

Boss Is Reborn 331

Chapter 331. Offense

The sponsor had set the venue at a five-star hotel near the film Park.

Before the banquet, Ding Shan picked out a long-sleeved black dress with a short silver jacket. The combination of black and silver was low-key but luxurious.

When they arrived at the hotel, there were three sponsors. Ding Shan had seen one of them before; it seemed to be Wang Shi.

Wang Shi was about 40 years old this year. He was about 1.7 meters tall, slightly chubby, and had a beer belly. His wrinkled face was oily, and his small eyes revealed cunning and guile.

“Miss Ding, this way, please. It’s a surprise that Miss Ding can come to the banquet. Oh, I forgot to introduce myself. I’m Wang Shi, and this is Boss Li...”

Both of them walked into the hotel as they talked. Ding Shan had a polite smile on her face. She was about to say a few words to Wang Shi when she realized that Wang Shi was very close to her. She could even smell the man’s perfume and a hint of aromatic tobacco.

Ding Shan’s eyes turned cold. She took two steps back silently, trying to distance herself from Wang Shi. However, she did not expect Wang Shi to stick to her again.

“Miss Ding, my parents like ‘Little City Girl’. They said that if I ever get the chance to see you, I must get your autograph ...” Wang Shi said with a smile.

When they reached the elevator, the people in the elevator came out one after another. Wang Shi reached out as if to put his hand on Ding Shan’s waist, seemingly gentlemanly to protect her from being hit by others.

Following behind Ding Shan, Xiao Zhao also felt something was wrong. Before Wang Shi could place his hand on Ding Shan’s waist, she pulled Ding Shan behind her and glared at Wang Shi like an angry lioness, “Mr. Wang, please watch your words. Speak when you want to, but don’t move your hands.”

Wang Shi laughed awkwardly. Behind him, President Li also hurriedly chided Wang Shi, “Director Wang, don’t scare Miss Ding.”

President Li took the initiative to stand between Wang Shi and Ding Shan, separating them. When the elevator arrived, he said to Ding Shan politely, “Miss Ding, please.”

Ding Shan furrowed her brows. At this moment, she didn’t want to take this elevator anymore. Wang Shi’s eyes that were glued to her made her feel disgusted.

Xiao Zhao’s expression was also hideous. She looked at the three of them coldly and said, “Is this your attitude when you talk about cooperation? I’m sorry if that’s your attitude, but we don’t want to talk anymore.”

Upon hearing this, President Li immediately became anxious. He glared at Wang Shi and said to Ding Shan sincerely, “Miss Ding, I’m sorry. Director Wang is usually careless and has accidentally offended

you. I apologize on his behalf. I'll let him go immediately if you don't want to see him. We want to talk about cooperation with you. We've arranged the best scenes for you in the commercial. As for the cooperation price, it will not disappoint you!"

President Li's attitude was still acceptable. Xiao Zhao glanced at Wang Shi. "Then please ask Director Wang to keep a distance from our Shanshan. If he does anything overboard, we'll leave immediately."

Since Ding Shan had already come to the hotel, it would be equivalent to having a falling out with the sponsor if she turned around and left. Xiao Zhao was also very clear that no matter what, she had to finish today's meal before leaving.

When Wang Shi heard Xiao Zhao's words, his expression turned ugly. Seeing that Ding Shan and Xiao Zhao had no intention of backing down, he hesitated for two seconds, gritted his teeth, and took a few steps back, keeping his distance from Ding Shan.

Ding Shan coldly looked at Wang Shi, and the group finally got into the elevator.

The air conditioner in the hotel was on, and it was a little hot as they entered. There were already more than a dozen dishes on the table.

Ding Shan placed her handbag on the table, tidied her clothes, and slowly sat down.

"Miss Ding, we don't know what your tastes are. These are the hotel's signature dishes. They should taste good. Try them first." President Li said enthusiastically.

Ding Shan smiled courteously. "I'm not having dinner. President Li, you guys can have dinner."

President Li was stunned. "How can that be? These dishes were all specially ordered for you, Miss Ding. Is Miss Ding still holding a grudge over Director Wang's matter? How about this? Let's have a drink, and this matter will be over. When we reach an agreement, I'll ask Director Wang to bring a gift to apologize to Miss Ding personally. Is that okay?"

As he spoke, the man sitting next to President Li filled the glass in front of Ding Shan.

"Our Shanshan doesn't know how to drink. Mr. Li, aren't you making things difficult for her?" Xiao Zhao frowned and said in dissatisfaction.

Xiao Zhao could also tell that Ding Shan did not eat the food on the table because she was wary of these people.

Chapter 332. Unforeseen Event

"Should I order a glass of juice for Miss Ding?" Wang Shi, silent all this while, looked at Ding Shan and said, "Please forgive me, Miss Ding. I was too offensive just now."

Ding Shan ignored Wang Shi.

Xiao Zhao raised her voice and said, "It's fine, our Shanshan isn't such a petty person, and she didn't take Director Wang's matter to heart. It's just that female celebrities all need to maintain their figure, and it's our Shanshan's habit to skip dinner, so please don't force her. You guys go ahead and eat; we'll talk about cooperation while we eat."

Wang Shi stared at Xiao Zhao gloomily; his hands clenched into fists under the table.

Why was Ding Shan's manager so annoying?

Wang Shi forced a smile on his face. "It's fine as long as Miss Ding doesn't blame me. Let me have a drink first to apologize to Miss Ding."

With that, Wang Shi drank a full glass of white wine.

"Director Wang is forthright. Then let's forget about what happened just now." President Li said with a smile. Then, he looked at Ding Shan and talked about the endorsement deal.

"It's like this, Boss Li," Ding Shan said unhurriedly, "Previously, a beverage endorsement came to me, and I'm currently discussing cooperation with the other party. If I accept your endorsement, I'm afraid there will be a conflict, so"

Ding Shan's words weren't false. Before participating in the variety show, a dairy brand invited her to be their spokesperson.

Ding Shan had initially planned to go to the manufacturing factory of this brand to inspect it before deciding if she wanted to accept this endorsement. After all, it was a food endorsement, and it would be a grave matter once something went wrong. She still had to be careful.

The golden sun also had a dairy industry, and the two brands were competitors. A celebrity couldn't endorse two competing brands, so Ding Shan's reason for rejection was reasonable.

President Li and Wang Shi looked at each other, then President Li showed a disappointed look and said regretfully, "Looks like we're still a step too late."

"I'm also very sorry, but I'm very touched by your sincerity in coming to me, so I'm here to explain this matter personally. I hope you can understand my difficulties." Ding Shan said.

Mr. Li nodded. "Of course I understand, Miss Ding. You're being too polite, and I've even troubled you to make a trip here. We may wait for an opportunity to work with Miss Ding. It's fine; even if we can't work together, we can treat this meal as making friends. Let's eat first!"

Ding Shan's way of doing things and her attitude were perfect. President Li couldn't find a single flaw, and he couldn't even think of an excuse to pressure Ding Shan.

The meal was quickly finished. Ding Shan stood up slowly and picked up her handbag. "Thank you for your warm hospitality. I'll take my leave first. I hope there will be more opportunities to work with the Golden Sun."

"Miss Ding, I'll see you off." Ding Shan had just walked to the door when she smelled alcohol. She turned her head and saw that Wang Shi was already approaching her.

Wang Shi had drunk a lot of wine, and his cheeks were red, looking a little tipsy.

Under the influence of alcohol, Wang Shi became even more unbridled. His eyes kept looking at Ding Shan's chest, and his expression was extremely wretched.

Xiao Zhao was furious. Seeing that Wang Shi was about to pull Ding Shan's hand, she immediately pushed Wang Shi away. "What are you doing?"

"Stinky b*tch, get lost!" Wang Shi had long found Xiao Zhao an eyesore. He grabbed Xiao Zhao's arm and threw her to the ground. Then, he turned his head and pulled Ding Shan's arm, not letting her leave.

Ding Shan knew that this was going to be troublesome. She turned to look at President Li and the other man, only to find that the two men had no intention of stopping Wang Shi.

Seeing that Ding Shan was staring at him, Mr. Li smiled innocently. "Miss Ding, Mr. Wang wants to send you off. Please give him this chance."

Xiao Zhao looked at Mr. Li in disbelief. She thought President Li was a reasonable man, but she didn't expect that this man was pretending all along!

Xiao Zhao got up from the ground and was ready to fight Wang Shi. As long as she could still breathe, she would never let Wang Shi take Ding Shan away!

Just as Xiao Zhao was about to rush forward, Ding Shan stopped her with a look.

Ding Shan slowly gave up her struggle and turned to Wang Shi, "Let go; you're hurting me."

Although Ding Shan had only put on light makeup tonight, she was still gorgeous. Wang Shi felt as if his body was about to float to the sky when she looked at him.

Seeing that Ding Shan had stopped struggling, he thought that Ding Shan would give in. He was ecstatic and immediately let go of Ding Shan's wrist, but his eyes were still fixed on Ding Shan to prevent her from running away.

Chapter 333. Phone Call

"Tell me, how much do you charge for a night? Name your price." Wang Shi said with an authoritative tone.

Ding Shan furrowed her brows. A few guesses flashed through her mind. She asked tentatively, "What did the others tell you?"

As expected, the slightly drunk Wang Shi pondered for two seconds. "She said you're not expensive and can be bought with a few million. Shanshan, don't worry; I like you. If you're willing to be with me, I won't mistreat you."

Ding Shan suppressed the anger and suspicion in her heart and said calmly, "Aren't you afraid of your wife finding out?"

Ding Shan had long noticed that Wang Shi was wearing a diamond ring on his ring finger.

Wang Shi put his hands behind his back awkwardly. "Ahem, why would I be afraid of her? Shanshan, I've liked you for many years. Since I found out you're on this show, I especially got the company to transfer me over. You don't know, but I have to look at your picture every night before I can fall asleep."

Wang Shi took out his phone and showed it to Ding Shan. The wallpaper of his phone was a poster of Ding Shan.

Ding Shan was about to vomit from Wang Shi's 'affection'.

Seeing that Ding Shan did not say anything, Wang Shi took out a box from his pocket. "This is a little token of my appreciation to prove I'm serious about you. If you're willing to be with me, I'll buy you anything you like in the future."

Wang Shi stuffed the box into Ding Shan's hands. Ding Shan was not interested in what was in the box and threw the box at him. "Cut the crap. Didn't you say you were giving it to me? Still not leaving?"

Upon hearing Ding Shan's words, Wang Shi's eyes were filled with joy. He thought that Ding Shan had agreed to follow him.

That person didn't lie to him. As long as he paid, he could sleep with any female celebrity in the entertainment industry.

Seeing Ding Shan and Wang Shi leave the private room, Boss Li looks at another man. The other man asked in confusion, "It's that easy?"

Boss Li was also a little surprised. After all, he didn't think Ding Shan was the kind of woman who would be attracted to money. This female celebrity was brilliant and vigilant. She wasn't the kind of person who was easy to fool.

"Who cares? as long as we've completed our mission, it's fine. Did you get the photos?" Boss Li asked.

"Yeah, I got it." The man took out his phone and sent an email with two photos taken in the hotel lobby.

"Photos? What picture? Xiao Zhao felt her vision go dark and had a bad feeling.

"What should we do with this woman?" The man looked at Xiao Zhao with a dangerous look.

..

Ding Shan followed Wang Shi to a suite at the hotel's top. As soon as they entered, Wang Shi couldn't wait to hug Ding Shan. Ding Shan pushed Wang Shi, who reeked of alcohol, away and said in disdain, "You're so stinky. Go take a shower."

Wang Shi did not know why, but he liked how Ding Shan looked at him with disdain. This made him want to conquer Ding Shan even more.

All these years, Wang Shi has played with many female celebrities. It was hard for him to be interested in ordinary female celebrities, but when he saw Ding Shan, he felt that he had found the feeling of being moved again.

"Let's shower together." Wang Shi's tone was ambiguous as his lustful eyes fell on Ding Shan's chest, revealing greed and hunger.

"This is the first time we are meeting. You should give me some time to get used to it, right?" Ding Shan looked at Wang Shi coldly. "Don't go overboard."

Wang, You laughed sarcastically, "I didn't expect you to be shy. It's okay, there's still a long night ahead of us, and we still have a lot of time to get to know each other ... I'm going to shower. Wait for me, baby. Oh, right, don't even think about escaping. I've arranged for people to guard the door."

Wang Shi went to take a bath. Ding Shan knew that she did not have much time. She hurriedly opened her handbag and took out her phone.

Who should I call? Call the police? If the police were to be sent out, she was afraid that tonight's incident would not be kept a secret. Once word got out, even if she were innocent, she would be unable to explain herself."

Ding Shan didn't want to ruin her career. One Wang Shi wasn't worth giving up the career she had worked so hard to build.

Calling the police would be the worst choice.

Ding Shan decided to settle this matter on her own. At this time, she couldn't think of anyone to help her.

Ding Shan was about to put her phone back into her bag when a note suddenly fell out.

It was the note that Xu Yan had given Ding Shan. On it was the contact information of Mysterious X.

Ding Shan hesitated for a few seconds, but she still dialed the number on the note in the end.

The call went through. Ding Shan did not wait for the other party to speak and said in a low voice, "Don't say anything. Listen to me ...

Not long after, the bathroom door opened.

"Shanshan, I'm done with my shower! Where are you? Are you playing hide-and-seek with me?" Wang Shi's voice was getting closer and closer. Ding Shan's heart was beating faster and faster. She hurriedly finished her last sentence and hung up the phone.

Chapter 334. Rushing to

A busy tone came from the phone. Xiang Hong's face was frighteningly gloomy, and his whole body exuded a trembling aura. He took his coat and hurried out.

"Old Xiang? Where are you going? What's wrong with you?" Yin Hui's questioning voice came from behind.

Yin Hui didn't understand why Xiang Hong became like this after receiving a phone call. It was as if he was going to kill someone. He had never seen Xiang Hong so anxious before. What on earth had happened?

The night was getting darker, and a silver car was speeding on the empty street.

The car was at its maximum speed, and the navigation's mechanical voice kept indicating that it was speeding.

Both of Xiang Hong's hands were gripping the steering wheel so tightly that the veins on the back of his hands were bulging, indicating that he was in a precarious state of mind.

Ten minutes ago, when he picked up the phone, he heard Ding Shan's voice. After a moment of disbelief, his heart started to beat faster.

However, before he could be surprised, Ding Shan said, "I don't know who to look for. I shouldn't have looked for you. I don't even know your name. Cut the crap; I'm in trouble now. I'm in room 2617 of the Wisteria Hotel ..."

The situation is roughly like this. If you can contact Yin Hui, ask him to bring people to the hotel immediately. I am the program's supervisor, and he is responsible for ensuring my personal safety. Also, don't call the police, for now; thank you ..."

After saying this, a man's voice came from the phone. It should be the man named "Wang Shi" that Ding Shan had mentioned. The man's voice was disgusting and greasy as if he was slowly approaching Ding Shan. Ding Shan hung up the phone in a hurry.

"Dammit! Hurry up!" Xiang Hong smacked the steering wheel hard, his eyes bloodshot and burning with anger.

Xiang Hong did not even dare to imagine Ding Shan's current situation. She was just a weak woman. What could she do to protect herself? Perhaps now she ...

When he thought of this, Xiang Hong felt his heart was tightly clenched by an invisible hand. The suffocating feeling and the pain caused his body to tremble slightly.

"Little fox, wait for me. Don't let anything happen to you. I beg you ..." Xiang Hong stepped on the accelerator, and the silver car flashed past like a lightning bolt.

..

The 26th floor of the hotel was tranquil.

There were two strong bodyguards in black suits standing at the door of a room.

Suddenly, the elevator door opened, and a man walked straight over.

When the two bodyguards realized that this person's target was "Room 2617", they immediately extended their hands to stop him. One of the bodyguards nimbly swung out his fist extremely fast.

However, the man was even faster. After dodging the fist, he separated the other man's arm. His movement was so quick that only an afterimage could be seen.

In less than 30 seconds, the two professional bodyguards fell to the ground, wailing in pain. Their bodies were curled up like cooked lobsters, convulsing non-stop.

Xiang Hong's eyes turned red as he slammed his fist on the door.

"Don't smash it, Mr. Xiang; use the room card to open the door ..." The hotel's front desk receptionist, who had taken the spare room card, came out of the elevator and ran to Xiang Hong's side, panting. She then handed the room card to him.

Oh my God, is this the legendary young master of the Xiang Group? She could see such a legendary figure ...

Xiang Hong scanned the room card, turned his head, and said in a gloomy tone, "Stay here. If you dare to tell anyone about what happened today ..."

The hotel receptionist shook her head frantically, but before she could make a promise, the man had already rushed into the room.

As soon as he entered the room, Xiang Hong smelled the stench of blood. His heart sank, and he immediately rushed into the bedroom.

The bed was very messy, the quilt and sheets were all crumpled up, and a man in pajamas was lying on the bed, motionless, his legs hanging weakly by the side of the bed.

Where's Ding Shan?

Xiang Hong's voice was hoarse as he said, "Ding Shan!"

Ding Shan raised her head in the corner and saw a man walking towards her. She moved her lips, but before saying anything, the man pulled her into his arms.

Her body was warm, and the man's embrace was filled with a sense of security. Ding Shan's tensed body relaxed at once. She leaned against the man's broad and firm chest and said softly, "Why is it you? Didn't I ask you to look for Yin Hui?"

Xiang Hong tightened his arms around Ding Shan as if he would only be at ease if he could have her in his body. His voice was hoarse, and there was a trace of anxiety and bitterness. "You don't believe me that much?"

Ding Shan couldn't understand the man's anxiety. She even thought that he was acting strange. She opened her mouth, but before she could say anything, Xiang Hong realized that his tone was too anxious.

He was just depressed that the first person Ding Shan thought of was Yin Hui.

Forget it; all these were not important. It was good that she was okay.

Xiang Hong lowered his head and rubbed it against Ding Shan's soft hair. He said in a low voice, "I'm sorry I'm late,

I wasn't able to appear at the moment you needed me the most."

Chapter 335. Already Planned

Ding Shan could feel the man's passion that was about to overflow. After returning to her senses, she realized she had been greedy for his firm and warm chest.

Ding Shan coughed awkwardly and struggled free from Xiang Hong's arms.

Only then did Xiang Hong notice that Ding Shan's hair was messy and her clothes were wrinkled. She looked very messy.

Xiang Hong looked at Wang Shi coldly and said in a gloomy tone, "He touched you?"

Ding Shan recalled what had happened in the room and felt a trace of panic in her heart. She took a deep breath and slowly shook her head. "I'm fine."

Wang Shi saw that Ding Shan was weak and thought she could not resist. He did not expect that Ding Shan had been trained by a professional in martial arts.

Wang Shi's body was bloated, and his reaction was slow, so he couldn't subdue Ding Shan immediately. As Ding Shan retaliated, she picked up the decorative vase on the bedside table in the room and smashed it on Wang Shi.

Wang Shi fell on the bed, blood flowing from his forehead. His body twitched twice before he stopped moving.

Ding Shan was also frightened then and almost thought she had accidentally killed someone. She suppressed her panic and tried to detect Wang Shi's aura. When she found he was still alive, she heaved a sigh of relief.

Wang Shi's men were still guarding the hotel room door. Ding Shan could not leave immediately, so she could only stay in the room for the time being.

Not long after, she saw Mysterious Person X rushing in.

Ding Shan had only hoped that Mysterious Person X would ask Yin Hui for help, but she didn't expect him to come alone.

"How did you get in? Are you hurt?" Ding Shan looked at Xiang Hong nervously. When she found no apparent external injuries, she heaved a sigh of relief.

Xiang Hong smiled at her. His eyes seemed to have stars shining, and he raised his beautiful eyebrows. "Worried about me?"

Ding Shan looked into the man's eyes and felt she was about to be sucked in. She looked away and tried to keep her voice calm. "After all, I'm the one who asked you for help. If you get hurt because you helped me, I'll blame myself. Anyway, thank you. I'll remember this favor."

When he heard Ding Shan's polite words, Xiang Hong knew that the relationship between the two of them had not become closer. However, this incident finally connected the two of them. He was still pleased about this progress.

However, he hoped that such a thing would not happen again. No matter how strong his heart was, he could not stand such a shock. He did not want to see her in any accident.

"I don't know where they took my manager. I'll be leaving first." Ding Shan was worried about Xiao Zhao's condition and was ready to go and find her.

"Wait, I'll help you find her. How long will it take you to find her alone? It'll be more troublesome if someone sees you." Xiang Hong stopped Ding Shan and instructed the hotel's front desk. He made two phone calls and then led Ding Shan to the hotel's surveillance room.

After checking the surveillance cameras, they quickly found that Xiao Zhao was locked up in a utility room on a floor. Ding Shan hurried over.

After opening the storage room door, Xiao Zhao cried and threw himself into Ding Shan's arms. She then hurriedly checked if Ding Shan was injured.

“Sister Shan, are you okay? You scared me to death; I thought ...” Xiao Zhao kept crying. “It’s all my fault. I should have taken you away in the hall. If we had left back then, none of this would have happened.”

“I’m fine, don’t worry.” Seeing that Xiao Zhao was not injured, Ding Shan heaved a sigh of relief and patiently consoled Xiao Zhao.

“Oh right, sister Shan, I heard them talking about some photos. They must have planned this long ago!” Xiao Zhao wiped her tears and said anxiously.

Photos? Ding Shan frowned.

“Hey, who’s that person at the door?” Xiao Zhao saw a tall man standing at the door and asked with some vigilance.

“He ... It’s Mysterious Person X. He helped me today.” Seeing the confusion and shock in Xiao Zhao’s eyes, Ding Shan knew she couldn’t explain it quickly. She just had to make Xiao Zhao believe in the Mysterious Person X.

“You’re right. They must have planned this a long time ago. Besides, I’m guessing that they’ve already started carrying out their plan in the hall.”

If Wang Shi only wanted to get Ding Shan, he did not need to do those wretched and disgusting things to Ding Shan in the hall. That would only alert Ding Shan in advance.

Then why did he do that?

Ding Shan guessed in her mind, but she wasn’t sure.

Chapter 336. Photos Exposed

Now that he thought about it, President Li had been acting as a good person from the beginning to the end. His purpose was to dispel Ding Shan and Xiao Zhao’s guard.

Ding Shan and Xiao Zhao had always been on guard against Wang Shi, but they thought President Li, who had accused Wang Shi, was good.

Even if Ding Shan didn’t want to have this meal with Wang Shi, she finally compromised because of the ‘good person’ President Li’s plea.

Ding Shan and Xiao Zhao didn’t expect that Boss Li had been pretending all along. The three of them were probably not good people.

The anger and disgust of being schemed against made Ding Shan feel breathless. It was as if she had long been treated as prey, and a significant net tailored for her had trapped her firmly tonight, almost ruining her life.

“That d*mn Wang Shi and that Boss Li are not good people! Sister Shan, let’s call the police and sue them!” Xiao Zhao was trembling with anger.

“You can’t call the police.” The man’s voice suddenly rang out. Ding Shan and Xiao Zhao turned to look at Xiang Hong.

Xiang Hong walked out from the shadows and stood before the two. He looked at Ding Shan and said, "They might have left some photos as so-called 'evidence' and are preparing to post unfavorable remarks about Ding Shan on the internet. If we call the police, it will only make the netizens suspect that something has happened between Ding Shan and that man. Moreover, even if the police stand on Ding Shan's side, the netizens who don't know the truth might not believe her."

There was another important reason for not calling the police. Xiang Hong investigated Wang Shi's identity. He seemed to have some influence. If the police were to intervene, he might end up quibbling in front of the police and be acquitted.

Rather than calling the police, it was better to let Xiang Hong solve this problem himself.

"Then ... Then what should we do? Is sister Shan going to be wronged for nothing?" Tears rose in Xiao Zhao's eyes as she asked in anger and helplessness.

"I won't let her suffer in vain." Xiang Hong looked at Ding Shan and said with certainty.

The restless night passed, and the horizon gradually turned gray.

After returning to the film Park, Ding Shan looked for Yin Hui and explained the situation.

When Yin Hui heard this, his eyes widened, and he sucked in the air.

"I'm sorry, Miss Ding. It's all my fault for not protecting you well and letting you encounter such a thing. Don't worry; I'll investigate this matter. That Wang Shi ..." Yin Hui's face was disgusted when he mentioned this name. He slammed the table and said, "I will never let him off!"

He dared to touch his brother's woman in his territory. This Wang Shi was tired of living!

Ding Shan looked at the Mysterious X, sitting at the side without saying anything, then looked at Yin Hui and asked, "You two are friends, right?"

Yin Hui knew that he could not hide this matter any longer. He scratched his head in embarrassment and was about to answer when Xiang Hong glanced at him with disdain. "We know each other. We're not very close."

Yin Hui was speechless. What did you say? Can you repeat that?

I treat you like a brother, but you say we're not close?

Ding Shan wasn't very curious about their relationship. She thought for a while and said, "The most important thing now is to find out who else is related to this matter and who has the photos."

"Isn't this Wang Shi's doing? Who else could it be?" Yin Hui did not understand.

"Wang Shi told me someone had said something to him before, which made him think of me. I can roughly guess who that person is, but I don't have any evidence yet. As for the photo, it might be in that person's hands." The image of Chen Tong standing with Wang Shi on the day of the commercial shoot appeared in Ding Shan's mind.

"We'll have a result soon." Said Xiang Hong. Then, he exchanged a glance with Ding Shan. Both seemed to have a premonition of what was about to happen.

Sure enough, at around 11 p.m., a few blurry photos suddenly appeared on the internet. The entertainment marketing who exposed the news claimed that these photos were taken at a five-star hotel near the film and television Park of 'Idol Creation Camp.' It seemed that the woman in the pictures, who only showed her back, was a female celebrity.

In the photo, three men and two women were standing in front of the elevator. One of the men had his hand on the waist of a beautiful woman and was talking to her with his head lowered. The photo behind showed these people walking into the elevator together.

Only the man's back was revealed. His body looked a little bloated, giving off the feeling that he was a middle-aged man in his forties.

The man and the beautiful woman standing together made people uncomfortable, even slightly ridiculous.

Chapter 337. Slander

'Idol Creation Camp' has been very popular recently. After the show was broadcast, the mentors and the trainees received much attention. As soon as these photos were posted, they attracted the attention of many netizens.

"Female celebrity? It can't be a female teacher, right?"

"Of course. The trainees are all boys. The woman in the picture is a beauty just from her back. It's just that the angle of the photo was not very good, and the face can't be seen."

"Stop guessing riddles; choose one out of the two. Chen Tong or Ding Shan?"

At first, the netizens were still discussing which female mentor the female celebrity in the image was, but the discussion results were out very quickly.

A few netizens used photo restoration software to restore the photo and determine the other woman's identity.

"Zhao Ke is Ding Shan's assistant in the previous company. She is also Ding Shan's current manager and assistant."

Therefore, the female teacher with the man's arm around her waist was undoubtedly Ding Shan.

For a time, the entire internet was in an uproar.

"Ding Shan? Impossible, this was impossible! Ding Shan is not that kind of person!"

"If it isn't Ding Shan, could it have been our Tongtong? I love our Tongtong. It is the other female mentor who had a wild private life, but the netizens almost misunderstood her as our Tongtong."

"The photo wouldn't lie. It's Ding Shan, and her manager is beside her."

"I'm guessing that Ding Shan's fans will say: Ding Shan had been forced; how could the pure and innocent Ding Shan sell her body and soul for money? But look, the last few people in the photo went up the elevator together. It can't be that someone forced Ding Shan to go up the elevator with a gun, right?"

“I don’t want to believe that Ding Shan would do such a thing, but ... How do you explain these photos? I want to hear Ding Shan come out and explain herself.”

“What’s there to explain? She’s been caught doing such an embarrassing thing; how can she still come out and explain? She was probably lying on some rich man’s bed, serving someone else! What pure white jasmine, she’s just a shameless whore!”

“Chen Tong’s fans, don’t make things sound so bad. Things aren’t clear yet. Can you guys shut up?”

..

The netizens were in an uproar. Some were shocked, some didn’t believe it, and some were humiliating Ding Shan.

This was the first time Ding Shan’s scandal was exposed since she became a recluse. Among Ding Shan’s fans, some fans who didn’t know her well could not accept this and immediately announced that they would no longer like Ding Shan.

Chen Tong’s fans were spreading ridiculing remarks about Ding Shan. Seeing that Ding Shan’s scandal was exposed, they were even happier than they were during the new year.

“Sister Shan, what should we do?” Xiao Zhao looked at the insults directed at Ding Shan on the internet and trembled with anger. “Should I ask the studio to make a statement? I can’t let these people continue to slander you!”

Compared to the anxious Xiao Zhao, the current Ding Shan was terrifyingly calm.

It turned out that those people had already taken these photos in the hall. These photos were taken from very tricky angles. From the perspective of the netizens, it was indeed easy to cause misunderstandings.

Not to mention, in the end, Ding Shan went into the elevator with those people. This proved that Ding Shan did not ‘Resist’ at all. It would also make the netizens, not in the know, think she was willing to ‘Degenerate.’

This was indeed a vicious move. If Ding Shan couldn’t explain this matter, her reputation would be ruined entirely.

Xiao Zhao went out to take a call and came back with a pale face. “Sister Shan, Kaipuu called to ask about it. What should we do now?”

At four o’clock in the afternoon, the popularity of this matter still had not subsided. The related topic had been on the hot search for a few hours, and some netizens who did not pay much attention to the entertainment industry had noticed it.

Under everyone’s attention, Ding Shan finally posted a Weibo message with only a few words: “I didn’t do it. I won’t admit it. The studio is gathering evidence.”

At the same time, Time Studio also issued a warning letter.

However, Ding Shan and her studio's statement obviously couldn't stop the rumors. Those who hated Ding Shan became even smugger, saying that Ding Shan was just being stubborn, and in fact, she couldn't produce any evidence.

Time Studio, which had appeared in the public eye for the second time, was also ridiculed. Someone posted a warning on Weibo and said sarcastically, "Are you going to send me a lawyer's letter? I'm so scared! You dare to do it but don't dare to admit it? And you won't let the netizens discuss it?"

Chapter 338. Clarification

Affected by Ding Shan's incident, the Weibo comments section of Idol Creation Camp and the other four coaches also fell.

The comments section was filled with angry comments against artistes with lousy track records. The netizens were all asking for an explanation from the Festival Group. They didn't want an immoral female artiste appearing on the show.

Someone asked Chen Tong on her Weibo if she had noticed that Ding Shan was with a rich man.

Initially, Chen Tong could have chosen not to answer these questions because the other three mentors had chosen to ignore them. However, Chen Tong replied to this netizen-

"I have a pretty good impression of senior Ding Shan. Maybe everyone has a different goal. Everyone, please don't blame her. She's already on the verge of a mental breakdown these days."

Chen Tong's reply expressed her sympathy for Ding Shan and also showed her kindness. However, when Xiao Zhao saw Chen Tong's response, she only wanted to spit on the ground.

"Bah! Isn't she just trying to lead the netizens to think that sister Shan had done those things? And an emotional breakdown? We've never even seen that before!" Xiao Zhao growled. She wished she could teleport to Chen Tong and give her two tight slaps.

Ding Shan did not get angry at Chen Tong's words. Instead, she laughed. "You can't hold it in anymore?"

However, at this moment, Ding Shan was a little confused. She initially analyzed that Chen Tong arranged everything that happened last night, but after seeing Chen Tong's stupid speech today, she felt that with Chen Tong's intelligence, she couldn't have thought of such a perfect plan.

Could it be that there were other people involved in this?

She could only investigate this slowly in the future. The most important thing now was to solve this matter.

The evidence of her counterattack was almost sorted out, and it was time to release it.

At 7:30 that night, Ding Shan posted a Weibo post, explaining in detail the identities of Wang Shi and the other two and explaining that she went to discuss the cooperation with the sponsor that night.

Seeing Ding Shan's Weibo post, Chen Tong sneered, "She couldn't have thought that these few words could explain the whole thing, right? If I don't believe it, will the netizens believe it? Ding Shan, it seems like you're done for this time. Who asked you to offend me?"

Chen Tong's smug smile didn't even last for a minute before Ding Shan posted another audio.

Clicking into the audio, the content was the negotiation between Ding Shan and the other party at the dining table last night. Part of the audio was edited, but from the part of the audio that was released, Ding Shan did meet with the other party with the purpose of negotiation.

In the audio, Xiao Zhao also questioned the other party for his harassment and offense against Ding Shan. The other party's representative, President Li, even apologized to Ding Shan for this matter.

This audio was enough to prove that Ding Shan was a victim! She sincerely went to explain to the other party why she couldn't cooperate, but she was schemed against by the other party. Not only was she sexually harassed, but someone also secretly took photos and posted them on the internet, causing her to be insulted by the entire internet.

This 180-degree reverse transfer was shocking to the netizens. Many netizens who had scolded Ding Shan for being shameless initially were speechless.

The entire day after this incident had fermented, Ding Shan's fans were despised no matter where they went. The fans who had insisted on believing in Ding Shan were under tremendous psychological pressure. They did not choose to join the team that insulted Ding Shan; they believed in Ding Shan's character.

Time Studio quickly came up with a long list of names. On it were the marketing accounts that had deliberately distorted the facts in this incident and some netizens who had launched personal attacks or cursed Ding Shan.

Time Studio said, "Celebrities are allowed to be monitored by the public, but they are not allowed to be insulted and slandered without reason. Before the facts are investigated, the comments of these marketing accounts and netizens have constituted cyber violence. The studio reserves the right to sue. The internet is not an illegal place. Please speak with caution and abide by the moral bottom line.

The scandal had been cleared up. The biggest victim of this incident, Ding Shan, had initially been insulted by the entire internet. After the evidence was released, many netizens who had misunderstood her apologized to her on her Weibo.

At the same time, some of Ding Shan's loyal fans also posted comments.

"For the entire day today, my world was dark and gloomy. I saw everyone insulting Ding Shan, and my friends even came to care for me after hearing about this, asking me not to be too sad. But I'm the only one who knows that Ding Shan isn't that kind of person. The world can choose not to believe her, but I believe in her. What made me happy was that she proved to the fans who persevered that she's still the original clean Ding Shan, no matter how dirty the industry is. She didn't let anyone down!"

Chapter 339. Dealing With The King's Stone

After the entertainment party ended, there was news from the hospital that Wang Shi had woken up.

Ding Shan didn't want to go to the hospital to see a person she hated the most, but things had to be understood. She also had some things to ask Wang Shi.

Just as she was about to set off, her phone suddenly rang. When she picked up the call, Xiang Hong's voice could be heard. "Yin Hui and I are already in the hospital. You don't have to come over. We will settle this."

Ding Shan was about to speak, but Xiang Hong seemed to know what she would say. "I'll get to the bottom of it before dealing with him. Don't worry."

Handle it? How was he going to deal with Wang Shi? Ding Shan always felt his tone was gloomy and scary when he said this word.

Right now, in the ward, next to Wang Shi's bed.

Seeing Xiang Hong hang up the phone, Yin Hui, standing beside him, immediately said, "Do you want to do it, or should I do it? Why don't I do it? I'm afraid that you'll accidentally kill him. It's not good to let someone die."

Upon hearing this, Wang Shi, whose mouth was taped shut, whimpered in horror. He struggled like a worm, but his hands and feet were tied, and he couldn't move.

Xiang Hong walked to Wang Shi and tore off the tape. Wang Shi took a deep breath and said, "You dare to touch me? Do you know who my uncle is?"

"Your uncle? Your uncle is nothing. Do you know who he is? Even the king of hell will praise your courage if you dare to touch his woman!" Yin Hui directly slapped Wang Shi's head. "I advise you not to be so arrogant. Immediately treat yourself as a grandson. Who knows, you might be able to save your dog life."

Wang Shi knew Yin Hui's identity. Hearing Yin Hui's words, this man's identity might be higher than Yin Hui's. Wang Shi suddenly felt a little guilty.

He didn't dare to be presumptuous and hurriedly explained, "Don't blame me; it's all that bitch Chen Tong's fault. She told me to sleep with Ding Shan if I paid her. How would I know that Ding Shan is this man's woman? I didn't sleep with Ding Shan; she punched me before I touched her ..."

Wang Shi spoke for a long time, and the general meaning was that he didn't sleep with Ding Shan, and the money he used to bribe President Li and the other two people were gone. In the end, he was even beaten up by Ding Shan. He was the most innocent one.

Yin Hui glanced at Xiang Hong, and after half a second, he was so scared that he looked away.

Xiang Hong didn't say anything harsh and just looked at Wang Shi calmly. However, Wang Shi felt that Xiang Hong's gaze was even more terrifying than the god of death. Being looked at like that, Wang Shi had the illusion that he was already a corpse.

..

The next day, Ding Shan woke up to find a friend request on her phone. After accepting it, the other party didn't say anything. Ding Shan thought for a moment and asked, "X."

After a few minutes, the other party seemed to have finished their work and replied, "The honorable Miss Ding doesn't want to add me as a friend. I have no choice but to take the initiative."

His words sounded sour, and Ding Shan was a little embarrassed. She could only explain, "You know that my identity is prone to trouble, so I don't usually add unimportant friends."

"Oh, I know. I'm not important."

Ding Shan could feel the anger that was about to overflow from the other party's words, so she had to change the topic immediately. "I didn't mean it that way. By the way, how's Wang Shi? How did Yin Hui talk to him? I feel that his identity is not ordinary."

Wang Shi?

Xiang Hong didn't know how Wang Shi was doing, but he should still be on his last breath. In short, he wouldn't die.

"He's fine. There's still Chen Tong; what do you plan to do?" Xiang Hong asked.

Thinking of Chen Tong, Ding Shan felt a little troubled.

From a personal point of view, she would never let Chen Tong off, but Chen Tong was also the program's coach. The show would be affected if she retaliated against Chen Tong without considering the consequences. Ding Shan did not want anything to happen to the variety show.

"I ..."

Before Ding Shan could say anything, Xiang Hong said, "I know. You don't plan to do anything, do you?"

Ding Shan was silent. Why did this Mysterious Person X seem to know what she was thinking? The feeling of being seen through at once was bizarre.

"I'll deal with her, but it won't affect the Show's broadcast." Ding Shan did not deny Xiang Hong's words.

"If you trust me, I can help you." Xiang Hong remained silent for two seconds and then said indifferently.

"You've already helped me a lot. I'm embarrassed to trouble you again ..." Ding Shan didn't like to owe too many favors, especially since Xiang Hong was different from the others.

"Oh? Then how could you have the nerve to trouble me that night?" The man's voice had a tinge of electric current on the phone, which was intense and pleasant to the ear.

Chapter 340. Music Festival

Ding Shan's ears immediately turned red when she heard, "That night."

Why couldn't he forget about that?

Ding Shan wanted to hang up the phone immediately, but she resisted this urge. She took a deep breath and was about to speak when Xiang Hong said, "I guess you're going to emphasize again that that night was an accident?"

Ding Shan was silent.

She was indeed prepared to say that.

Could this person be a mind-reader? How could he guess her thoughts so accurately?

“Alright, I won’t tease you anymore. I don’t have any other intentions. It’s just that I’m different from you. You don’t want to take responsibility, but I’m not that kind of person. I want to help you, and I don’t need you to repay me. Alright, I still have to rehearse. I’ll see you later, Miss Ding.”

The man hung up the phone after he finished speaking. Ding Shan did not even have time to think about what he had just said.

After returning to her senses, Ding Shan felt that she had been deeply misunderstood.

What did he mean by she didn’t want to take responsibility? He said it like she was a scumbag who played with his feelings. She didn’t want to do that that day!

Sigh, I really can’t explain it. Ding Shan massaged her forehead, feeling a headache coming on.

“Sister Shan, most of the misunderstandings on the internet have been cleared up. Also, some netizens have found out Wang Shi’s identity. His uncle is a high-ranking provincial official and is such a high-ranking relative. No wonder he dared to have ideas about you.” Xiao Zhao had been paying attention to the news on the internet for the past two days. She was worried when she learned about Wang Shi’s identity and background.

“Do you think this matter will end up like this? The topics and terms about you on Weibo are trendy, but the real-time search list doesn’t show them. Hmph, Wang Shi’s uncle doesn’t want this matter to involve him. I’m guessing he’s the one who’s suppressing the heat of this matter.” Xiao Zhao growled.

Hearing Xiao Zhao’s words, Ding Shan laughed. “Alright, don’t be too angry. Anyway, I’d already beaten him up that day. He’ll probably be in bed for a month or two before he can get up.”

Ding Shan knew that the world was unfair. She had to do her best to protect herself, but some people could safely leave after doing something terrible.

On the surface, Ding Shan was comforting Xiao Zhao, but she was also reassuring herself. What else could she do? Was she going to die together with Wang Shi and the others? For the disadvantaged, perhaps the only way to achieve fairness was to have both sides suffer.

“Oh right, sister Shan, how did you get that recording? Did you ...” Xiao Zhao looked at Ding Shan curiously.

Ding Shan nodded. “In the main hall, I sensed that something was wrong. I was worried they would do something to us later, so I secretly opened the phone recording software. I didn’t expect it to come in handy.”

The experience in the Ding family raised Ding Shan’s awareness of danger, and she also learned to use some means to protect herself.

After Ding Shan’s sexual harassment incident sparked a wave of public opinion, many netizens also boycotted and criticized the Golden Sun brand. The netizens demanded that the Golden Sun apologize to Ding Shan and deal with Wang Shi seriously.

The Golden Sun brand had been in contact with Ding Shan for the past two days, hoping she would make a public statement to appease the netizens.

Ding Shan told Xiao Zhao to ignore the other party.

Wang Shi caused this matter, but the Golden Sun didn't think about how to solve the source of the problem. Instead, they came to her, the victim, and she wanted her to solve it. In your dreams!

"Sister Shan, the Festival team will be holding a small music festival at the film Park on Saturday night. They've invited a few male idol groups. You'll be there too, so they're asking if you'd like to perform on stage." Xiao Zhao flipped through the schedule and reminded Ding Shan of her upcoming schedule.

Ding Shan slowly shook her head. "I won't be performing."

The Festival Group organized this music festival to enrich the Show's content and invite some famous idol groups to perform and set role models for the trainees.

The trainees could learn a lot from being able to experience other people's stage performances up close.

Yin Hui had indeed spent a lot of effort to invite these famous idol groups to perform. He was afraid that he had to spend a lot of money.

As expected of young Master Yin. With such a high budget, regular programs wouldn't even consider it.

"Sister Shan, I'm afraid Chen Tong will be smug again if you don't participate in the performance. I heard she has prepared two programs as if she's afraid that people don't know she can sing." Xiao Zhao rolled her eyes, and her tone was full of disdain.
