

Boss Is Reborn After Everyone's Betrayal!

020. Sowing Discord 1

All this while, Ding Wan still didn't know what was going on outside and didn't know that his dream of raising Ding Shan to become a rich man and walk to the peak of his life had long been shattered. He was lying drunk in a clubhouse, with his arms around some women.

Ding Wan was having a good time. He had no idea that Wang Chun was looking for him all over the place. His phone was about to explode.

Wang Chun finally found out about Ding Wan's location. She stepped on her eight-centimeter high heels and rushed into the clubhouse aggressively.

The waiter at the door tried to stop her. "Madam, this is a private clubhouse. May I know if you're looking for..."

Wang Chun did not even give him a look. "Get lost. I'm Looking for my husband. Is that against the law?" With that, she pushed open the door and barged in.

"Ah!" The women in the room were shocked. They panicked and wanted to get up to cover their half-naked bodies with some clothes.

Wang Chun gave them a fierce glance. "A bunch of Vixens. Are you the ones who usually hook up with my man?"

The other women looked at each other and did not dare to make a sound. Many spouses came to look for their husbands, but Wang Chun looked too fierce. She looked like she would hit someone at any moment.

Ding Wan opened his eyes in a daze. "Who is it? Why Is it so noisy? Where is my little darling?"

Wang Chun gritted her teeth. "Open your eyes and look. I'm here. Which little darling are you looking for? Is it someone surnamed Yang?"

Ding Wan then saw Wang Chun looking at him. He scratched his hair impatiently. "Why are you throwing a tantrum here?"

Wang Chun was so angry that she was trembling. She shouted, "Everyone else, Get Out!"

The other women quickly picked up their things and pushed each other away, afraid that they would be involved in an argument.

Ding Wan did not mind. He and Wang Chun had long been estranged from each other. The two of them had a tacit understanding, so it was not a big deal to play outside. "What are you crazy for today?"

Wang Chun directly threw the phone to Ding Wan. "Take a good look at it yourself. You're still enjoying it here. Your little lover beat up Ding Shan. If I don't find out, I won't even know that Ding Shan had been betrayed by you one day!"

Ding Wan took the phone and opened the video.

Wang Chun continued, "Normally, I turn a blind eye to whatever you're doing. But you're playing with that B*tch Yang Hua instead! You're slapping my face! And what does she mean by that? Only letting Ding Shan listen to you and her. Does she want to replace me and take all the money for herself one day?"

Ding Wan looked at the video and his face turned darker and darker.

Although Ding Wan was a lecherous person and had indeed been seduced by Yang Hua, he knew that earning money was the most important thing. Ding Shan was the most popular person he had raised, usually, no matter how impatient he was, he would always coax Ding Shan to earn money.

In the video, Yang Hua not only slapped Ding Shan in the face, she even said that it was all thanks to her that Ding Shan had been able to get to where she was today. What did she mean by asking Ding Shan to listen to her? Wasn't she trying to snatch Ding Shan away?

Ding Wan recalled that Yang Hua always took matters into her own hands and signed some contracts without consulting him.

At that time, he wanted to coax women. Yang Hua always spoke ill of Wang Chun to him. He thought that it was because women were jealous and occasionally satisfied her little temper. A portion of the money was given to Yang Hua as a reward.

But now, after listening to what Yang Hua said to Ding Shan behind his back, he suddenly realized that Yang Hua was not the kind of little woman who would be jealous. The things that she said to him usually were just to sow discord between them, her true ambition might be Ding Shan!

Ding Wan quivered and was more than half sober. He quickly got up and tugged at Wang Chun. "Wife, I was confused. I promise to break off relations with her! We are husband and wife. The money is all ours!"

Wang Chun pushed Ding Wan away with disdain. "Alright, I don't have the time to continue the old relationship with you. If you behave yourself, I can't be bothered to care about you. But if you have other thoughts outside, then you should consider them. I definitely won't leave Ding Shan to you. If you have the guts, then give it a try!"

Ding Wan did not want to break up with Wang Chun. All these years, Ding Shan's money had been spent by both of them together. They had long been inextricably linked. Once divorce occurred, he would not be able to get any benefits either, he never thought that he would flip over his car with that B*tch Yang Hua.

Ding Wan cursed in his heart and planned to find a phone to deal with Yang Hua.

Wang Chun saw through it and said leisurely, "I've already arranged for someone to make a statement. Yang Hua can't survive anymore. I advise you to leave her alone. Be careful that I don't fall out with her."

Ding Wan did not have any objections. He nodded and said, "I'll listen to you. I won't interact with her anymore." Money was the most important

thing in a woman's life. If she hesitated for even a second on such matters..., let Ding Wan feel is no respect for money.
