

## **Bodyguard 9951**

### Chapter 9951

In the blink of an eye, Lin Yi's essence spirit had doubled in strength!

Although his cultivation level remained at the peak of the late stage of the consummate level of a giant, just a simple quantitative change was enough to make his overall strength skyrocket.

Don't forget, he was a master who could play with primordial spirits.

When the same primordial spirit fell into the hands of li songzhang, it could only be used to fight with others at the last moment. But in his hands, just the various kinds of divine sense moves could make people feel like dying.

It was no exaggeration to say that if he were in li songzhang's position, even if he couldn't escape in one piece, he could still cause a lose-lose situation with his primordial spirit alone!

His spirit had doubled, and this was just the appetizer for Lin Yi to accept li songzhang's inheritance.

What came next was the real main course.

The beast God's inheritance!

Although it was a little risky to do this in front of the beast God's clone, it was worth it in the face of the huge benefits.

Furthermore, Jiang xiaoshang had already made sufficient preparations and was able to deceive everyone.

After 15 minutes, it was done.

Feeling the new rule power in his body, Lin Yi felt that some kind of shackles in his body had been unlocked. Under the impact of this new rule power and the gigantified rule power from before, his entire body was transforming quickly.

This was clearly a sign of the sixth breakthrough of the growth shackle!

"I didn't know the beast transformation rules had such a miraculous effect!" Lin Yi was overjoyed.

Even Jiang xiaoshang was amazed, ""It seems that the sixth growth shackle can only be achieved after the combination of the gigantification rule and the beastification rule. This is a new discovery."

Before this, he only vaguely remembered that the rule of gigantification was the key to breaking through the shackles of growth six times, but he had no idea how to take the last step.

He could only rely on himself to figure it out.

He had never thought that there would be such an unexpected surprise.

"From the fifth to the sixth time, it was indeed a qualitative change that turned the world upside down!"

The transformation was still going on, and he hadn't tried out his new body yet, but he could feel that Lin Yi's body structure was completely different from before.

On the surface, it was still a body of flesh and blood, but in essence, it was like it had changed from an ordinary material to a polymer composite material. Its characteristics in all aspects were completely different.

This wasn't just an increase in strength, but a leap in the level of his entire physical body!

Jiang xiaoshang couldn't help but say enviously, "isn't that obvious? from the sixth time you broke through the shackles of growth, strictly speaking, your body is no longer human. It's a true divine body. Damn it, even I don't have it."

"God Body ..."

Lin Yi pondered over the meaning behind the word and couldn't help but ask, "Why don't you have a God Body? Can't a clone inherit the characteristics of a God Body?"

It was obvious how powerful his godly body was. His first reaction was to create an Army of doppelgangers. Then, even if he didn't do anything else, just charging into the middle of the dark Beast tide would be enough to give the other side a hard time.

"Just like a divine spark, every divine body is unique. If the clone can inherit this, wouldn't it be a mess?"

Jiang xiaoshang's mouth twitched. "Even if my clone's strength has reached the peak, it can't compare to your most basic divine body. One day, I'll make one myself!"

Lin Yi didn't have the time or energy to care about the jealousy he was feeling.

The transformation of his God Body still needed some time. It seemed that if he wanted to complete the transformation, he would need at least ten days to half a month.

And this was just an unexpected surprise. The beast transformation rules obtained through the beast God's inheritance was the biggest gain this time.

Before this, he had never been able to understand what the rules of beast transformation were. This was obviously different from any rules he had known before.

Whether it was top-level laws like time and space, or second-level laws like Wind and Fire, or third-level laws like the petrification law, they all had one thing in common. They were all basic elements that formed this world, or some kind of natural phenomenon.

However, the rules of beast transformation were completely unrelated to these two.

After all, the essence of the rules was a kind of order. What kind of order was it to transform from a human to a beast?

It was only now that he'd truly grasped the rules of beast transformation that he finally understood that beast transformation wasn't a specific rule at all.

It was a way to obtain the rules!

"Through the manifestation of rules, you can turn yourself into a peerless beast like the Nine-Tailed Fox, and then obtain the rule power they control. So this is the way to play with the rules of bestification!"

Lin Yi said.

Jiang xiaoshang's spirits were immediately dampened. "I was waiting for you to ask me. How did you figure it out on your own?" You're such a boring person. "

Although he said this, he was secretly shocked.

Lin Yi's comprehension had far exceeded his expectations. It had only been half an incense's time, and he'd figured out the key to it. This meant that it wasn't just his comprehension-his affinity with the rules was top-tier as well.

As far as he knew, even the gods of today's world probably couldn't compare to this guy in terms of rule affinity!

They were all big shots of laws, but apart from their control over the laws, the biggest factor that affected their strength was their affinity with the laws.

The former was the hardware, while the latter was the software.

As everyone knew, hardware determined the lower limit, and software determined the upper limit!

The key was that this person was an ancient God cultivator, an existence destined to collect all kinds of rules. This kind of person's hardware had unlimited growth, and now, with the addition of the best software ...

"I seem to have released a monster, a monster that will make all the gods tremble in fear. You, this guy, might really kill the God of creation one day!"

Jiang xiaoshang's eyes lit up at this thought.

He'd only helped Lin Yi because he was bored and wanted to have some fun-he'd never thought of any possibility of success.

But now, with Lin Yi's terrifying growth rate, he had to face up to that possibility.

Even if it was only one in ten thousand, it was still real!

Lin Yi didn't think too much about it, he was trying to figure out the theory behind the beast transformation,"Since I can obtain the corresponding rule power as long as I transform into a peerless beast, doesn't that mean that I've mastered all the rules at the same time?"

There were so many ancient peerless fierce beasts, and they had all kinds of rule power. At least, in theory, they were all-encompassing.

"There's no such thing as a cheap deal!"

Jiang Xiaoshang could not help but laugh."The beastification rule can indeed transform into all kinds of ferocious beasts. However, you can't transform into whatever you want. Everyone can only transform into their own life essence ferocious beast. There is only one type."

Chapter 9952

"Life essence beast ..."

"Then what's my Natal item?" Lin Yi frowned.

Jiang Xiaoshang shook his head. "No one knows. You will only know after you change. But no matter what beast it is, it will not be weak."

"Alright, I'll try."

Lin Yi said as he left the sea.

Everything that had just happened seemed to take a long time, but in fact, the time that had passed in the outside world was very limited. After all, his ultimate perfect domain had deeply integrated with the laws of time, and adjusting the flow of time was only one of its most basic functions.

At this moment, in the battlefield outside, the battle between Xu Anshan and Zhao Wuji was still difficult to determine, but Heavenly King Mu Shen had already revealed signs of defeat.

He had been forced into a corner by the woman several times.

If not for his rich combat experience, he would have been a corpse by now.

Even so, there were still ghastly wounds on his body, and even his breathing was beginning to become unstable. He was already on the verge of death.

"This is the consequence of offending the beast God Hall. Die!"

After knocking mu Shen to the ground with another slash, the woman did not hesitate to follow up with a fatal blow.

But at the last moment, a shadow flickered in front of him-the dying mu Shen had turned into Lin Yi.

"You didn't die?"

The woman jumped. From their point of view, li songzhang and Lin Yi seemed to have been sucked into the void at the same time.

They thought that this must be one of Lin Yi's spatial techniques. It was weird, but it was nothing.

The absolute difference in strength between the two sides was there. No matter how many tricks he had, there was no possibility of turning the tables.

Who would've thought that Lin Yi would come out completely unscathed, but li songzhang was still missing!

"Even if you're trash, there should be a limit!"

The woman couldn't help but get angry. She thought that li songzhang was only temporarily trapped in the void because of Lin Yi's trick. She secretly made up her mind that after this, she would kill li songzhang no matter what!

Little did he know that city Lord li had already been thoroughly defeated at this moment.

"I'll play with you from now on," Lin Yi smiled.

"Can you afford to play?"

The woman snorted disdainfully, but her heart trembled.

She looked down on mu Shen from head to toe, and she could crush him with her own strength, but she didn't dare do that to Lin Yi.

Even if she looked down on li songzhang, he was still a half-step venerable.

Since Lin Yi could play with li songzhang like that, it meant that he was at least as strong as a super-class fighter, at least on the same level as her!

"Is your price very high?" Lin Yi looked at her strangely.

"....."

The woman was stunned for a moment before she reacted. She couldn't help but become angry from embarrassment. "You have a sharp tongue! Since you want to die, I'll fulfill your wish!"

As he said that, his aura suddenly exploded. A fierce aura unique to a peerless beast instantly swept across the entire scene.

The manifestation of laws!

Lin Yi wasn't surprised. It would be abnormal if a follower of the beast God didn't have this signature ability of the beast God Hall.

However, when he saw the other party's appearance after transformation, his eyelids still twitched.

A human face, a Jackal's body, a bird's wings, and a snake's body.

"Snake transformation!"

Lin Yi remembered the records in the Classic of Mountains and Seas-this hundred-meter tall beast was the legendary snake.

The wings on his back flapped gently, and the sound of wind immediately rose. Then, a scene of ice and snow appeared.

Freezing wind.

This was an extremely rare, peerless beast with two laws. It had both the laws of wind and ice at the same time. Although neither of the laws could be considered top-notch, when the two were stacked together, the effect of one plus one was far greater than two!

Due to the limitation of her realm, her absolute strength was not as good as li songzhang's nine-tailed fox, but in terms of difficulty, she was not any worse!

Hua she wasn't in a hurry to attack Lin Yi. Instead, she patrolled around the area, looking for an opportunity.

Lin Yi's palm of great mercy left a deep impression on her. It took a long time to build up power for a killer move like this, but it had a huge flaw. As long as Lin Yi hit her once, she wouldn't feel good either.

After all, the health bar of her snake form was not on the same level as the Nine-Tailed Fox with nine lives.

"You're quite patient. "

Lin Yi chuckled as he looked at Tian Xiangyang and Luo Banshi, who were being suppressed by the divine aura. He knew that the two were reaching their limits, so he didn't waste any more time and activated the manifestation of laws.

It was a pity that his divine body had yet to complete its transformation. Otherwise, he was confident that he would be able to press the other party to the ground and beat him up with just the power of his divine body, even without the need for the transformation of laws.

However, this was also good. He could try out the new toy that he had just obtained.

The woman's eyes twitched as she felt Lin Yi's aura-she was too familiar with this scene.

"You also know how to take form from laws?!"

The woman couldn't help blurting out.

It was different from domain manifestation. Although domain manifestation could transform into all kinds of ferocious beasts on the scene, that was only at the domain level and was far from reaching the law level. It was even more impossible to awaken the remnant thoughts of the peerless ferocious beasts. Strictly speaking, it was just for show.

Therefore, as long as one's strength was enough, no matter who it was, no matter what kind of cultivator it was, they could form a domain.

However, the transformation of laws was different. Only those who had mastered the laws of beast transformation could undergo the transformation of laws. To a certain extent, this could be said to be a technique exclusive to the beast God Palace!

Even if not all the cultivators who had mastered the rules of beast transformation belonged to the beast God Hall, there should be some connection between them.

But she didn't feel any similar aura from Lin Yi at all!

"Isn't it strange that anyone with hands can do this?"

Lin Yi chuckled, and a human-shaped shadow appeared behind him. It was eight hundred meters tall, a whole section taller than the Nine-Tailed Fox.

It had a human body, bull hooves, four eyes, six arms, sharp ears, and a huge horn on its head!

This was clearly the image of a peerless demonic god!

"I thought that the manifestation of laws would only turn one into a peerless beast. I didn't expect it to be this person."

Lin Yi himself couldn't help but click his tongue.

His current appearance was that of one of the three progenitors of the human race, the leader of the nine Li race, Chi You!

The so-called weapon Grandmaster was the war god.

It was just that he was clearly a human, and a great Ren zu with such a strong sense of existence, but he was actually listed in the list of peerless beasts, which was really unexpected.

"Your original life is actually him! I'm really convinced! You're simply destined to be the last ancient God!"

Jiang xiaoshang was full of praise as well. He clicked his tongue and exclaimed, ""Do you know why he was classified as a peerless vicious beast and forced to be associated with beasts when he was clearly Ren zu?"

Chapter 9953 Power

"Could it be because he lost to Emperor Huang Xuanyuan, and the winner takes all?"

Lin Yi couldn't help but glance at Tian Xiangyang.

This old man from the Tian family had previously summoned the projection of the Yellow Emperor. Of course, it wasn't the law manifestation of the beast law, but the projection of another top-notch law, the same path as Xu Anshan.

The Yellow Emperor and Chi You were both human ancestors who had made great contributions to the survival of the human race, but they were mortal enemies.

After the defeat of the Army, Chiyu's image gradually deteriorated in order to sing praises of the Yellow Emperor's merits, and he slowly became the legendary ancient demon God.

"Normally, even if the winner is the king and the loser is the bandit, there's no need to kick him out of the register, right?"

Jiang xiaoshang said in a gossipy tone, ""The creator of this, the God of creation, was the one who listed Chi You as a ferocious beast."

"Why is that?" Lin Yi asked, confused.

"Other than his identity as one of the three great renzu, Chi You has another identity that few people know about. He is one of the earliest and strongest ancient gods!"

Jiang xiaoshang's words were earth-shattering and Lin Yi was shocked.

He continued, "his existence is a great threat to the God of creation, especially his unyielding character. Even after his death, he still makes the God of creation feel like a knife is cutting his back. If his lingering thoughts are awakened by someone in the later generations, he may come back again.

Therefore, in order to ensure that nothing went wrong, the God of creation personally recorded him in the beast record. This way, even if he was awakened, he would not leave behind any remnant thoughts of his time as a human. "

"That's pretty cruel," Lin Yi frowned.

Jiang xiaoshang chuckled. "Such a sorrowful ancient God has now become the life of the last ancient God cultivator. Is it the will of heaven?"

"Maybe,"

Lin Yi chuckled. Perhaps it was because he had transformed into Chiyu, but he felt the same way as Chiyu, and even his control of the rules of beast transformation had improved.

From the initial five percent, it had directly increased to six percent, and there were even signs of it continuing to increase.

Although it didn't seem to be a big deal, it was already comparable to a rare small opportunity.

Hua she couldn't take it anymore after Lin Yi didn't move for a long time after transforming into Chiyou. She roared and unleashed her strongest freezing wind attack.

In an instant, the devil Chiyou was frozen into a giant ice sculpture.

However, before she could celebrate, the layer of ice shattered instantly. Then, a vast power of rules enveloped the top of Hua she's head and forcefully sent her to Chi You's side.

No matter how hard she tried to escape, she could not break free from the restraint of this rule power.

It was as if there was an invisible cage that trapped her in front of Chi You and forced her to fight him head-on!

Lin Yi immediately realized that forcing a duel was the power of the rules of war!

Hua she instantly felt a fatal threat and immediately put all her eggs in one basket. At the same time, she activated her ice and wind rules to the extreme. However, she realized in despair that all her efforts were in vain after Chi You made his move.

Pfft!

The six giant hands landed on Hua she's body at the same time, completely ignoring her wails and struggles. With just a little force, Hua she was directly torn into six pieces in front of everyone.

At the same time, a woman's hoarse wail rang out.

Under the manifestation of the rules, she and Hua she were one. Hua she being dismembered was the same as her being dismembered.

The key point was that her primordial spirit was also affected. She followed in li songzhang's footsteps on the spot and became a pure spiritual energy.

The female beast God Walker died.

Lin Yi took all the spiritual energy without hesitation. It was a little weaker than li songzhang 's, but it was still a great supplement.

But then again, he was the only one who dared to do such things.

If it was someone else who dared to absorb another person's spiritual energy so unscrupulously, even if it was an ownerless object, it would definitely suffer a backlash at any moment.

Lin Yi had already understood the divine sense, and that was why he was so bold.

Of course, even if it was him, this kind of thing couldn't happen too often. After that, he had to recuperate in seclusion to truly cut off any future trouble.

With the death of the female beast God Walker, the balance of the battle was instantly reversed.

Zhao Wuji's eyelids kept twitching.

Although he had dealt with Xu Anshan as a way to deal with the situation, he had not used his full strength. Xu Anshan, who was opposite him, had also not used his full strength. He could clearly feel that Xu Anshan's absolute strength was not any weaker than his!

Now that Lin Yi was free, if he really attacked him, he might not even be able to last one move!

"Don't tell me that this kid still doesn't know my identity?"

Zhao Wuji couldn't help but feel nervous.

He was the ex-beast God's man, and he was the one who leaked the news of Li Songzhang's attack on the intelligence Department. He didn't know if his master mentioned him to Lin Yi.

With Lin Yi's insight, it shouldn't be a problem to reason with him, but what if he was wrong?

Just as Zhao Wuji was hesitating whether he should take the risk and reveal his identity to Lin Yi, Lin Yi gave him a faint smile and pounced on Ying Long, who had a wooden expression on his face.

Zhao Wuji immediately let out a sigh of relief.

It was only now that he realized that he was a veteran beast God's follower, a proper top-tier combat power, and yet he subconsciously placed Lin Yi at a higher level than himself. He didn't feel anything wrong from the beginning to the end, it was unbelievable!

"No wonder master likes him."

He didn't know why his master looked for Lin Yi, but he could guess that his master was using Lin Yi as a chess piece.

However, after seeing Lin Yi's heaven-defying performances, he couldn't help but worry for his master.

Killing a half-step venerable and a veteran beast God's follower, and Lin Yi still didn't even bat an eyelid—it was rare to see someone this ruthless!

At this moment, Ying Long's body was possessed by a spiritual will and he was no longer under the control of his will. He seemed to be completely oblivious to the scene in front of him.

"Is the beast God's spiritual clone that useless?"

Lin Yi was a little disappointed.

Jiang xiaoshang laughed in his mind,""Do you know how far the divine realm is from here? It was already a miracle that the beast God could detonate his spiritual will seed. It was impossible to control it remotely.

What's more, the level of this divine thought seed was not high. At most, it could only make some actions according to the predetermined program, and it was impossible to give it any autonomy. Otherwise, what if it betrayed and fled?

If it falls into the hands of someone with ill intentions, it will be a great hidden danger to the beast God Himself!"

Chapter 9954 Power

"Are you referring to yourself?" Lin Yi asked, speechless.

Jiang xiaoshang laughed in anger,"come, come, come. Lin Yi, open your dog eyes and take a good look. How can this wooden statue be compared to me?"

"That's true. You're much more idiotic than it. "

Lin Yi said.

Jiang xiaoshang was mentally exhausted and did not feel like talking anymore.

Lin Yi had already attacked Ying long as he spoke. Although he said it was easy, he used the great mercy palm without holding back!

BOOM!

Ying long was directly smacked into the ground.

The divine might that enveloped Tian Xiangyang and Luo Banshi was destroyed, and the two of them regained their freedom. The situation on the battlefield was completely overturned.

Zhao Wuji saw the situation and without saying anything, turned his head and ran.

Not to mention a snitch like him, anyone who came to the current situation was powerless to turn the situation around. There was no meaning in staying except to get killed.

With him running away, the remaining dark beasts didn't even have a fighting force left-they couldn't stand Lin Yi's group's attacks at all.

Although Tian Xiangyang and Luo Banshi, who were supposed to be the main force of this operation, did not show it on their faces, they were actually filled with anger. With a turn of their hands, they annihilated all the darkness magical beasts present.

Even Lin Yi couldn't help but be shocked by the extent of his ruthlessness.

Don't look at the two of them in front of him, they were both loyal and kind elders. In their early years, they were both hot-tempered Masters. When it came to the degree of decisiveness in killing, they were even more than him!

Soon, the entire patrol Dragon Bay was cleared out.

The only regret was that Ying long, who was suppressed by Lin Yi, was missing. It seemed like he had escaped.

"This is a great opportunity!"

Lin Yi and the others perked up. They only wanted to kill li songzhang before, but now they had exceeded their mission. Other than Zhao Wuji and the missing Ying long, there was no one else in the city Lord's mansion who could resist them.

If he grasped this opportunity well, it was entirely possible for him to restore the entire Jianghai city!

At that time, he would close the transmission channel. No matter how strong the darkness magical beasts were, it would be difficult for them to descend again with the full alert of the experts of the Academy.

Jianghai city would once again welcome its light.

But before they could do anything, a giant hole appeared in the sky, and dozens of terrifying auras that even made them shudder came out.

"The warm-up is over," Luo Banshi said in a deep voice. "The main force of the darkness demonic beasts is coming."

Everyone's heart sank to the bottom.

The dark Beast horde had already turned Jianghai city into a living hell, and even caused the Jianghai Academy to suffer heavy losses. Now that they had finally seen a glimmer of hope, this was just a warm-up?

"Let's go," he said.

Tian Xiangyang helplessly sighed.

There was already a group of darkness magical beasts above them, and it was already too late to stop them. If they continued to stay here, they would really not be able to leave.

Lin Yi and the others looked at each other. They didn't want to give up, but they had no choice.

In terms of battle results, today was undoubtedly a great victory.

However, no one could be happy when this last bucket of cold water was poured on them.

Everyone thought that they could finally breathe a sigh of relief after getting rid of li songzhang, but according to the situation, the situation they were about to face was probably a hundred times worse than before!

What was even more despairing was that this was not even the worst time.

The legendary sea beast tide had yet to arrive.

The four of them returned to the Academy with heavy hearts. Banshi Luo bade them farewell and entered a state of seclusion.

This was a good thing.

If he could improve further, it would be a boost to the entire Academy.

But this way, before Banshi Luo came out, Lin Yi and the others would be under even more pressure.

Fortunately, Lin Yi's battle records had proven that his strength was already at the peak level, even though he didn't break through to the next level.

Other than Tian Xiangyang and Banshi Luo, he had become the third pillar of Jianghai Academy!

In addition, although Emperor Xu Anshan's performance in this battle could not be considered very dazzling, since he was able to fight against Zhao Wuji and not fall into a disadvantage, it showed that he was close to the level of super top combat power.

If everything went according to plan, Jianghai Academy would soon have four top tier combat powers!

"Lin Yi, come with me,"

After everyone had left, Tian Xiangyang suddenly called out to Lin Yi.

"What is it?" Lin Yi blinked.

"I have something for you."

Tian Xiangyang kept Lin Yi in suspense and led Lin Yi all the way back to the heart of the Tian family's estate, entering his study room.

Some of the Tian family's disciples saw this scene from afar and couldn't help but be dumbfounded.

Tian Xiangyang's residence was the most heavily guarded place in the entire Tian family. As for his study room, it was the most important place and could be said to be an absolute forbidden area.

Not to mention outsiders, even the Tian family's own people were not allowed to approach. Even Tian Yunkai, the first elder of the Tian family, was not qualified to enter the study.

After so many years, there was only one person who had this honor.

Emperor Xu Anshan.

Lin Yi, on the other hand, didn't know anything about this. He looked around and found it to be very ordinary.

"They all said that this is the most important forbidden area of the Tian family. Do you see what's the reason?"

Tian Xiangyang looked at him with a meaningful look.

Lin Yi shook his head, "I couldn't tell. It's just a normal study room. What's the deal with it?"

Tian Xiangyang laughed heartily. "It's nothing special in the first place. It's just that I once gave an order that no one is allowed to come within a thousand feet of me without my permission. As a result, rumors spread and it inexplicably became an important place for the clan."

"As expected, the most unsolvable thing in the world is the imagination of people."

Lin Yi couldn't help but laugh as he asked curiously, "Since there's nothing special about it, why didn't you let anyone get close to it?"

Tian Xiangyang looked at him and faintly said, ""At that time, I just happened to get a batch of chungong tu and didn't want to be disturbed at a critical time."

"....."

Lin Yi didn't know what to say.

Who would have thought that the most mysterious forbidden area of Jianghai city's number one family was actually because this Lord of the Tian family had collected a batch of chungong tu?

Seeing his strange expression, Tian Xiangyang suddenly asked, ""Do you want to take a look?"

"That's your precious collection. I don't think it's appropriate," Lin Yi blinked.

"What do you mean by suitable or not? men should help each other. After all, we're all on the same path."

Tian Xiangyang revealed an expression that all men understood.

She didn't even care how Lin Yi would react as she pulled out a stack of twelve paintings.

Chapter 9955 Power

"Come, come, come, let's enjoy this."

Tian Xiangyang's hospitality made Lin Yi feel a little embarrassed, ""You didn't specifically ask me to come over just for this, did you?"

Just a moment ago, they had slaughtered their way through Jianghai city, and the two of them had caused even the darkness demon beasts to tremble in fear. Now, they had turned around to admire the erotic painting. This sudden change in style caught everyone off guard.

On the contrary, Tian Xiangyang cast a strange glance at him, ""Isn't it worth your trip to share such a good thing?"

"To be honest, with just these few pictures, I really ..."

Lin Yi couldn't help but change his words, "I'll go! There's actually a miniature formation? And it was a F\*cking chain formation? Whose genius idea is this?"

It had to be said that no matter where it was, there would never be a lack of old perverts with strange ideas.

With Lin Yi's experience as a super formation master, he could tell that the formations in these pictures were far beyond his own.

Such a high-tech thing appearing in a pile of chungong tu really made people speechless.

"Now you know your knowledge is shallow?"

Tian Xiangyang smiled proudly and threw the pile of chungong tu to Lin Yi,""For the sake of your outstanding military service today, plus the fact that we're all on the same path, I'll reluctantly part with this treasure and give it to you."

"Should I say thank you?"

Lin Yi didn't know whether to laugh or cry.

He had killed li songzhang, a half-step venerable, and then killed an experienced beast God's Wayfarer. He would be laughed at if he got back twelve bats of erotic images with such an impressive record!

Tian Xiangyang lifted his eyelids."If you don't want it, then return it to me. This is the batch that I like the most."

"Anything else?" Lin Yi asked decisively. If there's nothing else, I'll take my leave. "

"No,"

Tian Xiangyang smiled, but when Lin Yi was about to reach the door, he suddenly said,"If one day, my Tian family's trash provokes you, for my sake, can you leave them alive?"

"....."

"I will," Lin Yi said, stopping in his tracks.

"Many thanks."

Tian Xiangyang smiled as he returned to his chair.

Lin Yi turned around and felt that the man's energy was different, but he couldn't put his finger on it. There was something ominous about it.

"Are you alright?"

Lin Yi couldn't help but ask. He thought that he was probably injured by the beast God's power today. After all, Banshi Luo didn't seem to be in a good condition.

Tian Xiangyang curled his lips and laughed, "what's wrong with me?" I've got many of these kinds of schemes, do you think I'll feel bad?"

"....."

Lin Yi looked at him carefully, and after confirming that there was nothing wrong with him, he turned to leave.

However, he didn't expect that after only one day, the Tian family would send bad news.

Tian Xiangyang was dead.

Lin Yi was dumbfounded by the news. Tian Xiangyang was still fine when he left last night, how did he die all of a sudden?

That was a true top-notch combat power, and in terms of absolute strength, he was definitely the number one in the Academy. This was something Banshi Luo had personally admitted!

Even if such a person was alone outside, even if he was surrounded by a large group of darkness magical beasts, it wouldn't be easy to kill him, let alone now that he was in his own base. How could he die just like that?

Lin Yi wasn't the only one-the entire school was in an uproar.

The most direct reaction of most people was that they didn't believe it.

This must be a rumor deliberately spread by the enemy with the purpose of disrupting the morale of the Army and throwing the Academy into chaos. Such things had happened many times before, so it was definitely a rumor!

Then, the Tian family once again sent out accurate news that Tian Xiangyang died in his own study last night.

The cause of death was unknown.

This time, the entire Academy's defenses were broken, and there were cries of grief everywhere.

Everyone knew that Tian Xiangyang was not only the strongest fighting force in the Academy, but more importantly, he was the only spiritual figure who could unite all the forces into a united front.

He was the only one who could obtain the unanimous approval of all the forces.

Other than him, no one else, including Luo Banshi, Lin Yi, and Xu Anshan, could do this.

As long as he was around, the Academy would be able to maintain its stability even after the tragic incident from the last time. It would be able to recover from the great grief quickly.

Now that he was dead, it was foreseeable that Jianghai Academy would be thrown into a state of chaos, and the darkness demonic beasts could very well take advantage of that!

The future was dark.

As a matter of fact, once the news was confirmed, all the forces immediately took action and entered a state of first-class alert.

But this time, they weren't on guard against the darkness magical beasts, but rather their comrades who had fought side by side with them. Some of them were afraid that the world would be in chaos, and they were jumping up and down, fanning the flames everywhere.

Even though it wasn't so fast to the point of a big fight, but according to this situation, as the chain of suspicion between each other spread further, it wasn't far from the Academy Civil War.

"What do we do?"

The five of them gathered together, and the person they were asking was naturally Lin Yi.

They were all in Lin Yi's iron Alliance now, and no one could stay out of this. The only way to survive this was to gather around Lin Yi.

The worse the situation, the closer they had to each other. Just like how Tian Xiangyang was to Jianghai college, Lin Yi was the backbone of the entire Alliance!

"Go to the Tian family!"

Lin Yi made a prompt decision. This matter was too unusual. He had to confirm Tian Xiangyang's death and the true cause of his death!

This matter was of great importance. If it was not handled properly, the consequences would be unimaginable.

The only pity was that Banshi Luo was in seclusion, so no one could inform him at this moment.

Otherwise, if he was present, even if he couldn't convince all the forces like Tian Xiangyang, he could at least intimidate those who had ulterior motives and not let the situation go completely out of control.

However, Lin Yi couldn't wait for him to come out. He had to make a decision as soon as possible.

However, when he arrived at the Tian family's residence with a group of top combatants from the repeat students, he was blocked outside the gate.

"Something happened to the Tian family's head. We're here to pay our respects to him. What do you mean by blocking us here?"

Wang sanjue came forward to assist.

The strength of this group of Tian family's disciples who blocked them was limited. When they wanted to force their way in, the other party couldn't stop them at all. However, the current atmosphere was too subtle, so no one was willing to give up.

Soon, the other big shots of the other forces who had heard the news also gathered.

Chapter 9956

There were some who were worried, some who looked on coldly, some who gloated, and some who wished for the world to be in chaos, but no one dared to step forward to mediate.

First, the conflict was too high in status. No matter if it was the Tian family or Lin Yi group, they were both the top forces in the school. Ordinary people didn't have the status to fight, unless they were at Banshi Luo's level.

Secondly, the atmosphere was delicate at the moment, and a little carelessness might lead to eternal damnation. No one was willing to take the risk at this time.

Soon, Tian Yunkai appeared in front of the crowd, surrounded by a group of Tian family disciples.

Although he had been stripped of his position as the Grand Elder by Tian Xiangyang, his influence in the family was still deeply rooted. During this special period, when there was no leader, he was still the one who could hold the ground.

"Lin Yi, you still dare to come?"

Tian Yunkai's eyes were filled with undisguised hatred, and the disciples of the Tian family behind him were all filled with righteous indignation, each of them wishing they could pounce on him and bite him.

"Why wouldn't I?" Lin Yi frowned.

"You know what you've done!"

Tian Yunkai gritted his teeth and said, "I've seen your ambition from the beginning. My Tian family has bet so many core resources on you. Sooner or later, you will bite back. I didn't expect that my words would come true!"

The onlookers were all bewildered. There was a hidden meaning in his words.

"How did I do it? why don't you tell me the details?" Lin Yi raised his eyes.

"Still pretending! We've already come to this, and you're still pretending to be honest and harmless. Is there any meaning to that?"

Tian Yunkai gritted his teeth and said to everyone present, ""Everyone, listen up! The patriarch of the Tian family, Tian Xiangyang, died in the hands of this despicable and shameless villain!"

"What?"

The crowd exploded in an instant.

All eyes fell on Lin Yi's head.

It was obvious how Tian Xiangyang treated Lin Yi. There were even rumors of him having an illegitimate child. It didn't matter if it was a baseless rumor or not, but at least it proved that Tian Xiangyang treated Lin Yi well.

Lin Yi killing him was no different from killing his own father!

Although killing was not forbidden in the world of cultivation, and it was not uncommon for brothers to kill each other, no matter where it was, killing one's father was a serious crime. It was despised by everyone and an unforgivable death crime!

Lin Yi didn't exactly kill his father, but he'd be labeled as an ungrateful bastard if he did.

Such an ingrate, such a vile person, the heavens would not tolerate him!

Lin Yi didn't have much of a reaction, but everyone's faces darkened.

After spending so much time together, they'd all seen what kind of person Lin Yi was-if even he was an ingrate, then there were no good people in the world.

"You need evidence to speak. You're just slandering Lin Yi with your empty words. I could say that your Tian family was not satisfied with your uncle's selfless actions, so you decided to go all out and work together to kill him!"

Tyrant stood out.

"What did you just say?"

The people of the Tian family were suddenly furious, and the scene was about to go out of control.

Tyrant pouted,"you want to fight just because you can't win?" That's good, I can move my hands and feet. However, I'm very suspicious if there's anyone in your Tian family who can withstand my punch!"

As he spoke, his aura was released.

Feeling the destructive aura of the law of destruction around them, the excited people of the Tian family were suddenly doused with a basin of cold water. Even Tian Yunkai's expression couldn't help but change slightly.

He couldn't beat the tyrant.

Without Tian Xiangyang, the stabilizing force, although the Tian family still had a large number of high-end combat forces and was undoubtedly the first echelon in terms of overall strength and Foundation, there was an obvious weakness in the top combat force.

Right now, he was the only one standing on the stage, and compared to tyrant, who was on the front line, there was still a big gap.

The remaining second master of the Tian family, Tian bingyin, was also a top combat force. Judging from his previous performance, he shouldn't be weaker than tyrant and his gang. In theory, he could barely support the Tian family's reputation.

Unfortunately, he was still kneeling in the Tian family's ancestral hall.

This was embarrassing. The number one family actually didn't have a person who could be used as a stage figure. This was simply the biggest joke in the world!

Although there was still Emperor Xu Anshan standing behind them, and if someone really overdid it, he would not ignore it with his relationship with the Tian family. However, he was not a true descendant of the Tian family, so he would not take action unless it was absolutely necessary.

After all, he needed to avoid suspicion more than Lin Yi.

This could be seen from the fact that he didn't come to the scene personally today. No one would think that he was cold-hearted, but that he was concerned about the big picture.

Tian Yunkai couldn't help but look at Lin Yi coldly, "This is your attitude? Is this how you pay your respects to my Tian family's head?"

Lin Yi looked at him indifferently, "I'm only here for one thing today. I want to know how the old man died. If anyone wants to play any tricks on this, you can try."

His tone was not heavy, but it made everyone's hair stand on end.

With his current strength and might, he had already pulled apart the gap between him and the other top-notch combat forces. Facing him now was no different from facing Tian Xiangyang and Banshi Luo. In fact, they might even be more frightened.

Those two wouldn't do anything reckless, but with Lin Yi's previous performance, he didn't play by the rules a lot of times.

Especially now that Tian Xiangyang was no longer in charge of him, and Banshi Luo was in seclusion, who knew if this person would start a massacre?

"Acting! Continue acting!"

Tian Yunkai gritted his teeth and said, "didn't you want to know how the clan head died? fine, let's just let everyone see it together. Tian Tianliu, the Tian clan's disciple, is among the ranks!"

"Yes!"

Immediately, an ordinary-looking disciple of the Tian family stepped forward.

"Tell Me What You Saw last night," Tian Yunkai said coldly.

"I was in charge of guarding the inner courtyard yesterday, and I saw the master bring Lin Yi into the study with my own eyes." Tian shuiliu said.

"What does that mean?" Wang sanjue pouted.

Tian shuiliu continued, "after 15 minutes, Lin Yi came out of the study alone. No one came in or out after that. It was only this morning when the head elder and a few other elders came to find the head that they found him dead in the study."

Everyone was speechless.

Everyone looked at Lin Yi with suspicion.

Tyrant looked at the Tian family's disciple with disdain, ""You're trying to push all the blame onto Lin Yi with just a few empty words? Kid, do you know how much you're worth?"

Chapter 9957

"That's right. This is a matter of great importance. The testimony of such a small figure is not enough to be trusted."

Someone in the crowd quickly chimed in.

If the same words came from the mouth of a super top combat power, it would have a different effect. Unfortunately, this was just an unknown small figure. Even if he was a member of the Tian family, his words were still not convincing in front of the top big shots.

Tian shuiliu did not panic, he said in a neither humble nor haughty manner, ""I can openly accept the soul-searching technique so that everyone can understand."

"This kid ..."

Everyone was moved.

The aftereffects of the soul-searching technique were well known. No matter what the result was, as long as the person's soul was searched, even if he did not become an idiot on the spot, his primordial spirit would be seriously damaged. The best result would be that he would become a cripple.

The most important thing was that the soul-searching technique could not be faked.

Since this person dared to take the initiative to do so, it meant that he had absolute confidence in what he said.

Tian Yunkai said, "Shui Liu, this is no child's play. They won't believe you just because you're aware of this. You have to keep your word. Do you really not regret it?"

"Yes!" Tian Liushui said seriously, "in order to let the family head rest in peace, for the Tian family, I will die without regret!"

"Alright!"

"In order to avoid you coming up with some weird excuses later, why don't you come here yourself? there'll be nothing left to say then!" Tian Yunkai said, looking at Lin Yi.

Wang sanjue grinned. "That's hard to say. What if something goes wrong during the process and you blame it on old Lin again? what if he's killed to keep his mouth shut?"

“.....”

Tian Yunkai choked on the spot.

Even the other people's eyes changed. If the Tian family really wanted to shift the blame to Lin Yi, it wasn't impossible.

"Then I'll do it."

A veteran top combat power from the School Council stood out. "I'm here to search your souls in public, so your two clans shouldn't have so many problems, right?"

Lin Yi and Tian Yunkai shook their heads at the same time. This person had a good reputation, and their relationship wasn't too close or too far from each other. He was the perfect neutral third party.

Plus, even if he did have some hidden thoughts, it was almost impossible for him to do anything in front of Lin Yi without him knowing.

"I'll try to be gentle, but there's a high chance that you'll still become an idiot. Bear with it."

This person smiled at Tian shuiliu, then used the soul-searching technique. Tian shuiliu grunted, and all his memories were projected in front of everyone.

Soon, the memory of him guarding the Tian family's inner courtyard last night was picked out.

Everyone saw Lin Yi following Tian Xiangyang into the study room, and not long after, Lin Yi came out alone.

After that, until the next morning, when Tian Yunkai and the others appeared, no one else came or went.

Now, everyone looked at Lin Yi with deep suspicion.

"What does this mean? He just didn't see it with his naked eye. If she really had bad intentions, would she be stupid enough to go in in front of him?"

Tyrant, Wang sanjue, and the rest scoffed, ""With his strength, I have at least a hundred ways to hide from his perception!"

"So what?"

Tian Yunkai looked at the dazed Tian shuiliu, "Now everyone can see that you're the biggest suspect. Unless you can find a second murderer, who would believe you?"

Lin Yi raised his brows, "let me ask you a question. With the old man's strength, who could kill him in the Tian family's base without anyone noticing? even a half-step venerable can't do it, right?"

"Good question,"

"Hmph!" Tian Yunkai coldly snorted, "it's precisely because no one can kill my patriarch without anyone knowing that you're the biggest suspect!

Because you're one of his most trusted people, he won't have any guard up against you. You're the only one who has the conditions to do this, right?"

The way they looked at Lin Yi was getting weirder and weirder.

"Also, the master's study is the most heavily guarded place in the Tian family. It's protected by the highest level of formations, and no one can break through it. Lin Yi, what else do you have to say?" Tian Yunkai added.

"If that's the case, then I'm the only one left?" Lin Yi smiled.

"Very good, now even you have nothing to say!"

Tian Yunkai glared at Lin Yi, a cold smile on his face.

The Tian family disciples behind him glared at Lin Yi, as if they wanted to skin him alive.

Lin Yi didn't mind, smiling faintly. "You've made it look like it, but a fake is a fake. No matter how well you make up a story, it's still a fake. It can't be real."

As he spoke, he walked towards the other party.

Tian Yunkai and the Tian family's disciples were immediately on guard, ""What do you want to do?"

This was the saddest part of the Tian family.

If it was the old Tian Xiangyang, he would've taken Lin Yi down already. Who would've talked so much?

But now, even if the Tian family had a set of accusations that even Lin Yi himself couldn't clear, they could only talk about it. They didn't have the guts to actually lay a hand on Lin Yi!

Although many of the top leaders of the other forces present had been convinced by their words, that was all they could do.

Ask them to help Lin Yi?

I'm sorry, none of them have the strength.

When it was time to make a stand, most of them would stand on Lin Yi's side. The reason was simple- they'd help whoever won.

"I'm going to mourn for the Tian family for three days. If you want to stop me, you can try."

Lin Yi didn't even look at the crowd as he walked towards the Tian family's ancestral hall.

Including Tian Yunkai, all the disciples of the Tian family could only make way for him. They didn't dare to block his way at all. Comparing the two, the eloquence he had just now was simply a joke.

Tian Yunkai's face immediately turned as black as the bottom of a pot.

Just now, he had spoken so righteously, but now, he was just as ridiculous!

Every accusation he made earlier was like a loud slap to his own face.

Tyrant sneered. "I'll give you a piece of advice. You'd better think of a way to find the real murderer. It's a waste of time to put on an act. I thought you had balls, but this is it?"

"A group of clowns! The Tian family's face has been completely thrown away!"

"....."

Tian Yunkai gritted his teeth and looked at the crowd coldly. He secretly swore in his heart, 'just wait and see, you'll all cry!'

Chapter 9958

To be honest, it wasn't that he was trying to make up a reason to target Lin Yi, but with the clues right there, he really did believe that Lin Yi was the murderer!

Although he and Tian Xiangyang had never been on good terms, he still sincerely acknowledged Tian Xiangyang as the family master. Even if he was stripped of his position as the great elder of the Tian family, this didn't change.

If there was anyone who wanted to find out who the real murderer of Tian Xiangyang was, he, Tian Yunkai, would definitely rank among the top.

He didn't want to fight Lin Yi at a time like this, but the fact was right in front of him. As the head of the Tian family, he had to react!

With the Tian family's background, do you really think we can't do anything to a Lin Yi?

It was laughable.

In the Tian family's ancestral hall, Lin Yi looked at Tian Xiangyang, who was lying there quietly. Even now, he still felt that everything was surreal.

Last night, he was still excitedly sharing the common interests of men with her. However, just one night had passed, and they were already separated forever.

Lin Yi checked Tian Xiangyang's body carefully. There were no external injuries, nor were there any signs of poisoning.

In fact, he even had a mysterious smile on his face as if he had been freed.

Even with Lin Yi's eyes, he couldn't tell how he died-this was unbelievable!

Thinking back to the details of their meeting last night, Lin Yi had a feeling that Tian Xiangyang had already predicted his death.

That's why he suddenly gave me something. That's why he made such a strange request to ask me not to exterminate the Tian family.

"But why?"

Lin Yi still couldn't understand.

Before this, he thought that Tian Xiangyang's death was the battle against li songzhang. The facts proved that if he didn't have his Power King raging waves, Tian Xiangyang and a few others would have been in trouble.

However, since that calamity had already passed without any danger, in theory, it should be over. Who knew that such a thing would happen!

"Yeah, why? why did the great Lord of the Tian family suddenly die?"

A sinister voice came from behind. It was the second master of the Tian family, sky back Yin.

To be precise, he couldn't be considered a visitor because he had always been here. Ever since Tian Xiangyang ordered him to be locked up in the Tian family's ancestral shrine, he had never taken a single step out.

"You look happy," Lin Yi said, turning to him.

The corners of Tian houyin's mouth twitched with a playful expression."This world is still a joke. A few months ago, he was just a freshman and a nobody. In the blink of an eye, he already has the right to speak to me on equal terms."

As soon as he finished speaking, Lin Yi's aura exploded.

The indescribable sense of oppression hit him in the face, causing him to stagger on the spot and almost fall to his knees.

"If you have anything to say, you can just say it. In front of me, you don't have the right to be arrogant."

Lin Yi looked at him indifferently.

His impression of this second master of the Tian family was extremely bad.

After all, they had a conflict the first time they met. In addition, this person's style of doing things was really not likable. He was the complete opposite of Tian Xiangyang, so it would be strange if his impression of him was good.

Tian houyin's face turned cold, but in the end, he tactfully chose to lower his stance.""You must be very interested in the cause of my brother's death. I can give you some clues."

"You have a clue?"

Lin Yi didn't hide his suspicion.

This guy had been locked up in the Tian family's ancestral hall all this time. How could he know what happened in the study last night?

Tianbei Yin raised his eyebrows. "I've never left this place. But who said that there are no clues if I don't leave this place?" The clue I'm talking about is on his body. "

"What clue?"

Lin Yi frowned. He had already checked Tian Xiangyang's body again, but he still didn't find anything.

Tian houyin smiled profoundly. "Of course you won't find any clues by looking at him like this. You can only smell the unique scent left on his body if you feel it with your heart. That's the Scent of the Soul."

Lin Yi didn't quite believe him, but tried to follow his instructions, to no avail.

"I've already told you the method. If you can't smell it, then there's no other way. "

Tianhouyin wanted to act mysterious out of habit, but seeing Lin Yi's unfriendly face, he decided to be honest,""I smell a woman's scent on big brother, but it's strange. This woman has clearly been dead for many years."

"Are you sure?" Lin Yi looked at him.

Sky back Yin was certain."Of course I'm sure. I saw her die with my own eyes. She couldn't be more dead. Even the gods couldn't bring her back to life. She was the love of my big brother's life."

"Then why is there her scent?" Lin Yi asked in a deep voice.

"I can't answer this question. After all, I'm just a small figure, a small figure who can't be shown in public, right?"

Tianhouyin sneered in a self-deprecating manner. He then waved his hand and left."My mission has been completed. Next, it's time for me to become a fish that can leap into the sky and let a bird fly. Goodbye, newcomer King."

After saying that, he stepped out of the ancestral Hall's door.

There was no one outside to stop him. Not to mention that the entire Tian family was in chaos, even if someone wanted to stop him, it was impossible to stop him.

The reason why he was so honest previously was purely because of Tian Xiangyang.

Without Tian Xiangyang's suppression, where could he not go in the world?

As for the Tian family, he didn't care about it at all. It was just a sunken ship destined to decay and decline. Only a fool would jump out at this time to fight for power. Did he think he didn't die fast enough?

"A woman who died a long time ago ..."

Lin Yi couldn't help but think.

To a certain extent, this explained some of the oddities. For example, why didn't Tian Xiangyang have any injuries on his body? and why did he reveal that strange smile?

However, an even bigger question followed. How could a woman who had been dead for so many years be related to Tian Xiangyang's death?

It couldn't be that the dead had returned to life.

Normal people might believe this, but for a practitioner like Lin Yi, it was complete nonsense. The higher his cultivation level, the more he understood the nature of the gods.

As for the dead, did reincarnation really exist in this world?

"Wait, could there be a deeper meaning to those erotic images?"

Tian Xiangyang's various actions must have had a profound meaning, especially when he had a premonition that he was about to die. He would not do something meaningless and inexplicable.

Lin Yi didn't think much of the formations in the chungong tu before, but the more he looked at them, the more mysterious they were.

"The combination of these formations is a little strange."

If it was someone else, even someone like Luo Banshi might not be able to see through it.

Chapter 9959

However, as a formation master, Lin Yi's senses were far sharper than anyone else's in the school. He quickly noticed that there was something strange about the formations.

It wasn't that there was something wrong with the formation itself, but his intuition as an expert told him that these formations shouldn't have been assembled together in such a way.

Although the way they were put together was indeed in line with the position of a chungong tu, this was by no means the original intention of their design.

The way he presented it was brilliant, but it was still just a smokescreen.

However, there were thousands of miniature formations in these twelve chungong tu. Even with Lin Yi's formation skills, it would be a huge project to restore them to their original appearance.

However, there was no other way.

In the three days that he gave Tian Xiangyang, Lin Yi didn't do anything else but immerse himself in the erotic painting.

Fortunately, he had released the nine-story glazed Pagoda. Otherwise, if this scene were to be photographed and spread, it would probably be a topic of interest for the entire Jianghai city for the rest of their lives.

Looking at the spring Palace in the name of guarding the funeral Hall, what the f \* ck was this?

Just as Lin Yi was immersed in the erotic painting, the situation outside was getting more and more intense.

As the number one family in Jianghai city, the Tian family naturally had many enemies, especially since they had always been in control of Jianghai college.

Before, with Tian Xiangyang's presence, no one dared to say anything, but now that Tian Xiangyang was gone and Lin Yi barged into the ancestral hall, everyone could see the decline of the Tian family.

The forces that had been suppressed in the past took the opportunity to rise.

Everyone kicks a man when he's down.

Almost every moment, the Tian family's power is shrinking at a speed visible to the naked eye. Although the Tian family's Foundation is huge, if it continues to develop at this rate, it won't be too far away from its complete collapse.

"You're all a bunch of ingrates!"

Tian Yunkai was so angry that he stomped like a Thunderbolt. However, the situation was more powerful than the person, and he could not support the Tian family's reputation by himself.

Originally, he still hoped that the sky back Yin would step forward to share the pressure, but the result was that the second master of the Tian family was indifferent to this. He even simply left the Tian family and left the Academy.

As for the remaining disciples of the Tian family, it was not as if there were no elites. If they were given some time, Tian Yunkai was absolutely confident that he could cultivate a second top-notch combat force.

But who would give them the time?

Just as the entire Tian family was in a state of anxiety, a group of six powerful auras belonging to the ultimate peak realm experts of the big shots broke through the air and arrived. Tian Yunkai and the others immediately looked as if they were facing a great enemy!

Six top combat forces, if they really came with ill intentions, it would be an absolutely fatal crisis for the Tian family!

However, when the six of them landed, the crowd heaved a sigh of relief.

"Greetings, great elder, greetings, elders."

The six of them were all disciples of the Tian family, but they were all under Lin Yi's command in name because they were all members of Lin Yi's training camp. It was with Lin Yi's help that they finally advanced to the ultimate realm of big shots and entered the ranks of the top fighters.

According to the agreement, they were to work for Lin Yi for twenty years.

However, an agreement was an agreement. They were Lin Yi's subordinates, but they were also part of the Tian family. Now that the Tian family was in trouble, they naturally wouldn't sit by and do nothing.

However, there was not much joy on Tian Yunkai's face. "What are you guys doing here?"

In fact, the moment Tian Xiangyang was in trouble, someone had already suggested to him to let the six of them come back to help him. However, he had rejected the offer.

Lin Yi was the biggest suspect now, and the biggest threat to the Tian family. If the six of them came back now, what if they sided with Lin Yi, or Lin Yi secretly controlled them? wouldn't that be inviting a Wolf into the house?

Even now, he firmly believed that Lin Yi would be the biggest beneficiary of Tian Xiangyang's death!

With Banshi Luo behind him, Lin Yi was undoubtedly the most likely candidate to take over the school-even more likely than Xu Anshan.

In this case, if he rashly accepted these six people in front of him, he might be taken over by them and the Tian family would have to change their surname to Lin.

He couldn't afford to take this risk.

"Head elder, there are many people who intend to harm our Tian family. We came back to intimidate them."

The six of them replied in a manner that was neither servile nor overbearing.

Tian Yunkai smiled, "is that so?" I thought you guys were here to boost Lin Yi's reputation. He's so ambitious now, he wants to devour our Tian family, and you guys want to be his accomplices?"

The six of them looked at each other and shook their heads in unison. "With the Chief Instructor's character, he would never hit our Tian family when we're down. I'm afraid there are many misunderstandings between him and the first elder."

"Misunderstanding? This old master doesn't think so. Now that the outside world is so aggressive, do you dare to say that he's not adding fuel to the fire behind the scenes?"

Tian Yunkai sneered. "If you're really thinking about the clan, then go and stand guard. If you want to intimidate the evildoers, this is the most direct and effective way."

Everyone's expression changed.

It was a huge insult to let the top combatants stand guard. After all, all experts had dignity, and the top combatants should not be humiliated. This was common sense!

Not to mention the six people opposite, even the internal members of the elder group felt that it was a little too much. "This isn't very good, is it?"

"If you can't even stand guard, then what right do you have to say that you're loyal to the clan?" Tian Yunkai said indifferently.

"Alright, we'll go now."

The six of them looked at each other and immediately turned around to leave. They actually personally stood at the front line of the Tian family's Gate.

All the elders looked at each other. "Now is the time when we need people. We need them to come back to stabilize the situation. First elder, aren't you driving them out of the house?"

Logically speaking, the best decision for anyone at this time would be to win over the hearts of the people and use the situation to their advantage.

Even if they had concerns in their hearts, they should at least maintain the harmony on the surface. After the current difficulties, it was not impossible to slowly plan for it later.

On the other hand, with his actions, the hearts of those six people had already turned cold.

The crack had already been left. After this wave, the relationship between the Tian family and them would probably come to an end.

"I'm going to kick them out. Think about it, everyone. With Lin Yi's methods of winning people's hearts, whose side would they stand on when we really need them?"

Tian Yunkai sneered at the crowd.

Everyone hesitated for a moment before shaking their heads helplessly. "Probably from Lin Yi's side,"

Although these six were all Masters trained by their families, and the Tian family's kindness to them was as deep as the sea, but their most important step was taken by Lin Yi. Just from this point alone, the two sides "kindness was equal.

The problem was that Lin Yi group was far more powerful than the Tian family.

Chapter 9960 The Power Of The Devil

From any normal person's point of view, if they had to choose between the two sides, Lin Yi would be the better choice.

Plus, if they helped Lin Yi take over the Tian family, Lin Yi wouldn't be able to enter the Tian family as he didn't have the same surname. In the end, the six of them would benefit from it, and they had enough reason to be the guides!

If not for this, Tian Yunkai would not have been so wary of them.

"But what if they're really loyal to the family?" someone couldn't help but ask.

"Can we afford the bet?" Tian Yunkai looked at him.

"....."

The group of elders were completely silent.

Seeing that everyone was speechless, Tian Yunkai snorted and said, ""Even without them, with the strong foundation of our Tian family, we can still tide over the difficulties and stand tall!"

Listening to the voice, the eyes of the elders lit up. ""Could it be that the Grand Elder has already contacted the secret guards?"

The most elite experts of the Tian family were all in the hidden guards, including a King of clones like Tian si. If he could obtain the loyalty of all the hidden guards, the awkward situation of the Tian family's lack of top combat power could be directly solved.

One of the prerequisites to enter the shadow Guard was to be among the top combat powers!

Unfortunately, the shadow guards had always been loyal to the family head alone. Even the elder Council had no right to know the identity and base of the shadow guards, let alone give them orders.

With Tian Xiang Yang's sudden death, he had completely lost contact with the secret guards in his hands.

Unless the group of hidden guards took the initiative to show themselves, everyone present was helpless.

This was also the biggest point that everyone criticized Tian Xiangyang for. If any one of them had been informed beforehand, the Tian family wouldn't have fallen into such a passive state!

Of course, when Tian Xiangyang was still alive, they would never have dared to say such words. It was only now that they dared to grumble.

However, faced with the hopeful gazes of the elders, Tian Yunkai shook his head, ""Not yet,"

“.....”

Everyone couldn't help but be greatly disappointed. Then where did you get such confidence from?

The current situation that the Tian family was facing could only be solved by using decisive power like the hidden guards. Any other means were destined to only treat the symptoms and not the root cause.

In fact, it was very likely that it could not even cure the surface.

Tian Yunkai's eyes swept across the crowd, and he said with confidence, ""Although I didn't manage to contact the secret guards, I have contacted a force that is hundreds and thousands of times stronger than the secret guards, the top academy!"

"A Superior School?!"

All the elders were shocked.

Although Jianghai Academy was founded by the Tian family and the other two great clans in name, everyone present, including the founding members of the school Council, was well aware that it wasn't a completely independent institution.

In reality, when the Academy was first established, the three great families were far smaller than they were now. They could not even stand firm under the pressure of the other forces in Jianghai.

It was because of the support from the higher-ups that Jianghai University's reputation was finally established and it became the undisputed Holy Land of Jianghai!

With the Tian family's rise in power, the presence of the superior schools in Jianghai city had been getting weaker and weaker. In fact, many students had never even heard of them. However, the superior schools were still superior because they were powerful enough.

Even now, Jianghai Academy still retained an extremely special advancement mechanism.

As long as one could step into the ranks of the Super top combat power, they would be qualified to cultivate in a higher grade Academy and become a member of the higher grade Academy.

In other words, a Titan's great Perfection was the threshold to enter Jianghai Academy. However, an ordinary Titan's great Perfection could not even reach the threshold to enter a Higher School. The difference between the two was obvious!

As such, as long as a Superior School stepped in, Jianghai city's school would not be able to resist them. The only option was to submit.

As for the Tian family, they were the only ones who had received the recognition of the higher ranked schools as the leaders of Jianghai Academy.

Although this would inevitably weaken the Tian family's supreme authority in the college, at least their status as the number one family in Jianghai city would be as stable as Mount Tai.

That was enough.

One of the senior elders asked doubtfully, ""It's said that those big shots from the higher grade Academies have always wanted to take back our Academy, but were stopped by the patriarch. If we rashly invite them over this time, won't we be letting a Wolf into our house?"

Tian Yunkai scoffed, "what do you mean by inviting a Wolf into your house?" Lin Yi was the wolf that they should be wary of the most!

Even if they do, they won't be able to move the entire school away. Our Tian family is still the number one family, but if Lin Yi takes it all, will there still be our Tian family?"

"....."

Everyone was silent.

It didn't feel right, but if they really had to choose a master, a Higher School would be much better than Lin Yi.

"Since no one has any objections, I'll make an official announcement to the higher schools."

"Fortune and misfortune come hand in hand, actually this might not be a bad thing. As long as the higher-ups send someone to take over, then the dark Beast tide won't be a cause for concern."

"That's true. "

Everyone nodded in agreement.

Even though the dark Beast horde was so menacing that it seemed like it could swallow up Jianghai Academy at any moment, if it was a higher ranked Academy, they would immediately be reduced to chickens and dogs, unable to withstand a single blow!

Very quickly, a piece of news began to spread throughout the Academy.

The Tian family was going to join forces with the Gu and Chen families, the three founding families, to hold a public trial against Lin Yi!

"Could it really be Lin Yi who killed the Tian family's head?"

"That's impossible. Tian Xiangyang was so good to him. I don't think Lin Wuju is the kind of person who would return kindness with ingratitude!"

"You may know a person's face, but not his heart. In the face of benefits, even father and son have to kill each other. Is there not a lot of such things?"

"That's right. The public trial isn't a joke. The Tian family must have enough evidence. Otherwise, if the public trial fails, it would be so embarrassing."

Everyone was paying close attention to this news.

But what really interested them was, where did the Tian family get the confidence to interrogate Lin Yi?

They couldn't possibly be counting on the six top combat strength guards, right? they were personally trained by Lin Yi, would they help the Tian family deal with Lin Yi?

Even if these people were loyal to the family, it was impossible for them to go against Lin Yi group.

What was Tian Yunkai thinking?

As the person involved, Lin Yi didn't seem to be aware of this at all, still guarding Tian Xiangyang's soul.

"It's done!"

Just as the three-day period was about to end, Lin Yi's spirit was lifted. After countless simulations and trials, the secret of the twelve chungong tu was finally revealed to him.
