Chapter 11: She is the Benefactor of the Chu Family!

Chu Tianye quickly shielded his head. "Daddy, it's very painful to pluck a strand of hair out!"

The little fellow blinked his eyes. "But for the sake of reuniting with daddy, I'm willing to give a strand of my hair. It's just that I will require many nutrients to grow another strand."

He lowered his head and spoke in a pitiful manner, "My sister and I were abandoned by our father when we were born. Our mommy worked very hard and had to shift bricks from day to night to support us. But even so, we are very poor and she had no money to buy supplements for us..."

Chu Cichen silently looked at this kid's chubby face but didn't speak.

Chu Cimo, who was behind him, felt heartache and said, "I have money, how much do you want? I will give them to you!"

"One million for one strand of hair!"

Chu Cimo: "...Sure. I'll withdraw the cash for you now."

At the next second, Chu Tianye slid a card to Chu Cimo. "There's no need for things to be so troublesome. I have a bank card. You can just directly transfer the money to my account."

"..."

Chu Cimo took out his phone and transferred the money depressedly.

After he confirmed the transfer was successful, Chu Tianye stretched his head out again. "I have many strands of hair, do you want to buy a few more strands?"

Chu Cimo: "?!"

The family doctor took Chu Tianye's hair sample and directly went to the institution to find the machine to do the test. Earlier, he had taken a sample from Chu Cimo.

Chu Cimo and Chu Cichen then sat together on the sofa and looked at them while waiting for the results.

Lin Wanru also followed them in. "Cichen, I know of an institution that can do the DNA test quicker. Why don't we..."

"No need." Chu Cichen rejected her. "I only believe in my own institution."

Lin Wanru clenched her fists and smiled bitterly at Chu Cichen. After that, she looked at Chu Yu. "Little Yu, mommy is here to see you."

Chu Yu rolled his eyes.

Lin Wanru then carried him and walked out. "It has been a long time since we met, let us go out for a chat."

Chu Cichen frowned but didn't say anything to stop her.

The door closed again and the atmosphere in the room fell silent.

At this moment, Chu Cimo felt a little thirsty, and his eyes landed on the plate of watermelon before Chu Xiaomeng.

He tactfully asked, "Little girl, is the watermelon sweet?"

Chu Xiaomeng, who was called out, started shivering. She slowly lifted her head, and her confused gaze showed a hint of hesitation before she unwillingly took a piece of watermelon——

And ate a bite before she answered, "It's sweet."

She then continued reading.

Chu Cimo: "???"

Chu Tianye then moved toward him and asked, "Uncle, do you like to eat watermelons?"

Chu Cimo nodded.

Chu Tianye sighed. "My father disappeared when we were born and our mother had to work hard from day to night to sweep the streets..."

“Didn’t you say she was shifting bricks before?”

“After she shifted bricks, she went to sweep the streets. My mommy is very poor, so my younger sister has never eaten a watermelon before. Hence, she’s very protective of food, so a piece of watermelon will cost \$5,000. They are sweet and crunch, both the old and young can enjoy them~”

A mobile phone was placed before Chu Cimo with a QR code for bank transfer.

Chu Cimo: “?”

After transferring the money, he ate the watermelon and surveyed the two children. The more he looked at them, the more heartache he felt. “Ai...I wonder how much they have suffered during these years.”

This was why he paid so readily. After all, he owed it to his children.

Chu Cichen: “...”

Chu Cimo suddenly started chortling, “Big bro, I’ve always lost to you in all aspects since we were young. However, you only have a single child that came to our doorstep to find you, while I have two. So, I’m stronger in this aspect, hahaha!”

Chu Cichen wanted to ignore such nonsense.

He also grew unhappy for some reason. “Let’s wait for the results to be out.”

Down below.

The butler spoke softly, “I’ve investigated. It’s true that Shen Ruojin was abducted when she was 10 years old.”

“That’s not important. Even if she was abducted, this isn’t her fault.

Matriarch Chu looked at the evidence that Lin Wanru provided and spoke angrily, “The most important things are these! If she’s so venomous to abuse her children, we must not spare her easily!”

The butler said, “Could this be the reason why the little young miss is afraid to meet people?”

Upon mentioning Chu Xiaomeng, Matriarch Chu frowned. “Immediately arrange for a few doctors to do a comprehensive body and psychological check-up for the children!”

Lin Wanru was carrying Chu Yu down the stairs and heard these words coincidentally. She then spoke in worry, “Aunt, the two children are still so young. If Shen Ruojin

threatened them, they wouldn't dare to speak the truth. In addition, what if Shen Ruoqing uses this as an excuse to pester Cichen? What if Chu Yu got frightened?"

Matriarch Chu frowned before adding, "Before the truth is out, do not allow Shen Ruoqing to enter our house. She is also not permitted to meet the two children!"

Lin Wanru then heaved a sigh of relief. As long as Shen Ruoqing couldn't enter the Chu Manor, she would have no way to explain things. Lin Wanru then smiled. "Aunt, I'll bring Little Yu out for a meal."

During these years, Lin Wanru often visited Chu Yu, so Matriarch Chu didn't stop her.

—

Lin Wanru brought Chu Yu to a private restaurant and entered a VIP room.

After the dishes were served, Lin Wanru smiled at Chu Yu. "Little Yu, you have to keep reminding your daddy about mommy, okay? Tell him to allow me to enter the Chu Manor. Can you remember this?"

Chu Cichen only permitted her to enter the Chu Manor once a month. Now, she wanted to head to the Chu Manor more often, so she could "settle" those two little bastards to eliminate future trouble.

However, Chu Yu didn't even lift his head.

Lin Wanru continued, "Also, for those two children, you have to know that they are here to seize your inheritance from you. You have to think of ways to drive them away. Their mother is a bad person, so if she goes to the Chu Manor, you must not allow her to meet your daddy. Understand?"

Chu Yu still didn't speak.

"Are you dumb?" Lin Wanru suddenly got angered, and this caused Chu Yu's eating motion to slow down.

She still wanted to say something, but her phone rang at this moment. After looking at the number, she turned and picked up the call.

She didn't notice that a small figure slipped past her and walked to the entrance. The door was silently opened, and he went out through the gap.

On the streets, Chu Yu lowered his head and walked alone.

Why would the mothers of others dote on their children, but Lin Wanru would always instruct him to do something whenever they met?

Thinking about this, he was in a very bad mood and didn't check the traffic lights before he crossed the road.

"Beep, beep, beep!"

All of a sudden, a fierce whistle sounded. Chu Yu turned his head and saw a huge truck charging over!

The blinding headlights caused Chu Yu to subconsciously lift his hand to block his eyes.

But he had no time to dodge!

He could even sense the heatwaves from the truck...

Was he going to die?

But right at this moment...

Bzz~

A motorbike turned the corner, and the woman wearing a helmet floored the gas pedal, raising her speed to the limit. She sped toward him with the speed of the wind.

After that, she bent and pulled him into a warm embrace, while her motorbike brushed past the truck!

However, the motorbike's speed was now too fast, so the woman had to stomp on the break.

Screech~

The tire rubbed against the ground, and the woman decisively carried him and jumped off the bike. The instant they landed, the woman hugged him tightly and rolled a few times before finally stopping.

The motorbike had also overturned, and its wheels were spinning uselessly in the air.

Chu Yu was stunned. He then saw the woman taking off her helmet before asking him in a clear but cold voice. "Little fellow, are you alright?"

He widened his eyes and his empty heart was suddenly filled.

After Shen Ruojing saw that he was fine, she then glanced at her leg. Earlier, things were too sudden and her jump from her motorbike had caused a huge wound on her leg. The wound constituted an extremely shocking sight.

—
Half an hour later.

Chu Cichen brought Matriarch Chu along as they rushed to the hospital.

Matriarch Chu asked, "How's Chu Yu? Is he okay?"

The bodyguard lowered his head. "The little young master is fine and merely has some scares. However, he refuses to leave the woman that saved him."

Matriarch Chu heaved a sigh of relief. "Quickly bring me to the benefactor. In the future, she's the benefactor of our Chu Family!"
