

## **Boss Is Reborn 31**

### **Chapter 31 -**

#### 031. Ingrate 1

While Ding Shan, Zhao, and Yin Hui were happily discussing in the restaurant, the Ding family of three found out about Ding Shan's location from the paparazzi.

The paparazzi had only been following another little celebrity to the restaurant for a meal. They did not expect Yin Hui to coincidentally set the meeting place here. Yin Hui did not think much of it. It was purely because the people from the company had mentioned this restaurant. It was a relatively popular restaurant nowadays. The environment was good and the location was more convenient.

The paparazzi did not pay attention to Yin Hui at first. After all, he was a rich second-generation boss. He did not have any outstanding artistes under his name. It would be useless even if he managed to capture some scandals. However, after a moment of shock, they saw Ding Shan walking in with her people.

At this moment, the paparazzi instantly perked up. They set up a long gun-like camera and quietly waited not far away from the restaurant. At the same time, they showed off the news that they were about to capture Ding Shan in their partner group chat.

Ding Wan relied on his pitiful connections in the industry over the years to find out about the news that the paparazzi had spread. He endured the pain and spent a lot of money to bribe them before he came over.

The paparazzi did not leave either. He could hear the anxiety in Ding Wan's tone. He had a faint premonition that they might be able to capture big melons today. He could not help but move a distance forward and waited very seriously.

Ding Shan and Yin Hui were almost done talking and were about to get up and leave.

However, they saw Ding Wan rushing in with Wang Chun in an aggressive manner, heading straight for Ding Shan's seat.

Ding Shan frowned. She did not expect Ding Wan to find her again so soon. She had just promised Yin Hui that she would settle her matters. It was inevitable that it would be impolite to have a conflict in front of him now.

Just as Ding Shan was in distress, her eyes were suddenly dazzled by a bright light. Ding Shan subconsciously looked for the source of the light, only to find a person wearing a cap squatting behind a bush not far away with a camera, the position was very hidden, but because they were too close, the sunlight refracted on the camera and accidentally shone on Ding Shan's eyes.

Ding Shan turned her head around without a trace and pretended not to see it. The corners of her lips curled up as she thought to herself, it didn't take much effort. The actors were all in position, and there were even paparazzi following them, a good show without a good eye would be a waste of such a good opportunity.

Ding Shan turned her head to look at Xiao Zhao and gave her a look. Xiao Zhao still hadn't reacted to the current situation and looked at Ding Shan with confusion. She didn't know what she meant.

However, it was already too late. Ding Wan strode over to Ding Shan and slapped her on the face.

“Pa!”

Ding Shan covered her face with tears in her eyes as she stood rooted to the ground.

“What are you doing? How can you hit her?” Yin Hui rushed out to block Ding Shan.

Wang Chun dragged his fat body and caught up with him while panting. “I’ve finally found you, you little bastard! You’ve grown wings. Do you want to fly to the Sky?”

Ding Wan stepped forward and was about to pull Ding Shan. “Hurry up and follow me home. Don’t embarrass yourself outside!”

Yin Hui stood firmly in front of them and blocked Ding Wan’s movements. “What exactly do you guys do? If you keep doing this, I’m going to call the police.”

Wang Chun sized up Yin Hui and said sarcastically, “Yo, I was wondering how that Little B\*stard got so bold. So she hooked up with you. We’re her parents. Don’t we have the right to take her home? Mind your own business!”

Ding Shan cried out, “I don’t want to go back with you guys. You’ll hit me.”

Ding Wan wanted to go forward, but Yin Hui was tall and strong. He was in his prime, so he blocked Ding Wan’s way.

Ding Wan could only stand on the spot and point at Ding Shan and curse, “You Little B\*stard. Now you’ve learned to lie. When have we ever hit you?”

Xiao Zhao finally saw the situation. She looked at Ding Shan’s sorrowful expression and immediately understood what Ding Shan meant. She quickly went forward to support Ding Shan and shouted, “How could it not be? Sister Shan’s red and swollen face has just subsided. Didn’t you just hit her again? Why are you so old and forgetful?”

Ding Wan was so angry that his hands were shaking. “You...”

Wang Chun saw Xiao Zhao and became even angrier. “You Little B\*tch, shut up! Otherwise, if the two of you worked together to lie to me, would I agree to let you be her manager? Now you’re fired!”

Xiao Zhao was not afraid at all. “I’m sorry, I’m now signing a contract with sister Shan and only listen to her management. You no longer have the right to command me!”

## **Chapter 32**

### 032. Drama

Yin Hui finally understood the identities of the two. Although it was a family matter and it was not easy for outsiders to interfere, he had heard about Ding Shan’s situation. Now that he saw that Ding Shan was being bullied, Yin Hui could not sit back and do nothing.

Yin Hui looked at Ding Shan and said to Ding Wan, “She is already an adult. She has her freedom. You can not force her.”

Ding Shan hid behind Yin Hui. When Yin Hui turned around to look at her, she raised her head and winked at Yin Hui. Yin Hui was stunned. He did not understand what Ding Shan was trying to do.

However, Ding Shan said at this moment, "I've made it very clear on the phone. I don't want to have any contact with you guys anymore. I'll be responsible for the work myself. I'm just discussing work with President Yin. Don't hurt him with your words!"

Wang Chun said sarcastically, "Talk about work? What kind of bullshit work can you talk about? You're just using your looks to pull strings. Why don't you go to CEO Jin? Now you're hiding behind this gigolo and acting pitiful!"

Ding Shan sobbed, "I only want to do a clean job. Please let me go. Don't sell me to CEO Jin. I don't need those low-class resources either!"

As Yin Hui listened, he also understood why Ding Shan's resources were so terrible. It turned out that it was not up to her to decide. These two people still wanted to sell Ding Shan to CEO Jin? If the little angel was tarnished, what would happen to his brother Xiang Hong!

Just as Yin Hui was distracted., Ding Wan rushed over and hit Ding Shan again, "You shameless thing. I'll teach you a lesson today! Listen to what your parents tell you to do! Now you dare to rebel! Hurry up and come home!"

Ding Shan was directly knocked to the ground. Xiao Zhao rushed over and half-carried Ding Shan, crying at Ding Wan, "Why did you hit her again? I've already called the police! You guys can't do this!"

More and more people gathered in the restaurant. They were all discussing in whispers and taking out their phones to film this farce.

Wang Chun also came forward and grabbed Yin Hui, not letting him stop them. She even shouted, "You've done it to the extreme, so we're not afraid of losing face! Let everyone see how heartless you are! Old Ding! Quickly teach her a lesson!"

Yin Hui was a little anxious, but Wang Chun's physique was too big, so he could not exert his strength. He was entangled for a moment.

Ding Shan's breathing was weak as she fell to the ground. Stubborn tears hung at the corner of her eyes. No matter how one looked at her, she looked pitiful. "Even if I was beaten to death by you guys, I'm not willing to be managed by you to sell my body. I'm even more unwilling to act in those lousy movies!"

Ding Wan was furious. He went forward and kicked her again. "I gave you a few days of good looks, and you dare to challenge your father? It's still negotiable when we get home now. Don't force me to tie you down!"

Ding Shan sneered. "Why do you want to tie me up? Are you going to send me to CEO Jin's bed? Do you dare to tell CEO Jin what you gave him in exchange for the 200 million? Or do you want to tie me up and lock me up? I'll continue to be at your mercy. You only want to use me to exchange for more money. You don't deserve to be a father!" Ding Shan was exhausted. She slowly closed her eyes and fainted.

Xiao Zhao panicked. "Sister Shan! Sister Shan, What's wrong?" Xiao Zhao thought that Ding Shan had fainted and was so anxious that she cried.

Ding Shan quietly scratched Xiao Zhao's palm twice, indicating that Xiao Zhao was fine.

Xiao Zhao choked on her sobs and almost couldn't control them. Her heart broke. Sister Shan, what kind of script is this? It was so scary!

However, Xiao Zhao reacted quickly and continued to pretend to cry, "Sister Shan was knocked unconscious. Call an ambulance!"

Yin Hui was completely anxious. He pushed Wang Chun away and walked over to check on Ding Shan's condition. He called for an ambulance and sent a message to Xiang Hong: Little Angel is in trouble! Requesting backup!

The paparazzi outside the window were so excited that they were sweating profusely. They filmed this scene perfectly. Because they were so close, it was so clear that they could even hear the conversation!

Ding Wan was stunned on the spot. He roared in disbelief, "She's faking it! How could she faint with just one hit! You've all been tricked by her! Ding Shan, don't act here for me! Get Up!"

Wang Chun was also anxious. "She's the best at acting! She only knows how to deceive others and gain sympathy. She's been lying to me and her father for the past few days!"

### **Chapter 33**

---

#### 033. Big News

The surrounding people looked at the black-hearted couple with disdain as they shouted like two madmen. Their hearts ached for Ding Shan. What a sin! How could such a pretty little girl have such parents?

Xiao Zhao had only been acting along with Ding Shan. Although Ding Shan was pretending now, the suffering she had endured was real. Xiao Zhao hugged Ding Shan and felt extremely sorry for her. She thought that she could use this opportunity to guide the public's opinion, so she had to speak up.

Hence, Xiao Zhao retorted, "Wasn't she knocked out by you? Sister Shan has always been oppressed by you guys. She doesn't even have time to rest. Usually, you guys don't let her eat because of a small matter, her body would have been destroyed by you guys a long time ago! Just two days ago, she was beaten up by Yang Hua. Today, she was bullied by you guys. No matter how good a person is, they can't hold on!"

Around was an uproar. They did not expect the usually bright and beautiful star to be abused by her parents in private! What a tragedy!

In a short while, the balance in people's hearts has been completely biased toward Ding Shan.

Soon, the police and the doctor arrived at the restaurant.

The doctor quickly walked to the side of Ding Shan and looked: "The patient is too weak, and needs further examination, quickly carry her to the ambulance, and the hospital!"

The nurse carried a stretcher and everyone surrounded Ding Shan as she was sent to the hospital. Xiao Zhao and Yin Hui followed her into the ambulance.

Ding Wan and Wang Chun were left behind, still making a ruckus.

When Ding Wan saw the police, he did not dare to be arrogant anymore. "Officer, we are her parents. We are just disciplining the child. She must be faking it."

Wang Chun quickly explained, "She ran away from home when we spoke a few words. She was too angry. Which parent would not hit their child?"

The policeman said seriously, "We have seen the specific situation. You need to come back with us to be investigated!"

Ding Wan was not happy. He was still thinking about CEO Jin. There was not much time left. If he did not bring Ding Shan back, the consequences would be unimaginable. Thus, he argued, "I already said that I'm her father! Is it illegal for me to discipline my child?"

The police officer scolded, "No matter what identity you have! You can't hit people, understand? Domestic violence is also illegal!"

Ding Wan and Wang Chun were brought back to the police car dejectedly to be investigated.

The people in the restaurant were still sighing. They continued to discuss in a few words. They even kept sending the video taken from their phones to their friends. This was big news! The movie Queen's original family was actually like this! Many people passing by were fans of Ding Shan's. They felt very sad.

The paparazzi outside the restaurant looked at the video in satisfaction. They quickly sent it to the social media platform and edited the title: Shocking Melon! The famous movie queen was persecuted by her immediate family. She was beaten in public until she fainted and was sent to the hospital!

As soon as the video was uploaded, it received tens of thousands of views in just a few minutes. It was still increasing in popularity. Ten minutes later, it had become the top trending topic.

Countless people commented and forwarded it, expressing their heartache for Ding Shan.

"Oh my god, Ding Shan is so miserable. They hit her!"

"With such a beautiful and outstanding daughter, how could they do it?"

"Did you all hear that? They seem to want to sell Ding Shan to some boss. It's too disgusting. What era is it? There's such a scum who sells women for glory!"

Ding Shan's fans were so angry that they were about to explode. The little angel that they loved in the world was living such a miserable life. She was treated like this by her parents, and she was always so gentle, this was hiding the pain and only showing them the good side!

Countless diehard fans cried out in pain. They kept attacking Ding Wan and Wang Chun on the Internet. They even pulled out Yang Hua's account. This woman even beat up Ding Shan in private. She was really bad!

There were also rational fans who quickly formed teams and divided their work. They made a list of Ding Shan's schedule for many years and also sorted out the resources in recent years. In the end, they realized that it was just as Xiao Zhao had said, Ding Shan, did not even have time to rest and eat. She was occupied with those resources that could not be any worse.

In the past, the fans had privately complained about Ding Shan's taste in taking on scenes and the problem of Ding Shan never interacting with the fans. Now, it seemed that Ding Shan did not have the freedom to choose and did not have the time to interact with them!

Initially, Ding Shan's fans had been disheartened by Ding Shan's performance in recent years. The fan club was on the verge of disbanding, but today's sudden incident had brought them back together in an instant.

The fans felt that the anger in their hearts was about to burn up. They had to unite! Save their girl!

## **Chapter 34**

---

### 034. Contemporary white-haired girl 1

After the incident, there was a storm of blood on the Internet. Fans and sympathizers were all involved in the war to denounce Ding Shan's parents and former manager, Yang Hua.

Even the pure sympathizers who were not interested in Ding Shan were infected. They discussed the impact of the original family on people. The topic of "Parental Abuse" remained high. People praised Ding Shan's spirit of daring to resist.

Many people also shared about the invisible pressure their parents or family members usually exerted on them. In comparison, they felt that Ding Shan had suffered too much these years.

A group of reporters had already gathered in the hospital, waiting for the opportunity to interview Ding Shan.

Ding Shan was sent to the hospital. She opened her eyes tiredly. After a doctor's examination, he determined that Ding Shan had indeed been under too much mental pressure for a long time. Her body was even in a state of malnutrition. If this continued, something would happen sooner or later.

Xiao Zhao stood by the bedside with tears in his eyes. He held an ice bag and gently placed it on Ding Shan's face.

Yin Hui quietly walked over and looked at Ding Shan. "You're too pitiful. Did you faint just now? You scared me to death!"

Ding Shan smiled slightly. "Didn't we agree just now that I would solve it? This matter has blown up. If they want to pester me again, it won't be so easy."

Yin Hui didn't say anything else, but he couldn't help but give Ding Shan a thumbs up in his heart. This woman was too cruel to her, and she was also calm. She had been patient in her passive state until she had an opportunity to strike the enemy with one strike, she was extraordinary!

Yin Hui glanced at his phone and quietly left.

Outside the ward, Xiang Hong rushed over after receiving Yin Hui's message. He was originally in the middle of an important international meeting, but when he saw Yin Hui's message, he felt uncomfortable. That woman was either bright or gentle, like a delicate, bright, but shy flower, no matter what, she should not be bullied by others.

Hence, Xiang Hong postponed the meeting, thinking of coming to the hospital to see this woman.

Yin Hui walked out of the ward and bumped into Xiang Hong. He could not help but complain to Xiang Hong, "Brother, you don't know the excitement just now. Your baby is not a little angel in the human world, but a contemporary white-haired girl! A little cabbage in the human world! That pair of parents are too inhuman!"

On the way here, Xiang Hong had already seen the video that went viral on the internet. Naturally, he also saw the scene of Ding Shan being beaten down by Ding Wan.

Xiang Hong was naturally cold-hearted. He had a clear goal since he was young and did not have any extra emotions. However, he had to admit that when he saw the tears on the woman's face and the voice complaining about the abuse of her parents over the years in the video.., he felt some pain in his heart.

The moment Ding Wan beat up Ding Shan, the slight pain in Xiang Hong's heart turned into anger.

Ding Shan gave him a wonderful feeling. This kind of wonderful feeling might not be called liking, but at most, it was some interest and affection, but Xiang Hong just couldn't stand that a woman like a little wild cat was bullied by a scum like that.

Yin Hui added, "But this baby of yours is not simple. She scared me with her acting. This time, her reputation will be restored, and she can also build momentum for the upcoming show. Killing two birds with one stone. She's a talent."

Xiang Hong thought of Ding Shan's charm and boldness that night and curled the corners of his lips. "She's the best at pretending to be a little white rabbit. She's always been a little wild cat. She'll scratch people when she gets angry."

The two of them stood not far from the ward and looked at Ding Shan who was lying on the bed through a small window.

Ding Shan did not notice the movement outside the door. She was still comforting Xiao Zhao with a gentle smile on her lips.

Little Zhao complained, "Sister Shan, you really can't do this again next time! You're a female celebrity, how can you let him hit you? We'll find another way!"

Ding Shan smiled. "Alright, little housekeeper, I understand. I didn't want to do this at first either. It was just a coincidence that they came to me. It's easy for me to sever my relationship with them, but I still

have to consider the pressure of public opinion. I have no choice but to be ruthless and let public opinion help us achieve our goal. It can also be considered as an explanation to the fans.”

Xiao Zhao wiped away her tears before she remembered, “That’s right, Sister Shan. Everyone is paying attention to your matter on the Internet. The representative from the fan club also contacted me just now. They are controlling the comments and saying that they will seek justice for you!”

Ding Shan nodded. “You should keep an eye on them. It’s too late to go overboard. You just need to explain things clearly.”

Xiao Zhao nodded. “Right now, the public’s attitude is biased towards us. Sister Shan, you don’t have to worry. This time, we have finally exposed the ugly faces of those scums!”

## Chapter 35

---

### 035. Was not enough

Ding Shan knew that as long as there was a chance to expose the evil deeds of Ding Wan, Wang Chun, and Yang Hua to the public, she would be in the right. The public’s eyes were always sharp, and people tended to sympathize with the weak.

Ding Wan and the others were still too arrogant. They thought that they could do whatever they wanted with their status as Ding Shan’s family. Little did they know that in a society ruled by law, people also had a set of moral standards in their hearts. As a public figure, Ding Shan.., it was very easy for her to use public opinion to crush them.

Taking this opportunity, Ding Shan could be considered to have saved a lot of praise and goodwill. This had also laid a very good foundation for her comeback after a month.

Yin Hui and Xiang Hong were outside the door. They quietly watched Ding Shan’s pale face as she chatted with Little Zhao. Even though she was so weak and miserable, she was still as beautiful as a painting. She was so pitiful.

Yin Hui asked Xiang Hong doubtfully, “You rushed over here, aren’t you going to go in and take a look?”

Xiang Hong glanced at Yin Hui. “You sure care a lot. Next time, if there’s nothing else, don’t lie.”

Yin Hui was speechless. What did he lie about? It was just a text message to him. The person who rushed over was Xiang Hong himself. Now, he was pretending not to care. He was indeed a boring man.

Yin Hui was still counting on Xiang Hong to give him some business advice. Xiang Hong was his big shot, so he had to cling to him. He could not offend him, so he could only swallow his anger.

However, Yin Hui felt that the two of them were strange. He could not tell what was wrong with them. There must be gossip that he did not know about! However, Yin Hui did not dare to ask. He was afraid that Xiang Hong would become angry from embarrassment.

Yin Hui could only curl his lips. "Little angel is quite capable. Looks like you don't have to be the hero to save the damsel in distress."

Xiang Hong smiled coldly. "She's still too kind. It's not enough to deal with such a person."

Yin Hui smiled. "You're still pretending that you don't care? Are you going to take revenge for Little Angel?"

Xiang Hong did not continue speaking. He only said, "There's still something else. I'll be leaving." Then, he turned around and left.

Yin Hui looked at Xiang Hong's back and then turned around to look at Ding Shan who was in the ward. He felt that there must be something going on between the two of them. This brother of his could be considered the young flower of a thousand-year-old iron tree. How could he not join in the fun?

Yin Hui quickly chased after him. "Old Xiang! Wait for me!"

Not far from the ward, there was a crowd of reporters who wanted to interview Ding Shan and get the latest news. This was the biggest news since the movie Queen debuted. Moreover, it was extremely topical and everyone wanted to get an exclusive interview with Ding Shan. No one was willing to leave.

In the room, Ding Shan and Xiao Zhao finished chatting. Only then did they notice the clamor outside and asked, "What's going on outside?"

Xiao Zhao said, "It's all reporters who want to interview you. I saw that you were still in a bad state just now, so I rejected them all. They seem to be waiting outside."

Ding Shan thought for a moment and said, "A hospital is a public place. It wouldn't be good if my matter affects other patients. Moreover, since something like this has happened, it's time to explain it to the concerned fans."

Ding Shan looked at Xiao Zhao and said, "How about this? Go and pick a few reasonable websites and platforms. Let the others disperse."

Xiao Zhao nodded. She went out to select a few reporters with good reputations and authority. She said to the others, "Sister Shan has just recovered a little. The Doctor instructed that she shouldn't be too tired. Please cooperate and don't disturb the other people in the hospital. Thank you, everyone."

The other reporters were still a little reluctant. Xiao Zhao continued, "When sister Shan recovers, there will be many more opportunities. Thank you for your concern and love for Sister Shan."

When the others heard Xiao Zhao being so polite, they did not want to get implicated. After all, they still wanted to work more with Ding Shan in the future. The entertainment industry was supposed to be mutual support and respect. The other party should be more polite, naturally, it wasn't good not to cooperate. In the future, it would be easier for everyone to see each other.

The other reporters nodded and left dejectedly. The few reporters who were selected were very happy and said, "Don't worry. We will only interview with a few questions. We won't let Ding Shan work too hard."

Xiao Zhao smiled politely and led the few of them into the ward.

Ding Shan was half-leaning on the hospital bed. Her complexion wasn't too good, and one could vaguely see the redness and swelling on her face. When she saw the reporters enter, she smiled politely and nodded at everyone.

## Chapter 36

---

### 036. Interview 1

The reporters set up their cameras and microphones and surrounded Ding Shan.

Xiao Zhao reminded her worriedly, "Please don't ask too many sensitive questions. Sister Shan agreed to the interview because she cares about her fans."

The reporters nodded and expressed their understanding. They were all professional entertainment platforms and understood the standards of the interview.

One of the reporters took the lead and asked, "Ding Shan, the news about your family has caused a huge uproar on the internet. Have you been abused by your family? How's your physical condition now?"

Ding Shan nodded. "First of all, I'm very grateful to the society and my fans and friends for their care and love for me. My physical condition is fine now, but I'm under too much mental pressure and my body is a little weak. As for the abuse of my family members..."

Ding Shan thought for a moment, she chose a gentler wording. "They are too controlling of me. You may have already seen the specific situation. Since I was young, my freedom has been restricted. In terms of my career, I have no right to speak. I know this is wrong, but I did not dare to resist in the past."

Another reporter hurriedly asked, "Most of the fans on the Internet support you, but there are also a few people who think that you shouldn't use such a resolute method to sever ties with your parents. They even suggest that you are at fault in the current situation. What do you think about this?"

Ding Shan smiled slightly. "I understand very well. Since ancient times, our country has always been particular about filial piety. I used to endure it because they were my parents, but... In the end, you all saw it too."

Ding Shan looked at the camera with determination, her smile was filled with a heart-stirring determination. "I still want to tell everyone that filial piety is not a 'Stupid filial piety' and that the theory of 'The victim is guilty' is wrong. If I am wrong, then I should be the one who resisted too late and almost ruined my life."

Ding Shan thought of the past and her face was filled with sorrow and melancholy, however, she continued to say firmly and gently, "I hope that everyone can live out their selves and face unfair treatment. Even if we are family, we should bravely stand up and say no to it!"

The reporters present were also touched by these words. They felt that the Ding Shan of today had a different kind of charm. Although she still had a gentle and beautiful appearance, the power of her soul was especially strong.

The reporter asked again, "Then what are your plans next? What will you do with your relationship with your family in the future?"

Ding Shan pondered for a moment before saying, "I just don't want them to continue making mistakes. I've already suffered a lot. I hope they can let me go."

Ding Shan gestured to Xiao Zhao, she made a final statement, "My career has not been ideal under their control all these years. I'll rest for a month and build my team to bring better work to my friends who support me. Thank you, everyone."

Xiao Zhao went forward to end the interview, "Sister Shan is a little tired. Let's end the interview here today. Thank you for your hard work!"

The reporters had many questions, but Ding Shan had just experienced such a mishap. Her physical condition was indeed not good, so the reporters could not bear to do so.

Moreover, Ding Shan's response just now had given the reporters a good impression. They had also finished asking the key questions, so they did not say anything. They cooperated and put away their interview equipment, preparing to go back and release the news.

A few reporters politely said goodbye to Ding Shan and were sent out of the ward by Xiao Zhao.

After sending the reporters out from the ward, Xiao Zhao was a little puzzled. "Sister Shan, why didn't you say more when they asked about Ding Wan and the other's mistreatment of you just now?"

Ding Shan shook her head. "Those who have the heart will naturally go and investigate. Aren't the fans also helping me to find evidence? If I say any more, it will inevitably appear that I'm being unreasonable, and the effect will not be good."

Xiao Zhao thought about it and felt that it made sense. "That's right. When we came to the hospital, the police had already taken Ding Wan and Wang Chun down to the police station. They deserved it. They should have been arrested a long time ago!"

Ding Shan smiled. "Then let's wait for the police to investigate. It's also good to make them suffer."

Xiao Zhao was still worried about Ding Shan's health. "Sister Shan, I'll keep an eye on the other matters. You should rest well first."

After struggling for a long time, Ding Shan was indeed tired. She could not help but sigh in her heart. Her body was indeed too empty.

Xiao Zhao helped Ding Shan to lie down slowly. He watched as Ding Shan closed her eyes and fell asleep. Then, she quietly walked to the side and continued to deal with the comments on the internet.

## **Chapter 37**

Ding Shan's fans were still fighting.

Some fans who had followed Ding Shan for more than ten years even found out about Ding Shan's schedule and videos when she was a child.

In the video, Little Ding Shan was pushed in front of the camera by Ding Wan. She showed a panicked expression and looked for her family in the crowd with tears in her eyes. However, Ding Wan could only impatiently urge her, "Smile! Smile at the camera!"

Little Ding Shan could only force a smile at the camera helplessly.

There were also videos of fans accidentally shooting Yang Hua pushing Ding Shan and reprimanding Ding Shan when they were following Ding Shan. All of a sudden, all of them were posted.

In an instant, the unfair treatment that Ding Shan had suffered for more than ten years and the cold and ruthless attitude of her family were displayed in front of the public. The authenticity of what Ding Shan and Xiao Zhao said was self-evident.

The slogan "Support Ding Shan, reject family PUA" was neatly scrolled under every Weibo post.

Following the release of the video of Ding Shan's interview by several websites, the hearts of the fans finally relaxed. Although Ding Shan still looked very weak, she had become strong.

What Ding Shan said in the interview made the fans and passers-by deeply moved.

Should a pretty face be used by her family to get money? Should filial piety and obedience be bullied to death without resistance? Should she be beaten if she wanted to take back her career and property?

Ding Shan's interview seemed to give the fans a backbone, giving them more power to appeal to the public on the Internet to pay attention to this matter. It also made more people realize that Ding Shan was not just a vase, she was also an example of courage and power.

On the other side of the police station, Ding Wan and Wang Chun had not realized that the public on the internet had already started to criticize them. They were still stubbornly arguing with the police.

Ding Wan frowned, his legs were shaking restlessly. "Police comrade, I've already said it several times. That's my daughter. I'll discipline her a little. She's fine now! It's my daughter. I can't beat her to death!"

The police had also been paying attention to Ding Shan's condition. After checking with the hospital, they had learned that the injuries on Ding Shan's body were not very serious. It was just that her body had suffered long-term losses. She was indeed suspected of being oppressed for a long period.

At the same time, the police had also paid attention to the evidence presented by the fans on the Internet, as well as Ding Shan's interview.

After all, this case was rather special. The person involved was a relatively high-profile celebrity. One of the young police officers was even a fan of Ding Shan. He was trying his best to control himself, considering his professional identity, that was why he didn't go in and give Ding Wan a beating.

However, fairness was still important in handling a case. Even though the policemen sympathized with Ding Shan in their hearts, they still couldn't handle business with personal feelings.

However, when the policeman heard Ding Wan's words.., he couldn't help but get angry. "What else do you want to do? If you beat her to death, you'll have to pay with your life! She's indeed your daughter, but do you know how bad the impact is when you use violence and cause trouble in public?"

Wang Chun could not help but retort, "We didn't think of anything. She was the one who provoked us first. If she had gone home obediently, there wouldn't have been so much trouble."

The young policeman said angrily, "If she had gone home with you guys, she might have been tortured!"

Wang Chun pursed her lips. "When the police speak, they have to speak with evidence. What right do they have to say that we tortured her? If there's evidence, then take it out and arrest us!"

The young policeman gritted his teeth. He wished that he could arrest her right now so that she would not dare to be so arrogant again! However, everything had to be done through procedures and evidence. At the moment, they could only determine that Ding Wan and Wang Chun had disturbed public order, caused trouble, and were suspected of domestic violence. They did not have any more crucial evidence to sentence Ding Wan and Wang Chun to jail.

Another policeman stopped the young policeman and signaled for him to calm down, he looked at Ding Wan and Wang Chun with disgust. "You two should reflect on yourselves here first! Someone will come to take you in a while. According to the evidence, it's enough to punish you for seven days of administrative detention and a fine!"

Ding Wan was anxious. "I can pay the fine! Detention is not reasonable. I still have important matters to attend to! My Daughter is still at home!"

Wang Chun also thought of Ding Yuan. Tomorrow night, CEO Jin would come looking for her. What would happen to Ding Yuan? At this moment, Wang Chun did not dare to be arrogant. She cried, "No! We Can't be detained! Let us out!"

The police were used to such people. At first, they were unreasonable, but when they heard the punishment, they cried for their parents. Where did they go?

The police snorted, "Ding Shan is still in the hospital. You're still worried about your daughter. Why don't you reflect on being a Father?"

After saying that, the police slammed the door.

## **Chapter 38**

4-6 minutes

---

### 038. Ding Yuan's jealousy 1

Ding Wan hammered the table anxiously. "D\*mn it! It's all that little B\*stard's fault. She still dares to call the police to arrest me! This unfilial thing! When I get out, I don't believe that she will still send me to prison? Is there still any law?"

Wang Chun cried, "But... now that we're locked up here, CEO Jin won't be able to find us. What about Little Yuan? CEO Jin will be going home tomorrow night to look for Ding Shan! Little Yuan won't be able to contact us. She won't be going home, right?"

Ding Wan scolded, "Aren't you stupid? We would only be locked up for seven days. Won't CEO Jin be able to find us in seven days? We'll still have to wait for death. Little Yuan should be able to see the news of us being caught. She's always been obedient. She should still think of a way to save us."

Ding Wan thought of the big trouble of CEO Jin and cried, "Damn it, I still have to face CEO Jin when I go out. I might as well be locked up here forever!"

Ding Wan buried his head on the table dejectedly and cursed Ding Shan repeatedly.

Wang Chun kept crying, "You useless person! You should have caught her just now and brought her back home! Why did you hit her outside? Now, what about Xiao Yuan? Oh my God!"

Ding Wan was annoyed by Wang Chun's noisy voice, he said unhappily, "Shut up! It's not the time for me to teach her a lesson! What about Xiao Yuan? I don't know what to do! Can I fly out now! If I fly out, CEO Jin will teach me a lesson too!"

The police heard the noise outside and knocked on the door, "Shut up! Behave Yourself!"

Ding Wan and Wang Chun shut their mouths helplessly. They were both depressed and ignored each other.

On the other side, Ding Yuan was not as obedient as Ding Wan thought. She didn't even come to the police station to save them. Ding Yuan was so angry that she almost fainted when she saw the news on the Internet!

How could Ding Wan and Wang Chun be so stupid? In public, Ding Shan, that B\*tch, provoked them with a few words and they beat her up. They even filmed it and posted it on the Internet!

When she saw that people were standing on Ding Shan's side on the internet while fans were cheering for Ding Shan, Ding Yuan's eyes turned red with jealousy.

Ding Shan, that B\*tch, was just like that! There was always a way to pretend to be delicate and pitiful so that everyone would like her! And speak up for her!

When Ding Yuan was young, she knew that her sister was a big star. At first, Ding Yuan was very happy because her sister would earn a lot of money to buy her beautiful dresses and toys.

But gradually, Ding Yuan's heart began to twist. She was not satisfied with just being a star's sister. Why was Ding Shan able to stand on the stage and receive so many compliments? Why did her parents always surround Ding Shan and never leave her side?

All of Ding Shan's care for Ding Yuan was just showing off and giving to Ding Yuan, which made her extremely jealous.

Later on, Ding Yuan overheard the conversation between Ding Wan and Wang Chun and realized that Ding Shan was not their biological child.

This made Ding Yuan feel inexplicably superior. Ding Shan was a wild child who did not know who her biological parents were. What right did she have to compete with her?

From that moment on, Ding Yuan decided that she must destroy Ding Shan so that she would never be able to stand on the stage again. She would not be able to gain the love of everyone. She should let her rot in the darkroom! She could only survive by relying on her charity!

But now, when Ding Shan's career was getting worse, and her fans were gradually leaving her, Ding Yuan planned to destroy Ding Shan through CEO Jin.

But what exactly went wrong? Why did Ding Shan get better again? Not only did she gain the support of so many people at once, but she also sent Ding Wan and Wang Chun to the police station.

Ding Yuan scrolled through the comments of the netizens one by one. When she saw the comments of Ding Shan's fans on the Internet, she was so angry that she clenched her fists. Her long nails sank deep into her palms.

Ding Yuan could not help but curse, "Damn it! Ding Shan! I will not let you get back on your feet so easily!" At this moment., ding Yuan's mind was filled with all kinds of dark thoughts. How could she still care about Ding Wan and his wife? She had long forgotten about them.

## Chapter 39

---

### 039. Add fuel to the fire

Ding Yuan racked her brains to think of other ways she could ruin Ding Shan's reputation. After thinking about it, she could only rely on herself.

Therefore, Ding Yuan hurriedly contacted a small reporter and proposed that she and Ding Shan's scandal wanted to be exposed. There would be a reversal.

This reporter was from an unknown small media. He had no chance to interview Ding Shan at all. After receiving the news, he followed her everywhere, but there was no valuable information. He could only rely on retweeting the reports of the big media outlets to report, so there was no heat at all.

When he heard that the person who contacted him was Ding Shan's sister, the small reporter was restless. He directly agreed on a location and excitedly went to look for Ding Yuan. If he could dig out some insider information from Ding Yuan. if it turned out as she said, wouldn't he become famous after one combat?

When the two of them met, Ding Yuan complained with tears in her eyes, "Now that Ding Shan is covering the sky with one hand on the Internet, I really can't watch anymore. You have to help me publish the truth!"

The reporter nodded excitedly and prepared the equipment. He pointed at Ding Yuan and said, "You can start now."

“Wait a moment.” Ding Yuan suddenly turned around to look for something.

The reporter’s eyes lit up. He thought that Ding Yuan still had some evidence. Wouldn’t that be more convincing?

In the end, he did not expect that Ding Yuan would take so long to find a mirror and a powder pancake. She carefully filled up her makeup and deliberately wiped her face until it was white, making her lips appear pale.

The reporter was a little speechless. He did not know if he should remind Ding Yuan. In the camera, her face had a very obvious sense of heavy makeup, making her look very scary. But the reporter thought about it and decided not to meddle in other people’s business. As long as he had a wonderful revelation, what did it have to do with him whether Ding Yuan looked good or not?

Ding Yuan finally finished mending her makeup and nodded at the reporter.

The reporter turned on the camera again, indicating that Ding Yuan could begin.

Ding Yuan didn’t wrinkle her face in an instant. Tears slowly filled her eyes. The speed at which her face changed shocked the reporter. He sighed in his heart. As expected of the sister of the movie queen. Her emotions were sudden!

Ding Yuan sobbed a few times, she began to speak in a soft voice, “Hello, everyone. I’m Ding Shan’s sister. My name is Ding Yuan. “There has been a huge change in my family over the past few days. I originally intended to accept the truth. After all, my sister has already abandoned us. We should be more tactful. However, after seeing what happened today, I can’t hold it in any longer. I have to stand out and expose the truth!”

Ding Yuan was crying her heart out, she picked up a tissue and gently wiped her tears. “Father and mother have always been in poor health. For my sister, they have been worrying so much. Perhaps the method was a little too extreme, but after all, we are still a family. How could we mistreat my sister? It was just small friction. However, my sister started to transfer all her assets a few days ago and changed all her teams. She even threatened us not to pester her anymore...”

Ding Yuan continued to attenuate the few contradictions that were currently being noticed on the Internet, she wanted to divert the public’s attention. “This money is my sister’s reward, but these years, even if it’s a part-time job, there should at least be some salary, right? But I don’t know why my sister wants to exterminate our entire family. My father has high blood pressure, and my mother also has fatty liver. How can she call the police to arrest them? “Sob, sob, sob...” Ding Yuan couldn’t take it anymore. She covered her face and started crying.

The reporter was a little anxious. He wanted to remind Ding Yuan not to just cry! Although her words were very touching, it wasn’t painful at all. It was a reversal! It was a revelation!

Fortunately, Ding Yuan didn’t pretend to cry for too long. After all, if she didn’t cover her face, one could see that there weren’t any tears on her face.

Ding Shan took a deep breath and looked like she had made up her mind. She looked at the camera, she said slowly, “However, my sister Ding Shan is not as innocent as she says. That was just a joke she made

up to get rid of her family to keep the property for herself. She is cold and selfish and often mistreats me!”

After Ding Yuan finished speaking, her expression looked miserable and helpless. It was as if she had been forced to walk out of justice and destroy her family. However, she had already laughed out loud in her heart. Ding Shan, Ah, Ding Shan, you said that we mistreated you, but if the situation were reversed.., it was you, Ding Shan, who abused me? Would those people still stand on your side?

## Chapter 40

---

040. She must be an idiot

When the reporters heard this, they excitedly moved their cameras closer. They couldn't help but want to listen to the details. This was a huge turn of events!

Ding Yuan gently pulled open her collar and cuffs, revealing the traces left behind by President Jin that night, she wanted to pin all of this on Ding Shan. “Usually, when sister is under a lot of pressure or angry with Mom and Dad, she would come and bully me. Not only would she scold me, but she would also pinch my wrists and neck!”

Ding Yuan curled up in a wronged manner. “I'm so scared, but my sister always says that if I don't listen to her, she won't support me anymore. I don't know why she suddenly wants to break off relations with us. She just hit me a few days ago. My parents felt sorry for me and were so angry that they went to look for her...”

After Ding Yuan finished speaking, she started sobbing again. The reporter quickly interjected, “Then what do you want to say to Ding Shan now?”

Ding Yuan looked at the camera. “Sister, I'll listen to you from now on. Come back and tell Mom and Dad to hurry home. They're old and their health is really bad. We're family!”

When the reporter saw that it was about time, he nodded at Ding Yuan and turned off the camera.

The reporter looked at the video and was very satisfied. However, he did not forget to ask Ding Yuan, “Is what you said true? Did Ding Shan mistreat you?”

Ding Yuan nodded. “Can my injuries be faked? I just got out of the hospital and there are records of me being hospitalized! Hurry up and post it!”

The reporter was eager and did not check further. He happily posted the video on the Internet.

In an instant, it caused a huge uproar. Many passers-by expressed that there was too much information today. Who should they believe?

After watching Ding Yuan's video, someone's heart wavered. “Look at the injuries on her body. They're new. Ding Shan has gone too far. No matter how bad her life is, she can't vent her anger on her sister!”

There were also Ding Shan's haters who seized the opportunity. "If parenting counts as domestic violence, then does that count as Ding Shan's domestic violence? Arrest her as well!"

Some sympathizers also expressed that the situation was too chaotic and they did not know who to trust anymore.

This was Ding Yuan's goal. The power of public opinion that Ding Shan could guide was too great. It was almost a one-sided situation. If she could not defeat Ding Shan at once, then she would stir up the water, as long as more people were skeptical and did not support Ding Shan, Ding Yuan would be happy.

Ding Shan was woken up by Xiao Zhao's voice. The moment she woke up, she heard Xiao Zhao hiding in the bathroom and whispering on the phone. However, no matter how she tried to suppress it., she could still hear the anger in Xiao Zhao's voice. "Don't bother about her! Don't quarrel in the bathroom. You're making her hot!"

Ding Shan called out softly, "Xiao Zhao, What's wrong?"

Xiao Zhao ended the call and walked out of the bathroom. "Sister Shan, you're awake. Are you hungry?"

Ding Shan shook her head. "Don't hide it from me. I'm fine. What happened?"

Little Zhao couldn't hold it in anymore. She showed Ding Shan the video. "She's slandering you! She's talking nonsense!"

Ding Shan looked at the video and frowned speechlessly. She asked sincerely, "Is she a fool?"

Xiao Zhao was still angry. "Yes! She's a big fool! How dare she accuse you! I heard that she even reported the case and wants to arrest you!"

Ding Shan smiled. "Have you forgotten? The injuries on her body should have been left by CEO Jin that night. She was trying to frame me and didn't even care about CEO Jin. What do you think would happen if CEO Jin saw her injuries and knew that the person that night was Ding Yuan?"

Xiao Zhao was stunned, but she couldn't help but laugh. "Then wouldn't she be harming herself and the enemy? No, she wouldn't be able to hurt us at all..."

Ding Shan nodded and sighed in her heart. In her previous life, she had been played around by Ding Yuan until she died. Only then did she realize that she had been the mastermind all this time. In the end, she had even betrayed her and forced her to commit suicide.

But in this life, Ding Yuan was so stupid that Ding Shan felt it was laughable. Was it because she was too stupid in her previous life, or was it because Ding Yuan was too impatient and unscrupulous in this life?

Ding Shan asked Xiao Zhao, "Do you still remember when I asked you to check our blood ties?"

Xiao Zhao blamed herself, "I remember, but things have developed too quickly in this period. I haven't found the opportunity yet..."

Ding Shan shook her head. She didn't want to blame Xiao Zhao, instead, she curled her lips in a good mood, "I'll have to trouble the police comrade. "Xiao Zhao, let's also report this to the police. What Ding

Yuan said can be considered slander. Doesn't she want to arrest me as well? Then, let's apply for a medical report and let her find out if she was abused by me. At the same time, let's have a blood test!"

Ding Shan was even looking forward to it. If they were allowed to do it, they would end up losing everything (both their wives and their soldiers). Whatever they owed her, they would have to make it up to her thousand times over!
