

Bodyguard 9941

Chapter 9941 Power

"Then why don't you go back to the God-realm?" Lin Yi asked, still doubtful.

"The beast God Hall has a new master now," the old man said helplessly. "He stole my Godhead, so I can't return to the divine territory anymore."

"Then, former beast deity, why did you call me here?" Lin Yi asked.

"Cooperation."

The old man's eyes were burning.

Although he was extremely weak, the power that burst out at this moment was still not to be underestimated. If Lin Yi didn't have an ultimate perfect realm as the base, he would have the urge to worship it.

The old man's eyes flashed with surprise at Lin Yi's nonchalance.

Even if he had lost his Godhead and was just a Fallen God who had been expelled from the God domain, he still had his might. The divine might that he released was still not something that ordinary human cultivators could resist.

Before this, he'd observed and come into contact with quite a few outstanding humans, but none as calm as Lin Yi.

"How do we cooperate?" Lin Yi asked, neither obsequious nor overbearing.

"I can help you tide over this Dark Beast tide," the old man said indifferently.

"How?" Lin Yi asked, curious.

Because he had lost too much life force, the old man seemed to be a little tired and sat down on a rock.

"Do you know why there was this Dark Beast tide?"

"Please tell me, senior," Lin Yi shook his head.

This time, the dark Beast tide was so menacing, they had done all kinds of research and had all kinds of speculations, but they were unable to confirm it.

And this had been troubling everyone, including him. After all, if they could not solve the source, the dark Beast tide would be endless, and no one knew when it would end.

If he could find out the whole story from this person, even if he didn't gain anything else today, this trip would definitely not be in vain.

"They're coming for me," the old man sighed.

Lin Yi blinked.

The old man glanced at him. "Although this is not the only reason, it is indeed a major factor. If you tie me up and send me to the city Lord's mansion now, maybe this crisis will be solved. Do you want to try?"

Lin Yi's eyelids twitched, but he shook his head. "To tell you the truth, I'm a little tempted, but first, I might not be able to beat you, and second, I have a bit of understanding of the darkness magical beasts.

Senior might be one of the reasons for the darkness to be affected by the humidity, but I'm not that naive to think that I can make them stop if I hand you over. "

If what the other party said was true, then the most likely result would be that the darkness magical beast would not only happily take the old man's head, but also capture him in one fell swoop.

"You're a smart person, it seems that Zhao Wuji didn't find the wrong person. "

The old man nodded in appreciation.

As expected, it was Zhao Wuji!

Lin Yi's trust in Him increased.

The former beast God and the old Wayfarer of the beast God. There were still many doubts about this combination, but it was much more credible than simply claiming that he was a beast God that had descended.

"Since we're all smart people, let's just be honest with each other," Lin Yi smiled.

The old man smiled, "you're right, then I won't hide it."

In the past thousand years, unprecedented turmoil has occurred in the divine territory. The gods who should have been at ease are constantly suffering all kinds of unprecedented attacks, and many gods have fallen, and I am one of them. "

"Then what's the reason?" Lin Yi raised a brow.

"On the surface, there are all sorts of strange things, each with their own reasons.

The old man shook his head with a profound meaning and smiled bitterly, "As for me, I suffered a backlash from the beast God Walker under me. He schemed to erode my divinity and eventually replaced me. That's why I'm in this state now."

"....."

Lin Yi subconsciously thought of master Luo and Xu Anshan. It was a similar situation back then, and Xu Anshan managed to rise to the first seat of the Council after being defeated by master Luo.

The only difference was that there was no clear superior-subordinate relationship between the two. Even if Xu Anshan suppressed the superior, it was not like he was deceiving the master and betraying the ancestor in the eyes of the world. It was just a normal new generation replacing the old.

At most, he would only say that Xu Anshan was not that kind. After all, teacher Luo was a teacher and had given him some guidance before.

That was all.

On the other hand, this one was really miserable. The Walking of gods was the spokesperson of the gods in the human world. Not only did they have a clear subordinate relationship with each other, but they were also deeply bound.

It was no exaggeration to say that everything the gods had was given to them by the gods. To a certain extent, they were even closer to each other than their own sons.

Under such circumstances, being betrayed by one's own disciples would cause anyone to be so angry that they would have a brain hemorrhage.

"Even if I'm left to my own devices, I won't be able to hold on for long, but my existence is still a significant threat to him, so he wants me dead no matter what.

The beast God Hall is the mastermind behind the dark Beast tide this time, and I'm the main reason they landed in Jianghai city. "

"Of course," the old man said bluntly, "there's another more important reason. This is part of the Battle of Gods."

"The Battle of Gods?"

Lin Yi was stunned. He remembered that Jiang Xiaoshang was playing dead in his perfect domain. Before this, this guy didn't reveal anything.

It was clear that this fellow could not be completely trusted.

Jiang xiaoshang seemed to have sensed something and shouted in his mind, ""Hey, hey, hey, you can't just accuse people like that. I didn't mean to hide it from you. If you don't ask, who would have thought of it?"

However, he couldn't help but feel guilty when he said this.

Although he had made his own decision to run out this time, he knew very well that if it wasn't for his main body's permission, he wouldn't have had the chance to run out at all.

To a certain extent, his escape this time was also a part of the original body's plan for the Battle of Gods.

After all, he could not put all his eggs in one basket.

Lin Yi ignored him and continued to listen to the ex-beast God.

The old man continued, "the Battle of Gods hasn't truly begun yet, but all kinds of signs of chaos have already appeared between the gods. The number of conflicts between the gods is increasing. The main reason the beast God Hall attacked Jianghai city this time is to gain the upper hand in the upcoming conflict with the sea god Hall."

Lin Yi's eyes twitched again, "Poseidon shrine?" Could it be that the sea god is also going to take part?"

This was definitely shocking news!

Moreover, as soon as he said that, he was already 70 - 80% convinced.

In fact, before this, Luo Banshi and Tianji had already calculated that this unprecedented disaster, the seemingly terrifying Dark Beast tide was only the prelude. There would be an even more terrifying follow-up!

However, neither Banshi Luo nor Tianji could figure out the true meaning behind it.

This was probably the first time anyone in Jianghai city had heard of the aftermath of the great calamity.

Chapter 9942 Power

The old man nodded. "The battle between the beast God and the sea god has been going on for a long time, and it's basically a fight for the beast believers. Both sides have always wanted to take each other's territory, and our new beast God is full of ambition. He just happens to have a huge power like the darkness demon beast in his hands, so he naturally won't continue to endure."

The darkness demon beast clan was also the reason why he had been attacked.

The reason that the new beast God was able to successfully take over the throne was definitely due to the darkness magical beast that had been abandoned all this while!

"If that's the case, then it's not just the dark Beast tide this time, there'll be a huge sea beast tide later?" Lin Yi couldn't help but ask.

"Of course, the sea god isn't a good person either. When the time comes, his actions will only be bigger than now,"

"Not long from now, Jianghai will be the first line of the sea and dark Beast tides!" The old man said.

"....."

Lin Yi fell into complete silence.

There was no need for words to describe what Jianghai would be like by then.

He had thought that Jianghai city was just a pawn of the gods, but it turned out to be a chessboard that was even worse than a pawn.

This was not the end.

The old man immediately followed up with another piece of bad news, ""In order to prevent me from escaping, all the communication channels in Jianghai city with the outside world should have been sealed off. In other words, Jianghai city is now an isolated island. No one can escape from it."

Lin Yi didn't know what to say-this was great, even their last resort was gone.

Before this, although many of the Super families had stayed to fight together, they were still hoping that they would be lucky. If the situation reached an irredeemable stage, just like Zhuo Feifan had told Zhuo Qingqing, the core figures among them would still have to leave.

The reason why he stayed was because he couldn't give up the family business here and was unwilling to give up until the last step.

In the end, they were just like the commoners, forced into a dead end.

"Then how do we work together?" Lin Yi asked after a moment of silence.

"The only way to solve the crisis in Jianghai is to kill the new beast God before the situation is beyond our control. We have the same goal, so we are natural allies."

The old man was confident that Lin Yi would join forces with him.

But Lin Yi shook his head,""It's true that we have the same goal, but that doesn't mean we're allies. "

"You still don't trust me?" the old man's eyes twitched.

Lin Yi looked at him, "it's not about trust. I don't see the need to work with you yet. With your sensitive identity, the risk of working with you is far greater than the benefits."

It was the old man's turn to be speechless.

It wasn't that he hadn't looked for others before, but the results were either that they didn't believe his identity at all, or that they had deep respect for him and listened to him from then on.

After all, even a cultivator who had reached the level of a Big Shot's perfection would still have deep respect for a former god like him.

Who in the world would be like Lin Yi, who'd already accepted his identity and yet still dared to bargain with him?

Was this how he treated the high and mighty gods?

"If there's nothing else, I'll take my leave. Thank you for telling me this, senior. Lin Yi will remember it."

Lin Yi said, turning around to leave.

The old man couldn't hold it in anymore and quickly said, ""I can help you take the divinity of the beast God!"

"Oh?"

"How?" Lin Yi asked, interested.

The old man explained in a deep voice, "as long as I, the former beast God, am here, there will definitely be a flaw in his divinity. As long as we can destroy his plan, his divinity will collapse. That will be your chance."

"If there's a chance like this, why don't you go grab it yourself, senior?" Lin Yi asked.

The old man smiled bitterly. "I'm a useless God now. It's a hundred times more difficult for a useless God to get a Godhead again. There's absolutely no hope if I rely on myself."

If that's the case, it's better to support an ally like you. When the time comes, as long as you use your divine might to pardon me, I can avoid the pain of losing my life. From then on, I'll be a down-to-earth ordinary person and live my life in peace. "

"It sounds very reasonable."

Lin Yi nodded.

Jiang xiaoshang shouted in his mind, ""Don't believe his nonsense. A useless God like him who has experienced the taste of a divine throne will never give up the chance to return to the divine throne even if he dies!"

Seeing no reaction from Lin Yi, Jiang xiaoshang quickly continued, ""He just wants you and the new beast God to fight each other. He wants you to be his cannon fodder, and then he can benefit from it!"

Seeing that Lin Yi was still hesitating, the old man smiled, "This is a serious matter, so you don't have to be in such a hurry to give an answer. It's not too late to make a decision after seeing my sincerity."

At this moment, the two of them suddenly felt their eyelids Twitch.

At the foot of the mountain, three extremely powerful auras were rapidly approaching!

"Looks like I'll have to stop here for today. I'll see you next time, Lin Yi."

"Let's go!" The old man called out. Then, his body turned into nothingness, and all his aura disappeared in the blink of an eye.

Lin Yi's eyes twitched. No wonder he was once a God. Even though he was a Disabled God now, he still had brilliant means that ordinary people couldn't understand.

With Lin Yi's current level, he couldn't see through this technique at all.

"He's unfathomable,"

Lin Yi sighed and opened a spatial crack with one hand, ready to follow.

However, just as he was about to enter the spatial Rift, a terrifying tremor suddenly came out of nowhere and shattered his spatial Rift on the spot!

Lin Yi was forced to stop.

If he were to force his way in, even if he was a space rule ability user, he would most likely die from the backlash.

The more profound a rule was, the more dangerous it was, and the easier it was to suffer a backlash. This was an ancient truth that had never changed.

Very quickly, three auras had already surrounded him.

One of them was Zhao Wuji, the beast God's advisor.

The other two were also wearing godly robes. One was a woman with a graceful figure, and even Lin Yi couldn't help but be stunned when he saw the face of the last one.

It was Ying long who had been missing for a long time!

Although the strength of his aura wasn't on the same level as before, all the details showed that this person was undoubtedly Ying long!

"Ying long?" Lin Yi asked, testing the waters.

"You know me?"

Ying long, on the other hand, had a strange expression on his face. From his unfamiliar eyes, he seemed to have completely forgotten about Lin Yi. He had no impression of him at all.

Chapter 9943 The End

Did he lose his memory?

Lin Yi was taken aback. He'd been sending people out to search for her ever since she went missing, and they'd practically turned the whole of Jianghai upside down, but there was still no news.

He didn't expect that he had lost his memory!

However, looking at the way he was dressed, not only had he lost his memory, he had even become an advisor of the beast God, and his strength was unfathomable!

"Of course I know you. I've been looking for you. Yinglong, do you want your memory back?" Lin Yi said in a deep voice.

"Recover my memory?"

Ying long seemed to be in a daze. However, under the influence of some external force, his gaze quickly regained its firmness. "No matter what kind of memory it is, it's not important to me. The first thing I need to do is to complete the task assigned by the beast deity!"

He had been deeply brainwashed.

Lin Yi didn't want to persuade him anymore. It was impossible to break the God's brainwashing control on his advisors with just a few words.

Rather than wasting his saliva, he might as well save some energy.

"I clearly sensed the aura of that useless God just now," the woman beside him said. "How can he be an ordinary human?"

Zhao Wuji coldly snorted,

After speaking, he attacked Lin Yi first with his full strength!

If he hadn't mentioned him in the conversation with the former beast God, Lin Yi wouldn't have associated him with the word "mole." At least from his actions, this man's loyalty to the beast God was far higher than the other two!

Once Zhao Wuji made his move, Ying long and the other man naturally wouldn't stay idle either. They immediately followed up and attacked Lin Yi.

In an instant, Lin Yi's situation became extremely bad!

The three of them were all above the top combat power. Even Ying long, who had the least experience, was obviously much stronger than The Walking of gods he had met in the secret lands.

In other words, they were three real super-top combat forces!

With Lin Yi's current strength, he could take on a super top-class combat force one on one, but one against three ... He had no chance of winning at all.

After just two exchanges, he was forced into a desperate situation.

"Human cultivators are indeed all trash."

The woman laughed in disdain and was about to end Lin Yi's life.

But just as she was about to kill him, a huge Buddha rose from the ground behind Lin Yi and slammed down with an expressionless face.

Great mercy and great compassion palm!

"How is this possible?"

The woman was stunned. Including her, the three advisors of the beast God, who were comparable to super-top-notch combat strength, were sent flying by the palm and disappeared without a trace!

By the time they came back, Lin Yi was long gone.

The woman was immediately flustered and exasperated. "He actually ran away! What a sinister and cunning man!"

Zhao Wuji said faintly, "this person is called Lin Yi. He's a bit unpredictable. Even li songzhang, a half-step venerable, couldn't get any advantage from him. Instead, he suffered quite a bit."

"Li mengzhang? He's used up so many of our beast God Hall's resources, yet he can't even deal with someone like this?"

The woman immediately took out her anger on him. "He's really a piece of trash. We're responsible for supervising him this time. We must give him a stern warning. If necessary, I'll report it to the main hall directly!"

Zhao Wuji secretly nodded, to be angered by such a powerful woman, this time li songzhang's days might really not be good.

"Since there's no other aura here, there might be something wrong with the monitoring device. Let's go back to the city Lord's mansion first."

Under Zhao Wuji's suggestion of pushing the boat with the current, the three people very quickly left the top of Tiangang mountain, disappearing in the blink of an eye.

After a long time, the old man reappeared at the place where he had disappeared. Even the former beast God could not help but be surprised when he saw the magnificent marks left by the palm of great mercy.

Such a method was nothing to a true God.

However, it should be known that once a God descended to the human world, he would be suppressed by the entire world's rule system in all aspects. Even if he was still sitting on the beast God's throne, under the layers of restrictions, his power would not be much stronger than this.

"If used well, he is indeed a rare chess piece."

Back at Jianghai Academy.

After Lin Yi told everything he saw and heard to Tian Xiangyang and the others, the entire place fell into a dead silence.

There was too much information to digest in a short time.

After a long time, Tian Xiangyang finally spoke, "how much credibility do you think his words have?"

"Ten points."

Lin Yi gave a definite answer, but then added, "However, he must still have many things that he hasn't told me. He must have taken the initiative to find me this time to use me. If I really want to cooperate with him, I must always be on guard against being betrayed by him."

Banshi Luo nodded."It seems like we have to adjust our original plan. The current situation is far worse than the worst we had expected."

"Once the sea beasts attack, they'll be even more brutal than the dark Beast tide. We really have to make early preparations."

Everyone couldn't help but look at each other and smile bitterly.

This was almost forcing them to abandon their entire original plan. The amount of work they had to do was simply immeasurable.

But he had no choice. If he wanted to live, he had to do these things. He couldn't skip a single step.

Tian Xiangyang paused for a moment before he continued,"however, the most urgent matter at hand is to get rid of li songzhang first."

Compared to the sea beast tide in the future, this was the most pressing threat.

Banshi Luo nodded and looked at Lin Yi."Since he has already sneaked into your Intelligence Department, why don't we just beat him at his own game and satisfy his wish?"

"I was thinking the same."

Under Lin Yi's orders, a piece of top-secret information was quickly sent to the core intelligence network in Jianghai city.

The wartime Committee was formulating an assassination plan against li songzhang. All intelligence lines would prioritize collecting all of li songzhang's recent movements and providing alternative ambush locations.

It wasn't just that, there was also the news that Lin Yi would be there to verify the location himself.

Li songzhang, who was hiding in the intelligence network, was overjoyed.

After what happened last time, he wouldn't dare to go back to Jianghai Academy for a while, and this meant that if Lin Yi decided to hide in the school, he wouldn't be able to do anything.

Luckily, Lin Yi had more balls than he thought.

Beat him at his own game!

Li songzhang reacted as everyone expected. Now that there were three beast God's advisors in the house, he didn't need to worry about the house's safety anymore. He could help Lin Yi with everything he had.

In less than three days, the intelligence line he was in reported the results.

Chapter 9944 Power

In order to make the information he gave more accurate, he even pretended to be the real deal for three days. His movements were very regular, including a remote place that was very suitable for an ambush.

However, when he handed over the information, it was like a stone sinking into the sea, there was no news at all.

Could he have been seen through?

As soon as this idea came into his mind, li songzhang rejected it.

He was extremely confident in his disguise-he wouldn't even let Lin Yi off, let alone a bunch of weak intelligence agents.

As for the information provided this time, although it seemed to be a little too smooth, there was no substantial doubt.

The only explanation was that Lin Yi was too cautious and was still observing.

Then let the bullet fly a little longer!

Li songzhang maintained his patience, and finally, his patience paid off.

The spy he'd planted in Jianghai college had informed him that Lin Yi had gone into isolated cultivation all of a sudden. He wasn't even attending the important War Council meeting.

Li songzhang immediately noticed the opportunity.

To practitioners, practicing wasn't something to be surprised about-there were plenty of people who'd go into practicing for decades, but with the current situation, Lin Yi going into practicing at a time like this was a bit intriguing.

"Is this a smokescreen to numb me? Hehe, this is interesting. "

Li songzhang saw through Lin Yi's plan immediately.

But in fact, Lin Yi really was in seclusion this time.

It all started when Jiang xiaoshang asked,""Do you want to devour the beast God's divinity?"

"Is there really a chance?"

Lin Yi couldn't help but be surprised.

The suggestion of the former beast God was just a bait to lure him in.

He didn't believe a single word about snatching the beast God's godhood. The only reason he agreed was to feign civility with the other party, wanting to see what they were up to.

Jiang xiaoshang scoffed. "If you believe that useless God's words, you definitely don't stand a chance. Even if you're lucky enough to succeed, he'll be the one to regain his throne. You're just an idiot who's helping him get what he wants."

"Then what do you mean?" Lin Yi frowned.

Jiang xiaoshang chuckled. "That useless God is up to no good. If you want to follow his lead, of course you won't stand a chance. But if I help you, it'll be a completely different story."

"How are you going to help me?"

Lin Yi didn't believe the ex-beast God, but the words that came out of his mouth still had to be discounted.

"The first step of devouring the beast God's Godhead is to find an opportunity to devour that useless God," Jiang xiaoshang said with a chuckle.

"Why?" Lin Yi asked, confused.

"Godhood is a type of rule power that has reached the extreme. You can understand it as having 100% control. However, under normal circumstances, no matter how talented a human cultivator is, no matter how good their opportunities are, they can only reach 99% at most. They will never be able to take that final step."

"Because the God of creation doesn't allow it," Jiang xiaoshang said faintly after a pause.

"The God of creation doesn't allow it?" Lin Yi asked, surprised. Could it be that he has monopolized everything?"

"Yes, you can understand it that way."

Jiang xiaoshang praised, "ever since those ancient gods were completely defeated, the God of creation has controlled all the rules of this world. The so-called gods each control a rule in name. They have 100% control."

In fact, he was just acting on behalf of the God of creation, and all the rules were still in the hands of the God of creation.

If a God violated the rules set by him, he would be kicked off the altar at any time. Don't look at how that useless God was stabbed in the back by his own advisor on the surface. In fact, it was just a cover to fool you laymen.

Even if you used your toes to think, you would know that if there was no higher level existence behind the scenes to add fuel to the fire, how could a mere walking of gods, which was under complete control, be able to counterattack their master?

Does that useless God look that useless?"

"....."

Lin Yi said.

This was also one of his biggest doubts about the former beast God. The higher the level of The Walking of gods, the deeper the bond with the gods. Their life and death were in the hands of the gods. How could they counterattack just like that?

Jiang xiaoshang said with interest, "the essence of this matter must be that the useless God had some thoughts that he should not have. As a result, the sleeping God of creation sensed it. That's why he came up with a plan to suppress the superior."

"What does that have to do with me swallowing him?" Lin Yi asked, still confused.

"Although he is now a useless God without a divine persona, at least in name, the God of creation has not officially abolished him. In other words, in the current world's rule system, he is still a member of the recognized gods."

"In other words, as long as you swallow him, you will be able to obtain the recognition of the God of creation. You will then have a chance to obtain 100% control over the rules!" Jiang xiaoshang said excitedly.

"That's still a little far off. "

Lin Yi didn't comment.

However, his heart also gradually became active. In the long run, this was indeed a rare shortcut.

As an ancient God cultivator, as his strength continued to grow, he was bound to attract the vigilance of the God of creation. To a certain extent, this unorthodox way of going public by a shell might really be a good way to deceive people.

Jiang xiaoshang was immediately a little angry,""You are the last ancient God in the future. Your mission is to overthrow the existing rule system, and killing the God of creation is your ultimate goal. How can you not prepare for a rainy day now?"

"Kill the God of creation ..."

Lin Yi's mouth twitched-when did he ever have such a big goal?

Seeing Lin Yi's speechlessness, Jiang xiaoshang changed the topic,""Let's not talk about the future. Let's talk about the present. I'll give you a chance to devour a crippled God and make your strength change dramatically. Do you want it?"

"Of course."

Lin Yi replied without hesitation. After all, he wasn't a good person.

Since the other party had set their eyes on him, he should be prepared to be devoured by him. One for one, fair and reasonable.

Jiang xiaoshang chuckled."That's more like it. Come, come, come. I'll teach you how to swallow that useless God."

Five days later.

Lin Yi walked out of the nine-story Pagoda, his aura more reserved than before. At first glance, he didn't seem to have improved at all, and was no different from a normal Big Shot at the peak of late stage of perfection.

If he changed his face, no one would link him to the Lin Yi who was like heaven and earth.

Even Tian Xiangyang and Luo Banshi would probably not be able to recognize him.

"Hehe, when I see that useless God again, I'll definitely give him a huge surprise!"

Jiang xiaoshang was very satisfied with the results of his teaching.

Chapter 9945 Power

"If I used this against you, what would you do?" Lin Yi asked.

"....."

Jiang xiaoshang immediately fell silent.

If this move could deal with the former beast God, it could deal with him too. To a certain extent, it was equivalent to him putting his life in Lin Yi's hands.

He'd really be dead if Lin Yi had any ill-intentions towards him.

Lin Yi couldn't help but smile at the reaction.

Of course, he could see the deeper meaning behind Jiang xiaoshang's actions. Rather than saying that Jiang xiaoshang was helping him deal with the former beast God, it was more like Jiang xiaoshang was taking the initiative to submit a pledge of Allegiance when the situation was not looking good.

If he hadn't shown his loyalty, Lin Yi might've done something to him.

After all, he'd been hiding a lot of things from Lin Yi, and he knew very well that Lin Yi wasn't a good person.

Jianghai city Lord's mansion.

Zhao Wuji and the other two beast God's advisors joined forces to enter the city Lord's office, only to find it empty. "Where's Li songzhang?"

"Looks like he went to be a spy again. He doesn't do his job all day long, what a waste!"

The woman cursed disdainfully and then suggested, ""I'm going to report to the beast God Hall and get rid of him. We'll find a more reliable human puppet to replace him. Who's willing to chime in?"

In name, li songzhang was still the master of the city Lord's mansion, but he was under the supervision of the three beast God's advisors.

As long as the three of them reached a consensus, they had the right to dismiss Li Songzhang from his position as the city Lord.

"Even though he's not doing his proper work, he has a blood feud with Jianghai Academy. There's no need to worry about him not putting in any effort. I don't like him either, but objectively speaking, this person has some value in being recycled."

"What do you say?"

The woman turned to look at Ying Long, who was silent.

Ying Long had the least experience among the three of them. His strength wasn't outstanding compared to them. In theory, he had the least right to speak. He could only obey the two.

However, Ying Long's identity was special. If he really opened his mouth, neither she nor Zhao Wuji would dare to ignore him.

"In order to not give The Crippled God a chance, the situation in Jianghai has to be stabilized as soon as possible. Li Songzhang's undercover operation is an opportunity." Ying Long said slowly.

The woman was a little unwilling, but she could only obey the majority. "If that's the case, then give him one last chance to prove himself. If he still can't wipe out all the remaining scum of Jianghai Academy, then he'll have to take responsibility!"

What they didn't know was that Li Songzhang had already decided to give up.

He'd been in the intelligence Department for half a month, and he'd thought he was about to succeed, but Lin Yi hadn't shown any signs of him.

From the beginning to the end, he had been hiding a sense of loneliness.

To be honest, half a month's time was nothing to an undercover agent. There were many real professionals who had been in hiding for several years.

But he was different.

The three beast God walkers sat there. Even though he was stronger than them, he was still under great pressure.

If he couldn't produce results as soon as possible, he wouldn't even be able to maintain his current position, let alone advance in the beast God Hall!

There had been no news for half a month, which was already a serious dereliction of duty.

"Were those just smokescreens? Are you just covering up for other things?"

Just as Li Songzhang couldn't help but decide to give up, an order suddenly came from the intelligence office's direct line.

"Quickly submit more detailed information about patrol Dragon Bay, as well as the information about the recent patrol of patrol Dragon Bay by thief Li."

Li Songzhang suddenly perked up.

Hard work paid off, and the opportunity had finally come!

"This Lin Yi kid is really cunning-he's taking this long to investigate, he's really careful."

Li Songzhang felt that he had completely seen through Lin Yi's thoughts. The bait he set up before was effective, but Lin Yi's patience and caution were far beyond his expectations.

If it wasn't for his patience, he would have failed.

What he didn't know was that his series of reactions were all within Lin Yi and Luo Banshi's expectations.

With the methods of this group of people, if they really put in the effort to set a trap for someone, no one in the entire Jianghai city would be able to escape, including him, a half-step venerable!

"Only the fish that he had worked so hard to catch would taste good. Only then would he believe it."

Banshi said with a smile.

As a time ability user with more than 20% control over the rules, even though it was difficult for him to see the real future related to li songzhang due to the difference in their realms, he could still deduce some vague scenes.

He was the one who designed li songzhang this time.

Tian Xiangyang's expression was serious as he warned Lin Yi, ""Remember, in this battle against li songzhang, the half division and I will be the main force. Your task is to be the bait to lure him out and then pin down the rest of the people in the city Lord's mansion. Don't try to be brave and come over to join in the fun."

"Half-step Venerables are no small matter," Banshi Luo added. "You can't handle them now. If anything happens to us, don't even think about helping us."

When the time comes, what you need to do the most is to escape with your life intact and think of a way to evacuate the rest of the people, understand?"

Lin Yi didn't know what to say after seeing the two's expressions. "It can't be to this extent, right? With the strength of the two of you, even if the plan failed and Li songzhang escaped, it shouldn't be impossible for you to come back, right?"

"You're right, but ..."

Tian Xiangyang laughed in a carefree manner, "I have a bad feeling about this."

All experts would have a sudden impulse, especially at Tian Xiangyang's level, he could sense many things in advance.

Including life and death.

"Then cancel the operation." Lin Yi frowned.

Compared to Tian Xiangyang's safety, li songzhang's life was nothing. If anything were to happen to Tian Xiangyang, even if he were to kill li songzhang, it would not be worth it.

After all, li songzhang was just a dog of the darkness demon beast. On the other hand, Tian Xiangyang was the only person who could unite the various factions of Jianghai Academy.

No one could replace his position.

Banshi Luo couldn't be replaced, and Lin Yi couldn't be replaced either.

Tian Xiangyang shook his head with a smile, "there are some things that you can't avoid even if you want to. If I were to avoid them this time, the situation would only get worse. It's better to face it calmly. If I'm lucky, there might be a chance for me to turn things around."

Remember, kid, sometimes, you have to gamble with your life. "

"Life wager ..."

Lin Yi really didn't expect a normal fishing operation to turn out like this.

But now that things had come to this, he couldn't stop her even if he wanted to.

Chapter 9946 Power

Two days later.

Lin Yi didn't inform anyone in Jianghai city, coming to patrol Dragon Bay alone.

This was one of the most important nodes in Jianghai city's spell formation. Once this place was destroyed, the teleportation channel that the darkness magical beasts used to enter Jianghai city would be shut down, and it would take at least five days for it to be fully reactivated.

At that time, these five days would be the best opportunity to launch a counterattack.

As long as they could take down Jianghai city within these five days, they would have a chance to completely isolate the darkness magical beast from Jianghai city, and even return to the peaceful situation they had in the past!

Therefore, this place was heavily guarded by the darkness demonic beasts, and even Li Songzhang himself had to come here to patrol regularly.

"As expected, they're here!"

Li Songzhang, who had been hiding here for a long time, was overjoyed, but he didn't rush to make a move.

Since they wanted to assassinate him, they couldn't just rely on Lin Yi alone. Tian Xiangyang and Luo Banshi were the main characters, and without them, Lin Yi would use his head to assassinate him!

As expected, he quickly detected the two people's auras.

"Hehe, you've really hidden it well."

Li songzhang sneered. No matter how well Ren Xiangyang and Banshi Luo hid, they were still useless in front of a half-step venerable like him.

As long as he didn't let his guard down and didn't fall into the opponent's trap like last time, there was no possibility of him losing.

Li songzhang immediately appeared in Lin Yi's line of sight as planned.

On the surface, there seemed to be no vigilance at all. It was still a normal patrol. The accompanying experts were the same as before, neither more nor less, not giving people the slightest chance to be suspicious.

Everything was calm at first, but Lin Yi finally made his move after he finished his patrol and all his men let out a breath of relief.

Great mercy and great compassion palm!

He didn't hold back at all, and with a single palm, a large number of the darkness magical beast experts present died!

At the same time, Tian Xiangyang and Luo Banshi also launched an attack. Their target was naturally Li Songzhang.

"Good! I've been waiting for you!"

Li Songzhang shouted and immediately faced the attack head-on.

He had suffered a loss at Jianghai Academy. As a half-step venerable who had the upper hand in terms of raw strength, he was not resigned to the outcome. He did not think that he would be inferior to the two of them if they joined forces.

Previously, he had been caught off guard by the two of them and suffered a big loss. This time, with careful preparation, the result would naturally be completely rewritten!

The truth was as he had expected.

Other than being held back by the two of them at the beginning, the situation immediately turned into a one-sided situation after he adapted to the rhythm and began to deliberately target Tian Xiangyang.

"Hehe, Super Combat strength is nothing in front of a half-step venerable!"

Li Songzhang even had the mood to mock him.

All this while, the two of them had been like two huge mountains pressing down on his head. He was clearly the number one in Jianghai city, but when people mentioned him, almost everyone felt that he was inferior to the two of them.

What he couldn't stand the most was that even in his bones, he had to admit that this was the truth.

That was why he had such an obsession. Even if he had to abandon his identity as a human, he had to suppress the two of them!

And now, this had finally become a reality.

In the end, just when he thought the dust was about to settle, Tian Xiangyang, who was obviously forced into a corner by him, suddenly laughed.

"Oh, really? I've always felt that I'm quite strong. "

As he spoke, this person's aura suddenly increased by a hundred times. He unsheathed his long sword and turned it into a never-before-seen ray of light, aiming for li songzhang's heart.

In an instant, li songzhang's heart stopped.

His strong intuition warned him that if he was stabbed by this sword, he would die even if he was a half-step venerable!

He absolutely could not receive this sword!

However, just as he was trying his best to Dodge, the time around him suddenly froze without any warning. Li songzhang's entire body froze.

Luo Banshi walked past him unhurriedly.

His time freeze was so powerful that even a half-step venerable could not resist it!

"Well done!"

Tian Xiangyang complimented from the bottom of his heart, and immediately thrust his sword at li songzhang.

This wasn't the end. He immediately struck out a dozen times, any one of which could kill li songzhang.

Because of the time freeze, these attacks could not directly land on li songzhang, but once Banshi Luo deactivated his ability, they would all take effect.

In front of such an unprecedented attack, even half-step Venerables were doomed to die.

Pa! Pa! Pa!

A crisp sound of clapping suddenly came from the distance, and three figures in divine robes slowly approached.

"Not bad, not bad. To be able to force a half-step venerable to such a dead end, I have to admit that you two are indeed quite capable. You are worthy of our three advisors of the beast God's attention."

Zhao Wuji was the first to speak.

The woman next to him immediately added, "but don't get too cocky. It's not because you're strong. It's because Li Songzhang is too weak. Since he dares to openly oppose the Beast God Hall, today will be the day you die."

"Is that so?"

Tian Xiangyang smiled indifferently, but his eyes fell on Yinglong.

Ying long was a young man with potential that Xu Anshan had discovered and had even brought him here to register. He could be considered a direct member of his faction. However, he didn't expect that in the blink of an eye, he would be on the opposite side.

As he spoke, Banshi Luo removed the time freeze.

All the fatal attacks landed on li songzhang's body at the same time. Li songzhang was dismembered into a disfigured body, including his primordial spirit. In the blink of an eye, he couldn't be more dead!

A dignified half-step venerable had died with his eyes wide open.

The situation was good.

The remaining experts on the other side, including the three beast God's advisors, were still not enough to deal with Tian Xiangyang and Luo Banshi. If there were no accidents, the overall situation was already set.

Lin Yi, however, had a bad feeling.

This operation had gone too smoothly, so smoothly that it was a little unreal.

As expected, the three beast God's advisors didn't panic at all. Instead, they crossed their arms and looked at Lin Yi's group as if they were watching a good show.

Before anyone could react to what was wrong, a monstrous aura of a peerless beast suddenly rose up behind them.

He turned around and saw a huge nine-tailed fox that was hundreds of meters tall. The powerful aura that it exuded was exactly the same as li songzhang 's!

However, li songzhang was clearly dead.

In front of Lin Yi and Tian Xiangyang, there was no way they could fake their deaths and get away!

Chapter 9947

"Still wondering why he's not dead? A nine-tailed fox has nine lives, isn't that basic knowledge?"

Zhao Wuji's three people sneered at the situation.

Lin Yi and the others looked at each other.

A nine-tailed fox of this size had already far exceeded the limits of domain manifestation. It was completely at the level of laws. This was the legendary manifestation of laws!

"He's ranked 13th on the ancient ferocious beast list. This is going to be a bit troublesome."

Banshi Luo reminded Lin Yi through his divine sense.

Any ancient fierce beast that could be listed on the list was by no means a simple character, especially the existences at the top. Each of them had the power to destroy the world, and even the gods in the past could not easily suppress them.

Even if it wasn't his main body and was just a manifestation of laws, it would at least have 10% of his main body's strength.

10% of his strength was enough to do whatever he wanted in Jianghai city.

With a casual breath, the thousand-meter-tall mountain in front of him evaporated into thin air, making everyone's eyelids Twitch.

"To be able to take away my life, I'll consider you guys quite capable. However, this will be the end of it."

Li songzhang's voice came from the Nine-Tailed Fox's body. In addition to his teasing, there was an obvious hint of uncontrollable ruthlessness. It could be seen that even with his half-step venerable realm, it was a great burden to transform into a nine-tailed fox.

However, even if he could only hold on for a moment, the release of such a great killing weapon was enough to make the final decision.

Moreover, he was not fighting alone today. There were three beast God walkers behind him!

From the moment Lin Yi and the others showed up, today's ending was already set in stone. Li songzhang was definitely the one who would have the last laugh!

"You're that confident? I'm not convinced when I heard that. "

Tian Xiangyang smiled in a composed manner. Then, the aura around him burst out again, and a human-shaped shadow that was a thousand meters tall stood up behind him.

A majestic aura of a King instantly swept through the surroundings.

Even the Nine-Tailed Fox, which was hundreds of meters tall, seemed a little shorter in front of this Phantom. It was not only suppressed in size, but more importantly, in its aura.

Li songzhang was shocked. He actually felt an unprecedented trace of fear in the remnant will of the Nine-Tailed Fox!

"The head of the Five Emperors, Yellow Emperor Xuanyuan!"

The three beast God's advisors were also dumbfounded.

The Nine-Tailed giant fox was already an absolute killing weapon. Who would have thought that Tian Xiangyang would actually summon an even more ruthless one!

"I'll go! How could there be such a ruthless person! Your little Jianghai Academy sure is something else!"

Even Jiang xiaoshang was amazed in Lin Yi's mind.

Lin Yi's heart was also surging with emotions. It was his first time seeing Tian Xiangyang go all out, but he couldn't help but ask, "Is the Nine-Tailed Fox afraid of Emperor Huang Xuanyuan?"

"It's not just the Nine-Tailed Fox. Go and ask those unparalleled beasts, which one of them isn't afraid of the Yellow Emperor?"

Jiang xiaoshang clicked his tongue and said, "in ancient times, ferocious beasts were rampant. Because their ferocity had a restraining effect on divine might, even the gods could do nothing to them. At one point, the world was even dominated by these peerless ferocious beasts."

In this extremely harsh environment, it was the Three Sovereigns and Five Emperors who led the human race to rise to power. They went on a punitive expedition against the peerless ferocious beasts everywhere and almost exterminated them. Only then did the world return to order.

Among the Three Sovereigns and Five Emperors, Emperor Huang Xuanyuan was the most ruthless and had the most brutal battle record.

Thus, be it the few remaining beasts or the beast apparitions summoned by the laws, they all have a fear of the Yellow Emperor that comes from the bottom of their bones. They can't even raise their heads. "

Lin Yi couldn't help but laugh at the scene."So, our Lord Tian is the victim that this city Lord Li can't avoid?"

It was tragic just thinking about it.

Before the darkness demonic beast came, li songzhang was suppressed by Tian Xiangyang until he couldn't even lift his head. Now that the darkness demonic beast had come, li songzhang had even given up his identity as a human, but in the end, he was still suppressed until he couldn't lift his head.

Didn't this F * cking darkness magical beast come for nothing?

"Impossible! You can't possibly suppress me with your strength!"

Li songzhang roared madly, forcefully using his will to guide the Nine-Tailed Fox. The Nine-Tailed Fox was afraid of the Yellow Emperor, but he, li songzhang, was not!

In the end, when he finally managed to get the Nine-Tailed Fox to raise its head and was about to give Tian Xiangyang a fatal blow, the Yellow Emperor's projection suddenly raised his hand and swung his sword.

The Nine-Tailed Fox's movements came to an abrupt stop, and one of its tails fell. Including the one that was lost at the beginning, the nine tails became seven on the spot.

Everyone was stunned.

Before anyone could react, the Yellow Emperor's projection swung out six more swords.

In less than a breath's time, the nine tails, which had been so ferocious a moment ago, had been chopped into one tail!

It was a complete one-sided suppression!

It was not that Li Songzhang did not resist, but his resistance was completely useless in the face of this bloodline suppression. Everything he did from the beginning to the end was in vain.

"You have nine lives? Think of a way to come up with a tenth one. If you can't, you'll die. "

As Tian Xiangyang spoke, another one of Yi Jian's subordinates appeared.

The shadow of death immediately enveloped li songzhang. Li songzhang tried his best to escape, but unfortunately, he couldn't escape from this destined sword.

However, at the last moment when the sword light fell, a majestic divine power suddenly descended from the sky and instantly enveloped Tian Xiangyang, making him unable to move.

At the same time, two other auras landed on Luo Banshi and Lin Yi's heads, immobilizing them as well.

Li songzhang, who had just escaped from death, looked at the Xuanyuan sword's shadow in front of him and felt a lingering fear. He couldn't help but turn his head and look at the person who had released the three divine auras in shock.

Ying long.

"Greetings, beast God."

Li songzhang reacted and quickly kowtowed.

At this moment, Ying long was no longer the real Ying long. With his strength, it was impossible for him to unleash such divine might. Only the descent of a beast God would have such a Grand display!

Jiang xiaoshang chuckled in Lin Yi's mind, ""No wonder I always felt that this thing was not normal. It turns out that it is a spiritual will carrier."

"What is a spiritual will carrier?"

Lin Yi couldn't move his body, but he could use his spirit sense to communicate with him.

Jiang xiaoshang explained, "when you use your avatar, do you have to leave an essence soul seed in it?"

"Of course. Otherwise, how would I be able to control my clone? it doesn't have a soul, and it can't move on its own."

Lin Yi reacted quickly, "you're saying that the one controlling Ying long isn't himself, but the beast God's parapsychic sense. He's just a puppet?"

"That's right. Now you know why this guy lost his memory. It's for the convenience of implanting the spiritual will seed so that it won't be affected by his past memories."

Jiang xiaoshang said with interest, "the beast God can't descend at will. However, he can use this method to descend in a different way. You can think of Ying long as an extremely weak version of the beast God's clone."

Chapter 9948

Although it was said to be an extremely weak version, three real divine auras covered their heads. Including Tian Xiangyang, who had already summoned the Yellow Emperor's projection, the three of them were unable to move.

The gap between humans and gods was so great that it was simply unimaginable.

"Li songzhang, what are you waiting for? hurry up and kill them!"

The female beast God Walker berated.

Li songzhang seemed to wake up from a dream and quickly kowtowed, ""This subordinate will do as you command."

As the Nine-Tailed Fox stood up again with its last tail, a strong threat of death came crashing down on them. However, neither Tian Xiangyang nor Luo Banshi could break free from the suppression of the divine might.

As for Lin Yi, it was even more impossible.

"As long as the three of them are dead, Jianghai Academy will collapse on its own, and the Beast God Hall will rule Jianghai!"

Zhao Wuji looked at this scene in high spirits.

At the last moment, Lin Yi asked in his mind, ""What would happen if I used the ultimate perfect domain now?"

"I suggest that you don't use it. Under the divine might, it's like you're being monitored from all directions. Once you use it, you'll be completely exposed to the beast God as an ancient God. The consequences will be unimaginable."

Jiang xiaoshang quickly tried to stop him.

The ancient God cultivators were very powerful, so powerful that even the God of creation had to be afraid of them. However, the problem was that that would be after they had grown up, not now.

With Lin Yi's current strength, he could be considered the number one figure in Jianghai city, but he was nothing in front of the gods.

The only way to survive was to keep a low profile.

Otherwise, once they entered the sight of the gods, they would definitely be discovered and destroyed without any suspense.

"If I can't even make it through today, then what's the point of the consequences?" Lin Yi said, curling his lips.

After he finished speaking, he was about to explode.

The ultimate perfect domain not only naturally restrained all rule force experts, but it also restrained most of the gods 'methods. It would be a piece of cake for it to break through this divine might!

However, at this moment, another divine might suddenly landed on his head.

Lin Yi's body shook.

His first reaction was to think that he had been discovered by the other party, so the other party had made the first move to gain the upper hand, adding a double insurance.

However, he immediately knew that he was wrong. This divine might didn't come from Ying long. Not only did it not suppress him at all, but it actually clashed with the divine might from before and canceled each other out.

"Ha, he's finally made a move."

Lin Yi sighed in relief.

Although he did not reach an agreement with the former beast God on the spot, they had already formed a certain degree of tacit understanding. The hunting operation against Li Songzhang was a touchstone for future cooperation.

If both sides were satisfied this time, there would be room for further cooperation in the future. Otherwise, it would be useless to say anything more.

At that moment, he thought that the former beast God had retreated. Now, it seemed that the former beast God at least had the courage to face the current beast God.

"That crippled God!"

Apart from Yinglong, who was possessed by his divine sense, Zhao Wuji and the woman's expressions changed greatly at the same time. "He's actually colluding with Jianghai Academy? You actually have the guts to jump out?"

Li Songzhang was also shocked and suddenly felt a little overwhelmed.

At this stage, the situation had already completely left his control.

"Trash! That crippled God can only block one of the God's might at most. There's only the weakest Lin Yi, what do you have to be afraid of!"

The woman cursed in anger.

When li songzhang reacted, he was also secretly annoyed. Today was really a big shock, causing him, a formidable character, to lose his standard and actually be at a loss.

It's just Lin Yi, not Tian Xiangyang, what's there to be afraid of!

With a furious roar, the Nine-Tailed Fox immediately attacked in anger. It opened its mouth and spat out another fatal breath.

However, his target wasn't Lin Yi, but Tian Xiangyang and Luo Banshi. No matter what, these two were the biggest threats to him!

Now that they couldn't move, he could kill them first as a form of respect!

At the critical moment, a huge Buddha Palm fell from the sky and extinguished the fatal breath in front of everyone.

"I'm your opponent, city Lord li. "

Lin Yi stood in front of Tian Xiangyang and Luo Banshi calmly.

"You don't know what's good for you!"

Li songzhang's face suddenly turned as black as the bottom of a pot.

Tian Xiangyang and Luo Banshi jumping around in his face was one thing-whether he was willing to admit it or not, the two of them did have the strength, but who the hell was a mere Lin Yi?

Although that move just now could indeed be called amazing, as someone who was only at the peak of the late stage of the consummate level of a Big Shot on the surface, being able to block a move from him, a half-step venerable, was enough for him to brag about it for the rest of his life.

Unfortunately, that was all.

Lin Yi's palm of great mercy needed to be charged up, but li songzhang's nine-tailed fox form only had one of the most basic instincts-he didn't need to charge up at all!

As expected, when the second fatal breath landed, Lin Yi didn't have the strength to face it head on anymore.

However, he did not Dodge it. Instead, he forcefully opened a spatial Rift and banished the fatal breath into the void.

This wasn't all. Immediately after, another spatial Rift opened behind li songzhang's head.

Before he could react, the deadly breath that had been banished landed on his head after circling the void once.

Li songzhang's vision turned black as he was blown into a daze by his own attack!

"Stupid trash!"

The woman seeing the situation couldn't help but curse again, to the side Zhao Wuji also had an expression that couldn't bear to look directly at.

A dignified half-step venerable was being played like this. No one else could do this. Li songzhang had almost single-handedly lowered the prestige of a half-step venerable.

However, he could not be blamed for this.

It was rare to see a monster like Lin Yi with a bunch of top-tier rules, especially rules like time and space. It wasn't strange for him to be able to beat the top with the brute force of the rules.

"A clown! I want you to die without a burial ground!"

Li songzhang was completely enraged this time. He directly entered berserk mode and no longer used his breath. Instead, he chose to fight in close combat.

Although it was called hand-to-hand combat, it was actually just using one's body size to bully the weak. This was the simplest way of fighting, but at the same time, it was the most reliable way of fighting!

Yet, before he could even touch Lin Yi's clothes, another palm of great mercy and great sorrow descended from the sky.

It forcefully pressed the Nine-Tailed Fox, which was hundreds of meters tall, to the ground. It rubbed the ground back and forth in an extremely violent and rough manner.

“.....”

Although the damage was limited, li songzhang was almost driven crazy. Even if you are cheating, there should be a limit!

The female beast God Walker couldn't stand it anymore and attacked Lin Yi.

Chapter 9949 Power

Facing a half-step venerable alone, Lin Yi had the upper hand, but anyone with eyes could tell that it was only temporary.

No matter how violent and rough the scene was, as long as it couldn't cause fatal damage to li songzhang, everything would be in vain.

If he was not careful, he would be killed by li songzhang at any time!

Moreover, with the addition of an experienced employee of the beast God, even if she was a woman, she was still a super-top combat force that was not inferior to Tian Xiangyang or Banshi Luo!

Once she joined in, Lin Yi was immediately surrounded by danger. He was slapped from the sky to the ground by the Nine-Tailed Fox's claw.

Just as the woman was about to finish Lin Yi off, a heavy fist suddenly tore through the air and blasted her away from Lin Yi!

"Mu Shen, you're crazy!"

Li songzhang was shocked. The owner of this Iron Fist was the second-in-command of the city Lord's mansion, mu Shen.

All this while, mu Shen had never truly been loyal to him, and both of them knew this.

But even so, he still believed that mu Shen would never betray him.

It wasn't that li songzhang was confident in his charm, but that he always believed that mu Shen was a smart person like him, a smart person who knew how to judge the situation!

He was very confident in his judgment of people.

As long as one knew how to judge the situation, it was clear at a glance what choice they should make under the current situation.

Who would've thought that mu Shen would do such a stupid thing at such a critical moment when the dust was about to settle!

As mu Shen suppressed the woman with his overbearing fists, he snorted coldly in response. ""No matter how crazy I am, at least I know that I'm a human, not an animal!"

"Bullshit! Have you not done enough of the stupid things that you used to do? Would a guy like you really care about a mere human identity?"

Li songzhang scoffed and immediately reacted, ""You weren't bribed by Lin Yi last time, were you? Hmph, that must be it. To think that they would still believe that they would have the last laugh, how laughable their naivety!"

"Whatever you say."

Mu Shen was already disdainful of retorting.

He did have an agreement with Lin Yi, but the initiative was in his hands, and this was an impromptu decision.

What he didn't know was that his actions were all within Lin Yi's expectations. Banshi Luo couldn't see li songzhang's future because of his realm, but it wasn't hard to see mu Shen's future.

"You're still not going to attack?"

The female beast God was entangled by mu Shen, unable to escape for a while, and could only helplessly speak to Zhao Wuji.

If it was just li songzhang's scheme, it would be fine. If it failed, then it failed. They would not take it to heart at all.

But this time, they had alerted the beast God's spiritual force seed. If they still failed in the end, li songzhang would be in trouble, and the Beast God's advisors would not be able to escape responsibility.

This time, he had to make the three of them stay no matter what!

"They're here!"

Zhao Wuji also did not shirk, immediately making his move.

However, before he could join the battle, another powerful aura came from the distance at an extreme speed, and The Phantom of an Emperor appeared.

It was Emperor Xu Anshan.

"Good, good, good. The four most difficult opponents of Jianghai Academy have all been gathered here. This time, it's going to be a piece of cake. We'll catch them all in one fell swoop!"

Seeing this, Zhao Wuji wasn't shocked. Instead, he was happy and immediately started to fight with Xu Anshan.

For a moment, the scene was extremely chaotic.

Although there were many darkness magical beast experts in the surroundings, the level of this group of people was too high. Even the slightest aftershock of the battle could kill or injure them, and they couldn't easily intervene.

Even if they could get a piece of the pie, it would only make li songzhang and the others more troublesome.

In the end, most of them died at the hands of li songzhang and his men. They looked at each other and could only retreat five miles away. They only dared to watch from afar and did not dare to come closer.

Lin Yi against li cangzhang, Xu Anshan against Zhao Wuji, and God herder against the female beast God Walker.

In addition, Ying long, who was possessed by the beast God's divine will, had suppressed Tian Xiangyang and Luo Banshi with his divine might.

At first glance, it seemed that they were evenly matched, and the scene was quite anxious.

However, this kind of anxiety was only temporary. As time passed, the scales of victory would eventually lean towards li songzhang's side. After all, the hard power of the few of them was obviously stronger!

And that was indeed the case.

Xu Anshan was still okay, he could always fight back and forth with Zhao Wuji.

However, mu Shen was different. After all, he was only a top-tier combat force. Even if he could be ranked among the top-tier combat forces, he was still at an absolute disadvantage when compared to the Super-top combat force of the enemy.

Once he had the upper hand, he would be suppressed by the woman on the other side.

If not for the fact that his powerful laws were also top-notch, causing the other party to be somewhat afraid, he would probably be buried by now.

As for Lin Yi, who was the core of the battle, he was in even more danger as he faced li songzhang, who was on the verge of going crazy. He was slammed into the ground by the claws a few times.

If he didn't have the miraculous recovery skill, reverse, he wouldn't have the qualifications to continue fighting with the other party.

Even so, it was obvious that he was starting to feel a little disobedient.

"Hahaha! Die!"

Li songzhang slapped Lin Yi again and laughed, "An ant trying to shake a tree, overestimating your own strength. Now you know what it feels like to provoke a strong enemy that you absolutely can't provoke!"

"A strong enemy that must not be provoked?"

Lin Yi, on the other hand, had a weird expression on his face. "Are you talking about yourself? To be honest, you really don't have the right. These words may be a little hurtful, but they're the truth. "

"What a great truth! You're still so stubborn even when you're about to die!"

"Just because of your words," Li Songzhang laughed, "I'll wash Jianghai Academy with blood once you're dead. I'll drag out your few close female friends to accompany my son in his grave and use them to match his netherworld marriage! If my son knows about this in the underworld, he will definitely be happy!"

"You can ask him directly if he's happy or not. I'll help you."

Lin Yi paused before adding something out of the blue, "Are you ready?"

Jiang Xiaoshang's voice rang in his mind, ""Get ready. I'll keep an eye on you. I'm sure the beast God won't be able to sense your presence!"

"Then I'll start eating."

Li Songzhang didn't know what was going on until Lin Yi's body started to suck him in like never before.

But it was too late.

Black flames appeared, and the ultimate perfect domain reappeared in the world. However, this time, it had turned into a human-shaped black hole.

In the face of its huge suction force, li songzhang's nine-tailed fox form did not even have the slightest resistance and was sucked in in in the blink of an eye.

Chapter 9950 The Power Of The Divine Realm

"What the hell is this place?!"

After being forced into the ultimate perfect domain, li songzhang could no longer maintain his nine-tailed fox form and could only return to his original form.

However, he was shocked to find that he couldn't even maintain his original body under the suction force from all directions. His physical body was dismembered on the spot!

He was a half-step venerable!

Li cangzhang was shocked to his core as the image of a young man appeared in front of him, but it wasn't Lin Yi, "Who are you?!"

"Why don't you ask me? I'm Jiang xiaoshang."

The young man looked him up and down and clicked his tongue and sighed, ""You're in luck. His ultimate black hole was originally prepared for that useless God, but you actually tasted it. You've hit the jackpot."

"The ultimate black hole ..."

Li songzhang couldn't help but stare blankly, but then he gritted his teeth and said, ""Don't try to play tricks on me. It's just a space technique that's deliberately mysterious. Do you think you can fool me?"

The ultimate perfect domain was completely beyond his knowledge. He could only understand it as a kind of spatial ability.

The ability to manipulate space was difficult to deal with, but Lin Yi's strength was so weak that even if he accidentally fell for it, he didn't think that Lin Yi could really do anything to him.

In an instant, his dismembered body had recovered.

At his level, although it was a little troublesome to have his physical body destroyed, it was not to the point of directly sentencing him to death. As long as his primordial spirit was not destroyed, it was only a matter of minutes before his physical body was restored.

The only flaw was that this kind of temporarily restored physical body had not been tempered thousands of times, so its strength was not as high as before.

However, it was more than enough to deal with a Lin Yi who had used up all his cards.

Lin Yi's voice came from all directions. "As expected of a half-step Supreme realm. Even this can't scare you. I'm impressed."

"You're acting like a ghost!"

Li songzhang had completely calmed down at this moment. He sneered, ""With your puny strength, as long as I don't panic, all your tricks will be for naught. Lin Yi, I'd like to see what other stupid moves you have!"

"No more. If you can even withstand this move, I don't have any other moves."

Lin Yi was being especially honest.

Li songzhang couldn't help but laugh. "At least you have some self-awareness. Since you're out of moves, then wash your neck and wait for your death!"

"City Lord li, don't misunderstand me. I really don't have any more tricks up my sleeve, but your next opponent is not me."

Lin Yi replied with a half-smile, "Your opponent is the one in front of you."

Jiang xiaoshang raised his eyebrows in cooperation.

Li songzhang was stunned. He sized up Jiang xiaoshang again and snorted coldly, ""You're just trying to be mysterious. This is just a clone of yours. Or is this your original appearance?"

"....."

Lin Yi was speechless-why couldn't this guy listen to the truth?

Jiang xiaoshang was so angry that he stomped his feet. "You're the F * cking clone! Your entire family is a clone!"

As he spoke, he immediately started fighting.

Li songzhang snorted disdainfully and went up to meet him. In the end, the other party slapped him in the face and directly knocked his head off. The strength of the two sides was on completely different levels!

"Impossible! It must be an illusion!"

Li songzhang was scared out of his wits on the spot. He had expected that there must be something strange about this place, but he did not expect it to be so strange that there was such a huge gap in strength between them.

"This is an illusion? The woman outside was right, you're really an idiot!"

Jiang xiaoshang cursed. Without waiting for li songzhang's physical body to recover, he went up and slapped him a few more times, tearing him into pieces, leaving only a naked primordial spirit.

Li songzhang finally reacted and desperately tried to transform into a nine-tailed fox.

However, it was of no use.

Not to mention the Nine-Tailed Fox, he couldn't even recover his physical body.

Looking at his shocked expression, Jiang xiaoshang chuckled and said, ""You're really stupid, haven't you noticed it yet? The longer you stay here, the more your strength will be suppressed.

Do you still think that it was smart of you to pretend to waste time with us just now? do you think that you can take the opportunity to adapt to this place and then display your strength?

Hahaha, I like idiots like you who think they're smart!"

With every sentence he said, li songzhang's heart sank even deeper. By the end, his face had already turned pale.

Lin Yi couldn't help but laugh as he watched.

In fact, with li songzhang's half-step venerable strength, if he had used all his strength as soon as he entered, it was still unknown whether the ultimate perfect domain could have trapped him.

After all, the difference in strength between the two sides was huge.

However, he was too smart for his own good. This great city Lord li was too steady. He clearly had an absolute advantage in strength, but he still habitually played tricks. As a result, he had personally destroyed his last chance!

"You can't beat me even if you're only a primordial spirit!"

Li songzhang still didn't believe it. His Yuan spirit wasn't weak to begin with, and after reaching half-step venerable realm, it became even stronger. His Yuan spirit was now at the peak of Big Shot complete realm late stage, the same level as Lin Yi!

Even though he still didn't know Jiang xiaoshang's background, he knew that if this person was willing to become Lin Yi's puppet, he couldn't be that strong.

He would not lose even if he had to fight with his primordial spirit!

"At least you have some villainous heart. However, your intelligence is a shortcoming. Don't you think it's too late to risk your life at this time?"

"Are you sure you have the right to fight me with your essence soul?" Jiang xiaoshang scoffed.

Lin Yi couldn't bear to watch what happened next.

Although Jiang xiaoshang was locked up here, he was a real God's clone, and it was of the highest level. His primordial spirit was not the primordial spirit that was commonly known.

Instead, it was the legendary Godhead!

Taking the initiative to use one's primordial spirit to touch someone else's Godhead was much more exaggerated than an egg hitting a rock. It could even be called a performance art.

It was the first time Lin Yi realized that city Lord Li was such a creative and ruthless person.

Unsurprisingly, when the two sides collided, Li Songzhang's primordial spirit, which was strong enough to crush almost all the cultivators in Jianghai, did not even have the slightest chance of a stalemate. It immediately scattered into a mess of divine sense energy.

As for his own will, it had been completely annihilated in an instant.

Li Songzhang, dead.

"The police are here to clean up the mess."

Jiang Xiaoshang called out proudly and turned to Lin Yi, "This is the purest spiritual energy. If you eat it, it'll definitely be a great supplement to your primordial spirit. It'll be worth at least ten years of your bitter cultivation!"

Lin Yi, naturally, wasn't going to be polite.

If he had eaten Li Songzhang's primordial spirit directly, he would have felt a little disgusted, but this had nothing to do with Li Songzhang. It was purely a gift from nature, so he didn't need to have any psychological burden.
