

Billionaire's Ex-Wife And His Hidden Babies

Book 2- Chapter 21

"How... how do you?" Caroline asked in confusion.

Artemis smirked before holding both her hand and slowly removing it from her bosoms and his treasure. He observed how it was rising up and falling down. "So beautiful." He muttered, caressing it softly.

"Artemis.." She moaned. "Kiss me." She added, and he didn't waste a second to fulfill her order. Caroline's hand reached on his half shirt and started unbuttoning his shirt; as soon as they were open, she broke the kiss and looking his fine and perfect sculpted body.

"Like what you see?"

"Like?" She scoffed before adding, "I love it." Saying this, she leaned toward his chest and kissed his tight and erected nipple.

Artemis grabbed her hair and pulled her away from him. "Don't... not today, not tonight." Bolt muttered because he would end up marking her if she would try to please him. At the same time, he knew that She wasn't ready for sex.

Bolt left her hair and attacked his treasure.

"Ahhh.. Mmmm. Bolt... Artemis.. Hmm," The room was soon filled with her moans. Caroline didn't know that anything like this existed now. Bolt kept his word of giving her the pleasure that she had never experienced before. "Artemis," She moaned loudly because of the continuous dry humping.

"Hmm, sweetheart!! Do... do you like it?"

"Yes... yes! I liked it very much. It's.. Ahhh.... Amazing." Caroline admitted and noticed how his hand moved from her breast to her waist and from there to the button of her jean. She quickly grabbed his hand before he would have moved further. "Artemis..."

"I will just help you with your orgasm," Artemis replied to her unasked question. He sensed hesitation in her body for a second until she let his hand go. Artemis kissed her again while unbuttoning her jeans to calm her down before pulling out her jeans.

He admired her long white legs, touching them sensually until his hand reached near her panties which were already wet by now. "

"You're so wet for us, Mate." Bolt commented and looked at his mate, whose face was red because of shyness, "And you're sooooo beautiful." Saying this, he leaned toward her to enjoy his time with her bosoms while he dipped his fingers into her aunties, reveling in the feel of her skin breanethe it.

"Arte... Artemis." She moaned, biting her lips.

"It's Bolt, Mate." Bolt corrected her with his name. "You taste so good, Mate." Bolt muttered against her breast. He was kissing, sucking, licking, and biting them, driving his mate crazy. At the same time, Caroline noticed one of the differences between both her mate was Artemis was a gentle one, and Bolt was a horny and wild one.

"Your pendant is disturbing me." Bolt said when he was busy licking and leaving love bites on her neck. "Can I remove it?"

"I... I was asked not to remove it." Caroline replied. Bolt didn't say anything at that moment but thought to ask about the pendant later. His eyes again focused on her soaked panties. He grabbed it and tore it apart. "Boollttt, why..."

Words died in her mouth when he captured her lips and softly started widening the opening between her legs. She gasped when he finally put his one finger inside her peach. Finding this a perfect moment, Bolt deepened the kiss and then the second finger inside it.

"Mmmm," Caroline moaned, feeling two fingers inside her clitoris. "Aahhh" She broke the kiss when the third finger entered inside.

"Fuck, you're so tight." Bolt hissed while her.

"And... and you're driving me crazy, Bolt." She wailed.

"Trust me, Mate. You're doing the same to me. Artemis is a man of patience, but.. I... Can't wait to have you as mine."

"WHAT?"

"Don't worry. I won't claim you, not before you're ready for it." Bolt quickly added so that Caroline wouldn't panic. After this, Artemis took control of his body.

"Oh, Artemis! Aaaahh! Aahhh!" Caroline screamed in pleasure because once Artemis stopped fingering, he used his tongue to please his mate, and he realized that his mate liked the second option. Well, why wouldn't she like the second option? The feeling of his warm and wet tongue was missing in the first option. Caroline couldn't help but raise her hips and push her body down again and again so that Artemis could reach inside her peach as much as possible.

Soon, she felt her inside throbbing, and it didn't take long to reach her first orgasm without any clothes!! Her legs quivered after hitting with the orgasms, "It... It was amazing... incredible." She said after catching her breath, and her ears burned after admitting it.

Artemis climbed on top of her, holding the sheet to cover Caroline's naked frame, and kissed her lips again. They shared a passionate make-out before breaking the kiss. "You're indeed a witch."

"Huh?"

"I bet you stole the stars from the sky and put them in your eyes." He said, on which caroline giggled, hiding her face in his chest, wrapping her arms around his neck.

"I can't believe that I'm lying naked beside you, and I'm not feeling uncomfortable," Caroline muttered, lifting her head up to look at Artemis's face.

"One day or another day, this was bound to happen between us. After all, we are meant to be together." Artemis said, kissing her hair. "That Mark is a loser for sure. But his loss is my gain. And I'm lucky that to have all your firstS."
