

## **Bodyguard 9841**

### Chapter 9841 Power

A moment later, the rhythmic sound of horse hooves slowly came from the opposite gate.

It was nine feet long and two feet long.

His face was as red as dates, and his lips were as smooth as Rouge.

Phoenix eyes, silkworm-like eyebrows.

He had a dignified appearance and an awe-inspiring presence!

He held the Green Dragon Crescent in his hand, and although he was wearing a shabby green robe, it did not hide his heroic spirit!

Lin Yi was already prepared for this, but he couldn't help but be dazed for a moment as he watched the man approach him. This was the legendary martial Saint, second master Guan!

However, he soon realized that this was not the real Guan Yu. Just like him, someone was cosplaying with a high level of restoration.

Lin Yi raised his blade and pointed at the other side. "General, announce your name!"

"Gu Weiyang,"

The man's eyes turned cold as he charged at Lin Yi with his horse. The Azure Dragon Crescent drew a dangerous arc in the air as it approached Lin Yi.

This wasn't a simple killing-Lin Yi could clearly feel the martial saint's will!

If it was just an ordinary person, even if it was a big Shot at the peak of perfection, he could only pretend to be master Guan at most. He would still have to rely on his own strength to fight.

However, the person in front of him was clearly different!

Gu Weiyang was the young master of the Gu family, and was an important member of the committee, just like Lin Yi. It was the elder of the Gu family, Gu Tianshou, who had been in charge of the previous meetings, though, so it was their first time meeting each other.

His cultivation level was only at the peak of the late stage of the consummate level of a Big Shot. However, to be able to represent the Gu clan in the wartime Committee, his strength was naturally no small matter.

Even those big shots at the consummate level of the realm would have to be on full alert when facing him.

Whether it was for him, the young master of the Gu family, or for the young master of the Chen family, it had never been a problem for them to step into the ultimate completion of a Big Shot. As long as they wanted to, they could reach the sky at any time.

The problem was just what kind of attitude they wanted to use to reach the top.

With their super foundation, once they reached the top, they would definitely be the strongest among all the top forces and be able to compete with Emperor Xu Anshan!

But Lin Yi wouldn't have taken it to heart if it was just that.

Under normal circumstances, before the two of them reached the peak, they would pose almost no threat to him.

What he was truly concerned about was the martial saint's will that the other party was currently displaying!

The martial saint's will, in other words, was the rule of martial arts. It was the same as his time and space, a top-tier rule power!

For ordinary big shots at the peak of the late stage of perfection, it would be very difficult for them to get a hold of the rules of martial arts, no matter how deep their foundations were. Even big shots at the ultimate perfection stage would find it difficult to have such an opportunity.

But Gu Weiyang was different.

The Chen family had the secret realm of Ares, while the Gu family had the martial Saint secret realm!

The martial saint's will that other cultivators would never be able to reach in their entire lives was something that was destined to happen to him since birth.

Just this point alone had already opened up a qualitative gap between him and the other so-called peerless geniuses. If there were no heaven-defying opportunities, even those who were more talented than him would probably not be able to reach his starting line in their entire lives.

This was the greatest confidence of a super family.

"The Chen family has really put in a lot of effort to find a Li Gui to play the role of Li Kui."

Feeling the pressure from the martial saint's will, Lin Yi didn't try to avoid it. In fact, he couldn't avoid it at all.

Not to mention that his rule power was sealed and he could not use it at all, even if he could use it, he would still have to take it head-on. There was no other way. This was the power of the martial saint's will.

"You have guts!"

Gu Weiyang couldn't help but be surprised that Lin Yi dared to take her attack head on, but at the same time, she was mocking him!

The martial saint's will crushed down.

It didn't move at first, but by the time it reached Lin Yi, it was already filled with the power of wind and thunder. There was no way to resist the pressure of heaven and earth. It was like a god descending to the world, suppressing all mortal forces.

Without a doubt, the long blade in Lin Yi's hand was broken!

However, with his extremely powerful physical strength, he was still able to barely withstand this blade. He forcefully used his physical body to withstand the crushing force from the martial saint's will!

The eyes of the experts from the two families outside the secret realm twitched!

The martial saint's will was a genuine power of rules. It was also the top rules of the world, pointing directly to the source of all martial arts. It would have a natural advantage even when fighting with experts of rules at the same level.

Even though Gu Weiyang was limited to the peak of the late stage of the consummate level of a Big Shot, and her control of laws wasn't high, only about 3%, the power of laws still had a level of suppression over all other powers.

This was an absolute gap that could not be closed in any way.

But now, Lin Yi's rule force was sealed in the secret realm. If things went according to normal development, he'd be heavily injured or at least half-dead if he didn't die.

In the end, who would have thought that this guy would actually rely on pure physical strength and receive it without any injury!

It was really unimaginable.

"That's impossible, right? That's impossible!"

gu tianshou and chen yue thought of two names at the same time.

the only king had given up, and the heavenly king had given up on god.

if there was anyone in jianghai city who could withstand the martial saint's will with pure physical strength, it would be these two.

both of them were monsters who had broken through the shackles of growth five times. in terms of physical strength, they were already at the peak of existence. in the entire history of jianghai, they were the only ones who could do so.

could lin yi be on the same level as them?

however, gu tianshou and chen yue immediately rejected the idea.

there was no other reason, it was too absurd.

the cultivation of the physical body was different from other aspects. there were various ways to quickly upgrade in other aspects, and one could rely on peerless talent and heaven-defying opportunities to achieve rapid promotion.

if one really had heaven-defying luck, they could even obtain some rule power in advance.

However, his physical body was the only thing that was lacking.

There were no shortcuts to physical cultivation. There was no fancifulness at all. One could only use the most arduous and simple method to Polish one's body step by step.

Rather than saying that a powerful physical body was cultivated, it would be better to say that it was formed from self-torture.

Every physical body expert was a freak who was proficient in self-torture. Ordinary people did not have that kind of willpower, let alone that kind of endurance.

Therefore, even though everyone knew that one's physical body was very strong when it was cultivated to the extreme, there were very few people who could really walk this path in the end.

And those who were able to make a name for themselves in the end were even rarer.

It was publicly acknowledged that this was definitely the most flawless cultivation path in the world!

Even if super aristocratic families as strong as the three founding families could cultivate high-end combat forces in batches and create big shots of rules by force, they could not cultivate physical experts who could truly reach the extreme.

Chapter 9842 Power

Even if one was forced to rely on resources, it would only be a fake product that only looked good on the surface. It was impossible to reach the level of du Wang broken soul or Heavenly King Mu Shen!

As for someone like Lin Yi, who relied on the support of Tian Xiangyang and half-master Luo to get to where he was today, how could he have this kind of talent?

With his own ability, how could he be on par with du Wang's sacrifice and Heavenly King Mu Shen in terms of physical strength?

This was impossible.

The two families finally came to the same conclusion. He must have used some kind of cheating method!

Any cheating would definitely give the game away. In front of the absolute difference in strength, any kind of cheating was destined to be futile, destined to only invite humiliation!

Chen Yue and Gu Tianshou looked at each other and sneered.

"I'll see how you die next!"

in the secret realm, lin yi had taken one hit, but he didn't have a weapon to take a second.

if he used a light weapon like the demonic devouring sword to fight against the green dragon crescent blade, which was a great killing weapon on the battlefield, especially when the opponent had the martial saint's will, he would be seeking his own death.

hence, lin yi chose a simpler and crueler method, using his body to take it.

"you're looking for death!"

seeing lin yi's intention, gu weiyang felt an unspeakable mockery. the martial saint intent that gathered on the green dragon crescent became stronger and more unstoppable.

the second slash was far faster and fiercer than the first, and it was also more brutal!

"you really don't know what's good for you!"

The spectating experts from the two families sneered at the situation. It was already a fluke that they were able to barely withstand the first strike, but now they were still trying to take advantage of the situation.

Did he really think that the martial saint's will was fake?

This time, even Tian Xiangyang and Banshi Luo were worried for Lin Yi.

At their level, they could naturally tell what Lin Yi was trying to do.

If he could successfully receive this attack, the benefits would naturally be huge. However, if he could not receive it, the price would be equally huge.

In other words, Lin Yi was gambling with this move.

With his strength, there was no need for him to take such a risk just for this battle. Even if his opponent had used so many underhanded means, he was absolutely confident that he could walk out of the war God's secret realm with ease.

If it wasn't for that, Tian Xiangyang and Banshi Luo wouldn't have let him take the risk. After all, Lin Yi wasn't just carrying the burden of himself, he was carrying the entire school!

The haggling before was purely to make use of the opportunity to help him get more benefits.

But even if he could win for sure, Lin Yi didn't plan on lying down and winning until the end.

In the long run, he had to take a gamble when he had the most confidence and squeeze out all the potential in his body.

The stronger he was now, the higher his chances of surviving the Great Tribulation in the future!

As a result, the second slash landed, and blood splattered on the spot.

The Green Dragon Crescent didn't land on Lin Yi directly, but the damage it caused was transmitted through the martial saint's will, and all of it was poured into Lin Yi's body without any waste!

Under the pressure, all of Lin Yi's blood vessels burst, and he was covered in blood from head to toe.

The scene was shocking.

"He's still alive?"

Gu Weiyang was a little surprised, but he didn't stop. He immediately followed up with a third slash.

As everyone knew, a martial saint's strongest move was the first three strikes.

The martial saint's will that this blade carried far exceeded the sum of the previous two blades!

"If he's still not dead after this, then he's a God!"

The Masters from the two houses smiled at each other-it didn't matter if Lin Yi ended up facing Shang chenxun or not, as long as he died in the secret realm of Ares, he would lose.

The Chen family would be able to replace them and take back the position of the wartime Committee that should have belonged to them!

In fact, it was already impressive enough that Lin Yi could block the first two attacks with his body.

It was impossible for him to continue blocking the third saber move, which had its power increased by nearly ten times, unless he could break through the suppression of the secret realm and use rule power.

The chances of Lin Yi breaking through the suppression by himself were zero.

The two families were already preparing to celebrate.

But at this moment, Lin Yi's body suddenly started to expand without any warning, growing to more than five meters in an instant.

Breaking through the shackles of growth five times!

Everyone was dumbfounded.

Gu Weiyang finally understood Lin Yi's true intentions, and veins popped out. "You're actually using me as a Whetstone?"

The cultivation of the physical body was self-abuse, and using the martial saint's will to break through the shackles of growth was also the most dangerous and extreme self-abuse!

The most outrageous thing was that he actually succeeded.

"Thanks," Lin Yi said with a sincere smile.

Not to mention Gu Weiyang, even the experts from the two families watching the battle outside the secret realm were so angry that they vomited blood.

"Thank you, motherf \* cker!"

As the young master of a super family, this was probably the first time Gu Weiyang had spoken so highly of someone in public. He was born to be the ultimate goal of many cultivators, so when had he ever been humiliated like this?

Driven by anger, Gu Weiyang used all his strength for the third slash."Die!"

"I'm sorry, but I'm afraid I can't fulfill this request. "

Lin Yi chuckled and his body started expanding again, but this time he turned into a Golden Buddha like never before.

Five elements extreme, Titan Buddha.

With a punch, Gu Weiyang's martial Saint will was shattered, and he spat out a mouthful of blood on the spot.

Everyone was shocked.

The Titan Buddha's domain doubled Lin Yi's physical strength once. The stronger Lin Yi's body was, the more terrifying the boost was!

At this moment, the power of the Titan Buddha had increased by more than ten times, or even a hundred times, compared to before!

Gu Tianshou and the rest of the Gu family experts 'faces darkened.

the atmosphere of the battle was particularly heavy.

especially gu tianshou, who had strongly supported gu weiyang's decision to get involved in this mess. he wanted to slap himself 14000 times.

according to his perfect plan, not only would he be doing the chen family a huge favor, he would also be able to take advantage of bai su's baptism in the clomaros 'secret realm.

more importantly, gu weiyang could use this chance to complete the last step of the martial saint mental state, and reach the ultimate completion of the big shots!

the most amazing part of this plan was that the gu family didn't need to pay any bargaining chips, nor did they need to bear any risks. they could even ask for a favor from the chen family for free, killing two birds with one stone.

lin yi's most important opponent in this battle was the young master of the chen family, chen xun. he was at a huge disadvantage, so he couldn't waste too many of his trump cards on the others. he could only be a whetstone for him.

Chapter 9843 Power

Everything was well thought out.

The only unfortunate thing was that reality did not follow the perfect script he had written.

After all, who would've thought that not only did he fail to step on Lin Yi, but he'd become Lin Yi's Whetstone!

He went for wool and came home shorn!

This time, not to mention tempering his martial Saint state of mind to perfection, it would be a miracle if Gu Weiyang could stabilize his state of mind and not collapse after suffering such a huge blow.

However, this was not the end.

Gu Weiyang spat out blood from one punch, but Lin Yi didn't seem to have any intention of stopping. He followed up with a second punch without any expression.

Then came the third and fourth punches.

This time, it was Gu Weiyang's turn to experience the feeling of being crushed.

"How dare you!"

Gu Tianshou and the rest of the Gu family experts were so angry that their eyes were about to pop out of their sockets. However, with the clomaros 'secret realm blocking them, they did not even have a

chance to save the situation. They could only watch as their young master was reduced to a sandbag, slowly falling into a desperate situation.

The Chen family's faces were also extremely ugly.

Gu Weiyang was here to help, and if anything were to happen to her in the secret land of Ares, there would definitely be an irreparable crack between them and the Gu family!

Looking at the overall situation, this loss was much greater than losing a favor for no reason.

After all, Tian Xiangyang's attitude made it clear that he was on Lin Yi's side and didn't support the Chen family in this. If they were alienated by the Gu family, they would be completely far away from the center of power.

This was the real loss!

One had to admit that Gu Weiyang, the young master of the Gu family, was quite strong. As a Big Shot at the peak of late stage of complete realm, it was already something to be proud of for being able to take Lin Yi's fist.

Of course, it was inevitable that he would be embarrassed.

After one punch, he would spit out a few mouthfuls of blood and break a few bones. These were the basic signs.

Everyone was dumbfounded.

The young master of the Gu family, who had the will of a martial Saint, was being chased around like a dog by Lin Yi, who couldn't use his rule bending power. It was an unsightly scene.

This wasn't just Gu Weiyang's dark history, it was the entire Gu family's dark history!

If it was just a dark history, it would be fine. The key was that even if he was as embarrassed as a dog, he might not be able to survive.

Seeing that Gu Weiyang's situation was getting more and more dangerous, the Gu family members were completely anxious.

Gu Tianshou walked up to Tian Xiangyang and spoke with a bitter expression, ""We can't let this go on. Lin Yi's way too cruel. If anything happens to our young master, it'll be a huge blow to the entire school."

At least in name, Gu Weiyang was still a member of the wartime Committee, standing at the top of the school like Lin Yi.

If he fell, it would indeed affect the whole body.

Tian Xiangyang glanced at the Gu family, ""If you're willing to bet, you have to admit your loss. Besides, this is the Chen family's Secret realm. It's not my place to overstep my authority."

The Chen family's people's faces were filled with excitement.

Even though his family was the master of the secret realms of Ares, once the secret realms of Ares were opened, they could not stop whenever they wanted to.

The only way was to let the people in the secret realm save the situation.

However, it was far from the time for his young master to appear. If he forcibly saved the situation at this time, it would definitely disrupt the original plan.

If the timing was not right, it would very likely affect the final outcome.

After all, this was not just a battle for Chen Xun. It was also the best stage for him to rise to the top and dispel the doubts of everyone.

Furthermore, if they lost this time, they would completely lose control of the secret realm of clomaros. At that time, even if young master Chen Xun was lucky enough to survive, the Chen family would never be able to recover.

He might even completely withdraw from the stage of history!

No matter how close the two families were, the Chen family would never risk everything for Gu Weiyang.

Putting aside the fact that they did not have the right to make decisions for Chen Xun, even if they did, they would not be loyal to him if they agreed to it.

Stupid.

The Chen family's collective silence immediately sent a chill down Gu Tianshou's spine.

Although it's profitable to help this time, it's still helping the Chen family. He's also clearly standing on the Chen family's side and sharing a lot of pressure from the Tian family for them. Now that things have come to this, he actually doesn't want to save them. It's really disdainful.

"Brother Chen Yue, you have to be kind."

Gu Tianshou's tone was almost pleading. The Gu family really couldn't lose Gu Weiyang, or they would end up in a worse state than the defeated Chen family.

Chen Yue helplessly spread out his hands: "Brother Gu, you've also seen that my young master isn't in qiushui pass. Distant water can't quench present thirst."

"....."

Gu Tianshou looked at him deeply. What nonsense was he spouting?

These seemingly reasonable words could be used to fool others, but how could it be hidden from him? don't forget that the Gu family also had the martial Saint secret realm.

As the controller of the secret plane, as long as he was willing to pay the price, he could descend at any place at any time. This was the privilege of the controller!

Furthermore, Chen Xun's current identity was war god Lu Bu himself.

Chen Yue's words could be summarized in four words.

He didn't save her.

"If that's the case, I won't trouble brother Chen any further." Gu Tianshou nodded.

After he finished speaking, he immediately gathered all the Gu family experts behind him and prepared to break into the secret realm to save them.

It wasn't possible for them to force their way through the secret realm with their strength, but they had no other choice. They couldn't just watch their young master get beaten to death by Lin Yi in the secret realm, could they?

The faces of the Chen family members darkened.

It would be fine if they failed, but once they succeeded, how many years would it take for the secret land of clomaros to recover?

However, he couldn't stop her at this moment.

If Chen Yue were to stand out and say no, the two families would definitely turn hostile on the spot and become enemies!

The Chen family couldn't afford to bear the consequences since they had already offended the Tian family.

Thus, no matter how dissatisfied they were, they could only watch.

As the Gu family experts attacked together, the entire secret realm of Ares shook and space ripples spread out.

However, it didn't break. The barrier of the secret realm was still as stable as Mount Tai.

The members of the Gu family were disheartened when they saw this scene. It was still too difficult for them to break through the secret realm by force if they were not at the level of super top-notch combat power.

At this time, Lin Yi's Titan Buddha had already stepped on Gu Weiyang, golden light gathering on his Buddha Palm, ready to give the final fatal blow!

As one of the five members of the wartime Committee, Gu Weiyang's identity was a sensitive one. If she died, Jianghai Academy, which had been so painstakingly built up, would be thrown into chaos.

But to Lin Yi, this wasn't a death-free token at all. Since he ran into Lin Yi, he should just kill him.

You came to kill me, but I killed you instead. It's fair and reasonable.

As for the big picture? To hell with the big picture view at this time!

Even if Tian Xiangyang were to step forward to negotiate for peace, it wouldn't work!

If he didn't even have this bit of decisiveness, he wouldn't be able to get to where he was today.

Chapter 9844 The End

"This bastard is actually serious?!"

Feeling the cold killing intent from Lin Yi, Gu Weiyang, who was under his foot, was shocked and scared. The only reason he dared to step into this muddy water was that he was sure that Lin Yi wouldn't cause any more trouble and wouldn't really kill him.

That was why he had nothing to fear and was sure to profit!

However, it was only at this moment that he realized that he was overthinking it.

Lin Yi could really kill him, and he really dared to kill him!

The expressionless palm struck down, and the last bit of martial Saint intent in Gu Weiyang's body collapsed on the spot.

His entire body was then enveloped by a corporeal death aura!

The Gu family members who were watching the battle outside the secret realm felt their scalps go numb as despair appeared on their faces.

But at the last moment, a snake spear appeared and blocked Lin Yi's palm.

"Don't hurt my second brother!"

Zhang Fei's furious roar shocked everyone present.

At the same time, Liu Bei, who was holding a male and female double-hilt sword, also galloped over.

Gu Weiyang, who was already in a desperate situation, took the chance to escape from Lin Yi's feet. With the Green Dragon Crescent Blade in her hand again, the situation was turned around in an instant.

The three heroes versus Lu Bu.

No, this was the three heroes fighting against the mighty!

This scene was really out of everyone's expectations, but after thinking about it carefully, it made sense.

The secret realm had a self-correcting mechanism for the situation. Although Lin Yi relied on his strength that was beyond common sense and forcefully reversed his fate of being killed by Guan Yu, he still couldn't completely escape the fate that the secret realm had arranged for him.

Since Guan Yu alone can't kill you, then let's have the three of them come at you together!

At least, from a logical point of view, this scene was reasonable.

The secret realm would automatically match the strength of the participant. Just like the killing God's secret realm that Lin Yi had been to before, any random guard had the strength of a complete giant, not to mention this third master Zhang who could be said to be a ten thousand man enemy.

Even Liu Bei, who was not particularly outstanding in terms of combat strength, was displaying extraordinary strength. If he were to be placed among the high-end combat forces outside, he could be considered a top-notch existence.

As for master Zhang San, his martial strength was no less than Gu Weiyang 's, and he was even more brutal!

If it was the Lin Yi before he'd broken through the five shackles of growth, it would be extremely difficult for him to fight against him alone.

There was no other reason other than the fact that the secret realm of clomaros suppressed him in all aspects.

Seeing that Gu Weiyang had finally regained her footing, the Gu family experts all let out a sigh of relief.

Seeing this, Chen Xun smiled apologetically. "With the protection of the arcane realm and young master Gu Weiyang's strength, he's naturally undefeatable. We outsiders are too worried."

Gu Tianshou glanced at him and replied with an indifferent expression, "Maybe,"

Chen Xun smiled helplessly.

He knew that the crack had been buried, and it was too late to remedy it. The relationship between the two families could never return to the past.

From now on, even if they were still United with the outside world, they were destined to be United on the surface but separated in reality.

Tian Xiangyang secretly shook his head at this scene. He had seen too many of these plastic relationships between families, which was why he didn't have any hope for these two traditional allies.

If he were to rely on the three great founding families to shoulder the fate of the entire school, the school would be in shambles even before the catastrophe.

At this time, as the battle rapidly turned white hot, the balance of victory began to gradually tilt in the favor of the three elites.

However, Lin Yi had broken through the shackles of growth five times, and the Titan Buddha he transformed into was still an unrivaled monster.

Even if the three elites joined forces and could take the initiative, it would be difficult to gain any substantial advantage over him.

Especially Gu Weiyang, who he had been paying special attention to. He was constantly shrouded in killing intent. Even if he had the initiative, he didn't dare to get close, or he could be punched to death at any time!

As a result, he, the martial Saint who was afraid of his hands and feet, had become the weakest out of the three elites. He was even far inferior to Liu Bei. This was truly shocking.

Not only did he feel deeply aggrieved, even the Gu family experts couldn't help but feel embarrassed for him, so embarrassed that they wanted to pick their feet.

Fortunately, this match wasn't live-streamed, or the title of a fake martial Saint would probably leave a shadow in Gu Weiyang's heart for the rest of her life.

However, Lin Yi's real attention wasn't on Gu Weiyang. It was on the overbearing third master Zhang.

It was a little strange.

Under normal circumstances, whether one was a trial-taker or a native in a Mystic realm could be disguised in normal conditions. However, once they really fought, this could not be hidden at all.

Just like how he and Gu Weiyang had to rely on their own strength to fight. Even if the latter had the support of the martial saint's will, and the degree of restoration had reached 99%, he could still recognize her at a glance.

However, this Zhang Fei in front of him was somewhat strange.

From what he saw, he was a native of the secret realm just like Liu Bei, but Lin Yi's intuition told him that this man wasn't as simple as he seemed!

In the middle of the battle, Lin Yi suddenly used a God-exterminating slash without any warning, aiming at the roaring master Zhang San.

This attack was caught off guard, and Gu Weiyang, who was close by, shuddered in fear.

If this were to land on him, he would not be able to Dodge it!

However, Zhang Fei simply flicked his snake spear, and the God-exterminating slash disappeared into the air like a clay ox entering the sea. It did not even leave a ripple.

"How is that possible?"

Gu Weiyang was dumbfounded.

Not only him, but the experts who were watching the battle outside the secret realm also noticed the strangeness. Chen Yue's face was filled with disbelief!

Anyone who could do this was undoubtedly a rule Force Master. Only a higher level of rule force could easily nullify Lin Yi's God-destroying slash.

However, no matter how strong the native experts in the secret plane were, it was impossible for them to master rule bending power, unless they were the God of War himself!

Of course, master Zhang San was not Lu Bu, and naturally, he was not a native master. So, there was only one reasonable explanation left.

He was also a trial-taker, and a trial-taker who had hidden himself very well!

This was what truly shocked Chen Yue.

He was the one in charge of this battle in the secret realm, and he had arranged for a few people to enter. Only he and young master Chen Xun knew about this, and Zhang Fei was definitely not among them.

In other words, someone could actually hide from them, the Masters of the secret plane, and sneak into the secret plane.

This was even more terrifying than Lin Yi's display of strength!

Who was it?

Just as everyone was in shock, Tian Xiangyang, who had been watching coldly from the side, suddenly made his move.

A giant hand appeared in the sky above the mystery Land. Before the crowd could react, they saw the ferocious third master Zhang being pressed into the ground by a finger.

Chapter 9845 Power

The entire process happened too quickly, like an elephant stomping an ant to death. Before anyone could react, the matter was already over.

Under everyone's horrified gaze, the giant hand grabbed the dying master Zhang San and broke open the secret realm.

The entire battlefield fell into a dead silence.

At this moment, outside the mystic realm, the experts of the two great clans who had witnessed everything with their own eyes were so shocked that they couldn't close their mouths!

Don't forget, Gu Tianshou had just led all the experts of the Gu family in an attempt to break through the secret realm, but they didn't even leave a single ripple behind.

After all, they were a top-tier combat force and a group of high-end combat forces.

On the other hand, this Lord of the Tian family who rarely made a move in front of others, not only easily broke through the barrier of the secret realm, he also directly crushed a rule expert to half-death and even F \* cking brought him out!

What a terrifying strength!

For a moment, all the experts from the two great clans looked at Tian Xiangyang with eyes filled with awe and respect.

Chen Yue and Gu Tianshou, the two elders in charge of their respective clans, were both drenched in cold sweat. A chill ran down their spines and up to their scalps. Even now, their hearts were still trembling!

They actually thought that the three founding families were on equal footing, and as long as the two families joined forces, they could compete with the Tian family. Now that they thought about it, they were ridiculously wrong and laughably stupid!

With the tip of the iceberg that Tian Xiangyang had revealed in this instant, if they were to completely fall out with each other, just Tian Xiangyang alone was enough to suppress the two families to the point where they couldn't even lift their heads, forcefully pushing them to the ground.

There was no chance of winning at all.

However, Tian Xiangyang couldn't be bothered with their expressions. He looked at the man he had just pulled out from the secret realm of clomaros with a complicated expression, ""Why are you doing this?"

Master Zhang San, who was on the verge of death, showed a strange expression. ""What do you think? My good big brother?"

Everyone was shocked.

When they saw that this person had recovered his original appearance, their expressions instantly changed collectively.

The second master of the Tian family, dark sky.

Chen Yue and Gu Tianshou's hair stood on end once again. It was one thing for Tian Xiangyang to be ridiculously strong, but even Tian houyin, the second master of the Tian family they had always regarded as trash, could sneak into the secret realm and cause trouble without the knowledge of the Chen family's controller!

What kind of freakish brothers were they?

Everyone knew that there were two masters in the Tian family, but under Tian Xiangyang's dazzling radiance, the second master Tian houyin had almost no sense of existence in Jianghai Academy.

It wasn't just the big bosses at the top who never took the initiative to mention him. Even the students at the bottom collectively ignored his existence. Many people had never even heard of his name.

At most, he knew that there was such a person.

This was probably the only special case in the entire Jianghai city.

He clearly had the most prominent family background, but he had mixed in so quietly.

In comparison, according to the knowledge of the public, even a standard second-generation heir like Li Muyang was much stronger than his shady firmament sky!

The only reasonable explanation for this was that he, shady firmament, was a good-for-nothing.

A complete and utter piece of trash.

In the end, such a piece of trash actually treated the Chen family's pride, the secret land of Ares, as his back garden, entering and leaving as he pleased without anyone noticing. It was truly terrifying.

Seeing Tian Xiangyang's cold gaze on him, Chen Yue was stunned for a moment before he quickly reacted and waved his hands.

"I don't know. Our Chen family really knows nothing about this!"

If Tian Xiangyang misunderstood that they were colluding with the dark sky, then the Chen family would be finished. Getting involved in the internal affairs of the Tian family, especially between two brothers, was the biggest taboo in Jianghai Academy!

Even if he wanted to die, he wouldn't die like this.

Tian Xiangyang snorted coldly, "you'd better know!" Otherwise, even he could sneak in without a sound. Your Chen family's lax defense of the secret realm is really outrageous. If you're targeted by someone with ill intentions, you won't even know how you died!"

"Yes, yes."

Chen Yue could only helplessly nod his head, but his heart was filled with injustice.

The secret land of clomaros was the most important strategic resource of the Chen family. How could they let their guard down?

They were also at a loss when this second master of the Tian family quietly sneaked in. After all, in theory, he should be invulnerable.

Seeing this scene, Banshi Luo couldn't help but laugh. It was rare to see the Lord of the Tian family vent his anger on others.

The others might not be able to tell, but as one of the only two Supreme combat forces present, he could naturally see the hidden sky's trump card.

The rules of deception.

Although this was only a level-two rule, once it fell into the hands of a true expert, the difficulty of this rule would not be any less than those top-notch rules of time and space.

Just like now, the sky-back Yin could play with the Chen family without leaving a trace, and sneak into the secret realm without their control, as if he had entered no man's land.

If he hadn't jumped out of his own accord, everyone would probably still be at a loss until the secret realm closed.

Once this fellow harbored ill intentions, he would become the greatest destabilizing factor in Jianghai Academy's future.

Tian Xiangyang looked at his second brother, ""You'd better give me a reasonable explanation,"

Sky back Yin laughed indifferently. "If I said that I just sneaked in to watch the show, and at the same time, I saved someone at the critical moment, so that they don't kill each other and the situation gets out of hand, would you believe me, my good big brother?"

"....."

Tian Xiangyang was silent for a moment before he turned to Xu Anshan and said, ""Take him back to the ancestral hall to reflect on his mistakes. He's not allowed to come out without my permission."

Sky back Yin's expression changed slightly.

However, under everyone's watchful eyes, he didn't say anything in the end and left with Xu Anshan.

Seeing this, Banshi Luo fell into deep thought, while the rest of the people heaved a sigh of relief.

Chen Yue and the other Chen family experts were especially alert.

In the future, he really had to think of a way to upgrade the defense system of the secret realm of clomaros. Otherwise, if a few more people like the shady firmament came, not only would they be wasting the resources of the secret realm, but there would also be a huge security risk.

If someone harbored evil intentions and lurked in the secret realm to launch a surprise attack on the important figures of the Chen family, the consequences would be unimaginable.

At this moment, in the secret realm, because of the sudden interlude just now, the battle between the two sides was forced to be interrupted.

Seeing that things weren't looking good, Gu Weiyang took the chance to run back into the Alliance Army. If Lin Yi wanted to kill him, he'd have to get past the hundreds of thousands of soldiers!

One had to know that these natives of the secret realm weren't ordinary people. Even if they weren't all big shots at the consummate level, they were all high-end battle prowess experts.

It was simply a fool's dream to break through such a battle formation with one person's strength.

But then again, Lin Yi didn't have much of an obsession with this-he'd just kill anyone who came to him, but he wouldn't go so far as to go all out to kill them.

After all, his true opponent in this battle was Chen Xun, not Gu Weiyang, who had appeared out of nowhere.

#### Chapter 9846-Power

Under the self-recovery of the arcane realm's situation, the overall situation returned to the right track.

Other than the fact that Lin Yi didn't die, the rest of the events were basically the same as history.

The 18 vassal forces had internal strife and split up, forcing Dong Zhuojun to win a great victory.

At least from the big picture, Lin Yi's mission of helping Dong Zhuo repel the Dukes was completed.

However, things were obviously not that simple.

Since the Chen family had gone through so much trouble to give him the identity of Hua Xiong, they would never give him an easy chance to win. If he let his guard down now, he would not even know how he died.

Lin Yi didn't forget that his mission had another condition-to keep Dong Zhuo alive!

Normally, according to the plot, Wang situ would be the one to pull off a series of tricks, and war god Lu would be the one to set Godfather Dong up.

In the face of this secret realm, it was his fate to die under Guan Yu's blade. It was also his fate to die under Lu Bu's halberd.

In comparison, the difficulty of keeping Dong Zhuo alive was much higher than saving himself. It would not be an exaggeration to say that the difficulty was ten times higher!

If he failed the mission, he'd face the punishment of the secret realm of clomaros, and even be killed mercilessly!

At that time, Chen Xun would be able to sit back and enjoy the fruits of his labor without any effort.

This was the Chen family's real plan.

"There should still be some time before the chain of events, right?"

He said that, but Lin Yi still rushed to Dong Zhuo's base as soon as possible. With the Chen family's style of planning, they wouldn't give him a chance to catch his breath.

This was the truth. The series of schemes that were supposed to take place after Dong Zhuo moved Chang 'an had already begun in Luoyang City.

With the Chen family's full support, the chain of events progressed at an extremely fast pace, and all the foreshadowing was completed in just one day.

All that was left was the last scene, Lu Bu killing Dong Zhuo!

Everything happened too quickly, and Lin Yi didn't even have the time to react. House Chen's decisiveness was on full display at this moment!

Luo Banshi looked at this scene and said, ""This isn't asking Lin Yi to fight Chen Xun, it's asking Lin Yi to fight the entire Zhan Shen secret realm. Your Chen family is indeed one of the three founding families, your deep foundation is quite interesting."

The Chen family experts all blushed.

In a battle between powerhouses, one had to resort to all means. However, no matter what, this was indeed not glorious enough.

After all, his young master's goal wasn't just to defeat Lin Yi-he wanted to take back the top seat of the War Council. Since he wanted to stand at the center of power and command the heroes, some things had to be done in the open. At least, he couldn't let others have a hold on to it.

Even if they won against Lin Yi like this, it'd be hard to convince the crowd.

However, it was clear that their young master, Chen Xun, did not care about these things at all.

After all, winning was the most important thing. If he couldn't win, it was useless to talk about anything else. This was something that he knew better than any of his subordinates.

Inside the secret realm, Dong Zhuo's convoy swaggered towards the palace. All the pedestrians on the road knelt down and kowtowed, paying their respects to Dong Zhuo in fear and trepidation as if they were meeting the Emperor.

Everyone was already used to this.

In the end, when the carriage arrived at the north gate, General Li su, who had been guarding this place, suddenly led a dozen brave men of sacrifice and charged out.

"Die, thief Dong!"

Li su roared and thrust his long halberd towards Dong Zhuo, catching him off guard and knocking him off the carriage.

However, Dong Zhuo was wearing armor, so the stab didn't hurt his vital parts. It only hurt his arm.

Seeing li su continue to charge at him, Dong Zhuo hurriedly shouted,""Where is Lu Bu?"

At this moment, Chen Xun, who was shrouded in the Halo of the war god, slowly walked out from the chaotic crowd. In his hand was the Imperial edict of the Emperor.

"By the emperor's order, we are here to kill the traitor Dong Zhuo!"

Dong Zhuo was instantly horrified when he saw Chen Xun and his men of sacrifice surround him.

Other than the time and place being wrong, everything was strictly following the course of history, with almost no deviation.

Now that the situation had developed to this point, no matter how one looked at it, Dong Zhuo's death was certain!

Unexpectedly, just as the heavenly halberd in Chen Xun's hand was about to land, a Titan Buddha that was over 30 meters tall descended from the sky and blasted the heavenly halberd away with a single punch.

Dong Zhuo's fat and bloated body rolled away in a sorry state under the impact of the aftershock. He was lucky to have escaped death!

"Looks like I've come at the right time,"

Lin Yi looked down at the shocked crowd and let out a breath of relief.

Fortunately, he had been careful and ran at full speed all the way. He had relied on the speed increase brought by his strong body that had broken through the shackles of growth five times to finally arrive at the last moment.

Otherwise, if the other party were to succeed, the situation would be really troublesome.

The young master of the Chen family looked at him coldly. "You're finally here. I've been waiting for you for a long time, Lin Yi,"

"Really?" Lin Yi couldn't help but look at her strangely. I thought you'd be very disappointed. After all, I've prepared such a sinister move, but it ended up making you fail. I'm really a little apologetic. "

"Failed at the last step?"

Chen Xun revealed a contemptuous sneer. ""Do you really think that my plan has failed? You're still a member of the wartime Committee. If you're so stupid, you'll be the one embarrassing the entire Jianghai Academy. "

"You're saying that you're confident you can kill him right under my nose?" Lin Yi raised an eyebrow.

These words were a little arrogant, but with his strength, even if he could not use rule power, as long as he could ensure that Dong Zhuo was within his sight, it was not difficult to keep him alive.

At the end of the day, Chen Xun was only an expert at the peak of the late stage of the consummate level. Even with the support of the war god Halo, he was at best on par with Gu Weiyang.

Compared to Lin Yi who had broken through the growth shackle five times, there was still a huge difference in strength.

Chen Xun looked at him indifferently. "If I want him to die, he has no choice but to die. Even the gods can't protect him."

Lin Yi blinked-this Chuunibyou aura ... He really did look like a 2d Male lead.

Unfortunately, it was not long aotian.

However, just as he was staring at Chen Xun's every move, he suddenly felt a sense of danger. He quickly turned around to look at Dong Zhuo, who was behind him.

But it was too late.

Dong Zhuo raised his palm and slammed it down on his head. His brain split open on the spot and he died a horrible death!

Suicide.

Who would've thought that Dong Zhuo, the country's traitor, who everyone wanted to kill, would commit suicide in public!

Lin Yi wasn't completely unprepared-he'd been keeping an eye on Chen Xun and his spirit at the same time, in case the other used some sort of secret technique to affect or control Dong Zhuo.

However, there were no signs at all from the beginning to the end. With his current level and the advantage of his immortal soul Stage, no matter how brilliant the other party's means were, it was impossible for them to do it so flawlessly under his eyes.

The only explanation was that Dong Zhuo was a death warrior arranged by the Chen family.

Chapter 9847

This man was here as Dong Zhuo-his only mission and value was to commit suicide in front of Lin Yi!

No matter how strong Lin Yi was, he could stop everyone from killing him, but he couldn't stop him from killing himself.

When a person wanted to die, even a God wouldn't be able to stop him, let alone Lin Yi.

With Dong Zhuo's death, the situation on the field was instantly reversed.

Mission failed.

Lin Yi immediately felt the majestic aura gathering above the clouds-an unprecedented killing intent was rapidly brewing!

As for the young master of the Chen family, Dong Zhuo's death had declared the completion of his mission, and the war god secret land would reward him with the greatest reward.

"Do you still think I'll be disappointed?"

Chen Xun admired Lin Yi's expression as the aura around him started to increase.

In the blink of an eye, he rose from the peak of the late stage of the consummate level of a giant, all the way to the ultimate consummate level of a giant without any obstacles!

The speed of the entire process was so fast that it was shocking.

In the eyes of others, the realm barrier was like a chasm, but to him, it was like a thin piece of paper that could be broken with a single poke.

For existences like the three founding families, with their strong foundation and resources, it was really not difficult for them to pile up a top-notch combat force.

However, what they wanted had never been an ordinary expert at the pinnacle of perfection. Only by reaching the top in a single step in the true sense of the word could they be in line with their noble status.

That was the truth.

Chen Xun's aura did not stop growing even after he had crossed the threshold of the Great Perfection of a giant. It continued to rise at an astonishing rate.

At the same time, the war God's Halo that enveloped his body became more and more intense. This was the same as the martial saint's will. They both represented the most top-notch rule power.

The rules of war.

"Have a good taste of despair. You might not even have the right to be in despair later, newcomer King Lin."

Feeling the power increase that exceeded his expectations, Chen Xun couldn't help but feel a little smug.

If his previous strength was one, then his current strength was at least one hundred, or even two hundred!

Although Lin Yi wasn't dead yet, and the situation wasn't completely settled, there was no more suspense.

"You seem to be really confident?"

Lin Yi couldn't help but chuckle at the opponent's unconcealed victory attitude, but his expression changed immediately after.

The punishment for failing in the clomaros 'secret realm had arrived!

The killing intent from above the clouds landed on him without any warning, and Lin Yi instantly felt a terrifying pressure.

It was as if an invisible giant hand was about to crush his entire body!

Even with his strong body that had broken through the shackles of growth five times, he couldn't withstand it. His internal organs were ruptured on the spot, and all the bones in his body were cracking. He was about to collapse at any moment.

And this was only the beginning.

As time passed, this invisible pressure would continue to increase until he was completely crushed into a ball of powder!

Chen Xun looked at him as if he was looking at a dying rat in a stinking ditch. "If you beg me now, I might be able to help you and give you a quick death."

However, Lin Yi's face didn't have the pained expression he was expecting. Instead, it was unexpectedly calm.

His physical body did not collapse as quickly as he had expected. Instead, he relied on the power of the ultimate transformation of the five elements to forcefully repair his body that was on the verge of shattering.

Of course, the pain was inevitable.

However, this pain was nothing to Lin Yi. Every physical body Master was a sadist. Did they really think that he broke through the five shackles of growth for free?

Training his body in the nine-story Pagoda was a compulsory course for Lin Yi ever since he entered Jianghai college, and he had never stopped for a day.

At this moment, pain was pain, but it was also a kind of enjoyment for him.

If this continued, he would not be far from breaking through the shackles of growth six times!

Chen Xun, on the other hand, didn't realize the seriousness of the situation. He thought that Lin Yi was just pretending to be strong, gritting his teeth and hanging on the edge of death.

However, this was exactly what he wanted.

"Alright, let's start."

Chen Xun's words weren't directed at Lin Yi, but at the Chen family Masters who were watching outside the secret realm.

Chen Yue clapped his hands in understanding, and a few very popular network streamers were brought over. They pointed at the projection of the secret realm and said, ""This is a gift from the Chen family. I hope you will like it."

All the live streamers were stunned for a moment. After carefully looking at the image on the projection, they couldn't help but be overjoyed.

"It's actually Lin Wuju's battle!"

"What Lin Wuju? You should be called Mr. Lin now. I was wondering what you were going to show us, but it's actually such a big event. It's the right decision to come today!"

Everyone now knew that Lin Yi was the name of the top traffic.

Anything that had anything to do with Lin Yi was guaranteed to be a hot topic, and it could even take over the rankings.

Seven out of ten of Jianghai city's famous streamers relied on Lin Yi for a living, while the remaining three relied on slandering him for a living.

If they knew that it was related to Lin Yi, especially a top-tier battle like this, they'd be willing to pay for it even if they had to!

The live broadcast was quickly uploaded to the internet, and in an instant, the entire Jianghai city was in an uproar.

"I'll go! What did I just see?"

"So this is the battle between Lin Yi and the young master of the Chen family?"

"Didn't you say that this was a private battle? Where did he get all these resources? It's too awesome!"

The internet was in an uproar. The people who were waiting for the results of the final round in the repeat Academy were naturally the first to receive the news.

"Lin Yi doesn't seem to be in a good condition?"

Tyrant was the first to notice. He hadn't fought with Lin Yi for long, but the intensity of their battle was the highest among the group. He knew Lin Yi's strength better than anyone else.

"He's being suppressed by the secret realm. "Tianji nodded in a deep voice.

The people from the new student Alliance did not know what was going on, but Shen Yifan's expression changed drastically.

He was the only one among them who had experienced the secret realm trial, and he was the only one who knew the consequences of being suppressed by the secret realm.

"They're one of the three founding families, after all. I thought that even if they were shameless, they would at least have some face. Now it seems that I thought too well of them!"

Shen Yifan's face turned ashen.

Yan Chi, who was at the side, said with deep understanding, ""Don't overestimate human nature. Once a person becomes shameless, there is no bottom line. The more powerful the families are, the more they are like this."

"If what you're saying is true, then Lin Yi's in a bad situation?" Qiu sanniang frowned.

At this moment, little du Wang suddenly opened his mouth, ""I was once suppressed by a secret realm and almost died. It was only a level two secret realm."

Chapter 9848 Power

Wang sanjue frowned."The secret realm of clomaros is a standard rank 1 secret realm. The suppression is at least ten times stronger than that of a Rank 2 secret realm. Old Lin is in trouble this time."

Tang Yin couldn't help but ask,"Will his life be in danger?"

Everyone looked at each other. This question was not easy to answer.

They believed in Lin Yi's strength and his endless tricks, but house Chen was no small matter, especially when they were so shameless. It was hard to say if Lin Yi could survive this.

In the end, it was Yan Jiang, who answered on his behalf with a cigarette in his mouth,""He probably won't die there. After all, Tian Xiangyang and Luo Banshi are there, they won't let anything happen to him."

Putting aside their personal relationship, they couldn't let anything happen to Lin Yi from their point of view.

This was without a doubt.

Tang Yun let out a breath of relief, but she didn't catch the hidden meaning behind it.

The death penalty could be avoided, but the punishment could not be avoided.

Lin Yi's group's core forces were all worried-Lin Yi was probably going to suffer a lot this time.

"The Chen family is really shameless! They're actually looking for a water Army on the internet!"

Wang shiqing, who was staring at the computer screen, suddenly cursed.

Everyone looked over and realized that in just a short while, there was already a huge wave of activity on the internet.

They were all from different angles, but without exception, they were all praising Chen Xun and disparaging Lin Yi.

This was obviously the Chen family's Internet Water Army!

The little girl, who had self-proclaimed herself as the Head of Information Technology in the information Department of the repeating students, couldn't stand this. She immediately gathered all the younger brothers in her Information Group and began to work.

A bunch of fake reviewers coming after her Lin Yi bro, did they really think that her Information Department was a bunch of professional hackers?

For a time, the internet was filled with waves of excitement.

All kinds of dark history of the Chen family were continuously revealed. The Halo that Chen Xun had just erected was stripped bare in the blink of an eye. His character image collapsed in a clean and simple manner.

But even so, the Chen family's strategy had already succeeded.

Standing at the height of Chen Xun's status, his character and integrity, whether or not he had any black spots on him, all of these were no longer important.

The most important thing was to defeat Lin Yi fair and square in front of everyone, showing off house Chen's power as a super family.

This was his real intention for livestreaming at this time!

As long as everyone could see Lin Yi fall to his halberd, he would be the biggest winner today.

As for whether or not Lin Yi was suppressed by the secret realm, or whether or not the fight was fair, none of that mattered.

As long as the scene everyone saw was a fair one-on-one battle, it was fair.

As for the dirty means he used behind the scenes, outsiders could not understand it at all. It was human nature to not accept things beyond their own level of cognition.

Even if Lin Yi's men were to question him, he'd only need to change the tempo a little, and it'd all lead to one conclusion.

Lin Yi couldn't lose.

You know that I'm dirty, and I also know that I'm dirty, but no one else knows. They will only know that you lost to me!

The whole process was linked to each other, which was the unsolvable part of the Chen family's whole plan.

Even if someone tried to stir up the situation, it wouldn't affect the overall situation. By that time, the Chen family would have already secured their position in the wartime Committee. Under the Halo of power, a large number of people would naturally help them clear their name.

"What a good plan."

Luo Banshi looked at Chen Yue and the others and said faintly.

Chen Yue sneered. "This is a matter of skill. Didn't I say just now? if you're willing to bet, you have to admit your loss."

"You really think you've won?" Tian Xiangyang looked at him indifferently.

"I don't dare to say that I'll definitely win, but I'm not boasting. With my young master's strength, I really can't think of a reason to lose in this situation."

At this moment, Chen Yue had finally regained some of his pride. Although there had been unexpected waves in succession, they had not deviated from the right track, and the overall situation was still in their hands.

Now that the entire trap had been laid out, all that was left was the last step, general.

Now that things had come to this, unless Tian Xiangyang and Luo Banshi decided to forcefully intervene, the Chen family would definitely win.

In fact, they had specially arranged for a live broadcast to be broadcasted to the entire internet at this moment to target Tian Xiangyang.

No matter how much Tian Xiangyang valued Lin Yi, he wouldn't dare to go against Lin Yi in front of so many people. Even if he had to pinch his nose, he had to admit that the Chen family had won the decisive victory today.

Everything was within his calculations.

In the secret realm, Chen Xun didn't plan on waiting for Lin Yi to die. Now was the time to show his strength, he wanted to engrave his invincible side into everyone's hearts, so that the entire Jianghai city would forever remember the strength of his Chen family!

The Halo of the God of War became stronger and stronger until it condensed into a giant god-like shadow that slowly emerged behind him.

The God of War, Lu Bu!

Even through the screen, the terrifying pressure that was visible to the naked eye still made all the spectators breathless.

They had seen Shen Yifan's Phantom of the wind god before, but in comparison, The Phantom of the God of War in front of them was obviously of a higher level, and the pressure it gave off was more than an order of magnitude stronger!

"The war god represents the rules of war. This is the purest form of combat power in the world, born for combat. It's primitive, violent, but extremely powerful!"

A knowledgeable streamer explained to everyone.

Then someone added, "the Gu family is also one of the three founding families. They can control the rules of martial arts through the will of a martial Saint. Although the two seem similar, there are still essential differences."

"The rules of martial arts are more inclined to the use of strength, while the rules of war are more focused on the battle itself. In comparison, the latter is more direct and has a stronger impact!"

The audience on the internet had their eyes opened.

Among them were many Almighties at the level of perfection. This was also the first time they had come into contact with the concept of rule power. Before this, it was almost a blank.

To many of them, this livestream had opened up a whole new world. It had a profound meaning and was no small matter!

In the city Lord's mansion, li songzhang frowned as he listened to the comments on the internet.

"Go and check the background of these streamers."

"Is there a problem?" li Muyang, who was standing at the side, asked.

Li songzhang snorted coldly, "a bunch of pariahs trying to please the crowd, how could they know such a profound level?" I'm sure there's someone behind them!"

At least within Jianghai city's borders, the city Lord's mansion's intelligence network was well-connected, and they quickly came up with a conclusion.

Chapter 9849 Power

"These people have all been in contact with Jianghai Academy, and the person they were in contact with is ... The Tian family?!"

Li Muiyang took a look at the investigation report, and his eyes twitched. "These are Tian Xiangyang's men? What the hell was he doing? To teach a group of lowly commoners what rule power is?"

Li songzhang's face was gloomy. "He wants to use this method to break the sect's view. What a joke!" He said.

For a long time, the traditional elite forces represented by the three founding families, including the city Lord's mansion under li songzhang's rule, not only controlled a large number of strategic core resources, but they also monopolized the top-tier knowledge of the system in order to consolidate their advantages.

With that, it would be as difficult as ascending to heaven for the ordinary grassroots to complete a counterattack.

Even if a few peerless geniuses occasionally appeared, they would eventually be lost because of the extreme scarcity of these two things.

They might be able to make up for their cultivation resources by luck, but they had no way of coming into contact with a complete set of top-tier knowledge systems.

And this was the most important part of reaching the top of the pyramid!

For example, if it wasn't for Banshi Luo's teachings, Lin Yi wouldn't have been able to touch the threshold of rule force even if he spent his entire life. He would never have reached his current level.

Monopolizing the top-tier system was the core interest of all the traditional forces. Therefore, no matter who it was, they were bound to strictly abide by it.

Whoever dared to leak this information would become The Public Enemy of all the traditional forces!

He never thought that in the end, it would be the leader of the Tian family, a traditional force, who took the lead to smash his own rice bowl.

Li Muyang did not think much of it, he laughed and said,""Did Tian Xiangyang's head get kicked by a donkey? Could it be that he thinks that by throwing out these concepts, he will be able to produce a group of experts of laws?"

"You're indeed ignorant. "

Although li songzhang said so, he still felt a chill in his heart. As one of the top figures in Jianghai city, he and Tian Xiangyang had been fighting openly and secretly for so many years. He knew better than anyone how terrifying Tian Xiangyang was.

With Tian Xiangyang's far-reaching plans, he would never do something meaningless. He must have his own reasons for doing so.

However, this gave him a great opportunity to unite with other traditional forces to launch an attack on the Tian family!

After all, this would damage their core interests.

Li Muiyang, on the other hand, didn't think too much about it. He looked at Lin Yi on the screen and said, "If they can't even kill Lin Yi with this, then house Chen is a bunch of useless trash!"

"Lin Yi's in deep trouble this time. Tian Xiangyang's move of shooting himself in the foot is really wonderful."

Li songzhang smiled happily.

Tian Xiangyang was his biggest enemy, and Lin Yi was the thorn in his side. It would be a great joy to see either one of them suffer!

Moreover, from his point of view, Lin Yi's current situation was purely because of Tian Xiangyang.

After all, it's not easy to be a Lackey of the Tian family.

In the secret realm, with the support of the war God's Phantom, Chen Xun's aura had already reached its peak!

"You can leave your last words, newcomer King Lin."

With a disdainful voice, Chen Xun raised his heavenly halberd with one hand and slashed down with it.

The power of the rules of war gushed out, and the vast sky of the entire Mystic realm was split into two!

This world-ending shocking scene shocked all the viewers into silence. The live broadcast room, which was full of bullet comments, was suddenly empty for the first time, as if the internet had been cut off.

In comparison, the confrontation between Lin Yi's group and Zhao Rikun's group in the repeat Academy was a small fight. It couldn't be compared to what was happening now!

"Even Immortals can't compare to this, right?"

As everyone muttered to themselves, the ancient halberd came crashing down on Lin Yi with the power to destroy the world.

At this moment, Lin Yi was barely able to withstand the pressure from the secret realm, let alone fight against it.

Everyone from the repeat students broke out in a cold sweat for him.

"It's over. "

Everyone in the Chen family couldn't wait to celebrate. Even li songzhang and his son from the city Lord's mansion were in a good mood. They were glad that they had finally gotten rid of a big problem.

The power of Chen Xun's halberd was unquestionable even at li songzhang's level!

Even if Lin Yi was at his peak, he might not be able to take it, let alone the fact that he was completely suppressed by the secret realm of clomaros.

Lin Yi was dead for sure!

But just as all his enemies had declared Lin Yi's death, a layer of demonic black flames suddenly emerged from Lin Yi's body just before the halberd struck.

The invincible power of the rules of war poured down and fell on the black flames, but it was gone just like that. There was no movement at all.

"Just this?"

Hearing Lin Yi's calm voice, Chen Xun's entire body fell into a daze, "Impossible! How is this possible?"

Outside, Chen Yue and the other Chen family experts were all dumbfounded.

How could such a terrifying attack have no effect at all?

The scene in front of them had completely exceeded the scope of their knowledge.

Li songzhang and his son, who were eagerly anticipating Lin Yi's death, smashed the table in anger, "Trash! The people of the Chen family are all useless!"

Only Tian Xiangyang and Luo Banshi were not surprised by this.

The domineering power of the ultimate perfect domain was fully displayed at this moment.

Its characteristics determined that it was the natural enemy of all rule bending powers. Even a top-tier rule like the rule of war was destined to be fodder in its hands.

The only known way to break it was to burst out rule power in an instant that exceeded the upper limit of what it could absorb, which meant that there was an extremely high requirement on the control of rules.

In other words, she wanted to have an advantage over Lin Yi in terms of control.

Even if Chen Xun was the young master of the Chen family and the controller of the secret realm of Ares, it was impossible for him to achieve this!

So, even if his rule force was completely sealed in the secret realm, Lin Yi was still as stable as an old dog.

Although he was still far from being invincible, he had no idea how he could lose to an opponent of Chen Xun's level with his ultimate perfect domain.

Lin Yi looked at the man, amused. "Do you want to try again? What if that was just an accident?"

All the viewers online and offline were speechless.

It was like a cat toying with a mouse. This time, it directly overflowed the screen.

Chen Xun was still not convinced. He immediately stabbed out with his halberd again. This time, it was even more ferocious than before, and he did not hold back at all.

In the end, all the power of the rules of war was devoured by the black flames in an instant, leaving nothing behind.

Chapter 9850 The Power Of The Divine Realm

As for Lin Yi himself, he didn't even bat an eye.

Even the slowest person could tell that Chen Xun and Lin Yi weren't on the same level.

Don't be fooled by Chen Xun's cocky attitude, he was just a little brother in front of Lin Yi.

"Impossible! This must be an illusion! This must be an illusion!"

Chen Xun still couldn't accept the reality.

Lin Yi grinned, his face sincere. "Then let me help you wake up."

After he finished speaking, his body suddenly exploded, turning back into the 30-meter-tall Titan Buddha. He punched Chen Xun directly into the ground.

Chen Xun vomited blood on the spot. The illusionary image of the war god behind him instantly collapsed, and more than half of his bones were shattered.

This was not all.

Immediately after, after the insufferably arrogant aura suffered a heavy blow, it actually began to fall crazily.

In the blink of an eye, it had already fallen past the threshold of the great completion of the final stage and returned to the peak of the late stage of the great completion. Even so, it still couldn't stop its decline.

The uniqueness of a Big Shot at the peak of the late stage of perfection meant that if he didn't advance, he would fall back. Once he failed to break through, he would completely fall back to the bottom.

As a result, the young master of the Chen family had fallen back to the late stage of the consummate level in front of the live broadcast on the internet!

For most cultivators, reaching this realm was a dream. However, for the young master of the Chen family, this was the most vicious humiliation in the world!

Chen Xun's face was ashen, and his eyes had lost all light.

In just a short moment, he had fallen from heaven to hell. No one would be able to take such a blow, and it was normal for him to shut up on the spot.

Outside the secret realm, Chen Yue and the other experts of the Chen family were also devastated.

Chen Xun was finished, and the entire Chen family was finished.

After such an inhuman blow, the possibility of Chen Xun getting back on his feet was infinitely close to zero. More importantly, they would lose all control of the clomaros Mystic realm!

There was no doubt that today would be the Chen family's Waterloo.

The internet was in an uproar.

The Internet Water Army that had been trampling on Lin Yi became the target of public criticism.

They were being criticized as badly as they had jumped earlier!

Many of the water Army also followed Chen Xun and shut themselves up. They collectively pretended to be dead and did not dare to show themselves again.

At this moment, Tian Xiangyang and Luo Banshi's expressions changed. They saw that in the sky above the secret realm of Ares, an extremely huge and ferocious eye appeared without any warning.

A ray of black light shot out from his eyes and landed on Chen Xun's body. In the blink of an eye, Chen Xun was sucked into the light.

The huge eye then closed and disappeared without a trace, as if it had never been there.

The scene was dead silent.

The entire process had happened too quickly. Even though Tian Xiangyang and Luo Banshi had made their move as soon as they noticed it, they were still too late.

By the time the two of them forcefully entered the secret realm, all traces of the giant eye had disappeared on their own, not giving them any chance to track it.

"I'm counting on you. "

Tian Xiangyang looked at Luo Banshi.

Luo Banshi nodded. He had mastered the time rule power, and tracking was his absolute strength.

However, in the blink of an eye, Banshi Luo shook his head with a serious expression. ""I can't find it."

"Not even with your ability?" Tian Xiangyang was stunned.

After all, they had been rivals in name for so many years, and his understanding of half-master Luo was no less than anyone else's. Even the second-in-command of the half-Master School, Chen Guo, might not be able to compare to him.

With Luo Banshi's control of the rules, even if he could not directly go back and change the timeline with his physical body, it should be easy for him to check the traces left by the other party during that time.

Banshi Luo smiled bitterly. "It doesn't exist in the past timeline."

Tian Xiangyang was stunned for a moment. He then asked, "Then what about Chen Xun?"

Banshi Luo had a strange expression on his face.

In other words, the traces of the giant eye and Chen Xun's existence had been deliberately erased. Even a time rule ability user at his level could not see through them. This kind of means was really incredible.

"Could it be them?" Tian Xiangyang exchanged a glance with him.

Banshi Luo nodded. "I can't think of any other possibility."

After a long time, Tian Xiangyang let out a long breath and chuckled, ""They're here faster than we expected. They're not giving us a way out."

"The Academy has to be reorganized as soon as possible. Otherwise, once it explodes, I'm afraid we won't even have the chance to fight back."

As Banshi Luo spoke, he turned to look at Chen Yue and the others, who were dumbfounded, ""I'm just a little curious. Why did they catch the dust and scold us?"

Tian Xiangyang shook his head and remained silent.

At this moment, in the Tian family's ancestral hall, Tianbei Yin turned to look at the silent Xu Anshan. "You really don't care about what's going to happen there?"

"No matter what happens, big brother will handle it," Xu Anshan said indifferently.

"He can't handle it!"

Sky back Yin sneered, 'if he could handle it, would I need to spend so much effort to hide in there? He's just a bastard with a body full of problems like me, so why do you people always treat him like a god?"

If it was someone else, they would definitely ask about the inside story, but Xu Anshan did not react at all.

"Boring. People like you are boring."

Sky-back Yin pursed his lips with a bored expression and muttered to himself, ""If there's someone in a family who can give face, there must be someone who can give face. The heavens face the sun and the heavens are covered in darkness. I was born to do the dirty work.

Hehe, they've already made their move, and we're still playing house here. How interesting. "

Xu Anshan's eyes finally flickered. ""What do you know?"

"You're finally interested?"

Tianhouyin revealed a playful expression, but then his expression changed. ""I'm not telling you. "

Xu Anshan was speechless.

There was a real reason why he had never liked to interact with this person since he was young.

At this moment, the entire internet was discussing the huge eye that had appeared in the sky above the secret realm.

However, no one was able to see through it. They were all watching for fun. Most of them even thought that the giant eye was a technique of some Big Shot's domain manifestation.

The scene was a little exaggerated, but to them, it was just a topic for them to brag about in the future. It would not affect their lives.

Only li songzhang, who was in charge of the city Lord's mansion, had a complicated expression.

"Old master, what's wrong?" li Muiyang, who was beside him, asked curiously.

Li songzhang looked at him and said in a half-shocked and half-excited tone, ""They're coming!"

"They ..."

Li Muiyang was stunned for a moment before he revealed a look of anticipation, ""After shouting for so long, it's finally here? Tsk, tsk, I can't wait!"

As he spoke, he did not seem to be panicking from the shadow of the great calamity.
