

Break Up 39

Chapter 39

There Are Still Many Good People

Looking at the unknown number displayed on his phone, Chen Che frowned and answered the call without saying anything.

At this moment, it was not his work phone. Due to his family background, he did not have many close friends around him. Usually, other than his parents and Lin Xi, no one would call him.

Therefore, Chen Che thought, who would call at this time? Was it a scammer?

If that was the case, he had to scold the other party. He was just worried that he had nowhere to vent his anger!

Just as Chen Che was thinking about this, a male voice came from the phone. "Hello, is this Mr. Chen Che?"

"Yes, what do you want?" Chen Che asked coldly.

"That's great. I finally got hold of you. Here's the thing. I saw all the stuff online about you. I know it's not real. I can help you."

Chen Che, who was already prepared to scold, immediately calmed down. He was worried that someone would hear him. He deliberately avoided the camera and asked in a low voice, "Can you help me? How can you help?"

"There's a surveillance camera in front of my shop. It happened to capture the process of you meeting that woman last night. Furthermore, it recorded your conversation."

"I've already seen it. You're clearly doing this out of kindness. The Internet is distorting the truth. It looks like it's not easy for you and Lin Xi. That's why I want to help you. I've been looking for you all morning."

After hearing this, Chen Che was overjoyed. "That's great. You're really my savior."

"Don't say that. It's nothing. Just name a place and I'll get someone to give you the USB drive."

Chen Che looked around. "Then send it to the Wealth Building. I'll wait at the door. I'm wearing a delivery uniform, so I'm easy to recognize."

"Alright, I'll send it to you later."

After the call ended, Chen Che suppressed the joy in his heart, afraid that the enemy would see him.

In his opinion, if it was really done by a contestant, there must be spies in the live-stream.

At the same time, he was thinking that there were still more good people!

After sending another message to Lin Xi, Chen Che put away his phone and rushed to the Wealth Building.

[What's wrong with this guy now? Is he trying to take things too hard?]

[How is that possible? He's thick-skinned!]

[Could it be Lin Xi who called just now? Is she breaking up with him?]

[Little anti-fans, stop it! There must be a misunderstanding!]

[That's right, that's right. Someone is clearly spreading rumors!]

[What other misunderstandings are there? Isn't the video clear enough?]

...

At this moment, the live-stream started a war of words again. It has happened countless times since this morning.

Even now, true fans still firmly believed that Chen Che was definitely not what the Internet said!

An hour later, Chen Che arrived at the Wealth Building, sweating profusely.

As soon as he arrived, a young man in his twenties walked over. "Are you Mr. Chen Che?"

"Yes, I am." Chen Che nodded.

"My brother asked me to give this to you." As he spoke, the young man took out a USB flash drive from his pocket.

Taking the USB drive, Chen Che quickly thanked him. "Thank you so much. I'll treat you to a meal after I'm done."

On the way here, Chen Che had already decided that as long as this matter was settled, he had to treat the other party to a meal.

Although he had been saving, he could not be stingy with this meal!

"You don't have to be so polite. I'll leave first." The young man smiled and turned to leave.

At this moment, Lin Xi, who had received the news, walked out of the building with a melancholic expression.

Seeing this, Chen Che ran to Lin Xi happily. "This matter can be resolved."

Lin Xi was stunned. "What do you mean?"

"There's a video of me and that woman meeting. The contents of the conversation can prove that I don't know her at all. If she hadn't begged me repeatedly, I wouldn't have helped at all." Chen Che handed the USB drive to Lin Xi as he spoke.

After hearing Chen Che's words, Lin Xi immediately beamed with joy. "That's great. I'll go up and take a look. Come up with me."

"No need, I'll wait for you here." Chen Che refused.

"Alright, I'll be out soon." Lin Xi didn't insist and hurriedly turned around to run through the door.

Chen Che exhaled and deliberately looked at the camera. He sneered and said, "The truth will be announced soon. I'm afraid the person who deliberately defamed me will be disappointed!"

As soon as these words were spoken, the live-stream instantly erupted. They did not expect the situation to turn around so quickly.

Not only that, who was Chen Che's so-called intentional person?

The netizens started speculating!

In front of the screen, the short-haired girl who had been paying attention to the situation changed her expression and hurriedly contacted Luo Yuelin.

After a while, the video of Chen Che and the woman meeting was sent out from Lin Xi's personal account.

The video was clear, and the entire conversation was even clearer.

Moreover, Chen Che's return trip had been captured. In just a few minutes, the so-called date on the Internet and even the discussion about getting a room had become a lie!

Seeing the real situation, true fans and passersby immediately helped. In less than ten minutes, they reposted it tens of thousands of times.

In an instant, the clarification video became popular on the live-stream platform, and the previous rumors quickly sank.

The netizens who posted the video at the beginning saw that the situation was not good and hurriedly closed their accounts. They did not want the comments section to be bombarded.

Just as they successfully cleared their names, Luo Yuelin hurriedly returned to the company.

"What happened? Where did the video come from?" Luo Yuelin asked with a stormy expression as soon as she entered the door.

The short-haired girl analyzed weakly, "According to the video, it should be from the shop next door. I'm sorry, Sister Lin. I was negligent."

"If the plot is reversed so quickly, won't it help him attract traffic?" Luo Yuelin was furious. She continued, "This shop ruined my plan. Do I need to teach you how to do it?"

"No need, no need. I'll do it right away!" The short-haired girl was terrified and hurriedly ran out of the door.

"Damn it!"

Luo Yuelin roared and kicked the trash can beside her.

At the same time, at the Wealth Building.

After settling everything, Lin Xi walked out of the door again with a smile on her face.

"It's finally resolved. I've been worried for the entire day."

“There’s no need to worry now. This is called the heavens having eyes.” Chen Che grinned and continued, “Can you leave work for the day now?”

Lin Xi nodded. “Of course. Jiarui is here.”

“That’s great. Then let’s go find a kind person now. He has helped us so much. We have to arrange a feast for him tonight,” Chen Che said.

“Yes, that’s what I thought too.” Lin Xi smiled.

...

At four in the afternoon, Chen Che and Lin Xi arrived at the scene of the incident and successfully found the store that provided the video.

However, at this moment, the door of the shop was locked and the words “Closed” were pasted on the door.

When he called back the number, the phone was also switched off.

Chen Che frowned and hurriedly walked into a clothing store.

“Hello, boss. May I ask where the owner of the shop next door is?”

Upon hearing the question, a middle-aged uncle walked out from behind and sighed. “A large group of people came not long ago. After entering the store, they threatened and smashed around. It’s all because of the video.”
