

I AM A BOSS MOMMY THAT WANTS TO SLACK

Chapter 591 - Chapter 591: Rescue!

Chapter 591: Rescue!

Translator: Lord bluefire

Shen Ruojing walked over and sat down for breakfast. As soon as she sat down, Chu Cichen sat down very close next to her. The three little ones were amazed.

The three little ones still didn't know Chu Cichen's identity. After all, they were just children, and Shen Ruojing felt that they should be kept in the dark about such matters.

Chu Yu, seeing Chu Cichen now taking his place, couldn't help but feel a little angry in his heart, thinking that this stepfather was really ungrateful!

Chu Tianye sighed. He didn't mind his mother finding them a stepfather, but why couldn't she find a rich one? Why did she have to find a poor one?

Only Chu Xiaomeng acted purely on her feelings, not saying anything. She hugged her dinosaur doll and sat next to Chu Cichen. Her soft and tender little hand then grabbed Chu Cichen's, and she said, "Our family's breakfast dumplings are delicious. Do you want to try some?"

Chu Cichen patted his daughter's little head and said, "Yes, I'd like some." After saying that, he looked expectantly at Shen Ruojing.

Shen Ruojing helplessly picked up a dumpling and placed it on Chu Cichen's plate, and he began to eat with chopsticks.

After they all had breakfast together, Chu Cimo and Bai Shanshan hurried over.

The two were worried about Matriarch Chu staying with the Shen family, and they were also worried about Chu Ciyuan. So, as soon as they entered, Chu Cimo said, 'Mother, even though Chu Ciyuan, that bastard, always makes you angry, we can't just leave him alone, can we?'

Bai Shanshan said, "I asked my grandmother yesterday, and she said that if there is definite evidence, the Bai family can't do anything about it. The evidence is solid, and he admitted it himself. Fortunately, the second brother hasn't done this kind of thing before, so it's only this once. After estimating the situation, if the other party doesn't write a plea letter and even if we compensate them with some money, I'm afraid he'll still have to be imprisoned for a while."

Matriarch Chu couldn't help but ask, "How long would it normally take?"

Bai Shanshan said, "According to the law, it's criminal detention for less than three years, but Chu Ciyuan's actions this time are particularly heinous, so it's probably a full three years."

Three years, for Chu Ciyuan, were his most youthful years. Many people got married, had children, and created a career in these three years.

Matriarch Chu knew Chu Ciyuan had made a mistake this time. Although he was not her own son, she had raised him since he was a child and treated him like her own. So when she heard this, she looked at Shen Ruoqing and said, "Jingjing, you.

Shen Ruoqing stood up. "Let's go."

So everyone followed her. As they were about to get into the car, Shen Ruoqing's sleeve suddenly tightened, and she turned to see Chu Cichen standing by her side, clearly wanting to be with her.

Shen Ruoqing listened to the man's words and thought for a moment.

Suddenly, she thought of something and replied, 'Wait a moment.' Then she

hurriedly went upstairs. Five minutes later, she came down with a black baseball cap, sunglasses, and black face mask in hand, which she then handed to Chu

Cichen.

Chu Cichen understood what she meant.

Song Chen had taken Chu Cichen's identity, and it was indeed not suitable for him to appear in public now. This was also the reason why Matriarch Chu and the others did not want him to go out.

So he took those items and put them on his face.

The group then split into two cars and headed to the police station.

Soon, they arrived at the police station. The case had to be handled, and today the police station would conduct mediation. Therefore, the victim and the person who reported the crime, Song Chen, also came. Both parties sat at the mediation seats.

Song Chen was accompanied by their third uncle, Chu Yuan.

Chu Yuan, unaware of the truth and deceived by Song Chen, looked at Matriarch Chu and said, "Sister-in-law, this unfilial son dares to attack his own family's website. It's outrageous! Don't protect him anymore. He's not worth your kindness!"

After speaking, he glared at Chu Ciyuan, who had just been brought in. "The family has been so good to you, and now you're trying to take revenge on your elder brother. Did you feed your conscience to the dogs? Do you have any idea how much my sister-in-law has sacrificed for you over the years?"

Chu Ciyuan was apparently not someone who would yield easily. Hearing this, he sneered. "I never asked for her help."

He was in a terrible mood.

Hence, his whole demeanor was more defiant and unrestrained.

Song Chen stared at him and glanced at Matriarch Chu beside him. He then smiled. 'Mother, do you see? No matter how good you are to him, he's just a white-eyed wolf that can't be tamed. Our Chu family doesn't have such criminals! However, now it's just right. I'm avenging you.'

Chu Ciyuan suddenly stood up, disbelievingly staring at Matriarch Chu and then at Song Chen, as if he had suddenly understood something. "So that's it. I wondered how my elder brother would suddenly change. So, you all have teamed up to set me up?"

He glared at Matriarch Chu. "Are you satisfied with my current situation? Three years in prison. Well, you truly are ruthless!"

Matriarch Chu immediately tried to explain. "No, I..."

"Mother, you're just too soft-hearted. If you want him to obey, you have to be tough. Do you think scaring him like this will make him change? Impossible!" Song Chen enjoyed stirring up trouble. "You can't be tough, but I can. This time, I'll teach him a lesson."

Chu Ciyuan was trembling with anger.

Just as he was about to say something harsh to Matriarch Chu, Shen Ruoqing suddenly said, "Enough. "

The girl's indifferent and calm voice brought silence to the arguing room.

She raised her peach blossom eyes and looked at Chu Ciyuan. "Whether you'll go to jail or not is not up to him but the police! What are you so anxious about?" Chu Ciyuan was stunned.

Song Chen also raised his eyebrows, looking at her. "Is that so? But it seems that I'm in control of the situation now. As long as I don't forgive him, you have no way out.."

Chapter 592: Long Prepared

Translator: Lord bluefire

As the victim, if Song Chen was willing to back down, the case involving Chu Ciyuan could be considered neither big nor small and could even be privately settled. After all, the two of them were brothers, and it could be said that this was just a playful act.

Chu Yuan, who was watching everything from the side, couldn't help but mediate, "Miss Shen, sister-in-law, Cichen, why should you let a bastard child affect the relationship between you? In my opinion, it would be better for everyone to take a step back. I..."

Before he could finish his words, Shen Ruoqing didn't bother to talk to them anymore and directly addressed the staff, "Chu Ciyuan didn't invade Mr. Song's website at all!"

Upon hearing this, everyone in the room was stunned.

They looked at Shen Ruoqing in confusion, and even Chu Ciyuan looked at Shen Ruoqing inexplicably.

Shen Ruoqing, however, told the staff, "If you don't believe it, you can check if the network port that Chu Ciyuan invaded is Mr. Chu's website or not."

The two police officers were baffled.

However, they obediently took out their computers and checked again. "Yes, it was Mr. Chu's website port that was invaded..."

Shen Ruoqing then stood up, walked behind them, and typed a few keystrokes on their computer. The network port instantly changed.

It turned out to be a virtual port that imitated Song Chen's website port, making people unable to detect it at first glance. The staff was dumbfounded.

Even Chu Ciyuan looked at Shen Ruoqing in disbelief.

Shen Ruoqing calmly said, "This is just a virtual network that we created. Chu Ciyuan invaded it because he and I were playing a network attack and defense game. You got it wrong; he never invaded anyone else's website from the beginning."

The staff was even more astonished, and they couldn't believe what they were hearing as they looked at Song Chen. "Then, Mr. Chu's website..."

Shen Ruoqing spread her hands. "That's his business. How would I know?"

Song Chen sat up straight. "Impossible, our website was indeed invaded. We traced it back, and the person was indeed Chu Ciyuan!"

"Is that so?" Shen Ruoqing raised her eyebrows. "Then how did you trace it back? Can you show me?"

So, the staff showed the target of the attack on Song Chen's website, and Shen Ruoqing only took a few glances before laughing. "This is obviously a setup. This is the other party's method of deception and framing."

After saying that, Shen Ruoqing looked at the staff. "The other party must have hired a hacker to invade their own website and then disguised it as Chu Ciyuan's doing. This is a complete smear!"

This hacker, of course, was Shen Ruoqing herself.

After Chu Ciyuan answered the phone, she already sensed something wrong.

Unfortunately, Chu Ciyuan didn't listen to her, so when he was operating in the study, she directly operated from the outside, making Chu Ciyuan mistakenly believe that he had invaded someone else's website, unaware that what he had invaded was just a virtual network created by Shen Ruoqing.

On the other hand, Shen Ruoqing also invaded Song Chen's website and disguised it as Chu Ciyuan's doing.

The purpose was to teach Chu Ciyuan a lesson.

This guy didn't listen to anyone and acted willfully, thinking that being a hacker allowed him to do whatever he wanted.

Moreover, it also served to suppress Song Chen's arrogance, making him realize that even if he took Chu Ciyuan's place, he could not do whatever he wanted!

Sure enough, Song Chen's face changed.

He looked at Shen Ruoqing with a gloomy gaze and only then noticed a man wearing a mask and a hat sitting next to her. The man had been sitting quietly since he entered, not saying a word, but Song Chen recognized him at a glance—it was Chu Ciyuan!

No matter what he had become, Shen Ruoqing always stood by him.

This realization made Song Chen's face even darker.

He knew that he had been played!

The staff on the other side were also dumbfounded. After carefully checking the network intrusion twice, they suddenly understood something and didn't know whether to laugh or cry.

Both sides were clearly played by the same hacker.

Chu Ciyuan evidently mistakenly believed that he had invaded someone else's website.

And this Mr. Chu also clearly thought that Chu Ciyuan had invaded his website, but in the end, it turned out to be a misunderstanding.

Finally, Chu Ciyuan was acquitted on the spot.

A group of people then walked out of the police station.

Song Chen deliberately walked faster to catch up with Shen Ruoqing, his eyes filled with suppressed anger at the moment. "Jingjing, are you really so heartless toward me?"

Shen Ruoqing looked at him. "I used to consider you a friend..."

Song Chen's eyes lit up slightly, but then he realized that she said "used to," so what was he now?

Song Chen angrily said, "Jingjing, I'm innocent too. You can't treat me like this! Do you know, I was created by someone and then forcibly stuffed with so many memories? I suddenly became someone else's copy, so do you know how helpless and sad I am?! I didn't even have the chance to appear in front of people openly. Do you know how much I wanted to stand in front of you six years ago and tell you that I am not Chu Cichen? I am Song Chen! Although I have the same memories as him, I am not him!"

Song Chen's eyes revealed a hint of madness. "Jingjing, have you ever thought about my helplessness? I am also innocent! If there really is a mastermind in this world, it should be your father! He was the one who created me! What did I do wrong?!"

Shen Ruoqing stared at him.

Actually, what Song Chen said was correct. He was innocent, but unfortunately....

Chapter 593: Hacker X!

Translator: Lord bluefire

Shen Ruoqing suddenly said, "Your mistake is that you chose the wrong path. Song Chen, tell me, is the Doom Organization behind you?"

Song Chen was immediately speechless.

He asked subconsciously, “How do you know?”

Shen Ruoqing pursed her lips and then slowly said, “You created an identity for yourself, so that no one could discover that you were fake. But then I found out that the real brother of your so-called sister had already passed away long ago. He didn’t have the money to support two people with the special medicine. That person did indeed look somewhat similar to Chu Cichen, and you said you had plastic surgery to look exactly like Chu Cichen. But no one can turn themselves into another person. You should know that everyone has their own unique aura. ‘

After finishing, Shen Ruoqing continued, “Later on, in Country A, my father said that you were the one who...escaped back then. How could you, a powerless and helpless person, find such an identity and even appear in front of me openly? This means that you have sought refuge with someone else!”

Shen Ruoqing stared at him. ‘When we first met again, you took a bullet for me. But in fact, when I went to investigate that day, the bullet’s target was not me but you! It was my father who found you through me and wanted to kill you!

“But you managed to evade my father’s pursuit time and time again despite him using the secret agents of Country A. I learned about them in Country A, so I knew they were formidable. Yet under such circumstances, you were able to evade their pursuit, which shows that you are not simple.

“At the very least, the organization behind you is not simple. They are powerful enough to confront the secret agents of Country A, as well as the four great families of the capital! I thought about it, and besides the Doom Organization, there seems to be no other.’

Shen Ruoqing said so much in one breath, leaving Song Chen dumbfounded.

He was speechless.

He wanted to say something but couldn’t.

Shen Ruoqing only glanced at him a few times and continued to walk forward. “So I said, you chose the wrong path. The Doom Organization is not a good thing, so take care of yourself.”

Shen Ruoqing and Song Chen fell behind the others, so the people in front didn’t hear what was said. Only Chu Cichen, who was close to Shen Ruoqing, heard it.

After speaking Shen Ruoqing quickly walked forward a few steps.

But at this moment, Song Chen suddenly walked past her quickly.

Song Chen then glanced at her and spoke in a vengeful tone, 'Mother, you... made me play the villain to make Chu Ciyuan listen to you. Congratulations on getting an obedient child soon.'

After saying this sarcastically, he patted Chu Ciyuan on the shoulder and then strode away.

But this statement left Chu Ciyuan dumbfounded.

He suddenly exclaimed, "Mother, did you do it on purpose?"

Matriarch Chu. "?"

She frowned, wanting to explain something, but Chu Ciyuan couldn't listen at the moment.

There had always been misunderstandings and unresolved issues between him and Matriarch Chu. Even if Matriarch Chu was imprisoned by Chu Cichen, Chu Ciyuan would rescue her, but the suspicions between them stayed.

Chu Ciyuan did not trust Matriarch Chu, feeling that she was biased.

Now, Song Chen's words successfully agitated him.

He shouted directly, "Just to make me obedient and not fight for the family property, you've really put a lot of effort into it! I don't know if I should be happy that after all these years, you finally care about me!" Matriarch Chu frowned and said angrily, "Is that what you think of me?" "Isn't it?" Chu Ciyuan yelled, "I will never be your puppet!"

Matriarch Chu wanted to say something, but Shen Ruoqing stepped forward with a frown. "Fool! Are you always swayed by what others say?"

Chu Ciyuan was the type of person who didn't respond well to softness.

However, Shen Ruoqing's scolding made him even angrier. "Who do you think you are, daring to scold me?"

As soon as he said this, Chu Cimo stepped forward. "How can you talk to my junior uncle like that? It was her who saved you! "

Ever since Chu Cimo knew that Shen Ruoqing was his junior martial uncle, he started to admire her greatly.

“She saved me? Ha, that’s a big joke. What did she save me from?” Chu Ciyuan furrowed his brow tightly. “The one who saved me was that hacker who couldn’t bear to see it...”

Chu Ciyuan suddenly realized something and exclaimed, “I know! ”

Chu Cimo asked, ‘What do you know?’”

Chu Ciyuan immediately shouted, “I know who did it! The hacker who deceived both me and Chu Cichen, it’s X! Only she has the ability to do that!”

Chu Ciyuan was extremely excited. “It’s X who knew my situation and couldn’t stand me being manipulated by you all, so she came to save me! It must be my master!”

Everyone. ”

After saying this, Chu Ciyuan rushed to Shen Ruoqing. “Hey, my master must have contacted you, so you know the truth, right? Then do you know where my master is? How do you have her contact information?”

Hacker X had always been Chu Ciyuan’s idol.

Chu Ciyuan had entered the hacking industry because X brought him in, so he believed himself to be X’s disciple.

Shen Ruoqing.

She twitched the corner of her mouth, looking at the man in front of her who was acting up.

“Come on, tell me! I want to find my master, and I will never care about the Chu family matters again!”

As Shen Ruoqing watched him finish speaking and saw Matriarch Chu’s dim expression, she then darkened her face. “Apologize to Matriarch Chu first, and I will tell you where X is.. ‘

Chapter 594: The Truth Of What Happened In The Past

Translator: Lord bluefire

Chu Ciyuan heard this and became angry. “Why should I apologize to her? She always wants to control me. It was my fault for not choosing a good girlfriend before, but what about this time? I just wonder how my elder brother could have a falling out with me. It turns out that it’s about controlling me...”

His eyes were red as he looked at Matriarch Chu. “Since you hate me so much and are afraid I’ll compete with your sons for the inheritance, why did

you hypocritically find someone to save me? Did you think I'll be grateful to you like this?"

Chu Ciyuan had always felt aggrieved

He was brought to Matriarch Chu's side when he was young and grew up with Chu Cimo.

When he was a child, he didn't feel that Matriarch Chu favored one over the other. Chu Cimo had something and so did he. Occasionally, he could enter Matriarch Chu's arms and act coquettishly, waiting for her to hold him. But as he grew older, the servants whispered that he was an illegitimate child and not Matriarch Chu's child...

Also, the second aunt of the second house would always mock him. Although Matriarch Chu stopped them and fired the gossiping servants, it already left a shadow in his heart.

After all, he wasn't her biological child...

So, when he and Chu Cimo were both sick, Matriarch Chu would prioritize Chu

Cimo...

From that time on, he gradually distanced himself from her.

As he grew older, he slowly understood that he was not Matriarch Chu's biological child, and his true mother was just his father's mistress. It was good enough that Matriarch Chu didn't hate him, and it was impossible for her to treat him well.

Later on, someone told him the term "to praise someone to the extent they become complacent."

After hearing that, his heart became even more uncomfortable.

After all, how could a woman love the son of a love rival?

Because of that, the more he wanted love, the more he doubted the purity of that love.

When Matriarch Chu sent him and Chu Cimo the same food, he would think that Matriarch Chu was just saving face. He didn't know what else she gave to Chu Cimo behind the scenes... He really wanted to know what true maternal love looked like.

Matriarch Chu looked at him and couldn't help frowning. "I have never been hypocritical toward you."

Chu Ciyuan sneered. “Not hypocritical? You’ve never been a saint, and we both know that. Why are you so good to me then? Is it not to show off to others? To prevent me from inheriting the family property?”

He simply spoke out about his grievances over the years, “Do you think I’m stupid? I heard when I was a child that you told the housekeeper to give only five percent of the Chu family’s property to me... Among the three sons in the family, even if my elder brother is to inherit the family and needs most of the property, do I, as an illegitimate child, only deserve five percent?”

Matriarch Chu didn’t expect to hear this and was stunned.

She suddenly understood something...

(So that’s how it was...)

She smiled bitterly. “No, I didn’t reduce your share of the property...”

Chu Ciyuan shouted, “Not reduced? Did you actually increase it? Since my father acknowledged me and even sent me to you to raise, it’s impossible for him not to leave me any property!”

Actually, the brothers didn’t have much recollection of their father, as they were both raised by Matriarch Chu.

Chu Ciyuan didn’t want to believe that he not only lacked maternal love but also paternal love.

Chu Ciyuan then thought about it and stared at Matriarch Chu. “Tell me, what’s going on?”

Matriarch Chu looked at him, suddenly at a loss for words.

Her hesitation was interpreted as guilt by Chu Ciyuan, who then scoffed, “Feeling guilty? But Mother, do you know? I never cared about how much of the family fortune I could inherit. The only person I cared about was you! All these years, I’ve been working hard to make money and strive just to prove to you that I have no intentions to fight for our family’s fortune.”

As he spoke, he lowered his head, tears streaming down his face.

Matriarch Chu couldn’t help but step forward and hug him.

The child in her arms had grown up, now taller than her by a head. Matriarch Chu then stroked Chu Ciyuan’s hair and suddenly looked at Chu Yuan.

Chu Yuan sighed quietly. “Big Brother didn’t leave any fortune for you.”

Hearing these words, Chu Ciyuan was dumbfounded.

His whole body stiffened as he slowly turned to Chu Yuan.

He clenched his fists and laughed. "Are you here to deceive me too? If my father didn't love me, why would he bring me home? And if he loved me, how could he not leave any fortune for me? Are you trying to speak up for her? You..."

Before he could finish, Chu Yuan suddenly stepped forward, sighed deeply, and said, "Because you're not Big Brother's son. Your father... is actually me!" At these words, everyone present was stunned.

Chu Yuan's eyes reddened. "Years ago, I was set up in a business deal and had an affair with your mother. She became pregnant with you, but I was afraid my wife would be angry and leave me. I was even more afraid of causing family conflicts, so I refused to acknowledge you. After that, that woman took you and found my sister-in-law..."

At that time, Matriarch Chu was in charge of the family, so the decision was hers.

Chu Yuan was actually very angry at himself and didn't want to acknowledge the child since the affair was a setup. He had no feelings for the child.

But the woman already ran away, leaving the child in the Chu family.

Chu Yuan's plan was to send him to an orphanage. Keeping him would be disrespectful to his wife...

However, Matriarch Chu couldn't bear to see a child of the Chu family end up on the streets. So, she insisted that Chu Ciyuan was her husband's illegitimate son and raised him.

It was Matriarch Chu who gave him a chance at life!

Chu Ciyuan was dumbfounded.

He looked at Matriarch Chu in disbelief, and she nodded in confirmation.

Chu Yuan said, "I'm not a qualified father. But between my family and you, I can only be responsible for my family. Over the years, I never expected anything from you. But my sister-in-law truly raised you like her son.

Whatever Cimo had, she gave you as well. What more could you want?"

Chu Ciyuan's eyes reddened in an instant.

Chu Yuan continued, "If you have hatred in your heart, direct it at me. I never fulfilled my obligation to support you, so you have every right to hate me. But you have no right to hate my sister-in-law!"

Chu Ciyuan stopped listening to Chu Yuan's following words.

He just stared blankly at Matriarch Chu, feeling surprised. "You really, truly care about me?"

Matriarch Chu nodded.

Chu Ciyuan stood there, stiff and motionless, feeling shocked and surprised. At that moment, thinking about everything that he had done, he was filled with immense guilt.

His voice trembled, filled with a hint of grievance. "Then why, why did no one inform me when all of you came to the capital...."

Chapter 595: Reconciled

Translator: Lord bluefire

Chu Ciyuan was convinced that Matriarch Chu didn't love him, and this was one of the reasons.

The entire Chu family had moved from Sea City to the capital, and everyone had been notified except for Chu Ciyuan... He then followed them on his own while feeling depressed and bought a house in the capital to prove himself to Matriarch Chu and the others.

Without them, he could live just as well!

So when he heard that Chu Cichen had put Matriarch Chu under house arrest, he immediately rushed over.

At that time, there was even a faint excitement in his heart.

He could finally prove himself to Matriarch Chu.

None of them knew about this childish thought, but seeing Chu Ciyuan's almost tearful, wronged expression, none of them could speak. After a while, Chu Cimo couldn't help but say, "Are you stupid? Let's not talk about how tense things were between you and the family back then. Could my mother even get through to you on the phone?"

was startled.

He suddenly remembered that he had blocked Matriarch Chu's calls.

Chu Cimo continued, "Did you think we didn't know that you had hacked into our home network and monitored the cameras? We never updated our firewall and pretended not to know, just so you could get news from home in time!"

Otherwise, how could you have known that Mother was put under house arrest?”

With each sentence Chu Cimo spoke, Chu Ciyuan couldn't help but be stunned.

In the end, his eyes shone brightly, and the previous darkness was gone, replaced by surprise and something he had lost.

Yes, it was about regaining what he had lost.

To Matriarch Chu and the others, it seemed like the nave child had finally figured things out.

But in Chu Ciyuan 's eyes, it was his loving family who had come back..

As for Chu Yuan...

Chu Ciyuan didn't even glance at him!

Since this father had never given him anything, he had no feelings for him either.

Tears fell from ?????????????? eyes, and he suddenly stepped forward, hugging

Matriarch Chu and shouting, “Mother!”

This shout carried countless grievances and his acknowledgment of the mistakes he made.

There was also some coquetry, hoping that Matriarch Chu wouldn't hold it against him.

How could Matriarch Chu hold these things against her own child? After all, they had originally concealed the truth from him for fear of his sensitivity, but they didn't expect the child to misunderstand it in the end.

Seeing that Chu Ciyuan was not sad but happier after learning the truth, Matriarch Chu was relieved and hurriedly patted his back.

Everyone present couldn't help but sigh as they watched the two.

Chu Cimo, who was standing nearby, sneered. “Snot-nosed kid, crybaby.”

Hearing this, Chu Ciyuan let go of Matriarch Chu shyly and looked at him. “You're the snot-nosed kid! Who was the one always following me around and calling me 'big brother' when we were little?”

Chu Cimo.

His first reaction was to look at Bai Shanshan as he spoke angrily, “Chu Ciyuan, let me tell you, don’t talk nonsense, especially in front of my wife...”

chuckled, “Sister-in-law, I have a lot of dirt on him. If you want to hear it, I’ll tell you one by one another day...”

“Chu, Ci, Yuan!!”

Chu Cimo roared and lunged at Chu Ciyuan.

The two brothers started to play fight.

After a while, Chu Ciyuan looked at Matriarch Chu and walked over. “Mother, if that’s the case, what happened to big brother?”

Matriarch Chu’s face darkened.

Chu Cimo also sneered. “That’s not our big brother!”

Chu Ciyuan, afraid of making Matriarch Chu sad, immediately said, “That’s right, he’s not our big brother! Mom, from now on, just pretend you never had that son. I’ll be your eldest son!”

As soon as Chu Ciyuan finished speaking, he suddenly felt a cold aura coming from the side.

He looked puzzled and saw Shen Ruoqing leisurely watching him.

However, the person emitting the cold aura was the man standing beside her.

The mysterious man wore a duckbill cap, a black mask, and black sunglasses, completely hiding his appearance. However, the cold aura surrounding him made Chu Ciyuan feel threatened.

He glared at the man fiercely. After that, he turned back to look at Matriarch Chu.

Matriarch Chu smiled.

Chu Cimo, seeing his smug second brother, decided not to reveal their big brother’s identity for now and let him regret it later!

As everyone harbored their thoughts, Chu Yuan couldn’t help but speak, “Sister-in-law, why do you and Cichen have to do this? Moreover, it was Miss Shen who cheated first, right? Keeping a gigolo outside and betraying Cichen first, it’s understandable that he would be angry...”

After Chu Yuan finished speaking, he also glanced at the man standing next to

Shen Ruojing. “And to bring him out so openly, it’s really...”

He shook his head angrily, feeling like he couldn’t bear to watch!

The matter with Jing Zhen couldn’t be made public, so the fewer people who knew about it, the better. Therefore, Matriarch Chu didn’t explain much, only saying, “In this period, The Chu Corporation will need your care.”

At the very least, with Chu Yuan in the Chu Corporation, Song Chen wouldn’t be able to stir up trouble.

Chu Yuan nodded and couldn’t help but glance at Chu Ciyuan again. However, he saw that his son had no curiosity about him at all.

Instead, Chu Ciyuan was looking at Shen Ruojing.. “You just said that if I apologize, you’ll tell me where my Master, X is?’

Chapter 596: Champion Chen ‘s Identity Exposed?

Translator: Lord bluefire

Hearing this, Shen Ruojing nodded.

Chu Ciyuan pursed his lips. “It’s because of you that my big brother became like that, so don’t expect me to like you. As for my mother, I’ll support her myself.

Hurry up and tell me, where is my master?”

Shen Ruojing twitched her mouth but didn’t speak.

Chu Cimo looked at the two and suddenly understood something. He immediately stepped forward and knocked on Chu Ciyuan’s head. “What master? Fool! Your master might seem far away, but she is actually right in front of your eyes!’

Chu Ciyuan instinctively wanted to fight back, but before he could, he suddenly realized the meaning of his brother’s words and froze. “What?”

Chu Cimo pointed at Shen Ruojing. "If I'm not mistaken, my junior martial uncle is your master, Hacker X! Right, junior martial uncle?"

Chu Ciyuan.

He looked at Shen Ruojing in astonishment and shock. "You are Hacker X? That's impossible, right?"

Shen Ruojing raised an eyebrow. "Why is it impossible?"

Chu Ciyuan said, "Because when I first got involved with the internet, Hacker X was already famous, and you were only eighteen at the time, right?"

Shen Ruojing smiled. "Yes, I started using computers when I was just over ten years old."

Chu Ciyuan. "!!"

He looked at her in shock, and then his eyes revealed a crazy infatuation. "Are you really my master?"

Shen Ruojing. "I'm not really considered your master, right?"

"No, no, no! You once answered a question under a post regarding hacking techniques. I benefited a lot from it. Later on, I found many of your posts to read. Many of my technical problems were solved by reading your posts, so you are my master!"

After he finished speaking, he couldn't help but come to Shen Ruojing's side and respectfully asked, "I was originally wondering how you could betray my big brother, but now I understand. With your skills, you must not be interested in someone like my big brother, right? After all, being a CEO and all is too boring compared to the excitement of the hacker world! "

Shen Ruojing.

The man standing next to her began to emit the cold aura again.

After Chu Ciyuan glanced at him, he couldn't help but say to Shen Ruoqing, "Master, actually, this person beside you isn't worthy of you either. I think you should find a top hacker and hack computers together. Just imagine how refreshing that would be!"

Shen Ruoqing.

Chu Cimo listened on the side without stopping him, even nodding and agreeing. "Yes, yes, go on."

(Wait until you know your big brother's identity, and we will see how arrogant you are!)

(Little brat!)

Chu Ciyuan was one year older than Chu Cimo, and that one year made a difference in terms of age advantage. Hence, Chu Ciyuan could easily win the play fights with Chu Cimo when they were kids, and even when they grew up, Chu Ciyuan always had the upper hand.

Now, finally, there was an opportunity for his big brother to teach Chu Ciyuan a lesson. So, Chu Cimo was very happy.

Chu Ciyuan didn't understand Chu Cimo's intention and thought that his younger brother had become as obedient as before, so he continued, "Right, master? Do you want me to introduce one to you? I know a famous international hacker who is very handsome..."

Shen Ruoqing coughed, turned around, and walked away to avoid people around her getting angry. "Let's talk about this later, let's go home first." A few of them took two cars back to Shen Manor.

Chu Ciyuan wanted to follow his master, but he had just reconciled with Matriarch Chu and wanted to be with her as well. In the end, he struggled for

a moment and decided to follow Matriarch Chu's car out of gratitude for her upbringing.

Shen Ruoqing brought Chu Cichen into the car alone.

After the car started, Chu Cichen's aggrieved voice came over. "Jingjing, should I learn some computer skills?"

Shen Ruoqing.

She turned her head and saw Chu Cichen's big phoenix eyes staring at her, full of grievances. He sighed. "I don't know anything now. I even forgot my past, and I may not be able to learn in the future. Will you dislike me then?"

Shen Ruoqing simply reached out her hand and held his hand tightly. "Don't talk nonsense, I will definitely not dislike you.'

Chu Cichen seemed relieved. "Alright. By the way, Jingjing, what kind of person was I in your eyes before? Was I someone who only knew how to make money and nothing else?"

Shen Ruoqing coughed. "Not really, you were also my partner.'

'What else?"

Shen Ruoqing. "?"

She thought for a moment. 'That's it, I guess?"

Chu Cichen was not satisfied. "Then I should learn martial arts in the future. Chu Cimo seems to admire you a lot too. If I don't know martial arts, will he try to find you a powerful martial arts master in the future?"

Shen Ruoqing twitched her mouth, but it was normal for an amnesiac person to feel insecure. So she said, "Don't worry, I won't like those people.

'What kind of person do you like?'

"I only like you."

Shen Ruojing's casual remark made Chu Cichen's face turn red.

Seeing his appearance, Shen Ruojing curled her lips.

But since Chu Cichen mentioned a martial arts master, she suddenly thought of Champion Chen. She had sent him many emails, but they never met. What a pity!

She didn't know who Champion Chen was.

She must find that person and have a hearty fighting match with him to see who was more powerful.

Just as she thought about this, Chu Cimo suddenly came over. "Junior martial uncle, since you are Hacker X, can you hack into my big brother's email and change his password? We must not let that scoundrel Song Chen benefit! Also, I heard there are many confidential files in my brother's email. Let's intercept them to prevent any problems. Just now, that lousy hacker Chu Ciyuan tried it, but he failed, haha..."

Shen Ruojing nodded. "Alright, what's his email?"

Chu Cimo immediately replied, "It's from the Chu Corporation's domain and the start is CCC, three Cs. It's my big brother's initials!"

Shen Ruojing nodded, took out her phone, and was about to hack into the email when she suddenly froze.

Three Cs?

Chapter 597: Song Chen's Tricks

Translator: Lord bluefire

"Three Cs?"

"This email address is so familiar!"

She suddenly remembered Champion Chen's email. It had three Cs too!

Wasn't the initials of Chu Cichen's name also three Cs?

Shen Ruojing instinctively turned her head to look at Chu Cichen and saw the man's eyes flicker for a moment before he looked at her innocently.

Shen Ruojing.

She could almost be sure that this man was definitely Champion Chen!

Thinking back to the previous tricks of Champion Chen, which asked her to praise him in emails and even said that the praise was not sincere enough, she had initially thought that he was weird. But now, she realized that this guy must have done it on purpose!

Shen Ruojing then took a deep breath and looked at Chu Cichen again.

She suddenly felt her hands itching.

She coughed and told Chu Cimo, "I suddenly remembered that your elder brother told me that all his email passwords are changed every week to prevent them from being stolen, so you don't have to worry about this issue."

Chu Cimo breathed a sigh of relief. "That's good."

After speaking, he glanced at Chu Cichen and whispered, "Sister-in-law, my elder brother actually has many other businesses that he does secretly every day, but I don't know what he's up to. I'm just worried that if his overseas business was taken over by Song Chen, it would be troublesome."

Shen Ruojing nodded. "Okay, I understand."

Chu Cimo then went to the house, and Chu Cichen turned around to follow him. But after taking only two steps, his shoulder was pressed by a slender hand from behind.

Then Shen Ruojing's cool voice came from behind him. "Cimo, you go in first. I have to talk with your elder brother..."

Chu Cimo.

He hesitated and looked back, but when he saw his sister-in-law's cold expression, he was suddenly frightened and said, 'Okay, okay, I'll go now.' He completely ignored the pleading look his elder brother gave him and ran away.

Chu Cichen.

Chu Cichen felt his scalp go numb.

He slowly turned his head and saw Shen Ruojing looking at him with a smirk.

Chu Cichen asked, "Jingjing, what's wrong?"

Shen Ruojing sneered. "Nothing, I just want to spar with you."

As soon as she said this, she immediately punched him.

Shen Ruoqing did not hold back with this punch and directly attacked Chu Cichen 's face because she knew that even if Chu Cichen lost his memory, his body's reflexes would not forget.

Sure enough, the next moment, Chu Cichen turned his head and dodged the attack, then he innocently asked, "Jingjing, what are you doing? I don't remember any moves, how can I spar?"

"Hmph."

Shen Ruoqing snorted and continued to hit Chu Cichen. Chu Cichen could only dodge again.

The two of them fought back and forth, with no clear winner. Finally, Shen Ruoqing got bored and stopped. 'Why aren't you fighting back?'

Chu Cichen said in a pitiful tone, "I don't know how to fight back, I don't remember...'

He tapped his head and continued, "Jingjing, did I make you angry before? Please don't be mad at me. I was wrong and won't do it again in the future."

Looking at his innocent expression, Shen Ruoqing remained silent for a long time and finally sighed quietly.

Yes, even if he had played tricks on her before, he had lost his memory and certainly wouldn't remember. What was the point of holding a grudge against him?

Thinking this way, Shen Ruoqing suddenly felt bored and waved her hand. "Forget it, let's just leave it at that." She then followed Chu Cichen into the living room.

Chu Cichen was better off seeing fewer people, so before they got out of the car, they already wore masks and baseball caps. They then went straight upstairs without greeting Chu Yuan and entered the house.

Just as Shen Ruoqing reached the top of the stairs, she received a call from the Ford City's Yun family.

As soon as the phone was answered, Shen Ruoqing's uncle, Yun Zhengyang's voice came through, "Jingjing, what's going on with you and Cichen? Why did I hear that he abandoned you? If that's really the case, your uncle won't allow you to be bullied!"

Madam Yun was also beside him and shouted anxiously, “Yes, Jingjing, what’s going on? Didn’t my elder sister manage him? This is too much, you’ve given birth to three children for him!”

After listening to them, Shen Ruoqing said helplessly, “Uncle, Auntie, I’m fine. We just had some conflicts, but it’ll be okay after a while.”

After a pause, she reiterated, “We just had some misunderstandings. It’ll be fine after a while.’

Yun Zhengyang fell silent for a moment and suddenly said, “How can it be okay? Jingjing, don’t you know? Just now, the Chu family spread the news that Chu Cichen is going to be set up for a blind date!”

Shen Ruoqing was surprised. “What?’

“It’s a blind date! Chu Cichen is going to marry someone else! Did he deceive you?’ Yun Zhengyang kept talking, but Shen Ruoqing’s face already darkened.

Now that Song Chen had taken on the identity of Chu Cichen, if he really got married, someone else might become Chu Cichen’s legal wife. Shen Ruoqing would never allow this to happen!

She immediately spoke up, “I got it.”

After finishing the call, she hung up the phone. Chu Cichen saw her unhappy expression and asked, “What’s wrong?’

Shen Ruoqing took a deep breath. “Song Chen is getting married.”

Chu Cichen’s face turned as black as the bottom of a pot.

Song Chen’s tricks really seemed to be endless!

Shen Ruoqing frowned. “I was thinking of keeping an eye on him to see what he is up to, but since he’s pushing forward like this, it looks like we have to get you and him back in your respective places! Otherwise, we won’t know what he’s going to do with this identity! ‘

Hearing Shen Ruoqing’s words, Chu Cichen nodded in agreement.

Just then, another unexpected visitor arrived at the Shen Manor – Shen Jiayi!

After the second branch was kicked out from the Shen Family, Shen Jiayi hadn’t visited the Shen family.

This time she came with a wedding invitation. ‘Mr. Chu and I will get married on the first day of next month.. I’m here to invite my cousin and her family to attend!”

Chapter 598: Everyone Wants To Help Jingjing

Translator: Lord bluefire

After being kicked out of the Shen family, Shen Jiayi had been quite restrained.

During this period, the Shen family did not allow anyone from the second branch to visit and even claimed that they had split from the second branch long ago.

Shen Zhong and Shen Chong had been trying to make a living on their own, thinking that their abilities were enough to support their own family and even make it stronger.

They felt that the Shen family's achievements were all due to their efforts, as in recent years, Shen Yuansong's health had been poor, and he had entrusted many businesses to them.

But after they truly left the Shen family, they realized how difficult it was to take a step forward. Previously, everything they did was smooth because everyone was giving face to the Shen family.

However, without the powerful network of the family, who would give them face?

They were even looked down upon by others. "Do you think you're still the spokesperson for the Shen family? Even if you come to our company, you can only start from the bottom!"

Without the family's connections, they were nothing.

Shen Zhong and Shen Chong's failure also brought a huge crisis to the family's children.

Shen Wanying was divorced by the Bai family and returned home. However, as she had a broken leg and was unable to work, and the family couldn't even afford to hire a servant, all the household chores fell to Shen Jiayi.

Shen Jiayi had always been arrogant, but after being kicked out of the family, she became more restrained.

However, she never forgot her ambition. She had long since said that Chu Cichen had feelings for her, but no one believed her and thought she was a joke. Now, she wanted to show everyone that she was not a joke.

Shen Jiayi felt like a pie had fallen from the sky when Chu Cichen suddenly approached her and told her that he wanted to marry her.

She even felt like he had never lied before.

At this moment, she smiled and handed the invitation to Shen Ruoqing, saying, "Cousin, do you believe me now that Chu Cichen has feelings for me?"

Her smug look made everyone in the room angry.

Matriarch Chu was the first to stand up and say, "I don't agree to this marriage!"

Shen Jiayi looked at her and smiled, seemingly as though she had been informed of this by Song Chen.

"Auntie, the Chu family is now under the control of Mr. Chu. Even if you don't agree, it won't make a difference. After I marry into the Chu family, I will take care of the family affairs. Please don't worry."

She then turned to Shen Ruoqing and said, "Cousin, I don't think you'll mind, right? The Chu family's business is even better than the Shen family's now. We've also invited many friends and family to come over. You will attend the wedding and bless us, right? Chu Cichen and I really want your blessing!" Shen Ruoqing frowned at these words and pointed to the door. "Please leave."

Shen Jiayi left with a smug look on her face. After she left, the butler came in and said, "She came in on the Chu family's car, so we thought it was Mr. Chu and didn't stop her..."

Although Shen Ruoqing and Chu Cichen had not held a wedding ceremony, outsiders knew about their relationship. After all, only a few people knew about Song Chen's situation, so how could the butler stop Chu Cichen from entering the Shen family's home?

Shen Ruoqing waved her hand to indicate that she understood. After the butler left, she clenched her jaw. "Auntie, I know what to do, don't worry." She then took a deep breath. "Stay here, I'll go out for a bit."

Hearing this, Chu Cichen followed her immediately. "I'll go with you."

Chu Ciyuan couldn't help but catch up. "Master, what are you going to do? Are you planning to kidnap the groom at the wedding? I can help you with whatever you need, even if it's against my big brother!"

Shen Ruoqing.

Chu Cichen.

As Chu Ciyuan's eyes glanced around, he approached Chu Ciyuan and patted him on the shoulder. "How could you betray our eldest brother?!"

Chu Ciyuan replied, "Big brother has been abroad since he was a child, and I have no emotional connection with him. Instead, it was my master who led me down this path, so of course, I'm more partial to my master!"

Sensing Chu Cichen's gloomy gaze and the fact that Chu Ciyuan didn't realize the danger ahead, Chu Cimo felt even more satisfied. He had helped Chu Ciyuan accumulate enough resentment for their eldest brother now, so he dragged him and the others out the door.

All jokes aside, Chu Cimo's gaze turned grim.

Whatever their sister-in-law wanted to do, they had to help.

When they left the house, Shen Ruoqing sat in the driver's seat, and there was a dispute over the front passenger seat.

Chu Ciyuan was jealous and wanted to talk to his master a little more, so he wanted to be closer to her and tried to seize the front passenger seat. But Chu Cichen, wearing a duckbill cap and mask, would not let him, and the two almost started fighting.

Finally, the two of them looked at Shen Ruoqing in unison, asking her to decide.

Shen Ruoqing said, "Let Chu Ciyuan take the seat."

Chu Ciyuan suddenly showed a haughty expression.

His master had chosen him in the end!

As for Chu Cimo, he felt the chill emanating from his big brother and decided to watch the show from the back seat.

Chu Ciyuan's reckless provocation would definitely have a terrible ending!

Their big brother's methods were formidable!

As Chu Cimo was feeling proud of himself, he suddenly saw Shen Ruoqing get out of the driver's seat and say to him, "You go drive."

Chu Cimo: ‘

Chu Ciyuan:

One reluctantly drove, while the other reluctantly sat there.

Chu Ciyuan couldn't help but look at Shen Ruoqing and silently sigh. He never thought that the internationally renowned Hacker X would be so fickle!

The group had various thoughts as they left and went directly to Valor Gate.

As Old Hong was about to leave, he saw Shen Ruoqing coming in and he waved his hand. "I was just thinking of finding you. So tell me, how many brothers do you need? Do you want to smash the wedding or snatch the groom?"

Shen Ruoqing:

Chapter 599: Switching Forcefully!

Translator: Lord bluefire

Old Hong was now over 60 years old, with white hair all over his head.

However, because he practiced martial arts every day, he still looked spirited and healthy.

When he spoke, his voice was loud and resonant, and all the elders of the Valor Gate knew that their junior martial sister had arrived, so they started gathering here.

Chu Cimo was a bit scared watching all this. These elders in the Valor Gate were usually very serious and didn't smile often. Were they going to start a criticism meeting?

Unexpectedly, these people all gathered around Shen Ruoqing and began to angrily ask.

"Little junior sister, what's going on?"

"I heard that the one surnamed Chu treated you badly?"

"A few of us brothers are still able-bodied. Just wait, I'll bring people to help you since you are bullied!"

"That Chu Cichen is a scoundrel. I'm going to cripple him!"

"Don't be sad, little junior sister. There are still many good men out there.

Everyone was speaking their mind, and Shen Ruoqing was clearly the darling of Valor Gate.

Chu Cimo and Chu Ciyuan stood nearby, watching silently. They were retreating as they were afraid that these people would turn their anger toward them. They wished they could become invisible and reduce their presence.

Unfortunately, the senior uncles all recognized Chu Cimo. After scanning him with a glance, their faces all turned dark.

"Hey you, the one surnamed Chu. Come over here. Isn't your big brother Chu Cichen? Let us beat him up to relieve our anger!"

Chu Cimo.

He was about to sneak away when he saw Chu Ciyuan standing next to him, so he immediately shouted, “Senior uncles, I don’t know my big brother well, but my second brother is familiar with him. If you want to beat someone up, start with him!”

Chu Ciyuan.

Of course, everyone was just joking. Soon, Shen Ruoqing extended her hand, and her angry senior brothers around her calmed down and looked at her.

“Senior brothers, I really need your help with something. It’s like this...”

She whispered something, and they all nodded. But their expressions were still not good.

“Junior sister, are you trying to elope? That dog of a man has abandoned you. Even if you get him back, what’s the use?”

The dog of a man, the real Chu Cichen, silently pulled his duckbill cap down.

Suddenly , he felt immense pressure.

Shen Ruoqing gave him a sneaky smile and said, “After all, he is the father of our children. If he doesn’t listen, we’ll teach him a lesson.”

“That’s right. We have 88 torture methods in Valor Gate. We can use them all on him!”

After explaining everything to the Valor Gate’s seniors, Shen Ruoqing led Chu Cichen out. As for Chu Cimo and Chu Ciyuan, they had already run away in fear, leaving only the two of them here.

Shen Ruoqing looked at Chu Cichen and asked, ‘What do you think of my idea just now? Any suggestions?’

Song Chen had taken Chu Cichen’s identity and he was surrounded by bodyguards. They couldn’t boldly switch them out, but they could use the wedding as an opportunity to switch Chu Cichen and Song Chen!

Even if Chu Cichen didn’t remember the past, they could at least take back the position of the head of the Chu family.

When Shen Ruoqing said this, Chu Cichen’s eyes deepened. He looked at her again and nodded. “Okay, I’ll listen to you.’

After speaking, he couldn’t help but say, “But I don’t remember anything. Even if I take over the Chu family’s business, I’m afraid you’ll have to take care of me more.”

Shen Ruojing nodded. "No problem."

While they were talking, they returned to the Shen Manor. Chu Cichen lived with the Shen family, so Shen Ruojing had told Old Master Shen about Chu Cichen and Song Chen's situation...

As they arrived home, they saw the leaders of the Bai, Rong, and Xu families here at the Shen Manor. They were inquiring about the wedding of the Chu family. They had received the invitation but were still hesitating about whether to attend or not. After all, it was a blatant slap in the face of Shen Ruojing.

But if they didn't go...

The Chu family had now occupied most of the market in the Shen family's territory, becoming the fifth most powerful family in the capital. The other families didn't want to offend Chu Cichen...

Listening to their inquiries, Shen Ruojing's reply was simple. "Go! We naturally should attend this wedding."

The more people there were, the easier it would be for her to carry out her plans!

After receiving the answer, they all agreed to attend. Also, as they were leaving, they gathered together to whisper.

"Miss Shen is really pitiful. Mr. Chu has been dragging his feet for the wedding all this time, and now he's going to marry someone else. I really don't understand why. Miss Shen is so much better than Shen Jiayi in both looks and temper."

"Yes, and don't you know? Miss Shen is now the Crown Princess of Country A. It is really embarrassing for her to be dumped like this..."

"Mr. Chu is truly confused. If he had a virtuous wife like Miss Shen, the Chu family would definitely rise to greater heights in the future."

"Sigh, poor Miss Shen. She has to witness her loved one marry someone else. I can't imagine how difficult it must be for her..."

Shen Ruojing had no idea about what the others were commenting. She was rubbing her hands eagerly, waiting for the day of the wedding.

Song Chen had made their lives miserable for quite some time. It was too much!

Soon, the day of the wedding arrived!

Chapter 600: This Wedding Was Prepared For You

Translator: Lord bluefire

Chu Cichen's grand wedding became the biggest news in the capital.

Before the wedding, major newspapers had already started building momentum, and many media outlets had begun to report on it publicly.

Hence, Shen Ruoqing could see the progress of the wedding preparations every day.

First, it was announced that the venue would be a luxurious hotel in the capital.

Then, fresh flowers were air-shipped from abroad to cover the entire site...

As a result, the whole venue was filled with a pink atmosphere, and all the dignitaries of the capital were invited...

The four great families had been intentionally low-key in recent years, so it had been a long time since a wedding like this occurred. So, the media reported on it daily, and it became common knowledge. The reporters also caught wind of Chu Cichen's past love life and dug it up.

Or rather, it wasn't digging but Shen Jiayi deliberately spreading rumors.

Because of that, everyone knew about Shen Ruoqing's unrequited love for Chu

Cichen and her inability to win him over.

Furthermore, Shen Jiayi somehow found out that Shen Ruoqing had gone to Sea City with two children two years ago, so the media reported that Shen Ruoqing had had a one-night stand with Chu Cichen six years ago, which resulted in a secret pregnancy.

However, Shen Ruoqing was cunning and aimed to climb the social ladder. She only brought the grown-up children to Chu Manor five years later. Chu Cichen initially didn't recognize her and treated her poorly, but Shen Ruoqing stubbornly moved into the Chu residence.

In order to win Chu Cichen's approval, she tried to please everyone in the Chu family.

Out of consideration for their three children, Matriarch Chu and her siblings-in-law accepted her, but Chu Cichen never really took a liking to her, so the wedding was delayed and they never got a marriage certificate.

For those unaware of the situation, these rumors sounded plausible, and many people believed them.

However, some uninformed people questioned that since Shen Ruojing wasn't the legitimate daughter of the Shen family and if Shen Jiayi was just a cousin, shouldn't Shen Ruojing's status be more prestigious?

People then continued to explain.

Shen Ruojing didn't grow up in the Shen family and therefore didn't understand the rules of a wealthy household, so Chu Cichen must have preferred someone like Shen Jiayi who had been educated in the rules of high society...

It seemed to make sense.

Chu Cimo, seeing this information on the internet, was furious. 'They're simply slandering us! My sister-in-law is so much better than that Shen Jiayi! How dare they write this, it's outrageous!'

Matriarch Chu, however, was calm. 'It's just public opinion. Why do you care so much? Ruojing has been through so much and no longer cares about these things.'

Chu Cimo turned to look at Shen Ruojing and praised her without hesitation. 'Yes, my little uncle is so strong.'

Matriarch Chu immediately tapped him on the head. 'You should learn from Ruojing. Society is developing so fast that the internet can't keep up, and there's no regulation. Anyone can say whatever they want. If you care about every word, you'll be exhausted.'

Chu Cimo nodded and continued to read the comments. 'But most of them are good toward sister-in-law, scolding my brother for taking her time... Damn! This person said my sister-in-law brought it upon herself,

Chu Cimo wanted to curse, but because his mother was near him, he could only swallow his words.

Matriarch Chu couldn't help but say, 'There are so many good comments that you don't look at, but you just focus on the bad ones. Is your brain broken? There will always be garbage in this world!'

Shen Ruojing suddenly thought that Matriarch Chu's words were crude but reasonable.

Indeed, many people nowadays were upset over a few negative comments online, but in reality, there were more supportive ones. Why punish yourself because of some garbage remarks?

Unfortunately, too few people understood this.

Matriarch Chu lowered her eyes.

Soon, their car arrived at the wedding venue.

Since Matriarch Chu refused to organize Song Chen's wedding, the people welcoming guests at the entrance were the new butlers that Song Chen had hired.

The previous butler was fired by Song Chen after Matriarch Chu left.

Matriarch Chu knew this and asked the butler to gather all the fired servants of Chu's family. She then gave them a one-month vacation and agreed that they could return afterward.

So now, all the servants in Chu Manor were Song Chen's people, and the current butler should be considered one of his trusted aides.

Shen Ruoqing stared at the butler, who was in his forties or fifties, and narrowed her eyes.

She had a feeling that this person should be from the Doom organization!

Otherwise, Song Chen would not trust him so much.

The Doom organization had been watching them, and Shen Ruoqing knew that she and the organization were not on the same side. If she couldn't eliminate them, she would be entangled with them. They were like maggots in the bones, and she could never escape their grasp.

She came here today for two reasons, to make Song Chen and Chu Cichen return to their positions and use Song Chen to lure out the people from the Doom organization. At the very least, she wanted to force them to reveal the location of their hideout!

The Chu Family's car stopped at the hotel entrance.

Seeing Shen Ruoqing and her group, the originally lively guests suddenly fell silent, staring at them in astonishment.

After all, no one had expected the heroine of the scandal to show up here!

Everyone looked at them, awkwardly offering a greeting.

Shen Yuansong didn't say anything but just waved his hand and glanced around before entering the banquet hall.

Shen Ruoqing followed him in.

She looked at the pink decorations filling the venue and the large, white, moon-shaped light in the center of the wedding scene, and she was slightly stunned.

Subconsciously, she turned her head to look at the man beside her.

Chu Cichen was wearing a mask and sunglasses, and he obviously noticed her gaze as well. After seeing the light above their heads, he was also slightly taken aback.

This was the wedding scene of their dreams.

The bright moonlight seemed to have witnessed their love.

Pink beach, pink moon... this was what they had created during a brilliant fireworks display when they were abroad.

How did Song Chen know about this?

As Shen Ruoqing hesitated, Song Chen suddenly walked over. "Jingjing, as long as you want it, this wedding can be held for you.."
