

BOOT CAMP 1911

## Chapter 1911: Captain Xia's Plan

How could she defend against him? This was a big problem!

She looked around the bedroom. Finally, she locked her gaze on the two bedside tables. Picking locks was a piece of cake for Captain Xia.

She had no way to prevent him from barging into the door... Hence, she had to make sure that he could not open the door immediately even if he picked the lock!

Picking up a bedside table, Ye Jian placed it behind the door and pressed it against it. After confirming that the bedside table was firmly pressed against the door, Ye Jian clapped her hands in satisfaction.

Xia Jinyuan wouldn't be able to open the door even if he managed to pick the lock.

After confirming that she would be able to discover anything amiss the second something happened, Ye Jian went into the bathroom to dry her hair.

Xia Jinyuan, who was also in the middle of doing something, didn't expect Ye Jian to guard against him like she was guarding against a thief. He stuffed a towel into the water pipe and tightened it. Xia Jinyuan, who was covered in foam, tried to turn on the water again. Very good. Not a drop of water could

flow out.

He did not want to do anything that would ruin his image. He only used a towel to wrap around his lower body and knocked on the bedroom door.

"Are you asleep? There's a problem with the bathroom outside. The water was suddenly cut in the middle of my shower. Is there water in the bathroom inside the bedroom." Compared to picking the lock and forcibly entering the room, knocking on the door was much more straightforward.

Even if he wanted to use a trick, he had to use an advanced one. He could not use a trick that would be easily seen through.

In particular, he was dealing with an extremely intelligent fox. She would be able to see through lowly tricks at a single glance. It was impossible for him not to use some complicated tricks. If he was seen through by her, he would not only lose his dignity but also be despised by her.

In order to protect his dignity and maintain his image, Major Xia felt that it was necessary for him to 'scheme'.

High-level tricks were not called tricks. Just like how he used a towel to block the water pipe, even though it was a small matter, the technical expertise required was not low. Therefore, this was called a 'strategy' that could achieve great things!

Why did some people have many tricks up their sleeves, but they would never amount to anything in the end? This was because of their cleverness. After lying once, they would never lie a second time.

Those who wanted to achieve great things needed to use certain tricks. Their tricks were all advanced, and their skills were high. When they took action, they would definitely be able to stir up great changes in the world. Actually, they could not be referred to as tricks but rather a 'strategy'.

'When Xia Jinyuan was young, he did many bad things and lied many times. Back then, Grandpa Xia had asked him whether he wanted to be a 'thief' or a 'hero strategist'.

He knew why those two had different reputations even though they used the same methods.

From then on, he no longer cared about petty tricks.

It was either he did not make a move at all, or if he wanted to, he would take action without anyone knowing. Even if others knew that he had done something bad, there would be no evidence!

Back then, Commander Xia didn't know that he already knew how to strategize at such a young age, so he suffered a lot.

Fortunately, Grandpa Xia didn't know that his grandson was using 'strategy' to do what he wanted to do. Otherwise, he would definitely be so angry that he would whip him.

Major Xia, who was an experienced strategist, had blocked the water pipes. He knocked on the door calmly and said, "Little Fox, I'm covered in bubbles now. Open the door and let me in."

It was quiet inside. Xia Jinyuan knocked again but there was still no sound.

Sleeping?

Even if she had fallen asleep, she should have woken up by his knocking.

"Are you asleep? Or do you not want to open the door? Are you afraid that I'll do something to you?" He knocked on the door again, but there was still no movement inside..

### **Chapter 1912: Are You Ignoring Me?**

The major, who had one hand on his muscular waist, could not help but narrow his dangerous black eyes. She should have heard his knocking. Could it be that she was pretending not to hear him and refusing to open the door for him?

Ye Jian, who was blowing her hair, heard a knock on the door. She turned off the hairdryer and leaned out. The knocking sound came rhythmically. "There's no water in the bathroom outside. Is there any water in the bathroom inside?"

There was no water in the bathroom outside?

After pausing for a while, she heard him say, "I'm covered in bubbles now. Little Fox, are you ignoring me?"

Ye Jian wanted to laugh. She turned on the shower and the water flowed freely.

That wasn't right. Since there was water in the bathroom inside, why would there not be water in the bathroom outside?

Could it be

Ye Jian immediately stopped thinking about it. She even slapped her own mouth and said softly to herself, "You're thinking too much. Although it was quite scary just now, he wouldn't come over while covered in bubbles with an ulterior motive."

After knocking for about three minutes, Xia Jinyuan finally heard Ye Jian's reply.

He heard footsteps coming and going in the room. There seemed to be something heavy moving out from behind the door. Major Xia, who was covered in soap, couldn't help but rub his forehead.

These few appetizers... They really weren't easy to enjoy.

She even blocked the door and locked it from the inside. Xia Jinyuan looked at Ye Jian who opened the door and frowned. "What did you move behind the door just now?"

Feeling guilty, Ye Jian lowered her head and opened the door. When she heard that, she thought to herself, 'He heard me even when I moved the bedside table so lightly? She immediately raised her head to explain. However, she didn't expect to see a naked man.

His unruly black hair was completely wet. The ends of his hair were mixed with shampoo, which dripped onto... his sexy chest muscles with smooth lines. His chest muscles moved along with his breathing. They were thick, strong, and filled with the sexiness of a man.

Ye Jian's gaze moved down from his chest... She was shocked. She thought that he was completely naked. It turned out that there was a towel wrapped around his waist. It hung loosely around his muscular waist. It seemed like it would fall off anytime.

There was probably nothing underneath the towel.

If the towel really fell, wouldn't she accidentally look at it?

Shocked by her own imagination when faced with the half-naked man, she quickly looked up at his handsome face.

She changed the topic unnaturally. "There's water inside. Why isn't there water outside?"

The fragrance of the shower gel assailed her nostrils. His hair and tiny shampoo bubbles were illuminated by the light, and colorful rays shone out... He really came looking for her with just a towel wrapped around him.

Ye Jian pursed her lips and smiled. She turned her body and let him in. "There's water inside. Go and shower."

“What did you use to block the door? Little Fox, were you guarding against me by blocking the door?” Major Xia took two steps in and stopped. He looked at Ye Jian with an awkward smile on his face. When Ye Jian lowered her eyes, he quickly raised his thin lips before pressing them down again. He said sternly, “Did you suspect that I would force you?”

The word ‘suspect’ was used a little too seriously. Ye Jian looked up in shock and immediately explained, “No! I did lock the door, but that’s just a personal habit. As for what I used to block the door... Is it necessary for you to know?”

No matter what, she could not admit that she had blocked the door with the bedside table!

As long as he did not see it, she would not admit it!

Only then did Xia Jinyuan nod in satisfaction. “If you really did take something and blocked the door, I would be very sad.” ... How could he do something so sneaky? Doing things openly was his style!

Looking at her back, Ye Jian patted her chest lightly. She felt a little guilty.

However, Captain Xia, who only had a towel wrapped around him... looked different at this moment. He had broad shoulders and a narrow waist. His legs were straight and slender. Just looking at his back, she felt that he must be a handsome man.

Standing at the door, Ye Jian glanced at the bathroom outside. After thinking about it, she felt that there was no need for Major Xia to lie to her even though he was a dangerous man.

Thus, the female soldier, Ye Jian, welcomed a wolf into the room.

Ye Jian, who was lying on the bed and flipping through her textbooks, was preparing for her final revision. She would be taking her exams the day after tomorrow. She needed to revise just in case.

‘After the ‘wolf that had successfully entered the room finished bathing and came out, he stood by the bed. He wiped his head while saying calmly, “The blanket outside is completely wet. We need to share the bed for the night.”

“..” Ye Jian suddenly realized that something was wrong. She widened her eyes and watched as the major locked the door with a towel around his waist. Then, he calmly went back to the bathroom to blow his hair.

Ye Jian looked at the 1.8-meter bed, then looked at the bathroom. She touched the blanket again. Did that mean that they would have to sleep together tonight?

Why did she feel like something had gone wrong?

Why did she feel that something was amiss?

“What else do you not understand? If you wake up at eight tomorrow, you can revise for another hour.” The major, who was dressed in a fresh set of clothes, walked over with his upper body bare. He very naturally lifted the blanket and crawled in.

The bed was obviously sinking because of the weight of one more person. Ye Jian was stunned by his natural and smooth movements.

“Captain Xia, you have ulterior motives.” Ye Jian put down the book and hugged a pillow to protect herself. At the same time, she prepared to get off the bed.

The man leaning against the bed stretched his long arm over and picked up the textbook she had put down. He raised his eyebrows and asked elegantly, “What motives do I have? Tell me.”

“You just want to sleep with me!” Ye Jian gritted her teeth.

“Yes, I’ve always wanted to.” The major, who had successfully climbed onto the bed, smiled. He looked at Ye Jian, who was still vigilant, and said leisurely, “Not just lying together and chatting, but...”

Ye Jian didn’t wait for him to finish speaking. She rushed off the bed at lightning speed.

However, the man beside her was not an ordinary man. He was a man who had walked through battlefields. He was a skilled special forces soldier. He was an all-rounded soldier who could make all the members of the Xueyu unit obey him.

No matter how skilled Ye Jian was, she couldn’t win against Xia Jinyuan.

He grabbed her wrist with one hand and she fell under him. It was impossible for Ye Jian to accept it. Ye Jian understood that she had fallen into his trap, so she started resisting.

She used her other hand to hit him hard on the shoulder. At the same time, she lifted her leg and kicked mercilessly.

“You’re so wild in bed.” Xia Jinyuan laughed softly. “I’ll only be more interested. Be careful, Little Fox. I’m only wearing a towel. I’m not wearing anything underneath. Don’t pull my towel down..”

## **Chapter 1914: Come, Let’s Fight**

Xia Jinyuan wasn’t trying to scare her. He really had a towel wrapped around his waist. He sat on the bed and pulled Ye Jian over. The corner of the towel that he tied up was already loose. It would fall off after a few more moves.

Ye Jian immediately changed her attack strategy. She no longer focused on escaping. Instead, she hooked the blanket with her toes and wrapped it tightly around the dishonest man.

Both of them were from the special forces, hence their skills were not something that ordinary people could handle. For a moment, the entire bed shook so much that from time to time, creaking sounds could be heard due to excessive pressure from the springs. Fortunately, the headboard was sturdy and

did not knock against the wall. Otherwise, the guest next door would definitely complain.

“My skills have improved. I want to see if you can wrap me up like a cocoon.” Xia Jinyuan saw that she had changed her strategy and was directly facing him. He raised his eyebrows and revealed an elegant smile that only he could show. “If you really wrap me up like a cocoon tonight and make me unable to move, I’ll be at your mercy.”

Ye Jian was wearing a short shirt and a pair of shorts. She was not afraid of being exposed. She used one leg to press on Xia Jinyuan’s chest. She laid on the ground in an upside-down ‘7’ shape. Hearing that, she raised her eyebrows slightly and said with a faint smile, “Captain Xia, are you so confident that

I can’t beat you?”

“I’m not that confident. We’ve all seen your ability. All our comrades in the unit are convinced by you. Even so, why don’t we give it a try?” The wild little fox was very interesting. She didn’t show any grievances and was full of vitality.

Xia Jinyuan grabbed Ye Jian’s ankle with one hand. As soon as he finished speaking, he jumped up and rolled the blanket over Ye Jian.

Since she wanted to wrap him up like a cocoon, Ye Jian naturally fought back with all her might. He bounced up, and Ye Jian supported herself on the bed with her hand. Her entire body turned around, forcing Xia Jinyuan to let go of her arm so that it wouldn’t be sprained.

As soon as he let go, Ye Jian, who had turned around, bent her knee toward his chest. As Xia Jinyuan dodged, Ye Jian picked up the pillow and threw it at his head.

Xia Jinyuan blocked her knee and threw the pillow back at her. His long legs stepped out of the blanket. He tried to use the same attacking position to overthrow Ye Jian.

“Captain Xia, your legs look good. They’re straight and slender. However, it’s better to hide them under the blanket. Don’t come out naked.” Ye Jian had a smile on her face. It was as cold as water and contained an unwavering determination. “If you stay naked for too long, you might catch a cold.”

The blanket was lifted by Ye Jian again. When it reached her chest, it blocked Xia Jinyuan’s leg attack.

Fortunately, this suite was expensive, and everything here was of high quality. The two of them fought on top of each other, causing the entire bed to shake so much. Even so, it didn’t collapse.

Xia Jinyuan, who had one leg wrapped, smiled. There seemed to be a look of deeper meaning on his handsome face. He didn’t attack anymore. Instead, he let Ye Jian snatch the entire blanket over.

As she snatched the blanket over, she also snatched the white towel over.

The thing that Ye Jian was most worried about still happened. However, her expression didn’t show that she had seen something she shouldn’t have seen. Instead, she was slightly angry.

She stared at the pair of shorts he was wearing and threw the blanket away. “Xia Jinyuan, I’m very angry now!”

The consequences of her being angry were very serious!

Since he still had on a pair of pants, what was there to be afraid of?! Now that she was angry, she might even take off his pants and see if he would still tease her!

### **Chapter 1915: Just Try Getting Off The Bed**

However, she definitely couldn’t take his pants off. If she did, it would be exactly what he wanted.

Since she couldn’t strip him, then she would fight him!

Xia Jinyuan didn’t snatch the blanket again. He wanted her to know that he was wearing pants and not naked.

Unexpectedly, this angered Ye Jian. Just now, she was afraid that she would see something she shouldn’t see. At this moment, she grabbed the blanket and brandished her ‘sharp claws’ at him. She attacked him with all her might.

Ye Jian used the bed as a battlefield. She raised her leg to kick, sweep, and overthrow. She could only hear the sounds of flesh hitting each other. It was as if her fists were going to hit Xia Jinyuan until he couldn’t be recognized anymore.

It wasn’t their first time fighting. They had a certain understanding of each other’s abilities. Xia Jinyuan knew that she was really angry when he saw her posture.

Major Xia started to feel uneasy. He had made his girlfriend angry. He had to shrink his neck and admit his mistake immediately.

For the next few rounds, he only defended himself and did not dare to attack. He was afraid... that he would add oil to the flames!

After all, he had ‘hit’ his girlfriend and caused her to go to the hospital during training not long ago.

Ye Jian didn’t care if he was defending himself or not. She only knew that if she didn’t teach him a lesson today, he would continue to tease her!

He clearly wore pants but still deliberately wrapped a towel around himself while pretending not to be wearing pants. He was just teasing her!

He found it fun? Then she would play with him for real!

Ye Jian really hit Xia Jinyuan. Xia Jinyuan’s heart was beating fast. He saw her standing on the bed and kicking him from the side. He was afraid that she would step on nothing. He blocked the incoming punches and got off the bed.

Ye Jian’s eyes were sharp. “Just try getting off the bed.”

Xia Jinyuan hurriedly jumped back onto the bed. “No, no.”

“Ha, there’s nothing Captain Xia doesn’t dare to do!” Ye Jian didn’t punch anywhere else but at that handsome face.

A fierce battle took place in the bedroom. Two staff members hurried over from the corridor outside. After confirming the room number, they pressed the doorbell.

‘When Ye Jian heard the sound, she quickly threw the pillow to the side. She didn’t even use her fist to hit him. She picked up a pillow and hit him. She then threw the pillow to the side and glared at the major who was letting himself be beaten up obediently. Her chest was heaving up and down. Sweat was

dripping down her beautiful face.

“This is a midway truce. I’ll go and take a look.” Xia Jinyuan hurriedly made a ‘shh’ gesture. He stood up from the bed, which was in a messy state. “Calm down. I’ll go out and take a look.”

Ye Jian stared at his back view as she walked out. Then, she looked at the messy bed. She was angry but at the same time, she looked at the opened bedroom door.

The commotion just now... seemed a little loud. Could people be here to complain?

The bed was extremely messy. The sheets were crumpled into a ball, while four pillows were thrown out and scattered all over the bedroom. The blanket looked like it had just been fished out of a washing machine and was extremely wrinkled.

She had her own reasons for letting things become so messy. She was angry because he had clearly put on his pants yet deliberately said that he was not wearing anything under the towel, causing her to feel nervous.

But

Ye Jian patted her forehead ‘painfully’. But why was she angry that he wore pants?

She was angry that he wore pants? Angry over the reason he wore pants?

She was angry that he wore pants. Then, would she not be angry if he did not wear pants?

### **Chapter 1916: You Can Decide How To Punish me**

Whether he wore pants or not was not the source of her anger. She was angry because he was teasing her on purpose!

Now that she had beaten and kicked him, the anger in her heart dissipated. Ye Jian started thinking about how to teach Xia Jinyuan a lesson so that he wouldn’t tease her anymore.

However, since he knew that she was angry, she should continue to pretend. He had teased her, so she should tease him too!

She would give him a taste of his own medicine!

Outside the door, the young hotel attendant looked at the half-naked man in front of him and felt a little inferior. They were both men... but the other party's figure was so good that even men would envy him.

After saying a few words, the attendant said, "The guest downstairs is having insomnia. Please understand." The attendant then quickly left.

It was obvious from the man's figure that he had great stamina. It was no wonder that he could wake up the other guests who had already fallen asleep!

Xia Jinyuan knew that the hotel attendant had misunderstood. It was a sweet misunderstanding, though. In reality, he didn't do anything. He just fought with his girlfriend in bed.

After locking the door and returning to the room, he saw the girl who had been fighting happily with him just earlier. She saw that he was actually wearing a pair of shorts under the towel and had a change in expression. He bent down to pick up a pillow. His gaze shifted to the bed, and after pausing for a few seconds, he couldn't help scratching his forehead.

It did look like they had just 'exercised'.

He closed the bedroom door gently and picked up the pillow that was thrown under the bed. He did not say anything and just continued to tidy the room up.

It was a little problematic tonight. He had gone overboard and angered the little fox.

Ye Jian ignored him and picked up the other three pillows. She looked at him calmly as he tidied up the messy bed. He even placed the four pillows neatly against the headboard. He was good at tidying up, just like before.

When everything was done, Xia Jinyuan stood by the bed and looked at Ye Jian. He took the initiative to admit his mistake. "I was wrong. I shouldn't have teased you."

"I don't dare to ask Captain Xia to apologize to me," Ye Jian replied softly. Her originally calm face suddenly revealed a look of grievance.

Xia Jinyuan could accept a beating and scolding but Ye Jian wasn't doing anything now. Her face was full of grievance. He was truly panicking now.

He was still standing on the other side of the bed. He used one hand to support himself on the bed. Then, with a suave and nimble jump, he jumped over the 1.8-meter wide bed and stood in front of Ye Jian.

His actions made the corners of Ye Jian's mouth twitch a few times. She found a boyfriend from the special forces. It was really interesting.

"It's my fault, it's all my fault. I shouldn't have lied to you about not wearing pants. I didn't intend to lie to you either. I just wanted to tease you before taking the towel off." Unexpectedly, she was so embarrassed that her lashes fluttered wildly. She even sneaked a glance at him before shifting her gaze away guiltily... Hence, his bad habits came back.

Now, it was all his fault for making her so angry.

Xia Jinyuan had never coaxed a girl before, so he didn't have any experience. However, he was sincere in coaxing Ye Jian. He hugged her and patted her back gently. His low voice was so gentle to the ears. "You can decide how to punish me. Don't be angry. If you want to wrap me in the blanket, you don't

have to do it yourself. I'll take the initiative to wrap myself in the blanket. How about that?

"It's my fault for letting you suffer. Be good and don't make yourself sad. You should be willing to let me suffer instead of making yourself sad."

How honest!

Ye Jian, who was in his arms, smiled. She let him apologize and coax her without saying anything.

She couldn't let him have it easy! She must remember what the commander in chief said!

### **Chapter 1917: Too Cruel**

Ye Jian didn't say anything but the major was so anxious that he frowned. He had made his girlfriend angry!

"Little Fox, let's not bottle up our anger and let it all out. Don't hurt your body. We're usually in environments where our bodies are injured easily. When we're on breaks, we have to take care of ourselves. We can't get injured.

"You can punish me however you want. I won't have any objections!"

Xia Jinyuan was half-naked, and Ye Jian's face was pressed tightly against his skin. Every time he said something, his chest would tremble slightly. Ye Jian's face and neck were red.

She did not dare to open her eyes because the first thing she would see was his sexy chest muscles.

The corners of her lips curled up for a moment before she immediately stopped herself. She closed her eyes and listened to him say a bunch of pleasant-sounding words. Although her face was red, she was still calm and quietly calculated how long it had been since he started apologizing to her.

Although Ye Jian wanted to let Xia Jinyuan know that she had a temper, she wasn't someone who liked to put on airs and act pretentiously. Hearing that his heart was beating rapidly, she lifted her head from his arms and said coldly, "I'll punish you and you won't have any objections? Really?"

"Really!" Xia Jinyuan finally said. He heaved a sigh of relief and said, "I made you angry, so I have to take responsibility for it!"

“alright, then. I won’t punish you for anything else. Get the hotel staff to bring two blankets over and go to the living room to sleep. You’re not allowed to stay in the room and try to sleep with me!”

Since he wanted to sleep on the same bed as her so much, she would punish him by not letting him sleep with her!

Xia Jinyuan felt as though he was struck by lightning. He spent so much effort climbing onto the bed. It was too cruel to punish him to sleep on the sofa tonight.

“Let’s make a deal. Can we... change the punishment?” The major, who was having a headache, asked carefully. He pressed his forehead against hers and coaxed her gently. “It’s rare for us to be alone. Don’t reject me, okay?”

He tightened his arms around her and hugged her even more tightly. “Let’s change it to something else, hmm? You told me to sleep on the sofa but I really want to be on the bed. It wasn’t easy for me to climb onto the bed. I really want to stay.”

Ye Jian smiled coldly. “Didn’t you say that I can punish you however I want? What’s wrong? I’m only telling you to sleep outside...”

“No, this is my main purpose, so I can’t agree to it.” As a man with principles, Xia Jinyuan felt that this was a matter of principle. He couldn’t give up so easily.

She was already planning to chase him out before they even started. How could that happen?

Worried that she would be angry, Xia Jinyuan lowered his voice and said, “Little Fox, let’s change the punishment. You can’t be so cruel. We have to part again tomorrow. I don’t know when we’ll meet again. It might be a few months or a year.

“Every minute and second with you is extremely precious. I don’t want to waste our precious time. I just want you to sleep in my arms.”

His voice was so gentle that it sounded like a lullaby. Ye Jian yawned and frowned. “But Captain Xia, if you keep teasing me, I’ll get angry.”

“I’ll stop teasing you. Don’t be angry. Be good.” Xia Jinyuan didn’t hear any signs of her softening. He felt that his heart was hanging by a string. “I was wrong. I was really wrong this time..”

## **Chapter 1918: I Have Thoughts About You**

Ye Jian, who was no longer angry, slowly reached out her hand and hugged the strong waist of the man who kept coaxing her. She closed her eyes and said softly, “Sometimes, when you’re naughty, I really have the urge to beat you up. Captain Xia, you’re so naughty. You really need a beating.”

“I need to be taught a lesson. That’s why you can’t spoil me when you can’t stand it.” Xia Jinyuan felt relieved when she put her arms around him.

Ye Jian was moved by his words.

She was truly touched. Given their jobs, every minute and second they spent together was extremely precious. Although she was very angry tonight, she did not have to be angry all night. From his actions, she knew that he was really afraid this time.

‘What she wanted was not for their relationship to be strained. She just wanted to let him know that once he angered her, it would not be easy to solve the matter. It was enough to frighten him till he broke out in a cold sweat.

Since she had achieved the effect she wanted, Ye Jian decided to stop while she was ahead. She didn’t make him feel uneasy anymore. “I’m not a person who likes to get angry. I’m not very proactive when it comes to relationships. It seems like you’ve been pushing me all the way and making me give in to you.

“But Captain Xia, do you know that before I met you, I never thought that I would spend the rest of my life with a man? Meeting you is my fortune.”

Hearing this, Xia Jinyuan heaved a sigh of relief. He would remember this lesson. If he was too presumptuous, he would seem frivolous.

“Do you know why I’m angry?” The person in his arms asked him softly. Her voice was small, and her grievances had yet to subside.

Xia Jinyuan’s heart ached so much that he kissed her hair. “I know. It’s my fault for being too presumptuous. I didn’t consider your feelings. I’m sorry, Little Fox. Please forgive me.”

“Twasn’t angry because of what happened just now... I was just scared.” Ye Jian didn’t try to subdue him. There was no need for her to use the other party’s mistake as her weapon. She leaned against his broad chest and closed her eyes. She said softly, “In the elevator and in the kitchen just now, you were looking at me as though you want to devour me. It made me scared.

“You came out with a towel wrapped around you and even said that you weren’t wearing anything inside. I really believed you then. I panicked when I believed you. I was afraid that... I would see something I shouldn’t see

“Twas angry that you lied to me when I trusted you so much.”

Her tone softened. It was no longer as harsh as before. Xia Jinyuan hugged her tightly. After sighing heavily, he said, “Don’t worry, Little Fox. I won’t use your trust to tease you anymore. There won’t be a next time.”

After saying that, he kissed her hair and said carefully, “I did have other thoughts tonight. It’s impossible for an adult man not to have any thoughts when facing his girlfriend.

“Little Fox, I have feelings for you. I want to be intimate with you.”

Ye Jian knew clearly in her heart but when he said it out loud, her heart trembled slightly and her ears turned hot.

The idea of being skin against skin with him

“Is this how you feel about skin-to-skin contact?” Ye Jian hugged his waist and pinched his waist.

“Captain Xia, are you satisfied with such skin-to-skin contact?”

Xia Jinyuan, who knew that the weather had cleared up after the rain, smiled deeply. “I’m not satisfied. I need to be honest when I want to be intimate with you. I don’t need everything. I just need

He leaned over and whispered into her ear. Without waiting for Ye Jian’s reply, he picked her up and both of them fell onto the soft bed.

### **Chapter 1919: His World**

In terms of love affairs, both of them were newbies. Ye Jian was someone who hadn’t done anything in her two lifetimes. Even her first kiss was still intact in her previous life.

‘Major Xia Jinyuan looked both good and evil. However, he was actually a gentleman who was full of abstinence. Love was also a foreign domain to him.

Even so, a man’s understanding of this area had always been outstanding. He had the ability to naturally dominate. The two of them were pressed together against the bed. Before Ye Jian could do anything, he had already trapped Ye Jian under his body. He stared at Ye Jian intently. His eyes were a window

into his world. In his world, there was only Ye Jian.

Ye Jian was his world.

“We won’t take it to the last step. Just give me a few appetizers. I promise that... we won’t go to the last step. You’re still young. I need to consider your health as well.” He kissed the tip of Ye Jian’s nose lightly. As he spoke, he kissed her gently. His gaze was so gentle, and his actions were filled with love.

He didn’t act aggressively. He told Ye Jian wholeheartedly that he would never let her get hurt.

Ye Jian didn’t close her eyes. She wanted to see her love clearly. Not only did she want to feel it, but she also wanted to see it clearly. She didn’t know when the door to her heart, which had always been closed, had opened up for him. She couldn’t bear to let anyone else have him.

He was both a teacher and a friend. He was also the only man she had ever fallen in love with in her two lifetimes.

He was restraining himself too much, so even the corner of his forehead was slightly wet with sweat. His increasingly heavy breathing landed on her face. His breath was minty and refreshing.

She did not reject him at all.

Ye Jian raised her hands that hadn't moved all this while and wrapped them around his neck seductively. Ye Jian smiled. Her pair of clear, dark eyes were no longer cold and indifferent. They were already blooming with beauty.

"What are your appetizers?" she asked with a smile.

'Men were dominant when it came to matters of the heart, but women were naturally seductive. This was why Ye Jian was so headstrong. She wouldn't let Xia Jinyuan do whatever he wanted.

At this moment, the man was truly attractive. His features were handsome, his thin lips were sexy, and his strong chest rose and fell as he breathed. His muscles were near perfection, and one could not help but praise him when they looked at him.

"Let's have the first appetizer. We'll do it like this..." Xia Jinyuan covered himself with the blanket and spoke in a low voice. He lowered his body and supported his weight with one elbow. When his thin lips kissed her lips, his slender fingers slowly crept up Ye Jian's clothes.

He sucked on her lips gently and said in an intoxicating voice that was as rich as red wine, "Do you want to do it again... like this?" he asked her. His hot palm had already quietly landed on her slender waist. He caressed her waist back and forth.

"That's all?" Ye Jian hooked her arms around his neck and caressed his handsome face with her other hand. She ran her fingers over his eyebrows and down the tip of his nose before pressing her index finger against his lips. Her smile was as beautiful as a flower, and her eyes rippled like water in the autumn. The natural charm of a woman slowly seeped out from the depths of her eyes.

She smiled faintly... "Captain Xia, your appetizer won't be too plain, right?"

"Of course not... I want to do this too." His fingers slowly caressed her slender waist before inching upward.

He did not immediately reach out to the top. Instead, he first went back and forth, as if he was considering which delicate area to touch first.

Xia Jinyuan wasn't in a hurry. Instead, he let her slowly get used to this. Sometimes, he would kiss her neck, while other times, he would whisper to her. He wanted to do a good job on the first try.

The major had strict requirements when it came to love. He didn't want to leave a bad impression on Ye Jian and cause her to lose interest in him.

Interests needed to be nurtured, and he had to progress slowly before he could excel at it.

Indeed, Ye Jian didn't like rushing hastily into it. She believed that there were not many women who would enjoy that either. After all, the joy of being in love was uncontrollable. How could one be so anxious?

When he placed his hand on Ye Jian's right side, she closed her eyes gently. Her face was as red as the sunset. It was even more beautiful than the sunshine in spring, There was affection between her eyebrows and the corners of her eyes. There was also a hint of seduction.

suddenly, she felt water dripping onto her eyelids. Ye Jian couldn't help but open her eyes again. She saw the restraint and joy in his eyes.

"Thaven't been sleeping well because I think about it day and night. Now, my wish is fulfilled..." Xia Jinyuan saw that she had opened her eyes. He let out a long sigh of satisfaction. "It feels a million times better than what I thought. This is the second appetizer. It's not plain at all."

Just before, he had clenched his fingers while secretly thinking about how big they were and what it would feel like if he touched them.

Now that he had gotten what he wanted, he realized that his previous assumptions were all nonsense. As expected, empty assumptions could not be used as a reference.... He had to turn it into a reality.

"This is my first time. I'm a little nervous." As sweat dripped down, Xia Jinyuan's dark eyes looked formidable. There were ripples in his eyes. "I didn't expect it to be so wonderful. I want time to stop."

He lowered his head and kissed her slender neck. His breathing was heavy as he said, "The third appetizer is to explore... I want to continue exploring and see how different women are from men."

Hearing this, Ye Jian's heart skipped a few beats. She wrapped her hands around his neck tightly. "Is it over after you're done exploring?"

"No, after I explore, there's still one last activity. It's called 'tasting'. I want to taste you first so that I can savor it when I'm alone." The kiss went from her neck all the way down to her collarbone, then over her sexy cleavage. He left behind a few bright red marks.

He used his lips to gently explore her body and started to kiss her skin bit by bit. His long fingers could feel her delicate body. He started trying to pull some tricks in his movements.

It was a pity that Ye Jian was talented. Xia Jinyuan gave up after trying twice.

"Soft, bouncy, and delicate. Not as hard as us men where it hurts if you bump into it," Xia Jinyuan said sincerely. His voice was a little hoarse because there was too much restraint in his voice. Every word he said was filled with a fiery passion..
