

Bodyguard 9961

Chapter 9961 Power

Then, he was stunned.

He had thought that there must be some clues to Tian Xiangyang's sudden death. The other party had specially given it to him that night to give him a hint in this aspect.

The result proved that he was wrong.

This wasn't a clue to death at all-it was a teleportation formation. As for the destination, it wasn't explicitly stated, but Lin Yi could guess it.

In the secret realms.

"If the other members of the Tian family knew about this, wouldn't they hate me to death?"

Lin Yi shook his head, speechless.

The secret realms were the most important core resources of the Tian family, and this teleportation array was particularly special. It could be activated at any time without a time limit.

With it, to a certain extent, the secret realms had become a back garden that could be entered and exited at any time. It was just that this back garden was a public place and was extremely dangerous.

But no matter what, Tian Xiangyang had given his most important thing to Lin Yi. It was a silent inheritance.

For this, Lin Yi only felt gratitude.

Walking out of the Tian family's ancestral hall, Lin Yi's eyes twitched as he saw the formation in front of him. There were temporary judges all around.

This place had become a public trial site.

"What a big move."

Lin Yi raised a brow at the scene-it reminded him of the trial he'd just been through. It was even worse than that.

The resources spent on setting up this public trial alone were probably enough to empty out a medium-sized family. It had to be said that the three founding families were indeed rich and overbearing.

In all directions, more than a hundred judges' seats were filled with people, all of whom were the leaders of the various forces.

All the important figures of the Academy were present, and it was almost like a different kind of Summit.

The moment Lin Yi arrived, Duan she, Yan Zhongyuan, and the other core members of Lin Yi's group stood up at the same time and stood behind Lin Yi.

At the same time, tyrant, Wang sanjue, Tianji, Yan Chi, and the other top combat power from the repeaters all walked behind Lin Yi, standing up to the crowd.

The atmosphere instantly became a foreboding storm, causing one's heart to palpitate.

Lin Yi looked at the judges with a calm expression. "What is the meaning of this?"

His gaze finally landed on Emperor Xu Anshan.

The others weren't a concern, but this man was a true enemy. Even Lin Yi wasn't sure if he'd be able to defeat him.

They hadn't interacted much with each other before, but they'd formed a tacit understanding. Lin Yi didn't believe that they'd get involved in something like this.

Xu Anshan didn't say anything. He just crossed his arms and looked on coldly.

At this moment, under everyone's gaze, Tian Yunkai took the lead and said, ""Lin Yi, today's public hearing was specially prepared for you. We're going to give you the fairest trial for your murder of the Tian family's head, Tian Xiangyang. Do you have any objections?"

"I'm curious," Lin Yi looked at him curiously, "who gave you the confidence that you're qualified to conduct a public trial on me?"

"I don't need anyone to give me confidence," Tian Yunkai replied coldly. "The death of the head of my house is related to the whole school, and you, Lin Yi, are the biggest suspect. You have to give the whole school an explanation. Am I clear enough?"

Everyone was watching Lin Yi's every move.

Many of them were nervous-they didn't want to become cannon fodder if Lin Yi started fighting right away. They'd run away from the battlefield as soon as possible.

"Are you a spy for the dark Demon beasts?" Lin Yi asked.

"Don't you slander me!" Tian Yunkai's face darkened.

"Since you aren't a spy for the darkness magical beasts, why did you deliberately make such a big scene and call all the top-tier forces over?"

Lin Yi raised a brow, "if the dark Demon beasts suddenly make a big move at this time, there won't be anyone on the front line who can handle it. Are you sure you're not their spy?"

"....."

Tian Yunkai couldn't help but choke. He had put all his thoughts on the internal strife, and had not really thought about this.

Everyone's gazes changed.

No matter what, fighting against the darkness magical beast was the top priority, and it was directly related to the life and death of everyone present!

"The darkness magical beasts suffered an unprecedented blow a few days ago, and they're currently running low on energy. They don't have the strength to launch a larger-scale darkness magical beast horde!"

"Unprecedented heavy damage?"

"I think half of that was my work," Lin Yi chuckled.

Tian Yunkai snorted disdainfully, "you've got half the results!" You're just a bait, my family head and Banshi Luo are the main force. You actually have the nerve to say this in front of everyone, do you really think everyone is brainless?"

Due to Tian Xiangyang's sudden death, everyone in the Academy had limited knowledge of the details of the battle and could only guess.

With Tian Xiangyang and Luo Banshi's participation, the two of them would be the ones with the biggest gains. Lin Yi might have played a part, but he wasn't the key.

This was the consensus formed by most people.

At this moment, Xu Anshan suddenly said, ""Big brother and Banshi Luo were both restricted by the God's power, and Lin Yi was the one who took down 70% of the fight-I can vouch for that."

Everyone was in an uproar.

All sorts of mocking gazes were cast over, and Tian Yunkai's old face instantly flushed red, as if he had been slapped in the face out of thin air, causing a burning pain!

She wanted to use this to taunt Lin Yi, but it turned out to be a song of praise instead!

The key was that these words came from Xu Anshan's mouth. With this person's credibility, he could not even question it.

After all, everyone knew that this natural-born Emperor's words were like gold and Jade. He wouldn't speak easily, but once he did, his words would carry enormous weight.

At this moment, Tian Yunkai even had the thought of harming himself.

With this achievement, the chances of him pinning Lin Yi to the pillar of shame in the public trial would be greatly reduced-he'd be going for wool and coming home shorn!

However, the arrow had already been nocked and had to be fired.

Tian Yunkai forced himself to return to the main topic,""Even if you've killed many darkness magical beasts, this is a separate matter. This is definitely not a protective umbrella for you to do whatever you want. Besides, compared to killing my Tian family's master, no matter how many darkness magical beasts you kill, you won't be able to make up for it!"

"Do you have any evidence?"

Lin Yi looked at him indifferently, too lazy to waste his breath,"If you can't produce any substantial evidence and want to play some groundless tricks, then I'll give you a piece of advice. Be prepared to die."

Chapter 9962 Power

As soon as he said that, everyone's eyelids twitched.

This was an undisguised death notice.

According to normal logic, even if the trial failed, it would only help Lin Yi clear his name, but it wouldn't hurt the Tian family.

However, Lin Yi's words meant that he wouldn't rest until one of them died. At his level, he wouldn't joke about things like that.

As a boss, if I said I would kill your entire family, I would definitely kill your entire family. I can't even give you a discount. If I can't even keep my word, what kind of boss is I?

As the person directly involved, Tian Yunkai's heart was palpitating with fear.

He realized, to his shock, that he didn't even dare to look Lin Yi in the eye even though he was fully prepared!

As a top-tier fighter, he knew that he was being locked on by an invisible force-only Lin Yi had the strength and motivation to do so.

This guy was actually serious!

"Do you think that threatening this old master will work? Hehe, you're so naive. "

Tian Yunkai forcibly calmed his mind and immediately explained the suspicious points from before in front of everyone.

But these rumors had already been spread, and while they did sound reasonable, they weren't first-hand evidence. It wasn't realistic to pin Lin Yi to death with that.

As a result, no one reacted, and some even spoke up for Lin Yi.

"Isn't it too much of a joke to hold a public trial against our Academy's top combat power just based on these baseless speculations?"

"That's right. After destroying Lin Wuju, is the Tian family going to replace him?"

"I didn't see you when I was fighting the dark magic beasts, but you're so good at making friends with your own people, hehe."

This scene had greatly exceeded Tian Yunkai's expectations.

According to his original plan, a guy like Lin Yi, who stood out from the rest, would definitely be hated. Even if the others didn't take the initiative to stand against Lin Yi, they'd at least add fuel to the fire and be happy to see it.

Why were there so many people on Lin Yi's side?

Lin Yi's popularity was high, but that was mainly reflected on the internet. Those who supported him were the lower-class people with no influence, and he didn't include these people in his previous investigation.

However, he quickly realized why everyone was acting this way.

It wasn't that these people really supported Lin Yi, but they were afraid that once they got rid of Lin Yi, no one would be able to stand at the front line of the dark Beast horde!

A bunch of short-sighted people!

Tian Yunkai laughed coldly to himself and ignored their reactions as he looked down at Lin Yi, "I don't have any first-hand evidence, but I'm confident that you're the one who killed the head.

Lin Yi, do you dare to bet your life with me?"

Life bet?

Everyone looked at each other in confusion.

"I'll bet a God's punishment with you, Lin Yi!" Tianyunqing called out.

This time, the entire place was boiling.

Lin Yi was moved-this old man really had the courage to bet with him on retribution!

The so-called heavenly punishment was the simplest and most direct way of betting on one's life. Once the bet was formed, one party would have to suffer the heavenly punishment. The power of the punishment was enough to make any giant at the consummate level of the realm evaporate instantly!

There was once a top-tier combat power who was on par with Banshi Luo, but he was killed in such a way. Ever since then, the idea that God's retribution was unresolvable had been deeply rooted in their hearts.

"You don't think you'll get the truth just because of this, do you?" Lin Yi raised a brow.

"It doesn't matter if it's the truth or not, at least it can prove that I have a clear conscience. I don't know if you, Lin Yi, have the same confidence, though,"

Tian Yunkai was full of confidence.

Everyone looked at Lin Yi-all the pressure was on him now.

The nature of God's retribution was not to judge and determine the truth of the matter. Its greatest significance was more like a perfect lie detector. As long as one of them had the slightest psychological flaw, they would be punished by God.

Therefore, unless one had a clear conscience, no matter how strong one was, one would not dare to rashly agree.

If Lin Yi agreed, then it would be exactly what Tian Yunkai wanted, but if he didn't, then it would mean that he was up to something.

When the news spread, it would be impossible to clear his name even if he jumped into the Yellow River. No matter how he tried to remedy it later, it would definitely leave behind hidden dangers.

From now on, Lin Yi would always be the first suspect in Tian Xiangyang's murder, and he would never be able to take it off easily!

Tian Yunkai looked at this scene and sneered. 'I'll see how you're going to deal with this!'

"Do you think that you've come up with an unsolvable trick that I'll lose no matter how I respond?"

Lin Yi's face didn't show any of the panic he expected-he was still as calm as ever. He raised his hand and sent a palm of great mercy right at his face.

As he watched the giant palm coming down from above, Tian Yunkai was dumbfounded.

What the hell is this? To silence him?

He'd expected Lin Yi to care about his image and reputation if he wanted to get to the top. Even if it was just an act, he'd at least try to keep up the act.

He didn't think that Lin Yi would attack him without any hesitation!

This wasn't a routine move at all.

"You don't dare to kill me!"

Tian Yunkai cried out in panic. He desperately wanted to escape the range of the great mercy and great compassion palm, but unfortunately, the entire space around him had been locked in advance, so even escaping was a luxury for him.

He was a peak-level fighter, but he couldn't even take a single blow from Lin Yi. The difference in strength was far beyond his imagination.

Tian Yunkai's heart sank to the bottom of the valley-Lin Yi really had the intention to kill him!

Seeing this destructive scene, everyone present was shocked.

It wasn't just the power of Lin Yi's palm of great mercy, but more importantly, the decisiveness Lin Yi displayed at this moment was completely different from before.

It was only now that they truly felt how ridiculous Lin Yi's strength was. He didn't need to worry about their feelings anymore!

In the face of absolute strength, whether they supported or objected, did it matter to Lin Yi?

Be reasonable?

Hehe, I don't mind being reasonable with you when I'm happy, but when I'm not, F * ck your reasoning!

Do you have the right to reason with me?

Helplessly watching the palm of great mercy and great sorrow fall, Tian Yunkai was horrified.

He'd always thought that Lin Yi's good temper was the perfect excuse to deceive a gentleman, but he finally realized how wrong he was!

Chapter 9963 The End

Fortunately, he was not alone.

The Tian family only had two or three big cats, naturally, they couldn't withstand Lin Yi's great mercy and great compassion palm, but he had invited outside help, and this was the real reason why he was able to hold the public trial today.

"You want to kill me just because of a small disagreement. How impressive."

A thunderous voice rang out at the last moment. A stalwart figure in golden armor appeared in front of everyone. He raised one arm gently and received the palm of great mercy that covered the sky!

Everyone was in an uproar.

"So, you're finally showing yourself?" Lin Yi said faintly.

He had known of this person's existence from the very beginning. In fact, there was more than one person. At the same time, four other figures appeared in the sky above the venue. They were also wrapped in tight battle armor.

The only difference was that their armor was silver in color.

Everyone's expression changed. The auras of these five people were extremely powerful, and even the weakest one was far above them.

They were all top-tier combatants, which could only mean one thing-even the weakest of them was a top-tier combatant, at least on par with Banshi Luo!

"How did they get in?" someone couldn't help but exclaim. Could it be that the Academy's protective array has been broken?"

The existence of the Academy's protective array was the key cornerstone for the safety of the entire Academy.

After being polished and strengthened by countless formation grandmasters, it had long reached an impregnable state. In theory, unless it was broken through directly, no one could sneak in.

In order to prevent a tragedy like the last time, they had even closed the gap in the retained compound. At least in theory, not even a mosquito could fly in!

However, not only did these five people enter, but they also didn't cause the slightest reaction from the array from beginning to end. The deep meaning behind this was truly terrifying.

"Everyone, there's no need to panic. The five of them are special agents from the higher-ranked Academies. They're here to help us deal with this crisis!"

Tian Yunkai, who was on the verge of death, immediately became excited again. He looked at Lin Yi with a cold smile and introduced, "This is Chu jingchen, Lord Chu from the External Affairs Department of the higher ranked Academy."

The Golden-armored man looked around with a faint smile, and released some of his aura.

Everyone's eyelids twitched.

Half-step venerable!

This person was a legendary half-step Supreme realm!

Previously, li songzhang, that half-step venerable, had already left them with a nightmarish memory. However, the aura of this person in front of them was far more solid than li songzhang 's, and his strength was obviously much stronger!

However, everyone still had their doubts.

These five people were indeed very strong, and many of them indeed knew of the existence of the higher schools, but this did not mean that there was no problem with the other party's identity.

What if Tian Yunkai took the opportunity to lure a Wolf into his house?

With the current unstable situation of the Tian family, under the huge psychological gap, it is not surprising that the Tian family would do anything.

Perhaps these five were darkness magical beast experts in human form?

"You all seem to be suspicious of our identities. Fine, let's test it out."

Chu jingchen looked around nonchalantly and his eyes fell on Lin Yi, ""You're the one who killed Tian Xiangyang? Tian Xiangyang's strength doesn't seem to be that great. Has his strength regressed to this extent after staying in this small place for so long? tsk tsk. "

His words were filled with contempt.

The group of Tian family's descendants were instantly dissatisfied. Other things aside, they sincerely admired Tian Xiangyang as the family head and would not allow anyone to belittle or slander him!

However, it was suppressed by Tian Yunkai.

Now that the hope and future of the entire Tian family is on him, how could he dare to make him unhappy?

Fortunately, Chu jingchen didn't even look at these Tian family's disciples from the beginning to the end. Even Lin Yi, who just displayed the palm of great mercy, was nothing in his eyes, let alone these Tian family's disciples.

Someone who hadn't even reached the consummate level of a Big Shot didn't even have the right to be looked down upon by him.

"Damn, this guy is really pretentious!"

Tyrant and the others looked at each other, but they did not act rashly.

Although they didn't like him, their intuition told them that this person really had the capital to act tough in front of them!

"Although Tian Xiangyang isn't much, he's still a person who has been acknowledged by the main Academy. Since he's dead, I have to give him justice. You can go and be buried with him."

Chu jingchen snapped his fingers as he spoke.

Before anyone could react, the entire formation suddenly exploded and pointed all its Spears at Lin Yi, putting pressure on his head.

The ground under Lin Yi's feet crumbled, and even the space around him was twisted under the pressure. The air kept making heart-stopping explosions-this was the result of being compressed to the extreme!

Everyone's scalps went numb.

If it were them, they would have been crushed into meat paste.

Only Lin Yi's body was strong enough to hold on for a while, but he couldn't hold on for long.

"You're tough, but it's useless. No matter how strong your body is, it can't withstand the pressure of the protective formation. Jianghai Academy may be weak, but this formation isn't cheap. It's comparable to the secondary formation of our main school,"

Chu jingchen looked at this scene with great interest.

Seeing this, Tian Yunkai hurriedly said, "everyone can see this. The higher ranked Academies are in control of the control center of the Academy's protective formation. This is enough to prove Master Chu's identity!"

Everyone looked at each other.

Now that things had developed to this point, there was no longer any need to doubt the identity of Chu jingchen and the other four. However, the motive of the other party was still intriguing!

Anyone who knew a little about the inside story knew that although there was a superior-subordinate relationship between the main Academy and their own Academy, the relationship between them had always been quite awkward.

This point could be seen from the main school's presence within Jianghai Academy.

If they were on good terms with each other, then logically speaking, all of the students should aim to enter a Superior School. After all, the main school had far more resources and teachers than a Lower School like Jianghai Academy.

However, since Tian Xiangyang, the Academy's officials had never publicly mentioned the main Academy on any official occasion, so much so that the vast majority of ordinary students didn't even know of the existence of the main Academy.

This was clearly abnormal.

There was a secret rumor that the main school had been trying to bring Jianghai Academy under their direct management, but Tian Xiangyang had stopped them, so they had never succeeded.

With Tian Xiang Yang's death, Tian Yunkai immediately took the initiative to invite these five people. The meaning behind this was really thought-provoking.

In fact, those with sharp minds could not help but speculate that Tian Xiangyang's sudden death was related to these people.

Compared to Lin Yi, these people were obviously more capable of killing Tian Xiangyang, and they also had enough motive!

It wasn't that Chu jingchen couldn't guess the psychological changes in the crowd, but he couldn't be bothered with them.

Chapter 9964 The End

Just like how Lin Yi wouldn't argue with Tian Yunkai, with Chu jingchen's status and strength, it would be foolish to put any effort into this kind of thing!

Only Lin Yi himself could pique his interest.

However, it was only a little.

"I can see that you still have some strength. As a mere Big Shot at the peak of the late stage of the consummate level, it's rare for you to have such potential in this small place. I'll give you a chance. Become my Apostle."

Chu jingchen's suggestion made Tian Yunkai's heart skip a beat.

After entering the venerable realm, each venerable had their own exclusive Apostle, which was actually a deeply bound little brother.

Although Chu jingchen was not a true venerable, he had already started recruiting apostles in preparation for a rainy day. The four Supreme combat powers behind him were his personal apostles!

Tian Yunkai stared at Lin Yi's reaction nervously.

He'd be in deep trouble if Lin Yi agreed right there and then.

Once the venerable and Apostle were bound together, they would be bound together for good or bad. If Lin Yi wanted to take revenge, Chu jingchen wouldn't stop him and might even be happy to see it happen!

After all, even if the Tian family led by Tian Yunkai were willing to become puppets, they would still have a significant influence on Jianghai Academy.

To Chu jingchen, who was prepared to personally take over Jianghai Academy, it was better to destroy the Tian family than not.

Plus, if he let Lin Yi Do it for him, not only would he not have to dirty his hands, he could even get Lin Yi's gratitude. Why not?

"That reminds me of a famous saying," Lin Yi said with a weird expression.

"Oh? Tell me about it. "

Chu jingchen raised his eyebrows. If Lin Yi was willing to follow him, he was willing to be patient.

"Be my son," Lin Yi said honestly.

"....."

The whole place was dead silent. Some people couldn't hold it in and burst out laughing on the spot.

Chu jingchen's face turned as black as the bottom of a pot, his killing intent rising. "In this situation, you still have the mood to take advantage of me with your words. It seems that I have misjudged you. With your brain, you are not qualified to be my Apostle. You should just die."

With that, the defensive formation unleashed its full power, pressing down on Lin Yi even more from all directions.

Wang sanjue and the others were all worried for Lin Yi as they felt the pressure that was almost overflowing from the screen.

Not to mention Lin Yi's current position, even if he was just standing next to them, they wouldn't be able to take it. Just the pressure they could see with the naked eye was enough to suffocate them!

Everyone couldn't help but feel sorry for Lin Yi.

"Lin Yi!" Tianyun was relieved, "the formation can even block the attack of the dark Beast tide. With that kind of power all on one person, no matter how strong your body is, you'll die for sure!"

He'd already ordered his men to surround Lin Yi's spirit.

In this situation, Lin Yi's body was going to collapse, and as long as his essence spirit was destroyed, there would be no more trouble.

In the end, Lin Yi was in a dangerous situation.

However, after 15 minutes, he was still safe and sound. Not to mention that the expected scene of his body being squeezed into meat paste did not appear, it did not even break his skin at all.

"Don't tell me it only looks scary? In fact, its true power is just that?"

Everyone could not help but look at each other.

They had to admit that Lin Yi was strong, but to say that he was strong enough to ignore the defensive formation was too much of an exaggeration.

Chu jingchen furrowed his brows slightly. "In the end, the protective array here is still shoddy. A low-ranked Academy will always be a low-ranked Academy. They will never be able to show their true colors!"

Just as everyone was shocked, Lin Yi's body started to glow with a golden light.

Jiang xiaoshang laughed in his mind, ""You've finally broken through the sixth growth shackle. Tsk, tsk, that arrogant fool didn't even realize that he helped you. He's really stupid beyond the level of stupidity!"

Lin Yi was delighted.

Although he had already begun the process of breaking through the sixth growth shackle since he swallowed li songzhang, judging from the previous progress, it was impossible to complete it in a short time.

He didn't expect that under the extreme pressure of the Academy's protective array, the entire process would be accelerated greatly, which was equivalent to sending him to the end on the spot!

The sixth time he broke through the shackles of growth was completed. His divine body had just been formed!

Chu jingchen's eyes twitched at the sight.

As a man who had seen the world, he knew that the golden light was the symbol of a God Body. However, as soon as this absurd idea came into his mind, he rejected it with his own reason.

What a joke!

Even among the Supreme realm experts, there were not many who could cultivate their bodies to the level of a divine body. Most of them would only reach the limit after breaking through the fifth shackle of growth. As for the divine body, ordinary Supreme realm experts did not even dare to think about it.

It was not an overstatement to say that once one had a divine body, even if one did not know anything else, they would be able to fight with a Supreme realm expert.

Just by being reckless, he could make it big!

How could a measly Big Shot at the peak of the late stage of the consummate level possess such a high-level tyrannical technique?

This fellow must have cultivated some kind of physical body Secret technique that allowed him to emit a golden light similar to a divine body. This must be the case!

Chu jingchen was very certain, but he still couldn't keep a straight face.

Wasn't Lin Yi's face being slapped in front of everyone?

"Go and help him."

Chu jingchen gave the order and a two-meter tall strong Apostle immediately stepped out and appeared in front of Lin Yi in the next second, smashing his head with an Arm Hammer without any fancy moves!

Tyrant and the others behind Lin Yi wanted to help, but they were all locked in their own space.

He could only watch as Lin Yi became a human sandbag!

He would die.

The rest of the people couldn't bear to look at it. Although this Arm Hammer was ordinary and didn't even have the slightest momentum, the terrifying thing was that it didn't have any momentum.

As expected, it wasn't until the arm Hammer fell that the shocking force finally exploded, and a large area of space around Lin Yi collapsed on the spot!

However, the crowd immediately saw a scene that they would never forget.

The arm Hammer landed on Lin Yi's head, but the guy didn't break into pieces like he expected-he even tilted his head to the side.

"You can use more strength, I can still do it." Lin Yi said.

The two-meter tall man couldn't help but be shocked, and then he exploded with anger. A giant hammer that weighed more than ten thousand pounds suddenly appeared in his hand, and he smashed it down on Lin Yi's head without saying anything.

This time, the giant hammer had yet to land, but the entire Academy was already trembling from the aura it had created.

Then, everyone watched as Lin Yi calmly extended a finger and hit the center of the hammer.

Chapter 9965 Power

BOOM!

An unparalleled shock wave instantly engulfed the entire area.

At the same time, there was a crisp sound of metal shattering. Right in front of everyone's eyes, cracks began to spread from the center of the giant hammer.

After a breath, it shattered.

Looking at the broken pieces of the iron hammer on the ground, everyone was dumbfounded.

Chu jingchen's eyes couldn't help but flash with shock.

Although this burly man's strength was not outstanding among his apostles, his absolute strength was not fake. There were almost no opponents below the half-step venerable realm, so how could he lose to such a trash?

Could it be that this person had mastered the laws of shattering?

That was most likely the case. This kid was definitely not his apostle's match in terms of strength. He must have relied on this kind of rule power that was specialized in dealing with weapons to take advantage of the situation!

Chu jingchen had just finished preparing himself mentally when the two-meter-tall man was already furious and attacked Lin Yi again.

This time, however, Lin Yi gently jabbed his finger at the man's heart before the attack landed.

Then, like a soldering iron touching tofu, the burly man's heart was easily pierced through without any resistance.

Bang!

Looking at the brawny man's dead body, the whole place fell into a dead silence.

"Dead? He just died like that?"

They didn't even see the man's primordial spirit. The only thing they could be sure of was that this guy was dead.

This was a combat power that was comparable to half-master Luo!

Since when did super top-tier combat power become so worthless? he died just like that, and he was even stabbed to death by a finger. Who would believe it?

"He came to kill me, and I accidentally killed him instead. Is that okay?" Lin Yi looked up at Chu jingchen.

"....."

Anger flashed across Chu jingchen's face, but he maintained a nonchalant expression, ""Our main courtyard has never prohibited killing. If you don't even have the awareness of killing and being killed, what can you do?"

Everyone couldn't help but be surprised.

The brawny man was the Apostle he had brought with him and he had just represented him. According to normal circumstances, shouldn't he be angry from embarrassment?

They were wrong about this.

It was true that the Apostle and the venerable were bound together for good or bad. However, to the venerable, the master, the Apostle could be abandoned at any time.

Just like the moment the brawny man died, Chu jingchen had already severed his relationship with him, so the other party's death couldn't affect him at all.

Chu jingchen had plenty of such chess pieces in his hands, so it didn't matter if he threw a few away.

However, the death of an Apostle did not hurt him. It was a different matter if he lost his face.

Today was his first time showing his face in front of the Jianghai school crowd, and the results would determine if his plans would succeed. If he couldn't even take care of Lin Yi, then what was he supposed to do?

"But since you've killed my Apostle, as his Lord, I have to show my gratitude. But don't worry, I won't go as far as to bully the weak." Chu jingchen changed the topic.

"I'd like to see what a half-venerable looks like!" Lin Yi raised a brow.

The crowd was in an uproar.

He was a half-step Supreme realm, wasn't his tone a little too arrogant?

Only Xu Anshan didn't seem surprised. He saw Lin Yi swallow Li Songzhang with his own eyes. He didn't know the details, but it was an undeniable fact that Lin Yi killed a half-step venerable.

Half-step Venerables were scary to others, but to Lin Yi, they were just a human head.

"Let's talk about it after we survive," Chu Jingchen replied with a faint smile.

With that, a sickly young man stepped out from behind, coughing blood as he spoke to Lin Yi. "Kid, have you ever tasted the feeling of being plagued by illness?"

As he spoke, an invisible rule force wrapped around Lin Yi.

The rules of all diseases.

In an instant, all the diseases in the world rushed into Lin Yi's body. This kind of all-around impact from the inside out was something even a Big Shot at the peak of perfection couldn't withstand.

Even if he didn't collapse on the spot, he would definitely be extremely weak.

The sickly young man walked up to Lin Yi and pulled out a shiny dagger from his pocket, continuing to cough blood. "No matter how strong a cultivator is, when he is extremely weak, even a small dagger like this can kill him."

As he spoke, he stabbed out with the knife.

However, when it landed on Lin Yi's body, it couldn't even break his skin.

The sick youth was stunned.

Although his words were nonchalant, the dagger in his hand had a great history. It was one of the ten great swords of the ancient era, the Yuchang sword.

In theory, even if it fell into the hands of a child, it could easily break through the physical defense of all experts!

But now, in front of Lin Yi, it was like a poor quality toy knife. The so-called stabbing was a lie.

"Nice sword, give it to me," Lin Yi suddenly spoke up.

"For your mother ..."

Before the sickly young man could finish his sentence, Lin Yi suddenly grabbed the Yuchang sword and turned it around, stabbing it into his own body.

At the same time, the majestic rule power of gigantification poured into the Yuchang sword, and the small sword body instantly expanded by more than a hundred times.

The small wound that was originally less than half an inch suddenly burst his entire abdomen. The light in the sickly young man's eyes immediately disappeared, and he slowly fell to the ground under everyone's shocked gaze.

Another Apostle had died!

This time, Chu jingchen really couldn't keep his face.

If he did not care about the death of an Apostle, it meant that he was rich. In the eyes of others, they would not think that he was weak. Instead, they would think that he had a strong foundation and did not even care about such a top combat power.

It would only make people feel even more awe!

However, two apostles had died in such a casual manner. If he did not react, the bystanders would have a different view of him.

Could it be that this special envoy from a higher Academy was just a superficial person?

Don't forget, they had all experienced it before. The previous poor performance of Zhao Rikun with a group of second-rate experts was still fresh in everyone's memory.

Lin Yi was strong, but he wasn't strong enough to be a chicken butcher for super-class fighters, was he?

"You killed two of my apostles. I have been to so many low-ranked schools but you are the first one who managed to anger me. I have to admit that you are very capable."

The killing intent in Chu jingchen's indifferent eyes gradually condensed, and his golden armor began to emit a dazzling golden light, dazzling everyone present.

This was a sign that he was going to take the field personally.

Everyone was worried for Lin Yi.

Even though Chu jingchen had yet to make a move, the aura he exuded was far from what his subordinates could compare to. After all, he was a true half-step venerable!

Chapter 9966 Power

Lin Yi looked at him with a calm face, as if he'd been taken aback, but he was actually thinking about whether or not he should just eat him up ...

The benefits of swallowing li songzhang were so great that it was a little addictive.

If he could take the opportunity to devour Chu jingchen today, the benefits would definitely not be any less than li songzhang 's, but the risks were not small either.

This person's Foundation was far deeper than li songzhang 's, so the difficulty of taking him down in one go would naturally increase exponentially. More importantly, he had the support of the upper Academy behind him. Once he was killed, it was impossible to predict how the upper Academy would react.

If they sent a true Supreme realm expert, he might not be able to handle it with his current strength.

Seeing that Lin Yi didn't make a move and was resigned to his fate, Chu jingchen's lips curved up slightly, ""Bullying the weak and fearing the strong? He's really a small character in reality!"

However, he wasn't going to let Lin Yi go so easily now that he was really angry.

At this moment, Chu jingchen raised his brows, ""You're quite lucky. "

Everyone was confused.

But in the next moment, the entire Academy suddenly shook. A huge eye appeared out of thin air above the Academy, and everyone's faces instantly changed!

The darkness magical beasts had invaded!

"Didn't they say that they suffered heavy casualties and didn't have the strength to attack in a short time?"

"The darkness beast tide has weakened, but it shouldn't be difficult for them to teleport some peak-level darkness magical beasts over!"

"That's right. Now that the focus of the protective spell formation is on Lin Wuju, it's only natural that they'd want to take advantage of this."

The crowd was in a heated discussion.

Although he didn't say it explicitly, the spear was clearly pointed at Chu jingchen.

The higher-ups "special agents were powerful, and a half-step venerable was indeed a threat, but they were more willing to stand on Lin Yi's side.

After all, Lin Yi's contribution to the school was real, and it couldn't be erased with a few words.

Most importantly, they hoped that Lin Yi could continue to stand on the front line when they faced the dark Beast horde in the future. This was the real benefit to them!

However, in the next second, Chu jingchen's actions had completely changed their minds.

With just a punch across the air, the giant eye in the sky, which was emitting a terrifying aura, was shattered into countless pieces of bloody meat on the spot, which scattered all over the scene in the blink of an eye.

Everyone was collectively stunned!

However, they could tell from the aura that the owner of this huge eye was definitely not someone that ordinary magnates at the peak of perfection could compare to. They knew that a similar huge eye had appeared in the war God's secret realm previously.

Although it might not be the same one, judging from logic, their strength should be similar.

One must know that the giant eye had kidnapped the young master of the Chen family, Chen Xun, right in front of Tian Xiangyang and Luo Banshi. To be able to render the two façade of the Academy helpless, it was obvious how powerful it was.

Now, an existence who was almost on par with him couldn't even block a casual move from this Special Agent from a higher Academy.

It was clear who was superior!

For the first time, everyone present finally realized what the deterrence of a half-step venerable was!

The difference in strength between him and the Super-top combat power that they had known was far beyond their imagination.

Many of them thought that Lin Yi had killed two apostles in a row and was proud of it, but now, Lin Yi was nothing more than a death-seeker in their eyes.

To face such a terrifying existence, there was no other suitable word other than seeking death.

Once that giant eye was destroyed, the remaining darkness magical beasts were no longer a cause for concern. Even if the center of the protective spell formation was not on the periphery, it was enough to completely block them out!

Chu jingchen turned to look at Lin Yi and was about to say something when Lin Yi suddenly threw out his Yuchang sword without warning.

Everyone was confused.

Seeing that the Yuchang sword had missed, an invisible blood mark suddenly spread in the air at the last one, gradually developing into a thick blood mist that made people's hearts jump.

Until a vague insect-shaped silhouette fell to the ground.

"Dark demonic armor! I actually let this thing slip in!"

Someone was the first to react, followed by the rest of the people, who were all shocked and scared.

They couldn't be blamed for being so shocked. The dark demonic armor was the most deadly invisible killer.

Although its strength might not be much stronger than the cannon fodder of the other darkness magical beasts, its innate concealment ability was too invincible. In addition, it had a terrifying attack that dealt a fatal blow. It could be said that it was the most worthy top-tier killer since the beast tide!

Except for the incident with Li Songzhang, almost all the remaining top combat forces had died under the claws of the dark demonic armor.

"Lin Wuju really has sharp eyes. He saved our lives again this time. He's f*cking awesome!"

Everyone praised Lin Yi.

Chu jingchen's face turned dark as he witnessed this scene.

To be honest, the way he killed the giant eye with one punch, whether it was the actual result or the impact of the image, was far above Lin Yi 's.

Unfortunately, to everyone else, it still couldn't be compared to Lin Yi killing the dark demonic armor. In fact, they weren't grateful to him at all, but rather resentful.

If it wasn't for Lin Yi, who knew how many of them would've lost their lives if the demonic armor had managed to hide in the school!

And all of this was clearly because of Chu jingchen.

After all, if he didn't use the formation against Lin Yi, leaving the outside empty, this wouldn't have happened.

"A bunch of idiots."

Chu jingchen scolded indifferently. Originally, he couldn't be bothered to care about what the others thought.

In his eyes, this group of so-called top-notch combat power was just a slightly higher level minion. They had no weight at all.

However, for the sake of the big plan, he still decided to deign to make a statement.

"Since you've done so much for us, I'll consider giving you another chance, Lin Yi."

Lin Yi raised his head. "There's no need for that. If you want to do it, then do it quickly. I'm in a hurry."

"....."

Chu jingchen almost choked to death on the spot, but in the end, he didn't make a move. Instead, he sneered, ""I advise you to listen to it first. After all, this is not only related to your life and death, but also the safety of the entire Academy."

Tian Yunkai, who was standing at the side, quickly said, ""The special Commissioner is so serious about this matter. It must be something big. We're all ears."

Chu jingchen's words weren't thrown to the ground as he replied arrogantly, ""It's rare for everyone to be here, so I might as well just tell you the purpose of my visit. I'm here to take over the management of Jianghai Academy. "

Chapter 9967

The crowd couldn't help but discuss.

This was within their expectations.

With such a high and mighty background, it was naturally impossible for him to be here to do charity. It was only natural for him to take in Jianghai Academy, which had always been outside of the main school system.

It would be abnormal if he didn't even have this bit of ambition.

However, it was impossible for everyone to agree with it.

The school's self-control had always been a tradition of Jianghai Academy. If they were suddenly given a superior and had to listen to their orders from now on, no one would be happy!

To everyone, even if the Academy was a group of Dragons without a leader and was always in chaos, it was still much better than being at the mercy of others!

"You guys don't seem to be convinced? It's normal, I didn't intend to use my power to suppress you today, I'm just giving you a condition. "

"As long as you support my decision to take over Jianghai Academy, the main school will open up a portal for you to escape to. How about it?" Chu jingchen's eyes swept across the entire place.

As soon as he said that, the crowd instantly boiled over.

Although under the leadership of Tian Xiangyang, the Academy was still far from the edge of collapse, but with the dark Beast tide getting more and more intense, anyone with a discerning eye could see that the Academy would collapse sooner or later.

If Tian Xiangyang was still around, the so-called prolonged battle might still be feasible.

But now that Tian Xiangyang was gone, they couldn't even gather the most basic of people's hearts, so how could they talk about a protracted war?

By offering such a high price, Chu jingchen didn't need to say anything else. He was already sure to win.

That was the truth.

Very quickly, one by one, the representatives of the various forces raised their hands in agreement.

Under everyone's watchful eyes, even the Academy chose to stand on Chu jingchen's side. Even though Xu Anshan did not personally express his stand, the attitude of the ten academic presidents was obvious.

In the end, only Lin Yi group and the repeaters were left.

Cutting off the core members of Lin Yi's group wasn't a big deal-they'd do whatever Lin Yi chose.

However, tyrant and the group of retained giant five were in an awkward situation.

They had a close relationship with Lin Yi, and after so many blood tests, they'd already become a solid iron Alliance. They'd always been on Lin Yi's side.

But this time was different.

Chu jingchen had directly given them a way out. If they refused and the situation worsened, they might end up in a state of eternal damnation.

The key was not just them, but their entire family!

Not to mention Wang sanjue, who was tied down by the talisman Wang family, even tyrant had to think for his brothers.

The balance of the pros and cons was not something they could do willfully.

In the end, tyrant made the first decision.""Brother, I'm sorry this time. If he can really get the dimensional gateway, I have to take a gamble."

Very quickly, Wang sanjue and Yan Chi made a difficult decision.

Lin Yi only had Duan Sheng and his direct descendants left.

He did not feel depressed at all. The choices tyrant and the others made were absolutely reasonable from the perspective of any normal person.

On the other hand, it would be abnormal if she was one-track minded and wanted to walk the same path as Lin Yi to the end.

The only surprising thing was that Tianji had actually stayed by his side.

Lin Yi couldn't help but look at him strangely."Could it be that you see the future in me?"

Everyone was also curious.

Tianji had the rules of karma, and he could see things more clearly than Banshi Luo. He must have his reasons for betting on Lin Yi!

Tianji shook his head at Lin Yi's question. "I've said it from the start. I can't see any future in you."

"Then why did you ..."

Lin Yi was getting more and more confused.

Tianji said calmly, "I can see that everyone else's future isn't good. You're the only one who's unknown. What would you choose if it were you?"

It was a simple logic.

"Of course," Lin Yi smiled.

Chu jingchen couldn't help but sneer as he looked at the young Tianji and said, ""You're boasting shamelessly. You can see through everyone's future with your cultivation level, including mine?"

This was simply impossible.

Even at the level of law energy, the suppression of cultivation level would always be present. With the cultivation of Tianji, he could see through the other top combat powers present, but he was not qualified to see Chu jingchen's future!

Even the two remaining apostles couldn't see through him, let alone Chu jingchen.

Tianji glanced at him and said nothing.

Chu jingchen didn't mind. Tianji's karma rule power was special, but it wasn't enough to catch his attention. Only Lin Yi could catch his interest.

The rest, including Xu Anshan, weren't even taken seriously.

"You've been deserted by your friends and family. Don't you think you're a little pathetic?"

Chu jingchen said arrogantly, "You can't do it even if you try your best, but it's just a matter of words for me. The gap between people is bigger than a man and a dog. Is it sad?"

"Anything else?" Lin Yi asked, raising his eyes.

"I won't turn back until I hit a wall."

Chu jingchen chuckled as he looked at Lin Yi with even more disdain, but he wasn't in a hurry to attack,""Don't say that I didn't give you a way out. Seeing that you still have some strength, I'll give you two choices.

You can either lead your cannon fodder minions and fend off the dark Beast tide alone, or you can get the hell out of Jianghai Academy. "

He still didn't put Lin Yi in his eyes, but he'd learned a thing or two about Lin Yi's influence in the school after what happened just now.

It wasn't impossible to kill Lin Yi in front of everyone, but there would be hidden dangers.

He wanted the entire Jianghai Academy to submit to him as his private property, not a ticking time bomb that could ignite at any moment.

Hence, Lin Yi had to die, but it had to be a death that most people could accept.

For the sake of the Academy, he had fought to the death with the darkness magical beast. This was very much in line with his requirements.

Everyone looked at Lin Yi.

Because of his arrogance, Chu jingchen's intentions were written all over his face, but no one could stand up for Lin Yi.

After all, they had already used their feet to vote.

Even they themselves felt disgusted if they had to speak up for Lin Yi now.

Lin Yi turned to look at Duan she and the other core members of his team. He couldn't help but smile when he saw that they were all calm. "Your threat doesn't seem to have any effect?"

Chu jingchen was also a little surprised, but he replied disdainfully, ""They're just a bunch of stubborn cannon fodder. I'm not interested in what they think. "

Chapter 9968

"Then, do you want to hear my thoughts?"

Lin Yi raised a brow.

Chu jingchen tilted his head. "I don't think it's a wise choice. But I'm still willing to give you a chance. Speak."

Lin Yi scanned the room and said faintly, "It's simple. Since the problem is with you, I just have to kill you and the problem will naturally disappear. What do you think?"

"That's a good idea,"

Chu jingchen laughed so hard that he was out of breath. After a long while, he finally stopped laughing. "This is the funniest joke I've ever heard, but it's a pity that this kind of joke can only be heard once."

With that, the pressure of the formation concentrated on Lin Yi's head again!

The ground beneath Lin Yi's feet cracked.

But the next second, Lin Yi walked out and looked at the man with a half-smile, as if nothing had happened.

Everyone couldn't help but be surprised.

Chu jingchen's face was also filled with unconcealed suspicion. "Interesting. You can actually take advantage of the loopholes in the array?"

He didn't believe that Lin Yi could withstand the power of the entire formation. Even a half-venerable like him couldn't handle it, let alone a mere Lin Yi.

Lin Yi found the flaw in the formation by chance-this was the only reasonable explanation he could accept.

"Loophole?"

Lin Yi smiled, and Chu jingchen's face changed immediately.

The pressure of the courtyard's protective array suddenly turned on his head, and he was unexpectedly pressed into the ground. Although he immediately reacted, he still fell on the ground with dust and dirt.

Everyone present looked at each other.

This was the first time they had seen Chu jingchen in such a sorry state!

Lin Yi reminded him with a sincere face."This loophole is indeed not small. It actually backfired on the controller. I'll have to find someone to fix it in the future."

"....."

Chu jingchen's arrogant expression was finally replaced by shock.""You also have the control of the Academy's protective array?"

Everyone was in an uproar.

It was common knowledge that whoever had control over the protective spell formation held the lifeline of the entire Jianghai Academy. This was especially true when the safety of the entire Academy was dependent on the formation.

This has always been the exclusive privilege of the number one person in the Academy. Except for the previous head of the Tian family, no one else has been able to touch it.

Even the higher schools had to pay a huge price to get the control of the array from the Tian family.

Although Chu jingchen did not say anything, he still regarded it as his greatest reliance to control the entire Jianghai Academy. After all, to a certain extent, it represented the legitimacy of the Academy!

Tian Yunkai was even more shocked than him, "Tian Xiangyang actually passed this to you?" Is he crazy?"

This was definitely something that Tian Xiangyang had imparted to him!

Lin Yi pinched his nose with a weird expression. "Do I need someone to teach me this? Are you serious?"

"Nonsense! If Tian Xiangyang didn't pass it to you in a moment of confusion, would you be able to control the Academy's protective formation?"

Tian Yunkai gritted his teeth in anger.

He couldn't help but secretly hate Tian Xiangyang for not letting him rest easy even after he died. He even left behind such a disaster!

Chu jingchen regained his composure in the blink of an eye and said disdainfully, "It doesn't matter. I'm the one who has the primary control over the protective array. As long as I change my authority, you'll be out of the game immediately."

As he spoke, he did a series of dazzling operations.

The entire protective array began to operate in an irregular and inverted manner. Although it looked like it had returned to its original state, it was obvious that the most important part had been changed.

Immediately after, the huge force of the formation returned to Lin Yi's body.

Just when everyone thought that Lin Yi was at his wit's end, he didn't even bat an eye. He raised his leg and kicked out.

The protective array was broken!

"How is this possible?"

Chu jingchen stared at the calm Lin Yi, his heart in turmoil.

He was very sure that after the adjustment just now, he was the only one in the world who could control the protective array. There was no other person!

She didn't expect Lin Yi to break it just like that ...

This was not all. Immediately after, an even more outrageous scene appeared. He, who was theoretically the only controller, was instead pressed to the ground by the Academy's protective array!

In the end, only his head was left of a half-step venerable.

The originally majestic golden armor only revealed a lonely helmet, and the scene looked very funny.

"It's a little like a spittoon. "

It was not known who said this, but the whole audience burst into laughter.

Lin Yi walked over and squatted in front of the man, trying to hold back his laughter. "Spittoons of this color are rare. It's high-end and expensive. It should be able to sell for a lot of money."

"You're going too far!"

Chu jingchen exploded in anger, and his aura immediately exploded.

Although the defensive array was powerful, it was still in danger when he, a half-step venerable, used his full strength.

However, just as Chu jingchen was about to break out of the formation and was about to break out of the ground, Lin Yi's hand suddenly pressed on his head.

"Don't move. "

He clearly didn't use much strength, but Chu jingchen was shocked to find that he really couldn't move.

It wasn't that Lin Yi was heaven-defying, but that the formation was already strong enough to suppress the other party, and the power that Lin Yi was transferring to Chu jingchen was the last straw.

Everyone was dumbfounded.

Many people didn't see the situation clearly, but they could tell from the position that Lin Yi had the upper hand!

This turn of events had come too quickly and too suddenly. No one was mentally prepared at all.

A half-venerable plus the control of the formation-no normal person would think that Lin Yi had a chance to turn the tables against this combination. He might not even be able to escape.

In the end, there was such a strange reversal!

The remaining two apostles saw that the situation was not good and immediately launched an attack, wanting to help Chu jingchen.

With Chu jingchen's strength as a half-step venerable, as long as he could escape, he could turn the tables at any time.

Unfortunately, Lin Yi didn't give them the chance.

The pressure of the array of the courtyard descended and the two apostles with Super Combat power were suppressed on the spot. Before they could groan, little du King Duan she had already passed by them with an expressionless face.

Almost at the same time, the dimensional slash with spatial law fluctuations slashed across, and the heads of the two immediately left their bodies.

The two apostles died on the spot.

Hiss!

Gasps could be heard from all directions.

Chu jingchen's eyes almost popped out of their sockets when he saw this scene!

Although he didn't care how many apostles died, he only brought four apostles with him this time. Now that they were all dead, how could he accept this?

"Lin Yi, I'm going to kill you!"

Chu jingchen was flustered and exasperated. At this moment, he had completely thrown away the calmness of a superior, leaving only a stomach full of anger and fear.

Chapter 9969 Power

As a half-step venerable, he should not be afraid. His pride did not allow him to be afraid.

However, an emotion like fear could never be shifted by a person's will. It was the same no matter how strong one was.

Lin Yi, on the other hand, looked at him with interest. "You're going to die soon, so how are you going to kill me?"

"You don't dare to kill me!"

Chu jingchen sneered. "I'm a Special Agent of the main courtyard. If I die, the main courtyard will immediately receive the news. At that time, the person who will come down will be more powerful than me. With your insignificant strength, do you think you can afford to offend him?"

"You still remember what you just said, right?" Lin Yi chuckled. "You've already pushed me to the road of death, and you actually think that I'll be afraid to fight back? Are the people of your main courtyard all so naive?"

He didn't plan to kill the other party at first. After all, a slight move would indeed affect the whole body.

It was a pity that from the moment Chu jingchen had the intention to kill him, the two sides had already decided to fight to the death!

With Lin Yi's decisive personality today, there was no way he wouldn't make a move just because of some hidden concern.

If he didn't even have such courage, he wouldn't have lived to this day.

“.....”

Chu jingchen couldn't help but choke.

At this moment, Tian Yunkai saw that the situation was not good and quickly said, ""Lin Yi, you're threatening everyone here, saying that you'll go against the higher-ups because of your own selfishness?

Without the special Agent, there will be no transmission channel to the main courtyard. You are cutting off our only way out. You are making us all your enemies!"

Everyone's expression changed.

With just a few words, he nailed Lin Yi on the opposite side of everyone. This first elder of the Tian family had evil intentions!

"You're noisy. "

Lin Yi didn't even look as he threw out a palm, and an incomparably huge palm landed on the head of Tian Yunkai. This elder of the Tian family was caught off guard and turned into a meat paste.

The clouds parted, and he died.

Everyone present instantly fell silent.

The thoughts that had been stirred up by tianyun Kai's words just now immediately disappeared, and she didn't dare to have any thoughts about Lin Yi anymore.

They were not fools.

Chu jingchen's condition was incense, but the problem was that he couldn't even protect himself now. So what if his condition was good?

It was just empty words.

In the end, the only ones who could truly speak were the powerhouses who had the last laugh.

"Lin Wuju is truly enraged this time. I've never seen him so domineering before!"

"Even a cornered dog will jump over a wall when it's desperate, not to mention Lin Yi. I wonder how he's going to end this?"

"I don't think he would dare to kill Chu jingchen? I think we still have to find a way to force him to admit defeat!"

Everyone discussed quietly and came to the same conclusion-Lin Yi didn't dare to kill Chu jingchen.

In the end, all they saw was Lin Yi unsheathing his demonic blade and slashing it at Chu jingchen's neck without a word!

Everyone was speechless.

"He's actually serious ..."

The crowd couldn't understand Lin Yi anymore-he just stood there, giving them the feeling that the heavens were above them.

They'd acknowledged Lin Yi's strength before, but many of the more stubborn ones still thought that they could at least put up a fight.

But now, Lin Yi had even killed a half-step venerable just like that. They didn't even dare to think about it in private, much less say it in front of him.

This was human nature. Once the gap was widened to a certain extent, there would no longer be any jealousy and competition in one's heart. Only the most instinctive fear would be left!

"You can't kill me! Hahaha!"

In the midst of everyone's shock, Chu jingchen didn't follow in Tian Yunkai's footsteps. Not only did he not die, he was completely unscathed!

"So you've mastered the toughness laws?" Lin Yi raised his eyes.

The hard rule, in terms of the level of rules, was actually only a level three rule. It was far from being comparable to top rules like time and space.

However, Chu jingchen's body had blocked Lin Yi's full-force attack!

"Idiot! Small places are indeed full of frogs in a well!"

Chu jingchen seemed to have seen through Lin Yi's confusion and laughed coldly, ""Do you think that level-three rules can't beat top-tier rules? You don't even know about the suppression of the laws, and you still want to kill me?"

Suppression of the laws?

Lin Yi was just starting to get suspicious when Jiang xiaoshang jumped out of his sea of consciousness.

"He's not talking about rule suppression, but rule control suppression. When the difference in rule control between two sides is large to a certain extent, the rule power of the side with lower control will be completely suppressed, and even lose its effect.

Under such circumstances, even low-level laws can suppress top-level laws. This is also why many people are willing to take the initiative to choose low-level laws. "

"Why?" Lin Yi couldn't help but wonder. According to what you said, as long as the degree of control is not pulled apart, there will be no rule suppression, right?"

Jiang xiaoshang said smugly, "with the same level of control over rules, top-tier rules naturally have a greater advantage. But the problem is, the higher the level of rules, the harder it is to improve one's control over them."

On the other hand, it was much easier to control the low-level rules.

As far as I know, those who can really make it to the end are basically those low-level rule bending ability users. It's difficult for even level two rule bending ability users to go far. As for top rule bending ability users, they're even rarer. "

Lin Yi frowned, "then I'm at a loss with all these top-tier rules?"

"You can't be normal, but you're not normal."

Jiang xiaoshang chuckled. "You're an ancient God cultivator. The common knowledge of other ordinary cultivators is useless on you. Perhaps you're doing the opposite?"

"Maybe,"

Lin Yi didn't mind.

He had even cultivated an ultimate perfect domain. So what if it was more difficult to cultivate in the future? at most, he would have to go through a few more twists and turns. Compared to the benefits brought by the top-level laws, everything was worth it!

However, the problem now was that his rule bending power was completely ineffective against Chu jingchen. If he didn't rely on rule bending power, it was impossible for his domain power to have any effect.

After all, there was an absolute difference in level between territory power and rule power.

No matter how strong the power of the domain was, it was impossible to break through the invincible defense of the hard law!

Chu jingchen had obviously seen through this point and immediately regained his fearlessness, ""So what if you can temporarily suppress me with the Academy-protecting formation? Hehe, if you can't break my defense, you can't do anything to me!

Just you wait, once I get used to the power of this formation, it will be the day of your death!"

Everyone looked at each other again.

Today's situation was swaying back and forth, and it was really tiring.

However, at this moment, most of them still thought that Chu jingchen was more likely to have the last laugh.

Chapter 9970 Power

As he said, he was naturally invincible if he couldn't even break through the defense. Lin Yi and the formation might be able to suppress him for a while, but they couldn't suppress him forever, right?

Not to mention, there were still darkness magical beasts outside, watching like tigers watching their prey.

Lin Yi said suddenly, "Your law suppression is indeed very powerful, allowing me to broaden my horizons. However, it's a pity that you still have to die."

Chu jingchen sneered, "kill me?" What are you relying on? Just with your mouth?"

The situation had changed too suddenly just now, and he was still a little panicked. But now, he had completely stabilized his position.

A mere Lin Yi wouldn't be able to break through her defense even if she stood here and let him kill her!

"You'll know soon enough. "

Lin Yi pressed his hand lightly on his opponent's head, and a Black Flame burst out of his body. He opened his perfect domain and sucked Chu jingchen in.

The place was suddenly empty.

Everyone was dumbfounded.

"That's it? Chu jingchen is dead?"

"He's at least a half-step Supreme realm expert. He's been talking so much, but this is all he got?"

"I'll go! Just what level is Lin Wuju at right now? even a half-step Supreme realm expert could be killed in an instant. Could he have already stepped into the legendary Supreme realm?"

Amidst the shocked discussions, Xu Anshan, who had been watching coldly from the side, looked at Lin Yi with a thoughtful gaze.

He was there when Lin Yi swallowed li songzhang last time, and he was already suspicious. Now that he saw it again, he was even more suspicious!

Although everyone's guesses weren't reliable, from Lin Yi's performance, he did have the means to deal with a half-step venerable.

"I can't believe there's actually a time when I'm looking at someone's back."

Xu Anshan was speechless.

As a man born with the aura of a King, he had been the object of admiration from a young age. No cultivator of the same generation could be compared with him.

No matter when, as long as his name appeared, he would always be a unique existence.

But now, even someone as proud as him had to admit that Lin Yi had left him in the dust ...

At this moment, in the ultimate perfect domain.

"What the hell is this place?"

Chu jingchen, who was suddenly sucked in, was shocked and furious. He still had the pride of being invincible in his bones, but he was immediately taught a lesson by the huge suction force from all directions.

Even with the unbreakable defense of the hard law, it was still not enough in front of an ultimate perfect domain.

After all, the ultimate perfect domain did not disintegrate his physical body under his protection, but his rule power itself.

Chu jingchen was shocked to find that the hard shell that he was so proud of was a joke in this vortex-like space.

Once the hard rule force disintegrated, his physical body was simply unable to withstand a single blow. He was torn into pieces in minutes.

In the blink of an eye, all that was left was a lonely primordial spirit.

This time, Chu jingchen was truly afraid as he hurriedly shouted, ""Don't kill me! Don't kill me! I surrender! I can give you everything you want!"

However, the vortex that was tearing him apart showed no signs of stopping. It was still like a meat grinder, sucking his primordial spirit in bit by bit and then grinding it into pieces.

Although he was only left with a primordial spirit, Chu jingchen actually had an unprecedented urge to urinate under the terrifying devastation of life and death.

His primordial spirit was so scared that it peed its pants.

"What can you give me?" Lin Yi's voice finally came.

Chu jingchen was instantly overjoyed as he hurriedly said, ""As long as you keep me alive, the main courtyard will not send a second person here. You can save a lot of trouble!"

"It's a reason, but it's not enough,"

"I can tell you everything I know. I can guide you and bring you out of this damned place that is destined to be destroyed. I can even bring you to the outer realms!" Chu jingchen quickly added.

"How do you know this place is going to be destroyed?" Lin Yi asked, his expression changing.

"....."

Just as Chu jingchen hesitated, his ultimate perfect domain started operating again. He was so frightened that he quickly confessed, ""Because this is a deal between the main courtyard and the gods."

"What deal?"

"The beast God and the sea god have their eyes on this place, and it's a place they must fight for. However, Jianghai Academy is a subordinate school to the main school, and they must consider the main school's attitude.

After a few secret negotiations, the main school has come to an agreement with the two families. They will each hand over a portion of their profits in exchange for the main school to give up on protecting Jianghai Academy. "

Lin Yi was stunned, his world view changed again.

He had always thought that the Great Tribulation this time was caused by the gods and was similar to a natural disaster to a certain extent. He did not expect that it was actually a man-made disaster behind it!

The tens of millions of people in Jianghai city were robbed not because they were unlucky, but because they were sold as bargaining chips by those high and mighty people!

"What a great main school! What a great Superior School!"

It was rare for Lin Yi to get angry because of others these days, but he couldn't help but feel sad for the people of Jianghai after hearing the inside story.

Carnivores were despicable, and this was true.

"If this place is destined to be abandoned, why are you still here?" Lin Yi asked.

Chu jingchen didn't dare to hesitate. "Even though Jianghai Academy is only a low-ranked Academy and has been doing things its own way for so many years, it's still quite a powerful force. It's a pity to let it rot on its own ..."

"Don't tell me you're here to save Jianghai University?"

"I don't see that kind of kindness in you," Lin Yi said with disdain.

Chu jingchen hurriedly replied, "this is the general trend. Jianghai Academy is bound to be consigned to eternal damnation along with the entire Jianghai city. This is a fact that no one can change. I don't have the strength to do so. Of course, I don't have such thoughts either."

He didn't wait for Lin Yi's question and confessed.

"The most important reason I'm here is to use this opportunity to recruit some potential seedlings. I want them to give up their freedom and willingly become my apostles, following my orders from now on ..."

Lin Yi was speechless.

These words reminded him of the great catastrophe in ancient times, when refugees were forced to sell themselves to the landlords as slaves in order to survive.

He never thought that a cultivator who had already reached the level of a Big Shot's great circle of perfection would actually have to face the same situation.

It was indeed a unique dark humor in the human world!

Speaking of which, under normal circumstances, even if he, Chu jingchen, was a half-step venerable from a high school, it would not be an easy task to recruit an expert with top potential as an Apostle.

After all, even though apostles sounded good, their status was equivalent to slaves.
