The entire Jianghai Academy and even the entire internet were paying attention to this grand event.

Because before this, Tian Xiangyang had already personally started to spread the news, building up momentum and warming up for the upcoming top-level peaks of the various Academies.

From a certain perspective, this Summit of the five Giants with Lin Yi as the main character was the prologue to the school's Summit, the most Grand prologue!

On the day of the summit, all of Jianghai city's well-known streamers arrived at the scene early and waited there. This was a good wave of publicity for the repeaters who were not famous because of their isolation.

"I'll go! Isn't that the gentleman sword of the new thirteen heroes? why is he squatting down here like us? he doesn't even have a seat!"

"Nonsense, today's main characters are the five Giants. How can there be a place for the thirteen heroes in front of the five Giants?"

"Speaking of which, isn't there still a vacancy among the five Giants? Will the thirteen heroes take over?"

"You guys are really outsiders. In all these years, there has never been a precedent of the thirteen heroes advancing to the five Giants!"

"How did the five Giants come about?"

"Of course, it's the newbies who'll defeat the original five Giants and rise to the top. Isn't that how Lin Wuju rose to his position?"

After the incident at the city Lord's mansion, Lin Yi became the focus of the internet again.

A busybody listed out all of his achievements when he entered Jianghai college, and the post instantly shot to the top of the trending Searches. The name "Lin Yi" became the Holy Bible of counterattacks in everyone's hearts!

Out of the ten new student Kings, the Academy would challenge du wuhui, the retained students would kill the sole King and the fallen Dragon, and the wind god and Shen family would fight against the Heavenly King Mu Shen!

Lin Yi's every promotion was accompanied by a solid battle record, and even the haters had to use all sorts of fake moral points to defame him.

It wasn't that they didn't want to steal Lin Yi's strength, but they just couldn't.

Even if they had received money from Li Muyang, Jiang Ziheng, and the rest, they could only brace themselves and make innuendos. Even so, they would still be drowned in saliva in an instant, or even end their livestreaming in humiliation.

After all, the audience was not blind.

Finally, as the first of the five tyrants entered the arena, it triggered the first wave of excitement.

Then, it was Tianji and Yanchi's turn.

Because the repeaters were too isolated, the outside world didn't even know much about these top-tier elites. With Lin Yi's huge exposure, these five became the focus of the entire internet.

For a time, posts analyzing and discussing the top five and their respective high-end combat forces appeared on the internet. Although most of them were just speculations, they were not without substance.

Following that, a topic that couldn't be avoided was which of the five Giants was stronger?

Lin Yi's side was the mainstream.

Not to mention that he was a huge topic of conversation, just his series of battle records were enough to be ironclad evidence, especially when he had defeated the only King and the fallen Dragon, two of the five Giants!

However, there were also people who opposed it.

The reason was also very good. At their level, past battle achievements were only embellishments. Only when they really fought with all their strength would they know who was better.

Not to mention Tianji, who was good at divination, tyrant and Yan Chi, who had not made a move for many years, would most likely be earth-shattering once they made a move.

After all, it had been many years since they had become one of the five Giants. After so many years, who could say that they had not made any progress? who could say that they had not been silently holding back a super killer move?

With the huge controversy on the internet, Lin Yi finally appeared on the screen with his core combat force.

At this moment, not only the onlooking netizens, but the leaders of the major forces also showed a solemn expression.

Among them were the Academy's leader, the Tian family's eldest master, Tian Xiangyang, and Jianghai city's number one, city Lord li songzhang.

After the humiliating experience he'd had, li songzhang hated Lin Yi to the bone, but the more he hated Lin Yi, the more he feared him.

This was his nature.

When facing an opponent who was not as good as him, he could play a hundred tricks to kill the other party. Moreover, he would be unable to say a single word of his fault.

However, if he encountered an enemy who was stronger than him, he would instinctively choose to endure. Even if there were times when he was hot-blooded and wanted to fight head-on, he would be forcibly suppressed by his rationality.

I have to endure and become the true number one in Jianghai city. This is almost Li Songzhang's lifelong belief.

Even if Lin Yi was standing right in front of him right now, he'd probably just give a cold Hmph, not even a cold face. He'd probably put on a gentle, Big Boss "face instead, and no one would be able to pick on him.

Chapter 9785 Power

"Dad, what's this Zhao Rikun's background? Can he even handle Lin Yi?"

Li MUYANG asked.

"From the way this guy does things, I can roughly guess that he's neither friend nor foe. It's not a bad thing to let him mess up the school. At the very least, it'll cause Lin Yi a lot of trouble." Li Songzhang said.

"So he still can't take care of Lin Yi?" Li MUYANG asked, stunned.

"It's hard to say what the result will be until the dust settles," Li Songzhang said faintly. "But one thing's for sure, even if Lin Yi is lucky enough to pass this round, he'll suffer a lot of losses. It'll be a fool's dream to reorganize the repeat schools."

There was no such thing as an impervious wall in the world.

Lin Yi's plan to reorganize the retained schools wasn't a secret among the top forces anymore. In fact, Lin Yi wanted people to leak the news.

After all, it was better to let the person involved be mentally prepared for this kind of thing. He couldn't just make a sudden attack and force the person to make a decision within the time it takes for an incense stick to burn.

Since he wanted to be in power, he had to show the pattern and spirit of a leader.

Schemes and plots could only be calculated for a while and could not be put on the table in the end. Only by doing it openly could one truly achieve a great atmosphere!

This arena tournament wasn't so much to deal with Zhao Rikun, but to use it as a stage for Lin Yi to conquer the other three and five Giants. This was the most important meaning of the five Giants meeting!

Lin Yi greeted the other three with a faint smile. Tianji, tyrant, and Yan Chi all nodded to him.

They didn't care about what they thought in private, but they had to respect Lin Yi on the surface. No one wanted to be the next target.

After all, King du and the fallen Dragon had already learned their lesson, so they couldn't ignore it.

After Lin Yi and the others had taken their seats, Zhao Rikun, who had purposely stayed at the back to show off his main character aura, finally arrived with his men, causing a commotion again.

Even the big shots from all over the world who were watching through the screen gasped.

All in all, there were a total of 40 magnate experts at the peak of the late stage of the consummate level and magnate experts at the late stage of the consummate level. Such a large number of high-end combat forces directly suppressed the entire scene!

Not to mention the other forces, even Li Songzhang and the others were horrified. Even the entire city Lord's mansion didn't have so many high-end combat forces.

Perhaps only the United Jianghai Academy could stand a chance against such an extravagant line-up. However, the idea of a unified Jianghai Academy was a lie.

If Jianghai Academy was a complete whole, why would Tian Xiangyang let Lin Yi join the repeat division? why would he organize a school Summit?

All of a sudden, public opinion on the internet changed drastically.

The groups that were optimistic about Lin Yi's chances changed their minds. They didn't want to slap their own faces, but the situation was stronger than the people. With Zhao Rikun's exaggerated lineup, even a dog wouldn't be able to win in the eyes of ordinary people.

Moreover, Zhao Rikun was also an expert at the consummate level of a giant. He was undoubtedly a top-tier expert!

"Lin Yi's in danger, looks like the repeat division is going to have a change of heart!"

"It's not just the repeaters. In my opinion, the entire Jianghai Academy is going to change. It's hard to say if the Tian family can continue to hold their position as the leader!"

Listening to the various discussions below the stage, Zhao Rikun couldn't help but reveal a proud smile.

Even though these low-level lackeys did not know anything, his words were not wrong. His ambition was not limited to the school of repeated students. The entire Jianghai Academy was his goal.

Today it was Lin Yi, and the next one was Tian Xiangyang!

Zhao Rikun indifferently swept his gaze over the five Giants who had already taken their seats and casually cupped his hands in a perfunctory manner. Then, he led his high-end combat forces to the other side of the ring and sat down.

Tyrant and the others frowned.

Although they were not people who cared about trifles, they still knew how to perform the etiquette on such a scene. This was the basic rule.

The three of them were Zhao Rikun's guarantors in the seven-on-seven arena, and Lin Yi wouldn't even bother if it weren't for them.

But now, Zhao Rikun was treating them with such an attitude. Any individual would be infuriated, not to mention the Grand five Giants!

However, when they thought of this person's identity, the three of them chose to bear with it in the end.

It wasn't that they were afraid of this person, but that they had to show respect to the director of General Affairs.

Of course, favors would be used up one day.

After today, what would happen to Zhao Rikun was none of their business. After all, even if the head of Affairs returned, he had no right to order them to do anything.

Because of that indirect relationship, it was enough to give him face.

Zhao Rikun looked around and frowned, "The Sea King didn't come?"

"....."

The five Giants looked at him as if he was an idiot.

Back then, although the director of the General Affairs Department had helped the Sea King Xiang Yusheng a little, the Sea King was the Deputy Director of the General Affairs Department. The two of them were of the same generation, and even if that person came back, he would have to be polite. Where did a crony like you get such confidence from?

Fortunately, the Sea King Xiang Yusheng did not appear. Otherwise, he would have already given this guy a tight slap for his attitude. Did he really think that everyone would spoil him?

The Sea King's bad temper was obvious to all.

Sweeping a glance at everyone's strange expressions, Zhao Likun sneered and curled his lips, "In that case, let's not waste any more time. Let's hurry up and start. I still have other arrangements to make after we're done here."

He was crazy!

The scene and the Internet were in an uproar again-it didn't matter what Lin Yi and the other Big Five were thinking, but the people at the bottom of the social ladder naturally wanted to watch the show.

Especially for these live streamers, the more crazy Zhao Rikun was, the more topics they would have to talk about today. Naturally, the traffic he would bring to them would also be greater. This was exactly what they wanted!

"The rule is one against one, four wins out of seven. Before any party surrenders or dies, no one is allowed to interfere in the battle, or everyone will attack them."

Tyrant carried the wine barrel and casually explained the rules. Then, he began to play with the beauty beside him. The beauty with the wine was the ultimate enjoyment in the world, and all the men present were stunned.

For many of them, if they could get to this point one day, it would be a great completion in their lives!

As soon as he finished speaking, Lin Yi sent out his first contestant. It was the silent Yan Zhongyuan.

A Big Shot at the late stage of perfection.

Chapter 9786

As a new student, Yan Zhongyuan's realm had undoubtedly reached the point of breaking through the sky. Among the new students, only Wei baizhan, who was also a monster, could be compared to him.

Even Lin Yi himself was only a Big Shot at the peak of the middle stage of completion. Of course, a beast like Lin Yi's strength couldn't be measured by realm.

Even in the entire history of the Academy, Yan Zhongyuan and Wei baizhan could be said to be unique existences. They were monsters among monsters.

His realm was a monster, and his strength was even more monstrous.

This could be seen from the nickname that the people around called Yan Zhongyuan-Yan Shen.

Lin Yi's new students were all prideful Masters. Other than Lin Yi himself, only Yan Zhongyuan could make them call him God.

Because of the existence of these people, Yan Zhongyuan might not still be the second strongest under Lin Yi, but everyone, including Lin Yi, knew that the position would eventually return to him.

They were even more certain of this than Yan Zhongyuan himself.

Four wins out of seven games. This kind of competition system determined that the victory of the first game was of utmost importance. The first winner would not only get the advantage of kills, but more importantly, it could greatly boost morale, reduce the psychological burden of his companions who would come later, and build a psychological advantage.

In a battle between experts, the psychological game often had a decisive impact on the final result. The side with less pressure and greater psychological advantage was often the one who had the last laugh at the same level.

That was why Lin Yi sent Yan Zhongyuan.

He wasn't the strongest one under Lin Yi right now, but he was definitely the most stable one!

"You're so embarrassed to send out such a country bumpkin?"

Zhao Rikun sneered and gave his underlings a look. Then, a five-meter-tall giant man stood up from behind.

Breaking through the shackles of growth five times!

Just this terrifying body size alone was enough to make everyone's eyelids Twitch. As the knowledgeable people commented on the internet, everyone was even more worried for Yan Zhongyuan.

There were only two people in the repeat school who had the same precedent. One was the only King, and the other was quanfu.

Such people were all top-notch existences without exception. Even if this person's cultivation realm was at the peak of the late stage of the consummate level of a giant, his actual battle prowess was probably not inferior to an ordinary giant's ultimate consummate level expert in a real fight!

"I'm the Mountain King. Don't forget the name of the person who killed you when you report to the netherworld."

Unexpectedly, the five-meter tall giant's voice was unusually sharp, which was a huge contrast to his fierce and terrifying image, making people feel a strange sense of absurdity.

Yan Zhongyuan looked at him and didn't say anything. He just raised his hand and used gravity shock.

The ground under the mountain King's feet suddenly collapsed, and his huge body was suppressed by an invisible yet visible force on the spot. He looked at the marble floor around him that had been instantly crushed into powder.

Everyone's eyes twitched.

"Yan Zhongyuan's domain is the gravity domain, a variant of the earth element. It is a very rare and powerful ability. But looking at his performance, why does it feel like he has integrated the earthquake domain, which is also a variant of the earth element?"

There were experts explaining on the internet.

To be able to see this point, he was already a very insightful person.

Yan Zhongyuan's gravitational shock explosion was indeed a new move that he had developed after he had fought with Ying long and combined his explosive techniques in the earthquake domain.

An obvious change was that compared to the gravitational force of the past, the instant killing power of this move was clearly more than one level stronger!

Seeing the tall and strong Mountain King being pressed to the ground and sinking deeper and deeper, the internet was suddenly filled with a strange atmosphere.

Fortunately, he didn't use his phone on the spot. Otherwise, he would have been so angry at the various Yin Yang words that his high blood pressure would have erupted on the spot, and he might even have a sudden cerebral hemorrhage.

No matter when and where, mu Qiang was human nature and would never change.

"Mountain King, you piece of trash!" Zhao Rikun scolded. "I didn't go through so much trouble to enlighten you twice so that you'll be the first to go up and embarrass me!"

"Don't worry, director Zhao. I just wanted to test this guy's strength on a whim. "

The Mountain King's shrill voice came from the ground. Then, he slowly got up from the ground with one hand against the huge gravitational force exerted on his body. "He's stronger than I thought. However, it's just a tiny bit."

After saying that, the five-meter tall giant suddenly exerted force, and his figure actually disappeared on the spot in an instant!

Everyone was in an uproar.

The Mountain King's figure disappeared and then reappeared behind Yan Zhongyuan. This kind of teleportation-like movement technique really refreshed the knowledge of the audience and the whole internet.

Before this, they had always thought that teleportation was only a legendary move, and that this kind of god-like ability would never and should not appear in human cultivators.

However, at this moment, they only felt shock and fear from the bottom of their hearts!

In fact, this was not teleportation at all. It was just that the speed was so fast that most people could not catch it with the naked eye, thus forming a visual illusion.

Of course, even in Jianghai Academy, it was rare to find someone who could achieve such speed. However, for a monster who had broken through the shackles of growth five times, this was only a basic operation.

In fact, with such a terrifying physical body, any ordinary action would be shocking and oppressing to them!

It was just like the punch that the Mountain King had casually thrown.

With an ear-piercing Sonic Boom, the Mountain King's fist landed heavily on Yan Zhongyuan's body, and he was sent flying hundreds of meters away.

"This is an instant kill? And it's even an instant kill with A normal attack?"

The internet was in an uproar.

In recent years, with the invasion of technology from the secular world, modern culture had also quickly permeated the place. Even internet slang had started to spread like a virus here.

"Yan Zhongyuan seems to be very strong, but in front of this Mountain King, he's nothing."

The live broadcast camera turned to Yan Zhongyuan, who was lying on the ground. That terrifying punch just now made even the onlookers' scalps tingle. If it were an ordinary expert in the late stage of the consummate level, it was highly likely that he would be killed by one punch!

Yan Zhongyuan didn't seem to be dead yet, but he was almost dead.

However, Lin Yi's group didn't seem worried at all. They were all calm and even talking and laughing.

"Could it be that Yan Zhongyuan is the one who was pushed out by Lin Yi?"

Someone immediately discovered the gossip. "Look at Yan Zhongyuan's honest and miserable face. He must be the most bullied person in the team. He was sent first this time, so he must be used as cannon fodder."

Chapter 9787

"Tsk, tsk. As expected, honest people always suffer no matter where they go."

With someone leading the tempo, there would naturally be a large number of busybodies following.

The news of Yan Zhongyuan being pushed out and forced to become cannon fodder immediately became a hot topic, making Lin Yi and the others very happy. However, no matter if it was Lin Yi or his core forces, they were too lazy to come out and clarify.

"We'll have to arrange an exclusive interview with Yan Shen when he comes down later," Qiu sanniang said with a smile. "Let him talk about what it's like to be excluded as cannon fodder. "

Shen Yifan chuckled. "With old Yan's personality, it would be a miracle if he could force out a fart. When he's annoyed, he'll just say that you're right."

Everyone laughed.

This had become a joke. Yan Zhongyuan looked like an honest man, but someone had tried to get information from him and dig out the inside story of Lin Yi group.

In the end, he only got four words, "you're right."

At this moment, on the field, the Mountain King did not stop after achieving his goal with one move. After all, according to the rules, there were only two results at the end of the competition. Either one party admitted defeat voluntarily, or the other party died.

And now, Yan Zhongyuan didn't admit defeat, nor did he die on the spot, so he would naturally beat him to death!

Seeing the Mountain King's huge figure flashing in the field, Yan Zhongyuan became a human sandbag. He was constantly hit by terrible, fatal blows from all directions, and his whole body was sent flying back and forth uncontrollably.

The entire scene was simply too tragic to look at.

Zhao Rikun looked at Lin Yi's calm face and couldn't help but laugh, "You're still putting on an act even at this time. No wonder people say that you're good at acting tough and that you're even called the new student acting tough King. It seems that your nickname is right."

Lin Yi looked at him strangely, "Can't you tell?"

"Ha?"

Zhao Rikun exchanged glances with the people around him and said with a puzzled expression, ""Trying to be mysterious, huh? Your men are almost dead, what can I see? If I were you, I would step out and admit defeat. This way, I can at least save my little brother's life. Maybe some people will think that you have human feelings. "

"You really can't tell," Lin Yi said seriously.

It wasn't just Lin Yi-even tyrant, Yan Chi, and Tianji looked at Zhao Rikun with a complicated expression.

In fact, Zhao Rikun felt a sense of self-explanatory ridicule from this!

"Don't f * cking try to be mysterious!"

Zhao Likun suddenly felt offended and immediately flew into a rage. ""Mountain King, Don't give him a chance to admit defeat. I want you to dismember him alive and well, and let these idiots who have never seen the world see our strength!"

"Alright, President Zhao."

In response, the Prince of Mount sun quickened his pace, more than twice as fast as he had been earlier!

Just now, the audience was already overwhelmed by the scene, and now, they couldn't even see the afterimages clearly. The broadcast scene was even more blurry.

After all, it wasn't easy for the sophisticated instruments in the secular world to transmit information over. With the quality of the cameras here, it was impossible to capture a target moving at such a high speed.

But even so, everyone still felt a sense of terrifying oppression.

The name of this oppressive feeling was blood.

Everyone knew that Yan Zhongyuan was being brutally dismembered. Although they couldn't see it clearly, and they didn't have the ability to see it clearly, it didn't stop some people from eating human blood.

Lin Yi's top battle general was dismembered on the spot, this was a live stream of traffic!

Zhao Rikun also revealed a proud expression. As an expert at the consummate level of one of the big shots, he could clearly see the current situation. He also knew that Yan Zhongyuan was one step away from being dismembered.

However, this didn't stop him from judging when Yan Zhongyuan would die.

Until everything in the field came to an abrupt end.

BOOM!

Looking at the livestream screen that had suddenly become clear again, all the viewers were dumbfounded. At this moment, Yan Zhongyuan was holding the Mountain King's Head with one hand and pressing it to the ground.

Immediately after, an extremely condensed gravitational shock explosion!

All the power of the tremor and explosion instantly invaded the Mountain King's brain, turning it into a pile of mush in the blink of an eye. At the same time, even his primordial spirit was completely destroyed.

The battle was over.

Looking at the Mountain King's lifeless body and Yan Zhongyuan, who was slowly getting up, the whole place was dead silent.

Zhao Rikun opened his mouth but couldn't say a word.

"What's the situation? What's the situation?"

"How did they suddenly turn the tables? isn't this too godly of a turn?"

"The Mountain King clearly had the absolute upper hand. How could he die so easily? he's F * cking dead, right?"

These were all the doubts of outsiders, but at the same time, they were also Zhao Rikun's doubts. Because even he, a Big Shot at the consummate level, could not see how the originally one-sided battle had suddenly become like this!

Lin Yi explained to the person beside him. "A bronze player with a King account. What's so strange about someone finding an opportunity to turn the tables?"

The crowd didn't seem to understand, but they did.

To put it bluntly, the Mountain King's combat awareness did not match his strength at all. It was like a child holding a gun. At first glance, it looked like he could kill people. Just like how he had looked fierce just now, but in the eyes of a real expert, it was actually nothing.

The lower-level practitioners might not be able to come to a conclusion about this, but it was clear to Lin Yi, tyrant, Yan Chi, and Tianji.

In fact, they weren't the only ones who could see it. Any expert at the level of a Big Shot's ultimate perfection could basically see it.

Rather than saying that the Mountain King was suppressing Yan Zhongyuan in a one-sided battle, it was more like Yan Zhongyuan had laid out an invisible net to lure the other party into the trap.

While the audience thought that he was in an extremely miserable state, he had silently covered the entire field with gravitational seeds and had completely seen through the Mountain King's weakness.

That was why there was such a sudden counterattack!

"Those who play with tactics have Dirty Hearts."

Yue Jian, who advocated the aesthetics of violence, silently ridiculed. He had once thought that Yan Zhongyuan was the same as him, that they were both purely on the path of strength and ferocity.

In the end, they found out that this quiet guy was the complete opposite of his image. He was more scheming than any of them in battle. Even Shen Yifan, who was an extremely shrewd and inept military counselor, had fallen for his tricks.

One could only say that one could not judge a book by its cover.

On the other hand, the tall and burly Mountain King in front of him didn't seem to have the powerful combat strength that was comparable to a Big Shot's ultimate perfection expert. More importantly, his combat prowess was far inferior.

Chapter 9788

Not to mention a monster like Yan Zhongyuan, even the most ordinary Big Shot experts at the peak of the late stage of the consummate level couldn't compare to him.

At best, he was only equivalent to an ordinary Big Shot at the middle stage of the consummate level.

Although there was only a difference of three minor realms on the surface, even if they ignored their raw power, just their basic qualities such as battle awareness and battle habits were also worlds apart. The gap was even far greater than that between a King tier and a Bronze tier.

He didn't realize it himself, but Zhao Rikun, who was watching the battle from the back, could see it.

After all, this was a genuine apex Paragon of a hegemon.

However, he didn't.

Zhao Rikun was just like the Mountain King-he didn't see anything strange at all, and that was why Lin Yi asked that weird question.

Not only were his men's combat standards so low that it was frightening, but even he himself was also lacking in combat standards. This strange team of people was actually thinking of dominating the repeat school and even the entire Jianghai Academy.

Lin Yi didn't know if he should call them innocent or cute!

"Trash! You're all useless!"

Zhao Rikun still did not know what the problem was. He thought that the Mountain King had underestimated his enemy and was killed in one blow.

At least, from what he understood, there was no reason for the Mountain King, who had changed its fate twice and broken through the shackles of its growth five times, to lose to a mere late stage consummate level expert who had just advanced not long ago!

The only reasonable explanation for such a clear distinction between the strong and the weak was that he had underestimated his enemy.

What he didn't know was that in the eyes of Lin Yi's group, the strong and the weak were clearly separated. However, their understanding of the strong and the weak was the opposite of Zhao Rikun's.

In Zhao Rikun's eyes, the Mountain King was useless, having the absolute advantage in strength but still being killed by an accident. In the eyes of Lin Yi and the others, the whole situation was a complete suppression.

However, it was the other way around. The one who had the upper hand was Yan Zhongyuan, who controlled the entire battle.

"You're next! The Dog King!"

Zhao Rikun looked at Lin Yi's and the Five's playful expressions, and his embarrassment turned into anger. He was here to conquer Jianghai college, not to deliver himself to the door and be laughed at.

"No matter who comes up, I want you to tear him apart ruthlessly and torture him to death!"

"Shut up!" Zhao Rikun roared hoarsely, "I want all of them to open their eyes wide and see what happens to those who dare to anger me!"

A wild-looking young man at the side laughed evilly, "That's just what I want. Speaking of which, I haven't eaten a human in a long time. "

In the next second, his figure appeared in the arena.

The eyes of the audience twitched again. The Mountain King's speed had already been so fast that it had overturned their knowledge, and they did not expect this person to be even faster than the Mountain King!

Moreover, he was more than one level faster.

A Big Shot at the peak of the late stage of perfection realm.

The group of commentators nodded. "In the world of martial arts, speed is the only thing that can not be broken. Even if he doesn't have any other outstanding advantages, just in terms of speed, he can do anything he wants under the ultimate perfection of a Big Shot."

Although they had all misjudged him just now, his words still won the trust of many of the audience.

Even an amateur would know that once one's speed reached the extreme, one would have the absolute advantage in a duel. At the very least, one would be able to firmly grasp the initiative.

More importantly, that was not all.

After entering the arena, The Dog King's territory power condensed madly. In the end, in front of everyone, it wrapped itself in it and turned into an extremely ferocious and terrifying giant dog, a giant dog with three heads.

"Cerberus!"

At this moment, almost all the commentators spoke in unison. This was clearly the ancient legendary primordial mutant, Cerberus!

Even if The Dog King didn't do anything and just stood there quietly, everyone was already suppressed by the ferocious aura of a top predator on his body. The timid ones even wanted to turn around and escape.

After all, no one could guarantee that this thing wouldn't suddenly go out of control and let the on-site audience have a full meal or a buffet.

Zhao Rikun and the others had regained their confidence. The Dog King wasn't the strongest under him, but he was definitely the one who could hold the ground and display the temperament of his team the best.

He wanted everyone to experience the bloodline suppression of a predator over its prey. He wanted everyone to know that even a dog under his command could turn Jianghai Academy upside down!

"Who will Lin Yi send?"

"Who would dare to go up against such a monster? wouldn't they be eaten up in minutes?"

"It's indeed unexpected that the Mountain King would fail miserably, but this Dog King is obviously much fiercer than the Mountain King. It's impossible for the people who go up to the mountain King to be so lucky to turn defeat into victory every time."

As they were talking, someone on Lin Yi's side was already eager to give it a try. The one who was the most excited was none other than Qiu sanniang.

"Are you a beauty and a beast? Isn't the style a little strange?"

Even Lin Yi was speechless at her reaction, but the girl's eyes lit up. "Don't you think this dog is very cute?"

"....."

Alright, now everyone knew that Qiu sanniang's taste in beauty was also very strange.

In the end, Lin Yi stopped the excited Qiu sanniang and sent out the equally excited Ren tianer.

It was not that he did not trust Qiu sanniang's strength. In fact, after Luo Banshi's guidance, he knew that this woman's strength was not simple. It would not be an exaggeration to say that she was the one who had undergone the most obvious transformation among the core combat forces.

In fact, her cultivation level as a Big Shot at the peak of the middle stage of the consummate level was already very exaggerated.

Although she couldn't be compared to the weirdos like Yan Zhongyuan and Wei baizhan, she was still someone who would leave a mark on the school's history. Not to mention, Lin Yi felt that her combat strength improvement was even more exaggerated than her realm!

The reason why Ren Tian 'er was sent instead of her was that Ren Tian' er was more compatible with her.

"Hello, little doggy."

Ren Tian 'er jumped into the arena casually, which caused an uproar and even more exclamations on the internet.

"Kid? Lin Yi's sending a kid?"

"Are you giving this to Cerberus as dog food? Isn't this too inhumane?"

"I really misjudged him. I didn't expect him to be so cruel and unscrupulous that he would even send a child to the other party's mouth. Could it be that he just wanted to get through this and Exchange a child for money?"

The internet was filled with curses.

In fact, it wasn't surprising that the public opinion was so agitated. Although Ren Tian 'er and Duan she, the two reincarnated Masters, had rapidly improved their strength and realms, and had now recovered to the peak of the late stage of the consummate level of big shots, their bodies hadn't grown so quickly.

Now, he looked like a ten-year-old child.

Chapter 9789

The Dog King that had transformed into the Cerberus was huge in size and was at least 10 meters tall. In comparison, Ren Tian 'er seemed even thinner and smaller. He was not even qualified to fill the gaps between The Dog King's teeth, let alone fill The Dog King's stomach.

"It's not easy for me to get a chance to go on stage, and I'm sending you, a little thing, to die?"

The Dog King immediately felt a great insult. Every time he transformed into the Cerberus of hell, he had to release his murderous and ferocious nature as soon as possible. Otherwise, his sea of consciousness would be eroded and assimilated by the three-headed dog's bestial nature. At that time, he would not just be called The Dog King, but would really become a Mad Dog with only bestial nature and no humanity.

The only way to release his killing intent and ferocity was to fight!

The stronger his opponent was, the more intense the battle would be, and the more he would unleash his killing intent and ferocity. When he turned around, it would mean that he would have greater control over Cerberus 'form, and his strength would be even more terrifying!

This was his cultivation method.

Who would've thought that Lin Yi would send a bean sprout to target him? this meant that he had nowhere to release his killing and ferocity. Even if he could win this battle, he would be on the verge of Qi deviation.

At that time, he would be forced to attack the other people present. Once he lost his mind, he would definitely be killed by the Joint Forces of the entire scene.

Even Zhao Rikun couldn't save him!

This was forcing him to die!

In the end, Ren Tian 'er picked his booger leisurely and flicked it lightly. The booger flew over ten meters and landed in The Dog king's mouth.

This scene was captured by the live broadcast camera.

Everyone was speechless.

"Isn't this kid's brain a little abnormal? It's fine if you don't hurry up and admit defeat to save your life, but you're actually provoking him with your booger?"

The Dog King didn't realize it at first, but after being reminded by them, it came back to its senses. It was so angry that it jumped up and roared, slapping Ren Tian 'er with its palm.

The audience couldn't help but exclaim in shock.

People were bound to die on this occasion, and they had been mentally prepared for this. Just like how the Mountain King had suddenly been killed just now, they were surprised, but they did not feel much discomfort.

After all, at their level, everyone was used to the life-and-death situation in the cultivation world. Who had not seen a few dead people?

However, it was one thing to watch the life-and-death battle between experts. It was another thing to watch a child being smashed into meat paste.

Even though everyone's hearts had long been as solid as a rock, and the humanity that they had stuck to in the depths of their hearts was still constantly reminding them of the bottom line of humanity.

Many people couldn't bear to see this scene and closed their eyes.

Ren Tian 'er's mocking voice rang out in the arena, ""Just this? Your dog looks like it's strong, but why is it so weak? it can't even break my defense?"

Everyone was dumbfounded.

Everyone stared blankly at the tiny figure that was still intact under the huge claws of the Cerberus.

Lin Yi couldn't help but laugh at the scene. "When I first met this guy, he was like this too. He hasn't changed at all even after reincarnation."

Broken soul followed up silently, ""This is called a dog can't change its habit of eating shit."

Everyone couldn't help but laugh.

In Lin Yi group's core group, there were two people who were the most silent-one was Yan Zhongyuan, and the other was Duan she.

However, the difference between the two was that although the former didn't speak much, the moment he opened his mouth, he was often full of golden sentences, belonging to the typical sullen and strong man, while the latter was truly born with a cold and aloof air.

Even though she didn't talk much to Lin Yi, she didn't even say more than ten sentences to the group.

According to Ren Tian 'er's explanation, this was actually much better than the previous King. The previous King was the one who really kept his mouth shut. No matter who he was to, he was silent. It was even rarer to hear something from his mouth than to win the lottery.

They didn't expect that even this cold little du Wang would open his mouth today, which surprised everyone.

At this moment, Yan Zhongyuan suddenly said,""Between the two of them, who's the sh * t?"

Everyone was silent for a moment, then burst into laughter.

At this moment, The Dog King looked at Ren Tian 'er, who suddenly had dragon scales all over his body, and at its broken paw, and finally showed a cautious expression for the first time.

Although he had not used his full strength, he had at least used 30% of his strength. He had once easily killed a powerhouse at the late stage of the consummate level with 30% of his strength in Cerberus form.

He didn't expect to meet such a little brat. Not only did he not kill him on the spot, but he also suffered a loss!

Ren Tian 'er raised his head and looked at him,"A few more times. Although your strength is a little weak, your dog paws are quite comfortable to scratch. Use more strength."

"....."

The Dog King was so angry that its three heads spewed out Hellfire at the same time, instantly forming a huge fire vortex that wrapped around Ren Tian 'er.

A knowledgeable person on the side of the field quickly explained,"This purgatory fire is not an ordinary flame. Not only is its temperature much higher than ordinary flames, but it can also burn and corrode the soul, causing people to die bit by bit in a terrifying torture that is worse than death.

There was once a person who managed to obtain a bit of purgatory fire. It was just a small spark, but he was burned away for an entire month before he finally died. I've only heard that miserable howl once, and I'll never forget it.

The terror of this thing is far beyond your imagination!"

The hundreds of thousands of viewers on the internet felt their scalps go numb.

He had been tortured for an entire month by a little spark. How painful would it be if the man in front of him was swallowed by the fire vortex?

Zhao Rikun sneered at this scene, "That's right. We should use this method to show them what a pathetic end it is for those ignorant frogs in the well to block our way!"

Just as he finished speaking, Ren Tian 'er laughed, "What pathetic ending? It's so warm and comfortable. If you guys don't mind, I can wash here for a year. I wonder if this little puppy can stand it."
"

Everyone was dumbfounded again.

Especially the commentator, who was looking at the comments that were questioning him, he was even more speechless. He was so choked up that he could not say a word for a long time.

This was clearly the fire of purgatory, so why was it not effective on this guy at all?

At this moment, The Dog King, who was the person involved, was even more shocked. The Dragon scales on Ren Tian 'er's body had already made him more or less able to guess what Ren Tian' er's ability was. He must have a very pure Dragon bloodline.

Dragon scales could nullify a large number of physical attacks, so the Dragon race was the race that was the least afraid of facing their opponents head-on.

In terms of physical endurance, Ren Tian 'er, who was covered in dragon scales from head to toe, was probably one of the best in the entire Jianghai Academy-even Lin Yi was far behind in this aspect.

Chapter 9790 The End

However, dragon scales did not mean invincibility.

At least according to common knowledge, dragon scales had almost perfect resistance to physical attacks, but they did not have such an abnormal defense against elemental attacks.

The reason why Ren Tianyuan was beaten to reincarnation last time was because he couldn't withstand Lin Yi's five elements extreme heaven burning.

Currently, Cerberus's purgatory fire was not much weaker than great heaven-burning flames. In terms of cruelty, it was even more so. In theory, even if it was not a natural counter to Ren Tian 'er, it would definitely be effective.

However, looking at Ren Tian 'er's current performance, how could it be effective?

Hong Baxian laughed and said,"this guy got a blessing in disguise. After reincarnating, not only is he immune to physical attacks, but his resistance to fire-type attacks has also been raised to the maximum level. If he didn't have any other attribute-based killer moves, I'd probably want to die fighting him."

"He's a natural pain in the ass. "

Lin Yi smiled. He'd specifically sent Ren Tian 'er up because of this.

The Cerberus in front of him looked fierce and powerful. There were only a few people on his side who could defeat it for sure. However, Ren Tian 'er was its natural enemy!

The Dog King was obviously still not convinced.

Immediately, Cerberus turned into a Mad Dog and pounced on Ren Tian 'er, biting him madly. At the same time, it used all kinds of powerful Fire-type moves, burning the entire scene into a lava pool.

Those who were slightly weaker didn't even have the qualifications to watch the show from the side, and they all pulled away.

However, Ren Tian 'er still looked indifferent and even took a bath in the lava pool with great interest, which was completely different from the other side.

This time, all the major live streamers and commentators didn't know how to explain.

If it wasn't for Cerberus's ferocity, someone would have called for a fake match. F * ck, even if it was a fake match, they should at least put on an act. There was no need to make it so fake, right?

In fact, there were already live streamers who were determined to gain more traffic.

"How can this be fake? That's easy. Look at the pool of fresh lava. You can jump in and swim around, and we'll believe it's fake. "

The host was suddenly speechless.

He did have the guts to earn more traffic and attention, but he would not dare to jump out and question in front of a group of top combatants.

In fact, even if he had the courage, he didn't have the qualifications or the strength.

Not just anyone could talk in front of Lin Yi now, especially in a public place like this.

Even the thirteen elites from the repeat division had to stand on the side, not even having the right to sit down. Many of them wanted to smile at Lin Yi, but they didn't even get the chance to do so, let alone these outsiders.

"Trash! Another piece of trash!"

At this moment, Zhao Rikun was once again exploding with anger. He had thought that The Dog King would be able to help him regain his face, and after seeing Ren Tian 'er's overconfident appearance, he was even more certain that he could prepare for the next round.

However, he did not expect it to be such a bloody development.

His subordinate came over to comfort him. "Director Zhao, you don't have to be angry. Although that kid is indeed a little strange, and old dog's ability can't do anything to him, he can't do anything to old dog either. In the end, old dog still has the upper hand, and it's a draw at the very least."

"A draw is embarrassing enough!"

zhao rikun snorted coldly, but his expression was slightly better. a draw and a loss was still an ugly start, but it was better than two consecutive losses.

however, before he could finish his sentence, the situation changed again.

ren tian 'er was still soaking in the lava calmly, but the cerberus that the dog king had transformed into suddenly stopped. it then writhed and rolled on the ground, looking like it was in extreme pain.

"what the hell? did he play himself to death?"

everyone looked at each other.

from the beginning to the end, they had never seen ren tian 'er make a move. it had always been the dog king that was attacking wildly. in the end, it suddenly became like this. it could only be that ren tian' er played with himself until he died. it couldn't be that his legs were cramping, right?

Not to mention these people, even Qiu sanniang and the others were baffled."How did this happen?"

Of course, they knew that it was Ren Tian 'er who did this, but they didn't even notice when he did it.

He could kill people invisibly. Moreover, the person he killed was a big Shot at the peak of the late stage of the consummate level. When did this guy become so invincible?

Ren Tian 'er's strength was one of the best in Lin Yi's team, but he was far from little du Wang's outstanding strength. They couldn't defeat him, but they could at least fight him back and forth.

But now, this fellow had suddenly become unfathomable in their eyes.

At least, if they were in his place, it would be impossible for them to deal with Cerberus like that. Most importantly, no one could understand how he did it.

Until Lin Yi nodded, speechless."Do you still remember the booger at the beginning?"

Everyone thought for a long time before recalling that when this guy first went on stage, he did make an extremely insulting and provocative action, flicking his booger into the other party's mouth.

He didn't care about martial virtue.

"Could it be that there's a problem with that booger? You're giving such a big dog indigestion?"

Everyone couldn't help but be dumbfounded. That thing was indeed a little disgusting, but it didn't have to be so exaggerated, right? you're a dog that eats people at every turn, yet you're afraid of this?

There were much more dirty things in a human's stomach than this.

Shen Yifan said thoughtfully, "This guy didn't flick his booger at all. He flicked the Dragon essence in his body. He stuffed the Dragon essence into someone's stomach. Damn, this move is really ... Bad."

The Dragon essence was the purest of the Dragon race's bloodline and was also an absolutely rare item in this world. No matter how many spiritual jades he had, he could not buy it.

If it could be refined, even an expert at the level of a Big Shot's great circle of perfection would benefit endlessly. However, the problem was that other than the dragon clan's bloodline, no method currently known could truly refine it.

Once it entered the body but could not be refined, this thing would be more deadly than any poison in the world. It would quickly absorb all the life force in the target's body to strengthen itself.

There was no cure, no cure.

Therefore, for cultivators and spirit beasts who had the bloodline of the dragon clan, the Dragon essence was undoubtedly a Supreme Holy object. However, for others, it was a life-taking object.

Naturally, this included Cerberus.

Although the Dragon essence that entered his mouth was only the size of a booger, from the moment it entered his body, it was the first falling Domino.
