

## Break Up 48

Chapter 48: Accompanying Him to Pick Up Waste?

The sudden scene shocked Chen Che. He thought to himself, Is Lin Xi really angry this time?

[It's over, it's over. Lin Xi is angry!]

[It won't cause her feelings to break down because of this, right?]

[This is such a small matter. It can't be, right?]

[It might seem small to us, but to Lin Xi, this lie is very excessive. After all, she cares too much about Chen Che!]

The netizens also became nervous. There were different opinions.

Chen Che caught up to Lin Xi in a few steps. "I was wrong. I shouldn't have lied to you. I promise you that I won't pick it up from tomorrow onwards, okay?"

Between feelings and money, Chen Che finally chose the former. Moreover, he understood Lin Xi's feelings.

Thinking in her shoes, if Lin Xi only slept for three hours a day, Chen Che's heart would ache and he would be unhappy.

Lin Xi wiped her tears and said, "You've misunderstood. If you're unwilling to give up, I won't make things difficult for you. Since you're picking up trash, I'll accompany you."

"Huh?" Chen Che widened his eyes and felt a headache coming on.

Did he hear wrongly?

The goddess of Jiangshi City, a rising star in the fashion design world, actually wanted to accompany Chen Che to pick up scraps?

Her hands were delicate and tender, meant for designing. How could she pick up trash?

At this moment, the netizens in front of the screen were also dumbfounded!

Looking at Chen Che, Lin Xi spoke again. "I wanted to give you a surprise today. I'll work with you for a day and experience your hardships."

"Although I didn't expect you to pick up trash in the morning, this is ultimately your life, so... I'm willing to accompany you, or even in the future."

Lin Xi emphasized the last five words, indicating her determination.

She had long said that as long as she was with Chen Che, she was not afraid even if she had to eat chaff and vegetables. That was definitely not just words!

Chen Che's heart instantly surged with warmth and he almost couldn't help but cry.

The coolness of the morning was no longer there. She only felt that the wind blowing was sweet!

Lin Xi's words also touched thousands of netizens.

[Help! What kind of love is this? It made me cry so early in the morning!]

[Yeah, it's too sweet and touching!]

[Not only do I believe in love, but I also want to find a girlfriend immediately!]

While the netizens were discussing, Chen Che gave Lin Xi a big hug and said, "I understand your intentions, but you'd better not do this job. It's very dirty."

"I already said that I'm not a vase. I can do whatever you can." Lin Xi's attitude was firm.

Without waiting for Chen Che to persuade her again, Lin Xi hurriedly said, "Hurry up. If you dawdle a little longer, all the scraps will be snatched away by others!"

With that, Lin Xi took the lead and ran towards the trash can at the side.

Chen Che stood rooted to the ground for a few seconds before following. A blissful smile subconsciously appeared on his lips.

He thought to himself, "What's the harm in marrying a wife no matter how hard and tiring it is?!"

...

With Lin Xi's help, it was indeed twice the result with half the effort. In the same period of time, not only did they finish plundering this park, but they also covered another.

Chen Che thought to himself that the uncles and aunties would probably be angry again!

They would never have thought that the person who fought with them for business every day was actually a young man!

7:30 A.M.

After selling the scraps, Chen Che returned to the public toilet to wash up. He had earned a total of \$25 today, and the amount of money was \$10 more than before.

With more income, he was very happy, but he was still more touched.

After washing up, Lin Xi, who had gone home to change her clothes, also came. She was still carrying breakfast.

"Didn't I say that I'll buy it today? Why aren't you obedient?" Chen Che took the breakfast and complained.

"There's a breakfast shop downstairs at my house. It's more convenient. Just save your money. I'm still waiting for you to marry me." Lin Xi smiled playfully and continued, "Besides, do you need to be modest about this little breakfast? I'm willing to buy it for you for the rest of your life."

"Aiya." Chen Che hurriedly covered his cheek.

"What's wrong? Does your tooth hurt? Did you not rest well and get heaty?" Lin Xi was shocked and asked with concern.

“No, it’s because you’re sweet.” Chen Che let go and chuckled.

Lin Xi blushed and gently hit Chen Che’s chest. “You’re annoying. You only know how to tease me every day.”

“Why? You don’t like it?” Chen Che asked.

“I like it. I like whatever you say.” Lin Xi’s voice became softer and softer. She buried her head in his chest and blushed.

Chen Che laughed and held Lin Xi’s hand. “Let’s go eat!”

The sweetness came and the netizens were sweetened again. They collectively farmed four words: “I can’t take it!”

Even the VJ couldn’t help but grin. This morning, he was also full of dog food.

After breakfast, because they did not have to send Lin Xi off today, the two of them were not in a hurry to leave.

Looking at Lin Xi’s hands on his lap, Chen Che suddenly remembered that he still had hand cream on him.

“Come, it’s my turn to apply it for you today.” As he spoke, Chen Che pulled Lin Xi’s hand and began applying.

Lin Xi refused. “No need. It’s just one morning. Do you really think I’m made of paper?”

As Chen Che applied it, he said, “That’s not right. Good skin is nurtured and taken care of over time. It’ll be too late if it dries out.”

“I already feel very guilty that you accompanied me to pick up trash. If I can’t protect your hands, won’t my sins be even greater?”

“Alright, alright.” Lin Xi smiled and accepted it happily.

Looking at Chen Che’s attentive expression, Lin Xi’s face was filled with happiness. She could not help but give him a fragrant kiss.

Chen Che was stunned for a moment before pretending to faint. “Aiyo, aiyo, it smells so good. I’m going to faint. Someone save me!”

Lin Xi blushed and said, “Lower your voice. Are you afraid that others won’t hear you?”

Chen Che straightened up and smiled. “Why? Are you afraid that others will find out if you dare to kiss me? Besides, aren’t the netizens watching too?”

“That’s different,” Lin Xi retorted.

“Alright, alright. Then can you... kiss this side again?” Chen Che pointed at his right cheek.

“Why?” Lin Xi asked in confusion.

Chen Che grinned. "It's a two-way ticket. Moreover, this is called double motivation. This way, I'll have more strength to deliver."

Lin Xi snorted. "What kind of theory is this? You're clearly taking advantage of me."

"No way. Hurry up, hurry up." Chen Che held Lin Xi's hand and shook it. He actually wheedled and took the initiative to move his face closer.

Faced with this, Lin Xi had no reason to refuse. She kissed Chen Che's right cheek shyly.

"Haha, I succeeded in taking advantage." Chen Che stood up and ran, deliberately teasing Lin Xi.

"Chen Che! You're teasing me again! I have to teach you a lesson today!" Lin Xi hurriedly chased after him, embarrassed and angry.

Seeing the two of them chasing each other sweetly, the netizens started discussing again.

[Be a human. It's so early in the morning. There are all kinds of public displays of affection! Can you understand more about being single?]

[That's right. These two people are too much, but I can't bear to turn it off. Wuwuwu...]

[Sigh, sweetness always belongs to others. It's not fair...]
