I Am A Boss Mommy That Wants To Slack chapter 641-When Luo Yan and the other noble ladies heard this, they were stunned.

One by one, they turned their heads to look at Shen Ruojing.

They saw their Princess staring intently at the soldiers, her eyes filled with scrutiny, which made Yan Zixuan, who was being stared at by her, feel somewhat uneasy.

The noble ladies bit their lips.

Since they had come, it was impossible for them to leave.

Otherwise, wouldn't they be losing face for their Princess?

I lowever, they also understood that if they really watched this group of men change clothes, their future marriages would become difficult... and they might even get a sty in their eyes!

.....

Upon thinking this way, everyone's eyes gradually reddened.

But at this moment, they suddenly heard Shen Ruojing's voice. "Keep going, why did you stop?"

Yan Zixuan and the other soldiers were slightly taken aback.

Then they saw Shen Ruojing staring straight at them.

Yan Zixuan was so irritated by her that he sneered, "Fine, we'll continue. Since Your Highness wants to watch, we'll let Your Highness see!"

After saying this, he took off his coat and threw it to the side.

Then he began to unbutton his shirt.

The other soldiers followed suit, taking off their tops to reveal their solid chests, and then one by one reached for their belts.

Shen Ruojing was still watching them.

Yan Zixuan gritted his teeth, determined to continue unfastening his belt!

However, at this moment, he suddenly heard Shen Ruojing's voice. "What are we doing? Oh, we entered the military camp today, and Little General Yan said that soldiers should have the mental quality to change clothes outdoors, so I asked them to demonstrate for us female soldiers first. Everyone, come and watch..."

She raised her phone, aimed it at Yan Zixuan, and clicked her tongue in admiration.

"Wow, this chest... All, Little General Yan, keep going!"

After Shen Ruojing said this, she aimed her phone at him. "Everyone is shouting, wanting to see your strong leg muscles..."

Yan Zixuan's entire body stiffened. "What are you doing?"

Shen Ruojing casually said, "Livestreaming. You don't know about China's live-streaming industry? I found that our Country A's social media accounts also have this feature, so I gave it a try. It's quite useful, and the picture is very clear, but there are too few people in the room..."

Hearing this, Yan Zixuan breathed a sigh of relief.

Fortunately, there were only a few people.

Then he heard Shen Ruojing say. "Only 10,000 people."

Yan Zixuan."?"

Luo Yan, who was standing nearby, said, "Your Highness, that's a bit few, but it's because you have just started broadcasting. Actually, when your social media account was established by the officials and Princess Daisy followed you last time, you already have one million followers."

It was important to know that Country A had only a few million people, so having one million fans was already quite impressive!

Luo Yan continued to add fuel to the fire, “In a while, I estimate that there will be 100,000 people watching you since everyone is still very curious about you.”

100,000...

The number popped into Yan Zixuan’s mind, and he was completely stunned.

He stared blankly at Shen Ruojing, and in the next moment, he quickly removed his hand from his belt, picked up the shirt beside him, and quickly put it on!

Shen Ruojing seemed a little disappointed. “Little General Yan, what are you doing? Why don’t you continue undressing? Didn’t you say it? A soldier’s quality is being able to change clothes in public! Go on, let’s have gender equality...”

The reason why Yan Zixuan dared to undress here was that there were more men and fewer women.

If a man was surrounded by a group of women and was watched while he undressed, he would definitely feel as much shame as a woman!

So when Shen Ruojing said that there were 10,000 people watching him in the live broadcast room, Yan Zixuan was immediately scared and didn’t dare to continue. He even angrily looked at Shen Ruojing. “What are you doing? You can’t have phones in the army! You can’t do a livestream, and you can’t reveal your location. Don’t you even understand this basic knowledge? With your military ignorance, our army will never let you stay here!”

After saying that, he tried to snatch Shen Ruojing’s phone, furious with shame.

Shen Ruojing stepped back, quickly twisted her wrist to avoid Yan Zixuan’s grasp, and then pointed the phone at him. She then said, “I didn’t turn it on. I was just teasing you.”

Yan Zixuan.”...”

Shen Ruojing put the phone in her pocket and then looked up at the group of men, saying word by word, “The shame you felt just now is how we feel right

now. So, are you sure you still want female soldiers to change clothes in public?”

As soon as she said this, the other soldiers didn't dare to speak.

One by one, they lowered their heads in shame.

They had originally thought that this group of delicate young ladies wouldn't be able to handle it, but they didn't expect Shen Ruojing to outwit them, making them feel too embarrassed to continue tormenting the women.

The other soldiers looked at Yan Zixuan and coughed. “General, shall we... just forget it?”

Of course, they should forget it.

With things having reached this point, how could he still have the face to continue tormenting them?

Yan Zixuan was furious and frustrated, and then commanded, “Take them to the changing room.”

Under the guidance of the other soldiers, Shen Ruojing arrived at the changing room.

With a smile on her face, she said, “Oh, so you do have a changing room. I really thought we were in a primitive society, changing clothes outdoors!”

The soldiers.”....”

I Am A Boss Mommy That Wants To Slack chapter 642-After the soldiers left, Luo Yan still checked the surroundings to make sure it was safe.

This was a military camp, and no one could install cameras casually here, so this was an unnecessary precaution. The group of noble ladies, including Shen Ruojing, then changed their clothes.

To their surprise, once they put on their military uniforms, they all looked both beautiful and stylish.

They looked at each other and finally showed smiles that they hadn't had since yesterday.

After everyone changed, they came to Shen Ruojing and said, “Your Highness, we’re ready.”

Shen Ruojing looked at the time and nodded. “The upcoming training will undoubtedly be tough, but I believe everyone can endure it. Only in this way can we stay in the military camp and make a difference. Only by proving ourselves in this male-dominated environment can we truly change the status of women in Country A!”

Hearing this, the other female soldiers immediately felt invigorated, and they all shouted, “Yes!”

.....

“Alright, let’s go.”

Shen Ruojing led the group of female soldiers, tying their long hair into tight buns on top of their heads and tucking them into their hats.

In Country A, women’s hair was considered more important than life itself, so Shen Ruojing didn’t ask them to shave their heads or cut their hair short at first. After all, things should be done step by step.

Moreover, Shen Ruojing was reluctant to part with her beautiful long hair.

Long hair took a long time to grow, and tying it up like this had no impact on her.

Like this, Shen Ruojing led them out the door.

As soon as they stepped out, they saw Yan Zixuan standing not far away, watching them.

Shen Ruojing then led the team of female soldiers to stand in front of Yan Zixuan.

Yan Zixuan stared at them and said, “Since you’ve decided to join the military camp, your daily training will be the same as the male soldiers. However, considering that you’re all newcomers, I’ll personally train you from the beginning today!”

Seeing the determination of these women, it was impossible to drive them away now.

However, Yan Zixuan didn't want this group to represent the Yan family's army in the martial arts competition. He had just taken over the Yan family's army this year, and if they didn't achieve good results as in previous years, people would say that he was incompetent.

His expression turned serious. "I won't go easy on you, and if you're all unqualified during the selection, I won't let you represent the Yan family's army and embarrass us. Do you understand?"

Shen Ruojing and the other noble ladies said in unison, "We understand."

"Louder! Haven't you eaten?" Yan Zixuan scolded angrily.

"We understand!"

The voices of the group of women echoed in the sky of the military camp.

The first step Yan Zixuan took in training them was to teach them the proper military posture!

Country A had close ties with China and shared similar physical characteristics, so their training for soldiers was quite similar.

As they stood in military posture, it was apparent that these noble ladies were indeed handpicked by Shen Ruojing. They had better physical strength than ordinary women, and most of them could stand for at least an hour.

However, after an hour...

The noble ladies began to wobble, their legs shaking as they struggled to stand steady.

Yan Zixuan sneered, hitting anyone whose posture was incorrect with a bamboo stick in his hand.

After being hit, the women didn't cry out in pain. Instead, they immediately moved their legs in place and continued to stand.

Although Yan Zixuan was quite surprised that these delicate women could persist for so long, he still wanted to pressure and brainwash them.

He said, "This won't do, your physical fitness is too weak. Our male soldiers are required to stand in military posture for at least three hours..."

As he spoke, he walked in front of Shen Ruoqing and noticed her perfect posture. Even after an hour, this Princess didn't even break a sweat, surpassing the physical fitness of most soldiers.

Yan Zixuan stared at her, trying to find her mistakes. But after a while, he couldn't find any errors and ended up glaring at her before moving to Luo Yan.

Luo Yan clenched her teeth, her face looking fierce but also somewhat cute.

Yan Zixuan stood in front of her, tapping her leg with a small stick. "Stand up straight!" Luo Yan quickly straightened her body.

But the next moment, her arm was hit hard. Luo Yan glared at Yan Zixuan and heard him say. "This arm must stay close to your body! Put some strength into it, understand?"

Luo Yan."?"

Just as Luo Yan straightened her arm, Yan Zixuan's stick tapped her face. "What's with that expression? If I didn't know better, I'd think that you were unhappy with the military posture! Relax a bit!"

Luo Yan."!!"

If she didn't realize that Yan Zixuan was targeting her now, then she would be brainless. She was furious, her round face turning red and her big round eyes glaring at Yan Zixuan. "You're going too far!"

Yan Zixuan. "Being strict with you is for your own good..."

Luo Yan."???"

She stared at Yan Zixuan angrily.

The other noblewomen, who were not being watched by Yan Zixuan, could sneak a chance to move their arms and legs. However, Luo Yan was being watched and couldn't do anything. She was about to reach her limit...

Suddenly, Luo Yan had an idea and shouted, "Reporting!"

Yan Zixuan stared at her. "Speak."

"I need to use the restroom!"

“Not allowed.”

Luo Yan glared at him. “I’m about to wet my pants!”

Yan Zixuan suddenly felt that Luo Yan was shameless for saying such a thing to a man. He scoffed coldly, “Then hold it in for me. If you want to speak up for women, you have to go all the way!”

He gained a bit more admiration for the noblewomen in front of him and spoke solemnly, “Actually, not all women can’t be soldiers. At least, one of my idols is a female mercenary!”

Upon hearing this, Luo Yan became curious. “Who?”

Yan Zixuan scoffed, “She’s from the Dark Web Organization, and she is known as Number 518. You wouldn’t know her, so there’s no point in telling you.”

Beside them, Shen Ruojing..”?”

I Am A Boss Mommy That Wants To Slack chapter 643-When Dugu Xiao was first invited to join the Dark Web Organization, only the heads of the three families were present, and Yan Zixuan was not there.

Afterward, although everyone recognized Shen Ruojing’s identity, the heads of the families were all cunning and didn’t want to promote the Princess, so they didn’t publicize that Shen Ruojing was 518.

As a result, Yan Zixuan didn’t know that his idol was right in front of him.

At this moment, he was still lecturing Luo Yan, “The training mode of the Dark Web Organization is much more difficult than ours, but 518 has never been afraid of hardships. She is also the world’s number one female agent! So, if you want to achieve something, you must put in more sweat than ordinary people! Stand up straight for me! If you can’t hold it in, just pee in your pants!”

Luo Yan.”!!”

“...” Shen Ruojing glanced over and saw that Yan Zixuan couldn’t find her mistakes, so he targeted Luo Yan.

She couldn’t help but frown.

.....

She didn't care.

Her physical fitness was definitely not a problem, and she could even beat three Yan Zixuans.

However, the other noble ladies had never received this kind of military training. Standing in a military posture for an hour for the first time was definitely too difficult for them. The others could grit their teeth and hold on, but since Luo Yan was being targeted like this, she definitely couldn't hold on mentally and physically.

Yan Zixuan was obviously targeting Luo Yan.

Thinking of this, Shen Ruojing gave Luo Yan a look.

At first, Luo Yan didn't understand, but after a while, she suddenly realized and closed her eyes. "Oh, my head is so dizzy!"

After saying this, Luo Yan fell straight to the ground!

In an instant, the surrounding noble ladies gathered around, pushing Yan Zixuan away and shouting.

"Luo Yan, Luo Yan, are you okay?"

Then several girls looked fiercely at Yan Zixuan and scolded him.

"General Yan, you've gone too far!"

"We know that the Yan family and the Luo family don't get along, but Luo Yan is innocent. How could you target her like this?"

"Yeah, yeah, we've been standing for more than an hour. You're really too much!"

II II

Yan Zixuan was also a little flustered.

The Yan family and Luo family indeed didn't get along. As both families were political rivals, it was destined that they could not unite. They were always

fighting for the emperor's power. However, Yan Zixuan didn't really see Luo Yan as a member of the Luo family.

The men in Country A were very arrogant and always looked down on women, but at the same time, they wouldn't harm their own families.

The competition between the three families never targeted the women in the backyards because their status was very low and they couldn't play any significant role.

Yan Zixuan only targeted her because he thought her tense little face was amusing, and he had the idea of teasing her.

But now, she fainted?

Yan Zixuan immediately pushed away the other women and came to Luo Yan's side. Looking directly at the woman lying on the ground, he picked her up. "To the infirmary!"

As he said this, he started to run.

Luo Yan. "???"

She just wanted to scare Yan Zixuan a little, but she didn't expect it to go this far!

Being held by a man...

Luo Yan secretly opened her eyes and looked at Shen Ruojing for help.

(Your Highness, save me!)

Shen Ruojing lived up to her expectations and stepped forward. "General Yan, let me handle this. I am a doctor."

Without waiting for Yan Zixuan to respond, she tried to get around him to take Luo Yan.

But Yan Zixuan wasn't a fool either. He had been observing Luo Yan's face, and when he saw her flushed face and her eyes still moving, he suddenly realized the situation.

He looked down at Luo Yan, sneered, and said, "I don't think her physical condition is very good. She faints easily, and with this level of physical fitness, she isn't suitable for being a soldier. We should just kick her out of the camp!"

Upon hearing this, everyone around them paused.

After that, Yan Zixuan saw Luo Yan's eyelashes tremble a few times, and she woke up just in time. She covered her head. "What happened to me? Did I faint? General Yan, put me down. I can still hold on! I just had a moment of darkness in my vision."

Yan Zixuan sneered and let her go.

He coldly glanced at the other female soldiers who all lowered their heads.

Just as Yan Zixuan was about to speak, Shen Ruojing said, "General, I wonder how long the other male soldiers had to stand in military posture when they first joined the army?"

"..." Yan Zixuan glanced at Shen Ruojing, snorted from his nose, and then said to the other female soldiers, "Rest in place for ten minutes!"

"That's great!"

The other noble ladies immediately grabbed Luo Yan and ran to the shade of the nearby trees.

Only then did Yan Zixuan look at Shen Ruojing.

He saw that even now, there was only a thin layer of sweat on the Princess's forehead. Even he, who accompanied them in military posture under the scorching sun, had his collar soaked... This woman's stamina was somewhat terrifying.

Thinking of this, Yan Zixuan subconsciously asked, "Has Your Highness ever received military training before?"

"Yes."

Yan Zixuan continued to ask, "Where? It shouldn't be in China, right?"

Shen Ruojing looked at Yan Zixuan with a faint smile. "Of course not, it was in the Dark Web Organization."

Yan Zixuan..”???”

I Am A Boss Mommy That Wants To Slack chapter 644-Yan Zixuan looked at Shen Ruojing with question marks all over his face. He hesitated for a moment before asking, “On the Dark Web? The Dark Web Organization I just mentioned?”

Shen Ruojing nodded.

She was considering whether or not to reveal her identity to make Yan Zixuan less hostile to them.

Yan Zixuan naturally asked, “Then have you seen 518? What kind of person is she?”

Shen Ruojing glanced at the noble ladies resting in the distance.

Because Yan Zixuan targeted Luo Yan, everyone now gathered around her, showing their concern and solidarity.

It seemed that the more Yan Zixuan targeted them, the more it could inspire the fighting spirit of the group.

.....

Shen Ruojing lowered her gaze. “I have seen her. She’s quite good-looking.”

Yan Zixuan.”???”

Was he concerned about 518’s appearance? It was about her capabilities!

But when he wanted to ask more, the Princess already turned and walked toward the female soldiers, and Yan Zixuan couldn’t follow her now.

Just then, several male soldiers came over and shouted at Yan Zixuan, “General!”

Yan Zixuan angrily said, “What?”

“Well...” The male soldiers coughed a bit and said, “These noble ladies didn’t bring anything with them when they came, so I thought, are they running short on water? Should we send some over?”

Yan Zixuan was silent for a moment.

Finally, he waved his hand. "Send it over."

"Yes!"

As the group was about to go, Yan Zixuan suddenly shouted again, "Wait."

They stopped in their tracks.

Yan Zixuan took out an unopened functional drink from his pocket and handed it to them. "Give this to Luo Yan!"

After saying that, Yan Zixuan paused for a moment and explained, "Just in case she really dies of exhaustion and the Luo family comes to cause trouble!"

The rest of the soldiers were slightly stunned.

When did their young general learn to explain himself?

Previously, when he gave them orders, he never explained. If they dared to ask more questions, they would be met with punishment!

Now, the strange looks from the soldiers made Yan Zixuan feel even more embarrassed and angry. He frowned. "What are you looking at? Why aren't you going?!"

The soldiers hurriedly carried a bucket of water to the female soldiers.

In fact, everyone had no bad intentions. It was just that the men of Country A generally thought that women were too delicate and incapable, but they would take care of the women if they could. After the soldiers brought the water, the noble ladies stood up one by one, slightly bent their knees, and thanked them.

Just a while ago, when they were confronting each other, the soldiers thought the female soldiers were annoying. But now, when the female soldiers were quiet and polite, the soldiers suddenly found them... a bit cute?

So, the faces of the soldiers turned red like pig liver, and they waved their hands repeatedly. "No need to thank us, no need to thank us. It's our general who's tormenting you. We should be the ones apologizing to you."

Yan Zixuan who was standing in the distance.”???”

(These guys forget their principles at the sight of beauty!)

But it was clear that after this incident, their relationships had improved.

It seemed like another good thing...

As Yan Zixuan was thinking about this, the soldiers who had brought water came over, scratching their heads and laughing awkwardly. “General, they’re all so polite. I think you should stop targeting them so much, it’s enough.”

Yan Zixuan.”???”

Had these soldiers been conquered by their sweet words so quickly?

The soldiers he was leading were so unreliable!

Yan Zixuan immediately kicked their butts. “Get out of my sight!”

After they left, Yan Zixuan glared at the female soldiers again, but his training for them became much more normal and he no longer targeted them.

During the following training, although Yan Zixuan no longer deliberately targeted them, he didn’t go easy on them either. What surprised him was that these female soldiers were actually very united and endured hardships well!

When asked to run, they would run without a word of protest.

As long as his demands were reasonable, these female soldiers would grit their teeth and persist.

The day’s training soon ended. In the evening, the female soldiers ate without their usual grace, even enjoying the plain steamed buns they usually ignored.

Luo Yan spoke with her mouth full, “I used to complain about dieting every day, but eating less didn’t help. I never thought that just one morning of exercise would make me so hungry. Will eating so much make me gain weight?”

“How could it be? Look at how much we’ve sweated!” another noble lady said.

At lunchtime, they still cared about their appearance when eating with the men. But the afternoon training was even more intense, so they couldn't be bothered with their image now. On the other hand, this level of training wasn't much for Shen Ruojing.

In Luo Yan's view, running was measured in kilometers!

Even when she was studying abroad, she only ran three kilometers for exams!

She felt exhausted at that time, but today's run felt even more tiring. However!

The Princess had a breathing technique that she taught them while running. After running the first three kilometers and feeling like they couldn't go on, they suddenly felt as if their legs became lighter, as if they had entered another state and couldn't feel tired anymore!

This was actually the body's self-regulation, but these noble ladies had never pushed their limits before, so they found this feeling magical.

After dinner, Yan Zixuan didn't arrange any more training for them.

After all, all training should be done gradually.

Yan Zixuan stared at them as he saw Shen Ruojing giving each female soldier some ointment and instructing, "Apply it to the leg muscles. This ointment has a soothing effect, and it will promote blood circulation."

The female soldiers were very obedient.

Only Yan Zixuan sneered at the side, "No matter what ointment you give them, it probably won't have any effect.. Tomorrow, their legs will be so weak that they won't be able to stand!"

I Am A Boss Mommy That Wants To Slack chapter 645-Shen Ruojing ignored Yan Zixuan's words and spoke up, "If you allow us to participate in the martial arts competition, I can share this ointment's formula with the army, so the military doctors can prepare it. I guarantee that after training, you won't feel sore in your waist and legs the next day."

Yan Zixuan scoffed, "How is that possible? Do you think that you're some kind of divine doctor?"

Although the soldiers were already accustomed to the training, they would definitely have to intensify their training before the martial arts competition.

At that time, the soldiers would still be unable to bear the soreness when waking up the next day.

The military doctors had been researching such ointments for a long time.

In fact, even Yan Zixuan himself had old injuries and was using a plaster on his back, but those could only provide relief, not completely eliminate the pain and soreness.

If Shen Ruojing really had this ability, it would be a great benefit for the soldiers.

.....

However, Yan Zixuan didn't believe it and showed a disdainful expression on his face. Shen Ruojing didn't make things difficult for him but just asked, "Have you arranged their accommodations?"

As a princess, Shen Ruojing was responsible for hosting the Loong Corporation's people, so she wouldn't be staying in the barracks.

Her unique status meant that she would commute to work, but the other female soldiers were there to truly serve in the army and had to stay in the barracks.

Upon hearing Shen Ruojing's words, Yan Zixuan replied, "It's all set, don't worry."

Shen Ruojing raised her eyebrows. "Are you sure?"

Yan Zixuan's face immediately darkened, "I'm not that despicable and shameless. They've been tormented... trained all day today, and they definitely need to rest well tonight to continue training tomorrow. Don't worry, I've instructed the people below not to disturb them tonight."

Since Shen Ruojing wasn't staying in the barracks, she had to ensure the safety of the female soldiers.

But after spending the day together, Shen Ruojing had gained some understanding of Yan Zixuan.

Although he seemed bad on the surface, he was actually quite considerate deep down. If he said he wouldn't harm the female soldiers, then he wouldn't.

Therefore, Shen Ruoqing waved at Luo Yan and walked to her side, whispering, "Don't sleep too deeply tonight. Be cautious."

Shen Ruoqing wasn't staying in the barracks, which disappointed Luo Yan. However, Princess Shen had other matters to attend to, and they couldn't always rely on her for protection.

Luo Yan nodded, clenched her fists, and showed determination on her face. "Princess, don't worry. I will protect everyone when you're not around!"

Shen Ruoqing patted her shoulder approvingly, and to allay their fears, she said, "The day after tomorrow, the Loong Corporation's people will come. Once I'm done with that, I'll stay with you in the barracks."

She knew that she was the backbone of these women. As soon as she said this, both Luo Yan and the other female soldiers breathed a sigh of relief. They were comforted knowing that the Princess would only be away from the barracks for two days.

Shen Ruoqing didn't realize that her presence alone provided a sense of security.

After saying goodbye to the female soldiers, Yan Zixuan escorted Shen Ruoqing away.

Yan Zixuan's current position didn't necessarily require him to live in the military camp. After his father had asked him to host the Princess yesterday, it was agreed that he would return home tonight to report on his work.

As they were leaving, Yan Zixuan asked, "Do you need me to give you a ride?"

He didn't have a sense of awe toward Shen Ruoqing. But because Shen Ruoqing was his cousin, he was more caring toward her.

Shen Ruoqing liked this feeling, but she waved her hand. "No need, someone is here to pick me up."

Following her gaze, Yan Zixuan saw a car parked in the distance, and Chu Cichen was standing next to it, wearing a gray suit.

That pretty boy did look handsome.

But Yan Zixuan scoffed, “I think your taste isn’t that good. What’s so great about this pretty boy that you like him so much? I heard from my father that you would only marry him. This man is just after your power.”

Shen Ruojing ignored him, rolled her eyes, and walked straight ahead.

Seeing her revert to the cold demeanor she had when she first arrived at the camp this morning, Yan Zixuan knew that she was upset because he had badmouthed Chu Cichen.

He sneered, thinking that Shen Ruojing really couldn’t recognize a good person. He then left.

Yan Zixuan drove all the way to the Yan residence at full speed.

The head of the Yan family was indeed waiting for him in the living room. Seeing his son enter, he hurriedly asked, “How did it go today? Did Princess Ruojing take a liking to you?”

Yan Zixuan rolled his eyes. “No, and I wouldn’t marry her anyway!”

Hearing this, the head of the Yan family became angry immediately. “What nonsense are you talking about? You should try to please the Princess, and stop always opposing me!”

Yan Zixuan sneered, “Father, I really don’t understand why men must marry. What can a woman do? Put her in the backyard to become your burden? I won’t marry her anyway!”

The head of the Yan family was furious. “If you don’t marry, who will you spend your life with when you’re old?”

Yan Zixuan curled his lips but suddenly thought of something. He hurriedly said, “Father, actually, if you want me to marry, it’s not impossible...”

The head of the Yan family’s eyes lit up. “Tell me, have you found someone you like?”

Yan Zixuan nodded. “Yes, the person I like was once the leader of the Dark Web Organization, and she has been praised by everyone in the organization for many years. Even the current leader of the Dark Web Organization can’t compare to her.”

The head of the Yan family.”??”

He looked a bit strange and asked, “The person you like is?”

“Dark Web Organization’s 518!”

The head of the Yan family..”!!”

I Am A Boss Mommy That Wants To Slack chapter 646-Family Leader Yan looked at his own good-for-nothing younger son and was speechless for a moment.

He wanted to say that their Princess was actually 518, but as the words formed on his lips, he didn’t manage to say them.

Family Leader Yan thought about it more.

He knew his son’s character well. Originally, letting him entertain the Princess was meant to help them develop good feelings for each other. If the Princess could eventually marry him, it would be great, and the glory of the Yan family could continue for another generation.

But if he really told his son that the Princess was 518, the first thing his son might do would not be to please the Princess. Considering his son’s stupidity, he might even give the entire Yan family’s army to her!

This would completely contradict Family Leader Yan’s original intention.

He didn’t want to lose his son and weaken his troops!

.....

Military power was the most important thing for every family. He absolutely could not joke about it. So Family Leader Yan coughed and asked, “Have you told the Princess about this?”

“What?”

“About you, admiring 518.”

Yan Zixuan scratched his head, his honest young face covered in sweat. “I did!”

Family Leader Yan. “?”

He asked nervously, “What did the Princess say?”

Yan Zixuan subconsciously replied, “About what? The Princess turned out to be an undercover agent too. I asked her about 518, and she said that 518 was good-looking. Haha, was I asking about appearance? That woman must have been thinking about looks on her mind all the time. Women are really unreliable. Appearance is nothing but passing clouds. Only fists are the real deal!”

Family Leader Yan.”??”

He suddenly felt that maybe his foolish son had some foolish luck.

The corners of his mouth twitched as he laughed. “Alright, spend more time with the Princess later on. She is not an ordinary woman.”

Family Leader Yan actually had no complaints about Shen Ruojing. After all, she was the King’s only daughter, and at the end of the day, she was also the niece of the Yan family. Moreover, the last time the Princess called him “Uncle Yan”...

Thinking about this, Family Leader Yan immediately stopped his thoughts.

He couldn’t think about it anymore. If he did, he would find his niece too adorable.

Family Leader Yan snorted and simply told his son, “You can go back to the barracks today!”

Yan Zixuan.”?”

He came back today intending to visit his two concubines. After all, whenever he saw Luo Yan in the barracks, something inside him seemed to stir. But why did his father suddenly ask him to leave?

He hesitated and looked at Family Leader Yan. He was about to argue when he heard his father say. "I heard that a girl from the Luo family has also entered our barracks."

At this point, he coldly continued, "The Luo family has always been at odds with our Yan family. With their girl entering our barracks, who knows if she's stealing any of our military secrets? Go back and keep an eye on her."

Upon hearing this, Yan Zixuan immediately perked up. "Alright!"

Yan Zixuan didn't even visit the back house; he directly drove back to the barracks.

The gate of the barracks definitely had no time restrictions for him. When the soldier guarding the gate opened it for him and let him in, Yan Zixuan asked, "What are the female soldiers doing?"

The soldier replied, "They are in their own dormitories!"

"Alright, I'll go take a look."

Yan Zixuan parked the car and then walked toward the female soldiers' training camp.

Female and male soldiers had to be separated. After all, Country A was still very particular about this aspect, so the female soldiers' living quarters were a bit far from the male soldiers'.

He walked briskly but then slowed down some time later. As he just reached the barracks, he saw that the lights in the female soldiers' living quarters were all turned off, and they should be asleep.

It made sense, after all, they had such a tough training today. How could they have the energy to do anything else?

Just as Yan Zixuan was about to head to his own room, he suddenly saw Luo Yan sneaking out of the barracks.

Yan Zixuan immediately stood still, and his expression changed.

Well, he had treated her as an ordinary female soldier, but was this girl from the Luo family actually here to steal secrets from their barracks?

Yan Zixuan's face turned cold, and he followed her, walking stealthily toward a corner not far away.

Luo Yan looked around as she walked and then checked behind her to see if anyone was following her. The more she looked, the more suspicious Yan Zixuan became, and he grew even more convinced that she must have a secret!

So Yan Zixuan slowed his pace even further, following her to the back of the building where they lived. There was a spot behind the building with walls on three sides, and Luo Yan hid there.

Yan Zixuan frowned.

What was this woman doing?

With that thought, he walked over, intending to catch her red-handed.

Once he caught her stealing military secrets, she would have no face to continue staying here. And if Luo Yan left, their female soldiers' team would be one person short, and Shen Ruojing wouldn't be able to compete with them for a place in the martial arts competition!

Yan Zixuan had a beautiful plan in mind. A moment later, he rushed in. "I knew it, you couldn't be up to any good... Huh? What are you doing?!"

Yan Zixuan was shocked by the scene before him.

He saw that Luo Yan had taken off her clothes and was applying the ointment that Shen Ruojing had given her. Today, she wore clothes that didn't fit quite right, and her back was now covered in blisters....

I Am A Boss Mommy That Wants To Slack chapter 647-Luo Yan was startled by Yan Zixuan's sudden appearance.

Being the young lady of the Luo family, she was actually quite delicate and pampered, never having suffered much. She usually wore silk clothes, but today she had put on a military uniform, especially the collar with a tag, which had kept rubbing against her skin.

Her skin had become irritated as a result.

During the standing practice today, she kept fidgeting and couldn't stand still because of the itchiness, which was the true reason. After being scolded by Yan Zixuan, she gritted her teeth and endured it, but the pain in her back made it impossible for her to sleep.

Especially since she didn't bring any pajamas, she had to wear the short-sleeve shirts provided by the barracks when going to bed.

However, these short-sleeve shirts must not have been washed after being made... Wearing them made her feel even more uncomfortable, so she took advantage of everyone being asleep and came here to clean up and apply some medicine.

She didn't want the other female soldiers in the barracks to see her like this because after the Princess had left tonight, some of the female soldiers cried out in pain. At that time, as the big sister among the female soldiers, she naturally spoke encouraging words to everyone.

.....

But she was still a young girl, with a painful back, so she came out in the middle of the night.

At this moment, she wanted to apply medicine to her back, but she couldn't reach it and couldn't see it clearly. Sometimes, her fingers directly poked the wound, causing her tears to come out.

It was at this moment that Yan Zixuan jumped out and scolded her.

She looked up at him in confusion, her eyes still filled with tears. Under the moonlight, her eyes shone brightly, and it was this innocent look that made Yan Zixuan suddenly feel a burning sensation in his heart.

Then he saw Luo Yan finally come to her senses, and she instinctively wanted to scream!

Yan Zixuan immediately understood that this woman must have thought that he was a pervert.

But if he let her scream, the surrounding soldiers would come running. And if they saw her disheveled condition, the two of them wouldn't be able to explain themselves even with a thousand mouths!

So Yan Zixuan immediately lunged forward and covered Luo Yan's mouth.

However, in the struggle, Luo Yan's clothes fell to the ground...

Yan Zixuan immediately scrambled to help her pick up her clothes, intending to help her put them on. But before he could act, Luo Yan suddenly opened her mouth and bit down hard on his hand that was covering her mouth!

Yan Zixuan. "!!"

The pain made Yan Zixuan's face contort, and he wished he could punch the woman in front of him. But Luo Yan's stubborn eyes were fixed on him, making him unable to follow through.

Yan Zixuan took a deep breath and said, "Miss Luo, I'm not interested in you. I covered your mouth because I was afraid you would scream and attract people. Do you think we can explain ourselves then?"

Luo Yan's expression softened slightly upon hearing this.

Then Yan Zixuan said, "How about this? I'll count to three, and then let you go. I'll back away immediately and not look at you. What do you think?"

Luo Yan couldn't speak, as her mouth was still covered by his hand. Even though she bit him hard, he didn't remove his hand.

She could only nod.

Her appearance was like that of a frightened rabbit, which Yan Zixuan found somewhat adorable.

He even had the urge to stroke her hair.

But Yan Zixuan managed to restrain himself, took a deep breath, and let go of her.

Luo Yan didn't scream.

Yan Zixuan breathed a sigh of relief.

He quickly stood up, facing away from Luo Yan. "Alright, hurry up and put your clothes on!"

Then he heard rustling sounds coming from behind him.

After a while, without turning his head, Yan Zixuan heard Luo Yan's crying.

Yan Zixuan."?"

He hadn't done anything to her, so why was she crying?

The corners of Yan Zixuan's mouth twitched as he looked back at Luo Yan.

He saw her holding her knees and squatting there, with tears streaming down her face.

Yan Zixuan."???"

He couldn't help but ask, "What's wrong?"

"What's wrong? It's all your fault! You've been targeting me all day, and just now you tried to take advantage of me. Now I won't be able to marry anyone but you, wuwuwu..." Luo Yan's grievance exploded, and she started crying.

Her crying made Yan Zixuan pause, and he couldn't help but cough. "Well, about today's incident, if you don't say anything, and I don't say anything. No one will know."

Luo Yan immediately retorted angrily, "You've seen my body, and you don't want to take responsibility for me?"

Yan Zixuan's mind went blank, and it exploded. "All, you, you want me to take responsibility for you?"

"Pei! Who wants a man like you! Don't you dare say a word about what happened today!" The woman changed her tone again.

Yan Zixuan was dumbfounded.

Why was Luo Yan acting like this one moment and like that the next?

Should he take responsibility for her or not?

As he was pondering, he heard Luo Yan say. "I, I actually just, just have a sore back..."

She started crying again. “I miss my mom. If I were at home and got hurt, my mom would definitely help me apply medicine and comfort me. Her touch is gentle, but I can’t reach it myself...”

Yan Zixuan was annoyed by her crying and blurted out, “Can I be your mom today?”

Luo Yan. “???”

Yan Zixuan immediately said, “I mean, I’ll help you apply the medicine!”

I Am A Boss Mommy That Wants To Slack chapter 648-Luo Yan.”!!”

Luo Yan stared at Yan Zixuan in astonishment, and Yan Zixuan just humphed and strode over.

Luo Yan tried to wave him off. “Stay away, don’t come over...”

“Don’t shout. If you shout any louder, someone will see us, and then you’ll have to marry me!” Yan Zixuan threatened.

Luo Yan immediately closed her mouth and whispered resentfully, “I don’t want to marry you! Everyone knows that you’re a rough man. You haven’t even married yet, but you’ve taken concubines. Your household is a mess. Whoever marries you is unlucky! Even if I had to jump into a river and kill myself, I wouldn’t marry you!”

“Tsk.” Yan Zixuan rudely snatched the ointment from her hand and applied it to her back, saying, “Alright, alright, you’re the most virtuous person. You’ve come to be a female soldier among men, what’s the point in pretending to be a chaste heroine?”

Luo Yan.”??”

.....

She glared at Yan Zixuan, who was staring at the dark ointment in his hand. “What kind of ointment is this? Is it effective? I’d better go get some medicine from my room to apply for you.”

Luo Yan scoffed, “This is a miracle medicine given to us by the Princess. It’s definitely effective! Hurry up and apply it!”

Actually, Luo Yan was still wearing her underwear. As she had studied abroad and had been to the beach, even wearing a bikini, compared to other noblewomen, her behavior was already much better.

If it were a pure Country A lady, they would probably be dying of shame right now.

Luo Yan thought more openly. Nothing was more important than staying alive.

Hearing this, Yan Zixuan could only dip his finger in the medicine and was about to apply it to Luo Yan when she said, "Wait."

"What?"

"Did you wash your hands?"

Yan Zixuan."???"

When had they ever been so particular in the army?

Did he really have to wash his hands before applying the medicine?

As he thought this, he saw Luo Yan push the basin in front of her toward him. "Wash your hands first."

Yan Zixuan."..."

With no choice, he washed his hands first. He then raised his hand to Luo Yan and said, "Good girl, are mom's hands clean now?"

Luo Yan. "...Clean."

"Can I apply it now?"

"Yes, you can."

"Thank you."

Yan Zixuan mocked her with his words, but his actions were gentle. However, he still sneered at the ointment, "I really don't know what kind of love potion the Princess has fed you that you believe her so much. This ointment looks disgusting. How can it possibly work?"

Luo Yan said, "If the Princess says it's useful, it must be! Stop talking so much and just apply the medicine!"

"Fine, fine. But I have better medicine in my room. If your wound festers tomorrow, you can come to me."

"What for? To let you laugh at me?"

"Yeah, let me see how powerful the Princess you trust is!"

"Get lost! I'll never give you a reason to laugh at the Princess! This medicine definitely works. My sore and weak legs have already improved after applying the medicine."

Yan Zixuan paused for a moment, and his gaze unconsciously drifted to Luo Yan's legs. But just as he looked, Luo Yan suddenly gritted her teeth and said, "What are you looking at?"

Yan Zixuan."!"

He wanted to say that he was just looking at the leg's condition, but then he thought that his words seemed ambiguous.

So, he simply didn't say anything. After applying the ointment to Luo Yan, he unconsciously asked, "Today's training was all leg exercises, so how come you have such a large scar on your back?"

Luo Yan complained, "It's because the clothes are too stiff and hard."

•I it

Yan Zixuan suddenly felt that women were indeed fragile, like they were made of water. Could a slightly harder piece of clothing really tear their skin?!

It was simply unbelievable!

Luo Yan had picked up her short sleeves from the ground, preparing to put them on. But then she realized that they had fallen on the muddy ground and were now dirty.

Luo Yan."..."

As she stared at her clothes in a daze, a shirt suddenly appeared in front of her.

She turned her head and saw Yan Zixuan, shirtless.

Luo Yan stared at him.

Yan Zixuan scoffed, "Just wear it for now. You don't have to be so grateful."

However, Luo Yan unexpectedly said, "You've been wearing this shirt all day, right? It's all sweaty and smelly..."

Yan Zixuan."?"

He gritted his teeth and said, "I changed it already!!"

"Oh, alright."

Luo Yan snatched his shirt and put it on.

The shirt had been washed several times. Also, since Yan Zixuan had a higher rank, the quality of his clothes was definitely better. It felt much more comfortable on her, and the pain from the friction on her wound finally subsided.

Luo Yan picked up the washbasin and ran back, quickly entering the dormitory.

Yan Zixuan only sneered and looked down. He still had Shen Ruojing's ointment, which he had forgotten to return to Luo Yan.

Going back to find her wasn't appropriate, so Yan Zixuan just took the ointment back to his own room.

His room in the military area was quite comfortable. He then lay there, looking at the ointment from left to right.

Thinking about Shen Ruojing's claim that after applying this ointment, everything would be fine the next day, Yan Zixuan felt that she was boasting.

How could that be possible?

He didn't believe it!

Yan Zixuan thought so and fell asleep.

The next day, Chu Cichen brought Shen Ruojing to the military camp.

When Shen Ruojing entered early, she saw Yan Zixuan waiting for them in the square. Seeing Shen Ruojing, he said, "There are five minutes left. If they don't show up on the morning exercise field, they'll be late."

After saying that, Yan Zixuan told Shen Ruojing, "Princess, your ointment is all black. I looked at the ingredients yesterday, and it seems to be an unknown drug, right? Aren't you afraid of product safety issues when you let them use these drugs?!"

Shen Ruojing. "Won't you know when you see them later?"

Yan Zixuan sneered, "I am guessing that those people can't even get out of bed."

As soon as his words fell, Luo Yan's gritted voice came from a distance..
"Can't you say something nice about us?"

I Am A Boss Mommy That Wants To Slack chapter 649-Yan Zixuan turned his head and saw a group of female soldiers running toward him. Their movements were agile, and their clothes were neat, completely different from the male soldiers who would run and get dressed at the same time during their morning baths. The female soldiers were indeed pressed for time, but they were more particular about their appearance, so they were all properly dressed.

Moreover...

Yan Zixuan looked at their legs. When the training ended yesterday, these female soldiers could barely walk due to their weak legs. They had to support each other to leave the field. Logically, ordinary people should feel more sore and painful the day after, but these female soldiers did not.

They all looked energetic, obviously having had a good night's sleep. Their legs moved naturally while walking, showing no signs of limping!

Yan Zixuan was puzzled.

He couldn't help but look at Shen Ruojing, who seemed calm, as if the female soldiers' condition was all within her plan.

Yan Zixuan couldn't help but look down at the ointment in his hand.

.....

Could this ointment really be so effective?

He subconsciously looked at Luo Yan and asked, "Is your back alright now?"

Upon hearing this, Luo Yan immediately glared at him.

She had slept in his shirt last night, so she was quite comfortable. This morning, she got up before the female soldiers woke up. She then took off her shirt and hid it, fearing they would ask where the shirt came from...

Now this man dared to ask about her back in broad daylight...

It was simply outrageous!

Yan Zixuan who was glared at."?"

He scratched his head inexplicably and then coughed. "Alright, let's start today's training!"

Today's training was not as tough as yesterday's.

After all, Yan Zixuan had witnessed how hard Luo Yan tried not to fall behind yesterday, and he also saw the large area on her back where her clothes had been torn. So today, he only asked the female soldiers to undergo normal training.

After the morning training ended, Shen Ruojing looked at Yan Zixuan and asked, "When is the martial arts competition?"

Yan Zixuan replied, "In one month."

"Good, that's enough time." Shen Ruojing looked at Yan Zixuan again. "We have a deal, right? As long as you approve of these female soldiers, you'll give us a spot."

Yan Zixuan was silent for a moment.

Originally, he wanted to say that the female soldiers should participate in the selection competition.

That was his idea yesterday, but now his mind had changed.

The selection competition would be held in a week, and they definitely couldn't catch up with the progress of the male soldiers.

It would be unfair to let the female soldiers, who had only trained for a week, compete with the male soldiers.

Yan Zixuan looked at Shen Ruojing and then at the female soldiers.

Luo Yan occasionally glanced at him, and when she saw him looking, she glared at him warily, looking adorable.

Women... perhaps they weren't as weak as he had imagined.

(Perhaps it's time to give women a chance.)

With this thought, Yan Zixuan looked at Shen Ruojing and said, "Alright, I promise you. As long as you can achieve the same level of quality as ordinary male soldiers within a week of assessment, I will allow you to represent the Yan Family Army in the martial arts competition!"

"A promise is a promise."

After Shen Ruojing said this, she added, "I will provide a thousand portions of that ointment to the Yan Family Army."

This statement made Yan Zixuan's eyes light up.

He had seen the effect of the ointment throughout the morning, and indeed, none of the female soldiers complained of pain. Even the female soldier with the worst physical condition yesterday had no problems, proving that the ointment was absolutely effective!

For the male soldiers, they were already used to daily training, but some who were going to participate in the martial arts competition had recently undergone high-intensity training, resulting in bruises all over their bodies. If they had the ointment to alleviate their pain, there would certainly be no problem.

He immediately nodded. "Alright."

This was a profitable deal for him!

After the two agreed on these terms, Shen Ruojing joined the female soldiers at the back of the group. As a member of the female soldiers' team, she was supposed to share their joys and hardships, so she ate lunch and dinner with them.

After the representatives from Loong Corporation arrived tomorrow, she would have to stay in the barracks.

Just as Shen Ruojing walked over, she saw Luo Yan sneakily approaching her. Luo Yan asked, "Your Highness, what did Yan Zixuan say to you just now?"

Shen Ruojing."?"

She looked at Luo Yan and asked, "What should he have said to me?"

Luo Yan swallowed nervously.

She was worried that Yan Zixuan had told the Princess about last night's incident. If that were the case, she would fight him!

Seeing Luo Yan's evasive gaze, Shen Ruojing teasingly said, "He said that you..."

Luo Yan held her breath. "What about me?"

"Last night..."

Shen Ruojing was just guessing because Luo Yan's gaze toward Yan Zixuan when she entered the training ground today seemed unusual.

Upon hearing the words "last night," Luo Yan became angry. "That guy actually told you about last night? What is he trying to do? Is he trying to use last night's incident to threaten you and make us female soldiers withdraw from the martial arts competition?"

Seeing Luo Yan's eyes turning red, Shen Ruojing lost her playful mood and quickly explained, "No, we were just talking about the ointment...."

I Am A Boss Mommy That Wants To Slack chapter 650-Unexpectedly, when Luo Yan heard this, her face turned even redder, and she widened her eyes. “He even told you about the ointment?”

Shen Ruojing.”???”

Had Luo Yan misunderstood something?

She wanted to explain, but Luo Yan had turned her head and stormed off. “I’m going to find him!”

Shen Ruojing.”!!!”

Yan Zixuan was eating when the door to his room was suddenly kicked open, and Luo Yan strode in.

Yan Zixuan was stunned and Luo Yan asked, “What did you say to the Princess?”

.....

Yan Zixuan replied awkwardly, “Just about the ointment!”

Hearing this, Luo Yan was angry. “How dare you tell the Princess about applying the ointment to me? What are your intentions?!”

Yan Zixuan.”...”

“Let me tell you, don’t think about threatening the Princess with this. Even if I marry you, I won’t let you influence the Princess’s plans. The Princess is looking for a new path for women in Country A, and nothing should affect her!”

Yan Zixuan.”??”

Luo Yan’s face turned red. “So, even though you have two concubines, I can be your wife in name only...”

Yan Zixuan twitched the corner of his mouth. “You’re overthinking it.”

Luo Yan suddenly looked terrified. “How am I overthinking it? Where did I overthink? Do you want to be a real husband and wife with me? That’s impossible!”

Yan Zixuan.”!!”

He couldn't help but say, “What I discussed with the Princess was that if you female soldiers can pass the normal soldier assessment in a week, I will agree to let you form a team to participate in the martial arts competition!”

Luo Yan. “Huh?”

Yan Zixuan took a deep breath. “So, what did you think it was? As for the ointment, the Princess agreed to provide us with a thousand portions. Miss Luo, don't overthink it!”

Luo Yan.”!!!”

Luo Yan's face turned even redder, and she looked at Yan Zixuan for a while before stuttering, “S-sorry... You, you continue eating...”

She then ran out!

Ah!

Luo Yan covered her face, feeling utterly embarrassed!

What did she just say to Yan Zixuan?

Upon watching her running figure, the corner of Yan Zixuan's lips curled up. What did she just say, wanting to marry him?

Yan Zixuan thought about it, took out a mirror, and looked at himself.

Well, he was quite handsome!

In the afternoon training, Luo Yan was surprisingly obedient. No matter what Yan Zixuan asked her to do, she didn't resist and even performed better than the other female soldiers. Her enthusiasm for training didn't diminish at all.

Moreover, with mutual encouragement and support, they were making progress.

After the afternoon training ended, Yan Zixuan looked at the female soldiers and said, “I won't be training you tomorrow. The Princess has a banquet to attend, so I'll find someone else to train you. I hope that when I see you the day after tomorrow, you can surprise me.”

After saying that, he nodded to Shen Ruojing. "Princess, let me accompany you out of the barracks."

Shen Ruojing nodded.

The two walked toward the entrance.

Compared to the first day when Yan Zixuan was at odds with her, after two days of training, Yan Zixuan had a new impression of Shen Ruojing. He didn't expect the Princess to be not delicate at all.

As someone who had been in the Dark Web Organization, her physical fitness must be far beyond ordinary people.

As he thought about this, he couldn't help but ask with concern, "How is the preparation for tomorrow's banquet going?"

He was also attending.

Shen Ruojing replied, "It should be almost done."

Yan Zixuan widened his eyes. "What do you mean 'should'? Aren't you in charge of preparing the banquet?"

Shen Ruojing. "No, it's Chu Cichen who's preparing it."

Yan Zixuan."?"

He immediately asked, "How could you entrust such an important matter to him? What if he messes up?"

Shen Ruojing had already figured out her cousin's character.

He was a carefree, straightforward person who spoke his mind.

So she didn't mind his tone and said, "It should be fine, right?"

Yan Zixuan said, "How can you use the word 'should'? If there's a problem, it'll be troublesome. Don't you know how important this meeting is for our Country A? The fact that the Loong Corporation is coming is actually a favor to us. Do you know that our current situation is not good? Karl threatens us, and it's only because the Loong Corporation agreed to cooperate with us that Karl

and another economic empire are somewhat cautious and alert. Otherwise, we would have been bullied long ago!”

Shen Ruojing nodded. “I know.”

That was why she entrusted such an important matter to Chu Cichen!

After all, Chu Cichen was a member of the Loong Corporation, and he must understand his boss’s preferences better than they did.

As the two chatted, they walked out the door and saw Chu Cichen standing not far away, with a car ready to pick her up.

Yan Zixuan couldn’t help but walk over with Shen Ruojing and say, “Since the Princess has entrusted you with the task of receiving the Loong Corporation, you should stop thinking about the Princess and stay in the palace to take care of tomorrow’s affairs!”

Chu Cichen ignored him and looked at Shen Ruojing.

Shen Ruojing coughed. “Is everything arranged for tomorrow’s reception?”

Chu Cichen.”...”

He had arranged the reception for himself. Of course, it was already taken care of!

After all, he came here not for Country A but for Shen Ruojing!

Besides, he didn’t have any particular preferences...

As Chu Cichen pondered, Yan Zixuan couldn’t help but remind him again, “The founder of the Loong Corporation is very powerful. You must not take it lightly. It would be best if this cooperation could be successful. I don’t think Karl’s family is reliable... As for the other family, they are very mysterious and never participate in any disputes....”
