

BOOT CAMP 2181

Chapter 2181: Scared

??

Ever since Xia Jinyuan's personality changed overnight, he basically disappeared from the capital. Even the families who were on good terms with the Xia family did not know much about his news, let alone the Li family.

Du Jiayi realized how much Xia Jinyuan had changed. Similarly, Madam Li was quite surprised.

She had seen Xia Jinyuan before the new year, but he wasn't wearing his military uniform. He was tall and big, and he did have a formidable aura. However, because she was standing in the dim courtyard at the time, she couldn't see him clearly. Now that she saw him again, she felt like he was a different person.

"Mom, is he really Xia Jinyuan? He's Aunt Xiao's son? Could he be the commander-in-chief's other son?" Du Jiayi still couldn't believe it. She frowned and sized up the man carefully. She shook her head in disbelief. "He doesn't look anything like before. I've seen him a few times before this. He was like a ruffian and was very cynical. His temperament back then was nothing like this temperament now."

The man was as sharp as a cold sword and as majestic as a pine tree. Just by looking at his back, one could not tell it was Xia Jinyuan.

In her memory, Xia Jinyuan was a typical playboy. He knew everything about fighting. Later on, she didn't know what happened that made him suddenly disappear. At that time, he seemed to be in the ninth grade.

The last she heard, Aunt Xiao had called from abroad to tell Madam Li that her son had been admitted to the National Science University.

Her mother had congratulated her then. After hanging up the phone, she even asked Old Du how could a good-for-nothing who fought non-stop get into a military school.

Old Du had casually replied, "He got in just like how the others got in."

No matter what, he was still a prodigal who relied on his family to survive.

Last year, Aunt Xiao asked her father to ask about Xia Jinyuan's whereabouts. She wanted to see where he was assigned after graduating.

...

Her father checked and told her that Xia Jinyuan had gone to a military station in the border area. He asked Du Jiayi, who happened to be there, to relay a message to see if he could write a letter to Aunt Xiao.

Hence, Du Jiayi asked around a few military stations, but there was no news of Xia Jinyuan.

If there was no news of a military cadet in the officer system, it meant that he did not manage to get a position after four years in military school. Perhaps he made some mistake, so his name was no longer in the system.

Her big brother had also questioned what kind of bright future a good-for-nothing could have. If not for Commander Xia, he might have been chased out of the army long ago.

Du Jiayi thought so too.

However, her father actually said that this man in front of her was Xia Jinyuan. How was that possible?

“What nonsense are you talking about? Your Aunt Xiao only has one child, and Old Xia only has one son.” Madam Li’s eyes were filled with gloom. Unexpectedly, Xia Jinyuan, who was in his military uniform, no longer looked like a ruffian. She thought that Xiao Shuman did not have the blessing of having good children like her, but now... it seemed she had overestimated herself!

After getting confirmation again, Du Jiayi had no choice but to believe it.

“They say that when a woman grows up, she changes. It’s actually the same for a man,” she added wistfully. Her gaze fell again on the back of the man walking up the steps in front of her. “It must have been years since he graduated from military school. He’s still a major. I guess that means...”

Before she could finish lamenting, the back of the person she was staring at suddenly turned around. A gaze that was sharper than a sword light came straight at her. Du Jiayi felt as if something had hit her between her eyebrows and her chest. All the blood in her body froze in fear, and she could not say anything.

“What’s wrong?” Ye Jian saw Xia Jinyuan suddenly turn around and asked him. At the same time, she turned around and looked behind her. She didn’t see anything.

Chapter 2182: Too Cold

??

Xia Jinyuan retracted his gaze and smiled at Ye Jian. “Nothing. Let’s go. The sooner we settle this, the sooner we can leave.”

They only had a brief time together. He did not wish to be disturbed.

“Okay.” Ye Jian tilted her head and smiled at him. Her eyes were as gentle as ink. They were reserved and clean. Her mesmerizing gaze made its way into Xia Jinyuan’s heart.

Her smile was clean but also carried traces of stubbornness.

Just like in the mountains of Shuikou Village that year, she led their mountain patrol team through the dense forest and pointed in the direction of the criminals. When she looked back, she smiled at several of the male soldiers. Her eyes were like autumn waves and as bright as the stars. He would remember that sight of her forever.

Ye Ying had arrived at the conference room. Two armed guards stood to her left and right, hence she didn't dare to be as impudent as she was outside, let alone scream.

Shoulders shaking, she sat in the cold leather conference chair with panic in her eyes.

She was afraid, so afraid that even though the conference room was fully heated, her hands and feet were still cold.

It was so cold that she could feel the chill in her bones.

It was too much. Too much! Her heart felt as if it was being gripped by a pair of huge, invisible hands. It became painful for her even to try to take deep breaths. She seemed to have lost the freedom to breathe.

The conference room was not small. The conference table alone could accommodate 20 seats. There was only Ye Ying and the two silent guards in the large conference room. The oppressive silence made Ye Ying listen to her own breathing.

...

No one walked into the conference room immediately. The first ones to enter the room were Commander Zhong and the instructor of the capital city's political regiment, followed by Staff Officer Du, Madam Li, and Ye Jian.

As for Xia Jinyuan, he would walk in even if he was not allowed to.

"The Li family has lost so much face, yet you still dare to lie to me. Old Du, I want to know how the capital city's political regiment will handle this!"

The domineering Madam Li did not hand over the videotape when she arrived at the military headquarters. Her assistant told her that the scene in the videotape was really unsightly. If she really took it out, it would only embarrass the Du family even more.

However, she was worried that if she didn't take out the videotape, the capital city's political regiment would go easy on Ye Ying. How could she be satisfied with that outcome?

Only by telling her husband in advance could she ensure that the capital city's political regiment wouldn't treat Ye Ying's case lightly.

Staff Officer Du still didn't know what had happened. Ye Zhifan's divorce wasn't enough to make his wife so angry.

If she didn't mention anything in the car and wasn't saying anything now, how was he going to talk to the capital city's political regiment?

Moreover, did she forget that Ye Ying joined the army because of his recommendation? Besides, the procedure was handled in a day. It would be difficult for him to explain himself now.

Most importantly, even Old Xia knew about this matter. He couldn't even resolve it secretly.

Staff Officer Du, who was not affected by his wife's anger, asked calmly, "What exactly happened? At least let me know what's going on. If you don't tell me, how am I supposed to talk to the political regiment?"

"Also, don't forget that the reason why Ye Ying was able to enter the capital city's political regiment was because of my recommendation.

"Tell me what's going on now. When everyone arrives, I'll have to go into the conference room."

Du Jiayi tugged on Madam Li's sleeve and whispered, "Mom, what happened? You scolded Ye Ying so fiercely just now. Did Assistant He tell you something about Ye Ying that made you angry? Since..."

Knock, knock, knock...

A knock on the door interrupted the three of them. A civilian pushed open the door and saluted as he reported, "Reporting. Commander Zhong and the instructor of the capital city's political regiment have arrived. Please proceed to the conference room."

Chapter 2183: Remove The Military Uniform

"Yes. Ask them to go ahead. I'll follow."

Staff Officer Du nodded. He took a pen and a notebook from his desk. Then, he waited for the clerk to leave. He looked at his wife, whose face had changed again. "Wait for me with Jiayi," he said with a sigh. "I'll come and ask you when the time comes.

"But I can tell you now that if there's nothing else on your side, we'll mainly interrogate Ye Ying about the matter of Ye Jian cheating to get into military school. We won't deal with the rest for the time being.

"In other words, it's impossible to produce the results you want."

"That won't do! I disagree!" Madam Li snapped without thinking. "Since I can put her in the military uniform, I can naturally make her take it off!

"Go over and interrogate her first. If she doesn't behave, send guards over. I'll teach her a lesson! Say something for me. If you don't want to be too embarrassed, you'd better take the initiative. Have her take off her military uniform and scam back to the Southern Province!"

It was already considered a light punishment for Ye Ying to take off her military uniform and scam back to the Southern Province. That girl had to understand the consequences of lying to her, Li Chenglan!

Staff Officer Du, who knew his wife's temper, did not say anything else. He told Du Jiayi to take good care of her and left the office.

The General Staff's office building was not in the military headquarters but on another street in the capital. Staff Officer Du did not have a special office in the military headquarters. The office where Madam Li and Du Jiayi were resting for the time being was left empty for the lower-level authorities who came to the headquarters to study.

As soon as he left, Madam Li sat in the office, which was much smaller than her husband's. She would go back and forth between standing and sitting.

Her private phone could not be used in the military here, so there was no signal. She couldn't even call Ye Zhifan to ask him anything.

...

After about 10 minutes, Madam Li said to Du Jiayi in a low voice, "Go to the conference room and check the situation! Go see if they'll let you in."

Du Jiayi had long wanted to go. Now that she had received Madam Li's instructions, she immediately walked out of the office.

It was impossible for her to enter the conference room. Two guards reached out and stopped her. "Stop! The conference room is out of bounds. Return immediately!"

"I'm sorry, I'm looking for Staff Officer Du. Please inform him that it's very important." Du Jiayi immediately brought up her father to see if the guards could make an exception.

The guards had received instructions to not let anyone in and did not make an exception. He expressionlessly 'invited' Jiayi to leave quickly.

Even if one passed layers of checks when one entered the heavily guarded military headquarters, it didn't mean one could walk around freely.

Ye Jian and Xia Jinyuan both couldn't enter.

The two of them came straight from the other end of the corridor while led by a guard. Hence, Du Jiayi caught sight of them when she turned around.

Du Jiayi's heart skipped a beat when she saw the young officer walking side by side with Ye Jian. She hurriedly looked away.

Xia Jinyuan!

That was right, he was Xia Jinyuan. When he glanced at her earlier, she seemed to have lost her life.

The transformation he underwent was indeed a huge one. If not for his familiar facial features and her mother's reminder, she would not have recognized him.

He had a sharp gaze, a handsome face, and a majestic military aura. In just a short moment, she had already memorized his appearance.

Whether it was his teenage self or his current self, she could not help but feel afraid every time she met him. She was so afraid that she instinctively drove herself to stay away from him.

Du Jiayi didn't dare to look at him any longer. She was afraid that his murderous gaze would sweep over her again.

Chapter 2184: What Else Can You Do?

As she lowered her head, she thought to himself, 'It's a little strange. Why does he know Ye Jian?

'Are they close?'

Du Jiayi, who was puzzled, did not face them. When the three of them crossed paths, Du Jiayi subconsciously turned to the side and let the two of them pass first.

As soon as the conference room door was pushed open, Du Jiayi heard Ye Ying's sorrowful cries.

Ye Ying, who had been crying for a long time, had a hoarse voice. Facing her regiment commander and instructor, she almost complained about Ye Jian's case against her.

"Ye Jian, what do you want to say?" The person who spoke was the military school leader who brought Ye Jian to the capital city.

After listening to the complaints of this military arts recruit who had been in the army for less than a day, the leader's face darkened. "I've been listening to her complaints for nearly 15 minutes. Keep it short."

Ye Ying was just wasting everyone's time.

Ye Jian didn't want to say anything else. After reading Ye Ying's complaint record, she handed a file to the military school's leader and the copies of documents to all the leaders present.

Every time she gave a document to the leader, Ye Ying, who was crying her heart out, couldn't help but shrink. What was that? What was Ye Jian giving to all the leaders?

"Everything I've prepared is here. Please take a look." Ye Jian deliberately sat opposite Ye Ying. She looked at Ye Ying, who thought that she could distort the truth. She said calmly, "It's useless for me to say anything because what she said is nonsense."

"That's not true! Ye Jian, you're feeling guilty! You must be feeling guilty right now!"

Ye Ying clenched her fists and shouted. She stared at Ye Jian. It was her. She was the one who hindered her plans! If not for her, everything would've been hers today!

.....

Ye Jian smiled, the contempt in her eyes were obvious.

She would not argue with her, lest she lost her dignity.

However, Ye Ying was indeed bold. The ignorant were fearless. How could she lie in front of so many leaders? Did she think this was a school? Did she think she would just get scolded by the teachers and there would be no other punishment even if she lied?

Ye Ying knew that she would be punished. She just wanted to drag Ye Jian down with her.

Ye Zhifan once taught her that if she had to hurt others, she had to think of ways to make her opponent suffer for a long time.

All she could think of was how she could convince the chiefs to punish Ye Jian.

She thought that she had to do it very innocently and self-righteously.

Looking at Ye Jian, who was sitting opposite her, Ye Ying gritted her teeth and stared at Ye Jian. She kept cursing in her heart. 'B*tch, don't even think about having an easy time!'

She refused to believe that after all she had said, there wasn't a chief who didn't believe her. There had to be at least one who suspected Ye Jian now!

She didn't believe that all the chiefs would side with Ye Jian!

"Ridiculous!" The military school leader was the first to finish reading all the documents. He slammed the file in his hand on the table and sneered. "How could such a soldier be recruited? And she was specially recruited? A junior high schooler with heart disease..."

Before he could finish, Ye Ying cried and interrupted the military school leader. "That was a misdiagnosis. I don't have heart disease. I really don't."

She spoke in a hoarse voice before bursting into tears to defend herself. "Chief, I'm really not lying. I really don't have heart disease. You can look at my enlistment medical report. It has the most authoritative results! What happened in junior high school was just a misdiagnosis. It's not true."

Chapter 2185: The Bad Things Are Exposed

She would not give up until she had one foot in the grave. What a good female soldier who could reverse the truth!

The military school leader looked at the military arts soldier who was still stubborn. His gaze was sharp and cold. "You bribed your junior high teacher, Mrs. Ke, and slandered Ye Jian for writing a so-called love letter to your math teacher. In the end, you and your mother spread rumors that Ye Jian seduced the math teacher. You're indeed very innocent."

"No, no... No, that's not it... It wasn't me. She really wrote the love letter. I didn't do anything, Chief. Please, you must..."

Faced with a recruit who had framed a top student, the military school leader was furious and reprimanded her sternly, "The original of the love letter is here, yet you're still quibbling!"

'What! The original copy is here?!'

A few gazes swept over at the same time. Ye Ying's heart skipped a beat as she shivered. Her teeth were chattering so much that she couldn't even stutter.

The instructor of the capital city's political regiment said coldly, "Your father used his position to force Ye Jian to leave Municipal No.1 Middle School. What do you have to say about this?"

"During the military training, you framed the instructor and your classmates, causing you to be expelled from school. Hence, you ended up in Provincial No.2 Middle School. Are you also innocent in this? Dozens of students in the class, including the form teacher and principal, banded up against you?"

"You gathered the local hooligans together with Yao Jing and tried to murder Ye Jian. Are you also innocent in this?"

"On the day of the college entrance examination, you framed Ye Jian for copying your answers. After an investigation by the Bureau of Education, they disqualified you and banned you from taking the college entrance examination for five years. Is this also unjust?!"

As he was too angry, the instructor almost shouted at the end.

Ye Ying, who was so guilty that she shrank her shoulders with every sentence, was dumbfounded.

How... How did they know all of this?!

No, impossible!

How could they find out after so long?! Didn't her dad say that he had pulled some strings and erased all her bad records? How could they still find out?

Please reading- on MYBOXNOVEL.COM

The reason why she had the confidence to continue maligning Ye Jian was that all her bad records had been gotten rid of.

Now, it was gone. All her confidence was gone!

The instructor of the capital city's political regiment slammed the file on the conference table. He turned to Staff Officer Du and said in a low voice, "Staff Officer Du, you were the one who recommended this recruit back then, and our capital city's political regiment has yet to undergo a strict review of this recruit. How do you think we should handle this now?"

There was a short silence in the conference room. Commander Zhong looked at the instructor, then at Staff Officer Du. He was about to say something when Xia Jinyuan spoke.

He calmly accepted the other party's gaze and said in a low voice, "Let's talk about two things. First, Ye Jian represented her school in a competition overseas back then. Ye Ying, who was with her, deliberately knocked down the waiter who was carrying hot soup. She wanted to hurt Ye Jian with the hot soup."

“As for the second matter, after the hot soup incident, she pretended to go missing and tried to malign Ye Jian. She asked the police to rush over and stall for time, preventing Ye Jian from boarding the plane to participate in the competition.”

One thing was brought up after another. Ye Ying, who lost her confidence after the college entrance examination incident was brought up, panicked. “No, I... I didn’t... No, it wasn’t me. No...”

“You didn’t? Our troops are ashamed to have a soldier like you!” The conference room door seemed to have been kicked open. It opened with a bang and shook. Commander Xia walked over with a videotape in his hand. “How did such a soldier pass the political review?! What is the capital city’s political regiment doing?!”

“Do you know what this is, Staff Officer Du? Your wife gave it to me! I haven’t seen it yet, but according to your wife, it’s a dirty videotape which she is the star of!”

Chapter 2186: Please, Ye Jian

??

Videotape... Videotape ...

Ye Ying’s eyes widened in shock. The videotape... No... No, they couldn’t watch it. They couldn’t watch it. How could it be... She had destroyed the videotape. Why was there still a videotape?

‘No, it must not be...’

“This videotape was sent to the front desk of my company today, and I just found out about it.” At that moment, Madam Li appeared in the conference room. She was wearing a coat and looked out of place in the entire conference room. However, her aura was strong. She sat down calmly and said, “Everyone, this matter has nothing to do with Old Du. I was the one who didn’t know her well enough, and I didn’t get Old Du to investigate carefully. I simply took the initiative to recommend her to the capital.

“Ye Ying is indeed talented and proficient in zither, chess, calligraphy, and painting. Ever since I met her, I knew that she wanted to become a military arts soldier. Coincidentally...”

Madam Li smiled bitterly and told them how she liked Ye Ying and how she let her enter the capital city’s political regiment. “... It’s my fault. I embarrassed the army in the end.

“I know she has to be dealt with. I have to tell the truth despite my already old age. If you don’t believe me, you can watch the videotape now. You’ll know that nothing I’ve said is false.

“It was my daughter’s birthday yesterday. I really liked Ye Ying and specially brought her around to get to know my friends. I praised her for being sensible and following the rules. Who knew that I would be humiliated by her today? It’s all my fault for making things difficult for everyone and embarrassing the army.”

Madam stood up and bowed to apologize. She took all the responsibility for the matter. Instead of making things difficult for her husband and leaving Xia Xinhui to handle it in the end, she might as well make things difficult for herself.

Madam Li, who had always been bold, saw that her daughter couldn't enter the conference room and immediately looked for Commander Xia. She told him about the videotape and completely destroyed Ye Ying's last hope.

All claims needed to be supported by evidence. Ye Ying, who felt like she had fallen into an ice cellar, looked at the guard pushing the videotape into the machine. After the image flickered... Ye Ying was so shocked that her eyes kept rolling back.

Her mental endurance had reached its limit.

"... Ye Ying's actions have violated the relevant provisions of our country's Military Service Law and the Southern Province's Military Conscription Act. She's to be punished on the spot and will withdraw from the troops. She'll also be fined 100,000 yuan.

"At the same time, she'll be sent back to the Southern Province where she'll be handed over to the Ministry of Public Security. The case of Ye Ying and the local hooligans taking action against Ye Jian will be investigated.

"Within 10 years of execution, Ye Ying shall not be listed as a state civil servant, enter state-owned or public institutions, and shall not go through the formalities for going abroad or entering higher education."

.....

Ye Ying didn't faint. She was too emotional and was pressed down by the two guards on her seat. She listened to the instructor of the capital city's political regiment read the execution letter on the spot.

Fired and handed over to the Ministry of Public Security... Ye Ying screamed as she struggled harder.

"No, I'm not leaving the army. I don't want to go back to the Southern Province. Dad, save me. Dad, come and save me.

"I don't want to go back to Southern Province. I don't want to be discharged... I was wrong, Chief. I was wrong. I won't do it again. I won't do it again. I was really wrong. Please don't let me be discharged."

No one paid any attention. Staff Officer Du was the first to leave the conference room with a dark expression. This time, he had been completely humiliated by a mere military arts soldier!

"Don't go, don't! Ye Jian, can you stop the chief? I'm begging you. I'm sorry. I'm really wrong. Please save me. I don't want to be discharged from the military. I don't want to go to the Ministry of Public Security. I don't want to go to jail.

"Please, Ye Jian, I'm begging you."

In this life, Ye Jian managed to hear Ye Ying's pleas. In this life, she actually heard Ye Ying's pleas!

Chapter 2187: Help Me, Please

When Xia Jinyuan heard this, he frowned slightly and said calmly to Ye Jian, "Let's go. Ignore her."

He wasn't afraid that Ye Jian would agree. His little fox wouldn't go soft-hearted for someone like Ye Ying. He just didn't want her to waste her time on Ye Ying.

Ye Jian didn't leave immediately. Instead, she smiled and said, "Wait outside. I still want to talk to her."

Seeing the frown on his face at her words, she had a soft smile in her clear eyes and assured him, "Give me 10 minutes. I'll be out in 10 minutes at the most. Have the guards go out with you."

...

"Okay." After pondering for a while, Xia Jinyuan nodded in agreement.

Ye Ying, who was struggling and crying, heard this, and her frightened eyes lit up. Had Ye Jian agreed to help her? Was she asking the guards to leave because she was willing to help her?

Wonderful, wonderful, wonderful!

She had agreed to help her. She hadn't begged Ye Jian in such a low voice for nothing.

She thought that Ye Jian would be the one begging her for mercy, but in the end... she was the one begging Ye Jian.

So be it. As long as she could get out of danger safely and not have to return to the Southern Province or go to the police station, it didn't matter if she begged Ye Jian for help. It really didn't matter.

Thinking that Ye Jian would help her, Ye Ying begged even louder, "Cousin, save me. Hurry up and save me. It hurts. My arms hurt. They used too much strength. I'm in pain. It really hurts."

"Do I look like I'm easy to talk to?" Ye Jian looked at Ye Ying, who was pleading louder and acting harder. She asked Major Xia, who was preparing to leave, seriously, "Do I need to adjust my facial expression?"

.....

Major Xia studied it seriously for a moment before shaking his head and smiling. "No need. Right now, your eyes and your expression tell me that you're very happy and in a good mood."

"That's good. I thought I looked easy to bully." Ye Jian pretended to be relieved and patted her chest. She also felt that she wasn't easy to talk to. She was petty, especially toward Ye Zhifan's family.

She didn't know why Ye Ying would think that she was kind and soft-hearted or wouldn't be petty about things.

Xia Jinyuan could tell that she was in a good mood. 10 minutes it was. He waved his hand and left with the two guards.

The moment the guards let go of Ye Ying, she felt 'liberated' and crawled over to hug Ye Jian's calf.

"Cousin, help me put in a few good words. Please help me.

“You don’t have to say anything else. Just say that you don’t hold it against me for what I did. Really, just say that and they won’t do anything to me at all.”

As the door of the conference room had closed, only Ye Jian and Ye Ying were left in the large conference room. One stood like a pine tree, while the other was as limp as mud. The contrast was stark.

Ye Jian wasn’t in the mood to gloat. She came into this life full of hatred, but she had never deliberately targeted Ye Ying. She just watched as Ye Ying made mistakes.

She hadn’t schemed against Ye Ying, nor did he need to. She had only done one thing. She just sent the videotape to Madam Li, Ye Zhifan, and the military. That alone had pushed Ye Ying into a corner.

Grandpa Gen was right. When it came to people who made mistakes at all times, one didn’t need to deliberately frame them oneself. The person who made all those mistakes would eventually bear the consequences themselves.

Chapter 2188: Submission

She had never added fuel to the fire. She only hit Ye Ying hard at the right moment, and that made her beg for her life as she was doing now.

All kinds of scenes from her previous life flashed past her mind—Sun Dongqing’s disdain, Ye Ying’s smugness, and Ye Zhifan’s arrogance... Everything from her previous life was over. ‘Ye Ying, the grudge between us in our two lifetimes is over.’

“Ye Ying, what are you begging me for?” The girl couldn’t calm down!

Ye Jian lowered her eyes slightly. This time, she looked down at Ye Ying and saw the fear in her gaze.

In her previous life, Ye Jian was also just as afraid as Ye Ying was now. However, it was not for a moment or a mere day. She was constantly worried and afraid. It was torture!

In this life, Ye Ying had only been worried and afraid for a few days!

Sorry, Ye Jian was actually very narrow-minded. She was so narrow-minded that she felt very happy to see Ye Ying like this. She hoped that Ye Ying’s suffering had only just begun. Ye Ying still had to experience more painful things.

Leaning forward slightly, Ye Jian smiled coldly. “Until just now, you still wanted to frame me. Ye Ying, what makes you think that I’ll definitely help you if you beg me?”

If she didn’t ask Ye Jian for help, who else could she look for? She couldn’t look for anyone else. She didn’t know who to look for.

Ye Jian choosing to stay back was Ye Ying’s hope of escaping! Why should Ye Jian help her? Because they were cousins.

Yes, yes, they were cousins. Cousins would help each other!

Ye Ying, who was in a desperate situation, was overjoyed. Her eyes were filled with hope as she said quickly, "I'm your cousin. Cousin, I'm your cousin. Cousin, save me. Please, Cousin, save me.

"Cousin, I'll be obedient from now on. I won't dare lie to you again. Cousin, I'll really be obedient. Believe me, I promise. I swear, I'll sincerely treat you as my cousin in the future!

.....

"Please, my good cousin. Only you can save me. I don't want to be discharged from the army, and I don't want to go back to the Southern Province. Cousin, my good cousin, only you can save me now."

Ye Jian's smile deepened. She lowered her head slightly and said coldly, "Cousin? Ye Ying, when have you treated me as your cousin? Fortunately, you've never treated me as your cousin. That has saved me from some unnecessary trouble.

"I'm also sincerely grateful to you for what you've done to me. Thank you for what your good mother did to me. Otherwise, how could I be who I am today? I, Ye Jian, have always remembered everything that happened in the past."

Her eyes were dark and cold. The coldness in them made Ye Ying shiver. Ye Ying realized something and grabbed the corner of Ye Jian's pants tightly. She kept shaking her head and said the word 'no' monotonously.

No, no, no. It shouldn't be like this!

She had clearly lowered her voice and begged her to let her go. Why was she not satisfied?

Ye Ying couldn't figure it out. She cried until her tears and snot mixed together. She sat there with her hair disheveled, but she didn't dare to let go. She was afraid that if she let go, Ye Jian wouldn't care about her.

"Cousin, am I not doing enough? Is it not enough? Cousin, please. I know I was wrong. Really, I was wrong. It was all my fault in the past for putting you through so much. I was really wrong. Please forgive me. Please?

"The past is the past. Let's forget about it, okay? Don't think about it anymore, okay? Cousin, I definitely won't disappoint you in the future."

Chapter 2189: I Want You To Die!

"I've never begged anyone. You know that. I never beg anyone. Cousin, I'm begging you today. Please let me go on account that we're cousins! I was really wrong! I'll never dare to do that again."

No matter how much she begged, Ye Jian wouldn't feel any pity for her. In her previous life, she was harmed by Ye Ying and almost got raped. How could she let her off?

Forget past events?

'Ye Ying, who do you think you are?!

Ye Jian pressed her knee against Ye Ying's chin and knocked her to the floor, preventing her from crawling over to hug her calf again.

Caught off guard, Ye Ying's teeth hit her lips. It was so painful that she screamed. The wound was a little deep, and the blood mixed with saliva flowed down the corner of her mouth.

Seeing that her palm was covered in blood, Ye Ying screamed again. Blood... Blood, so much blood. Ye Jian had hit her and caused her to bleed.

She had begged her to let her go, yet she even made her bleed. 'Ye Jian, what do you want me to do?'

Ye Ying, who had been begging for so long but yielded no results, was furious. However, she only dared to be angry in front of Ye Jian.

Ye Ying looked up with a twisted expression and said angrily, "Ye Jian, what else do you want me to do? I've been begging you for so long. Why aren't you forgiving me?"

How could one's deep-rooted attitude change so easily when one person's dislike for another had become habitual?

The so-called apology was just to let her escape as soon as possible. She did not think that she was wrong at all.

Of course, Ye Jian didn't need Ye Ying to know that she was wrong, let alone realize it. It was good for her to continue being so stupid.

.....

In order to let Ye Ying hear her clearly, Ye Jian slowly squatted down and enunciated every word clearly, telling Ye Ying what she wanted.

"I want you to die. I want you to be tortured to death. Only then can I appease the hatred in my heart!" Every word was deep, cold, and murderous.

She wanted her to die? Ye Jian wanted her to die?

Ye Ying's first reaction was that this was a huge joke. She even wanted to laugh out loud, but before she could, she looked up at Ye Jian and was shocked.

She saw the undisguised killing intent in Ye Jian's eyes. She really wanted to kill her!

"No, I don't want to die. I don't want to die. You... don't have the right to decide whether I live or die. Yes, you can't! You're a soldier. You can't kill me!" Ye Ying, who was sitting on the ground, retreated step by step. She thought Ye Jian wanted to kill her now.

Ye Jian smiled. There was suddenly a hint of laziness in her cold and dark voice. "You're thinking too much. Killing you will only dirty my hands!"

"I won't kill you, but I won't forget what you've done to me either. Only by remembering what you've done to me can I grit my teeth and keep going even when things are bloody. Because..."

Ye Jian stood up and looked at Ye Ying, who was even more frightened now. She continued softly, "Because I've been waiting for this day. Today, I saw you crawling in front of me like a dog that has lost its home!

"Ye Ying, I've been looking forward to this day for so many days and nights. How can I let you off? How can I kill you so easily?"

Chapter 2190: This Is Real Revenge

?

At a close distance, Ye Jian admired Ye Ying's pale face. Seeing the deep fear in her narrowed eyes, Ye Jian, who was in a good mood, smiled and threw a piece of explosive news at Ye Ying.

"Also, I was the one who sent the videotape. However, I didn't expect Ye Zhifan to divorce Sun Dongqing immediately after watching the videotape.

"Ye Ying, Ye Ying, you've offended Madam Li and don't have Ye Zhifan's protection now. You're also a soldier who's been asked to be discharged. Why do you think I would personally kill you? It's more interesting to watch you suffer than to kill you personally!"

What?

What did she hear Ye Jian say just now?

"What did you just say? What did you just say?!" Ye Ying widened her eyes in disbelief. She stared at Ye Jian and questioned her sternly, "What did you just say?"

Since she dared to say it, she was not afraid of what Ye Ying could do. Ye Jian was very generous and had the patience to repeat herself. "Listen carefully. I'll say it one last time..."

"I sent the videotape. I sent the videotape to Madam Li and Ye Zhifan. Ye Ying, did you hear me clearly this time? Do you need me to repeat myself again?"

Ye Jian sent the videotape. She said... she sent it!

Ye Jian, Ye Jian!

Ahhhhhhh...

'It was her. She sent the tapes. She destroyed me!'

What a vicious b*tch! She was truly a vicious b*tch!

She was going to kill her!

"B*tch, bastard, you deserve to die! I'll kill you!"

Ye Ying suddenly stood up and pounced on Ye Jian crazily. She wanted to kill this b*tch who had caused her to lose everything. She wanted to kill her!

'You want to kill me? We'll have to see if you have what it takes!'

Ye Jian sneered and pulled out a conference chair to block in front of her. Ye Ying bumped into the chair. She didn't manage to push Ye Jian down and crashed into the chair instead.

Ye Jian dodged nimbly, and her hands moved faster than lightning. She grabbed Ye Ying's hands with one hand and pressed the back of Ye Ying's neck with the other. Ye Ying fell to her knees, causing her face to be pressed against the seat of the chair. She was unable to move.

"You want to kill me? Ye Ying, do you have the ability to kill me?" She was pressing the back of Ye Ying's neck with one hand. She exerted so much strength that Ye Ying's sweet and slightly playful face had lost its beauty. Her eyes, nose, and lips were squeezed together and deformed.

Ye Jian's eyes were bloodshot and filled with killing intent.

She was a special forces female soldier who had been on the battlefield and crossed a pile of dead bodies. Her hands were stained with blood, and her hands were like tiger mouths. Claspings Ye Ying's neck was equivalent to biting Ye Ying's vital point. Her murderous aura was even more terrifying at this moment.

Ye Jian was a true force of nature. She had killed on the battlefield before. She could raise her weapon and eliminate her target calmly.

Ye Ying was just a spoiled and conceited girl. How could she confront a special forces soldier who had killed others? Although she couldn't see Ye Jian's expression, she could clearly feel the change in Ye Jian.

It was a very terrifying change. It was a change that made all the blood in her body freeze.

Ye Jian?

Was she really Ye Jian?

She wasn't!

Ye Jian didn't have such a terrifying aura. Ye Jian didn't have such strength!

But she was Ye Jian!

Ye Jian had stood in front of her and told her clearly that she was the one who sent out the videotapes!
