

Bodyguard 9911

Chapter 9911 Power

This time, even the most powerful giant God's Walker couldn't help but show a look of fear.

"With the killer God's Walker around, you can't get the killer God's inheritance here, unless you've already killed him!"

The giant God's Walker said in a deep voice.

Lin Yi raised an eyebrow, "Are you surprised? Are you surprised?"

"....."

The four God's walkers were silent.

In a home ground like the secret lands, it was extremely unlikely for existences like them to die at the hands of other top-tier forces.

In the end, not only did it happen today, but they also bumped into two of them in a row!

Xu Anshan's ability to deduce many things from one person was already heaven-defying, and now there was another freak who had killed Asura's Wayfarer. How could the previously unknown Jianghai Academy have so many freakish students?

"No matter what kind of trump card you have on you, since you've taken the initiative to bump into us today, you're already destined to be a dead man!"

"Hmph!" Destruction God's Walker hmphed and attacked Lin Yi first.

All of a sudden, the dark beasts around Lin Yi self-destructed one after another, and the power of the consecutive explosions increased exponentially. It was the art of explosion.

At the same time, moon God's employees and water God's employees reacted quickly and attacked Lin Yi at the same time.

As for the rest of the giant God's followers, they were stopped by Xu Anshan.

He'd lost to them five against one earlier, and now that Lin Yi was there to hold the other three back, he could get back at them.

An Emperor must not be humiliated!

"You think you can stop me?"

Giant God's Wayfarer had a disdainful expression on his face. The exchange just now had allowed him to see Xu Anshan's Foundation clearly. He was indeed stronger than the average Wayfarer of gods, but he was still a bit weaker than him.

But very quickly, this confidence began to waver.

In a one-on-one situation, he was actually unable to suppress Xu Anshan. As time passed, Xu Anshan even slowly adapted to his rhythm, and the balance of victory and defeat began to tilt.

If this continued, he might really lose to Xu Anshan!

Fortunately, there were three other gods' employees present. As long as they took care of Lin Yi, they would have time to deal with Xu Anshan. No matter how strong he was, he would still be dead.

As a result, in this short period of time, someone on the other side really did free up his hands.

However, it wasn't the three advisors who had their hands free, but Lin Yi, who had just gotten three more killer God's marks.

“.....”

Looking at the corpses of the three people who had died with their eyes wide open, the giant God's Walker was stunned.

Moon God's advisors and water God's advisors were the weakest of the group, but the destruction God's advisors were almost on par with him. How could they have died so easily at Lin Yi's hands?

Including the God-killing employees, there were four of them that had died at Lin Yi's hands.

If the three that had been killed by Xu Anshan were included, seven of the employees of gods had died!

This was a completely different script from what they had expected.

This group of trial-takers was clearly the prey, and the group of walking gods was the Hunter. How did it turn around completely?

They fled.

The giant God Walker finally lost the courage to continue fighting.

Dealing with Xu Anshan alone was already difficult enough for him. If he had to deal with Lin Yi, who was full of killer God's marks, he would have no chance of winning at all.

Looking at the giant God's fleeing figure, Xu Anshan stayed where he was and did not give chase.

It wasn't that he was magnanimous enough to let the other party off, but his current physical state was already an arrow at the end of its flight, and he didn't have the strength to spare.

Just now, if the other party had taken a slight risk and gambled, his side would have shown signs of defeat, or even collapse directly.

In that case, it might be a different situation.

"Motherf * cker!"

The giant God Walker's reaction was also sharp. He quickly noticed Xu Anshan's abnormality and immediately regretted it.

Unfortunately, things had already come to this, and he could no longer turn back.

If he turned back and attacked Xu Anshan now, he would be really stupid. Even if he wanted to die, he would not do it this way.

In the current situation, the only way was to escape first and gather the remaining walking of gods to make a comeback. Moreover, the number of people could not be less than five to ensure that nothing would go wrong.

But just as he thought he'd gotten to a safe distance and was about to let out a breath of relief, a spatial crack appeared in front of him, and Lin Yi walked out, covered in black flames.

The giant God's Walker's expression changed drastically.

However, he still had a strong foundation, so he did not panic.

Without a word, the giant God's Walker's body expanded, and in an instant, he was more than a thousand feet tall. Lin Yi was like an ant in front of him.

Then, a huge palm descended from the sky and slammed down!

Lin Yi was locked on by the huge pressure and couldn't use his strength. He had nowhere to run and was suppressed on the spot.

This was not all.

He followed up with a dozen more palm strikes, shattering the ground beneath his feet. It was only when he couldn't feel Lin Yi's aura anymore that giant God's Walker relaxed and laughed in disdain.

"You reckless fool, do you really think that I, the great giant God's Walker, will be chased away by you like a stray dog? Do you think you are a God? If you can't even understand this strategy of retreating in order to advance, you deserve to die Here!"

Then, he turned around to look for Xu Anshan.

Now that Lin Yi was gone, Xu Anshan, who was an arrow at the end of its flight, was no longer his opponent.

Although four of his fellow gods had died this time, it was not a bad thing for him. On the contrary, it was a great thing.

After all, there were only a few valuable heads. He no longer needed to scheme and split the spoils. He could take it all for himself and maximize the benefits.

When he received the reward for this mission, his strength would definitely improve.

Not only would his control over the laws be higher, but he would also be closer to the true end of the giant stage.

If they were lucky, they might even be able to make it in one step!

At that time, he would really be like a carp that had transformed into a Dragon. Even the more senior and powerful walking of gods could only look up to him or even kneel and lick his boots.

But just as he was fantasizing about the beautiful future, he heard Lin Yi's voice.

"Of course I understand the strategy of retreating in order to advance, but looking at you, you don't seem to understand."

He didn't know when Lin Yi was standing on his shoulder, but he didn't notice it at all.

"How is that possible?"

Giant God's Walker reacted and was scared out of his wits. He wanted to shrink his body and get rid of Lin Yi, but it was too late.

"You've learned a lesson in this life. Maybe you can use it in your next life. Have a good journey."

Lin Yi threw a punch.

With hundreds of layers of killer God's mark, the fist momentum alone was enough to twist and evaporate the opponent's huge head on the spot.

Chapter 9912 Power

The giant God walked and immediately died.

"Here comes the good stuff, the giant God's rule of gigantification! Although it's not a top-tier rule, it's an out-and-out divine skill for physical body experts. If you snatch his giant God's inheritance, you might really have the chance to break through the shackles of growth six times!"

Jiang xiaoshang clicked his tongue in Lin Yi's mind, ""Breaking through the shackles of growth six times is beyond the scope of human cultivators. According to the Oracle of the God of creation, only the gods and their followers are qualified to enter."

"Oh, really? Then I'll have to properly appreciate it. "

Lin Yi couldn't help but be moved.

With Jiang xiaoshang's help in cheating, in theory, he would have a chance to snatch the inheritance of the gods from any walk of gods that he had killed.

However, every time they snatched the inheritance of the gods, it was possible to attract the vigilance of the gods.

Therefore, unless it was absolutely necessary, he would at most absorb the other party's rule bending power and fuse it into his perfect domain. He would then use it as the raw material for Jiang xiaoshang to strengthen his Godhead.

However, since the gigantification rule had such a wondrous effect, it was worth the risk.

Lin Yi looked into the distance before he started to steal the giant God's inheritance.

After fishing for so long, it was time for the fish to bite the hook.

At this moment, there was a figure hiding underground in the direction he was looking at. It was his old acquaintance, Lu Taiyi.

"Damn it, he's really a monster!"

Lü Taiyi's heart was in a state of shock after witnessing Lin Yi's slaughter.

He was also one of the top combat forces in Jianghai, but just thinking about himself, even a random walk of gods would scare him like a dog.

Lin Yi, on the other hand, had killed four in a row!

The difference between humans was even greater than that between humans and dogs.

However, the more it was like this, the more excited he was.

Because the stronger Lin Yi was, the stronger he would be in the future. Everything Lin Yi obtained was destined to be for him.

The rules of replication were so domineering!

"So that's how it is. This is your true trump card, the legendary ultimate perfect domain!"

Lu Taiyi was overjoyed when he felt the feedback from the copied rule power. He had finally copied the ultimate perfect domain.

After a small test of his skills, the pressure of the gods on him was swept away, and he recovered all his strength in the outside world.

In this Zhu Shen secret land, just this point alone was priceless.

Plus, from Lin Yi's previous performance, this perfect domain seemed to be able to take the inheritance of gods.

This was simply an invincible divine skill!

"I'm really rich this time!"

Lü Taiyi was overjoyed, and before Lin Yi could react, he retreated a hundred miles away.

He may have the perfect realm now, but before he could make the snowball roll, he was no match for Lin Yi.

But with the ultimate perfect domain and the duplication rule he had, he only needed a little time to develop and surpass Lin Yi.

And this secret realm before him was the perfect place for him to soar into the sky!

Soon, he had his eyes on a single walking of gods.

With the ultimate perfect domain's immunity to rule power and being prepared against the unprepared, even if The Walking of gods was actually stronger than him, he still succeeded in the end.

"The Thunder God's inheritance! Hehe, what a great Thunder God's inheritance!"

Lu Taiyi was overjoyed when he felt the lightning rule power that the ultimate perfect domain had devoured.

The rules of lightning were not top-notch rules, but its offensive power was terrifying. It was enough to surpass most top-notch rules. As long as he could snatch the Thunder God's inheritance, his overall strength would directly increase by a large level!

And this was only the first step in his snowball effect.

He'd been worried that his perfect domain wasn't the real deal, and that he wouldn't be able to steal other people's inheritance like Lin Yi.

But now, it seemed that his worry was unnecessary.

His rule duplication might not be the most invincible rule, but it was definitely one of the few rules with the most potential. Its upper limit was so high that it could be said to have no ceiling!

Even Lin Yi's unprecedented perfect domain could only be taken advantage of by him.

All along, he had enjoyed this feeling the most. He was very fascinated by the feeling of reaping the fruits of victory from others.

As more and more lightning rule power poured in, the lightning inheritance within his replicated ultimate perfect domain gradually began to take shape.

It was obvious that he was on the right track.

Next, as long as he went with the flow, he would be able to obtain the lightning inheritance as he wished!

At the same time, in the main hall of Gods in the God territory.

Jiang Shang, who was deep in thought, suddenly opened his eyes. At almost the same time, an invisible wave was emitted from the temple of creation.

To the gods, the wave itself was not eye-catching, especially when it came from the temple of creation.

It was like a small wave in the vast ocean, completely insignificant.

When the God of creation awakens, any random oracle would be thousands of times more powerful than this.

However, just like how a grain of sand in this era could be a mountain when it landed on a person's head, the insignificant fluctuation from the temple of creation was a terrifying heavenly punishment that could destroy all life in the human world!

BOOM! BOOM!

As the divine punishment fell, the entire secret realm trembled, and the aftershock lasted for a long time.

Lin Yi's eyes twitched as he looked at the apocalyptic scene from afar, even at his level.

"It's all thanks to you for reminding me this time. Otherwise, I'd be the one in trouble. "

Lin Yi said, still a little scared.

Even if he didn't go up close to investigate, he knew that the center of this divine punishment was Lu Taiyi, who had replicated his ultimate perfect domain.

Jiang xiaoshang chuckled in his mind, ""You should thank the idiot who took the lightning for you. He thought he had picked up a great bargain, but he didn't know that he was rushing to take the lightning for you!"

Lu Taiyi would never have thought that Lin Yi had been planning this since the first time he met him in the gods test.

The identity of an ancient God cultivator was too sensitive, especially in a place like the gods 'secret land.

It was almost impossible for Lin Yi to not leave any traces once he used his ultimate perfect realm. Even with Jiang xiaoshang's help, it was impossible to ensure that nothing would go wrong.

If he didn't have any other choice, he'd have to bet on his luck. After all, he couldn't just leave his trump card unused and die of boredom.

However, since he had Lu Taiyi, a self-conceited clone, who had set his eyes on him, if he didn't take advantage of this, he would be letting down his enthusiasm.

Chapter 9913 The End

If Lu Taiyi had been more alert, he would have rationally given up after the failure of the first replication of the ultimate perfect domain.

After all, with Lin Yi's alertness, it was fine if he tried it once, but it was impossible for him to see it twice, even more clearly the second time.

Unfortunately, Lu Taiyi had long been brainwashed by his own fantasy of a bright future. He had lost his usual rationality.

"This is the secret realm of gods, the closest place to the gods. After plundering the inheritance of the gods twice here, even if the gods are useless, they will definitely react."

Jiang xiaoshang laughed smugly. "This guy actually made up for it a third time. If the heavenly punishment doesn't land on him, who will?"

Lin Yi was glad, but he still asked cautiously, "Will the gods' reactions stop here?"

"Don't worry, the gods are not so free as to keep an eye on a small figure like you every day. Divine punishment has already eliminated the main culprit, and for them, this matter is already over. As long as you don't use the ultimate perfect domain from now on, you're just an ordinary trial-taker in their eyes."

Jiang xiaoshang's expression was one of complete control.

"Won't they be suspicious if I have two more inheritances?" Lin Yi asked, still worried.

Jiang xiaoshang couldn't help but sneer, "there are so many ants in the world. Do you really care which ant is stronger and can eat more?"

The inheritance of the gods was not the walk of the gods. The latter was exclusive. You could only be the spokesperson of one God in the human world and could not have two feet at the same time.

However, the former could only mean that the gods were pleasing to the eye and would give you some benefits, but it was far from the point where you were indispensable.

As long as you have the ability, eight to ten won't be a problem, let alone two. "

Lin Yi relaxed and asked, "How many inheritances of the gods are there?"

"Many, much more than you can imagine, especially in some special places where the gods pay special attention to. Even if those who obtain the inheritance of the gods are not common, they are definitely not that rare."

Jiang xiaoshang pouted. "Of course, that's only in comparison to the world wayfarers. After all, the world wayfarers have a quota. At the world wayfarers 'level, there are no more than 30 people under each God."

Lin Yi said.

If every God was regarded as a force, then The Walking of gods was equivalent to a core cadre, which was naturally valued by the gods.

As for those who obtained the inheritance of the gods, they could only be regarded as the outer circle of the bottom level.

His status was slightly higher than those who were purely at the edge, but that was all.

It was also because of this that he could get involved in the inheritance of the gods, but he could not go one step further and become The Walking of gods.

But then again, with such a heaven-defying method of possessing an ultimate perfect domain, how much water did one's brain have to go through to become a walking of gods?

Lin Yi wasn't exactly an ambitious person, but he'd rather have someone else be his loyal follower than him.

He had no interest in becoming a god.

As for the God King that Jiang xiaoshang was talking about, Lin Yi didn't even think about it. However, he had an inborn obsession with controlling his own fate.

No one could make him lower his head, not even the gods high above.

"What's happening over there? Why is there even heavenly punishment?"

Song Jiangshan quickly asked when he saw Lin Yi.

All the survivors, including Xu Anshan, looked at Lin Yi.

Lin Yi shrugged, "I'm not sure. Someone must have done something outrageous. After all, the gods' secret realm is the closest place to the gods. It's not strange for the gods to be watching them closely."

Everyone looked at each other.

Of course, this answer did not satisfy them.

However, Lin Yi just saved their lives, and they didn't have the right to question him.

Moreover, even though the walk of gods had been completely wiped out, there were still so many darkness magic beasts eyeing them covetously.

In fact, there might even be other walking of gods emerging in the future.

If they wanted to walk out of the secret realm alive, they would have to rely on Lin Yi.

She'd be an idiot if she said anything now and caused Lin Yi to dislike her.

"If you want to leave, you can do so anytime," Xu Anshan suddenly said.

“.....”

Everyone was speechless.

They had just helped you out of your predicament, and you're already chasing them away? That didn't seem too good.

Moreover, the crisis had not been completely resolved yet. With the miserable state of the remaining people, especially Xu Anshan himself, who was already an arrow at the end of its flight, any accident that happened next would probably be a disaster.

Logically speaking, she should've been pestering Lin Yi instead.

After all, the safety of the rest of the people could only be guaranteed with this Big Shot around.

Lin Yi understood what he meant and said nonchalantly, "Don't worry, Bao shaoyou will be there. "

Xu Anshan didn't say this because he was stupid, but because he didn't want Lin Yi to worry about him and his people.

If that was the case, then he would really owe her a big favor today, and he wouldn't be able to return it even if he wanted to in the future.

"Bao shaoyou?"

Song Jiangshan could not help but look at Xu Anshan in surprise.

In their impression, Bao shaoyou had the title of a peerless genius, but he wasn't outstanding under Lin Yi. He was far from being able to carry the heavy burden.

"The fire god altar is his paradise," Lin Yi smiled, "nothing will go wrong with him there."

That was the truth.

If it wasn't for Bao shaoyou's shocking dominance after receiving the fire god's inheritance, Lin Yi wouldn't be at ease leaving everyone there. He came to save the day.

Even if his cultivation level was only at the late stage of the consummate level of a giant, Bao shaoyou, who had the fire god's inheritance, was already at the top level in terms of strength. He was enough to hold up the sky for the others.

Of course, even so, Lin Yi still left a double insurance for everyone.

If anything were to happen, he would be able to arrive at the first moment.

Song Jiangshan could not help but sigh, "your newborn Alliance is really different from the past."

As he said this, he could not help but look at Xu Anshan.

If Xu Anshan didn't attack the native department and Lin Yi back then, and chose to maintain the status quo, how powerful would the Academy be today?

Xu Anshan and Lin Yi, a group of the old ten seats of the Academy, and a group of new stars from the freshmen Alliance. Just thinking about this lineup was enough to make one's blood boil!

However, that was just a thought.

If Lin Yi really did stay in the Academy, the internal division would only get worse, and they might even fight even more fiercely. It was better for them to just focus on their own things now-at least they had a chance to work together.

Chapter 9914 The End

The following development of the situation was calm.

More and more dark beasts gathered, but with Lin Yi present and Xu Anshan's rapid recovery, even if a group of top-tier dark beasts came, they wouldn't be able to enter the sky god altar.

Lin Yi was still waiting for the rest of the gods.

However, by the time the mission was over, none of The Walking of gods had shown up.

This made him feel rather regretful.

Now that he had obtained the inheritance of the killing God and the inheritance of the giant God, even without using the ultimate perfect domain, his strength was enough to exchange blows with any of the employees of gods. It was a pity that he did not have the opportunity.

[Faction mission completed. Trial over.]

Feeling the refreshed information in their respective seas of consciousness, the lucky survivors all let out a breath of turbid air, looked at each other, and smiled bitterly.

Compared to Lin Yi's group, the Academy suffered heavy casualties.

Three of the veteran ten Chiefs had died, and more than half of the rest had died.

Although they had already prepared for the difficulty of the trial, it was still inevitable for them to sigh when it really came to this.

Cultivation was like rowing a boat against the current. Every human cultivator was fighting with their lives. If they didn't realize this, they would be no different from salted fish waiting for death.

However, after the storm came the rainbow, and everyone finally received the quest reward that they had been waiting for.

Everyone's realm had increased by one level!

Including Lin Yi, Bao shaoyou, Yan Zhongyuan, Wei baizhan, Hong Baxian, and Qiu sanniang had all advanced to the peak of the late stage of the consummate level!

This meant that Lin Yi group's overall strength had increased by a huge amount.

Needless to say, Bao shaoyou, who had obtained the fire god's inheritance, had already entered the ranks of the top combat forces.

Even if Yan Zhongyuan and Wei baizhan didn't receive the inheritance of the gods, they already had the ability to fight against the top forces.

With little DU's sacrifice, Lin Yi had four top-tier combat forces under him.

Such a powerful and exaggerated lineup was enough to take on the entire city Lord's mansion in Jianghai city!

As for Emperor Xu Anshan, he was already a powerhouse at the pinnacle level. Even if he received the mission reward, he wouldn't be able to level up.

However, there were still huge benefits. As the publicly acknowledged top combat power, even if he had only improved slightly, he could enter the ranks of Super Combat power at any time and be on the same level as Tian Xiangyang and Banshi Luo.

The only pity was that he didn't manage to obtain the sky God's inheritance.

Otherwise, all of this would have been set in stone.

Others felt sorry for him, but he didn't show the slightest emotion. He was still that calm and natural-born Emperor.

To others, becoming a super top-notch combat power was something that could only be encountered by chance. Even if there was a one in ten thousand chance, they had to seize it. Once they missed it, there might not be a next time.

However, to Xu Anshan, becoming a super top-notch combat power and even taking a step toward the end of the Titan realm were things that were destined from birth.

A temporary setback didn't mean anything. Even if he returned empty-handed this time, he wouldn't take it to heart.

Everything would only make him stronger.

After walking out of the dimensional gateway, everyone's expression changed before they could even heave a sigh of relief.

Lin Yi and Xu Anshan looked at each other, unable to hide the shock in each other's eyes.

"Why is the great courtyard-protecting array activated?"

Everyone looked at the invisible barrier that reached the sky and couldn't help but look at each other.

From a bird's eye view, the invisible barrier was like a giant curtain that descended from the heavens, completely separating the entire Jianghai University from the outside world.

This was the great courtyard-protecting array formed by countless top-notch array techniques.

It was recognized as the number one formation in the entire Jianghai city. Even a top tier combat power like Tian Xiangyang could not break through its defense.

However, once the formation was activated, it would continuously consume a large amount of resources. The cost was beyond anyone's imagination, so even with Jianghai Academy's resources, it would not be so easily activated.

After all, no matter how many resources there were, they would be exhausted one day.

"The great Tribulation is here."

This horrifying thought appeared in everyone's mind at the same time.

Although they had been mobilizing for this since the beginning and even set up a war Committee for it, it still felt surreal at this moment.

"You guys, quickly look!"

Someone exclaimed.

At this moment, outside the formation curtain, a large group of Dark Demon beasts could be vaguely seen. This scene was very similar to the scene in the secret realms, but in terms of number, it was obviously more exaggerated!

The dark Beast tide.

Whether it was Luo Banshi or Tianji, both of them had predicted what was happening. This was the sign of a great catastrophe.

Just from what everyone could see, the number of them had far exceeded the scope of human strength.

If it wasn't for the protective formation, even with Tian Xiangyang and Banshi Luo holding the fort, even with the combined forces of dozens of top tier combat powers, Jianghai Academy would have been crushed by the Horde of dark creatures.

"You guys are back."

Tian Xiangyang's tired voice rang in everyone's mind. As members of the wartime Committee, Lin Yi and Xu Anshan were immediately called to the command center.

It was a busy scene.

The strategists under the wartime Committee were constantly analyzing and summarizing the information from all sides and quickly coming up with the most reasonable defense plan. They even specifically included the position of each top combat force and the most feasible battle plan.

The entire staff Committee was like a super-intelligent brain, efficiently and accurately giving out a series of instructions, causing the power of the entire Academy to be condensed into an organic whole.

This was also the manifestation of the Academy's Foundation.

Any one of these strategists would have been a prophet-level Sage in the outside world. However, they were now willing to become a part of the advisory team, contributing their wisdom and computing power to fight against the great calamity.

"Banshi Luo will be at the front line. You two should familiarize yourselves with the situation first."

Tian Xiangyang didn't even have the time to greet them. He hurriedly said a few words to the two of them and returned to the discussion of the Advisory Board.

Lin Yi and Xu Anshan received the report, and the first sentence made their eyes Twitch.

On the same night that they set off for the secret lands, the dark Beast tide broke out without any warning. In just one night, the entire Jianghai city fell!

The city Lord's mansion led by li songzhang did not put up any decent resistance and directly announced their surrender.

The current Jianghai city had been completely taken over by the darkness demonic beasts, and they were massacring all human resistance.

In just one night, Jianghai city's population had dropped by more than 30%. That was a population of a few million people!

The city Lord's mansion, which was supposed to be the last line of defense for the people of Jianghai city, had instead become the underlings of the darkness demon beast.

Their suppression of human cultivators was even more brutal and brutal than that of the darkness magical beasts. They had no bottom line.

Chapter 9915 Power

"This person should die!"

Xu Anshan put down the documents angrily.

As a natural-born Emperor, he should not show his emotions on his face. However, li songzhang's actions were really infuriating. Any normal person with a little conscience would definitely not tolerate it.

Lin Yi's face wasn't any better.

He, Banshi Luo, and the others had already predicted li songzhang's behavior and made all kinds of preparations for it, but they still didn't expect li songzhang to break through his limits!

If he had known this earlier, he would have tried to get rid of li songzhang even if it caused chaos in the city.

Of course, he could only think about it.

After all, before all of this came true, all the things they had expected were just possibilities.

No matter how overbearing Jianghai Academy was, they couldn't possibly sentence someone like li songzhang to death without any concrete evidence.

If he were to do so, not just Jianghai city, even the internal affairs of the Jianghai Academy would be in a state of chaos.

After all, once Pandora's Box was opened, it would be unrealistic to close it again.

Who could guarantee that they would not do anything wrong in the future? was it necessary to kill them now as a form of respect just to prevent any problems?

Cultivators respected the strong. However, other than the law of the jungle, there were still various bottom lines and rules. These were the foundation of the order of human society. Once crossed, it would be a disaster beyond redemption.

"This person is more dangerous than those darkness magical beasts. We can't let him Live!"

Just as Lin Yi finished his sentence, Tian Xiangyang walked over, "Two days ago, we organized an assassination, but unfortunately, it failed at the last step. Li songzhang is now the main target of the dark Demon beasts 'protection. The defense around him is very tight, and his level is very high."

"So, this time, the darkness demonic beasts really came prepared, not just for killing, but to rule this place for a long time?" Xu Anshan said in a deep voice.

Tian Xiangyang nodded, "that's where the trouble lies. If it's just an ordinary beast tide outbreak, as long as we can survive the first wave, the pressure will be smaller and smaller in the future."

But this time, the darkness demon beasts even used a trick like asking for Amnesty, so it won't be that easy to get rid of them. "

This time, the dark Beast tide was extremely ferocious.

Just the vanguard alone had over a hundred darkness magical beasts at the consummate level of the Titans. There would be more and more of them!

They had strength, numbers, and brains.

It was really stressful to encounter such an opponent.

Lin Yi's eyes swept over the busy crowd. "Then we'll have to be prepared for a long war."

Tian Xiangyang was stunned for a moment before he smiled and said, "You reminded me. It seems that we have to add a mobilization order."

Very quickly, with Tian Xiangyang as the leader, Banshi Luo, Lin Yi, Xu Anshan, and the Gu family's representatives were all present. The wartime Committee issued the highest-level mobilization order in the Academy.

There was only one core purpose, and that was to fight a prolonged battle.

Before this, due to the continuous crazy attacks of the dark Beast tide, the pressure on the Academy was enormous, and there were already several cases of mental breakdown.

Even if he was a big Shot at the great circle of perfection, he was still human, and all humans would have times when they would collapse.

This wasn't just because the other side's attacks were too brutal. The main reason was because they couldn't see any hope.

After killing this batch, there would be another batch, and after killing the next batch, there would be another batch. Not only would their numbers not decrease, but they would only increase!

If it was anyone else in such a situation, even if they had strong confidence, it would eventually be worn down bit by bit.

However, the mobilization order for a protracted war immediately gave everyone a shot in the arm.

This was because the wartime Committee, the highest ruler of the Academy, had given the most authoritative official judgment by combining the most comprehensive situation of the enemy and their own side.

As long as we can hold on, as long as we can hold on until the day of the strategic counterattack, we can win!

Although there were also a lot of noise, thinking that the wartime Committee was just deceiving themselves and the so-called mobilization order for a protracted war was just a mental anesthetic to boost their courage.

However, with the various supporting measures given by the Advisory Board, even those who were suspicious quickly realized that this was not some empty slogan that numbed themselves.

A crucial consensus began to take root in the hearts of the people.

That was, the wartime Management Committee led by Tian Xiangyang was truly confident that they could carry out the war of attrition to the end!

Strategically, they would give up half of the repeat compound and moderately open up a gap to let the dark Beast tide in. While closing the door to beat the dogs, this would greatly reduce the consumption of the great array.

At the same time, all the well-trained combat forces would be formed into an independent Army and would enter the battlefield of the repeating students in rotation.

Under the protection of super top-tier combat power, they could use battle to sustain battle. Through continuous actual combat training, they could quickly improve the strength of all the members.

In addition, it also included a series of unprecedented logistics support measures.

All of this gave a clear signal to everyone in the Academy. Not only could they fight a protracted war, they would definitely win!

Du Wang Palace.

As the strategically abandoned central area, it was now the front line of the Academy's resistance against the dark Beast tide.

A steady stream of darkness magical beasts rushed in from here, and then crashed into the Academy's defensive line.

Tyrant and the other five armies of the repeat students were in charge of rotating the guards.

"Pay attention to the positioning of those top dark beasts. I feel that there is something wrong with them, as if they are planning something?"

Wang sanjue warned the rest through divine sense.

Tyrant replied casually, "I don't think so." These guys who haven't transformed don't seem to have normal brains. They only know how to fight based on their instincts. With their little intelligence, what kind of schemes can they come up with?"

"This group of darkness magical beasts should have been forcibly created by some kind of power," Yan Chi speculated. "Therefore, they have some flaws in their intelligence. Otherwise, no matter how big the darkness magical beasts are, they wouldn't be so generous as to use such a powerful force as cannon fodder."

At this moment, Tianji's voice suddenly rang out in everyone's mind.

"Pay attention! There are 10 top-tier darkness magical beasts rapidly approaching us. Everyone, get ready!"

"Ten?"

Everyone's eyelids twitched.

This was a darkness magical beast at the consummate level of a powerful being, and it was far from the time for the final battle. It was a little exaggerated for a two-digit number to suddenly appear!

There were only seven of them, including all the top-tier combatants present. How could they possibly survive?

Although the situation wouldn't go out of control with Banshi Luo behind them, if they let him make a move now, the repeat students Legion would really lose face.

After all, he was the one who had taken over the other teams. He couldn't afford to lose face if they were the first to do so.

Chapter 9916 Power

"With the intelligence of this group of darkness magical beasts, they won't be able to complete such a complicated battle plan by themselves. There must be a leader behind them."

"As long as we can find it, we will be able to solve it!" Tianji reminded.

Everyone's eyes lit up.

However, this kind of thing was easy to say, but to do it was as difficult as ascending to the heavens.

The 10 peak darkness magical beasts pounced over and directly locked down the space for everyone to Dodge. It was already very difficult for them to hold on, and they had no chance to find the mastermind hiding in the dark.

For a moment, the five legions of the repeat students were at a complete disadvantage.

Even if the situation was not precarious, it was definitely not optimistic.

Just as the line of defense was about to be broken, Tianji's voice finally came again, ""I found it! It's that beefy beast!"

Following the mark given by Tian Ji, everyone's eyes fell on the center of the beast tide, an unremarkable bei beast.

His cultivation level wasn't even at the perfected giant realm.

But who would have guessed that such a beefy beast was controlling ten peak-level darkness magical beasts, controlling the entire situation!

But even so, everyone was still at their wit's end, because no one could rush over at all.

The bei beast on the other side seemed to have sensed their intentions and started to consciously pull away, hiding behind the beast tide.

In this way, if they wanted to wait for an opportunity to ambush and behead the leader, the possibility of success would be even lower.

"Damn, he's really cunning!"

Tyrant cursed angrily. He was already prepared to use a 100 times explosive brilliant fist to teach the other party a lesson. Unfortunately, the other party had directly left his attack range.

"Hiding so far away, who can still hit it?"

Yan Jiang, the Smoking Man, also looked depressed.

Lin Yi's voice suddenly sounded, "Do you need any help?"

Everyone's spirits were lifted.

Then, Lin Yi's body flashed and he easily passed through the ten peak level Dark Demon beasts' formation. In a flash, he appeared in front of the bei beast. With a light palm, the bei beast didn't even have the chance to struggle and was turned into nothingness.

Without its command, the remaining ten peak-level Darkness Elemental Beasts were thrown into chaos.

Although their individual combat strength was still extremely fierce, under the tacit cooperation of the top combat strength of the repeaters, it was difficult for them to achieve anything. They were quickly defeated one by one.

The originally precarious situation fell back into everyone's control.

Without the threat of these darkness creatures, even if there was still an endless stream of them, the rest of the students would only be able to take part in a real battle.

There would still be casualties, but they were all under control.

With the rapid accumulation of actual combat experience, the Academy's people's realm was also quickly materializing into real combat power. It was only a rotation battle, but the overall temperament of their bodies had already undergone a tremendous change.

On this group of people, a powerful aura called elite was quietly growing and growing.

"This time, it's all thanks to old Lin's saving the day. Otherwise, our repeat school would have been in big trouble."

After the rotation, Wang sanjue pulled tyrant aside and suggested,""Old Bao, you have to bring out some really good wine this time to thank old Lin and celebrate our victory in the first rotation!"

"Of course, since we've fought to our hearts" content today, we must drink to our hearts "content!"

Tyrant agreed.

Lin Yi couldn't help but sigh as he looked at the group of people with their arms around each other.

As expected, comrades-in-arms were the three most important things in life. If they had not fought side by side today, with their strength and status, they would not have been so close even if they had formed an alliance.

The fastest way for men to close the distance between each other was always to fight together or to be beaten together.

The celebration party was held in the secret land of clomaros.

Now that the school of repeaters had given up on their strategy, the secret realm of Ares had become their rear.

Whether it was the freshmen Alliance, the direct descendants of Lin Yi group, or the other five Big Five's subordinates, including the Wang family, they were all stationed here.

Lin Yi had just sat down when Tang Yin walked over with a weird look on her face, handing him an invitation.

"Yours?" Lin Yi blinked.

"....."

Tang Yin blushed as she realized what was going on, "What nonsense are you talking about? This is the wedding invitation that Zhuo Qingqing specially sent you!"

"Zhuo Qingqing?"

Lin Yi took a long time to remember-wasn't this the cross-dressing miss Zhuo?

Earlier on, during the freshmen dance party, he had helped her out of trouble, so she still owed him a favor.

However, ever since the start of the new student tournament, for some reason, Zhuo Qingqing rarely appeared in the Academy. Lin Yi had not seen her since then.

Why did he suddenly send a wedding invitation at this time?

It didn't seem appropriate to get married at this time, right?

Lin Yi's expression became even weirder as he opened the invitation. "She's going to marry Li Muyang?"

With Li Songzhang's public surrender to the dark Demon beast, the Li father and son had become synonymous with traitors.

Even though everyone in Jianghai city did not dare to voice their anger after the frenzied city-wide massacre, everyone knew that the Li father and son's reputation had long been rotten.

No matter who touched them, their ancestors would be cursed to death!

If Zhuo Qingqing were to marry Li Muyang at this time, wouldn't she be jumping into a sh * t pit of her own accord?

"The Zhuo family controls the platform of public opinion. Although Qingqing didn't show up in public during this period of time, she has been running around for you a lot. More than half of the internet trolls that defamed you were destroyed by her. If we really count them one by one, you owe her a lot."

Tang Yin reminded.

The reason why Lin Yi was so popular on the internet was partly because he was strong enough, and his battle records were enough to shock everyone, but the other reason was that he had the support of the platform.

Otherwise, the paid Internet Water Army alone would cast a huge shadow on his image. Even with Wang Shiqing's hacker team, it would be difficult to have a decisive effect in the face of such a large-scale defaming.

One could imagine how much effort Zhuo Qingqing had put in behind the scenes.

"If that's the case, I'll have to thank her properly," Lin Yi said, deep in thought.

Jianghai city, Tongtian road.

This was originally the most prosperous main road in Jianghai city. However, with the invasion of the darkness demonic beasts, the city was filled with people who were in a state of panic. There were very few people left on the streets.

However, this was an exception.

A large-scale wedding procession occupied the ten-mile Long Street.

A woman in a bright red wedding dress was in the carriage. She held her chin with one hand and was in a daze.

Even so, she was still bright and beautiful. When her eyes inadvertently moved, it actually made the flowers lose their color, and the room was full of spring.

She was Zhuo Qingqing.

Chapter 9917

However, at this moment, there was no joy on her face. There was only calmness in her heart.

Sighing, Zhuo Qingqing lowered her head and scrolled through her phone. Her browsing history was filled with topics about Lin Yi.

For some reason, she'd started paying attention to Lin Yi's news ever since she'd left Jianghai college and returned home.

Especially after Lin Yi had made big news time and time again, it became her daily routine to browse topics related to Lin Yi on the internet, even going as far as to match up with the Internet Water Army for Lin Yi.

"Will you come?"

Zhuo Qingqing looked at her phone in a daze.

Even she herself felt that it was absurd to send Lin Yi an invitation. How could Lin Yi attend her wedding in this situation?

If Lin Yi really did come, be it the Li father and son, or the dark Demon beast Masters all over the place, they'd all make sure he never returned!

That was why Zhuo Qingqing did not want him to come.

She was filled with regret and could only pray that Lin Yi didn't receive her ridiculous invitation.

Otherwise, if Lin Yi really took the risk and something happened to him, she'd live in regret for the rest of her life.

In front of the carriage.

As the groom, li MUYANG was riding on a mutated black Qilin, looking extremely proud!

Although he liked Chu Mengyao more, he knew that Chu Mengyao's status among the darkness demon beasts was not something he could reach.

Taking a step back and getting Zhuo Qingqing was not a bad idea.

After all, whether it was looks or figure, Zhuo Qingqing in women's clothing was not much inferior to Chu Mengyao. In the entire Jianghai city, she was a top beauty.

Moreover, Zhuo Qingqing's value to him was not only in her looks.

"Congratulations, young master Li! Congratulations, young master Li!"

Beside him, Jiang Ziheng and Wang Zhong were all smiles as they cupped their hands and congratulated li MUYANG.

Both of them used to be li MUYANG's followers. Now that the dark magical beast had entered Jianghai city, they had to cling onto li MUYANG's thigh.

Jiang Ziheng's face was full of envy. "The Zhuo family's wedding dress divine technique has been passed down for generations. It's said that it has been accumulated over the generations. Now, Zhuo Qingqing is the 50th generation. It's said that any man who gets her will be able to reach the sky in a single step and obtain the 50 generations of skills. I wonder if it's true?"

"50th generation of internal energy? Wouldn't young master Li be invincible after the wedding night?"

Wang Zhong revealed a look of surprise at the right time, "Not only did you get a beauty like Zhuo Qingqing into your room, but you also got a strong power. Young master Li, you are really the envy of others!"

Li Muiyang laughed as he glanced at the two of them, and corrected, ""The two of you are still too shallow. What 50th generation of cultivation? this is all a rumor, bullshit!"

Jiang Ziheng and Wang Zhong looked at each other in shock, "isn't the wedding dress divine technique passed down by the Zhuo family?" The rumors outside are all true, and the few people I know from the Zhuo family also said the same thing?"

"The wedding dress divine Art is true, but it's not some 50th generation cultivation technique that's been passed down. If it's really just that bit of cultivation, do you think it's enough to enter this young master's eyes?"

Li Muiyang scoffed.

He wasn't bragging. With his father Li Songzhang's abilities, if he really just wanted to improve his skills, Li MUYANG wouldn't be lacking in resources.

As long as he could digest it, he would be full in minutes.

"What does the wedding dress divine Art refer to?" the two of them looked at each other.

Li MUYANG smiled faintly, "the rules!" The essence of the Zhuo family's wedding dress divine technique is that it can help me increase my control over the laws. The 50th generation can help me increase my control by five points!"

The so-called five points meant that he had five percent control.

Based on Li MUYANG's knowledge, only those at the level of rule force could make him so obsessed.

After all, the most important dividing line between top-tier combat power and low-level cultivators was rule force.

As long as he obtained the inheritance from Zhuo Qingqing, coupled with the rule origin that his father, Li Songzhang, had instilled in him in advance, he would be able to achieve it in one go and become a rule force Big Shot with five percent control over the rules!

Five points didn't sound like a lot, but one had to know that even Bao shaoyou, who had obtained the fire god's inheritance, only had five percent control over the fire laws!

To a certain extent, this was equivalent to Li Muyang receiving a free inheritance from the gods.

This was Zhuo Qingqing's greatest value to him.

Jiang Ziheng and Wang Zhong's eyes widened. "That means that after you sleep with Zhuo Qingqing tonight, you'll be the real boss of the rules, and you'll be able to beat Lin Yi up, right?"

Li Muyang himself was rather modest about this.

"I don't know if he'll be able to beat him, but it shouldn't be too hard to have a 50 - 50 chance of beating him. Lin Yi's an amateur after all, and although he has some luck, compared to someone like me who's been receiving the best training since I was young, his Foundation is still far too lacking."

"....."

Jiang Ziheng and Wang Zhong were secretly speechless.

With Lin Yi's previous battle records, if he said he had a weak Foundation, then the others didn't even deserve it.

However, in front of li MUYANG, they naturally did not dare to speak the truth. All they could do was to echo and think of ways to flatter him.

However, li MUYANG believed in this without a doubt, and continued to imagine, ""The dark Demon beasts have promised to give my father some top-tier resources, and I'll be able to improve my strength by then. Hehe, I'm keeping Lin Yi's previous debts in mind, and it'll be time to pay him back soon!"

Lin Yi's voice came from not too far away.

"I don't remember owing you anything. Why don't you tell me in detail, young master Li?"

Li MUYANG's eyes twitched as he looked at Lin Yi, who was walking towards them slowly, with his core forces behind him.

"You ... How dare you come here?"

Although he'd already thought of trampling Lin Yi a hundred times in his head, li MUYANG wasn't brainwashed to the point where he was a fool. At least he knew that with his current strength, he wouldn't be able to stand up to Lin Yi's one finger.

Fortunately, he was not alone.

Lin Yi raised a brow and looked at the taxi behind him. "I heard that my old friend is getting married, so I came to celebrate. I'm sure young master Li doesn't welcome me, right?"

"Welcome, of course you're welcome! You took the initiative to give me your head as a wedding gift, I can't even wait to be happy, how can I not welcome you?"

Li Muiyang snapped his fingers, and a horde of dark demonic beasts rushed out from all directions, surrounding Lin Yi and the others.

He wouldn't dare to act so arrogantly in front of Lin Yi if he only had the people he had, and his father Li Songzhang wasn't here.

Because he knew very well that he really couldn't win.

Chapter 9918 Power

However, times were different now.

With so many powerful dark beasts protecting him, Lin Yi didn't just hide in the turtle shell of Jianghai Academy, he even dared to come to Jianghai city to cause trouble!

"The sins of the heavens can be forgiven, but the sins of one's own self can not be forgiven. Since you're so stupid as to rush to your death, then I'll fulfill your wish!"

As soon as Li Muyang finished speaking, the dark beasts launched a surprise attack on Lin Yi's group.

"Self-inflicted evil? That's a good sentence, but it seems more appropriate to say it to your father. "

Lin Yi smiled nonchalantly, not even looking at the dark beasts as he walked towards the carriage as if there was no one around.

Every time a darkness magical beast rushed in front of him, it would be immediately hammered to the side by the core combat power behind him, and it couldn't even touch the corner of his clothes.

All along the way, she actually could not stop his footsteps in the slightest.

Li Muyang was still fearless at first, but as Lin Yi got closer and closer, he couldn't help but back away in fear.

In the end, she was forced to retreat to the back of the carriage, leaving Zhuo Qingqing in front of Lin Yi.

Lin Yi lifted the curtain and looked at the beautiful bride, "I'm sorry, I just saw your wedding invitation last night, so I'm a little late. "

Zhuo Qingqing wiped the tears from the corners of her eyes and smiled. ""You're not late at all. I haven't even started my banquet yet. "

Lin Yi smiled, "I like to eat as well, but I'm afraid I won't be able to eat today. After all, we're here to snatch the bride. It'd be embarrassing if I stayed for a meal before leaving."

"Who told you to come and snatch the bride?"

Zhuo Qingqing pouted. Her eyes were full of flirtatiousness.

Compared to her heart that was like dead ashes before, at this moment, she seemed to come back to life. Her fairy-like beauty suddenly became even more beautiful and moving.

Even Lin Yi couldn't help but stare.

But in the end, he forced himself to come back to his senses with his willpower. He shrugged his shoulders and said, "Actually, I'm more used to you wearing men's clothes. The way you're dressed right now always gives me the illusion that I'm going to be turned gay."

Zhuo Qingqing blinked her eyes. "Then, should I switch back now?"

She was about to take off her clothes, and Lin Yi quickly interrupted her. "I think it's better not to. You look pretty good in this wedding dress. It's rare to wear it on a big day. It's good to leave a good memory."

Zhuo Qingqing looked straight at him and smiled happily. "I already have the best memories."

"....."

Lin Yi felt that the woman was trying to seduce him, but he didn't have any proof.

The surrounding area was in a state of chaos, but it was peaceful inside the carriage.

The two of them were silent for a moment.

"Let's go, I'll take you out of here," Lin Yi said, reaching out his hand.

Zhuo Qingqing's tears immediately flowed out, but she still smiled and shook her head. "When did I say I wanted to go with you? I'm willing to see you today, so let me face the rest on my own. "

Lin Yi looked at her helplessly, "that's not nice of you. I'm already here, and I'm here to kidnap the bride. If I go back alone, wouldn't I lose face?"

You're the one who started this, so you have to take responsibility. "

Zhuo Qingqing couldn't help but laugh, "I didn't ask you to come and snatch the bride. However, I'm already satisfied to experience what it feels like to be snatched away. This is the best wedding gift I've ever received. Thank you, Lin Yi!" They're coming soon, you should leave!"

"Since I'm here today, I'll definitely take you away."

Lin Yi looked at her calmly and firmly. "After all, no man would leave a girl who's asking for help alone. Besides, I still owe you a favor."

Although he had received a wedding invitation, it was obvious that Zhuo Qingqing was asking him for help.

Lin Yi wouldn't interfere with other people's decisions, even if it was a fire pit in front of him. If it was really Zhuo Qingqing who decided to jump in, he wouldn't be so sentimental as to extend his hand.

But since Zhuo Qingqing asked him for help, he wouldn't be Lin Yi if he didn't do anything.

Her tears melted Zhuo Qingqing's exquisite makeup, but it did not affect her beauty. She looked like a Pear Blossom in the rain, and it made her look even more pitiful.

"I don't have any more regrets. Lin Yi, you won't be able to leave if you don't leave now." Zhuo Qingqing smiled in satisfaction.

"That's why we have to move faster. "

Lin Yi said, still extending his hand.

At this moment, he could already sense four powerful auras rapidly approaching. In the blink of an eye, he saw four human figures land around the carriage.

Lin Yi turned around and looked at them. The four of them had transformed into human form, but they were all emitting the aura of dark beasts.

All of them were at the Grand completion of the final level!

Compared to the top darkness magical beasts he had seen before, although these four were at the same level, it was obvious that they didn't have any flaws in their intelligence.

This was a true top-tier darkness magical beast.

"The twelve messengers of magical beasts?"

Lin Yi raised a brow.

Although the intelligence department's intelligence network in Jianghai city had been destroyed during the night of the darkness magical beasts 'invasion, it had been restored to its original state after a few days.

He had already gathered all the information he could from the dark Demon beasts in Jianghai city.

This included the 12 magical beast envoys.

They were different from the top darkness magical beasts that had been reduced to cannon fodder. The 12 messengers were all experts of the darkness magical beasts that had transformed into human forms. Each of them was comparable to the top battle strength of human cultivators, or even stronger!

They were the core combat force of the city Lord's mansion.

"Lin Yi, you're pretty good at this, aren't you? kidnapping the bride?"

Li MUYANG, who was at the back, started shaking again and smiled coldly at Lin Yi. "I'll give you a chance now. If you can take her away, you can try!"

A frog at the bottom of a well doesn't know the immensity of heaven and earth. Do you think Jianghai city is still the same as before?

Do you think you can do whatever you want in Jianghai city with your strength? are you out of your mind?"

His father, li songzhang, had once told him that each of the twelve messengers of magical beasts was equivalent to a first-class top-notch combat power. The head of the twelve messengers was equivalent to a super top-notch combat power!

The person wasn't here, but the four of them were enough to make Lin Yi and the others suffer!

"You seem to have a lot of confidence in them?" Lin Yi looked at him strangely.

Li Muiyang laughed, "nonsense!" I don't have confidence in them, but do you think I have confidence in you?"

"Then I'm afraid you'll be disappointed,"

As soon as Lin Yi said that, Yan Zhongyuan and the others went to the four messengers.

As for himself, he had no intention of making a move.

Chapter 9919 Power

Seeing this, li Muiyang could not help but say sarcastically, ""I've seen arrogant people before, but I've never seen anyone as arrogant as you! Are you afraid that they won't die fast enough if you let a bunch of new students fight one on one with the twelve magical beasts messengers?"

Beside him, Jiang Ziheng chimed in. "I think he's treating his subordinates as cannon fodder. He wants to let them test the strength of the twelve messengers first. He'll make his move according to the situation."

"If the situation is bad, then this group of cannon fodders will be the rear, and he, the boss, will escape!"

Wang Zhong laughed as well.

"Have you guys seen a Big Shot at the peak of the late stage of perfection?" Lin Yi asked.

"....."

Li Muiyang and the other two choked.

Even Li Muiyang, who had the highest cultivation base among them, was only at the late-stage of the consummate level of a Big Shot after the accumulation of various opportunities.

The three of them all thought that they were extraordinary, but in the end, they couldn't even compare to a freshman. How could they accept this?

Li Muiyang forced a cold smile and said, "so what if a Big Shot is at the peak of the late stage of perfection?" It's just a pile of fake goods, how much strength can it have?"

Jiang Ziheng and the other man sneered. "That's right. What's the use of having a realm? you're just going to be someone's cannon fodder. We'll talk about it again if you can survive!"

Zhuo Qingqing, who was in the carriage, looked worried.

After hesitating for a while, he spoke to Lin Yi through His Spirit sense, "You should take them and leave quickly. I'm already very satisfied that you're willing to take the risk to save me, but I can't let your brothers take the risk with you. They're more important than me."

"Don't worry," Lin Yi said with a smile, "you'll know soon enough."

"He's acting tough again!"

Li Muiyang gritted his teeth at this scene.

They weren't officially married yet, but Zhuo Qingqing was already his. No man could stand Lin Yi making eyes at her in front of him.

However, he did not dare to act rashly.

Before the four messengers could attack Lin Yi, he'd be digging his own grave if he dared to get close.

What if Lin Yi was determined to hold him hostage?

If he was in Lin Yi's position, he wouldn't be having any good intentions right now.

"Good, I like your arrogance. When you see your men die one by one in front of you, you will know how stupid you are!"

Li MUYANG laughed coldly in his heart, and even the way he looked at Zhuo Qingqing became more sinister.

To him, Zhuo Qingqing was not a goddess. The reason why he forced the Zhuo family to marry Zhuo Qingqing was not only because of the wedding dress skill, but also because he wanted to have a rare and beautiful plaything.

You want to make me a cuckold?

After I'm done playing with you tonight, I'll let you have a taste of what it's like to be better off dead, you reckless B * tch!

In the end, after the time it took for an incense stick to burn, the four twelve messengers, who were powerful in his eyes, had fallen at the feet of Yan Zhongyuan and the others in a one-on-one battle.

The entire Army was annihilated.

"What the f * ck is this?!"

Li Muiyang and the others were completely dumbfounded.

Looking at the four corpses of the darkness magical beasts that had transformed into their original forms, the three of them were collectively dumbfounded, unable to say a word for a long time.

These were the 12 messengers, existences that were comparable to first-class top-notch combat power. How did they end up in such a situation?

Lin Yi looked at Li Muiyang and smiled faintly. "Can I take her away now?"

"You!"

Li Muiyang's face instantly turned red.

Lin Yi raised his eyes, "if you don't agree, then we'll keep fighting. Since they're done, it's my turn to fight with you. Is that okay?"

"....."

Li MUYANG panicked as he watched Lin Yi walk towards him, "If she's willing to go with you, then you can take her away. I won't stop you. I have many women anyway!"

Everyone's expression turned strange.

Zhuo Qingqing immediately jumped down from the carriage and looked at Li MUYANG with deep disdain.

Although she had been forced to marry him, in order to not let him get her, she had even made up her mind to commit suicide before the wedding to avoid being sullied by him.

However, Li MUYANG's current behavior still made her feel extremely ashamed. After all, she was his bride in name.

This was Jianghai city's home ground, yet this person was willing to reveal such an ugly expression in order to survive. It truly disgusted her.

"If that's the case, then I'll accept your offer. See you again, young master Li." Lin Yi smiled.

Then, he left with Zhuo Qingqing and the others.

Wei baizhan turned around and glanced at li Muiyang with a gloomy expression. He could not help but ask, ""Boss, why didn't you kill him?"

Li songzhang, as the Father, deserved to die. Naturally, li Muiyang, as the son, also deserved to die.

Even if they didn't count their past misdeeds, just what they had done in the past few days had caused the deaths of no less than 100000 people directly or indirectly. Even if they were cut into a thousand pieces, this father and son pair wouldn't feel guilty!

He knew very well that Lin Yi wasn't a soft-hearted person-he wouldn't let go of an opportunity to get rid of li Muiyang.

Lin Yi shook his head,"he has a life-saving card on him. If we touch him, it will alert li songzhang and the rest of the 12 magical beasts. It's hard for us to escape with our current strength. We'll find another chance."

This was the real reason why li Muiyang had managed to escape.

Of course, it wasn't from intelligence, but from the future Lin Yi saw through the time laws.

Seeking luck and avoiding calamity was one of the most important abilities of the time rule.

"I see!"

Wei baizhan couldn't help but look envious. "As expected, the time rule is still the most useful. I wonder what kind of rule origin I'll encounter in the future. Please don't let it be some trashy rule."

Lin Yi looked at him with a half-smile, "Don't worry, just do your job well. I'll get you a God's inheritance sooner or later. "

"Then I'll have to thank you in advance, boss," Wei baizhan said with a smile.

Ever since Bao shaoyou had obtained the fire god's inheritance, he had felt a strong sense of danger.

Looking at the entire Lin Yi group, the lone wolf who always did things his own way was now the most active one. It was a surprise.

If it were someone else, they'd think that Lin Yi was just bragging. After all, the gods' inheritance wasn't like breakfast on the side of the road.

Not to mention Lin Yi, even Tian Xiangyang wouldn't dare to make such a promise.

But Wei baizhan believed in it without a doubt. He was the lone wolf who didn't believe in Lin Yi the most, but now he'd become the most brainless fan under Lin Yi's command.

It had to be said that people really changed.

Lin Yi successfully snatched the bride and brought Zhuo Qingqing back to Jianghai college. The internet went wild with the news!

Chapter 9920 The Power Of The Devil

Although the darkness demonic beasts "invasion did not completely destroy Jianghai city's network system, every household was currently immersed in fear and sorrow. Coupled with the fact that the city Lord's mansion was acting as the Tiger's accomplice, everyone was like a frightened bird, afraid that even the slightest mistake would lead to their deaths.

As a result, compared to the previous situation on the internet, it was much quieter now, and very few people took the initiative to speak.

However, Lin Yi's news was like a stone that caused a thousand ripples.

It might just seem like gossip at first glance, but it wasn't strange for a super character like Lin Yi to win the hearts of any girl.

In the eyes of most people, this was the treatment that top powerhouses should have.

However, the reason why this incident could cause such a commotion, other than Lin Yi's popularity, was because it gave the people of Jianghai city, who were hiding under the rule of terror, a ray of hope.

This was the first time that someone had defeated a darkness-type magical beast in broad daylight!

Lin Yi's unintentional move this time gave everyone a shot of confidence, and a belief began to grow in their hearts.

The darkness magical beasts were not invincible.

This belief might be insignificant in the short term, and might not be able to change the current situation, but one day, it will set off a monstrous wave, enough to overturn the entire darkness beast tide.

"I miss this."

Zhuo Qingqing was filled with emotions as she set foot on the grounds of Jianghai college. She turned to Lin Yi. "My happiest days were when I was in the Academy. Although I was disguised as a man, I could put down everything in my family. I had no pressure and no worries. It's a pity that those days were too short."

"There's still a lot of time in the future. Although the conditions in the Academy are a little tough now, everyone is United against outsiders. The atmosphere is much better than before. You'll like it. "

Lin Yi consoled as he pointed at Tang Yin and the others, "It's a pity that we don't have the conditions to hold a ball now. Otherwise, you guys can dance. It'll definitely be pleasing to the eye."

"Do I need you to tell me that? You big pervert!"

Tang Yin rolled her eyes at Lin Yi before turning to introduce Qingqing to her group of friends.

Other than herself, Wang shiqing, Qiu sanniang, you Ci 'er, and even the beautiful Warden, Dongfang Yan, were all members of her sister group.

A group of girls stood together, each with their own merits, instantly becoming a scene in the Academy.

Under the influence of the group of sisters, Zhuo Qingqing, who was originally a little depressed, was in a much better mood. However, this good mood did not last long.

That night, a live broadcast suddenly appeared on the internet. It was a live broadcast of a murder specifically targeted at the Zhuo family.

The main character was li Muyang.

"Zhuo Qingqing, this is what you'll get for running away with Lin Yi. Everyone in your house will be in trouble because of you!"

Li Muiyang pouted his lips as he looked down at them. He then pointed the camera at the Zhuo family members who were tied up together. The one who was kneeling in the middle was Zhuo Qingqing's father, the current head of the Zhuo family, Zhuo Feifan.

However, compared to the other uneasy Zhuo family members, Zhuo Feifan's face was calm and he did not show the slightest panic.

"Not bad, not bad. You're not afraid in the face of danger. You really have the demeanor of a family head."

Li Muiyang sneered and patted his face. ""But if you're really that brave, you wouldn't have been scared by me yesterday and obediently forced your daughter to marry me, right?"

Then, he turned to the camera and said, "from now on, I will kill a member of the Zhuo family every two hours. Zhuo Qingqing, watch closely. They all died because of you!"

As soon as he finished speaking, he stabbed a man from the Zhuo family with a knife. The man struggled in front of the camera for a long time before he finally died in pain.

The entire scene was extremely realistic, but also extremely depressing.

Tang Yun and the others couldn't bear to look at her and looked at Zhuo Qingqing worriedly.

However, Zhuo Qingqing's expression was much calmer than they had imagined. She only closed her eyes in silence after reading the last part.

Tang Yin put her arm around her shoulder. "Don't blame yourself. It's not your fault. That person just wanted to use this method to make you feel guilty and lure you into doing something stupid. "

"I know,"

Zhuo Qingqing took a deep breath and forced herself to continue watching the live broadcast. However, Zhuo Feifan's mouth opened and closed on the screen, and he mouthed two words.

Outside the region.

Zhuo Qingqing's tears flowed down immediately. She knew what her father meant. He wanted her to escape to the outer realms.

If she could leave Jianghai, it would be a good thing for her. However, it would be a disaster for the entire Zhuo family. If she did that, Li Muyang would destroy her entire family.

Li MUYANG was definitely capable of doing such a thing.

"Remember, kill one person every four hours. You can take your time. I'm very patient. I'll wait for you."

Li MUYANG grinned and cut off the live broadcast.

Everyone looked at Zhuo QINGQING. Even tyrant and the other Big Five could not help but show sympathy. Even though they had nothing to do with Zhuo QINGQING, Li MUYANG's actions had stirred up their hatred towards the same enemy.

"When are you going to save them? count me in."

Tyrant said loudly. The rest of the top combatants nodded in agreement.

Lin Yi was about to speak when Zhuo QINGQING interrupted, "Qing Qing thanks everyone, but this is Li Xi's scheme. He's not just scheming against me. I'm afraid he's targeting everyone. Don't fall into his trap."

After he finished speaking, he bowed to the crowd and left the table alone with a forced smile.

Everyone looked at each other, and Wang Sanjue sighed, ""This little girl knows the big picture. What a pity."

Tang Yin tugged at Lin Yi's shirt and gave him a look.

"What?" Lin Yi asked, confused.

Tang Yin rolled her eyes, "you're just going to let your girlfriend go out alone?"

"When did she become my confidante?"

Lin Yi was getting more and more confused.

Although Zhuo Qingqing was indeed stunning when she was dressed as a woman again, he just admired her and never thought about the things between men and women.

Even this time, the bride kidnapping that seemed ambiguous in the eyes of others was just to return the favor and save Zhuo Qingqing from the sea of suffering. He did not expect anything to happen between the other party and him because of this.

They were all adults. How could they be so childish as to repay a debt of gratitude with their bodies?

Tang Yun was speechless. She could feel that Lin Yi's attitude towards Zhuo Qingqing was completely different from how he treated her.

Although there was an ambiguous interaction like snatching the bride in public, Lin Yi had been admiring it from a distance the whole time.

On the other hand, every time they met, she would habitually tease him from time to time. That kind of intimacy that an old couple had was definitely not faked.
