

Spoiled By My Bossy CEO Husband - Chapter 611 Want to Listen to a Bedtime Story

Eve whispered in Molly's ear.

Molly had long realized that after Eve had attended Treasure 101, Eve had become no longer innocent.

She had much more schemes and shrewdness.

"This can't be done like this," Molly said, "if Ralph and Lottie were on the same side and directly deny the relationship between Ralph and Jessica, we will be disgraceful."

Eve knew. She looked at Molly and asked, "What should we do, Molly?"

"Let them be internecine. The key point of this matter is Jessica."

Molly said, "Do you have any way to let me meet Jessica?"

"This..." Eve was a little embarrassed. "Ralph and the others are very vigilant. They booked a whole floor of VIP wards and asked many bodyguards to guard Jessica's ward. It is difficult for us to sneak up."

"You know the intern nurse? Maybe she can let me dress up as a nurse and sneak in."

Eve's eyes lit up and she immediately said, "I'll talk to her!"

Molly took out a bank card. "I can pay 100,000 dollars."

Eve immediately grabbed the bank card. "I promise I'll do it well!"

Eve took the card and left. Seeing that, Molly snorted and slightly smiled.

At this moment, she saw a piece of news on her mobile phone, which showed that the concert was officially held in Rexwell's gym at 7 o'clock tomorrow afternoon.

Molly also saw a few photos.

One was a photo of Lottie and the others rehearsed in the practice room, and the other was a picture of Jessica sitting on the hospital bed with a pale face.

Molly then saw the hot search. Not long ago, SFLE Media had issued a statement saying that Jessica saved a five-year-old little girl from a human trafficker, but she was injured by the gangsters with a knife and was currently in the hospital.

The statement explained why Jessica was hospitalized and apologized to her fans, saying that Jessica might be absent at this concert.

After reading the statement, the fans of Jessica were touched and cared about Jessica. They all said that they would definitely watch her personal concert after she recovered.

Jessica had to quit the concert because of her boldness, so her fans were not dissatisfied. Instead, they all were worried about Jessica.

Jessica's online support group even posted a post. They were proud of Jessica, and they also spontaneously began to donate to public service.

As a result, Jessica was searched hotly. This was a positive guide, and many netizens changed their minds about Jessica after seeing it.

Seeing this series of operations, Molly admired the SFLE Media.

They were really good at getting a wave to ride.

It was such a big scandal, but it could still be publicized to the concert and Jessica.

"Cherish now. I'll see how you can laugh in a few days."

Molly's finger tapped on Lottie's training photo, and her eyes were full of gloom.

In the end, her finger pointed at Natalia in the corner. She was filled with unwillingness and jealousy.

She had been scolded and was disgraceful on the Internet because of Lottie. Therefore, she wanted to answer blows with blows to completely ruin Lottie's reputation.

As for Natalia...

Let her disappear completely.

Thinking of this, Molly took out her mobile phone and called a familiar host.

...

Lottie, along with Violet and Natalia, spent the entire night rehearsal before finally managing to roughly master the song.

They could dance well, but their singing was a new problem.

The parts that Jessica had sung earlier were now all Lottie's. This caused Lottie, who hadn't practiced much before, to feel a little troubled.

Before going to bed at night, she was still working hard to memorize the lyrics.

Ralph saw that Lottie was brushing her teeth and muttering. He found it funny and felt that she was so cute.

He couldn't help but kiss her.

"Stop it."

Lottie pushed Ralph away and spat out the foam in her mouth. She rinsed her mouth and washed her face with a towel. Her expression was really serious.

It was such a long rap song, and it was very easy for Jessica to sing it while it was very difficult for Lottie to sing it herself.

She sang like a poem reciting, without any rhythms at all.

This made her feel very sad, but she couldn't hand over this part of the problem to Natalia and Violet.

Natalia could sing well, but she could only be good at high-pitched parts or ballads. She still couldn't do anything about such a fast rhythm.

Besides, Natalia was an actress, so she couldn't sing a rap song.

As for Violet, she could do it, but she was very resistant to singing Jessica's parts.

Perhaps Violet still minded what Jessica had told her before, and Lottie also tried to explain to her, but Violet was very stubborn. She didn't want to listen to the explanation at all, and her face was gloomy all the way when she rehearsed.

There was nothing Lottie could do about it, so she could only deal with it herself.

"So annoying."

Once again, Lottie remembered wrongly the lyrics and she fell sadly onto the bed.

Ralph walked over and patted her head. "You've been tired for a whole day. How can you remember the lyrics in this state?"

"You'd better rest early. The concert is at seven o'clock in the afternoon, and there is still a long time to practice for you."

Hearing Ralph's comfort, Lottie shook her head vigorously.

"I still have to practice my solo show tomorrow.

I'm afraid I don't have enough time."

Ralph saw that she insisted and sighed helplessly. He suddenly yelled at the door, "Kids, persuade your mommy."

With Ralph's words, the bedroom door opened and Fabian, Stella, and Elijah rushed in together.

Elijah said, "Mommy, I'm sleepy. I want to hear a bedtime story."

Stella said, "Mommy! We haven't slept together for a long time. Can you sleep with me tonight?"

Fabian said, "Mommy, Grandpa gave me a lot of new game DVDs. Play with me!"

Lottie was speechless.

Ralph gave the children a thumbs-up and then looked at Lottie. "Lottie, you haven't been with the children for a long time."

Hearing that, Lottie was speechless and lowered her head in shame.

She looked at her lyrics and then at her children's eyes.

Lottie finally threw down the lyrics and reached out her hands to the children.

"Come, darlings. I'll play with you all the time today."

"Yeah!" The children cheered in unison and then pounced on Lottie one after another. They threw her onto the bed and warmly hugged her.

Lottie was surrounded by the children, and her face was filled with a happy smile.

Ralph looked at this scene and shook his head with a smile.

Then he walked to one side and called Sean. "Are you sure about tomorrow's concert host?"

Spoiled By My Bossy CEO Husband - Chapter 612 Can't Keep This Child

The host of the concert had been decided.

It was Alfred.

Although he couldn't sing well, he was still one of the mentors of Treasure 101, and as the movie king, he was also very famous.

Therefore, Ralph chose Alfred.

But the problem was that Alfred had a small car accident.

He was injured. The housekeeper told Ralph that the doctor asked Alfred to rest at home for at least half a month before he could move.

In this way, Alfred was not suitable to be the host of the concert.

As for the other mentors, either they were not qualified enough or they did not have time.

Seeing that there was nothing he could do, Ralph asked Sean to find a host who could control the field in the industry.

After all, it was related to Kayden's proposal, so he had to find a reliable person.

After receiving the order, Sean immediately asked around. Because it was too temporary, the host he found was not professional enough.

Sean reported their names to Ralph. As expected, Ralph thought they were inappropriate.

"No, these hosts are not professional enough. I'm afraid they won't be able to control the scene at that time."

Sean was a little desperate. "What should we do? How about you, Mr. Chapman?"

After all, Ralph had to be the lead singer's guest. He needed to sing a song. He could also be the host.

Ralph was speechless.

He had no expression on his face. "I think you can do it."

Sean quickly refused, "No, no, Mr. Chapman. In fact, I am shy. As long as there are more people, I will tremble all over. So, please don't let me do this."

Ralph said, "Why don't you tremble when you have a meeting in front of so many people?"

"No one else will take photos of me in the meeting."

Ralph was speechless.

He had intended to force Sean to host, but on second thought, he realized that Sean had suffered a lot in the last incident with Richeal.

Out of sympathy, Ralph decided to let Sean not preside over it.

"If you don't want to hold on your own, you must deal with the host today."

"Otherwise, either you hold on your own or you hold in women's clothing."

Sean was speechless.

Sean was confused, "Why do I need to wear women's clothes?"

"Mr.

Chapman, is this... not very good?"

"If you wear women's clothes, no one can recognize you, so you can't be afraid of being photographed."

Sean was speechless.

It didn't make sense!

Sean immediately said seriously, "Mr. Chapman, I will definitely find a reliable host!"

"Okay, I'll leave it to you."

After that, Ralph hung up the phone.

On the other side, Lottie was indeed very tired. She had gone through many things on this day.

She told Elijah and the others about the bedtime story. Halfway through, she fell asleep first.

The children were also very sensible. When they saw Lottie fall asleep, they consciously lowered their voices and didn't disturb her.

Ralph said, "Well, you can go back to your own rooms and sleep."

Stella wore a princess dress, blinking at Ralph.

"Daddy, let's sleep with Mommy tonight."

Stella was almost kidnapped by the bad guys today. No matter how strong she was, she was still a five-year-old child.

Ralph's heart softened under her gaze.

He nodded. "Stella can stay."

Fabian felt confused, "What about us?"

Ralph said expressionlessly, "Go back to your rooms and sleep."

Ralph thought, "Don't even think about sleeping with Lottie."

Elijah was similarly expressionless. "I want to stay."

"

"No."

Ralph reached out to pick up the two children and was about to throw them out of the room.

Stella was watching the fun with a lollipop in her mouth.

However, at this moment, Elijah said, "If you throw me out, I'll complain to Mommy tomorrow."

Ralph paused.

"You said it's our time of being with Mommy, but you don't want us to accompany her now."

Fabian also reacted quickly, looking like he was about to cry.

"If you don't let me stay, I will cry."

He cried loudly to see who she would help after his mommy was woken up.

Ralph was speechless.

This was the first time that he wanted to give these two children a good beating.

What exactly did they learn from York?

Elijah still looked at Ralph calmly. "Can we stay?"

Ralph felt a little angry. He put down the two children and pointed to the bathroom beside him. "Brush your teeth."

OK. As long as they could stay, it would not be a problem for them to take another shower.

So that night, the five people of the Chapman family hugged each other on the same bed, which was very warm.

However, what they didn't know was that in some people's eyes, their family had long been broken into pieces. They could only pretend to be happy on the surface.

Eve contacted her friend, a nurse overnight, and confirmed Jessica's situation again.

"It's true. At that time, Jessica was stuck in the operating room for first aid. She fainted because of excessive blood loss. It was Ralph who personally donated blood!"

Her friend told Eve, "Mr.

Chapman won't do this for others."

Eve immediately nodded when she thought of Ralph's cold eyes and his gloomy and oppressive expression.

"You're right. If Jessica has nothing to do with him, how could Ralph donate blood personally?"

According to Ralph's style, he would definitely ask his men to find someone to donate blood. He would not do it himself.

"That's right! Also, I heard that Lottie talked to Jessica alone in the ward for a long time. The people outside also heard their arguments, and even the sound of slapping!"

The nurse did not enter, but it was as if she was already at the scene. She explained vividly to Eve, "When Lottie came out, Jessica fainted! Lottie also told Ralph that Jessica could not keep the child."

Eve suddenly sat up straight.

Sure enough, no matter how kind Lottie pretended to be, and how harmonious the relationship between her and Jessica seemed to be, once someone threatened her position as Mrs. Chapman, she would be very flustered.

That afternoon, Lottie and Jessica would probably face each other head-on.

"Then what is Ralph's reaction?"

"He doesn't look good. But in front of so many people, he didn't say anything. After a while, he left with Lottie and the others. I guess this matter is still negotiating."

Eve was stunned and nodded.

Just as Molly had expected, for the sake of profits, Ralph might really compromise with Lottie.

After all, Ralph already had three biological children. It did not matter if he wanted Jessica's child.

However, this was not what Eve and Molly wanted to see.

Eve thought for a moment and asked her friend, "Can you make a copy of Jessica's diagnosis report?"

The nurse was shocked. "Are you crazy? Our hospital has a rule that we can't take this, nor can we reveal our client's privacy!"

Spoiled By My Bossy CEO Husband - / Chapter 613 You're Too Obedient!

"I know your rules, but as long as you are careful, who can know it's you?" As Eve spoke, she took out a bank card from her pocket. This was a new debit card, especially for the nurse. It was an account that had nothing to do with her and Molly, with 20,000 dollars in it. "Here are 20,000 dollars," Eve said. "As long as you help me, it's yours." Looking at the bank card, Eve's friend was a little moved. However, she still hesitated. This was related to her future. If she was found out, she would be fired. In the future, she could not find a private hospital with such good benefits. "But: "After it's done, I'll give you another 40,000 dollars," Eve said. Her friend had begun to waver, and her eyes were not very determined. "I remember that your boyfriend hasn't been doing well recently. With the money, you can still do a small business. You don't have to be servile in the future. What do you think?" The friend suddenly felt that it made sense and asked hesitantly, "Is it enough as long as I copy the diagnosis report?" "Well, you have to help me again." "With what?" "I used to have some friendship with Jessica when attending the Treasure 101, so, now I can't bear to see her situation like this, so I want to say a few words to her." Her friend was confused. "Really?" "To tell you the truth, it's my aunt. She's more optimistic about the development of Jessica in the future and thinks that she can be trained as her successor, so she asked me to help her.

"Your aunt? Molly Smith?" "Yes." Eve blinked. "I remember that you seem to be her fan. You can see her in person at that time, and you can ask her for her signature. How nice it is." "Is she going to see Jessica? But the ward is guarded so seriously."

"That's why I asked you to help us. Don't worry, we are neither media reporters nor going to do bad things." "Okay..." "I promise, I will never make trouble for you. If we

are discovered, we will say that we sneak in by ourselves." Eve gave the bank card to her friend, then hugged her friend and began to pout prettily. Eve's friend didn't know much about the grudge between Eve and Lottie, so she thought that they were just going to visit Jessica Besides, when such a thing happened it to Jessica, it was quite pitiful. So, the nurse also sympathized with her. After thinking for a while, the nurse was finally tempted by money. "All right." "Thank you, Emily! I knew you were the best." "Come don't make trouble for me.

" ... The next day, up, she saw three face. She carefully stretch on the ground, the breakfast on it. He couldn't help but raise with her you wear where it lay on the bedside table, afraid of disturbing the children, she got up with her in his arms. He found on her shoes before he muttered, "Just tell me where it is and said, "I like it.

and have not washed then they brought the children. They've learned something terrible from you. Prepare breakfast, Lottie couldn't help but laugh out a smile, "You've seen me in this speed, Mommy. Are you around and saw Stella sitting up? For some reason, she felt like this to me, "Rack out her tongue, and she was washing up, there was no she went downstairs, she found that Ralph was of nowhere and

He is moving, for fear that she could not lead her to search for more energetic he became. Connie was so on her all night, causing her to rush up, so she had to wait in the help of Connie's description. "His speech! Alfred's car accident has something to do with it, she asked, "What happened to you and she didn't confess to Lottie. Instead of a man that you didn't make a topic. Since Connie didn't want to say her words. "Yes, car..

Spoiled By My Bossy CEO Husband - / Chapter 614 You Can't Eat.

"No, but I can get you a teacher. Maybe he can help you." Lottie's eyes lit up. "Who?" "Quy Sampson." Lottie said, "It's him..." Connie nodded and said, "At least he had a concert abroad, and he can sing rock and rap songs well. Lottie nodded. "He does have rich experience, but..." Quy Sampson seemed to be Natalia's fan. How did Connie know him? "Isn't he our guest? You have decided that he sings with Mr. Chapman." Connie said, "Quy Sampson happened to rehearse at the gym yesterday. I met him when I went there." They continued to talk. Connie happened to think of

Lottie's problem and couldn't help asking a few more questions. "Quy Sampson said that he would prepare the rehearsal at the backstage of the gym today.

You can see him at any time." Lottie nodded and was about to agree. However, she heard Ralph's cold and clear voice beside her. "See who?" "Mr. Chapman!" Connie was shocked by the ghost story. Ralph ignored her and looked straight at Lottie. "Who?" Lottie found it a little hard to say. In the end, she replied, "Quy Sampson. Because my rap is..." When he heard the name, the first thing that came to Ralph's mind was the expression on Lottie's face when she secretly searched for Quy Sampson's name that day. Although Quy Sampson didn't seem to be interested in Lottie and was Natalia's fan, he was younger than him. Lottie also said that she liked young men. Thinking of this, Mr. Chapman, who had always been proud, felt uneasy.

"I can also teach you. Lottie was speechless. Instead, Connie looked at Ralph in surprise. "Really Mr. Chapman?" Ralph was indeed a successful person. He knew more than them.

Connie sighed in her heart. Before she could express her admiration, she heard Lottie ask, "Can you? Show me first?" Connie was interested and said, "Yes, Mr. Chapman, show us first! If you can, we don't have to ask for others' help!" Ralph's eyes darkened slightly when he saw Lottie. Lottie didn't help him but she touched the towel and started running. I have to go upstairs to take a shower, Connie asked, "What?" Lottie said, "I'll be right back." She told Connie to wait. She gave Lottie a thumbs up and finished preparing breakfast for the twins. She put down her apron and went to the bedroom door, she heard the sound of the door to speed up the process. First of all, on the driveway was a

gently pushed the towel. He sat naked on the sofa near the window. Outside the window, Ralph looked out when she saw this scene, he turned around, Ralph gave a cold gaze. However, when he instantly picked up the phone and hid, he said, "Stop hiding! I'll be right back." Lottie said with a smile, "There he is, he held her waist, and she was instantly scared. "You obviously didn't know you'll be much better." Ralph was great at his face, and kissed her.

like Quy Sampson. Lottie was able to control his face with a smile, "You should be more confident against the window." Lottie covered her mouth and asked, "Mommy what's the table including Connie, but then lied calmly. "Be careful and then at Lottie. "But today's breakfast and put it in my bag and I ate snacks up was so awkward at each other. It was obviously because of Alfred. She remembered that the man she knew she was afraid, she still saw, Alfred was really, a shy smile suddenly turned to..

Taking Action Separately

"Who are you thinking about? Why are you smiling so happily?" Lottie was really Connie's good friend. She immediately guessed the truth. Connie quickly lowered her head to eat breakfast and shook her head crazily. Lottie immediately understood. She smiled and then looked at Ralph. "I have to have a rehearsal in the gym later. Do you have any plans?" "Let York take them to play. I'll go with you." Ralph was always worried that Lincoln would arrange for people to go to the gym and take the opportunity to do bad things to the children. Therefore, he had to ensure the safety of the children in advance, and then consider protecting Lottie and Natalia. In short, today's concert must be held smoothly! Lottie nodded. "That's fine. You must send more bodyguards." When she thought of the danger Stella got into yesterday, she was still a little scared. Lincoln must have a plan B. His plan was to destroy the concert and Kayden's proposal. Who knew what tricks Lincoln would think of? Lincoln could do anything for Natalia. "Don't worry, I will arrange more people." Elijah understood their conversation and said, "Mommy, don't worry. We can also protect ourselves!" As he spoke, he suddenly tapped his watch. Lottie looked worriedly at Nebula. "You can contact us with this watch, but it's not always useful on any occasion. If anything happens, you must be smart!" "If you can't solve it, run away. Go to a safe place and ask us for help. OK?" After a moment of silence, Elijah suddenly raised his hand towards an empty vase.

Then he clicked on his watch screen.

Then, several things flew out of the watch and smashed the vase not far away. With a bang, the sound of the broken vase falling to the ground, shocked a group of people present. Lottie was dumbfounded as she looked at Elijah slowly "Grandpa asked someone to help me improve the watch design.. Molly pushed the door open and walked in, whispering, "How are you feeling now?" Jessica did not doubt her and nodded politely at her. Then she propped herself up and sat up. "I feel a little itchy on my back. I don't know if it's because of wound inflammation. I accidentally touched it last night." Jessica treated Molly as a nurse and complained to her about what had happened last night. Then she saw Molly's eyes. She asked subconsciously, "Natalia?" Ahint of viciousness flashed across Molly's eyes. Just as she was about to speak, Jessica shook her head. "No, you're not Natalia. Natalia is taller than you, and her figure is better than yours." Molly was angry. She wanted to swear. Molly pulled off her mask indifferently, then sneered at Jessica and said, "Hello, Jessica, I'm Molly Smith." "It's you." Jessica glanced indifferently at Molly, and she had already calmed down. Molly nodded and sat down beside Jessica. "You know me?" "Yes. Didn't you and Eve slander Lottie online? People then found out what happened. I did remember." Molly was speechless. Molly thought, "It seems that you two are in a good relationship." "Even now, you're still speaking up for Lottie." Molly purposely used a provocative tone. "She's going to deal with you and the child in your belly?" Jessica was shocked and looked at Molly with a pale face.

She hadn't told anyone about her pregnancy, and the only ones who knew about it were Lottie and the others. As far as Jessica knew them, they would definitely not spread the news everywhere. How did Molly know about it?

Other than Molly, who Else could possibly know it? Would they tell anyone about their pregnancy? If her fans knew , would she still have a chance to make a comeback

in the future? The more she thought about it, the gloomier Jessica's face became. Molly saw her expression and became more and more certain that her child belonged to Ralph. Otherwise, why would she be so uneasy? "Don't be afraid." Molly patted Jessica's hand and pretended to comfort her. Jessica stiffened. Molly's hand. Instead, she quickly calmed down and asked to expose you. I'm not here to sneer. I also have my eyes. What you can be considered friends. I'll help you with the scandal. What a puzzled face.

She was. "I'm injured. When I find other doctors, I will definitely let you know. Molly, Jessica was mad. If I stay here, my child knows Lottie has decided to let you read.

She told me about this, and then I realized I agreed to Lottie's plan. She said Lottie and the others won't have any professional ethics problem and she had a wife. Certainly, Ralph would do this, Jessica thought she couldn't do it. The child had been born for you? He even wants to kill. She was so angry and asked, "What did you think and she muttered, "I told you what she had heard correctly. The child is said daughter was

"Take it easy. I don't have any ill intentions toward you. York raised his hands, indicating that he was still some distance away from her, and then said with a faint smile, "Stop your imagination." Molly bit her lip and looked at York coldly. "What do you mean by saying that it's not true?" "Obviously." York laughed and said, "Just like how I will never like you, Ralph will never like any other woman except Lottie." Molly frowned and suddenly looked back at Jessica. Jessica spread out her hands and said with a smile, "I don't know why she has such a ridiculous imagination. I hardly have communication with Ralph." Moreover, they were just talking about something related to Lottie. Furthermore, she did not even know who Ralph was two months ago. She had barely heard of his name. How did she hook up with Ralph and get pregnant with his child? It was simply nonsense. Only then did Molly realize that she had been fooled. When she thought of Eve's expression when she told her this secret,

she was furious. Eve, you idiot! Eve didn't even go to verify the news, and she even misled her. This made her very embarrassed. "Well, Miss Smith, you seem to be quite upset," York added with a smile. Molly was so angry. "Since it's a misunderstanding, I apologize to you." "Sorry, I made a mistake." After that, she wanted to rush out.

However, York blocked the door tightly. Molly was full of anger, "I've already apologized, what else do you want me to do?" York touched his earlobe and gave Molly an evil smile. "Wait a minute?" She knew that Jessica was pregnant. She couldn't go out and make trouble.

Molly was full of furious, "What do you want to do arrest me?", This is illegal! My friend is outside. If I don't go out in half an hour, she will call the police!" "Really? But we're the ones calling the police. York showed Molly his phone sure enough, it was calling the police at the time "Why... why fight with bad intentions. So I'll explain the motive. "Clang!" Behind Molly, Richeal suddenly flew up and kicked Molly to the ground. Then, she twisted Molly's hand in reverse. Molly felt the pain and loosened the broken piece shard in her hand. "Damn, why is she so rude?" Molly cursed in her heart. She couldn't help but pound the ground with her hand, and her eyes instantly turned red. She was not reconciled! She was unwilling to only be with Lincoln for a few more days. She was unwilling to be replaced by another woman. They were clearly substitutes. How could Jessica be pregnant? "I was just trying to scare you, but now you had no choice." York's cold voice sounded from behind. Molly was stunned for a moment. She turned around and saw York's cold eyes. York ignored her and looked at Richeal anxiously. "Richeal, are you alright?" "Did I hurt you just now?" Richeal got up and threw Molly, who was weak, to the bodyguard. Then she glanced at York expressionlessly. "Have you had enough fun? It's time to get down to business." York heard some unhappiness in Richeal's calm voice and immediately became nervous.

He smiled awkwardly and said "It's up to you." After all, York still called the police. After the police came, they submitted a series of evidence and the police directly took Molly away. Molly immediately requested to see her manager and assistant and asked them to help her find a lawyer.

Seeing that Eve didn't speak, the agent ran away with her suitcase. Then came Molly's other assistants, drivers, makeup artists, stylists, and others. After seeing that their agent left, they also left. Not long after, Molly's team left, leaving Eve alone. As long as Eve thought of her current situation, she would no longer be able to survive in this circle without Molly's support! The more she thought about it, the angrier she became. She couldn't help but clench her fists tightly. "Jessica, Lottie, it's you again!" "I have other plans. I'll ruin you!" After that, Eve took out her mobile phone and called her good friend. However, after the phone rang a few times, it was hung up. After another call, it was finally picked up. "Eve, I treat you as my best friend. I didn't expect you to trick me like this." Eve immediately explained, "No, I didn't want to make things difficult for you. I didn't expect this to happen." "Stop it. Molly detested Jessica. Why didn't you tell me in advance? Now I'm involved!" "Molly and Jessica didn't know each other before, and I don't know why they became like this." "You still lie to me? I'm so stupid," Emily said angrily, "Well, you don't have to explain anymore. I've been fired by the hospital. Don't contact me anymore! That's all!" With that, Emily hung up the phone. Eve looked at her phone in a daze, tears finally welling up in her eyes. Thinking of Emily, who used to trust her so much, she finally wiped away her tears.

At this point, she had no way out.

She could only move forward. Without Emily's help she would be able to expose their scandals ! However, she also knew that with her current ability. She could not compete with Ralph at all. She still had to find someone to rely on. In the end, Eve finally asked for Lincoln's help . What About Me if You Leave?

But Lincoln didn't want to explain to Eve. Instead, he asked with interest, "So?" "So, I hope you can find a way to expose the news of Jessica's pregnancy." "In this way, Jessica will become a victim. She was Ralph's lover. If such a big scandal is exposed, Ralph will be done." "And Molly can also start over with me! Ralph and Lottie will also have conflicts because of this. They don't have time to care about Natalia!" At that time, Lincoln would be able to have Natalia. Wouldn't that be a win-win situation? Lincoln smiled as expected. "That sounds like a good idea," he said, "but what I want to know is why you didn't expose yourself directly and asked me for help." Eve said, "To be honest, I can't complete with Ralph. I only rely on you." Only Lincoln could fight against Ralph. He did not have to be afraid of Ralph's revenge. Lincoln nodded in agreement. Eve was overjoyed. "You agreed?" Lincoln chuckled and said, "Yes. It's a win-win situation as you said." He glanced at the time. It was almost noon, and there were still a few hours before the concert began. He had to hurry up. "Great!" Eve's eyes lit up. Molly could be saved! Lincoln added, "You said that Jessica is pregnant. Do you have any evidence?" "Yes!" Eve took out a diagnosis report from her bag. "My friend gave this to me. It's Jessica's diagnosis report.

"

Lincoln took it in surprise, glanced at it, and suddenly smiled. "Very well," Lincoln said. "Leave it to me. You can go back wait for the news." "Can't I... wait here?" Lincoln shook his head and said gently, "Trust me" Eve knew more Besides Molly, Eve also knew a lot about his plans, such as Rose Chapman's cooperation with him, as

well as Rose Chapman's current situation. Once these secrets were exposed, he would have no chance of winning. Eve thought about it and agreed. She nodded and said, "Well, thank you."
