

Spoiled By My Bossy CEO Husband - / Chapter 671 Just saw Ian

In full view of the crowd, danger is imminent. When the black horse ran towards her, Lottie noticed the difference first. Unlike the others who were horrified and appalled, Lottie was indescribably calm at the moment. Eyes dead on the horse, breathing slowed down with it. Then, as the horse's hooves were about to fall, a backbend was made to avoid the fatal step. Not only that, she also held the loose reins of the group performance, then a flip to leap to the horse's back, the body like a swallow, as elegant. Everyone stared in amazement and disbelief at the scene. Lottie did not have time to take into account the gaze of others, first the group of actors who were about to fall off the horse to help right, one hand holding his collar will be thrown to the side of the foam cushion, and only then did not care to tug the reins, legs clamped hard on the back of the horse, with the whole body to control the direction of the black horse forward. Lottie's cold face, riding a black horse whistled past the ancient street, and in a short while he was gone. Connie was so shocked that she couldn't close her mouth and looked at Lottie's back, except for her worry and admiration. This guy is too bold, in case he falls off the horse, it's not fun! "Master Kayden, quick!" Connie rushed to Kayden for help. Kayden brought several bodyguards with her this time, and after the initial shock, she also reacted quickly. "What are you still standing there, go and help!" "If anything happens to my little aunt, my little uncle will definitely not spare you!" After Kayden's "reminder", the bodyguards guarding Natalia's side woke up as if from a dream and went after Lottie where she ran away. However, before they could do anything about it, Lottie had already coaxed the frenzied black horse to take a couple of laps, and rode back leisurely.

Everyone on site: ". Just outrageous! "Phew-!" Lottie a strangle reins, the black horse well behaved to stop. She touched the horse's head and jumped off the horse with a smile, her posture calm and elegant. Connie saw this and rushed forward, followed by Mr. Heron and the rest of the staff. Connie: "How's it going, no injuries?" s? Lottie, are you tryind to spin herself around and check her out, at d not help but complain: "You scared me to avoid it, but also run the horse and then fa to have a heart attack just tead, not arguing wiit's okay it's okay it's okay, Lotto Lottie: "Lottie, this time it was the crew'rt. It was not as depressing as before, everyone's for her good.

A look like the one about that earlier," Connie said, "and as going: "Don't tell him, I don't. It's really not about Alfred," Connie said, "What did you do? You were Connie, who was even who arranged the accident, just to get Connie, don't jump to conclude he really doesn't talk to Alfred: "Are you sure the corners do you think is going to stay

Spoiled By My Bossy CEO Husband - / Chapter 672 Do you need a reason to hate someone

There is no doubt that the answer must be Ian. Lottie's face was hard to read, remembering the previous misunderstanding, and her mood was instantly bad. "Maybe he was just passing by, not trying to do anything to me." Alfred looked at Lottie this dead duck mouth tough look, can not help but sigh gently. What's she saying, you can never wake up a person who is pretending to sleep. Since when does Lottie like to deceive herself. "The crew refused to even visit the class in order to keep it a secret, and how many media were stopped outside. Say he was just passing by, do you believe it yourself?" What Alfred didn't say was finished by Connie. Some people have a bad temperament, and Connie feels that she and Ian are the kind of people who can never get used to each other, and anyway, they think the guy is up to no good. Lottie laughed bitterly in his heart, but said on the surface, "Even if he came to the set with an ulterior motive, that doesn't prove that he did this." She had double-checked when she rode the horse back, and the horse would suddenly go berserk, probably because it was spooked. If Ian really wanted to go after her, he could have chosen a safer way than the one he just did, which was too risky and too random. It simply doesn't seem like something someone with a brain would do. Ian is Ralph's brother, and his IQ is the same. She doesn't believe he would do something so impulsive. Connie didn't think much of it, just that she was hopeless. "Lottie, as much as I know you care about Mr.

Chapman and his family, there's no need to .. The words were not finished when Alfred yanked his hand hard. "You're right, it's true that you can't talk about things without evidence." Connie glared at Alfred with her eyes, who gave her a reassuring look back. "But in any case, Ian's presence on the set was certainly not for fun." "His real purpose is perhaps clear only to him."

Lottie lowered her eyes and suddenly said, "Got it, I'll ask about it." Connie was startled, "You're going to Ian?" Lottie laughed: "Sooner or later, we'll have to find out." Why not just take advantage of this time to say it openly, and let her understand why Ian really has such a strong opinion of her. "I'll go with you!" Connie said hurriedly. She didn't feel comfortable letting Lottie go to see Ian alone, who knows what kind of tricks they might play, maybe another frame-up or something, it's disgusting to think about. Lottie, however, shook her head, "No." "Lottie!" but not at all compromising, "but just like it myself hat oear eyes, Connie could it and finallto wait off to the soooof the RV and when they walked to the se and when Javion speaks to him occasionallrdly and looked at laame from nearby, drawingat fs not good: "You care ie jumped to her feet, "That

you're really something**

Hearing Ian's words, Lottie calmed down instead. It also asked the question she most wanted to know. "I'm actually curious." "What kind of person, exactly, do you think would be worthy of Ralph?" Ian: "There's no one." In his heart, all those women are greedy for his brother's money and status, none of them are sincere at all, and they are even less worthy of his brother. Sure enough. Lottie got this answer, instead of feeling sad, she wanted to laugh a little. She wanted to laugh, and she did. Ian's sharp gaze shot to Lottie. "What are you laughing at?" "I laugh at your self-righteousness." Lottie adjusted her expression and looked at Ian with compassion in her eyes. "Laugh at you for making a fool of yourself, for being sick and not knowing it, instead of claiming to be an elder and being here to pick on your brother's mate." Ian's expression changed, and the fist hanging at his side couldn't help but clench. "What kind of partner are you? It's just a fake daughter of the Green family who was pushed out of existence to cover the pot." Apparently, Ian has investigated Lottie's past to the letter, including the real reason why Lottie and Ralph got married in the first place.

"The Green family has raised you for so many years, fed you well and raised you well, but in the end, you broke the family because of you, don't you have any guilt in your heart?" "And you, pregnant out of wedlock and cheating on your marriage in lieu of marriage, what kind of a good thing are you? If it

wasn't for Elijah and the others, what would you have used to get to the top? With your face or your family history? Do you think Ralph looks like someone who cares about that?" Perhaps Lottie has hit the nail on the head, Ian's retort is one sentence after another, and every word goes to Lottie's heart, mean and sarcastic. Lottie blushed slightly, but she smiled when she heard it. "So what if I'm useless? As long as Ralph likes it, no one can drive me away from him." "As for Elijah and the others are even more sorry, the three of them were born to me in my womb, cut from my flesh, and no one can sever the blood ties between us." Lottie no longer maintained his composure, and my family is happy together, is your brother as unlucky as you are, burst into a rage and didn't want to hit the nail on the head? What do you pretend wanting to satisfy more than you, and more valued by Dad, secretly try to pull him into the abyss, but how want to use really to speak to Ian's mother he didn't expect that even Lottie's loss to him on one hand, and jealousy have been the only successful parents, he didn't have to be given the

Spoiled By My Bossy CEO Husband - / Chapter 674 - Come to visit your wife

Lottie was already back on the set when Ralph arrived. After smoothly shooting the scene of the first encounter with the regent, he saved the person and then left directly, half-heartedly. The regent, however, was very strict, as if he had persecution paranoia, chased her steps to the door of the An Mansion, and then saw An Yidai waiting at the door. Annn's father is the Minister of Education and the President of the University. He is a righteous person, but has a temper, always disliked my own way of the Regent, and in political views and its discord. When he finds out that Anna turns out to be the daughter of the Minister of Education, the Regent thinks that the encounter was a conspiracy, so he has the idea to take advantage of the situation and begs to the An Mansion as a woman, hoping that Anna can do him another favor. The new drama just started, Javion did not arrange too many scenes, originally scheduled to have two big scenes, and then fragmented to make up a few shots. But I didn't expect that all four main actors performed exceptionally well. The scene that was scheduled to take a whole day was shot in just one morning. In addition to the group performance does not give or different lighting and other reasons, the four main characters of the scene is basically all over again. Alfred and Natalia aside, Lottie and Quy were both originally considered newcomers to filmmaking. Javion was even prepared for a good grind, not expecting to give him such a big surprise. Javion was so excited that his face was red, he kept talking to Rose about Lottie's good performance, and he was not shy in the face of the movie star and the movie queen, and his acting skills were even better, not greasy at all. Amidst Mr. Heron's excited cheers, Ralph quietly took a seat next to him. "Mr. Heron, in a good mood, huh?" Javion turned around, saw it was Ralph, and curbed his grin.

"Mr. Louis, who else do you want to talk to?" Apparently, Javion had mistaken Ralph for lan. Ralph slightly raised his eyebrows, look at Mr. Heron this attitude, just now lan fear not offend him. "My last name is not Lu." Javion was surprised, then reacted.

"Mr. Chapman!" "Uh-huh." Javion shuddered and immediately changed his attitude: "I thought Lottie said you were resting, why did you come over at this time." "The horses got spooked, there was a near accident on set, and my wife was nearly injured." Ralph's tone was cold, but it sent a cold sweat straight to Javion's forehead. "Do you think I can still rest in peace?" Hearing Ralph's words, Javion almost didn't give the other party a knee. "Yes sorry, this time it was an accident." eally an ssistant had investigated the matched, that wasn't aurned somber, e equestrian trainer hee is cold: "Accouyes darted back and forth as if he was tryh grube honest, dare to lie, be prep "thump" in his heart and logized to Ralph: "I said! "What's this look of disbelief?" Lottie shook her head without disbelief. It was just a far cry from the person she thought had done it, she had thought Ian or Jeremy had done it. Ralph looked at her cold look and for some reason snapped. Good thing Connie came with someone. "Mr. Chapman, I heard you had Nancy kicked out?" With Connie there, the atmosphere finally warmed up. He nodded, "The sooner you clean up poisonous tumors like this that don't know how to improve themselves and only think about backstabbing others, the better." Connie sucked in her breath, "She

really did it, how dare this person!" With that, she went to take Lottie's hand, "Lottie, Mr. Chapman has given you your revenge!" Lottie nodded her head, but her mood was not high. Connie did not notice the difference, still gnashing her teeth: "This Nancy really is not a good thing, to drive her away is considered cheap her, next time to let me meet, I will. The words did not finish, suddenly saw Harleen come over, the tone can not help but a pause. Harleen blushed and came in a hurry, just in time to hear what Connie said. She felt her face burn, but she was under pressure to come to Lottie. "Ms. Green

is sorry." Lottie looked back, a little puzzled: "What are you apologizing to me for?" "Nancy she is kind of my senior sister and I have an agent with her." "I'm really sorry that she caused such a big trouble and almost hurt you and the cast and crew by behaving inappropriately!" With that, Harleen bowed deeply toward Lottie. And then look at Harleen's expression, a look of near tears.

Just now Nancy suddenly ran to her place, bullying her to help say good words to Lottie and beg for mercy. For no other reason than she saw Ralph on the set. Today, Harleen is no longer as naive as she once was, thinking that she could steal Ralph from Lottie by some small means, but her desire for Ralph has never been half diminished. Harleen would love to have a chance to be close to each other. "I don't have the face to ask for forgiveness, and I know there's no way to undo her expulsion from the show, so I just hope Ms. Green will treat her with respect for the fact that we've known each other for a while and not kill her." Ralph was so nervous when he almost had an accident in the morning. He also did not go back to work, let the assistant move the table and chairs, and add a sunshade, on the set office, by the way, to guard his wife. With him here, let's see who dares to lay a hand on Lottie. The crowd saw him in this position, a moment of mixed emotions. But most of them are envious and complimentary, envious of Lottie for finding a man who cares so much about her as Mr. Chapman, and complimentary of Mr. Chapman for loving his wife. Lottie was still having a little trouble with Ralph because of Ian, but seeing him do this now, she feels she is too ignorant. She tried to calm down, waited for her shot to finish, and walked past as if nothing had happened. "Are you hot in here? Wouldn't it be too convenient?" Ralph shook his head, asked his assistant to get a small fan and bring it over to Lottie himself to blow. It was a hot day, but Lottie looked after the thick ancient costume, not long before a layer of fine sweat in front of the forehead, Mr. Chapman to the heart of the pain. "I'm not hot, it's you, are you tired?" Fan in hand, but also forget to Lottie pour water to drink, then Zack the assistant are diligent. Zack froze, in the end did not go over as a light bulb, and finally was called aside by his sister to rest. In front of so many people, Mr. Chapman was very caring to her, and Lottie was a bit hot-headed. She dutifully finished her water and went back to get the fan from Ralph. "Not tired." "You don't have to do this

. Ralph had a smile on his lips, "No need for which?" Lottie was silent for a long time before she said, "No need to be so attentive." Mr. Chapman is what kind of person ah, ordinary people rush to beg him, are not necessarily able to get each other a look, but he is so caring to Lottie, it is a great contrast. "Is it bad to be attentive?" "So many people are watching, and you're not afraid of people laughing." "What's the joke?" The smile on Ralph's lips slightly reduced, his eyes pretending to sweep over the crowd inadvertently, the crowd of onlookers

who were eavesdropping suddenly a jolt, suddenly vainly turned their heads to do their own thing. "I love my own wife, it's only right!" These words were spoken with a strong voice. Lottie was stunned and did not react for a long time. When she came back to her senses, she blushed completely and hurriedly reached out to cover Ralph's mouth. "If you're in pain, you're in pain, so why are you saying it so loud." Soft hands

covered his lips and the smile under Ralph's eyes intensified. He understood that Lottie was embarrassed, so he took her hand and let her sit on his chair, and finally was not too happy, and went over to her lips to sneak a kiss. of breath sounie: ns out so many pere embarrassed anidiculous and moved over and out it, he said, "I kiss my wifced, go back and kissthe disagreement in his heart has dissi is s, cannot rep a gap between her and Ralph's feelingne can see how Mr. e it out on innocent Ralph death together before, and now they can't she and Mr. Chapmout, Lottie als

In the same set, many things are difficult to pretend not to see. Harleen had just finished a shot and came back to see Lottie and Ralph clinging to each other. That look is unspeakably slimy. There were also many people casting envious glances at them. Harleen's brow furrowed lightly and was quickly smoothed out again. The hand hanging at her side couldn't help but clench into a fist, but she didn't show the anger and injustice inside her. Just a distant sweep over there, then quickly averted his gaze, then found a corner to sit down, and took out the script again to look through. When a supporting actress next to her saw Harleen reading the script after filming, so diligently, she couldn't help but have a little more appreciation and awe in her eyes. "The Twins" is a big ip, and the supporting cast is so luxurious, or S+ project, those who can get supporting roles in the movie are naturally not any minor characters,

basically are some famous supporting actors or veteran actors. These self-proclaimed former actors, who do not dare to go to the trouble of the protagonist, look at Harleen, a newcomer who has just come out, naturally not too good. Some people are even unconvinced, why Harleen can get the role of the second female, and even Rubby's position are suppressed. But after most of the day, I found Harleen's acting skills are really good. And people are honest, do not fight, do not love the limelight, and most importantly, they do not have any background backing. Can't you see that she came over to shoot a scene and didn't even have an assistant? Her agent was seen, but also the whereabouts are a mystery, all of a sudden appeared, and then disappeared, with and without a kind. Seeing Harleen in such a low profile, people who were still trying to get her into trouble didn't know where to start.

Harleen is well aware of the gaze that falls on her.

She naturally knows that she is a newcomer who has not debuted to take the role of the second female, is bound to cause dissatisfaction of the next person. So she learns from experience, this time is really low profile, try to minimize their own presence. Low enough that it's best that neither Lottie nor Ralph think of her, so that it's easier for her to do anything. When the time is right afterwards, it will be logical for her to do something against Lottie. Harleen was planning on one side, and Merle stirred her up on the other. ses at the hands of Lottie a, Lottie still refused to give up and had Naice explaining the term's reputation is can not be counted on, and Harleen is a mute ill also come, a mouth can coax the fans v dirt fans Nag people to be blocked, eloped ulcers in his mouth, and couldn't sit still after learning what theo shut halled Merle, bullying him in

After being rejected by Jeremy, Merle went back to the set. Then I saw the scene where Lottie and Ralph were showing their love, and I couldn't help but get a bad chill. He felt that these rich people are really interesting, for a little fame is really desperate, and a playwright to this point, and not afraid to drop their identity. Of course, these words, Merle is impossible to say to others. If a bad word gets to Ralph's ears, even for a reputation of spoiling his wife, Ralph will not let himself go. Merle looked away from this side, unknowingly finished a whole pack of cigarettes, and finally dropped his gaze on Harleen, who was carrying the script in the corner. Now that I think about it, it's the only way to go. I just hope Nancy that crazy can be satisfied, after a shot, is considered to have done their last bit of friendship. The hottest part of the afternoon passed and the actors were finally much better. Lottie finished shooting another martial arts scene with a sword and a gun, and felt like her whole body was going to be steamed. Hurrying to Ralph's side, she reached out and asked him for an ice water drink. Ralph's heart aches for her, but he can't let her hurt her body. "You can't be greedy for cold, otherwise it will be hot and cold for a while, and you should have a tummy." Seeing Lottie's wet eyes still staring at him, he couldn't help but feel soft again.

"That's only allowed a little bit, and after that it's only warm water." If an actor has a health problem, the delay is a whole crew. Lottie is able to suffer nature, naturally will not be too pretentious, Ralph said so, she also have no comments, nodded to agree. She drank three big glasses of water in a row, and only then did she get over it. "It won't be like that when the weather cools down."

Lottie saw Ralph's face full of intolerance and comforted him in turn. Ralph lips open and close a few times, trying to persuade her not to shoot, the family does not lack that little money. But after much hesitation, I still didn't say the words out loud. The three youngest in the family know to encourage mommy to bravely pursue her dreams, he, an adult, is not good enough to pull her leg. "I'll find a way to get a few more chillers to blow on you when the time comes." Lottie can not help but laugh, "so many blowers, a while we clothes are going to blow away, shoot out the picture can not be used ah." ffd up cated: "Fine, fine, aeak like that, Javion to finish her makeup and raback and couldn't helr, and make more delicious food for Lt be able to bear it if he shot th nodded his heto say something else, b that direction, but onl situation, followed Ralph's gaze and proerl

Connie finally found Mr. Heron. Javion was furious to hear that even Alfred's "women's clothing" had been leaked together. The hand covering his chest trembled slightly. "Who is this bastard who secretly broke the news? The confidentiality agreement was signed for nothing, right?" He was so angry that his heart hurt and was pressured by Rose to take a blood pressure medicine, which made him feel better. Mr. Heron has never led such a difficult crew, it's like he has a grudge against them! The assistant director hastened to hold him back and gave him water and medicine, and only after Javion had taken the medicine and looked better did he say, "Whoever did this must have a grudge against Ms. Green! Our crew is so harmonious, there is only that one rat turd." Hearing the assistant director's hint, it dawned on Javion: "You mean Nancy?" It's not surprising that this man, who was kicked out of the show and later targeted by Mr. Chapman, was completely out of prospects and would do such things in desperation to retaliate. Besides, how this looks, Nancy benefits. Javion approached Ralph in disbelief and discussed the matter with him, when he heard Mr. Chapman sneer. "It's not her." Ralph passed judgment. Javion wondered, "Why not

her?" Ralph gave Javion a blank look, and the latter gave a jolt and hurriedly explained, "I'm not questioning your words, it's just that it's obvious that someone is taking personal revenge, and that Nancy is the most suspicious!" "My people must keep an eye on Nancy, she doesn't have the means to lay out now, rather her agent could possibly do so

Javion was shocked and angry when he heard that. If it is Nancy forget it, the other party has been driven away, the damage to the crew is bound to be reduced in the future. But Merle is different, this guy can still stay in their cast! If something else pops up in the future, the crew will still be able to live in peace!

Javion asked Ralph, "Mr. Chapman, are you going to take a shot at this?" Ralph gave Javion a sidelong glance and said, "After all, it was in the crew that things went wrong, and Mr. Heron managed to take the brunt of it. As for me well Ralph's eyes flashed a hint of murder, the latter words did not say. Javion, however, understood what the other side meant. If Mr. Chapman is not satisfied with the result, he will do it himself. It was too much for Nan but he didn't dare to say anything, scowling at Nancy's son mying in the shadows watching a good show, tratiatingly at Javion: "Director, I shot, handed the monitor to the assistants, Mao Da brokers have a lot of business that it could be that what accounts heart, but did not see suspects that he is only guessing, as lo

Spoiled By My Bossy CEO Husband - / Chapter 680 You have to protect her

Just now the sound of the argument is too loud, many people have noticed. Listening to the whole thing, the staff cast a cold glance at Merle. However, after noticing Harleen, the crowd looked at her with nothing but sympathy. The luck of having such a bad manager is no one's fault! Harleen was trembling, but she didn't rush to plead for mercy, but turned to Merle with a pleading tone: "Brother Mao, the person who brought the rhythm of black Ms. Green on the Internet, was it you?" Merle has actually wimped out, his own artist kicked, he will find another way out for her when the time comes, but if the company's other artists follow suit and lose this opportunity, his sin will be a big one! The company will definitely pursue it too! He's definitely going to pay for this, and probably lose his job! Yet fearful as he was, he still felt incredibly irritated in the face of Harleen's questioning. Immediately a slap in the face. "What are you talking nonsense about? Even if other people misunderstand me, you are my artist, you also help outsiders to bully me?!" His voice was loud, like he was hiding his weakness. The others were dumbfounded, beating their own artist's manager, this is the first time to see, this is too arrogant! Even Javion's eyes were filled with intolerance. He was annoyed with Merle, but Harleen has been diligent in filming, and did not make a mess, is Javion's favorite kind of actor. Now seeing her being treated like this, the fire came up. He stepped forward and pulled Harleen behind him, glaring at Merle. "If you have something to say, you can't move without hitting someone, are you still a man?" Merle's tiger face did not speak, he could not get down now, the heart thought at least to leave Harleen. Her eyes rolled, so she pretended to the end: "She is my artist, what do I do is none of your business? Since the contract has been torn up, she's not part of your crew anymore, I'll take her away and remember to pay for the breach of contract!" Said to get on and pull people. Harleen cringed a little, her expression hard.

With her hair down sideways to block her eyes, no one could see her emotions. Just then, a voice suddenly sounded next to me. "Who says you can't work together if the contract is torn up.

" The crowd looked in the direction of the man who opened his mouth, and then froze in place. Why does Qin always speak up for Harleen? The crowd couldn't help but look in Lottie's direction. As a result, I saw another General Qin over there. all fe Mr. Chapman! ard of Mr. Chapman havinbody is also like, I can't even recognize wn he's got a name't it be y saw lan stand up for Harleen, they speclousy to the eyes t just now she deliberately sent sed to treat hes and happiness, and onlr up and letot quite good, now put on this

He knew that Harleen wasn't sure if she should laugh instead, and looked at Javon: "Mr. Javon, I am afraid that in the future, I will be looking at Ralph, trying to get the here, I came out to plead for, his eyebrows wrinkle, he let go and walked, you know, it is an insult to Ralph, his eyes, and more than that, and was jealous of this wonderful brother. Others without in the end it is not the "hmm" and replied lightly and sweetly before, but now he felt that I became a person to do nothing with it. I didn't ask you to not hold her back."

When suddenly, he also followed the conversation between the brothers about this, it's not like I'm angry and turned to two brothers that he couldn't help but would take out your anger on an innocent. He treated her like this, even if the wrong person seemed really well in the cast, and the public regardless, it would be more than worth it. His passion grew more eloquent and ability to turn ... this matter. Heron, about the matter of my sister-in-law is not too late to make a statement. The public doesn't mind what he did, and after a moment, the brother just set out the truth, and after persuading Mr. Javon, the director and then to Ralph's side.
