

Bodyguard 9921

Chapter 9921 Power

Tang Yun was often embarrassed and annoyed by this, but she couldn't help but be secretly happy after every time.

She wouldn't admit it, but her body was telling her honestly that she liked this way of getting along with him. Even if she hadn't recovered all her memories, she and Lin Yi were destined to be inseparable.

It wasn't just Zhuo Qingqing, but the other people in her group, whether it was the flirtatious you Ci 'er or the charming Qiu sanniang and Dongfang Yan, Lin Yi always kept a subtle distance from them.

The only thing that could put her in danger was Chu Mengyao.

But now that Mengyao was missing, she was more worried for Lin Yi than feeling threatened. She even tried to warn Lin Yi a few times, but Lin Yi brushed her off every time.

"You're such a straight man, it's very hurtful, you know?"

Tang Yin said as she pinched Lin Yi.

Lin Yi played along and squeezed out a pained expression as he raised his hand, "Heroine, please spare me!"

"You only know how to play tricks!"

Tang Yun spat at him and looked in the direction that Zhuo Qingqing left. She couldn't help but worry, ""Although she was born in a big family like the Zhuo family, Qing Qing's life is actually very bitter.

In order for her to practice that so-called wedding dress divine technique, her family had never allowed her to come into contact with any members of the opposite sex. She had not even seen her biological father once a year.

In addition, her mother had passed away early, so she had never felt any familial love since she was young. She was only restricted by the family's layers of restrictions. She was like a Canary in a cage. Outsiders only saw her bright and beautiful appearance, but no one knew how miserable she was inside.

Even when she had disguised herself as a man to come to the Academy for a few days, her father had paid a huge price to win her over from the Zhuo family's elder group in the name of the coming of age ceremony.

The price was that she would have to return to her cage and be at the mercy of her family, including her lifelong matters. "

"There's such a thing?"

Lin Yi frowned.

No wonder Zhuo Qingqing would say that those few days in Jianghai Academy were her happiest days. Even though from the perspective of others, those were just the normal new students who had just entered the school. At most, they were a little novel, and could not be compared to the happiest days.

However, to a Canary, this was the best experience of her life.

"She needs some comfort, I think you should go check on her," Tang Yin said.

Lin Yi couldn't help but look at her strangely. "Are you that magnanimous to push me to another woman? Why do I feel a little hurt?"

"Injured ..."

Tang Yin rolled her eyes at him, "You're taking advantage of me, yet you're still acting innocent. "

Lin Yi's eyes lit up as he smiled, "What did I get from you?"

Tang Yin blushed at the lecherous look on his face, "Get lost!"

Lin Yi laughed as he got up and ran out the door.

At that moment, Zhuo Qingqing was sitting on a tree branch that was 30 meters high. She was shaking her smooth and white legs and looking up at the hazy night sky.

Lin Yi landed quietly behind her and mimicked her, sitting down. "Are you alright?"

"What do you think?"

Zhuo Qingqing turned to look at him.

Lin Yi shrugged, "you look fine, but I think you're just pretending after what happened."

"....."

Zhuo Qingqing was speechless for a long time before she finally said, ""You really don't know how to chat."

Lin Yi pinched his nose awkwardly. He thought he was good with his words, but since the other party was questioning him, he couldn't refute it. He just kept quiet.

Zhuo Qingqing could not help but laugh when she saw his aggrieved expression.

After a moment of silence, Zhuo Qingqing suddenly leaned her head on Lin Yi's shoulder and pleaded with a pitiful tone, "Can you lend me your shoulder?" he asked.

Lin Yi replied immediately, "How many catties do you want? just tell me."

As soon as he said that, Zhuo Qingqing's sadness disappeared. She couldn't help but pinch his waist.

"Why do you women like this?"

Lin Yi gritted his teeth. Even a monster like him who had broken through the shackles of growth five times felt pain. He had to admit that women were magical creatures.

"Since you're Li MUYANG's target, he probably won't do anything to your father for the time being. I'll think of a way to get him out," Lin Yi said after a long while.

In other words, the rest of the Zhuo family would not be able to care about it.

After all, from Tang Yun's description, the Zhuo family had not done much. Even when Zhuo Qingqing was forced to marry Li MUYANG, it was all because of them. Now that she was in Li MUYANG's hands, she could only blame herself.

Zhuo Qingqing hummed in agreement.

Lin Yi wanted to comfort her a little more, but the sound of rhythmic breathing entered his ears-she'd fallen asleep on his shoulder.

"Alright, let's have a good sleep."

Lin Yi carried Qingqing down from the tree and brought her to the living quarters.

But for some reason, his eyelids started to feel heavy as soon as he put Zhuo Qingqing down. As the top fighter who was strong enough to fight against Xu Anshan, Lin Yi actually felt the long-lost drowsiness.

Even with his strong willpower, he could not hold on in the end. He could not control himself and fell asleep beside Zhuo Qingqing.

He didn't know if it was an illusion, but at the last moment before he fell, he seemed to see Zhuo Qingqing, who was dressed in a wedding dress, sit up.

"Meeting you is the luckiest thing in my life. I'm already content."

Zhuo Qingqing touched Lin Yi's face gently as she slowly undid the wedding dress.

It was already noon the next day when Lin Yi came back to himself.

"What's the situation?"

Lin Yi quickly checked his body and found nothing wrong, but why did he suddenly fall asleep?

Recalling the blurry scene, Lin Yi quickly looked around, but he didn't see Zhuo Qingqing.

She only saw a wedding dress beside it.

"This ... It can't be?"

Lin Yi couldn't help but feel weird. The wedding dress that was supposed to be on Zhuo Qingqing was placed next to him. What happened last night?

Although he did not have a clear impression, he could vaguely remember a rough outline. Zhuo Qingqing seemed to have done something indescribable to him.

However, his body's feedback told him that it didn't seem to be the case.

At this moment, Jiang xiaoshang suddenly laughed in his mind, ""So you also have such a stupid side. You suddenly fell into a deep sleep because you were poisoned by that woman's goddess heavenly fragrance!"

"Goddess Tian Xiang?"

Lin Yi blinked.

It was not that he had not heard of it before. It was said that it was also a rule power that could make people fall into a deep sleep and be intoxicated.

To a certain extent, this could be said to be the world's most unsolvable knockout powder, and even a Big Shot's ultimate perfection expert couldn't resist it.

Chapter 9922 Power

"What is she doing with this?"

Lin Yi didn't think that Zhuo Qingqing was trying to harm him. He was very confident in his judgment of people.

"Why don't you feel it for yourself?" Jiang xiaoshang chuckled.

Lin Yi didn't quite believe him, but he checked his body again, and still didn't find anything strange.

However, when he felt the changes in the ultimate perfect domain, his expression changed.

It wasn't that he had noticed any bad changes, but that he had discovered an unexpected joy.

He had just mastered the gigantification rule control, and it had soared from the previous 5% to the current 10%!

It must be known that even for experts of laws, any increase in their control over laws was extremely difficult.

Unless he had some special fortune like the gods' inheritances, he wouldn't be able to improve at all even with Lin Yi's talent and comprehension if he went into isolated practicing alone.

It had doubled in an instant!

The gigantification rule became his first rule power to reach two-digit control, which was really unexpected.

"Could this be the Zhuo family's wedding dress divine Art?"

Lin Yi finally reacted.

Li Muyang had schemed to force Zhuo Qingqing to marry him because of the wedding dress divine skill. He had never expected that he would end up being the one to get married.

Jiang xiaoshang said with pity, "the wedding dress divine technique can help you improve your control of nomological powers. However, because you have mastered too many nomological powers, it can only choose one randomly. If you get the time or space nomological powers randomly, you'll be in for a big hit."

Lin Yi had mastered a total of five rule bending powers.

Time rule, space rule, Slaughter Rule, gigantification rule, and wind rule.

Among them, the first three were top-level rules, while the gigantification rule and the wind rule were second-level rules.

Other than the wind-type rule, which had a control level of 1%, the other four rules had a control level of around 5%.

If one could freely improve their rule control, whether it was in terms of potential or combat power, top-level rules would obviously have a higher priority than level-two rules.

As Jiang xiaoshang had said, the time and space laws were definitely his first choice.

Of course, The Slaughter Rule, which was also a top-tier rule, was not bad either.

Even if he didn't develop new rule bending abilities, just the enhanced version of the killer God's mark was enough to make Lin Yi's strength change again.

No matter how one looked at it, it was a waste to waste such a rare opportunity on gigantification laws.

However, it was still slightly better than the laws of wind.

It wasn't that his wind-type laws were weak, but that his basic control over the wind-type laws was too low.

Raising it from 1% to 6% would allow him to develop a corresponding wind rule ability, but for Lin Yi's current overall strength structure, it was only adding flowers to a brocade at best-it was far from a qualitative change.

As for the gigantification rule force, regardless of the potential of the rule force itself, it had at least increased its control over the rule force to two digits.

Banshi Luo had once told him that this was a dividing line that was neither big nor small.

Although it was not as iconic as 20%, which represented the hard dividing line between super-top combat power and top combat power, as long as it was developed well, 10% could also bring about a qualitative change.

"It seems that the development of the gigantification rule has to be brought forward."

Lin Yi fell into deep thought.

To him, the biggest temptation of the gigantification rule was the chance to break through the legendary shackles of growth six times. However, although Jiang xiaoshang said so, he did not have a clear idea of how to develop it.

In the end, Lin Yi still had to rely on himself.

But he quickly came back to his senses-it wasn't the time to go into isolation yet. He had to confirm with Zhuo Qingqing about what happened last night.

As the passive party, Lin Yi was very confused-just how far had their relationship progressed?

However, Zhuo Qingqing had already left Jianghai Academy.

"She left alone?"

Lin Yi couldn't believe what Tang Yin was saying.

One must know that Jianghai Academy was different from the past. One could enter and leave at any time.

Ever since the Academy's defensive formation was activated, Jianghai Academy had been completely isolated from the outside world. The only way in and out was through the strategically abandoned repeat residence.

However, the only entrance had been blocked by the dark Beast tide.

Unless it was someone like Lin Yi, who was strong enough to crush a group of top-tier dark beasts, it wasn't easy for even those top-tier combat forces to enter and exit.

Zhuo Qingqing's current realm was only at the peak of the middle stage of the consummate level of a Big Shot. Any darkness magical beast could take her life. How could she cross the beast tide alone?

Tang Yin was worried as well.

"We don't know how she did it, but at that time, a few people saw it with their own eyes. She went against the flow of the darkness beasts by herself, and wherever she went, many of the darkness beasts seemed to be asleep, and didn't attack her at all."

"The goddess Tian Xiang ..."

Lin Yi finally understood.

It seemed that the goddess's charm was not only irresistible to human males, but even darkness magical beasts were unable to resist.

"She's wanted in Jianghai city," Tang Yun said worriedly. "I'm afraid she'll be in trouble if she goes back now."

"As long as she doesn't do anything stupid, she shouldn't be in any danger for the time being. However ..."

Lin Yi said helplessly as he shook his head.

If she did not do anything stupid, why would Zhuo Qingqing leave Jianghai Academy alone?

The key was that Jianghai city was a dangerous place even for Lin Yi, especially after the kidnapping incident. Li songzhang and the dark Demon beast Masters must have made special arrangements for him.

If they were to go head-to-head with him, even Tian Xiangyang and Luo Banshi might not be able to escape unscathed, not to mention Lin Yi.

But, after what happened last night, how could he just leave her be?

Lin Yi thought about it and turned to his Deputy, Yan Chen, "Ask the intelligence Division to pay attention to Zhuo Qingqing's whereabouts. If there are any findings, report to me immediately."

"Alright," he said.

Yan Chen responded and left.

With the intelligence department's influence in Jianghai city, even though the main network was still in the process of rebuilding, it would not be a problem to find a person.

As for Lin Yi himself, he went into isolation immediately.

Once the intelligence Department found Zhuo Qingqing, he would have to make a trip to Jianghai city. In order to deal with all kinds of possible accidents, he had to realize the potential of the gigantification rule force as soon as possible.

The stronger one was, the more confidence one would have.

Chapter 9923-The End

Two days later, news came from the intelligence Department that Zhuo Qingqing had been found, but it was too late to stop her.

Zhuo Qingqing had gathered a group of Masters from somewhere and tried to rescue the Zhuo family. She even managed to meet her father with the help of the dominating effect of the goddess, Tian Xiang.

Unfortunately, he still failed at the last step and ended up in Li MUYANG's hands.

At this time, Lin Yi was still in closed door cultivation.

Jianghai city Lord's mansion.

Li MUYANG looked at Zhuo Qingqing, who was tied up in front of him. He gently swirled the wine in his glass, looking intoxicated.

"Looking at a beauty under the light, you really have a different charm. I've said it before, you can't escape from my palm!"

Zhuo Qingqing did not panic at all. She looked at him calmly and said, ""Since I dared to return this time, I've already prepared myself to die. Li MUYANG, you won't be able to have me."

"I can't have you? Are you saying that you're still counting on Lin Yi to save you?"

"Don't be naive," Li MUYANG laughed. "Lin Yi went from a nobody to this level. I know better than you what kind of cunning he can be. Do you really think he's a kind man?"

Please use your toes to think, how can a kind person get to this point?

No matter how ignorant you are, you should have heard that good people don't live long, while scoundrels live for a thousand years!"

Zhuo Qingqing's mouth twitched, "are you talking about yourself?" It doesn't matter what Lin Yi looks like to you, I only care what he looks like to me. "

Li MUYANG was initially smug, but when he saw Zhuo Qingqing's happy expression, he could not help but feel angry. He immediately grabbed her hair.

"Bitch! You're the woman I, Li MUYANG, am officially married to! Your man can only be me, Li MUYANG! You want to hook up with Lin Yi and become an adulterous couple? Hehe, maybe in the next life!"

Li Muiyang laughed coldly. "Although Lin Yi won't come to save you, it's still a good thing if he does. After all, it's rare for him to walk into a trap. If that's the case, I'll have to thank you properly!"

"You don't have to thank me," Zhuo Qingqing replied coldly. "Your plot is destined to fail."

"Oh, really? Let's not talk about whether we can succeed or not, that's a matter for the future. As for now, we should start on the main business. My beautiful bride, have you prepared your wedding dress?"

Li Muiyang laughed lecherously as he approached.

Zhuo Qingqing immediately activated her goddess heavenly incense. However, to her surprise, Li Muiyang did not fall asleep.

"Are you surprised?"

Li Muiyang laughed smugly, "since I already know that you have the goddess Tian Xiang, how could I not have made any preparations?" I'll give you a piece of advice, you'd better obediently accept your fate. This way, you'll be able to enjoy yourself a little more. "

However, his smugness didn't last long, and it quickly turned into a monstrous rage.

"Where's your wedding dress? Where's your 50th generation wedding dress? Where did your 50th-generation wedding dress go?"

Looking at Li Muiyang's furious expression, Zhuo Qingqing smiled sarcastically. "I said just now, you can't have me."

"You gave it to Lin Yi?" Li Muiyang asked. You B * tch, you gave my things to Lin Yi? You actually made me a cuckold?"

Zhuo Qingqing looked at him indifferently. "I have never been yours. I was not in the past, and I will not be in the future. How can you say that I'm being cuckolded?"

"Good, very good. You're such a beautiful woman like a flower and Jade. I really didn't have the heart to lay my hands on you. At most, I'd play with you two times before throwing you into the cold Palace and leaving you to fend for yourself!"

Li Muiyang's gaze gradually turned dangerous. "But since you don't want face, I'll fulfill your wish and let you have a taste of what it's like to be better off dead!

Let Lin Yi see what happens to you after you've become his woman!"

Zhuo Qingqing did not panic at all. "Do you want to use force on me?"

Li MUYANG snorted coldly, "don't be so smug. I know that you have the goddess's laws to protect you!"

If I use force against you, I might even fall into your trap. Don't worry, I won't do such a stupid thing.

However, I'm going to expand your imagination, so you can get to know the real world!"

Then, he turned around and left with a cold smile.

Zhuo Qingqing suddenly had a bad feeling.

She was prepared to die this time. Just as the other party said, she wanted to use the goddess 'rules to take Li MUYANG down with her. She wanted to take revenge for her family and get rid of Lin Yi's biggest threat at the same time.

He didn't expect the other party to see through it.

However, Zhuo Qingqing was not too worried. After all, if a person really wanted to die, especially cultivators like them who had reached the level of a Big Shot's great circle of perfection, no one could stop them.

After a while.

Zhuo Qingqing was brought to the most famous arena in Jianghai city. This was once the playground of the rich and powerful, and the Paradise of gamblers. Every day, there were dozens of life and death battles here for them to watch and play.

And now, this place had become the headquarters of the darkness magical beasts, and more than 20% of the darkness magical beasts were stationed here.

Other than 'good people' like Li Muiyang, no one else could enter.

Li Muiyang clearly had his own plans for choosing such a place.

In fact, he was certain that Lin Yi wouldn't take such a big risk for Zhuo Qingqing.

After all, in his opinion, Zhuo Qingqing no longer had any wedding dress. She must have done all the things between a man and a woman. There was no value in her anymore. The most correct way to think was to throw her away after playing with her.

But if Lin Yi really did come, he had nothing to fear here.

Last time, the bride was snatched away because the higher-ups didn't pay attention to Lin Yi. Now that they had a specific plan, Lin Yi would be digging his own grave if he came again. Did he really think that the dark Demon beasts were weak?

Of course, he wanted Lin Yi to be that stupid-what he was going to do next was to make Lin Yi that stupid!

"Turn on the live broadcast!"

Li Muiyang laughed evilly as he threw Zhuo Qingqing into the cage in the center of the arena. He then ordered his men to start a live broadcast and shout at Lin Yi in public.

"Lin Yi, your woman is here with me, do you see her? She's so pitiful and lovable. "

As soon as the live broadcast started, the entire internet exploded.

Lin Yi was undeniably at the top of the list, and anything about him could get on the hot search list in minutes, let alone something this big!

With the hype from the previous bride kidnapping incident, this was clearly a sequel to the bride kidnapping.

In order to save the woman he loved, Lin Yi went into the arena alone. If it was made into a movie sold well this gimmick alone would be a box office hit.

At that moment, everyone was waiting for Lin Yi's reaction.

Li Muyang continued to sneer in front of the camera, ""Don't you think it's a pity for such a beautiful woman to be locked up in a cage?

However, I can understand why you're still acting like a coward. After all, it's a man's nature to throw her away after you're done playing with her. This woman is no longer useful to you, so it's normal for you to throw her away.

Who would risk their life for a woman they've already played with, right?"

As soon as this was said, the internet was in an uproar again.

Chapter 9924 The End

"So Lin Yi's such a heartless man?"

"I really couldn't tell. If I were Zhuo Qingqing's man, it would be worth it even if I died for her!"

"That's for a loser like you-who's Lin Yi? he wouldn't have a lack of pretty girls by his side! Zhuo Qingqing doesn't even care about losing one. It's just a pity that such a beautiful woman is missing. "

Lin Yi's reputation took a nosedive under the influence of the Internet Water Army.

In fact, many people were still on Lin Yi's side. After all, Lin Yi dared to fight the dark Demon beast for Zhuo Qingqing, and he even defeated it in broad daylight, giving them a ray of hope.

However, no matter when, being labeled as a coward and a heartless rat would ultimately affect the public opinion.

"But in the spirit of recycling, Lin Yi, I'll take out the woman you don't want and fight for some benefits for the people online, relieving some pressure," Li MUYANG continued.

As he spoke, a few darkness magical beasts were put into the cage.

It wasn't a darkness magical beast expert that had taken human form, but a cannon fodder magical beast that obviously didn't have high intelligence. Even within the darkness magical beast camp, it was the kind that was easily slaughtered like cattle, sheep, and livestock.

"What's he doing? Let Zhuo Qingqing fight with these dark beasts in a cage?"

The people on the internet were confused.

To let such a beautiful woman fight with a dark magical beast in a cage, what kind of weird idea was this? wasn't this too much of a waste of God's gifts?

But very quickly, they realized that they were wrong, and very wrong.

Even though this was the arena and the arena was the arena for the cage fight, it was not enough to satisfy Li Muiyang's desire for revenge if he only allowed Zhuo Qingqing to fight with the darkness demon beast.

His thoughts were far more evil than anyone had imagined.

"Come, feed them the strongest aphrodisiac!"

Li Muiyang's mocking voice could be heard from outside the screen.

Then, in front of the live broadcast camera, someone fed some kind of medicine to each of the darkness magical beasts in the cage.

After a while, these darkness magical beasts all started to become restless and entered a state of inexplicable excitement.

This was a special state that animals generally entered in the spring.

It was commonly known as 'spring'.

“.....”

Everyone online was at a loss for words.

It was only at this moment that they finally realized what li MUYANG meant by 'welfare'.

Looking at the helpless Zhuo Qingqing tied to the side, and then looking at the inexplicably excited dark beasts on the other side, the contrast was too strong, so strong that it was hard to look at.

Even the old lechers were rendered speechless.

There should be a limit to perverts.

"Lin Yi, this is what happens to your woman-she'll be raped to death by a group of dark demonic beasts. This is very much in line with her lecherous personality. I think she'll die a worthy death, right?" li MUYANG smiled proudly.

Tyrant and the others couldn't take it anymore-they wanted to recommend themselves to Lin Yi.

Even if they knew that the other party had set a trap, they were willing to risk their lives to go crazy with Lin Yi!

It was not because they had deep feelings for Zhuo Qingqing, but because li Muiyang's actions had crossed the line as a human. It was intolerable!

However, they couldn't find Lin Yi.

In the cage of the arena.

As she watched li Muiyang's subordinates untie the shackles on the darkness demonic beasts one by one, even Zhuo Qingqing, who was prepared to die, could not help but start to panic.

For the first time, she felt a little regretful.

"See you in the next life."

After saying goodbye to Lin Yi in her heart, Zhuo Qingqing was about to self-destruct her spirit.

At the same time, she had to detonate her rule force to destroy her physical body as well to prevent li Muiyang from tainting her.

It had to be said that she had indeed thought of everything.

However, after a few seconds, Zhuo Qingqing was shocked to find that her primordial spirit did not move at all. Even if she wanted to detonate it, there was no reaction at all.

"Are you surprised?"

Li Muiyang laughed coldly at this scene. "Welcome to the cruel real world. As a Canary raised in a cage, I'm afraid it's hard for you to understand. Sometimes, it's not easy to die even if you want to."

Zhuo Qingqing finally reacted, and her expression changed. "You placed a restriction on my primordial spirit? When was that?"

"That's why I said, women are so naive. They don't even know when I placed a primordial spirit restriction on them. What right do you have to fight with me?"

Li Muiyang sneered and looked at Zhuo Qingqing teasingly, ""However, I'm also a person who has tender feelings for women. If you're willing to forsake the dark and join the light now, I can still give you a chance. However ..."

Li Muiyang said as he took off one of his shoes, revealing five of his toes.

"You'll have to use your tongue and lick my feet clean in front of the whole internet. If you do that, I'll consider letting you live. After all, you're Lin Yi's woman. I'm willing to give you face. What do you think?"

"F * ck, this guy is really a top-grade item!"

"As expected, both father and son are scumbags! What kind of grudge did he have with God Lin? You actually went this far?"

The internet was suddenly filled with a common enemy.

Compared to li Muiyang, who was an executioner of the dark Demon beasts, everyone was more willing to stand on Lin Yi's side.

After all, every household in Jianghai city had a blood feud with the dark Demon beast, and Li Muiyang and Li songzhang had played a huge role in it. It wasn't something that could be washed away by just finding a few Internet Water Army.

Moreover, this guy had the look of a villain who didn't have long to live!

"But if Almighty Lin really goes now, wouldn't that mean that we've fallen into his trap?"

Everyone couldn't help but worry for Lin Yi.

At that moment, the group of darkness creatures that had been released from their restraints had already started to approach Zhuo Qingqing.

The strong smell of wild beasts was enough to make anyone confused and vomit on the spot.

Zhuo Qingqing's face was also pale, but she still pretended to be calm.

"Give up, I'll never yield to you. It's your freedom to lick the stinky feet of a darkness type magical beast, but don't force it on me, I don't have such a Special Hobby."

Zhuo Qingqing said calmly.

Li MUYANG was still waiting for Zhuo Qingqing to give in so that he could use the chance to humiliate Lin Yi. He couldn't help but laugh in anger.

"What a sharp tongue! But I'd like to see if you'll still be so pretentious when this group of darkness magical beasts pounce on you. "

As he spoke, a bear-shaped Beast of Darkness had already arrived in front of Zhuo Qingqing.

Its beastly saliva had even dripped onto Zhuo Qingqing's body.

Chapter 9925 Power

Zhuo Qingqing struggled with all her might to end her own life. However, not only was her primordial spirit restricted, but she also had no strength left in her body.

He could only lie there limply, watching as the other party got closer and closer.

"Go on, don't stand on ceremony."

Li MUYANG laughed in excitement.

Zhuo Qingqing's beautiful face finally turned pale. However, just as she was about to close her eyes in despair, a familiar figure suddenly appeared in front of her.

"It's not a good habit to leave without saying goodbye. You're not allowed to do it next time. "

Lin Yi turned around and smiled at her before raising his hand and slapping the bear-shaped Dark Demon beast, turning it into steam.

Zhuo Qingqing burst into tears of joy.

Even though she had the same thought in her last moments of accepting her fate, her rationality told her that it was not realistic.

Even someone as strong as Lin Yi would find it hard to break into the dark Demon beast's base camp, let alone stepping on the rainbow cloud to save her.

In the end, even though there were no rainbow clouds, Lin Yi's plain-looking appearance was like a clap of thunder in the silence-it was even more shocking and surprising!

A thousand words came to her mind at once, but in the end, Zhuo Qingqing only said one word.

"En!"

Lin Yi's sudden appearance on the internet caused a huge stir.

This scene was beyond everyone's expectations.

But very quickly, it turned into an earth-shattering cheer.

"Almighty Lin is mighty! Almighty Lin is awesome!"

Li Muiyang, who was on the outside, jumped in shock when he saw Lin Yi kill all the dark beasts in the cage with a light slap. He subconsciously hid behind a group of dark beasts that were already in position.

Lin Yi looked at him with a smile, "weren't you looking forward to my arrival?" I'm here now, but looking at you, you don't seem to be very welcome. "

Li MUYANG finally regained his senses.

At this moment, in front of the live broadcast, his performance did seem a little embarrassing.

After all, this was his home ground-if he couldn't even handle Lin Yi like this, then he'd rather just kneel down when he saw Lin Yi in the future!

"Welcome! How could I not welcome you? If I don't welcome someone like you who has come here to die, wouldn't I be too pretentious?"

Li MUYANG forced himself to sneer, "but I really don't know if I should call you stupid or arrogant." You even dare to come here alone, do you really not know how to spell the word "death"?"

As soon as he finished speaking, eight figures slowly walked out from all directions of the arena.

To be more precise, they were eight darkness magical beasts in human form.

Lin Yi looked around and said faintly, "twelve magical beasts messengers?" Not bad, including the four from before, we've gathered all of them. "

"So you're the one who killed our four brothers?"

Even though the twelve messengers of magical beasts in the lead had the appearance of a human, they still had a demonic and rat-like aura. It was obvious that they were transformed from a rat-type dark magical beast.

As for the rest of the twelve messengers of magical beasts, their appearances and auras faintly corresponded to the twelve zodiacs.

This was obviously not a pure coincidence.

Not surprisingly, they should have been deliberately cultivated by some kind of power, but the way they were cultivated was a little more brilliant than the cannon fodder of the dark Beast tide outside.

To put it bluntly, these were just hired thugs, and they were far from the core of the darkness magical beasts.

Of course, if they were really the core of the clan, they would not listen to Li MUYANG's orders so easily.

"You're asking too early," Lin Yi said faintly, "if I had to answer later, I'd say that I'm the one who wiped out the twelve messengers. "

"What an arrogant and foolish human!"

The leader of the rat messengers shrieked, and all the dark beasts gathered in the arena immediately pounced at Lin Yi from all directions.

This formation was even stronger than the dark Beast horde that had surrounded Jianghai Academy!

"It feels weird to be called stupid by a rat."

Lin Yi, on the other hand, smiled nonchalantly. He created two clones and charged into the group of Dark Demon beasts, clearing the area in an instant.

Not only Li Muyang, but even the twelve messengers were shocked by this scene.

Even from their point of view, the efficiency of clearing the area was a little terrifying!

The point was that Lin Yi's face was calm the entire time, as if this wasn't even a warm-up.

This was what truly shocked them.

"You do have some tricks up your sleeves. No wonder you dare to venture into the dragon's pool and Tiger's Den alone!"

The twelve messengers stared at Lin Yi coldly.

The dark beasts continued to attack Lin Yi, but they didn't seem to want to interfere at all.

In their eyes, these darkness magical beasts were the same as the cannon fodder of the darkness beast tide, they were just consumables.

They were using up their energy quickly, but as long as they could use up Lin Yi's energy, they wouldn't even bat an eye even if all the dark beasts were sacrificed.

After all, in the darkness magical beast camp, there was no lack of such low-level cannon fodder. As long as they needed it, they could produce it in batches at any time.

And this was also the fundamental reason why the scale of this Dark Beast tide far exceeded the past!

However, the group of 12 magical beasts quickly realized that something was wrong.

Under the cover of the chaotic battle of attrition, they suddenly realized that Lin Yi had opened up a crack in the void.

Once Lin Yi and Zhuo Qingqing escaped into the forest, it didn't matter how many cannon fodder they had.

No matter how powerful they were, they wouldn't be able to stop him.

This was because none of them had spatial abilities.

"What are you still doing? Hurry up and stop him!"

Li MUYANG shouted from behind.

He'd put everything on the line for this fight against Lin Yi-he'd never leave his house again if Lin Yi still got away unscathed.

After all, he had already done everything he could to achieve this.

If he was in Lin Yi's position, he'd definitely think of a way to get rid of him in the future. With the strength Lin Yi had shown, he'd have to stay in the city Lord's mansion forever or he'd be able to get a bento at any time.

In the end, just as Li Muyang cried out, he was sent flying 200 feet away by the rat envoy's slap.

"Know your place, you lowly human! Although we, the twelve envoys, have joined the city Lord's mansion in name and are under the jurisdiction of the city Lord's mansion, this is only because the city Lord's mansion is too weak, and we're only temporarily putting up a front for you. Don't really think that you can order us around!"

Chapter 9926

Rat envoy and the other 12 envoys looked at each other and snorted coldly, "Not to mention you, even your father doesn't have that right!"

"Yes, yes, yes. I was too anxious and offended the twelve envoys. Please calm down."

Li Muyang quickly got up and apologized.

Although he was high and mighty in front of other human cultivators, he was just like his father, Li Songzhang, when facing the darkness demon beast. He knew his place and stood out.

This was the Li father and son's philosophy of survival.

However, Li Muyang's gaze towards Lin Yi was filled with hatred. "This kid's strength is no small matter. It's very likely that he'll affect the divine clan's next great plan.

If my Lords can't keep him here today, if something goes wrong and the higher-ups investigate, I'm afraid it'll be difficult to explain ..."

The twelve messengers' expressions changed slightly.

They could treat the darkness magical beasts as cannon fodder, but in the eyes of the higher level existences, they were also just cannon fodder.

If they could not display their value as soon as possible, they might not end up any better than the cannon fodder in front of them.

"I don't need you to remind me of such nonsense."

The rat emissary cursed coldly and immediately ordered the other twelve emissaries, ""Let's start. "

The 12 messengers of magical beasts immediately joined forces to attack.

In an instant, a Holy and tremendous pressure descended from the sky, directly enveloping the entire arena.

The crack in the void that had already been torn open actually closed on its own under the impact of this huge pressure.

The entire arena seemed to have been sealed off by this pressure.

Lin Yi sensed a familiar scent-it was The Scent of the Gods.

"Beast God pressure? And it's such a high-level beast God's pressure, it seems that they really put in a lot of money to keep you here!"

Jiang xiaoshang chuckled in his mind.

Lin Yi frowned.

Previously, in the secret land of gods, the gods 'might could suppress everyone's strength to less than 30%.

The suppression effect of the beast God's pressure was even more overbearing than the gods 'pressure. The strength he could use now was not even ten percent of his peak strength!

The space was completely sealed, and he had less than ten percent of his strength left.

Such a situation would be a desperate situation for anyone.

Li MUYANG laughed as he looked at Lin Yi's face, "You finally regret it now? Unfortunately, it was too late!

Since you dared to come here, you should be prepared to die!

According to my original plan, I was going to let the darkness magical beast kill this B * tch in front of you, but now, I've changed my mind.

I can let you adulterers hug each other to death. I'm giving you face, right? remember to thank me. "

As he spoke, the other eight messengers had already entered the arena, ready to attack Lin Yi themselves.

As the beast God's believers, the beast God's pressure had no real effect on them.

In other words, Lin Yi was using 10% of his strength to face eight of the 12 messengers at their peak!

Among the eight 12 envoys, even the weakest one was comparable to a first-class top-notch combat power among human cultivators. As for the chief envoy, he had already vaguely touched the threshold of super top-notch combat power.

Lin Yi's reputation was huge with such a Grand lineup against him.

But even so, the eight messengers of the twelve magical beasts were still extremely cautious.

As they continued to let the cannon fodder beasts wear Lin Yi down, they kept roaming around the area, looking for the best time to strike and kill him in one strike.

Lin Yi couldn't help but smile strangely. "Are you treating me like your boss?"

Without a doubt, this was the treatment that only bosses had.

His previous performance had finally attracted the attention of this group of darkness magical beast experts. Otherwise, with their usual simple and crude style, they would definitely have crushed him and would not have been so cautious.

However, it was also because of this that Lin Yi's situation became even more dangerous.

The opponent didn't make a move, but once he made a move, it was a sure-kill.

"Towards true experts, even if they're enemies, we, the sacred clan, will always give them the greatest respect."

Rat envoy looked at Lin Yi with a glint in his eyes, "I've looked through your information, you are a decent talent. If you are willing to join our Saint clan, we can give you the same treatment as li songzhang. "

As soon as this was said, the whole internet was in an uproar.

Everyone stared at Lin Yi's expression, afraid that he'd say yes.

After all, Jianghai city was now the territory of the darkness creatures. In the foreseeable future, Jianghai Academy would most likely fall under the constant onslaught of the darkness creatures.

If they were in Lin Yi's position, many of them would be shaken by this background.

Everyone could see li songzhang's current status in Jianghai city.

Even though he had lost his title as the number one in Jianghai city, he had more control over Jianghai city than he had in the past. He could even kill the influential forces in the past.

Other than being subservient to the darkness demon beast, he was even the Emperor of Jianghai city.

It had to be said that the mouse envoy's offer was very tempting.

At this moment, li MUYANG was more nervous than anyone else.

He'd be in real danger if Lin Yi agreed.

Even if he was only at the same level as his father, Lin Yi's potential was there, after all. It was almost certain that he'd be able to climb above his father's head in the future.

With how these dark beasts treated human lives like dirt, Lin Yi wouldn't be able to cause a stir even if he killed him in public.

Luckily, Lin Yi wasn't as unreasonable as he thought.

"I'm sorry, I'm a tough person, I can't learn to bend my back. "

Lin Yi replied indifferently as he casually killed the cannon fodder beasts that pounced at him.

The twelve messengers' faces turned cold, ""You don't know how to appreciate my kindness!"

Li MUYANG heaved a sigh of relief and mocked, ""You're really an idiot! The Lords look up to you not because you're powerful, but because they pity you and give you a chance to survive!

You didn't immediately kneel down and kowtow with gratitude, and you actually dared to refuse. You really brought this upon yourself!"

"Is that so?"

Lin Yi glanced at him.

Li MUYANG, who had been extremely arrogant just a moment ago, was shocked. He was so frightened by his calm gaze that he lost his voice and did not dare to make another sound.

"Trash."

The mouse envoy cursed in disdain. If it wasn't for Li Songzhang's usefulness, it would have killed this noisy trash.

Lin Yi suddenly interjected, "Since so many of you don't dare to attack, then I'll take the initiative."

Chapter 9927

"Strike first? Just you?"

The twelve messengers could not help but sneer.

If it wasn't for the beast God pressure, Lin Yi's words would have some credibility, but now that he only had 10% of his strength left, what was he going to use to strike first? his mouth?

"Jiang xiaoshang, time to work."

Lin Yi's body was suddenly covered in a layer of black flames, and the Beast God pressure was instantly cleared.

The twelve messengers didn't even have time to react before they saw Lin Yi's figure flash under the black flames. The demonic devour sword was unsheathed, and he killed the weakest Messenger among them, the goat Messenger, in one strike.

The entire process happened too quickly.

By the time the other 12 messengers reacted, the goat Messenger had already been completely annihilated, not even a bit of residue was left.

"How is this possible?"

The twelve messengers' eyelids twitched.

The goat emissary was the weakest among them, but he was still a first-rate top-tier fighter. How could he be killed by Lin Yi, who only had ten percent of his strength?

Lin Yi, however, wasn't going to stop explaining to them. After the goat emissary was the horse emissary.

Caught off guard, the horse envoy was still no match for him.

With just one sword, the horse envoy was dismembered along with his primordial spirit and body, dying a clean death.

"Something's wrong! How come the beast God pressure has no effect on you?"

The mouse envoy was the first to react. The rest of the 12 envoys were shocked.

All of their plans to kill Lin Yi were built on the suppression of the beast God's aura. Once they faced Lin Yi at his peak, even they would have to pay a heavy price and might not be able to stop him!

Don't forget, Lin Yi had mastered the power of space.

Once the beast God pressure lost its effect on him, it meant that Lin Yi could open a crack in space and leave at any time. They had no way to stop him.

"Maybe the old man likes me more," Lin Yi smiled.

"What a load of nonsense!"

The 12 magical beast messengers' faces turned ashen.

The beast God was their clan's Worshipful God. As the name implied, it would only protect the beasts. How could it turn around and protect the human cultivators who were their natural enemies?

The beast God wasn't Li Songzhang, so he wouldn't go so far as to defect to the enemy.

But the fact was right in front of him-Lin Yi was going all out.

In the blink of an eye, he had killed two of the 12 messengers who were ranked at the bottom.

In this way, the remaining four 12 messengers, led by the rat Messenger, were even more confused about his depth. Their original plan of besieging and killing had been completely disrupted, and they could only fight on their own.

However, as the boss of the twelve messengers of magical beasts, the rat Messenger still had some knowledge.

Lin Yi's aura rose with every kill, and he finally realized that something was wrong.

"The mark of the killing God! You're the killer God's inheritor!"

Rat envoy immediately regretted it, if he knew this would happen, he would have attacked with all his might.

This way, even if he had to pay a higher price, Lin Yi wouldn't be able to stack so many killer God's marks for no reason and increase his strength to three times his original strength!

Being overly cautious had instead become a curse to their own deaths.

"Isn't it a little too late to react now?"

Lin Yi said with a smile.

In fact, even he didn't think that things would go so smoothly. Before this, he was already prepared to stack the killer God's mark by relying on mutual destruction.

As long as he could stack the killer God's imprint, the twelve magical beast envoys wouldn't be able to stop him unless they alerted a higher level existence.

However, he did not expect that the twelve messengers would take the initiative to give him the best opportunity to stack the mark of the God of killing.

He could be called the best assist in the game.

Now that the snowball had started rolling, if the other party wanted to stop him, the price they had to pay would not be small.

"Is it too late? I don't think so. "

Although there were only four of the 12 messengers of magical beasts left, the rat Messenger did not feel the slightest bit of heartache.

They called each other brothers in name, but they knew that they were just high-level cannon fodders who could be replaced at any time. Eight of them had died, but eight more would be replaced soon.

Besides, the remaining four messengers were far stronger than the last eight messengers. Lin Yi couldn't defeat them one by one easily now that they were attacking with all their might.

However, it still couldn't stop the general trend.

They only managed to hold on for a short while against Lin Yi's successful snowball. The situation collapsed the moment Lin Yi activated his tyrant Buddha form.

The rabbit envoy, Tiger envoy, and bull envoy fell at the feet of the tyrant Buddha one after another.

Other than the darkness magical beasts that were cannon fodder, there was only the lone rat envoy left.

With the addition of three layers of killer God's mark, Lin Yi's strength had increased by nearly two times, and his aura was almost five times stronger than his peak!

Even if they were just standing there without moving, just the terrifying aura they exuded was enough to scare the darkness magical beasts away.

He was like a god of death who had descended to the human world.

Li Muiyang, who was on the outside, was so shocked that his eyes twitched. He would never have thought that this was a foolproof plan. How did it end up in this situation?

Even if you're cheating, there should be a limit!

"Let's return to the city Lord's mansion first!"

Li Muiyang did not dare to stay any longer.

Although the mouse envoy was not dead yet, and according to his father, Li Songzhang, there should still be a powerful trump card that had not been used, what if he also pulled the other side?

Instead of pinning his hopes on the rat envoy, he might as well escape back to the city Lord's mansion and hide.

At least his father was there, and it was said that there would be even higher level dark beasts coming. No matter how bold Lin Yi was, he wouldn't dare to attack the mansion.

Sensing Li Muiyang's movements, the rat envoy's expression became even more disdainful, "Fleeing in the face of battle, what's the use of keeping such trash? I'll kill you when I get back!"

"If you put it that way, we'll have a common topic to talk about," Lin Yi smiled faintly.

"I'll give you one last chance," rat Messenger looked at him coldly. "Join our holy race and you'll get everything you want."

"Everything I want?"

"Including annihilating your so-called Saint clan?" Lin Yi couldn't help but smile.

"Alright, since you're so insistent on seeking death, I'll fulfill your wish."

As he spoke, the rat envoy's body suddenly returned to the characteristics of a Dark Demon beast, and he quickly turned into a half-orc with a rat face and a human body.

"Do you know why we are called the twelve messengers? As long as one of us dies, its power will gather on the remaining 12 messengers. "

As rat envoy spoke, his aura rose sharply.

Chapter 9928

"Don't think that only your mark of the God of killing can snowball. The 12 of us can do the same. Let me tell you some cold knowledge. The fewer the 12 of us, the stronger we are individually!"

After it finished speaking, its aura had already broken through the final critical point of top-notch combat power, forcefully entering the level of super top-notch combat power.

"Interesting," Lin Yi's eyelids twitched.

Even with a pile of killer God's marks, he was still a step away from super top combat power.

There was always a qualitative difference between super-top-level combat power and top-level combat power.

When the other party's aura finally stabilized, an invisible and gorgeous crown appeared on the rat envoy's head.

The rat Emperor.

The crown was on a rat's head, and it looked funny, but Lin Yi couldn't smile at all.

His intuition told him that the other party was now a true super top-notch combat power.

Perhaps there was still a gap in the raw power of this new rat Emperor compared to the veteran super-top-notch combat forces like Tian Xiangyang and Banshi Luo, but at least they were on the same level.

"To be honest, I actually quite admire you. I was even prepared to recommend you to the reincarnation pool and become a member of our holy race. Unfortunately, you don't know how to appreciate my kindness."

The Rat King looked at Lin Yi, "You humans may seem smart at first glance, but some of you are just petty. You don't know what real survival wisdom is!"

It was short, and even had to raise its head to meet Lin Yi's eyes, but it didn't need to put on an air of superiority.

With its current strength, the correct attitude it should have towards Lin Yi was to look down on him.

"According to what you said, only kneeling down is called survival wisdom, right? Are you trying to make me laugh?"

Lin Yi replied indifferently, not making any moves.

The Rat King sneered and was about to mock him again when a terrifying aura suddenly appeared behind him.

Lin Yi was right in front of it, but the other Lin Yi covered in black flames had already attacked it from behind.

God Killer backstab!

Layers of spatial ripples spread out, and wherever the demonic devouring sword passed by, spatial fragments would appear. This was a sign that its power had reached its peak.

It wasn't an overstatement to say that this Asura backstab was Lin Yi's peak attack. It was enough to kill any top-tier combat power in seconds, including Emperor Xu Anshan!

Most importantly, he had already predicted all of the other party's subsequent reactions through the laws of time, so there was no possibility of him missing.

The other party could only take it head-on.

That was the truth.

The Rat King didn't Dodge at all. If he could Dodge an attack like this, he'd be underestimating Lin Yi.

However, just as the demonic blade was about to land, a rat's tail appeared behind Lin Yi. It was like a high-speed electric drill, hitting Lin Yi's back first.

The tyrant Buddha's Black bone armor shattered instantly, and the tail pierced through Lin Yi's chest!

The scene stopped abruptly.

"Now, do you finally understand the difference in quality?"

The Rat King looked back at Lin Yi mockingly, but it was still scared.

If it hadn't gathered the power of all the twelve messengers at this moment, it was afraid that it wouldn't have been able to hold on with its own strength. At that time, it would have been the one to die.

However, there were no 'ifs' in this world.

When Zhuo Qingqing, who had regained her freedom, saw this scene, she could not help but widen her eyes. Her eyes were full of fear.

She believed that with Lin Yi's strength, he wouldn't die so easily, but the strength that the Rat King displayed at this moment made her despair.

At least from her perspective as a bystander, Lin Yi's full-powered strike didn't even cause a ripple in the opponent's body. He was killed easily.

More importantly, the black bone armor had shattered.

This meant that Lin Yi's tyrannical Buddha form was completely broken. One had to know that this was one of Lin Yi's most important trump cards.

Without the form of the tyrant Buddha, his overall strength would be reduced by at least 30%. It would be even more impossible for him to be a match for the other party!

"You don't even have a turtle shell now, so you should be able to see the difference between you and me, right? Seeing that you're an expert, I'll let you leave a last word, just one "Oh.""

As the mouse spoke, its tail didn't stop. In the blink of an eye, it had pierced Lin Yi's body with thousands of holes.

Even with the five elements reversal, Lin Yi's entire body was showing signs of collapse.

In the face of this level of destructive power, no matter how strong the self-healing ability was, it was useless.

But even so, Lin Yi's face was surprisingly calm.

"Although I have a lot of things that I can't let go of, it's not time to leave my last words yet. After all, with your strength, it's still a bit difficult to kill me."

"Do you think it's hard for me to kill you? You're boasting shamelessly!"

The Rat King was finally enraged.

Not only did the rat's tail attack become more ferocious, but its hands also turned into beast claws, and together with the rat's tail, it launched a pincer attack from the front.

All of a sudden, the scene was extremely bloody.

Lin Yi's body was being torn apart bit by bit under this terrifying attack. This wasn't just dismembering him, it was poking him into meat paste.

At this point, the reversal of fate had completely lost its effectiveness.

However, Lin Yi didn't die. Just as he was about to fall apart, he suddenly turned back time and returned to normal.

The power of the time rule force was once again displayed at this moment.

"So what if you have the time rule ability? There's a limit to how much time can be turned back. Once you turn back time too many times, the laws of time will become chaotic, and you'll die even more miserably!"

The Rat King laughed.

Although the level of rule force was high, it was not completely invincible, especially when the degree of control was still low, there were still various restrictions.

Once there was a situation of rule disorder, the rule bending ability user would suffer a backlash at the first moment. This backlash was unsolvable, and the only outcome was the destruction of both body and soul.

As long as he couldn't escape from it, no matter how many methods he had, he couldn't escape death.

As expected, the fifth time Lin Yi used time backtrack, the time law showed a trace of abnormality.

Although he managed to backtrack successfully in the end, his intuition told him that he could not use it a sixth time.

Once he used it again, he would die without a doubt.

"You've reached your limit, right? Hehe, as a human cultivator, it's already very rare for you to be able to withstand my rat Emperor form for so long. I can give you a word of advice, even if you die, it'll still be an honorable death!"

The Rat King sneered as it made its final declaration.

Chapter 9929 Power

"What a good 'dying in glory'. I really should thank you."

Lin Yi's face remained calm.

The Rat King sneered and said, "you're still pretending? in your human language, this is what you call acting tough?" But don't you think you're in the wrong place by pretending in front of me? Come, I'll send you on your way. "

In the next second, both its claws and tail were aimed at Lin Yi's heart.

A sure kill!

This time, Lin Yi didn't turn back time.

Strangely, the Rat King realized that its claws and tail could not penetrate its defense.

One had to know that Lin Yi's tyrant Buddha form had already shattered, and he had no physical protection at all. He could only rely on his body to take the hit.

Even if his body had broken through the shackles of growth five times, it was impossible for him to withstand a full-force attack from a super top-notch combat power. The most reasonable outcome would be his heart exploding at any moment.

However, he didn't.

The Rat King's attack was blocked by Lin Yi's skin just like that. No matter how hard it tried, it couldn't go any deeper.

"You've already used your full strength. I haven't even used my full strength yet. "

Lin Yi smiled and made a basic fist position without any fancy moves, throwing a palm at the Rat King.

"You still want to fight ..."

The Rat King was halfway through his sentence when he saw the scene behind Lin Yi and froze.

A hundred thousand feet tall Buddha shadow had appeared behind Lin Yi. It stood between the sky and the earth, looking down at the world with a divine pressure.

Following Lin Yi's palm, the Buddha followed with a palm strike, aiming at the rat Emperor.

Escape!

The Rat King couldn't care less about its superior combat power anymore. It ran for its life with its survival instinct, and it was dozens of miles away from Lin Yi in the blink of an eye.

Lin Yi, on the other hand, didn't seem to have any intention of giving chase. He continued to finish the palm strike unhurriedly.

In the eyes of others, his extremely slow palm strike was only hitting air.

However, in the eyes of the rat Emperor, who was running for his life, the overwhelming palm force was still chasing after it. Not only did it fail to shake it off, but it was also getting closer and closer.

In the end, the palm of the huge Buddha fell and suppressed it on the spot.

The rat monarch did not even have the chance to struggle before it was crushed into meat paste. Even its Yuan Shen was killed on the spot.

Not even dregs were left.

As for the group of cannon fodder darkness magical beasts, they were all scared out of their wits by the remaining power of this palm, and countless darkness magical beasts exploded on the spot.

Lin Yi's simple palm had wiped out almost 30% of the darkness demonic beasts in Jianghai city!

If this matter were to spread, it would definitely shock everyone.

"What palm technique is that?"

Zhuo Qingqing, who came out of the void crack in space, was completely stunned by the scene.

"Palm of great mercy," Lin Yi said after some thought.

"....."

Zhuo Qingqing choked for a long time before finally squeezing out a sentence, ""Do you have any misunderstanding of the word" mercy "?"

What F * cking great mercy! This is clearly a full-screen, instant-kill physical ferrying!

She wasn't the only one shocked-even Lin Yi himself didn't expect such an exaggerated power.

This palm was the result of his closed-door cultivation two days ago. It was a new development of the gigantification rule.

The effect of combining ten percent of its two-digit control with the Titan Buddha could actually be so terrifying. It was not an exaggeration to say that it was a human-shaped nuclear bomb.

If he didn't have a trump card like this, he wouldn't have taken this risk alone.

Even so, Jianghai city was still a dangerous place for him. Although he didn't have a clear sense of danger, his intuition told him that there was someone more terrifying than the rat Emperor watching him.

He had to leave this place as soon as possible.

But before that, he still had one thing to do.

"What the hell was that? Could it be that rat's trump card? that's quite a scary move, I hope it can kill that Lin Yi kid with one hit!"

Li Muiyang prayed hopefully as he fled.

Suddenly, Lin Yi appeared in front of him with Zhuo Qingqing, ""I'm sorry to disappoint you,"

Li Muiyang turned pale with fright and looked around hurriedly. "Where's the mouse envoy? Where's the rat?"

His only hope now was the rat envoy.

Lin Yi looked at him indifferently, "you won't be able to find it like this. You might be able to catch up with it later. I just don't know if people walk the same path as the beast after they die."

"....."

This time, no matter how slow Li Muiyang's reaction was, he finally reacted, ""You killed the mouse envoy? How is this possible?"

Lin Yi smiled, "one of the signs of maturity is to learn to accept the impossible. Remember this. It might be useful in the netherworld."

"Impossible! You don't dare to kill me!"

Li MUYANG's face paled as he looked at the killing intent in Lin Yi's eyes, "My father has already entered the reincarnation pool! He would soon reach the Supreme realm! If you dare kill me, you won't be able to escape death even if you hide in Jianghai Academy forever!"

"Reincarnation pool? Supreme realm?"

Lin Yi raised a brow.

The rat Emperor had mentioned the reincarnation pool when he was recruiting him. It sounded like a place that could turn humans into dark beasts, but what did that have to do with the Supreme realm?

Li Songzhang was a top-tier fighter. He knew this from the start. Otherwise, the governor's office would not have the confidence to go against Jianghai Academy.

However, as far as he knew, whether it was Tian Xiangyang or Banshi Luo, Li Songzhang was still a little weaker. At best, he was only a little stronger than the Rat King.

In theory, he was still some distance away from the true endpoint of the Titan realm. How could he advance to the Supreme realm?

Li Muiyang saw Lin Yi's hesitation, and quickly struck while the iron was hot. "There's actually no enmity between us. As long as you let me go this time, I promise I won't find trouble with you in the future. We'll mind our own business from now on. How about it?"

His real thoughts, on the other hand, were that he'd kill Lin Yi at all costs once his dad Li Songzhang came out of his practising. After all, leaving an enemy like this alone was too much for him to handle.

"Do you believe that we should mind our own business?"

Lin Yi turned to Qingqing.

Zhuo Qingqing blinked mischievously. "I don't think any child above the age of three would believe it." She said.

Bitch!

Li Muiyang cursed in his heart, but he did not dare to show it on his face. He quickly said, "I'm serious! I swear to the heavens!

I'm sorry for what happened before. I'm here to apologize to you!

I promise that I'll release your father and all the Zhuo family members. No, no, no, I'll get someone to release them now!"

He took out his phone, but the moment the call connected, he heard his underling's panicked report that all the Zhuo family members, including Zhuo Feifan, had been rescued.

Chapter 9930 The End

“.....”

Li MUYANG was dumbstruck.

"Your chips seem to be gone, then there's no other way. You have to pay back what you've done. Rest in peace, young master Li."

Lin Yi raised his hand and slapped.

"You don't dare to kill me!" Li MUYANG shouted in fear. You don't dare to kill ..."

Before he could finish his sentence, he had already been slapped to the ground. All the life force in his body was rapidly drained away, including his primordial spirit.

The young master of Jianghai city, who once had a glorious time, had now become a corpse lying helplessly on the streets.

"Thank you!"

Zhuo Qingqing blushed as she hugged Lin Yi.

She knew that from Lin Yi's point of view, killing li MUYANG wasn't a good idea.

After all, with li MUYANG's death, li songzhang would definitely see Lin Yi as a thorn in his flesh. Under his will, Lin Yi could very well become the number one target of the entire Jianghai city.

The gun hits the bird that takes the lead, and being the most eye-catching bird that takes the lead in such a critical period was definitely not a good thing for anyone.

But Lin Yi still did it.

Even if there were other considerations, one of the most important factors must be to avenge her.

Zhuo Qingqing couldn't help but be worried and happy at the same time. Life was like this, what more could she ask for?

He lowered his head and looked at Zhuo Qingqing's beautiful side profile. Lin Yi couldn't help but think of that night. He couldn't help but want to ask what happened, but the time wasn't right.

"The intelligence Department acted at the same time as me. They should have already moved your father and the Zhuo family away. Let's go back first."

"Alright," he said.

"Yes," Zhuo Qingqing replied softly like a virtuous wife.

Lin Yi opened the crack with one hand and walked in with Zhuo Qingqing.

Almost at the same time as the crack in the void closed, an unprecedented powerful fluctuation appeared out of thin air, and a middle-aged man in a divine robe appeared.

On the divine robe, there was a strange and powerful pattern of a hundred beasts.

If Lin Yi was here, he would've realized that this hundred beast totem was the same as the one on the Walker of the beast God he killed in the secret realm.

"To be able to kill the rat Emperor so easily, this person is quite strong. It seems like I won't be bored anymore."

The man in the divine robe glanced at Li Muiyang's corpse on the ground, and with a snap of his fingers, the corpse disappeared into thin air.

The next second, the corpse appeared in front of Li Songzhang, who was in seclusion.

Li Songzhang was in the reincarnation pool at the moment and was experiencing the unforgettable reconstruction of his race.

Once the reconstruction was successful, he would no longer be a human, but a member of the darkness magical beasts!

He could not move during the entire process, he could not even open his eyes. However, he could still clearly sense Li Muiyang's corpse, and two streams of blood tears flowed down his face.

However, he still did not come out of seclusion.

At the same time, the man's eyelids twitched as an Oracle from the beast God suddenly appeared in his mind.

The man in the divine robe immediately knelt down respectfully.

After a while, when the Oracle disappeared, he slowly got up again, a playful expression on his face.

"There are two more beast God's advisors on their way here. For three beast God's advisors to gather in a small city like Jianghai city, it seems like there are many hidden dragons and crouching tigers."

However, he still had some doubts on his face. "Is it really just for that Lin Yi? Even if I killed a rat Emperor, it wouldn't be that big of a deal, right?"

Top-tier fighters like Lin Yi, including the Rat King, were all high and mighty in the eyes of the Jianghai city's practitioners.

However, in the eyes of The Walking gods, there were only four words to describe it.

It was nothing more than this.

According to the normal development, it was more than enough for him, the beast God's follower, to clean up the mess. After all, there were a large number of darkness magical beasts for him to command, not to mention Li Songzhang, whose strength was about to be reborn.

But now, three beast God advisors were sent here, and they were even oracles sent by the beast God Himself. It was truly an incredible scene.

"Could it be that this Lin Yi has a secret that's enough to alert the beast God?"

The man in the divine robe speculated that he was the advisor of the beast God, so in theory, he should have given everything he had to the beast God.

No matter what kind of Oracle the beast God passed down, he had to obey it unconditionally and not make any speculations. Just as the human dynasty could not figure out the emperor's holy will, the world Wayfarer of gods could never figure out the will of the gods.

A qualified walking God could only have the will of the gods, not his own will.

That was because they were the spokesmen of the gods in the human world.

However, the man in the divine robe clearly did not have such self-awareness. The beast God's follower was only his profession, and the Beast God was at most equivalent to a gang leader to him.

If there were benefits, of course he would listen to his boss.

However, if there were no benefits, or if there were even greater benefits behind this, then he would have to think carefully for himself.

Jianghai Academy.

After Lin Yi brought Zhuo Qingqing and the Zhuo family back safely, the whole school was in an uproar again.

Although this was Lin Yi's personal matter, and other than him and the intelligence department's field team, no one else, including Yan Zhongyuan and his men, was involved in this operation, there was no doubt that this was a huge setback for the dark Demon beasts.

In comparison, the kidnapping of the bride last time was only a small matter. This time, it was the real deal.

Not only did he kill Li Muyang, but he also annihilated the twelve demonic beasts and nearly 30% of the darkness demonic beasts in Jianghai city!

Such a glorious battle result was enough to match the entire Academy. Once the news spread, the morale was naturally greatly boosted.

Not to mention Lin Yi's original die-hard fans, even those who were biased against him couldn't help but look at him in a new light.

It had to be said that it was hard to go against a pervert like Lin Yi, but once they were on the same side, the occasional surprise was addictive.

More and more people began to realize one thing.

Being Lin Yi's ally was far better than being his enemy.

Because of this, Lin Yi group's not-so-official celebration party was attended by all the top figures, even the Emperor, Xu Anshan, sent someone to greet them.

This scene truly shocked the Tian family's first elder, Tian Yunkai.

At this rate, one day, Lin Yi's influence in Jianghai college would surpass the Tian family. At that time, it wouldn't be a difficult thing to replace him!

However, when he worriedly reminded Tian Xiangyang, he was met with a noncommittal smile from the old master of the Tian family.

"There's nothing bad about the future generations being formidable, right?"

After greeting everyone, Lin Yi returned to the main table and sat down with Zhuo Qingqing and her father, Zhuo Feifan.

This time, it was not only a celebration banquet, but also a welcoming banquet to welcome the Zhuo family into the Academy.
