Chapter 9931 The End

As a first class family in Jianghai city, the Zhuo family might not be as strong as the talisman Wang family, but they were unique in many ways. They even had a way to connect to the outer region.

If not for this, Zhuo Feifan would not have hinted to Zhuo Qingqing to escape to the outer realms.

However, no one would share the core resources that the family relied on so easily. They could only slowly plan for it.

Zhuo Feifan took the initiative to clink his glass with Lin Yi's and hinted, ""This time, I have to thank you for saving Qingqing and our Zhuo family. Don't worry, you gave us a way out. I will definitely return you a way out."

Lin Yi smiled. "You're too kind, head of the Zhuo family. I'm good friends with Qingqing. I'll help her."

Zhuo Feifan looked at his daughter and sighed. ""Qingqing is a child with a hard life. From the time she was born until now, our entire family owes her too much. However, it is her fortune to be able to meet you. I hope you can treat her well in the future."

"Father, what nonsense are you saying?"

The meaning of his words was too obvious, and Zhuo Qingqing's face turned red.

Looking at her embarrassed and happy expression, how could Zhuo Feifan, as someone who had experienced it, not see the girl's heart?

As he sighed to himself that girls couldn't be kept at home when they were grown up, he couldn't help but feel comforted as he laughed and clinked a few glasses with Lin Yi.

Lin Yi, on the other hand, was embarrassed. After all, Tang Yin was sitting right next to him.

Even though he didn't know what had happened that night, he felt an inexplicable sense of guilt, as if he had been caught cheating.

Fortunately, Tang Yun was talking to Dongfang Yan and the others, so she didn't seem to notice them.

Lin Yi let out a breath of relief.

Naturally, Zhuo Feifan sensed the subtle change, but he didn't care. How could a super character like Lin Yi only have one or two women by his side?

As long as he didn't mistreat his daughter, he wouldn't take this matter to heart.

"I'm going to say hi to my old friends. "

Zhuo Feifan picked up his wine glass and smiled as he stood up to leave. Soon, he had become one with the heads of the Academy.

If house Zhuo wanted to establish a foothold in Jianghai college, the main thing was to hug onto Lin Yi's leg, but they also had to make contact with other parties. Only by forming a deeper binding of interests could house Zhuo have a chance to settle down here.

Lin Yi looked left and right before suddenly asking Zhuo Qingqing, "Did we do that that night?"

"Pfft!"

Zhuo Qingqing spat out a mouthful of wine on the spot.

Lin Yi blinked, "you choked?" Drink slowly. "

"....."

Zhuo Qingqing's face and ears turned red. She quickly stood up and left the table. "I think I'm a little drunk. I'm going back to rest."

He looked at Zhuo Qingqing's sorry figure and turned around to see everyone looking at him strangely. Lin Yi shrugged innocently. "I didn't say anything wrong, right?"

"No, you're right!"

Tang Yun pinched his waist.

Although she pretended not to care from the beginning to the end, she had actually been paying attention to this side. At first, she felt a little jealous, but now, all that was left was to stand on the same side as Zhuo Qingqing.

It could only be said that they had a hard life to have such a straight man.

At this time, Dongfang Yan sat over with a wine pot and put his arm around Lin Yi's shoulder. He patted his chest and said, "What do you want to know? I'll give you some advice!"

Lin Yi looked at her and shook his head.

This woman was more manly than a man. It was definitely not reliable to ask her about this kind of thing, so it was better to ask Qiu sanniang.

However, Dongfang Yan's words were shocking, "don't you just want to know if Zhuo Qingqing has lost her virginity to you?" What's there to hide?"

"Pfft!"

Lin Yi spat.

In terms of toughness, this woman was the tougher one. Even a man like him couldn't handle her, let alone Tang Yin and the other girls.

For a moment, everyone's faces turned red.

"Do you guys have to have such a big reaction?"

Dongfang Yan looked at the crowd strangely and glanced at Lin Yi, ""Are you not good in that area? Zhuo Qingqing is still a Virgin, what are you doing?"

"You're the one who can't ..."

Lin Yi said weakly.

Unfortunately, even he himself felt that he had no confidence in this rebuttal. However, he was relieved in his heart.

Even though he felt a little regretful as a man, Zhuo Qingqing was a rare beauty. However, after going through so many twists and turns with his female confidants, he really did not dare to get into any more love affairs.

Of course, it was one thing not to take the initiative to provoke them, but if they really did encounter them, there was no reason to push them away.

No matter how straight he was, he could still feel Zhuo Qingqing's current attitude towards him. Luckily, he did not do anything to her. It was a good thing.

"If nothing happened between us, then why is she running?" Lin Yi asked.

"....."

Tang Yun and the others looked at him like he was an idiot.

Dongfang Yan was overjoyed. "Although she didn't lose her virginity, she slept with you for a night. She even took off her clothes and had skin-to-skin contact with you. Of course, a girl would be shy!"

"That's reasonable. "

Lin Yi was convinced on the spot, but he asked again, "How do you know so much?"

Dongfang Yan held the wine pot and said faintly, "I was bored that night, so I peeked at them."

Lin Yi and the others were all speechless.

In the future, if he wanted to do anything embarrassing, he really had to stay away from this woman. Otherwise, he wouldn't know when it would be broadcasted live. That would be a big joke.

With the misunderstanding cleared up, Lin Yi felt refreshed.

He didn't know if it was just his imagination, but the way Tang Yun and the others looked at him seemed to have become a lot friendlier.

Lin Yi couldn't help but wonder-Tang Yin was fine, but what were Qiu sanniang and the others doing?

After the banquet, everyone's life quickly returned to its usual pace.

Other than training, he would be on the battlefield on time and under the watch of Banshi Luo.

As everyone's strength steadily increased, it became more and more easy to deal with the dark Beast tide.

Although there would inevitably be casualties in the process, in general, the casualties were always within a controllable range.

If the dark Beast horde could only maintain its current strength, then with Jianghai Academy's resources, it would not be an impossible feat to last until the end.

However, while the students below could be optimistic, Tian Xiangyang and the others, who knew the inside story, were still worried.

They knew very well that this was just an appetizer. It could barely be considered a warm-up.

When the true darkness magical beasts started to descend in large numbers, that would be the main event.

Chapter 9932

As a result, when everyone had just gotten used to it, the wartime Committee had passed the highest resolution and doubled the gap in the repeating Academy.

In this way, the difficulty of switching battlefields immediately increased by more than several times. The people from the Academy, who had finally managed to catch their breath, immediately felt a mountain of pressure.

As the number of casualties rose sharply, many voices of dissatisfaction from the War Council quickly came from the streets.

Under the instigation of some people, a conspiracy theory began to emerge: The wartime Committee was trying to use these unnecessary casualties to consolidate their absolute authority!

If everyone could remain calm and steady, the wartime Committee would gradually lose their legitimacy.

Only continuous casualties could cultivate fear in everyone's hearts, and then transform it into the actual power of the wartime Committee to decide life and death!

Those with discerning eyes naturally scoffed at this kind of groundless conspiracy theory.

However, there were also many people who fell for this.

This was not because they were fools, but because many of them were related to the situation.

After all, the wartime committee's approach was very likely to make them unnecessary sacrifices. It concerned their personal safety, so no one would care about the so-called big picture.

Everyone thought that the war time Committee would definitely take thunderous measures to deal with such a matter that would obviously disrupt the morale of the Army.

However, to their surprise, other than some necessary appeasing measures, the group of higher-ups led by Tian Xiangyang did not take any other extreme actions.

"He's trying to cast a long line to catch a big fish. "

Some people immediately figured out three things.

As a matter of fact, there were already many people on Wang shiqing's hacker team's list.

However, it was not triggered yet.

The wartime Committee unanimously decided to let the bullet fly a little longer.

While the Academy was in a state of turmoil, on the other side of the city Lord's mansion, li songzhang, who had been in seclusion for a long time, finally came out.

"Zhao Wuji, how are you doing your job? I'm letting you stay in the mansion, and you let Lin Yi come to my door. Not only did he kill the twelve messengers, but he also killed my son. How are you going to explain this to me?"

Li songzhang immediately went to find the man in the divine robe.

The God robed man called Zhao Wuji looked at him indifferently: "You've changed after going through the reincarnation pool. You were so submissive to me before, but now you dare to be so arrogant.

Li songzhang, do you think that you have the right to order me, the beast God, around just because you've become a half-step venerable?"

Half-step Supreme realm.

This was li songzhang's current realm.

Even Tian Xiangyang and Luo Banshi had not managed to reach this level. Now, he had caught up to them. He was confident that he was the unrivaled expert of Jianghai city.

And this was his greatest source of confidence!

"I'm also a member of the beast God Hall now," Li songzhang said coldly. "I must admit my mistakes and stand up straight when I'm beaten. As an elder of the beast God Hall, you don't need me to teach you this, do you?"

Zhao Wuji couldn't help but laugh, "how come I didn't know that the reincarnation pool would teach people to reason?" Li songzhang, I was ordered to guard the city Lord's mansion in Jianghai city, not to be your son's nanny. I've already done my part by collecting his corpse. "

Li songzhang's eyes flashed with killing intent.

The two of them looked at each other expressionlessly for a moment. Li songzhang finally snorted and took the lead to look away.

"Well, now that I'm back, you can go back to your position! From today on, I'll be in charge of all matters in the city Lord's mansion. As for you, you just need to do your part as a thug. "

"As you wish,"

Zhao Wuji unconcernedly chuckled, immediately turning around and leaving.

A strong Dragon could not suppress a snake in its own territory.

If it was the previous li songzhang, he would have just suppressed him. He was just a human puppet. It wouldn't be much trouble even if he killed him directly.

However, li songzhang was no longer the same as before.

After joining the beast God Hall through the reincarnation pool, his status was no less than his, the advisor of the beast God. His strength had even reached half a step into the venerable realm, which was half a level higher than his!

The situation was stronger than the person.

After Zhao Wuji left, li songzhang was silent for a moment, then suddenly ordered in a deep voice, "Gather all the middle-level and above personnel in the city Lord's mansion. I have an important order to issue!"

Very quickly, all the elites of the city Lord's mansion were gathered.

Li songzhang immediately issued a kill order, a kill order specifically for Lin Yi!

To a certain extent, this was the same as the official ranking of Lin Yi as their number one enemy, even higher than Tian Xiangyang and Banshi Luo!

From this moment on, the city Lord's mansion's huge machine of violence began to operate like crazy. As long as it was related to Lin Yi, they would gather and study it.

This kind of all-round attack was enough to put a mountain of pressure on anyone.

After all, even Lin Yi couldn't guarantee that he wouldn't give himself away.

Soon, the city Lord's mansion had a harvest.

Lu renwang.

As one of Lin Yi's foreshadowing, Lu renwang had left the school a long time ago, but he had never truly left the outer circle of the school.

Especially after Lin Yi set up the intelligence Department, it quickly became the core of the intelligence Department in Jianghai city.

He, the king of the Lu family, was definitely the reason why the intelligence network could be formed so quickly.

In fact, this position should have been Wei baizhan 's.

However, Wei baizhan had already made a name for himself in the eyes of all the forces by following Lin Yi in public. He was no longer suitable to be a low-key intelligence field personnel. Instead, he was more suitable to be ye Zhiwei's partner and form an intelligence assassination team.

It was no exaggeration to say that the current Lu renwang was the backbone of the repeating students 'Intelligence Department in Jianghai city.

When Lin Yi killed li Muiyang last time, he was the one who secretly rescued the Zhuo family.

With his ability and strength, there would normally be no mistakes. However, this time, under the extreme pressure of li songzhang, the city Lord's mansion suddenly burst out with unprecedented action, catching the intelligence Department off guard.

In order to cover for the main intelligence network's shift, he took the initiative to reveal his traces and act as bait. In the end, he was caught by a careless move.

In the end, the former rookie King of Gao Linyi's batch self-destructed without a word, leaving li songzhang with a broken body.

"Do you think this will solve all your problems? Idiot!"

Li songzhang sneered and immediately ordered his men to hang the corpse of King Lu on the gate tower of Jianghai city for a group of carrion vultures to feast on.

At the same time, he turned on the live stream and shouted at Lin Yi.

"Lin Yi, this is your right-hand man, and the first debt I've collected from you! There's no hurry, we'll take it slow. But if you want to collect his body, you'll have to be quick. After all, the meat on his body is not enough for a meal of vultures like me. "

As expected of a father and son, even the tricks they used were exactly the same.

Chapter 9933 The End

The repeaters all looked at Lin Yi.

"You sneaked out last time," tyrant said."It's not nice of you to keep everything to yourself this time."

Wang sanjue nodded."Old Lin, you're a Big Shot now. You have to fight everything on your own. People will laugh at you for no reason. If they don't know, they'll think that we're all afraid of death. It's not fun to be like this!"

The rest of the top-tier combat forces also expressed their opinions.

Although they knew that li songzhang's attack this time was more dangerous than the last time, they were not to be trifled with.

Speaking of which, if he couldn't even deal with a puppet leader like li songzhang, then what was the point of fighting a protracted war? he might as well kneel down and be a dog.

As for whether or not Lin Yi would take the risk to collect Lu renwang's body, no one had any doubts.

Even though the outside world knew that Lu renwang was never one of Lin Yi's core forces, anyone who knew a little bit of the inside story would know that Lu renwang's position in Lin Yi's Army was definitely not below Yan Zhongyuan's group.

Lin Yi was determined to keep this corpse.

Lin Yi looked at everyone,"calm down. Li songzhang isn't someone to be trifled with. If we rush up like this, we won't even be able to add food to his plate."

The news of li songzhang's advancement to the half-step Supreme realm was already on the table of the wartime Committee.

Lin Yi knew better than anyone else what a half-Supreme realm was. It was no small matter.

Even if all of them worked together, there was a high chance that they wouldn't be li songzhang's match.

Unless the Academy sent out all of its top combat forces, including Tian Xiangyang and Luo Banshi, they might still have a chance of winning.

But if it really developed to that stage, how could the high-level darkness magical beasts that had already descended ignore it?

At that time, if they were not careful, they might be completely annihilated.

"Even if li songzhang went into closed-door cultivation, it shouldn't be this exaggerated, right?"

"It's just that exaggerated. "

Lin Yi sighed.

Although the situation this time was the same as before, it was at least a hundred times more dangerous than the last time.

With a heaven-defying trump card like the palm of great mercy and great compassion, he looked dangerous when he barged into the enemy's formation last time, but he was actually as safe as an old dog.

However, this time, someone would really die.

"But we can't just leave them be, can we?" tyrant frowned.

At this moment, Banshi Luo's voice suddenly sounded, ""Lu renwang is the hero of the Academy. Of course, we can't just leave him be. Since Li Songzhang has made his move, we have to accept it. Otherwise, it will be a heavy blow to the morale of the entire Academy."

"The half-master is going to do it himself?" Lin Yi's eyes twitched.

Banshi Luo smiled. "It's been a long time since I've fought with someone. It's a good time to get some exercise."

Everyone couldn't help but turn pale.

As the only two Supreme combat powers in Jianghai Academy, Tian Xiangyang and Luo Banshi were the Academy's stabilizing force. If anything were to happen to either of them, the entire Academy would be overturned.

As such, everyone knew that the two of them wouldn't make a move unless it was truly a critical moment.

But this time, he made an exception for a human King Lu, and it wasn't even a living person, just a corpse. It was enough to show how big of a deal Lin Yi was.

Seeing Lin Yi fall into silence, Banshi Luo explained with a smile, "It's not just about you. I'm also very interested in it. I can use this opportunity to test out my half-step Supreme realm cultivation."

"Half-step Supreme realm. Even I'm curious now."

Lin Yi said with a smile.

Strictly speaking, the so-called half-step Supreme realm was still in the realm of a giant. It was just that in name, it was further than Luo Banshi's Super Combat power.

Lin Yi's realm was still a bit lower, but with a perfect realm like this, it wasn't like he couldn't fight back.

At this moment, Tian Xiangyang suddenly appeared in the crowd, ""If that's the case, then we'll have to plan it properly."

The crowd was in an uproar.

This time, even Tian Xiangyang had joined in. His face could really be said to be as big as the sky.

To say something unkind, even for this treatment, King Lu could be considered to have died a worthy death.

Jianghai city, below the city gate.

Mu Shen, the Heavenly King, looked at the corpse of King Lu hanging above. More than half of it had been eaten by the vultures. He could not help but frown.

"You're so sure that Lin Yi will come to collect the body?"

Li songzhang asked someone to set up a table and poured himself a cup of wine, ""He'll definitely come. If he doesn't even dare to come, then I can only say that I've overestimated him. This kind of trash is nothing to fear."

"It's clearly a trap, but Lin Yi doesn't look like a stupid person," mu Shen said nonchalantly.

"So, you still don't know him well enough. Naturally, you're no match for him."

Li songzhang glanced at him. "I can fight for a chance for you to enter the reincarnation pool. Once you are reincarnated successfully, even if you're not a half-step Supreme realm, you can at least enter the ranks of the top combat powers. Are you sure you don't want to try?"

"There's no need," mu Shen declined. "As a human, I can take that step too. I'm confident in that."

"Then do as you wish."

Li songzhang's eyes couldn't help but have a hint of ridicule.

Once upon a time, he was also this proud and confident. Only after experiencing inhuman ridicule and suffering did he gradually begin to realize that people had to learn to accept their fate.

Humans can not fight against the heavens. Only

Only those who knew how to follow the flow were the true powerhouses, and only then could they truly achieve something!

It was obvious that mu Shen had not realized this.

However, he was happy to see this happen. Now that he had an absolute advantage in strength, this Heavenly King would become a capable fighter under his command. If the other party's strength and realm really caught up, he would probably have to be on guard again.

At this moment, the vultures were still pecking at the badly damaged body of the Lu family's King.

Lin Yi still didn't show up, even when all that was left of him was a bloody skeleton.

Heavenly King Mu Shen looked at him with doubt, and Li songzhang's face suddenly became a little embarrassed, ""Could it be that I've misjudged him? You don't even dare to come and die, you're just a piece of trash!"

Just as he was sneering, his phone suddenly rang, followed by a cry for help.

Hanging up the phone, li songzhang's face was livid.

Lin Yi had led his men to attack the city Lord's mansion!

The city Lord's mansion had suffered heavy casualties, especially the direct forces that he valued the most. Almost half of them had been killed or injured. This was clearly a bloody revenge against him!

"Just what is Zhao Wuji doing?"

Li songzhang was furious on the spot. The reason why he dared to stay here was because Zhao Wuji was still in the city Lord's mansion.

Chapter 9934 The End

As a veteran beast God's Wayfarer, although Zhao Wuji's strength had not reached the half-step Supreme realm, that was still a genuine super top combat power.

Together with the other experts from the city Lord's mansion, they might not be able to win in an attack, but their defense was absolutely foolproof.

Even if Lin Yi led his men to launch a surprise attack, in theory, they wouldn't be able to cause heavy casualties to the city Lord's mansion, unless Zhao Wuji deliberately stood by and watched!

However, he really did misunderstand Zhao Wuji.

Zhao Wuji was indeed a super-class fighter, much stronger than the rat Emperor. Normally, even if he went up against Lin Yi, he wouldn't lose easily, even if he couldn't crush him.

However, this time, he had encountered Banshi Luo.

In front of Banshi Luo, even a veteran beast God advisor like him was overwhelmed from the beginning to the end.

He could not even take care of himself, let alone the life and death of the other people in the city Lord's mansion.

As for the remaining so-called Masters in the city Lord's mansion, none of them could take one hit from Lin Yi.

Besides, Lin Yi wasn't alone this time.

Tyrant, Wang sanjue, and the rest of the top combat power of the retained students were all mobilized. Even Dongfang Yan joined in the fun.

With such a luxurious lineup, it was no surprise that the entire scene was reduced to one side. It was completely natural.

"You continue to stay here, I'll go back!"

Li songzhang was forced to return to the city Lord's mansion.

After all, the city Lord's mansion was where his Foundation was. He had no choice but to save it!

Once the city Lord's mansion was gone, he would lose his most important value in the eyes of the darkness magical beasts. At that time, not only would he be marginalized, but he might even be treated as a sacrifice!

He could not afford to pay this price at all.

However, when he returned to the mansion, Lin Yi and the others had already left. All that was left in front of him was a mess.

"Not good!"

Li songzhang immediately realized that things weren't looking good-it was obvious that this was Lin Yi's plan to lure him away.

However, just as he was about to return to the city gate tower, a deep time wave spread out in front of him, and a figure appeared.

"Master Luo?"

Li songzhang's eyelids twitched.

Before this, he had never actually had any direct contact with Banshi Luo, but he was very famous. With Banshi's reputation, which was no less than Tian Xiangyang 's, he did not dare to underestimate him in the slightest.

Immediately after, Zhao Wuji scuttled out from the side, his body in a rather sorry state.

It was obvious that he had suffered a great loss at the hands of Banshi Luo.

"You're very bold. "

Li songzhang looked at Banshi Luo coldly.

If it was in the past, he would have already thought of how to escape. However, he was now a half-step Supreme realm expert. Whether it was Tian Xiangyang or Luo Banshi, he had a huge psychological advantage. He was confident that he would have the absolute upper hand in a one-on-one battle!

Moreover, there was still Zhao Wuji to the side.

Banshi Luo nodded with a smile."I've always been brave. It's just that I haven't fought with anyone for years. Many people seem to have forgotten what kind of temper I have."

"....."

Li songzhang recalled that before he was called the world's master, he was a martial arts fanatic who was invincible in Jianghai city. The big shots of countless forces were shocked when they talked about him.

At that time, he was just an insignificant Guard Captain in the city Lord's mansion.

"That's good. I didn't have the chance to fight you back then. Today, I'll experience the glory of the world Teacher!"

Li songzhang thought that he had made a mistake just now, but at this moment, he felt that the other party had overreached himself. They had simply given him a huge credit for this!

From a personal perspective, he really did want to kill Lin Yi.

However, as an ambitious person, Lin Yi's head was far less valuable than Banshi Luo 's. The latter was the advancement he needed the most right now.

The dark Demon beast knew all the top fighters in Jianghai city like the back of their hand. They had even set a reward for each of them.

Luo Banshi's head was almost on the same level as Tian Xiangyang 's, and he was undoubtedly the ceiling of the entire Jianghai region.

If he could defeat Banshi Luo today, his status in the beast God Hall would be elevated to a higher level. He might even have the chance to become the highest-level advisor of the beast God.

By then, as long as he could obtain the reward from the beast deity, his strength would rise to the next level and he would become a true Supreme realm expert!

Luo Banshi looked at his burning eyes and smiled. ""You seem to be really interested in my head. It just so happens that I have the same idea. Let's see who can get their wish today."

"There's a limit to self-confidence. Sometimes, it's ridiculous to be overconfident."

Tian Xiangyang sneered, "Sir, since you've come here today, I'm sure you've already made preparations for the possibility of not being able to return. Don't worry. I'll definitely fulfill your wish!"

Both sides immediately attacked.

For a moment, the sky above Jianghai city was filled with turbulent waves and the weather changed. It was like the end of the world.

At the same time, Lin Yi appeared at the foot of the city gate alone, with mu Shen blocking his way.

"I knew you'd come," mu Shen said as he stood up.

Lin Yi looked at the body of renwang Lu hanging above him. He waved his hand and the vultures were all killed on the spot. Not even a hair was left.

"You're going to stop me?"

Lin Yi asked.

"Lu renwang is indeed a man worthy of respect. However, due to his position, if you want to take him away, you will have to step over my dead body." Mu Shen frowned slightly.

Lin Yi shook his head helplessly, "You still don't understand?"

However, since things had already come to this, he would not waste any more words. Without any fancy moves, he raised his hand and struck out with the palm of great mercy and great compassion.

In the face of such a monstrous attack, even the powerful Heavenly King Mu Shen had no way of resisting. He was suppressed on the spot without any suspense.

"I'm bringing you home, brother. "

Lin Yi picked up Lu renwang's skeleton-he thought that he'd seen too many life and death situations and wouldn't have too many feelings.

But at this moment, his heart was filled with unspeakable sorrow. Not long ago, he had even painted a big picture for Lu renwang, saying that he would take him to enjoy the scenery of Jianghai's top floor.

At the same time, he would make the father and son of the Li family pay the price in blood.

But now, although li Muyang was dead, li songzhang was still high and mighty, but he was separated from Lu renwang forever.

Back at Jianghai Academy.

All the members of Lin Yi group were gathered and waiting. They were going to give their comrade a Grand burial.

Lin Yi revived the spirit himself, and the group of top-tier fighters carried the coffin for him. From now on, the mysterious land would be a monument, a monument with Lu renwang's name carved on it.

Although the dead couldn't be brought back to life, and people's reminiscence might be meaningless to the dead, at least they had a reason to remember that they once had such an excellent partner who had sacrificed his life for the common cause!

Chapter 9935

However, at the last moment before Lu renwang was buried ...

The logistics department's Zhao Qiong suddenly appeared in front of everyone, looking at Lin Yi with a weird expression. "You're going to bury him just like that?"

Lin Yi blinked his eyes in surprise before coming to a realization. "Elder Zhao, are you saying that he can still be saved?"

"That's not possible, is it?"

Tyrant and the others shook their heads.

They were all experienced and knowledgeable people, and it was not uncommon for them to come back to life. However, there was a basic premise. Either the primordial spirit or the physical body had to be left behind!

Now, King Lu's primordial spirit had already self-destructed, and his body had been pecked by the vultures until only a skeleton was left. If he could still be saved in such a state, it would be a miracle.

"It's rare to see so many strange things. Those who died more thoroughly than him can still get back up. At least he still has a skeleton left!"

Zhao Qiong pursed his lips and added, ""Of course, ordinary people don't have such luck, but this guy is a blood medium Grandmaster. That's a different story."

"What?" everyone's eyelids twitched. "Could this be the legendary blood rebirth?"

It was rumored that when a blood medium Grandmaster cultivated to the extreme, no matter how badly injured he was, as long as he left behind the most insignificant drop of blood, he could recover in a very short time.

To a certain extent, it could be said to be an undying existence.

Zhao Qiong looked at them as if they were idiots. "Do you guys think that this guy has already cultivated to that level?"

"....."

This was clearly impossible.

It was the legendary rebirth from a drop of blood. Even a Big Shot at the peak of the middle stage of the consummate level might not be able to do it, let alone Lu renwang, who was only at the peak of the middle stage of the consummate level.

"What should we do then?" Lin Yi asked.

"You don't need to do anything. Just leave him to me and I'll return you a vigorous and vigorous King of the Lu family."

Zhao Qiong said as he gestured at the group of top-tier combat forces, ""Carry the coffin to my logistics department. Be gentle with your hands and feet, so as not to break his bones. I have to put them back together bit by bit."

"Yes, yes, yes."

The group of top-notch combat forces hurriedly nodded their heads. In front of this ordinary-looking old man, they actually had no temper at all.

Even though Zhao Qiong's strength was insignificant on the surface, he was far more experienced than Tian Xiangyang and Luo Banshi. In the past, no matter how chaotic Jianghai Academy was, no one dared to cause trouble in his logistics department.

"The old man is unfathomable."

Dongfang Yan said faintly.

Lin Yi nodded noncommittally. He'd been on good terms with Zhao Qiong ever since he'd entered the school, and naturally knew more about the old man's secrets than anyone else.

However, even though he was curious, he had never thought of probing into the other party's secrets.

Even if they were close friends, they had to keep a clear distance from each other. Otherwise, if they overstepped their boundaries, they might not even be friends anymore.

In any case, old man Zhao had brought him a huge surprise.

As long as King Lu could recover, it would be a great boost to everyone's morale.

"Where's Banshi Luo?"

Everyone turned to look at Lin Yi.

The reason why the operation had been so smooth was because Banshi Luo had taken action personally, pinning down the two most troublesome forces on the other side.

Although they believed in Banshi Luo's strength, they could not help but break out in cold sweat when they thought of Li Songzhang, who was already a half-step Supreme realm expert.

"It shouldn't be a big problem."

Lin Yi was a little worried.

However, just as he spoke, Luo Banshi's voice came from the side, ""You can be more confident and remove the word" should "from your head."

Everyone was overjoyed.

Lin Yi turned to look at Banshi, who didn't seem to be reacting at all, and couldn't help but ask, "How's Li songzhang, that half-step Supreme realm?"

"He's quite strong," Banshi Luo said after some thought. "He almost made me stay."

"....."

Everyone looked at each other, speechless.

You don't even have a speck of dust on you, and you're cleaner than when you went out for a walk. This is called almost leaving you behind?

There should be a limit to modesty.

"Can you kill them?" Lin Yi asked.

Li songzhang was not only a threat to him, but also to the entire Jianghai Academy. If he was left to his own devices, Lu renwang would not be the only one in trouble next time. It would be the other important figures in the Academy.

Banshi Luo could not help but laugh, 'who in the world can't be killed? It's just a matter of how much we have to pay. "

It was easy to say, but everyone knew that the so-called price was the lives of people.

Not everyone could afford to pay such a price.

"Let's go and meet Tian Xiangyang together. I've gained some insights from this fight, which might be useful in the future."

Banshi Luo immediately called Lin Yi to the headquarters.

In the past, each party had kept their own things to themselves, but now that they were working together against the outside world in this crisis, they had reached a tacit understanding to share information and resources with each other. This kind of meeting between the top to share their insights was a common thing.

Lin Yi benefited a lot from this.

Every time Luo Banshi and Tian Xiangyang had a discussion, he would be like a sponge, rapidly absorbing all kinds of top-notch experiences and insights.

However, he had only listened and not spoken before. Now that his cultivation level had increased, he gradually had the right to speak.

Many a time, his creative ideas would even make the eyes of the two super top-notch combat forces light up, and they could not stop praising him.

However, to everyone's surprise, just as they were discussing how to deal with li songzhang, the Horde of dark creatures surrounding Jianghai Academy suddenly erupted without warning!

In the past, there had never been more than ten darkness magical beasts that were comparable to the humans 'top-tier battle power, and they had been able to deal with them easily.

But this time, there were as many as 40 of them!

This had already far exceeded the upper limit of the rotation, and the scene instantly looked like it was going to collapse.

Although Tian Xiangyang and the others reacted immediately and quickly arrived at the scene to stabilize the situation, there were still quite a few casualties.

Most importantly, this was only the beginning.

While the main battlefield of the repeating students was in a state of panic, there were also large numbers of casualties in the rear of the school.

A shocking piece of news came: Taking advantage of the chaos just now, li songzhang had rushed in!

Everyone's hair stood on end.

A half-step Supreme realm master had infiltrated their territory, the destructive power was immeasurable. The severity of the situation had far exceeded everyone's imagination!

The top combat forces behind him, including those who had taken turns to rest, were no match for li songzhang at all. Whoever touched him would die!

"Once too many of our top combatants are killed, our next battle will be a castle in the air. There's no possibility of us persevering. Li songzhang's intentions are truly vicious!"

Everyone couldn't help but look grave.

Without a doubt, this was revenge for the incident at the city Lord's mansion.

Chapter 9936 The End

Li songzhang's intention was clear. He wanted to wear down Jianghai Academy's already-scarce number of top-notch combatants.

Once there was a gap in their top-notch combat power, no matter how strong Tian Xiangyang and Luo Banshi were, they would be helpless against them.

This was an unsolvable plan.

"Tell all the top-tier combatants to retreat. I'll take care of the main battle. As for li songzhang, I'll leave him to the two of you," Lin Yi said decisively.

Tian Xiangyang glanced at him, "are you confident?" There are a total of 40 peak darkness magical beasts, and there's also a beast God's Walker hiding in the dark, watching like a tiger watching its prey. Don't force yourself. "

With Lin Yi's current strength, as long as he had the chance to stack the killer God's mark, he could handle these forty top-tier Dark Demon beasts.

The problem was that there was still a beast God Wayfarer, Zhao Wuji, hiding.

According to Banshi Luo, although Zhao Wuji wasn't as strong as him, he was still a true peak level fighter. Even if Lin Yi were to fight him one on one, his chances of winning wouldn't be more than fifty percent.

With the addition of forty top tier Dark Demon beasts as cannon fodder, Lin Yi's chances of winning would be greatly reduced-it might not even be more than ten percent!

"We have no choice but to force it," Lin Yi said indifferently,"at least we'll have a chance if we give it our all. If we don 't, we'll end this early."

"Then be careful."

Luo Banshi and Tian Xiangyang looked at each other and left at the same time without another word.

The key to this crisis was still on them-if they couldn't get rid of li songzhang in time, even if Lin Yi took the hit from the front, it would be useless.

Looking at the menacing dark beasts, Lin Yi ordered the people behind him,""Everyone, remember to stick together. There's no need to defend the front line to the death. If the situation is not good, let go. Remember, only by staying alive can you have the right to continue fighting!"

Everyone agreed.

Before this, not allowing any darkness magical beasts to enter the rear was the first principle of everyone entering the main battlefield of the retained students.

However, this was clearly not the time to be stubborn.

Rather than making unnecessary sacrifices, it was better to let the rear share the pressure.

Although it was inevitable for the scene to be chaotic, it was still much better than the front line collapsing due to too much pressure, allowing the dark Beast tide to March straight in!

An unprecedented massacre began to take place all over the Academy.

As the first battlefield, the scene was even more brutal.

A large number of darkness magical beasts were falling at every moment, and at the same time, the experts of the Academy were also dying.

What was a great Tribulation? This was a great Tribulation that was piled up with human lives!

Lin Yi released the maximum number of clones he could, blowing them up to clear the area and reduce the pressure on the people behind him.

However, the scale of this wave of darkness beasts was unprecedented. No matter how many he cleared, the area would be filled up by more darkness beasts in an instant.

It was endless and endless.

At the same time, Lin Yi still had to be on guard against Zhao Wuji. Once he was delayed by the other side, that would be the biggest danger for everyone!

At the back of the Academy.

In less than the time it took for an incense stick to burn, the number of top-notch combat forces that had died in Li Songzhang's hands had reached double digits.

He knew that Tian Xiangyang and Luo Banshi were trying their best to stop him, but with his current strength as a half-step venerable, if he really wanted to cause trouble, how could those two stop him so easily?

Today was the day of Jianghai Academy's destruction.

"I've finally found it! The secret realm of Clomaros!"

Li Songzhang laughed hideously. With the terrifying power of a half-step venerable, he forced his way into the secret realm of Clomaros.

He knew that this was Lin Yi's base.

Since Lin Yi was the cause of this incident, Lin Yi's group was naturally his number one target.

It was time for Lin Yi to taste the pain of losing the love of his life.

"Other than Zhuo Qingqing, the woman Lin Yi values the most is a student called Tang Yun, the niece of the formation royal family!"

All sorts of information about Lin Yi flashed through li songzhang's mind.

He believed that as long as he could take down Tang Yun, he could use this to control Lin Yi.

Even if it didn't work out, killing Tang Yun in front of Lin Yi would still make his heart ache, relieving him of the pain of losing his son!

However, after looking around the secret realm of clomaros, he didn't see Tang Yun at all. In fact, the entire secret realm was empty.

In fact, Lin Yi had already expected this to happen the moment he found out that the guy had barged into Jianghai Academy. He had Tang Yun and the others move to another place without a second thought.

Every person who was good at stealing was also an expert at guarding against theft.

Lin Yi was much more professional than him in this area.

"What a treacherous man!"

Li songzhang was immediately flustered and exasperated.

The surprise attack on Jianghai Academy had been a fruitful one, but even if he were to stop now, it would be enough to deal a heavy blow to the entire school.

However, compared to the pain of losing his son, this was far from enough to let him vent his hatred!

He knew very well that with Tian Xiangyang and Luo Banshi around, it was impossible for him to kill Lin Yi in the school, even with his half-step Supreme realm strength.

But even if he couldn't kill Lin Yi, he should at least let him experience what it's like to be better off dead!

"Something's wrong!"

After walking around a second time, li songzhang finally realized that something was wrong, but it was too late.

"Long time no see, city Lord li."

Tian Xiangyang's lazy voice echoed from all directions.

Li songzhang's eyelids twitched. He wanted to rush out of the secret realm of clomaros, but he realized that the barrier had become extremely strong. Even he, a half-step venerable, could not penetrate it!

"This is impossible!"

Li songzhang tried again in disbelief, but he was still trapped in the secret realm of clomaros. The barrier that was extremely fragile when they first entered the secret realm had become indestructible.

This had completely subverted his understanding.

At this moment, Banshi Luo's voice came from the other side.

"There's no need to waste your energy. This secret realm has been specially modified by us. Once anyone breaks through the realm, the barrier of the secret realm will be strengthened a hundred times. In other words, this is a one-way cage that only allows you to enter and not leave."

Li songzhang's face darkened completely. He knew that the word " 100 times enhancement" was not a lie. He could not help but feel a chill in his heart."Is this a trap you prepared for me?"

Even if Tian Xiangyang and Luo Banshi were to do it personally, it would not be an easy task to transform the secret realm of clomaros into such a state.

The only reasonable explanation was that the other party had been targeting him from the beginning.

The so-called Lin Yi's lair was a trap specifically for him!

Chapter 9937

Tian Xiangyang chuckled,"you're overthinking it. When we set this up, we really didn't expect you to be the one who came in. After all, your strength at that time was not worth our effort."

In other words, li songzhang was not qualified to do so.

The only reason he wanted to modify the secret plane of clomaros, other than making it more convenient for Lin Yi's training camp, was to learn from the lesson of being taken away.

They were on guard against the dark magical beasts, but they didn't expect li songzhang to beat them to it.

It could only be said that there were still mistakes.

“.....”

Li songzhang was speechless. He could only blame it on his bad luck for this to happen.

However, he sneered, ""If that's the case, then I'm sorry. I'm just a half-step venerable. I'm not qualified to step into the trap carefully prepared by the great master of the Tian family, am I right?"

Tian Xiangyang's figure slowly walked over from the distance. He had a calm smile on his face, ""Is a half-step venerable very powerful?"

Luo Banshi walked over from the other side and smiled. ""He's actually quite powerful, but since he's been locked up here, it's over. "

"What a good end!"

Li songzhang couldn't help but sneer. "If it was before I advanced to half-step venerable realm, I might have been scared to death by the two of you. But now, I just feel that the two of you have an inexplicable self-confidence."

Tian Xiangyang and Luo Banshi looked at each other, ""What are we lost in?"

Li songzhang sneered. "If I'm not wrong, there's a time limit to the 100-fold enhancement of the barrier. I can leave at any time after the time limit."

"That's right. Can you guess how long this time limit is?" Tian Xiangyang raised his eyelids indifferently.

"There's no need for that, because I suddenly thought of something. The 100-fold enhancement of the barrier of the secret plane is effective for me, as well as for you two."

Li songzhang's face suddenly became a little more sinister, "In other words, the two of you are trapped here like me. This is a cage battle, two against one. Do you really have the confidence to defeat me, a half-step venerable?"

"What's the point of saying so much? We'll know after we fight. "

Tian Xiangyang attacked without a second word.

At the same time, Luo Banshi also pressed forward.

"Alright, then let's see who dies first!"

Li songzhang grinned hideously and immediately took the joint attack of the two.

No matter if it was his aura or the situation, he was not at a disadvantage at all, showing his true character of a hero of a generation.

On the main battlefield of the repeating students.

As the owner of the secret realm, Lin Yi could more or less sense what was happening inside.

However, he couldn't do anything about it, so he could only leave it to the two super-top combatants.

Moreover, his current situation was not optimistic.

Although he had successfully stacked the killer God's mark, there were too many top darkness magical beasts. Even if he had gone all out, it was still not easy to kill them.

More importantly, he had already faintly sensed an aura locking onto him.

It was Zhao Wuji, the beast God's Wayfarer who had never made a move.

The other party had not attacked yet, and to a certain extent, the pressure was even greater than if they had attacked him directly. After all, as long as he was locked on by this aura, he couldn't really go all out to kill the other darkness magical beasts.

On the other hand, if the other party made a move ...

With Lin Yi's current condition, victory or defeat could be decided in an instant, which would make things much easier.

Unfortunately, Zhao Wuji just bided his time.

At this time, Tianji suddenly sent a warning, "in the darkness beast tide ahead, there are 30 more top-tier darkness magical beasts!"

“.....”

Even Lin Yi couldn't help but want to curse. Peak dark beasts were like leeks on the side of the road, weren't they? they weren't even done with the first one yet, and the next one was already coming.

The situation on the battlefield was already precarious. Even tyrant, who was a veteran top-tier combat force, was starting to get injured.

As the 30 darkness magical beasts rushed in, the situation became even more dangerous!

At this rate, a large number of casualties were certain to happen, and even the core forces of Lin Yi's group that were at the front line were destined to suffer heavy losses.

Damn, I can't bear it anymore!

Lin Yi finally stopped suppressing his strength. Ten percent of the gigantification rule force circulated in his body like crazy, and a Giant Buddha stood up from the ground. With a Supreme feeling of bemoaning the state of the universe and pitying mankind, he slammed his palm down on the dark Beast tide.

Great mercy and great compassion palm.

One had to know that Lin Yi had more than a hundred killer God's marks stacked on top of him. This merciful and merciful palm was definitely his strongest attack!

In an instant, including the 30 peak-level darkness creatures that had just joined the battle, the darkness creatures that were in front of the group were all wiped out with a single palm.

The battle came to an abrupt end.

Looking at the ground of meat paste in front of them, everyone fell into a strange silence.

"What just happened?"

Some of them finally snapped out of their daze and realized that everyone was staring at Lin Yi.

The look of admiration and worship in his eyes was as if he was looking at a God who had come to the mortal world!

"That palm of yours killed 47 peak level darkness magical beasts, 732 high level darkness magical beasts, and countless other cannon fodders."

Tianji's slightly numb voice rang out in everyone's mind.

All of a sudden, everyone wanted to kneel down and kowtow to Lin Yi.

What was a thigh? This was the F * cking thickest thigh!

Even top-tier combat forces like Tian Xiangyang and Luo Banshi couldn't have done such a thing!

Lin Yi, however, wasn't pleased at all-he was even more alert.

The great mercy and great compassion Palm's power was too shocking. It also had a huge side effect. Once he used it, it would definitely drain all his strength!

Although he could quickly replenish this power by relying on the characteristics of the ultimate perfect domain, it still needed a process.

At this moment his state was empty, if the opposite Zhao Wuji wanted to make a move, this would be the best opportunity.

The key was that if the other party really launched a thunderous attack, he might not be able to take it at this moment!

However, he didn 't.

Lin Yi didn't know if Zhao Wuji was scared of him or if he had other plans, but even after he recovered more than 50% of his strength, Zhao Wuji still didn't show any signs of attacking.

The crisis was resolved!

Lin Yi let out a breath of relief-even if the enemy attacked again, he'd have the power to fight back. The situation was set!

On the other side, the battle between Tian Xiangyang and Li songzhang had also come to an end.

"It's a pity that all my efforts were in vain. "

Luo Banshi looked at the disheveled Tian Xiangyang and shook his head helplessly.

This was the best chance to kill li songzhang!

Chapter 9938

In fact, the two of them had indeed suppressed li songzhang head-on, and even forced this confident half-step venerable into a desperate situation!

If the barrier of the secret realm could hold on for another half an incense's time, it was completely possible for them to exchange their lives for injuries and completely leave li songzhang here.

Unfortunately, the 100-fold strengthening time of the secret plane's barrier was still too short. Li songzhang escaped death at the last moment.

Without the restraint of the secret realm of clomaros, no one could stop li songzhang from escaping.

Once a half-step venerable started to run for his life, even the two of them could only watch helplessly.

"If I had known that a half-step venerable was so powerful, I would have advanced to half-step venerable as well."

Tian Xiangyang gritted his teeth in pain and cursed,""Even that idiot has such strength. If I were a half-step Supreme realm, I would beat the sh * t out of him!"

Banshi Luo laughed.

If these words came from someone else's mouth, they would definitely be bragging.

A half-step Supreme realm wasn't something you could advance just because you wanted to? In order to reach this stage, li songzhang didn't hesitate to give up his human identity and voluntarily join the dark Demon beast camp to be a dog, and finally reached his current level.

If it was an ordinary person, they wouldn't even have the means to kneel.

However, this old master of the Tian family wasn't joking.

With his talent and luck, if he really wanted to take this step, he would have been a half-step venerable ten years ago. It was just that he didn't like it and gave up on it.

"If you were interested in a half-step Supreme realm, you wouldn't be Tian Xiangyang."

Banshi Luo was speechless.

It wasn't just Tian Xiangyang, he was the same as well. The reason why he didn't advance to half-step Supreme realm wasn't because he couldn't, but because he didn't like it.

In terms of realm, half-step Venerables were indeed half a level higher than them, and their strength was also much stronger. But the problem was, half-step Venerables had a huge flaw.

Once he became a half-step Supreme, the chances of him advancing to the Supreme realm would be greatly reduced!

That's right, not only was the so-called half-step Supreme realm not closer to the true Supreme realm, but it was actually on the wrong path and would only be further away from the Supreme realm!

To advance from the giant realm to the Supreme realm, other than the most common cultivation method of accumulating one's strength before breaking through, there was another key factor that very few people knew.

In one go.

To everyone's knowledge, a half-step Supreme realm was indeed closer to the Supreme realm. However, this was like climbing a mountain. One had to take a break halfway through the journey, and it would be very difficult to continue.

The probability of reaching the top in the end was far lower than that of reaching the top in one go!

If not for that, with Tian Xiangyang and Banshi Luo's abilities, they would have already advanced to half-step venerable realm. How could li songzhang be the first to advance?

With li songzhang's escape and Lin Yi's palm, the precarious situation was finally stabilized.

Including those top combat power who had survived, looking at the battlefield in front of them, the entire Academy had collectively survived the disaster.

Such a brutal battle formation was something that even this group of big shots at the consummate level had never experienced before. Looking at the dead companions around them, many of them burst into tears on the spot.

When the casualty report came out, the entire Academy fell into silence.

11 of their top combatants were killed, and five were heavily injured.

Thirty-six high-end combatants were killed, and fifty-three were seriously injured.

The rest had a total of 172 casualties and 223 heavily injured.

Since the founding of Jianghai Academy, it had never experienced such a heavy casualty. This was the first time in history!

The war Committee came forward to bury all the victims of this incident, and set up a heroic soul tombstone for everyone to pay their respects.

On the day of the burial, all the remaining survivors were immersed in great sorrow.

Almost every one of them had lost their loved ones and friends. Even if they didn't have a helping hand, they had a crying spirit.

Even Lin Yi's core members were safe, but eight of his outer circle members died.

On this day, all the students of Jianghai Academy finally understood the weight of the word "calamity."

It was just two simple words, but behind it were the lives of many people.

Under such an atmosphere, a cheer quietly rose among the students.

He wanted to take responsibility for Lin Yi!

"First, he snatched the bride for a woman, then he killed Li MUYANG for this woman. That's why Li Songzhang is taking revenge on him!"

"This is all because of Lin Yi!"

"Lin Yi has to take full responsibility for this incident. He has to compensate us for our losses. He has to resign and leave the Wartime Committee!"

Soon, the cheers swept through the entire Jianghai Academy.

There were people who stood up for Lin Yi, but with the help of people with ulterior motives, the mood took over.

Some of them were venting their sadness and anger, while others were trying to fish in troubled waters, hoping to take advantage of the situation to gain some benefits.

There was also a group of people who were hoping for Lin Yi to fall so that they could take the opportunity to rise!

The crowd's emotions were stirred up, and they came menacingly!

However, Lin Yi, who was in the center of the whirlpool, didn't feel like he was being attacked at all. He continued to lead the group to rest and reorganize in the secret realm of Ares.

"You're really not worried at all?"

Dongfang Yan, who had come to join in the fun, was about to make fun of him. However, when he saw his calm posture, he immediately lost his interest.

"What's there to worry about?" Lin Yi asked, confused.

After so many ups and downs, it wasn't the first or second time that he had been backfired by public opinion. He had long been used to this.

No matter how fierce the public opinion was, he was not moved at all.

Dongfang Yan pursed his lips. "You were able to survive safely this time because of that shocking palm strike of yours. It's not wrong to say that you saved the entire Academy, but in the end, those idiots repaid your kindness with ingratitude. Don't you feel aggrieved?"

Lin Yi couldn't help but laugh, "what's there to be upset about? I'm only helping for my own people. Saving them is just a side effect. Whether they thank me or not, what does it have to do with me?"

Dongfang Yan looked at him with a mocking expression. ""But no matter what, objectively speaking, you still saved them. It's not good to be ungrateful, right?"

"Don't look at me like that. I really don't have anything against you, really. "

Lin Yi's face was calm and unpretentious, "Let's not talk about the fact that I only saved them in passing. Even if I really did it for them, I wouldn't expect them to give me any positive return.

Unless there was an agreement in advance, I think it is reasonable for them to make any response, because it is their freedom.

Any kind of self-righteous kindness is essentially just a kind of self-moving, and it's a bit childish to expect others to be moved with you. "

Chapter 9939

“.....”

Dongfang Yan could not help but look at him deeply. He suddenly smiled and said, "The half-master has always said that you're a very intelligent person and that you can see things very clearly. I didn't believe it before, but now I do."

Lin Yi shook his head. "It's not a root of wisdom at all. It's just that I've seen a lot of people and things. It's just a little enlightenment."

"If I had your awareness back then, I wouldn't have fallen into a situation where I'm all alone," Dongfang Yan smiled bitterly.

Then, he fell into silence.

Lin Yi was silent as well-this woman had a story to tell, otherwise why would she leave her family and become a prison warden?

Outsiders might think that he was travelling alone, but this was also a self-deceiving disguise.

But since Dongfang Yan didn't want to talk about it, Lin Yi didn't want to probe.

Everyone had their own secrets and scars that could not be seen.

As a friend, what he should do was not to gossip about the other party's private affairs, but to listen carefully when the other party wanted to share.

After a long silence, Dongfang Yan suddenly took a sip of wine and changed the topic, ""If those guys become more and more aggressive and really hold a vote in the entire Academy to pursue you, what do you plan to do?"

"....."

"I've been brewing my emotions for so long, and this is all you're doing?" Lin Yi said, a bitter look on his face.

Dongfang Yan raised his eyebrows with a faint smile. "You really want to hear my story? I don't have a problem with that, but you'll have to take responsibility for me after you hear it. Are you sure you want to hear it?"

"Then forget it, I can't afford to raise you since you're so good-looking."

Lin Yi said.

Dongfang Yan laughed so hard that his body swayed back and forth. He hugged Lin Yi's shoulders like a brother and couldn't stop for a long time.

This was the most carefree laugh she had ever had in all these years.

"I'll tell Tang Yun and the others about this, and we'll see what their expressions are like!"

Dongfang Yan was satisfied. Lin Yi's words meant that she was prettier than Tang Yun and the others!

"You can't play with people like that," Lin Yi said, speechless.

Dongfang Yan smiled and returned to the main topic. ""Tell me, if those people really go too far, will you flip the table?"

"Nonsense, of course I'm going to flip the table. If I don't flip it, am I going to keep it for the new year?"

Lin Yi said, curling his lips.

He really didn't expect others to be grateful. No matter what they did, it wouldn't cause any emotional fluctuations in him. However, this didn't mean that he would be bullied by others.

I'm not angry, but if you dare to provoke me, I'll slap you to death in minutes!

There was no conflict between the two.

Dongfang Yan could not help but laugh in relief. "I thought you were a good person."

"Not only am I not a good person, I'm not a good person at all."

Lin Yi knew his place-he wouldn't be alive today if he were a good guy. He shook his head, "Don't worry, they won't give me the chance to flip the table. "

The truth was as he had expected.

As the public's opinion was in place, the first thing people did was to suggest that they'd jointly hold Lin Yi accountable. Tian Xiangyang, who had been silent all this while and even made people think that he was going to take advantage of the situation to attack Lin Yi, suddenly reacted like a Thunderbolt.

Under Tian Xiangyang's personal command, the Internal Affairs Department of the Academy came out to execute the order. Thirty-two people were arrested in a short time and brought to a public trial.

"All the evidence above shows that these 32 people are spies who colluded with the darkness magical beast. They deliberately provoked conflicts and incited internal strife in our Academy, their goal is to make us kill each other!"

"Think about it carefully. If we were really incited by them and turned around to butcher our own greatest hero, what would the result be?"

"Loved ones are pained, but enemies are happy!"

"Everyone saw Lin Yi's performance this time. The dark Beast hordes will only get more and more brutal in the future. If he's not here to support Lin Yi, I wonder which one of you can fill in the gap?"

Everyone was speechless.

Because of the heavy casualties this time, many of them were too emotional and had unknowingly been led by the rhythm. Now that they were reminded, they immediately knew that they were stupid and regretted it.

Lin Yi's fans who had been suppressed before were finally able to hold their heads high and regain the upper hand.

For a time, familiar scenes began to play out all over the Academy.

Apologize to Lin Yi!

Lin Yi himself didn't have much of a reaction to this, appearing to be quite relaxed.

If it was before, everyone would think that he was acting cool again. But now, more and more people began to think that this Big Boss really didn't care about their attitudes.

Since the other party had absolute strength, why should he care about their self-righteous thoughts?

Would an elephant care what the ants beneath its feet thought of it?

"From now on, I'm a loyal believer of God Lin. Whoever dares to slander God Lin again, I'll be absolutely irreconcilable with him!"

"The one above, count me in!"

"I'm dying of laughter. A bunch of despicable people who change their sides with the wind. We are the most loyal believers of the God of forest!"

"That's right, we're the first batch of Almighty Lin's die-hard fans!"

The college forum was in a heated argument.

However, Tian Xiangyang's actions didn't stop there. The thirty-two people who were brought out for the public trial were all executed in public without missing a single one!

Seeing the thirty-two heads fall to the ground together, the entire Academy was clearly shocked.

Although the recent tide of darkness beasts was far more bloody than this scene, the shock that went straight to his head was on a completely different level.

It was only at this moment that the crowd finally understood that Tian Xiangyang was serious about this public opinion storm!

Some of the Rhythm Masters who were still hoping to get lucky earlier were suddenly as silent as cicadas in winter. They didn't dare to make any more moves, afraid that they would be the next one.

This was not the end. Immediately after, the wartime Committee made a personnel adjustment without any warning.

Revoke the Gu family's position as a committee member!

The entire Academy was in an uproar.

Everyone knew that as one of the three founding families of the Academy, the Gu family had always been the Tian family's most hardcore traditional ally. They were also publicly acknowledged as an important starting point for Tian Xiangyang to control the wartime Committee.

After all, as long as the Gu family and the Emperor Xu Anshan were here, Tian Xiangyang would have the advantage in numbers. Even if Lin Yi and Banshi Luo joined forces, it would be useless.

Therefore, even with the Chen family's example, everyone, including the Gu family themselves, always felt that the Gu family would be as stable as Mount Tai.

He had never expected that Tian Xiangyang would suddenly attack the Gu family without any warning!

Wasn't this just self-destructing?

However, Tian Xiangyang's big move didn't end there. He immediately attacked the Tian family's own people and publicly dismissed Tian Yunkai from his position as the Tian family's great elder!

Everyone in the Academy felt that this Lord of the Tian family must have suffered some kind of stimulation and went crazy from killing.

In the end, Tian Xiangyang's explanation was that house Gu and Tian Yunkai were both involved in the public opinion against Lin Yi.

Therefore, they had to pay the price.

Chapter 9940 The Power Of The Devil

"Is God Lin really the son of the Tian family?"

This strange discussion in the square immediately began to clamor again.

After all, this was the treatment of a son.

Lin Yi teased in front of Tian Xiangyang, "You have to make a statement to help me restore my reputation. Otherwise, if those people continue to spread this, our father-son relationship will really be solidified."

"Then you might as well be my son. In the future, the Tian family will be handed over to you."

Tian Xiangyang burst out laughing.

It was a joke, but all jokes had a bit of truth in them. If Lin Yi was willing to nod, he'd be more than happy to do so.

If he could get a son like Lin Yi, what was a mere Tian family? he was willing to pay any price, but Lin Yi was destined not to let him take advantage of this.

"Alright, let's get down to business."

"After this lesson, Li Songzhang won't be able to attack us in a short time. However, if we wait for him to recover, the next threat will definitely be greater. So we must strike first!" Tian Xiangyang said.

Banshi Luo, Lin Yi, and Xu Anshan all nodded.

Finding a way to deal with li songzhang was the right thing to do. Even if it wasn't to eliminate future trouble, just to avenge the dead, li songzhang must not be allowed to live!

The problem was how to start.

It was such a good opportunity before, and even Tian Xiangyang and Luo Banshi couldn't take him down. Now that he had escaped back to the city Lord's mansion, it would be ten times or even a hundred times more difficult to kill him!

"If we want to kill him, we have to force him into a corner so that he can't escape," Banshi Luo said. "This is the most difficult part."

Everyone turned to look at Lin Yi-if li Muiyang were still here, with li songzhang's love for him, he'd be a dead end.

Unfortunately, Lin Yi had already crushed this weak spot.

"There's someone in the city Lord's mansion that we can focus on," Lin Yi said suddenly.

"You mean Heavenly King Mu Shen?"

Tian Xiangyang and the others immediately reacted.

Lin Yi shook his head, "I'm talking about another person, the beast God's Wayfarer Zhao Wuji. "

Seeing that everyone was confused, Lin Yi described the scene to them again, uncertain, ""He might have other concerns, but at least one thing is for sure. He and Li songzhang are not completely on the same side."

"That's right," Banshi Luo agreed. "If he really wanted to cooperate with li songzhang's surprise attack, he should give it a try since you've revealed such a big flaw."

"Since there's a Rift between them, it'd be a waste if we don't make good use of it. Lin Yi, I'll leave this to your Intelligence Department." Tian Xiangyang smiled.

"Alright," he said.

Lin Yi said.

While he was making arrangements against li songzhang, li songzhang, who had just escaped death, was also staring at him. Moreover, he had really gained something.

He had caught an important backbone of the intelligence Department in Jianghai city, a high-level backbone whose weight was no less than that of the Lu family's King.

Most importantly, he didn't have the time to self-destruct.

"Good! Very good!"

Li songzhang personally used a soul-searching technique on him and quickly found out the core network of the intelligence Department in Jianghai city.

Zhao Wuji immediately suggested: "then what are we still waiting for, directly search the entire city, in one stroke capture their core intelligence network completely!"

However, li songzhang waved his hand to stop him. "No, it's nothing to destroy his intelligence network. I'm going to cast a long line to catch the big fish!"

He didn't care about the intelligence Department at all. Only Lin Yi, the mastermind behind the scenes, was worth his time.

After he finished speaking, he actually transformed into the appearance of this high-ranking backbone.

Whether it was his appearance, temperament, or other details, even the fluctuations of his spiritual sense, he was exactly the same as the original person.

Even with Zhao Wuji's eye power, he also basically couldn't see the slightest flaw.

In addition, he had already used the soul-searching technique and obtained all of the other party's memories. With such a half-step venerable infiltrating the inner circle, even those professional intelligence personnel in the intelligence Department would find it as difficult as ascending to the heavens to see through his disguise!

"Lin Yi, just you wait. I'll give you a big surprise soon."

Li songzhang sneered.

What he didn't know was that someone had already leaked the information to Lin Yi right from the start of his plan.

"Who's the source of the news?"

Lin Yi looked at the anonymous letter in his hand and frowned.

To be honest, if it wasn't for this reminder, he really wouldn't have noticed it. If Li Songzhang were to catch him off guard, he might really suffer a big loss!

"No." Yan Chen shook his head. "I've asked the Pavilion Lord of the Prophecy Pavilion to investigate its origin, but even with his abilities, he couldn't lock onto its true source."

Tianji's ability was to search for the traces of cause and effect, and this kind of thing happened to be a professional for him. In theory, he should be able to grasp it with his hands.

"No result, it's a result in itself," Lin Yi said, deep in thought.

He had basically guessed who the other party was.

To be able to block Tianji's tracking, it could only mean one thing—the other party's realm was far above Tianji!

The only person in the City Lord's mansion who met these conditions was Zhao Wuji, the advisor of the Beast God.

However, the moment he guessed the other party's identity, the anonymous letter in his hand suddenly began to burn. As it turned into ashes, a message was transmitted into his sea of consciousness.

"I'll see you at the top of the Big Dipper mountain. "

Lin Yi's interest was immediately piqued. After discussing with Tian Xiangyang and Luo Banshi, they made some necessary security measures and immediately headed to the top of the mountain.

However, when he arrived at the desolate place, what he saw wasn't Zhao Wuji, but an old man with an unremarkable appearance.

In terms of aura alone, the old man wasn't even at the very least a giant in the great circle of perfection. At most, he was in the realm of the great circle of heaven crushing.

He couldn't even hold on like this. His aura was weakening at every moment, and his life force was also draining away.

With every passing minute, the old man's appearance was aging at a speed that could be seen with the naked eye.

Lin Yi didn't say anything, observing the man quietly.

Finally, the old man spoke first, but his first sentence stunned Lin Yi.

"I'm the beast deity. "

Lin Yi wouldn't have doubted it if the man said he was a beast God's follower, even if he claimed to be the highest level one.

After all, even though this old man's condition didn't look good, his bearing was extraordinary, even slightly above Tian Xiangyang 's.

However, any normal person would not believe that he was the beast God.

The old man didn't think much of Lin Yi's expression, "It's not strange that you're suspicious. Although I was once a beast God, I'm no longer one. "

Lin Yi raised a brow, half-believing it. "You are the former beast deity?"

"Not bad."

The old man nodded frankly and laughed bitterly, ""Gods can't stay in the mortal world for long. If they stay for a long time, their vitality will be lost quickly, and they will eventually die. I'm not far from death."
