

Spoiled By My Bossy CEO Husband - Chapter 531 It Will Destroy Your Name

"Are you serious?"

"Yes, how dare I lie to you!"

Lottie believed it for the time being, and then Connie took her home.

After Connie became an agent, her treatment was good. She saved up money to buy an apartment and only paid the first payment. After that, she would have to pay the two-year loan.

Although her apartment was not big, it was decorated very warmly.

After entering the door, Connie first served her.

"Go sit on the sofa first. I'll pour you some drink."

Lottie nodded. She had just walked into the living room when she heard someone ringing the doorbell.

Seeing that Connie was busy in the kitchen, Lottie went to open the door herself.

As soon as the door opened, a man squeezed in from the outside and pushed her hard.

"Connie, why did it take so long to open the door?"

The man's tone was very terrible, and his movements were very rude.

Lottie was stunned for a moment. She held on the table to stabilize her body and turned her head to look at the man.

This man should be about 40 years old. He was a little fat and had a sneaky expression. It was obvious that he was not a good person.

Lottie thought about it. She and Connie had known each other for so many years, but she hadn't seen her family very often. Even her family was rarely mentioned.

"Who are you?" Lottie questioned coldly.

Only then did the man realize that she wasn't Connie. He narrowed his eyes and looked at her for a long while. "You must be Lottie, right? Did you ask our Connie to be your agent and make her refuse to return home?"

What?

Before she could ask clearly, Connie had already known the situation and rushed out of the kitchen.

"Why are you here?"

"Why did you come? Get out!"

Connie's tone was filled with fear and anger as she pushed the man out forcefully.

However, she couldn't push him away at all. The man scolded Connie, "How dare you drive me away? Connie, I am your father! You will be punished if you do this to me!"

"My dad is dead! You don't deserve it. Get out of here! Don't force me to call the police to arrest you!"

"How dare you call the police to arrest me? I'll beat you!"

Connie didn't push him at all. Instead, she was slapped by the man, and a hand print instantly appeared on her face.

Lottie was very shocked and quickly stepped forward to help.

She grabbed the man's hand with all her strength. The man let out a blood-curdling scream. Taking advantage of his pain, Lottie shoved him out of the door.

Connie hurriedly closed the door.

After being thrown out, the man was still unwilling to leave. He slammed the door crazily and cursed.

"Connie, you don't even recognize your father!"

"If I had known that you were so ungrateful, I would have strangled you to death when you went to my house!"

"I sold the house in order to pay for the fee of your mother's treatment! How dare you treat me like this now!"

"Your family is ungrateful! As you're rich, you don't care about your old friendship!"

"Connie, you're as cheap as your mother! Why didn't you die?"

The man shouted so loudly that everyone in the community could hear him.

Hearing the man's scolding, Connie's face turned pale.

At first, Lottie only listened in silence. In the end, she couldn't help but want to go out and beat that person, but Connie suddenly grabbed her arm.

"Don't go!"

Lottie pointed at the door and couldn't help raising her voice. "You let him scold you like that?"

Connie bit her lower lip, her eyes full of pleading.

Lottie was very angry.

She had known Connie for so long that Connie had always been very happy. If she hadn't happened to come with Connie today, she wouldn't have known that Connie would have encountered such a thing!

"Connie, come out!"

The man was still shouting at the door.

Lottie couldn't help but want to hit him.

"Don't go! There must be a lot of people outside watching. With your current status, it's not good to be photographed."

"I don't care!"

"But I care!!"

Connie said in a hurry, "He knows that I will ignore him and will leave soon. But if you continue to make trouble for him, the scene will be very embarrassing! There is no need to talk to someone like him.

"

Lottie was both angry and concerned.

"Then tell me honestly, who is he?"

Connie opened her mouth but made no sound.

"Is he really your father?"

"He's not!!"

Connie denied loudly that she really didn't regard the man outside as her father.

"Then why did he say he's your father? Could it be that..."

"He can be considered my stepfather, but..." Connie was a little embarrassed. "But when my mother followed him, she didn't get a marriage certificate with him, so..."

Therefore, he was not my legal step-father.

Lottie couldn't understand why Connie was so afraid of him since they weren't related by blood and weren't father and daughter in the legal sense.

"You owe him money?"

Connie shook her head crazily.

Since she was a teenager, she had been working hard to earn living expenses. After college, she had been working as an extra. She had never used his money. She had always been independent.

"Then your mother used his money to treat?"

"No! My mother used her own savings to see a doctor!"

"Then why are you so afraid of him? As long as I go out and beat him to surrender, he won't dare to pester you anymore!"

"No! You don't know!" Connie grabbed her arm and pleaded, "I will tell you clearly about this in the future. Don't conflict with him now, please!"

Lottie fell into silence.

Perhaps as Connie said, there was a big secret behind this matter. Even if she wanted to help Connie vent her anger, she had to consider Connie's mood.

"Okay, I won't ask."

"But you can't let him scold you like this all the time, can you? Will this ruin your reputation?"

Connie gave a wry smile, then she touched her face, and said, "Well, my reputation has almost been ruined."

Lottie calmed down for a few seconds before she suddenly reacted.

"Are you unwilling to agree to be with Alfred because of him?"

Connie lowered her head and said nothing.

Lottie was instantly enraged. "How long has he been bothering you? Since you had talked to Alfred about breaking up?"

Connie hesitated and nodded vaguely. "Almost."

"Connie! You didn't tell me such a big thing happened! Do you still treat me as a friend?"

"Lottie, calm down first." Connie grabbed Lottie's hand. "Listen to me. It's just that you didn't have a good time at that time, and I don't want to trouble you. Besides, I didn't get any substantial injuries. I directly ignored him."

Spoiled By My Bossy CEO Husband - Chapter 532 I Will Let Him Leave as Soon as possible

There were endless curses at the door.

Connie and Lottie in the room remained silent at the same time.

Lottie was filled with anxiety. She felt that she was useless. Otherwise, how could her friend be in trouble and not tell her anything?

Connie was frightened. After all, she could not hide her secrets.

If Lottie and the others knew the truth, would they look down on her?

Although she knew that Lottie had a good family background, she had never thought of getting any benefits from her. She was good to her sincerely.

But she was afraid if Lottie found out the truth, Lottie would feel that she had other intentions.

After all, that man often scolded her like this. The neighbors around all believed that she was a person who disliked the poor and loved the rich. They usually refused to talk to her.

Perhaps because the man knew that Connie was with her friend today, the man did not intend to leave like this.

He sat down directly at the door and asked someone to buy two bottles of wine. While drinking, he cursed.

Seeing this scene from the visual communication system, Lottie was very angry.

She picked up her phone and glanced at Connie. In the end, she chose to call Ralph.

"Hello, baby?"

Ralph was a little surprised to receive a call from Lottie.

She was still in anger, so why did she call him?

"Where are you? It's so noisy."

Ralph immediately covered the receiver and said, "Don't adjust the sound system for now. Do it after I finish the call."

Sean immediately asked someone to turn off the sound system.

"No, I'm meeting a client."

"When are you done?"

"Do you miss me?"

"If you're too busy to leave, find someone to Connie's house. I want to take her back to our house."

Lottie's tone was very serious. Ralph realized the seriousness of the matter.

"What happened? I'll pick you up now."

Lottie didn't say much and only said, "Remember to bring some more people with you when you get here. There's a little trouble."

Ralph was nervous and jumped off the stage.

"Don't be afraid. I'll be there soon."

"Okay, attention the safety."

"Okay."

Lottie hung up the phone.

"I'll ask Ralph to deal with it. Shall you come home with me later?"

Connie raised her head and her eyes turned red.

After Lottie saw the hand print on Connie's face, she was so angry that she let out a hiss.

"Is there any medicine in your house?"

Connie nodded and turned to take out a first-aid kit.

Lottie opened it and saw that all kinds of medicinal alcohol and spray were prepared, including ointment.

It was obvious that Connie was always injured.

Lottie pursed her lips tightly and clenched her fists secretly.

She tore down the cotton swab and applied medicine to Connie's swelling.

"I won't tell Alfred about this. When you want to confess to him, you can talk to him."

"Thank you." Connie said in a hoarse voice.

Lottie patted her head angrily. "You're still so polite to me. Are there any injuries?"

"No more."

Although the man at the door was fierce, he did not dare to fight with her because he was afraid that Connie would not give him money.

Only then did Lottie let out a sigh of relief. In the end, she heard Connie say, "I can only stay at your house for a few days at most. I still have to come back soon."

"Why?" Lottie didn't understand. "Didn't you come back to be pestered again?"

"But if he doesn't pester me, he will come to bother you. What will you do if he goes to the set?"

"Let him come and see if I won't beat him to death!"

Lottie said as she tried to hit him.

Connie held her hand and said, "No. You are a public figure now. You can't be so impulsive.

"

"What's your plan?"

"Don't worry, I will handle it well." Connie smiled at Lottie. "Give me a week. I'll make him leave obediently."

"Really? You haven't been able to get rid of him for so long. You can get rid of him in a week?"

Connie nodded solemnly and said, "Even if it's for our common cause, I will definitely do it."

Seeing how persistent she was, Lottie couldn't help but let out a long sigh. "Alright."

Ralph came quickly.

When he saw the drunk man at Connie's door, he directly asked the bodyguard to carry him out.

The man wanted to struggle, but when he saw Ralph's power, he immediately became quiet and did not dare to resist.

Ralph knocked on the door and immediately looked Lottie up and down. When he realized that she was fine, he heaved a sigh of relief.

"Are you in trouble with that drunk man?"

Lottie wanted to say something, but Connie answered first.

"It's him. He went crazy after getting drunk and attracted all neighbors. Lottie is a public figure. I was afraid that she would attract attention when she went out to deal with it, so I had to ask you for help."

Ralph nodded and did not ask more. After the bodyguards dismissed the neighbors, he said to them, "Let's go. Shall we go back now?"

Lottie had already asked Connie to pack up her luggage and they went out together.

Connie squatted at the door and tied her shoelaces. Ralph glanced at her.

The group of people quickly got out of the building, got into the car, and left.

The man who had been thrown out had been hiding in the black. He watched Ralph's car drive away and said with disdain, "So arrogant! Such a bully!"

The man slowly went downstairs and took out a bank card under the carpet at Connie's door.

He nodded with satisfaction. He could enjoy it for a few more days.

Lottie knew nothing about this.

When they arrived at Chapmans' Villa, she asked Connie to choose a guest room by herself and then pulled Ralph aside.

"Can you help me investigate Connie's family?"

Ralph raised his brows. "You want to investigate her family?"

"I don't want to, but she obviously has something to hide from me."

"If she knows that you have investigated her, will she be unhappy?"

"I can't care so much now. I am afraid that she will be in danger in the future!"

Ralph reached out and rubbed her hair. "I'll help you investigate, but you don't have to worry too much. Connie is an adult. She has her own ideas and way of dealing with things. You should trust her."

Lottie nodded perfunctorily. Just as she was about to tell Ralph what had happened, she heard Connie scream.

"What's wrong?"

Connie pulled Ralph to the guest room.

Connie turned around, pointed at her mobile phone, and said angrily, "It's said that you have been appointed as the heroine by Director Heron, and that your audition is just a formality!"

Lottie was stunned. "The interview in the afternoon?"

"Yes! They're talking nonsense over there. They said that you took away Rubby's female lead, and also said that you wanted to surpass her in a high-profile way!" The more Connie looked at it, the angrier she became. "Now, Rubby's fans are not satisfied. They all ask you and Javion to give an explanation!"

Lottie's bad premonition became true. .

Spoiled By My Bossy CEO Husband - Chapter 533 I'm Not Hiding It from You on Purpose

Later that night, Javion called.

"Lottie, you don't have to worry about those rhythmic comments online. The netizens don't know the truth at all."

"I know, director. I caused trouble for you and the crew."

"Don't say that. You are the heroine who was decided by me and the screenwriter. Someone must have incited netizens to attack you today!"

Hearing Javion's words, Lottie laughed.

Sure enough, everyone in the entertainment industry could be able to see that Rubby's sudden actions were to compete with her for the female lead.

"Director, how will the crew respond to this?"

"It's not easy to respond to this. After all, The Twins is indeed invested by Mr. Chapman. The production team was also built by him. But we can't control others' gossip."

Javion comforted Lottie. "After you experience too much in the future, you will know that such things are very common in the circle. The crew will issue a statement later, and then you can prove yourself with your strength. That's all!"

Lottie frowned slightly. "Isn't this not good for the crew? Did they always keep a low profile when dealing with this kind of thing in the past?"

"No..."

"Javion, don't hesitate. Just tell me what you want to say."

"Then I'll get straight to the point." Javion hesitated for a while and said, "If it were before, as long as the screen of the audition had been released, those netizens would have shut up. But..."

Lottie understood.

Although Javion believed that she could be the heroine, in fact, he still doubted her acting ability.

"Not long ago, Rubby had just won the movie queen, so she was good at acting. You really can't compare with her in terms of position, and she has more fans".

Javion didn't say frankly. Lottie and Natalia had both accepted the female lead, but only Lottie had been attacked by the netizens.

This showed that the netizens approved of Natalia's acting.

Only Lottie. Everyone had only seen her work from some videos. They knew that she was good at fight scenes, but the netizens were still confused about her acting skills.

Therefore, director Heron was also worried that Lottie would not be able to win against Rubby, so he didn't dare to make the audition public. He could only keep a low profile.

Javion's way of doing this was to protect Lottie, but to be honest, Lottie wasn't very happy.

"Director Heron, I have a suggestion."

Javion suddenly felt very uneasy and said, "Go ahead."

"I think tomorrow's audition can turn into a live broadcast."

"It..."

"What can break the rumors is not time, but strength."

Javion was silent for a long time before he asked, "Are you sure? Are you really confident that you can win Rubby?"

Lottie smiled. "Director Heron, if I can't beat her, then I won't play the female lead."

"Okay!" Javion was very excited, and his voice became louder. "I like your confidence!"

He had been very worried earlier and felt that Lottie definitely wouldn't dare to confront Rubby head-on. Now, it seemed that she was indeed Mrs. Chapman! She did have courage!

Lottie talked to Javion for a while. Then Javion happily prepared to arrange the audition for tomorrow's live broadcast.

Lottie put away her phone and turned to look at Ralph and Connie.

They were staring at her.

"Lottie, are you sure you want a live broadcast?" Connie asked.

Lottie nodded, walked over to the sofa, and sat down.

"Yes. Do you think I can't win?"

"How is that possible! I know how good your acting skills are. Over the years, you have been praised by the director a lot! Rubby's poor acting skills are no match for yours."

Lottie chuckled. "She's the movie queen."

"Everyone knows that she doesn't live up to her name." Connie curled her lips in disdain. "It's because Natalia is not there that she has the chance to be the movie queen!"

Lottie shook his head and said nothing.

Ralph took her hand and asked softly, "If you have decided, you can do it. If you lose, you have me to rely on for you."

Lottie glared at him with a smile. "What if I lose?"

"Withdraw the funds. Change the director and the script."

Lottie was speechless.

What? He directly intended to take away the real core of the crew. So, the crew members were going to die of anger.

Connie gave Ralph a thumbs-up. "Mr. Chapman, great."

Ralph glanced at Connie lightly.

"Don't think that you can fool me."

Connie was stunned, and the smile on her face gradually disappeared.

"You and Lottie have been friends for so many years. You know everything about her, but you have been hiding your affairs from her. Do you think this is really good?"

Connie lowered her head. It seemed that she was about to cry.

Lottie immediately patted Ralph's hand to stop him from continuing.

Ralph paused and stood up with a serious face.

"I'll go to the study to deal with something. You two can have a sincere chat."

He stared at Connie and said slowly, "Lottie values relationships the most. I hope you won't let her down."

After that, Ralph went to the study.

All that was left in the living room were Lottie and Connie.

The two were relatively silent, and neither of them spoke immediately.

Lottie didn't know what to say, but Connie didn't know how to say at all.

After a long time, it was so long that when Lottie thought that Connie would not tell her anything, Connie spoke first.

"I'm sorry."

"Why?"

"I didn't mean to hide it from you."

Connie sat up straight, took Lottie's hand, and said anxiously, "You know, I haven't been back that home for a long time. I once thought that I had gotten rid of that home."

That was why she didn't think it was a big deal if she didn't say it. After all, the past was a shame.

Connie wanted to protect her self-esteem and did not want her good friends to look down on her.

Hearing Connie's confession, Lottie was both angry and annoyed.

"Connie! We've been friends for so many years. Do you think I'll look down on you?"

When she was driven out by the Green Family and changed from a young lady to a drunkard's daughter, the difference was huge. But Connie had never looked down on her. Instead, she had been planning for her. When she was about to give up, Connie had been encouraging her!

If it hadn't been for Connie, she wouldn't have such a day!

"No, no! I know you are not, but I..."

Connie's tears rolled down her cheeks and her voice was choked with sobs.

She could be good to Lottie, but it would be a little difficult for her to believe that others would be good to her unconditionally without any burden.

Seeing her crying like this, it was also the first time that she realized that Connie had always lacked a sense of security.

Unfortunately, she had never discovered it.

"I'm sorry."

Lottie took Connie into her arms with pity.

Spoiled By My Bossy CEO Husband - Chapter 534

What's His Relationship with You?

Her apology stunned Connie.

It wasn't until she heard what Lottie had just said-

"It's my fault. I haven't noticed your uneasiness."

"If I were more careful, and if I paid more attention to you, I wouldn't make you so insecure."

"I should have found out a long time ago. You obviously like Alfred so much, but you suddenly broke your promise and didn't want to be with him. I still thought that you were willful. If I tried to talk to you more, I would definitely know how painful you were during this period of time."

"It's all my fault..."

As Lottie spoke, tears welled up in her eyes.

She really regretted it. Connie had always paid for her, which made her accustomed to Connie's kindness, but she forgot to respond.

She even blamed Connie for hiding it from her.

Connie was very touched.

Because of her previous experience, Connie had always been used to reflecting on herself, but rarely blamed others.

She was used to devoting and also used to shutting herself down.

She could have been Lottie's backer, but actually she refused to let Lottie be too kind to her.

Because she was afraid that Lottie would treat her too well. She couldn't bear it.

It was all her own fault, but Lottie said it was her fault.

Then, she squatted down and patted her head, telling her, "I'm sorry, I'm late."

A feeling of being cherished and loved arose.

Connie finally found that she was wronged, but she didn't dare to show it before.

"Lottie..."

Both of them felt that they were wrong.

Then they were moved by each other and burst into tears together.

Connie's cries echoed throughout the villa.

Lottie was obviously very sad at first, but when she heard Connie's cry, she calmed down a lot.

She didn't want to cry and even wanted to laugh.

Connie's tears were really strange and attractive.

Lottie managed to hold back her laughter.

But she couldn't cry anymore. She took a tissue from the tea table and handed it to Connie.

"Don't cry in front of Alfred in the future."

Connie blew her nose and asked, "Why?"

"I'm afraid that he will laugh at you."

Connie was speechless again.

"I heard that Alfred is good at everything, but he doesn't know how to sing, let alone sing high pitch."

Connie was speechless. "What do you mean?"

Lottie was silent. If she said something too straightforward, it would be meaningless.

Of course, the main reason was that she was afraid of being beaten by Connie.

Lottie adjusted her mood.

"Alright, let's not cry. Both of us are in the wrong. I was in the wrong because I didn't care too much about you. You were in the wrong because you didn't tell me in time."

Connie nodded and felt a little dizzy.

"Then we have to correct it in the future. That is to say, I will be more concerned about you. And you have to tell me all your difficulties, okay?"

"OK..."

Connie suddenly held her head and retched.

Lottie was puzzled.

They were having a good talk. What did she mean by suddenly vomiting?

"Sorry, I just... suddenly feel a little dizzy."

Lottie understood. "You've cried too hard. You must be short of oxygen."

Connie cried so loudly that she would definitely feel dizzy due to lack of oxygen.

"Probably. Every time I cry loudly, I feel dizzy."

Hearing this, Lottie wanted to laugh again.

In order not to laugh, she quickly poured a glass of hot water for Connie and added some salt into it. She handed it to Connie and said, "Drink some water."

"Thank you." Connie took the cup and took a sip. She felt much better.

Lottie shook her head helplessly.

Connie obviously didn't know how to take care of herself. How could she have thought that Connie was trustworthy before?

Connie adjusted her mood and began to tell Lottie about her past.

"The man you met today is called Steve Lewis, the illegitimate child of the Lewis family."

Hearing this, Lottie's expression turned a little more serious. "What's his relationship with you?"

"He's not my father. When I was very young, my father died by accident in order to save a person who had jumped into the water."

Lottie looked at Connie in surprise. She knew that Connie seemed to be very resistant to falling into the water before, but later, she suddenly overcome the weakness of being afraid of water.

But she never knew that there was such a painful reason for it.

"Has that suicidal person been rescued?"

Connie nodded and said coldly, "The person my dad saved is Steve."

Lottie was pouring water for herself. When she heard this, her hand shook and the water poured out of the cup.

She hurriedly pulled a tissue to wipe it and turned to look at Connie.

Connie looked dull and indifferent.

"Ironic, isn't it?" Connie said, "My father died to save him, but he was with my mother because of this opportunity. He became my father and wanted to replace my biological father."

Connie said in a relaxed tone what she had suffered before.

After her father's death, her mother brought a daughter, and she often interacted with Steve, so her neighbors all gossiped her and her daughter.

Some people even said that her mother and Steve had been together for a long time. They deliberately put on a show to kill Connie's biological father and let Steve replace him.

Because of this, Connie was often bullied by her classmates at school.

Her classmates all said that her mother's conduct was bad, and her daughter she raised was the same as hers.

"Steve was still the young man of the Lewis family at that time, and he was richer than my dad. When the neighbors saw Steve send things to our house, like TV, air conditioner and refrigerator... there were all kinds of things. The neighbors were also envious. In addition, someone saw my mother and Steve going out on a date alone. Thus, there were more rumors gradually."

"I finished primary school in that environment and begged my mother many times not to be with Steve, but it was useless."

Her mother didn't like her father's meager salary. When her father wasn't dead, they often quarreled. Connie also knew that her mother wanted to divorce.

Unexpectedly, before the divorce, her father would sacrifice himself for saving people.

Because of the death of the rescue, Connie's father also won the praise of the city, and even Connie was treated well in school. Her mother took this opportunity to be with Steve and lived a more comfortable life than before.

Her mother didn't have to go out to work. Every day, she dressed up beautifully and went shopping with Steve and her sisters. She didn't care about the gossip of her neighbors, let alone how much suffering Connie had suffered in school.

Only then did Connie feel that everyone was selfish. .

Spoiled By My Bossy CEO Husband - Chapter 535 Lottie Loved Connie Dearly

Lottie put down the glass of water, sat down beside Connie, and slowly hugged her.

"I'm fine."

Connie patted Lottie's hand, took a deep breath, and forced a smile at her.

"After so many years, I've already figured it out." Connie said.

More and more rumors spread. One day, her mother went out to have afternoon tea with her friends. When she came back, she met the couple next door who were quarreling. Connie's mother couldn't help speaking up for the man.

As a result, her mother caused a lot of trouble. The woman scolded her mother and even went forward to tear her mother's hair.

The neighbor aunt's words were unpleasant to hear, and everyone in the courtyard ran out to watch the farce.

Only then did her mother realize that she could no longer stay here.

Her mother contacted Steve and asked him to take them away overnight.

"I didn't want to leave at all. My mother had an improper relationship with Steve. She had been receiving Steve's favor all the time. She even wanted to live in Steve's house. This would make people gossip more."

However, there was nothing Connie could do. Because she was still too young. At that time, she was just about to go to junior high school, but she was too young to support herself, so she had no choice.

"I still remember that when I was carried into the car, I cried for a long time."

"Then we would live in the Lewis family's house."

It was not until Connie arrived at the Lewis family that she realized what her mother had been pursuing over the years.

If it weren't for her father's great guide, Connie would have been lost by the luxury of a rich family.

Because her father was Steve's savior, she and her mother had received preferential treatment from the Lewis family at the beginning.

But later, Steve's father knew that Steve and her mother were together. So, Steve's father was angry and forced Steve to cut ties with Connie's mother.

Steve immediately compromised. He rented a house for them and wanted to make them leave.

Connie's mother refused. She took out the test report of the hospital and said that she was pregnant.

The Lewis family was shocked and immediately arranged a parent-child test for her.

However, Mrs. Lewis suddenly took this opportunity to attest Steve's relationship with her by a DNA test.

The final result was beyond everyone's expectation.

"Steve is not Mrs. Lewis's son. He is the son of Steve's father and a woman outside. My mother was not pregnant at all.

She just didn't want to leave the Lewis family, so she made up such a lie."

When Lottie heard this, she sighed silently, "It's all fate."

Connie laughed loudly and said, "Yes."

"Steve was discovered to be not Mrs. Lewis's biological son. Mrs. Lu was shocked. If her son wasn't Steve, then where had her biological son gone? She went to question Steve's father, but they had a big fight. Steve's father hit Mrs. Lewis for the first time."

Mrs. Lewis had been doted on since she was a child and had never been wronged like this. On that day, she went back to her parents' home and told this to her parents' family. Mrs. Lewis's parents' family directly called the police.

The police investigated and found that Mrs. Lewis's child had long been replaced, and then was drowned by Lewis's biological mother.

Steve's father didn't tell the truth and even hid the truth with Steve's biological mother. They treated Steve as their biological child. If it weren't for Mrs. Lewis's doubts about Steve, this matter might have been hidden all the time.

"What would happen to Steve after they found out everything?"

"Steve's birth mother was arrested, and his father was sentenced to three years of imprisonment. Mrs. Lewis's parents' family had powers, and they directly destroyed the Lewis family. As for Mrs. Lewis, she divorced Mr. Lewis, took her property, and went abroad.

But Steve... became a poor and homeless man."

After leaving the Lewis family's house, he only had several thousand dollars and the house bought by Mr. Lewis, which Mr. Lewis intended to compensate Connie's mother.

Later, Steve had nowhere to go. He moved to the house with Connie and her mother, and then lived with the money saved by Connie's mother.

At that time, Connie was already 15 or 16 years old.

She found that Steve's temper was getting worse and worse. He was drunk every day and often hit her mother, because in his opinion, all this was caused by her mother.

If Connie's mother had not pestered him and refused to break up with her and lied that she was pregnant, Mrs. Lewis would not have thought of doing a DNA test, and his identity would not have been exposed.

There was one more thing, Connie didn't confess to Lottie.

That was, when she was fifteen or sixteen years old, Steve's gaze on her had changed. From time to time, he liked to touch her casually.

Connie felt that Steve's mind was very dirty, so she applied for accommodation after high school and tried to earn as much money as possible on holiday.

When she was at school, she had been studying under a work-study programme. Every year, she received a scholarship and basically didn't use much money from Steve's.

When Connie was in college, in order to leave the "home", she deliberately applied for a school in Rexwell, which was particularly far away from her home.

After coming out, Connie was completely free.

She made money for her own living expenses. In order to pay back the money her mother had used before, she had to work hard. Hearing that the entertainment industry had made a lot of money, she did not choose to go to a bachelor university. Instead, she chose an art college to learn how to perform.

However, Connie really didn't have the talent to act. In the end, she could only act as an extra and then help contact other extras. As a result, it made her accumulate a lot of people's connections.

Hearing this, Lottie felt that Connie had been living a bad life for the past few years.

Connie had a hard time before. She was so good, strong, and optimistic. She deserved the best treatment.

"What happened next? Since you have come out, how could Steve find you later?"

"More than a year ago, my mother was diagnosed with a terminal disease. She called me and asked me to go back to see her."

"You're back?"

Connie nodded. Although the relationship between her mother and her had not been good, Connie had no other relatives except her mother. She rushed back as soon as she received the news.

When she went back, she found that her mother had reached the late stage and had no chance to save her.

Connie secretly went to find the doctor and asked him many times, but she still got the same answer.

Perhaps it was because she was ill, or maybe it was because Steve turned a blind eye to her that her mother finally saw the reality.

Her mother called Connie back and sincerely apologized to her.

She had already regretted it.

Every time she received Connie's money, she felt embarrassed.

She had never given this money to Steve. She had saved it for Connie.

Her mother held Connie's hand and told her that there was a saving card hidden at home, in which there was a letter written to her and the last thing left by her father. Her mother wanted her to remember to go back and get them.

Connie still cried, but this time she cried silently. "My mother wants to live a rich life. However, before she died, she found that her real good days were the days when my father doted on her." .

Spoiled By My Bossy CEO Husband - Chapter 536 Be Strong

Connie cried for a long time before wiping away her tears.

"After I finished my mother's funeral, I took her ashes back to my hometown and buried her beside my father."

Lottie thought for a moment. "Last spring?"

She remembered that during that period, Connie had been in a bad mood and went her hometown.

At that time, Lottie didn't have a good time. After she asked Connie several times and Connie said that she was fine, Lottie stopped asking.

Thinking back, Connie at that time should need someone to comfort her.

Even if she gave Connie a hug, Connie would be much better.

Lottie became more and more regretful.

Connie nodded.

"After the funeral, I went to the city. I wanted to take back my things, but I found that the house had been sold by Steve. He owed gambling debts outside. He ignored my mother's serious illness and sold the house in order to pay the debt. He also took away what my mother left me."

Connie later found Steve. She could refuse the money, but she had to get her mother's letter and the things her father left.

Those were the last things her parents left for her.

However, when Steve saw Connie, he had evil intentions again.

He suddenly remembered that he had a "daughter". Steve used the things left by her parents to force Connie to sleep with him.

Connie was disgusted at the thought of his face.

During the dispute, Connie picked up a stone on the roadside and smashed it on Steve's head.

Steve was seriously injured that time, and then he fainted.

Connie took the opportunity to escape. When she returned to Rexwell, she panicked. She asked someone to find out that Steve only stayed in the hospital for two months and went back. Then she was relieved.

Although she hated Steve, she did not really want to kill him.

After returning to Rexwell, Connie finally had a relaxing life, but she still felt a little regretful. She felt that she could not find her parents' things.

She didn't want to have anything to do with Steve at all. She also didn't expect that after Steve left the hospital and lived alone for a while, he began to look for her.

Steve used to be a man of a noble family, so he had some connections. In addition, Connie had a good relationship with famous Lottie. Finally, Steve still found Connie.

"He asked me to raise him. If I didn't agree, my mother's past as a mistress would be exposed and would make me completely unable to survive in Rexwell.

"

After hearing this, Lottie frowned. "He only used pressure on you like this?"

Although Connie's mother looked down on the poor, she had never been a mistress when she was with Steve. Logically speaking, Connie should not have been threatened.

Connie gave a wry smile and said, "He threatened me with my parents' things left for me."

"Anything else?"

Connie stopped talking.

"Did he find out about the relationship between you and Alfred, so he wants to threaten you with this to obey him?"

Connie didn't say anything, but she acquiesced.

Lottie slammed her hand on the table.

"This is too infuriating!"

Steve was really shameless! It was not enough to harm Connie's family. How dare he ask for benefits?

He was really shameless.

Lottie was really angry. Why hadn't she beaten Steve fiercely before?

Connie quickly grabbed her hand.

"Don't tell Alfred about this, okay?"

Lottie frowned as she looked at Connie. "Why didn't you tell him? He has the right to know everything."

"No! He can't know these now!"

"You..."

"He is in the critical period of his career. If something happens, his career may be affected. I can't bear such a big fault."

"How can this be considered your fault?"

"Lottie, take it that I'm begging you." Connie looked at Lottie with pleading eyes and said, "I want to have a perfect match."

This should be Connie's sore spot.

She saw with her own eyes how her mother had begged for nothing and how she had witnessed her mother's regret.

Connie knew that one day, when she was really with Alfred, it was not because she wanted to cure Alfred's emotional injury, nor because she wanted to fulfill her dream. It was because they loved each other and matched each other.

She wanted to wait until she could be equal to Alfred. When she was excellent enough to make his fans accept her, she would be with Alfred.

Perhaps, this was just her own desire.

Perhaps, before she could realize her dream, Alfred had already met a better person.

Then she would not regret it.

She would silently bless Alfred, hoping that he would be happy all the time.

Lottie wanted to scold Connie, but when she saw her hope, she knew that it must be Connie's insistence.

She could solve many things for Connie, but she could not intervene in her love at will.

"I see." Lottie said in a low voice. "I'll make a name for myself as soon as possible. You'll be the most popular agent then. Everyone in the entertainment industry has to respect you. At that time, Alfred won't dare to lose his temper at you."

Connie laughed foolishly after hearing that and reached out to hug Lottie.

"Thank you, Lottie. It's good to have you."

Lottie gave Connie a reproachful look. "Yeah. That's why you have to fight side by side with me."

Connie laughed loudly. Her eyes were swollen from crying, but her smile was still so bright.

"You're going to go with me tomorrow. If you're not in a good state, won't you let me lose face?" Lottie pointed at her eyes.

Connie reached out to rub her eyes, but was grabbed by Lottie.

"Don't rub them with your hands. I'll cook an egg for you. Bring it over and apply it to your face. Then apply a toning mask at night and have a rest early."

Lottie got up and went to the kitchen. Connie said to her from behind, "Lottie, I love you so much!"

Lottie rolled her eyes. "Go and love your Alfred. It's enough for me to have Ralph."

Connie was speechless. "Crazy."

"You can also be with Alfred."

"Forget it."

Connie admitted defeat.

Lottie glared at her. "You're really not brave."

While they were chatting and joking, their relationship returned to what it used to be.

They didn't say how to deal with Steve in the future, because Lottie knew that Connie must have her own plan.

The most important thing was that she wanted Ralph to investigate Steve first.

Ralph had more means to deal with people.

It was late at night. After helping Connie remove the swelling, Lottie urged Connie to wash up and sleep. After Connie fell asleep, she went to the study to find Ralph. .

Spoiled By My Bossy CEO Husband - Chapter 537 Wife Is the Most Important

"Ralph."

"Are you done?"

Lottie walked to Ralph's side. Ralph took her hand and asked her to sit on his lap. Then, he looked up at her.

Lottie glanced at Ralph's computer and found that he was busy in working. Then she looked away.

"Well, I know a lot of things."

However, Ralph leaned over and kissed her face. "Your eyes are red. Have you cried?"

Lottie raised her hand, wanting to rub her eyes, but Ralph stopped her.

"I just cried for a while. I didn't cry as much as Connie did."

Ralph's lips curled up slightly. "I knew."

Lottie was speechless.

Ralph said innocently, "I don't want to eavesdrop either. She cried so loudly that I heard her cry in the study."

Lottie was speechless. However, Connie's crying was indeed a little loud.

"Did you hear our conversations?"

"I was worried that something might happen, so I overheard something."

Something came to Lottie's mind and she tapped the mouse to minimize the documents on the computer. Then the monitoring screen of the living room was revealed.

She was very helpless. "Mr. Chapman, why do you always do such a thing?"

Ralph didn't feel guilty at all. He even went over and kissed her face.

"I don't want to. So, do you mind letting me hear it openly?"

Lottie didn't really want to argue with him. After all, she had wanted to tell Ralph about it, but she could take this opportunity to talk about the conditions.

"Let's not talk about anything else. It's true that you peeked. Shouldn't you apologize?"

Ralph smiled and said, "How do you want me to apologize? Me?"

As Ralph spoke, he leaned over and wanted to kiss her.

Lottie quickly reached out to cover his mouth.

"What do you want to do again?"

"I didn't enjoy myself in the study last time, how about..

."

Lottie's ears were red. "Crazy! If you don't control yourself now, be careful of hurting your kidney in the future!"

"Don't you know my health best?"

"Ralph! If you continue like this, I really have to consider separating myself from you!"

Ralph was speechless

"And I'm going to audition tomorrow. The audition will be a live broadcast!" Lottie didn't know why but she suddenly felt wronged. "You only know how to make you happy and never consider my feelings."

Ralph had no choice but to stop when he heard her complaint.

Seeing how aggrieved Lottie was, he immediately pulled her into his embrace and comforted her.

"Alright. I was just joking with you."

"You're not."

Lottie could clearly feel his sexual desire.

Lottie was angry.

Ralph had no choice but to get up from the chair with her in his arms.

Lottie was so frightened that she hugged him tightly. "What are you trying to do again?"

"Don't you believe me? Then I'll send you back to the bedroom to rest now. When you fall asleep, I'll come back to work, okay?"

"I haven't told you anything about Connie yet."

"You don't have to. I will investigate Steve's matter and help Connie solve it as soon as possible, okay?"

"OK."

Ralph shook his head with a smile. His eyes were filled with doting love as he looked at her.

Lottie had also been tired for a whole day. She was carried to take a shower by Ralph and fell asleep before he dried her hair.

Ralph dried her hair and kissed her gently on the forehead before taking her to bed.

As soon as Ralph covered her with the quilt, Lottie's phone rang.

Ralph picked it up and took a look. When he found that it was from Elijah, he immediately picked up his phone and went out of the bedroom.

He only picked up the phone when he reached the study.

"Mommy!"

The voice on the other end couldn't wait. It was obvious that he was in a hurry to call Lottie before the video was connected.

Ralph lazily sat and said to the three children.

"Your mommy is too tired to sleep. You can tell me if you need anything."

"Why is it Daddy..."

"Why Mommy is so tired? Did you bully her again?"

"Bad daddy! Don't bully Mommy!"

The clear and powerful voice of the three children came, full of vitality.

"Do you have anything to do with it?"

"So arrogant!!"

"Daddy, don't be too proud! Grandpa and grandma have taught us a lot of things today! It won't be long before we surpass you!"

"We'll get even with you for bullying Mommy!"

"Just you?" Ralph smiled arrogantly. "It's been 20 years."

Elijah's calm voice sounded, "At most two years."

According to his grandparents' plan, in two years, he would completely surpass his daddy and become the world's best hacker!

At that time, he would definitely teach his arrogant daddy a lesson.

Ralph knew that three children would definitely have all kinds of training waiting for them. However, he did not expect his father-in-law and mother-in-law to be so fast. They were already planning to train them to be super elites.

Three children even said that they would surpass him.

"Bet or not?" Ralph said, "If you didn't surpass me in two years.

.."

"What if I surpass you?"

"If you win, I can agree to your three conditions. If you lose, you have to promise me three conditions."

"Okay! Elijah, bet with him!"

"Elijah, don't be afraid of him. We bet you win!"

Stella and Fabian were very dissatisfied that Daddy had always been with their mommy.

No matter what, they had to win!

Elijah obeyed his brother and sister's opinions and agreed immediately, "Deal!"

Ralph answered with a smile and asked, "Is there anything else?"

Stella immediately squeezed over and said, "We saw on the Internet that Mommy is going to be the leading actress! What's wrong with Rubby?"

Speaking of this, Ralph's face darkened.

"It's just a little trick that some people play. They will lose face tomorrow."

"We also saw the director post on Twitter, indicating that the audition will be broadcast live tomorrow! We will watch the live broadcast on time tomorrow. Tell Mommy that we will always cheer for her!"

"Can you also watch the live broadcast abroad?"

Elijah "As long as we want to see, there will always be a way."

Ralph smiled and said, "Okay."

"By the way, Daddy, I used another account to enter Rubby's fan group. They've been saying bad things about Mommy. Can I directly ban this group?"

"It's not easy to ban the official fan group. You can take screenshots of the chat record and ask someone to report it."

"Good idea!" Stella instantly became excited.

This could gain some sympathy for Lottie, and this can also publicly punish those crazy fans.

Ralph checked the time and urged the children to have lunch. Then, he turned off the computer and went back to sleep with Lottie.

After all, Lottie was the most important.

Spoiled By My Bossy CEO Husband - Chapter 538 You Don't Deserve Say That

The next day.

Connie woke up very early.

Perhaps it was because she had confessed to Lottie that she was very relaxed.

She was much clearer about the future and was full of fighting spirit in the morning.

She first called Lottie to get up and then called a professional modeling team to make a special audition outfit for her.

Lottie was speechless.

"Come on." Lottie said, "I'm just auditioning right now, and I'm not going to perform soon. Is there a need to be so formal?"

"It's necessary. Do you know how many medias will be there today? With Rubby around, she will definitely dress up well and attend. Don't you want to be defeated by her?"

Lottie said. "...I don't care."

Connie thought for a while and then nodded. "Well. Even if you wear casual clothes, you can beat her."

"I can wear regular clothes."

She took a look at the clothes brought by the stylist. They were all high-end dresses, and they were all stylish!

She was not going to walk on the red carpet. There was no need to dress up to nines.

While they were arguing, Natalia and Zack came with Kayden.

Kayden's legs were almost healed. Edward said that he could walk on the ground, but he couldn't do strenuous exercise for the time being, such as running and jumping.

Natalia also need to make a style. She glanced at the prepared clothes and shook her head.

"Really too exaggerated. What about usual clothes? Skirts?"

Connie looked at Natalia and said, "Isn't it too casual?"

"No. I remember that Lottie usually wears limited-edition brands."

Connie said with a blank face, "Sorry, I'm superficial. "

Natalia and Lottie couldn't help but laugh. Lottie reached out to pinch Connie's face. "You're just too nervous."

Connie put down the high-end dress and finally admitted, "Yes, I am very nervous. Rubby is best at promoting herself. If she is better than you in any aspect, she will definitely post the press release online to belittle you."

Kayden, who had been listening to them, couldn't help sneering.

"See if she has that ability."

Regarding Rubby's attack on Natalia, not only did Lottie bear a grudge, but Kayden also held a grudge against her.

He took out his mobile phone and made a phone call.

Before long, all the latest limited-edition dresses of the season were sent over.

"You can choose which dress you like." Kayden said very generously.

Natalia and Lottie were speechless.

For some reason, they thought that Kayden was a little silly.

Ralph glanced at Kayden indifferently. Is Kayden so high-profile?

Then he couldn't lose.

Ralph called the chief designer directly.

"Design two dresses for them according to their roles. They should be beautiful but dignified. It's best for them to surprise the whole audience without using colorful elements."

The designer was speechless.

He had never seen such a ridiculous request.

Wasn't this contradictory?

Natalia and Lottie looked at each other and then they covered their men's mouths.

"Stop."

"Isn't it too stupid to compare with this?"

Ralph and Kayden didn't know what was going on. Lottie picked out two similar terms from the various dresses.

One was red and the other was white.

The white one was for Natalia, and the red one was for Lottie.

Two dresses suited their roles very well.

Natalia and Lottie changed their dresses and walked out. When they stood together, they looked like twins.

In addition, they played their roles on purpose. When they came out, everyone seemed to see the two heroines of The Twins.

Anna and Abby.

The sister was Anna.

She likes red dresses best. Her whip and horse were her symbols. She was frank and casual.

Her younger sister was Abby. She likes white clothes best. She always held a book and drank teas. She was lonesome and elegant.

Connie sighed with emotion after seeing them. "Okay!"

You went audition in such dresses. No one dared to say that they were not suitable for acting as the heroines!

Kayden and Ralph were obviously very satisfied. In their eyes, their wives were beautiful no matter what.

Lottie and Natalia smiled at each other.

They took two cars to the audition site and found that there were people everywhere.

The media and related fans who came to shoot were all standing at the door.

Each of them held a camera at the door and took pictures. As soon as they saw any topic-like figure, they immediately posted it on the Internet. Soon, it would attract the attention of netizens.

They were on trending.

Natalia, Lottie, and Connie were in the same car. The Chapman family's two men were in another car.

Because it was not convenient for the two men, who had nothing to do with the entertainment industry, to show up on such an occasion.

The main reason was that Lottie was afraid that the moment Ralph appeared, those people would start gossiping again.

Although they could not care about what others said, they just needed to do their own things. But she still hoped that she would not cause more trouble.

Ralph and Kayden were very powerful outside, but in front of their madam, they had to be forced to separate from their wives. They looked very pitiful.

Lottie didn't know how Mr. Chapman was feeling. When she got out of the car with Natalia, they immediately caused quite a commotion.

"Look, those are Lottie and Natalia!"

"They are so beautiful! They might win."

"They look like twins today. Did they dress up deliberately?"

"They share the same agent and use the same modeling team. It's understandable."

"The script is called The Twins, which is the story of a pair of twin sisters. They dress up like this to audition for two female lead. They are quite scheming."

"Stop, Rubby is here too!"

With the last reminder, the sound of high heels came from behind them again.

Lottie looked back and saw Rubby, who was dressed in a gorgeous and elegant dress, walking up to them with a cold face. She sized Lottie and Natalia up from head to toe and sneered.

"You're not good at acting, so you can only spend some effort on dressing up."

Lottie said. "Ms. Chao, you don't seem to deserve say that."

Natalia added with a smile, "I think Ms. Chao is more interested in makeup than us."

Rubby's face froze. She glared at them and was furious.

"You are so arrogant now. When you perform later, remember to recite the lines clearly. Otherwise, even if you are backed by Ralph, you may not be able to get the role!"

.

Spoiled By My Bossy CEO Husband - Chapter 539 Don't Be Rude

"Same to you."

Lottie patted Rubby's shoulder and smiled.

Rubby was so angry that her face turned gloomy.

Before she could say anything more, Lottie had already taken Natalia's hand and walked towards the waiting room.

Connie and Zack followed closely behind. Everyone looked down on Rubby.

Rubby was really pissed off.

"Go and ask around for me. Who are the judges today?"

Rubby ordered her assistant to inquire about it, while she took her agent to the seat next to her and sat down.

She sat in the most conspicuous place in the waiting room, dressed so brightly that almost everyone who came in would be amazed by her style.

Her manager felt a little helpless and persuaded her in a low voice, "Director Heron doesn't like too exaggerated makeup. Rubby, you'd better change your clothes..."

After she finished speaking, she was glared at by Rubby.

"He didn't like it before, but it doesn't mean he doesn't like it now."

"All the people here are not as famous as me. I can't be high-profile?"

"Also, do you know how much effort I took to get this set of super high-end gown? If I changed it, it's useless for me to take efforts."

After being scolded by Rubby for a few words, the agent immediately fell silent.

Because Lottie and Natalia were there, Rubby became impatient after sitting for a while.

"Why hasn't Lily come back for so long? Is something wrong?"

"Why don't you go and have a look?"

The agent hesitated. "But..."

"Maria, you should know that I paid for your current salary."

Maria, who was also Rubby's agent, felt inexplicably unhappy when she heard Rubby's threatening words.

In the past, Rubby would never speak to her in such a proud tone.

Now, Rubby was getting more and more disobedient and out of control.

Maria thought about something with a gloomy face and stood up silently.

"I'll go and have a look."

However, before she could go out, a man passed by her and slammed Maria, who had just stood up, to the side. The coffee cup in the man's hand was directly knocked over.

Suddenly.

"My clothes!"

Rubby screamed and immediately stood up to dodge, but it was still too late.

The high-end dress that she had spent a lot of money and energy to borrow had been contaminated by coffee stains. A large area of the shiny front part was wet, which looked dirty.

Rubby was so angry that she raised her hand and slapped the person opposite her.

"You don't even look at your way. Now my clothes are dirty.

How do you want to compensate me?"

The woman who bumped into Maria covered her face, but she didn't care about the pain. She knelt down and apologized to Rubby.

"I'm sorry, Senior. It's my fault. Can I... wash your clothes for you?"

At first glance, she knew that Rubby's clothes were very expensive. However, she was just a newbie who had just entered the entertainment industry. She did not have the money to pay at all. She could only try her best to clean up Rubby's clothes.

Rubby glanced at the woman in front of her.

She had a plain face, wearing the simplest T-shirt and jeans, and the shoes under her feet were also the most ordinary sneakers, which were very cheap.

She could tell how poor she was.

However, she was pretty and young.

Rubby's heart was filled with disdain and envy. At the same time, she also wanted to suppress the newcomer.

"Clean it? Do you know that this can't be washed?"

The newcomer's face was pale, and she knelt on the ground, not knowing what to do.

"I... I'm sorry, I... then tell me, how much is this dress? I..

. I'll make an IOU for you first, okay? I'll pay you back gradually in the future."

Maria couldn't bear to see this pitiful look anymore.

Maria helped and said, "Rubby, let's forget it. I also have to take the responsibility for this. If I hadn't suddenly stood up, she wouldn't have rushed over like this."

"Forget it? I'm not as generous as you! Since you're so kind, why don't you compensate half of my clothes?"

Maria was embarrassed.

She was also a very famous agent in the circle. When she came in just now, many stars and agents took the initiative to greet her. However, Rubby did not respect her. How could she survive in the circle in the future?

Moreover, she had taken Rubby with her for several years and had been doing her best. Now, Rubby humiliated her because of a dress, which was too shameful for her.

She was almost embarrassed.

The atmosphere was a little awkward, and no one dared to speak.

Seeing that Maria did not speak, Rubby sneered and said, "You just do good things in the name of others. Now let you compensate the clothes, why don't you say nothing?"

"Don't meddle in other people's affairs in the future. You're mine, so you should protect me. Is that clear?"

Rubby was simply too arrogant.

Lottie didn't want to interfere, but seeing that Rubby was getting more and more excessive, she finally couldn't help but speak.

"It's just a piece of clothing. It's not worth making such a fuss."

Rubby's expression changed when she heard Lottie's voice from the corner.

"Lottie, what do you mean?"

"Aren't you a big star or a movie queen? You should earn at least one or two thousand dollars a year. It's just a dress. It's worth making such a deal about this?"

"This is the dress I spent on borrowing.

Can't I teach her a lesson? Lottie, have you interfered too much?"

"If you want to teach someone a lesson, just don't do it in public. Don't be rude, please. Okay?"

Rubby was rendered speechless by Lottie's words. She immediately felt a little embarrassed.

Natalia tugged at Lottie's arm and looked coldly at Rubby.

"We were all newcomers. So let's understand each other. How much did you spend to buy this dress? I'll ask my agent to compensate you."

As she spoke, she gave Connie a look.

Connie stood up, took out the cheque book from her bag, and turned to look at Rubby.

"How much is it? Tell me."

Feeling humiliated, Rubby stamped her feet in anger.

"Enough! I know what you're thinking. I won't let you succeed!"

As she spoke, Rubby got up and walked out.

Maria hesitated for a while and then followed her out.

As for the newcomer who had been humiliated by Rubby, she looked at Rubby's back in confusion. She then looked at Lottie and finally hesitantly walked up to her.

"Thank you for your help just now. I'm Harleen Hall. I will find a way to return the money of the clothes to you."

Lottie and Natalia looked at each other. Lottie shrugged her shoulders, while Natalia smiled gently at Harleen.

"You don't have to. We didn't really pay for it."

Spoiled By My Bossy CEO Husband - Chapter 540

Everyone Is Very Strong

After Natalia finished speaking, Harleen also realized that her actions earlier seemed a little inappropriate.

She said timidly, "No matter what, thank you for helping me. Just take it that I owe you once and I will repay you in the future."

After that, she did not continue to stay in front of them. Instead, she walked to the back of the team and found a random seat to sit down.

Lottie looked at her direction and saw Harleen sitting there in a daze for a while. She then took out a small mirror from her bag and carefully wiped the hand print on her face with a tissue.

Lottie watched for a while and suddenly kicked Connie's foot.

"What's wrong?"

"Do you bring any makeup bags?"

"Yes, do you want to make up?"

Lottie raised her chin and pointed in the direction of Harleen.

"Send her some cream."

Connie understood instantly and glanced at her mischievously. "Didn't you pretend that you didn't care?"

She knew that Lottie would never allow the newcomers to be bullied.

Before Lottie could say anything, Connie had already gotten up to look for her.

After Connie left, Natalia looked at Lottie in surprise.

"Didn't you say you didn't want to interfere?"

"I suddenly changed my mind." Lottie said, "Look at her temperament, isn't it quite in line with a character in the script?"

Natalia understood. "The third female lead?"

"She should be close to the third female lead. Maybe she will be selected."

If she was really selected, Harleen would play the role of her junior sister in the drama. In order to avoid their embarrassment, it was always good to get along well with her now.

"Are you so confident in her?"

"I have confidence in Director Heron."

Natalia shook her head and did not speak.

For her, no matter who the third female lead was, it would not affect her much.

The only thing she needed to worry about now was that Rubby had been scolded by her and Lottie, and her high-end dress had been destroyed. Rubby would definitely think of a way to take revenge in the future, and Rubby might even use unscrupulous methods to get Lottie's female lead.

She didn't want to play twin sisters with Rubby. Just thinking about it was disgusting.

As if she had seen through what she was thinking, Lottie patted her shoulder and comforted her. "Don't worry. No matter what method Rubby uses, I won't let her succeed."

"I hope so."

...

Rubby rushed to the bathroom angrily and dealt with the coffee stains on her clothes.

However, this was very difficult to clean. It could not be cleaned with water.

Marin walked over and put down her phone.

"I asked the assistant to send you another set of clothes. I know you are very angry, but now the top priority is to pass the audition and get the role of Anna. You can deal with other things later."

Rubby was originally very angry, but when she heard Maria's words, she snorted coldly.

"You still know to help me deal with the crisis. In the situation just now, I thought you were going to abandon me and choose to support that newcomer."

Maria was stunned and then asked, "Are you angry with me because of this?"

"Yes! Maria, we've worked together for so many years. I've never treated you badly, but if you have other ideas, I will be sad."

Maria suddenly became soft and said, "I don't have this idea."

"That's good. I was just joking when I asked you to pay for the dress. But you know, I've been short of money recently, so I couldn't help being impatient when I spoke just now. Don't take it seriously."

Maria paused and said, "I know."

"You don't have to worry. I'll communicate with the brand staff. They should have the service of cleaning dresses. At worst, I'll pay more for cleaning. I won't let you suffer too much."

Hearing Maria's words, Rubby felt much better.

Both of them looked a little better. The assistant quickly brought her clean clothes.

Rubby had no time to care about her image. She took her clothes and changed.

When she came out, she was also wearing a bright red dress.

"The red dress is the symbol of Anna. Since Lottie can wear it like this, so can you. You are famous than her and have more acting experience than her. Come on, this role may not necessarily belong to her!"

As long as Rubby performed better in the live broadcast, she would hire some people to send comments online in the broadcast room. Maria didn't believe that Director Heron could make a decision on his own regardless of others' opinions.

At first, Rubby felt that she had to rely on a famous brand to maintain her image. Now, she looked into the mirror. She had to admit that Maria was still trustworthy. This red dress was much more suitable than her high-end dress.

"Got it, Maria. I will try my best."

Before they walked out of the bathroom, Lily finally came back.

"Rubby, I heard it. In addition to Director Heron, there is also a famous screenwriter Rose, and the other three people are the representatives of investors, producers, and directors. It is said that everyone is very strong."

"I know Javion and Rose. Who are the other three? Is there Ralph?"

The assistant shook her head and said, "It seems that he didn't want to be gossiped about. Although Ralph is the biggest investor, he didn't show up today. His assistant, Sean came here. The producer and the production director are our old acquaintances."

Rubby was surprised. "Really?"

The assistant came over and said two names in Rubby's ear. Rubby immediately showed a surprised expression.

"Is it really them?"

Lily nodded heavily. "I just helped you talk to them privately. They said that they would have a meal with you after the audition."

Their intention was to help Rubby. After that, as long as the director or screenwriter voted for her, she could get the role of Anna.

As long as she thought that she could make Lottie lose face in front of so many spectators in the broadcast room, Rubby would tremble with excitement.

She had been waiting for this day for a long time.

"Well done." Rubby patted Lily's shoulder and said with a smile, "When I get the heroine, I'll treat you to a big meal."

"Thanks, Rubby!"

Maria wasn't as optimistic as them. She had the feeling that Lottie wasn't completely unprepared.

However, seeing how excited Rubby was, she did not dare to say anything. She was afraid that it would affect her audition state.

Perhaps because Rubby felt that she had won firmly, or maybe she had changed into the comfortable clothes, when Rubby returned to the waiting room, her mood was completely different.

When she went back, everyone's eyes were once again focused on her.

Then, everyone turned to look at Lottie.

Connie was the first to get angry. "What? She imitated your clothes?"

"Calm down. I'm not the only one who can wear a red dress." Lottie said calmly, "Dressing is just a simple condition. What we really rely on is our acting skills."
