

Bodyguard 9901

Chapter 9901

"Then this is ..." Everyone was stunned.

"The fire god's inheritance!"

Lin Yi was happy for Bao shaoyou, "He's receiving the fire god's inheritance!"

The reason why he insisted on parting ways with Xu Anshan was that, on one hand, the heavenly God altar was too dangerous, and it would be stupid of him to force his way there. On the other hand, he also saw the possibility of it happening.

Although it might not be true, as long as the bet was right, it would be a huge profit!

From the looks of it now, Lin Yi's decision could be said to have foresight. Even if he wasn't the one receiving the inheritance, it was still a huge benefit to the entire team!

Hong Baxian and the others were envious, but they were more happy for Bao shaoyou!

Once Bao shaoyou successfully received the fire god's inheritance, with his own extraordinary talent, his strength would definitely soar. At that time, the safety of the entire team would be guaranteed.

"This guy is really lucky."

Wei baizhan's mouth twitched. As the only enemy of the group who had a long-standing grudge against Bao shaoyou, he had always been on high alert even though Bao shaoyou had never had any intention of seeking revenge from him.

He was the one who had been blinded anyway. Once he had the opportunity, he would never give up.

In his opinion, Bao shaoyou's current calm performance was nothing more than a dormancy when his strength was not enough. There would definitely be a battle between him and Bao shaoyou in the future!

However, being vigilant was one thing. He would not deliberately drop the chain and cause trouble.

He didn't have the guts to do that since Lin Yi was watching from the side. Also, the situation was special. It wasn't necessarily a bad thing for him that Bao shaoyou became stronger. At least it could help him share a greater burden.

The green-robed man in the distance, however, revealed a look of pleasant surprise. "Tsk tsk, I didn't expect to have such an unexpected surprise. This is giving me a big head for free!"

To him, Bao shaoyou, a Big Shot at the late stage of the consummate level, was originally just a small head with limited value.

However, now that he had received the fire god's inheritance, it was a completely different concept.

The fire god's inheritance, to a certain extent, naturally represented the recognition of Bao shaoyou by the fire god. If Bao shaoyou could improve in the future, he might even become a member of the fire god's Wayfarer and officially join the camp of The Walking gods.

However, as long as he had not reached that step, Bao shaoyou was still his prey!

In fact, once he killed Bao shaoyou, who was receiving the inheritance, he could also get additional rewards from the other gods besides the god of fire.

Don't forget, there was also competition between the gods. The Battle of the Gods back then was so intense that it even led to the Twilight of the Gods!

The value of Bao shaoyou's head was no less than Lin Yi in his eyes!

The most important thing was that compared to Lin Yi, killing Bao shaoyou was a piece of cake for him as Asura's Walker.

However, the green-robed man still did not attack rashly.

He was still patiently waiting for an opportunity, waiting for the most foolproof opportunity!

Because of the inheritance, Bao shaoyou was suffering in the fire and lost his ability to move. Fortunately, although the fire was a fatal test for him, it was also an invincible protective umbrella.

With the darkness flame Toad's example, even if the darkness magical beasts had lost their intelligence, they would still instinctively keep a distance from him.

If they were not careful and touched even a little bit, they would immediately vanish from the world.

However, in this way, the pressure on Yan Zhongyuan and the other three would be even greater. They could barely hold on before, but without Bao shaoyou, the key link, the balance was broken instantly.

This wasn't a case of everyone splitting the pressure equally, with each person having a little more on their head. Instead, all of a sudden, it was all on the person who was already in the most precarious position.

Qiu sanniang.

Qiu sanniang was a late stage Great Perfection powerhouse who had just entered Jianghai Academy, and while she would be able to leave her mark in the school's history, she was still at the bottom of the pack in terms of raw power.

Moreover, her fighting style had determined that she was more suited for one-on-one duels, and not to be besieged by a large group of berserk darkness magical beasts.

Before this, with the help of her other teammates, she could still dance on the tip of the blade with her keen combat intuition.

And this pressure was all on her head, directly leading to a collapse.

A ferocious beast's claw shimmering with poison was about to pierce through her heart. At the same time, several darkness magical beasts opened their bloody mouths, sealing off all her escape routes.

"Not even an intact corpse is left, this is too ugly a death ..."

Qiu sanniang helplessly closed her eyes. Of course she did not want to resign to her fate, but she had no other choice.

At the last moment, she couldn't help but look at Lin Yi's direction, but there were too many dark beasts. She couldn't see Lin Yi at all.

I hope he can bring everyone to live.

Qiu sanniang let out a soft sigh, but at this moment, a hand suddenly grabbed her thin waist. Immediately after, she felt her vision blur and the entire scene changed.

Looking back, he had actually flashed a thousand feet away.

"It's not the time to die yet. Isn't it too early to sigh?"

Hearing Lin Yi's voice, Qiu sanniang couldn't help but purse her lips and smile, "Aren't you afraid that Tang Yin will get jealous if you hug me like this?"

"I'm very pure,"

Although he said that, Lin Yi still retracted his hand.

"I don't believe you."

Qiu sanniang smiled and punched him, but she sighed in her heart. Which young girl didn't yearn for love? even though she was in a rush, she was still a girl.

At this moment, the man in green suddenly appeared behind the two of them, accompanied by a mocking voice.

"Although it's a bit of a killjoy, now is not the time for you two to flirt. I plan to take your heads. You two don't mind, right?"

Qiu sanniang's hair stood on end, but Lin Yi pushed her away before she could react.

As for himself, he was struck in the back by the green-robed man's palm, and his entire body was torn into pieces on the spot, dying without an intact corpse!

"It seems that I have indeed overestimated you."

The green-robed man had a bored expression on his face. Taking Lin Yi's head so easily made all his preparations seem unnecessary, even a little stupid.

"Oh, really? To what extent have you overestimated me?"

Lin Yi's voice came from behind him, and at the same time, he used his strongest God-destroying slash!

Although the green-robed man dodged the attack with ease, his expression became extremely ugly. "A clone? I was actually tricked by a clone?"

Lin Yi smiled, "it's just a fight. You're lying to me, and I'm lying to you. Do you need to react like that?"

"You can actually sense my presence?" the green-robed man looked at him coldly.

"You guess."

Lin Yi said, his face inscrutable.

Chapter 9902 Power

In fact, he really did not notice this person's existence. Even with his current primordial soul realm, the possibility of detecting this person's aura through the cover of the gods' pressure was very low.

It was just that he had a vague battle instinct that made him instinctively guard against this move.

He didn't expect that it would actually work.

"I'm guessing you'll be F * cked!"

The green-robed man cursed. He had thought that he was a fisherman sitting on a fishing platform, but he did not expect to be tricked instead.

Although he was not injured, it was still a great humiliation to him.

If this were to spread to the ears of the other walking gods, he would definitely become the laughingstock of the entire scene.

The green-robed man attacked in rage, and the terrifying strength he displayed made Lin Yi's heart sink.

This person's strength was probably much stronger than the four darkness demonic beasts combined!

Lin Yi was in his tyrant Buddha form, but he was still crushed in one move.

Fortunately, the defense of his tyrant Buddha form was strong enough, and with his strong body that had broken through the growth shackle five times, Lin Yi was one of the best in terms of resistance.

"Eh? He's still not dead?"

The man in green was even more shocked when he saw Lin Yi still acting as if nothing had happened after taking a hit from him!

Don't forget, Lu Taiyi, who was also in the form of the tyrant Buddha, had his black bone armor shattered with a single palm.

"Alright, since that's the case, I'll play with you!"

The green-robed man licked his lips and extended a finger with an excited expression. A drop of blood slowly dripped from the tip of his finger.

The moment the blood fell to the ground, an indescribably dense blood aura enveloped the entire area.

Including Lin Yi, a blood aura appeared above Yan Zhongyuan and the others' heads. The blood aura formed an ancient word.

Death.

This was the killer God's mark that was unique to the killer God's Walker.

Once he marked it, no matter what method he used, it would be impossible to escape his Asura backstab.

In other words, his next Asura backstab was destined to hit. Each strike would take a head. No one could escape or stop it!

With a flash, the green-robed man appeared directly behind Bao shaoyou. This scene was beyond everyone's expectations!

Who would've thought that his first target wasn't Lin Yi, but Bao shaoyou, who was wrapped in fire?

The fire that represented the killer God's inheritance could burn through everything, but to him, the killer God's Walker, it was not to the extent that he could not even touch it.

It was more than enough for him to take Bao shaoyou's head in an instant.

At the crucial moment, Lin Yi appeared again to save the day.

"Looking for someone else in the middle of a fight, isn't Your Excellency a little too unrefined?"

Lin Yi's devouring sword flicked the dagger away, his face calm, "Before you take my head, don't think about anything else. You're a walking killer god, after all. How can you not have this bit of courage?"

"You actually know quite a bit."

The green-robed man couldn't help but feel surprised.

The outside world knew very little about the gods 'Wayfarer profession. Most people had never heard of it in their entire lives. He did not expect that the two people he met in succession could see some clues. Could it be that this profession had already become common in an isolated place like Jianghai city?

Lin Yi didn't mind. "I not only know that you're the killer God's Walker, but I also know how to use the killer God's mark. As long as you mark a target, they won't be able to escape your pursuit. Am I right?"

The green-robed man couldn't help but laugh. "It seems that you're really not simple. This is good too. If you die without knowing why, it would be too boring."

"I know another way to use the Asura's Mark," Lin Yi continued with a smile, "it's said that every time you kill a marked target, the Asura Walker's power will increase by 10% for the time being.

In theory, this effect can be stacked infinitely. The more you kill, the greater the increase in strength. I don't know if I am wrong?"

"....."

This time, the green-robed man's expression changed completely.

That's right, this was the real power of the killer God's mark, and it was also his most important trump card!

The killing God's mark was essentially a fixed move of The Slaughter Rule power. It seized power from slaughter to strengthen itself, using battle to nurture battle, and the more it killed, the stronger it became!

If it was measured by rule control, the killer God's imprint was at least equivalent to 20% of rule moves. Once the snowball started rolling, it was simply impossible to deal with.

Lin Yi said with a weird smile. "Actually, if you had stacked dozens or hundreds of layers before coming over, I'm afraid I wouldn't have the power to compete with you at all. At that time, I'm afraid I could only wait for death. It's a pity that you've underestimated your enemy."

The green-robed man's expression immediately changed.

As a qualified killer God's Wayfarer, it was almost a compulsory course for them to maintain more than 100 layers of killer God's imprint at all times.

However, he did not stack them this time.

In fact, it wasn't just because he had underestimated the enemy. The main reason was that he didn't want to attract the attention of the other walking gods, which would make it convenient for him to take all the heads.

Originally, this was not a big deal.

With his strength, even if he didn't stack it in advance, he could kill his prey in one move, just like how he had dealt with Lyu tai. There was no essential difference.

The only unexpected variable was Lin Yi!

"I underestimated the enemy? Hehe, what big words!"

The green-robed man suppressed his shock and sneered, ""You're speaking as if it's true. How many moves can you take from me with your little strength? You want me to stack a hundred layers before coming to find you, are you worthy?"

Although he said that, he didn't attack Lin Yi directly. Instead, he chose another target.

This time, it was Qiu sanniang.

Lin Yi had expected this, however. He flashed over again and blocked it with his sword.

The green-robed man was even more surprised, 'the top rules of time and space? You actually had such an opportunity?"

It was a short encounter, but he'd seen the entire process.

First, he used the time rule power to predict his movements, and then he used the space rule power to flash over. This combination was really inexplicable.

It was a good thing Lin Yi didn't have a high level of control over the rules. Otherwise, he'd be toyed to death even if he was Asura's Walker!

"Actually, it's a rare opportunity for me to meet you,"

Lin Yi smiled meaningfully.

The green-robed man didn't know what was going on, but he could clearly see the dangerous meaning behind that smile. He couldn't help but fly into a rage out of humiliation.

"I'm your lucky chance? Why, from your tone, it seems like I've become your prey?"

"Same here. If you can treat me like prey, I can treat you like prey too. Fair and square," Lin Yi replied faintly.

Chapter 9903 The End

"Fair and reasonable, your mother!"

The green-robed man was once again flustered and exasperated. Immediately after, another drop of blood came out from his fingertip.

And this time, he released dozens of times more killer god imprints than before, and a Death Mark appeared on the heads of every darkness magical beast in the surroundings.

In other words, it wasn't just Lin Yi and the others-he could activate the snowball mode if he killed any Dark Demon beast.

Once the snowball started rolling, no one could stop him!

He was really going crazy.

In the secret realm of gods, the group of gods could sense each other.

If he did not use the power of the rules of the gods, he could still hide his position. But once he used it on a large scale like this, he would definitely be sensed by the other walking of gods.

There was only so much meat in the pot, and those people naturally wouldn't allow him to eat it all by himself.

But the green-robed man couldn't care anymore-Lin Yi's words made him feel a potential fatal threat, even if his rationality told him that Lin Yi was just bluffing.

No matter how heaven-defying he was, it was impossible for a mere fellow whose cultivation level was only at the late stage of the consummate level of a Big Shot to threaten him, who was standing at the peak of the Big Shot realm.

After all, in a place like Jianghai city, he would be a top-tier combat power!

However, he did not dare to take the risk.

To be safe, he'd rather finish the battle before the other gods arrived than give Lin Yi any chance!

"It's really scary. "

Lin Yi's aura rose by 30% after seeing the other party kill three dark beasts in an instant.

This was only the lowest cultivation level of the darkness demon beast at the late stage of the consummate level. According to the information of the gods that Banshi Luo had given him, the increase in strength provided by the mark of the God of killing was closely related to the strength of the target.

The stronger the target killed, the greater the increase.

If he were to kill any of the four darkness magical beasts at the consummate level of the final realm, his strength would most likely double. At that time, no one would be able to stop him!

This was indeed the green-robed man's plan.

With his strength at the beginning, although he could also kill those four darkness magical beasts, it wouldn't be easy to kill them in seconds. But now that he had the three layers of the killer God's mark, things were much easier.

Kill!

The green-robed man shook off Lin Yi and appeared behind the dark Demon ape without any warning, killing it with a simple God-killer backstab.

The entire process was so smooth that Hong Baxian and the others were dumbfounded.

They'd all seen how strong the dark Demon ape was, and even Lin Yi wasn't an easy opponent. It was able to suppress Lin Yi at the start, but it was gone just like that?

What was even more frightening was that the strength of the Azure-robed man's aura had doubled as expected after the dark Demon ape's death!

"It's your turn now. "

The green-clothed man's heart settled as he turned to Lin Yi with a cold smile. "This is the first time I've ever been so cautious in dealing with a major power at the late stage of the consummate level. You should feel honored."

"Are you ready?" Lin Yi replied with a smile.

"....."

The man's eyes twitched, thinking that Lin Yi was spewing some weird trash talk again. He was about to say something when he saw Lin Yi's speed suddenly burst out with a layer of demonic black flames around him.

So fast!

This wasn't a flash. Although the spatial rule ability was strong, it required the constant positioning of coordinates. In this kind of short-distance face-to-face battle, other than the initial surprise attack, the follow-up might not be useful. At least, it was difficult to maintain efficiency and flow.

If he wasn't careful, he would directly be sent into the spatial turbulence, and he would be finished on the spot.

Lin Yi was clearly using his own explosive strength!

By rough estimation, it was at least three times faster than before, which was much greater than the amplification of his killing God imprint!

BOOM!

The green-robed man was caught off guard, and the flow of time around him seemed to have slowed down. He could only watch helplessly as the demonic devouring sword approached him with a terrifying primordial spirit pressure.

"You actually ... Still held back!"

The demonic devouring sword pierced through the man's head, and a series of primordial Spirit Seeds exploded in his sea of consciousness. The green-robed man's primordial spirit was shattered on the spot, and his eyes lost their light.

The killer God's Walker had died suddenly!

He couldn't understand how Lin Yi could hold back such a terrifying trump card when he was already in such a dangerous situation, just to guard against a threat that might not even exist?

Was this how a normal person would think?

Another person in the distance was equally shocked-it was Lu Taiyi, who'd been running like a dog after being killed by the green-robed man and leaked Lin Yi's group's location.

"He's got a trump card like this, this Lin Yi's really unpredictable!"

He let the Asura Walker find Lin Yi on purpose, on one hand, to divert the disaster so that he could escape from the man in green, but more importantly, he wanted to use this opportunity to test Lin Yi's strength.

With such an insane ability like copying rules, he had been looking for the most perfect target template.

This time, he had deliberately planned to enter the secret realms. Originally, Emperor Xu Anshan was his first target. However, Xu Anshan was famous after all. In addition, Song Jiangshan and the other senior ten seats of the Academy were all extraordinary, so he did not dare to provoke them.

In comparison, Lin Yi was much easier to deal with!

According to the script he'd designed, Lin Yi wouldn't be able to hold back under the Asura Walker's pressure, and he'd die eventually.

Limited by his control of the rules, he couldn't copy God-killer's walk's power, but it was more than enough to copy Lin Yi.

It was just like the gods 'test.

He didn't think that Lin Yi would give him such a big surprise!

"Very good! The stronger you are, the stronger I will be! Even the Asura's Wayfarer was able to counter-kill him-even the Emperor Xu Anshan isn't as strong as him. It seems like I was right to find you, Lin Yi. You're My Lucky Star. "

Lu Taiyi revealed a proud smile.

But very quickly, the smile disappeared from his face. This was because he suddenly realized that he could not replicate it!

"Could it be that the distance is too far? Or could it be that the time he used this super trump card was too short, and my replication ability couldn't analyze it in time?"

Lu Taiyi was shocked and angry.

It felt like a delicious cake was placed in front of you. Just as you were preparing to enjoy the meal, you realized that it was just a cake model.

That kind of disappointment was simply indescribable.

Lin Yi, on the other hand, didn't have time to enjoy the fruits of his victory. He took this opportunity to turn around and attack the three most threatening dark beasts.

Chapter 9904 The End

The black flames were the symbol of the ultimate perfect domain.

As soon as the ultimate perfect domain was activated, the gods' pressure on him was instantly cleared, and his strength was restored from 30% to 100% of his peak state. Such a change in strength was enough for him to dominate the whole scene.

"The gods' secret realms are the home ground for the employees of gods. For you, an ancient God cultivator who can ignore the pressure of the gods, it's also a unique home ground!"

Jiang xiaoshang chuckled in Lin Yi's mind.

Lin Yi asked, "how long can you block it?" If the gods find out, you and I will both be in trouble!"

The ultimate perfect domain was what Jiang xiaoshang called the embryonic form of a Godhead.

Under the eyes of the gods like the secret realms, the power of the ultimate perfect domain was of great benefit, but it also came with great risks.

His energy fluctuations could alert the gods at any time, and once any one of them cast their eyes on Lin Yi, his identity as an ancient God would be exposed.

From Jiang xiaoshang's description of how much the gods feared the ancient gods, Lin Yi's fate could be imagined.

So unless it was absolutely necessary, Lin Yi wouldn't use his perfect realm here.

However, even so, if he was forced to make a move like this, it did not seem like there would be a problem.

After all, Jiang xiaoshang did not give it to him for free.

As long as he was willing to put in the effort, he could completely help to shield the energy fluctuations of the ultimate perfect domain. However, the time was limited.

"Don't worry, don't worry. You're my only hope for a comeback. I won't harm you no matter what. After all, harming you would be harming myself. I'm not stupid!"

Jiang xiaoshang guaranteed confidently, ""I don't dare to say more, but 15 minutes is definitely not a problem!"

"The time it takes for an incense stick to burn? That's enough. "

Lin Yi nodded and sped up his harvesting.

In less than half an incense's time, the remaining three consummate level darkness demonic beasts had followed in the footsteps of the darkness demonic ape, becoming "gifts of nature" in the eyes of everyone.

As for the remaining half an incense's time, Lin Yi didn't idle around. He activated his ultimate perfect domain again and did something that would make all the gods 'employees' scalps tingle with fear if word got out.

He had stolen the inheritance of the God of killing from the green-robed man.

The foundation of the gods 'walk was the inheritance of the gods. The difference between them and the other ordinary inheritors of the gods was that they were deeply bound to the gods in terms of power and beliefs, and thus became the spokesmen of the gods in the human world.

With Lin Yi's status, he naturally couldn't become a walking of gods.

After all, that would be too close to the gods, and the gods would check back and forth in the process. Even if Jiang xiaoshang helped to cheat, it was hard to say that they would not be exposed.

However, if it was just to take the gods' inheritances and guide the gods' rule bending powers into the ultimate perfect domain for his own use, it could still be done with Jiang Xiaoshang's help.

This sounded like a fantasy, but Jiang Xiaoshang could do it with ease.

Even Lin Yi couldn't help but feel his eyelids twitch at the way the guy was handling it, "What exactly is your main body in charge of among the gods? aren't you a little too familiar with this business?"

"It's hard for me to explain it to you with your current knowledge. "

Jiang Xiaoshang thought for a while and said, "let's put it this way. The God of creation is the head of all the gods. All the gods have to listen to his orders. If anyone dares to disobey, their Godhead will be erased."

However, for some reason, the God of creation could not stay awake for a long time. He usually slept in the temple of creation.

That's why I need someone to help me manage it, and my original body is one of them. As for collecting the rule power of the gods, it's just a small hobby of his. "

"Xiaoxiao's hobby ..."

Lin Yi didn't know what to say. His instinct told him that Jiang xiaoshang's real body was not easy to deal with.

Otherwise, he would not have created such an unruly clone like Jiang xiaoshang.

While they were talking, they had finished plundering the inheritance of the killing God.

Feeling the extra killing rule power in his perfect domain, Lin Yi felt a long-lost sense of satisfaction, as if he'd just had a good meal.

His control over The Slaughter Rule wasn't that high. It was about the same as the space and time rules, only about five percent.

It was much less than Lin Yi had expected.

However, with the killer God's inheritance as the foundation, even if he only had 5% control, he could still use the killer God's mark, which was worth it.

In addition, there would be no strict upper limit of 20% control over the killing rule.

In other words, as long as Lin Yi had enough luck, it was completely possible for him to control more than twenty percent of the killing rule.

The Assassin's Mystic realm was a good place to farm control, but it was a pity that the control of the mystic realm wasn't in the hands of anyone Lin Yi knew, and it didn't seem like it would open again in a short time.

Therefore, if he wanted to improve his control of the killing rule, he had to find another place.

But no matter what, this was a huge harvest for Lin Yi.

By relying on the snowball effect of the killer God's mark, not only would the dark magical beasts in front of him no longer be a threat, but they would also become the perfect stage for him to pass the secret realms!

That was the truth.

After stacking a dozen layers of the killer God's mark, Lin Yi was able to deal with these dark beasts with ease, even without the power of the perfect domain.

And as the number of layers of the killer God's mark continued to stack, it would only become easier and easier. It was so easy that he didn't even need to use the most basic killing move. Just A simple punch could easily blow up a large area.

In this way, the pressure on Yan Zhongyuan and the others was greatly reduced.

He could use this opportunity to digest the experience and knowledge he had gained from the life and death situation.

It was foreseeable that after this battle, everyone's strength would improve by leaps and bounds. Even if their realms didn't improve on the surface, their actual combat ability would at least be several times higher than before. It wouldn't be an exaggeration to say that they were reborn.

Among them, the one who gained the most was naturally Bao shaoyou.

With his extraordinary talent, as long as he wasn't disturbed by external forces, it was certain that he would be able to obtain the fire god's inheritance.

If everything went as planned, he'd be able to control more than five percent of the fire rule bending power, and he'd be able to reach the sky in one step, becoming the second strongest under Lin Yi!

In the entire Lin Yi group, only little du Wang could beat him.

The rest of the people, including Yan Zhongyuan, Wei baizhan, and Ren Tian 'er, could only look up to him in a short time.

Chapter 9905 Power

"Do you really think you can rest easy like this? How can you be so naive!"

Lyu Taiyi watched all of this coldly from a distance.

What made him regret was that even though Lin Yi continued to use his perfect domain after killing Asura's Walker, he still couldn't replicate it.

However, after the initial mental imbalance, he quickly suppressed his impatience. Since he had found a more perfect replication target than he expected, he naturally had enough patience.

You can't eat hot tofu in haste.

He wasn't in a rush to bite Lin Yi before he had the confidence.

For someone like him who was used to hiding in the dark, patience would always be his most powerful weapon.

"He even obtained the ability to kill gods? Interesting, this is getting more and more interesting!"

Lu Taiyi's mouth curved into an excited smile. "I'll help you make the fire a little stronger. I'm sure the expressions on the gods 'employees' faces will be interesting when they react. Don't disappoint me, Lin Yi,"

Lin Yi felt that something was wrong.

In the next half a day, the number of darkness magical beasts that gathered was far more than he had expected!

There were already twelve darkness magical beasts at the level of the consummate level of the Almighty, and there were countless other darkness magical beasts below the peak of the late stage of the consummate level.

Thanks to the killer God's mark, he had snowballed in advance. Otherwise, this situation would have been really difficult to deal with.

After all, the ultimate perfect domain couldn't be activated frequently, and if he only relied on 30% of his strength under the restriction of the gods' pressure, it would be extremely difficult for him to deal with such a situation.

"Someone is deliberately fanning the flames for us."

Hong Baxian and the others also reacted.

With the killer God's mark as his trump card, Lin Yi had already stacked more than a hundred layers. In theory, he should be able to do whatever he wanted, but there were still hidden dangers.

The killer God's mark was a rule power, after all. The more Lin Yi used it, the stronger the invisible rule fluctuations would be, and the more likely it would attract the attention of other rule Masters, especially those from the walk of gods!

However, since things had already come to this, there was no other way. He could only continue on this path until the end.

As long as it didn't attract a large group of gods, Lin Yi's current strength was enough to deal with it. As for the darkness demon beasts, it was nothing.

The divine realm.

The temple of creation, which had been silent for thousands of years, suddenly sent out a trace of divine fluctuation.

All of a sudden, the gods who were scattered in all directions were shocked.

"Could something big be happening?"

Everyone knew that the God of creation would not easily wake up unless it was a critical moment. However, under their control, the rule system of the entire world did not change.

Everything was normal.

However, there must be a deeper meaning for the God of creation to suddenly show signs of awakening.

Countless inquiries were sent from all directions to the gods 'main hall next to the temple of creation. The God on duty was Jiang xiaoshang's original body, Jiang Shang.

Jiang Shang's face was solemn. He sent a message and sent away the shocked gods.

"The God of creation hasn't woken up yet, so there's no need to speculate."

However, his eyes were fixed on the secret realms. This was the closest place to their divine territory in the human world, and it was also the source of the disturbance in the temple of creation.

"That restless clone of mine seems to have found something interesting."

Jiang Shang's deep eyes were filled with curiosity, and there was even a hint of light in them.

At this time, Lin Yi and the others had already defended the fire god altar for an entire day and night under the siege of the dark Demon beasts, successfully completing the camp mission condition!

In addition, Bao shaoyou had also successfully obtained the fire god's inheritance.

Although the whole process was full of twists and turns, and could even be said to be dangerous, the final result was a happy ending.

However, everyone soon noticed that something was wrong.

"There's no hint of a successful mission?"

Hong Ba and the others looked at each other.

Generally speaking, once a secret realm mission was completed, the only thing left was to calculate the reward and leave the secret realm. There was no third possibility.

However, even though they had completed their mission, they did not receive any notification.

"Is it not time yet?" Qiu sanniang asked, puzzled. It's already been a day and a night, right?"

Lin Yi shook his head, deep in thought. "I'm afraid the problem isn't with us, but with Xu Anshan. "

Hong Baxian quickly reacted and frowned. ""I thought that as long as one side could hold the altar for one day and one night, everyone would have completed the faction mission. It seems like we were too naive."

That was what they had thought before.

Splitting up with Xu Anshan's group was actually equivalent to putting eggs in two baskets. It might not be a bad thing from the overall layout.

After all, as long as one party succeeded, the other party could also clear the stage.

Xu Anshan was willing to share the map information with Lin Yi probably because of this. In the end, double insurance wasn't a bad thing.

However, looking at the situation, this idea was probably too naive.

"Once they choose to split up their forces to guard two altars, they have to guard both for at least a day and a night to complete the camp mission. If that's the case, it's too much of a scam!"

Everyone reacted and was collectively speechless.

Although it might not be the case, at least judging from the current situation, it should be the most likely situation.

Lin Yi shook his head helplessly, "the gods are for people to worship, not for us mortals to reason with. Otherwise, why would they be called gods?" There's no reason for this. "

"What do we do now?" Hong Ba asked, looking at Lin Yi. Are we just going to wait here or are we going to go help Xu Anshan?"

"He's a natural-born Emperor, the publicly acknowledged ceiling for top-notch combat power. Why would he need our support?" Qiu sanniang pouted.

At this time, Bao shaoyou, who had just received the god of fire's inheritance, said, ""The difficulty of the secret realms is much higher than we thought. If it wasn't for boss's successful snowball rolling, I'm afraid we would have been in trouble.

Although the people from the Academy are very strong, they are only slightly stronger than us. If there are any unforeseen circumstances in the middle, it is not impossible for them to collapse halfway. "

Wei baizhan snorted coldly and said, "you're not really thinking of sending us to help those idiots, are you?" Peerless genius, there's a limit to how much you can pretend to be a good person, right?"

"Although we've completed our mission, the darkness magical beasts are still gathering from all directions. The danger on us hasn't been eliminated yet. We can still defend ourselves in this fire god altar by taking advantage of the terrain. If we go out rashly and something happens along the way, I'm afraid we'll be in deep trouble!" Hong Ba warned.

This wasn't an alarmist talk, but a truly wise and experienced one.

Chapter 9906

Lin Yi nodded. "The situation at the altar is still unclear. We don't know if the mission is as we thought it would be. We can't act rashly."

Bao shaoyou frowned, but seeing the determination in Lin Yi's eyes, he nodded and didn't say anything more.

Staying at the fire god altar and defending it to the death was a passive move, but it was the most secure decision at the moment.

It would be a dereliction of Lin Yi's duty as a boss if he took everyone on a risk just for a baseless guess.

"He's actually biding his time?"

Lu Taiyi, who was watching from a distance, frowned.

He wanted Lin Yi's group to make a move more than anyone else-after all, only when they did would he have a better chance to strike.

If Lin Yi decided to hide in the fire god altar and never come out again, he'd be helpless.

After all, the situation before had already proven that once Lin Yi's killer God's mark snowballed, it would be unrealistic to force him into a corner with these dark beasts.

"Fortunately, there's still the task mechanism that I can make an issue of!"

Lu Taiyi rejoiced in his heart.

He'd done a lot of research on the secret realms because of his goal, and his understanding of them far exceeded Lin Yi's group.

If not for that, he would not have dared to act alone.

Lu Taiyi looked at Lin Yi and laughed coldly, "If Xu Anshan really can't hold on, then I'd like to see if you have enough self-control."

As he spoke, he seemed to have forgotten that he was also a member of the camp.

The heavenly deity altar.

At this moment, Xu Anshan and the others had already entered the altar, and they were in the same situation as Lin Yi's group. Countless powerful Dark Demon beasts gathered from all directions.

In terms of quality and quantity, they were much stronger than the fire god's altar!

Fifteen darkness-type magical beasts at the consummate level of the realm!

Even Lin Yi was dumbfounded by this lineup-he'd killed quite a few at the fire god altar, but they didn't all appear at once.

The appearance of a group of top dark magical beasts, the calabash Brothers, not only greatly reduced the pressure on him, but also gave him a great opportunity to roll the snowball.

However, the heavenly deity altar was different.

These 15 darkness magical beasts appeared almost at the same time, and they all stood there in unison. Just the terrifying pressure that came from them was enough to make people collapse.

In addition, there were also many darkness magical beasts with high-level combat power.

It was no exaggeration to say that even the entire Jianghai Academy would be under immense pressure from such a terrifying lineup.

Unless Tian Xiangyang and Luo Banshi, two of the most powerful individuals in the Academy, personally took action, the fifteen darkness-type magical beasts would be more than enough to deal with the rest of the top powers in Jianghai Academy.

However, in the heavenly God altar, Xu Anshan was the only one who had the highest combat power.

The rest of them, including the fourth seat of the Academy, Song Jiangshan, had yet to truly step into the realm of the ultimate completion of the big shots. Restraining one of them in a short period of time was already the limit of what he could do.

The rest of the people couldn't even deal with the other darkness magical beasts.

He could not even take care of himself, let alone help Xu Anshan share more pressure.

Xu Anshan glanced around the room. He did not look nervous at all. His eyes were still full of disdain, as if everything was under his control.

However, everyone was already beginning to despair.

No matter how high Xu Anshan's combat power was, it shouldn't be this exaggerated. One against fifteen was simply unimaginable.

The surrounding top-level darkness magical beasts that had gone berserk all let out roars, each of them showing their ferocity. This was their last warning to Xu Anshan.

However, Xu Anshan was still unmoved.

The shadow of a Supreme Emperor appeared behind him, accompanied by an overbearing aura.

"Submit, or die."

Xu Anshan said indifferently.

Hearing this, everyone on his side was speechless. Wasn't this posturing a little too much?

If it was a one-on-one, no one would doubt it. Even if it was a one-on-three or one-on-five, everyone would still have confidence in him due to his great reputation. But this was a one-on-fifteen!

They thought that Lin Yi was just a poser, but compared to this man, Lin Yi seemed to be the modest one.

Although these darkness magical beasts had lost their intelligence under the pressure of the gods and entered a berserk state, they were not stupid. They could more or less hear the condescending and contemptuous tone in Xu Anshan's words.

Then, they were all furious.

Almost at the same time, 15 darkness magical beasts at the peak of the Almighties 'realm launched a deadly attack on Xu Anshan from all directions!

Such an earth-shattering and ferocious battle formation was enough to make any top-tier combat power collapse in fear.

However, just as everyone thought that Xu Anshan was about to fall into a desperate situation, a picture scroll appeared out of thin air in front of him. It vaguely revealed the magnificent outline of the country.

Xu Anshan's lips opened slightly and he said a few words silently.

Following that, his palm turned into the shape of a Jade seal and pressed down heavily on the painting in front of him, accompanied by two words.

"It's up to you,"

As soon as he finished speaking, the 15 berserk darkness magical beasts were all sucked into the scroll and disappeared.

Everyone was dumbfounded.

The air in the painting was rolling, as if there was an intense battle going on. The silhouettes of 15 darkness magical beasts were faintly discernible, and they looked particularly ferocious.

However, after a short while, there were only 15 giant skeletons left.

“.....”

The entire place was deathly silent, and even the berserk darkness magical beasts were momentarily stunned.

Other than a few of the senior ten seats of the Academy who knew about Xu Anshan's strength, the rest of the cultivators were so shocked that they could not close their mouths for a long time.

That was a total of 15 peak darkness magical beasts!

Fifteen existences with top-notch combat power were actually taken care of in one move. What kind of God was this?

Xu Anshan glanced at the crowd. "I'm going to start receiving the sky God's inheritance. I'll leave the rest to you. "

After he finished speaking, he entered the center of the heavenly deity altar and was immediately enveloped by a Supreme divine might. This was a sign of the heavenly deity's inheritance.

The crowd was once again dumbfounded.

He accepted the inheritance just like that. Why did it feel like the altar belonged to his family?

Even if he was the leader, the probability of obtaining the inheritance of the gods was still small. Why was he so sure that he would be able to obtain the inheritance of the gods? More importantly, it actually came true!

Song Jiangshan laughed and said, "his words are like the laws of heaven. His words are like the laws. The structure of an Emperor is something that we mortals can't imagine."

Everyone nodded in agreement.

Chapter 9907

Before this, although they respected Xu Anshan, who was a natural-born Emperor, they did not have a direct concept of him. They always felt that no matter how strong he was, it was impossible for him to exceed their understanding.

However, it seemed that their imagination was still too poor.

However, seeing such a shocking scene with their own eyes, even if Xu Anshan did not say anything, it was a huge encouragement for everyone present.

Even though there were many darkness magical beasts left, they didn't have any top-notch combat power.

With everyone's strength, although it was still difficult to avoid danger, it was not completely impossible to deal with.

Under everyone's active attacks, the number of darkness magical beasts started to decrease at a speed that was visible to the naked eye.

Ji Chi suddenly sneered. "Someone thought this place was dangerous and unpredictable. He was so scared that he would rather run away than come here. What a joke!"

It went without saying who this "someone" was.

Someone next to him chimed in. "It's the safest place where Emperor Xu Anshan is. He can't even understand this. His eyes are so bad. I'm afraid he's in trouble now."

"I'd like to see what expression he has now!"

Ji Chi laughed and immediately became more excited.

Putting everything else aside, these ten old-school seats in the Academy were indeed existences that could look down on high-end combat forces.

No matter how ferocious these darkness magical beasts were, without the deterrence and restraint of their top-tier battle strength, they could only be slaughtered in front of them.

But at this moment, a burly man in primitive clothes suddenly appeared in the crowd of beasts.

A moment ago, he was dozens of miles away, but in the next second, he had transformed into a Black Wolf and bit off Ji Chi's entire right arm without warning.

A miserable howl instantly tore through the entire scene.

The burly man returned to his human form, but he was still biting Ji Chi's arm and swallowing it in front of everyone.

After enjoying it for a moment, he revealed an evil smile. ""Darkness magical beasts are also beasts. It's not good to kill them like chickens in front of me, right?

If the beast deity asks about it later, it'll be hard for me, the advisor of the beast deity, to answer to him!"

The beast God Wanderer!

Song Jiangshan and the others looked at each other, and they could not help but show fear on their faces.

The ten seats of the Academy had naturally heard of the concept of The Walking of gods.

Although there were strong and weak people in The Walking of gods, the strong ones were naturally at the top level of combat power. Even the weak ones were the strongest among the top level combat power!

It would not be an exaggeration to say that the solid strength of The Walking of gods started from the ceiling of top-notch combat power.

Everyone could not help but turn to Xu Anshan.

It was impossible for them to deal with such an existence on their own. Only Xu Anshan was qualified to fight with him.

However, the problem was that Xu Anshan was currently receiving the God's inheritance and could not fight during the entire process.

No one knew how long the inheritance process would last.

"Oh? There's actually a lucky boy who has caught the eyes of a heavenly God. However, it seems that we're not so lucky again this time!"

A mocking voice came from behind the crowd.

Everyone looked towards the source of the voice. It was a woman in alluring clothes, exuding an indescribable charm from head to toe.

Even the senior ten seats in the Academy could not help but feel hot and impatient when they looked at her. They had a faint urge to get carried away.

"The Walking Demon God?"

Song Jiangshan bit his tongue and forced himself to wake up.

However, before he could digest the situation in front of him, another voice came from not far away.

"This head is mine, none of you are allowed to snatch it!"

The voice was cold and emotionless, and a pungent corpse Qi filled the nose of everyone present.

What appeared in front of everyone was a hideous and terrifying corpse.

However, this corpse could move freely like a living person, and it even exuded an extremely powerful aura.

The zombie God walked.

Everyone's heart suddenly fell into an ice cellar, and even song Jiangshan could not help but feel despair.

Three gods!

In a situation where Xu Anshan couldn't make a move, any random walk of gods could put them in a desperate situation, but three of them had come!

This was simply not giving them a way out.

Everyone finally realized why Lin Yi had to bring people to the fire god altar even if he had to go against Xu Anshan. It was because he had predicted this!

She should've left with Lin Yi if she'd known!

Unfortunately, it was too late to regret.

The Three Wayfarers of gods with ill intentions, as well as the numerous darkness magical beasts present, were much more terrifying than the 15 peak darkness magical beasts from before. It was already beyond what they could handle.

This wasn't a question of whether they would risk their lives or not, but a question of whether they would die.

"How do we split the heads?"

The charming God's Walker smiled and suggested, ""The other advisors of gods are on their way. There are only so many heads left. If we wait any longer, there won't be enough for us to split."

The beast God's Walker laughed, "split my ass!" Of course, it belongs to whoever snatches it. Everyone will rely on their own abilities!"

After saying that, he turned into a black python and swallowed Ji Chi, who was the nearest to him.

However, Ji Chi was not a simple character.

Although he had just lost his right arm and his combat strength had been greatly reduced, under the pressure of death, he still burst out with a powerful technique that was comparable to the top combat strength.

His aura instantly skyrocketed by more than two times!

Ji Chi struggled to break free from the Python's strangulation and fled. However, before he could run ten meters, his chest was pierced through from the back by the black Python's tail and he died on the spot with grievances!

Everyone was shocked.

The dignified boss of the Disciplinary Committee, a Big Shot in the Academy, had actually died in front of them just like that. It was really unimaginable.

And this was only the beginning.

Seeing that the beast God's employees were the first to get a head, the remaining charm God's employees and zombie God's employees were naturally unwilling to fall behind and immediately attacked the crowd.

Everyone was horrified and quickly fled in all directions.

Facing a berserk darkness magical beast, they still had the courage to fight to the end, but against these monsters, they really didn't have the courage to resist at all.

The only thing left was to run.

However, the more they did so, the faster they would die.

Seeing the cultivators following in Ji Chi's footsteps one after another, song Jiangshan's eyes were about to pop out of his head. However, he could not even protect himself at this moment, let alone save everyone.

Soon, he was forced into a corner by The Walking charm God and The Walking corpse God.

"Are you going to become my captive? Or do you want to become a corpse puppet controlled by him?"

The charm God's Walker licked her lips seductively.

Chapter 9908

If it was any other man, if they were forced to choose one of the two, they would naturally choose the former.

However, song Jiangshan was very clear that the so-called prisoner under the pomegranate skirt was actually not a living person at all. His own primordial spirit would also be completely wiped out, leaving only an empty shell, no different from a corpse puppet.

"I won't choose any of them!"

Song Jiangshan looked in Xu Anshan's direction in despair, but he saw that Xu Anshan was still shrouded in the divine might and showed no signs of waking up from the inheritance.

"Don't worry, he'll be here to accompany you soon!"

The Walking charm God laughed.

Looking at everyone present, Xu Anshan, who was receiving the sky God's inheritance, was undoubtedly the big head they wanted the most.

It was just that the three of them were restraining each other, and no one dared to act rashly for fear of attracting the joint attack of the other two.

Therefore, before Xu Anshan arrived, they had to split the heads of the surrounding people. This had become their mutual understanding.

"He's mine!"

"Die!" The Walking corpse God growled and forcefully attacked song Jiangshan.

The Walking charm God laughed flirtatiously, not willing to fall behind.

But at this moment, Xu Anshan, who was in the inheritance, opened his eyes without any warning and struck out with his palm expressionlessly. The painting scroll of rivers and mountains and the country blocked in front of song Jiangshan.

The Mei Shen Walker and the corpse God Walker's eyelids twitched slightly, and before they could even let out a muffled groan, they were both sucked into the scroll.

"You succeeded?"

Song Jiangshan had just escaped from death, and when he reacted, he could not help but be surprised and happy.

With Xu Anshan's strength, once he obtained the sky God's inheritance, it wouldn't be an exaggeration to say that he was invincible. Even The Walking of gods in front of him might not be his match.

Xu Anshan shook his head.

The inheritance of a God was extraordinary. Even a natural-born Emperor like him was unable to complete the inheritance in such a short time. This time, he had forcefully interrupted it.

“.....”

Song Jiangshan could not help but have a complicated expression. Although he knew that the other party was trying to save him, he could not help but sigh, ""It's such a pity. "

If he missed this once-in-a-thousand-years opportunity, it wouldn't be so easy for Xu Anshan to obtain the inheritance of the gods again.

As for the sky God's inheritance, after this self-interruption, it would be completely cut off from him.

After all, voluntarily giving up the inheritance was a blasphemy against the gods.

Blasphemy against the gods was not a joke.

However, it was too late to say anything now.

If he couldn't even pass through this obstacle in front of him, how could he talk about the inheritance of the sky god? no matter how good the opportunity was, it was only valuable if he was alive.

"He actually took the initiative to stop the inheritance of the sky god? You're quite bold, but since you've blasphemed against a heavenly deity, you're already destined to be a dead man. "

The beast God's walking voice came from the side,""You're such a good head. Why don't you give it to me instead of others? at least I admire you, right?"

As he spoke, he suddenly turned into an extremely ferocious half-orc, and the aura around him became extremely violent. He turned into a monster and charged at Xu Anshan.

Xu Anshan lowered his body slightly and blocked his attack with the emperor's palm of the country. The two of them were in a state of anxiety.

Song Jiangshan watched in fear.

He was not someone who had never seen the world. He had even personally witnessed a battle between super top-tier combat forces.

However, compared to the battle between the two of them, even the impact of that battle could not be compared to what was happening now.

Of course, there were also duels between true experts without the slightest bit of smoke or fire. Just based on the impact of the senses, it might not be that strong. This in itself did not represent the level of the level.

But at least he could be sure of one thing, the intensity and danger of the battle in front of him was far above that of the previous one!

"This kid's strength is actually so terrifying!"

As time passed, the beast God's Walker became more and more frightened.

In his past knowledge, no top-notch combat power would have any chance of winning against The Walking of gods, unless they were existences with super top-notch combat power.

After all, their control over the rules was on a completely different level.

However, he was now facing Xu Anshan one-on-one. Even though he had used all his strength, he was still at a disadvantage!

The key was that Xu Anshan's every move was upright and full of the spirit of an Emperor. He was using his power to suppress others, not giving him any chance to turn the tables.

If this continued, defeat was already set in stone, and it simply wouldn't change according to his personal will.

Escape!

For the first time ever, the great beast God's Wayfarer had the thought of running away. If this were to spread, he would probably become the laughingstock of all the other wayfarens of the beast God. However, he really had no other choice.

However, just as he was getting more and more embarrassed and was about to escape, Xu Anshan suddenly stopped.

Then, a man and a woman appeared out of thin air.

The man's corpse Qi lingered around him, and the woman's beauty was unparalleled. They were The Walking corpse God and The Walking charm God that had just been sucked into the painting scroll.

"Let's join forces. This guy is not simple. I'm afraid we're not his match in a one-on-one fight!"

The charm God's Walker's face no longer had a hint of coquettishness, and it was replaced with a serious expression.

Fortunately, she and the zombie goddess had been sucked in together. If she had been by herself, she probably wouldn't have been able to escape.

Xu Anshan, this natural-born Emperor, was a completely different concept from the top-notch combat power they had previously known!

Even among all The Walking of gods, only the top-notch group could defeat him. As for them, if they still underestimated the enemy at this point, they would really be courting death.

"Then let's join forces. How do we split the heads?"

The beast God's Walker immediately nodded in agreement. No matter what, joining forces with the other two was better than him running away in panic.

"The head is mine!"

The zombie God Walker roared and charged forward.

The other two looked at each other and immediately attacked together.

Three against one!

Xu Anshan's situation suddenly became precarious.

To be able to suppress an advisor of gods in a one-on-one battle had already overturned everyone's understanding. Even in a one-on-two battle, he could barely stabilize the situation and ensure that he would not lose.

But one against three, this had already exceeded the upper limit of any top combat power!

There was a limit to a natural Emperor.

Song Jiangshan's heart was beating fast as he watched Xu Anshan narrowly escape death several times under the combined attacks of the three gods 'walkers.

After hesitating for a moment, he finally made a decision, a decision that would definitely anger Xu Anshan.

He asked Lin Yi for help.

Chapter 9909

Lin Yi left a Yuan spirit seed on him when they parted ways.

This seed didn't have any other use-it didn't have any killing power, but it could send Lin Yi a message when it was destroyed.

With Xu Anshan's Supreme Emperor's heart, asking for Lin Yi's help wasn't something he would consider.

The pride of a born Emperor had determined that even if he died, he had to maintain the dignity of an Emperor!

He would never reveal his weak side to anyone. This was not just a matter of face, but also directly related to the foundation of his standing.

An Emperor must never bow his head!

However, he, Song Jiangshan, did not have the psychological burden of doing things that Xu Anshan could not do.

Lin Yi was just a newbie a little stronger than a noob before him, after all-a normal person wouldn't even have the right to look him in the eye.

But now, Lin Yi was far above him. If it was someone like Ji Chi, he wouldn't be able to accept such a psychological gap.

However, Song Jiangshan was quite calm about this.

He didn't look down on Lin Yi when Lin Yi was lower in status, but now that Lin Yi had reached the sky with a single step, he didn't feel any dissatisfaction at all and maintained his attitude.

Song Jiangshan had the style of a gentleman in ancient times. This was Tian Xiangyang's evaluation, and also Banshi Luo's evaluation.

If it weren't for that, he wouldn't have become the person Lin Yi admired the most out of the ten seats.

The primordial spirit seed was annihilated, and a request for help was sent out.

Song Jiangshan did not relax at all.

He didn't know if the message would reach Lin Yi, and even if Lin Yi did receive it, he didn't know if he had enough energy to spare.

Even if Lin Yi did come to the rescue immediately, he might not even be able to make it before the situation got out of hand.

There were too many variables.

Time passed by slowly. Seeing that Xu Anshan was starting to get injured, Song Jiangshan's heart gradually sank to the bottom.

Forget it.

Song Jiangshan sighed in his heart and suddenly jumped into the battle.

This scene immediately caused everyone's eyelids to twitch.

He was indeed very strong. As an old powerhouse at the peak of the late stage of the consummate level, he was also a powerful existence that was like the ceiling of high-end battle prowess to a certain extent. However, that also depended on who he was compared to!

In front of the three walking gods, his strength was insignificant.

There was only one result for barging in rashly like this, and that was seeking death.

"Move!" He shouted.

Xu Anshan blocked in front of song Jiangshan before the opponent's attack landed. He had already guessed song Jiangshan's intentions, and a trace of anger flashed across his face. "It's not the time for you to be stupid, get lost!"

As he spoke, he was about to send song Jiangshan away with a palm strike.

However, before his palm landed, song Jiangshan had already revealed a carefree smile, "Although my strength is limited, I can still see this situation clearly. Take my power well and don't let it go to waste."

After he finished speaking, the aura on his body rose crazily.

The extent of its expansion was so great that even the three walking of gods on the opposite side were shocked, and even their joint attack was a moment slower.

"How could a mere Big Shot at the peak of the late stage of the consummate level have such power?"

The three gods 'walkers looked at each other.

It was only when they saw that song Jiangshan's aura had been transferred to Xu Anshan's head that the three of them finally changed their expressions.

"Make the wedding dress for others? How can there be such a stupid person in this world?"

After all, they were experienced and knowledgeable, and they had already seen through song Jiangshan's reputation.

Heavenly justice.

He transferred all of his strength to his companions in exchange for their improvement. The price he paid for this was to completely lose his cultivation and become a cripple from head to toe.

To any cultivator, even those who were not at a high realm, this price was absolutely unacceptable.

Furthermore, he had already reached song Jiangshan's level!

However, song Jiangshan still did it.

Although Xu Anshan was extremely angry about this, after the force entered his body, what was done was done. He could only choose to accept it.

Soon after, the aura on his body also began to rise.

Although the extent was not as exaggerated as song Jiangshan himself, he was recognized as the ceiling of the top combat power. Any slight change on his body might be able to turn the world upside down if it was above others.

Moreover, although song Jiangshan's heavenly gift could not help him cross the threshold of super top combat power, his strength still improved by a lot.

Other things aside, it was enough to deal with the three walking of gods in front of him.

"Don't give him the chance to adapt! Quickly kill them!"

The Mei Shen Walker hurriedly warned the other two.

At the same time, she was filled with regret. If she had known this would happen, she would have interrupted song Jiangshan's heavenly justice even if she would have been injured. But it was too late.

The beast God walkers and the corpse God walkers also came to their senses.

They no longer held back, and the rule force in their bodies surged wildly. They tried to kill Xu Anshan at the last moment!

However, at the last moment before the attack landed, Xu Anshan suddenly opened his eyes. "Those who offend their superiors should be punished!"

As soon as the emotionless words came out, the joint attack of the three gods 'walkers collapsed with a bang. Then, without waiting for them to be shocked, they were directly sucked into the landscape painting scroll.

After the time it took for an incense stick to burn, Xu Anshan spat out a mouthful of blood, and his face turned pale.

Three more skeletons appeared in his landscape painting scroll.

Everyone was shocked.

It was one against three, but Xu Anshan had actually destroyed three of the gods 'advisors. Such a heaven-defying act was unheard of!

Song Jiangshan, who had lost all his strength, looked at this scene and laughed lightly, ""My strength is not bad, right? although it's a drop in the bucket, at least it didn't spill on the ground."

As he spoke, he had already collapsed on the ground.

His strength had been instantly drained, and the burden on his body was unimaginable. His current state was even worse than that of an ordinary person without any strength.

Fortunately, he was open-minded. Otherwise, the loss and emptiness of losing his power would have caused him to have a mental breakdown.

Xu Anshan looked at him, his expression as indifferent as ever. "I will gather the best resources in the entire Jianghai city to help you recover your strength as soon as possible!"

His tone was extremely flat.

However, the weight of his words shocked everyone present.

With the best resources in the entire Jianghai city gathered, even Tian Xiangyang would not be able to handle this easily, let alone Xu Anshan.

However, Xu Anshan's words were unquestionable. As a born Emperor, his words were bound by the laws of the heavens. Once he had spoken, he would not back down!

Song Jiangshan shook his head. "There's no need for that. I know my current situation. I'm like a sieve with air leaking from all sides. Even if I were to re-cultivate by force, it would be very difficult to achieve any results. It's a waste of resources."

"I'm not discussing this with you. "

Xu Anshan said this in a calm tone. As a result, just as he was speaking, the sixth seat of the Academy, Qin Shi, suddenly self-destructed without any warning!

His body and soul were destroyed on the spot!

Chapter 9910 The End

This time, even Xu Anshan could not help but look shocked.

Like Ji Chi, Qin Shi was also a direct member of the Academy. In terms of strength, even if he was slightly inferior to Song Jiangshan, he was still the top team among all the big shots at the peak of the late stage of the consummate level.

Normally, even if he was up against a top-notch combat power, he would at least be able to hold on for a few moves.

How could such a character be remotely controlled to self-destruct without anyone knowing?

However, this was not the end. Immediately after, the surrounding cultivators who did not know what was going on also followed in Qin Shi's footsteps. One by one, they self-destructed, not even knowing where to escape to!

Very quickly, almost half of the people who had already been injured or killed were about to die.

Xu Anshan's face was livid. He immediately raised his hand and blasted out the Emperor palm in all directions. Under the impact of the powerful Qi, the nearest group of dark magical beasts was directly killed.

The surviving people's eyelids twitched. Among the vague shadows around them, the outline of a few people began to slowly become clear.

"Three against one and they were actually killed. These guys really know how to embarrass The Walking of gods."

"If we hadn't arrived today and let you guys go back alive, wouldn't The Walking of gods' reputation have been completely destroyed?"

"Not only have we been completely destroyed, but we'll also be treated even worse than the tenth seat of the Academic Council in Jianghai Academy. After all, the first seat of the Academic Council can easily defeat three of us, The Walking of gods!"

Amidst the taunting and taunting, the true faces of these people slowly appeared in front of everyone.

Everyone turned pale with fright.

The five gods!

Previously, the three gods' advisors had already forced everyone into a desperate situation. If it were not for Song Jiangshan sacrificing his heavenly justice, even Xu Anshan would have died here.

In fact, from Xu Anshan's performance, he had paid a huge price to kill three of the gods' advisors.

As a natural-born Emperor who couldn't afford to lose face, he actually vomited blood in public. It could be seen that his injury was quite serious!

Now that one wave had just calmed down, another wave rose up. Moreover, five gods' employees had come all at once. This was not giving them a way out at all.

"You're Emperor Xu Anshan?"

One of the short figures suddenly appeared in front of Xu Anshan.

Without waiting for Xu Anshan's reply, he turned around and kicked Xu Anshan away on the spot.

At the same time, a condescending self-introduction was made. "I'm a giant God's Walker. I just want to see how much you, a natural-born Emperor, can do. Don't disappoint me."

Xu Anshan, who had been kicked away, had just stabilized his body when the darkness demon beast beside him suddenly self-destructed without any warning. The impact was so great that he spat out another mouthful of blood.

A handsome scholar waved his hand and said, ""Say Hello, I'm an advisor of the God of Destruction."

This was not the end.

The remaining three also joined the battle. For a moment, the Emperor, Xu Anshan, had become a human sandbag.

The three of them were the Walker of The Jinx, the moon god, and the water god.

Strictly speaking, the three walking gods were not much stronger than the previous three. They were basically on par.

If it was just the three of them, even if Xu Anshan was not in a good state, they might be able to handle it.

However, the other two were clearly much stronger.

Walking giant God and walking destruction God, either one of them was enough to suppress Xu Anshan, not to mention it was five against one!

The hearts of all the lucky survivors sank to the bottom.

Everyone knew that this was a dead end.

Xu Anshan tried to release the landscape painting scroll, but it only took in three people before it was broken out.

"You are indeed very strong, but unfortunately, many times, strength does not mean survival. If you deserve to die, you have to die. People have to learn to accept their fate, even if you are the Emperor."

The short giant God's Walker concluded that Xu Anshan was dead.

On the other side, the God of Destruction laughed mockingly, ""As a sign of respect, I've decided to send your companions away before you close your eyes. Open your eyes and watch them carefully."

As soon as he finished speaking, everyone's body suddenly emitted a layer of red light. With an increasingly rapid buzzing sound, the red light became brighter and brighter.

Then, it suddenly exploded!

Xu Anshan's pupils contracted. At this moment, the same symptoms appeared in every survivor, including song Jiangshan, who had lost all his strength!

However, song Jiangshan did not show much panic. Instead, he smiled freely and said three words to Xu Anshan silently.

"Survive."

Xu Anshan immediately exploded and used all his strength to rush out of a gap. However, before he could reach song Jiangshan, he was kicked back by the giant God's Walker.

"If we let you get away in front of the five of us, wouldn't we lose face?"

Looking at the increasingly red light on song Jiangshan's body, Xu Anshan's eyes were about to pop out. He gritted his teeth and finally said with difficulty, ""Lin Yi, help me!"

At this moment, he had put down his pride as an Emperor.

"Received."

Lin Yi's gentle voice resounded through the entire area. Under the shocked gazes of the five gods 'employees, he appeared behind song Jiangshan without any warning.

He placed one hand on song Jiangshan's back and patted it lightly. The red light on song Jiangshan's body immediately dissipated.

"What the hell?"

The Walking of the God of Destruction was dumbfounded.

To make someone self-destruct was a signature move of breaking the rules. The control of the rules had already exceeded the 20% dividing line, so how could it be so easily resolved?

Most importantly, this person's cultivation realm didn't seem high. He was clearly only at the late stage of the consummate level of a Big Shot!

How was this possible?

The same question appeared in the other four gods 'employees' minds at the same time. They were all shocked by Lin Yi's sudden appearance.

"Jiang xiaoshang, time to work."

Lin Yi called out in his sea of consciousness and activated his perfect realm again.

In the next second, he suddenly appeared on top of walking jinx's head. With a simple palm strike, walking jinx didn't even have the strength to resist and was directly blown into pieces.

The Walking of jinx, as its name suggested, was indeed the weakest of all The Walking of gods.

Everyone was dumbfounded.

Even Xu Anshan couldn't help but be shocked. He thought that he was strong enough, but compared to Lin Yi, he was at least one level lower!

Lin Yi's performance had completely exceeded his expectations.

Only song Jiangshan, who had just survived a disaster, showed a relieved smile, ""It's a wise move not to compete with such a monster. Fortunately, I didn't lose my mind."

"The mark of the killing God! You actually know the mark of the killer god!"

The remaining four gods' advisors finally reacted.

Under normal circumstances, as long as one had not truly broken through to the final point of the Titan tier, no matter how strong one's individual abilities were, it would be impossible for one to be this strong.

Only with more than 100 layers of the killing God's mark could it reach such a freakish level. This was the only reasonable explanation.
