

## Break Up 30

### Chapter 30

Victory

As soon as Chen Che finished speaking, the production team was also very good at mobilizing their emotions. They directly played the popular song “Later” in the live-stream.

Many netizens immediately broke down.

[It’s so touching. I miss her!]

[Back then, I didn’t dare to confess because I was weak. Otherwise, I would definitely be happy now!]

[Chen Che this pauper. I’m touched by him again. Wuwuwu...]

[I can’t take it anymore, brothers. My tears can’t stop flowing!]

[I’m so envious of their relationship. I want it too. It’s too sweet!]

[Chen Che is really lucky. Lin Xi has been waiting for him for so many years. Why didn’t my goddess wait for me?!]

...

Chen Che’s story not only touched the netizens, but it also reminded many netizens of the past.

Some of the contestants, staff, and hosts present could not help but wipe their tears.

If everyone was gathered together, they would probably be crying.

When Zheng Hui saw this, she said in a low voice, “Look at him and then look at you? Comparisons are odious.”

“But we don’t have such a long relationship experience,” Fang Weixun replied.

“Idiot, can you understand what I’m saying?” Zheng Hui wanted to strangle Fang Weixun.

Fang Weixun was so frightened that he shrunk his neck and did not dare to say anything else.

Luo Yuelin saw that she was no longer in the limelight. She knocked on the table and said, “Now that it’s over, shouldn’t we review the gifts?”

In her opinion, the netizens’ emotions were all on Chen Che. They could not vote now.

The host nodded. “In order to deepen the netizens’ impression, there is indeed such a segment.”

After a short silence, the host reintroduced from the first group. The netizens also began to express their opinions.

Lin Xi had already packed up the doll and hugged it tightly in her arms, as if she was afraid that it would be snatched away.

Chen Che could not help but look forward to it. He was not worried about losing to Fang Weixun, but he wanted to see if he could get first place.

According to his analysis, only Luo Yuelin's group and Wei Xiaochuan's group could compete with him.

As long as he could defeat these two groups, the chances of winning were extremely high.

A few minutes later, the host finished his introduction. Then, he said, "Alright, it's time for the voting segment. Everyone, which group of gifts do you think is the most meaningful? Please vote for them!"

"Note that each account ID can only vote once!"

As soon as he finished speaking, the voting channel opened, and the scene was enlarged to the center, tabulating in real time.

Under the attention of the contestants, the millions of live-stream viewers began to vote crazily. The energy bars of all groups were increasing rapidly.

However, there was only one person who did not have a vote. It was Fang Weixun's group.

Seeing this, Zheng Hui was about to explode with anger. It was too embarrassing.

At this moment, Chen Che looked at Fang Weixun and retaliated, "Yo, you even advised me to give up. I think you should be the one giving up, right?"

Fang Weixun was speechless and his face turned red.

Chen Che grinned and looked at the big screen again.

After the rapid growth in the early stages, the individual groups had already stagnated. Only three groups continued to climb. One of them was naturally Chen Che's group.

Everything was as Chen Che had expected. The other two groups were indeed Luo Yuelin and Wei Xiaochuan.

After more than ten seconds, Wei Xiaochuan's group's votes also stagnated. The remaining two groups were still moving rapidly.

Seeing that the votes were equally matched, Luo Yuelin could not help but clench her fists.

She did not expect such a situation to happen, nor did she expect that the person competing with her would be Chen Che!

After another ten seconds, the growth of the energy bars on both sides began to slow down, and the difference in votes were still very tight.

Seeing this, Luo Yuelin secretly sent a message to someone.

Immediately after, the live-stream began to set the pace.

[Dear viewers who are still hesitating, please vote for Team 5!]

[Eternal Love is unique and has extraordinary meaning!]

[That's right. Team 5 is worth voting for!]

With the help of these people, the votes of Team 5 began to increase, and the distance between them and Team 7 gradually widened.

Seeing this, Chen Che sighed helplessly.

Just as Chen Che thought that he had lost, some netizens were unhappy and took the initiative to help canvas for votes.

[Vote for Team 7. Team 7 is the most meaningful!]

[That's right. In terms of meaning, it's definitely Team 7. In terms of price, it's Team 5!]

[Chen Che didn't make everyone look forward to it for nothing. Charge!]

[Think about the love between Lin Xi and Chen Che. Aren't you touched? Don't you think it's very sweet?]

[Don't forget the original intention of this event. It's the Most Meaningful. It can't be measured by price!]

The overwhelming words quickly buried the canvassing for votes for Team 5.

Some of the new viewers did not know the situation either. When they saw the rhythm of the bullet screen, they all voted for Team 7.

As a result, the votes for Team 7 quickly overtook.

Luo Yuelin, who thought that she had won, was furious. She wished she could chase all the netizens out.

However, for the sake of her image, she did not dare to flare up. She could only pretend to be calm and sit in her original position.

At this moment, Chen Che was overjoyed. He was extremely excited because if he had won, it's \$1,000!

"There are still 10 seconds left. The voting has closed. Netizens who have yet to vote, hurry up!" The host reminded.

Chen Che clenched his fists and kept shouting in his heart to calm down!

"Three!"

"Two!"

"One!"

As the host's countdown ended, the voting booth immediately closed, and the final votes instantly froze.

With the efforts of a group of netizens, Team 7 was ahead of Team 5 by 30 votes and won by a slight margin.

"Alright, the results are clear at a glance. Let's congratulate Team 7 on winning!" The host also congratulated at this moment.

The live-stream was filled with congratulations and emojis.

Chen Che and Lin Xi also high-fived in celebration. To be honest, they had not expected this outcome.

Luo Yuelin gritted her teeth and tried her best to control her anger.

Li Wei, who was at the side, had already sensed that something was wrong. He was so frightened that he did not dare to say a word.

After a short silence, the host spoke again. "Alright, this event can be considered to have ended successfully. Everyone can move freely. The prize money will be distributed to the female guests in the form of red packets later!"

As soon as the host finished speaking, Luo Yuelin stood up and left. She did not want to stay a second longer.

Zheng Hui followed closely behind. Never in her wildest dreams did she expect that they would not have a single vote from the millions of viewers in the livestream room. It was simply too embarrassing!

Seeing this, Lin Xi whispered, "Did we offend someone?"

Chen Che smiled. "It's fine. It's a fair competition. Besides, we didn't cheat. This was all casted by the netizens."

"That's true." Lin Xi smiled sweetly and didn't think too much about it.

At this moment, the red packet arrived.

Lin Xi gave Chen Che a look. "It's all thanks to you that we won, so this money is yours."

"However, we haven't eaten dinner yet. Let's use this money to eat. Eat something good and I'll transfer the rest to you."

The reason for this was because Lin Xi was afraid that Chen Che wouldn't be willing to spend it.

He was busy every day. How could he not treat himself a little?

However, she did not know that Chen Che now valued money as his life!
