

## **Boss Is Reborn 61**

### **Chapter 61: 61. Broke his leg**

It was a pity that this was not something that Ding Wan could pray for.

Jin Li and the third-rate celebrity he had found at the last minute spent several hours in another room. Jin Li had no time to enjoy himself when he received a call midway.

There were not many numbers that could call this private number. Though Jin Li was not very happy, he still answered the call while panting heavily. However, his tone was not very friendly. "Who dares to disturb me in the middle of the night? If you have something to say, say it quickly!"

On the other end of the line, Xu Yan frowned in disgust. Holding back his disgust, he passed on Xiang Hong's orders as coldly as a machine, "President Jin, I'm Xiang Hong's personal assistant. I heard that you have some grudges with the Ding family. President Xiang said you could deal with those three people as you wish. But, you'd better not have any more ideas about Miss Ding Shan. If you're confused for a moment, don't blame him for not being polite. I've conveyed my message. I hope President Jin can take care of himself."

After saying that, Xu Yan added with some schadenfreude, "I wish you a happy night." Then he hung up the phone.

Although Jin Li was a vulgar nouveau riche, there was a reason why he could be so oppressive for so many years.

As long as his brain didn't suddenly break down, he wouldn't risk his life to challenge Xiang's orders. Therefore, there was no need to worry about Miss Ding Shan. As for Ding Wan and the other three people, they were naturally left to Jin Li to do whatever he wanted.

Jin Li listened to the cut-off sound coming from the other end of the phone. His face was ashen as he slammed the phone onto the bed. "Damn it, you're threatening me!"

Jin Li was very angry in his heart, but he could only swallow his anger when he remembered that Xiang Hong had sent someone to call him.

Xiang Hong was an influential person. He was far more potent than those limited companies. He was a tyrant, but the other party was a one-person power.

If it were someone else who dared to talk to Jin Li like that and hung up the phone so arrogantly, Jin Li would scold them and teach them a lesson. But unfortunately, that person was Xiang Hong; even if he was just an assistant who delivered the message, Jin Li did not dare to provoke him.

Jin Li vented his anger for a while but still chose to heed obediently.

He had to admit that when he heard the name Xiang Hong, he was terrified.

A wise man submits to circumstances. There was no need to offend Xiang Hong for the sake of a female celebrity. After all, many of his businesses still depended on the opportunities that Xiang Hong amassed. At worst, he could take the money and buy a few more female celebrities!

He did not expect a person like Xiang Hong would have the time to play with women. Jin Li thought wretchedly. No Wonder Xiang Hong did not want people sending women to him. It turned out that he liked Ding Shan. He even said he disliked playing with women and pretended to be aloof. They were all men, so who did not understand? Ding Shan looked tough. Xiang Hong was fortunate.

After comforting himself like this, Jin Li suddenly felt that it did not matter if he could not play with Ding Shan. However, he still felt a little unbalanced in his heart. He only dared to be angry but did not bother to speak up. He was desperately looking for excuses for himself.

After this phone call, Jin Li utterly lost interest in what he was doing. With a gloomy expression, he got off the woman's body and casually put on a nightgown.

After being threatened by Xiang Hong, his stomach was full of anger, and he had nowhere to vent. It immediately reminded him of the culprit. He shouted fiercely at the door, "Have you brought him? Where is the person I want to see?"

The bodyguard answered respectfully outside the door, "I've brought him here. He's tied up and waiting for you to say something."

Jin Li smiled viciously. He was worried that he had nowhere to vent his anger. This time, he had finally caught someone he could use.

Jin Li pushed open the door and walked out aggressively, "Lead the way!"

The bodyguards hurriedly escorted Jin Li to the room where Ding Wan and the other two were kept. Jin Li kicked open the door and looked down at the three kneeling on the ground. He laughed cruelly, "Boss Ding, it's not easy to see you!"

When Ding Wan saw Jin Li walk into the room, his face turned ashen. He was so scared that he almost fainted. He begged for mercy in a trembling voice, "Boss Jin, I was wrong. Please spare me, Boss Jin!"

Wang Chun and Ding Yuan cried out in fear when they saw Jin Li. The room was immediately filled with sobs and wails.

Jin Li frowned impatiently, "It's so noisy!"

The bodyguard immediately removed three towels from the bathroom and quickly covered their mouths.

Jin Li sat on the sofa casually. He glanced at Ding Wan and grinned coldly. "Break his legs first!"

With this light sentence, the bodyguards moved. One walked forward and held Ding Wan down, while the other held the baseball bat high.

Ding Wan was so scared that his eyes turned red. He kept struggling, but he could only moan weakly.

## **Chapter 62: 62. Punishment**

Jin Li grinned and looked like he was watching a good show.

He found it interesting that Ding Wan was so scared that he almost peed in his pants. He liked to look at people who overestimated themselves and prostrated in front of him. They looked like they were in great pain.

Previously, he had given Ding Wan some face. To put it nicely, he had started a business and spent 200 million to buy his daughter.

It was purely because Ding Shan was still quite delicious. To please the beauty, he had given Ding Wan 200 million. Ding Wan thought he was a big shot and dared to play tricks.

Seeing that the baseball bat was about to fall, Ding Wan became so anxious that his forehead was drenched in sweat. He wanted to struggle, but he could not break free from the grip of the bodyguards. In an instant, along with the sound of the baseball bat cutting through the air, a burst of intense pain came from Ding Wan's left leg.

Ding Wan's eyes went dizzy, but the intense pain in his leg gave him no choice but to wake up. But, all of his howls were blocked by the towel.

Ding Wan panted heavily. His body was wet, and the veins on his forehead kept throbbing. His entire body was on the ground, unable to move.

Wang Chun and Ding Yuan were so scared that they screamed repeatedly, but they could only make muffled whimpers.

Ding Wan was the pillar of the family. Now that he was being treated like this, Wang Chun and Ding Yuan were even more flustered. They were so anxious that their faces were full of tears, but there was nothing they could do.

Sitting there was CEO Jin. He had so many bodyguards at his command. It was tough for them to escape even if they had wings.

Jin Li looked at the three of them, scared out of their wits, and laughed happily. "This is just a small gift from me to boss Ding."

Then, he turned around and ordered the bodyguard, "Take out the thing in his mouth. I have something to say to boss Ding."

The towel in Ding Wan's mouth was removed, and he wailed non-stop.

Jin Li spat impatiently. "What are you screaming for? I just broke one of your legs, and you can't take it anymore. If you can't talk to me properly, then it's useless."

Hearing the threat in Jin Li's words, Ding Wan bit his lips with a livid face, forcing himself to hold back his wail.

Jin Li had something to ask him, so he still had a chance to explain himself. If he could keep his life, he would try his best to link Ding Shan back to Jin Li!

In the past, Ding Wan still had a glimmer of hope. Now that one of his legs had broken, how could he dare to challenge Jin Li's authority?

Ding Wan still did not know that the real reason Jin Li came to find them was that he found out about the replacement.

He thought that no one would know. The family only knew this matter. Moreover, Ding Shan did not have the opportunity to come into contact with Jin Li. He did not know that his excellent daughter, Ding Yuan, had sold the whole family out.

Ding Wan gritted his teeth. He thought that Ding Shan's charm was too great, that Jin Li could not wait for a moment. He did not expect him to throw such a tantrum.

He kept cursing in his heart. It's all because of that b\*tch Ding Shan. She caused me to suffer and almost lose my life.

However, Ding Wan felt he still had a chance to turn the tables. Jin Li wanted Ding Shan, so why doesn't he find her for him?

Therefore, Ding Wan endured the pain and squeezed out a smile. He positively looked at Jin Li, "CEO Jin, please calm down! We had an accident and could not send Ding Shan to you in time. Please spare us! I will think of a way. I promise to send Ding Shan to your bed."

Jin Li lit a cigar. As the smoke lingered, he spat at Ding Wan in disgust, "You are an interesting father. You sold your daughter so quickly. Compared to you, I am a good person." Jin Li smiled sarcastically.

Ding Wan was angry but didn't dare to say anything. He still had a smile on his face, "It's all my fault. Please forgive me. That Ding Shan is too cunning. She sent all of us to the detention center and ran away. "She framed us and tried to escape from you. How could we dare to stand you up?"

Ding Wan was still frantically looking for excuses, wanting Jin Li to vent his anger on Ding Shan, "That wretched girl also deceived me. She didn't hesitate to lock us all up to escape from you. You have to be clear about it! Catching her now is the most important thing. I can help you grab her back if you let me live!"

### **Chapter 63: 63. Two choices**

Jin Li looked at Ding Wan like he was looking at a fool. He asked with great interest, "Oh? Can you bring Ding Shan back and send her to my bed? Just like the first time?"

Ding Wan nodded repeatedly. He thought that it was fortunate that Jin Li was satisfied that night. Although it was Ding Yuan that night, Ding Yuan was now at the side. The plan to let Ding Yuan replace Ding Shan once again could not be implemented. He could only stall for time till he could find Ding Shan!

Ding Wan thought that Jin Li's attitude had softened, so he quickly struck while the iron was hot. "CEO Jin, I would never dare to lie to you. You also enjoyed that night. I am definitely not someone who takes money and does nothing!"

As Ding Wan finished speaking, Jin Li suddenly flew into a rage. He got up and gave Ding Wan a fierce kick in the heart and scolded, "Damn it, you still dare to lie to me! Was it Ding Shan that night? If I hadn't seen the news, I would have been kept in the dark by you. Are you f\*cking tired of living?"

Ding Wan could not catch his breath after being kicked by Jin Li. He fell heavily to the ground and rolled his eyes. He heard Jin Li's scolding in pain.

What news? How did Jin Li know that the person wasn't Ding Shan that night?

In an instant, Ding Wan's eyes rolled, and he fainted.

On the other side, Wang Chun and Ding Yuan were so scared that their bodies turned limp after hearing Jin Li's words.

CEO Jin knew that the person that night wasn't Ding Shan. Did he know who it was?

Ding Yuan was already kneeling. At this moment, she was so scared that she had no strength. She collapsed to the ground instantly, her eyes filled with fear.

Jin Li slowly turned his head and looked at Ding Yuan with an unpleasant look. "You don't look half as good as your sister, but you have a decent figure and smooth skin. How was that night? Did you have a good time?"

Ding Yuan broke down and started crying. He knew it! He knew it was her!

Wang Chun was worried about her daughter, so she struggled to move in front of Ding Yuan, trying to block her.

Ding Wan had already been beaten to such a state, and the mother and daughter might be next. Wang Chun trembled in fear and kept kowtowing to Jin Li.

Jin Li did not care about Wang Chun's pleas. He glanced at Ding Wan indifferently. The bodyguard immediately stepped forward and kicked him a few times until the unconscious Ding Wan slowly woke up.

He thought it was a nightmare, and when he felt pain again in his legs and heart, he realized that this was much scarier than a nightmare.

CEO Jin had realized that someone had been exchanged that night. That was why he was so angry and bailed them out of the detention center to settle the score!

It's over! It's all over!

Ding Wan got up in a panic and knelt on the ground, crying and begging Jin Li for mercy, "CEO Jin, I didn't do it on purpose. I clearly sent Ding Shan to your room that night. I don't know why, but she suddenly disappeared. I really didn't lie to you!"

Jin Li walked forward and raised his foot to step on Ding Wan's back. He kept exerting force, gradually causing Ding Wan to fall to the ground. His face was pressed tightly against the floor.

Ding Wan was extremely humiliated as tears flowed down, but he didn't dare to resist.

Jin Li sneered, "Suddenly disappeared? Did she grow wings and fly away? I spent 200 million to get Ding Shan, not your other daughter. How could I let you change her so easily?"

No matter how eloquent Ding Wan was, there was nothing more to explain. He could only try his best to blame Ding Shan, "CEO Jin, you'll know after you captured Ding Shan and ask her. I really sent her to the hotel. It's really a misunderstanding!"

Speaking of this, Jin Li was full of anger.

He still had the nerve to say that she should be captured? Ding Shan was now under Xiang Hong's protection. How could he dare to capture her!

These three people in front of him had made him lose his power and money and even provoked a bellyful of anger. Jin Li felt that he had suffered a great humiliation!

Jin Li fiercely kicked Ding Wan and said ruthlessly, "I can't let my money go to waste. I don't want Ding Shan anymore. Now I'll give you two choices. Either you return 300 million with interest to me, or I'll leave you with one leg."

Jin Li sneered and deliberately humiliated Ding Wan. "Although your cheap life isn't worth 300 million, I'll treat it as spending money to buy happiness. What do you choose?"

#### **Chapter 64: 64. Who was helping Ding Shan**

Ding Wan was stunned. He subconsciously wanted to save his leg.

One of his legs had already been broken. Jin Li definitely wouldn't mind breaking another one.

But 300 million! How could Ding Wan get 300 million?

The money in his hands had already been squandered. Before he could take more from Ding Shan's remuneration, it had been transferred by Ding Shan overnight. There was no money at all!

Ding Wan had a bitter expression on his face; he begged in a low voice, "CEO Jin, all of our money has been taken away by Ding Shan. She planned everything. She escaped from the hotel, disbanded the studio, and even transferred the property. She's the main culprit! I beg you! You should get your men to go and capture Ding Shan. When the time comes, I'll give all three hundred million to you. Ding Shan will also be left for you to play around with. Won't that be a happy ending for everyone?"

When Jin Li heard this, he was angered by Ding Wan's wishful thinking and laughed, "Boss Ding, oh boss Ding, you're really a profiteer. It's a pity, but I shat I don't want Ding Shan anymore, and I can't afford her either. I want my money now! Or, your leg!"

When Ding Wan heard Jin Li's decision, his heart instantly turned to ashes, and tears flowed down his face. "Boss Jin, I don't have three hundred million, but Ding Shan does!"

Jin Li was being threatened by Xiang Hong, so he did not dare to capture Ding Shan. At this moment, Ding Wan kept mentioning Ding Shan, which hit Jin Li's sore spot, making Jin Li even more frustrated.

Jin Li walked back to the sofa, sat down, crossed his legs, and said coldly, "It's easy to deal with no money. It seems that you choose to lose your leg. Then you'll have to spend the rest of your life in bed. It's good too. Allows boss Ding to be more obedient and cause less trouble!" After saying that, he waved his hand, and the bodyguard holding the baseball bat walked in front of Ding Wan again.

Jin Li smiled. "It's your second leg, Boss Ding. You must remember this feeling! This is the price for daring to deceive me!"

Wang Chun, who was at the side, had already cried until she almost fainted. Since Ding Shan could earn money, Wang Chun had lived the life of a wealthy rich lady. Had he never seen such a scene before?

Moreover, it was her husband who was lying on the ground. However, her selfish nature made Wang Chun not dare to make a sound. She was afraid that Jin Li would notice her and remember that she was one of the people who had lied to him.

However, she was wronged. She knew that Ding Wan planned to sell Ding Shan to a wealthy business person that night. She did not know how the person that night changed from Ding Shan to Ding Yuan!

1

Ding Yuan was tortured to the point that she was lying in the hospital the next day. Ding Shan that B\*tch was enjoying a carefree life. Now, the three of them were being avenged by CEO Jin. What kind of bad luck was this?

Wang Chun was angry and hostile. This was all caused by that little b\*stard Ding Shan. Now, it was all on them. Why didn't Ding Shan die?

Unfortunately, her mouth was gagged now. Otherwise, Wang Chun would have berated Ding Shan.

Why did Jin Li only bully her family? If he was so capable, why didn't he capture Ding Shan?

Wang Chun was scared and resentful of Jin Li. She stared at him with her bloodshot eyes and knelt there pitifully. Her fat body kept squirming as she tried to beg for mercy for Ding Wan.

Ding Yuan was not as simple as Wang Chun thought. She was not as brainless as Wang Chun. Even though she was scared, she forced herself to calm down and think of a way.

Ding Yuan's body was trembling, and her brain was spinning rapidly in the chaos. What should she do? What should she do?

Right now, Ding Wan was the first one to be dealt with. But soon, after Ding Wan was beaten unconscious, Jin Li would not beat him anymore. He would not really kill someone here, but he would definitely make them suffer.

Ding Yuan's sense of crisis was powerful. She knew that after dealing with Ding Wan, Jin Li would point the spear at her.

After all, Ding Wan was the one who led the incident that night, and she was the replacement. No one could escape Jin Li's anger.

But logically speaking, Jin Li should hate Ding Shan the most. She was clearly the one who escaped from the hotel.

But Jin Li did not care at all. He even directly said that he did not want Ding Shan anymore. This was not right!

Jin Li's power was so immense. There was no reason for him to let Ding Shan roam freely outside unless he had some unspeakable reason why he could not touch Ding Shan...

Thinking of this, Ding Yuan was so angry that her head was hot, and her whole body was about to explode.

How could Ding Shan escape this disaster? Why did Jin Li let go of Ding Shan? Who was helping Ding Shan? Who was so powerful that even Jin Li was afraid of her?

### **Chapter 65: 65. Had no other choice**

Ding Yuan's heart was filled with jealousy and hatred towards Ding Shan. Why was Ding Shan still so lucky to escape Jin Li's torture? Wouldn't all her previous plans become a joke?

Ding Yuan did not understand what Jin Li was worried about. However, Ding Yuan was sure that Jin Li's attitude was too suspicious. It must be because Ding Shan that b\*tch had hooked up with someone more powerful than Jin Li that Jin Li gave up on Ding Shan, and he vented all his anger on Ding Yuan and Ding Wan.

Ding Yuan's face twisted. Thinking about it, she felt that everything was reasonable.

It must be so! Contrarily, Ding Shan was so stupid in the past. Why did she suddenly remove the Ding family, transfer her assets, and dissolve the studio? Someone must have guided her from behind to help her; that was why she wanted to eliminate the Ding family. It must be the big shot behind her!

Ding Yuan went completely crazy and was unwilling to accept this.

Ding Shan had hooked up with someone even more powerful with that face of hers. She was indeed born to be humble!

Yet, she had to endure such pain. She had been toyed with by Jin Li for nothing. Now, she had to be tied up. She did not know what kind of torture she would face. Was she going to admit defeat just like that?

No! She would not let Ding Shan off so quickly! Ding Yuan thought viciously.

Under extreme panic and jealousy, Ding Yuan's thoughts became brighter and more precise. Her mind began to think.

She originally wanted to use the method of getting Ding Shan to sell her body to trample her under her feet. Unfortunately, she failed. However, Ding Shan was now resigned to her own depravity. She was born to be a lowly person. She must have found a backer to sell her body to and asked the person to protect her from Jin Li. She might have even blown some pillow wind and asked Jin Li to deal with the Ding family properly!

If this continued, she could only watch as Ding Shan became more and more successful.

Ding Yuan thought that she did not have any bargaining chips now. Not only could she not defeat Ding Shan, but she might not even be able to leave the hotel with all her limbs intact tomorrow. What should she do then?

Ding Yuan turned her gaze to Jin Li.

Ding Yuan only thought for a few seconds. At this moment, Jin Li was still looking at Ding Wan with a hideous smile, waiting for the bodyguard to break Ding Wan's other leg.

His mouth was wide open, revealing a row of disgusting yellow teeth. The fat on his body was trembling due to his emotional agitation. Ding Yuan's eyes were conflicted. She didn't know whether she should make a choice or not.

Suddenly, the bodyguard finally raised the baseball bat and was about to smash Ding Wan's other leg.

He did not expect that Ding Wan, because he was too scared, would actually burst out with incredible strength. He broke free from the bodyguard's control and rolled to the ground.

The baseball bat did not hit Ding Wan's leg. It hit the floor and made a terrifying sound. One could imagine that if the bat had hit Ding Wan's leg, the bones would basically be shattered.

Ding Wan's face was pale as he panted heavily. Hearing the sound of the baseball bat, he felt a lingering fear in his heart.

Jin Li saw that Ding Wan actually dared to resist and stood up unhappily. He walked forward to collect the baseball bat and decided to do it himself.

"Damn it, you still dare to dodge? Men, hold him down! I will personally break your leg! If you have the guts, you can dodge again!" After saying that, he raised the bat high.

Ding Wan was so scared that he closed his eyes tightly. He was pinned to the ground by the two bodyguards. He could only whimper and cry, "I was wrong, CEO Jin, I was wrong! Don't!"

This scene intensely stimulated Ding Yuan. Ding Yuan suddenly realized that she was still too weak. How arrogant had Ding Wan been in the past? Wasn't he now crying and begging for mercy from Jin Li?

In this society, power and money were the rules. There was no other choice. Even though Jin Li was ugly, he was the most capable person with whom Ding Yuan had come in contact.

He could disregard the law and public opinion to bail the three of them out of the detention center and bring them to this hotel to be tortured in broad daylight. This proved that his power was monstrous.

Although he was not as powerful as the person behind Ding Shan, there was still a long way to go. Perhaps she could use Jin Li to meet a more powerful boss?

Moreover, in the current situation, she did not have a choice!

The more Ding Shan thought about it, the more excited she became. Jin Li was delighted with her performance that night anyway. She still had a chance to take a gamble. No matter what, she could not just stand by and watch Ding Shan get a rich man.

She must also have a backer to trample on Ding Shan!

Ding Yuan had no other choice at this time.

### **Chapter 66: 66. I'll accompany you**

Seeing that Jin Li was about to swing the baseball bat again and hit Ding Wan's leg, Ding Wan was already desperate. He collapsed on the ground like a dead dog, waiting for the pain to come.

Ding Yuan hardened her heart. While everyone focused on Jin Li and Ding Wan, she used all her strength to roll and crawl to Jin Li's side.

The bodyguard's face turned cold. He went forward to pull Ding Yuan back. Ding Yuan struggled desperately. She whimpered at Jin Li and raised her head slightly, deliberately showing her slender neck. In addition, she was tied up. She looked miserable and fragile, which was precisely what Jin Li wanted.

Jin Li had a violent tendency on the bed. Seeing Ding Yuan's miserable look and her tears, he suddenly had other thoughts.

He licked his lips in a lewd manner and stopped the bodyguard. He walked forward, took the towel from Ding Yuan's mouth, and asked, "Little Beauty, do you want to beg for mercy for your father?"

The towel in Ding Yuan's mouth was gone. She was so excited that she choked on her saliva and coughed so hard that she almost passed out.

Jin Li narrowed his eyes and admired Ding Yuan's pitiful look. Although she did not look outstanding, some parts of her suited his taste, and he felt a sense of accomplishment torturing her.

Ding Yuan coughed for a long time, and her eyes were full of tears. She pretended to be shy but was not in a hurry to speak. She bit her lips and looked at Jin Li quietly.

Ding Yuan's look slightly attracted Jin Li. "What do you want to do?"

Ding Wan gasped for breath as he looked at his daughter in a daze. He finally understood what was going on in her heart.

That's right. Although Ding Yuan secretly replaced Ding Shan, CEO Jin already knew about Ding Yuan. He might as well just let Ding Yuan seduce CEO Jin! Anyway, he was also delighted by her before!

Ding Yuan endured the disgust in her heart and acted coquettishly towards Jin Li. "CEO Jin, it's our fault that such a thing happened. But you had a lot of fun that night. Didn't I satisfy you?"

Jin Li chuckled, "That night was indeed pretty good. I thought Ding Shan was also having fun in private. I didn't expect it to be you, little slut. You twisted your waist so happily, but you're not Ding Shan. You're not worth 300 million, and you can't be exchanged for one of your father's legs."

Ding Yuan secretly hated Ding Shan in her heart. It was Ding Shan again. Why did everyone think that she couldn't be compared to Ding Shan?

Ding Yuan's heart became even more stubborn. She tried her best to seduce Jin Li.

Her body was slightly twisted and half-paralyzed on the ground, showing off her perfect figure. She said to Jin Li delicately, "CEO Jin, it hurts me to hear you say that. Whether Ding Shan is good or not, she racked her brains to escape from you. She's not willing to attend to you. I'm willing. Let me be with you! Okay?"

Wang Chun, watching her daughter seducing Jin Li in front of so many people, felt highly uncomfortable. At the same time, she was surprised at her daughter's unscrupulous methods.

When did her daughter become like this? How did she learn to seduce men like this?

Ding Wan did not think so. Ding Yuan was willing to seduce Jin Li on her initiative to save him from the fire and water.

A wise man submits to circumstances. At this juncture, he couldn't care less about his face and dignity. If she could hook up with CEO Jin, she would be spared from this beating and have many benefits in the future!

Ding Wan was an incredibly selfish person. Even his daughter, he would not hesitate to sell her as long as it was beneficial to him out as long as it was beneficial to him.

He still thought that since Ding Yuan had attended to Jin Li before, what was the difference between once or twice? Although he was a little aggrieved, he would not be at a disadvantage!

Ding Wan quickly tried to sell Ding Yuan to Jin Li, "Yes, CEO Jin, Ding Shan is an ingrate. She's not properly raised. It just so happens that you don't want her anymore. You see, I don't have 300 million. It's not worth it even if you break my legs. Why don't you take Little Yuan? She's the most obedient!"

Wang Chun's eyes were red. She wanted to pounce on Ding Wan and tear him apart.

This scumbag! He was so disappointing. Not only did he sell that B\*tch Ding Shan, he even sold Little Yuan!

However, Wang Chun feared that Jin Li would beat her to death. Although she felt sorry for Ding Yuan, she could only hide in a corner quietly.

Ding Yuan started to cry tenderly. "CEO Jin, don't look down on me. What's so good about Ding Shan? Can she give you more fun than me playing with you?"

Jin Li narrowed his eyes slightly. Ding Yuan's mannerism aroused him.

Thinking about it, it made sense. Xiang Hong protected Ding Shan, so he probably had no chance. However, he was not willing to give up just like that. He might as well keep Ding Shan's sister. After all, it would be the same with the lights turned off like that night.

## **Chapter 67: 67. Ding Yuan sells herself**

Jin Li chuckled wickedly as his eyes kept darting around Ding Yuan. He had just suffered a setback at Xiang Hong's place, and Ding Yuan's act of offering herself as a pillow made Jin Li feel a lot more comfortable.

Although her appearance could not be compared to Ding Shan's, she was much more sensible than Ding Shan!

Jin Li nodded in satisfaction and said to the bodyguard, "Hurry up and let go of Miss Ding Yuan! Don't restrain her!"

The bodyguard instantly understood and knew that CEO Jin had agreed. He quickly went forward and untied the rope behind Ding Yuan, but he still loathed her in his heart.

Such a woman was really cheap. She was willing to do anything to escape CEO Jin's anger and enjoy wealth. She could seduce a man so openly in front of her parents.; this family's worldview was rotten.

Ding Wan also saw that Jin Li had been successfully seduced. He was ecstatic. This was great. Although Ding Shan had escaped, CEO Jin would still be able to give a lot of benefits after taking in Ding Yuan. Hopefully, his leg won't have to be broken anymore.

Jin Li helped Ding Yuan up. His fat palm pressed on Ding Yuan's waist and massaged it gently. His face was fatty as he leaned closer to Ding Yuan. "Little baby, did it hurt you?"

Jin Li raised Ding Yuan's hand and saw the rope's red marks on her wrist. He became even more excited. His eyes shone as he kept stroking her with his hand.

Ding Yuan instinctively wanted to resist, but this was her choice. She could only grit her teeth and endure nausea as she leaned on Jin Li's body.

"CEO Jin, my parents are still here. Don't be like this." Although she said that, her body went limp and fell into Jin Li's arms. She pretended to be shy, but her actions were naked seduction.

The bodyguard secretly rolled his eyes. 'Oh my God, so disgusting.

However, Jin Li fell for this trick. To put it bluntly, Jin Li was a filthy rich man who liked to be fawned on, let alone a woman who threw herself into his arms.

Ding Yuan just happened to seize Jin Li's mind. She tried her best to be coy. The weaker and more obedient she was, the more she satisfied Jin Li's desire for control and destruction.

Jin Li had lost interest in Xu Yan's phone call. At this moment, he was hooked by Ding Yuan. He could not wait any longer. "Little baby, don't bother about them. Let's go and have some fun!"

Ding Yuan pretended to look at Ding Wan with a troubled expression. "But my dad..."

Ding Wan could not be in trouble now. After all, he was still her father. No matter how much Ding Yuan looked down on him, she could not desert him. Moreover, she wanted Ding Wan to continue to make things difficult for Ding Shan so he could not be in trouble.

Jin Li snorted and looked at Ding Wan disdainfully. "Boss Ding, seeing that your daughter is so sensible, I can spare you. But I hope that you can remember the lesson. In the future, don't make mistakes again!"

Ding Wan nodded repeatedly. "I won't dare. Thank you for your generosity, Boss Jin!"

Jin Li wasn't in the mood to talk to them anymore. He ordered the bodyguards to send Ding Wan to the hospital and then hurriedly hugged Ding Yuan and went to the other room.

Wang Chun was also freed from her restraints. She screamed miserably in the corner, "Little Yuan!"

Ding Yuan turned around and glanced at Ding Wan and Wang Chun. She shook her head very calmly and signaled Wang Chun not to cause trouble. She had finally managed to seduce Jin Li, so she must not anger him again.

Wang Chun covered her mouth and sobbed. Although she was saved, how could she not feel heartache when she saw her daughter falling into Jin Li's claws?

Last time, he had accompanied Jin Li for one night and almost lost a layer of skin the next day. How could Xiao Yuan bear it?

Ding Wan pinched Wang Chun fiercely and glared at her threateningly, wanting to shut her up.

It was not easy to escape from this predicament. What was there to cry about? Turning his head to look at Ding Yuan's back, Ding Wan sighed. He did not realize before that this daughter of his was ruthless enough. She was even more reckless than him. She was quite a character!

Ding Yuan was hugged by Jin Li. She felt Jin Li's heavy breathing close to her ear. The torture from the last time was still vivid in her mind, making Ding Yuan subconsciously nervous.

However, Ding Yuan had no way to retreat. She could only harden her mind. She had to remember this day. She had been humiliated to the point of voluntarily selling her body. In a while, she would also be tortured. This was all thanks to Ding Shan! One day, she will climb to the highest position and step on Ding Shan and make her have a taste of tonight!

Ding Yuan had a determined look on her face. Hatred had made her completely abandon her worldview and bottom line. As soon as the door was closed, she pounced on Jin Li seductively. In a short while, all kinds of moans and wails came from the room.

Ding Yuan was destined to have another difficult night. She had utterly embarked on a road of no return.

## **Chapter 68: 68. Wanted to call the police**

When Ding Yuan was having sex with Jin Li in the hotel, Ding Wan and Wang Chun were sent to the hospital under the care of the bodyguards.

Wang Chun was lucky. Before it was her turn to be beaten, she was saved by Ding Yuan.

However, Wang Chun was too fat, her wrists were too thick, and she had been very emotional. During the struggle, her wrists were bruised by the rope. In addition, because she was too heavy, she already had high blood pressure and fatty liver. When she arrived at the hospital, she had to be given oxygen.

The Nurse treated Wang Chun's wound, but the heavy golden bracelet enclosed the wound on her hand. The thick golden bracelet was tightly wrapped around her wrist and could not be removed. There was no way to apply the medicine.

The Nurse advised, "If you keep this bracelet here, it will affect the wound. Why don't you find some tools to remove it?"

Wang Chun was still in shock, and her face was pale. When she heard the Nurse's words, she did not change her greedy and vain nature. She shook her head repeatedly, "You can't remove it. I've been wearing this bracelet for many years. It's a design by a master. It's the only one! You absolutely can't destroy it!"

The Nurse was also a little angry. Why was this person confused? Was the bracelet more critical than her body?

The Nurse's expression was a little unpleasant. "But if this goes on, your wrist will rot. You're too heavy. Sooner or later, this bracelet will not be able to stay. It's already worn out, and you still feel sorry for yourself?"

The Nurse held Wang Chun's wrist and looked carefully, but the more she looked, the more she felt something was wrong. The bracelet couldn't have eaten the wrist like this. It looked like it had been strangled by something. Moreover, the marks on the two wrists were highly symmetrical.

The Nurse was shocked. She widened her eyes and looked at Wang Chun, desperately inhaling oxygen. The more she thought about it, the more she felt something was wrong. Could it be that she had been kidnapped?

The Nurse probed, "How did you scrape your wrist? Do you need help? I can help you; call someone to help you."

Wang Chun was stunned and hesitated for a moment.

She had been frightened by CEO Jin's ruthlessness and had forgotten to call the police.

CEO Jin's actions were considered illegal imprisonment. If they could arrest him, Little Yuan would be saved. Moreover, Ding Wan had been beaten up so badly that he might even be able to receive compensation.

The more Wang Chun thought about it, the brighter her eyes became. Just as she was about to speak, a bodyguard appeared at the door with a cold expression. "Are you still not done?"

Wang Chun was shocked. The courage that she had just gained was gone. Wang Chun recoiled into her body and lowered her head. She had forgotten that such a lackey had followed her here.

The Nurse saw that Wang Chun was so scared, and she felt even more uneasy. A sense of justice surged in her heart. With a cold face, she stood up and said to the bodyguard, "Escorts are not allowed here. Please leave." Then she looked at Wang Chun and comforted her, "Don't be afraid."

Although this woman did not look likable, she could not just leave her in the lurch.

The bodyguard snorted coldly and ignored the Nurse's order. He walked forward and said to Wang Chun, "What do you have to say that I can't hear?" As he said that, he took out his phone, pretended to be talking to himself, and said, "I don't know how CEO Jin is doing. Is he having fun?"

Wang Chun's pupils constricted. She instantly became afraid when she thought about how her daughter was still in Jin Li's hands. How would she dare to have any other ideas? She hurriedly shook her head. "No, I don't want to say anything. I won't say anything even if I'm beaten to death."

The bodyguard sneered and looked at Wang Chun contemptuously.

Ding Wan was already scared after being beaten. At this moment, he was hugging that broken leg and howling in the ward. He did not have the guts to cause any more trouble. On the other hand, Wang Chun had not been beaten yet and would not feel the pain except if it landed on her body. Therefore, the bodyguard hurriedly came to check on her condition.

As expected, he heard she wanted to ask the Nurse for help. She was too naive.

The Nurse who was watching from the side felt that it was getting more and more suspicious. She could not help but want to go forward and ask.

The bodyguard stared coldly at the Nurse. "Do what you have to do and mind your own business." The Nurse was anxious. He dared to threaten her in broad daylight!

However, she did not expect that a man in a white coat would walk over quickly. He politely said to the bodyguard, "That man has been sent to the operating room according to CEO Jin's request."

Then, he looked at the young Nurse beside him and gently reprimanded, "What are you still doing here? Keep your mouth shut and go about your business!"

At this moment, the young Nurse understood that this woman was someone who was not to be trifled with. Even if it was a kidnapping, it was not something that she could rectify. He was using his power to oppress people!

Therefore, she took one last look at Wang Chun. She nodded in disappointment and said, "Got it, Chief." Then, she quietly left.

## **Chapter 69: 69. Family Plaything**

Wang Chun watched as the young nurse who could have helped her walked away. She was anxious, but when she heard what the man in the white coat said, her face was filled with fear. "What happened to Old Ding? What else do you want to do to him?"

The bodyguard sent the doctor away. Only Wang Chun and he were left in the room. The bodyguard did not hide anything; he threatened with malice, "He can only have a disability for the rest of his life. Don't think that just because Ding Yuan threw herself into CEO Jin's arms will completely appease CEO Jin. You will all suffer the same fate. Do you want to call the police? I advise you to save your breath. If CEO Jin could get you out of the police station, he can naturally send you in as well. Do you still want to call the police? Aren't you stupid!"

Wang Chun wanted to cry but had no tears. “Ding Yuan has already been given to CEO Jin. Why is he still unwilling to let us off!”

The bodyguard frowned and looked at Wang Chun with a face full of questions, “Given to CEO Jin? Do you still think that you have the right to choose? If CEO Jin wanted Ding Yuan, she wouldn’t dare to resist even if she was tied up there. It’s just that now that she took the initiative to gloat, CEO Jin became interested and didn’t have the time to bother you guys anymore. Do you still want to negotiate with CEO Jin? Dream on!”

Wang Chun cried out in grief. What an error. How did she offend this king of hell, Jin Li? Initially, she wanted to hug his thigh. Still, in the end, she didn’t receive any benefits and even got herself into a mess. Now, she was being held tightly by Jin Li.

The bodyguard saw that Wang Chun had no intention of resisting after being hit. So he comforted her, “You have paid the price for offending CEO Jin tonight. Even if it’s over, CEO Jin is not an unreasonable person. Now that your daughter has chosen to join CEO Jin, you should be more sensible and stop having the foolish idea of calling the police. It will be good for you to make CEO Jin happy in the future!”

Wang Chun wiped her tears. She knew that the situation was dire. Although she hated CEO Jin for what he had done tonight, there was no other way.

Ding Wan was a coward. It was better to rely on a dead person than him. Xiao Yuan would rather be tortured than be brutal to please Jin Li. She must have a plan. She could not drag Xiao Yuan down.

The bodyguard was right. Ding Shan was getting more and more out of control. As time went on, she would only lose more and more.

That B\*tch Ding Shan had caused much suffering for the three of them. She must not let her escape easily! With CEO Jin around, at least there was a guarantee.

Wang Chun was stupid and had just figured out what Ding Wan and Ding Yuan had thought of in a few seconds.

Knowing that the bodyguards by Jin Li’s side were not people she could afford to offend, she smiled and said, “We won’t call the police; we will be loyal to CEO Jin. We will never be stupid again!”

The bodyguard smiled sarcastically because Wang Chun had finally figured it out. This family was fascinating. The father was cunning and selfish willing to betray anyone for his benefit. The daughter looked weak; she was also a snake and a scorpion that would do anything. The mother was foolish, like a stupid pig. Such a person was still wishfully thinking she could take advantage of CEO Jin.

When CEO Jin was tired of playing with Ding Yuan, it would be reasonable enough if he didn’t come back to teach them a lesson. They were just a family of playthings. How could CEO Jin help them with anything?

However, the bodyguards naturally wouldn’t say these words to Wang Chun. They would just let them have their sweet dreams.

After beating Wang Chun, the bodyguards weren’t willing to stay any longer. They left her and Ding Wan to fend for themselves in the hospital.

Not long after, Ding Wan's surgery was completed.

With CEO Jin's instructions, Ding Wan's broken leg was only hastily hammered with a few steel nails, wrapped in gauze and plaster, and sent back.

Unless his bones were excellent, his leg would never be alright. He could only limp for the rest of his life. Even the anesthetic was only applied perfunctorily, allowing Ding Wan to wail in pain.

The relevant doctors and nurses all received the news. They kept their mouths shut, not daring to meddle in other people's business.

On the surface, they politely arranged for Ding Wan and Wang Chun to be placed in a VIP private ward. In reality, they feared they would blabber and expose their identities.

After all, the Ding family had caused too much trouble. At this moment, they should still be in the detention center. Others could not see them.

Moreover, even though they were in the hospital, Wang Chun and Ding Wan were isolated in another detention center. Moreover, both of them were injured. Which was much more uncomfortable than being arrested by the police.

#### **Chapter 70: 70. Became Crippled**

Wang Chun raised her bloody hands and sat in front of Ding Wan's bed. She listened to Ding Wan's moaning, and her heart was burning with anxiety.

However, no matter how much she shouted, no one came over to give him the anesthetic dosage. Wang Chun was desperate and helpless. She did not dare to curse Jin Li, so she could only curse Ding Shan differently. She lost strength, collapsed on the side, and wailed as she cursed.

Ding Wan survived the pain after the surgery and woke up faintly. He saw Wang Chun lying on the side and crying.

In the past few days, from the detention center to the hotel, there was not a day that he was not on edge. He had not even eaten a good meal. Wang Chun's entire body was not good. Her fat body appeared even more bloated, and the wrinkles on her face seemed to have increased by a few more lines as if she had aged ten years in a few days.

When Ding Wan heard Wang Chun's hoarse and unpleasant cry, his already agitated emotions due to the pain broke down further. He shouted at the top of his lungs, "Can you shut the f\*ck up! What else do you know besides crying? Don't bother me!"

Wang Chun was shocked. He was stunned for a moment before she shouted back, unwilling to be outdone, "Why are you angry at me? Why didn't you yell at CEO Jin if you had the ability last night? You are a good-for-nothing. Why did I marry you? Do you think I am crying for you? I am feeling sorry for my daughter! My little Yuan fell into CEO Jin's claws because of you, good-for-nothing. She must have suffered a lot!"

Ding Wan gritted his teeth. As a man, how could he not feel humiliated when Jin Li pressed him to the ground and broke his legs? Was Ding Wan even forced to sell his daughter? However, if he did not do so, no one would be able to escape easily.

1

Ding Wan sneered, "That's right, I'm a coward. I should have both my legs broken by CEO Jin. That way, you'd be satisfied. Then, CEO Jin still won't let go of his anger. If he breaks Xiao Yuan's legs and yours, then the three of us in the family would be crippled. You don't still think I'm a f\*cking coward, right?"

Wang Chun was rendered speechless by Ding Wan's scolding. She knew that Ding Wan's words were reasonable, but she felt stifled in her heart. She felt uncomfortable, so she began to cry again.

Ding Wan felt breathless after shouting a few times, and his leg was in excruciating pain.

He slowly lifted his upper body and bared his teeth as he looked at the fixed broken leg. He asked in a hoarse voice, "How's my leg?"

Wang Chun stammered and did not dare to speak.

Ding Wan's leg was probably not going to recover. The doctor vaguely said that he had tried his best, but there was nothing he could do. He was deliberately delaying the treatment under Jin Li's instructions.

Wang Chun had also made a fuss and wanted to change to another hospital. However, those bodyguards had been taking turns to guard the door and did not give Wang Chun any chance to leave.

1

Ding Wan saw Wang Chun's troubled expression and immediately felt something was wrong. he shouted in exasperation, "Hurry up and tell me! What happened to my leg?"

Wang Chun did not feel good either. Although she and Ding Wan no longer had any feelings for each other, they had been husband and wife for many years. The two of them were on the same boat. She also found it difficult to accept that Ding Wan had become disabled. However, she was afraid that Ding Wan would not be able to accept it, so she could only cheer up and comfort Ding Wan.

She held Ding Wan's arm and comforted him, "It's not a big deal. It's just that it's not as convenient to walk as before. But you can still walk. These are all CEO Jin's orders. I...". "...". "I can't help. Those black-hearted doctors don't care about me at all. "Don't be anxious! "It's not good for your recovery! Old Ding, we can only accept our fate!"

Ding Wan's vision went black, and his eyes were about to pop out. He threw Wang Chun out and let out a roar.

Even though Wang Chun said it tactfully, Ding Wan understood it. He could still walk, but it wasn't as convenient as before. Didn't this mean that he would develop a disability in the future?

Thinking back to how glorious Ding Wan was in the past, he used to go to all kinds of places with famous brands. He had always been a spendthrift and was the target of many women.

But now, he has no money and has become a cripple! How would he have the face to go out in the future?

Ding Wan looked at his broken leg angrily. He wished he could kill someone with a knife.

The reason why he had become like this was first because of Jin Li. It was because he had someone break his leg and send him to the hospital, but he did not allow the doctors to treat him wholeheartedly.

Secondly, it was because of that b\*tch Ding Shan. If Ding Shan had not cheated on him, escaped the arrangements that night, and sent Ding Yuan to Jin Li's bed, Jin Lin would not have taken revenge on him after the matter was exposed!
